

My Disciples 431

Chapter 431 Close the net!

After the sneak attack by the black-robed man in the cold night realm.

Immediately after.

Among the Boundless Dynasty.

Then there was a big move.

Emperor Mu Zhengting immediately learned of what happened in the Han Ye Realm.

Immediately sneered and said: "It seems that the guess is right, come here!"

Suddenly, outside the palace, the golden armor leader came to Mu Zhengting and knelt down.

Immediately, several ministers or generals with important powers in the army were named.

"Bring these people over to me. If you resist the decree, you are allowed to dispatch the Golden Armored Forbidden Army and kill them on the spot!"

Listen to these words.

The face of the golden armor leader was shocked!

because.

The list that Mu Zhengting said.

Has great influence in the court or in the army!

and.

Judging from Mu Zhengting's tone, it was obvious that he was furious, and he was already ready to kill.

If you want to kill all these people.

The entire Boundless Dynasty, there will be an earthquake!

However, this is not something he wants to consider.

As Mu Zhengting's direct subordinate imperial army.

There are only two things that the golden armor commander has to do.

Follow Mu Zhengting's instructions.

Complete Mu Zhengting's instructions.

The rest?

That has nothing to do with the Golden Armor Commander.

"Understood."

Immediately, the golden-armored commander went out with a murderous look on his face, summoned the golden-armored forbidden army, and searched for the people on the list one by one.

When there is no one in the palace.

Mu Zhengting sat down slowly.

Behind his throne, a figure in black appeared.

"It seems that Prince Linlong's eyeliner has been exposed?"

Mu Zhengting sneered, nodded and said: "The reason why I sent Fusheng to other realms is to use Fusheng as bait to lure Prince Linlong to take the bait."

"As for Fusheng going to the Cold Night Realm, only the few people I suspect know about it, so if something happens there, these people will not be able to escape responsibility!"

"Next, just check one by one."

The man in black said calmly: "You are so ruthless that you use your own son and your heir as bait."

"If you don't do this, how can the other party take the bait?"

Mu Zhengting smiled, "Prince Linlong has no way out now, if he wants to seize the throne, he must put all his eggs in one basket!"

"Put out other baits, and the other party may not bite."

"However, Fusheng is different, the heir of the emperor, as long as he is captured alive, how many things can he do?"

The man in black nodded and said, "I'll go too."

Mu Zhengting nodded and said, "This is the best way. I won't worry until you go."

Speak.

The man in black disappeared in place.

Time passes by one day.

During this day.

The Boundless Dynasty has successive earthquakes!

All palace ministers.

They all learned about the emperor, Mu Zhengting, after interrogating several court ministers and important military ministers.

Killed two people!

Of these two people, one is a minister in the court, and his influence is extremely great!

The other person is a general in the army!

Rumored.

These two are rebels, the eyes of Prince Linlong.

Now, it has been completely removed!

This time, the other ministers once again experienced the mind and heart of the emperor Mu Zhengting...

...

at the same time.

In a mountain forest.

Prince Linlong has already heard the news...

I saw his face was ashen.

Not only were his seven personal guards lost, but the two most powerful eyeliners were also beheaded!

But what scares him the most is.

In the eyes of the handsome man, he has lost all value!

Originally, the handsome man cooperated with Prince Linlong... No, it cannot be called cooperation.

Accepting him as a follower is in itself the eyeliner of Prince Linlong in Boundless Dynasty.

Today, eyeliner is lost.

Well, he has lost all value...

Think here.

Prince Linlong looked at the handsome man in front of him with an ugly expression.

It seems that he has noticed Prince Linlong's gaze.

The handsome man turned his head and smiled, and said, "What? Afraid I think you are worthless, so I will kill you?"

Seeing that the other party saw through his thoughts, and said it without any hesitation.

Prince Linlong also nodded.

The handsome man walked towards Prince Linlong step by step.

Step by step.

Stepped on fallen leaves and small tree roots, making a clicking sound.

The little tree root that was trampled to break.

In Prince Linlong's view, the fate of these small tree roots is just like his fate afterward...

When the handsome man walked up to Prince Linlong, he patted him on the shoulder and said with a smile, "Then guess, will I kill you?"

Heard the words.

Prince Linlong said: "No."

"Oh? Tell me why."

"If you wanted to kill me, you wouldn't waste so many words."

"Still quite smart."

The handsome man nodded and said, "Although your value has been reduced to the lowest level, it is not without any value."

Prince Linlong frowned.

When the handsome man said these words.

He already had a bad premonition in his heart.

The handsome man smiled and said, "Doesn't Mu Zhengting like fishing? Since he is good at making bait, then you should take the initiative to make bait too."

Prince Linlong's complexion changed drastically!

He has already guessed what the handsome man wants to do!

"Don't refuse, you are not qualified to refuse."

The handsome man's eyes became evil at this moment, full of murderous intent!

When looking into these eyes, Prince Linlong seemed to have fallen into an abyss!

The handsome man continued: "You have to know that you were worthless in the first place."

"This value is given to you by me."

"It's your last chance too!"

"If you don't agree, then you should also know the consequences?"

Prince Linlong touched his finger subconsciously.

On that finger, wearing a black ring.

Yes.

If you resist the handsome man's intentions.

Then, what awaits him is the death of his soul!

That is to say, the current Prince Linlong.

It is already impossible to retreat.

"what should I do..."

When saying these five words.

Prince Linlong seemed to have exhausted all the strength in his body.

Like a prodigal dog!

No longer the high-spirited and arrogant spirit before!

The handsome man nodded in satisfaction, and said, "Now is not the time, just wait."

"I will notify you at that time, during this time, you can take a good rest."

"If you fail, this will be your last time."

"Of course, if you succeed, you are eligible to continue to follow me."

After finishing speaking, the handsome man disappeared in place.

Watching this scene.

Prince Linlong's eyes were dull.

Now, he already regrets a bit...

Regretting why I worked with this devilish man...

Regret again, why should I have a rebellious heart?

Actually, everything about being Prince Linlong before was pretty good...

Chapter 432 The Power of the Cold Night

Something happened in the Han Ye Realm.

The evil race outside the territory has retreated, and the crisis has been resolved.

So far, the task of Ye Qiubai and others has been completed.

Han Qianye smiled and said: "Thank you for your support. Without your help, I am afraid that the Han Ye Realm at this moment has been occupied by the evil race outside the region."

Mu Fusheng waved his hands and said, "For the invasion of foreign evil races, we naturally need to unite as one to defend against foreign enemies."

"This is the reason."

Han Qianye nodded, and said: "Although we are not strong enough in the boundary area, we will send elites to the borderless area to support in the future."

Everyone nodded.

Immediately, Han Qianye seemed to think about it, and then said: "If you are not in a hurry, you can enter the Han Ye Secret Realm."

Cold Night Secret Realm?

Everyone looked at Han Qianye suspiciously.

"The cold night secret realm is one of the ancient secret realms in our domain, and it is only open to the imperial family."

"Among them, there is Han Ye Lingquan."

When Han Qianye said this.

He Zidao hesitated slightly, and said: "I have heard of Hanye Lingquan before."

"The better a person's physical talent, the more power he can absorb from the spiritual spring."

"This cold night spirit spring can not only quickly improve your own realm, but also allow your spiritual power to be supplemented with the power of cold night."

Han Qianye nodded and said: "That's right, the more power you absorb from the spiritual spring, the stronger the power of Han Ye will be."

"According to ancient records, when the power of the cold night reaches a certain level, it can undergo a qualitative change, which is enough to improve the blood!"

Improve blood vessels!

You know, why no one in the borderless domain can break through the blood-changing realm?

The reason is that there is no power of blood, which is just the blood of mortals.

The power of the cold night, although it can only improve the blood, is still a rare opportunity.

"However, in order to achieve this level, the requirements for a person's natural physique are extremely high."

Han Qianye smiled wryly: "As far as our Han Ye Realm is concerned, no one has reached this level."

That's right.

Although the opportunity is against the sky.

However, one must also have the ability to bear this opportunity.

He Zidao said: "Since this is the case, then you all accept it. This is also a rare opportunity."

"At the same time, in the current situation, you should seize the opportunity to improve your strength as soon as possible."

Ye Qiubai and the others did not refuse either.

The second day.

The Cold Night Secret Realm is located in the back mountain of the Cold Night Empire.

Here, there are heavy guards from the empire.

The purpose is to prevent someone from breaking in.

Ye Qiubai and others also came here.

Beside the princes and daughters of the Han Ye Dynasty, looking at the people in the thatched cottage, there was an inexplicable light in their eyes.

Criminal approached and said: "Brother Ye, it seems that these princes and princesses are a little unconvinced?"

The number of people in the cold night secret realm cannot be too many at one time.

Among them, the number of people that Han Ye Lingquan can accommodate is limited.

The arrival of Ye Qiubai and the others replaced their places.

However, there are words from Han Qianye, the lord and former lord of the Han Ye Empire.

They didn't dare to make mistakes on the bright side.

Ye Qiubai chuckled lightly and said, "If you are not convinced, let them grab it."

Jiangjie rolled his eyes and said, "After seeing your strength, how could you still have the courage to fight?"

These princes and princesses, the tallest of them is no more than half emperor.

Which would be the opponent of this group of monsters?

At this time, in the back mountain, there is a spiritual energy that begins to spew out!

Everyone found out.

The aura in it is indeed somewhat different.

Not just pure.

There is even a chill in it.

Presumably, this is the power of the cold night.

Han Qianye and the aura of the country lord all have these auras.

Han Qianye smiled and said: "You can go in, don't be afraid, you have to come out after three days, otherwise, the spiritual energy spout will end, and the cold night secret realm will be closed."

After everyone nodded, they stepped into the back mountain.

Looking at the backs of everyone.

Han Qianye stood beside He Zidao and said, "I don't know how far they can go."

Hearing this, He Zidao chuckled and said, "It may be beyond your expectation."
after all.

Ye Qiubai is the only descendant of the Starfall Sword Emperor.

Moreover, the senior behind them is so unfathomable.

His disciple, how could it be simple?

Han Qianye did not refute He Zidao's words.

After all, he has also seen the strength of these young juniors.

With the strength of the Emperor Realm, he can kill the evil generals in the Distracted Realm.

How could this level of talent be simple?

...

Cold Night Secret Realm is extremely simple.

It can even be described as crude.

In the secret realm, there is only one place.

Going deep, you will find a small spiritual spring.

And the spout of spiritual energy is emitted from the spiritual spring.

Ye Qiubai and the others did not hesitate.

directly stepped into it.

Accept the baptism of Han Ye Lingquan.

...

Three days.

But in the blink of an eye.

When the aura gushing is about to end.

He Zidaohan Qianye and others who were waiting outside saw everyone in the thatched cottage walking out of the back mountain.

Han Qianye asked: "What happened?"

Leader Ye Qiubai smiled: "It's okay."

good?

Is this the reaction?

Everyone was slightly taken aback.

The princes and daughters at the back also said with a sarcasm: "It seems that the harvest is not great."

"That's natural. If you haven't practiced the exercises of our Cold Night Empire, your affinity for the power of the Cold Night is naturally not as good as ours."

"This situation is also expected."

Han Qianye comforted: "It doesn't matter if you don't get the power of Han Ye, at least your strength will improve."

He Zidao asked: "How much have you improved?"

Heard the words.

Critical is the first to show its strength.

His realm, from the middle stage of Emperor Realm, directly came to the late stage of Emperor Realm!

What shocked everyone was that.

The critical aura has undergone some changes!

Among them, there is actually the power of the cold night!

The power of this cold night is different from that of Han Qianye and the king.

Theirs is changed from Aura.

The power of the critical cold night has fundamentally changed!

That is, the blood has the power of the cold night!

Han Qianye said in shock: "Your blood inherited the power of Han Ye?"

Critically nodded.

He Zidao also smiled lightly and nodded.

Critical talent is not weak.

You know, he is known as the hope of the Starfall Sword Sect's revival.

It's just that it was covered by the brilliance shown by Ye Qiubai and the others.

The princes and princesses were also stunned.

Didn't you say it's okay?

That's what you say, okay?

Immediately afterwards, everyone in the thatched cottage, Dong Xiaoqin also showed his realm.

Ye Qiubai broke through to the middle stage of Emperor Realm, of course, this is the effect of his suppressed realm.

Hongying, reached half-step distraction!

Ning Chenxin has also improved a lot, but there is no aura in his body, and his blood has still undergone some changes.

Shi Sheng reached the late stage of Emperor Realm.

Mu Fusheng has reached the middle stage of distraction state, as to whether it is his true strength, it is not clear.

Mu Wan'er's improvement is the biggest, and she broke through to the emperor's realm in one fell swoop!

Dong Xiaoqin also achieved half-step distraction!

Xiao Hei did not change at all.

Because his blood power is already top-notch.

Chapter 433 Old punching bag...

It can be said that the people who entered it, except for Xiao Hei, all got the power of the cold night!

Moreover, in terms of realm, there has also been a huge improvement.

This made the prince and daughter blush a little.

just said before that they had nothing to gain.

As a result, only one person did not get the power of the cold night.

If they were told why Xiao Hei didn't get the power of the cold night, they would probably be even more horrified.

Han Qianye smiled bitterly and said, "You guys gave me a big surprise."

"I originally thought that one of you would get the power of the cold night, but basically all of you got it."

The Lord of the Kingdom was also extremely shocked.

He was thinking that this group of people might become a borderless domain in the not-too-distant future.

Even the pillar of the entire low-latitude boundary?

At that time, they will be famous in the entire low-latitude boundary!

He Zidao was not so surprised, after all, he had already guessed this scene.

"Okay, since we've got it, let's hurry back as soon as possible."

Now, the power of the seal outside Critical Mountain has become looser.

The evil race outside the territory may break through the seal at any time and launch a general attack!

Everyone nodded.

Not much left.

Take out the space ship and rush back to the borderless domain.

The lord of the country looked at this scene, turned his head to look at the prince and princess, and said indifferently: "There are people beyond people, and there is a sky beyond the sky. The reason why you are here is to let you know this truth."

"I hope you will stop being impetuous, and practice harder, understand?"

Heard the words.

The princes and princesses nodded solemnly.

...

When everyone returns to the borderless domain.

The seal of Critical Mountain is getting looser.

When he returned to the Borderless Territory, he was summoned by Mu Zhengting to the palace.

The result of the cold night realm was not asked.

After all, the return of He Zidao and others without any casualties already represents the result.

"Next, you need to do one more thing."

Mu Zhengting's face was slightly cold.

Looking at Mu Zhengting's expression, everyone was a little puzzled.

What was it that made Mu Zhengting so angry?

"You all should know about Prince Linlong, right?"

Mu Fusheng and others nodded.

Who knows about the defection of Prince Linlong?

"Father, Prince Linlong has appeared?"

Mu Zhengting nodded, and said: "According to news, Prince Linlong appeared at the cliff outside Critical Mountain."

"I hope you, go and grab it."

Mu Fusheng was somewhat puzzled.

This matter is so important, why should they go to capture it?

However, although Mu Fusheng smelled something, he didn't ask.

Because, since Mu Zhengting sent them there, he naturally had his intentions.

"When are you going?"

He Zidao asked a question.

Mu Zhengting got up and said, "It's not too late, let's go directly."

Everyone nodded.

Without making any stops, he headed towards the critical mountain.

Looking at the backs of Mu Fusheng and the others.

Behind Mu Zhengting, a figure in black suddenly appeared.

"Why did Mu Fu give birth to them? You know, this group of children is the hope of the future without borders."

"The loss of one person is a blow to the low-latitude boundary!"

Mu Zhengting nodded and said, "Why don't I know what you said?"

"Then why do you..."

Mu Zhengting interrupted the figure in black, and said, "Think about it, why does Prince Linlong appear at this time?"

"After the failure to capture Mu Fusheng, and on the day they returned to the Borderless Domain, we learned of their whereabouts."

"Don't you think it's too coincidental?"

The black-clothed figure had a solemn expression, and said, "You mean, Prince Linlong is the bait?"

Mu Zhengting nodded, then shook his head again and said: "Yes or no, the appearance of Prince Linlong must be for Mu Fusheng."

"However, since he dared to show up, he naturally guessed that I would send Mu Fusheng."

"If I hadn't sent Mu Fusheng, then Prince Linlong would definitely continue to disappear."

The figure in black said: "Is this a conspiracy?"

Mu Zhengting nodded: "Yes, he knows that I will definitely try my best to capture him, so I will definitely send Mu Fusheng."

"So, please go there too."

The figure in black nodded.

disappeared in place.

Mu Zhengting raised his head and looked in the direction of Critical Mountain.

In today's critical mountain, the black fog in the sky has become thicker and thicker.

This also represents the seal that suppresses the evil races outside the territory, and it can no longer be suppressed.

Prince Linlong, you must capture and kill him as soon as possible!

"Since it is a conspiracy, I will take it..."

"You will definitely have strong people waiting there, but..."

Mu Zhengting thought of Mu Fusheng's master.

He is betting.

Bet that if the figure in black cannot be caught, Mu Fusheng and others will be saved.

The master behind Mu Fusheng and the others will make a move!

As long as he shot.

Presumably things will be solved...

...

the other side.

Nanyu Thatched Cottage.

As expected, Lu Changsheng was taking a nap.

Then he was awakened by a sound transmission.

I get angry when I wake up.

Hear what's in the message.

Lu Changsheng was furious for a moment.

Look around.

Then he saw Liu Zirui drinking tea.

Immediately roared: "Xiao Liuzi!"

Liu Zirui spouted out a mouthful of tea in an instant, and looked at Lu Changsheng blankly.

Overwhelmed.

What's wrong?

Someone made the senior fall asleep?

Who is so bold!

Been here for so long.

Liu Ziru has already figured out Lu Changsheng's habits.

Although he is afraid of trouble on weekdays, he has a pretty good temper.

Also very tolerant of other people.

But.

Never!

Never!

Never!

There is one thing that must not be done wrong!

That is to disturb Lu Changsheng's sleep!

Once disturbed, Liu Ziru can't bear the anger of getting up!

"Don't you want to strengthen your strength? Well, let me teach you a boxing technique!"

When Liu Ziru heard the words, his expression changed, and he fled away at high speed without looking back!

Lu Changsheng sneered.

Want to escape?

Immediately.

Stretched out his right hand and grabbed at the void.

Liu Ziru, who had fled thousands of miles away, couldn't move in an instant.

His face was ashen.

"It's over..."

Immediately, with a look of despair on his face, he stopped struggling and was taken back by Lu Changsheng.

And then.

Only listen to the thatched cottage.

There were screams and screams.

Screams like killing a pig...

The willow tree covered the bird's eyes with willow branches.

"Don't watch it, it's too bloody."

Little Bird: "..."

obviously.

Another reason for Lu Changsheng to keep Liu Ziru here.

That is to be a punching bag.

After practicing Liu Ziru.

Liu Ziru was lying on the ground dying...

Lu Changsheng threw out a pill and said, "You can do something for me."

Liu Ziru's eyes lit up when he heard it.

Lu Changsheng is willing to let him do things, which means that he has gradually begun to accept him!

"What's up?"

Panting, asked in a weak voice.

"Go to the Borderless Domain and secretly protect my **** apprentices!"

Liu Ziru was taken aback: "What about you?"

Lu Changsheng sneered, and said: "There is an old man plotting against me, I will teach him how to be a man."

Chapter 434 The seal is loose!

From the information.

How could an old man like Lu Changsheng not know that it was Mu Zhengting, an old man, who was fueling the flames?

Betting that he can make a shot?

Doesn't this give him trouble?

However, this is the first time people have been calculated.

It is estimated that he was noticed by others when he went to Xingyun Sword Sect.

In the future, I still have to be careful, and I can't be so high-profile.

but...

It's really uncomfortable to make people calculate.

At least it made Lu Changsheng very upset.

That's why Lu Changsheng decided to teach the old man a lesson.

Only in this way can the mind be transparent.

Only when one is transparent can one practice faster.

Of course, I can also sleep more peacefully...

Naturally, Liu Zirui would not refuse Lu Changsheng's request.

And he also has this strength.

At least in this low-latitude boundary, it is still invincible.

Of course, Lu Changsheng is not included...

...

Now, Ye Qiubai and his party hurried to Boundary Mountain after receiving the task.

On the one hand, it is to prevent Prince Linlong from escaping.

On the other hand, it is also to investigate the situation in the critical mountain.

Loosening of the seal.

Strong winds will rise.

Everyone's nerves were stretched into a tightrope.

At this time, if the opponent casts a trick, in order to hide the attack time, they will quietly enter the critical mountain.

The situation will naturally be unimaginable.

Enter the critical mountain.

The black mist became thicker and thicker.

I can't see my fingers.

Even perception is affected.

He Zidao, as a strong man in the Dao realm, can take half of the critical mountain range into his eyes as soon as he reads it.

However, under the influence of the black room, he could only explore within a hundred miles.

It can be seen how thick the black mist is.

A group of people proceed carefully.

After half a day, I came to the other side of the critical mountain.

is also the only import and export.

This mountain wall was built by the Xingyun Sword Emperor with his physical body!

He Zidao, when Jiji and others came here, they couldn't help bowing to the mountain wall.
to show respect.

And here.

In the gap between two mountain walls.

A middle-aged man stood straight in the center, looking at Ye Qiubai and the others indifferently.

He Zidao naturally saw it too.

Scanned around, but found no figure or breath.

But I know that there are definitely strong opponents ambushing around here!

After all, this is a trap.

Otherwise, why is Prince Linlong standing here in a daze, waiting for them to catch him?

Isn't this a brain pit?

However, He Zidao's mood also slowly sank.

An existence that even he cannot detect.

Naturally, it is the upper middle level among the evil kings, or the top evil kings.

He Zidao didn't dare to relax in the slightest, and kept his breath open to prevent the opponent from attacking suddenly.

Prince Linlong smiled and spread his hands, "He Zidao, why are you so nervous?"

"I'm right here, catch me, and let's do business."

He Zidao said indifferently: "Of course I would do this, but you, whose status is already below one person and above ten thousand people, can be said to have power over the government and the public. Why do you rebel?"

"And joined the evil race outside the territory? Don't you really feel ashamed to be a human race if you do this?"

Prince Linlong smiled and replied: "Power over the court? Then let me ask you, in the royal family, which emperor would like a minister with power over the court?"

He Zidao was silent.

really.

A minister possesses such powerful power, and the ministers under his government are all over the court and the public, how can the emperor not be afraid.

So usually these people will end up miserable.

Prince Linlong continued: "So, if I don't rebel, will Mu Zhengting succeed in weakening my power step by step?"

"Instead of this, why don't I act first?"

"It's really a strong word."

Mu Fusheng stood up and shouted in a low voice: "Let's not say whether this matter is right or wrong, but this is a matter of no shadow."

"You use this reason of disappearing to get rid of the blame, and say that the reason for your rebellion is self-protection?"

"Hehe." Mu Fusheng sneered, and said, "If you hadn't set your sights on the position of Emperor, why would you have such an idea?"

Prince Linlong's face was slightly ugly, and then he clapped his hands with a smile and said, "As expected of being the heir to the emperor, but even if what you said is right, it has already happened."

"There is no turning back, since this is the case, shouldn't what you have to do now be to capture me back?"

"Why, is it possible that there is an ambush?"

Everyone understands.

There must be an ambush here, and if they don't make a move, I'm afraid the other party won't show up either.

In this case.

Prince Linlong is in an ambush.

The reason why he wanted them to go so urgently was to lead Mu Fusheng and others into the formation.

But.

Prince Linlong has time to procrastinate.

Ye Qiubai and the others did not have this time.

After all, the place they are in is already extremely dangerous.

May be surrounded at any time.

After all, who knows that behind them, in the black mist in the critical mountain, there are no other evil races from outside the territory?

He Zidao pondered for a while, and said: "It is necessary to act, I will act first, and you can act according to the situation."

Mu Fusheng took out a talisman and handed it to He Zidao, "Senior, if something is wrong, just use the talisman to escape."

He Zidao took it and nodded.

In the Cold Night Realm, he had seen the effect of the Heavenly Thunder Escape Talisman.

With this seal, there should be no big problem.

He Zidao lifted the three-foot long sword and rushed in the direction of Prince Linlong!

The half-step supreme sword intent exploded at this moment!

Roaring wildly in the entire canyon!

Prince Linlong didn't advance or retreat, he still stood where he was, watching He Zidao coming with his sword indifferently.

Sure enough, when He Zidao rushed within ten feet of Prince Linlong, black chains swept towards him!

This black chain is full of evil power!

He Zidao didn't use the Heavenly Thunder Escape Talisman immediately, but was resisting the black chain.

Fight for opportunities for Ye Qiubai and others to attack.

After all, their primary purpose is to capture Prince Linlong.

However, just as the black chains swept He Zidao.

In the direction of Ye Qiubai et al.

There are three black breaths sweeping over!

These three shadows are full of monstrous evil power!

With the appearance of the three of them, the black fog followed!

Overwhelm the sky and cover the earth!

It seems that the end of the world is coming!

Three evil kings!

Moreover, this breath is much stronger than that evil king in the cold night realm!

Has reached the peak strength of He Dao Realm!

Three evil kings at the peak of the Dao realm.

Let everyone's face sink.

It seems that Boundary Mountain's formation seal has reached its limit...

next moment.

Mu Fusheng also shouted: "Use the escape talisman!"

Under the attack of these three evil kings, they are absolutely unable to compete!

The strength gap is too big!

Chapter 435 Liu Ziru Arrives!

Three evil kings at the peak of the Dao realm.

As for Ye Qiubai and others, only Mu Fusheng is in the state of distraction.

Such a gap in strength is as difficult to bridge as an abyss!

It should be said that it is impossible to cross!

Under such circumstances, the only option is to use escape symbols to leave immediately.

As for capturing Prince Linlong?

The moment the three evil kings made their move, they had already failed.

And at this moment.

In the sky, a big palm print fell towards the three evil kings!

The palm prints are like falling from the sky.

The eyes of the three evil kings wrinkled slightly.

Looking at this scene, they stopped and punched this huge palm print one after another!

The three evil kings who are at the peak of the Dao Realm, needless to say their strength.

Three punches landed on the big palm print, and it shattered!

At this moment, a figure in black also appeared in front of Mu Fusheng and the others.

The aura of this person is not much different from those of the three evil kings who are at the peak of the Dao Realm.

That is to say.

This figure in black is also a strong man at the peak of the Dao realm!

This kind of powerhouse is very rare in the entire borderless domain.

It can be said that they can be counted on two hands!

Mu Fusheng was somewhat clear.

Beside the royal father, there is a mysterious strong man to help him out.

Presumably, it is the man in black.

Only the figure in black said in a muffled voice: "Hurry up and go."

Even if it is him, facing the three evil kings who are at the peak of the Dao realm, it is absolutely impossible to win!

After all, the strength of the evil race outside the territory is somewhat stronger than that of ordinary mortals without the power of blood!

However, this also made Mu Fusheng a little embarrassed, and said: "That... we have a escape talisman."

The figure in black said: "Of course I know, but the three evil kings who are at the peak of the Dao realm, in the hands of a strong man of this strength, even if they escape, they will be caught up."

In the black mist, the speed of the evil race will be even faster.

So, even if you use escape symbols.

will also be overtaken by these three evil kings.

What's more, the opponent's goal is Mu Fusheng!

Naturally, he will not give up easily.

And at this time.

The three evil kings on the other side obviously didn't have any hesitation, and charged towards them again!

Extremely fast.

In the blink of an eye, he rushed to the front of the figure in black.

They decided to deal with this person first, and then those juniors, but they are only in the realm of the emperor or the realm of distraction.

In their eyes, they are nothing but ants.

Even if they escape for a while, they can easily catch up.

The three evil kings shot at the same time, punching the figure in black!

Fist style!

The space is full of cracks one after another!

The black mist surrounded the fist, as if forming a glove!

The black-clothed figure had a serious face, let out a low drink, and slapped out both palms at the same time!

However, when three fists and two palms collided.

The black mist glove surrounding the fist exploded at this moment!

Surround the figure in black, intending to kill him!

But.

The black light flashed.

The figure in black appeared ten feet away as if teleported.

I saw him clutching his chest, on top of the black robe, there was a lot of bright red!

Breath also became sluggish.

Obviously, under the joint blow of the three evil kings.

Although he escaped by chance, he was still seriously injured!

Looking back, fortunately, His Royal Highness and the others have already fled.

At this time, the three evil kings stepped forward again!

I want to completely kill the man in black with this punch!

The man in black grabbed the black robe with one hand, and then waved his palm when the opponent was about to attack him.

Throw out the black robe!

But the next moment.

After the black robe was shattered, the figure of the man in the black robe disappeared.

"Run away?"

The faces of the three evil kings darkened slightly.

"Run away and run away. With such a serious injury, when the battle starts, he will definitely not have the strength he is now."

"Well, keep chasing."

After speaking, the three evil kings chased in the direction of Ye Qiubai and the others!

Looking at this scene, Prince Linlong smiled and said, "He Zidao, do you think they can escape?"

He Zidao resisted the black chain, but remained silent.

His face was extremely gloomy.

The three evil kings, to be able to escape from their hands, is simply as difficult as heaven!

...

And the other side.

The speed of the three evil kings is extremely fast in the black mist!

Following the breath of Mu Fusheng and others, after getting closer, he was stunned.

"How did they stop?"

"Could it be that you feel that you can't escape, and you are ready to give it a go?"

"No matter what, win it as soon as possible, it will be of great benefit to us in the next battle!"

The three evil kings nodded.

disappeared in the blink of an eye!

next moment.

appeared in front of Mu Fusheng and others!

However, when they saw Mu Fusheng, their expressions were indifferent.

Not the slightest bit of fear.

Even, there was some playfulness in the eyes looking at them.

What does it mean?

Could it be a fraud?

However, even with their strength, how many storms can they turn up?

But.

The next moment, the three evil kings set their sights on a man in Tsing Yi.

His complexion changed instantly!

Because they didn't notice this person's aura!

Even if it is close at hand!

Still can't feel any aura from this person!

Could it be an ordinary person?

But how can ordinary people enter the Critical Mountain?

"Who are you?"

One of the evil kings said solemnly: "We are the evil clan, and our goal is to shepherd Fusheng. If you don't stop it, the evil clan will thank you in the future."

The strength of this kind of person is absolutely unfathomable!

So the three evil kings did not act immediately.

The man in Tsing Yi said with a half-smile: "Evil race? I really don't like your so-called thank you."

"If the ghost race told me so in person, maybe I can still think about it."

Ghost clan? !

Hearing these two words from the mouth of the man in Tsing Yi.

The expressions of the three evil kings changed at the same time!

Without even thinking about it, they frantically fled towards the other three directions!

able to say such words.

And know the existence of ghosts.

It seems that he is not so afraid of ghosts!

That is to say, this person's strength is at least the strongest in the high-latitude realm!

And this kind of person, even the entire evil race, can't afford to provoke them!

But why.

In the low-latitude boundary, in such a place where birds don't shit, will there be strong people in the high-latitude boundary?

Put this dimensionality reduction blow?

The man in Tsing Yi chuckled lightly upon seeing this.

Stick out with one hand.

Immediately, Void grabbed it!

The power of the three spaces flew out in the direction where the three evil kings were escaping!

Just moments!

The three evil kings were pinched in front of the man in Tsing Yi!

Can't move!

The three evil kings at the peak of the Dao Realm, in front of this man in Tsing Yi, are like little chickens...

The people next to Master are really monsters...

Everyone in thatched cottage thought so.

Dong Xiaoqin also sighed in her heart, this is not a person of one dimension at all...

Chapter 436 Turning hands into clouds, covering hands into rain

The person who came was naturally Liu Ziru.

The reason why Ye Qiubai and others stopped was precisely because of Liu Ziru's arrival.

The three evil kings who were at the peak of the Dao realm had no power to resist in Liu Ziru's hands.

Then Liu Ziru grabbed him back with one hand.

Just listen to Liu Ziru looking at Ye Qiubai who is on the side and saying: "What do you want to do?"

Ye Qiubai is Lu Changsheng's chief disciple.

Naturally, we still need to build a good relationship.

Ye Qiubai thought for a while, and said, "Senior, can you interrogate who ordered these three evil kings?"

"By the way, how far has the seal been lifted?"

Liu Ziru hasn't answered yet.

The three evil kings recovered from their horror.

I saw them sneer.

"You want to get something out of our mouths? Then you underestimate me."

Liu Ziru said contemptuously: "Who said I want to ask you?"

The three evil kings were slightly taken aback.

Immediately, Liu Ziru did not explain further.

With one hand, he held the Tianling Cap of one of the evil kings.

Immediately, the palm of the hand shook slightly, and it was impossible to resist.

Desperate power penetrates the celestial cover of this evil king.

Straight into the soul!

Immediately, one message after another passed from the evil king's soul to Liu Ziru's mind.

I saw that the evil king's body began to tremble violently!

On the blue face, there are several blue veins surging!

His eyes were extremely painful, and he even started to roll his eyes.

Soul search!

A look of horror flashed across the faces of the other two evil kings!

They as mid-latitude boundaries.

Soul search is not a rare skill.

However, the requirements for soul searching are extremely high.

If it wasn't for the strength to crush this person, it would definitely be impossible to search for the soul!

It can be seen that the realm of the person in front of him has far surpassed them!

Reached the realm above the peak of Hedao Realm!

This terrified the other two evil kings!

The information in the soul cannot be concealed.

Continue like this.

All the secrets will be known by the other party!

The two glanced at each other, then nodded with firm eyes.

Waves of berserk breaths were constantly released from the bodies of the two of them!

Strains of black evil power turned into black mist, covering the entire sky!

Self-destruct?

Dong Xiaoqin's expression also changed.

The self-destruction of the peak powerhouse of He Dao Realm, and two evil kings, probably will affect half of the critical mountain range, right?

And their position is actually not far from the garrison outside the Critical Mountain.

The garrison on the other side couldn't resist the self-destruction of the two evil kings!

Liu Ziru's face was indifferent, feeling the wisps of violent breath, her face did not change at all.

"Self-destruct?"

Immediately, Liu Ziru stretched out his other hand.

Press down slightly with the palm of your hand!

In just an instant, the violent black evil power was forcibly suppressed by an invisible force!

Seeing this scene, the eyes of the two evil kings completely despaired.

What else can I do?

Resist, can't beat.

Self-explosion, self-explosion cannot.

These three evil kings are completely in Liu Ziru's hands, like ants, they can be suppressed at will!

Also like Hades, he can control the life and death of others at will!

I want you to die, just a snap of my fingers.

wants you to live, but you absolutely cannot commit suicide!

This is the strength of the top powerhouse.

Immediately, the souls of the three evil kings were all searched.

The damage caused by the soul search.

is the permanent injury of the soul!

These three were once majestic and majestic.

Now he looks dull, with crystal liquid lying around his mouth.

Like a three-year-old child.

Liu Ziru didn't even look at it, but waved his hand.

The three evil kings instantly turned into ashes and dissipated in this space.

Handy.

Killed three evil kings very easily.

Mu Fusheng asked curiously: "How far is the strength between you and Master, or is it about the same?"

after all.

Look at it through their eyes.

Both Lu Changsheng and Liu Ziru can easily destroy all enemies.

In terms of strength, there is no difference.

Liu Ziru's body trembled.

Thinking of being beaten by Lu Changsheng in the name of training these days, he couldn't even get out of bed...

I felt a little scared.

Immediately, Mu Fusheng gave Mu Fusheng a hard look.

Why is this kid so blind?

I was pushed to the ground and beaten by Lu Changsheng!

However, he was too embarrassed to say this in front of the junior, coughed, and said, "Okay, I have all the information you want."

Seeing Liu Ziru's expression, he immediately changed the subject.

Everyone couldn't help laughing.

The results speak for themselves.

Master must be stronger.

Liu Ziru looked at the expressions of everyone and thought to himself.

Why do senior Lu's disciples hate him as much as he does?

However, he still said with a blank face: "Where do you want to start?"

Mu Fusheng on the side asked: "Senior, what happened to the seal?"

Hearing this, Liu Zirui replied: "The seal is about to be broken, and within seven days at most, the seal will be completely broken."

"However, there seems to be a stronger evil king in it, which has been inexplicably strengthened and sealed, and it cannot be broken through no matter what."

"For this reason, the evil race seems to be in a hurry..."

Hearing this, Dong Xiaoqin said pleasantly: "It should be the commander-in-chief of the evil king."

The commander of the evil king was the commander at the beginning of the invasion of the borderless domain by the evil race from outside the territory at that time.

The strength has reached the half-step blood transformation state. At that time, no one was his opponent in the borderless domain.

Still rely on the Xingyun Sword Emperor, sacrifice the body and soul, and seal it forcibly!

If not.

I am afraid that the borderless domain, or the low-latitude boundary domain, has long since ceased to exist...

So when you hear the news.

Dong Xiaoqin, Mu Fusheng and Judgment all had happy eyes.

Ye Qiubai asked: "What about the other news?"

Liu Zirui looked at Ye Qiubai and said, "Oh, it's nothing, the evil clan sent a Tianjiao who activated the blood of the ghost clan to come here."

"This thing was ordered by this guy."

"Prince Linlong became his entourage."

Ye Qiubai and the others looked solemn.

Ghost clan bloodline.

The Races of the High Latitude Frontier...

"But don't worry, even though the blood of the ghost race has been activated, the power of the blood of the ghost race possessed by the evil race is only a tiny bit."

"Then what is his current state?"

"Let's change into a blood realm."

Everyone: "..."

This is also called telling them not to worry?

They couldn't handle a half-step blood change.

How to deal with the change of blood?

Mu Fusheng slapped sideways, and said: "Senior, look, our strength is so far behind that evil clan's arrogance, you..."

Liu Ziru waved his hands and smiled, "I won't interfere anymore."

"Too much meddling is not good for your future path."

"Although it is difficult, the gains for you from crossing this hurdle must be huge."

"I think your master thinks so too."

Chapter 437 Lu Changsheng is very upset

On the other side, Lu Changsheng has arrived at the palace of the Boundless Dynasty.

I saw him sitting on the throne at the moment, looking around.

The emperor of Boundless Dynasty, Mu Zhengting looked at Lu Changsheng curiously.

Master of Mu Fusheng.

What kind of person is he?

Killing a ruthless man with a cold face?

A slovenly old man who looks like an outsider?

This is not right either.

After looking around the palace, Lu Changsheng thought to himself.

Well, the thatched cottage is more comfortable.

Mu Zhengting broke the silence at this time, and said, "I don't know what's the matter with you coming here, senior?"

Mu Zhengting was not angry at Lu Changsheng sitting in his place.

After all, the throne is a very sensitive position.

Lu Changsheng's strength.

Mu Zhengting also heard about it.

Even if you are angry, what's the use?

With the strength of the person in front of him, wouldn't it be easy to kill him?

Lu Changsheng heard what Mu Zhengting said, and said, "Why are you plotting against me?"

Mu Zhengting was slightly taken aback.

Immediately, I thought of what happened before, and I understood it.

His complexion didn't change much either.

After all, a top player with this strength must have a good brain.

It is easy to guess Mu Zhengting's careful thinking.

"It's a last resort to calculate seniors."

"After all, the strength of the opponent far exceeds our borderless domain, or the entire low-latitude domain."

"So, I have to bet on whether the senior will make a move. This is also the best way to deal with it."

"So, please forgive me."

However, since Lu Changsheng came here, it naturally means that he has already helped, and the problem will be solved.

Lu Changsheng nodded slightly, and said: "Combining your current situation, it is naturally the safest way for you to come up with this method."

Mu Zhengting's face brightened, and he said, "Thank you for your forgiveness, Senior!"

"forgive?"

Lu Changsheng looked at Mu Zhengting coldly.

For a moment, Mu Zhengting's whole body was oppressed by strands of invisible pressure!

It seems that the internal organs have been squeezed!

I can't move my body either!

Just a glance?

Make him so embarrassed?

Moreover, the aura released by Lu Changsheng did not leak out at all, it was just oppressing his body.

Not even the surrounding ground or pillars have the slightest influence!

You know, this kind of control over aura seems very simple.

But in fact, the stronger the strength, the harder it is to do!

Mu Zhengting was horrified.

It seems that he still underestimated the strength of this senior.

Lu Changsheng crossed his legs.

Holding his elbows to his knees, holding his chin, he looked at Mu Zhengting with a half-smile, and said, "I didn't seem to say I'd forgive you, did I?"

Mu Zhengting smiled wryly, while resisting this sense of oppression with all his strength.

Reluctantly said: "What does the senior want?"

"I don't want anything."

Lu Changsheng shook his head and said, "You can't give me what I want."

really.

To Lu Changsheng's strength.

How can we see the background of the Boundless Dynasty?

I'm afraid even if you give him the whole dynasty, it won't attract him at all, right?

This sentence is indeed correct.

Even if it is given to him.

Lu Changsheng didn't want to manage it either.

What's more, how much karma will be involved in managing a great dynasty!

"Do you know, although I can understand you, in this position, under such a difficult situation, there must not be the slightest mistake."

"However, one code counts for one code, why do ascetics practice Taoism?"

Mu Zhengting was slightly taken aback.

Why are you asking this?

Before Mu Zhengting could answer, Lu Changsheng took over the conversation and said, "Changsheng is one aspect."

"Not affected by any factors, not dominated by anyone."

"It is also one aspect to be able to do what you want freely."

Mu Zhengting understood.

He is very upset!

I am upset that I am plotting this senior secretly!

Mu Zhengting asked: "Has the senior reached this level?"

Lu Changsheng shook his head and said, "Of course not, so I'm still working hard."

"However, because of this, I am very upset, do you understand?"

After all, Boundless Dynasty, he can still handle it.

Being calculated by a person whose strength is far weaker than his own.

Lu Changsheng will naturally be upset!

Mu Zhengting smiled wryly and said: "If you want to kill or cut, it depends on the seniors."

Lu Changsheng narrowed his eyes slightly, and said, "Do you want to die?"

"Of course I don't want to."

Lu Changsheng did not answer, but stuck out a finger.

next moment.

Mu Zhengting's complexion changed drastically!

The yellow robe shattered directly!

There are blue veins all over the body!

The neck was also pulled out with ridges due to excessive force.

At this moment, Mu Zhengting is in great pain!

Lu Changsheng stuck out his finger, releasing a weak sword intent.

Mu Zhengting still didn't have the slightest chance to resist!

Even despair in my heart.

In front of such a strong person.

Everything in the world is like ants!

It can be crushed to death with a pinch.

well...

It seems that there is no escape from this disaster...

But Mu Zhengting did not regret it, and would make this choice again.

after.

After only ten breaths, he already fainted to the ground.

...

Wait until Mu Zhengting wakes up.

It's the second day.

Looking at his hands in a daze.

Um?

not dead?

However, every part of my body felt pain like being stabbed by a knife.

Struggling to get up, look around.

Lu Changsheng has disappeared...

Thinking of this, Mu Zhengting grinned and said, "It seems that Fusheng has a good master, so I feel relieved..."

...

Lu Changsheng, who had already returned to the thatched cottage, beat Liu Ziru again in annoyance.

Liu Ziru seemed to have resigned himself to his fate, lying there, staring blankly at the blue sky.

Ah...the sky is so blue.

Never felt so beautiful...

As for why Liu Ziru was trained again...

Naturally, it was because Lu Changsheng was still a little upset.

If it weren't for Mu Zhengting being the father of that kid Mu Fusheng.

Killed long ago.

Destroy corpses and wipe out traces.

But for the sake of his disciples, he still spared Mu Zhengting.

but...

The more I think about it, the more unhappy I get.

So he said: "Liu Ziru, get up! In this case, you have to hurry up and do it again to maximize your strength!"

Listen.

Liu Ziru burst into tears.

He suddenly wanted to go back to the Dark Realm.

Is there such a bully?

Next, the willow tree covered the bird's eyes with willow branches again...

...

the other side.

Ye Qiubai and others took Prince Linlong back to the palace.

Naturally, Liu Ziru made the move.

Afterwards, Prince Linlong was thrown into a prison, where he was tortured to extract a confession!

Naturally, he couldn't let him die so easily.

And Mu Fusheng also informed Mu Zhengting about the seal and the Tianjiao of the evil race.

After hearing the news.

Mu Zhengting's expression was serious.

Change blood realm?

In the entire Boundless Dynasty, there is no strong man in the blood-changing realm...

Chapter 438 Breaking through the seal!

Change blood realm.

Only by upgrading the ordinary mortal blood in the body to a higher level of blood power can one break through to the blood-changing state.

Except for the three ancient tribes, the entire low-latitude boundary is populated by people without bloodlines.

Therefore, there are no people in the blood-changing realm here at all!

Above the peak combat power.

There is already a huge gap between the two conveniences.

Meanwhile, another bad news.

The seal will be completely broken in six days!

In other words, six days later, it will be the start of the war.

The evil race outside the territory will step over the critical mountain and attack the borderless domain!

Mu Zhengting's face was a little ugly.

Time is too tight!

The opponent's strength and realm have completely suppressed the borderless domain.

As for inviting Mu Fusheng's master to take action, it must be impossible.

If the opponent wanted to make a move, he would have done so long ago. How could this mess be left until now?

I'm afraid it's because he wants to train his disciples.

It's just that in the process of training disciples, most of the borderless domain will be wiped out!

How could the other party care about these things?

So, this senior is hopeless...

Think before and after.

Didn't come up with a good way to deal with it either.

In the face of absolute power suppression, any plan is already self-defeating.

"I can't help it, come here!"

"Convene the suzerains of the major sects, and send a letter to the three ancient clans, the evil clan is coming!"

The Golden Armored Commander's expression changed, and he immediately nodded and walked outside!

...

That night.

There are only three days left before the seal breaks through.

Ye Qiubai is currently practicing in the mansion.

The battle is about to start, he needs to improve his strength quickly!

And the originally suppressed realm is no longer deliberately suppressed!

The aura turned into a whirlpool and poured into Ye Qiubai's body.

Like a whale swallowing, constantly absorbing the aura in the surrounding space!

If it weren't for the blessing of the formation in the mansion, I am afraid that this huge aura has already been known to outsiders.

In the yard.

Dong Xiaoqin was also drinking tea here, and said in surprise: "Didn't he just break through the middle stage of Emperor Realm? Why did he break through again?"

That's right.

Ye Qiubai is currently breaking through.

Shi Sheng on the side didn't hide it either, and it's not something to hide.

explained: "Although the senior brother's realm has improved more slowly than ours, but because of this, his Dao foundation is much more stable than ours."

"You mean, Ye Qiubai has been suppressing his realm, so that's why?"

Shi Sheng nodded and said: "So, as long as the senior brother wants to break through, he can break through casually."

After listening.

Dong Xiaoqin looked at Ye Qiubai with a little respect.

Able to get rid of impetuous emotions.

Suppressing one's realm in this way is just to maximize the stability of the Dao foundation.

This mentality is not shared by everyone.

Similarly, not everyone can do it.

Theoretically, if a person's physique is not good, he will not be able to suppress the realm that is about to break through, so as to stabilize the Dao foundation.

But Ye Qiubai did it!

It also shows that Ye Qiubai's physique is unusual.

The moon has not fully set yet.

The sun did not rise either.

Soon, the whirlpool around Ye Qiubai's body disappeared.

Breakthrough to the late stage of Emperor Realm!

At this moment, someone knocked on the door of the mansion.

Shi Sheng stood up in doubt, wondering: "It's time, who is here?"

While speaking, he went to open the door.

After opening.

Shi Sheng was stunned.

Behind the door is an unbelievably beautiful face.

Wearing a long blue dress, without any embellishments, only a piece of satin **** the slender waist.

It looks very simple, but it is worn on a woman's body.

But there is an indescribably fairy-like feeling.

"I'm here to find Qiubai."

Only listened to the woman's cold words and asked.

But with the slightest bit of apprehension.

It seems that lovers who haven't seen each other for a long time are about to meet again.

The nervousness of not knowing what to expect.

Hear this voice.

Ye Qiubai froze for a moment, then immediately walked towards the door.

Looking at the beautiful woman at the door, she said in surprise, "Zi Qing, why are you here?"

Hongying and Ning Chen listened heartily, they all looked at each other and smiled, and then they walked towards the backyard together.

Xiao Hei grabbed the curious Mu Fusheng.

"Hey, hey, lighten up, lighten up!"

Shi Sheng also greeted Dong Xiaoqin and walked towards the backyard.

"Huh? That's the one from the Mu family? What's the situation between him and your senior brother?"

Shi Sheng said: "I'll tell you later, don't disturb them for now."

Ye Qiubai noticed this scene, and couldn't help but give a thumbs up to his fellow apprentices.

At the critical moment, the younger brothers and younger sisters are sensible!

But then again.

Ye Qiubai looked at Mu Ziqing, whom he hadn't seen for a long time, although his appearance didn't change much.

But the temperament has indeed changed drastically.

If we say that the former Mu Ziqing was innocent, sunny, and sweet.

Then the current Mu Ziqing is as cold as ice.

However, it must be because of the influence of her blood power.

Mu Ziqing smiled, and said: "The evil races outside the territory are about to break through the seal, and the three ancient races will naturally have to contribute."

Ye Qiubai asked suspiciously: "Then your father probably won't let you out?"

After all, Mu Ziqing is regarded as the savior of the Mu family's bloodline, the only one who has a chance to break through the blood-changing state.

The hope of rekindling the power of the Mu family's bloodline.

Naturally, Mu Ziqing would not be allowed to come out in such a dangerous situation.

Mu Ziqing smiled and said: "No, I just told my father that my cultivation has reached a bottleneck and I need to go out to practice."

"However, I can only stay for half a stick of incense, because my father sent a great elder to follow me all the time."

"I also managed to get rid of him."

Ye Qiubai couldn't help laughing and said: "It seems that my father guards me very tightly."

Hearing the words "our father", Mu Ziqing's originally cold face couldn't help being stained with a faint blush like rouge powder.

"What are you talking about!"

"Isn't it a matter of time?"

But then again.

The current Ye Qiubai, when checking Mu Ziqing's realm.

But found that Mu Ziqing's realm could no longer be clearly detected.

Presumably, her realm has surpassed his by a lot.

It seems that we really have to work hard.

The two were sitting in the courtyard under the moonlight.

The two hands were consciously held together.

During the half-stick incense, we talked about a lot of things.

Mu Ziqing also left.

The two also made an agreement.

Every day at this time, we will come here to meet.

However, thinking that the two still need to meet secretly.

Ye Qiubai pondered for a while, walked into the practice room again, and began to practice hard.

Still not strong enough.

...

In the next three days, Ye Qiubai and Mu Ziqing will have a small gathering.

For them, there is nothing better than the most relaxing moment.

And the third day passed.

When the sun rises.

Over the critical mountain, the black evil power turned into a thick black fog, covering the entire sky above the critical mountain!

Chapter 439 The Great War Begins!

Above Critical Mountain, the sky was completely covered by thick black fog.

Not even a ray of sunlight can penetrate it!

On the human side, the sun shines as usual.

Between the two parties, a sharp contrast of light and dark is formed.

Light and dark.

Good and evil.

Between the two, fire and water are incompatible!

Either you die, or I die!

There is no possibility of any reconciliation!

Everyone looked in the direction of Critical Mountain with solemn faces.

It's like facing a big enemy!

Before, all the forces in the borderless domain had already gathered in the border city outside the critical mountain!

Moreover, between each city, there will be a large formation for purifying the world!

Between each of the world purification formations, there is a connection with each other.

There is a mutual fusion of the power of the array.

at the same time.

In the sky above, all the powerful human races in the Dao realm have already set foot in the sky!

Emperor Mu Zhengting, Star Meteor Sword Sect master Jian Wufeng, patriarch of the three ancient clans!

and other top-notch suzerain elders.

Below, Tianjiao, a disciple of countless clans, stood among them.

Divided into countless teams.

Among them, everyone in the thatched cottage became a small team.

Where Person Included.

Ye Qiubai, Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, Mu Fusheng.

In addition to the people in the thatched cottage, it is Dong Xiaoqin, critical.

Mu Ziqing is standing in the sky!

Ye Qiubai looked up.

Mu Ziqing seemed to notice something, lowered her head, and looked at Ye Qiubai.

The two looked at each other and smiled.

Unexpectedly, Mu Ziqing has already reached the early stage of He Dao Realm.

Awakened blood power, is it really so terrifying?

Logically speaking.

The ancestors of the three ancient clans, but the blood-changing state, just broke through to the blood-changing state, can make a person's realm reach such a large span, isn't that too exaggerated?

However, now is not the time to think about it.

Just as everyone in the human race is gearing up and preparing to defend against the enemy.

The black mist above the critical mountain began to slowly spread towards the human side!

Among the black mist, there are overwhelming evil soldiers and commander-level evil races!
densely packed.

Come like a wave!

Standing in the sky, Mu Zhengting immediately commanded: "The Great Formation of Purifying the World, all unfold!"

Below, above the city, all the formation masters are running the aura in their bodies with all their strength at this moment!

Motivated all the world-cleaning formations!

And every great formation of purification of the world, at the eye of the formation, will have a light of purification of the world passing through the clouds and rising into the sky!

The world-cleaning formations between each city also began to merge with each other.

A series of incomparably rich powers of purifying the world collided with the thick black mist at this moment!

Suddenly, there were a lot of screams in the space!

And the source of those screams is naturally that the evil soldiers were directly destroyed by the Great Formation of Purifying the World!

As for the leader-level evil race, there is still room for resistance.

But still somewhat reluctant.

This is.

A famous evil general rushed out, stood in front of the evil army, and stretched out his hand at the same time!

Resist the power of the World Purification Formation!

In this way, let the army of the evil race step over the critical mountain!

at the same time.

In the sky above.

A handsome man walked through the air.

Watching this scene with a cold expression.

Mu Zhengting and a group of powerful people from all races also looked over.

"Is he the blood-changing realm from the evil race?"

"It should be right, after all, I can't see through his strength."

"If we do, I'm afraid we will have to fight with all our strength to stop him."

Although the opponent is only in the early stage of blood transformation.

However, the higher the realm, the lower the possibility of fighting across the realm!

The gap between the Dao Realm and the Blood Transformation Realm.

is a qualitative change.

After all, changing the blood realm means that the blood has undergone a qualitative change!

How could the Human Race Hedao Realm who is still a mortal blood cross this horizontal gap?

Among them, I am afraid that only the patriarchs of the three ancient clans can delay a few tricks.

"The gap in strength is so big, why not admit defeat directly, or surrender to our evil race?"

The handsome man suddenly said: "I can promise that as long as you admit defeat, all your high-ranking forces will be able to join the evil clan and save your life."

The implication is that except for the high-level, everyone has only one dead end!

Mu Zhengting chuckled lightly, without retreating in the slightest, his whole body was full of emperor's intentions!

As a generation of emperors.

How could Mu Zhengting be overwhelmed by a few words?

"Admit defeat? Become a slave of your evil race outside the territory?"

"Although the power of our blood may be somewhat different from yours."

"However, in the blood of our human race, there is a spirit that you have never had before."

"Oh?" The handsome man asked curiously, "What is it?"

Mu Zhengting paused every word, and his voice was loud, spreading throughout the Borderless Territory!

"Although it is normal, all the forces of the human race will break out conflicts for their own interests."

"However, when we encounter the crisis of genocide, we will put aside all the hatred together, forget the past festivals, and jointly resist foreign enemies!"

The handsome man nodded.

"Understood, since this is the case, then kill them all and leave no one behind."

"Exactly, the higher the realm of your human race, the more qualified you are to be our nourishment."

After speaking, he waved his hand.

The evil race continues to dispatch!

Constantly suppressing the light of the pure world, moving forward without haste!

At this speed, the opponent will soon be able to cross the critical mountain!

Mu Zhengting shouted loudly: "Everyone, let's fight!"

Can't let them cross the critical mountain!

Under Mu Zhengting's order.

Everyone below rushed towards the evil race outside the territory!

A sect that had a conflict of interest in the past.

At this moment, they are divided into a team.

One after the other.

One left and one right.

Charged towards the evil race outside the territory!

Fearless!

Because behind them is the place where they live.

If it is occupied by the opponent, it will inevitably be a dead word.

Instead of this, it is better to give it a go!

In the past, the predecessors of the Borderless Domain, the Starfall Sword Emperor and the others were able to repel the extremely powerful evil race outside the domain.

Well, they have a chance too!

The members of the thatched cottage headed by Ye Qiubai also rushed into the critical mountain at an extremely fast speed at this moment!

Standing with a group of evil generals!

A group of evil generals at the peak of the Distracted God Realm at the Emperor Realm Station, this kind of scene is very eye-catching.

Including the handsome man in the sky, he was also attracted.

"Oh? It's them, they have been ruining my good deeds."

"But this talent..."

The handsome man frowned.

It is a bit unlikely that this low-latitude boundary can be cultivated.

Thinking of this, the handsome man became murderous.

In an instant, it disappeared in place!

Mu Zhengting and the others were taken aback for a moment, and then their faces were horrified!

Mu Ziqing's face was even more anxious, and her body subconsciously rushed towards Ye Qiubai!

That handsome man actually appeared above everyone in the thatched cottage!

Shoot with one palm!

A palm print with monstrous evil power and the power of countless ghosts fell towards Ye Qiubai and others!

Chapter 440 The old man who gave the iron piece

Ghost family.

is a force that cannot be ignored in the high-latitude boundary.

The power of its bloodline is naturally stronger than all the bloodlines in the low-latitude boundary and the mid-latitude boundary.

After all, it is not a latitude or a dimension.

The extraterritorial evil race can have a place in the mid-latitude realm because they have a trace of the blood of the ghost race.

Of course, it is too difficult for the evil race to activate the blood of the ghost race in their body, and the chance is too small!

If the blood of the ghost race is activated, then the natural strength of this person will increase at an extremely terrifying speed.

Xie Nan, the handsome man, is one of them.

In order to completely capture the low-latitude boundary, the evil clan sent Xie Nan to the lower boundary.

Today's Xie Nan is the strength of the blood-changing realm.

A palm shot towards everyone in the thatched cottage.

Among them, even directly used the power of the ghost blood!

The human race in the sky, seeing this scene, was anxious and wanted to help.

was delayed by other evil kings.

Mu Ziqing also looked very anxious, and kept attacking the evil king in front of him like crazy.

But still can't break through!

After all, the current Mu Ziqing is only in the early stage of He Dao Realm.

Facing an evil king with the peak strength of He Dao Realm, it is naturally impossible to break through the encirclement.

And they who only have the strength of the emperor state or the distraction state must not have the slightest strength to resist.

Mu Fusheng immediately took out all the nine-fold thunder shield symbols and defended them against everyone's heads.

Immediately, he pinched the Heavenly Thunder Escape Talisman again, and activated it directly!

Mu Fusheng would not think so naively.

Just relying on the nine-layer thunder shield can stop a super strong man in the blood-changing state.

only.

When urging the thunder escape talisman.

Xie Nan seemed to have noticed it long ago, and squeezed his hands.

The surrounding space, as well as all aura fluctuations, will be blocked!

Ghosts continue to surround everyone in the thatched cottage.

Blood-changing realm is a realm of qualitative change!

No matter how strange the Heavenly Thunder Escape Talisman is, it cannot escape in the hands of a blood-changing powerhouse!

See it.

Mu Fusheng's face was also a little ugly.

It seems that it is no longer possible to continue to hide the realm...

Xiao Hei has already cast the Demon God Descending, and this is the situation.

He has not hesitated the risk of being noticed by the demon rebels, but he also wants to completely release the power of the demon god!

Hongying is holding a reincarnation spear.

Shi Sheng took out the Falling Star Axe.

Ning Chenxin is holding the Taoist scriptures, and the nine-character mantra is spinning around his body!

On the other side, Ye Qiubai had a solemn face, and he had already taken out Qingyun Sword.

The palm of your hand has already touched the hilt of the sword.

Naturally, even if you pull out a little bit, you can't cross so many realms, and cut the blood-changing powerhouse under the sword!

So, Ye Qiubai has already made up his mind to die.

Spell out a fate where the body is destroyed and the soul is destroyed!

Also forcibly pull out Qingyun Sword completely!

Only in this way can we have the opportunity to resolve the current crisis.

As the elder brother of the thatched cottage.

He has the responsibility to bring back the juniors and younger sisters intact!

And at this very moment.

In their minds, there was an old man's voice.

"Little baby, don't worry about desperately."

The voice just fell.

In the sky, a long sword is like a long rainbow, dragging the tail flame of the supreme sword intent, piercing the shackles of space.

Slash towards Xie Nan!

Feel the sword.

Xie Nan's complexion changed drastically!

Immediately withdrew his palm and blasted towards the sword with all his strength!

Because of the power of this sword, it can already threaten him!

The owner of this sword may have reached the blood-changing state.

Palm prints full of ghost power and evil power, clashing with the long sword!

In the sky.

Instant space fragmentation!

Countless air currents surge towards the surrounding area!

The human and evil kings in the air had no choice but to stop their offensives and use their full defensive barriers to resist the aftermath!

And the ascetics on the ground are also constantly retreating!

Two blood-changing forces attacked.

Too scary!

Even the borderless domain is unbearable, and the space is collapsing layer by layer!

Ye Qiubai and the others, under the defensive barrier, looked at this scene with some doubts.

This power.

It doesn't look like Lu Changsheng or Liu Ziru at all.

Simply put.

Compared to the strength of those two, it is more than a little bit weaker.

However, they don't know other strong men in the blood-changing realm either!

Who exactly?

When the long sword was repelled and Xie Nan retreated.

The long sword was held in the hands of a slovenly old man, and it came from the sky!

Xie Nan looked at the old man solemnly, and said, "Who are you?"

In this low-latitude boundary, there are human races in the blood-changing realm?

Could it be that they are people from the so-called three ancient tribes?

However, the strong human races in the air, including the three ancient races, looked at this old man with doubts on their faces.

Obviously, he didn't know this old man in the blood-changing realm.

However, when Ye Qiubai, Shi Sheng and Xiao Hei saw the old man.

But his face changed slightly.

This old man was in Longqi City back then.

Give a rusty iron piece to Ye Qiubai's people!

The rusty iron piece is the missing part of the sword in the hand of the statue of Xingyun Sword Emperor.

But, did you expect this old man to be so powerful?

Then what is the relationship between him and the Xingyun Sword Emperor?

Why are there fragments of the Meteor Sword?

There are various questions, lingering in the hearts of Ye Qiubai and the three of them.

I saw the old man holding a long sword, looking at Xie Nan in front of him, and said with an unrestrained smile: "Little devil of the evil race, you can't kill this person."

Xie Nan's face was solemn, and ghosts surrounded his body.

Like a ghost walking in the night!

"Who are you? From above?"

The old man shook his head with a smile, and said: "It doesn't matter who I am, but the kid down there is liked by someone, and it doesn't matter to others. If you want to kill him, you can't."

"What if I must kill?"

In Xie Nan's eyes, killing intent was in full bloom!

After all, those people below are so talented that even if they are placed in the mid-latitude boundary, they are extremely arrogant.

Although it is still blood now.

But maybe one day, when encountering a great opportunity, it is possible to change the mortal blood in it!

Xie Nan will not let such a slim chance appear.

The old man shook his long sword!

Sword roars to the sky!

"You can try, if you can kill them with the sword in the old man's hand, you are capable."

Xie Nan was silent.

But he didn't try to make a move.

Because, the old man in front of him is at least at the peak of the blood-changing state.

is an existence that he cannot defeat today.

"Can you keep him forever?"

"At least I can't be killed by you now."

That's all for now.

Xie Nan backed away.

The old man did not make another move.

Looking at Ye Qiubai, he said: "After that, you will deal with it yourself. If you can't pass this test, then you won't have a chance to meet that person."

That one?

who is it?
