

My Disciples 491

[Chapter 491: Just try it!](#)

The Kang family, Kang Cheng, Kang Haiqiong and Ye Qiubai played.

On the side of the Yang family, there are the eldest young master Yang Hong, the third young master Yang Chao, and Ren Yinhai, an inner disciple of the Wangyun Sect, a first-class force in the Tianqing Region.

Among them, the strength of the youngest Yang Hong is in the early stage of the distraction state, and the strength of the third young man Yang Chao is in the late stage of the emperor state.

On the competition stage.

Almost everyone in Azure City came here to watch the battle.

After all, this is a battle that determines the division of forces in Azure City.

"The strength gap between the Kang family and the Yang family is too great, and they can win at most one game."

"Well, at the early stage of distraction, together with Ren Yinhai of Wang Yunzong, we can win 100%."

Now, there are no practitioners in the state of distraction in the Kang family.

Such a gap in strength is in the eyes of everyone.

The Kang family must be defeated.

It's just a delay for some time, doing useless work.

Even the elders of the Kang family had gloomy faces.

Even they are not optimistic about this competition.

And with the sound of the City Lord's Mansion, it fell.

There was a gun-wielding man in the Yang family, who stepped onto the martial arts arena and looked towards the Kang family with a smirk on his face.

"You guys, who will go first?"

Yang Hong of the Yang family is also the heir of the head of the Yang family!

Strength is in the early stage of distraction!

Seeing this, Kang Haiqiong said: "Little brother, your strength is stronger than mine. When you go to deal with Yang Chao, you should be able to win."

"This one, I will do it."

Obviously, Kang Haiqiong wanted to give up this round.

Kang Cheng nodded solemnly, "Sister, just admit defeat after going up, the other party may make a deadly move."

"I see."

After speaking, Kang Haiqiong jumped up.

came to the competition arena.

Yang Hong showed a sarcastic smile, and said: "It seems that your Kang family still wants to struggle? Send the weakest one? I won't hold back just because you are a woman."

Immediately, a burst of divine breath burst out!

No reservations!

Go towards Kang Haiqiong to oppress!

Following an order from the City Lord's Mansion.

Yang Hong held a spear and rushed towards Kang Haiqiong!

Obviously, don't give the opponent a chance to admit defeat!

In an instant!

Yang Hong has come to Kang Haiqiong like a swift sword!

Immediately, the spear in his hand was thrown forward!

Carry the momentum of thunder!

The long spear turned into a thundering dragon, and the dragon chanted, cutting through the space!

Puncture towards Kang Haiqiong!

Kang Yao at the bottom immediately shouted: "Haiqiong, admit defeat!"

I'm afraid Kang Haiqiong will have no chance of resisting this blow!

Kang Haiqiong's face changed in shock, so quickly that he didn't even have a chance to react!

"I surrender!"

The voice fell.

The thunder spear that had rushed to the front still did not stop at all!

Obviously, even if you admit defeat.

Yang Hong also wants to kill Kang Haiqiong directly in front of him!

As the referee, the City Lord's Mansion did not make a move, but just watched the scene indifferently.

Looking at this scene, Kang Cheng and everyone in the Kang family stared blankly.

But the support is not enough!

this moment.

The sword intents that soared into the sky turned into giant swords, and appeared in front of Kang Haiqiong in an instant!

The spear collided with the giant sword!

The power of thunder turned into a liquid, constantly splashing. !

The sword intent is vertically and horizontally on the competition platform!

Yang Hong's face was also slightly gloomy.

His full blow was resisted?

Taking back the spear, he looked at him with murderous intent.

I saw a man holding a sword standing in front of Kang Haiqiong, and said softly: "I have already conceded defeat. Your Excellency must have violated the rules by doing so?"

Is it the foreign aid invited by the Kang family?

With the strength of the late Emperor Realm, he withstood the full-strength blow of him who was in the Distraction Realm?

"Heh, in a martial arts contest, when you strike with all your strength, you have never been able to stop in time. What is the violation of the rules?"

Ye Qiubai nodded and said, "I understand. I will discuss with you when I arrive."

After finishing speaking, he took Kang Haiqiong and turned around to leave the competition stage.

The city lord's mansion also announced: "In the first round, the Yang family wins!"

At the moment.

Behind the Yang family, a squint-eyed man in a white robe couldn't help chuckling while watching this scene: "This man is quite capable, he's a genius."

The Patriarch of the Yang family on the side also echoed: "To be able to achieve this step in the late stage of the Emperor Realm is indeed a genius, but it must not be your opponent in Yin Hai, right?"

Ren Yin Hai smiled and did not speak.

However, the meaning in the laughter is also very clear.

Scorn.

This is the pride of being an inner sect disciple of a first-class force in the Azure Region!

The head of the Yang family felt relieved when he saw this.

"Second round, both sides are superior."

And the second field.

It is the battle between Yang Chao and Kang Cheng, the third young master of the Yang family.

This one.

Kang Cheng obviously hides a monstrous anger!

After announcing the start, they have been attacking Yang Chao crazily regardless of any defenses!

The difference in strength between the two is not that big!

However, when Kang Cheng completely abandoned his defense and fell into a crazy attack, Yang Chao had no time to deal with it!

Soon, he was seriously injured and defeated!

Yang Hong glanced at Yang Chao, and said coldly: "After going back, we will practice in closed doors."

Yang Chao nodded with an ugly face.

And to the last round.

It is also a game that determines the fate of both parties.

The battle of foreign aid between the two sides.

However, for this battle, the people who watched the battle did not have much interest.

After all, the strength gap between the two sides is too large.

In the late stage of the God Realm, against the late stage of the Emperor Realm.

Among them, there is a big difference in the realm!

Under such circumstances, how does Ye Qiubai win?

It can be said that the ending has long been doomed.

Kang Yao sighed from behind, and said: "Young friend Ye, if the situation is not right, we will immediately retreat, and we will not blame you, after all, you have tried your best."

Ye Qiubai smiled, but did not speak.

Lifting the Nine-Foot Star Meteor Sword, he glanced at the high platform with a smile on his face, his face extremely relaxed.

Ren Yin Hai had an unconcealable look of contempt in his eyes.

Take a step forward and step onto the first step.

The moment you step on the first step.

Sword intent soars into the sky!

"Oh? Sword Master Sword Intent? He's a talented swordsman."

Immediately after.

Ye Qiubai took the second step, stepped onto the second step.

The Sword Intent has risen again!

Countless sword intent filled the entire arena!

The second step, the sword domain is out!

In the third step, the sharpness of the sword intent has skyrocketed again!

Ye Qiubai's figure is straight, like a sharp sword, reaching to the sky!

Not the slightest bit of fear!

Some are just fighting spirit!

this moment!

The sword intent seems to have faintly improved again!

The fourth step is to set foot on the competition stage thoroughly!

The sword is intended to rampage on the competition platform, in all directions!

"There are ways."

Ren Yin Hai nodded lightly, and said: "However, if it's just like this, I'm afraid it still can't make up the gap in realm."

Ye Qiubai smiled: "Try it and you will know."

After speaking, cut out with a sword!

Carrying the Sword Intent of Absolute Beginning!

The fighting spirit keeps rising!

At this moment, Ye Qiubai has one sword per person.

Even if there is a gap in strength, you must fight against the sky!

[Chapter 493: Crushing potential!](#)

Obscured by sandstorms.

Ye Qiubai's figure completely dissipated into the pile of falling boulders!

The Patriarch of the Yang family stood up and said with a smile: "It seems that the victory and defeat have been divided."

"Kang Yao, you have nothing to say now, right? Hand over that sea area!"

Kang Yao's face was ugly.

Really lost like this?

Kang Haiqiong and Kang Cheng were also a little pale.

lost.

What about Ye Qiubai? Are you still alive?

On stage, Ren Yinhai was unscathed.

However, he did not feel happy because of this victory.

On the contrary, his face was extremely ugly!

after all.

With such a huge difference in realm, he didn't crush the opponent!

But he was so anxious that he had to use all his strength to win.

This made Ren Yinhai very unhappy!

The referee of the City Lord's Mansion also raised his hand at this moment, wanting to pronounce the verdict: "The third round, the Yang family..."

However, the words are not finished yet.

Someone exclaimed: "Look at the competition stage!"

Everyone followed what the man said and looked towards the stage.

Suddenly, everyone's eyes froze.

There was an unbelievable look in his eyes!

The referee of the City Lord's Mansion also did not announce the final result.

I saw that there was an extremely mysterious sword intent on the competition platform, and at this moment, it permeated the pile of boulders!

Kang Haiqiong and Kang Cheng also looked surprised.

Ye Qiubai is not dead!

Ren Yinhai looked at the place in front of him, buried by boulders, with an ugly expression.

Can't this kill the opponent?

and.

The sword intent revealed here is actually sharper and more mysterious than the sword intent emitted before!

Is it impossible...

Boom!

With a loud bang.

A huge slash broke out from the boulder pile!

Chop up the huge boulders that suppressed it!

A figure jumped out of it!

I saw Ye Qiubai standing on the competition stage again in a discomfited figure, holding the Xingyun Sword.

And the mysterious sword intent that constantly emanated from his body made everyone palpitate!

"Thank you."

Ye Qiubai looked at Ren Yinhai and smiled lightly: "It's a breakthrough after all."

The supreme state of swordsmanship!

Stayed in the Juggernaut Realm for several months.

Today, Ye Qiubai finally made a breakthrough!

Ren Yinhai's face was ugly.

If it's just the previous Sword Master Sword Intent.

For Ren Yinhai, Ye Qiubai is not the slightest threat.

Now, the breakthrough has reached the supreme realm.

Even if it was him, he couldn't help but feel a little danger in his heart when he felt the sword intent pervading the arena!

But so what?

It's just a breakthrough in sword intent.

In terms of realm, it is still like a horizontal ditch!

Ren Yinhai snorted coldly, clasped his hands together!

The boulders scattered on the competition platform floated up!

In an instant, he squeezed towards Ye Qiubai!

See it.

Ye Qiubai slashed out with a sword!

The sword intent erupted instantly!

Smash all the boulders that hit you suddenly!

Ren Yinhai's face darkened, and he stomped on his feet!

The figure rushed out!

Surrounded by boulders!

Become the eye of the storm!

With the help of the strong wind of heaven and earth, he slapped Ye Qiubai with his palm!

When he was in the realm of the sword master, Ye Qiubai never retreated.

Now that you have broken through to the supreme realm, is there any reason to retreat?

Immediately.

Sword field is born!

Sword intent soars to the sky!

The Nine-foot Star Meteor Sword in his hand was surrounded by the supreme sword intent at this moment!

Step forward!

Hold the hilt with both hands!

Slashed towards Ren Yinhai with a sword!

One palm and one sword.

The wind is sweeping the earth!

The sword intent soars into the sky!

The attacks of the two collided directly at this moment.

But.

At this time, Ren Yinhai's face suddenly changed!

When the sword is in the palm of your hand.

Not only did he fail to catch it, but he was instantly drawn with bloodstains by that incomparably sharp sword intent!

want to go back.

But.

Ye Qiubai's figure is like Ren Yinhai's shadow, following him like a shadow!

Persistence!

A sword strikes again!

Ren Yin Hai gritted his teeth.

Both hands suddenly clenched into fists.

The storm suddenly exploded!

Form a wind barrier!

Defend yourself!

But.

Under Ye Qiubai's sword!

The Four Ultimate Absolute Beginning Sword burst out!

In the blink of an eye, the wind barrier was instantly broken!

The head of the Yang family looked at this scene with an extremely ugly expression.

Ren Yin Hai actually fell into a disadvantage?

Being beaten by a sword repairer in the late stage of Emperor Realm?

Eldest Young Master Yang Hong also had a heavy expression on his face.

Recalling what Ye Qiubai had said to him on stage before.

Before I just thought it was ridiculous.

Looking at it now, it was himself who was ridiculous!

has such strength.

Wouldn't it be easy to kill him?

But, where did the Kang family find such a monster?

Qinghai City, when did such a terrifying sword cultivator appear?

Ren Yin Hai looked at the Xingyun sword with a terrified face, and roared unwillingly!

How could I be defeated by an emperor sword cultivator!

But.

How can the current Ren Yin Hai be compared with Ye Qiubai?

Slash with one sword!

Ren Yin Hai's arm was cut off directly!

At the same time, with a scream, his figure flew upside down!

flew straight out of the competition arena!

Everyone looked at Ye Qiubai in horror, holding a nine-foot green blade, standing on the competition stage like a sharp sword!

Really let him win?

Across a large realm.

Is this really something that ordinary people can do?

The City Lord's Mansion was also briefly surprised.

Even, forget to announce the result.

It was only after Ye Qiubai reminded that the referee said with a complicated expression: "In the third round, Ye Qiubai won."

One defeat, two victories!

The Kang family, whom everyone disliked.

Actually won the battle with the Yang family!

And all this is due to Ye Qiubai!

This monstrous swordsman!

The head of the Yang family snorted coldly, "Let's go!"

Immediately, he turned around angrily, and left with the members of the Yang family!

But.

At this time, Ye Qiubai said, "Yang Hong, don't you want to try it?"

Yang Hong stopped suddenly, his face extremely embarrassed.

Immediately, he turned around and cupped his hands and said, "I am not your opponent."

It's straightforward.

However, after saying this, Yang Hong's face turned pale.

Breath is extremely unstable.

Clearly, this is going to be one of his inner demons...

The Patriarch of the Yang family stopped, without turning around, and said, "Young man, it is good to be young and energetic, but if you show your sharpness too much, you will always be killed!"

Clearly, this is a threat!

Ye Qiubai said indifferently: "Ye is waiting."

The head of the Yang family nodded, took a deep look at Ye Qiubai, and then led the people away from this place.

At this time.

Kang Yao stepped forward and said with a smile, "Thank you, Xiaoyou Ye. If it wasn't for Xiaoyou Ye, I'm afraid the Kang family would be completely removed from Qinghai City!"

Ye Qiubai smiled and said, "It's just a repayment."

Kang Yao nodded, with appreciation in his eyes.

"The sea area of the Kang family is actually not very rich in resources, but in it, there is an unknown fetish..."

[Chapter 494: Killer Whale Demon Shark!](#)

The Kang family has always been in Tianqing City, ranking at the end of the three major forces.

The reason is that the only piece of sea area owned by the Kang family is too poor in resources compared to others.

Then, why did the Yang family suddenly stare at the Kang family's sea area?

Things go back a few months.

The Kang family discovered an inexplicable aura fluctuation in the depths of their sea area!

Want to go deep, but can't get close to it.

It seems that there is a barrier in it.

With the passage of time, this invisible barrier is gradually disappearing, and the aura fluctuations revealed are getting weaker and weaker.

Some people speculate.

The forbidden air in the Azure Sea Region is due to the suppressive power emanating from the fetish in the depths!

And this news was quickly learned by the Yang family and the City Lord's Mansion.

The city lord's mansion watched without moving.

The Yang family started a blatant snatch!

This is how today's scene came about.

And heard Kang Yao tell this matter to Ye Qiubai.

The elders behind were all shocked!

"Patriarch!"

"He's just an outsider!"

Kang Yao frowned and said, "This matter is no longer a secret."

"What's more, if it weren't for Ye Xiaoyou, our sea area would have been handed over to others!"

Heard the words.

The elders fell silent.

"The barriers in the sea area are about to dissipate completely. Judging by the time, it will only take a few days. Will Ye Xiaoyou follow us to investigate?"

Ye Qiubai thought for a while, then nodded.

He desperately needs strength now.

All the secret training must be in the hands.

After all, Xie Yu's strength is not something he can contend with now.

...

Seven days later.

The barrier disappears.

Everyone in the Kang family came to the sea area.

Ye Qiubai was naturally also in the team.

And at this time.

But attracted unexpected guests.

Looking at the person coming, Kang Yao's face was gloomy, and he said, "Patriarch Yang, what are you doing here?"

I saw the Patriarch of the Yang family, bringing his members of the Yang family, here in a mighty way

Patriarch Yang laughed and said, "Patriarch Kang, don't worry, we are not here today to find trouble."

"Then you guys leave quickly!"

An elder shouted loudly: "This is the sea area of my Kang family!"

Hearing this, Patriarch Yang glanced over, and the aura of the peak of the Dao realm fell directly on the elder!

The elder's face turned pale, a mouthful of blood spurted out, and he retreated tens of meters away!

"When is it your turn to chime in?"

Kang Yao walked up to the elder, blocked the aura, and said, "Your Yang family, are you deceiving people too much?"

"Too much deceit? This is the Azure Sea Territory. Since a fetish is born, it is naturally related to everyone in Qinghai City, isn't it?"

Everyone has an ugly face.

It seems.

The members of the Yang family decided to intervene.

"Azure sea area is banned by an invisible force, as the lord of Qinghai City, naturally, he can't just sit idly by."

The people of the City Lord's Mansion will come later!

Kang Yao saw this scene, his face was extremely gloomy.

But it couldn't happen.

After all, the two forces are stronger than their Kang family!

Kang Haiqiong was beside Ye Qiubai, and said angrily, "You really are shameless!"

Ye Qiubai smiled: "The strong prey on the weak, in this cultivation world, it has long been normal."

When the power is weak, there are strong people who come to seize the secret realm, and it is useless to say anything.

I can only accept it!

After that, Kang Yao greeted the members of the Kang family and boarded the ship.

The members of the Yang family and the City Lord's Mansion also boarded their respective ships.

Following the Kang family's ship, they went to the place where the aura burst out!

In the center of the sea area, the seaport can no longer be seen.

The ships of the three forces are already at the center of the surge of aura!

"It seems that the rumors are true, there is indeed a fetish under here."

Patriarch Yang's eyes showed greed!

The city lord also smiled, and said: "We don't take advantage of it, whoever gets it first will get it."

Kang Yao's face was extremely ugly.

At this moment, I can't say anything.

After all, it is useless to say anything.

"The fetish is deep in this sea area. Before, our people could only see a huge vortex from a distance."

"And in the deepest part of that vortex, there is a faint light in the center of the aura."

"Of course it won't be too easy to obtain, so if there is danger, retreat immediately!"

Everyone in the Kang family nodded.

Immediately.

The Yang family, Yang Hong and Yang Chao have jumped into the sea!

When Kang Haiqiong and Kang Cheng were about to enter.

Ye Qiubai stopped them.

"Wait first."

Kang Cheng was puzzled: "The location in the shallow sea is not dangerous, and it has been explored."

Ye Qiubai said: "This was just before the gods were born, who knows what's going on now."

Kang Yao also nodded his head: "Xiaoyou Ye is right."

With this kind of talent, he is still neither arrogant nor impetuous.

This kind of person will surely reach the pinnacle in the future!

The people in the City Lord's Mansion were not in a hurry, and they were also observing below.

And this time!

The spiritual energy in the sea is surging wildly!

Below, there are many vortexes that start to rise!

Around the three ships, waves and vortices formed!

At the same time, both Yang Hong and Yang Chao returned to the ship with pale faces!

The rest of the people have disappeared!

Patriarch Yang asked with an ugly face: "What happened?"

Yang Hong stared down solemnly.

There, there is a huge black shadow flying across the sea!

"Killer Whale Demon Shark..."

Patriarch Yang's face changed slightly!

The Killer Whale and Demon Shark is an extremely ferocious beast in the sea!

Extremely strong!

Moreover, the killer whale shark below has reached the blood-changing state!

"A land of sacred objects must be guarded by rare and exotic beasts."

The city lord said at this time: "The two patriarchs, the stalemate here is useless."

"How about we join forces to hold this killer whale and shark?"

Patriarch Yang and Kang Yao both nodded.

"Then, let's do it."

After speaking, the city lord rushed into the sea first!

Patriarch Yang and Kang Yao followed closely behind!

Not long after, violent aura fluctuations came from the sea!

From time to time, there will be stormy waves!

Ye Qiubai said at this time: "Let's go."

After speaking, jump in!

Everyone didn't hesitate and followed at the same time!

Sea.

The threat of killer whales and sharks is temporarily gone!

Around, there are eight vortexes spinning!

Even in the sea, if you are not careful, you will be drawn into the vortex of the waves by the powerful attraction.

Ye Qiubai walked towards the depths.

Soon, it stopped.

In front of his eyes, there is a huge vortex!

The vortex is full of suppressive power!

And in the deepest part of the vortex, there is a gleam of light.

Obviously, this is the place Kang Yao mentioned.

Besides, both Yang Hong and Yang Chao looked greedy.

The rest of the people also showed fanaticism!

Kang Cheng looked at Ye Qiubai and asked, "What should we do now?"

Ye Qiubai said: "Naturally, I will find someone to go down and explore the way."

After finishing speaking, he looked at Yang Hong not far away.

[Chapter 495: Void family](#)

noticed Ye Qiubai's gaze.

Yang Hong's expression changed, and he said, "What do you want to do?"

Ye Qiubai smiled: "Don't you always think that I am weaker than you? Come and try now?"

Hearing this, Yang Hong's expression turned ugly.

Now, Patriarch Yang cannot escape.

The rest of the Yang family had already been killed by the killer whale and the demon shark.

The people in the City Lord's Mansion are watching the fun.

It can be said that no one can help Yang Hong now!

"What the **** are you trying to do!"

Yang Hong gritted his teeth and squeezed out these words from between his teeth.

"It's nothing, I just want you to go down and explore the way."

Ye Qiubai's complexion turned, and his eyes showed a cold look: "Now, will you go down by yourself, or let me throw you down?"

Yang Hong's face was uncertain, and he said: "In this case, even if you take me down, my state will be damaged!"

"Could it be possible, do you want other people to be orioles?"

After finishing speaking, he took a special look at the people in the City Lord's Mansion.

Ye Qiubai didn't have so much patience to talk to him.

Instead, he picked up the Nine-Foot Star Meteor Sword and rushed towards Yang Hong!

Yang Hong's face changed in surprise, "Do you really think I'm easy to bully!"

After all, the strength of the distraction realm exploded!

Shoot with all your strength!

At this time, Ye Qiubai had already rushed forward, and a sword passed by!

Supreme Sword Intent, at this moment, directly broke Yang Hong's palm print!

With lightning speed.

The tip of the sword has already stopped in front of Yang Hong's eyebrows.

As long as it is stabbed a little further, it will be able to penetrate the center of his eyebrows!

Yang Hong looked palely at the expressionless face in front of him.

In the hands of Ye Qiubai, who is only in the late stage of Emperor Realm, he has no room to resist!

The people in the City Lord's Mansion also watched this scene with serious expressions.

Through the realm, Yang Hong can be defeated so easily.

This kind of natural strength.

In this Qinghai City, I am afraid that no one can surpass him...

Ye Qiubai didn't talk nonsense, and directly grabbed Yang Hong's skirt.

Immediately, like catching chickens, Yang Hong was thrown into the vortex!

Everyone stared at Yang Hong closely.

Look at the crisis hidden in this vortex.

The moment Yang Hong entered the vortex.

The power of suppression!

directly pressed on Yang Hong!

Yang Hong's face changed slightly, and he immediately set up a defensive barrier, wanting to resist!

However, that defensive barrier completely failed at this moment!

Even the aura can't work!

He could only watch helplessly as the suppressive force pressed against Yang Hong's body.

"ah!"

In just an instant, Yang Hong's screams came!

When everyone saw this scene, their expressions were solemn.

Ye Qiubai also figured out the mystery hidden in this vortex.

It seems that this suppressive power is not only for air ban, but also for suppressing all auras.

Therefore, realm has no effect here.

Entering it, you can only rely on your body and willpower to resist this oppressive force...

"This place is quite suitable for Xiao Hei..."

Ye Qiubai smiled and shook his head, then jumped down.

Enter the vortex!

Others followed suit!

As for Yang Hong, after a while of suppression, he got used to it and looked at Ye Qiubai with resentment.

"Remember what you did today, the Kang family can't keep you!"

Ye Qiubai didn't pay attention.

While he was entering the vortex.

The power of suppression has fallen on him!

From top to bottom, they all felt a huge sense of oppression!

But.

The power of repression here does not pose a threat.

I got used to it in an instant, and then, I stepped down!

Everyone was surprised to see Ye Qiubai so fast.

After all, they are still adapting.

Kang Cheng also said with emotion: "As expected of Brother Ye..."

Going down.

The power of repression is getting stronger and stronger.

After diving ten feet.

Ye Qiubai stopped.

The force of repression here has not allowed him to be so relaxed.

Sitting cross-legged in the vortex.

Gradually get used to...

...

the other side.

In the world of longevity.

Lu Changsheng looked at the sleeping little stone in front of him, his face slightly dignified.

In the past few days.

Little Stone has been practicing in space.

The realm has improved extremely fast, and now it has reached the emperor realm.

However, there is a problem now.

At the chest of Xiaoshi, there is a huge force of space surging in his body!

It seems that anytime, anywhere, it is possible to break through the body of the little stone!

That is to say.

Full of energy.

May explode at any time.

At that time, the little stone will die.

certainly.

Lu Changsheng also tried to suppress this violent space power.

However, when Lu Changsheng suppressed it.

The power of space will dissipate extremely fast!

In that case, the cultivation base of the little stone will be lost.

Liu Zirui on the side said in a concentrated voice at this time: "This situation is very similar to a giant void..."

Void behemoth?

At that time, when Liu Zirui first came to the wild realm, he rode a giant void beast.

"The void behemoths are very mysterious, living in the turbulent flow of space."

"However, there are ancient records in the Dark Realm that the void behemoths are constantly devouring the power of space and the power of the realm, and they will not self-destruct because of too much power."

"The reason is that in the void family, there will always be a void crystal."

"The void crystal can carry the incomparably violent power of space."

Lu Changsheng asked: "Where is the Void Clan?"

Liu Zirui shook his head, and said: "I don't know, even in the Dark Realm, we can't find the specific whereabouts of the Void Clan."

At this time.

The little bird on the side said: "Maybe I know."

"The Void Clan, the last place to appear is the battlefield of the dragon and phoenix battle."

"The power of the Dragon Emperor Starfield and the Divine Phoenix Starfield was swallowed by the Void Clan."

Lu Changsheng looked over and said, "Take me there."

The little bird nodded.

With a phoenix cry, it turns into a divine phoenix!

Lu Changsheng jumped up with a small stone.

Two people and one beast, break through the void and go to the destination!

...

Mid-latitude boundaries.

Vast sea star field.

In Hanhai City.

"Father, do you really want to hand her over to Han Haizong?"

A middle-aged man looked at a woman with a beautiful face but a mark of suppression on her forehead, and said: "There is no way, the suzerain of the Hanhai Sect has personally passed on, and now the dual cultivation has reached the bottleneck.

"Over the years, he has frantically asked various forces for women with Yuan Yin."

If you don't hand it over, I'm afraid my Lu family will face disaster..."

Hanhai Sect is the top force in the Hanhai Starfield.

Which of their small families can compete?

"I see..."

The man looked at the woman in front of him, feeling sorry.

So beautiful, not like a human woman.

It's a pity that it's going to be cheaper, Hanhai Zong's beast...

Hear the conversation between the two.

The woman raised her head, looked at the sky, and cried in her heart.

"Qiubai, where are you?"

...

At this moment, the Azure Sea Territory.

Ye Qiubai has reached the deepest point!

[Chapter 496: Zhen Tianyu, Xianyuan Mountain](#)

Everyone stared blankly at Ye Qiubai who had reached the deepest point.

Eyes filled with horror.

Among them, the fastest is a Tianjiao from the City Lord's Mansion, but he only reached the middle stage.

Ye Qiubai, however, has already come to the side of that light ball!

What shocked them even more was that during the dive, he also broke through to the half-step distraction state!

Which person taught this evildoer?

Now, Ye Qiubai looked at the shining light cluster in front of him.

Its suppressive power is released from the light group.

However, when Ye Qiubai was around the light group, he didn't feel any sense of suppression.

Stretched out one hand, and stretched it into the light ball.

Suddenly, one message after another followed Ye Qiubai's hand and spread into the sea of consciousness!

【Town Tianyu】

Ye Qiubai looked into the sea of consciousness.

Three big characters full of suppression appeared on the sea of consciousness.

【Gathering the meaning of suppression, suppressing the world! 】

【Eight wilderness and four seas, omnipresent suppression】

It's not so much a skill.

Rather, it is how to use the suppression of artistic conception to form a field.

However, this town of Tianyu may be able to be used in the sword domain.

The two have the same effect.

At this moment, the ball of light in front of him disappeared.

The sense of repression that shrouded the entire Azure Sea Territory disappeared.

Naturally, the forbidden space in this sea area also dissipated.

People who are deeply trapped in the vortex also lose weight.

They all stared at Ye Qiubai with unsightly expressions.

The things in Qinghai City were acquired by an outsider?

Ye Qiubai didn't pay attention, but took Kang Haiqiong and Kang Cheng back to the ship.

At this time, Kang Yao and other leaders of the three forces also returned.

Kang Yao smiled and said, "Young Ye, congratulations."

Ye Qiubai smiled and nodded: "Thanks to Senior Kang's news, I will keep a copy of this method in the Kang family."

Before, Kang Yao told him the news despite the opposition of the elders.

Ye Qiubai naturally couldn't swallow it all by himself.

Kang Yao nodded appreciatively.

At this time, the city owner and the Yang family owner all leaned over.

The city lord said with a smile: "Ye Xiaoyou, I would like to exchange things for you. You have to offer me a price."

Ye Qiubai shook his head and said, "I don't have anything I need right now."

Patriarch Yang said fiercely: "Ye Qiubai, you are just an outsider..."

At this time, Ye Qiubai interrupted Patriarch Yang's words.

"I know what you want to say, threats are useless, and after I hand this thing over to the Kang family, if your Yang family have any other thoughts..."

"From now on, Ye will definitely come to the door with a sword."

Everyone was shocked.

Even the city lord and Kang Yao were taken aback.

Did you dare to threaten a strong man of the Dao face to face with only half a step of distraction?

Patriarch Yang is also furious!

Just as he was about to make a move, Ye Qiubai crushed a page of talismans!

It directly turned into a thunderbolt and disappeared in place!

Sky Thunder Escape Talisman!

"Ye will do what he says!"

"However, please ask the City Lord's Mansion to take care of the Kang family, and Ye will definitely repay it in the future."

Kang Yao watched this scene with a smile.

"In the future, this son will definitely become the top existence in this realm."

Kang Haiqiong and Kang Cheng also looked at the back of Ye Qiubai leaving, and offered their blessings.

The city lord couldn't help laughing out loud when he heard what Ye Qiubai said: "You really are young and crazy! There must be a reward in the future? Good! I'm just waiting for this reward!"

However, in retrospect.

The city lord said to his son that today's decision is the most correct thing he has ever done in his life...

Patriarch Yang's face became even more gloomy when he heard what the city lord said.

Now, with the care of the City Lord's Mansion.

I'm afraid I can't touch the Kang family anymore.

After all, they still can't compete with the City Lord's Mansion.

Now, Ye Qiubai has left Azure City.

While leaving Azure City, there was a slight fluctuation in the jade pendant on his chest.

It was the jade pendant that Mu Ziqing gave him back then!

However, this wave of fluctuations sometimes disappears.

It seems that the aura of the owner of the jade pendant is extremely barren.

Could it be that something happened to Zi Qing?

thought of this.

Ye Qiubai frowned tightly, and hurried towards the general direction pointed by the jade pendant's breath!

...

Warcraft in the mid-latitude realm already have powerful ones and high-level bloodline powers, possess spiritual intelligence, and can transform into forms.

At the same time, there is also an exclusive domain.

Immortal Ape Domain.

According to legend, there is only one continuous mountain in this domain.

At the foot of the continuous mountains, there are a few cities.

Usually, they all call this mountain range that spans the entire Immortal Ape Domain the Immortal Ape Mountain.

At the moment.

In Xianyuan Mountain, there is a small village.

In the village.

A tall, dark-skinned man half-clothed in white fur is chopping firewood.

And the man often waved the ax in his hand.

The veins on the arms will burst out!

Sweat dripped down his body like rain.

It seems that the ax in his hand and the wooden pier he chopped are not ordinary things.

At this time.

An old man who looked old but was extremely stout walked over.

smiled and said: "That's right, it's only been ten days, and I can already cut ten."

The man put down the axe, scratched his head and smiled honestly, and said, "Village Chief, have you reached the standard?"

Yuanling smiled and nodded, "Come with me."

The man is naturally Xiao Hei.

After encountering a space storm, Xiao Hei landed in the village of Xianyuan Mountain.

Then he was rescued by the village chief.

Do not know why.

The village head began to instruct Xiao Hei to temper his body again.

The premise is that the firewood must be chopped first, and ten sticks are the standard.

Only when it is achieved can the first step be carried out.

The first time, Xiao Hei only cut two.

And the other villagers are fifty hundred at every turn...

This also made Xiao Hei a little curious, what is the method of tempering the flesh in this small village that makes their strength so great.

When Xiao Hei followed the village chief through a deep forest.

Looking around, there are wonders and wonders!

Xiao Hei showed surprise on his face.

In front of you, there is a huge waterfall falling from the sky!

Upstream of the waterfall, there is no cliff.

Looking at it with fixed eyes, it seems to be pouring down from the sky!

And the villagers in the village turned into huge ape demons, passing through the waterfall continuously!

There was even an ape demon who fell directly from the waterfall!

On the left side, there are nine stone pillars!

Each stone pillar, from left to right, will continue to rise.

And the highest point, towering into the sky!

On the stone pillar, there are also villagers, carrying a huge boulder like a hill on their backs, trying to jump to the next stone pillar.

The village head said with a smile: "You understand how to cultivate? You should go to the waterfall first."

Afterwards, the village head warned: "If you can't bear it, someone will take you out. Don't force it. The way of physical training, once you force it to leave hidden wounds, it is difficult to repair, and it will affect the foundation..."

Secret injury?

Xiao Hei thought about it.

Master seemed to have this concern before, and then practiced three or four batches of potions to heal the body.

Should be enough, right?

[Chapter 497: Crazy little black!](#)

A waterfall slanting down from the sky.

It is extremely wide, as if covering all the roads ahead.

The waterfall fell down, making the sound of thunder!

It was like a meteorite hitting the water surface, causing huge splashes!

From time to time, villagers who turned into ape demons fell into the water!

At this moment, a villager who fell down just now returned to the shore, came to Xiao Hei, and said with a smile: "Have you passed the test of the village chief? You are the first one who is not a villager, but can enter Xianyuan Village to cultivate!" of."

"However, I also want to see how long you can last for the first time."

For these ape demons in Xianyuan Village.

Xiao Hei actually has a good impression.

They are not like those magical beasts that have not activated their intelligence, they can only kill bloodthirstily.

Natural selection, the set of principles of the law of the forest.

Very simple.

They will often help Xiao Hei who is an outsider.

Xiao Hei scratched his head honestly, and asked with a smile, "Brother Ape Han, how long did you last the longest?"

The ape man smiled and said: "The first time I entered it, the longest life was the ape's life, and I persisted in it for a whole stick of incense."

"However, you don't have to be too ambitious. Yuan Shou has completely inherited the blood of the ape demon. His talent is terrifying. If he can hold on to half a stick of incense, he can already be regarded as a monster."

Xiao Heihan smiled and said, "I will try my best."

After finishing speaking, he jumped in!

Step into the waterfall!

The village head looked at this scene with a smile, and said, "How long do you think he can last?"

The ape man thought for a while, and said: "His physical strength is very strong, but compared to our ape demon clan, it is still a little bit worse, probably only three minutes."

The village head shook his head and said with a smile: "I think he can break the record of Yuan Shou."

Hearing the words, the ape man's face was horrified!

However, after thinking about it, the ape man couldn't help asking: "The village chief, why do you care so much about an outsider? And give such a high evaluation?"

To know.

To perfectly inherit the blood of the ape demon, it is as difficult as climbing the sky!

In the entire village, only the village head and Yuan Shou have reached this step.

The village chief smiled and said something that made people feel inexplicable.

"Because...he doesn't belong in this place."

...

Heavy!

It was as if the sky had fallen and fell on Xiao Hei's body!

This is the feeling Xiao Hei felt the first moment he stepped into the waterfall!

In just an instant, the waterfall that poured down from the sky fell on Xiao Hei's body!

Directly made Xiao Hei's body bend over for it!

It's not just the weight of the waterfall falling from the sky.

some of.

There is a gravitational magnetic field!

This gravitational magnetic field makes the already heavy waterfall infinitely more numerous!

No wonder.

There will continue to be extremely powerful ape demons falling down.

No wonder.

Ape Shou said he couldn't last half a stick of incense.

If you are just an ordinary body refiner, you might not be able to last a few breaths here.

However, Xiao Hei is not an ordinary person.

What he was carrying on his body was thousands of times more serious than these!

If you don't improve your strength quickly, not only will you die, but you may even implicate your brothers and sisters!

thought of this.

Xiao Hei grinned and roared!

Four lines emerged on the surface of the fleshy body!

Eternal magic body, at this moment, completely exploded!

Xiao Hei straightened up!

But.

At this moment, there is a fifth pattern on my hand, which begins to appear faintly!

The fifth layer of the eternal magic body is gravity!

The gravitational magnetic field here happens to be the perfect place to practice the eternal magic body!

Straighten your back.

Xiao Hei clenched his teeth, his veins burst out all over his body!

Like little snakes, it flows ferociously on the surface of the skin!

One step at a time!

And that's just one small step.

The waterfall falling on the body is a bit heavier!

It's just one step, but it has such a big enhancement?

Xiao Hei looked forward, and at the endless waterfall, there was a smile on his face, and a shocking fighting spirit of not admitting defeat appeared in his eyes!

If it falls here.

How about chasing memory fragments?

Straighten your spine, like a spear piercing the sky.

Step forward again!

This scene.

All into the eyes of the village chief and the ape man.

"Oh? You can adapt to the weight so quickly and move forward?"

The ape man was a little surprised.

You know, even for him, it took a few minutes for the first time to get used to the weight and move on.

The village chief smiled: "If he can't do this, then he won't sit on the seat of the devil..."

Of course, the ape man cannot hear this last sentence.

Xiao Hei clenched his teeth.

The waterfall fell on Xiao Hei's back, making the sound of thunder.

At the moment.

In less than a minute, Xiao Hei's back was covered in blood!

Even, I can already see the bones!

But.

This did not make Xiao Hei give up.

With the continuous forward.

The weight is getting heavier and heavier!

On Xiao Hei's arm, the fifth line of lines became more and more obvious!

At the same time, in Xiao Hei's body, the magic energy began to rise!

He was actually repairing Xiao Hei's scarred body!

Gradually...

The time for half a stick of incense has passed...

The ape man's face was dull.

Really made him survive half a stick of incense?

Moreover, the speed of advancement is not slow at all!

Doesn't look like someone entering it for the first time at all!

However, if Xiao Hei uses Demon God Descending, he may advance faster.

However, this also lost the meaning of tempering the body.

Keep moving forward.

Around, ape demons keep falling down!

There were also other ape demons who were tempering their bodies under the waterfall and saw Xiao Hei, an outsider.

Can't help being slightly startled.

One step after another.

At this moment, Xiao Hei has passed the time of a stick of incense!

At the same time, the fifth line has been completely solidified on Xiao Hei's arm!

At this time.

Beside the village chief, a man stepped forward.

"interesting..."

The village head smiled and said, "Shouju, you have been surpassed."

Ape Shou smiled and said: "Good thing, this way, I have more motivation."

"There is no one who can surpass, and it is not so interesting to practice."

Two sticks of incense...

At this time, even the ape demon who was cultivating looked at this figure.

Someone was horrified.

Some people are amazed.

Without the blood of the ape demon, they have surpassed the life of the ape by so much.

This person's body training talent is unimaginable.

At this time, the village head said: "Xiao Hei, it's okay, if this continues, it will leave an irreparable hidden disease on the body."

Xiao Hei grinned.

The speed at which the body is repaired by the magic energy is far behind the speed of the injury.

However, even so, the fighting spirit in Xiao Hei's eyes became stronger and stronger!

"not enough!"

"I'm stupid, and I can't advise my brothers and sisters, as well as the master, let alone share their worries and solve their problems."

"What I can do is to use this body to form an iron wall for them when the crisis strikes!"

therefore.

Even if Xiao Hei is desperate, he must improve his strength!

[Chapter 498: Immortal ape stage!](#)

When Xiao Hei came out from under the waterfall.

It's already the second day.

Even Yuan Shou, who perfectly inherited the blood of the ape demon, was extremely surprised.

Entering it for the first time, can you persist for a day and a night?

Only the village head was not surprised at all, but instead said: "This is the one who agrees with your identity..."

However, after Xiao Hei came out, although his body had recovered with the pill, he was extremely exhausted mentally.

Under such high-intensity pressure, the spirit is extremely exhausted.

The moment he fell into the waterfall, he passed out.

When Xiao Hei woke up.

It was already three days later.

After experiencing his physical body, Xiao Hei could clearly feel that his physical body was twice as strong as before.

And this is just a day of practice in it.

The fifth floor of the Eternal Demon Physique has also officially entered the threshold!

This surprised Xiao Hei.

This way of cultivation is very suitable for him!

At this time.

The ape man walked in and said, "Xiao Hei, are you awake?"

Looking at the various mountain treasures in the hands of the ape man, he couldn't help being slightly taken aback.

The ape man smiled lightly: "At our level, although the grain has been fasted, the level of these meat and poultry is extremely good."

"Eating all of these can also make the previous cultivation results more stable."

Looking at the large plate of meat on the plate, it can be said that the length and width are close to three feet!

Moreover, the blood and energy in it are extremely huge.

These are also what the villagers of Xianyuan Village obtained from daily hunting.

After a hard meal.

The ape man on the side said: "Today, we have a sacrifice, and one of the activities is a challenge. We don't use other means, and we fight with our bodies alone."

"The winner will be able to visit the statue of the ancestor."

Hearing this, Xiao Hei's eyes lit up.

He is a fighting madman.

Moreover, I also want to verify how much I have improved in the previous practice!
thought of this.

Xiao Hei nodded quickly.

The ape-man laughed loudly: "Sure enough, your personality is very similar to ours, you are warlike!"

After finishing speaking, he hooked Xiao Hei's shoulders and walked towards the Immortal Ape Terrace.

Immortal Ape Terrace is the place where apes and demons compete in martial arts on weekdays.

At the moment.

All the villagers of Xianyuan Village have been surrounded by Xianyuan Terrace.

Above, two people are already discussing each other.

Did not use any aura, nor did he use any exercises!

Yes, there is only hearty, hearty fists that make people's blood vessels burst!

Not long after, one of them was hit by a punch and knocked off the Immortal Ape Terrace.

The ape man smiled and said: "Would you like to go up and challenge? They are all young ape demons, and their physical strength is closest to yours."

The ape demon race is a race with extremely strong blood.

In the entire mid-latitude boundary, there are also top-level races.

The young ape demon already possessed the strength to compete with the peak of distraction.

If you use the power of blood, even if you are in the Dao realm, you should be quite afraid!

It's just that the ape demons are extremely low-key on weekdays, and not many people know about it.

Xiao Hei showed fighting intent, nodded, and then jumped up!

The surrounding villagers were all curious when they saw this.

They already knew about Xiao Hei's deeds.

I also want to see how strong this outsider who entered for the first time and directly surpassed Yuan Shou's record is.

The ape demons have always admired the strong!

The village chief also announced with a smile: "All ready? Let's go!"

The ape demon in front of Xiao Hei grinned, "Be careful!"

Immediately, stepping on the Immortal Ape Terrace!

Instantly! The whole ground seemed to be shaken!

The powerful physical strength made his body rush towards Xiao Hei like a cannonball!

In an instant, he came in front of Xiao Hei and punched him out!

across the space!

The sound of gas explosion bursts!

It was as if the air had been torn apart by this punch!

Xiao Hei also turned his mouth up.

Fighting spirit surges!

With a low growl, without retreating or evading, he punched out with the same punch!

On the arm, the muscles swelled wildly, and the blue veins were like earthworms, constantly crawling!

Boom!

Two fists clashed together!

In the air, there were bursts of thunder!

Immediately, Xiao Hei took three steps back, but the young ape demon in front of him didn't retreat at all.

But.

next moment.

Xiao Hei ran and came to the ape demon again, clenched his hands, from top to bottom, like a hammer!

Smash it hard!

"good!"

The ape demon also has a fighting spirit!

After all, before, he was worried that this battle would be very unpleasant.

Although the physical talent is extremely enchanting, in their eyes, after all, they haven't grown up yet!

But.

Now Xiao Hei's performance is beyond expectations!

Without the slightest retreat, without the slightest pause!

Yes, just non-stop fists!

Regardless of the past and the future, life is endless, and fighting is endless!

The surrounding villagers also applauded!

The ape demon raised his hands upwards!

The two collided again!

Boom!

One time.

The entire Immortal Ape Stage.

There were bursts of aftermath and the sound of air pressure explosions non-stop!

Backed away, then stepped forward again, and punched out!

Every punch is a real hit on the opponent's fist!

It seems like a machine that never gets tired!

at the same time.

Xiao Hei's fighting spirit is getting higher and higher!

The smile on the corner of his mouth widened even more!

Even, he started laughing and roaring continuously!

Ape Shou was beside the village head, and said with a smile: "This boy, if it weren't for the difference in blood, I wouldn't be able to tell who is the ape demon."

The village head said with a smile: "His bloodline is much nobler than ours."

"Oh? How do you say that?"

The village chief smiled and said nothing.

Seeing this, Yuan Shou looked up at Xiao Hei, and said in a low voice: "It seems that all this is not accidental..."

The ape demon on the Immortal Ape Terrace became more and more frightened when he saw Xiao Hei who was fighting more and more courageously.

To be honest, he didn't use his blood power.

Already feeling a little tired.

However, Xiao Hei in front of him still didn't stop at all.

On the contrary, one punch is better than one punch!

Who is this guy?

finally.

In an accident.

Xiao Hei's successive fists passed through the ape demon's defense and landed directly on his chest!
poof...

Blood dripped from the corner of his mouth.

The ape demon directly landed on the Immortal Ape Terrace!

Xiao Hei, stepping on the Immortal Ape Terrace, his style has changed drastically!

In his eyes, calm but proud!

Looking at all sentient beings, he glanced around and said, "Who else wants to challenge, come up!"

See this scene.

Many ape demons did not feel angry.

Instead, he nodded.

The hypocrisy and obedience of the human race made them feel disgusted.

This kind of straight forward.

Very much to their liking!

Now, all the ape demons in the ape demon village have truly recognized Xiao Hei, an outsider.

At this time, the village head said: "Xiao Hei, come here, I will take you to a place."

[Chapter 499: Save the plan!](#)

However, how many people can persuade Xiao Hei now.

Xiao Hei, who has fallen into the state of a demon god, is frantically inflated with fighting spirit.

Unless Lu Changsheng is here, I am afraid no one will be able to persuade him.

Seeing Xiao Hei seemed to have not heard what the village chief said.

Everyone also looked strange.

Is this person too aggressive?

The village chief was also helpless, and said: "Yuan Shou, you go up, and strike lightly."

Hearing this, Yuan Shou shrugged and said, "I won't hold back anyone."

After finishing speaking, he jumped up and came in front of Xiao Hei.

at the same time.

Xiao Hei saw someone coming up, no matter who it was, he rushed up directly!

Seeing this, Yuan Shou punched out!

And this moment.

When the two fists meet.

Xiao Hei flew upside down!

The physical strength of the two is too far apart!

Yuan Shou Nai is an adult ape demon, and he has perfectly inherited the blood of the ape demon.

Its strength has already reached the fairyland!

Above the Hedao Realm, there is blood-changing.

After turning into blood, it is a turbid fairy.

The turbid fairy will completely force out the mortal turbidity in the body, and then you can step into the realm of the earth fairy!

The realm gap is so large.

Of course, in order to break through the Earth Immortal, one needs to go through the Heavenly Tribulation.

Temper the body with the thunder of the God of Tribulation!

Therefore, the physical gap between the turbid immortal and the earth immortal will expand infinitely.

This is a qualitative change.

And Xiao Hei, who is so far behind Yuan Shou's realm, is naturally not his opponent.

With one punch, he was knocked off the Immortal Ape Terrace!

Ape Shou smiled and said on the Immortal Ape Terrace: "Your talent is stronger than mine, and in time, you will surely surpass me."

Xiao Hei nodded, and also recovered from the demon state.

Then he followed the village head and left.

The two entered a quaint room.

In the room, there is a huge statue of the ape demon!

The statue is dead though.

However, the power of vitality and blood in it is extremely huge!

Just breathing, you can feel your blood is surging like crazy!

The village head said: "This is the ancestor of the ape demon. The reason why I called you here is because it is related to you, my lord."

grown ups?

Xiao Hei looked at the village chief suspiciously.

At this moment, the village chief knelt in front of Xiao Hei, and said solemnly: "The current patriarch of the Ape Demon Clan, Ape Xiao meets the Demon Lord!"

Xiao Hei was slightly taken aback.

Then said: "How do you know my identity?"

The village head said with a smile: "Although the appearance has changed, the blood in the body will not change."

"Don't worry, the ape demon clan has always been a solid backing behind the demon lord."

Xiao Hei hesitated slightly, and then said: "Now, my memory is not complete..."

The village head nodded and said: "I know, the ancestors participated in that battle back then, and it was because of that battle that they fell."

"Now, our ape demons are retreating to the mid-latitude boundary, in order to wait for the return of the demon lord!"

"Of course, it's better not to know some things now, after all, the strength of the devil is not enough."

Xiao Hei naturally understands this truth.

Xiao Hei asked again: "Do you have any news about memory fragments?"

The village chief smiled and said, "I will let you know after passing the Luotian Waterfall and the meteorite pillar."

Hearing this, Xiao Hei nodded.

...

In the following days, Xiao Hei has been cultivating desperately!

And the other side.

Vast sea star field.

Hanhai City.

At this moment, there is a news circulating in Hanhai City.

In the restaurant.

Almost all ascetics are talking about this.

"Have you heard? This time, the Lu family found a tribute somewhere."

"The beauty of that tribute can be said to be astonishing!"

"Yes, and with the blood of ice, it is also extremely powerful."

"After hearing about it, the servant of the Hanhai Zong went to check it out in person, and asked the Lu family to pay this girl a tribute by name!"

"Oh, but it's a pity, such a beautiful woman will be reduced to that person's cultivation tonic."

And at this moment.

A man came to this table and asked with a gloomy face, "Where is the woman you mentioned now?"

The people on the table are not good people.

After hearing such a bad tone from a strange man, they were all upset.

"Who are you?"

"Want to cause trouble?"

The man let out a cold snort, and there was a looming sword intent gushing out from his body!

After feeling the sword intent on the man, they all looked horrified!

The supreme state of swordsmanship!

This kind of swordsman is definitely not easy to mess with!

Thinking of this, these people all changed their faces.

Said flatteringly: "Senior, I know, I know."

"The woman is still in the Lu family's mansion. Three days later, it will be time for each family and force to pay tribute."

The man was naturally Ye Qiubai who came in a hurry.

The breath in the jade pendant guides the direction, and the final destination is the Hanhai City.

In the Azure Territory, I paid a big price and came here by space teleportation array.

After Ye Qiubai heard the news, he asked, "Where is the Lu Family Mansion?"

When those people heard this, they looked at each other.

One of them asked cautiously: "Dare to ask senior, don't you want to take the woman away?"

"So what?"

Hearing Ye Qiubai's confirmation, everyone was shocked!

Immediately persuaded: "Senior, although your strength is very strong, you are still a little inferior to the Lu family."

"As the Han Haizong called for the woman, the Lu family will naturally take strict care of her!"

"What's more, the Han Haizong's grievances must be repaid!"

"At the beginning, when someone wanted to **** the tribute, Han Haizong chased him for tens of thousands of miles with the power of the clan, beheaded him, and strangled his soul!"

You know, the Hanhai Sect is the absolute overlord of the Hanhai Starfield!

Ye Qiubai didn't listen any more, but turned around and left.

...

Now, Ye Qiubai's strength is half-distracted.

Of course, in the late stage of distraction, you can still fight a dozen.

However, after the investigation, the Lu family has four late-stage He Dao experts!

Head-on conflict is naturally not feasible.

During the investigation, Ye Qiubai also obtained the route of Lu's family going to Hanhaizong three days later.

Intercept halfway to have a chance.

During these three days.

Ye Qiubai selected a valley, which is the only way to Hanhaizong!

At that time, the battle must be resolved quickly!

The speed should be fast, and the movement should be as small as possible.

Ye Qiubai buried two scrolls engraved with Lu Changsheng's sword intent in the valley.

At the same time, the retreat route was planned.

In that route, another one was buried.

Follow Master's practice.

Be cautious in everything.

After rescuing Mu Ziqing, Ye Qiubai will flee towards the planned route.

Immediately, in the middle of the way, use the sky thunder escape method.

On the original escape route, leave the sword intent.

Create the illusion of fleeing that way.

In this way, the time can be delayed as much as possible.

Let Ye Qiubai take Mu Ziqing and escape from Hanhaizong's territory smoothly!

Two days later, everything was ready.

Ye Qiubai hid in the valley, meditating and adjusting his breath.

Waiting quietly for the sun to rise...

[Chapter 500: Han Haizong was furious!](#)

And carriages wrapped in colorful flowers are slowly coming from the valley!

On a high mountain, Ye Qiubai also noticed the movement, and suddenly opened his eyes.

"Are you here..."

In the carriage.

A woman with a red cloth on her head opened her eyes.

The jade pendant on the chest started to tremble faintly!

"Autumn white?"

At this moment, a man's voice came from outside.

"Don't be too pessimistic, Hanhai Sect, but the top power in the entire Hanhai Starfield."

"Among them, the person who named you is now the direct disciple of the suzerain of the Hanhai Sect, Shen Luo."

"His talent is extremely evil, and his power is even more monstrous. It is not a bad thing to follow him."

Mu Ziqing thought for a while, and said, "So what?"

"how?"

The man sneered for a while, and said: "Follow Mr. Shen, you don't have to worry about the resources you will cultivate in the future! As long as you serve him happily, no one in the entire vast sea star field will dare to provoke you."

Mu Ziqing said with a sarcasm: "There are people out there, and there are people out there. There is never a shortage of geniuses in this world."

At this time, the man wanted to speak again.

I saw an old man suddenly pull up the curtain of the carriage.

"You don't want to say a word on weekdays, why do you talk so much now?"

Seeing the suspicion on the old man's face, Mu Ziqing's heart trembled slightly.

What a powerful insight!

"I just feel that what he said is biased."

The old man snorted coldly, "You'd better have nothing to worry about. With this old man around, don't expect anyone to come to rescue you."

Old man, you are an inner sect elder of the Hanhai Sect, and your strength has reached half-step blood transformation!

It is also the person Shen Luo sent to **** to prevent accidents.

Mu Ziqing didn't dare to say anything more.

After all, the other party has already started to become suspicious, so saying more is just superfluous.

The carriage continued to move towards the valley.

The surrounding area is very quiet, and the quietness is a bit scary.

The breath is very dignified.

All the people escorting the carriage turned on their energy and scanned their surroundings.

After all, Shen Luo asked for Mu Ziqing by name.

If something goes wrong.

With Shen Luo's brutal personality, I'm afraid they won't have a good life!

After entering the valley.

The old man suddenly said: "Be careful around, this valley is the easiest place to ambush."

But.

When he had just finished speaking.

Around the carriage, terrifying sword intents soared into the sky in an instant!

The old man's complexion changed drastically, and the half-step **** aura burst out instantly at this moment!

"Enemy attack!"

Everyone burst into breath instantly!

But.

When they felt the sword intent around them.

But he looked horrified!

The sword intent spread all over the surrounding, vertical and horizontal!

Even the old man who turned blood half a step was still in palpitations!

Who is it?

Able to use such a powerful sword intent?

In other words, in this vast sea star field, who dares to oppose the Han Haizong?

At this time.

Sword Intent Surges in Space!

Pierce the space in this world! Cut towards the people present!

Immediately!

Some people in the distracted state were directly chopped to pieces!

And those who are strong in the Dao realm are also instantly seriously injured!

Only the old man can barely resist!

However, they are already at their wits end!

And at this time.

A black shadow flashed past.

directly rushed into the carriage!

Seeing this, the old man immediately yelled: "Don't do it, thief! Are you going to start a war with our Han Haizong!"

However, as soon as the words fell, the next round of sword intent had already slashed at him!

It made him unable to move even half a step!

Just defending with all his might exhausted him mentally and physically!

Even, the body has been injured!

And at this time.

The shadow has already carried Mu Ziqing away from the carriage, and fled towards the east!

It lasted for a long time.

Sword Intent stopped attacking.

The old man looked at the tragic situation around him.

Now, there are only two people in the Dao realm left, and they are already seriously injured, obviously without the ability to pursue.

Seeing this, the old man gritted his teeth, let out an angry roar, and quickly chased towards the east!

Regardless of the injuries on his body.

After all, if the **** mission fails.

What is waiting for him is not just this injury...

Ye Qiubai, who had fled for thousands of miles, held Mu Ziqing in his arms, while fleeing, leaving traces on the side of the road on purpose.

Mu Ziqing looked at the familiar face and couldn't help laughing: "Qiubai, I knew you would come."

Ye Qiubai smiled back and said, "You can't lose your wife if you lose anything, right?"

Hearing Ye Qiubai's frivolous words.

Mu Ziqing's pretty face blushed.

Turned his head and muttered: "No one is in shape..."

So you call her daughter-in-law?

I haven't promised him yet!

"Okay, count the time, they should be chasing after you."

"We'll talk about the old days later."

After speaking, Ye Qiubai glanced behind.

There, there is an extremely huge aura that is rapidly approaching here!

After all, he is a half-step blood-changing powerhouse.

Even if you are injured.

Ye Qiubai's speed cannot be compared.

but...

This is also what Ye Qiubai hopes.

Only when you chase after him, can you give the other party the illusion of fleeing this way.

In this way, I can buy myself and Ziqing more time to escape to Hanhai City.

At this time.

A loud roar came from behind: "With a scroll, do you think you can escape from the pursuit?"

"The people of Hanhaizong dare to rob, they are so bold!"

When Mu Ziqing heard it, she was also worried: "Qiubai, what should I do?"

The strength gap between the two sides is so large.

Mu Ziqing was naturally worried.

Ye Qiubai smiled and said: "Don't worry, there will be a solution."

After finishing speaking, he slashed forward with a sword!

This sword suppressed his own sword intent.

Only the sword intent of the realm of the Juggernaut.

Immediately, he pinched two Heavenly Thunder Escape Talismans in his hand, turned into a thunderbolt, and fled here!

The old man shattered the sword intent with one palm.

Immediately, he looked forward, but there was no breath left.

Only by the side of the road, there are some faint traces of sword intent.

"There is no fluctuation in the space... Is there a spiritual weapon to hide the breath?"

"Hmph, Juggernaut? With this kind of strength, you dare to provoke me, Hanhaizong?"

After searching for nothing.

The old man said with an ugly expression: "The tribute from the Lu family has been robbed, and the opponent is a sword master. Immediately send dozens of god-level and ten-level people to search!"

At this step, Ye Qiubai's goal has been completely achieved.

Leave traces to show the enemy weak.

The person sent by the other party to search will not be too strong.

It is estimated that it can delay a lot of time.

And this news.

It spread quickly.

Han Haizong was furious!

The Lu family was horrified!

same moment.

Han Haizong issued an order to hunt down blood!

Anyone who can find this sword cultivator or Mu Ziqing can directly enter the Hanhai Sect and become an inner disciple or an enshrinement!

As soon as the news came out.

Everyone in the Vast Sea Starfield was shocked!

It's one thing to get paid well.

What makes them even more unbelievable is that.

Someone dared to attack Han Haizong?

You know, the Hanhai Sect is the absolute overlord of the Hanhai Starfield!
