

My Disciples 401

Chapter 401 The Road to Hell

Extraterritorial evil race.

Has a trace of the blood of the high-latitude ghost race.

However, it is extremely rare. After all, the evil race continues to feed on the flesh and blood of other races in order to improve their strength.

As time goes by, the blood becomes thinner.

Up to now, that trace of ghost blood can be ignored.

However, among the evil races outside the territory, there are also a few strong men who have inspired the blood of the ghost race!

One of them.

He was the commander who led the army of the evil race to attack the low-latitude realm and the borderless realm!

is also an evil king-level figure!

At the beginning.

This evil king was sealed by Xingyun Sword Emperor and other top powerhouses at the cost of their own lives.

That is to say.

This evil king, who was originally locked in the space, was about to break through the seal.

Just wait for the other evil races to enter the Demon Abyss, take out the divine object that can tear through space, and release it completely!

But Lu Changsheng noticed it and sealed it again...

Today.

Even if the evil clans take out that divine object, there is no possibility of tearing apart the space and releasing the evil king...

at the same time.

In the mid-latitude boundary.

The territory of the evil race outside the territory.

"What is the situation in the lower latitude boundary?"

"There is no news yet, but it should be soon. As long as he breaks through the seal, the war in the low-latitude boundary will be completely triggered. At that time, we will be able to break through the latitude barrier and go to the low-latitude boundary!"

"Well, but let's send people to the latitude barrier first."

"Nowadays, more and more forces are interested in the low-latitude boundary, and want to go there to develop more resources."

"So, we must get ahead of them."

"what do you mean?"

"Plan in advance, send people to the latitude barrier, break through immediately!"

"The subordinate understands."

...

the other side.

Middle three layers.

There is a bottomless pit.

It's like an abyss!

And on the side of Tai Hang.

There is a ladder.

The stairs are made of special black slate.

However, the strange thing is that this ladder continues to extend downward.

There is no guardrail next to it, and it is suspended above the big pit!

That is to say, if you want to enter the lower three floors, you must walk up this ladder and go down!

As for the surrounding area, there is no need to think about it. There must be great danger. Once it falls, in this forbidden field, I am afraid that it will end up in pieces...

Around the big pit, the people who passed the test of the black-haired man had already gathered here.

Mu Qingqing and others are waiting here.

"Where's the eldest prince? And what about his so-called senior brothers?"

"Accordingly, it should come here with us."

Mu Qingqing was also a little puzzled.

They also passed the test of the black-haired man, but they didn't come here the first time?

You know, they were the first batch to pass.

Naturally, what they don't know is.

The black-haired man knew that Ye Qiubai and the three of them were Xiao Hei's senior brothers, and they were from the same school.

arranged a chance test for them.

Of course, Mu Qingqing and the others did not receive this kind of treatment.

At this time.

Ye Qiubai, Shi Sheng, and Mu Fusheng came late.

Mu Fusheng looked around and asked, "Where is the fourth brother? Why can't he be seen?"

Ye Qiubai thought for a while, and said: "Maybe it is to accept the test in other places. After all, if the fourth junior brother is here, the monsters in the magic abyss would not dare to do anything to us."

"This situation is not what Moyuan wants to see."

Mu Fusheng nodded, so he stopped worrying.

What's more, he sent a message to Master before.

At this moment, he should have arrived.

At least there is no need to worry about the safety of the fourth senior brother.

After the three of Ye Qiubai assembled with the large army.

Mu Qingqing asked, "Brother, where have you been?"

Mu Fusheng smiled without changing his expression: "No, it was just teleported to another place, and it took a lot of effort to find it here!"

Mu Qingqing has no doubt about him.

Teleporting to other places is normal.

And there is no map here.

It is normal that they did not find a way to meet them in time.

Ye Qiubai and Shi Sheng rolled their eyes helplessly.

This guy.

How cautious you are!

Even his own sister, and the one he loves so much, also concealed it.

Think here.

Ye Qiubai's face changed slightly.

This guy, wouldn't he also hide something from them?

Good guy.

Don't think about it.

there must be!

However, Ye Qiubai just laughed it off.

Everyone has their own secrets.

There is no need to delve into it.

As long as you know that Mu Fusheng has no malice towards them, nor is it an enemy.

"So what's going on now?"

Hearing this, Mu Qingqing pointed to the black staircase going down, and explained: "It seems that if you want to go deeper, this is the only way."

Mu Fusheng nodded.

Feel your surroundings.

Sure enough, it is forbidden to empty.

Can only rely on two feet to go on.

In this bottomless pit, there will naturally be other unknown dangers.

For example, when walking down, there will be other monsters blocking the attack.

Or, there are traps on the stairs.

Then, go to the general, and come up with a formation or something.

Mu Fusheng thought about all these possibilities.

Then imagine how to deal with it.

After learning that Xiao Hei went to other places.

Mu Qingqing issued an order.

"Everyone is here, we have been dragging for a long time, the other party may have reached the lower three floors, so, without further ado, let's go."

Everyone nodded.

Immediately.

Powerful people are at the front and at the back.

In the middle are people who are good at formations, and they are performing auxiliary formations.

Meanwhile, monitor your surroundings.

Mu Fusheng came to Ye Qiubai and Shi Sheng, and took out a few talismans.

"Remember, two brothers, when you are in danger, use this, it should be able to play a little defensive role."

These sigils are the Heavenly Thunder Escape Talismans that absorbed the World-Exterminating Demon Thunder!

certainly.

Mu Qingqing also gave it.

As for the others, what does it matter to him?

Why waste sigils!

Ye Qiubai smiled and nodded.

Everyone walked down.

However, when everyone stepped on the stairs.

Those streaks of black devilish energy actually surrounded everyone's bodies!

The operation of spiritual energy suddenly became obscure!

At the same time, perception is greatly weakened!

Mu Qingqing immediately frowned and said: "Don't panic! Hold the group and continue down!"

"Be ready to shoot at any time!"

Stabilize the morale of the army.

It is also a necessary thing for a general to do.

The ladder seems to be endless.

Down step by step.

It seems like the road leading to the abyss of hell.

The black demonic energy around him is getting stronger and stronger!

Both sight and perception are becoming more and more restricted!

And after they went down fifty meters.

There are several black shadows flying around!

Charge towards everyone!

Chapter 402 I really admire you, old six

The black ladder, I don't know what material it is made of.

However, as long as the human ascetics step on it.

You will feel that your aura is restricted!

At the same time, the surrounding black magic energy will not only obstruct the line of sight.

It will reduce everyone's perception!

so.

When everyone noticed that there were several black shadows passing around.

Already only twenty feet away from them!

This distance, within one breath, will be attacked!

Some people who didn't react.

Was rushed by those black shadows!

Let out a miserable howl, and fall from the black ladder to the abyss hell!

There was no echo of landing for a long time.

This also represents how deep it is below.

at the same time.

When these black shadows approached, everyone finally discovered what these black shadows were.

With wings on its back, and a tiger body with an eagle beak!

is an unknown monster!

The strength of these seven-headed eagle-beaked monsters is actually at the early stage of distraction!

This kind of magical beast is powerful. Compared with the upper three floors, I don't know how much stronger it is.

not to mention.

In this situation, the space for everyone's activities is too limited.

The movement of spiritual energy was also blocked.

Facing these hawk-beaked beasts that shuttled through the black magic energy extremely fast, they didn't know how to do it at all!

Seeing this situation, Mu Qingqing remained calm.

This is the basic quality of being a commander!

Commanded in an orderly manner: "The ones with strong defense capabilities stand at the outermost!"

"When the seven monsters charge, stand in the middle, and those with strong long-range attack ability will attack immediately to hinder the opponent's attack power!"

"At the same time, when the opponent is blocked by a person with stronger defensive ability, the person with stronger explosive ability seizes the gap and immediately launches an attack!"

Listening to this sentence, everyone couldn't help calming down, and immediately acted according to what Mu Qingqing said!

Shi Sheng stood on the outermost layer.

After all, the power of the stars has a suppressive effect. Although it is not an absolute defense, it is stronger than the general defense.

At the same time, it can also prevent the opponent's attack progress to a certain extent.

Ye Qiubai stood in the middle, although the sword repair's melee burst was higher.

However, Ye Qiubai, who possesses the Sword Domain and the Four Absolute Sword Formation, is enough to achieve the effect of a long-range burst.

What about Mu Fusheng?

Originally intended to stand on the outermost side.

However, according to his words.

I should be considered a support!

Wouldn't it be more effective to continuously provide defensive symbols in the back?

Regarding this point, Ye Qiubai and Shi Sheng were also speechless.

But it didn't break through.

After all, what he said is quite reasonable.

Everyone tensed up, preparing for the opponent's next attack!

The seven-headed eagle-beaked monsters are constantly turning around on both sides of the stairs!

Extremely fast.

Observed with the naked eye, only fleeting black shadows can be seen.

At this time, four of them seemed to be unable to bear it any longer, and screamed towards the crowd, rushing towards them at high speed!

When you realize this.

The opponent's four hawk-beaked monsters have rushed forward!

The huge pair of claws slammed towards the defensive ascetics in the front row!

Shi Sheng reacted very quickly!

Immediately explode the power of the stars!

The strength of the middle stage of the imperial realm is revealed at this moment!

During the test, Shi Sheng also broke through to the middle stage of Emperor Realm.

A series of suppressive forces are pressing on the huge body of the five eagle-beaked monsters!

Although the effect is not very good, it is enough to weaken the speed and attack power of the five hawk-beaked monsters a lot.

Now, the defensive ascetics in the front row immediately release the formation and the defensive barrier!

At the same time, Mu Fusheng was behind and threw out five defensive symbols!

Appeared in front of the target of the five eagle-beaked monsters!

Suddenly, the defense power soared!

Located in the middle, the ascetics who are good at long-range attacks released attacks one after another!

Blocked again!

Ye Qiubai casts his sword field, and the Four Absolute Sword Formation merges into it!

The all-pervasive sword intent pierced the body of the eagle-beaked monster continuously!

At this time.

The huge claws of the eagle-beaked monster also fell on the defensive barrier!

Weaken and block again and again.

Also managed to make the defensive ascetics in the front row resist this blow!

And at this time.

A series of attacks burst out!

The golden armor commander took the lead.

As a half-step man, why didn't he act rashly before?

It is precisely because this place is in a state of forbidden space, and in addition, the movement of aura is blocked by some kind of force.

at the same time.

Even if he forcibly strikes, he can only kill one or two heads.

In this way, there is no time to care about other people present.

Today they are a team, an army!

Absolutely cannot cause disastrous consequences in the future because of the small profits in front of you!

At this time.

It's a great time to make a move.

The golden armor commander broke out with all his strength!

The spear in his hand pierced out!

Pierce the heads of two of the eagle-beaked monsters directly!

The corpse fell into the abyss!

At the same time, Shi Sheng gave up his defense and picked up the Emperor Ming Xuan Axe, and the power of the stars was running wildly!

Although the magic energy hinders the operation of the aura.

But it didn't hinder the power of the stars and the sword intent!

Under the blessing of the power of the stars, the original heavy ax body of the Minghuang Xuan Ax has added a series of suppressive forces!

Suddenly fell!

Even if it is only in the middle stage of Emperor Realm, there is still a deep and visible bone crack left on the huge body of the half-distracted eagle-beaked monster!

Rear.

Ye Qiubai's attack followed!

The Sijue Absolute Beginning sword suddenly cut out!

Once again pierced into the place injured by Shi Sheng, one after another of terrifying Sword Master Sword Intent, crazily poured into the original scars!

Although the body of Warcraft is extremely tough.

However, once the attack erupts from the inside, then the physical defense is useless!

One after another sword holy sword intent.

Combined with the Sword Sutra of Absolute Beginning, how terrifying is its killing power?

I saw the body of this hawk-beaked beast kept shaking, rolling and thumping in the air!

Immediately, one after another sword intent continued to cut out from the inside to the outside!

Fall into the abyss!

The cooperation between the two, although the level is a bit low.

However, it is no less shocking than the Golden Armor Commander killing two eagle-beaked monsters with one shot!

The leader of the golden armor is half-steps!

It is normal to be able to do this.

And an early emperor and a middle emperor teamed up.

It was also possible to kill a half-step distracted eagle-beaked beast under the restrictions of such a bad situation?

This is shocking enough!

Immediately, the remaining heads were also beheaded in the same way.

Casualties reached zero.

Mu Fusheng smiled and said: "Everyone is doing well! Keep it up!"

Mu Qingqing rolled her eyes on one side.

Ye Qiubai also walked over, patted Mu Fusheng on the shoulder and said, "Borrow a word from Master."

"What?"

"I really admire you, the sixth child."

Mu Fusheng: ...

Although he didn't understand what Lao Liu meant, he always felt that this was not a compliment...

Chapter 403 Crossing the barrier, the power of the sword array!

Latitude barrier.

No one knows who did it.

At the same time, no one knows exactly when and when it appeared here.

but.

It is because of the latitude barrier.

There will be a difference between high, middle and low latitudes.

At the barrier between low and mid-latitudes.

As long as you cross the barrier, you can go to the low-latitude boundary!

Or come to the mid-latitude boundary.

However, with ordinary methods, it is naturally impossible to cross.

Unless the strength reaches a certain level.

Otherwise, you must rely on a special magic weapon to pass.

And these magic weapons, even in the middle latitudes, are only available to the top forces.

The extraterritorial evil race, in the middle latitudes, cannot be regarded as a top force.

It's second-rate at best.

If it weren't for the illusory blood of the ghost race, I'm afraid it wouldn't be considered second-rate.

However, they did not know where they got a seal.

On the seal, a willow tree is carved.

No one knows why there are willow trees carved on it.

What is the origin of this willow tree?

However, this seal is indeed a magic weapon for traveling through the latitude barrier.

Extremely precious.

Now, the army of the evil race outside the territory has assembled at the latitude barrier.

Among them, the leader looked around and said indifferently: "It seems that as the Lord said, there are indeed many forces that have already set their sights on the cake of the low-latitude boundary."

This is an evil king.

The state is comparable to the peak powerhouse of the human race!

At the same time, its strength is probably a bit stronger than the general peak of the Dao realm.

Another evil king next to him nodded and said: "It seems that we are going to hurry up."

Around, they have already noticed the eyeliner of many forces.

Although the other party didn't think about hiding it.

This time, the evil race outside the territory can be said to have dispatched a large force.

Among them, there are ten evil kings leading the team!

Among them, there are some evil generals and evil clan leaders!

This kind of lineup is so luxurious that even any force in the borderless domain may not be able to withstand it.

However, it is worth noting.

Among the ten evil kings, there is a completely different man!

This man, obviously has the characteristics of a human being.

Does not have the cyan skin like the evil race!

In contrast, it is extremely white and clean!

However, behind him, there is a tail that is exactly the same as that of the evil race.

The man didn't speak the whole time, closed his eyes, his face was calm, and he didn't know what he was thinking.

And when those evil generals and the commander looked at this man, there was a look of awe in their eyes!

Even these ten evil kings are quite afraid of them.

"My lord, when shall we do it?"

Heard the words.

The man answered, "Now."

Cherish words like gold.

Saying one more word feels like a waste of life.

These ten evil kings were not surprised by this attitude.

Instead, immediately gather people and prepare to cross the latitude barrier!

At this time.

One of the evil kings held up the seal of latitude in his hand.

I see.

The willow tree on the seal seemed to be alive, and the willow branches began to flutter in the wind!

Breaths of green light full of vitality border on the power of space in the latitude barrier.

Immediately.

In the center of that latitude barrier, a circular entrance appeared.

See it.

The evil king immediately said: "Let's go!"

Immediately, he took the lead, stepped forward, and came to the other side of the latitude barrier!

The rest of the evil race followed suit.

Following the footsteps of the evil king, the army crossed the barrier.

Came to the low latitude boundary!

However, when all the evil races crossed the barrier!

After entering the area of the low-latitude boundary!

Around them, there are arrays of formations exuding terrifying killing power, and they start to rise slowly!

The ten evil kings were shocked when they felt this breath!

soon came to mind.

Someone is ambushing here!

Someone didn't want them over!

Could it be the group of people in the so-called borderless domain in the message?

But not right.

At this level, there are four or five formations that can threaten them!

Such a terrifying formation, even among the evil races outside the territory, there is no formation that can match it!

Then how could it be arranged by the group of human ants in the low-latitude boundary?

Among them, the distinguished man also opened his eyes.

In his eyes, there was a trace of solemnity.

opened the mouth and said: "Attack, it's coming..."

The evil king also immediately shouted: "Spread out! Pay attention to defense!"

The voice just fell.

The four killing formations released terrifying power one after another!

The way of the sword, at this moment, is surging in this space!

These four killing formations are all based on the principle of the sword.

at the same time.

The four killing and cutting sword arrays can also complement each other.

is a formation newly developed by Lu Changsheng.

at this moment.

It is also the first time to show off!

When the four killing sword arrays burst into attack at the same time!

The faces of the ten evil kings changed drastically at the same time!

Immediately shouted.

Put up a defensive barrier!

A series of defensive barriers, at this moment, surrounded the entire army of the evil race!

The Dao of the Four Swords is transformed into a giant sword, slashing to the front!

It seemed to be slashing lightly on the defensive barrier!

But.

At the moment when the defensive barrier and the four giant swords came into contact.

The faces of the ten evil kings changed at the same time!

The power in it is not something they can resist!

Almost the moment the idea came up.

Four huge swords broke through the defensive barrier at the same time!

entered the army of the evil race!

The way of the sword kept roaring in the army!

A name of the evil race was beheaded by the giant sword!

However, there was no scream.

This scene is very weird.

Obviously killing.

But there was no sound.

Because, under the killing of the giant sword transformed into the way of the four swords, they have no time to scream!

It's just three breaths of time!

The evil army, except for the seven evil kings and that man, was wiped out!

but.

The power of the formation has obviously not dissipated.

Still going on.

The four giant swords seemed to make a sharp turn, turned around, and slashed at the seven evil kings!

The man watched this scene.

Without any hesitation, a sigil was crushed!

Directly teleport and escape from this place!

However, the seven evil kings did not react.

Was chopped into pieces by the giant sword that struck in an instant!

At this moment, the seven evil kings had given up resistance.

Because they know that resistance is useless.

It's just that I'm quite scared.

In this low-latitude boundary, who is capable of arranging this formation?

However, watching the man flee.

They didn't complain, but breathed a sigh of relief.

Fortunately, this adult is not dead.

Otherwise, the evil race might be devastated!

The giant sword cut through!

The remaining seven evil kings fell under the sword!

turned into ashes and scattered in this boundless space...

Chapter 404 Undercurrent in the Prince's Mansion!

"Oh? The formation has been activated?"

Lu Changsheng lay on the wooden chair, opened his eyes, and looked at the sky, his eyes seemed to span the endless void.

"It seems that the effect of these four sword arrays is not bad, but there is still room for improvement."

Originally, the four sword formations arranged by Lu Changsheng with the Dao of the Sword as the foundation are the four sword formations complementing each other to achieve a stronger effect.

Now it seems that there is no perfect fusion of filling vacancies.

It's just that the damage is superimposed.

This is not the effect Lu Changsheng wanted.

Rather, it did not meet Lu Changsheng's expectations!

Thinking of this, Lu Changsheng originally wanted to get up.

Holding the armrests with both hands, the back has already left the wooden chair, and when he wanted to get up, he hesitated for a while.

"Well... the weather is good today, let's sleep again."

So, Lu Changsheng lay down again.

Looking at this scene, Liu Zirui couldn't help but smile wryly.

I really don't know how to cultivate.

With such a lazy character, he is as strong as a monster.

Alas, look at your own cultivation.

So hard, but not as good as someone else's finger...

Liu Zirui immediately emo...

Forget it, I still don't want to.

Practice hard.

Since the talent is not enough, then try to make it up!

If you don't want to work hard anymore, why should you chase others, or reach the legendary realm and gain longevity?

As for wooing Lu Changsheng?

After so long of hard work, Liu Zirui has become Buddhist.

Usually, it is absolutely impossible to win him over, after all, his strength is so strong.

Get on good terms now.

...

Unbounded domain.

The residence of Prince Linlong.

It was bestowed by the former king.

After all, Prince Linlong has made great contributions to the Boundless Dynasty!

The voice in the dynasty is extremely high.

And at this moment.

A fair-skinned handsome man came to the mansion of Prince Linlong.

The guard in front of the mansion looked at the man, stretched out the spear in his hand, and sternly shouted: "Prince's mansion, you are forbidden to enter without asking for instructions!"

The handsome man raised his head and glanced at the guard.

There seemed to be a whirlpool in the eyes!

In the vortex, there is a touch of black air surrounding it!

There seems to be a ghost whistling in this wisp of black air!

And when the guard looked into the man's eyes, he couldn't look away anymore!

The body began to tremble uncontrollably!

Seems to have seen something extremely terrifying.

See it.

The man didn't speak, he raised his foot, pushed open the door of the mansion, and walked in.

The guards didn't stop him, their eyes were empty and full of fear.

At this moment, Prince Linlong is wearing silk casual clothes, sitting in front of the case and looking at the file.

His brows were serious, and he didn't know what he was thinking.

At this time, the door was gently pushed open.

Prince Linlong raised his head and glanced at the handsome man who came in, then lowered his head to look at the file, and said, "Do you have anything to do?"

He didn't know the man in front of him.

It's just that if the opponent can avoid the perception of the strong in the mansion, then the strength of the opponent can kill him easily.

At the same time, the other party didn't say anything, and didn't take his life directly.

means that this handsome man came to talk to him.

The man's attitude towards Prince Linlong was not surprising either.

A person who can sit in such a powerful position, how could he not have a little mind?

The handsome man said, "Do you want the throne?"

Hearing this, Prince Linlong put down the file in his hand, raised his eyebrows to look at the handsome man, his expression was not flustered, and he even smiled and said: "You can eat indiscriminately, but you can't talk indiscriminately."

"Since I became a prince, how much credit have I made for the dynasty."

"My king's loyalty can be learned from the world."

"What's more, with this king's current status, it is necessary to risk the displeasure of the world to **** the throne?"

The handsome man stared at Prince Linlong, and said unhurriedly: "If you explain too much, you will have ghosts in your heart."

After saying these words, Prince Linlong's pupils shrank.

It's just that the expression still hasn't changed.

However, the faint killing intent around him could not be concealed from the handsome man's perception.

"I advise you not to think about killing me."

"If you make a move, there will be no survivors in your mansion, and you will even miss a good opportunity to help you ascend the throne."

The handsome man continued: "Don't hide it any longer, you can't hide the things in this place from me."

"I'm not here to trick you, but our purpose is the same."

"It's just that I'm really not interested in the throne of this lower world."

Inferior world?

Prince Linlong heard this important word, and guessed the identity of the other party in his heart.

If it is true what he said, there is no exaggeration.

And the borderless domain is the strongest boundary domain among the low-latitude domains, not one of them!

Then, could this person come from the mid-latitude realm?

At this time.

Prince Linlong did not continue to pretend, but said: "What good will this do for you?"

The handsome man shook his head and said: "I said before that our goals are very similar. I can help you ascend to the throne. My goals are different from yours. As for what I want to do, don't ask me."

"It's just that with my help, there is no difficulty for you to ascend the throne."

Prince Linlong was lost in thought.

Immediately said: "Why should I trust you?"

The handsome man shrugged, and then released his strength!

One time.

A series of ghosts surround Prince Linlong's body!

Feeling the ghosts around here, Prince Linlong's silk casual clothes were instantly soaked in cold sweat!

He feels no chance of resisting!

It seems that I can only die quietly surrounded by this ghost!

Look at each other again.

Standing opposite with a calm face.

The clouds are calm and the wind is light!

Didn't use much strength at all!

At this time.

The handsome man waved his hand, and the ghost disappeared immediately.

Without a trace!

Prince Linlong put his hands in front of the desk, breathing in the air!

If it wasn't for supporting him with both hands, the current Prince Linlong would have fallen to the ground!

The sense of oppression is too strong!

You know, the strength of Prince Linlong is not low!

It is also the existence of the early stage of Hedao Realm!

However, in front of this handsome man who doesn't look very old.

It's like an elephant facing an ant.

He can be trampled to death with one kick!

There is no chance to resist.

Prince Linlong frowned and said, "You are so powerful, why do you want to cooperate with me?"

The handsome man did not explain.

"You don't need to know, just tell me, to cooperate or not to cooperate?"

Prince Linlong thought about it.

If he doesn't cooperate, I'm afraid the other party will also kill him, right?

Cooperating with him may be to borrow his power, or to have a layer of identity disguise.

thought of this.

Prince Linlong nodded and said, "We are happy to cooperate."

Chapter 405 Black faces sing white faces

There are three floors in the Demon Abyss.

Ye Qiubai and the others continued to descend.

Looking up, only a little black sky can be seen.

They don't know how long they have been walking.

In this place, there is no time left.

You can only concentrate on your surroundings to prevent being attacked by monsters!

However, even so, it is still bottomless.

These layers of stairs seem to have no end.

Desperate.

Among the team, some people also started to retreat!

Even, some people began to say, how about we go up, if this is the case, I don't know how long it will take!

How many people have died on this road?

Hopeless!

Mu Qingqing also had a sullen face about this, although she continued to stabilize the morale of the army.

But.

Attrition in the ranks over time.

Still can't see the end of the stairs.

The warm-blooded words to stabilize the morale of the army are slowly losing their effect...

Mu Fusheng looked around and said solemnly: "The situation is not good. If this continues, some people will really leave the team and run away."

Ye Qiubai also nodded, and said: "This kind of thing is inevitable. After all, this ladder is indeed a bit weird. It is difficult for people who are in a bad mood to persevere."

Shi Sheng worried: "Is there no solution?"

Mu Fusheng thought for a while, and said in a concentrated voice: "At this moment, there are only two ways."

"The first one, speed up and reach the bottom quickly. Of course, this method can be discarded directly."

"And the second type is iron-blooded suppression!"

"Since they are timid, let's make an example of them and make them fear in another way, so as to disperse their fear of this demon abyss!"

Ye Qiubai nodded.

This is a good idea.

But who will do it?

Mu Fusheng?

Of course not.

He is the successor of the next emperor.

If you do this kind of thing, once you go out.

I'm afraid it will cause people to be unstable.

As the emperor, if you can't even gather people's hearts, what's the point?

Mu Qingqing?

Naturally not.

In the same way, Mu Qingqing is the one who holds military power.

As for Ye Qiubai and Shi Sheng, they don't have such strength.

You know, there are still some strong people in the distracted state, as well as many emperors!

There are so many people, with Ye Qiubai and Shi Sheng's current strength, naturally they can't do this.

At this time.

Mu Fusheng looked at Commander Jin Jia.

Immediately walked over and said the matter.

The Golden Armored Commander looked solemn and asked, "Your Highness, is this feasible?"

"Once it is too ruthless, then, under the double fear, I am afraid it will cause their death counterattack."

"If this is the case, this operation will really be over."

Mu Fusheng shook his head, and said, "So, it's going to be hard work for you."

The golden armor commander was slightly taken aback.

Mu Fusheng continued to explain: "This black-faced role needs you to play."

"And I, to a certain extent, will stand up and stop you."

Hearing this, the commander of Jin Jia understood.

However, the commander did not refuse, but said with a smile: "Your Highness, when the Emperor appointed you as the next Emperor's successor, I once opposed it, and felt that your character is not suitable for being the Emperor. On the throne."

"But now it seems that the subordinate is wrong."

Mu Fusheng patted Commander Jin Jia on the shoulder and said, "It's all trivial matters, and you are thinking about the emperor, I understand."

The commander in golden armor nodded with a smile, and then said in a solemn tone: "Your Highness, please pay attention, and the subordinates will act immediately."

For the golden armor leader.

He is the Imperial Guard directly under the Emperor Mu Zhengting.

It can be said that, except for Mu Zhengting, he is not under the jurisdiction of anyone!

So, other people's faces and tricks have no effect on him.

This dark-faced role is perfect for the commander in gold armor.

At this time.

Another ascetic who was in the early stage of distraction said with an ugly face: "Your Highness, let's retreat. If this continues, let's not talk about whether we can reach the bottom."

"Even if we get there, we are exhausted!"

Above the stairs, the aura is blocked, and there is no aura supply in the air, so everything can only be restored by elixir.

If it goes on like this, it really won't last long.

After all, pills are limited.

As soon as the words came out.

Immediately aroused the support of some people!

Mu Qingqing's complexion also turned ugly.

Let them continue talking, the consequences will be unimaginable!

Just when Mu Qingqing wanted to say something.

The golden armor commander shouted angrily: "Shut up!"

"Want to go up? Yes, all those who flee here will be treated as deserters."

"As for the consequences of desertion, I don't think I need to say more?"

As soon as the words came out.

Suddenly someone was stunned.

The strong man in the state of distraction also had an ugly face, and said: "But, in this situation, if you continue to go down, you will die!"

"Since this is the case, both sides are dead, why not choose a more hopeful path?"

"oh?"

The golden-armored commander raised his eyebrows to look at the strong man in the distraction state, stepped on his feet, and shook the spear in his hand!

A spear intent escaped from the tip of the spear, and pierced towards this strong distracted man!

The face of this distracted person changed drastically.

He didn't expect that the Golden Armored Commander would make such a decisive move!

And it's still a killer move!

Immediately open the defensive barrier!

However, how could he, who is only in the early stage of the Distraction Realm, be the opponent of the half-step Golden Armor Commander?

The barrier was instantly pierced by a sharp spear!

Immediately, it passed directly between the eyebrows of this distracted ascetic!

A blood hole appeared between the eyebrows.

The distracted man widened his eyes.

His eyes gradually became dull.

Immediately afterwards, the body fell down uncontrollably and fell off the stairs.

Fell into the endless abyss...

Everyone looked at this scene with serious expressions and ugly faces.

Golden Armored Commander held a spear, and there was no emotion in his voice, he said coldly: "Who else wants to be a deserter, just try."

this moment.

No one dared to speak out again.

The golden armor commander is the strongest existence in the team at the moment.

No one is his match!

Face this.

People who have this idea can only bow their heads helplessly...

At this moment.

Mu Fusheng also stood up, pressed his hands and said: "Okay, okay, now our purpose is to hinder the plans of the evil race outside the territory, not to kill each other here!"

"Although it is very difficult now, once the evil race's plan succeeds, what should we do in the borderless domain?"

"At that time, there will still be a dead word!"

Everyone was silent.

"However, if we successfully block the plan of the evil race, not only will we be able to protect the borderless domain, but at that time, this prince will also personally ask the emperor for instructions and apply for generous rewards for you!"

Black faces sing white faces.

Although it is a bit old-fashioned.

But it still works a little bit.

Chapter 406 Going up?

Solved the troubles of the moment.

Although everyone was dissatisfied in their hearts, but under the deterrence of the commander of Jinjia and the generous reward promised by the prince Mu Fusheng, no one talked about going back.

The effect is quite good.

However, although the internal troubles have been solved.

However, the ladder still has no end in sight.

Looking up, only a small circle of light can be seen.

Looking down, there is still endless darkness!

At this time, Mu Fusheng couldn't help thinking.

Is there an end to this?

Can you go to the bottom?

It has been more than ten days.

But there is still no hope.

This situation is really a bit strange.

Ye Qiubai also had this idea.

Could this ladder have some kind of array environment?

Let them linger in it and never get to the end.

But.

Ye Qiubai has a clear sword heart, and at the same time, the realm of swordsmanship has reached the realm of a sword master!

Sword cultivator, compared to other ascetics.

Even more able to see through falsehood.

However, Ye Qiubai couldn't detect whether the surroundings were surrounded by magic formations or illusions.

Or.

With Ye Qiubai's strength, still can't break through the environment in the Demon Abyss?

No.

This doesn't make sense.

Ye Qiubai shook his head.

If it is a test.

And if this is the environment, then it is impossible to set the difficulty point on the realm strength.

It's just that the foundation of the illusion has not been found.

It's just that the investigation didn't reach the point!

Think deeper and deeper.

Ye Qiubai was able to discover more and more strange places.

"Did you find out that the halo on the head, logically speaking, the further you go down, the smaller it will be until it disappears!"

"Near and far are small, and the distance of light irradiation is also limited."

"However, after we have walked for so long, the aperture at the exit of the big pit above our heads is still the same size, which is unreasonable."

Mu Fusheng nodded, and said: "I have also discovered this, but there is no trace of the magic formation around."

Ye Qiubai nodded.

"As long as you find a strange point, at least you can avoid detours and don't have to move on."

"We must be in some kind of formation illusion now."

"It's just that it hasn't been discovered yet."

Shi Sheng asked: "Then should we stop now?"

Ye Qiubai looked at Mu Fusheng, and said, "I think we should stop. What we need to do now is to conserve energy and discover abnormalities around us."

Hearing this, Mu Fusheng walked to Mu Qingqing's side.

Tell Mu Qingqing their guesses and doubts.

After Mu Qingqing heard this, she raised her head and glanced at the tiny circle of light, which remained the same until now.

His complexion became serious.

Immediately, he made a decisive decision, waved his little hand, and said, "Stop!"

Everyone was a little puzzled, but they stopped.

After all, Mu Qingqing is the commander in chief here.

Immediately, Mu Qingqing summoned all the powerhouses in the Distracted Realm, and revealed this matter.

Including Commander Jinjia, after hearing this conjecture.

They all released their breath and carefully checked the surroundings.

It's a pity that in this abyss full of black demonic energy, their perception and spiritual power are restricted.

the other side.

Ye Qiubai unfolds his sword field!

Swords whizzed around!

Shi Sheng also used the power of stars to sense abnormalities around him.

Mu Fusheng held the Nine Layers Thunder Shield casually to prevent sneak attacks by monsters.
question.

Where did it come from?

Where this aura is limited.

Ye Qiubai's Sword Intent and Shi Sheng's Star Power are obviously superior.

However, after carefully searching around, there was still nothing to gain!

If it is an illusion.

If it is a formation.

How could there be no trace of it?

Why?

Ye Qiubai kept thinking about the problem.

Recall from the beginning.

Recalling the scene from the first step on the stairs.

Among them, there is something unusual.

Thinking about it.

But still have no clue!

Shi Sheng was also thinking.

The power of the stars not only has the power to suppress, but also has the ability to perceive.

Use the power of the stars to constantly observe the surroundings.

It can be said that compared with Ye Qiubai's sword field, it is more extensive and detailed!

However, nothing was found!

At this time.

In Shi Sheng's mind, a sentence could not help but emerge.

This sentence appeared in the Chaos Star Record.

The light of the stars looks very faint and tiny.

However, when you observe carefully, or even watch closely, then the light of the stars will be extremely dazzling!

Looks faint and tiny?

Shi Sheng looked up.

The small but unchanged aperture.

Think of this sentence again.

At the same time, look at the surrounding environment filled with black magic energy.

I have a guess in my heart.

"Let's go up, shall we?"

Um?

Ye Qiubai, Mu Fusheng, and Mu Qingqing all looked at Shi Sheng!

Ye Qiubai and Mu Fusheng looked serious.

Knowing that Shi Sheng might have discovered something.

But others frowned.

What it means to go up.

Deserters!

Commander Jin Jia also looked at Mu Fusheng in puzzlement.

He knew that Shi Sheng was Mu Fusheng's senior brother.

But now, why would you say such a thing?

Mu Qingqing also came over, she naturally knew how extraordinary her elder brother and senior brother were.

Not the kind of people who are greedy for life and afraid of death!

Otherwise, when defending against evil races outside the territory, when facing evil generals who are so much stronger than him.

Why didn't they run away?

"what have you found?"

Shi Sheng shook his head, and said: "I don't know, this is just my conjecture, and it needs to be confirmed."

Immediately.

Shi Sheng's words caused the already extremely dissatisfied crowd to explode!

"Are you kidding! Going up now, wouldn't all previous efforts be wasted?"

"What's more, what did you do when they said they were going to go up and back!"

"If you don't find anything, but return to the original point, then you have to go down again?"

At this time, Mu Fusheng said in a concentrated voice: "Try it, there is no better way than this."

Everyone was slightly taken aback.

Mu Qingqing also looked over.

Mu Fusheng continued: "Even if we bite the bullet and continue going down, I'm afraid we will continue to be on this ladder, and the spiritual energy will eventually be exhausted."

"There is no better way."

After hearing this, Mu Qingqing gave a wry smile and nodded.

"There is really no better way."

"In this case, let's go up."

Everyone looked at each other in blank dismay.

Prince and Empress, the two most powerful people here, have said so.

Then how can they refuse?

Although I have doubts and dissatisfaction in my heart.

Everyone can only walk upwards.

Shi Sheng was walking while staring closely at the light circle above his head.

Don't know if it's right or wrong.

However, if that is the case.

Then the only way to break through the illusion!

Chapter 407 Undercurrent erupts!

From Taikeng to now.

Fourteen days have passed.

Now, if you want to go back.

It will take at least fourteen days.

During this period, I don't know what risks there will be.

But.

When the time passes day by day.

When everyone solved one monster after another.

When the number of personnel is constantly decreasing.

Shi Sheng's eyes became brighter, and his heart became clearer!

He kept staring at the light circle above his head.

This circle is bright.

As they go up and down, they get smaller and smaller.

After a few days.

The size of this layer of aperture has never changed again.

After all, logically speaking, at their pace, fourteen days.

Even if you can still see the light, it must be so tiny that it is almost invisible!

However, that circle of light seemed to have stagnated in time and space, never changing again.

And now.

They have been going up for seven days.

During these seven days.

Shi Sheng kept observing the aperture above.

As he guessed in his heart.

Still no changes!

This also proves that Shi Sheng's thoughts are right!

Ye Qiubai also smiled and said: "It seems that the traces of this layer of illusion are not around, but this layer of light?"

Mu Fusheng also covered his forehead speechlessly.

"If the group of people hadn't been stopped from going back at that time, maybe they would have discovered it long ago?"

However, although it has been discovered that the stairs are shrouded in illusion formations.

No matter how much time you spend going down, you can't reach the end.

But, how to solve it?

This is a new question.

Mu Qingqing also looked at Shi Sheng.

This blind spot was discovered by him.

Then, he is the one who has the best chance to unravel this illusion.

Shi Sheng stared closely behind the circle of light.

Suddenly spread his hands.

In the dantian of the starry sky.

The first star suspended in the sky is releasing dazzling light!

The power of the core of the stars is also fully blooming at this moment!

And the people around were shocked to find out.

Shi Sheng's body surface was surrounded by a bright starlight!

Immediately, like a ray of light, it shot around!

Although it is powerful, what is it doing?

Shi Sheng ignored the gazes of the people around him.

Gather the brilliance of the stars in the body into one, and gather the rays of light scattered around!

Like a spotlight, it fired towards the direction of the aperture!

And at this time, under the light of the stars.

That layer originally did not have any change in the aperture.

at this moment!

It started to expand slowly!

Everyone looked at his gradually widening aperture in horror.

The black demonic energy around is also at this moment, with the slowly expanding aperture, the light sprinkles down.

is slowly dispelling!

Shi Sheng constantly released the light of the stars, which consumed a lot of his star power.

Ye Qiubai and Mu Fusheng stood aside, but they couldn't help him from the side.

after all.

The power of stars is not the same as ordinary aura.

Now, we can only see whether Shi Sheng himself can hold on.

Time passed by one minute and one second.

The aperture range is gradually increasing.

Lifting his head, he could already see the familiar sky in the Demon Abyss!

When the surrounding black mist dissipated.

Everyone looked horrified and looked around.

This staircase is only a hundred feet high!

Looking from the bottom, you can see the end at a glance!

And at the end, there are countless corpses.

There are monsters, and there are humans.

Similarly, there are also corpses of evil races outside the territory.

At the same time, at the end, there is also a door!

That door is the door leading to the lower three floors, right?

Shi Sheng stopped releasing the light of the stars, his face was extremely pale!

For a long time, the power of the stars is continuously released, and the consumption is too huge!

Ye Qiubai said from the side: "Are you all right?"

Mu Fusheng took out the nine-fold thunder shield seal, and when others were not paying attention, it covered the inside of Shi Sheng's clothes...

In case of being attacked by monsters, Shi Sheng has no strength to resist...

Shi Sheng shook his head with a wry smile, and said: "It may depend on you in the future. If you want to recover, it may take a day."

There are no stars in the sky here.

Therefore, if you want to replenish the power of the stars, you can only rely on the stars, meteorites and star cores to restore them.

Ye Qiubai nodded and said, "I understand, let's rest first."

Mu Qingqing looked at Shi Sheng, nodded and said: "After I go back, I will ask Father for your credit."

This is not excessive.

In the abyss of magic.

Now Xiao Hei and Shi Sheng should be the first to count!

On the upper three floors, Xiao Hei let the monsters pass through without attacking them, saving a lot of time and casualties.

At the same time, on the middle third floor, it is also above the black ladder.

Without Shi Sheng, I am afraid they would still be walking down aimlessly.

Such and such, the consequences are disastrous!

The way everyone looked at Shi Sheng also changed.

Someone in awe.

Someone is terrified.

At the same time, some people are thinking.

You must have a good relationship with this dude!

Such a person is also cultivating the power of the stars, and his future is bound to be limitless!

What's more, it's the prince Mu Fusheng, who is also the senior brother of the next emperor's successor!

after.

Mu Qingqing led the crowd down the stairs and came to the gate.

The gate seems to be responsive.

There were loud "clicks" one after another.

Doors open from both sides.

Mu Qingqing turned her head to look at the crowd, and said, "If we step through this door, we may encounter evil races from outside the territory."

"The next danger will not be less than now, so everyone, you must not take it lightly!"

"Whether it can hinder the plan of the evil race, success or failure depends on it!"

Everyone nodded solemnly.

Immediately.

Step into the gate!

...

At this moment, Boundless Dynasty.

The emperor, Mu Zhengting, is listening to the report of his subordinates.

And report one thing.

Of course it's about Moyuan!

"The national teacher has already gone in person, and there is news that the evil race from outside the territory has reached the lower three floors before them."

Mu Zhengting nodded, and asked, "Where are Mu Qingqing and the others?"

The subordinate shook his head and said: "There is no news yet, it is estimated that it has not reached the lower three floors."

Mu Zhengting's expression was serious.

Time is running out.

Although many Hedao realms have reached the lower three floors ahead of schedule, they have held back the evil races outside the territory.

However, Mu Zhengting is very clear about the strength of the evil race outside the territory.

If this continues, I am afraid that the opponent's scheme will succeed!

No one knows what the consequences will be!

Mu Zhengting pinched the bridge of his nose, and sighed silently: "Send down the order, send more people, and go to Boundary Mountain immediately!"

The subordinate nodded quickly.

"Okay, step back."

The subordinate wants to leave.

But, at this time.

A minister staggered in in a panic.

Panting: "My lord, something is wrong!"

Mu Zhengting frowned, "Speak."

I only heard the minister say: "Our army's manpower in Critical Mountain was massacred by unknown figures!"

Chapter 408 Something is wrong...

Outside the Critical Mountain, Mu Zhengting had sent troops to station long before.

The purpose is to prevent the evil race from outside the territory from suddenly attacking, crossing the critical mountain, and launching a general attack on the borderless domain!

But.

The news I heard today.

But Mu Zhengting's face was extremely ugly.

Look at the information.

It must not be the evil race from outside the territory.

If the evil race crossed the critical mountain.

It is impossible for the array arranged in the critical mountain to have no response!

Whether it was destroyed or forcibly crossed over, Mu Zhengting will be able to know immediately!

That being the case.

Who made the move?

Insiders?

Mu Zhengting's expression was extremely serious, if that was the case.

That is to say, in the borderless domain, someone colluded with the evil race outside the domain.

Or they want to launch a sudden attack at such a critical juncture when the power within the royal family is dispersed!

has this motivation.

And there is only one person whose recent actions have attracted Mu Zhengting's attention.

thought of this.

Mu Zhengting said: "Prince Linlong!"

The ministers looked at each other in dismay, and immediately responded.

Not too long.

Prince Linlong, dressed in a purple-gold python robe, walked slowly into the hall.

This purple-gold python robe was given by the former king.

In order to commend Prince Linlong for his great contributions to the Boundless Dynasty!

I saw Prince Linlong approaching Mu Zhengting, knelt down on both knees, buried his head on the ground, and said loudly: "See the emperor!"

From now on.

Prince Linlong's loyalty is not a problem.

What's more, the purple gold python robe given by the emperor has the privilege of not having to kneel down to see the emperor.

However, the current Prince Linlong still knelt on his knees to show his loyalty!

But.

Therefore.

The suspicion in Mu Zhengting's heart will only increase!

Prince Linlong has great ambitions in his heart, and he is extremely arrogant.

This is how it works.

This even aroused Mu Zhengting's suspicion.

However, Mu Zhengting would not show it directly, but got up with a smile, walked up to Prince Linlong, and stretched out his hands to help him up.

"I wonder how the prince is doing recently?"

Prince Linlong got up and said with a smile: "The emperor is well, and the minister will feel at ease."

"Of course it's all right."

Mu Zhengting nodded his head, "Then I don't worry, after all, the prince is a great hero of the dynasty, and there are still a series of things that the prince needs to worry about in the future, but you must take care of your health!"

Prince Linlong knelt down again!

"The minister will live up to the entrustment of the emperor! I will go through fire and water for the dynasty, and I will do my best!"

In the tone of voice, it is as real as it needs to be.

Those who don't know, think that Prince Linlong is really a model loyal minister.

"However, the emperor asked the minister to come here, it shouldn't be for this matter, right?"

Prince Linlong watched Mu Zhengting sit back on the throne, and there was a flash of greed in his eyes.

Mu Zhengting sat down and said: "The army stationed outside the critical mountain was ambushed by a mysterious man. I wonder if the prince knows about this?"

Do you suspect me?

This is what Prince Linlong thought after hearing these words.

However, he was already prepared.

After all, he had already expected that he had already been suspected by the emperor.

Prince Linlong pretended to be surprised, and then his eyes were filled with anger.

loudly said: "Who dares to do such a thing!"

Mu Zhengting stared closely at Prince Linlong, shook his head and said, "I don't know, no one can clearly see the man's face, and even the breath and skills of the attack are unheard of."

"What is the intention of doing something at such a juncture!" Prince Linlong scolded loudly with anger in his eyes: "Could it be that in our realm, there are sects colluding with evil races outside the realm?"

Mu Zhengting nodded and said, "I also have this kind of worry."

Prince Linlong cupped his hands and said: "Please also send the emperor to go! The minister will definitely investigate this matter to the bottom and find out whoever made the move!"

During this time.

Mu Zhengting kept staring into Prince Linlong's eyes.

After hearing these words, he shook his head and said: "That's unnecessary, Prince Linlong still has a lot of affairs in hand, I will send other people to investigate."

"In this case, the minister will wait for the good news."

Mu Zhengting waved his hand and said, "Send the prince back to the mansion."

Prince Linlong clasped his hands and said, "Resign!"

Wait until Prince Linlong leaves.

Mu Zhengting sat on the throne, wondering what he was thinking.

"Looks okay."

Behind the throne, a figure in a black robe appeared.

Mu Zhengting was not surprised by this, but replied with a gloomy look: "Because there is no problem, it is the biggest problem."

The man in black robe was slightly surprised: "Oh? You mean he did too much?"

Mu Zhengting nodded, and said: "Exactly. Next, I ask you to monitor his subsequent actions."

The man in black nodded, and then disappeared in place.

Mu Zhengting raised his head, looked into the sky, and sighed leisurely: "In the current situation, civil strife is no longer possible. If there is, we must cut the mess at any cost!"

...

the other side.

Prince Linlong has returned to the Prince's Mansion.

Seeing his serious face, he immediately called several personal guards.

"Go to Boundary Mountain immediately, and investigate clearly who is attacking Boundary Mountain's army!"

The guards were all taken aback.

Seeing this, Prince Linlong explained the cause of the matter.

"I can't take this blame, especially in this situation!"

The guards looked at each other, and immediately nodded!

They all knew what the prince was planning.

Indeed, in this case, it cannot be exposed in advance, and it has been blamed for no reason!

Once confirmed, it was Prince Linlong who did it.

That may be destroyed at once, and even, lose your life!

after all.

Sometimes, no evidence is needed, only some clues are needed, and you can guess what Prince Linlong did, then you can do it.

You know, the dynasty has already begun to suspect Prince Linlong!

so.

The real culprit behind this scene, they must find out!

Wait until the guards leave.

The handsome man suddenly appeared in front of Prince Linlong.

"You did it?"

Prince Linlong stared at the handsome man.

The handsome man shook his head.

Seeing this, Prince Linlong had no doubts.

After all, with this man's strength, there is really no need to hide this matter.

"I need to think about this."

After speaking, Prince Linlong walked into the room.

The handsome man was thinking on the spot.

He always felt that there was something wrong with this matter!

...

the other side.

Ye Qiubai and others have entered the lower three floors!

And the next three floors.

The scene is completely different!

before their very eyes.

It's the Scarlet Plain!

As far as the eye can see!

In the distance, amidst the thick fog, there is a looming black hall!

Nothing else!

And above the sky.

Has the aura of more than a dozen powerful people in the Dao realm!

Among them, there are evil races outside the territory and the strongmen of various sects in the borderless domain!

The two sides are confronting each other!

Chapter 409 Sneak attack!

The powerful players of the Hedao Realm from many forces in the Borderless Domain are all dispatched.

He came to the lower three floors of Moyuan early.

The purpose is to observe the actions of the evil race outside the territory one step in advance.

At the same time stop the opponent's evil general-level evil clan!

Of course, the national teacher of the Boundless Dynasty, and Jian Wufeng, the suzerain of the Xingyun Sword Sect, are all here.

When Ye Qiubai and others stepped through the gate and came to this **** land.

In the sky, the breath of He Dao Realm seemed to cover the entire sky!

And below, there are evil generals, leader-level evil clans, and many evil soldiers.

The existence of Ye Qiubai and the others naturally attracted the attention of the powerful people in the sky.

"It seems to have come."

Jian Wufeng was slightly relieved seeing the existence of Ye Qiubai and Shi Sheng.

After Xiao Hei was not found, his expression became tense again.

Is something wrong?

If something happens to Xiao Hei.

What earth-shattering things will that senior do!

Thinking of this, he immediately sent a sound transmission to Ye Qiubai.

Received a sound transmission from Jian Wufeng.

Ye Qiubai replied with a smile: "Senior, don't worry, Xiao Hei took a step ahead and entered the test of the Demon Abyss."

"Presumably there is no danger."

Jian Wufeng heaved a sigh of relief.

Mu Qingqing also looked at the national teacher and asked, "National teacher, how is the situation here?"

The national teacher shook his head, and said solemnly: "It's not optimistic. We can only stop the evil king of the opponent, but neither the evil general nor the commander can stop it."

The evil king is an existence comparable to the human race!

Jian Wufeng also said through sound transmission: "Now, what you need to do is to catch up with the rest of the evil race and stop their plans!"

Mu Qingqing nodded.

Then commanded: "Full speed ahead!"

As soon as the voice fell, everyone moved towards the direction of the black hall!

On the Scarlet Plain.

Although there are traces of fighting and killing.

However, there are no corpses or bloodstains!

The monstrous blood revealed in the earth.

It seems that this piece of land has swallowed the blood energy and the sea of consciousness.

The speed of everyone is extremely fast.

The extraterritorial evil race ahead has already cleared away the monsters on the way.

So, nothing stands in the way!

soon.

will be able to detect.

in front of them.

There are two surges of magic energy and evil power!

A black magic energy, and black mist, although the two power colors are close.

But the breath in it is quite different!

Mu Qingqing waved her hand and said: "Everyone, don't make a move yet! Wait for the power of the evil race to be consumed and the monsters to be eliminated, and then find a chance to do it!"

Now, the evil race outside the territory has been restrained by monsters!

The level of monsters on the lower three floors is extremely high!

Among them, monsters in the Dao realm have appeared!

Of course, among the evil races outside the territory, there are still evil kings.

After all, although the human race dispatched powerful Taoists from various sects, the overall number is still less than that of the foreign evil race.

And it was these evil kings who wrestled with the monsters in the Dao realm.

The two sides seem to be evenly matched at present, and no one has taken advantage of the other.

And a group of evil generals, commanders and evil soldiers are also fighting with weaker monsters.

Evil soldiers are nothing but cannon fodder.

The strength of the False God Realm is not enough in the lower three layers.

Was unilaterally slaughtered by monsters!

But.

The evil race seems to have used the evil soldiers as bait.

When the monster is beheading, there will be other commanders and evil generals attacking from the side!

In this way, the fastest and most efficient way to remove obstacles.

Mu Qingqing and the others watched the state of the evil clan from a distance.

Just show signs of decline.

Then Thunder will make a move!

However, Ye Qiubai said: "I think we should seize this good opportunity."

Hearing this, everyone was stunned.

Mu Qingqing also looked at Ye Qiubai, and asked, "What do you say?"

Ye Qiubai explained his opinion.

"At the level of Hedao Realm, it is actually very difficult to be killed by people of the same realm?"

Everyone nodded.

The reason is very simple.

The higher the realm, when fighting with the realm.

Even if there is a gap in combat power, if the gap is not too large, it is basically impossible to kill them completely!

Unless the gap between combat power is too large.

and.

At the level of He Dao Realm, who doesn't have some cards to save their lives?

Although the overall combat power of the monsters is higher than that of the evil race.

But this is not enough to cause a kill!

On the contrary, if other people in the evil race kill the other monsters, then they will be interfered from the side.

Although it will cause losses.

Monsters with the strength of Dao Realm will also find a chance to be killed by this evil king.

"So, if we wait for the evil race outside the territory to clear away the monsters, then the evil race at the level of the evil king will free up their hands. If we hinder the opponent at this time, I am afraid that we will hit the stone with an egg!"

Very simple reason.

Although the opponent's combat power has been consumed.

Even the evil king will consume some combat power.

But the He Dao Realm is the He Dao Realm after all.

Even if they are consumed, they are still not an opponent they can defeat!

The gap in realm is too huge!

After hearing this, Mu Qingqing also reacted, her expression changed, she looked at Ye Qiubai and said, "Maybe you are more suitable to be a commander than me."

Ye Qiubai smiled: "The authorities are obsessed with the bystanders."

"Now, what we should do is to avoid the monster's aura lock, find the right opportunity, cooperate with the monster's attack, and attack the other evil generals and the leader-level evil race."

"And that evil king will definitely not be able to break away from the battle circle with the monsters in the Dao realm, and come to control us."

Mu Fusheng looked at Ye Qiubai.

He once again understood the words of Master Lu Changsheng.

Why do you say that senior brother Ye Qiubai is the most restless?

Now, Mu Fusheng understands.

Although this statement is correct.

But too risky.

After hearing this, Mu Qingqing nodded in agreement.

"Indeed, this is the best way now."

"Set up the World Purification Formation immediately! After the arrangement is complete, pay attention to avoiding monsters and attack the evil race!"

Immediately afterwards, Mu Qingqing took out the scroll again!

In the scroll, engraved with the Great Formation of Purifying the World!

With no one bothering you.

The light of purifying the world soon fell on the evil race!

The expression of the evil race outside the territory changed drastically!

The evil king also lost face!

Even if it is the evil king level, under the influence of the light of the world, it will still be more or less affected!

at the same time.

Ye Qiubai, Shisheng and others rushed towards the evil race at the same time!

The Sword Field broke out!

The power of the stars shines!

Mu Fusheng also sacrificed the killing talisman, and thunderbolts fell among the evil clan, attacking indiscriminately!

The evil king, who was restrained by the monster, couldn't make a move at all!

At the same time, the evil general level and the commander level are under the influence of the light of the world.

And under the attack of the monster, there is no time to react to the opponent's attack!

soon.

The evil clan side suffered heavy casualties!

Chapter 410 Black divine light, paving the way!

Sudden attack from the side

Let the evil race outside the territory be caught off guard!

The monsters here are already extremely difficult to deal with.

It can be said that if they didn't have a numerical advantage, they would have been suppressed in all aspects!

A monster in the Demon Abyss.

It can be said that it completely exceeded their expectations!

can not imagine.

In this low-latitude boundary.

There are creatures whose physical strength is stronger than them!

At the same time, that monstrous magic actually suppressed the evil power in their bodies!

But.

How do they know.

The monsters here all come from the high-latitude realm.

but.

is only the weakest kind in the high latitude boundary.

And at this time.

Ye Qiubai and everyone suddenly launched an attack!

Let the evil race outside the territory, who were already in a stalemate, fall into a disadvantage in an instant!

Those evil kings are also at their wits end.

Now, the monsters in front of them make it impossible for them to get out and fight against Ye Qiubai and the others!

However, under the Great Formation of Purifying the World.

and under the restraint of monsters.

Those evil generals and commander-level evil clans are no match for Ye Qiubai and others!

The vertical and horizontal aspect of the sword master's sword intent!

Suppression by the power of the stars!

Bombing of various killing symbols!

At the same time, in the team, the crazy attack of the distracted powerhouse!

Leading to the defeat of the evil race outside the territory in a very short period of time!

However, those evil kings still did not show embarrassment.

Even above the sky, in the confrontation with several powerful human beings.

After seeing this scene, he also showed a wicked smile.

See this scene.

Jian Wufeng and the national teacher all frowned slightly.

Under this extremely disadvantaged situation, why did you show such a smile?

Immediately, around Mu Qingqing and the others, there were layers of black mist slowly spreading.

The faces of Jian Wufeng and the national teacher changed drastically one after another!

not good!

The opponent has an ambush!

This was the first thought of Jian Wufeng and the national teacher.

Want to speak reminders.

I saw several evil kings on the other side spread their hands at the same time!

Breaks of black mist surrounded them all!

Whether it is sound transmission or sound, it cannot be transmitted from it!

The evil king in front of Jian Wufeng sneered and said, "You guys underestimate our evil race."

"Although the seal has not been completely lifted, there are still many people of the same family who have been sealed by the formation."

"However, even so, how can your group of human ants be able to contend?"

Nowadays, all the strong ones in the Dao state of the human race cannot perceive the external situation, and their faces are extremely ugly.

To know.

Among those people, there are Tianjiao-level figures in their various sects!

Critical, Mu Cisheng even has a prince and a princess!

Among them, Mu Fusheng is the heir to the emperor!

If you are ambushed to death by the opponent.

Then it would be a huge blow to the Boundless Dynasty, or the top forces in the entire Boundless Domain!

And below.

Mu Qingqing glanced around, her face a little gloomy.

"Is there an ambush..."

Ye Qiubai also stopped his body and looked around, there were countless evil forces surging in the gradually spreading black mist!

A name of the evil race stepped out of the black mist!

"The situation is not good..."

Mu Fusheng also gave a wry smile: "It felt a bit too smooth before, but now it seems that the other party also wants to defeat us in one fell swoop..."

It's a trap!

Long before.

The evil clan used the hidden magic weapon, a hidden thing that even the strong in the Dao realm could not find, and hid it around.

The reason is to wait for Mu Qingqing and everyone to catch up!

The evil race understands.

The human race who came here this time.

They are all top talents among the forces!

As long as these people are beheaded, it will be a serious blow to the entire Borderless Domain!

It will also provide a lot of convenience for the evil race's subsequent attacks!

Shi Sheng looked around.

After a preliminary calculation, he said: "Two evil kings, fourteen evil generals, several commanders and evil soldiers..."

That is to say.

The existence of two peak He Dao realms.

Fourteen are at the peak of distraction.

and several False Gods in the Emperor Realm...

This lineup.

Mu Qingqing and the others face each other, it can be said that there is no possibility of survival! after all.

On their side.

The one with the highest level of strength is the Golden Armor Commander.

The strength of the half-step He Dao realm...

In front of two evil kings who are equivalent to the peak of the Dao state, it is not enough to look at...

Mu Fusheng was half a step behind Ye Qiubai and Shi Sheng, and said solemnly: "Get ready to use the escape talisman..."

Ye Qiubai and Shi Sheng also nodded.

With their current strength, there is absolutely no possibility of surviving against them head-on!

Now, we can only retreat first.

When the opponent grinned and shot.

Mu Fusheng, Ye Qiubai, Shi Sheng and the others all took out the Heavenly Thunder Escape Talisman, when they were about to turn into thunder and escape!

The sky has changed...

The expression of the evil race from outside the territory who had originally attacked changed in surprise, and they looked up at the sky.

In the sky, the faces of the Human Race He Dao Realm and those evil kings also changed suddenly, and they looked up at the sky!

The monster on the ground actually stopped fighting at this moment and crawled on the ground.

Look pious.

As if greeting their king!

Originally a blood-colored sky!

At this moment, it was swept and shrouded by black magic!

The strands of black magic, at this moment, are like patches of dark clouds, covering the entire sky at a speed visible to the naked eye!

The magic thunder surges!

Dark clouds cover the sun!

In the entire Demon Abyss, magic roared and rose!

Even the blood in the evil race outside the territory was absolutely suppressed at this moment!

Those evil kings are unbelievable.

They have a trace of the blood of the ghost clan in the high-latitude realm!

How could it be possible to be absolutely suppressed by blood in the low-latitude boundary!

What is this magic? !

At the same time, among the human race, they also felt the suppression of blood.

Among them, many of them covered their chests and squatted on the ground, their faces extremely pale!

It seems that there is an invisible big hand, oppressing them to crawl on the ground!

But this one.

Ye Qiubai, Shi Sheng and Mu Fusheng are all fine.

The three of them looked at each other in blank dismay.

Among them, what happened?

And at this moment when everyone was horrified and suspicious.

The black hall in front of them emitted a black divine light!

Shengguang penetrated the fog and shot towards them!

Those streaks of black divine light seemed to pave a road in the sky!

A figure.

Walking out of the black hall, he walked towards the battlefield step by step on the avenue formed by the gathering of black divine light!

Every step, every footprint.

All made dull footsteps.

And the sound of footsteps.

Constantly beating on the hearts of everyone.

It's like the countdown to death.

The seconds are approaching, take your life...

When the figure gets closer and closer.

The magic is getting stronger!

Of course, the figure is gradually revealed.

Look at this figure.

Ye Qiubai, Shi Sheng and Mu Fusheng all smiled.
