

My Disciples 501

[Chapter 501: The four peak masters are fighting for each other!](#)

Vast sea star field.

Luoyan City.

Here is a city second only to Hanhai City.

There is the Hanhai Sect in Hanhai City, so it is the most prosperous place in the Hanhai Starfield.

As for Luoyan City, although there is a gap with Hanhaizong.

However, because of the existence of the Luoyan Sect, it was also extremely prosperous.

after all.

Luoyan Sect is the only existence that can be compared with Hanhai Sect.

The retention time is much older than Hanhaizong!

The background is extremely powerful!

It's just that, now that the sect is in decline, too many arrogances have been poached by Han Haizong.

This caused Luoyanzong to fall from the throne of the Hanhai Starfield.

At this moment, Ye Qiubai and Mu Ziqing changed their appearances and sneaked into Luoyan City.

The relationship between Luoyanzong and Hanhaizong is not good.

Fighting openly and secretly, fire and water are incompatible!

So, in Luoyan City, there is no need to worry about the large-scale infiltration of Hanhaizong people.

...

However, those watery eyes are still thrilling.

"Qiubai, what should we do next?"

Ye Qiubai thought for a while, and said: "The Hanhaizong and the Lu family treat you like this, so naturally they will be destroyed."

"You can't go to Master for help, this is also a good experience for us."

Mu Ziqing's eyes were full of worry, and said: "Even so, but with the strength of Han Haizong, with us now..."

Ye Qiubai naturally knew what Mu Ziqing wanted to say.

smiled and said: "Don't worry, I've already inquired clearly before doing it."

"This Luoyan Sect has always been at odds with the Hanhai Sect."

"You mean?"

Mu Ziqing suddenly said: "Let's join the Luoyan Sect, borrow the power of the Luoyan Sect, and improve our strength for the time being?"

"That's right." Ye Qiubai nodded and said: "As long as we show the talent and strength that they value in the Luoyan Sect, we will naturally be able to ask the Luoyan Sect to help after we have the right to speak."

"After all, the two parties are like fire and water."

Speaking of which.

The two of them rushed towards Luo Yanzong.

Coincidentally.

Today is the Luoyan Sect's enrollment ceremony!

The Tianjiao in Luoyan City, as well as the casual cultivators around, rushed to Luoyanzong today.

...

Luoyan Sect is located in a high mountain outside Luoyan City.

Towering into the sky, on that mountain peak, there are dozens of wild geese flying!

At this moment, at the mountain gate.

Countless people came here in groups.

The reason is to pass the examination of Luoyan Sect, and then join it!

Although declining.

But at least it is the oldest sect in the Hanhai Starfield.

The background is still there.

At this moment, when Ye Qiubai and Mu Ziqing came to the mountain gate after changing their appearance.

There are two wearing brown robes.

There is a wild goose engraved on the left chest!

The wild goose is blue all over.

means that these two people are both inner disciples of the Luoyan Sect.

People around them all looked at these two with reverence and envy.

I saw that one of the men said loudly: "I am Wang Xing, and I am an inner disciple of the Luoyan Sect. The first test is to measure the bone age."

"Those who are under thirty and have reached the False God Realm can pass this first level."

"Okay, we can start."

Heard the words.

People who want to join the Luoyan Sect all rush towards it.

"Zhang Yu, 26, in the middle stage of False God Realm, passed"

"Yang Hefan, 25, early stage of Emperor Realm, passed."

When he read this, Wang Xing glanced at Yang Hefan in a little surprise, and then nodded.

Everyone was also a little surprised, the bone age of 25 has already reached the imperial realm?

This talent is really a monster!

"Ming Shaoting, 28, in the middle of the imperial realm, pass!"

"Li Rufei, 27, early stage of Emperor Realm, pass!"

Read the names one by one.

On the mountainside, several old men watched this scene.

"Hey, the quality of the seedlings this time is quite good."

"It is indeed better than the previous few times, but we still need to see if we can pass the subsequent assessment."

"Hehe, that's what you said, you can't wait to go down the mountain and rob people directly, right?"

"Nonsense!"

At this time.

Finally it was Ye Qiubai and Mu Ziqing's turn.

Wang Xing is also happy at the moment.

After all, if you have more Tianjiao, you can also get more training resources in the sect, and you can remember them in advance, so you can build a good relationship!

So, Wang Xing looked at Ye Qiubai with a warm smile on his face, and said, "Name?"

"Ye Qiu."

This is Ye Qiubai's temporary pseudonym.

"Okay, put your hands on the Tongtian Stone."

Ye Qiubai nodded, and put his hand on the Tongtian Stone.

The Tongtian Stone burst out with dazzling light in an instant!

Wang Xing was shocked!

Looking at Tongtianshi, he said with a dull expression, "Ye Qiu, 23, half a step... distracted state?"

Ye Qiubai did not suppress his talent.

All he has to do is to quickly attract the attention of the senior officials of the Luoyan Sect.

Only in this way can Luo Yanzong truly pay attention to it, as well as various cultivation resources.

People around watched this scene.

They all looked horrified!

Even, the surprise in her eyes was stronger than before!

twenty three?

Has already reached the half-step distraction state?

What kind of monster is this?

Ming Shaoting looked at this scene and frowned slightly.

Is there anyone more monstrous than him?

Yang Hefan smiled excitedly after being startled.

It seems that joining Luo Yanzong this time will not be boring.

Only Li Rufeif remained expressionless.

Ye Qiubai saw that Wang Xing did not speak, waved his hand in front of him, and said, "Senior brother, have I passed?"

"Ah... um! Passed! Passed!"

Ye Qiubai smiled: "Thank you, brother."

After finishing speaking, he walked into the mountain gate, turned around and winked at Mu Ziqing.

Mu Ziqing pursed her lips and smiled, and immediately put her hand on the Tongtian Stone.

As for the Tongtian Stone, there was no flickering light at all.

It's just that there is a mysterious aura.

Among them, there seems to be the sound of wild geese howling!

Wang Xing was slightly taken aback.

What's happening here?

People around are also puzzled.

"Could it be that the Tongtian Stone is broken?"

And at this time.

In front of Mu Ziqing, four old men came together!

Seeing this, Wang Xing immediately cupped his hands respectfully and said, "Disciple Wang Xing, see you peak masters!"

But, he was a little confused.

Why did these four peak masters, who can't see the end of the dragon, appear at this moment?

I saw the excited faces of the four old men!

"It's not broken!"

"At 21, you have reached the middle stage of the Hedao Realm?"

During the forward training, Mu Ziqing has naturally improved.

Heard the words of the four peak masters.

Everyone was struck by lightning.

Bone age 21?

Middle stage of He Dao Realm?

this...

In the vast sea star field, is there such a monstrous person?

"Girl, would you like to join my Yaoguang Peak?"

"Don't listen to him! Join me at Hunyuan Peak! I will accept you as my personal disciple!"

"Hey! This little girl is obviously more suitable for me, Lei Yunfeng!"

"What are you grabbing for? Do you have the appearance of being a peak owner... Or, join me in Ling Xiaofeng?"

Seeing this, Ye Qiubai rolled his eyes.

Yes, this one was robbed by my wife!

[Chapter 502: Han Haizong is robbing people!](#)

Seeing the four peak masters arguing over Mu Bai (Mu Ziqing's pseudonym), they were on the verge of fighting!

Everyone looked at each other in blank dismay.

Gosh...

What's going on here!

With Ye Qiu 23 in front of him, he reached half-step distraction.

Now, at the bone age of 21, this Mu Bai has reached the middle stage of He Dao Realm?

Are there so many monsters in their vast sea star field?

Or, these days, evildoers are worthless?

Rotten street?

Mu Ziqing smiled lightly, and said, "Masters, aren't there still tests to come?"

The master of Lingxiao Peak waved his hand, and said, "What are you going to test? In the next test, which one of them is your opponent?"

The master of Yaoguang Peak also smiled and said: "That's right, if you join my Yaoguang Peak, all cultivation resources will be tilted towards you! I will guarantee you to break through and become blood within three years!"

Resources are tilted, speak out in front of everyone.

Everyone didn't think it was wrong.

Isn't this normal?

Talented people deserve more resources.

What's more, a top monster like Mu Bai...

"You still need three years? This kind of monstrous talent, I can do it in two years!"

"Two years? One year for me!"

Hearing the four peak masters quarreled again, Mu Ziqing couldn't help feeling a little headache.

"Four peak owners, thank you for your kindness, but I still choose to join Yaoguang Peak."

Master Shake Guangfeng's expression was pleasantly surprised.

The rest of the peak masters looked depressed.

"Why?"

Mu Ziqing took it for granted, "Because the senior at Yaoguang Peak is also a woman."

Hear the reason.

The faces of the other three peak masters all turned black.

Almost didn't say it.

As long as you want!

I...I can be a woman too!

The master of Yaoguang Peak couldn't help laughing: "Okay! Mu Bai, you will be my direct disciple from now on!"

Immediately, with a wave of her hand, a golden wild goose appeared on the left chest of Mu Ziqing's dress!

This is the sign of a direct disciple.

"Okay, good boy, come with me."

Mu Ziqing nodded, and turned her head under the envious eyes of everyone.

Glanced at Ye Qiubai, stuck out his little tongue, and said via voice transmission: "Let's compete to see who can get the right to speak in Luoyanzong first."

Good guy, is this floating?

Ye Qiu smiled angrily: "Okay, but if you lose, you have to promise me one request."

After finishing speaking, I don't know what I thought of, and I even smirked.

When Mu Bai saw this ruffian smile, his pretty face blushed, and he secretly spat.

I don't know what I'm thinking.

Laughing so wretchedly...

After Yaoguang Peak led Mu Bai away.

The peak master of Ling Xiao Peak suddenly looked at Ye Qiubai, and said, "Ye Qiu, your talent is also very good, do you want to consider joining me at Ling Xiao Peak?"

Ye Qiubai thought for a while and said, "Senior, which mountain has the lowest background?"

Lowest?

The three peak masters were taken aback.

Immediately, the master of Ling Xiaofeng said with a strange expression: "Hate Tianfeng."

Luoyanzong has five peaks.

Among them, Ling Xiaofeng is the most powerful.

The one with the weakest background is Hate Heaven Peak.

Not many people are willing to join Hate Sky Peak.

Every time, they can only pick up the mistakes during the enrollment ceremony, so the peak master of Hate Heaven Peak did not appear here.

"Then I will join Hentian Peak."

Heard Ye Qiubai's words.

The three peak masters were taken aback.

What does this mean?

Deliberately find the weakest Hentian Peak to join?

This little guy...has masochistic tendencies?

The Lord of Lingxiao Peak coughed and said: "In that case, I won't force you anymore, but since you join, you won't regret it, do you know?"

Ye Qiubai cupped his hands and said, "I've made up my mind."

See Ye Qiubai's face is firm.

The three peak masters also nodded helplessly.

It's a pity, this Ye Qiu is also a good seedling!

Immediately, he turned to Wang Xing and said, "Take him to hate Tianfeng, and you don't need to participate in the subsequent assessment."

Wang Xing nodded.

The interest is not so high.

If it is said that Ye Qiu joined Ling Xiaofeng, Hunyuan Peak, etc.

Then, with his talent, he will naturally be able to quickly occupy a certain position in the Luoyan Sect.

However, what he joined was Hentian Peak...

No matter how good the talent is, without the blessing of sufficient background resources.

are all castles in the air...

But.

At this moment.

The three peak masters suddenly raised their heads!

Above that sky, the sea of clouds actually set off a stormy sea!

Three men appeared under the sea of clouds!

"Master of the Hanhaizong Law Enforcement Hall, Gong Rui? What are you doing here!"

"Hahaha, Lord Lingxiao, are you safe?"

Gong Rui smiled and said: "There is nothing else. I think today is your Luoyan Sect's enrollment ceremony, so I came to congratulate you."

congratulate?

Peak Master Hunyuan sneered: "Since when did Hanhaizong have such kindness?"

"Hey! You guessed it right!" Gong Rui showed a sarcastic smile on his face, and said, "Today, those who have passed the assessment, as long as they are under 30 bone age and have reached the Emperor Realm, can join my Hanhai Sect! "

The faces of the three peak masters changed!

Is this a robbery?

"Gong Rui, you Han Haizong don't go too far!"

"Do you really think that our Luo Yanzong dare not do anything?!"

"Don't worry." Gong Rui continued: "You all know the strength of Han Haizong, and you don't need to describe too much, as long as you are willing to join."

"Then, on the basis of inner disciples, I can give you fifty Tongyuan coins every month!"

Everyone was shocked!

Tongyuan treasure coin.

This is the hard currency of the Vast Sea Starfield!

You can enter the secret realm of the vast sea!

And Tongyuan treasure coins are also extremely difficult to obtain!

As soon as this condition comes out.

Suddenly, shaken expressions appeared on the faces of some people!

Among them, Ming Shaoting and Li Rufei spoke immediately.

"I would like to join!"

Seeing this, Gong Rui laughed loudly: "Okay! Okay! Then you just follow up!"

Peak Lord Ling Xiao's expression was extremely ugly.

However, I couldn't say anything.

After all, this is only the first stage of the assessment.

They didn't officially become disciples of Luo Yanzong either.

It is your own wish to stay or stay!

They can't interfere!

But.

This is how it works.

It was a slap on the face of Luo Yanzong!

It hurts hot!

Gong Rui smiled and said: "These two are also good seedlings, and I would like to thank Luo Yanzong for adding bricks and tiles to our Hanhaizong!"

"Gong Rui!"

At this time.

Hunyuan Peak Lord's face is angry!

The beard on his face is flying around at this moment!

The strength of the realm of the turbid fairy is undoubtedly revealed at this moment!

Gong Rui also showed a successful smile on his face!

And at this time.

A figure stopped Hunyuan Peak Master.

"Don't be impulsive."

Seeing this, Hunyuan Peak Master immediately cupped his hands and said, "Sovereign Master!"

Sect Master Luoyan nodded, then looked at Gong Rui, and said indifferently: "Go back and tell Sect Master Hanhai, we, Luoyan Sect, have recorded this matter."

[Chapter 503: Is it too late to change peaks now?](#)

Luoyan Sect is the oldest faction in the Vast Sea Starfield.

Although it has gone into decline, it still has some background.

Its suzerain, Yan Weisheng, is a top powerhouse who has reached the realm of the earth fairy!

When Yan Weisheng spoke, although he didn't release his breath.

But the original suppressing power of the Earth Immortal is still there.

Just opening his mouth lightly made Gong Rui want to quit!

It's just that Gong Rui now represents the Hanhai Sect!

"Sect Master Yan, excuse me." Gong Rui spread his hands and said with a smile: "However, I heard that there were two top geniuses who joined the Luoyan Sect just now?"

Immediately, Gong Rui looked at Ye Qiubai and said with a smile, "Ye Qiu, right? If you join my Hanhai Sect."

"Based on my talent just now, I can give you the opportunity to enter Hanhai Loft."

Han Hai Loft!

Everyone's expressions changed.

Peak Master Sanfeng also turned ugly!

This is the Hanhai Sect, the place where all kinds of spiritual arts are stored!

Spiritual art is a higher level of practice.

It is also divided into four levels of Tiandi Xuanhuang!

In the vast attic, the lowest ones are all mysterious-level spiritual skills!

Throwing out a book at random can cause a **** storm...

"Gong Rui, do you really want to start a war?"

Gong Rui didn't speak, but looked at Ye Qiubai with a smile, waiting for his decision.

Ye Qiubai smiled, and said: "The Hanhai family has a great career, so it's meaningless."

"Don't you think it sounds more exciting to lead a weaker sect to challenge the overlord?"

Hear this.

Everyone was shocked.

Is this declaring war on Han Haizong?

Although the talent is very evil, but with the strength of half-step distraction now, he can say such bold words.

Don't you think it's too overwhelming?

Sovereign Yan Weisheng also glanced at Ye Qiubai with appreciation.

This little guy is interesting...

Both Li Rufei and Ming Shaoting couldn't help laughing.

"I'm a little overwhelmed."

"As the overlord of the Hanhai Starfield, Hanhaizong is not something you can challenge."

Moreover, both of them have self-confidence.

A temporary talent is nothing.

Good birds choose wood to live in.

Backed by Han Haizong, with more resources and cultivation environment, this is the only way to go further!

Ye Bai?

Sooner or later they will be thrown away!

Gong Rui couldn't help but clapped his hands with a smile, and said, "That's right, the young man is passionate."

"However, dreams are dreams after all, and they are used for thinking, not for realizing."

"How about this."

Gong Rui showed an inexplicable smile on his face at this time, and said: "After three months, it will be the time when the Hanhai Sect and the Luoyan Sect will compete for the resources of Tongyuan Mountain. war."

Speaking of this, Gong Rui looked at Yan Weisheng: "Sect Master Yan, if we lose, we will give up 20% of Tongyuan Mountain's resources."

Tongyuan Mountain, the Hanhai Sect originally occupied 60%.

The Falling Goose Sect occupies 40%.

This condition is not unreasonable!

"However, if you lose, Ye Qiu and Na Mubai will join my Hanhai Sect, how about it?"

Yan Weisheng nodded and said, "Yes."

Ye Qiubai would naturally not refuse.

After all, as long as he wins, he and Mu Ziqing's voice in Luo Yanzong will be improved!

"If so, then I will take my leave."

After finishing speaking, he glanced at Ye Qiubai again, "I hope you won't regret it..."

After speaking, he left this place with Li Rufe and Ming Shaoting.

At this time.

Yan Weisheng also turned his head, looked at Ye Qiubai, and smiled softly: "You are very good."

After finishing speaking, he disappeared here!

Hearing these words, everyone was shocked.

Ye Bai was appreciated by the suzerain just as he started?

It's just... After three months, I'm afraid I will still lose.

After all, the cultivation resources and environment of Hanhaizong are much better than those of Luoyanzong...

Temporary talent does not mean anything.

The master of Lingxiao Peak said at this moment: "Ye Bai, although your talent is good, it may be difficult to beat Li Rufe and Ming Shaoting after three months."

"After all, in the past three months, the other party will definitely train these two without any room."

"If you obsessively join Hentian Peak, I'm afraid..."

Of course Ye Qiubai knew what Ling Xiaofeng was mainly talking about.

smiled lightly, and said: "Thank you, Peak Master, for your appreciation, but I have made up my mind."

He doesn't need many sect resources for cultivation.

After all, the exercises given by Lu Changsheng have surpassed them by far.

What he has to do is to gain the attention of the sect as quickly as possible.

"Since that's the case, I won't say much more."

"However, if there is anything you don't understand, you can always ask me."

"After all, the bet after three months is not only about you alone, but also about the reputation of our Luoyan Sect!"

after.

Ye Qiubai joined Hentian Peak, and Mu Ziqing joined Yaoguang Peak, and was directly accepted by the master of Yaoguang Peak as his personal heir!

Similarly, the bet with Hanhaizong spread throughout Luoyanzong.

Of course, almost no one is optimistic about Ye Qiubai.

...

Hate Sky Peak, it used to be glorious, but for some reason, it has completely declined now.

Looking at the bare mountain in front of you.

Even the foot of the mountain is not guarded by disciples like the other four peaks.

It seemed extremely empty and lonely.

Ye Qiubai smiled wryly and said, "How miserable this is..."

no way.

The road I choose, I have to walk through it even when I cry.

Thinking of this, Ye Qiubai shook his head helplessly, and then prepared to climb up step by step.

It's not that Ye Qiubai doesn't want to fly.

It's because, in every mountain peak, there is an air-forbidden formation.

When Ye Qiubai came to the top of the mountain.

Where it comes into view.

There is only a dilapidated big yard.

Beside, there are several cabins.

Moreover, the ground, as well as the roof, are already covered with fallen leaves, and it seems that no one has lived there for a long time.

"Hello, is there anyone?"

Ye Qiubai shouted helplessly.

At this time.

In the wooden house next to the compound, a woman in a light yellow dress came out.

"Huh? Who are you looking for?"

Ye Qiubai said helplessly, "I'm a new disciple at the peak."

The woman stepped forward, looked at Ye Qiubai carefully, wrinkled her pretty nose, and asked in confusion, "Huh? Judging by the time, now is the second test, right?"

Ye Qiubai explained: "My talent seems to be pretty good, let me pass directly there."

"Oh, that's how it is!"

Like this...huh?

Is this the reaction?

The woman smiled and said: "It seems that your talent is not bad, but why don't you think about it and join Hentian Peak?"

"You girl! What do you mean by being overwhelmed? Are you as hurtful as this?"

At this time, an old man walked out of the compound cursing.

After that, he looked at Ye Qiubai and said, "Okay, although I don't know what you think, since you joined, let's practice hard."

"Okay, is there any secret cultivation realm?"

"Cultivate the secret realm?"

The old man shook his head and said: "Why do you want that thing? Cultivation is your own business, don't keep thinking about heresy!"

Ye Qiubai was shocked when he heard the words.

This makes sense!

At this time, the woman whispered beside her: "Actually, we hate Tianfeng for being too poor, no."

Ye Qiubai: "..."

Let's just say, is it too late to change peaks now?

[Chapter 504: Yin-Yang Thunder Pond!](#)

"I heard that you joined Hate Sky Peak? How do you feel?"

Ye Qiubai smiled at the sound transmission in the jade pendant: "There is nothing, but it's good, I can practice quietly."

"Yes, after all, you are Senior Lu's apprentice, so you don't need these resources."

Ye Qiubai smiled, just about to say something.

was called out by the woman.

"Junior Brother Ye, there is work to do!"

Ye Qiubai put away the jade pendant and walked out of the wooden house.

Looking at the woman in front of him, he said, "Senior Sister Zhan Zhi, what's the matter?"

Zhan Zhi smiled and said: "Just now the peak master said, let's clean up the fallen leaves, and then get some wine to celebrate your joining Hate Sky Peak."

Ye Qiubai frowned.

Welcome him?

Then let him sweep the floor and cook?

What is this operation?

If it weren't for seeing what the peak master looks like.

He thought the master was here...

Zhan Zhi patted Ye Qiubai's back with a big grin, and said with a smile: "Okay, we hate Tianfeng now that there are only three of us, and the peak master is lazy, so we can only do it by ourselves."

"You can't bear to let such a lovely senior sister do these rough jobs alone, can you?"

After finishing speaking, he blinked his big eyes and pretended to be pitiful.

Ye Qiubai covered his face and nodded helplessly.

When sweeping fallen leaves.

Zhan Zhi said: "You can't use spiritual energy to clean it!"

"This is what the peak master said."

Can't use aura to clean?

What kind of regulation is this?

Ye Qiubai was puzzled, so he did as he did.

After scanning, Zhan Zhi said, "Junior Brother Ye, can you cook?"

Ye Qiubai's face tightened.

Danger!

He definitely knows how to cook, after all, he was trained by Master.

However, if they knew that they could cook, they might let him contract this task in the future, right?

So he quickly shook his head and said, "I won't!"

"If you don't know it, you have to know it!" Zhan Zhi smiled and said, "You are not familiar with Luoyan City, I have to buy wine, and I will leave the cooking to you!"

Ye Qiubai's mouth twitched...

Still can't escape...

its not right! I can deliberately make it unpalatable!

For example, put a lethal amount of salt?

Then...

It's time for dinner.

The peak master and Zhan Zhi ate together.

Suddenly, his eyes lit up!

"Mmm! It's delicious! Junior Brother Ye's cooking is really good!"

"It's delicious! It's been a long time since I ate such a strong taste!"

"I'll leave the next appetizers to you, brat!"

Ye Qiubai looked up at the sky.

Empty eyes.

"Heh...hehehehe...hehehehehe..."

After a full meal.

Zhan Zhi went back to practice.

The peak master was still holding the jug, pouring mouthfuls into his mouth.

"Why do you want to join Hentian Peak?"

"I already know about your talent. Going to Lingxiao Peak or Hunyuan Peak is the best choice."

Ye Qiubai also took a sip.

Although it is not as strong as liquor, it is so flavorful.

But under the starry sky, there is also a different flavor.

sometimes.

Drinking is not to judge whether the wine is good or bad.

It's about the drinker, and the environment, isn't it?

"Join Hentian Peak, if you can do something, you can gain a foothold in Luoyan Peak faster."

Ye Qiubai did not lie.

Lying in front of the strong cannot be concealed.

And there is no need to hide.

The peak master looked at Ye Qiubai, and said: "You are confident, and the old man didn't ask why you did this."

"I have also heard about your bet with Han Haizong, come with me."

After speaking, the peak master got up staggeringly, as if he was drunk, and walked towards the back mountain.

Ye Qiubai followed in doubt.

Didn't stop until he reached a cave.

The peak master said: "We have very few cultivation resources. If you want, you can do sect missions and exchange them with Tongyuan coins."

"This cave is the only thing on Hate Heaven Peak."

"what is inside?"

The peak master said impatiently: "You will know when you go in."

After finishing speaking, he took the flagon and drifted away.

Ye Qiubai shrugged and walked into the cave.

The cave was originally dark, but there were some fireflies dancing, which led to some light.

Doesn't look like anything fancy.

Just an ordinary cave.

However, when Ye Qiubai came to the end, he was stunned.

Among them, there is a hole in the sky!

At the end of the hole.

In front of Ye Qiubai's eyes, there was a pool of water.

However, the pool is filled with two violent thunder powers, one black and one white!

One side is Yin Lei, the other side is Yang Lei!

Yin Lei is full of destructive power!

Yang Lei is full of vitality!

These two types are completely opposite attributes.

However, in this pool, they merge with each other and live in peace.

It seems that there is no sense of disobedience.

And the blending of the two, the aura emanating from it is extremely terrifying!

"Do you want me to practice in this pool?"

Ye Qiubai thought for a while, then jumped into the pond.

Instantly!

Yin Lei and Yang Lei seem to have seen a foreign body invade!

Instantly went berserk!

Shooting towards Ye Qiubai!

Ye Qiubai's expression changed, and he began to run the Sword Sutra of Absolute Beginning, wanting to resist!

However, after thinking about it, I still gave up.

If you resist, what else can you practice by jumping into this thunder pool?

So, Ye Qiubai let go of his defense, and let the two different thunder forces, one Yin and one Yang, hit his body!

pain!

Two kinds of thunder powers, like wild beasts, attacked Ye Qiubai's body, blood, bones, and even his dantian!

Instantly!

Ye Qiubai's hair and eyebrows were directly burned away!

At the same time, the skin also turned black!

But.

What surprised Ye Qiubai was.

Under the quenching of these two kinds of thunder power.

The blood impurities in the body are slowly being destroyed!

At the same time, the turbid air in the body also began to be purified!

Blood has no impurities, and it can be smoother when entering the blood-changing environment.

Similarly, the difference between earth immortals and turbid immortals is to clear the turbid qi in the body!

If you can do these two things in the distraction state.

Then, Ye Qiubai's strength will have a qualitative leap!

Think here.

Ye Qiubai endured great pain and began to practice crazily.

After a period of time.

Ye Qiubai subconsciously used the Sword Sutra of Absolute Beginning.

The meaning of endless life in the Sword Sutra of Taichu.

It is possible to fuse the power of yin and yang and thunder with each other, and expel the violent power in it!

Into the purest source of thunder.

merged into Ye Qiubai's limbs and skeletons!

This surprised Ye Qiubai.

At this time.

In the compound.

Drinking the wine, the old man suddenly smiled and said, "He's a good young man, I wonder if he can inherit that Heavenly Spirit Art..."

Hate the reason for the decline of Tianfeng.

To a large extent, it is because the inheritance conditions in Thunder Pool are too difficult...

Ordinary evildoers can't achieve it.

...

And at this time.

In a star field that is full of destructive power and has no vitality at all.

A man in a white robe, holding a small doll in his hands, and a bird on his shoulders, came here.

[Chapter 505: Void family!](#)

This world.

In the sky, there are dark clouds all over, and the thunder dragon keeps rolling in it.

From time to time, it fell on the ruined land!

On the ground, leaving one dent after another!

What's even more shocking is.

On this dilapidated land, there are actually two corpses that seem to support the world, and they are still fighting continuously after death!

Although it has turned into a corpse!

However, the blood is still soaring, and the jade light is flowing above the bones!

The majesty of dragon and phoenix spreads in this world!

Lu Changsheng came here, looked at the scene in front of him, and thought to himself: "This is the final battle between the Dragon Clan and the Divine Phoenix Clan, right?"

The little bird standing on Lu Changsheng's shoulder nodded solemnly.

"This battle caused the Dragon and Phoenix clans to fall and fall to the altar."

At that time, the race that stood at the top of the high-latitude boundary.

are the Dragon Clan and the Divine Phoenix Clan.

From the beginning of the world, they have been there.

Now, it has come to this end.

It's really embarrassing.

The little bird flapped its wings and instantly turned into a phoenix!

Beware!

With a sound of phoenix cry, it came to the bones of the Divine Phoenix.

It seems that there is traction between the blood vessels.

The energy and blood of that divine phoenix skeleton, at this moment, actually flowed into Xiaoniao's body!

Suddenly, the power of Qi and blood in the bird's body began to skyrocket!

The fire of the Divine Phoenix all over her body became more and more intense!

Lu Changsheng was looking around.

According to the previous scene when the Void Behemoth appeared.

Space will be shattered!

Although times have changed.

But still leave subtle traces.

Of course, this has extremely high requirements for the way of space.

Lu Changsheng is naturally fine.

Soon, a subtle spatial fluctuation was discovered on the dragon and phoenix bones.

"Found it, let's go."

The little bird said at this time: "You go first, I want to absorb the dragon and phoenix energy here, it will help my exercises, and I will come back to find you later."

Lu Changsheng nodded, and broke through the space with a small stone.

Get in it!

as expected.

In the space here, there is the breath left by the giant void beast!

Follow the traces and chase them all the way!

...

Lu Changsheng advanced at full speed, and in just a few minutes, he traveled through countless star fields.

Finally, the breath ended in a place of nothingness.

Here, it seems to have come to the end of the space.

In front of Lu Changsheng's eyes, there were countless giant void beasts covering the sky and the sun, floating slowly.

noticed Lu Changsheng's figure.

An extremely simple voice came from the depths of the space.

"Humans, why come to my Void Clan."

Since the residence of the Void Clan can be found.

Then, it means that this human being has extremely powerful strength.

Lu Changsheng hugged the small stone that was still unconscious, and asked, "I came here to borrow the noble void crystal."

And when Lu Changsheng said these words.

All the void behemoths all set their eyes on Lu Changsheng at this moment!

The violent power of space erupted from the bodies of these hundreds of giant void beasts!

And these powers of space.

They all have the breath of space principles in them!

A space storm that can mobilize everything!

Rolling towards Lu Changsheng!

However, Lu Changsheng stood where he was, holding the small stone in both hands, motionless.

When the berserk power of space fell on Lu Changsheng crazily, it didn't do any damage to him!

Even, Lu Changsheng's brows didn't even twitch.

Um.

It seems that this void behemoth is not as powerful as me.

for safety.

This body of Lu Changsheng is just a clone.

If the opponent can't even destroy his clone, then there is nothing to be afraid of.

"Humans, the Void Crystal is the treasure of my Void Clan. It is impossible to lend it to you. Please leave."

Lu Changsheng frowned slightly.

"I just borrowed it to save my disciple."

"Save people? What does the void crystal do to humans...?"

However, these words stopped abruptly.

A head larger than the body of the void behemoth protruded from nothingness!

The pair of pupils as huge as mountains suddenly shrank when looking at the small stone in Lu Changsheng's arms!

"Empty Eucharist?"

Empty Eucharist?

Lu Changsheng was puzzled.

Immediately, the giant void beast said in a muffled voice: "Leave this child here, and I will save him."

Lu Changsheng shook his head and said, "Impossible."

"You can't teach him."

"I can't trust you guys."

Hearing this, the Void Behemoth said: "Without the Void Crystal, he would be blasted by the power of endless space."

Lu Changsheng lost his patience at this time, and said coldly: "Then I can only grab it."

"Rob?"

Heard what Lu Changsheng said.

The huge eyes instantly turned cold at this moment.

opened its abyss-like mouth, and the power of space is constantly condensing in it!

At the same time, hundreds of giant void beasts floating in the void also opened their mouths towards Lu Changsheng, and a space storm spewed out from it!

Lu Changsheng snorted coldly.

Holding small stones with both hands.

The figure instantly disappeared in place!

With the power of the body, go through the storms of space!

came directly to the big head.

Immediately, kick it out!

That big mountain-like head had a sneer in its eyes, and the power of space condensed in its mouth spit out instantly!

Like the light of extinction!

Spit towards Lu Changsheng!

This terrifying power of space.

Even if the star field blocks it, it will be instantly reduced to nothingness!

But.

Lu Changsheng acted as if nothing had happened.

In the light of extinction, he still raised his foot, and immediately stepped on the upper jaw of the giant void beast!

Instantly!

There was an earthquake in the pupils!

An irresistible force made him shut his mouth immediately!

The light of extinction keeps rolling in its mouth!

Wisps of berserk power of space squeezed out between the gaps between the teeth like a great rift!

Lu Changsheng said coldly: "Lu is not talented, but it is more than enough to deal with you."

Hearing Lu Changsheng's words.

The void behemoths around them were all shocked.

Isn't that good?

You know, they are void behemoths, but they are the race at the top of the food chain!

From ancient times to the present, there is no extinction.

How many races have you witnessed rise and fall?

But.

Now Lu Changsheng stepped on the head of their Void Clan patriarch.

Let him not even have a chance to resist!

"Human... who are you?"

Lu Changsheng sneered: "What, want revenge?"

Hearing this, those huge eyes were filled with wry smiles: "How can we take revenge with your terrifying strength?"

"The Void Crystal can be given to you, but the child in your arms will inherit the position of the patriarch of my Void Clan in the future."

With the strength shown by Lu Changsheng.

It is more than enough to teach this child.

Hearing what the patriarch said, Lu Changsheng was slightly taken aback.

Is there such a good thing?

"Can."

The two parties negotiated properly.

A white crystal filled with the power of space appeared in front of Lu Changsheng.

Place it on the small stone's chest.

In an instant, the constantly wanton power of space in Xiaoshi's body was absorbed by the void crystal!

Immediately, it turned into incomparably pure aura, and it was filled with small stones.

Seeing this, Lu Changsheng also heaved a sigh of relief.

Tearing the space and leaving this place with a small stone.

[Chapter 506: Yin Yang World Destroyer Lightning Technique!](#)

Time is like white clouds passing by.

When the eyes are closed and opened, two months have passed.

During these two months, Han Haizong has been looking for the whereabouts of Mu Ziqing and Ye Qiubai.

However, what they didn't expect was.

Ye Qiubai and Ye Qiubai have already joined the Luoyan Sect under the pseudonym Yi Rong.

As for Mu Ziqing, in the past two months, her strength has improved extremely fast, and she has reached the late stage of the Dao realm!

In the Luoyan Sect, and even in the entire Vast Sea Starfield, his reputation has risen greatly.

In contrast, Ye Qiubai.

After joining Hate Sky Peak, there has been no news.

Even some sect disciples are feeling sorry.

"Hey, such a good talent, but ran to join a hate peak?"

"Without resources, without a cultivation environment, what if you have talent?"

"I am afraid that Ye Qiu will lose the bet in one month's time, and it will also drag down our Luoyan Sect. It really doesn't matter!"

Shake light peak.

A woman said to Mu Ziqing who was cultivating: "Mubai, the Ye Qiu who joined with you, I'm afraid you have already thrown him a thousand miles away."

The woman is the master of Yaoguang Peak, who is also Mu Ziqing's senior sister, Xu Shi.

Strength has reached the peak of He Dao Realm.

Among the disciples of the Luoyan Sect, the existence in the forefront.

Hearing this, Mu Ziqing opened her eyes, smiled, and said, "He is not someone who is willing to be lonely."

"Maybe."

Although he said so, Xu Shi's eyes were still full of doubts.

...

And as the center shop of the topic.

Ye Qiubai has been cultivating in the yin and yang thunder pond for the past two months.

Didn't take a break, and didn't take half a step away from Lei Chi!

This surprised Cui Lao, the peak master of Hate Heaven Peak.

Zhan Zhi, who was cleaning the fallen leaves, pouted and said, "Junior Brother Ye hasn't come out yet? It's been two months!"

Yin-yang thunder pool, one yin and one yang, two kinds of divine thunder simultaneously quench the body.

Even a genius can only last seven days in it!

Old Cui asked: "Zhan Zhi, how many days have you stayed in it?"

Zhan Zhi swept the fallen leaves angrily, and said, "What a few days! I lasted for twenty days too!"

Old Cui nodded, still holding the broken gourd in his hand, and took a sip of wine.

It seems that this child is the one who has the most hope of getting that Heavenly Spirit Art...

At the moment.

In the yin and yang thunder pool.

The stale qi in Ye Qiubai's body has been completely removed!

It's just that the spiritual energy reserves in the body have not yet reached the level of the earth immortal.

The realm also broke through to the mid-stage of distraction state.

Nowadays, Ye Qiubai is confident that he has the power to fight even if he is a strong person in the early stage of He Dao Realm.

It's just... that's not enough.

Under the continuous tempering of the two types of thunder, yin and yang.

Ye Qiubai's aura was gradually eroded.

Among them, two kinds of thunder powers, yin and yang, were also born.

It's just that Ye Qiubai was surprised.

The trajectories of the Yin and Yang thunder forces are somewhat mysterious.

It seems... is there some kind of skill hidden?

While tempering his body, he felt the trajectory of the power of thunder.

In Ye Qiubai's mind, a book of exercises was slowly taking shape.

Yin-Yang Thunder Interaction.

Generate a huge force of destruction?

If it is used in the sword domain.

What can it produce?

thought of this.

Ye Qiubai's thoughts became clearer!

Gradually, a mysterious aura emanated from Ye Qiubai's body!

And at this moment.

felt this breath.

Cui Lao's muddy, drowsy eyes suddenly opened at this moment!

The drunkenness dissipated instantly!

Become extremely clear!

"The realm of heaven and man?"

Zhan Zhi also stopped the broom in her hand, and said in surprise: "It's not fair! I've been sweeping fallen leaves for so long, why haven't I entered the realm of heaven and man once?"

The realm of heaven and man requires more than just chance and talent.

At the same time, it also requires a quiet and steady mind.

Why did Elder Cui tell Zhan Zhi and Ye Qiubai not to use their aura to clean up the fallen leaves?

The purpose is to make them calm down.

After a long time like this, my heart is naturally calm.

However...if they know that Ye Qiubai has entered the realm of heaven and man several times before, they won't think so...

Another seven days later.

The mysterious aura dissipated, and Ye Qiubai finally stepped out of the thunder pool.

Outside the cave, Elder Cui and Zhan Zhi had been waiting here.

Seeing Ye Qiubai come out.

Zhan Zhili went forward immediately, and asked anxiously: "Junior Brother Ye, what have you realized?"

Ye Qiubai smiled, and then stretched out his hand.

Instantly!

The sword intent of the realm of heaven and man burst out at this moment!

Sweep this space!

Sword Domain!

at the same time.

In Ye Qiubai's hands, there are two thunderbolts, one white and one black, rushing out crazily!

In the sword field, it is also filled with the power of two kinds of thunder, yin and yang!

Perfect fusion with sword intent!

If we talk about the previous Sword Domain, its power will explode only under Ye Qiubai's attack.

So now.

Under the blessing of the Yin-Yang God Thunder.

It seems like a volcano that is about to erupt.

When two kinds of thunder riot!

Destructive power will erupt!

Seeing this scene, Elder Cui nodded, with a look of satisfaction in his eyes.

"The Yin-Yang Annihilating Lightning Art, the Heavenly Spirit Art of the old suzerain, finally someone can inherit it."

Is this a heavenly spirit technique?

Ye Qiubai was slightly surprised.

Zhan Zhi pouted and said, "I've been in so many times, but I still don't understand."

Ye Qiubai smiled: "It's just a coincidence."

Cui Lao said at this time: "In this case, tomorrow's Wufeng Grand Competition, you and Zhan Zhi will represent Hentian Peak to participate in the battle."

Five Peaks Grand Competition of Luoyan Sect.

It is also to test the achievements of the disciples among the five peaks in a year.

Similarly, it is also time to rank the five peaks.

Now, Lingxiao Peak is ranked first, Hunyuan Peak is second, Yaoguang Peak and Leiyun Peak are next, and Hentian Peak is at the bottom.

The higher the ranking, the more resources you have.

Hentian Peak has been at the end for hundreds of years.

There are not many cultivation resources.

This is also the reason why no one in Hate Sky Peak is willing to join.

Hear what Cui Lao said.

Ye Qiubai also nodded excitedly.

Coincidentally, this is also the time to test the Yin-Yang Destroying World Thunder Art.

What's more, he wants to gain a firm foothold in Luoyanzong and gain the right to speak.

This battle.

Ye Qiubai must make a name for himself!

Zhan Zhi was puzzled and said: "Master, we hate Tianfeng all these years and have never participated in the war. Why are we going to participate now?"

Old Cui took a sip of his wine, his eyes showed sharpness.

"This kid Ye Qiu has already realized the yin and yang world destroying thunder technique, so he naturally wants to participate."

"We hate Tianfeng, and it's time to surprise those old things."

Zhan Zhi was puzzled and said: "But, relying on Junior Brother Ye alone is not enough. The saints from all peaks are all in the Dao realm, and the saints from Lingxiao Peak have already reached half-step blood transformation. This difference in realm..."

Cui Lao smiled and said nothing.

Yin-Yang Destroying World Thunder Art, what does it represent in Luoyanzong?

It seems that these juniors have already forgotten...

[Chapter 507: Choose the strongest!](#)

The Wufeng Competition starts today!

At the same time, the other Sifeng disciples received a surprising piece of news.

Hate Tianfeng, decided to participate in this Wufeng Grand Competition!

"There are only two people in Hate Sky Peak right now? Zhan Zhi and Ye Qiu."

"Well, Zhan Zhi seldom shows up in Luo Yanzong, so no one knows her strength, but this Ye Bai..."

"Two months, although the talent is extremely monstrous, but he joined Hentian Peak... How can he compete with the holy sons of other peaks?"

"It's better not to participate, so it won't be too embarrassing."

Almost all Luoyan Sect disciples are not optimistic about Hate Tianfeng.

This is also normal.

Only Mu Ziqing seemed to think of something and smiled.

Hen Tianfeng had stopped participating in the Wufeng Competition before Ye Qiubai joined.

Now that Ye Qiubai joined, he announced his participation in this Wufeng Grand Competition.

What does this mean?

Xu Shi on the side came over at this time, and asked with a smile: "What are you thinking, so happy?"

Mu Ziqing shook her head with a smile, and said, "What can Senior Sister want from me?"

"It's nothing, this time the Wufeng Grand Competition, Master asked you and me to participate together."

"It's just that it doesn't matter if Hen Tianfeng participates, but let Ye Qiu be the representative? I'm afraid that the realm will be wiped out in the first round, right?"

Mu Ziqing smiled, and secretly said in a voice that only she could hear: "That's not necessarily the case..."

...

The Wufeng Grand Competition is usually held on the mountain that ranked first in the previous session.

At this moment, on Ling Xiao Peak.

By the high platform, disciples were already surrounded.

Meanwhile, at the top of an attic.

Five people with strong breathing stood on it with their hands behind their hands.

Hunyuanfeng said: "Old man Cui, why are you suddenly going to participate in the Wufeng Grand Competition?"

Old Cui took the broken gourd and poured it into his mouth, smashed it and said, "None of your business."

The owner of Hunyuan Peak suddenly blew his beard and stared: "Oh, I have a bad temper!"

"What, want to fight?"

Seeing Cui Lao's sharp eyes cast over.

The Lord of Hunyuan Peak was taken aback for a moment, then snorted coldly, and turned his head away.

The rest of the peak masters laughed when they saw this.

Although it is said that Hentian Peak is ranked at the bottom.

However, Elder Cui is the oldest among all the peak masters present.

At the same time, his strength is second only to Yan Weisheng, the patriarch of the Luoyan Sect...

And this time.

Yan Weisheng did not know when he appeared in front of the five peak masters.

All the peak masters bowed towards Yan Weisheng.

Only Cui Lao picked up the broken gourd and poured it into his mouth, still going his own way.

Seeing this, Yan Weisheng smiled and said, "Cui Yuan, how is Ye Qiu?"

Cui Yuan made a drink break and said, "Not bad."

"Oh? Is there any junior who can get into your eyes? I'm curious."

Immediately, Yan Weisheng looked down and said, "This is the beginning of the Wufeng Competition, and the rules have not changed."

"The holy sons can challenge whoever they want to challenge. The loser's ranking will be replaced, and if they don't want to go on stage, they will also be judged as negative."

"Okay, now we can start."

Below.

Zhan Zhi looked at Ye Qiubai and asked with a smile: "Junior Brother Ye, who do you want to challenge?"

Ye Qiubai shrugged, and jumped up to the stage!

Everyone was taken aback when they saw Ye Qiubai's figure.

Obviously did not expect that Ye Qiubai would be the first to take the stage.

"However, even if he loses, Hate Tianfeng has nothing to lose."

"It's not bad as an experience."

"Just don't know who he's going to challenge?"

When everyone is discussing.

Ye Qiubai said something amazing!

"Sacred Son of Lingxiao Peak, Ji Lian."

All the disciples were taken aback.

Discipline?

That is the strongest disciple of Ling Xiaofeng, and also the most powerful arrogance of the entire Luoyan Sect!

Its realm has even reached half-step blood transformation!

On the other hand, Ye Qiubai?

Two months ago, it was only a half-step distraction. Now that you join Hentian Peak, how can you improve?

Ji Lian was also slightly taken aback, obviously he didn't guess that Ye Qiu, a newcomer, would challenge him?

Mu Ziqing smiled slightly when she saw this scene.

Xu Shi was surprised and said: "This Ye Qiu has a lot of courage! He actually challenged Ji Lian directly? But, he should just want Ji Lian to guide him."

Ji Lian had the same idea as Xu Shi.

After taking the stage, he looked at Ye Qiubai with a blank expression and said, "Let's do it."

Ye Qiubai is naturally not polite.

He chose the strongest Tianjiao of the Luoyan Sect, naturally for the purpose of having the right to speak in the Luoyan Sect!

Holding the Nine-Foot Star Meteor Sword in his hand, the supreme state of the sword burst out at this moment!

"Supreme state? Talent is good, given time, it may not be impossible to surpass me."

Ji Lian nodded slightly: "However, it's still early."

Ye Qiubai smiled: "That's not necessarily true."

After finishing speaking, the sword field is on the high platform!

At the same time, in the Sword Domain, the will to suppress recklessly erupted!

Heading towards the suppression of Ji Lian!

Feeling that the flow of aura in the body is hindered.

The body seemed to be stuck in a quagmire.

Ji Lian couldn't help being slightly surprised.

Meaning of suppression?

And at this time.

Ye Qiubai has already stepped forward to Ji Lian.

Xingyun swordsmanship cut out with one sword!

Ji Lian raised his hand slightly.

Bang!

When Ye Qiubai's sword stood on Ji Lian's palm, there was the sound of refined iron colliding!

Keep your eyes open.

Ji Lian's palm turned into crystal clear green!

Like emeralds!

"Senior Brother Ji's soul jade hand!"

"Soul Jade Hand, if you practice it well, you can control everything!"

"However, the gap in realm is too great."

At the same time, Ye Qiubai did not stop the sword in his hand.

The strength of the middle stage of the distraction state exploded!

Cut out with one sword again!

The second sword of Xingyun swordsmanship!

On the high platform.

The peak masters were all shocked.

"I remember that Ye Qiu was half distracted two months ago, right? Is this a knock?"

"Breakthrough to the mid-stage of distraction in two months, this speed of cultivation is indeed terrifying."

"However, the realm gap is still too large."

Cui Lao smiled and said nothing.

The good show is yet to come...

Ye Qiubai slashed out with one sword after another!

One sword is more powerful than one sword.

However, even so, in the face of Ji Lian, who was half-turned into blood, he still couldn't break through the soul jade hand.

Ji Lian nodded: "This sword technique is excellent, but if it's all there is, I'm afraid that's the end of it."

And at this time.

Ye Qiubai retreated with his sword.

The Xingyun sword in his hand stabs towards the sky!

Boom!

Immediately!

Above the sky, there are no dark clouds, it is still clear, but there is the sound of thunder and thunder falling continuously!

In the Sword Domain, there are two thunderbolts, one white and one black, which burst out at this moment!

White thunder, full of yang power, exudes vitality.

The black thunder is full of yin power, and the power of destruction is wanton!

When these two thunderbolts appeared and merged perfectly.

Above the attic.

Except for Cui Lao, the four peak masters all looked horrified!

As for the Suzerain Yan Weisheng, his expression became serious.

"Heavenly Spirit Art, Yin-Yang Destroying World Thunder Art..."

[Chapter 508: Yin and Yang interact, destroy and explode!](#)

The founder of the Luoyan Sect is a generation of peerless arrogance.

Once upon a time, Luo Yanzong was the sole overlord of the vast sea star field.

The founder of the Luoyan Sect once left behind five techniques!

All are heavenly spirit arts.

These five heavenly spirit techniques are now Wufeng's unique skills.

Among them, the Yin-Yang Destroying World Thunder Art is the pinnacle art in the Heavenly Spirit Art.

At the same time, it is also the most difficult to comprehend among the many heavenly spirit arts, not one of them.

Because of this, the power of the Heavenly Spirit Art is extremely frightening!

Why did Hate Sky Peak fall to this point.

To a large extent, no disciple can comprehend this heavenly spirit technique.

And now.

On the high platform, the two thunder powers released by Ye Qiubai, one yin and one yang, are blending with each other.

Exudes endless power of destruction.

Isn't this the Yin-Yang Destroying World Thunder Art and what is it?

The master of Lingxiao Peak and the others looked at Elder Cui who was calm.

No wonder, Hentian Summit chose to make a comeback in this Wufeng Grand Competition.

At the moment.

All the disciples in the audience were full of doubts.

"What kind of spell is this?"

Obviously, they didn't know that there was this Heavenly Spirit Art in Hate Heaven Peak.

Only the holy sons of each peak showed awe-inspiring expressions.

Based on their level, they are naturally qualified to have access to the Heavenly Spirit Art of each peak.

They have also heard about the name of the Yin-Yang Destroying World Thunder Technique!

Opposite to Ye Qiubai.

Ji Lian's face was slightly condensed, and he said: "I didn't expect that you actually practiced the Yin-Yang Destroying World Thunder Technique."

"It's just... even so, the gap in realm cannot be made up by a single Heavenly Spirit Art!"

Hearing this, Ye Qiubai smiled: "That's not necessarily..."

Immediately, in the sword field, a huge sword slowly condensed into one!

Four Ultimate Swords of Absolute Beginning!

The meaning of repression converges on it.

The Sijue Absolute Beginning Sword, which was originally extremely sharp, became extremely thick at this moment!

Just the aura that emanates makes people feel a huge mountain pressing down on them, making them breathless!

at the same time.

Two thunderbolts, one Yin and one Yang, turned into two giant dragons, entangled on the giant sword!

Exudes a breath of destruction!

Feeling this power, Ji Lian's expression finally changed.

There was a hint of horror in his eyes!

Is this an attack that a monk in the mid-stage of distraction can unleash?

Ji Lian believes that if this huge sword is allowed to attack him.

Even if it is half a step into blood, it will be hit into an irreversible injury!

At this time.

Ye Qiubai poked out a finger!

Pointing forward together, pointing at Ji Lian!

The giant sword exuding a terrifying and destructive aura slashed towards Ji Lian!
this moment!

The space above the high platform trembled!

Two thunderbolts, one white and one black, are like black and white double evil spirits, leaving traces in the space, leaving bursts of tail flames!

Ji Lian suddenly stretched out his hands!

At this moment, the hands turned into jade-like, crystal clear green!

Immediately shouted in a low voice: "Soul Jade Hand!"

Under everyone's horrified eyes.

The huge sword slashed fiercely on Ji Lian's hands!

In just an instant, Ji Lian's footsteps kept retreating towards the rear!

Ji Lian let out a cold drink.

On those jade-like hands, waves of air burst out!

Half-step blood-turning breath, release it with all your strength at this moment!

At this moment, Ji Lian stopped backing.

Seeing this, Ye Qiubai held a sword in one hand and made a tactic with the other!

On the giant sword, two thunder dragons, one yin and one yang, let out bursts of roars!

The two kinds of thunder power merged and merged, and blasted towards Ji Lian!

At this moment, as the power of the peak heavenly spirit art, it is undoubtedly manifested!

Ji Lian's expression changed, and he gritted his teeth slightly.

"Jade soul stone body!"

This is Ling Xiaofeng's Heavenly Spirit Art!

Everyone was horrified when they saw this scene.

"You actually forced Senior Brother Ji to such an extent? Even used the Heavenly Spirit Art?"

"Jade soul and stone body, the cultivation is great, the whole body turns into an indestructible gem, and the strength and speed will skyrocket!"

"Although Senior Brother Ji only turned his upper body into jade, this is also a heavenly spirit technique!"

"Being able to do this, Ye Qiu is worthy of the name of the proud..."

Boom!

On the high platform.

Two thunder dragons, one yin and one yang, crashed onto Ji Lian's body!

In the sky, although it is clear sky.

However, the thunderbolts appeared out of thin air, and then they continued to strike down!

On Ji Lian's physical body, Thunder walks...

But.

The gap in realm is not even a little bit after all.

After a brief confrontation.

Ji Lian punched out!

The terrifying power caused the space to be distorted wherever the fist passed!

Immediately!

The huge swords were scattered, and the two thunder dragons, one Yin and one Yang, were also shaken back.

Ye Qiubai let out a muffled snort, bleeding from the corner of his mouth, evidently suffering backlash.

See this scene.

Everyone showed unexpected expressions.

The gap in realm is still too big...

However, Ye Qiu can be proud of being able to push Ji Lian, who has half-stepped into blood, to this level with his strength in the mid-stage of distraction.

On the attic, the master of Lingxiao Peak smiled and said: "Old Cui, you new disciples who hate Tianfeng are amazing. If this kind of talent is at the same level as Ji Lian, the result will be hard to say."

Old Cui snorted coldly, but looked at Ye Qiubai with satisfaction.

With this realm, to achieve this point is already very enchanting.

But...

When everyone thought that Ye Qiubai had come to an end.

On the high platform.

Ye Qiubai raised his palm.

Pinch and print with both hands at the same time!

The two thunder dragons, one yin and one yang, rioted again!

Everyone looked over in horror.

Could it be that Ye Qiubai still wants to continue?

Ji Lian also had a serious expression.

Looking at the Sword Domain, two thunderbolts, one yin and one yang, started to merge!
turned into a thunder ball of light!

The destructive power in it is getting more and more violent!

However, within the sphere of light, the power of destruction keeps leaking out!

It seems to be about to explode!

In the attic.

Yan Weisheng's expression changed, and he immediately waved his hands and said, "Let's attack together! Maintain the formation on the competition stage!"

The five peak masters are dispatched at the same time!

Elder Cui threw away the broken gourd directly, with an ugly face, and cursed: "You little lunatic! You want to forcibly merge the Yin-Yang God Thunder, is this going to play with fire and set yourself on fire!"

The four peak masters stood at four angles, constantly strengthening the defensive circle!

And Cui Lao came directly to the competition stage and stood in front of Ye Qiubai!

Yan Weisheng also waved his hand, a huge aura barrier wrapped Ji Lian layer by layer!

And this moment.

Under everyone's horrified eyes.

The thunder ball began to burst layer by layer!

The power of destruction burst out like a storm!

Boom, boom, boom!

All of a sudden, the arena was swept by the force of violent thunder, causing a devastating explosion!

Fortunately, there are four peak masters who have temporarily strengthened the defensive circle.

Otherwise, more than half of the disciples who are watching around will be killed or injured!

It's just, what's the situation inside?

Who wins?

[Chapter 509: I don't see them as opponents](#)

At the moment.

On the high platform.

The devastating explosion is over.

However, the white smoke is still flying, and in the white smoke, the destructive power is still wanton.

Occasionally, thunder flashes continuously.

There are even cracks in the surrounding space!

Everyone watched this scene in horror.

Is this heavenly spirit technique so powerful?

Even the suzerain had to be prepared to fight the destructive explosion by mobilizing the four peak masters and strengthening the defensive circle!

However, you must know that Ye Qiubai is only in the middle stage of distraction!

Is this something a distracted ascetic can do?

If you don't say it, they all think that the strong man from the blood-changing realm came here...

After a while, the white smoke dissipated.

The scene in it was seen again.

Under the protection of Yan Weisheng, Ji Lian was not injured in any way.

However, his face was extremely serious.

His eyes were full of fear!

If Yan Weisheng hadn't made a move, I'm afraid he would have been directly swept away by this terrifying aura of destruction.

Destroyed!

And what about Ye Qiubai?

Behind Cui Lao, his face was extremely pale and his breath was weak.

Obviously, after forcibly merging with the Yin-Yang God Thunder, his aura has been emptied.

"It seems... this trick can only be used when there is no other choice..."

Ye Qiubai smiled wryly.

At this moment, Elder Cui turned around and yelled at Ye Qiubai!

"You brat, are you crazy!"

"It's just an internal sparring, as for playing so hard! If it weren't for me, you would be dead now!"

Ye Qiubai smiled inwardly.

He naturally knew that it was dangerous to do so, although he underestimated the power of the yin-yang god-thunder fusion explosion.

However, as long as you use the scroll of the sword array given by the master, you can still easily resist it.

Yan Weisheng was on the attic, but also said helplessly: "This battle, let's call it a draw."

Heard what Yan Weisheng said.

The onlookers were all shocked!

With such a big difference in realm, it was a tie? !

Beside Mu Ziqing, Xu Shi said with emotion: "Mubai, you guessed it right, this Ye Qiu is really a monster..."

Hearing this, Mu Ziqing's watery eyes were full of smiles.

Hearing others praise Ye Qiubai, his eyes bent into crescent moons.

And this result.

Ji Lian has no objection either. Without the protection of the suzerain and peak masters, he would have died already.

Immediately, he looked at Ye Qiubai with a serious face, and said, "Hentian Peak's Heavenly Spirit Art is well-deserved of its reputation, no wonder no one has successfully comprehended it after so many years."

Ye Qiubai smiled and said, "It's a fluke."

After finishing speaking, both of them left the high platform.

Sitting cross-legged below, replenishing aura.

Ye Qiubai's goal has also been achieved.

After this battle, Ye Qiubai has completely gained a firm foothold in Luo Yanzong.

Fight across borders with amazing talent.

Presumably, the suzerain and other peak masters will pay more attention to Ye Qiubai in the future.

after.

The holy sons of each peak also began to fight one after another.

Mu Ziqing naturally also challenged.

The opponent to challenge is the Holy Son of Hunyuan Peak, who is at the peak of the Dao Realm.

However, Mu Ziqing suppressed it with the power of ice blood.

Successfully defeated the Holy Son of Hunyuan Peak.

Yoguang Peak's ranking, also because of Mu Ziqing's victory, replaced Hunyuan Peak and came to the second place.

This horrified everyone.

One Ye Qiu and one Mu Bai.

Both of them are new disciples who joined Luoyan Sect two months ago.

However, now he has been able to stand out in the Wufeng Grand Competition!

Even, get extremely shocking results!

The leader of Lingxiao Peak said with emotion: "I'm afraid these two little guys will lead the Luoyan Sect to regain its glory in the future, right?"

The master of Hunyuan Peak shook his head and said: "It's a bit difficult. Although I don't want to admit it, the cultivation environment and resources of Hanhaizong are stronger than ours."

"Nowadays, there are also a few monstrous disciples..."

"No matter what, we will do our best to train these two little guys!"

Yan Weisheng made the final decision!

...

At the moment.

Han Haizong, law enforcement hall.

The spy informed Gong Rui of the situation of the Wufeng Grand Competition.

Gong Rui frowned slightly, and said: "Call Li Rufei and Ming Shaoting."

Not long after, the two came hand in hand.

Gong Rui told the two of them the news.

Ming Shaoting smiled easily: "They have improved, and we have also improved a lot. After all, the background of Luoyan Sect is still inferior to that of Hanhai Sect."

Li Rufei nodded in agreement.

Hearing what the two said, Gong Rui thought for a while and said: "To be on the safe side, there is one month left, and you are allowed to practice in the secret realm of Tongyuan."

When the two of them heard the words, their faces immediately became happy!

You must know that Tongyuan Secret Realm is extremely mysterious, and whether it is the intensity of aura or artistic conception, it is more than ten times stronger than the outside world!

Practice in it, and your strength can improve faster!

"One month later, only victory is allowed but no defeat, do you understand?"

Both of them bowed their hands and nodded: "This is natural!"

...

One day later, the Wufeng Competition ended.

Ranking in the mouth, Ling Xiaofeng's ranking did not change, Yao Guangfeng came to the second place.

Another surprise.

Another disciple of Hate Heaven Peak, Zhan Zhi.

unexpectedly showed amazing strength!

With the strength of the peak of the Hedao Realm, he forcibly crushed the Son of Hunyuan Peak and won the third place!

At the same time, with Ye Qiubai's strength in the distraction state, he insisted on a tie with Ji Lian, who was half-turned into blood!

The appearance of these two people.

It also completely changed the disciples' views on Hentian Peak.

...

Return to Hentian Peak.

Zhan Zhi also patted Ye Qiubai's shoulder with a smile, and said, "We finally don't have to tighten our belts to live!"

Cui Lao said coldly at the side: "With the help of foreign objects, what's the use of a temporary improvement?"

"Only by climbing up step by step on your own can you reach the top!"

Zhan Zhi curled her lips and said, "But..."

"There's nothing wrong with it. If you have the time to argue with me, why don't you learn from Ye Qiu, that stinky boy? Go and comprehend the Yin-Yang Destroying World Thunder Technique?"

Hearing what Cui Lao said, Zhan Zhi was full of grievances.

pouted and said, "I'm not as evil as Junior Brother Ye..."

But, so to speak.

Zhan Zhi's eyes showed a look of reluctance, and he turned and walked towards the cave.

At this time.

Old Cui looked at Ye Qiubai, and asked seemingly unintentionally: "Now, your goal has been achieved, what is the next step?"

Ye Qiubai smiled and said: "It's not enough, let's talk about it after the bet with Han Haizong ends in a month's time."

"Oh? So, you are sure of victory?" Elder Cui glanced and said, "The background of Han Haizong is not as simple as you think."

"What's more, the talents of Li Rufei and Ming Shooting are not bad."

Ye Qiubai smiled indifferently and said, "I have never regarded them as opponents."

After speaking, Ye Qiubai turned around and walked towards the cave.

Seeing this, Cui Laogang wanted to stop Ye Qiubai.

But it was too late...

Only Zhan Zhi's scream came from the cave!

Under the body quenched by the thunder of the Yin-Yang Thunder Pool...

How could the clothes be intact...

[Chapter 510: The Battle of Tongyuan Mountain!](#)

After the end of the Wufeng Grand Competition.

Ye Qiubai and Zhan Zhi took turns using the Yin-Yang Thunder Pond.

Only, on weekdays.

When the two meet.

Zhan Zhi would grit her teeth and hug her chest to stare at Ye Qiubai.

Ye Qiubai could only smile awkwardly.

Although there are some episodes.

But the strength is still improving rapidly.

The comprehension of the Yin-Yang Destroying World Thunder Art is also more stable.

Just one month.

Ye Qiubai has already reached the state of distraction, and there are only three days before the bet with Han Haizong.

The holy sons of each peak were summoned by the suzerain Yan Weisheng.

"Three days later, the competition for resources in Tongyuan Mountain will begin."

"At that time, what you need is to compete with Han Haizong."

Ji Lian nodded, and said with a gloomy face: "Han Haizong now has six holy sons, all of whom are extremely talented."

Xu Shi also said: "Among them, the strength of Su Mingshui and Sun Kong is said to be only one step away from the blood-changing state..."

And that Su Mingshui is the direct disciple of the master of Hanhai Sect!

Ye Qiubai narrowed his eyes slightly.

Yan Weisheng nodded, and said: "It's better to do what you can. There is only one point to pay attention to in this competition with Hanhaizong, and that is the bet between Ye Qiu and Hanhaizong."

That's right.

As long as the bet wins Hanhaizong, they can get 20% of Tongyuan Mountain resources.

At that time.

Luo Yanzong can get 60%, while Hanhaizong can only get 40%.

The background gap between the two sects will also be shortened.

"Ye Qiu, when those two join the Hanhai Sect, they will definitely train them with all their strength because of this bet."

"Do you have the confidence to defeat them?"

Heard the words.

Mu Ziqing's eyes showed a smile.

Ye Qiubai also smiled and said: "When they joined the sect, their realm was lower than mine. No matter how much they practice, they can't go much higher."

"Not to mention... I have never been afraid of fighting across the border."

From the past.

Ye Qiubai is either fighting across the border, or on the way to fight across the border!

Moreover, there are almost no defeats!

It can be said.

Those two people, Ye Qiubai really didn't pay attention to them.

Yan Weisheng nodded, and said: "In this case, Ji Lian, you have to be careful of Han Haizong's small moves."

"After Ye Qiu wins the bet, with their temperament, I'm afraid they won't let Ye Qiu leave smoothly."

Explain some afterthoughts again.

Everyone left.

Ye Qiubai and Mu Ziqing were walking on the path.

"When the time comes to fight with them, I am afraid that Han Haizong will find out your identity."

Ye Qiubai smiled, and said: "I know, these days, Luo Yanzong is so high-profile, because of this matter."

Mu Ziqing smiled, "In this way, Luo Yanzong will definitely try its best to protect you, right?"

Ye Qiubai nodded: "This is just one of them. The ultimate goal is to completely break up the two sects."

Let Han Haizong completely destroy the sect!

This is Ye Qiubai's final plan!

Since Mu Ziqing's idea has already been made, Ye Qiubai will naturally not let it go!

...

Three days.

passed by in a flash.

At this moment, everyone in the Hanhai Starfield set their sights on Tongyuan Mountain.

after all.

Now Luoyan Sect and Hanhai Sect are the two most powerful sects in the entire Hanhai Starfield.

At the same time, Han Haizong also deliberately released the matter of the bet.

This has also become a topic of discussion among ascetics in the Vast Sea Starfield after dinner.

"Han Haizong's background is much stronger than that of Luoyanzong, and I don't know why Luoyanzong agreed to this kind of bet."

"Luoyanzong, as a power passed down from ancient times to the present, naturally has his arrogance. If you disagree, don't you admit that it is inferior to Hanhaizong?"

"But having said that, if Luo Yanzong loses, it will completely lose the strength to compete with Hanhaizong."

after all.

This bet has spread so widely.

Once Luoyanzong loses.

In the future, the Luoyan Sect will recruit disciples, will those Tianjiao still go?

Those with talent and strength will naturally choose Hanhaizong!

For Luo Yanzong, this will only be a slow death.

Obviously, under this bet, no one is optimistic about Luo Yanzong...

And at this moment.

On Tongyuan Mountain, there is an extremely terrifying aura!

People from the Hanhai Sect and the Luoyan Sect have already arrived here one after another.

Among them, the leader of the Hanhaizong is Gong Rui, the master of law enforcement!

As for the Luoyan Sect, it is the master of Lingxiao Peak.

Gong Rui sneered and said, "Peak Master Ling Xiao, don't come here unharmed."

Master Ling Xiaofeng had no expression on his face, and said: "Stop talking about hypocrisy, let's just start."

"Of course, but you should still remember the bet?"

At this time.

Li Rufei and Ming Shaoting, who were standing beside Gong Rui, both took a step forward, their gazes fixed on Ye Qiu who was standing behind Luoyanzong!

"Three months ago, your realm was stronger than ours, but now I don't know how much you have improved."

Ye Qiubai's expression didn't change at all, as if he didn't care.

"Three months ago, my realm was not as high as mine. Do you need to say more now?"

Li Rufei said with a cold face: "See the real chapter in your hands."

Three months of training in Tongyuan Secret Realm allowed the strength of the two of them to improve extremely quickly!

Talent is also good.

The strength of the two of them today is not far from the Holy Son!

So, the two are confident that Ye Qiubai is not an opponent.

Gong Rui also smiled and said: "Ye Qiu, after the bet, you will be able to clearly understand how big the gap between the two sects is."

"Of course, you can also directly abandon the darkness and turn to the light. Don't worry, it will not reduce your cultivation resources."

Ye Qiubai shook his head with a smile, and said, "It's useless to talk so much, let's start directly."

After finishing speaking, Ye Qiubai stepped out!

Holding the Nine-Foot Star Meteor Sword, pointing forward!

Pointing to Li Rufei and Ming Shaoting, he said: "Although the bet is one-on-one, you can go together."

As soon as the words came out.

Everyone was shocked, and they all set their eyes on the sky, that young man who was holding a nine-foot green peak and was full of spirits!

Crazy!

Crazy!

Even Gong Rui couldn't help lowering his face slightly.

Is this looking down on their Han Haizong?

Li Rufei's eyes were even more angry, and he said in a low voice: "No need!"

As soon as the voice fell, he rushed towards Ye Qiubai's direction!

The strength of the middle stage of the god-distracting state exploded at this moment!

A long knife slipped into Li Rufei's palm.

Sword intent sweeps the space!

Sharp and domineering.

As if breaking the sky and breaking the earth, he slashed at Ye Qiubai with one blow!

When this knife appeared.

Peak Master Ling Xiao sneered and said, "Hanhai Sect really spent a lot of money, and even handed over a mysterious fairy weapon to a disciple?"

Above the treasure is the spirit weapon, and above the spirit weapon is the fairy weapon!

Gong Rui smiled and said: "He is qualified to use this fairy weapon."

"Still, do you think it's unfair? Since that's the case, why don't I ask him not to use the fairy weapon?"

However, I just finished speaking.

Gong Rui closed his mouth, his eyes were extremely gloomy.

Peak Master Ling Xiao also chuckled: "Let him use it, otherwise I'm afraid even Ye Qiu won't be able to catch a sword..."
