

## My Disciples 481

Chapter 481 The three sects are coming!

Outside.

The village head and He Zhen looked at the testers who were sent out one after another.

All of them were slightly taken aback.

What the \*\*\*\* is going on inside?

How did this test eliminate so many people so quickly?

The village head looked around, but did not find Lu Changsheng and Duan Chaohe.

He Zhen said with a smile at this time: "It seems that Duan Chaohe has come to the end."

"Village Chief, the birth of a mortal village is God's will, and God's will cannot be violated!"

The village chief's face was ugly.

If Mortal Village is born, he doesn't know how much impact it will have.

after all.

The ancestors and the husband must have their considerations in setting up such a rule.

"The result has not yet been determined. Is it too early for you to draw a conclusion now?"

He Zhen smiled and said: "What's the suspense? Now that Jin Wuwu has come out, how can he be Duan Chaohe's opponent with that entourage alone?"

Immediately, He Zhen looked at Jin Wuwu, and asked with an extremely relaxed expression: "Jin Wuwu, tell me what's going on inside."

Jin Endless showed an inexplicable smile, but did not answer.

See this scene.

He Zhen looked down.

Could it be that there was an accident?

At this time.

A green glow flashed past.

He Zhen and the village head all looked over!

The people in the green light will determine the future direction of Mortal Village.

But.

He Zhen's expression changed, and the village chief's eyes were pleasantly surprised!

The person in the green light is actually Duan Chaohe!

Duan Chaohe came out first!

In other words, the one who won in the end was Lu Changsheng.

He Zhengang wanted to ask questions.

But Duan Chaohe roared in horror: "Isn't it impossible for your mortal village to kill without permission! Stop that follower quickly!"

Stop it?

The faces of He Zhen and the village head changed slightly.

In the direction where Duan Chaohe appeared just now.

The space was actually torn apart!

I saw Lu Changsheng stepping out of it.

Immediately, in the direction where Duan Chaohe was running away, he stretched out his hand!

An invisible force pressed towards Duan Chaohe!

At this time.

He Zhen shouted angrily: "Bold! How dare you act presumptuously in the mortal village? Have you ignored our rules?"

Immediately, shoot with one palm!

A palm print that affects the power of heaven and earth!

Among them, there is actually a bit of dark and yellow aura!

collided with Lu Changsheng's invisible aura!

At this time.

He Zhen's face changed slightly, and he took three steps back, with blood spilling from the corner of his mouth!

However, Lu Changsheng's attack was also blocked.

Huh?

Lu Changsheng was a little surprised.

Although it was just a casual blow.

However, he was stopped by He Zhen?

"Who the \*\*\*\* are you?"

He Zhen's face was full of surprise. With this kind of strength, he is definitely not a small follower.

Lu Changsheng didn't answer, but pointed at Duan Chaohe and said, "You want to stop me?"

Hearing this, He Zhen said with an ugly face: "In the mortal village, unauthorized killing is prohibited!"

Lu Changsheng nodded.

Since you want to stop him, there is nothing you can do.

This mysterious yellow energy, let's grab it together...

Immediately, with \*\*\*\* together, the sword pointed to the void!

The two slashes contain the principles of the sword!

Slash towards He Zhen and Duan Chaohe behind him!

The expressions of both of them changed!

Taoism? !

This person has actually comprehended the principles of the sword!

Among the Three Thousand Avenues.

Corresponds to three thousand kinds of principles!

The way of the sword is the highest way!

In the entire Tianhe Star Field, there are only a handful of people who have comprehended the Dao.  
certainly.

This does not include He Zhen!

But.

The way of the sword is about to cut He Zhen and Duan Chaohe.

In the sky!

A huge roar came out!

I saw that a flood dragon trapped by huge chains appeared in the sky!

And above the Jiaolong.

A middle-aged man in a white coat with blue patterns slapped it with one palm!

Immediately!

Stormy sea, rough sea!

The water vapor between the heaven and the earth seems to be gathering here at this moment!

Like a tsunami, it rolled towards these two swords!

The way of water!

at the same time.

In the mortal village, among the bamboo huts, there was also an invisible force that appeared in front of He Zhen!

At this time.

Two slashes containing the principles of the sword fell on top of these two forces!

Boom!

The world is turning!

It's like turning it upside down!

In this space, a huge force of destruction suddenly appeared!

The power of the three principles.

Collided together at this moment!

The space keeps collapsing!

Everyone on the ground, run with all your strength to resist!

Those with weaker strength were all swept away into the distance!

"Who are you? Why do you want to kill my disciple of the Dragon Palace in Beiming Town?"

The village head looked up to the sky, his face darkened.

"The master of the Dragon Palace in Beiming Town, Yun Ziru."

Immediately.

In the sky, there is a strong wind!

The golden-winged rocs covering the sky and the sun also came here!

is the first person.

The face is rough!

Golden hair, all over the body!

The breath is extremely frightening.

"The patriarch of the Golden Winged Roc clan, Jin Li."

I saw Jin Li laughing and said: "I heard that there is a primordial purple air here? I want to see what this legendary \*\*\*\* is like."

"Oh? Don't the Golden Winged Rocs all like to \*\*\*\* things from the younger generation?"

Following this melodious voice like a fairy sound, it fell.

The whole sky.

The petals are fluttering.

The fragrance is overflowing.

One is wearing tulle.

But still unable to hide the stunning beauty of the woman, appeared in this world!

Jin Li saw this woman, licked his lips, and said with a smile: "I didn't expect that Ji Liuzhi also came in person?"

Season willow branches.

The three major forces in the Tianhe Star Region, the owner of the Yaochi Fairy Palace.

It can be said that when she was young, she was also known as the number one beauty in the Tianhe Star Region.

But now, this name has been hereditary by Ji Qian Yao.

One can imagine.

When the Primordial Purple Qi appeared.

Jin Wuwu has already passed the news to the clan.

This fetish cannot be easily let go!

Once you get it.

The Golden Winged Roc clan will leap to become the most powerful in the Milky Way star field, and there is no one there!

certainly.

Ji Qian Yao is not stupid either.

After Jin Wuwu, she also sent a message to her master, Ji Liuzhi.

after all.

Everyone is innocent and conceives his crime.

She still understands this truth.

At this time, Yun Ziru also nodded, and said: "It seems that this trip is the right one."

At this time, Duan Chaohe pointed to Lu Changsheng and said, "Master! That fetish is in their hands!"

Yun Zirui set his eyes on Lu Changsheng, and said: "Hand over the Primordial Purple Qi, maybe I can forgive you for attacking my disciple."

Jin Li also laughed wildly: "It's really funny! Are all your human races such pious people?"

"To rob is to rob, why hide?"

"Junior, if you give it to me! I will save you! And I, the Golden Winged Roc clan, will give you a generous reward!"

Lu Changsheng laughed at this time.

"Your strength should not be as good as Mortal Village, right?"

Everyone was slightly taken aback.

I don't know why Lu Changsheng asked such a question.

"Since this is the case, it will save me to find them one by one..."

#### [Chapter 482: One palm](#)

Skyrim of Mortal Village.

Aura is constantly surging like the tide of heaven and earth.

Frequency conversion now!

The sky on the left.

There are countless black black iron chains, criss-crossing!

In the sky, outline the vertical and horizontal!

It's as if the whole world is bound and suppressed with chains!

And the right side.

has a pair of golden wings covering the sky and the sun!

On the wings, each fine golden feather is like an extremely sharp sword.

formed a huge sharp metal storm.

Can cut all sprites!

The two visions were emanating from Yun Zirui, the master of the Dragon Palace in Beiming Town, and Jin Li, the patriarch of the Golden Winged Peng clan.

Lu Changsheng stood under these two terrifying visions, and said lightly: "That's fine, it saves me having to look for them one by one."

Hearing Lu Changsheng's words, everyone couldn't help being taken aback.

Yun Zirui also raised his eyebrows, and said: "It's arrogant."

Jin Li also laughed and said: "This kid is not bad. In this way, as long as you hand over the things, you will be allowed to join my Golden Winged Roc clan, and I will personally exchange blood for you!"

The blood of the Golden Winged Roc clan is naturally the top blood in the Milky Way Starfield.

Behind Lu Changsheng, Ji Qian Yao looked pitifully at Ji Liuzhi in the sky.

Ji Liuzhi naturally noticed his gaze, and shook his head helplessly.

Voice transmission: "He gave you all the primordial purple energy, so I will naturally keep him. What's more, he was able to defeat the bone-winged snake and tiger by himself, which proves that his talent is even far superior to yours."

Unfortunately...

Yaochi Immortal Palace does not accept male disciples.

Or break a precept?

In Ji Liuzhi's mind, he couldn't help but think of the decision to go against his ancestors...

after all.

She is still very optimistic about Lu Changsheng's talent.

And it looks quite suitable for Qian Yao?

Listening to the conversation between the two above, Lu Changsheng couldn't help shaking his head and laughing, and said, "I won't give you things, and I won't join in."

"Young man, have you thought it through?" Yun Ziru held his hands behind his back, high in the air, with his eyebrows lowered, looking down at Lu Changsheng.

Jin Li also showed murderous intent, "Speak well and don't listen, then your road has come to an end."

And just when the two were about to make a move.

A figure came from a bamboo house in the village.

"Everyone, this is my mortal village. Don't initiate conflicts here. Do whatever you want after you go out."

The village chief couldn't help but look happy when he heard the voice.

Immediately, he cupped his hands in the direction of the bamboo house and said, "Sir."

The same is true for the villagers of other mortal villages.

Mr., is the pillar of Mortal Village.

This has been the case since the establishment of the village.

never change.

Just listen to the gentleman say: "Everyone should know the rules of Mortal Village. If you still want to break the rules, then I will not show mercy."

Yun Zirui's expression turned ugly, and he said, "Sir, we naturally abide by the rules, but if this young man wants to kill my disciple, does he also violate the rules of Mortal Village?"

Jin Li sneered beside him.

But I dare not make any more rash moves.

The proud Golden Winged Roc clan will be very afraid when facing Mortal Village.

Because, the Mortal Village is a place that even the Tianhe Star God and the one from the Demon Realm respect.

Just listen to Mr. continue to say: "If he makes a move, I will naturally block it."

"However, it is you who want to break the rules now, right?"

At this time, He Zhen spoke.

"Sir, everything is caused by this son, keeping him is a future problem, how about handing him over?"

The village head's face was slightly condensed, and then he looked at He Zhen, and said: "It seems that you are secretly cooperating with one of these two forces?"

"Before you wooed Duan Chaohe, you didn't choose Jin Wuwu. You reached an agreement with the Dragon Palace of Beiming Town."

He Zhen didn't hide it, but shrugged his shoulders and said, "I just want to take the village forward, what's wrong?"

Yun Zirui also smiled and said: "Village Chief, sir, the rules of Mortal Village are too old-fashioned, you should go out."

The village chief frowned, glanced at Yun Zirui, and shouted: "When did an outsider get involved in the affairs of Mortal Village?"

At this time.

Mr. interrupted their conversation, "Guys, why are you here? Don't hide it. It's meaningless. I'll say the same thing. If you want to make a move, I will accompany you in Mortal Village."

The tone is mild.

However, both Yun Zirui and Jin Li's expressions turned serious.

They know that once they make a move, Mister will definitely make a move!

Mr.'s strength has always been unknown.

But definitely better than them!

This is recognized by everyone.

For a while, fell into silence.

Ji Liuzhi also nodded slightly.

Since there is a gentleman who speaks out to protect him, then Lu Changsheng's safety is no problem.

But.

Just when I thought so.

Lu Changsheng's words made her almost die of anger.

"Don't do it anymore? Then I will do it."

Even in the mortal village, if they don't make a move, after they go out, they will try their best to  
\*\*\*\* the primordial purple energy.

And the beam has been knotted.

Cause and effect are connected.

Be sure to cut the mess quickly!

Ji Qian Yao on the side also quickly pulled Lu Changsheng.

Why is this?

Isn't it just looking for trouble?

The village chief was also dumbfounded.

Mr. has spoken out to protect you, but you still want to take the initiative?

Duan Chaohe also couldn't help but sarcastically said: "You make a move? Now, my master is here, how can you do it?"

Mr. also said: "The rules of Mortal Village..."

However, the words are not finished yet.

Lu Changsheng was like a thunderbolt!

No, the speed seemed to reach the speed of light, and in the blink of an eye, he appeared beside Duan Chaohe.

When Yun reacted freely.

A palm has already landed on Duan Chaohe's Tianling Gai!

Immediately!

Sword intent rushed into the body!

Swept across Duan Chaohe's body!

In just an instant, Duan Chaohe cut off all vitality!

"So much nonsense, my ears are callused."

Yun Ziru's expression was ugly, and he said, "Sir, now that this son has killed this disciple, you shouldn't be able to stop him, right?"

Under his nose, killing his own disciple?

Beiming Town Dragon Palace is one of the strongest forces in this star field.

Let's not mention anything else, where should I save face?

Suzerain is present.

The disciples of the sect were killed under the eyes of the suzerain.

How many people will choose Beiming Town Dragon Hall in the future?

Mr. also frowned in the bamboo house.

Is this man so hot-tempered?

However, since he dared to make a move, he would naturally have his support.

Thinking of this, my husband is a little interested.

"You solve it yourself, but if it affects the mortal village, don't blame me for being ruthless."

Hearing these words, Yun Ziru snorted coldly.

Point out at Lu Changsheng with a finger!

One time!

The huge chains across the sky are all heading towards Lu Changsheng to suppress!

Chapter 483 Killing requires a supplementary knife

Lu Changsheng's shot.

Everyone was unexpected.

Under the situation where the masters of the two major forces gathered together and stared at each other.

Still regardless of any consequences.

have to say.

The rest admired Lu Changsheng's courage.

However, admiration belongs to admiration.

This also gave the two top powerhouses a reason to make a move.

It is impossible for Mister to still favor Lu Changsheng under such circumstances.

Ji Qian Yao looked anxious, but she didn't immediately blame Lu Changsheng.

Instead, he looked at Master Ji Liuzhi, who is also the lord of Yaochi Immortal Palace Ji Liuzhi.

Existence side by side with Yun Ziru and Jin Li.

"Master, please help him!"

Ji Liuzhi looked helpless.

At first, the matter calmed down under Mr.'s voice.

Even if she leaves the Mortal Village, she will come forward to protect her when the time comes.

Life is naturally no problem.

But now, Lu Changsheng has turned into the worst situation because of his own will.

no solution anymore...

The disciples all asked each other.

And he gave Ji Qian Yao the primordial purple energy.

This is Yu Li.

Yu Qing.

With the appearance of his own disciple, isn't he already trapped?

I can't just watch the man my disciple likes get killed, right...

Therefore, Ji Qian Yao stood up and said: "Master Yun, there is no need to be as knowledgeable as the younger generation."

General knowledge...

This is already an endless situation!

Seeing Yun Ziru still not stopping.

Ji Liuzhi waved the silk and satin, preparing to block the blow for Lu Changsheng.

But he saw a golden feather storm beside him!

Stop it!

Jin Li smiled and said: "Master Ji, why don't you make a move? Why don't you talk to me about romance?"

Ji Liuzhi's face turned cold.

Fight with Jin Li!

And looking at the countless huge chains rushing towards him.

With the meaning of endless suppression!

At the same time, above the chain, there is a tidal surge.

A shocking wave like the coming of the doomsday swept towards Lu Changsheng!

The meaning of suppression, and the harmony of the way of water.

At this moment, the breath is extremely terrifying!

The village chief gritted his teeth and prepared to make a move.

However, He Zhen stopped in front of his eyes.

"This is someone else's business, so why don't we make a move?"

The village head looked ugly, "He Zhen, Mortal Village will be dragged into the abyss by you!"

"Maybe it's going to prosperity?"

Now, everyone saw Lu Changsheng facing Yun Ziru's full blow alone.

The power and influence that seems to suppress the world.

They all shook their heads regretfully.

With such talent and strength, as long as he survives, he will definitely become the strongest person in this star field in the future.

Maybe be able to follow the back of Tianhe Star God?

Unfortunately, he has no chance...

However, Lu Changsheng's face did not change at all.

Looking at the Tidal Chain faintly, it came with a suppressive force.

There was even a hint of thought in his eyes.

What is the difference between this thing and your own suppression formation?

thought of this.

Lu Changsheng showed a curious look.

When the palm of the hand sticks out.

Formation formed instantly!

One after another, the meaning of suppression that seems to surround the world slowly emerges!

Simultaneously, at the same time as the base formation!

The formation quickly took shape.

With the help of the power of heaven and earth.

Hands in formation!

Array?

What's the use of that?

Yun Ziru's face turned cold, and he pressed his palm down!

The chains seemed to turn into roaring dragons!

Accompanied by bursts of dragon chant, it collided with Lu Changsheng's formation!

However, when the chains and formations touched the moment.

Those roaring and rolling dragons.

It seems that they are all dumb.

The roar just now disappeared.

Those giant dragons transformed into chains were directly suppressed by the suppression in the formation!

With a bang, they landed on the ground, as if the sky had fallen, pressing on their bodies, unable to move!

See this scene.

Yun Ziru's complexion changed drastically!

The formation formed in an instant actually suppressed his full strength with a blow?

To know.

They, the Dragon Palace of Beiming Town, are proud of the method of suppression!

However, compared with Lu Changsheng now.

Like a bright moon and a firefly.

With a little effort, he can be crushed!

Ji Liuzhi and Jin Li also temporarily stopped fighting, looking at this scene with horrified faces.

Yun Ziru fell into a disadvantage?

Could it be that they all misjudged it?

Ji Qian Yao blinked her eyes.

He...doesn't seem to need Master's help?

So easily repelled Yun Ziru who was of the same level as the master.

I'm afraid even if the master makes a move, there is nothing he can do...

He Zhen's face changed slightly.

Yun Ziru shouted in disbelief: "How did you do it? Who are you?"

Lu Changsheng waved his hand, glanced at the chain with disgust, and muttered, "It looks pretty cool, but it's not that good..."

Immediately, Lu Changsheng looked at Yun Ziru, without saying anything.

rushed towards him directly!

Cutting grass requires root removal.

Since a conflict has been initiated.

Naturally, we resolved it together.

To avoid a lot of trouble later.

Even Yun Ziru couldn't see Lu Changsheng rushing over.

I can only faintly feel the constantly fragmenting space in the air!

Speed alone can cause the space to collapse?

Yun Ziru knows.

They hit the iron plate!

Such strength.

Who the hell?

Still pretending to be a junior?

"Senior, I'll leave now, please..."

The voice did not fall.

Lu Changsheng's face appeared in front of his eyes.

Looking at his sword finger slowly sticking out.

The sword finger seems to contain all the swordsmanship between heaven and earth!

Contain the rules of heaven and earth in one finger!

Seeing this, Yun Ziru didn't have time to say more, and roared, his face turned blood red!

Flood dragons entangled in layers of chains emerged from Yun Ziru's body!

At this moment, Yun Ziru's strength also skyrocketed!

The secret technique of the Dragon Palace in Beiming Town!

Unlock Dragon Art!

Following Yun Ziru's hands pinching formula.

The body of the dragon is bound by chains, at this moment, the chains are untied!

Jiaolong let out a roar!

Along the body, it coiled around Yun Ziru's arm!

At this time, Yun Ziru punched out!

Dragon chant bursts!

The space is also collapsing at this moment!

The sky will collapse for it!

The breath is extremely terrifying!

Lu Changsheng didn't hide or hide, his sword still pointed forward.

across the space, pointing directly at Yun Ziru's fist.

Poof!

The sword finger is like a sword that cuts iron like mud.

Penetrated Yun Ziru's fist without hindrance!

Immediately, under Yun Ziru's frightened eyes.

Lu Changsheng turned his fingers into palms and squeezed Yun Ziru's fist.

Suddenly, with a flick of the arm, it was thrown into the ground like a shell!

Boom!

The entire Mortal Village and the surrounding mountains stretching thousands of miles are shaking!

But.

Lu Changsheng didn't stop.

A swipe of the palm of the hand.

Suddenly, behind him, huge swords appeared overwhelming!

These giant swords are all condensed by the way of the sword!

When killing people, remember to make up the knife.

This is an unchanging truth throughout the ages.

[Chapter 485: small stone](#)

Outside the bamboo house.

When Lu Changsheng came here, the door of the bamboo house had already been opened.

In it, there was an old man with jet-black hair but frost-white temples sitting in it.

It looks ordinary, without any aura fluctuations.

"Let's have a cup of tea."

I saw Mr. talking while washing tea.

Lu Changsheng didn't go over immediately, but looked around.

After confirming that there was no ambush, he walked into the bamboo house in three steps and turned his head.

Seeing Lu Changsheng like this.

Mr. couldn't help laughing and said, "Don't worry, I'm not your opponent."

I have to say, Mr. sees it very thoroughly.

When Lu Changsheng killed Yun Zirui, he knew that the outsider in front of him was stronger than himself.

"After all, you have completely controlled the rules of this world."

"Even Tianhe is not your opponent."

Mr. Tianhe is naturally the top powerhouse in the Tianhe Star Field, the Tianhe Star God.

none of them!

Lu Changsheng sat down opposite to Mr.

Mr. poured out the first cup of tea, and asked casually, "Why do you come to my mortal village with your strength?"

"Here, there should be nothing you can pursue."

Hearing the words, Lu Changsheng didn't beat around the bush, and said straightforwardly:  
"Mysterious yellow gas."

Mr.'s hand motions stagnated slightly, he shook his head and said, "Although I don't know how you know the existence of Xuanhuang Qi, you should come back, fellow daoist."

"The Xuanhuang Qi is something that my mortal village has guarded for generations."

Lu Changsheng did not show any weakness: "I must get this too."

Mr. was about to refill the teacup in front of Lu Changsheng, but when he heard these words, he paused, refilled his own, and put down the teapot.

"Although no one in Mortal Village is your opponent, it is not so easy for you to get Xuanhuang Qi."

"At least, I can control Xuanhuang Qi to self-destruct."

"Although it's a pity to do so."

Lu Changsheng raised his eyebrows, but smiled: "Then you can try."

His tone was full of confidence.

After all, with Lu Changsheng's degree of caution, he naturally thought of this fate of losing both sides.

So, in order to prevent what Mr. said.

Lu Changsheng had already made preparations.

The formation that suppresses all auras to self-destruct and space collapse has already been engraved in the formation scroll...

And looked at Lu Changsheng's confident expression.

Mr. also gave a wry smile: "Why do seniors need mysterious energy?"

"That's not your concern."

"How about this, I can lend you Xuanhuang Qi, but I can only share a wisp."

Mr. pondered for a while and said: "However, if Mortal Village is in trouble in the future, you have to help."

Lu Changsheng hesitated for a moment.

Immediately nodded, said: "Yes."

It is best to resolve it peacefully.

But it is also inevitably involved in the cause and effect of Mortal Village.

"One more thing."

Mr. beckoned.

Suddenly, the little stone who was playing in the yard trotted in.

"You can adopt him, take him out, or consider him an adopted son."

Lu Changsheng looked at Xiao Shishi, and his expression suddenly collapsed.

"Can I change the request?"

Let him adopt a child?

Then his peaceful life is like a time bomb?

Although there are already those C4s like Ye Qiubai who will explode at any time by countdown...

What made Lu Changsheng even more upset was that.

Raising a child is really troublesome!

Mr.        smiled and said: "Little Shitou has no father or mother since he was a child, and I also want to find a home for him."

"Then you adopt it yourself."

"I don't have the ability."

Lu Changsheng was slightly taken aback.

Don't have this ability?

Although Mr. is not as strong as himself.

But it can be seen from the attitude of outsiders towards Mr. that he is not ordinary.

Even the husband said that he did not have this ability.

What is the origin of this kid?

Lu Changsheng looked at Xiaoshi.

He asked in his mind: "System, can you check this child's information?"

【Name: Little Stone】

【Ability: Unknown】

【Qualification: Unknown】

Unknown?

This is the first time this has happened.

【The host can be accepted as a disciple, and he didn't compete to issue the task of accepting apprentices because he couldn't find out his qualifications. 】

Lu Changsheng thought about it for a while.

Looked at Mr. and nodded: "Okay, I agree to this matter."

Capabilities and qualifications that can make the system undetectable.

Lu Changsheng was a little curious about what is so special about this little stone.

Mr. smiled and nodded.

Then he looked at Xiao Shitou and said, "Little Shitou, are you still not apprentice?"

Little Shitou looked at Lu Changsheng and said, "Is there any candy?"

Lu Changsheng nodded.

Little Shitou looked happy, and quickly knelt down in front of Lu Changsheng, and kowtowed three times.

"Little Shitou pays homage to Master!"

Mr. saw this.

Then he got up and said: "The fellow Taoist, come with me."

Follow Mr.'s footwork.

The two came to a stone room.

Passed through several secret doors, in an empty secret room.

In the center, there is a huge stone platform.

On the stone platform.

There is a wisp of khaki breath flowing!

Among them, there is quite a mixed atmosphere!

Not only has the power of rules.

There is also the remaining breath when the world first opened!

usually.

Known as the power of the world!

Mr. waved his hand, and suddenly, a wisp of dark yellow air separated from it.

"This item is precious, and I hope fellow Taoists don't let it out."

Lu Changsheng nodded.

...

And got Xuanhuang Qi.

Lu Changsheng took the small stone, directly broke through the space, and left the Tianhe Star Field.

In order not to cause the woman to have some unrealistic fantasies.

after all.

Lu Changsheng doesn't want to be entangled in trouble from a beauty...

When the time comes, troubles will come one after another.

Dang got the news that Lu Changsheng had left.

Ji Qian Yao's expression darkened.

Ji Liuzhi watched this scene and sighed secretly.

It seems that the thing I was most worried about happened.

"There will be many opportunities in the future, what you have to do now is to improve your own strength."

Ji Qian Yao nodded upon hearing this.

Looking towards the collapse, there is still the breath left by Lu Changsheng's shot.

I will definitely work hard to practice.

When I catch up with you in the future, I will appear in front of you again!

...

At the moment.

The village chief came to where Mr.

"Sir, have you given that item to that senior?"

Mr. nodded.

"In the future, we will still need the help of that senior, and all indications show that the survival of the Tianhe star field, and even the entire high-latitude realm, is tied to that senior and...Little Stone."

The village chief was silent.

...

When traveling through space.

Lu Changsheng hugged the small stone to prevent him from being hurt by the space storm.

After all, with such a fast speed, if no protection is provided, even Ye Qiubai and the others will be directly smashed into pieces.

At this moment, Xiao Shito stretched out his hand out of curiosity, and broke away from Lu Changsheng's aura barrier!

Lu Changsheng's eyes were startled.

However, it was discovered that the hand of the little stone was able to survive the space storm unscathed!

#### [Chapter 486: Creator](#)

Lu Changsheng looked at this scene in amazement.

Little Stone didn't have any aura fluctuations on his body.

Like a mortal.

When checking his body, even the dantian hadn't been opened yet!

However, the meridian is much wider than that of ordinary people.

However, it is now possible to survive the space storm, and under such a fast shuttle, unscathed?

It seems.

There is a secret in the little apprentice I have taken in!

...

Only half a day.

Lu Changsheng took the small stone back to the thatched cottage.

Ye Qiubai and a group of senior brothers saw Lu Changsheng return.

They all got up one after another, and bowed their hands towards Lu Changsheng.

When they see the little rock.

They all looked shocked!

Immediately, the brothers and sisters surrounded him.

"Who is that kid?"

"Master is so strong, he wouldn't have provoked other girls when he was wandering outside, and then..."

"Ah! Could it be Master's son?"

"I didn't expect Master to be such a person..."

The words of Ye Qiubai and others.

Lu Changsheng could naturally hear it clearly.

I saw his brows twitching constantly.

"Are you... drifting away?"

"I've only been gone for a few days, and you've healed the scars and forgotten the pain?"

"Is it because the teacher is too old to lift a knife, or your wings are hard?"

Looking at Lu Changsheng, he showed an extremely dangerous expression.

Hongying immediately pointed at Ye Qiubai and said, "Master! It's what the big brother said, we just agree!"

Ye Qiubai: ...

Familiar formula...

Sure enough, she is my good junior sister...

Lu Changsheng waved his hand, and said impatiently: "It's alright, alright, stop making trouble, this is your little brother."

Little Junior Brother?

Everyone looked surprised.

Master has taken in such a young disciple after going out this time?

This doesn't even open up the dantian...

As a senior brother, Ye Qiubai stepped forward, knelt down, touched Xiao Shishi's head, and said, "Junior brother, welcome to the thatched cottage."

"From now on, we will be a family."

Little Shitou bit his finger and said vaguely: "Brother, is there any sugar?"

Ye Qiubai was taken aback for a moment, why would he carry candy with him?

At this time, Mu Wan'er walked over from the side, took out a bunch of candied haws, and said with a smile: "Little Shishi, come here, sister has it here."

Little Shitou smiled happily and ran over with his calves.

Regardless of the playfulness of these disciples.

Lu Changsheng came to the cliff.

Willow asked next to him, "I can't see through that kid."

Lu Changsheng smiled and said: "Me too, this is the first time I have a feeling of curiosity, I want to train him, I don't know where he will go in the future."

This is the first time that Lu Changsheng has not accepted a disciple because of the system.

It was also the first time that Lu Changsheng really wanted to take an apprentice.

The willow tree shook the willow branches lightly, "Whether it's a blessing or a curse, we don't know yet."

"By the way, did you get Xuan Huang Qi?"

Lu Changsheng nodded, stretched out his hand, and a khaki breath full of world power fluttered in Lu Changsheng's palm.

"What are you going to do?"

Lu Changsheng didn't speak.

Instead, he used the spiritual energy in his body to envelop this ray of black and yellow energy.

Assimilate with it!

Xuanhuang Qi.

is the foundation upon which a world is formed.

If the world is likened to a building.

Then this mysterious yellow gas is the foundation of the building.

This step is to let Xuan Huangqi recognize the master!

After the creation of one side of the world is completed.

Then Lu Changsheng is the creator of that world.

Immediately.

Shoot with one palm.

Immediately!

The law of endless life filled the whole thatched cottage at this moment!

Everyone stopped playing and looked over in horror.

Such a powerful meaning of endless life.

Master, what do you want to do?

One world, there is life, but also death.

Death comes after death, this is the basic law of a world.

Immediately.

An extremely cold way of death also floated out of Lu Changsheng's hands.

One life and one death.

Blend with each other!

Aura burst out from Lu Changsheng's body!

The way of space is constantly opening up and expanding in the void!

Centered on Xuanhuang Qi.

One Void World, and that's it!

Ye Qiubai and everyone looked at each other.

In the eyes, there is horror.

Now, they get it.

Master wants to create a world!

Although they already knew that Lu Changsheng's strength was unfathomable.

But I didn't expect it to be so scary!

At the moment.

In the world created, there is still nothingness.

There are no mountains, rivers, vegetation, or living beings.

Lu Changsheng thought for a while, looked at the willow tree, and smiled.

But, no matter how you look at it, that smile seems to be malicious...

Willow:...

Although he was speechless, a whole willow branch floated out.

Lu Changsheng took it.

Covered with the principle of endless life, it falls towards the world of nothingness.

Immediately!

The vegetation is rising!

Lu Changsheng pointed towards the sky.

Spring rain falls.

Those twigs and grass seedlings all began to grow at a speed visible to the naked eye!

Foot stomp.

The mountains and rivers stretching for thousands of miles began to rise slowly from the flat ground!

Reach out for a lead.

The rivers transformed by aura merged into the mountains and rivers!

Raise your hands and throw your feet.

has completed such an amazing move.

Ye Qiubai and the others had already stayed where they were.

Immediately sighed with emotion.

"This is the real strong..."

"With every gesture, create a world and control the life and death of a party."

The strength of their master is truly unpredictable...

Even Willow was slightly surprised.

"It seems that I still underestimated his strength?"

Lu Changsheng didn't stop.

At the moment.

Although there are already mountains and water in the world.

But still something is missing.

That is an animal.

You can't just throw a few monsters outside and let them go in to reproduce, right?

Lu Changsheng thought about it.

Point to the sky.

"Lei Lai."

Immediately!

In the sky, thunder and lightning!

The whole world is covered by thunder!

Continuous bombardment on the ground, vegetation, and rivers!

And after the thunderstorm.

In the river, there will be tiny creatures.

This is the power of knowledge.

However, Jianghe is formed by the condensed spirit of Lu Changsheng.

The growth of all those microorganisms will not be as slow as the earth in the previous life.

It is estimated that it will not take long.

Spirit beasts will appear.

And this is the end.

One world is initially completed.

Lu Changsheng nodded in satisfaction.

All of these are created according to the appearance of the previous life.

It can be regarded as satisfying my longing.

Lu Changsheng looked at the cottage under his feet.

thought about it.

It seems that something is missing.

So, Lu Changsheng waved his hand.

The entire mountain where the thatched cottage is located is surrounded by the power of space!

And then disappeared in Tibetan Taoist Academy.

Transferred to the new world.

At this time.

Qin Tiannan just wanted to visit the thatched cottage.

found out.

The mountain in front of me suddenly disappeared!

Qin Tiannan's eyes widened.

"What's the situation?"

#### [Chapter 487: mid-latitude boundary](#)

Eternal Life Realm.

That is the new world created by Lu Changsheng.

These days, Lu Changsheng led his disciples to perfect some minor details in the world of longevity.  
certainly.

No surprise, Lu Changsheng spends most of his time fishing...

According to what Lu Changsheng said, if the boss doesn't fish, who will? Is it possible to let you group of wage earners fish for fish?

The bone-winged snake and tiger were regarded by Lu Changsheng as a watchdog to temporarily protect the longevity world.

Naturally, the Jiuyou Huangquan formation also followed the move in of the thatched cottage, and became the protection formation of the longevity world!

And small stones.

The space was broken by Lu Changsheng and thrown into the perilous and violent space turbulence.

This is the way of little stone's cultivation.

At the beginning, Lu Changsheng tried various competitive exercises.

For example, Dan Dao, Zhen Dao.

Even strong in the way of swordsmanship.

Little Stone's performance was mediocre.

Just when Lu Changsheng was at a loss what to do.

He thought of the scene where Little Stone stretched out his hand into the space storm without any damage.

Then guess, maybe the little stone has something different about the power of space?

Now tested, and indeed.

What surprised Lu Changsheng even more was that the cultivation of the little stone did not require any exercises.

Throw it into the space, devour the space turbulence and space storm, and you can continuously improve your cultivation!

And the speed is extremely fast.

This is just seven days.

Little Stone's realm has been raised from zero to False God Realm!

Calm days are always short.

For people like Ye Qiubai who are extremely talented and evil.

itself cannot calm down.

This period lasted for forty days.

Ye Qiubai's strength has reached the late stage of Emperor Realm.

Hongying broke through to the state of distraction!

After Ning Chenxin set the law with his own body, his understanding of Confucianism and Taoism became more profound, and he might also have the strength of distraction.

Xiao Hei's Eternal Demon Body is more stable, and at the same time, practicing in the turbulent space, the fourth line has been completely stabilized.

At the same time, the second memory fragment has also been completely absorbed.

Shi Sheng also reached the early stage of distraction.

Mu Fusheng, on the surface, has also reached the late stage of distraction state.

And on this day, Qin Tiannan sent a voice transmission to Lu Changsheng, saying that a girl had come to find her, and she seemed quite anxious.

Let him bring it in.

Ye Qiubai was overjoyed.

"Azusa?"

Mu Ziqing bowed to Lu Changsheng first.

Then he looked at Ye Qiubai anxiously and said, "My father was taken away!"

"There is also the emperor, Mu Zhengting, who was also arrested!"

Ye Qiubai and Mu Fusheng's expressions sank at the same time.

"What happened?"

Mu Ziqing told the whole story.

After fleeing from the Borderless Domain, Xie Nan suddenly returned. He did not know where he got the inheritance, and his strength increased significantly.

Directly captured Mu Libei, Mu Zhengting and other high-level executives of the borderless domain, and took them to the evil domain!

That is, the mid-latitude boundary!

Among them, Jian Wufeng, the suzerain of the Star Meteor Sword Sect, was naturally included.

"Now there is no leader in the borderless domain, it is already in chaos!"

Ye Qiubai said with a gloomy face, "He didn't say anything?"

Mu Ziqing shook her head and said, "However, he took my father away probably because of you."

Everyone looked at Ye Qiubai.

Ye Qiubai did not hesitate, and said: "Even if it is Yangmou, we must go."

Going to the mid-latitude boundary means going deep into the evil garrison, which is full of dangers!

Lu Changsheng behind had already guessed, rolled his eyes and did not speak.

Anyway, I'm used to it.

Mu Fusheng nodded and said: "I will definitely go, but the borderless domain cannot be without a leader, otherwise the consequences will be disastrous."

If no one suppresses a territory, then those who are interested will take the opportunity to plunder resources wildly!

"Don't worry about this."

Hongying stood up and said: "Leave this matter to me, just right, and it will also spread the power of the Yunhuang Empire to the borderless domain."

Mu Fusheng felt relieved.

My second senior sister is, after all, the empress of a generation of empires. It is best to leave this kind of matter to her.

Discussed the countermeasures.

Ye Qiubai and his disciples came before Lu Changsheng.

Just wanted to talk.

But was interrupted by Lu Changsheng: "Go if you want, pay attention to safety."

Ye Qiubai and the others were slightly taken aback.

Huh.

Master, is this attitude wrong?

Aren't you usually very displeased with them doing this kind of thing?

seems to have guessed their thoughts.

Lu Changsheng rolled his eyes and said, "It seems that if I don't let you go, you will be obedient."

not to mention.

Even those forces in the high-latitude boundary are not his opponents.

Even if the people in the Milky Way Star Region are the worst in the high-latitude realm.

That's better than people in the mid-latitude boundary, right?

"Also, when Hongying goes, take Xiao Liu with her."

"It is impossible to rule a territory without absolute suppression by the strong."

Hongying also had the same intention.

After all, the Yunhuang Empire is still relatively weak compared to some forces in the Borderless Domain.

As for Hongying herself, she hadn't reached the Composite Dao Realm either.

Liu Ziru, who was drinking tea at the side, almost spit out the tea in his mouth after hearing this.

Is this treating me as a wage earner?

Just wanted to refute.

But saw Lu Changsheng glanced over.

"All follow the instructions of the seniors!"

Liu Ziru believes that as long as she refuses, she will be pulled over for training...

However, recalling my own identity.

Five-star deacon in the dark realm!

However, it has gotten to the point where it is now...

Thinking about it, Liu Ziru's chest was congested...

Xiao Hei also stood up at this time, and said: "I want to go too, but I can't go with senior brother."

"The place marked in the memory fragment is also in the mid-latitude boundary."

Of course, Xiao Hei also wanted not to affect other brothers.

After all, if you find the third memory fragment, you may be discovered by the demon rebels...

Shi Sheng also nodded: "I also want to find the core of the stars."

Now, the team is established.

Xiao Hei and Shi Sheng walk alone.

Ye Qiubai, Mu Fusheng and Mu Ziqing are going to the evil realm.

Liu Ziru brought everyone to the latitude barrier.

If you want to resist the mid-latitude boundary, you must cross the latitude barrier!

Liu Ziru said at this time: "The strength of the evil domain, although in the eyes of me and your master, is just a small grasshopper."

"However, for you, it is still a bit intense."

"So I still suggest you, don't rush to go to the evil domain, and practice for a while. After all, the target of the other party is you, and they will definitely not be executed prematurely."

"As for why your master didn't help you solve it directly, I probably want you to take this as an experience."

Want to become stronger.

can not rely on others.

Ye Qiubai and others smiled and nodded.

They naturally understand this truth.

And that's exactly what Master did.

Unless it is really impossible to solve, it will never be shot.

Seeing this, Liu Ziru used a jade seal to open the latitude barrier.

Ye Qiubai and others rode the space ship and entered it!

But.

After crossing the latitude barrier.

encountered a space storm!

The space storm in the mid-latitude boundary is not comparable to that in low latitudes!

No matter how to defend, it is impossible to reverse the tragic image of the spaceship being destroyed.

Everyone, under the protection of the jade pendant given by Lu Changsheng, was dragged to various places...

## Chapter 488 Qinghai City

is the ubiquitous artistic conception and the richness of aura.

A coast.

On the beach.

Crabs crawled across the man's sandy cheeks.

At this time, on the sea level, there is a big ship looming.

After docking on the shore.

A woman in Tsing Yi stepped off the big boat under the protection of the guards.

"Huh? Wait."

The woman stopped suddenly.

Looked at the man lying on the beach, and walked over.

The guard hurriedly said: "Miss! Please go back to the house immediately! The Yang family has already begun to attack our Kang family in the open. If you delay, you may be blocked by the other party!"

Beside the woman in Tsing Yi, a young man said: "Don't be so nervous, it won't take too long."

The guards dispersed, but they were still vigilant around them.

The woman in Tsing Yi walked forward, bent down, and after investigating the man's situation, she found that although he was seriously injured, he was still alive.

"Someone brought him back to the mansion."

The young man came over, frowned slightly and said: "Sister, although I know you are kind, but in this tense time, if you don't know the identity of the other party, it's better not to add trouble."

The woman shook her head and said: "The Yang family is one of the best big families in Qinghai City. They won't use such inferior methods that can be seen through at a glance."

"What's more, this person has a faint sword intent all over his body, and he is a sword cultivator. There is no sword cultivator in the Yang family."

The young man hesitated for a while, but nodded, and then said to the guard commander beside him: "Go and check."

The leader nodded.

...

When Ye Qiubai opened his eyes, he saw a mahogany roof.

Struggling to get up, the aura in his body was still thin.

After encountering the space storm, although the self-defense jade pendant given by the master resisted most of the damage.

However, after drifting in space for a long time.

The aura in the body is no longer enough to support the defensive barrier of the jade pendant.

Leading to a lack of spiritual energy, the jade pendant dissipated.

It seems to hear the sound in the house.

A plain-looking maid came in and said pleasantly, "Are you awake?"

Ye Qiubai looked over, the maid didn't have any cultivation, she was just a mortal.

"Where is this...? Did you save me?"

The maid put the wound medicine beside the bed, and said patiently: "This is the Kang family in Qinghai City. As for who saved you, it is the young miss."

"You should thank her well afterwards, the young miss is so kind!"

Ye Qiubai nodded: "Thank you very much."

"Okay, turn your back."

Ye Qiubai did the same.

The maid applied the wound medicine to Ye Qiubai's back.

What surprised Ye Qiubai was.

These wound medicines are not as good as the elixirs refined by the master.

But placed in the entire low-latitude boundary, it is also an extremely top-level existence!

It seems that Ye Qiubai's doubts can be seen.

The maid said: "This wound medicine is the most low-level wound medicine in the mansion, but this is not what the eldest lady meant. After all, the situation between the Kang family and the Yang family is now anxious, and other resources cannot be vacated."

It seems that we have reached the mid-latitude boundary...

The lowest-level wound medicine, and the top-level wound medicine that can be hired in the low-latitude border of the United States.

"According to what you say, the Kang family is in trouble now?"

"That's right!" The maid said helplessly: "The Yang family is more powerful than the Kang family, but for some reason, they have taken a fancy to the sea area owned by our Kang family and want to fight for it."

"The Kang family will naturally not hand over the sea area to the Yang family, so this is the current situation."

Ye Qiubai pondered for a while.

Since I was rescued by members of the Kang family.

should return.

At this time.

A young man walks in.

The maid immediately got up and said respectfully, "Master."

Kang Cheng nodded, then looked at Ye Qiubai, and said, "Are you awake? Now that you're awake, let's get out of here."

Ye Qiubai nodded and asked: "I will leave, but is there anything I can do to help?"

Kang Lima knew that the maid had told Ye Qiubai about the matter, and after glaring at her, he said: "With your strength, those who cannot help us will fall into it and cannot survive."

Kang Cheng's strength is at the early stage of Emperor Realm.

Now, Ye Qiubai's body is short of aura, so Kang Cheng naturally regards Ye Qiubai as a low-level cultivator.

Hearing this, Ye Qiubai smiled and nodded.

Since everyone has said so.

Ye Qiubai naturally wouldn't stay here in a shameless manner.

After thanking again, he left the Kang family.

After entering a restaurant.

Ye Qiubai also learned.

Qinghai City is an unknown city in the mid-latitude region, that is, the weakest city.

There are not many resources.

Can only rely on the monsters in the sea to go out

#### [Chapter 489: One step, blood splattered on the spot!](#)

When Kang Haiqiong looked at the man with the sword in front of him, his eyes were slightly stunned.

"Is your injury healed?"

Ye Qiubai smiled lightly.

This woman is really kind-hearted. In this case, the first sentence was to ask about his injuries.

"Thanks to you."

Ye Qiubai turned to look at Yang Ming's side.

I also have a general understanding of the opponent's strength.

Among them, the person next to Yang Ming is in the mid-stage of distraction, while Yang Ming himself is half-distracted.

Among them, more than a dozen people were from the late stage of Emperor Realm.

It's no wonder that Kang Haiqiong in the late stage of Emperor Realm is no longer his opponent.  
but.

The strength gap between the mid-latitude boundary and the low-latitude boundary is also really large.

It is just an unknown city, and its family has a strong Daoist.

Yang Ming frowned at this time and said: "The Kang family does not have a sword cultivator, who are you?"

Ye Qiubai smiled and said, "I came here to repay my kindness."

Hearing this, Kang Haiqiong was moved, but her eyes were still full of anxiety: "You have nothing to do with my Kang family, leave quickly, and the Yang family will not make things difficult for you."

Obviously.

Kang Haiqiong believes that Ye Qiubai's strength is not enough to deal with the members of the Yang family.

"Won't it be embarrassing?" Yang Ming sneered, and said: "In Qinghai City, how many people dare to meddle in my Yang family's affairs?"

After finishing speaking, he looked at the guard at the side and said, "Go, take him down."

The guard walked out with a grin, and picked up the long stick in his hand.

A gust of wind envelops the stick!

The artistic conception of wind.

It seems that the people in the mid-latitude realm master the artistic conception, but it is the foundation.  
only.

In this realm full of artistic conception, it is really not difficult to grasp the artistic conception.

Seeing the other party rushing towards you.

Ye Qiubai took a light step.

The Nine-Foot Star Meteor Sword in his hand slashed forward.

Just moments!

A sword glow flashed by!

The guard's forward momentum has ended.

His face showed a blank look.

The head has been separated from the body!

Blood splattered all over the beach!

Everyone was shocked!

Although the guards are not of high level.

But it has also reached the late stage of Emperor Realm!

But now, the sword cultivator in front of him cut off his head with a single blow!

There is no extra movement.

One step, one sword.

Kang Haiqiong and the surrounding guards were stunned when they saw it.

This man who was rescued from the beach actually has such strength?

Yang Ming's face was ugly, and he said, "Let's go together!"

As soon as the voice fell, all the guards rushed towards Ye Qiubai!

saw this scene.

Ye Qiubai's complexion did not change.

Look relaxed.

The Nine-Foot Star Meteor Sword in his hand pointed forward.

The meaning of the sword master swept out from Ye Qiubai's body at this moment!

Overwhelmed more than a dozen Emperor Realm guards of the Yang family!

Sword Domain!

The faces of the dozens of guards all changed.

The sword intent everywhere around, every strand, every strand, is full of shocking killing intent!

It seems that as long as there is a slight movement, it will be killed instantly!

Ye Qiubai didn't have any intention of holding back.

Similarly, there was no hesitation.

The tip of the sword pointed down.

The sword field rioted instantly!

Countless sword intents, like a tornado!

Directly strangle those dozens of imperial guards!

The guard commander beside Kang Haiqiong said in horror: "This kind of powerful sword intent, I am afraid that even I cannot resist it."

Yang Ming also looked horrified.

Where did this man come from?

Such a powerful swordsman, why did the Kang family have friendship with him?

"You too!"

Hearing Yang Ming's words, the mid-stage powerhouse in the distracted state stepped forward in one step!

Immediately, he picked up a broad knife in his hand, wisps of water.

Gather into groups.

Form a stormy sea!

Slashed towards the sword field like a heavy artillery!

Kang Haiqiong's face changed slightly when he saw the other party's strong distracted man making a move, and said, "Uncle He, go and help!"

The guard commander on the side nodded slightly when he heard the words, and was about to make a move.

Looking at what happened in the next moment, his face did change slightly.

I saw the Nine-Foot Star Meteor Sword in Ye Qiubai's hand, shining with a sense of endless life!  
at the same time.

In the sword field, there have also been shocking changes!

Four different moods gather in the Sword Domain!

Formed a monstrous sword formation.

The fusion of the sword array and the sword field turned into a giant sword in the void.

Filled with destructive power!

The strong man in the distracted state also looked condensed.

Hold the knife handle firmly with both hands.

At the same time, drink in your mouth!

"Splitting the sea!"

Immediately!

The broad knife in the hands of the god-distracting powerhouse seems to have turned into a shocking sharp blade, which can easily cut through mountains, rivers and seas!

One time.

The wind is grinning.

The sea keeps churning!

The fine sand on the beach keeps turning up at this moment!

But.

Ye Qiubai has now reached the late stage of Emperor Realm.

In the middle stage of Emperor Realm, one can still kill people who are divided into God Realm.

Now in the late stage of the Emperor Realm, the sword intent has been refined again, so how can you be afraid of this person in the middle stage of the Distraction Realm?

I saw Ye Qiubai hold it in the air.

It's as if you are holding the Four Ultimate Absolute Beginning Sword in the Sword Domain!

At the same time, use the star meteor sword technique!

Head towards this shocking sharp blade!

Boom!

A loud noise erupted at the center where the swords intersected!

On the beach, the fine sand turned into strong winds, continuously falling for hundreds of miles around!

Click!

With the sound of metal cracking.

Everyone was shocked to find out.

The broad knife in the hands of the middle-stage distracted man unexpectedly snapped at this moment!

The sword in Ye Qiubai's hand didn't stop, and directly cut through the opponent's body!

Cheap!

Blood splattered everywhere!

It falls like rain.

The eyes of the middle-stage distracted man showed disbelief.

The strength of the opponent is only in the late stage of Emperor Realm, why can he kill himself so easily?

With doubts.

This strong man in the distracted state completely lost his vitality...

Yang Ming looked horrified, and fled when he saw this.

Ye Qiubai's expression didn't change at all, holding the Nine-foot Star Meteor Sword, he took a step forward!

In an instant.

The body flew away like an arrow leaving the string!

Yang Ming felt the murderous intent getting closer behind him.

While running, he shouted loudly: "I am the second youngest of the Yang family, let me die, and there will be... heavy...retribution in the future?"

The last word just fell.

Yang Ming stopped, lowered his head, and looked at the nine-foot long sword in disbelief, passing through his dantian from behind.

Feeling his rapidly passing vitality, Yang Ming's eyes were filled with ruthlessness and regret.

Opened his mouth, but couldn't speak.

Vitality completely dissipated.

stayed on this beach forever.

Ye Qiubai drew out the Xingyun sword, but there was not a single drop of blood on the sword.

Kang Haiqiong looked at this scene with a surprised face, and said: "Who are you? Qinghai City, there is no such a powerful young sword cultivator."

Ye Qiubai smiled and said, "It doesn't matter where you come from. You saved my life. It's my duty to help you."

And at this time.

The support of the Kang family also arrived.

The leader is Kang Cheng.

Kang Cheng saw that the beach was covered with blood.

came to Kang Haiqiong's side, and said anxiously: "Sister, are you okay?"

Kang Haiqiong shook her head with a smile, and said with lingering fear: "Fortunately, Ye Qiubai arrived in time..."

#### [Chapter 490: still warm](#)

Looking at the blood stains all over the beach.

Yang Ming has lost his vitality, but his eyes are already filled with resentment.

Kang Cheng looked horrified, raised his head to look at Ye Qiubai, and asked, "You did all of this?"

Ye Qiubai nodded.

saw the other party admitting.

Kang Cheng stood up, cupped his fists at Ye Qiubai and said, "Thank you, Brother Ye."

But the face is also a little hot.

Recalling what I said before, there are some who look down on the opponent's strength.

Now, not only has Kang Haiqiong been rescued, but all the opponents have also been dealt with.

Even if I am myself, I can't do it...

Ye Qiubai waved his hands and said, "You guys saved me, so it's only natural for me to help."

Seeing what Ye Qiubai said, Kang Cheng seemed to have thought of something, opened his mouth, but closed it again.

It seems that there is something to say, but he hesitates.

Seeing this, Ye Qiubai said, "Is there anything else I need to help?"

Seeing that the other party brought it up, Kang Cheng said: "Brother Ye, can you help our Kang family again?"

Kang Haiqiong frowned and said, "Kang Cheng, don't embarrass Ye Qiubai! The other party saved me and has paid off the favor!"

Ye Qiubai smiled and said: "It's okay, it just so happens that I'm here for the first time, and I have something to ask, so it's considered a reward."

...

Along the way.

Kang Cheng told Ye Qiubai about the situation: "Now, the power at the top of the Yang family is stronger than that of our Kang family."

"The Yang family has a peak He Dao state and a late He Dao state strong man, while our Kang family only has two late He Dao state masters."

Although there is only a small realm apart.

However, at the level of Hedao Realm, even a small realm, there is a huge difference.

"Right now, the Yang family is afraid of the Kang family's cards. They are afraid that we will fight them to the death. At that time, the City Lord's Mansion will benefit from it, so they did not launch a full-scale attack."

"So, after the two parties talked, they decided to rely on the younger generation of the families of each party to conduct three matches and two wins to determine the ownership of the sea area."

Kang Haiqiong on the side echoed: "Both parties can invite a foreign aid. It is said that the Yang family invited a first-class force in the Tianqing Region, an inner disciple of Wangyunzong."

"And that inner disciple has reached the late stage of distraction..."

Qinghai City is a fringe city in the Azure Domain.

Late stage of distraction?

Ye Qiubai nodded slightly.

In this realm, with Ye Qiubai's current strength, I am afraid that some preparations are still needed.

However, it is okay to pull out the Qingyun sword.

However, Ye Qiubai will not rely on Qingyun Sword unless it is absolutely necessary.

"When does it begin?"

Kang Haiqiong replied: "After seven days."

A group of people returned to Kang's house.

Kang Haiqiong and Kang Cheng took Ye Qiubai to the Patriarch's Mansion.

The head of the Kang family, Kang Yao, is a strong man in the late stage of the He Dao Realm.

"I've heard everything."

Kang Yao looked at Ye Qiubai, nodded slightly, and said, "Thank you, little friend, for your help, but the other party is an inner disciple of Wang Yunzong's late-stage distraction state, I'm afraid..."

The elders on the side also frowned.

"Isn't this nonsense? Invite a person who has not yet reached the distraction state, how to compete with the other party?"

"Isn't this just giving up the sea?"

"Kang Cheng, your mind is so immature, how can we safely hand over the Kang family to you?"

Heard the sarcasm of the elders.

Ye Qiubai was not angry either, but just smiled lightly: "Your Kang family still has a younger generation, or can other foreign aid take on this great task?"

Kang Haiqiong and Kang Cheng on the side blushed.

Their talents are considered good, but they are not enough when facing the inner disciples of the first-class forces in the Azure Region.

Kang Yao also sighed slightly.

Facing the forces of the Yang family, their Kang family couldn't get any foreign aid at all!

This also caused outsiders to be extremely unfavorable to the Kang family.

Even, a conclusion has been drawn.

In this competition, the Kang family will definitely lose!

The faces of the elders turned red, but what Ye Qiubai said was the truth, and he couldn't refute it.

Kang Yao looked at Ye Qiubai carefully, saw the other party smiled slightly, and after hearing the other party's identity, there was still no timidity in his eyes.

Yes, just after a little fighting spirit.

Gritted his teeth and nodded: "Okay! Ye Xiaoyou, I will leave this matter to you. If it succeeds, as long as you ask me in the future, my Kang family will help me no matter what!"

Ye Qiubai shook his head and said, "I just want to repay the kindness."

After finishing speaking, he left the mansion.

There are still seven days left, and he needs to practice and practice.

Cultivating in the thatched cottage these days, competing with the younger sisters and younger brothers, and under the occasional guidance of Lu Changsheng.

Ye Qiubai felt that his sword intent had reached a peak.

Only one opportunity is needed to make another breakthrough!

And at this moment in the mansion.

The great elder worried: "Patriarch, is it really appropriate to entrust this matter to him?"

The third elder on the side agreed: "If it's not possible, then I agree with the plan of the City Lord's Mansion and marry Haiqiong over."

"In this way, with the contacts of the City Lord's Mansion, it is very simple to invite a foreign aid who is not weaker than the other party."

"no!"

Kang Yao said with a gloomy face: "I can't do the thing of selling girls for glory!"

"What's more, what good is the city lord's mansion? Even if they marry, will they not be jealous of the Kang family's sea area?"

"After all, there seems to be some kind of fetish under our sea area. Will the City Lord's Mansion let our Kang family go?"

The elders were silent.

"Rather than that, it's better to fight to the death!"

...

Seven days passed by in a flash.

Ye Qiubai opened his eyes and retracted the sword intent beside him.

has improved.

But still no breakthrough.

Ye Qiubai was not in a hurry either.

After all, the most taboo thing in cultivating the Tao is to be impatient.

Kang Haiqiong came to Ye Qiubai's mansion and said, "Brother Ye, it's started."

Although the tone is light.

But the looming worry can still be heard.

"Brother Ye, if it doesn't work, you can leave, no one will blame you."

Ye Qiubai smiled and said, "With your personality, you will suffer a lot in this world."

Kang Haiqiong was slightly taken aback.

"However, with people like you, there is still warmth in this cold-blooded and ruthless monastic world."

"Keep it up."

Kang Haiqiong smiled slightly after hearing this.

The worries and tensions in my heart were also washed away a lot.

The two came to the competition venue hand in hand.

The Yang family has come here.

The City Lord's Mansion, as a neutral, attended as a referee.

Watching the arrival of everyone in the Kang family.

Patriarch Yang sneered and said, "Kang Yao, is this the foreign aid you invited?"

"Why don't you just admit defeat? Maybe I can keep your Kang family."

Kang Yao's face was ugly, "The matter has not yet been decided, is it too early for Patriarch Yang to draw a conclusion so early?"

Patriarch Yang sneered: "Why, is it possible that you still expect people in the Emperor Realm to be able to compete with people in the late stage of the Distraction Realm?"

"Or, do you put your hope on the two juniors of your Kang family?"

At this time.

The lord of Qinghai City, Tian Yijian interrupted the conversation between the two, and said: "Since we are all here, let's start over there, masters from both sides!"
