

My Disciples 421

Chapter 421 Blood Transformation Realm!

Even if the Sword Master Sword Intent is not used.

Facing Mu Liyi, Ye Qiubai could easily win.

After all, under the same realm.

Ye Qiubai has never been defeated.

Every time it is a cross-border operation, basically they can win.

How could Mu Liyi, who was in the same realm as Ye Qiubai, be Ye Qiubai's opponent?

As for using Juggernaut Sword Intent.

The purpose is to show it to the people behind Mu Liyi.

Do not show any ability.

How could the other party value him?

Although it is impossible to get the other party to agree to become a Taoist couple with Mu Ziqing in one fell swoop.

But at least it will not be taken lightly.

As long as this step is achieved, it is considered an initial success.

And was condensed into a monstrous wave of ice by that small wisp of ice.

Obviously, the person in the room behind Mu Liyi made the move.

Patriarch of the Mu family, Mu Libei!

As expected of someone standing at the top of the borderless domain...

It was only such a small wisp of ice intent that stopped his sword master sword intent.

Ye Qiubai thought so.

Mu Libei's face was a little gray.

He never thought about it.

In the same realm, as a direct descendant of one of the three ancient clans, he possesses the power of blood.

will be defeated!

And he lost so simply!

When facing this sword master sword will.

He didn't even have the desire to resist!

There is a certain death in my heart!

However, looking at Ye Qiubai's calm expression, he still has a steady breath.

Then he knew that the other party still hadn't tried his best.

Mu Liyi couldn't help thinking, who is this person?

How can there be such a strong swordsmanship?

In the early days of Emperor Realm, he had already cultivated into a sword master.

Ye Qiubai did not look at Mu Libei at this moment, but bowed to the door that opened behind Mu Libei.

"Junior Ye Qiubai, met Patriarch Mu."

Immediately.

A gentle force supported Ye Qiubai's body to straighten up.

A middle-aged man walked out of it, with a faint smile on his face, looking easy to talk to.

However, anyone who knows Mu Libei knows it.

Beneath this smile, there is an iceberg hidden...

"The swordsmanship talent is good. It can be said that I have seen the junior with the best swordsmanship talent in the Borderless Domain."

Ye Qiubai was not humble and said with a smile: "Senior, you have praised me absurdly. There are people beyond others, and there is heaven beyond the sky. Ye dare not be that."

"Very good."

Mu Libei looked at Mu Liyi, who had gray eyes, and said, "Did you hear that, there are people beyond people, and heaven beyond the sky. This world is too big. Don't be so conceited because of the power of blood."

"It's...father."

"Go back and practice."

Hearing this, Mu Liyi cupped his hands slightly, glanced at Ye Qiubai with complicated eyes, turned and left.

Wait until Mu Liyi leaves.

Mu Libei walked slowly to the stone table next to the rockery, sat down, and brewed a pot of tea in a leisurely manner.

Pointing to the seat in front, he said, "Ye Qiubai, right? Don't be cautious, sit down."

Immediately, he looked at Mu Cisheng who was at a loss, and said, "You should go to practice first."

Although Mu Cisheng looked shy, he was not good at communicating with others.

However, Mu Libei could still hear the code word that Mu Libei wanted to have a private chat with Ye Qiubai.

After saluting, he turned and left.

"Have a sip of tea."

After finishing speaking, Mu Libei picked up his teacup and drank it.

Ye Qiubai took a sip, then put down the teacup.

Mu Libei smiled and asked, "How about this tea?"

"The tea is made from the tea trees on the top of Kunlun Snow Mountain. This water is also the spiritual spring in Kunlun Snow Mountain."

Ye Qiubai scratched his head in embarrassment, and said truthfully, "I don't know much about tea, so this tea is just ordinary water to me."

Hearing this, Mu Libei's eyes flickered with admiration, he nodded and said: "Yes, tea, no matter how delicious it is, it cannot be separated from the word "water."

If it was other juniors, they would definitely follow Mu Libei's words at this time and praise how delicious and miraculous this tea is.

Mu Libei smiled and said, "Actually, I don't understand tea either."

Ye Qiubai looked a little surprised, then shook his head and chuckled, and said, "Senior, you live a thorough life."

"Is it thorough?"

Mu Libei smiled and said: "Good words, this is the first time someone has commented on me like that."

Immediately.

Mu Libei didn't go around in circles anymore, and went straight to the point.

"I heard that you are interested in my daughter Mu Ziqing?"

Ye Qiubai's face became serious instantly, put his hands on his knees, nodded and said: "Yes, Ziqing and I have known each other for quite a long time."

"I know, but I, as Zi Qing's father, also want to thank you, and the master behind you."

Mu Libei smiled and said, "Zi Qing's physical problem was solved by your master."

"but..."

but?

Ye Qiubai looked at Mu Libei's still smiling face, waiting for his next words.

Mu Libei continued: "You should have heard from Cisheng about some things about our three ancient clans?"

"For example, because of the power of blood, the ancient clan will not intermarry with outsiders, no matter how strong the other party's background is."

Ye Qiubai nodded.

Mu Libei continued: "I know that your master is very strong, after all, he can solve the physical problems that our Mu family can't solve with all their strength."

"However, we are very conceited, and we feel that we still have to rely on ourselves for the family's prosperity, and we cannot rely on outsiders, do you think so?"

Ye Qiubai nodded.

He understood.

The other party meant that Ye Qiubai would not give Mu Ziqing to him just because Ye Qiubai had a powerful master.

"Of course, your talent is also very strong. At such a young age, Dao Ji is so stable, so stable that even I am a little surprised."

"Besides, you have already reached the realm of a sword master. In time, it is not impossible for you to become the number one swordsman in the low-latitude realm."

First person!

Not one of the pinnacles of Kendo!

This evaluation came from Mu Libei.

Naturally, these are not words of encouragement.

But the truth!

At their level, after living for so many years, they are already tired of compliments and say things against their will.

Only tell the truth, straight to the point.

Mu Libei said regretfully: "However, after all, you don't have the power of blood, and entrusting Zi Qing to you will only weaken the purity of the blood."

Heard the words.

Ye Qiubai asked back: "Dare to ask Patriarch Mu, is the power of blood really so important?"

"Nature matters."

Mu Libei nodded without the slightest hesitation.

"Do you know why there is no one who has broken through the Hedao Realm and reached a higher realm in the Borderless Realm?"

"The Boundless Dynasty is very strong, but there are still no strong ones above the Dao realm."

Ye Qiubai was surprised: "Because of the power of blood?"

Mu Libei nodded and said: "That's right, above the Hedao Realm, it's called Blood Transformation Realm."

"As the name suggests, if you want to break through to the Dao Realm, you have to replace the mortal blood in your body with a higher and stronger blood!"

"The low-latitude boundaries do not have this condition."

"So, only the three ancient clans with the power of blood have the chance to break through."

"This is also the reason why our three ancient clans strictly forbid people from the outside world to become Taoist companions, do you understand?"

Chapter 422 Waiting for you to become stronger

The blood of the ascetic, if the ancestors did not have a blood-changing state or a strong person above it.

Then, the blood of this ascetic is ordinary.

That is, mortal blood.

and become blood realm.

As the name suggests.

Only by replacing the blood of mortals, making one's own blood stronger enough to support more aura flow, can one continue to break through.

But for mortals to change their blood, the requirements are extremely harsh!

Not only need the elixir of the peak of Xutian level, but also the blood-changing elixir.

The difficulty of refining this elixir, as well as the rarity of the materials, have far exceeded the level of the peak Xutian level!

At the same time, the blood-changing environment or the blood of the strong on it is needed.

and a strong physique, enough to withstand the huge damage caused to the body during the blood exchange!

Three conditions are indispensable.

And in the low-latitude boundaries.

These three conditions are almost impossible to achieve.

So.

Only the three great ancient clans whose ancestors have reached the blood-changing state.
to be able to ignore these requirements.

As long as the blood is pure enough, there is a chance to break through to the blood-changing state!

This is why.

Among the three ancient clans, the reason why their direct descendants and mortals from the outside world are not allowed to be Taoist companions.

Because of this, the blood-changing blood in the body will be diluted!

Listen to Mu Libei's words.

Ye Qiubai also understood.

Above the Hedao Realm is the Blood Changing Realm.

Such a demanding requirement.

It was indeed possible to make the three ancient clans promulgate this iron order.

Therefore, Ye Qiubai asked: "Are there any cultivators in the Mu family who are in the blood-changing state?"

Hearing this, Mu Libei shook his head and said, "Unfortunately, not."

"It has been many years since the death of the blood-changing ancestors."

"With the continuous combination of offspring, if no one in the middle reaches the blood-changing state, then the power of the blood will still be diluted. Even if you partner with other ancient clans who also have the power of the blood, this is inevitable. of."

"Because the environment in the low-latitude boundary is too barren, it is difficult to support the birth of a strong person in the blood-changing realm."

"So, after countless generations, the blood power of the three ancient clans has been continuously diluted."

"Now, the power of Mu Ziqing's blood is infinitely approaching the ancestors! I mean, you should be able to understand, right?"

Ye Qiubai nodded.

That is to say, in the situation where the bloodlines of the three ancient clans are all diluted, only the power of the bloodlines is extremely pure, and Mu Ziqing, who is infinitely close to the ancestors, is expected to break through to the blood-changing state!

Once Mu Ziqing breaks through to the blood-changing state, then the power of the blood of the Mu family will be stimulated again!

In this way, the name of the Mu family as the three ancient clans will continue.

Seeing Ye Qiubai nodding, Mu Libei smiled and said: "Young children can be taught, since that's the case, you can make a request, let's take it as a thank you gift for helping Zi Qing solve her physical problems."

obviously.

Mu Libei has issued an order to evict guests.

Ye Qiubai thought for a while, then smiled and said, "Okay, then I'll mention it."

Mu Libei stretched out his hand and made a gesture of please.

"Give Ziqing to me."

Hearing these words, the smile on Mu Libei's face grew stronger, but under the expression, the aura like an iceberg slowly surrounded this space uncontrollably!

Wisps of ice mist float in this space.

The air is instantly condensed!

Ye Qiubai's body was also covered with layers of hoarfrost.

The Mu Li Monument at the peak of He Dao Realm.

It just released a little breath.

Ye Qiubai could feel the blood flow in his body, or the movement of aura, as if it had been frozen!

Even the body is unable to move!

"Are you kidding me?"

Anyone who knows Mu Libei knows it.

This head of the Mu family, who has the title of Smiling Iceberg, has become really popular now!

Hoo!

Ye Qiubai releases the sword master's sword intent!

The hoarfrost condensed on the surface of Ye Qiubai's body was chopped to pieces under the full force of the sword intent.

Forcibly circulating the spiritual energy in his whole body, under Mu Libei's slightly surprised eyes, he struggled to get up.

To know.

With his current strength.

Even if it releases a little breath, combined with the power of blood.

The ascetics in the late stage of Emperor Realm can't move!

Even people in the distracted state have to work hard to get up!

However, Ye Qiubai is only in the early stage of Emperor Realm!

will be able to do this?

Ye Qiubai smiled and said: "Patriarch Mu, I think you can see my determination, Zi Qing, I will definitely take her away, unless she doesn't want to go."

"So, you don't need to talk about the blood of the ancient race. After all, I also believe that it is man-made."

"Could it be that mortals can't break through the blood-changing realm? Then, how did the ancestors of the ancient clan achieve this?"

"Patriarch Mu, you are too dependent on the power of blood."

After finishing speaking, Ye Qiubai struggled and bowed slightly to Mu Libei and clasped his fists.

Immediately.

Under Mu Libei's sinking face, he walked out of the mansion.

One step at a time.

Frost in one step!

With every step, the sword will become sharper!

The sword field is expanded!

The Four Absolute Sword Formation is integrated into it!

The Sword Sutra of Taichu is in full swing!

Do your best to dissolve this ice!

Walked out of the mansion!

Mu Libei looked at Ye Qiubai's stubborn back, and couldn't help but shook his head and said, "He's a good seedling... But, with the background of the low-latitude boundary, without the power of blood, how can he break through the blood-changing realm?"

Immediately, Mu Libei put away his breath.

The sense of ice in the mansion suddenly disappeared at this moment!

The tea in the teacup in front of him also melted.

Picking up the teacup again, he took a sip.

"It's cold..."

"Okay, come out."

Put down the teacup, looked towards the arched door, a beautiful figure walked out slowly from behind the arched door.

Mu Libei said: "Zi Qing, if you think about it, I have already agreed. Next, you have to practice the family secret method."

It was Mu Ziqing who came here!

Compared to before.

Mu Ziqing is obviously more mature.

Compared to the sweetness before, that beautiful face is now a bit colder.

Simply put it plainly.

It is slowly changing from a sweet girl to a royal sister.

Mu Ziqing nodded and said, "I know."

However, from the beginning to the end, Mu Ziqing did not look at her father.

His eyes kept looking outside the mansion.

Has been following Ye Qiubai's back!

Looking at this scene and his daughter's expression, Mu Libei couldn't help but sighed softly, and said, "Zi Qing, you have to understand that you are the one among the three ancient clans who has the most hope of breaking through to the blood-changing state." ."

"So, you must not dilute your own blood!"

Mu Ziqing did not answer.

In his mind, what Ye Qiubai said before kept replaying.

It's man-made...

Immediately, with a smile on his face, he secretly said in his heart: "I'll wait for you to become stronger, so strong that even the three ancient clans can't stop you..."

Mu Libei watched this scene.

I thought to myself: "It seems that I have to guard against that kid a lot..."

the other side.

Ye Qiubai has returned to the Caotang mansion.

And Mu Fusheng brought a piece of news at this moment.

Chapter 423 Saintess Walking Together

The battle is imminent.

The repressive seal on the other side of Critical Mountain is about to be broken.

The entire borderless domain, united as one, has entered a state of combat readiness!

All the elders who retreated, or the elders who were too high, or the strong ones who traveled abroad, have all left the seclusion, or returned to the borderless realm.

Meet the big battle!

And in other small boundaries.

Although there is support from the Boundless Dynasty.

However, it is still impossible to resist all of them.

There are already six realms, all of which are occupied!

Of course, in the occupied realm, all the ascetics of the race have been treated as food, nutrients...

And this time, the news brought by Mu Fusheng.

It was ordered by the emperor Mu Zhengting himself.

A group of strong men of Emperor Realm and above will be separated, led by a strong man of He Dao Realm, to support the realm that is being attacked by the evil race!

And those six already occupied territories.

Boundless Dynasty believes that it will be put aside for now.

after all.

not enough people.

Boundary Mountain still needs to be guarded by strong men.

What we have to do now is to prevent the evil race from outside the territory from continuing to occupy!

Once, other boundaries at low latitudes were captured.

Then, what the Borderless Domain will have to face at that time is not just the evil race outside the border that has been sealed off outside the Critical Mountain.

There are also extraterritorial evil races from outside!

Enemy!

This is a scene that Boundless Dynasty does not want to see.

Ye Qiubai, who just came back, heard this and said, "That is to say, we also need to go?"

Mu Fusheng said with a bitter face: "It's not you who are going, I am going. After all, you are not a force belonging to the Borderless Domain. Even if you are the father, it is not easy to order you directly."

Hongying on the side smiled and said, "What your father meant was to let us go too?"

"He knows that you are our junior, as long as we send you out, we naturally cannot refuse."

Mu Fusheng nodded and said: "That's true. He said he wanted me to go out and practice for a while, so that when the war starts, I will have stronger strength."

For Mu Fusheng's personality.

Let him do such a dangerous thing.

Mu Fusheng expressed that he was very sad...

He really is his own father...

Shi Sheng asked: "Which realm shall we go first?"

Xiao Hei rubbed his fists, grinned and said, "It just so happens that I also want to test how strong I am now."

Hongying, Ning Chenxin and Ye Qiubai also smiled and looked at Mu Fusheng.

Seeing that the brothers and sisters did not refuse at all.

It is a lie for Mu Fusheng to say that he is not moved.

However, he still said honestly: "The Cold Night Realm."

"The team is led by He Zidao, an elder of the Starfall Sword Sect."

He Zidao, the realm of swordsmanship is half a step above, and at the same time, he is also a strong man in the early stage of the Dao realm!

And this cold night realm is a relatively weak realm among the low-latitude realms.

Of course, no matter how weak it is, it is still stronger than the Heavenly Spirit Realm and the Savage Realm.

After all, the Cold Night Realm is a place where a strong man in the distraction state sits in charge.

This person is the ruling force of the Han Ye Realm, the former head of the Han Ye Empire.

Ye Qiubai asked: "When are you leaving?"

Without waiting for Mu Fusheng to speak.

An old man with a sword on his back came in from the door, and said lightly: "It's not too late, let's go now."

Criticality is also behind the old man.

Obviously.

Critical will also participate in this support operation.

Several people looked at each other in blank dismay, then got up helplessly.

No way, let's work.

Anyway, if you are idle now, you are idle, and you can quickly improve your strength if you go out to practice.

Immediately.

Several people went out.

Outside the mansion, there is a huge space ship docked!

There are several space formations engraved on the space ship!

It also seems to be made of special materials.

The level is definitely not low!

While on board.

Ye Qiubai, Shi Sheng and Xiao Hei also saw a familiar figure.

The woman has a fiery figure, and she is wearing a purple cheongsam, which vividly outlines her fiery figure like a water snake.

Flame red lips, willow leaf eyebrows.

The watery eyes are dotted with a mole of tears.

Add a bit of seductiveness!

This woman, in terms of appearance alone, is no less than Mu Ziqing and Hongying.

It's just that the temperament is different.

Shi Sheng was slightly surprised, and said, "You belong to the Shengyin Chamber of Commerce? Why are you here?"

The woman is the Saintess of the Shengyin Chamber of Commerce, Dong Xiaoqin!

Dong Xiaoqin covered her mouth and smiled lightly.

Looks seductive and charming.

However, it is like a green lotus that is not stained by mud.

These two completely opposite temperaments are extremely harmonious in Dong Xiaoqin's body!

I just heard Dong Xiaoqin say: "Don't you even remember my name?"

Shi Sheng scratched his head dully.

"Dong Xiaoqin."

Dong Xiaoqin introduced herself and said, "I am here, of course, because I am also a member of this support operation."

Ye Qiubai said: "Miss Dong should not be under the jurisdiction of the Boundless Dynasty, right?"

Dong Xiaoqin nodded and said: "Indeed, this action was initiated by me."

"Oh, why?"

"The cold night realm has the business of the Shengyin Chamber of Commerce. Now that the evil races from outside the region are invading, it is natural that someone needs to take over."

After saying this, everyone understood.

Indeed, the caravans of the Shengyin Chamber of Commerce spread over half of the entire low-latitude boundary!

The Cold Night Realm is no exception.

As for the wild realm and the heavenly realm.

The resources are poor and the strength is too weak.

The Shengyin Chamber of Commerce does not want to waste this time and resources to develop the market over there.

Dong Xiaoqin waved her white and tender lotus root arms, and said with a smile: "Don't look at me like this, I'm not weak."

Jiangjie nodded aside: "That's true, Your Excellency the Holy Maiden is also a well-known Tianjiao, there is no accumulation of pills, and relying on myself, I have already reached the middle stage of the emperor's realm."

This surprised everyone.

The Supreme Elder of the Starfall Sword Sect, He Zidao said: "If you want to reminisce about the old days, you should get on the boat first. The matter is urgent. Now, wars will break out in the borderless domain at any time. We must hurry up."

Everyone nodded and boarded the spaceship.

The space ship is also full of prosperity.

The speed is extremely fast!

Even the top space ship of the Boundless Dynasty is a bit weaker than it.

Mu Fusheng said with emotion: "Your Shengyin Chamber of Commerce really has a deep foundation."

Dong Xiaoqin chuckled and said, "Then how about deepening cooperation with our Shengyin Chamber of Commerce after His Royal Highness ascends the throne?"

Mu Fusheng didn't fall into the trap, but shook his head and said, "I don't know if it's me who is enthroned."

Two days of communication and adjustment status.

Perhaps it was luck, and did not encounter a space storm during the period.

It arrived in two days.

When it came to the cold night realm.

The state of everyone has been adjusted to the peak.

At the same time, the time is outside the boundary.

It can be seen with the naked eye that the outside of the cold night realm is shrouded in thick black mist!

In the black mist, the evil power is overwhelming!

Seeing this scene, He Zidao's eyes showed killing intent, and the half-step supreme sword intent was subconsciously released at this moment!

"Be careful, we'll go in!"

Chapter 424 Bait

Boundless Dynasty.

Mu Zhengting is processing the file.

Immediately, it seemed that something was sensed.

Without looking up, he asked while processing the file: "Fu Sheng and the others have already gone?"

Observed with the naked eye, except for Mu Zhengting, there are no other figures around.

It seems to be talking to the air, talking to itself.

At this time, a voice appeared in the hall.

"It has been arranged according to the emperor's wishes."

Mu Zhengting nodded, and said: "The bait has been thrown out, now it's just waiting for this big fish to bite the bait..."

...

On the other side, outside the cold night realm.

It was shrouded in thick black mist.

In the black mist, evil power is abundant!

Ye Qiubai and other individuals have already come outside the boundary.

Among them, He Zidao, the elder of the Starfall Sword Sect who led the team, raised the three-foot green sword in his hand, and said in a cold tone: "There is no gap around, go in from here."

Now, the entire area around the Cold Night Realm has been shrouded in black mist.

Surrounded by evil clans from outside the territory!

If you want to enter the cold night realm, you must fight your way!

He Zidao, as the strongest man with the highest cultivation here, naturally took the lead.

Ye Qiubai and the others did not hesitate at all.

Released his aura and followed He Zidao.

In the black mist.

There are countless evil soldiers!

This amount of evil soldiers makes people feel a tingling sensation.

He Zidao drew his sword, and the half-step supreme sword intent was undoubtedly revealed at this moment!

And this time, Ye Qiubai felt it clearly.

How big is the gap between myself and these powerful swordsmen.

Even if he has broken through to the Juggernaut.

But.

After comparing the sword intents of the two.

will be able to find.

It's like the tip of a needle against a wheat awn!

I still have a long way to go...

Ye Qiubai let out a low cry, and the Nine-foot Star Meteor Sword was unsheathed in an instant!

As the Xingyun sword was unsheathed, the Sword Master Sword Intent also let out a series of howls of swords at this moment, echoing in this boundless space!

The critical side is not to be outdone.

Also released the sword intent of a half-step sword master.

Not long ago, he broke through to the critical stage of the middle stage of Emperor Realm, and his strength is stronger than before.

Ning Chen's eyes were cold.

for him.

Such cruel and bloodthirsty alien races must be eradicated.

Holding the Taoist scriptures, mysterious ancient characters circled around Ning Chenxin's body.

Immediately, the nine-character mantra blurted out!

mouth thunder sound.

Words can't follow!

"Lin, soldier, fight, person, all, array, row!"

A celestial general wearing a divine armor and holding a golden scale spear came to this space!

The power of Taoism is suddenly released at this moment!

The surrounding black mist was also dispelled a lot at this moment.

Xiao Hei, Hong Ying, and Shi Sheng are not to be outdone!

Even Dong Xiaoqin, the Saintess of the Shengyin Chamber of Commerce, created countless sigils and scroll formations at this moment!

Mu Fusheng looked at this scene, and said pleasantly: "Going together!"

Immediately afterwards, he also threw out the killing talisman engraved with the World Extinguishing Demon Thunder as a guide!

Feel the powerful aura from behind!

The extraterritorial evil races surrounding the Cold Night Realm also noticed the vision here.

With horror on his face, he immediately greeted He Zidao and others who rushed over with anger!

Fearless!

He Zidao drew his sword and slashed.

A sharp sword intent mixed with half-step supreme, turned into a huge slash!

The overwhelming evil soldiers have not yet touched this slash.

was already smashed into powder by that crazy howling sword intent!

Slash down together!

In an instant, the front was originally dark.

Directly opened up a path!

Immediately after.

Ye Qiubai released the sword domain.

In this space, everything is shrouded in the sword field!

The evil soldiers within the sword domain were all cut to pieces by Ye Qiubai's sword intent.

It can be said.

Ye Qiubai has a sword field, so it is very convenient to clean up miscellaneous soldiers.

Xiao Hei was still extremely reckless.

Directly rushed into the group of evil soldiers, punching one punch after another on the body of each evil soldier!

Shi Sheng is holding the Ming Emperor Xuan Axe, shining with the power of the stars!

No evil soldier can withstand the power of an axe!

the other side.

Ning Chenxin's power of Taoism is full of divine power.

Originally, the power of Taoism had the effect of restraining evil races outside the territory.

Under the blessing of Taoism.

The power of Taoism is even greater!

After the gods rushed the brilliance into the evil soldiers.

The surrounding black mist, as well as the evil soldiers, let out screams, and all parts of the body began to melt as if being scorched by a raging fire!

The evil soldiers around couldn't resist the crowd's surprise attack.

Soon, a road was opened!

At the same time, the evil race outside the Cold Night Realm also got the news.

When an evil king heard the news, his expression sank, and he said, "Retreat to Cold City for now."

Cold City is the current residence of the evil race from outside the territory.

is the main city in the east of the Cold Night Realm.

Now, the east of the Cold Night Realm has been completely captured by the evil race from outside the region!

The temporary retreat is also to prevent the human race from attacking from both sides!

Once in such a situation.

Then the extraterritorial evil race here will suffer heavy losses.

All the evil generals nodded and began to direct their troops to retreat.

The coalition forces in the Cold Night Realm are struggling to support.

At this moment, looking at the evil race outside the territory who started to retreat, they were also taken aback.

Their resource reserves.

The strength of the array.

and the body have reached their limit.

At most another three days.

The cold night realm will be completely lost!

to be honest.

They have made up their minds to die.

However, the opponent did not continue to attack, but chose to retreat.

Among them, is there any conspiracy?

Don't wait for them to think about it.

Among them, Han Qianye, the former head of the Hanye Empire, looked up at the sky with surprise in his eyes.

At the same time, I also understood why the evil race outside the territory chose to retreat at this time.

Support has arrived!

He Zidao led Ye Qiubai, Hongying and others to land in front of Han Qianye.

"We came to support from the Borderless Domain."

Han Qianye immediately bent down and cupped his hands and said, "Thank you, Senior He Zidao."

He Zidao was a little surprised and said, "You know me?"

Hearing this, Han Qianye smiled and said: "I went to the Borderless Realm for a while, and I have seen the seniors of the Xingyun Sword Sect make a move."

He Zidao nodded.

The other people below watched Han Qianye salute the old man, their eyes froze slightly.

You know, Han Qianye is a strong distraction.

is the patron saint of their cold night realm!

Without Han Qianye's hard support, relying on the power of the former king of Han Ye Empire and the blessing of the formation, he forcibly held back an evil king of the opponent.

Otherwise, the Cold Night Realm would have long since declared its fall.

But.

Their patron saint, the strongest in the Cold Night Realm, is giving a junior salute to other people.

What is the origin of this group of people?

After Han Qianye's introduction.

Everyone was in awe.

He Zidao waved his hand and said: "Don't say polite words. Now, the key is to get rid of the evil race here outside the territory, and the opponent will make a comeback soon."

Chapter 425 Comeback!

The extraterritorial evil race in the cold night realm is not very strong.

However, the opponent still has an evil king-level evil clan and ten evil generals.

Among them, there are some commanders and evil soldiers.

to be honest.

Under such circumstances, the cold night realm can still hold on for so long, which is already beyond expectation.

Han Qianye said with a solemn face: "Nowadays, our logistics resources are running out, and pills, talismans, and formations are even more urgent."

He Zidao nodded.

After looking at Han Qianye for a while.

It can be found that even he has reached the limit, the aura in the body is extremely barren, and the breath is even more sluggish.

Just as He Zidao was thinking about how to solve it.

Dong Xiaoqin stood up suddenly, and said softly: "Don't worry about resources, I will take care of it."

Everyone looked at Dong Xiaoqin, and then nodded.

Dong Xiaoqin is the saint of Shengyin Chamber of Commerce.

It can be said that even the Boundless Dynasty does not have the financial strength of the Shengyin Chamber of Commerce.

Since Dong Xiaoqin said so, the logistics can be solved.

Mu Wan'er also said in a pretty voice from the side: "I can do it for the pill!"

Mu Fusheng said: "General defensive symbols, I can come."

Heard Mu Fusheng's words.

Everyone in the thatched cottage was speechless.

generally?

Is there any need to hide it like this?

Even Dong Xiaoqin couldn't help covering her mouth and chuckling.

In these days, although Mu Fusheng didn't take the initiative to get to the bottom of it, the killing symbols released during the battle are already very unusual.

Mu Fusheng curled his lips, looking at their expressions, he naturally knew what they were thinking.

What do you know!

This is Tibetan clumsiness!

Han Qianye was a little stunned, looked at Dong Xiaoqin and the others, and asked, "Who are these three?"

He really couldn't think of a junior who looked so young.

It can solve all logistic resource problems in the Cold Night Realm.

He Zidao explained: "Since they said so, there will be no problem."

"Dong Xiaoqin, the saint of the Shengyin Chamber of Commerce."

"Mu Fusheng, the heir to the emperor of the Boundless Dynasty."

"Mu Wan'er...um."

Mu Wan'er was instantly dissatisfied, wrinkled her little nose, and said, "I can refine the earth-level elixir!"

After the earth level!

Now, even Dong Xiaoqin's eyes are not calm.

At such a young age, he is already able to refine the earth-level elixir?

Being able to refine the Houtu level can already be said to be a top alchemist in the borderless domain!

Even among their Shengyin Chamber of Commerce, there are not many of them!

Han Qianye, on the other hand, had a horrified expression, and his mouth grew wide.

The background here is bigger than the other!

He Zidao, the Supreme Elder of the Starfall Sword Sect.

Dong Xiaoqin, the saint of Shengyin Chamber of Commerce.

You know, the Shengyin Chamber of Commerce is all over the entire low-latitude boundary!

Even in the cold night realm, there is the Shengyin Chamber of Commerce.

However, the seat of the Shengyin Chamber of Commerce is in the east of Hancheng, where the city has been massacred by the evil clan from outside the territory...

And Mu Fusheng.

The heir to the emperor of the Boundless Dynasty?

Han Qianye immediately knelt down on one knee and respectfully said, "See Your Highness the Prince!"

Mu Fusheng helped Han Qianye up, and said: "There is no need to be so formal now, it is a special situation."

Han Qianye nodded.

He Zidao said: "Let's prepare first, the opponent should make a comeback soon."

Everyone nodded.

Mu Wan'er started alchemy.

Dong Xiaoqin is the remaining force of the Shengyin Chamber of Commerce integrated in the cold night realm.

Mu Fusheng began to seal the seal.

Ning Chenxin is to supplement the array in the cold night realm, adding the power of Taoism to it.

...

Cold city.

It has been occupied by the evil race outside the territory as a resident.

Now, in Hancheng City Lord's Mansion.

The only well-preserved building.

The evil king and ten evil generals are among them.

And at this moment, they are all kneeling in front of a handsome man!

I only heard the handsome man say: "The mission is changed. While occupying this low-level boundary, give priority to killing the support team in the borderless domain."

"Among them, Liu Mu has a floating life. If he is captured alive, it will be of great use in the future."

Xie Wang nodded and said: "I obey."

"However, my lord, if we want to do all this, with our current strength, I am afraid it will be difficult to break through."

The opponent also has a strong Daoist.

Although, his strength is much stronger than this strong Daoist.

However, it is still very easy for the opponent to rely on the power of the formation to hold him back.

The handsome man nodded and said: "I understand, but now I shouldn't make a move in the open, but don't worry, I brought some people over."

Immediately after clapping their hands, seven men in black robes came here.

These seven people turned out to be half-step Daoist existences!

It's just that what shocked the evil king was.

These seven people are all human races!

"My lord...this is?"

The handsome man said indifferently: "They are my followers, you can trust them."

Immediately.

The evil king and the ten evil generals all understood.

Throughout the ages, there have been many human races who have taken refuge in them.

is nothing unusual.

"Okay, after repairing, dispatch as soon as possible, the seal is almost completely broken."

"yes..."

Five days passed quickly.

With the full help of Shengyin Chamber of Commerce and Mu Wan'er.

The logistics resources of the Cold Night Empire have been supplemented again.

Among them, there are two more potions of Houtu level!

These two elixirs both have a large-scale increase effect.

In five days, so many heaven-level pills and two post-earth-level pills were refined.

Everyone couldn't help but look at Mu Wan'er with admiration.

Mu Fusheng is also a seal carving symbol day and night.

but.

The seal carvings are all his own seals, not those recorded in the book of seals.

However, these are enough.

And it was on this day.

The evil race from outside the territory came to the main city of the Han Ye Empire again!

Countless black mist shrouded the eastern sky!

Han Qianye was half a step behind He Zidao, looking at the black mist in the sky with a serious expression on his face.

Immediately, he issued an order: "Get ready to fight!"

One time.

The National Defense Formation is activated!

A light mask covers the entire main city!

And around the mask, there are dragons hovering!

This is the array spirit.

However, compared to the previous Great Array of Protecting the Nation.

Today's formation is blessed with the power of Taoism!

It was Ning Chenxin's handwriting!

He Zidao drew out his sword, stepped in the void, and came to the sky!

On the side of the evil race outside the territory, the evil king also stood up.

Two strong men of the Dao realm, fighting together!

For a moment, it seemed that the entire Cold Night Realm was trembling.

The sky continued to roar.

The battle between He Dao realms is so terrifying that no one can intervene!

At this moment, the evil race outside the territory also dispatched all members to start bombarding the formation!

Seeing this, Han Qianye immediately waved and ordered: "Let's fight!"

And this moment.

Ten evil generals were dispatched at the same time.

Han Qianye dragged one person back.

The rest will be fought by Caotang and others!

Including Dong Xiaoqin, cross the border to fight against nine evil generals with distracting strength!

This was also arranged by He Zidao and others before.

Everyone watched this scene.

All feel ridiculous.

There is a huge gap in the number of people, how can this be delayed?

Chapter 426 The Battle of the Cottage!

In strategic deployment.

He Zidao, the only strong man in the Dao realm here, drags down an evil king of the opponent.

The former head of the Hanye Empire, Han Qianye, restrained an evil general of the opponent.

And the remaining nine evil generals.

The members of the thatched cottage, together with Dong Xiaoqin, the Saintess of the Shengyin Chamber of Commerce, will restrain them.

And this decision.

was opposed by almost everyone.

Among these seven people.

Only the heir to the emperor of the Borderless Domain, Mu Fusheng has reached the middle stage of distraction!

The remaining six people are all emperors.

How to contend with the opponent's nine evil generals?

However, when Han Qianye and He Zidao saw the strength of several people.

But against all odds.

Handed over to the six members of Caotang and Dong Xiaoqin.

But.

Now they can't help but hesitate.

The opponent's commander-level evil race and evil soldiers have rushed over!

Dealing with such a huge evil army, once distracted, it will become the nourishment of the opponent...

Everyone in the thatched cottage stood opposite the nine evil generals, but they showed no signs of nervousness or timidity.

Instead, he smiled and said, "It's been a while since we fought against the enemy together?"

"Yeah, for a few years."

"I want to see how much your strength has improved."

"Hehe, I also want to see the strength of the sixth junior brother."

"Shouldn't let the brothers and sisters down."

On the surface it says so.

But no one knows what Mu Fusheng is thinking...

The nine evil generals on the opposite side looked at the few people in front of them, all showing ironic smiles.

"Based on your strength, is it possible that no one in your human race can do it?"

Ye Qiubai took a step forward, lifted the Nine-Foot Star Meteor Sword, and said with a faint smile, "Is it okay, you'll know if you try it?"

"I really want to die."

After finishing speaking, the opponent's nine evil generals rushed out at the same time!

Although the strength of Ye Qiubai and the others is far inferior to these evil generals.

But.

This is aggression, this is war!

It's not a martial arts contest, just a small fight.

So, they will not keep their hands because of this.

The lion fights the rabbit with all his strength.

This truth, who does not know?

Ye Qiubai was the first to release the Sword Domain!

Junior Sword intends to soar into the sky at this moment!

Sword field shrouded, in this space, sword intent is everywhere!

Cut everything!

Hongying is holding the reincarnation spear, and she has broken through to the late stage of the emperor realm, and the meaning of reincarnation, like a dragon, is entwined on the reincarnation spear!

Take a step forward, the imperial spirit is wanton!

It's like an eternal queen descending into the world!

Ning Chenxin didn't go forward, but behind him, holding the Taoist scriptures, out of the nine-character mantra, seven characters came out together.

Words can't follow!

The general holding the golden-scale sharpshooter, transformed from the seven mysterious ancient characters, greeted the opponent!

However, this is not over yet.

Ning Chen's eyes were cold, and Taoism screamed around his body.

The power of Taoism, at this moment, directly pressed on the bodies of the nine evil generals!

The eyes of the nine evil generals froze and their bodies trembled.

The power of Taoism is a natural nemesis for their evil race.

Even if it is an evil general at the peak of distraction.

At this moment, the strength has also been weakened.

At the same time, Mu Fusheng also released Lei Fa.

Throw out nine killing symbols carved by Mieshi Molei!

Like a formation, the sigils appeared in nine different directions.

However, these nine directions all envelop the nine evil generals.

In the space covered by the seal.

For a while, dark clouds shrouded, and black magic thunder kept falling like annihilation!

This is the method of using the sigil recorded in the book of sigils.

The cooperation between the seals can achieve the same effect as the array.

However, the formation is to borrow the power of heaven and earth for its own use.

The seal is to store power and release it later!

There is still an essential difference between the two.

Among the power of thunder.

also has a purifying effect.

Another weakening for the nine evil generals!

the other side.

Shi Sheng held the Ming Emperor Xuan Ax in one hand, and the other hand held the Divine Star Stone from the auction of the Shengyin Chamber of Commerce.

Unleash the power of the stars!

A wave of suppressive force, like falling stars, fell on the bodies of the nine evil generals!

Triple nerf.

fall at the same time.

Even the nine evil generals cannot completely defend against them.

The strength of them today can only compete with the human race in the middle stage of distraction.

at the same time.

Mu Wan'er behind the team.

directly threw out a cyan pill of Houtu level.

The elixir was scattered among the entire human team!

Everyone has been strengthened!

Everyone was shocked.

Both strength and recovery ability have been greatly increased!

This increase.

Even He Zidao in the sky has been greatly strengthened!

"As expected of a potion of Houtu level..."

Today's He Zidao has been able to compete with the strong in the middle stage of He Dao Realm.

Nine evil generals felt this scene.

His faces were extremely gloomy.

"So what if the strength is weakened? You are still not in the emperor realm."

How big is the gap between the Emperor Realm and the Distraction Realm?

asked this question.

It can only be said that he is a novice in Taoism.

but.

Are the people in the thatched cottage ordinary ascetics?

Combat across the border has become commonplace!

Several people did not hesitate at all.

They all rushed towards the nine evil generals!

Xiao Hei took the lead!

The Demon God is coming!

Today's Xiao Hei, with his physical strength, even in the late stage of Emperor Realm, he dare not bear it by force!

Streams of black magic power condensed behind Xiao Hei!

Passed the test of the Demon Abyss.

Got another memory fragment.

Xiao Hei resorted to after the demon **** came.

The phantom of the demon **** behind him also became more and more solid!

Feel this breath.

The faces of the nine evil generals all changed in shock!

Deep in their hearts, they felt an unstoppable fear!

Not because of the opponent's strength.

But blood!

Their bloodline of the evil race was ruthlessly suppressed at this moment!

Don't wait for them to think too much.

Xiao Hei held the Nine Heavens Demon Halberd, raised both hands, and then, towards one of the evil generals, ruthlessly smashed it from top to bottom!

The phantom of the demon **** behind him made the same move!

The momentum is terrifying!

The space that the magic halberd passed through actually began to shatter at this moment!

The space in the cold night realm is much more fragile than the borderless realm.

The evil general forcibly suppressed the fear in his heart and blood, let out a low drink, raised his claws, and slapped the halberd full of monstrous magic!

The two collide!

as I thought.

Xiao Hei flew upside down ten meters!

However, what is jaw-dropping is that this evil general also took three steps back!

This made the evil general look horrified.

How can this be!

The strength of the opponent is obviously far inferior to him!

However, it was able to achieve this effect. Under the situation of duel, it actually made him retreat?

On the other side, Xiao Hei continued to rush towards the other party as if nothing happened!

At the same time, Ye Qiubai's sword intent also turned into a giant sword behind this evil general, and merged into the Four Absolute Sword Formation, the Sword Sutra of Absolute Beginning!

Four Ultimate Swords of Absolute Beginning!

Double-team this evil general!

Want to put it to death!

Chapter 427 Strong shock!

Ye Qiubai and Xiao Hei shot at the same time.

The purpose is to first use all of your strength to eliminate one of the opponent's evil generals.

In this way, the pressure can be greatly relieved.

Although there are four levels of weakening, the strength of the opponent's nine evil generals has dropped to the middle stage of distraction.

However, there are still nine powerhouses in the distraction realm.

There is still pressure.

But, don't forget, the nine evil generals don't just know how to fight alone.

Another evil general saw this.

Immediately rushed behind the trapped evil general, trying to defend him against the Four Absolute Beginning Swords!

At this time, Mu Fusheng let out a cold snort!

Palm wave!

Nine killing sigils, at this moment, flashed the brilliance of the world-destroying demon thunder at the same time!

Among the dark clouds.

An extremely thick black dragon roared and rushed towards this evil general!

Feel the power of this thunder.

The evil generals all looked solemn.

This person is the target they want to capture alive.

is also the strongest person in the opponent's realm now.

Early stage of distraction!

And with the superposition of these nine talismans, the power is even more powerful!

Even the evil general felt an extremely dangerous aura!

As a result, two evil generals rushed out at the same time!

Hongying stepped forward holding the reincarnation gun.

With a yell, he shot out, stopping the two evil generals!

The meaning of reincarnation surges!

The intention of the emperor is undoubtedly revealed!

At this moment, Hongying stopped the two evil generals abruptly with her strength in the late stage of Emperor Realm!

At the same time, Dong Xiaoqin took out a blue feather fan.

This feather fan is covered with the power of formations!

Obviously, the grades are good!

At the same time, he threw out several killing symbols and fought with another evil general!

Ning Chenxin, with the power of the Taoist scriptures and the power of the gods, also dragged the two of them back!

With the power of Taoism, he was born to be the nemesis of this group of evil races!

A short delay can still be done!

this moment.

Ye Qiubai's Four Ultimate Absolute Beginning Sword was resisted.

However, Xiao Hei's Nine Heavens Demon Halberd has already been smashed out!

at the same time.

The phantom of the Demon God behind Xiao Hei actually abandoned the Demon Halberd and punched it out!

The devil is coming!

The first punch, breaking the sky!

The magic surges wildly at this moment!

The demon blood in Xiao Hei's body began to boil!

And this evil general who faced Xiao Hei, the blood of the evil race in his body was further suppressed!

Even the soul began to tremble!

Who is this person!

Why do they have blood power higher than the level of the evil race!

In the low-latitude boundary, is there such a race?

The evil general roared, and flapped his wings behind him!

Both fists blast out at the same time!

One punch landed on Xiao Hei's Nine Heavens Demon Halberd!

The other punch was a sky-shattering collision with the demon **** phantom!

Boom!

space around.

Centered on the collision of the two, it shatters in all directions!

Space turbulence, constantly splashing out from the broken space!

this moment.

The face of this evil general keeps changing.

This scene made him horrified!

With one's own strength, even if it is weakened, logically speaking, it can still crush the opponent!

However, now it has abruptly become a rivalry between the courts!

Moreover, vaguely, this evil general could feel that the monstrous magic power was continuously rushing towards the blood in his body along the fist!

The monstrous magic that rushed into the evil general's body turned into a heavenly demon god, intending to destroy him from the inside out!

at the same time.

In the sky, the black dragon formed by the condensation of nine talismans has also descended!

It was too late to suppress the rampant magic in his body.

The evil general gritted his teeth, swung the huge green tail behind him, and smashed it on the head of the black dragon!

Two attacks made him feel the threat of death!

For the first time, fear appeared in the evil general's eyes!

This is what death brought him.

The attacks of these two people actually pushed him to this point!

Under the horrified eyes of other evil generals!

The evil general's huge green tail was blasted to pieces!

The black magic dragon opened its mouth wide, and directly bit the evil general down!

With the body of the magic dragon, the world-destroying magic thunder continuously bombarded the body of the evil general!

at the same time.

Xiao Hei's Nine Heavens Demon Halberd also broke through the opponent's defense.

The phantom of the demon **** behind him punched out again!

The devil is coming, break the sky!

A punch directly hit the evil general's head!

Boom!

With a bang!

The evil general's head, at this moment, exploded like a watermelon!

Even the soul is destroyed at this moment!

The joint efforts of Xiao Hei and Mu Fusheng directly killed an evil general!

And the scene here.

It was also discovered by everyone in the cold night realm.

For a moment, the eyes were horrified!

These people.

But there is only one ascetic in the early stage of distraction.

but cooperate with each other.

Strongly shocked and killed an evil general?

How is this done?

Immediately, they also understood in their hearts.

Why He Zidao and Han Qianye have to fight against all opinions.

Let these young people deal with the remaining nine evil generals.

Now it seems.

Only they can take on the heavy responsibility!

And after losing an evil general.

The pressure on the thatched cottage also dropped sharply.

Seven against eight.

This made the eyes of the remaining eight evil generals extremely gloomy.

This caused the opponent to forcibly kill a teammate.

This is too ridiculous...

Ye Qiubai smiled and said: "The cooperation is good, continue! Clean up the opponent as quickly as possible."

Immediately, Ye Qiubai put the Jiuchi Xingyun Sword into its sheath.

And a simple and unsophisticated long sword with a sheath immediately appeared in Ye Qiubai's hands.

This long sword with a sheath exudes a more mysterious, sharper and more powerful power of kendo rules than sword intent.

It is Qingyun Sword!

Ye Qiubai wanted to use Qingyun Sword to kill two of the evil generals again!

That's right, two!

In this way, they can quickly resolve the battle here.

to be able to help other people.

You must know that the number of commander-level evil clans and evil soldiers on the other side is several times that of your own.

If it is not the blessing of the formation.

and the post-earth-level elixir refined by Mu Wan'er increased.

I am afraid that by now, under the opponent's crowd tactics, the city has been declared broken!

Hongying and the others saw Ye Qiubai take out Qingyun Sword.

They all approached Ye Qiubai.

After all, they all know it.

Once Qingyun sword is used.

Although the power is huge.

However, in contrast, Ye Qiubai will also temporarily lose his fighting power!

after all.

With Ye Qiubai's current strength.

It is still too much effort to pull out a little Qingyun Sword!

but.

For the victory of the war.

Have to do this!

The remaining eight evil generals on the other side saw this scene and felt the mysterious aura of swordsmanship.

All expressions changed dramatically!

The power of this kendo rule made them feel the trembling of their souls!

If you let the opponent swing this sword.

They will definitely reduce staff again!

"Quick, let's strike together! We must stop him from slashing this sword!"

Eight evil generals swooped in the direction of Ye Qiubai at the same time!
at the same time.

In the dark.

There are seven men in black robes, ready to move...

Chapter 428 Purpose!

The trend of war in the borderless domain.

The handsome man believed that the evil race from outside the territory would definitely win the final victory.

After all, the strength gap between the human race in the low-latitude boundary and them is too great.

And since the winner is already in hand.

Why bother to capture Mu Fusheng, the heir of the Boundless Dynasty, alive?
this problem.

Prince Linlong also mentioned it.

However, the handsome man did not mention the reason.

After all, this reason is not enough to know with Prince Linlong's strength.

They need to take down the low-latitude boundary as soon as possible!
after all.

In the mid-latitude boundaries.

There are already many forces, and they have already set their sights on the low-latitude boundary.

Among them, there are several forces, even stronger than the evil races outside the territory!

So, the purpose of the handsome man.

Naturally, it is necessary to resolve this war faster and more efficiently.

Then quickly occupied the low-latitude boundary.

In this way, other forces will not be able to forcibly **** it.

This is also the meaning of the high level of the evil race.

It is also the reason why the handsome man was sent to the low-latitude boundary.

...

And at this moment.

In the cold night realm.

In the middle of the sky, opposite Ye Qiubai and the others, there were only eight evil general-level evil clans left.

They just didn't expect it.

The opponent only had one person in the early stage of distraction state, but he was able to forcibly kill one of their evil generals!

Where did these human races come from?

Even in the mid-latitude boundaries, this can be done.

With the strength of the Emperor Realm, cross a large realm and kill the evil generals of the Distraction Realm.

There are only those monsters from the top forces...

And now.

They are facing the next death crisis!

Looking at the young swordsman in front of them, he took out the long sword with sheath in his hand, and the power of swordsmanship revealed in it made them feel that death was imminent!

The level of this sword is definitely not low!

Even, even among their evil race, there is no weapon that can match it!

And now.

Ye Qiubai is about to draw the Qingyun Sword in his hand!

Although with Ye Qiubai's strength now, he still can't get the Qingyun Sword out of its sheath completely.

Show its edge.

However, just pull out a little.

The power of the kendo rules revealed can kill the opponent!

However, it needs to pull it out with all its strength.

Before this, you cannot be interfered by the other party.

This is why.

Everyone in the thatched cottage will move closer to Ye Qiubai for the reason of protecting him!
over.

He Zidao felt this breath, glanced at his eyes, and saw the sword in Ye Qiubai's hand.

My heart is full of palpitations!

His eyes also became serious.

Even the sword in his hand began to tremble uncontrollably!

As if summoned by the sword in Ye Qiubai's hand!

What kind of sword is this?

Has such a mysterious and powerful aura?

He Zidao can feel that the power of this sword is definitely infinitely stronger than his half-step
supreme sword intent!

And, this power.

It's like when I was in Xingyun Sword Sect.

That senior is also the master of Ye Qiubai and others.

The power of kendo rules left behind!

Could it be that the sword can also be used?

To know.

This power of kendo rules.

Until now.

Even the suzerain Jian Wufeng, or their grand elders, couldn't detect it!

Han Qianye looked at this scene with horror!

This power can be used by a sword cultivator at the early stage of Emperor Realm?

Even if it is him, when faced with this simple and mysterious force, he will probably be instantly
killed!

What he didn't expect was.

This most inconspicuous young swordsman is now the most eye-catching person on the battlefield!

The remaining eight evil cultivators.

Facing the power of this sword rule directly, the natural feeling is also the deepest.

They understand.

If this young swordsman pulls out the simple long sword in his hand.

Released this mysterious and sharp sword power.

They will definitely die several evil generals again!

Once so.

The situation of the war may change.

They don't allow this to happen!

How could it be defeated in the hands of human ants?

And the gap in realm is still so big!

The eight evil cultivators did not communicate, and there is no need to communicate at this moment!

Just a little bit of breath.

Almost at the same time, eight evil generals charged towards Ye Qiubai at the same time!

Extremely fast.

Break through the space!

In this space, eight black thick fogs were left behind.

In the blink of an eye, he has already rushed to Ye Qiubai!

Although it has been weakened by repression.

However, the eight evil generals still have the strength of the middle stage of distraction!

At this moment, they shot at the same time!

Either throw a punch, or a palm, or use the giant blue tail at the end to bombard Ye Qiubai!

And this moment.

The others in thatched cottage, as well as Dong Xiaoqin, have already rushed to the front of these eight evil generals!

Unleash the strongest attack method at the same time!

Hongying releases the meaning of reincarnation with all her strength!

Like the reincarnation empress, she pierces through with a single shot!

Reincarnation marksmanship!

Ning Chen held the Taoist scriptures in his heart, and the nine-character mantra was based on the seven-character mantra.

unexpectedly shouted angrily again: "Yes!"

The **** holding the golden-scale sharpshooter will show his divine brilliance at this moment!

In the sky, a hole was opened in the clouds at this moment!

Look up to the sky.

In the hole.

It turned out to have a golden divine splendor landing!

fell on the body of the general, covering it.

Breath soared at this moment!

On the other side, Xiao Hei held the Nine Heavens Demon Halberd and smashed it out!

At the same time, the phantom of the demon **** behind him also punched out at this moment!

The devil is coming, break the sky!

At this moment, the sky seems to be collapsing!

The momentum is shocking!

Mu Fusheng formed seals with both hands.

The body is everywhere, with the world-killing magic thunder rolling!

at the same time.

The nine sigils covering the surroundings seemed to release their last radiance at this moment!

Crazy Bloom Black Thunder!

Immediately, these nine extremely thick black thunders gathered together!

A black dragon several times bigger than before!

Let out a loud roar, and swoop towards the eight evil generals!

Where is Dong Xiaoqin?

The sigil and scroll in his hand smashed at the eight evil generals as if they didn't want money.

This made Mu Fusheng's eyes twitch.

This bitch.

is too rich...

Among them, there are not many formation scrolls even if it is him!

What a prodigal bitch...

Shi Sheng on one side, unleash the power of the stars!

A sky without stars.

at this moment.

There is actually a shining star!

Day and stars!

The only star in the daytime is embodied by the first star in the dantian of the starry sky in Shi Sheng's body!

A series of suppressive forces fell on the bodies of the eight evil generals!

Mu Wan'er at the back of the team.

Although the distances are far apart, they have been focusing on everyone in the thatched cottage.

saw this scene.

Decisively threw another earth-level pill in his hand!

This pill.

It is the Bloodthirsty Huayang Pill!

Based on the transformation of the bloodthirsty pill at the peak of the panacea.

While the bloodthirsty is enhanced, there are no side effects at all!

And it's a group effect!

Chapter 429 Qingyun sword shows power, black robe appears!

Everyone in the thatched cottage joined forces with all their strength.

For a moment, everyone and all the evil races were taken aback.

All of them were attracted by this scene!

These countless attacks are released at the same time!

The sky changed color and trembled for it!

Whether it means the monstrous reincarnation.

Still God will shine.

Or the black magic dragon, and the phantom of the demon god!

At the same time, the release of the sun and stars, countless sigils and formation scrolls!

And, the use of the last earth-level elixir!

He Zidao said in surprise: "Bloodthirsty pill? But it is group strengthening?"

To know.

The bloodthirsty effect of the Bloodthirsty Pill is extremely powerful. Even a strong man at the peak of the Distraction Realm, after taking the Bloodthirsty Pill, can also undergo a short-term confrontation with a strong man at the early stage of the Dao Realm through bloodthirsty madness. Time to contend!

Why do you say a short time?

Because the duration of the bloodthirsty pill is very short.

But only half a stick of incense time!

at the same time.

After the bloodthirsty effect fades.

Instead, there are extremely serious side effects!

but.

Also because the bloodthirsty effect of the bloodthirsty pill is too powerful.

So position the pinnacle of panacea!

Then the earth-level bloodthirsty pill can become bloodthirsty in groups!

Make everyone in thatched cottage attack.

At this moment, it has been strengthened more than ten times!

Nothing more.

What worried He Zidao was.

After the bloodthirsty pill after the side effects.

This is a elixir for overdrawing potential!

How can it be used on this group of talented monsters?

but.

Don't wait for He Zidao to think too much.

The evil king has rushed forward!

At this moment, the face of this evil king has lost his usual indifference.

Instead, there is urgency!

after all.

The situation below does not allow him to be delayed any longer.

Once the evil generals are defeated.

Then, what awaits them will be mass casualties of commanders and evil soldiers!

Continue like this.

The situation of this war will be completely reversed by the human race!

This kind of situation is something the evil king does not want to see.

So, at this moment, he has already started to attack with all his strength, even if he is caught by the opponent, he must put all his attention on the attack!

Completely abandoned the defense!

This also made He Zidao difficult to resist.

The original him, relying on the formation and the increase of the elixir, and retreating and fighting, can still delay the opponent for some time.

However, this evil king is completely crazy now!

makes him a little hard to resist...

Now, we can only hope that the battle between Jianzi and the others will end as soon as possible!

At the moment.

Eight evil generals resisted this bombardment at the same time!

They had to stop their forward stature.

Gritting his teeth and resisting constantly!

These attacks.

Even if they are, they can't carry it with their bodies!

Under the increase of Bloodthirsty Huayang Pill.

This series of attacks has been strengthened by more than ten times!

Had to stop!

But.

Ye Qiubai at this moment, accompanied by a low shout!

The Qingyun sword in his hand was pulled out at this moment!

On the slightly exposed sword body.

A series of kendo-rule powers were released crazily from the gap in the scabbard!

The power of these kendo rules is like a prehistoric beast that has escaped from its cage!

Swept towards the eight evil generals!

But.

It hasn't stopped.

Ye Qiubai is still using all his strength, the sword body is slowly revealed, more and more!

The whistling power of the kendo rules is getting stronger and stronger!

Ye Qiubai's complexion also turned pale visibly with the naked eye at this moment.

The aura is rapidly consumed and becomes sluggish!

But.

The power of the kendo rules unleashed made everyone's hearts tremble!

Sword repairers around.

The long sword in his hand started to groan!

Keep shaking!

Want to leave the master!

Even the sword in He Zidao's hand began to make a howling sound!

Like the Qingyun sword in Ye Qiubai's hand.

is the king of swords!

The swords in their hands want to pay respect to their king!

this moment.

Ye Qiubai also reached the limit!

In this space, the power of kendo rules gathers together and turns into a sharp long sword.

It's like pear blossoms in a rainstorm!

Charged towards the eight evil generals!

See this scene.

The scalps of the eight evil generals were all numb for a while.

Today.

It is already impossible to stop Ye Qiubai.

What I want to think about now is to resist the terrifying power of swordsmanship!

Eight people shouted angrily at the same time!

Put your hands up.

A thick black fog rose up, and then condensed!

Turn into a huge black mist shield to defend against the front!

But.

They underestimated the power of the power of kendo rules.

It was only when the first sword fell on the black mist shield!

The black mist shield was already trembling violently!

And with the second way.

Third way!

Innumerable, sharp long swords transformed from the power of kendo rules kept falling on the black mist shield!

Take two breaths of time!

was pierced directly!

Eight evil generals who are divided into gods, work together to support the black mist shield with all their strength!

Within two breaths, it was declared broken!

The expressions of the eight evil generals changed dramatically.

Immediately turned around and wanted to escape!

However, two of the evil generals were slightly slower.

The sword of the kendo rules, piercing the body continuously, has been fascinated!

On the spot, was pierced by Wan Jian!

On the fleshy body, there are dense and dense sword holes!

The soul is also constantly penetrated by the power of the rules of the sword.

riddled with holes!

The two evil generals fell instantly!

The sword of kendo rules did not stop.

Rainstorm pear blossoms.

Keep chasing!

The third evil general.

The fourth evil general!

Up to fifth place!

Everything was penetrated!

this moment.

Ye Qiubai has also overdrawn the aura in his body, and his energy and spirit are extremely sluggish.

Finally put away Qingyun Sword.

The power of the most terrifying swordsmanship rules in the world has finally put away its edge.

One after another returned to Qingyun Sword.

This simple long sword with sheath fell into silence again at this moment.

It seems to be just an ordinary long sword with a sheath...

Ye Qiubai didn't say much.

Immediately sat down cross-legged in mid-air.

He took two recovery pills given by Lu Changsheng one after another.

An aura to replenish the deficit.

Another one that nourishes the soul!

You know, pulling out the Qingyun sword is a huge consumption of energy and spirit at the same time!

but.

This result also satisfied Ye Qiubai.

Killed all five evil generals.

Now the other party.

Only three left!

These.

It is enough to give it to the younger sisters and younger brothers...

Ye Qiubai didn't worry at all, and started to recover on the spot.

Hongying and the others continued to pursue the remaining three evil generals!

Although the three evil generals did not die, they were still affected by the aftermath.

The body has been injured!

If you don't chase now, when will you wait?
only.

At the moment of their pursuit.

There are seven men in black robes, who suddenly appeared in this space!

Two of them went straight to Ye Qiubai!

The remaining five people rushed straight to Mu Fusheng!

And these seven men in black robes are all half-steps in the right way!

Compared with the evil general, he is a bit stronger!

Moreover, it looks like a human race?

Chapter 430 Jian Wufeng Arrives!

The sudden arrival of seven men in black robes made everyone unable to react.

And these seven people have no evil power in their bodies.

On the contrary, it is extremely pure aura!

And the strength of these seven people has all reached half-step harmony!

He Zidao's expression changed drastically in the air!

Why are there strong people from the human race to help the evil race?

Could it be that there are strong human beings who joined the evil race outside the territory?

Someone betrayed!

Who exactly?

I don't have time to think about this question.

What shocked He Zidaohan Qianye and others was the most.

Their target was actually directed at Ye Qiubai who had fallen into a weak state and lost his fighting power.

And the next heir to the emperor of the Boundless Dynasty, Mu Fusheng!

These two people must not have any losses!

Mu Fusheng is the heir to the emperor of the Boundless Dynasty!

If something goes wrong.

Then how should I explain to the Emperor Mu Zhengting?

And what about Ye Qiubai?

He Zidao understood who was standing behind him.

That senior, his strength is unfathomable and terrifying!

not to mention.

The current Ye Qiubai is the founding patriarch of their Xingyun Sword Sect and the only descendant of the Xingyun Sword Emperor!

is the sword son of their Starfall Sword Sect!

Based on this alone, he can't let him have an accident!

But.

That being said.

He Zidao has no spare time.

This evil king has completely fallen into madness and a powerful attack.

Beyond his realm, he just resisted procrastination, and he had already tried his best.

The same is true for the rest of the people, all of whom cannot provide timely support.

Today.

They can only look at themselves.

Ye Qiubai's face changed slightly at this moment, and when he opened his eyes.

The two black-robed men who were half-stepping together have rushed forward!

The other people in the cottage, although they discovered this scene.

However, now that they have been fully released, even if they turn back in time to support, it is already too late.

On the other side, Mu Fusheng's face also became serious.

In front of him, there are five half-steps!

Obviously, the opponent's main target is him!

Immediately, Mu Fusheng's whole body was surrounded by the light of the seal!

The shield transformed by layers of sigils, at this moment, surrounded Mu Fusheng layer by layer with a thickness of seven or eight meters!

This also made the five black-robed men who were half-stepping on the other side slightly taken aback.

What is this? ?

However, the sword has been unsheathed, and they are not allowed to retreat.

Immediately, the five of them didn't hold anything back!

Simultaneously punched out!

Bombarded on the seven or eight meter thick rune shield with all its strength!

Boom!

In a short while, the five-layer rune shield was broken in an instant!

When the last three layers of shields are revealed.

These three layers are obviously different from the outer ones.

Above these three layers of shields, black magic thunder flashes.

The shield as a whole also showed the color of black light!

When five people punched it with one punch!

The shield of the rune trembled violently!

Cracks appeared!

However, it didn't shatter directly like before!

It lasted for five breaths!

Only then broke this layer of black light shield!

Immediately, the remaining two layers are stronger.

This made the five black robes look cold.

With their strength, they couldn't even blow up a single defensive symbol?

the other side.

After Ye Qiubai's expression changed slightly, he regained his composure in an instant.

Now he has fully recovered his aura after taking the elixir.

But the soul and physical strength are still insufficient.

It is impossible for him to immediately release the attack that can withstand the two half-stepped attacks.

And the other party didn't hold back at all!

It's a killer move!

It was at this moment.

Ye Qiubai made a seal in his hand.

The light of the symbol flickered.

Immediately, it instantly turned into a thunderbolt, rushing into the sky!

fell thousands of miles away!

The attack of the two half-step Heipao men fell through.

Tianlei Escape Talisman.

Mu Fusheng carved a dozen seals for everyone in the thatched cottage...

At this time, it also revealed its role!

And when the attacks of the two fell through.

On the other side, the five men in black robes who attacked Mu Fusheng were also unable to take down Mu Fusheng immediately.

It is at this moment.

In the sky.

There is a sword, straight down!

This is an epee without a front!

However, although there is no front, it is sharper than the sword of Kaifeng!

What shocked the seven men in black was that.

This frontless epee carries a monstrous sense of swordsmanship!

is the supreme state of swordsmanship!

For a while, the sword intent erupted.

Enclose the seven men in black robes!

Sword intent is criss-crossed among the seven!

Keep piercing through!

No front epee.

The supreme state of swordsmanship.

The seven men in black robes all guessed the identity of the sword's owner.

He Zidao heaved a sigh of relief seeing this scene.

Since he is here, there is no need to worry.

Immediately, concentrate on resisting the full attack of the evil king!

One of the men in black immediately shouted: "Get out!"

However, as soon as the word fell, a sword intent pierced his forehead!

A strong man who was half-stepped in the way, was directly destroyed by this ray of sword intent!

The remaining six men in black robes wanted to escape.

I was indeed surrounded by this overwhelming terrifying sword intent!

Keep passing by other doors!

Just one breath of time!

Another five people fell!

When there is only one person left.

A middle-aged man stood in front of this person, holding a epee without a front.

Frosty face.

Murderous eyes!

Holding the epee without a front, pointing at the man in black robe between the eyebrows.

"The sword has no front..."

The man in black uttered these three words with difficulty...

The suzerain of the Starfall Sword Sect.

The known number one swordsman in the Borderless Domain!

However, to his surprise, why is Jian Wufeng here?

Shouldn't he be stationed at Critical Mountain now?

Jian Wufeng asked in a cold voice: "Tell me, who is behind the scenes?"

"Why do you want to join the evil race outside the territory?"

The voice is like ten thousand years of ice...

It seems to be frozen forever!

The man in black just wanted to speak.

I don't know whether I want to tell the truth or beg for mercy.

On his finger, a black ring suddenly erupted with monstrous evil power!

at the same time.

The eyes of the man in black trembled violently, full of fear!

In the blink of an eye, the soul was directly destroyed by an invisible force!

Turning his eyes white, he fell from the sky...

Jian Wufeng's face was ugly.

"It's a good way..."

Immediately, Jian Wufeng waved his hand, and a sword intent directly enveloped Ye Qiubai in the distance.

Prevent him from being attacked again.

After that, he flew up and came to the evil king, and slashed out with a sword!

The evil king watched this scene.

His complexion was extremely ugly.

The strength of the opponent is no weaker than him!

What's more, the current world purification formation has suppressed his strength a lot.

Now, even more than the other party's opponent!

Without thinking too much, he immediately waved his hand.

"Evacuate!"

The situation is gone.

Jian Wufeng did not continue to chase.

After all, who knows if the other party has a backup?

Forced pursuit will only cause greater losses!

...

at the same time.

In the Boundless Dynasty, there are also major events happening...
