

My Disciples 461

Chapter 461 Shot with anger!

Foshan in the Western Regions.

Buddhist resident.

At the moment.

The Buddhist formation has been fully opened, surrounding the entire Foshan!

In the Buddhist formation.

Buddhist Tsing Yi Bodhisattva, and six great Buddhas.

All appear.

Forming a large formation, behind him, a phantom of Asura stands on Foshan!

With an angry face and fangs, the cloak fluttered in all directions.

The six hands behind him are all holding instruments of execution.

It is huge, and its breath is terrifying!

As for the son of Buddha, he rose into the sky, and behind him, there was a phantom of a golden Buddha!

Buddha's light shines all over the world!

I only heard Fozi said lightly: "Sect Master Ning, what do you mean?"

Ning Chen laughed back in anger, and said: "Looking at your situation, the matter is already very clear."

"What's the matter?"

Fozi's face was indifferent, without any fluctuations, and he said: "Don't go around the corner, if there is something about our Buddhist sect that provokes Sect Master Ning, we might as well just say it."

"Good acting."

Ning Chen said angrily: "The three disciples in my study have gone all the way to the evil way. Is it your Buddhist sect who is behind it?"

As soon as this remark came out.

The ascetics who were watching outside were all shocked!

The three genius disciples of the study, in the name of Confucianism and Taoism, practice evil ways.

Is Buddhism controlling behind?

But.

Buddha opened his eyes.

Frowning tightly, as if suppressing his anger, he said: "Buddhists act openly and aboveboard, and have always been doing things for the common people in the world."

"However, Sect Master Ning is bullying others and blaming us for the development of the study?"

"If I really do this, I will beg in front of the Buddha, even if I go to hell, so what if I never enter the Buddha realm?"

The outsiders nodded after hearing this.

"It seems that Ning Chenxin did this on purpose in order to preserve the reputation of the study."

"The Buddha Realm is the place that all Buddhist cultivators yearn for. After death, they all want to ascend to the Buddha Realm and come among all the Buddhas. The words of the Buddha are not indifferent."

"Only by being ruthless can you prove that Buddhism is innocent! On the contrary, Ning Chenxin and Study, in this matter, are narrow-minded and have gone into evil ways!"

Ning Chenxin could naturally hear the words of the people around him, and his complexion became more and more gloomy.

"Do you really think that things won't come to light?"

"Although I don't believe in the sky, the sky is watching when people are doing it. If the sky doesn't come down and punish me, I will do it!"

Buddha's face was solemn, as if he was facing a formidable enemy.

"Although you are powerful, at the same time, the back mountain is extremely terrifying."

"However, as a Buddhist gate, here is a place of righteousness! How can I submit to you?"

The onlookers all pointed at Ning Chen.

"Buddhism is right, how could you do such a thing?"

"It seems that the study and Ning Chenxin have lost their hearts this time."

"That's right, so what if the backstage is strong? There are so many people talking, how can you use your strength to stop them all?"

"At that time, no one will practice Confucianism and Taoism, so how can he force it with his strength?"

"Sigh, it's a pity that his master, Lu Changsheng, has been framed by his disciples for his fame throughout his life."

The Bodhisattvas in Tsing Yi and the Great Buddha sneered when they saw this scene.

How can you talk about mediation.

Ning Chenxin, what should you do now?

Fozi also looked at Ning Chenxin, and he was slightly relieved.

At such a time, if Ning Chenxin acted rashly, there would be no room for maneuver.

The hearts of the study and Ning Chenxin will be lost.

Even if Buddhism is destroyed by then, so what? Just keep alive.

Then, Buddhism will set sail again and become the orthodox tradition in the wild world!

And at this time.

Ning Chen grimaced and said: "In that case, as you wish."

After finishing speaking, Ning Chen held the Taoist scriptures in his heart and pointed to the sky with one hand!

"Lin, Bing, Dou, Zhe, Jie, Row, Array!"

Nine-character mantra.

Words can't follow!

A magic general holding a golden-scale sharpshooter appears incarnate!

The white Daoguang swirls, and the breath is extremely terrifying!

Immediately, a shot stabbed out!

Stab directly towards the Buddhist formation!

The huge golden-scale sharpshooter seems to be piercing through this world!

Where you go.

Space is destroyed!

Black holes are constantly being born, and the turbulent flow of space turns into a storm, sweeping the world!

For a moment, the mountains and rivers in the Buddhist gate collapsed!

The roaring sound resounded throughout the wild world!

All ascetics are looking in the direction of Buddhism in the Western Regions.

His face was horrified!

This kind of strength can only be shown by the few people in the thatched cottage!

The power of the aftermath made all the ascetics around look terrified.

While marveling at Ning Chenxin's amazing strength, he kept retreating towards the rear!

After retreating thousands of miles, and then turning the aura into an aura barrier, it will not be affected!

Buddha's eyes were even more horrified.

Waving his hands, he said: "Activate the Buddhist formation with all your strength! At the same time, the Tsing Yi Bodhisattva, the Great Buddha, go all out and don't let him break through the formation!"

This large formation.

It is the Buddha's child who came from a powerful realm from the outside world and spent a lot of money to invite the master of the formation, who has reached the level of the spirit formation!

But.

When Ning Chen shot with anger in his heart.

He was horrified to find out.

Just that terrifying breath, this Foshan formation is already crumbling!

If the long spear is directly stabbed on the formation, it may be destroyed in an instant!

At that time, there will be no possibility of resistance!

One time.

The Bodhisattva in Tsing Yi and the Great Buddha joined hands to activate the incomparably solid Asura phantom, and the six big hands behind them simultaneously grabbed the golden scaled gun in the hand of the **** general!

at the same time.

The son of the Buddha also moved the phantom of the Buddha statue, clasped his hands together, and the golden light shone!

Buddha's light shines all over the world!

At the same time, a big golden hand suddenly stretched out, and slapped the **** general hard!

Buddhist people, at this moment, shoot with all your strength at the same time!

The purpose is to block Ning Chenxin's blow!

But.

People in this world, who can stop Ning Chenxin's blow?

In the wild world, except for the Caotang's own people.

I'm afraid no one will be able to do it!

Ning Chenxin looked at this scene indifferently, pointing at the sky.

shouted: "Break!"

One time.

Above the sky, thunder is rolling!

It was as if he had heard Ning Chenxin's order!

Going to land God's punishment on Foshan!

The **** general received the order, and the golden scale gun in his hand pierced out at a faster speed!

Pierce space!

Destroy the world!

Mountains and rivers collapsed!

The big golden handprint in front of him collided with the golden scale gun!

But.

Just for a moment.

This mahamudra was directly pierced by the sharp gun!

Fozi's complexion was pale, and he suddenly spit out a mouthful of blood. The phantom of the Golden Buddha behind him also became much more illusory at this moment.

At the same time, Asura's phantom follows him!

Six big hands are grabbing towards the sharp gun!

Want to stop Ning Chenxin's attack!

But.

Even if it is the person in charge of the Buddhist sect today, the full resistance of the Buddhist disciples was instantly shattered by Ning Chenxin.

This Asura phantom, how could it be Ning Chenxin's opponent?

The spear in the hands of the general did not stop.

It's like crossing latitudes!

Without any hindrance, it penetrated the phantom of Asura!

One shot, pierced the Buddhist formation!

Boom!

At this moment, the entire barbaric realm seemed to be collapsing...

Chapter 462 The destruction of Buddhism!

With the current strength of Ning Chenxin, it is already enough to fight against the strong at the peak of the distraction state.

And what about the wild realm?

Except for thatched cottage, except for Lu Changsheng...

The strongest person is no more than the emperor.

It was after Hongying took over the heavenly way in this world, the heart of the realm was revived, and the heavenly way was recast, causing the aura to begin to fill.

Only then did someone start to break through.

For example, Lin Rufeng who hides Jianfeng.

Another example is the dean of the General Academy of Tibetan Taoism Academy.

And now the head of Buddhism, the son of Buddha.

However, just the imperial realm, how can it be compared with Ning Chenxin?

The mere spiritual array was constructed by the formation masters invited from the outside world at a high price by the Buddhist sect.

However, in Ning Chenxin's eyes, it is still not worth mentioning.

It can be said that it is vulnerable!

The **** will hold a golden-scale sharpshooter, shining with endless white light and dao rhyme.

A spear stabbed on the Buddhist formation!

At this time, there was a roar!

The entire world seems to be collapsing!

It was as if the end was coming, and the world collapsed!

All the ascetics thousands of miles away saw this scene, their faces were horrified.

"Quick! Go back a thousand miles!"

"Although the character is not good, Ning Chenxin is worthy of being Senior Lu's disciple. This strength is too terrifying!"

"Perhaps, it's because the strength is getting stronger and stronger, which leads to the expansion of the mind, and it has come to a fork in the road?"

"Well, many strong people have changed their minds after they became stronger. It is inevitable that Ning Chen's heart has changed to this point. It can only be said that Senior Lu is not strict..."

"It's really a pity."

At the moment.

In the Buddhist formation.

Foshan continues to collapse!

Countless halls, their foundations were destroyed, and began to collapse!

The entire Foshan Mountain is collapsing at this moment!

Buddha's complexion also changed drastically.

"Quick! Shoot with all your strength! Be sure to stop his blow!"

"I'm going to invite the phantoms of the Buddha Lords of the past to descend!"

After finishing speaking, the Buddha left the place, and in a flash, he came to the forbidden area of the Buddha gate!

And at the moment when the Buddha left.

Tsing Yi Bodhisattva and all the great Buddhas.

At the same time, the monks of the Buddhist sect also shot at the same time!

Buddhist up and down.

All Buddha cultivators joined forces to form a formation, formed a golden Buddha, and shot towards the **** general!

Ning Chen watched this scene heartily.

His face was dull.

Eyes showing killing intent!

"Like a pest, Buddhism is today, so let it be destroyed."

Say it.

Holding the Taoist scriptures, uttering thunder sounds!

"Town!"

A nine-story pagoda shining with white light transformed into mid-air!

Go straight to suppress this golden Buddha!

The moment the nine-story pagoda appeared.

The meaning of suppression covers the entire Western Regions!

The space is constantly squeezed and twisted!

It seems to suppress the entire space!

Not suppressed yet.

The little novice monk below couldn't stand this terrifying suppression.

Died directly by space oppression!

The primordial spirit is destroyed!

The Tsing Yi Bodhisattva and the Great Buddha both gritted their teeth, their faces solemn.

At the same time, he slapped the nine-story pagoda above!

At the same time, the Golden Light Buddha was also shot at this moment!

The two collide!

In an instant.

The phantom of the Golden Light Buddha immediately burst!

Tsing Yi Bodhisattva was directly suppressed by the aftermath and died!

All the great Buddhas spurted blood, were suppressed, and fell into the collapsed Foshan, with a sluggish breath!

Obviously there is no power to fight again!

at the same time.

The **** general held the golden scale sharp gun and pierced through the Buddhist formation!

The whole Foshan is trembling!

The boulders are rolling.

The hall collapsed!

at the same time.

Rays of golden light shot up into the sky from behind the Buddhist gate!

One after another extremely powerful aura came from it!

In the golden light, there were five old men cross-legged.

When outside ascetics saw this scene, they all looked horrified!

"This is the Buddhist master of all ages!"

"Is this the Buddhist trump card?"

"The aura is so strong, and the realm of Buddhism and Taoism is extremely profound. I am afraid that it has reached the strength of the late emperor realm!"

"As expected of a Buddhist sect, it's hidden really deep."

At the same time, the Buddha also appeared in front of the five Buddha masters, put his hands together and said, "Please, the Buddha master!"

The phantoms of the five Buddha Lords looked at the scene in front of them.

Foshan has completely collapsed.

There was a coldness in his eyes.

"Who made a mistake in my Foshan!"

After the sermon, five people recite Buddhist scriptures at the same time!

The simple and mysterious Buddhist seal slowly condenses in this space.

Immediately, move towards Ning Chen's heart!

Ning Chenxin's expression remained unchanged.

Late stage of Emperor Realm?

I saw Ning Chenxin point out.

The nine-story pagoda smashed towards the Buddha seal at this moment!

See it.

The faces of the five Buddha masters all changed.

How strong is this aura?

What exactly did Buddhism provoke to provoke such a strong man?

Think here.

The nine-story pagoda has suppressed the Buddha seal!

At the same time, the **** will hold a golden scale gun and stab out with one shot!

A white slash, slashed at the phantoms of the five Buddha Lords!

"Fellow Taoist, please stay in the Buddhist sect..."

The words are not finished yet.

The phantoms of the five Buddha Lords were directly killed!

Fozi looked at this scene, his face finally became ugly.

Ning Chen looked at Fozi heartily, and said coldly: "Do you have anything else to say?"

Fozi snorted coldly and said, "What did you say?"

Obviously, even if you are about to die, you will not tell the whole truth!

After all, speaking out will kill him?

Ning Chen nodded heartily.

"Before, Master used a method to extract useful information from a person's soul. This method is called Soul Search."

Hear this.

The ascetics outside were all taken aback.

Buddha's complexion also changed dramatically!

Gritting his teeth, his breath began to expand rapidly!

Ning Chen felt heartbroken when he saw this: "Do you want to self-destruct your primordial spirit?"

How can he do what he wants?

Immediately, point it out!

Suddenly, the suppressive meaning of the nine-story pagoda fell on the Buddha in an instant!

Breath began to shrink!

Immediately, Ning Chenxin stretched out his hand, as if piercing through space!

Grab the Buddha's cap!

"If you have a clear conscience, why did you destroy your soul when you heard what I said?"

Fozi's face was ugly, and fear finally appeared in his eyes!

"Forget it, it's useless to ask you."

After all, Ning Chenxin's aura directly penetrated into the Buddha's soul!

At the same time, he waved out with one hand.

Above the barren realm, a projection appeared!

It can be seen by everyone in the wild world!

All ascetics look up to the sky!

Fozi's face finally became terrified, and he said, "Sect Master Ning, I will tell you where those three people are!"

However, it was too late to say these words.

Ning Chen probed into the Buddha's soul and began to search for it!

Fozi's face became distorted!

On that projection, scenes from the past began to emerge!

Not more than half a stick of incense.

Everyone has already figured out the whole story!

Buddhism wants to replace the study!

Become the orthodoxy of the barbaric realm!

So I came up with such methods, which will add fuel to the flames later!

That's why today's event happened!

Everyone looked ashamed.

It seems that they really misunderstood Ning Chenxin...

After searching for the soul, the Buddha's soul also died at this moment!

Ning Chenxin also learned the location of the three people from the memory of the Buddha!

In an instant, he disappeared in place.

Catch those three!

Immediately, take off into the sky!

Come to the sky above the study!

Trapped the three of them in front of them, and then shouted: "In the name of Ning Chenxin, I will legislate for this world!"

Ning Chenxin.

I want to set the law by myself!

He wants to finish this matter completely!

Chapter 463 Bet on your name and make a law with yourself!

"In the name of Ning Chenxin, I will legislate for this world!"

Everyone looked up at the sky in horror.

over there.

Dao of light circulates, shining between the heaven and the earth, as if illuminating the entire barbaric realm!

Under Daoguang, Ning Chenxin stood in the sky like a **** descending.

Stand shoulder to shoulder with the sky!

"How arrogant is it to bet on one's name and act on one's own body?"

"Legend is worthy of being a legend, so courageous, no one can match it."

People in the study, watching this scene.

It also sweeps away the haze of the previous events, and my heart is full of pride.

Proud of them being able to join the study!

At the same time, I am also proud of having such a fasting master as Ning Chenxin!

On the other side, in the thatched cottage.

Hongying seemed to have sensed something, looked at the sky, and smiled: "It seems that the matter of the third junior brother is over."

Then he waved his hand.

The Dao of Heaven has feelings, and agrees with Ning Chen to act with his own body!

Today's Hongying controls the way of heaven in this world.

And Ning Chen must get the approval of heaven if he wants to set the law by himself!

Mu Fusheng watched this scene.

He couldn't think of it.

Third Senior Brother, who is usually as gentle as the big brother next door, unexpectedly has such an arrogant figure.

Lu Changsheng curled his lips.

Why are you so high-profile.

...

At this moment, Ning Chen held the Taoist scriptures in his heart, standing shoulder to shoulder with the sky like a god.

The circulation of Daoguang is the orthodoxy of Confucianism and Taoism in this world!

After feeling the approval of heaven.

Ning Chen shouted in a deep voice.

mouth thunder sound.

The sound spread throughout the wild world!

"The study was originally a place of preaching, and now, it should supervise the world!"

"First, if there is a conflict of interest, mass killings must not be caused!"

"Secondly, large-scale wars are not allowed privately! If there is a reason, report it to the study, and the study will decide!"

"If you violate it, no matter to the ends of the earth or to the underworld, the study will hunt down with all its strength!"

These two restrictions.

Let everyone be dumbfounded.

It doesn't sound like much though.

However, in this monastic world where the jungle preys on the jungle.

It is not uncommon for people to cultivate for their own benefit and cause **** rivers of tragedy!

But Ning Chen dared to set up this law with his own body.

and personally supervise.

How arrogant?

How conceited?

Immediately, Ning Chenxin continued to shout: "Study is a supervisor, if he violates these two rules, then the end will be the destruction of all souls!"

If you want to supervise others, you must strictly discipline yourself.

Otherwise, how can we get the conviction of others?

Immediately, Ning Chenxin wiped her finger between her eyebrows, releasing a wisp of spiritual power.

Point to the sky!

The power of the soul, flying into the air, blending with the way of heaven!

At this time.

In the sky, a voice came out!

"Rule established."

Heavenly Thunder!

Ning Chenxin's legislation has been approved by the Dao of Heaven!

At the moment.

Ning Chenxin, whose face is full of high spirits, has become the law of this world!

did it all.

Ning Chenxin returned to the study.

Hand over the matter of supervision and how to start it to the elders and others.

...

the other side.

Lu Changsheng snorted softly, and there was indeed a slight smile on the corner of his mouth.

The way of the three disciples of myself is to hope for peace in the world.

Now, it can be regarded as the first step.

And Qingyun Jianzong.

The third level is still in progress.

In the illusion, there were originally more than forty people, but now there are only 21 people left.

The rest of the people couldn't bear the temptation, and exited the illusion with annoyed faces.

Ye Qiubai also withdrew his gaze from Ning Chenxin, and turned to the illusion again.

A person said that he wanted to worship under his sect.

Others are not qualified to teach his arrogant boy, Haotian.

Still in the illusion.

His face was dull.

Compared to other people, his face is a little pale.

This son's heart is also much stronger than this group of sword cultivators who want to worship Qingyun Sword Sect.

Jian Chaomian smiled and said: "Why, not bad."

"Do you want to consider accepting him as a disciple?"

Ye Qiubai smiled lightly: "I'm still on the path of pursuing the ultimate state of swordsmanship, so I don't have time to recruit disciples."

After that, he will continue to go to other realms to practice.

Naturally, it is impossible to bring Haotian.

Liang Feng curled his lips and said: "What conflict does this have with whether you accept disciples?"

"At that time, it will be fine to guide him when you have time, and I won't let you guide him all day like watching a child."

"Let's talk, let's see if he can pass."

Time passed by one minute and one second.

Those failed sword repairers did not leave this place directly.

Instead, he and other ascetics looked at the twenty or so people in the illusion.

They wanted to see if anyone would pass through such a difficult formation.

And just after half a day passed.

One person opened his eyes.

In the eyes, sword intent flashed out!

"It's Haotian!"

"It really is him."

Liang Feng touched his chin and said, "It's a good seedling, you can focus on cultivating it."

Jian Chaomian also nodded and said: "This son's talent is better than the two of us."

Ye Qiubai smiled and said: "Those who pass by, wait at the side first."

Hearing this, Haotian cupped his hands towards Ye Qiubai, and then stepped aside.

Didn't look at other people, but sat down cross-legged on his own.

Continue to practice.

All these scenes were in Ye Qiubai's eyes.

Talent is good, temperament is good.

Also worked very hard along the way of cultivation.

It is indeed a good seedling.

after.

Some people succeed one after another, and some people fail.

In the end, only sixteen people passed this round of tests!

Seeing this scene, everyone laughed wryly.

Although Qingyun Sword Sect had expected that the test for recruiting disciples would be difficult.

But I didn't expect it.

Thousands of sword cultivators are here.

In the end, only sixteen people remained.

And these sixteen people are all arrogance-level figures from various fields!

As the suzerain, Ye Qiubai took a step forward and said loudly: "Those who pass the three rounds of tests can join my Qingyun Sword Sect."

"You can also choose an elder to apprentice yourself."

The fifteen people all looked surprised.

Able to join Qingyun Sword Sect.

It also means that they have stepped into the top sword cultivator forces in the barbaric realm!

The remaining fifteen people all chose an elder of Jianzong to be their teacher.

Even Liang Feng and Jian Chaomian each took in a talented disciple.

Only Haotian stood still.

His face was dull.

Ye Qiubai asked: "Don't you choose an elder to apprentice?"

Haotian shook his head: "They can't teach me."

Liang Feng and Jian Chaomian were not angry.

Juniors.

It's normal to be talented and arrogant.

Were they not like this before?

If there is no arrogance, there is no arrogance.

Then what kind of sword do you want to cultivate?

Ye Qiubai smiled lightly: "Then you plan to practice by yourself?"

Haotian looked straight at Ye Qiubai, and said solemnly: "I want to worship you as my teacher."

"Only you are qualified to teach me kendo."

Ye Qiubai smiled lightly, shook his head and said, "Then I won't accept you, what should you do?"

Haotian shrugged and said, "I will prove myself in front of you."

Ye Qiubai stretched out three fingers, said: "How about this, I will give you three more tests, if you can pass, I will accept you as a registered student, how about it?"

Chapter 464 Mortal Village

Three tests?

Heard Ye Qiubai's words.

Haotian didn't even think about it, so he nodded and agreed.

Immediately.

Ye Qiubai pointed out that a sword field directly enveloped Haotian!

Enclose it in a cage!

"One month to break through the Sword Domain, this is the first test."

The ascetics who wanted to worship Qingyun Sword Sect did not leave just like that.

Looking at this scene, they all looked horrified.

Sword cultivator's control over sword intent is the foundation.

However, just like Ye Qiubai, he can easily turn the sword intent into a domain, shrink it to a person, and it can last for a month?

This kind of control over sword intent is too terrifying.

It is indeed the number one swordsman in the barren realm today.

After Ye Qiubai finished all this, he also turned around and left.

Jian Chaomian and Liang Feng glanced at each other, followed quickly and said: "Sovereign, are you being too harsh in doing this? Your sword intent has reached the realm of a sword master.

A junior who didn't cross the water and only reached the realm of sword master, how could he resist? "

Jian Chaomian also nodded, "I also think it's too much."

Ye Qiubai smiled lightly as he walked: "The higher the talent, the more potential it will be able to explode when the oppression is stronger."

"What's more, if he is my disciple, it is naturally impossible for him to be limited to this place, or even this latitude, so if he fails to pass, he can only give up."

"However, I have already suppressed the level of sword intent, and the sword intent that encloses him is nothing more than the sword intent of a great swordsman."

"As long as he can break through to the Great Sword Master within this month, he will be able to break through."

Jian Chaomian and Liang Feng looked at Ye Qiubai's back and couldn't help smiling wryly.

Even if you suppress the Great Sword Master.

However, with Ye Qiubai's understanding of kendo, suppressed by a great swordsman, it is enough to compete with the realm of Jianzong!

but.

The two also agreed with Ye Qiubai's words.

With his talent, he will never be limited to this low-latitude boundary.

Then, if Haotian wants to worship Ye Qiubai as his teacher, he must show even more monstrous talents!

...

the other side.

In the thatched cottage.

Lu Changsheng got up and looked aside, Hongying and the others were discussing each other.

Immediately, she walked to the willow tree and sat down, and asked, "Xiao Liu, do you know where the Xuanhuang Qi is?"

Willow made a voice: "Why, you want to create a small world?"

Lu Changsheng nodded.

With his current strength, it is enough to open up a small world.

At that time, there will be one more place to hide.

In case the disciples offend someone who is too strong, they can also enter this small world to hide.

"Mysterious yellow energy can be said to be a necessary thing for the formation of a world, and it is extremely rare."

"Only after the unformed realm, or the realm is completely destroyed, can it be born, which is extremely rare."

"However, I do know that there is a dark yellow energy in one place."

Lu Changsheng asked, "Where?"

"Mortal Village, but Xuanhuang Qi is a treasure they have guarded for generations. It may be difficult to borrow some."

Means to rely on strength?

Thinking of this, Lu Changsheng asked: "What about their strength?"

Hearing this, Liu Shu didn't even think about it, and said directly: "I'm not your opponent."

Not an opponent?

OK!

Lu Changsheng got up and said, "Give me the location, I'll go there."

Immediately, the willow tree emitted a green glow, flying into the center of Lu Changsheng's eyebrows.

After getting the location, Lu Changsheng and Hongying said: "I have something to go out to Mortal Village, you guys take a good look at the house."

Hongying was surprised and said, "Master, is something wrong?"

Lu Changsheng's face turned dark.

Seeing this, Hongying immediately smiled and waved her hands, and said, "I mean, there is something that needs master's help."

"I understand, I will take care of my family, Master, don't worry."

Lu Changsheng nodded, and disappeared in the same place in an instant.

Mu Fusheng on one side asked: "What is Mortal Village, why have I never heard of it?"

Hongying also shook her head, looked at Liu Ziru who was practicing beside her, and asked, "Does Senior Liu know Mortal Village?"

Mortal Village?

Hear these three words.

Liu Ziru suddenly opened his eyes, which were full of seriousness.

"The mortal village is a place that even the dark realm dare not provoke easily."

"It is said that the people in the village are all mortals and have no realm, but they have a unique physique, a mysterious and yellow physique."

"With this kind of physique, even if they meet some top powerhouses, they are not in vain."

"The sound of thunder in the breath, and the movement of the hands and feet can trigger changes in the rules of the world. This is our evaluation of the people in the mortal village."

Hongying asked in surprise, "So strong?"

Now, they all know that Liu Ziru is from a high-latitude realm.

Extremely powerful.

If Liu Ziru can say that, then this mortal village shows its terrifying strength.

I only heard Liu Ziru continue to say: "Mortal Village, unless you are invited, you are not allowed to enter."

"Trespassers, from ancient times to the present, no one can come out alive..."

Among them, the master of the dark domain is included.

Of course, Liu Ziru didn't say this.

only.

He couldn't understand why Senior Lu went to Mortal Village?

The people inside, although they are all mortals.

But the strength is extraordinary...

...

The streets are very bustling.

Aura is extremely strong.

and the Dao of Heaven are full of rich power of rules.

This is Lu Changsheng's evaluation of Tianhe Star Field.

The location of the mortal village given by the willow tree.

It is in this Tianhe star field.

However, Liu Shu didn't know the specific location.

After all, although Willow knows everything in the world.

It is not necessary to remember the specific location of all places.

Lu Changsheng could only walk on the street, found a man at random, and asked, "Brother, do you dare to ask where the Mortal Village is?"

The man's face was horrified, and he looked at Lu Changsheng like a fool.

"Nervous."

After throwing down two words, he turned and left.

Lu Changsheng scratched his head and continued to ask several people.

But still no answer.

On the contrary, the people around looked at Lu Changsheng with strange eyes.

What's wrong?

Can't even ask for directions?

Just when Lu Changsheng was in distress.

A man in a luxurious brocade robe, holding a folding fan, came to Lu Changsheng.

The man smiled and said, "This man is asking about Mortal Village?"

Lu Changsheng nodded after hearing this, "Do you know where it is?"

The man nodded, "Naturally."

"Then can you tell me the exact location?"

"Brother, do you have an invitation card?"

Lu Changsheng was slightly taken aback, then shook his head.

The man smiled wryly and said, "How dare you go to Mortal Village without an invitation card? I have to say, you are quite bold."

"If you enter the Mortal Village rashly without an invitation, you will be executed."

"However, it happens to be once in a millennium, when Mortal Village invites families from various sects to enter, and our family has also been invited."

"Brother, would you like to go back to the family with me first?"

While saying these words.

There was a haughty and conceited look on the man's face.

Chapter 465 Origin Pond Wonderland

"That's the eldest son of the Xing family, Xingcheng, right?"

"That's right, I heard that this time, the Xing family also got an invitation from Mortal Village."

"As one of the four major families in the Tianhe Star Region, the Xing family is naturally no problem getting the invitation."

I saw Xingcheng smiled and said: "Follow me back to Xing's house first, after three days, shall we set off?"

Lu Changsheng thought about it.

then nodded.

Liu Shu said that Mortal Village is not his opponent.

Then, regard Mortal Village as the Milky Way Starfield like evil spirits.

Presumably the ascetics here are not as strong as in Mortal Village.

Since this is the case, there is nothing to be afraid of.

Lu Changsheng nodded, and went to the Xing family together with Xingcheng.

It's just that Lu Changsheng's perception has been fully exerted during the journey.

Away from home.

And it's still so far away, it's better to be careful.

...

Xing Family is located in the north of Tianhe City.

After bringing Lu Changsheng to Xing's house, Xingcheng said: "Brother Lu is waiting in the yard now, I'll go and discuss with my father."

Lu Changsheng nodded.

Wait until Xingcheng leaves.

Lu Changsheng walked around the courtyard.

See if there is anything within the ambush formation.

At the same time, sense the surroundings.

Beside the courtyard where he lived, there were four ascetics hidden in the dark.

Must be spying on him.

Lu Changsheng pondered for a while.

Seems to have thought of something, making seals with both hands.

Immediately, from the center of Lu Changsheng's eyebrows, there was a burst of soul power.

Transformed into an external avatar.

Lu Changsheng himself hid his figure and left the courtyard.

Um.

Be careful, and use your external avatar to act when you are away from home.

At the same time, the perception is released.

Covered the entire Xing family!

At the same time, the location of Xingcheng was sensed.

He is found talking to a middle-aged man.

"I heard that you have found a foreign aid?"

Xingcheng nodded respectfully and said, "That's right."

The middle-aged man said lightly: "The position of the head of the family depends on the harvest of entering the mortal village this time. If your harvest is not as good as Xing Yun, I will pass on the position of family heir to Xing Yun. Therefore, if you are looking for foreign aid, you must careful."

Xingcheng smiled wryly.

What can he do?

After all, Xing Yun made some of his friends unwilling to serve as foreign aid to Mortal Village through some conspiracy.

He can only try his luck.

Although Lu Changsheng didn't know the rules of Mortal Village.

However, since he has the courage to ask Mortal Village, he should have some strength.

Xingcheng can only try his luck.

At this time.

Outside the door, a man with a mocking smile on his face came in and bowed to the man.

Looked at Xingcheng, and said with a sarcasm: "Brother, I heard that you hired a young man as foreign aid?"

Presumably this person is Xing Yun.

Xingcheng's face was ugly, "What does it have to do with you?"

Xing Yun sneered, and said, "It's not easy to be invited into Mortal Village."

"At that time, don't lose your life because of this stupid young foreign aid!"

Xingcheng snorted coldly, "I don't care about this, Brother Laozu."

After finishing speaking, he shook his sleeves and left.

That's it.

Lu Changsheng withdrew his consciousness.

It can be regarded as knowing why Xingcheng came to him.

It turned out that it was the end of the road and had no choice.

At this time.

Xingcheng also walked into Lu Changsheng's courtyard with a smile on his face.

It's just that the smile is a bit forced.

"Brother Lu, how much do you know about Mortal Village?"

Lu Changsheng shook his head.

Seeing this, Xingcheng's expression became even bitterer.

"Then I will tell you about it."

"Mortal Village, as the most mysterious force in the Tianhe Star Region, is extremely powerful."

"At the same time, because outsiders are not allowed to enter on weekdays, it is extremely mysterious."

"Every thousand years, invitations will be sent out to invite some extremely powerful sects and families to enter."

"And our Xing family has four places."

Lu Changsheng nodded.

Anyway, Liu Shu said that Mortal Village is not his opponent.

That's nothing to be afraid of.

"However, why do you want to enter the mortal village?"

Hearing this, Xingcheng said with a serious face: "There is a treasure land in Mortal Village."

"Origin Pool Wonderland, as long as you pass the test and enter it, you will be able to receive the blessings of the source pool, and your talent and strength will be greatly improved!"

"The people who entered the Yuanchi fairyland have all become big shots in this latitude!"

"Without exception!"

Lu Changsheng nodded.

No wonder.

So many people want to enter Mortal Village.

Immediately, Xingcheng said: "Brother Lu, get ready. We will set off in three days."

Lu Changsheng nodded.

After Xingcheng left.

Lu Changsheng touched his chin.

Although Liu Shu said that the people in Mortal Village are not his opponents.

But now it seems.

Doesn't seem to be simple?

It is better to do more preparations.

thought of this.

Lu Changsheng waved his hand.

In an instant, barriers that cut off the breath surrounded the courtyard.

At the same time, start to seal the scroll formation, in case of emergency...

soon.

Three days passed in the blink of an eye.

The four one-horned Pegasus horses stopped at the gate of Xing's house.

Lu Changsheng and the others wanted to ride the Unicorn Pegasus to the place where Mortal Village was located.

When Lu Changsheng was born.

Xingcheng smiled and said, "Brother Lu, are you ready?"

Lu Changsheng nodded.

And the other two horses on their backs.

Naturally, it was Xing Yun, and the other person must be the foreign aid he invited.

Xing Yun looked at Lu Changsheng with a sneer, then withdrew his gaze and said, "Is this the Lengtouqing you invited?"

"Don't even fail the first test and die in it!"

Xingcheng snorted coldly: "Xing Yun, you should take care of yourself first!"

Lu Changsheng didn't answer, and sat directly on the back of the Unicorn Pegasus.

Xing Yun's eyes showed a hint of sternness, he looked at Lu Changsheng and said, "Which power are you from? Didn't you receive my warning?"

"Warning?" Lu Changsheng shook his head and said, "What does it have to do with me?"

Xing Yun showed a murderous intent in his eyes, and said: "I should have issued a warning in the Tianhe Star Field, right? If anyone dares to help Xingcheng, it is my enemy, don't you know?"

This man is sick.

Identification is completed.

Lu Changsheng didn't pay attention to it.

My mother said, playing with silly children will make them silly together.

Seeing this, Xing Yun looked at the man with the knife at the side, and said coldly: "He Ran, take good care of this stupefied young man when the time comes."

He Ran nodded expressionlessly when he heard the words.

Xingcheng's expression was ugly, and he said, "Don't go too far!"

Xing Yun snorted coldly, and took a step ahead with He Ran.

See it.

Xingcheng looked at Lu Changsheng, and reminded: "You need to be careful of these two when the time comes, and He Ran's strength is quite extraordinary, and he might attack you."

Lu Changsheng nodded.

Shoot as soon as you shoot.

Anyway, they are not their opponents.

If you want to shoot.

Then just solve the two of them quickly.

Don't set yourself up when you are inside.

Chapter 466 The meeting of wind and cloud!

"This time, the top forces in the entire Milky Way Starfield have been invited by Mortal Village."

"Among them, the three top forces are the Dragon Palace of Beiming Town, the Yaochi Immortal Palace, and the Golden Wing Dapeng Clan."

"And these three major forces have all sent the strongest genius in the sect, Duan Chaohe from the Dragon Hall of Beiming Town, Yaochi Immortal Palace, Ji Qian Yao, the saintess of Yaochi, and the young master of the Golden Winged Peng clan, Jin Wuwu."

"And our Xing family, although considered the top force in the Milky Way Star Region, is only at the end."

Speaking of this, Xingcheng said with an ugly face: "Then He Ran is a disciple of the Tibetan Xuanzong."

"Although the Tibetan Xuanzong is stronger than our Xing family, he is not the top figure among them, so he didn't get the quota to go to Mortal Village, but he is still extremely powerful."

"So, Brother Lu, you and I need to be careful."

Along the way.

Xingcheng is telling Lu Changsheng about a sect in the Tianhe Star Region.

This also gave Lu Changsheng a basic understanding of other forces.

In general.

This criminal city is the weakest force among them.

Then Xing Yun was still thinking about killing them.

Good guy.

If Liu Shu hadn't said that the people here were no match for him, Lu Changsheng would have turned around and left.

"Don't worry too much, they can't kill me."

Look at the confident expression on Lu Changsheng's face.

Xingcheng couldn't help but smiled wryly: "Brother Lu, I think it's better for you not to underestimate that He Ran."

Lu Changsheng smiled faintly, noncommittal.

...

Mortal Village is surrounded by two mountain ranges, the peaks of which are so high that even the top experts in this world cannot cross them.

In addition, the surrounding area of Mortal Village is guarded by an extremely mysterious aura, no matter who it is, they dare not rush in.

If you want to enter the mortal village, you can only enter from the gap between the two mountains.

When Lu Changsheng and Xingcheng arrived at Mortal Valley.

There are already dozens of people waiting here.

Among them, Xing Yun and He Ran were included.

"Oh? Didn't expect you to have the guts to come here?"

Xing Yun turned his gaze around, and said with a sneer: "Do you really think that I will read it on the face of the same blood, and spare your life?"

Xingcheng snorted coldly, not to be outdone: "Who wins and who loses has not yet been decided, so it's better not to be unpredictable."

"Okay, then we will see the outcome, but the price of this battle is a bit high."

"Wait and see."

For dialogue between two people.

Lu Changsheng ignored it.

Instead, he looked around the valley.

He could feel that there was an extremely simple and vast aura circulating in the two mountain ranges.

seems to be guarding this place.

This aura is related to the mysterious yellow aura, right?

At this time, He Ran walked up to Lu Changsheng, and said with a flat face: "You and I don't have any enmity, but we have different positions. If we enter it, I will attack you. Therefore, it is better to stop here and leave here."

Obviously.

He Ran didn't think Lu Changsheng was his opponent.

Lu Changsheng smiled, but did not answer.

Are you kidding me, he came here just to be mysterious.

Let him leave with a few words?

You think you can beat me!

Xing Yun behind saw this scene, and sneered, "Brother He, if that's the case, then just kill him inside."

He Ran saw that Lu Changsheng didn't pay attention to him, nor was he angry, so he turned and left.

If you don't leave.

At worst, kill it.

What should be said, he has already said.

At this time.

In the sky.

There is a huge breath emerging!

A huge ship, with a huge dragon pattern on its hull, and above the dragon pattern, there are chains shining with purple lightning, as if the dragon is trapped in it!

At the bow of the boat, there is a stern man standing on it with his hands behind his back.

The people below also stopped talking and all looked towards the sky.

"Looks like Duan Chaohe has arrived at the Dragon Suppressing Ship in the Dragon Hall of Beiming Town."

"I heard that Duan Chaohe has been suppressing the realm all these years in order to enter Mortal Village today."

at the same time.

Between heaven and earth, a hundred flowers bloom!

There are bursts of fragrant wind blowing.

You can't see the person, but you can smell the fragrance and know the person.

Even Duan Chaohe, who had a stern face, showed a little smile at this moment.

In the entire Tianhe Star Region, only she can make Duan Chaohe show this expression.

Known as the number one beauty in the Tianhe Star Region, the saint of the Fairy Palace in Yaochi, Ji Qian Yao!

Everyone looked up into the sky with fascinated faces.

The petals were scattered, and a woman wrapped in green clothes and surrounded by brocade appeared in the sky.

The plain face faces the sky, like a hibiscus in clear water.

It seems that any embellishment appearing on a woman's face will destroy the beautiful balance.

The fairy in the painting.

But so.

Duan Chaohe also put away the Zhenlong ship, came to Ji Qian Yao's side, and said with a smile: "Qian Yao, has your practice gone well recently?"

Ji Qian Yao smiled slightly, but stepped back slightly, and said, "It's okay."

"Then we will enter it together?"

Ji Qian Yao shook her head and said, "I'm still used to going alone."

I saw a haze passing over Duan Chaohe's face, but it was fleeting, and it turned into a gentle smile, like a handsome young man, and said gracefully: "Well, I wish you good luck."

"It seems that Duan Chaohe's pursuit is fruitless!"

"Ji Qian Yao's vision is extremely high, and I don't know who can pick this lofty flower."

"Don't even think about it, I don't like you anyway."

The wind blows.

Wind and sand are everywhere!

Between heaven and earth, it was as if a tornado had risen.

In the storm, there are sharp gravel swirling in it!

I saw a arrogant laughter resounding through the world!

"Duan Chaohe, it seems you can't do it!"

Duan Chaohe's face darkened slightly, looking at the source of the voice.

I saw a man with huge golden wings on his back, a man with loose blond hair, and an arrogant face who arrived here in an instant.

"Ji Qian Yao, why bother with such a spineless man?"

"If you follow me, I will never treat you badly!"

Ji Qian Yao cast a cold glance at Jin Wuwu and ignored it.

Duan Chaohe also said in a deep voice: "Jin Wuwu, when I go in, I want to see how much your body can hold me."

Jin endlessly sneered: "We'll wait and see."

For a moment, swords were on the verge of breaking out!

And at this moment.

The enchantment in the valley of the mortal village was opened.

There is a child who appeared here.

I saw the child say: "Sir, the time has come, and those who have the invitation card can enter."

Heard the words.

Gold endlessly waved its golden wings and flew directly into the valley!

Duan Chaohe snorted coldly, not to be outdone, and also flew into it.

Ji Qian Yao followed.

Everyone also stepped into it.

Xing Yun sneered: "Xingcheng, leave now, maybe you can save your life."

After finishing speaking, he and He Ran entered it.

Xingcheng's face was gloomy, "Brother Lu, after entering it, be careful and don't act alone."

Lu Changsheng nodded.

The two also walked into it.

Chapter 467 Heaven-reaching Stone Wall!

In the mortal village.

In a bamboo house, an old man sat on the ground.

I saw that he stretched out his hand, and there was a ray of white light, which seemed to contain the way of heaven and earth!

"This time in the mortal village, there is one person's fate that even I can't observe."

"However, in the catastrophe of the starry sky, all fates are somehow connected with this person."

"I don't know if it's a blessing or a curse..."

Immediately, the old man called a boy and said softly: "Little Shitou, go and see who among the outsiders has performed well."

Little Shitou tilted his head and said, "Is there any sugar?"

The old man smiled dumbly and said, "I'll give it to you when I get back."

"It's a deal."

After finishing speaking, Xiao Shitou happily left the bamboo house.

Because he knows that Mr. will not lie.

Wait until the little stone leaves.

Mr. stood up, looked up at the sky, and sighed.

"The time of 100 million years is almost here. If there is no suitable candidate, I am afraid that this latitude will be approached..."

...

the other side.

After entering the valley.

There is nothing special about the eyes.

It's just a very ordinary small mountain village.

But.

But no one dared to make mistakes in it.

After all, anyone who makes trouble in the mortal village.

There is no possibility of surviving.

From ancient times to the present, this is the case.

At this time, the boy who led the way said in a childish tone: "Mr. said that there are nine stone walls in the village. On the stone walls, there is a practice. Those who find it and understand it will be able to enter the second level."

"If you fail, leave the village by yourself."

Someone asked: "Children, did you have any hints about the location of the stone wall?"

The boy said with a smile: "Whoever gives me something fun, I'll tell him!"

Fun?

Everyone looked at each other strangely.

In this mortal village, is it really all mortals?

Even a child is like a child in the mortal world.

At this time.

Ji Qian Yao lightly moved her lotus steps, walked up to the child, smiled lightly, and took out a kit.

In the kit, I don't know what is in it.

But it has a faint fragrance.

"Is this ok?"

The boy took a look, squeezed the kit, and said: "It smells so good, then sister, lower your head."

Ji Qian Yao lowered her head.

The boy whispered something in her ear.

Some ascetics want to use spiritual energy to eavesdrop.

was surprised to find out.

Around the boys, there seemed to be some kind of mysterious aura that hindered their aura and perception!

Afterwards, Ji Qian Yao stood up, touched the boy's head with a smile, and disappeared in place.

Obviously, clues have been found.

Afterwards, Duan Chaohe and Jin Wuwu both came up with some impressive things.

The boy also told the two of them the clue.

The rest of the ascetics looked at each other and all stepped forward.

However, when Xing Yun took out a sword, he proudly said: "This sword should be enough, right?"

After looking at it for a while, the boy shook his head and said: "Mr. said that children should not touch such sharp things, or they will hurt themselves."

"And you're so ugly!"

Xing Yun's eyes froze and his face turned ugly.

Lu Changsheng couldn't help laughing after hearing this.

Tongyan Wuji ah!

However, children are naive and usually speak out directly according to their own ideas.

Xingcheng just wanted to step forward.

Seeing that Lu Changsheng came to the boy first, bent down, took out a bunch of candied haws, and said with a smile, "This is delicious!"

The boy's eyes lit up.

Just as he was about to reach out Xiaopang's hand to take it, he heard a little girl say softly: "Xiaoju! You're taking other people's things without permission again!"

Hear this voice.

Xiaoju immediately withdrew her hand, and looked at the little girl with some timid eyes.

The little girl came over, crossed her hips and said, "The last time someone else came here, you did the same thing. Have you forgotten what Mr. taught you?"

"If you do this again, I will tell my husband to go!"

Hear the conversation between the two.

Lu Changsheng had a strange expression on his face.

The mortal village opens once every thousand years.

And this boy did this last time?

In other words, he is older than me?

But now he still looks like a child?

Sure enough.

The world is full of wonders...

I saw the little girl looking at the crowd and said: "The location of the stone wall is around the village, near the mountains, just look for it."

After speaking, he pulled Xiaoju by the ear and left here.

Before leaving, Xiaoju was still looking at the candied haws in Lu Changsheng's hand.

Seeing this, Lu Changsheng laughed dumbfounded, and stuffed the candied haws to Xiaoju.

Xiaoju smiled happily, and waved: "Thank you, big brother!"

Big brother...

Lu Changsheng had a strange expression on his face.

According to your age, I can call you senior...

Don't think too much.

Xingcheng said: "Brother Lu, let's hurry up."

Lu Changsheng nodded.

Everyone also started to act one after another.

Along the perimeter, start looking.

Half a day passed.

Lu Changsheng and Xingcheng also came to a stone wall.

And here, a beautiful woman who looks like a lotus in clear water has already sat down cross-legged in front of the stone wall to feel.

It's Ji Qian Yao!

Enemy's road is narrow.

Xing Yun and He Ran are also here.

After Xingcheng looked at the two of them, he whispered: "Brother Lu, when you feel enlightened, you still need to be alert to those two people's tricks."

"Let me go first, Brother Lu, pay attention to me."

Lu Changsheng nodded.

He also has this intention.

After all, I am not familiar with this place, so it is better to observe first.

In order to avoid any surprises.

Xing Yun and He Ran looked at this side, and after a sneer, they began to understand the stone wall.

But.

There is nothing on the stone wall.

Including Ji Qian Yao.

During these seven days, no abnormalities were found!

The stone wall is still just an ordinary mountain wall.

Someone opened his eyes with an ugly expression, and said, "Is there really a skill in it?"

"There is no aura fluctuation at all, and I can't feel any aura!"

"Didn't you lie to us?"

But, at this moment.

There is a blue light flowing around Ji Qian Yao's body!

At the same time, on the stone wall, there is also a blue light, reflecting Ji Qian Yao in the distance!

When the two green lights meet!

A cyan ball of light swept into the center of Ji Qian Yao's eyebrows!

This scene made everyone look sideways.

"As expected of the saint of Yaochi, she has such a high level of comprehension."

"I don't know if the saint can tell me, what is the skill in this stone wall?"

Ji Qian Yao opened her eyes, shining brightly.

She didn't hide her secrets either, and said softly: "It's a movement technique, but it's not complete. Maybe it's because I don't understand enough, and I can't completely break through the movement technique in the stone wall!"

Everyone heard the words.

His faces were filled with horror!

"Even the saint can't perceive it completely?"

"Then don't we..."

Immediately afterwards, He Ran and Shibi also flashed a green glow!

It's just that this green light is not as dark as Ji Qian Yao!

opened his eyes.

I saw in his eyes, not very satisfied with this.

Xing Yun is the same.

However, Xingcheng got up with an ugly face.

He didn't cause Qingmang!

"Brother Lu, why don't you try it?"

Lu Changsheng nodded.

Chapter 468 Youlong Movement

According to what the saintess of Yaochi said, there is a body technique hidden in this sky-reaching stone wall.

However, even Ji Qian Yao couldn't fully comprehend this agility.

Among them, He Ran, Xing Yun, and the green light shining on the stone wall are also extremely weak, and they must have just touched a little threshold.

Xingcheng's face was ugly, and he didn't resonate with Shibi.

See this scene.

Xing Yun sneered and said: "Xingcheng, I didn't expect you to be unable to pass the first level?"

"With your appearance, how can you compete with me for the position of Patriarch?"

Xing Cheng frowned, and said: "As long as Brother Lu passes, then I will be able to enter the next level."

When some forces enter the mortal village, they usually invite foreign aid to help.

is to prevent this moment.

After all, as long as the foreign aid passes the test, the invitees can also enter the next round of the test.

"You put your hope on a stupefied young man?"

Xing Yun laughed wantonly when he heard the words, and said: "A person who doesn't even know the rules of Mortal Village, how talented do you expect him to be?"

"Even He Ran and I just touched the threshold."

He Ran didn't pay much attention to Lu Changsheng at all.

After all, people who will be eliminated in the first test.

Is there anything to pay attention to?

Hearing these words, although Xingcheng's face was ugly.

But his heart was a little shaken.

Lu Changsheng was his choice in desperation.

If it wasn't for Xing Yun's use of some resources, he would have persuaded the few people who were supposed to be his foreign aid to leave.

Otherwise, I would not have chosen Lu Changsheng.

Xingcheng's face was full of bitterness, and he sighed slightly.

I am afraid that the position of the head of the family is no longer with him.

Ji Qian Yao looked at Lu Changsheng, her opinion was different from others.

Total feeling.

The person in front of him had a calm expression, as if he didn't care about the sky-reaching stone wall at all.

This kind of person is either extremely confident in his talent.

Or with the attitude of wanting to give it a try.

but.

Ji Qian Yao is more inclined to the first type.

Those who can come here, who is not a proud generation?

All are Tianjiao-level figures of the top forces in the Tianhe Star Field.

Lu Changsheng turned a deaf ear to the words around him.

Why do you have to argue with these people?

Wouldn't that lower your grade?

Anyway, I can't beat myself.

Most importantly...

What the **** did you say to pull hatred!

One more thing is worse than one less thing, let's pass the test quietly.

Wouldn't it be nice to just quietly take that dark yellow gas and leave?

but.

How did Lu Changsheng know.

His attitude made the people around him feel that he was too arrogant.

It seems supercilious!

Under all eyes.

Lu Changsheng stood in front of the sky-reaching stone wall and closed his eyes.

Perception, caressing on the sky-reaching stone wall.

Xing Yun sneered at the side: "Pretentious, don't waste the big guy's time, hurry up and end it!"

"The agility in this stone wall is beyond your perception!"

Xingcheng Shen shouted: "During the process of comprehension, don't disturb easily, don't you know this kind of thing?"

"Sense? Can he realize it? He's just a stunned young man. If he can realize it, how about I kneel down and apologize to you?"

"you!"

But at this time.

Lu Changsheng suddenly turned his head, opened his eyes to look at Xing Yun, and said with a bright smile, "What did you say?"

Xing Yun sneered: "I said so."

"As long as you can realize the power... method?"

The voice did not fall.

Xing Yun has not finished speaking.

Looking at the green light that began to flicker all over Lu Changsheng's body, and when it reflected the sky-reaching stone wall.

Xing Yun almost bit his tongue, his pupils shrank suddenly!

Xingcheng was also full of surprises.

Did you pick up the treasure by yourself?

A look of surprise flashed across Ji Qian Yao's watery eyes.

How long is this?

established a connection with the Tongtian Stone Wall, and captured the mystery of it.

Only ten breaths have passed, right?

Beside Xing Yun, He Ran finally opened his eyes, frowned and looked at Lu Changsheng.

Could it be that I underestimated him?

At this time.

The green light all over Lu Changsheng's body shone brighter.

On the stone wall of Tongtian.

It was originally just a small green dot, but it seemed that the green glow all over Lu Changsheng's body became stronger and stronger.

It also began to spread towards the surroundings!

There is a faint sign of covering the entire stone wall!

This scene made everyone look horrified.

Now, in just a few breaths of time, he has already tied with Ji Qian Yao!

It even started to surpass Ji Qian Yao's level!

Who is Ji Qian Yao?

Tianhe Star Field, the real top power.

The saintess of Yaochi Fairy Palace is also the disciple with the most enchanting talent!

none of them.

But, Lu Changsheng surpassed Ji Qian Yao now?

Xing Yun's face was uncertain.

Recalling the wild words I uttered at the beginning.

The face sinks like water.

Xingcheng's expression was pleasantly surprised.

Ji Qian Yao opened her mouth slightly.

How did it work?

But at this moment.

Lu Changsheng frowned slightly.

The green light on his body began to dim again at this moment!

Xing Yun's face.

Just like changing faces in a drama, the speed of change is extremely fast.

Now, after being relieved, he sneered again.

"It seems that it's just a bluff."

Everyone also nodded.

How could anyone surpass Ji Qian Yao's height?

Xingcheng's face became even more ugly.

Only Ji Qian Yao was still staring at Lu Changsheng closely.

Is this really the case?

Comprehending the sky-reaching stone wall, the green glow all over her body cannot be faked.

As long as there is a flashing green awn, it means that the threshold of that agility has been touched.

Since this is the case, why does it dissipate now?

What happened to Lu Changsheng?

Only he himself knows this.

Lu Changsheng naturally felt the mystery in an instant.

In the stone wall, there is a movement method.

The name is Youlong.

This dragon swimming technique may be perfect in the eyes of others, or in the eyes of people in the Tianhe Star Region.

However, after Lu Changsheng felt this dragon swimming technique.

Soon discovered the flaws.

Who is Lu Changsheng?

Virgo!

This flaw cannot be ignored.

So, Lu Changsheng thought, is there any way to make up for it?

In this case, we have to start from the beginning.

That's why the green light all over Lu Changsheng's body quickly began to dissipate.

This dragon swimming technique has three levels.

are Xilong, Rulong, and Youlong respectively.

The problem appeared in the first level, Xilong.

Originally, playing the dragon was like taking small steps on the waves, extremely elegant and inclined to dodge.

However, among them, the cart is turned upside down, and the emphasis is placed on the linear speed?

Forget it, what do you think?

Lu Changsheng said silently in his heart.

"System, perfect this agility."

Just like filling in the gaps of the Heavenly Demon Nine Swords before.

【Youlong movement, perfecting...】

Chapter 469 Shek Pik Hsien Loong!

Today.

The green glow around Lu Changsheng's body was already extremely weak.

Like a candle in the wind, it can be easily blown out with just a gust of wind.

Xing Yun sneered beside him and said, "For a young man like you, it's not bad to be able to reach this step."

"At least let Xingcheng survive and enter the second test."

Seeing that Lu Changsheng still didn't give up, his eyes were closed tightly, and the feeling continued.

He Ran also said: "The exercises in the stone wall of Tongtian Village in Mortal Village are all good. If you can touch the threshold, you are considered to be talented."

"Let's end here."

Ji Qian Yao turned her head at this moment, looked at the two of them coldly, and said, "When others are feeling it, you are buzzing like mosquitoes here, don't you think you are very rude?"

He Ran's expression darkened when he heard the words, and he kept silent.

The sect he belongs to, although it is also the top force in this world.

However, there is still a gap between it and such a giant as Yaochi Immortal Palace.

What's more, the other party is the saint of Yaochi Fairy Palace!

Under this gap.

Even if Ji Qian Yao came out to kill him.

Zongmen will not stand up for him, to anger Yaochi Xiangong.

Not to mention Xing Yun.

He didn't even dare to show his expression.

I can only say bitterly in my heart: "If you have a chance, you must ride on this woman!"

And at this time.

Sudden mutation!

Among the sky-reaching stone walls, the green awns began to grow significantly!

Shine like crazy!

At the same time, Lu Changsheng's body was also wrapped in that monstrous green light!

The two complement each other.

Everyone looked horrified!

This green light has already surpassed the intensity produced before!

Ji Qian Yao also looked solemn.

At this time, the green glow quickly occupied the entire stone wall within a few breaths!

Ji Qian Yao said with a serious face: "The green awns are all over the stone wall, which means that you have fully comprehended the dragon swimming technique."

"This scene, from ancient times to the present, has only been done by that senior."

Everyone looked horrified!

Of course they know who it is!

Because, that senior is known to everyone in the entire Milky Way Starfield.

The strength has already surpassed the Tianhe Star Field, and went to a more powerful existence!

Tianhe Star God!

This star field, and even this latitude, is the one who stands at the top!

Ji Qian Yao continued: "However, even for that senior, it took a full day."

And what about Lu Changsheng?

But it only cost less than half a stick of incense!

What is this concept?

represents Lu Changsheng's talent, which is comparable to Tianhe Star God!

In other words, he has surpassed him!

"How can this be!"

Xing Yun lost his voice in shock.

It's just a stunned young man who doesn't even know the rules of Mortal Village, but he can reach this level?

At the moment.

In the bamboo house, Mr. looked up, as if feeling something.

"Green awns all over the stone wall? Unfortunately, even so, it can only reach the height of Tianhe... not enough."

Mr. shook his head and continued to close his eyes.

However, in an instant, it suddenly opened again.

In the eyes, there is a divine light!

"Shibi Xianlong!"

At the same time, in front of the Tongtian Stone Wall.

The mutation didn't stop there!

Everyone was shocked to find out.

On the stone wall in front of Lu Changsheng.

Green light occupies the entire stone wall at the same time!

A green dragon slowly emerged from the stone wall!

Shibi was originally dead.

At this moment, there were bursts of dragon chant!

It resounded throughout the Mortal Village!

Longwei bursts!

In Ji Qian Yao's wonderful eyes, the expression was startled!

The Huanyun Pavilion in Yaochi Immortal Palace is known as the place with the largest reserves of ancient books.

And Ji Qian Yao accidentally saw something in it.

About the Tongtian Stone Wall in Mortal Village.

Green light occupying the stone wall is not the final state.

Shek Pik Hsien Loong!

is the final form!

As for those who can reach this step, according to ancient books, no one has ever reached it.

Just what Mr. said.

It is true.

But.

Now Ji Qian Yao saw this scene!

Xing Yun and everyone are really confused.

What kind of vision is this?

Why Hsien Loong?

However, looking at Ji Qian Yao's face.

They will know.

This man may have done something terrible.

Punishment City is even more ecstatic!

did not expect.

I am on the street, just try my luck.

Find a make-up.

But I found a treasure!

Moreover, this person's achievements in the future are absolutely limitless!

Xing Yun's face was livid.

Now, he already regrets provoking this person a bit.

So talented.

If it is not cut off, what should be done?

He Ran lowered his head, his face uncertain.

I don't know what I'm thinking.

After Shek Pik Hsien Loong passed.

The green dragon, at this moment, let out a burst of dragon roars, and came out of the stone wall!
directly drilled into Lu Changsheng's body!

Blend with it!

This is not the dragon swimming method.

Lu Changsheng frowned slightly.

This is more like a... dragon spirit?

Lu Changsheng opened his eyes.

After stretching, he looked at Xing Yun and said with a smile, "What did you say before? Do you need me to remind you?"

Xingcheng also looked at Xing Yun with a half-smile.

Even Ji Qian Yao couldn't help laughing, covering her mouth and chuckling.

It's like a hundred flowers blooming.

But no matter what, they can't compete with this white and pure green lotus.

But.

To Lu Changsheng's surprise.

Xing Yun walked over directly, without any further words, and knelt down in front of Lu Changsheng.

"Brother Lu, I was wrong before, you don't remember villains, please forgive me."

However, Xing Yun gritted his teeth and said these words.

Because he lowered his head, no one could see his distorted expression.

So straightforward?

Xingcheng was also slightly taken aback.

This doesn't seem like the arrogant and domineering style of my younger brother!

Only Lu Changsheng raised his eyebrows slightly.

This man... some city government.

is a poisonous snake.

If you are careless, it will come out and give you a fatal blow.

However, Lu Changsheng didn't care.

After all, he is not his opponent.

Moreover, causing murder here is also a violation of the rules of Mortal Village.

In mortal villages, no killing is allowed.

He came here for Xuan Huang Qi.

What if someone refuses to give it?

It is okay to rob, but it is not a last resort.

Lu Changsheng still felt that it was better to be more stable.

Thinking of this, Lu Changsheng waved his hand and said, "Okay, okay."

Xing Yun stood up, cupped his hands at Lu Changsheng, and then backed away.

At this time, He Ran also came over and said: "I'm sorry before, but I will not disrespect you again.
At the same time, I will also voluntarily withdraw from the Mortal Village."

If you want to draw a clear line with Xing Yun.

Then he lost his status as a follower, and he could only leave.

Hear here.

Everyone was shocked.

So bold?

Mortal Village is such a great opportunity.

Can also give up?

As everyone knows.

He Ran was thinking.

People with such talents, why should they provoke them?

Too much life?

The opportunity is great, but you have to fight for it!

Chapter 470 Changes in the lake water!

At this time.

Xingcheng came over, only to see his face showing ecstasy, and said: "Brother Lu, I didn't expect you to be able to reach such a level?"

"This talent is really shocking!"

Lu Changsheng just smiled lightly, did not agree, but asked: "The first test is over, so where is the second test?"

Before Xingcheng could speak, Ji Qian Yao at the side moved lightly, walked up to Lu Changsheng, and said softly, "I know the location, let's go together."

Seeing that the saintly girl from Yaochi, who treats people very gently on the surface, but rejects people thousands of miles away, even took the initiative to talk to a man, everyone couldn't help being surprised.

Even Xingcheng couldn't help taking a step back, and patted Lu Changsheng on the shoulder inexplicably.

Lu Changsheng didn't know what Xingcheng was thinking.

Can't help sneering in my heart.

woman?

snort.

Women only affect my fishing... Oh no, the speed of drawing the sword!

Since ancient times, the heroines of those novels, haven't most of the hatreds been drawn by the heroines?

The woman in front of me is extremely beautiful.

Like a fairy in a painting.

However, it is precisely because of her beauty and her identity as the saint of Yaochi.

It will bring a lot of trouble to Lu Changsheng!

Therefore, Lu Changsheng also took the initiative to take a step back, and distanced himself from Ji Qian Yao.

Then he nodded with a smile and said, "Then please trouble the girl."

Seeing Lu Changsheng's move.

Everyone couldn't help being struck by lightning, as if petrified in place...
this person...

Is it a steel bar?

Even Ji Qian Yao was slightly surprised, and couldn't help but glance at Lu Changsheng curiously.

Then nodded with a smile, and walked towards a place.

On the way, Ji Qian Yao explained: "The second hurdle in Mortal Village is to test the extent of the skills comprehended in the sky-reaching stone wall."

"So, in the first round of tests, most of those who just touched the threshold will fail in the second round of tests."

Lu Changsheng nodded and said: "Isn't that, those ascetics with weak green lights are doomed to fail?"

Ji Qian Yao chuckled and shook her head: "Not necessarily, the second round of tests lasted a total of seven days, and although there were very few breakthroughs during these seven days, some people did."

"But how did the girl know?"

Ji Qian Yao said: "Among the ancient books in the palace, there are records of ancestors entering the mortal village."

Lu Changsheng nodded.

Da Zongmen is convenient.

People in some secret realms and forbidden areas can know some of the secrets in advance.

At this time.

Those who passed the first round of tests have already arrived at the small lake.

Surrounded by greenery.

The water in the lake is so clear that from a distance, even ordinary people can easily see some small fish and shrimps swimming happily at the bottom of the lake.

And above the lake, there are nine stone platforms.

Each stone platform is three meters apart.

For ascetics, this is not very wide, and it can be crossed with just a light step.

The surface is really so simple?

Among the people present, none of the ascetics took it lightly and showed a relaxed face.

On the contrary, they are all extremely dignified.

Why?

This is Mortal Village.

is the place where Tianhe Star God came.

According to legend, the Tianhe Star God was able to reach his current status.

It was because he walked out of the mortal village.

Then, how could this test be so simple?

At this time.

A man stood up.

His shining green awn in the sky-reaching stone wall is no worse than He Ran's.

Even higher than that!

But, still can't compare with Lu Changsheng and Ji Qian Yao.

The man came to the lake with a serious face.

Ready to try it out.

Under the gaze of the crowd.

Jump out in one step!

Came to the first stone platform!

However, when he came to the stone platform, he could clearly feel that there was an invisible force in the sky, preventing him from flying.

This is a forbidden area!

The man frowned slightly, and then stepped forward!

Want to reach the second stone platform.

But at this moment.

The calm lake water is full of sudden changes!

The lake water in the ancient well without waves seemed to explode at this moment!

Aroused countless water columns!

Lasing towards the man who is still in mid-air!

The man's face changed.

But he didn't panic, after all, he was also a Tianjiao-level figure.

I saw him directly using the dragon swimming technique, his body was like a loach, shuttling through the water column!

When everyone saw this scene, they couldn't help but breathe a sigh of relief.

"It seems that this test is not difficult."

"Well, the outside world has exaggerated the Mortal Village."

"That's it, I can do it myself!"

Only Ji Qian Yao shook his head lightly, and said, "He's dying."

Um?

Xingcheng on the side was also slightly taken aback.

Lu Changsheng echoed: "It failed."

Why did it fail?

Doesn't this look smooth?

And at this time.

I saw the water column burst out, and the splashed water droplets fell on the man's body sporadically.

The man's face suddenly changed!

These water droplets seem to weigh ten thousand catties!

So many water droplets fell on his body, as if he was carrying dozens of mountains on his shoulders!

There is no room for resistance.

was directly smashed into the lake by these water droplets!

Everyone was stunned when they saw this.

"There is a problem with the water in this lake!"

"Even if you bypass the water column, you can't touch any drop of water?"

Looking at the water column rushing up to the sky, the splashing water drops like pear blossoms raining down.

Almost no gaps!

Seeing this, I can't help but feel my scalp tingling.

Sure enough...

It's their way of underestimating Mortal Village.

The man also climbed onto the shore in a rather embarrassing manner.

His face was a bit ugly.

It's too shameful that we didn't even reach the second stone platform!

Immediately afterwards, several people wanted to have a try.

"That's Zhang He from Heming City! They are famous for their physical skills!"

"The master of Chongxiao Palace, Bo Yun, is also extremely talented!"

...

However, no matter how powerful a disciple of Tianjiao is.

Even if it was the second stone platform, they couldn't go up.

What's more, there are nine stone platforms in the lake...

How does this get through?

At this time, Ji Qian Yao walked out of it.

"Is the saint of Yaochi going to make a move?"

"I don't know how much she can pass. After all, the degree of green light she blooms is second only to that man."

"It shouldn't be a problem. The saint of Yaochi Fairy Palace is so talented. This second test should not be too difficult for her."

I saw Ji Qian Yao flying onto the stone platform!

Without any hesitation, he used the dragon swimming technique!

Step towards the second stone platform!

The lake erupted, and the water column soared into the sky!

The fine water droplets, like rain falling from pear blossoms, fell towards Ji Qian Yao!

this moment.

Ji Qian Yao's figure keeps changing!

The speed also skyrocketed at this moment!

The first level of the dragon-playing technique, playing the dragon!

Lu Changsheng nodded slightly.

not bad.

Compared to the previous ones.

At least he has comprehended the first level of agility.
