Chapter 371 Sky Thunder Escape Talisman

It's over here.

Ye Qiubai Shisheng and Xiao Hei followed Mu Fusheng to the Boundless Dynasty.

certainly.

Didn't go to see Mu Fusheng's father, the emperor of the Boundless Dynasty!

After the four of them drank a meal.

The four of them went to practice.

Ye Qiubai and the three of them consolidated their insights and combat experience from the previous battle.

Mu Fusheng opened the book of seals.

Jiujiu Hongmeng Tianlei was put aside first.

Just like what Lu Changsheng said.

Mu Fusheng also thinks that the book of seals is more important.

After opening.

Mu Fusheng was fascinated by one after another of the simple and unsophisticated seals.

Especially the escape method and the defensive symbol!

for example.

Tianlei Escape Talisman.

Turned into a sky thunder and fled the battlefield at an extremely fast speed.

at the same time.

If it is a thunderstorm, the effect is even greater!

This escape talisman is much stronger than Mu Fusheng's previous escape talisman!

The escape distance has increased tenfold!

At the same time, the speed is even more unexpected.

What attracts Mu Fusheng the most is not these two points.

Although it also attracts...

However, this thunder escape talisman can be used in conjunction with a defensive sigil in the book of sigils!

Nine Layers Thunder Shield.

You can summon the nine thunderbolts and turn them into shields to resist enemies in all directions!

Of course, the Nine Layers of Thunder requires nine different types of Thunder as a medium.

Thunder is stronger.

The stronger the defense!

It is just an ordinary thunderbolt, which can withstand the full blow of the strong in the early stages of the Dao realm!

What if the legendary power of thunder is found?

Then I am afraid that this latitude, except for Shizun, no one can break through it!

The Sky Thunder Escape Talisman can use the Nine Layers of Thunder to increase the speed of escape!

Mu Fusheng said with emotion: "As expected of a master, these sigils are much better than the books in the imperial palace treasury!"

Of course, the difficulty will also increase.

Nine layers of lightning shield symbols cannot be engraved temporarily.

Mu Fusheng thought, it is not safe enough to outline with ordinary thunder.

When the time comes, let someone look for it, no...

You can't let others find it, you have to go by yourself.

This seal must be used as a life-saving hole card.

The fewer people who know about it, the better!

Say it and do it.

Take out the talisman pen.

and the high-grade talisman paper are carved on it!

Speak up.

Mu Fusheng has two talents.

Cultivation talent, and soul talent!

Soul talent is the foundation of alchemy and talisman drawing!

As for the formation, it requires a strong perception and affinity for the power of heaven and earth.

Symbols and formations.

Looks pretty much the same.

However, the former used his own strength to carve out the talisman with a special technique.

The formation is to use the power of heaven and earth as a medium to release the power of heaven and earth!

Mu Fusheng's soul talent is very high, much higher than ordinary people and ascetics of the same realm.

so.

At the time of character engraving.

can guarantee speed and accuracy.

Ordinary talisman masters need to outline for three days before they can complete a talisman.

But Mu Fusheng only needs half a day, this is where the gap between spirit and soul lies.

but.

This sigil.

But it still took Mu Fusheng a full two days to engrave it.

just complete one.

Of course, the degree of completion is also extremely high.

The Sky Thunder Escape Talisman is extremely practical, and it is the most low-end type of sigil in the book of sigils.

With Mu Fusheng's current strength, he can only touch this level of sigil.

After picking up the Thunder Escape Talisman.

Mu Fusheng went to the palace dungeon alone.

In the sky prison, countless prisoners in the borderless domain are held.

Among them, there are many strong men with extremely high cultivation bases!

was suppressed here.

In order to suppress these people, the Boundless Dynasty paid a high price.

Here, a suppression formation and a formation that cannot travel through space are established.

Mu Fusheng wanted to come here to see if the Heavenly Thunder Escape Talisman would work.

As for sneaking in?

With Mu Fusheng's strength, it is naturally impossible to sneak into such a heavily fortified place quietly.

Rather than being discovered.

Suspicion of purpose.

It's better to make up a reasonable reason and enter it openly!

As Mu Fusheng, it is very simple to fabricate a reason to enter it.

After entering it.

Come to the depths.

The cages here are all closed, and every room is tightly sealed.

There are countless sigils and magic circles attached!

In addition, the sky prison itself is a giant suppression formation, which has led to the construction of this sky prison to this day.

No one can escape from it!

Mu Fusheng took out the Heavenly Thunder Escape Talisman here.

Observe again that no one is around.

Take out a seal and magic weapon that isolates the breath.

After confirming that no one is observing.

Then cast the Thunder Escape Talisman!

Aura is poured into it, and the sigil is activated!

Instantly.

Mu Fu turned into a purple thunder!

Penetrate the dungeon and formations!

Not even attracting anyone's attention.

It turned into a thunderbolt and fell into the sky!

Dark clouds fall...

Thunder rolls!

A burst of purple thunder struck towards Mu Fusheng's residence!

Mu Fusheng's body also appeared in the residence immediately.

That's right.

This thunder escape talisman also has a heaven-defying effect!

Any position within the range can be selected!

This is something that all long-distance talismans cannot do in today's borderless domain!

Only short distances are possible.

Although the short-distance talisman can determine the landing point, there are often some deviations.

Mu Fusheng looked happy.

Immediately.

Enter the room again, and carve the seal!

He still needs to confirm a few more times.

After how much distance, there will be a deviation.

Or, the longest distance to escape, you need to confirm it with the Book of Seals.

In this way, it will be safe.

And having done all this...

It took Mu Fusheng two full months.

Among them, one month is carving the seal.

Twenty days on the road...

but.

The escape distance and the deviation of the landing point are all exactly the same!

Write these down on a parchment scroll.

A guard in silver armor knocked on the door and entered.

"Your Highness, the Emperor has summoned you."

Father?

Mu Fusheng smiled: "It took me so long to summon me, it seems that my father's patience has increased."

Finished speaking.

Mu Fusheng put away the scroll.

Get up and go to the palace.

Come to the palace.

Mu Fusheng sat down carelessly, and poured himself a glass of wine.

Mu Zhengting looked at his son helplessly, and said, "If I don't ask you, are you going to tell me?"

Mu Fusheng asked in surprise, "What's the father doing?"

"..."

Mu Zhengting said with a dark face: "You have worshiped that strong man as your teacher."

Hearing this, Mu Fusheng spread his hands and said, "Since you know, why are you still asking me?"

Mu Zhengting is the emperor after all, he can block the news from other people, but it would be too much to let the emperor not know.

Looking at Mu Fusheng's look that deserves a beating.

Mu Zhengting thinks.

if it is possible.

I will definitely kill my relatives righteously!

However, he endured it and said, "Okay, tell me, what do you think."

Chapter 372 Mu Zhengting suffers a blow...

Mu Fusheng is the heir to the emperor of the Boundless Dynasty.

is also his son, Mu Zhengting!

Although the royal family has no family ties.

but.

The Boundless Dynasty obviously has no tradition in this regard.

The royal family of endless dynasties.

The first thing to cultivate is not to cause civil strife.

Whichever aspect you are suitable for, then take up the official position in that aspect.

For example, the queen Mu Qingqing.

is good at military operations.

then commanded the military.

The relationship with Mu Fusheng is also extremely good.

In the future, one person will lead the army, and the other will lead the dynasty.

The two cooperate with each other, and the Boundless Dynasty will not have no successors because of this.

So, regarding the matter of Mu Fusheng.

Mu Zhengting has always been very concerned.

It's been two months!

I haven't reported to him such a big thing as apprenticeship!

Mu Zhengting had no choice but to be summoned.

"What do you think about such a thing as being a teacher?"

"In the past, there were so many capable people and different people in the dynasty. You didn't want it. Afterwards, you will be arranged for other sects outside the dynasty, or those who are hidden from the world. You still abandon it like a shoe."

"Now, is worship so easy?"

Don't look at Mu Fusheng like this.

Looks like a naughty child, who will only eat and wait to die.

Actually.

Mu Fusheng has a very deep palace, and at the same time, he is also extremely proud!

Mu Fusheng spread his hands and replied: "He is very strong, and his philosophy is similar to mine. If such a person wants to accept me as a disciple, I naturally cannot refuse!"

That's right.

Mu Fusheng refused before, not only because he didn't like these people.

Similarly, it is also because of the idea that it runs counter to him.

These so-called able men and strangers.

Everyone's point of view is surprisingly consistent.

Climb martial arts, and the world practice Taoism.

It is necessary to compete with the sky, the earth, and the people!

Only in this way can you compete for your own cultivation!

Only then can we go further on the road of cultivation.

but.

What is Mu Fusheng thinking about?

What is the purpose of cultivating Taoism?

Isn't it for the word longevity?

Whether it is fighting against heaven and earth, or fighting against people.

All have a great risk of sudden death!

So, what is the point of pursuing this longevity?

So, Mu Fusheng felt that their ideas were all wrong!

The correct one should be, hang on!

Cultivate quietly!

quietly become stronger!

Then put the defense in place to ensure that you don't die.

Only in this way can we live longer!

Only have the opportunity to break through the realm.

So as to achieve the purpose of longevity.

Dao Xin is different.

Naturally, they do not conspire with each other.

Mu Fusheng rejected many people because of this.

Until Lu Changsheng appeared.

It's like meeting a bosom friend!

Even if Lu Changsheng didn't take the initiative to accept apprentices.

Mu Fusheng would kneel down and beg Lu Changsheng to accept him as his apprentice!

but.

Naturally, Mu Fusheng would not say such words.

If he said it, wouldn't Dad beat him to death?

See it.

Mu Zhengting could only sigh helplessly.

He can't control his own son.

"Forget it, that person is very strong, at least not inferior to me."

"Since you can worship him as a teacher, it also proves that there is nothing wrong with this person's character."

"Since this is the case, then study hard and stop taking those crooked ways."

Mu Fusheng sneered in his heart.

However, on the surface, the sun still responded brightly: "Obey!"

"Okay, go to the treasury to pick some treasures and send them to your master. Since you are an apprentice, you must have an apprentice ceremony."

"A member of the royal family, etiquette cannot be broken."

How many treasures to pick?

Mu Fusheng raised his head, thinking about the ranks among the treasures.

Thinking back to the book of seals thrown to him casually by the master, and Jiujiu Hongmeng Tianlei.

I'm afraid Shi Sheng's star power to practice Taoism is also given by the master!

So...

Mu Fusheng himself felt a little helpless!

With a difficult look on his face, he shook his head and said, "It's... forget it, Master doesn't care about these things very much."

In order not to offend his father, Mu Fusheng decided to be more tactful.

Heard the words.

Mu Zhengting said with a serious face: "No, even if your master doesn't care, we have to care about it!"

Mu Fusheng still refused: "Actually...the things in the treasury, Master does not lack..."

No shortage?

Mu Zhengting was taken aback.

It is right to think about it carefully.

After all, the other party is a top powerhouse who is not inferior to him, so he must have a background. It is normal for those things in the treasure house to be unavailable.

So, Mu Zhengting made a move with his palm.

In the palm of your hand.

Three treasures of heaven, material and earth appeared.

Mu Fusheng looked at it, slightly startled in his eyes.

These three kinds of natural treasures.

None of them can make all the forces in the borderless domain red-eyed.

Throwing one at will can set off a **** existence!

The first item is Tianshan snow lotus.

As long as it is placed next to it, it will have the effect of clearing the heart and calming the soul!

This is still of great use to strong people like Mu Zhengting!

It can be said that it is the treasure of heaven and earth that all strong people dream of when they are practicing!

the second one.

Thunder Light Nirvana Sword.

This sword is second only to the Xingyun Sword Emperor's nine-foot Xingyun sword!

The Nine-foot Star Meteor Sword can already be regarded as the highest-level weapon in the Borderless Domain.

This Thunder Light Nirvana Sword.

Even if it is placed in the top first-class forces, it can also be regarded as the treasure of the clan!

The third piece.

Emperor-class space shuttle ship!

This shuttle ship is the imperial shuttle ship of Emperor Mu Zhengting!

It can even resist space storms to a certain extent!

If it is normal.

Mu Fusheng will definitely admire his father's generosity.

And choose one of them to give away.

But...

These...

Even if compared with the Book of Seals and Jiujiu Hongmeng Tianlei, it seems to be nothing...

These three things are good or bad.

But still can't deliver it!

Mu Fusheng's face was troubled.

"Father... why don't you forget it... keep it for yourself..."

Mu Zhengting glared, and said, "What's the matter with you, kid? Have you forgotten the etiquette taught you since childhood?"

"Even if your master doesn't care! We should pay attention!"

"If this is the case, then I can only find another reading companion! Let him teach you again!"

Heard the words.

Mu Fusheng smiled wryly, and had no choice but to express what was in his heart, and said, "It's not that I don't want to abide by etiquette, but these things... Master may really not like it!"

"Don't like it?" Mu Zhengting was stunned for a moment, even showing doubts in his eyes, and looked down at the three things.

You know, these three things, even he is a little bit reluctant to give them away!

Don't even like this?

Mu Fusheng looked at Mu Zhengting's suspicious eyes, and had no choice but to say to him:
"Master has a disciple, that is, my current senior brother, and one of them cultivates the power of stars. This star power is given by Master."

Mu Zhengting: ...

The book of seals and Jiujiuhongmeng Tianlei, Mu Fusheng still won't say it first, this is his trump card!

But that's all.

Mu Zhengting coughed, the old man blushed, and turned his back.

"Then... I invite your master to come over for a drink later."

"Our royal family's wine is still a must."

"...the wine brewed by Master himself is quite delicious..."

Then, Mu Fusheng handed over the liquor that Lu Changsheng had given before he left.

After Mu Zhengting took a sip.

I don't want to talk at all...

Chapter 373 Master, can you return the product?

The time for practice always flies by.

When the eyes are closed and then opened, January has passed.

During this time, Mu Fusheng's talisman technique has become more and more refined!

He is also becoming more proficient at engraving the Heavenly Thunder Escape Talisman.

In one month, fifty or sixty pieces were engraved.

Looking at the Heavenly Thunder Escape Talismans all over the table in front of him, Mu Fusheng nodded in satisfaction.

With these.

It should be enough for the big brother and the others to use.

but.

It's not enough to rely on the thunder escape talisman alone.

After all, it's only for accidents.

if it is possible.

Mu Fusheng still felt that it would be best not to use the Thunder Escape Talisman this day.

However, with Ye Qiubai's troublesome level...

How long has it been since we came to Borderless?

has provoked so many forces.

Mu Fusheng couldn't help covering his forehead.

Master is such a shrewd person, why didn't he teach the senior brother that they must avoid causing trouble?

so.

As Lu Changsheng's apprentice, Mu Fusheng felt that he had an obligation and a responsibility!

Help Master solve this problem!

Otherwise, not only will the master have a hard time, but Ye Qiubai's junior brother will also be implicated when the time comes!

Think here.

Mu Fusheng didn't hesitate, and went directly to Ye Qiubai's retreat.

When he came to Ye Qiubai's retreat place.

At this time.

Ye Qiubai also happened to leave the level.

Looking at Mu Fusheng who was walking quickly, he was slightly taken aback, and said, "What's the matter, are you in such a hurry?"

I saw Mu Fusheng's serious face.

His eyes are full of seriousness!

Ye Qiubai couldn't help but freeze his face, and asked, "What happened?"

"Big deal."

Mu Fusheng said seriously: "If we don't solve it, I'm afraid it will affect us and Master."

Hearing this, Ye Qiubai's face changed drastically!

Master will also be implicated?

What exactly is it that will implicate a super strong like Master?

In his mind.

Master can be said to be omnipotent!

No matter how strong an existence is in their eyes, they can kill it with one blow!

A person who can never see the end of his strength!

Mu Fusheng nodded and said: "This matter is related to you, Senior Brother."

"related to me?"

Ye Qiubai took a deep breath, calmed down, and said, "There is anything I can do."

"Only the elder brother can do this."

"Don't be tricky, just say it."

Mu Fusheng nodded and said: "Senior brother, you must act in a low-key and low-key manner in the future!"

What?

Ye Qiubai was slightly taken aback.

Have I provoked someone who could threaten Master?

After thinking about it carefully, Ye Qiubai felt a little puzzled.

No!

"What I mean is." Mu Fusheng explained: "Eldest brother is too capable of causing trouble! If this continues, it must be impossible!"

...

...

...

Ye Qiubai's face turned dark all of a sudden.

Damn meow!

Thought it was something!

The result is to keep him out of trouble!

Mu Fusheng seemed to know what Ye Qiubai was thinking, and said, "Brother, don't think this is a trivial matter. You must know how many hidden strong people are there in this world? We don't even know!"

"What if you accidentally provoke me?"

Ye Qiubai helplessly covered his face.

To be honest, he was drunk.

Mu Fusheng is simply carved out of the same mold as Master!

are so cautious!

Mu Fusheng said: "By the way, brother, who else have you provoked? Tell me first, so I can make preparations first."

"What preparation?"

"Of course it is to take precautions. Your talent is so strong, and senior brother Shi Sheng also owns the treasure under Kunlun Tianchi, they will definitely attack in secret!"

Ye Qiubai looked up at the sky.

ah...

Can Master return the product?

Accept this evildoer!

However, Ye Qiubai still mentioned those forces.

After Mu Fusheng recorded it, he said nonchalantly: "Senior brother, I heard that you have a situation with that young lady from the Mu family?"

Ye Qiubai was stunned: "How do you know?"

"I also know Mu Cisheng." Mu Fusheng smiled and said, "However, it is still difficult to take her down."

"I'm not saying that she doesn't like you, I also believe that what happened between you, what I'm referring to is the obstruction of the Mu family."

Ye Qiubai sat down and asked, "How do you say that?"

As the prince of the Boundless Dynasty, Mu Fusheng naturally knows more news.

"The Mu family is one of the three major families in the Borderless Domain. The power of the three major families is somewhat stronger than the first-class forces."

"It can be said that, except for the Boundless Dynasty and the Starfall Sword Sect, the status of these three masters has never been changed. It has been passed down from ancient times to the present, and the background is extremely strong!"

Ye Qiubai nodded.

He had already expected this point.

"That is to say, the Mu family will look down on me?"

Mu Fusheng shook his head, and said: "You have a master as your background, and you have the identity of a swordsman of the Xingyun Sword Sect, as well as me as a younger brother. In terms of identity and talent, there is absolutely no problem."

Ye Qiubai wondered: "Then why do you look down on me?"

"After all...you should know that the young lady from the Mu family is Mu Ziqing's physical problem."

Ye Qiubai nodded.

Of course he knew.

Mu Ziqing's physical problem was solved by him asking Master.

Mu Fusheng went on to talk: "Although her physical problem has been solved, it is precisely because of this that she has become a weapon of the Mu family..."

"The physique is completely released, and the talent is infinitely high. It seems that her physique can establish a certain connection with the ancestors of the Mu family in ancient times. Therefore, in order to ensure the purity of Mu Ziqing's blood, you should understand what I mean?"

Ye Qiubai nodded.

He understood.

In order to ensure the purity of the blood, the Mu family will definitely not allow Mu Ziqing to intermarry!

Therefore, Ye Qiubai's goal is bound to be obstructed by the Mu family!

Mu Fusheng looked at Ye Qiubai quietly, and asked, "After knowing this, what are your plans?"

Heard the words.

Ye Qiubai stood up and said with a smile, "Plan? It's very simple."

"Didn't Zi Qing be used as a weapon by the Mu family? That is to say, what the Mu family needs is Zi Qing's power."

"so what?"

"So, I just need to improve my strength. After surpassing the power that Zi Qing possesses, won't the Mu family be able to reconsider?"

Mu Fusheng shook his head with a smile, and said: "It really has your style, but I guess you will say the same."

"Why, do you want to persuade me not to provoke the Mu family?"

Mu Fusheng also got up, shook his head and said: "If it is that kind of irrelevant force, I will naturally advise you not to provoke it, but..."

"This is a major event in your life, brother, it's nothing if I take a little risk."

Ye Qiubai said helplessly: "What risk are you taking? It's not that you went to Mu's house."

Mu Fusheng spread his hands and said: "I am your junior, since you have provoked the Mu family, I will naturally be implicated, isn't it?"

Ye Qiubai: ...

Master, can you return the product?

Chapter 374 Critical Mountain Mutation!

after.

Mu Fusheng gave the Heavenly Thunder Escape Talisman to Ye Qiubai, Shi Sheng and Xiao Hei respectively.

at the same time.

is also ten days later.

A shocking news came out!

Critical Mountain!

Huge mountains dividing the borderless domain!

Passed on.

On the other side of Critical Mountain, there are three life restricted areas!

Known is Mo Yuan.

Mu Fusheng was immediately summoned by the emperor.

At this moment, in the palace hall.

Mu Zhengting was wearing a golden dragon robe.

On the dragon robe, there is a five-clawed golden dragon engraved!

symbolizes that this person is the master of the dynasty.

Below Mu Zhengting, dozens of ministers stood with their heads bowed.

When Mu Fusheng came here.

Also saw a rather familiar woman.

Women have exquisite faces.

But wearing a majestic armor!

The meaning of killing and killing does not conflict with the woman's appearance and temperament at all!

The original two strange configurations are extremely compatible!

It can be said to be very strange.

However, it has a unique style.

And this person.

is the third princess of the Boundless Dynasty.

Mu Qingqing.

Take charge of the military power in the world!

Possesses extremely powerful military talent.

Mu Zhengting walked over and greeted with a smile: "Sister, when did you come back?"

Although Mu Qingqing has a murderous aura flowing on her body, it looks like she has been stained with countless blood.

However, when facing Mu Fusheng, there was still a gentle smile on his face.

"Just got back."

Mu Fusheng just wanted to ask about his health.

The emperor Mu Zhengting on the dragon chair coughed heavily.

Mu Fusheng just stood aside embarrassingly.

Uncommon rule up.

Seeing this, Mu Zhengting sighed helplessly in his heart, and then his face became serious, and he began to talk about business.

"Everyone knows about the change in Critical Mountain, right?"

Prince Linlong, it can be said that in this piece of government and the opposition, he has great influence!

I just heard him standing up and cupping his hands and saying, "I want to report to Your Majesty, the change in Critical Mountain happened three days ago."

"The City Lord's Mansion of Longqi City reported that there is an extremely unstable force waiting to go!"

"And this power is full of evil!"

Evil!

The ministers talked one after another.

The topic of discussion is nothing more than the evil race outside the territory!

Even Mu Zhengting's eyes turned cold.

The news that the evil race outside the territory has begun to act again, he has already known.

It's just that I didn't expect that it had already begun to penetrate into the critical mountain.
at the same time.

Although Mu Zhengting sent envoys to other low-latitude boundaries early on.

However, the effect is minimal.

Those extraterritorial evil races are invincible!

Already occupied several realms!

Among them, only the Heavenly Spirit Realm was temporarily defended...

Today.

The evil races suppressed outside the critical mountain, the seal is about to be moved.

I'm afraid it has something to do with it!

At this time, Mu Qingqing took the initiative to invite Ying and said: "Your Majesty, let me lead the troops to investigate."

Mu Zhengting also had this intention, and said: "That's fine, let's put the rest of the matter aside for now. Now, the matter of Boundary Mountain is the most important thing, and there must be no omissions!"

Mu Qingqing also had a solemn expression.

She knew the importance of this matter.

It is related to the life and death of the borderless domain!

Immediately, Mu Zhengting looked at Mu Fusheng, who was on the sidelines as if he was emptied, his eyes were slightly dull, and he didn't know what he was thinking, and there seemed to be some kind of thought in his heart.

"Mu Fusheng, you also go with Mu Qingqing."

"Oh..." Mu Fusheng, who was in a daze, subconsciously responded, and then he came to his senses, his expression changed: "Ah?? Father, no, no! You can't push your son into the fire pit!"

The ministers below seem to be used to it.

No statement.

Only Prince Linlong stood up and smiled at the invitation: "Your Highness, His Majesty's move must have his intentions, so why don't you refuse?"

Hearing this, Mu Fusheng suddenly looked at Prince Linlong.

Cynicism was put away on his face.

There is a shrewd look in his eyes that he doesn't show at all!

Prince Linlong smiled and asked: "I don't know what's up with His Highness? Just say it."

"Ah..."

Mu Fusheng chuckled lightly, did not answer, but looked at Mu Zhengting.

Mu Zhengting said seriously: "Mu Fusheng, don't refuse!"

This is a workout for him.

At the same time... also for a plan.

Inside the Boundless Dynasty...very restless recently.

This is not a good sign.

Mu Fusheng couldn't refuse at this time, so he could only nod his head and said: "Okay then, I'll take my leave first, I need to go back and get ready."

Mu Zhengting nodded and said: "Go, two days later, go with Mu Qingqing."

Mu Fusheng nodded, cupped his hands, and retreated.

Before leaving.

As if unintentionally, he glanced at Prince Linlong again.

...

These two days.

Mu Fusheng called Ye Qiubai and the others together, and narrated the matter.

Ye Qiubai and the others did not hesitate, and immediately agreed to go with Mu Fusheng.

One, anyway, there is nothing to do recently. Although it is quiet to practice in retreat here, it is more beneficial to go out to experience.

Second, Mu Fusheng has become their junior, that is, their family.

If you have any difficulties, you should help!

And these two days.

Mu Fusheng did not practice.

Instead, he was engraving a seal.

is the defensive sigil on the book of sigils!

This sigil, although it is the lowest-level existence of the book of sigils.

But it is also many times stronger than the seal in Mu Fusheng's hand!

As for the Nine Layers Thunder Shield, I have no choice but to give up if I haven't found Thunder yet.

And these two days.

It passed quickly.

this day.

Mu Qingqing came to Mu Fusheng's residence.

At the moment.

Ye Qiubai and the others are also here.

Mu Qingqing took a look at the three of them, looked at Mu Fusheng and said with a smile:
"Brother, who are these? Why have you never seen them before?"

Mu Fusheng introduced with a smile: "These three are my senior brothers, namely Ye Qiubai, Shi Sheng, and Xiao Hei."

Mu Qingqing was not surprised by this.

After all, she already knew about Mu Fusheng's apprenticeship.

but...

Being able to be the master of the emperor's brother, what is the strength of his disciples?

Think here.

Mu Qingqing decided to find a chance to try it later.

"let's go."

Mu Fusheng nodded.

The four of them followed Mu Qingqing and boarded a giant ship!

By the side, there are countless strong breaths!

The Silver Armored Forbidden Army is also among them!

Obviously.

This time, the royal family's attitude towards Critical Mountain is very serious.

Everyone set off.

...

At the moment.

It was night.

In the critical mountain.

In the mountains and forests, there is a faint black mist!

The black mist is full of evil energy!

"After so many years...it's about time..."

In the black mist, there were voices coming out faintly...

"That fellow Starfall Sword Emperor, who transformed his body into a sword and his soul into an array, has suppressed me for so many years..."

"At that time, we moved forward through the restriction and came to the low-latitude boundary, and our strength was greatly reduced."

"Now...it's time for them to taste the real despair..."

Chapter 375 Homologous breath

On the ship.

Mu Qingqing was standing at the bow of the boat, thinking about something.

Mu Fusheng came over suddenly, and asked cautiously: "Qingqing, did daddy tell you anything?"

Mu Qingqing came back to her senses and looked at her old brother.

For Mu Fusheng.

Mu Qingqing can be said to be very familiar with it.

The character cannot be said to be greedy for life and afraid of death, but it is definitely on the edge.

Be cautious!

On weekdays, Father Huang arranges training for his old brother, so he has to run somewhere to hide.

Even if he went, he covered his clothes with defensive symbols!

Now, Mu Qingqing understood what Mu Fusheng said.

Mu Qingqing said with a smile on her face, "What did you say?"

Ask knowingly!

Mu Fusheng rolled his eyes and said, "That is to say, did Dad tell you to ask you to arrange more tasks for me?"

This time.

led by Mu Qingqing.

So, everyone here needs to listen to Mu Qingqing's opinion.

Of course, Ye Qiubai and the others are not included.

"Qingqing, I should be very good to you."

Mu Qingqing looked at Mu Fusheng with a half-smile, nodded and said, "Brother is really good to me."

"Look, so you should treat me better, right?"

Mu Qingqing nodded again: "That's right, it should be so."

Hearing this, Mu Fusheng nodded triumphantly, patted Mu Qingqing on the shoulder and said: "So, don't arrange tasks for your brother, no... As a prince, I still have to lead by example."

"So, just arrange a logistical task?"

Mu Qingqing caressed her forehead.

Every aspect has been considered.

Unfortunately, it is used in the wrong place.

Mu Qingqing did not answer directly, but changed the subject, saying: "Brother, I heard that you worshiped a master?"

Mu Fusheng nodded.

There is no need to hide this.

Mu Qingqing smiled and said, "I'd really like to meet him, so that I can make my senior apprentice apprentice."

After all, Mu Fusheng rejected countless former deeds, but Mu Qingqing knew about it.

It can make Mu Fusheng apprentice.

It shows that this person is very capable.

"Those three people are all senior brothers, right? Since I can't see your master, I want to see their strength first."

Mu Fusheng was slightly taken aback.

He knew that although Mu Qingqing looked weak, she was actually a fighting maniac.

With that outstanding military talent.

Otherwise, how could he command the military power of one side?

However...It is not good to expose your strength too much.

Mu Qingqing's realm is now in the middle stage of Emperor Realm.

Combat power is extremely strong!

If Ye Qiubai and the three of them were to do it.

I'm afraid I have to reveal some cards.

As their younger brother.

Mu Fusheng still thinks it's better not to expose the cards too early.

So he shook his head and said: "Let's forget it, they are practicing now, so don't bother the brothers."

After hearing this, Mu Qingqing could only nod her head.

Take this ship.

It only took two days to reach the border city, Longqi City!

When they arrived at Longqi City.

The lord of Longqi City.

is already here to welcome you.

"Welcome to Your Royal Highness, Your Royal Highness."

The city lord of Longqi City is in the middle stage of distraction state.

Compared with Yunqi City, it is stronger than Yunqi City.

After Mu Qingqing came down, she followed behind Mu Fusheng.

All communication matters are left to Mu Fusheng.

It's not just because Mu Fusheng's city is deeper.

At the same time, it is also because Mu Fusheng is the successor of the next emperor.

Therefore, it would be best for Mu Fusheng to come forward.

Mu Fusheng walked forward, nodded, helped up the city lord of Longqi City, and said: "This matter was discovered by you Longqi City, and it is a great contribution."

The City Lord of Longqi City was not humble, and said: "Thank you, Your Royal Highness, and please help me thank the Emperor."

"I will." Mu Fusheng nodded, changed the topic, and asked, "Now we can talk about the situation."

Heard the words.

The Lord of Longqi City replied: "This matter was discovered a few days ago. At that time, there was a black mist flowing deep in the critical mountain."

"In that black mist, it is full of evil power!"

"So, I took the City Lord's Mansion to investigate, and found that there was a huge surge of evil power in the critical mountain, as if it would break through soon."

Mu Fusheng nodded.

This is the same as the information presented.

"Then, during these two days, I discovered a very strange thing."

strange things?

Mu Fusheng frowned slightly, and asked, "Tell me."

The city lord of Longqi City pointed in the direction of Boundary Mountain, and said with an ugly face: "We have sent out investigation teams from the False God Realm one after another. As a result, after entering, there is no information."

"At the same time, two people from the imperial realm were sent later, and they also lost contact in it, and they don't know whether they are alive or dead."

As soon as the words came out.

Even Mu Qingqing's expression darkened.

"In this way, it seems that the situation is already very serious."

Mu Qingqing whispered to Mu Fusheng: "Brother, we have to investigate as soon as possible."

Mu Fusheng also nodded, and said: "Leave an open space first, and leave it to the logistics."

"Then, Your Excellency the City Lord, you are in charge of contacting the City Lord's Mansion in the surrounding cities and asking them to dispatch their personnel as soon as possible to meet up in Longqi City."

The Lord of Longqi City nodded.

Immediately, send someone to arrange this matter.

Mu Qingqing also turned to look at her cronies, and said, "Let the logistics be stationed immediately, and then, send people to set up a world-cleaning formation around the Critical Mountain!"

The confidant also nodded.

One time.

War deployment is in full swing.

Mu Qingqing, start assigning tasks.

said: "Brother, Silver Armor Forbidden Army, lend me a loan first."

Mu Fusheng nodded without hesitation.

"Well, Commander Yinjia, as the leader of the team this time, will lead 30 Yinjia Forbidden Army to investigate in the depths of the critical mountain range in the north."

"Gao Yuan, take your elite subordinates and enter the east."

Gao Yuan is a lieutenant under Mu Qingqing, and his strength is equally strong!

"Your Excellency, City Lord, you organize the people from Longqi City and the surrounding cities to investigate in the west."

The Lord of Longqi City nodded.

"Everyone remember."

Mu Qingqing said with a serious face: "This operation must not be forced. If something goes wrong, immediately send out a signal to call the people around. At the same time, withdraw from the dangerous place and observe from a distance."

Everyone nodded.

"Okay, let's go!"

...

is on the periphery.

Ye Qiubai, Shi Sheng, and Xiao Hei stood side by side, looking in the direction of Critical Mountain.

It's just that Xiao Hei's face is a little puzzled at this time.

Ye Qiubai noticed the abnormality and asked, "Is there any problem?"

Xiao Hei shook his head and said, "I don't know either, it's just..."

Speaking of this, Xiao Hei pointed to the north of Critical Mountain, and said, "There seems to be an aura from the same source as mine..."

Ye Qiubai was taken aback for a moment, and said, "Then what do you think?"

Xiao Hei said: "I want to go in and have a look."

Chapter 376 Undercurrent surges!

"I want to go and see."

Xiao Hei said so.

Mu Fusheng also came over at this time, and after hearing the conversation between the three, he said: "Wait for now, after the troops who investigate the news come out, the World Cleansing Formation can also be completed."

"It will be slightly safer then."

Hearing this, Xiao Hei also nodded.

Four people wait behind.

But.

On the third day.

In the critical mountain, there is finally movement!

In the north, there is a burst of gun intent in the sky!

There is the place where the silver armor commander is located!

And spear intent is the signal!

Mu Qingqing immediately summoned people, said: "The jade pendant can't be contacted, maybe the black mist in it has the effect of shielding the message."

The confidant said: "We need to send people to support."

Mu Qingqing nodded and said, "This time, I will personally lead the team."

Everyone's face changed drastically!

Mu Qingqing's subordinates were not surprised at all.

The person with the royal family immediately rejected the proposal.

"Your Highness, absolutely not!"

Mu Qingqing looked over and said, "Why not?"

The royal family said: "His Royal Highness is the commander of this operation. As the commander, how can he go to such a dangerous place and put himself in such a precarious situation?"

"If Her Royal Highness dies, the morale of the people here will plummet without a backbone!"

How could Mu Qingqing not know this truth

However, she has her own ideas.

"However, once I personally lead the team, the morale will also increase."

"In the face of things that may be related to the evil race outside the territory, we must ensure the state of prosperity, and there must be no omissions!"

"Therefore, there is no need to discuss this matter again."

Immediately, he looked at the cronies beside him and said, "Afterwards, you will be in charge."

looked at Mu Fusheng again.

Mu Fusheng suddenly felt bad.

"Brother, will you accompany me too?"

Mu Fusheng: "..."

He wants to say no.

However, under the watchful eyes of so many people, if you refuse, you will lose the majesty of the royal family.

You know, he is the successor of the next king!

So, I just nodded.

And in his complexion, there is a look of duty!

"no problem."

Mu Fusheng pointed at Ye Qiubai and the others again, and said, "Take them along."

Mu Qingqing frowned.

On this trip, we can only bring the elite.

Ye Qiubai and the others seemed to be only in the realm of the half-emperor.

Only that honest-looking man, that is, Shi Sheng, is an emperor.

However, because of Mu Fusheng's face, he didn't say much.

Among them, someone objected: "Your Highness, there is a sentence that I don't know if I should say it or not."

Mu Fusheng looked over, "Talk."

This person belongs to Prince Linlong.

"Since you want to go all out, you should send out elites. Under the emperor's realm, you don't need it?"

Mu Fusheng shook his head and said: "Since I want to bring them along, I have my own ideas, so I don't need you to talk too much, do I?"

The man's face sank, but he still cupped his hands and said, "I understand."

The situation is urgent.

The men and horses were quickly deployed.

This time, the empress Mu Qingqing personally led the team.

are all composed of people from the imperial realm.

At the same time, there are four powerhouses in the distraction state!

A total of forty people headed towards the northern part of Critical Mountain!

After entering the critical mountain.

Ye Qiubai and the others immediately felt an evil force!

This power is very similar to evil cultivators.

However, it is much more pure than the power of evil cultivators!

Ye Qiubai looked at Xiao Hei and asked, "Where is the aura you said is of the same origin as yours?"

Xiao Hei shook his head and said, "It's gone, I can't feel it."

Since it has the same origin as Xiao Hei.

Then it is possible to find something related to Xiao Hei's memory.

This kind of thing is what Xiao Hei needs most now!

"Follow them first, and see if there are any clues."

...

on the other hand.

Boundless dynasty, in the palace.

Mu Zhengting looked at the old man in front of him, and said, "Recently, the imperial dynasty has not been peaceful."

This old man is the national teacher of the current dynasty, Ming Su!

Ming Su nodded and said: "The old man also heard about it. At that time, he also investigated secretly. All the arrows pointed to Prince Linlong, but there was no substantive evidence for those arrows."

Mu Zhengting nodded slightly, his face darkened, "However, because of this, he is the most suspected."

The arrow points to Prince Linlong.

But secretly, someone cut off the chain of evidence!

Obviously, some people don't want them to discover the existence of Prince Linlong!

Of course, this person may be Prince Linlong himself!

"At this special time, this kind of thing happened inside the dynasty, and the old man felt a little bad."

There has just been movement from the evil race outside the territory.

This kind of thing happened.

What a coincidence!

Mu Zhengting nodded and said: "This emperor thinks so too, I hope it's not what we think."

"National Teacher, please continue to investigate."

"This node, there must be no mistakes!"

Ming Su nodded.

The body disappeared in place.

Mu Zhengting looked outside, with deep eyes and a serious tone!

"I hope you don't do anything stupid... Otherwise, no matter how much you have contributed to the dynasty, the emperor will never tolerate it!"

...

Savage frontier.

Lu Changsheng has returned to the thatched cottage.

At this time, Liu Ziru also came here.

A few days ago, Liu Ziru didn't know where he went, but Lu Changsheng didn't ask.

Liu Ziru said: "This latitude is probably about to change."

Lu Changsheng asked casually: "Oh? What?"

Has the weather changed?

What's the matter with him, Mr. Lu.

Liu Ziru smiled and said: "I went back to the Dark Realm in the past few days, and on the way, I learned a piece of news."

"The space barrier from mid-latitude to low-latitude has been loosened."

"So, the evil race will send more powerful people to the low-latitude realm."

"Then, it seems that in the mid-latitude boundary, some forces are also interested in this place."

Evil race?

Isn't this the group of ghosts he went to eradicate before?

"I'm afraid that the borderless domain will bear the brunt of it, after all, it is the closest place to the space barrier."

Lu Changsheng: "..."

Unbounded domains...

Lu Changsheng suddenly felt a little cold in his balls...

Why is his apprentice where?

Where does something happen?

"Where did you get the news from?"

Liu Ziru proudly said: "I said, the news channel of the Dark Realm is very strong, so, whether you want to join the Dark Realm, you can know any news in advance!"

Lu Changsheng was helpless, rolled his eyes, and did not answer.

He was already thinking, the space barrier is loose?

Then do you want to reinforce it?

...

Mu Qingqing and others have already entered the middle of Critical Mountain.

The deeper you go, the thicker the black fog becomes!

When I got here, I stretched out my hands, but I couldn't see the whole picture.

In this black mist, evil forces are constantly flowing.

These forces can vaguely affect the flow of meridians in the ascetic's body!

At this moment, Mu Qingqing waved her hand and said, "Stop!"

Chapter 377 Collision in the black mist!

Critical Mountain.

The deeper you go, the thicker the black fog becomes!

I can't see my fingers.

When Mu Qingqing suddenly shouted: "Stop!"

Everyone is on alert!

Mu Fusheng asked next to him: "Why, what did you find?"

Mu Qingqing nodded slightly.

Ye Qiubai launched the sword domain immediately!

Sword Intent keeps probing around!

This black mist is filled with black evil power.

It doesn't seem to be able to stop the sword intent.

Everything around him clearly appeared in Ye Qiubai's mind.

Immediately, his face sank.

It is night now.

In the sky, there are stars all over the sky!

And Shi Sheng in this environment.

Strength is at its peak!

The power of the stars explores the surroundings.

When he saw the surrounding situation in the black mist, a look of solemnity flashed across his eyes.

Xiao Hei did the same.

Soon, I felt the fluctuation of killing intent around me!

The three of them glanced at each other, and they all understood that the other party had already understood the situation around them.

Mu Qingqing is wearing armor, full of aura!

As the person who commands the military power.

Been on the battlefield countless times.

Perception of crisis.

Mu Qingqing is extremely sensitive.

At the same time, because of this perception, countless battles have been saved!

So, for Mu Qingqing, those who are familiar with her will trust her very much.

"Everyone, we are surrounded."

Mu Qingqing said with a serious face: "Everyone, don't reserve your strength, and always pay attention to your surroundings."

A deputy general asked: "Your Highness, what is it?"

This lieutenant general is a strong man in the late stage of Emperor Realm.

In the late stage of Emperor Realm, if there is no special detection method, it is still impossible to break through the black fog and investigate the situation inside!

Mu Qingqing's face was heavy, and she said, "The rumors are true."

"This black mist is indeed related to the evil race outside the territory."

Extraterrestrial Evil Race!

Now that it was confirmed, everyone's expressions changed drastically!

And Mu Qingqing's words also mean that they have been surrounded by evil races from outside the territory that are difficult to see in the black mist!

Mu Fusheng immediately stretched out one hand, pinched the seal, ready to activate the defensive seal on his body at any time!

At the same time, the other hand has already touched the ring, and there are dozens of thunder escape talismans lying in the ring!

The situation is wrong, take people away immediately!

Ye Qiubai looked around, and also expressed his thoughts: "Nowadays, more than half of the people can't check the opponent's location, so please release the defensive barrier directly to resist."

"In order not to be attacked and killed."

Someone didn't know the identities of Ye Qiubai and the others.

only.

When Mu Fusheng insisted on recommending three people to participate in this investigation, he knew that these three people were Mu Fusheng's people!

It is the so-called relationship household!

The man of Prince Linlong, that is, Zhong He frowned and said: "Why, you mean, you can check the location of the other party?"

"There are so many powerful emperors here who can't detect the situation, just rely on you, a little half-emperor?"

Ye Qiubai glanced at this person, but did not speak.

He has reminded, for those who don't know.

To achieve this step is already the utmost benevolence.

As for whether to listen or not, it depends on them.

If you don't listen, you will die.

After listening, just accept it with gratitude.

As for the others, Ye Qiubai cares about them?

Mu Qingqing glanced at Ye Qiubai and the others in surprise.

What she didn't expect was.

These three people were able to check each other's location?

You know, if Mu Qingqing hadn't possessed that perverted perception, I'm afraid she wouldn't be able to detect the other party's location.

At this time, Mu Qingqing just wanted to remind.

In one's own camp, there was a scream!

A strong man in the middle stage of the imperial realm was pulled into the black mist by a blue arm that was almost at its peak!

Immediately, in the black mist.

There was another scream!

and...bite...

This scream lasted for three full seconds before it stopped.

And during these three seconds.

But everyone's mood tensed up instantly.

All listened to Ye Qiubai's words, released their aura obediently, and erected a defensive barrier around them!

Don't cry when you don't see the Yellow River.

This is the kind of person he is talking about.

At this time.

Mu Qingqing took out a white jade pendant.

This white jade is filled with the power of Taoism!

And in this white jade, engraved a small formation of the world-cleaning formation!

Immediately.

Throw it into the air!

The white jade is broken!

The small version of the World Cleansing Formation is launched!

With Baiyu as the center, within ten meters around.

The black mist dissipated!

At the same time, the black mist is constantly resisting the light of the pure world!

The light of the pure world shines on the black mist, making a "Zi Zi" sound!

Although it has a restraining effect, how thick is the black mist?

The moment it was only partly destroyed, the rest of the black mist filled the gap in an instant!

The power of the World Purification Formation cannot be completely lowered!

At the same time, the effect of the world purification array is only temporary.

Once the formation disappears, the black mist will shroud it again.

Ye Qiubai took another look at Mu Qingqing.

This woman has some skills.

It is only suspected that it has something to do with the evil race outside the territory.

Then the magic weapon that corresponds to it has been prepared.

There are no worthless people under the great name.

Mu Fusheng told them that Mu Qingqing is a very capable and strong leader.
as expected.

And within these ten meters.

More than 30 extraterritorial evil races have appeared!

Among them, there are ten green-faced evil clansmen!

That is, the leader-level evil race!

The strength is in the imperial realm.

Not far from them.

There is a wreckage.

Presumably.

It was the powerful human emperor who was pulled into the black mist just now.

has been dismembered.

Mu Qingqing looked at this scene with a calm expression, and she didn't take it lightly just because the black mist was dispelled by the world purification array!

After all, he only saw the surrounding ten meters clearly.

And in the black mist, there are still many hidden extraterritorial evil races!

"Use yourself as the boundary, and kill the evil race around you first!"

"Don't leave the defensive barrier! Don't get close to the black mist!"

Issuing instructions in a calm manner.

Immediately, he took out a spear and rushed forward!

Mu Qingqing's target is one of the commander-level green-faced evil creatures!

Everyone saw this.

One after another, they took out their weapons and used their strength within the range of the defensive barrier!

Facing these extraterritorial evil races.

Everyone did not dare to take it lightly.

They all tried their best!

Ye Qiubai and the three of them looked at each other and nodded.

Shi Sheng took out the Ming Emperor Xuan Axe, and found a green-faced evil.

Xiao Hei roared, three lines covered Xiao Hei's body, and the Eternal Demon Body was fully opened!

Also found a green-faced evil thing!

Ye Qiubai holds the Nine-foot Star Meteor Sword.

Control the sword field, and the sword will transform the river!

Tread the waves!

Mu Fusheng looked at this scene, and couldn't help covering his face and shaking his head.

My three senior brothers are really pushy.

The others saw the actions of Ye Qiubai and the others.

They were all in a daze.

These three people, looking for the leader-level evil clan, are they looking for death?

Chapter 378 Ye Qiubai Shows His Power!

Command-level blue-faced evil.

The realm hovered around the middle stage of Emperor Realm.

Its strength is extremely powerful!

Even ordinary middle-stage powerhouses in the imperial realm cannot gain benefits in his hands.

after all.

The physical strength of the evil thing is extremely strong.

There is evil power instead of spiritual power!

This evil force can affect the flow of meridians and spiritual energy of the surrounding ascetics.

Caused those who confronted it to be unable to exert their full strength!

This is also the reason why everyone looks down on the strength of Ye Qiubai and the others.

In their eyes, they only need to fight those evil soldiers.

Guarantee at most that you will not die.

But.

Now Ye Qiubai and the three of them rushed towards the three commander-level monsters at the same time!

What audacity!

Even Mu Qingqing frowned slightly, and kindly said: "Your strength is not enough to face the commander-level evil, maybe you don't understand the strength of the evil race outside the territory, so you should go find those evil soldiers. "

"Don't be brave."

No matter what.

These three are also senior brothers of their elder brother.

is the same door.

So, Mu Qingqing should remind you both emotionally and rationally.

However, Ye Qiubai didn't seem to appreciate it, and after a slight smile, he said, "Your Highness, don't worry about us."

Hearing this, Mu Qingqing could only helplessly shake her head when she saw that the three of them were rushing forward.

I don't care anymore.

The current situation.

It really made her unable to take care of it too much.

Only Mu Fusheng was secretly laughing beside him.

Worried about the brothers?

Although on weekdays, Mu Fusheng would persuade Ye Qiubai and the others to keep a low profile and stop showing off so much.

Stay alive and develop.

Once the realm is up, it won't be too late to show off.

But.

Regarding the strength of these three people.

Mu Fusheng still trusts him very much.

What's more, senior brother Ye Qiubai will not be reckless when it comes to this kind of matter.

Rush forward to die.

Unsure of the battle.

He will not do it easily.

At this time.

The Nine-foot Star Meteor Sword in Ye Qiubai's hand shone wildly with sword intent!

Breakthrough to half-step Juggernaut's sword intent is undoubtedly revealed at this moment!

Everyone was shocked when they felt the sword intent!

In this realm, at such a young age, he has the sword intent of a half-step sword master?

No wonder you are so courageous!

This kendo talent is amazing!

Mu Qingqing was also temporarily relieved.

Although the realm is a little low.

However, relying on this level of kendo state, it should be impossible to die.

These days.

Ye Qiubai integrated the combat experience after coming to the borderless domain and the inheritance he got.

The realm of kendo, climbing again!

My understanding of swords is getting deeper and deeper!

Combat strength is also rising at a leaping speed!

This is also due to the fact that Ye Qiubai's realm is too stable!

Rock solid!

So, when improving the realm of strength, it seems like a matter of course.

I got it.

also went up.

In the sword domain.

The Four Absolute Sword Formation howled wildly!

merged with Jianyu, and the power increased greatly!

Slashed towards the commander-level evil thing in front of him!

The green-faced evil creature sneered, and said, "Ant-like human beings, at this level, dare to deal with me alone?"

After finishing speaking, this green-faced evil turned his fist into a palm, stretched out his palm, and black mist began to gather in the palm!

The gathered black mist turned into a wide claw!

Immediately, he suddenly shot towards Jianyu!

I want to smash the sword field directly!

Ye Qiubai snorted coldly.

How can he succeed?

Wielding the Nine-Foot Star Meteor Sword in his hand.

Xingyun swordsmanship, combined with Sword Domain, cut towards this demon claw!

Boom!

Sword intent whistling!

The black mist is overwhelming!

Between the two, a balance has been reached!

They have nothing to do with each other!

This made the people around them look horrified!

With the strength of a half-emperor, can he take a blow from the commander-level evil race without losing the wind?

The strength of this kind of cross-border combat is too terrifying, right?

This green-faced evil creature has an ugly face.

If this kind of human beings who look like ants to him use this kind of realm to draw with him.

Then how can he get along with the evil race?

Immediately.

shouted angrily.

Step forward suddenly!

The cyan wings behind him waved at this moment!

Black mist surrounds.

Countless evil forces swept towards Ye Qiubai!

Like a storm tornado!

Ye Qiubai is fearless in the face of danger.

His complexion didn't change at all.

Stick out a finger.

The sword intent in the sword field instantly turned into a long river, and the half-step sword master's intent roared wildly!

Extremely sharp!

The Four Absolute Sword Formation merged into it.

The Sword Sutra of Taichu is integrated into one!

Four Ultimate Absolute Sword Intent!

Two completely different forces collide crazily!

For a moment, the black mist seemed to be boiling!

Keep splashing towards the four sides!

At this time.

Ye Qiubai took the opportunity to make a second strike!

The third sword!

Until the ninth sword!

Xingyun Sword Art.

A sword is stronger than a sword!

Every sword can be integrated into the power of the previous swords!

The more you fight.

The horror in the eyes of the green-faced evil thing became more and more intense.

The palm of your hand.

After receiving the power of the sword, it becomes stronger and stronger!

Now the tenth sword!

It made his complexion change drastically!

Spread your hands!

The black mist is skyrocketing!

Two black devil claws frantically resist Ye Qiubai's tenth sword!

But.

Ye Qiubai didn't intend to give the green-faced evil thing a chance to breathe.

Two fingers close together, the sword pointed out.

The sword intent keeps slashing at the devil's claws!

at the same time.

Ye Qiubai took the opportunity to leave.

Immediately, he raised the Nine-Foot Star Meteor Sword in his hand, and slashed it down again!

The eleventh sword!

This is Ye Qiubai's limit!

But.

Now it can be easily cut out!

These days.

Ye Qiubai's understanding of Xingyun swordsmanship has improved to a new level.

Controlling this sword technique became even more handy.

When this sword falls!

Compared with the previous ten swords.

Heavier, heavier!

At the same time, even sharper!

The face of the green-faced evil thing changed suddenly, and its claws were broken!

The body retreated violently!

From the corner of his mouth, there was actually black blood dripping slowly.

injured!

When facing Ye Qiubai in the Half Emperor Realm.

This mid-emperor realm evil race was actually injured!

The faces of the people around were astonished.

Not just hurt.

Moreover, under the previous battle, Ye Qiubai turned from a tie to a suppression gradually!

Watching this scene, Mu Qingqing also breathed a sigh of relief.

"It's no wonder that my elder brother will apprentice to a teacher. His senior brother is not easy."

Fight across borders.

four words.

Looks simple.

However, the higher the realm, the more difficult it is.

Difficult, like climbing to the sky!

However, Ye Qiubai did what they only dared to think and dared not to do in the realm of a half-emperor abruptly!

And at this time.

Ye Qiubai kept on charging forward!

The Nine-Foot Star Meteor Sword in his hand was held high again!

Hold above your head.

When rushing to the green-faced evil thing.

Suddenly cut off!

Twelfth sword!

Gather the strength and sword intent of the first eleven swords!

At this moment, the green-faced evil thing finally felt the danger!

Amidst the drastic change in his face, he let out a strange roar!

Countless black mist gathered into a shield!

Blue face and double wings, resist the chest!

When the sword falls on the black mist!

It's like destroying the dead!

The black mist was cut off like dead wood!

Stand on the wings!

On those wings, there was a deep **** mouth!

The green-faced evil thing howled miserably, and flew out backwards!

Retreating into the black mist, he no longer has any fighting power.

Chapter 379 Reinforce the barrier?

People around looked at Ye Qiubai and the three of them.

His face was horrified.

With the realm of half emperor, he has crossed a big realm.

Repulsed a leader-level evil race from outside the territory, and was seriously injured!

During the whole process, Ye Qiubai was evenly matched with the commander-level evil race from outside the territory.

After that, it was the whole process of crushing!

Is this something that a cultivator in the half-emperor realm can do?

The answer is no.

Although there is only one word difference between Half Emperor and Emperor Realm.

But how big are the horizontal grooves?

All ascetics know that.

This is not Qianyuan Realm to False God Realm.

The higher the realm, the harder it is to cross!

Half Emperor can compete with ascetics in the early stage of Emperor Realm to this extent.

So.

This half-emperor will be crowned by the rest of the people with the name of Tianjiao!

Can kill.

That is the pride of heaven!

And this commander-level alien evil race.

Even in the middle stage of Emperor Realm, it may not be able to suppress it like this.

What is that leaf autumn white?

Monster...

This is a real monster...

the other side.

The situation of Xiao Hei and Shi Sheng is the same.

The two of them also severely injured and repulsed the leader-level foreign evil clan powerhouse!

Among them, Shi Sheng was more powerful, suppressing this leader-level extraterritorial evil clan throughout the whole process.

It's not just because Shi Sheng's realm has broken through the emperor's realm.

Reached the middle stage of Emperor Realm.

It was even more because it was dark at this time.

In the night sky, there are many stars.

Shi Sheng, who cultivates the power of the stars, in this state, his combat effectiveness can be greatly improved!

only.

In this black mist.

Even with the existence of the World Purification Formation, it still has a boost effect on these extraterritorial evil races.

After all, it is small.

If there is no such black mist.

I'm afraid it can be beheaded!

What are the origins of these three people?

Has such a powerful combat power, can it fight across borders?

Looking at this scene, Mu Qingqing completely dispelled the doubts in her heart.

Why do the arrogant people in the mainland, my brother, come to apprentice?

You can tell by looking at his brothers.

Although.

The realm of Ye Qiubai and the others is not too high now.

However, the ability to fight across borders.

can already represent their talents!

What a strong growth potential!

Only Mu Fusheng felt differently.

I saw him covering his face.

Howled in my heart.

Why are you so high-profile!

Look, look, look!

Aren't the eyes of these people attracted by you?

Mu Fusheng suddenly felt sorry for Lu Changsheng.

How could such a cautious person accept such a high-profile and troublesome disciple?

Although the talent is really strong.

at this point.

Even Mu Fusheng had to admit it.

At this time.

The situation is overwhelming.

Oddly enough.

The rest of the extraterritorial evil races did not appear in the black mist.

Therefore, Mu Qingqing resolved the crisis with the least loss.

but...

It is precisely because of this.

Mu Qingqing frowned slightly.

Obviously able to stop their steps.

did not appear.

Among these, there must be other conspiracies!

However, now that they have come here, Mu Qingqing and others are not allowed to retreat.

thought of this.

Mu Qingqing waved her hand and said, "The injured people stand in the middle and use the pill to heal their wounds!"

"Those who are capable of fighting, surround yourself and move on!"

After finishing speaking, he took the lead in holding a spear and walked forward.

Ye Qiubai looked at this scene and nodded slightly.

This is the right thing to do.

Once back at this time.

Not only will ruin the slight advantage now achieved.

It will even kill the people in it!

at the same time.

If you go backwards.

Once encountering the evil race outside the territory again, I am afraid it will cause losses again.

Such a decision.

is correct.

is also necessary.

Everyone moved on.

...

This universe.

Divided into three latitudes.

High, medium and low latitudes.

And want to travel across latitudes.

Or smash the latitude barrier with absolute strength.

Or use special means to cross this latitude!

certainly.

Want to smash it with absolute strength.

The required level of strength is not generally high.

And now.

The barrier between the middle and low latitudes, two people came here.

One of the men in white robes looked in front of him.

Here, it's pitch black.

some.

It's just endless space turbulence, and countless space storms!

here.

Even if one is not careful, he will fall here!

Can't live here!

However, the two men acted as if nothing had happened.

The space turbulence is like a breeze, blowing on the two of them without any problems.

Space storms have to go around the two of them!

The only light is the barrier in front of you that cuts across the entire space!

Above the barrier.

Seven colors of light are shining!

shine brightly.

became the only spark in this black hole-like space.

The man in the white robe asked: "Is this the barrier to the middle latitude?"

Another man nodded and said: "The latitude barrier is extremely strong, and the existence that can set up such a barrier is definitely the most powerful person in the entire universe!"

"However, the strange thing is that no one knows who erected this barrier, even in the dark realm, no one knows. Therefore, most people speculate that this barrier is made naturally."

Hearing this, the white-robed man said disgustedly: "Didn't you say that your news network in the dark domain is very deep and wide? From this point of view, it's not very good?"

That's right.

The two are Lu Changsheng and Liu Ziru.

Liu Ziru heard Lu Changsheng's ridicule, scratched his head in embarrassment, and said, "The dark domain doesn't know everything..."

Maybe I don't want to get entangled in this topic.

Liu Ziru changed the subject and said, "By the way, what are you doing here? Could it be that you want to go to mid-latitudes?"

Lu Changsheng shook his head.

"Didn't you say that the evil race in the mid-latitudes will descend on the low latitudes?"

Liu Ziru nodded: "That's right, I said so."

"Didn't you also say that other forces are also interested in this latitude?"

Liu Ziru continued to nod.

These are all the news he got from the dark realm.

Lu Changsheng said with a bit of resentment on his face: "Then if they come, won't they disturb my leisure time?"

"..."

Liu Ziru thought.

What does this have to do with your leisure time?

"So, I thought, why don't we just strengthen the barrier here so they can't get in!"

"In this way, won't the problem be fundamentally solved?"

Heard Lu Changsheng's words that seemed to be "whimsical".

Liu Ziru's expression changed.

If someone else said such a thing, he would laugh at it, thinking it was a joke.

but.

Lu Changsheng said such words, but Liu Ziru could believe them.

What he said is true!

After all, Lu Changsheng never joked about this kind of thing!

"Reinforce the barrier?"

Liu Ziru wiped the sweat from his forehead, and said: "Although it is only a barrier from low latitudes to mid-latitudes, this level is not low, and the origin is unknown. What are you going to do?"

Around Lu Changsheng's body, there were streams of aura slowly emerging.

"I don't know if I can succeed."

"However, you have to try."

At the moment.

Lu Changsheng's expression was extremely serious!

Chapter 380 Eyes in the depths

Look at Lu Changsheng's expression.

Liu Zirui took a step back slightly.

He also wanted to see how Lu Changsheng would strengthen the latitude barrier.

This kind of barrier has an unknown origin and I don't know how to form it.

How to strengthen?

At this moment, Lu Changsheng was also thinking about this question.

This kind of barrier is not a formation.

At the same time, it is not made of aura.

It's more like an artistic conception...

No, this kind of power, above the artistic conception, is already the power of rules!

The way of space!

This is the main force that constitutes this barrier.

And want to know clearly the structure of this.

Is it necessary to comprehend the law of space?

The current Lu Changsheng just comprehended the artistic conception of space.

After all, I didn't delve into the power of space before.

so.

Be clear about the structure in this layer of latitude barrier.

It is necessary to cultivate the Dao of Space.

thought of this.

Lu Changsheng stretched out his hand, intending to touch the space barrier.

Looking at this scene, Liu Zirui looked horrified and stopped him: "Don't touch it!"

"If there is no special method, then, your hand will be smashed into pieces by the power of space... meat?"

Speaking of the last word, Liu Ziru's face gradually became shocked, looking at the scene in front of him.

Pupil constriction!

Continuously trembling, as if an earthquake had occurred.

I saw that Lu Changsheng's hand had already been placed on the latitude barrier.

In the barrier, the power of space is constantly shooting violently!

However, Lu Changsheng couldn't be shaken in the slightest!

On the contrary, Lu Changsheng looked at Liu Ziru with some doubts, as if asking.

what are you saying?

Liu Ziru: "..."

What a pervert...

Even with his strength, if he touches this space barrier, he will be seriously injured without special means.

At the same time, the arm may not be able to keep it!

Although Lu Changsheng is stronger than him.

But it's not like a normal person!

What kind of terrifying body is this, to be able to do this?

What Liu Ziru didn't know was.

Lu Changsheng's physical physique, it can be said that in this entire universe, no one can surpass him.

That's all right...

Liu Ziru covered his face, this kind of monster was beyond his imagination.

It feels outrageous.

It seemed that nothing could stop Lu Changsheng.

Is it really an invincible existence?

Such a character.

Liu Ziru is already considering whether to report to the higher-ups and ask them to re-rank the dark domain.

Lu Changsheng should be able to enter the top two.

As for number one?

Thinking of that man...

Liu Ziruo showed a serious expression on his face.

That's a real monster...

is also an existence that is impossible to win over.

Moreover, even if he couldn't win him over, the dark domain didn't dare to offend him easily.
anyway.

Lu Changsheng has closed his eyes.

Let the extremely violent Space Dao hit his body.

Unmoved.

It's just frantically absorbing the nutrients in the space law.

Comprehend the principles of space.

and the structure within this latitude barrier.

Liu Ziruo looked at this scene and thought to himself.

Are you comprehending the principles of space?

If it was placed on someone else, Liu Ziruo would probably be surprised.

Taoism is extremely difficult to comprehend.

No matter how strong the talent is, it still depends on the chance.

not to mention.

The way of space.

is the power of the highest rule in the Tao!

The difficulty of comprehension is much stronger than other Taoism.

but.

Placing it on Lu Changsheng, he would not be surprised.

I no longer think about whether it is crazy to do so.

Or, whether it can be realized.

At this moment, Liu Ziruo is guessing.

How long will it take Lu Changsheng to comprehend the principles of space.

Time passed by one minute and one second.

The power of space on Lu Changsheng's body became thicker and deeper.

At the same time, it became more mysterious.

The power of Dao in the surrounding space attacked Lu Changsheng from the beginning.

It seems to be flowing to cater to the flow of his power of space!

It's only a quarter of an hour.

has already achieved this step!

Liu Ziru helplessly spread his hands.

He has nothing to say about this monster.

Another quarter of an hour...

Around Lu Changsheng's body.

The artistic conception of space has undergone a qualitative change...

The power in it has even slowly assimilated with the space released by the latitude barrier!

It's just a few breaths of time.

Lu Changsheng opened his eyes.

The pupils are extremely deep, and inside, it seems like an endless black hole!

The artistic conception of space in the body, at this moment, is completely transformed into the principle of space!

It's only two sticks of incense time...

Lu Changsheng thoroughly comprehended the principles of space.

Liu Ziru's brows kept twitching...

Tao is so easy to comprehend?

Half an hour?

Comprehend the principles of space?

Anyway, this is too outrageous, right?

Is it true that Space Road is Chinese cabbage on the street...

Immediately.

Lu Changsheng did not withdraw his hand.

Instead, use the power of the spatial principles in the body to release it.

is constantly merging with the power on the latitude barrier.

Peek inside the structure!

Only the structure of this latitude barrier is known.

Only then can it be strengthened, even transformed!

However, when Lu Changsheng peeked into it.

But it is not as simple as expected.

In the latitude barrier.

Chaos.

This kind of breath is a trace of chaos when the world first opened!

That is to say.

In this latitude barrier, not only the space is formed, but also a trace of chaos!

No wonder it is so strong that it can only be passed through by special means.

Chaos Qi, even if there is only such a tiny bit, can make a person or an object extremely powerful.

Even Lu Changsheng was a little curious.

Why is there the air of chaos here?

As he is familiar with various fantasy novels, he naturally knows how perverted this chaotic atmosphere is.

Moreover, it is definitely not accidental that the air of chaos appeared here.

Someone definitely brought it here on purpose and set up a latitude barrier.

Lu Changsheng was even thinking about it.

Why did you use such a big pen to set up a latitude barrier here?

And why use this method to divide the three latitudes of low, medium and high?

Among them, what is the secret?

The more Lu Changsheng thought about it, the more solemn his face became.

Among them, some unknown secrets may be involved.

thought of this.

Lu Changsheng retracted the power of the Dao Principle of Space that had penetrated into it.

At the same time, he also drew his hand back.

Liu Ziru asked: "What's wrong?"

"Failed?"

Lu Changsheng shook his head.

he thinks.

I can no longer understand deeply, or strengthen this layer of latitude barrier.

If it is reinforced, it may involve this layer of secrets.

Then, cause and effect will be buried.

Lu Changsheng didn't want to be contaminated by this layer of karma.

So, I had to give up the idea of strengthening the barrier.

but.

Although the barrier cannot be reinforced.

Lu Changsheng still set up many formations around the latitude barrier.

After that, they went back with Liu Zirui.

And all this.

are all seen by an eye in the depths of space...
