

My Disciples 521

Chapter 521 The Earth Immortals are fighting, and Ape Shou makes a move!

On the one hand, Hanhai Sect has already summoned all the disciples and elders outside, and headed in the direction of Luoyan Sect.

The killing intent is full, filling the entire sky!

On the other side, the senior management of Luoyan Sect did not take any action.

Just issued an announcement lightly.

"The Hanhai Sect will come to the sect within the time of a stick of incense."

This also made everyone horrified and puzzled.

Isn't Hanhaizong stronger than our Luoyanzong?

Why do the suzerain and the five peak masters seem not in a hurry?

Could it be that you have given up resistance?

Or do you have a countermeasure?

...

Outside forces, there are many discussions.

Similarly, those first-class forces in the Vast Sea Starfield also set their sights on Luo Yanzong with a hopeful attitude.

After all, the war between the two top forces, no matter what, is one death and one injury.

When the time comes, it will be their chance to make a move.

"However, why is Luo Yanzong so impulsive this time? Let a disciple mess around?"

"Well, it's a bit sloppy. Although Ye Qiu's talent is extremely monstrous, in such a short period of time, not only did he realize the Holy Art of Tongyuan, but he also made breakthroughs in realms one after another."

"What good is talent no matter how good it is?"

"A genius who died halfway has no effect."

"That's true."

"If it were me, I would send that Ye Qiu away. As long as he is given time, he will definitely become a confidant of the Hanhai Sect in the future, and it will also give the Luoyan Sect a chance to rekindle the fire."

Generally speaking, all the forces in the Vast Sea Starfield are not optimistic about Luo Yanzong.

After all, the strength gap between the two sides is still somewhat large.

When the public forces are talking about it.

The sect of the Luoyan Sect gathered together outside the Luoyan Sect!

And the last breath, like the sky is falling!

With the intention of immortality, the entire Luoyan Sect was surrounded, in order to prevent any caught fish from escaping!

Since the war is going to start, naturally there can be no future troubles.

And this aura is naturally erupted by Jiyuan, the suzerain of the Hanhai Sect.

Among the Luoyan Sect, people were panicked.

The disciples couldn't help but look dignified when they felt the powerful aura of this earthly fairyland oppressing them.

coming!

At this moment, in the sky above the Luoyan Sect, a soft-spoken voice spread throughout the entire sect!

"Yan Weisheng, let me see how you have improved over the years."

As soon as the voice fell.

Yan Weisheng's figure appeared above the Zongmen.

"It's okay to try, but since it's a war, naturally don't care about fairness or unfairness."

Hearing this, Ji Yuan frowned slightly.

fair?

With their strength, what else can be called fair in the vast sea star field?

But.

The next moment, Ji Yuan's expression changed.

With a startled expression on his face, he slapped his palm backwards!

In an instant, the sky and the earth are surging!

It seems that the power of heaven and earth has been integrated into this palm!

This is the power of the earth fairyland, every gesture can take advantage of the power of heaven and earth.

A palm and a fist collided together!

Under the horrified eyes of everyone in Hanhaizong.

Ji Yuan's face turned slightly pale, he let out a muffled grunt, and flew upside down!

I saw a man in black, withdrew his fist, nodded slightly and said: "The response is good."

Who is this person?

To be able to blow Jiyuan away with one punch?

Even if it is a hasty defense, there is no time to use much strength.

But after all, it is the land of immortals!

This can only show that the man who punched is also in the realm of the immortal!

Jiyuan stopped forcibly, his face extremely ugly.

At this time, he also understood why Yan Weisheng said these words.

"Who are you? In the vast sea star field, there should be no third fairyland powerhouse."

Yuan Shou chuckled and said: "It doesn't matter who I am, a dead person doesn't deserve to know."

Hearing this, Ji Yuan's face became even uglier, and he turned his head to look at Yan Weisheng: "Sect Master Yan, it's really a big deal, and he was able to get a strong Earth Immortal to help him."

"Today, I, Han Haizong, have confessed."

After saying these words, he thought about leading the disciples and elders of Hanhaizong to retreat.

However, Yuan Shou stepped forward and blocked Jiyuan's retreat.

At the same time, behind Han Haizong.

Five strong men from the realm of the turbid fairy blocked the retreat!

It is the five peak masters of the Luoyan Sect!

Yan Weisheng smiled and said: "Jiyuan, you were the one who started the war, but now that the war has started, how can you let the tiger go back to the mountain?"

Ji Yuan's face sank like water, and he said in a concentrated voice: "Even so, if the two fairylands want to kill me, they will have to pay a huge price."

"What's more, the battle between the strong earth immortals, I'm afraid, your sect will cease to exist, right?"

What Jiyuan said is not unreasonable.

It has reached the level of the fairyland.

Under the same realm, even if there are two people, it is very difficult to be beheaded.

After all, he is already a fairy.

If they wanted to fight to the death, the other two would have to pay a huge price.

What's more, in the life-and-death decisive battle between the three strong earth immortals, the ascetics who have not reached the realm of immortals cannot bear the aftermath!

However, Sarutoshi laughed.

"There is also a gap among the earth immortals. I am afraid that you think highly of yourself."

After finishing speaking, Yuan Shou suddenly clasped his hands together!

Immediately!

Around the three of them, a sky-shattering trend rose!

fell on Ji Yuan's body, causing his body to be bent forcibly!

Gravity magnetic field!

Among them, Jiyuan felt that even moving was a little difficult for him!

This person in front of him is actually the peak of the earth immortal?

Just wanted to say something.

Seeing that Yuan Shou's body was approaching, he immediately punched him out!

The space suddenly shattered layer by layer!

The power of heaven and earth is surging, gathering on Yuan Shou's punch!

The strength of his physical body even shattered the space!

At the moment when Yuan Shou shot.

Yan Weisheng also moved.

I saw a long gun appearing in his hand!

On the spear, the wind is raging, surrounding the spear!

Immediately, at the center of the eyebrows, the ancient characters of Tongyuan Shengshu also shone!

One shot out!

The gust of wind turned into a tornado, strangling towards Jiyuan's back!

Feeling this scene, Ji Yuan's expression was extremely ugly.

Yan Weisheng's attack was okay, but the punch of Yuanshou in front of him made his heart palpitate!

The sacred art of Tongyuan unfolded, and a Scimitar Scimitar appeared in his hand, and then he slashed out with one blow!

"The water moon shakes the sky!"

It has to be said that Jiyuan performed this heavenly spirit art with the complete holy art of Tongyuan.

It is already very close to the category of fairy art!

But.

so what?

Under everyone's horrified eyes.

Ape Shou's punch directly shattered the Shuiyue scimitar!

Immediately, it hit Jiyuan's chest straight!

Behind, the tornado also directly involved Jiyuan!

Boom!

The shots of the two strong earth immortals.

Earth-shattering!

The people of Hanhaizong looked at this scene with nervous expressions in their eyes.

However, after the tornado dissipated.

Their goals are already full of despair...

Chapter 522 Evil Realm Information

The stronger the strength.

The harder it is to cause a kill.

For example, there is a small difference between the early stage of Earth Immortal and the middle stage of Earth Immortal.

The gap is extremely large.

It is also difficult to kill the opponent.

After all, at the level of an Earth Immortal, who doesn't have a few hole cards?

But.

Yuan Shou is the peak of the fairyland.

As well as the immortal art of the ape and demon clan, the re-establishment of the magnetic field, and the full blow of Yan Weisheng.

Jiyuan was killed without even having the chance to resist.

The people of Hanhaizong looked at Jiyuan who had completely disappeared in this world.

They all looked desperate.

How could they have imagined that the suzerain would be killed so easily?

The disciples of Luo Yanzong were dumbfounded.

Is this script wrong?

The strength of Hanhaizong should be stronger than their Luoyanzong.

However, the master of the Vast Sea Sect, the strongest in the Earth Wonderland, and the strongest existence in the Vast Sea Starfield.

Just came out, said a few words, and was killed until there was no ashes left?

Could it be that the scripts of the two of them have been swapped?

but.

Ape Shou and some of his disciples have seen it before.

Has been following behind Xiao Hei, acting as a guard.

And this Xiao Hei is said to be Ye Qiu's younger brother?

Everyone looked to the side, the two senior brothers who were calm and even talking and laughing.

Somewhat surprised.

Where did these two people come from?

With such power, why do you want to join the Falling Goose Sect?

And the situation after that.

Naturally, there is no suspense.

Hanhaizong was suppressed by the five peak masters and Yan Weisheng, and all of them were killed!

For a time, the land of the Luoyan Sect's sect.

Corpses are everywhere.

Blood flowed like a river!

The green water and green mountains were all dyed blood red!

The smell of blood seemed to spread throughout the vast star field.

When the news came out.

The vast sea star field was shaken by it.

No one thought of it.

In less than half a day, the entire Hanhai Sect was destroyed like a drama!

On the other hand, Luo Yanzong?

No casualties!

This made those first-class power officials who were waiting for the two sects to lose out and want to be orioles were all dumbfounded.

However, it seems now.

The overlord force of the vast sea star field will return to the hands of Luo Yanzong.

From then on, after the Luoyan Sect took over the background of the Hanhai Sect, there will be no force in the entire Hanhai Starfield that can compete with it!

...

At the same time, in the mid-latitude realm, a star field full of evil spirits.

Here, the night is full of darkness, and evil spirits are filling every corner of this star field.

In one of the main halls, a fair-skinned man is practicing.

Around him, there are endless ghosts roaring around!

At this time.

An evil creature with blue wings appeared in front of the man, knelt down on both knees, and said respectfully: "Master Xie Nan, the whereabouts of those people have been found."

Here, it is the evil domain!

Xie Nan also opened his eyes.

Those eyes are like a cage.

In the cage, countless ghosts have been suppressed!

After the Xie Wang met Xie Nan's eyes, he felt as if countless ghosts surrounded him!

Responding, cold sweat has soaked the whole body!

"Where?"

"Return...Return to your lord, Ye Qiubai and that body are in the vast sea star field."

"The prince of the Boundless Dynasty is now in the Divine Talisman Sect."

"The guy who cultivated the power of the stars is still missing."

Xie Nan nodded slightly, and said: "The rest of the people don't need to look for them deliberately."

"Order to go on and spread the situation of the ants in those low-latitude boundaries."

"At that time, we don't need to look for it, we will come to you."

Evil King nodded.

When he was about to leave, he was stopped by Xie Nan again.

"By the way, ask people to strengthen surveillance when entering and exiting the evil domain, so as to prevent the other party from hiding their identity and sneaking into the evil domain."

After all, their scheming is also extremely deep.

Xie Nan feels deeply...

...

At the moment.

Luoyan Zongzhong.

Suzerain Hall.

Five peak masters gathered together.

Ye Qiubai, Mu Ziqing, and Xiao Hei are all here.

"Now, are you going to leave?"

Yan Weisheng looked at Ye Qiubai and asked with a smile.

Ye Qiubai nodded and said: "Now, the Hanhai Sect is gone, and my goal has been achieved. Thank you, the Sect Master and the five Peak Masters for taking care of us."

Peak Lord Ling Xiao also said with emotion: "A person with talent like you will not be trapped in a small vast star field."

"It's better to go outside, so that you can fully stimulate your evil talent."

Yan Weisheng also nodded and said: "That's right, but remember, Luo Yanzong will always be your backing. If there is any trouble, you can come back at any time."

Hearing this, both Ye Qiubai and Mu Ziqing nodded movedly.

Although I haven't joined the Luoyan Sect for a long time.

However, the other party did not spare any effort to help them, and it is worth letting Ye Qiubai and the two remember this love.

And Luo Yanzong, also because of this decision.

After many years, it became the overlord of the mid-latitude realm...

After saying goodbye to the Suzerain.

Ye Qiubai returned to Luoyanzong and bid farewell to Zhan Zhi.

Immediately, he walked up to Mr. Cui.

Today, Cui Lao is still lying on a smooth big rock, holding a broken gourd, with his head up and drinking wine continuously.

It's just that this time I drank more than usual...

"Leave now?"

Ye Qiubai nodded: "Let's go now."

"Go, the world outside is big, pay attention to safety."

Ye Qiubai smiled: "When the matter is over, I will come back and have a drink with Cui Lao."

Old Cui waved his hand impatiently.

Ye Qiubai cupped his hands, turned and left.

Only by Elder Cui's side, there were three jugs left.

Old Cui took a look out of curiosity, and took a sip.

In an instant, he opened his eyes.

"Hey! Brat, why don't you bring out such a good thing sooner?"

...

Ye Qiubai and his party left the Vast Sea Starfield.

In the space, several people are sitting on the space ship.

The faces of everyone at the moment are very ugly.

Because they have already received the news from the evil domain.

Mu Zhengting and others have been tortured to the brink of death!

Mu Ziqing looked anxious!

"Brother, what should we do now?" Xiao Hei asked aloud, "It looks like they can't last long."

Ye Qiubai thought deeply, and then said, "It's useless to be anxious now."

"Since the other party spread the news, they naturally wanted to lure us over."

"Before that, uncle and the others will definitely not die."

"After all, if they die, we won't show up, and we will accumulate strength in secret. This is what Xie Nan and the others don't want to see."

Xiao Hei nodded.

Ye Qiubai hugged Mu Ziqing to calm her emotions, and then continued: "I got the star map from the suzerain before."

"The closest place to the evil domain is the Shatian domain, let's go there."

"After reuniting with Shi Sheng and Mu Fusheng, we will make plans."

After getting this news.

Mu Fusheng and Shi Sheng will definitely find a way to go there!

Now, the evil domain must be heavily guarded.

Naturally, the realm closest to the evil realm will be chosen!

Chapter 523 God Talisman

Although Mu Zhengting was arrested.

Now, there is even more news from the evil domain that the situation of Mu Zhengting, Mu Libei and others is not too optimistic.

Mu Fusheng, who learned about these situations, did not lose his mind due to anger.

Now they, even if they go to the evil domain, they are just queuing up to give away the head, and the gourd baby saves grandpa.

What's more, it is impossible for the other party to execute Mu Zhengting and others just here.

After all, this is the only bait that lures their Caotang brothers.

Once dead.

Ye Qiubai and others will immediately avoid the eyeliner of the evil domain and practice in secret.

With their talents, it is only a matter of time before they can destroy the evil realm!

Bright light domain, adjacent to the sky domain.

And in the Mingguang domain.

has a superpower.

That is the God Talisman Sect.

In the entire mid-latitude boundary.

Shenfuzong is also an existence that can be called a second-rate top force.

Not only because of his own strong background.

more because.

In the realm of the sky.

Sacred Talisman Sect is a branch of its Sacred Talisman Sect.

When it comes to the Holy Talisman Sect, the entire mid-latitude realm is in awe of it.
after all.

The Saint Talisman Sect is one of the overlord forces in the entire mid-latitude realm.

The Talisman of the World comes from the Holy Talisman.

This sentence is not groundless.

These months.

Mu Fusheng was in the Saint Talisman Sect, constantly completing tasks and exchanging contribution points.

Immediately, he exchanged a lot of talisman materials in the sect, locked himself in the cave, and crazily carved talismans.

Improving one's own strength.

The madness of Mu Fusheng quickly attracted the attention of all the disciples in the Shenfu Sect, as well as the higher-ups.

"Mu Fusheng, the time to use Tianfu has come."

At this time, an elder reminded him outside.

Shen Fuzong is famous for its way of talisman seal.

Naturally, he is superior in writing talisman seals.

In the four caves of Tiandi Xuanhuang.

All have different talisman formations.

In this way, when ascetics engrave talismans in it, they can have a more peaceful state of mind, and their perception of the power of heaven and earth will increase to a certain extent.

At the same time, the power of the soul has also been greatly improved.

And there is no free lunch in the world.

If you want to enter it, you must pay contribution points before you can enter the corresponding cave.

The Tianfu where Mu Fusheng is located, in the entire Shenfu Sect, there are only nine.

The contribution points that need to be paid are also extremely amazing.

Just one day requires 1,000 contribution points.

At this time, Mu Fusheng finally walked out of it, his eyes filled with bloodshot eyes.

Obviously.

Even with the assistance of the talisman array, Mu Fusheng's high-intensity and continuous writing of talismans consumes far more than the speed of recovery.

The elder looked at Mu Fusheng, frowned and said: "Mu Fusheng, hard work is a good thing, but sometimes you need to stop. If you go on like this, it is not a good thing for the way of talismans."

Mu Fusheng cupped his hands and said, "Thank you for the reminder, Elder."

Xie Yan didn't know how many times I heard this sentence.

He guards the order of Tianfu and has been sitting here.

As for him, he did not know how many times he reminded him, and Mu Fusheng did not know how many times he said such words.

However, I never listened to it once!

After finishing speaking, Mu Fusheng walked towards the mission hall.

There is the place where the God Rune Sect issued missions.

has the task of engraving and formulating talisman seals.

There are also tasks such as searching for heaven, material and earth treasures, and monster cores.

Generally, Mu Fusheng would choose seal cutting.

While acquiring task points, you will also improve your own way of talismans.

At this moment.

Xie Yan looked at Mu Fusheng's back and said, "Mu Fusheng, if you need to contribute points, you can go to the Talisman Tower."

Mu Fusheng turned around.

These months.

With Mu Fusheng's cautious personality, he naturally wanted to find out the situation here as much as possible.

And rune tower.

is a neutral force created by the Saint Talisman Sect.

All talisman masters in the world can enter it, pass the test, and obtain the corresponding talisman master level.

and some rare seal materials, or finished runes, will be sold in it.

"As long as you can obtain the level of a talisman master, the sect will give you corresponding contribution points. After all, this is also a way to enhance the reputation of the sect for the talisman sect."

Hear here.

Mu Fusheng nodded, thanked him again, and ran towards the Talisman Tower.

Looking at Mu Fusheng's leaving back, Xie Yan sighed slightly.

"This kid's talent in the way of talismans is terrifying... But, he pushes himself too hard, it's not a good thing..."

After finishing speaking, he shook his head, picked up the broom and continued to clean the dust and fallen leaves around the cave.

...

The Talisman Tower of Mingguang Domain is located in Fucheng.

Here, apart from the rune tower, there are no other forces.

It can be said that it is a neutral place.

All forces in the Mingguang Domain will come here to obtain talismans.

After all, talismans and formations are used differently.

But in battle or in cultivation, it is quite helpful to ascetics.

After Mu Fusheng came to Fucheng.

Then he covered up his aura, and at the same time changed his appearance.

First, in order to prevent Xie Yu's eyeliner, find out his specific location.

Secondly, it is also for the sake of attracting attention because of exposing too high talent after obtaining the certificate of talisman seal master in Futa, thus causing unnecessary trouble...

Even in this case.

Mu Fusheng still does not forget his original intention...

If Lu Changsheng found out, he would definitely call an expert, and at the same time feel relieved.

After a while.

Mu Fusheng stopped in his tracks.

In front of his eyes, there is a tower of columns that soars into the sky!

The body of the tower looks ordinary and is made of stone.

However, in it, Mu Fusheng could feel the power of countless powerful talismans!

Obviously.

In that high tower, there are countless unknown high-level talisman seals.

And at the door of the rune tower.

People come and go.

Mu Fusheng walked into the crowd and listened to the discussions of the people around him.

"I heard that the eldest lady of the Ling family came here today and is ready to attack the earth talisman master?"

"Well, Miss Ling's talent is really enchanting, and it has reached this level in just a few years."

"It's not just the eldest lady of the Ling family, I heard that Ding Shaoqing of the Divine Talisman Sect will also participate in the assessment of the Tianfu Master!"

"Heavenly pride of the Divine Talisman Sect...that's all right."

In the low-latitude boundary, there is no specific classification of talisman masters.

After all, in the low-latitude boundary, the way of talismans and seals is not well developed.

Some miscellaneous sects are only the first way to survey the talismans.

After arriving at the God Rune Sect.

Mu Fusheng then learned of the specific ranking of the talisman masters.

In the early days, there were four levels of Tiandi Xuanhuang.

And above the Heavenly Talisman Master, there is the Spirit Talisman Master, and after that, the Immortal Talisman Master!

Mu Fusheng thought about it.

Judging from his talisman skills, he should be able to attack the talisman master, right?

Chapter 524 Tianfu Master Assessment

The level assessment of Fuzhuan Master.

Participation is available at any time.

However, even so, the number of people who come to participate every day is still very small.

After all, the number of talisman masters is still very small.

Mu Fusheng pulled a person over and asked, "Fellow Daoist, how do I participate in the talisman master assessment?"

Zhou Yi was taken aback when he heard the words, then frowned and said, "You didn't even know about this and you came to participate in the assessment?"

The tone was full of impatience, but he still said: "Enter the rune tower, there will be an elder on the first floor, ask him to explain the situation, and you can participate by paying ten yuan crystals."

Mu Fusheng smiled and nodded: "Thank you, fellow daoist."

After finishing speaking, he was ready to go in.

Zhou Yi asked curiously: "What level of talisman master assessment do you want to take?"

Hearing this, Mu Fusheng thought about it.

According to what Elder Xie Yan said.

Huangxuan-level talisman masters are not rewarded with contribution points.

After all, in the Divine Talisman Sect, there are a lot of Talisman Masters of these two levels.

When you reach the Earth Talisman Master, you will be rewarded with 1,000 contribution points.

Tianfu Master has a reward of 5,000 contribution points.

As for the talisman master, there are even more, with a full 10,000 contribution points.

However, the study of that talisman seal has reached the final stage, and 5,000 contribution points should be enough...

If you pass the level of the talisman master as soon as you come.

Wouldn't that be too eye-catching?

When the time comes, there is fear of accidents.

After all, a talisman master.

Already comparable to the elders of the outer sect of the Shenfu Sect.

Under Mu Zhengting's captured cucumber, Mu Fusheng thought about whether to show off his talent and get the attention of Shenfuzong.

Let Shenfuzong help him deal with the evil domain.

However, if it is too ostentatious, it will inevitably cause big moves on the side of the evil domain.

So, even if you want to expose it, you can only let the upper echelons of the God Rune Sect know directly, and you can't show off in this kind of place.

Thinking of this, Mu Fusheng said: "Master Tianfu."

Heard Mu Fusheng's answer.

Zhou Yi's face froze.

A person who doesn't even know the assessment of a talisman master, is going to take the assessment of a talisman master?

"You...are you kidding me?"

Tianfu master, in the entire Mingguang domain, will be regarded as a guest of honor by many first-class forces.

Not to mention, Mu Fusheng looks so young.

Such a young Tianfu master?

Even in the Shenfu sect, only a talent like Ding Shaoqing can achieve it, right?

Mu Fusheng smiled: "Of course not."

Tianfu master can attract some attention from the Shenfu sect without being overly ostentatious.

This is the result of Mu Fusheng's investigation.

Immediately, he walked into the rune tower.

Looking at Mu Fusheng's back, Zhou Yi showed doubts.

Is it just putting on airs or do you really have this strength?

...

In the rune tower.

There were not as many people as Mu Fusheng imagined.

However, think about it, it is a neutral force after all.

The talisman masters in the talisman tower can join other sect families.

Under normal circumstances, the talisman masters of the rune towers would not stay in the rune towers.

In the center of the first floor, there is a wooden table, and beside the table is an old man who is writing and drawing on a parchment scroll.

In front of him, there is a beautiful woman and a man in luxurious clothes holding a paper fan.

The man smiled and said, "Ling Yao, are you sure this time?"

Ling Yao looked cold, nodded and said: "I have been preparing for the assessment of the earth talisman master for three years, there should be no problem."

"It's okay, if you can't pass, I will guide you."

The man looked confident.

However, what he said made Mu Fusheng want to laugh when he heard it.

Brother, do you pick up girls like you?

Can you speak?

Isn't this saying in advance that she will not survive this time?

Sure enough, Ling Yao's expression turned even colder, "Ding Shaoqing, instead of caring about me, you should think about how to pass the assessment of your Tianfu master."

"After all, the assessment of Tianfu Master is extremely difficult."

Ding Shaoqing said to himself: "It's okay, I'm well prepared, the problem is not too big."

And as soon as these words came out.

But the elder at the desk sneered: "Boy of the Divine Talisman Sect, the assessment of the Tianfu Master is not as easy as you think."

"It's just for other people."

Ding Shaoqing's face was still full of conceit.

At this time.

Mu Fusheng came over and said, "Senior, I want to participate in the Talisman Master assessment."

The elder did not raise his head, and took out a roll of parchment, "Fill it in."

Mu Fusheng took it and filled it out, and handed it to the elder.

Ling Yao didn't look back, just glanced at Mu Fusheng, and then looked away.

Ding Shaoqing was stunned when he saw Mu Fusheng.

"Mu Fusheng?"

Ling Yao said: "You know him?"

I saw Ding Shaoqing's complexion was a little subtle.

"This person joined the God Rune Sect for a short time, but he is a lunatic."

"Continue to do tasks to earn contribution points, then turn around and go to the heavenly cave to carve seals and seals."

A heaven-level cave?

Ling Yao asked: "It seems that this person's talisman is very strong?"

Ding Shaoqing shook his head and said, "No one has seen his talisman strength."

Heard the words from the side.

Mu Fusheng sighed in his heart.

Sure enough, it was too ostentatious.

I was a little anxious about my father's affairs, so I must take it as a warning in the future...

After thinking about it, Mu Fusheng handed the filled parchment to the elder.

The elder took it casually.

Immediately raised his head, took a serious look at Mu Fusheng, and said, "Tianfu Master assessment? Then you and Ding Shaoqing will be together later."

Mu Fusheng nodded.

Ding Shaoqing and the two on the side heard it.

All looked shocked.

Same as him?

Tianfu Master?

Ling Yao also had some surprise in her eyes.

Although Ding Shaoqing is too flamboyant.

But the strength and talent are indeed top-notch.

In the Divine Talisman Sect, he is also a high-profile Tianjiao.

And this Mu Fusheng, like Ding Shaoqing, wants to participate in the assessment of Tianfu Master?

"Are you... sure?"

Ling Yao asked.

Mu Fusheng smiled, and said: "It's my first assessment too, so I'm not sure, so I'll give it a try."

Ding Shaoqing also smiled and said after hearing this: "You are also a disciple of the Shenfu Sect, so you can be regarded as the same sect."

"As a brother of the same school, I still want to remind you that the assessment of Tianfu Master is very difficult. If you fail at that time, don't be discouraged."

After hearing this, Mu Fusheng didn't say anything, just nodded with a smile.

...

After the time for a stick of incense has passed.

The elder stood up and said, "Okay, Ding Shaoqing, Mu Fusheng, follow me, Ling Yao, you can conduct the assessment after them."

After finishing speaking, Mu Fusheng and Ding Shaoqing followed the elder.

walked into a side room.

In front of Mu Fusheng, there were several wooden tables.

On the wooden table, there are talisman papers.

"There is only one test for a talisman master."

The elder took out a talisman while speaking.

"As long as I can re-engrave this heaven-level talisman in my hand, the fire talisman can pass."

Ding Shaoqing's face changed slightly.

Although the underworld fire talisman is among the heavenly talisman seals, it is not a rare thing.

However, the details of its seal cutting are extremely complicated.

An inadvertent mistake will lead to mistakes, and all previous efforts will be wasted!

Even if it is him, he cannot guarantee 100% engraving of the seal.

On the other hand, Mu Fusheng, after taking a look at it, he started to cut the seal...

Chapter 525 Tibetan clumsiness

Underworld Fire Talisman.

is a relatively low-level existence in the heaven-level talisman.

However, there are many details and extremely complicated!

Extremely tested the state of mind of the talisman master and his control over the basics of talisman.

This is why the Talisman Tower uses the Underworld Fire Talisman as the standard for the assessment of the Tianfu Master.

Looking at Mu Fusheng, he started to cut the seal, and the elder couldn't help but take another look at him.

This talisman is rarely carved by anyone.

After all, it is too complicated and consumes too much mind. Instead of this, it is better to seal and carve other killing symbols of the same level.

Therefore, it should be impossible to master the seal cutting method of the underworld fire talisman in advance.

Ding Shaoqing was also slightly taken aback.

He took a rough look at the Underworld Fire Talisman, but he didn't remember some of the details clearly.

Mu Fusheng just glanced at it?

How can this be?

But.

How could the elder and Ding Shaoqing think of it?

In the book of seals.

There are many more complicated and fine talismans than seals.

Take the Sky Thunder Escape Talisman and the Nine Layers Thunder Shield as examples.

The details and complexity far exceed those of the Underworld Fire Talisman.

so.

This talisman is not a big problem for Mu Fusheng.

For a moment, the talisman pen in Mu Fusheng's hand swam around on the talisman paper, even waving an afterimage.

Even, he even separated some of his mind, always paying attention to the place where the seal was carved before.

Check left and right for any errors.

At the final stage, Mu Fusheng deliberately slowed down.

put on a thoughtful expression.

Otherwise, it would be too appalling to have produced this heaven-ranked talisman before the time for the incense to burn.

According to his understanding, only a talisman master who is extremely proficient in the basics can do this kind of thing.

So, in order not to be too ostentatious.

Mu Fusheng decided to be more stable.

After all, as long as you can get the qualification of Tianfu master.

Ding Shaoqing couldn't help but heave a sigh of relief when he saw Mu Fusheng stopped his talisman pen and his thoughtful expression in his spare time.

I thought this lunatic was really so perverted...

"Brother Priest, Master Talisman, don't be too impatient!"

"Look, the characterization was so fast before, didn't there be a mistake?"

Mu Fusheng heard the words, pretended to smile bitterly and said: "Thank you for reminding me, brother."

Only the elder frowned slightly, looking at Mu Fusheng with some doubts.

The reason why he was surprised before was because Mu Fusheng's previous portrayals were flawless!

As an examiner, he is naturally well-informed.

A person who carves talismans can guess one or two just by looking at the movements in his hands.

However, why did Mu Fusheng pretend to be like this?

Or, did you forget how to do the last step?

Wait until the two sticks of incense have passed.

Ding Shaoqing wiped the sweat from his forehead, put down the talisman pen and let out a long breath, and said, "Elder, I'm fine."

The elder nodded, and took the underworld fire talisman.

Just glanced at it, then frowned slightly, and said: "Although the details are a bit rough, resulting in a sudden drop in power, it is still usable and barely passed."

Hearing this, Ding Shaoqing nodded in satisfaction.

After all, I am not good at talismans, so I can do this step.

Thinking of this, Ding Shaoqing looked at Mu Fusheng and said with a smile: "Brother Priest, if you really can't figure it out, let it go, go back and practice it."

After hearing this, Mu Fusheng smiled.

Finally started the last step of seal cutting!

After a while, he carved the Minghuo Talisman and handed it to the elder.

The elder glanced at Mu Fusheng suspiciously.

Did you wait for Ding Shaoqing to finish the seal carving?

But what is this for?

Hold doubts.

The elder took a look at the Dark Fire Talisman, a look of astonishment flashed across his eyes, he nodded in satisfaction and said: "Yes, although there are some mistakes in the details of the seal carving, the overall completion is very good, and it passed."

Heard the words.

Ding Shaoqing's face was instantly horrified.

How can it be?

Immediately, he turned his head and looked at Mu Fusheng.

"How did you do it? Didn't you forget how to carve seals later?"

Mu Fusheng smiled: "I'm lucky to remember."

However, the details were wrong, and Mu Fusheng deliberately did so...

The elder smiled and said: "Okay, both of you have passed. After going out with me to register, you will be able to receive the Tianfu Master Medal."

The two nodded and followed the elders out.

In the hall on the first floor.

Seeing the two people coming out, Ling Yao looked over and asked curiously, "What was the result?"

The elder smiled and said, "Both passed."

Ding Shaoqing passed.

Ling Yao is not surprised, after all, he is a proud figure of the Divine Talisman Sect and the favorite student of the elders of the inner sect.

And Mu Fusheng, who is little-known, actually passed?

It seems that people really cannot be judged by their appearance...

Immediately, the elder took out two golden medals in the shape of clouds.

"This is the Heavenly Talisman Medal, keep it."

The two nodded.

After getting it, Mu Fusheng was ready to leave.

The elder said, "You did it on purpose?"

Ding Shaoqing and Ling Yao were at a loss when they heard this.

I don't know what the elders are talking about.

Only the corner of Mu Fusheng's mouth curled up slightly, and he said, "What is it intentional, what is the elder talking about?"

The elder frowned slightly, "It's nothing, you can go."

After Mu Fusheng cupped his hands, he left the rune tower.

The purpose is also achieved.

He did this, naturally, and the elders would see the clues.

This is what Mu Fusheng did on purpose, otherwise, it would not have been possible to cut the seal so quickly.

This is also to attract the attention of the upper management of the tower.

At the same time, Ding Shaoqing and Ling Yao would not be able to see it.

Thus spreading this matter everywhere, let Xieyu notice his existence.

As long as it attracts the attention of the top management of the Talisman Tower and the God Talisman Sect.

When going to the evil domain, he will not sit idly by.

...

And after Mu Fusheng left.

The elder took the underworld fire talisman and walked to the eighth floor...

Talisman Tower has nine floors in total.

The upper three floors are where the top of the Talisman Tower is located.

As for the ninth floor...that is where the tower master is.

Futa master, even these elders don't know who they are, they are extremely mysterious...

"Old Yao, why are you here? The next assessment is over?"

Elder Yao took out the Underworld Fire Talisman, handed it to the old man in front of him, and said solemnly: "Grand Elder, look at this."

The great elder was puzzled: "Isn't it just a dark fire talisman? What's so strange?"

Immediately, Elder Yao explained what happened before.

After hearing this, the face of the Great Elder also became strange.

"Then it seems that the junior should have done this on purpose."

"And... the details are wrong, they are all small mistakes, as a celestial talisman master, how could it be possible..."

"So, this is what he did on purpose."

The Great Elder smiled: "Interesting... It seems that this Divine Talisman Sect has a great disciple."

Elder Yao asked: "Since this is the case, should I go to the Divine Talisman Sect?"

Hearing this, the Great Elder shook his head and said: "No need, he did this, of course he didn't want others to know, I'm afraid, it won't be long before he will come to your door..."

Chapter 526 Zixiao World-Destroying Thunder Formation Talisman

Let's say that Mu Fusheng returned to the Shenfu sect.

Then came to the Tian-level cave.

Xie Yan still held the broom and cleaned the cave.

Mu Fusheng asked curiously: "Elder Xie, this is not very clean, what else are you cleaning?"

Xie Yan said without turning his head: "It's not dust, it's state of mind."

"For a talisman master, the most important thing is the state of mind."

Hearing this, Mu Fusheng smiled and said, "What Elder Xie said is true."

"Don't talk about me." Xie Yan put down the broom, looked at Mu Fusheng and asked, "How is the assessment going?"

Mu Fusheng took out the golden medal and said with a smile, "I got a celestial talisman master by luck."

Just a talisman master?

Xie Yan frowned slightly.

In the past few months, the aura that Mu Fusheng exuded when he was carving seals in the cave was no longer the category that a Tianfu master should have.

Even if you are a talisman master, it is more than enough.

"Mu Fusheng, what exactly are you going to do?"

Mu Fusheng smiled and said, "Elder Xie, what does this mean?"

Xie Yan reminded: "Although I don't know what your purpose is, but... too much concealment will always affect your mood."

"Young and not frivolous, how to go further on this road?"

Hearing the words, Mu Fusheng's eyes showed a bright light, and then he asked in doubt: "Zanghuo? I don't know what Elder Xie is talking about."

"Let's not talk about this now, Elder Xie, these contribution points of mine should be enough for me to practice in Tianfu for five days."

After speaking, he handed over the contribution card to Elder Xie, and walked into the cave.

Looking at Mu Fusheng's back.

Xie Yan shook his head helplessly.

This is a good seedling. If this kind of personality affects his mood, the loss outweighs the gain.

Thinking of this, Xie Yan disappeared in place.

...

In the Dongfu.

Rich aura.

The power of the array wraps Mu Fusheng layer by layer, making his mood extremely stable unconsciously.

At the same time, if there is any power of talismans, it also allows ascetics to carve talismans here, which has a lot of bonus effects.

This is also the reason why many contribution points are needed to enter Tianfu, and many disciples continue to earn contribution points and want to enter it.

Mu Fusheng took out nine talisman papers.

And on top of your nine talisman papers.

are engraved with completely different thunder patterns!

Above those thunder patterns, the purple thunder continued to circulate, and in an instant, it filled the entire cave!

Just placed on the wooden table, the purple thunder seemed to cause a riot in the world.

And this is the result of Mu Fusheng these days.

In the book of seals.

The last talisman of the elementary talisman.

Zixiao World-Destroying Thunder Formation Talisman.

When Mu Fusheng saw this talisman, he was quite startled.

Nine talisman seals, as the eyes of the formation, gather the power of the purple sky **** and thunder!

It is actually a perfect fusion of the power of formation and the power of talismans!

The power of divine thunder that erupts from it can cut down the strong in the fairyland.

All I can say is that I am worthy of being a master...

The elementary talisman of this book of sigils is already so terrifying...

And now.

Mu Fusheng has reached the final step.

All you need to do is to perfectly integrate the power of divine thunder between these nine talismans, and you're done.

But, this last step.

It is to fuse these nine array symbols by constructing an array.

Formation, although I have cultivated it for a while.

However, it is not proficient.

Mu Fusheng touched his chin, his face showing a thoughtful expression.

Could it be possible to go to the outside world to find a formation master to help?

However, as soon as this idea came to mind, Mu Fusheng immediately denied it.

The Zixiao World-Destroying Thunder Formation Talisman is one of his trump cards.

Can't let other people know.

At the same time, if outsiders see the Thunder Array Talisman, they can also preliminarily determine his ability as a Talisman Seal Master.

In this way, the strength will be exposed.

This method will not work.

Then, only do it yourself.

Mu Fusheng stroked his chin, carefully looking at the nine thunder formation talismans.

Thinking in my heart.

If it is said that talisman seals are used to introduce the power of heaven and earth into talisman paper.

Then, the power of the formation is to use the material as the foundation of the formation, use oneself as the eye of the formation, and borrow the power of the world to burst out powerful power!

Since they are all taking advantage of the general trend of the world.

Then, in other words, as long as the power of heaven and earth is gathered and these nine thunder formation symbols are connected, wouldn't it be all right?

Think here.

Mu Fusheng waved the pen in his hand.

The power of the soul burst out from between the eyebrows!

Immediately.

The power of the surrounding heaven and earth converged towards the talisman pen.

Immediately, Mu Fusheng waved the talisman pen in his hand, and stroked lightly in the void.

The momentum of the day and the earth gathered between the nine talisman papers.

But.

When Mu Fusheng took advantage of the power of the heaven and the earth and wanted to connect the nine thunder formation symbols.

But in an instant.

Dispelled by the power of the purple sky **** thunder released by the nine thunder formations at the same time!

It seems that they are rejecting this general trend of the world...

Mu Fusheng was slightly taken aback.

Immediately, I repeated it a few more times. During this period, I tried to gather more and more cohesive forces of heaven and earth.

However, it still ended in failure.

Mu Fusheng couldn't help thinking to himself.

Could it be that my thinking is wrong?

stabbed...

At this time, the sound of electric currents caught Mu Fusheng's attention.

Lightning...

Could it be?

seems to think of something.

Mu Fusheng's face was slightly serious.

Rising from the sky.

With the talisman pen in his hand, he swipe towards the sky!

Ninety-nine Hongmeng Divine Lightning Technique erupted from Mu Fusheng's body!

Like turning into a Thunder Dragon, it roared and rushed into the clouds!

One time.

Dark clouds, lightning and thunder!

A purple brontosaurus floating among the clouds.

Among the divine runes.

All the elders and disciples looked up to the sky.

"What happened? Why is there such a powerful power of thunder?"

"Is this attracting thunder, borrowing the power of thunder?"

"To attract such a powerful thunder force, what level of talisman seals do you need to engrave..."

"That direction seems to be a heaven-level cave. Is the elder of the sect studying talismans..."

Xie Yan, who was on the way back, saw this scene, and his eyes were slightly startled.

I'm afraid I still underestimated that crazy boy...

And at this moment.

In the Dongfu.

Mu Fusheng waved the talisman pen in his hand again, and let out a low shout!

"Thunder comes!"

Instantly.

Among the dark clouds.

Countless purple brontosaurus roared continuously!

The roar is earth-shattering!

It turned into beams of thunder and fell towards Mu Fusheng's talisman pen!

coming!

Mu Fusheng's face was solemn, and he swiped the talisman pen in the air, pointing in the direction of the nine thunder formation talismans.

For a while, the spiritual energy in Mu Fusheng's body was dissipating visibly with the naked eye.

The other hand immediately took out a elixir given by Lu Changsheng from the ring, and put it in his mouth.

Lightning, drawing such a large amount of thunderous world, naturally consumes a lot of soul power and spiritual power.

Boom!

Purple thunder beams poured crazily on the nine talisman papers.

this moment.

The surrounding wooden tables and decorations were all reduced to dust at this moment...

Without the protection of the talisman formation, the cave will be crushed by this thunderous force...

Chapter 527 Rune tower task

Five full days passed.

In the sky-level cave.

Mu Fusheng looked at the nine Zixiao World-Destroying Thunder Formation Talismans that concealed the might of the World-Destroying Thunder in front of him, and finally nodded in satisfaction.

Not busy He spent so much time thinking about it.

A single thunder formation talisman has such a powerful aura, so when nine pieces are combined to form a thunder formation, how powerful will it explode?

Mu Fusheng put away the Thunderbolt Talisman properly.

then walked outside.

Five days have passed, and the contribution points have also been spent.

And at this moment.

Outside the cave.

Xie Yan sat on a chair, closed his eyes and meditated.

Mu Fusheng walked over, bowed slightly to Xie Yan, and said with a smile, "Thank you, elder."

Xie Yan didn't open his eyes, but asked, "Thank me for what?"

Mu Fusheng's heart was like a mirror, and he replied: "I have made such a big commotion here in the past few days. If it wasn't for the help of the elders, the place would have already been surrounded by crowds. By then, it would be impossible to hide it. ."

Xie Yan only opened his eyes at this moment.

Looking directly at Mu Fusheng, his gaze is like a sword, as if he wants to see through Mu Fusheng.

"You are smart, but with me, don't you hide?"

Mu Fusheng spread his hands and smiled, "Didn't Elder Xie notice it a long time ago?"

Seeing Mu Fusheng's smile, Xie Yan suddenly said: "I'm afraid, it was your intention to let the old man know, right?"

Mu Fusheng still had a smile on his face, but he didn't say anything.

Everything is unspoken.

Xie Yan nodded: "Although I don't know what you want to do, but the old man will not ask for the time being."

Hearing this, Mu Fusheng smiled and bent down and cupped his hands: "Thank you, elder."

"However, I also have conditions."

The conversation changed, Xie Yan got up and walked towards Mu Fusheng.

A wooden token was taken out.

On the top, there is a Chinese word "photo" engraved!

"This is the regent token of the Tianming imperial family."

"The dynasties in the Mingguang Domain all use talisman seals as the foundation of their country."

"However, this Tianming Dynasty, with its talents dying, its sphere of influence has been secretly seized by other dynasties."

Mu Fusheng was slightly taken aback.

Good guy.

Waiting for this to come out...

Sure enough, there is no such thing as a free lunch.

However, there is no big problem.

If you accept it and complete the task, you will naturally get a certain amount of attention from the high-level.

As long as you are in the process of action, be careful not to be too public.

Thinking of this, Mu Fusheng nodded and took the token.

"what do I need to do."

Seeing this, Xie Yan smiled.

said: "The old man just said that talisman seals are the foundation of many empires in Mingguang Region."

"What you need to do is to take back all the economic markets outside the Tianming Dynasty."

"As for what to do, it's up to you."

Mu Fusheng nodded: "I understand, but, Elder, there should be rewards for this?"

Xie Yan snorted coldly: "Of course there is. After the completion, someone from the Rune Tower will come to investigate. As long as you pass the level, the Rune Tower will give you rewards, which will satisfy you."

Rune Tower?

It seems that...

Elder Xie is also related to Futa.

The elder of the Rune Sect is not simple...

"In that case, Elder Xie, I will set off."

"Go."

...

Taking the map, Mu Fusheng headed towards Haoran Continent.

In the field of bright light.

Divided into several continents.

Where the Divine Talisman Sect and the Talisman Tower are located is the Mingguang Continent.

is the center of the Bright Light Domain.

The Haoran Continent can only be counted as a remote place.

In layman's terms.

is the countryside...

Learn through the information in the map.

In the middle of Haoran Continent.

There are three great dynasties.

Tianming Dynasty, Blazing Fire Dynasty, and Longyun Dynasty.

Today, the Tianming Dynasty is being oppressed by the other two dynasties at the same time.

As a result, the talisman seal business in many cities was taken away.

During the Tianming Dynasty, those offerings were also dug away one after another.

This also leads to .

The Tianming Dynasty is on the verge of bankruptcy...

Mu Fusheng frowned slightly.

This situation is not uncommon.

Whether it is a war of human blood or this kind of economic war.

All are extremely damaging to a dynasty.

However, it is really challenging to complete this task on your own.

Don't think too much.

After a few days.

Mu Fusheng reached the Tianming Dynasty.

Sparsely populated.

The palace ministers passing by all had sad faces.

This is what Mu Fusheng saw.

It seems that it really has reached a point where there is no need to delay.

When Mu Fusheng wanted to enter the palace.

There were two Imperial Guards, armed with spears, stopped Mu Fusheng.

"Stop! Forbidden area of the palace!"

Mu Fusheng stopped and took out the token.

Seeing this, the two imperial guards immediately knelt down.

"See the Regent!"

Mu Fusheng nodded and said, "I want to take over the emperor."

The imperial guard hurriedly said: "Yes! I will report right away."

After finishing speaking, he immediately ran towards the palace.

Not for a while.

Then ran out to let Mu Fusheng in.

Go up the stairs and enter the palace.

At the moment.

In the main hall.

A middle-aged man is wearing a dragon robe and sitting on a high seat.

It must be the emperor.

And under it.

There is a man and a woman.

When the man saw Mu Fusheng, he asked suspiciously, "Are you from Futa?"

"Why so young?"

Mu Fusheng took out the token, and said indifferently: "It can't be that this token is fake, right?"

Sitting high on it, the emperor nodded and said, "It is indeed the token of this dynasty."

The eldest prince Tian Qihe frowned, and said: "Father, if this is true, then does Futa despise our request too much?"

"Sent such a young talisman master? I am afraid that even the ground talisman master has not been reached. How can this compete with the other two dynasties?"

The woman on the side is also Tianchi Yao, the princess of the Tianming Dynasty.

She didn't speak, but secretly looked at Mu Fusheng.

After hearing this, the emperor frowned slightly.

really.

Mu Fusheng is too young.

Talisman is a rare profession.

It is precisely because the talents required are too demanding.

"Little friend, what is your Talisman Master level?"

Mu Fusheng took out the Talisman Master Medal that day.

Tian Qihe and Tianchi Yao were shocked.

"Gold Medal? Celestial Talisman?"

The emperor also got up suddenly: "Such a young Tianfu master?"

It seems that there is a monster-like character coming!

Mu Fusheng also said at this time: "Now that I have proven my ability."

"Then let me talk about my request."

Tian Qihe frowned slightly.

"This is Tianming Dynasty, you..."

Mu Fusheng looked at Tian Qihe, and said coldly: "Then you just wait for your dynasty to fend for itself?"

Tian Qihe looked ugly, but he didn't say anything.

Tianchi Yao said with a smile: "The regent can bring it up."

Mu Fusheng nodded and said: "The first condition, materials or something, I need you to find them for me."

"Second, provide the other party's information to me immediately."

"This is the third and most important one."

"When I am doing things, no one can object or interfere."

Speaking of which.

Mu Fusheng turned his head, looked at Tian Qihe, and said with a faint smile: "Including this Prince, what do you think?"

Emperor Tianming hesitated: "This..."

Tianchi Yao said immediately: "We agree!"

Chapter 528 Is that all?

When hearing these three requirements of Mu Fusheng.

Tianchi Yao's consent, the emperor's silence.

and the great prince Tian Qihe's loud opposition!

"This is impossible!"

I saw Tian Qihe walk in front of the emperor, knelt down and said: "Father, this condition must never be agreed!"

"Not to mention, the authenticity of this Tianfu Master Medal."

"Even if it is true, there is only one Tianfu master, how can he compete with the other two dynasties?"

"The other party also paid a price to invite the Tianfu Master to sit in the town!"

Tianchi Yao frowned slightly.

For this big brother, she was almost speechless.

That's it, how to let him inherit the throne of emperor?

After hearing this, the emperor did not answer directly, but turned his head to look at Tianchi Yao, and said, "Chi Yao, you said you supported it before, what do you think?"

Tianchi Yao cupped her hands and said, "Father, we have no better choice now."

"Most of the talisman masters in the Tianming Dynasty have already joined the other two dynasties."

"At the same time, the talisman seal masters outside also regard us as a plague. If we don't agree to the conditions of this talisman master, we will die."

"Instead of this, I think it's better to give it a go."

The emperor nodded and said: "This statement makes sense."

See it.

Tian Qihe's face was gloomy.

"In this case, the emperor agrees to your conditions, and we will not interfere in anything you do."

Mu Fusheng nodded and said, "That's good."

"I now need specific information on the other two countries."

The emperor nodded and said: "Someone will send it to the regent's mansion later."

"Then I will take my leave first."

"Come here, send the regent!"

Wait until Mu Fusheng leaves.

Tian Qihe's complexion was extremely ugly.

Besides, Tianchi Yao said softly: "Brother Huang, I hope you don't do anything stupid. This person is the last hope of our Tianming Dynasty."

Hearing this, Tian Qihe snorted coldly and left as well.

...

Not long after Mu Fusheng returned to the mansion.

Tianchi Yao came with a scroll.

"Master Fu Shi, here is the information about the other two dynasties."

Mu Fusheng took it with a smile: "Just call me Mu Fusheng."

Tianchi Yao smiled: "Then I will be called Brother Mu."

Say it.

Mu Fusheng opened the scroll and checked the contents.

But the more he looked, the more solemn Mu Fusheng's face became.

Tianchi Yao looked at Mu Fusheng's expression, and carefully asked, "What's wrong, Brother Mu? The situation is not optimistic?"

"It's not too optimistic." Mu Fusheng smiled wryly, "It's just that there is almost no power to recover."

The information stated above.

It's completely finished.

It can be said that judging from the current situation, the two dynasties only need to maintain the current situation.

Within a month, the Tianming Dynasty will completely lose all sources of income!

Death is only a matter of time.

Heard what Mu Fusheng said.

Tianchi Yaoqiao turned pale: "Is there no other way?"

Mu Fusheng did not answer, looking at the information recorded on the scroll, thinking of a way to break the situation.

so far.

Both the Dragon Cloud Dynasty and the Blazing Fire Dynasty have a Tianfu master sitting in the town.

Among them, the main talisman of the Longyun Dynasty is the wood spirit talisman, which is used for healing.

The Blazing Dynasty is a ghost fire talisman, which has great lethality.

These two talisman seals are both earth-level talisman seals.

Occupies almost all markets in mainland China.

And the talisman seal carved by the Tianming Dynasty.

Whether it is healing or lethality, it is not as good as the opponent's two talismans!

This also led to the defeat of the Tianming Dynasty.

Although Mu Fusheng could carve higher-level talisman seals.

But in that case, it would be nothing more than exposing one's own strength.

At the same time, higher talisman seals will definitely be much more expensive in terms of price.

In Haoran Continent, which is not considered a rich continent, even if it is engraved, no one will necessarily buy it.

Like.

You develop a higher-end product, but because of the price, you cannot sell much.

Since so...

Mu Fusheng raised his head and said, "It's not impossible."

Tianchi Yao was surprised when she heard the words.

"Brother Mu, please tell me!"

"Bring me those two talisman seals and show them to me. I may be able to re-engrav them and transform them to sell them at a lower price."

Tianchi Yao lowered her head and pondered: "Price war? This method is feasible, but..."

Speaking of this, Tianchi Yao glanced at Mu Fusheng: "Those two talisman seals were created by Tianfu master, Brother Mu, you..."

"Don't worry, it shouldn't be a big problem."

Hear this.

Tianchi Yao just nodded, took out two talisman seals from the ring, and handed them to Mu Fusheng.

After Mu Fusheng took it, he probed into it with the power of his soul.

See it.

Tianchi Yao didn't bother, and left quietly.

...

On the other side, Tian Qihe came to the mansion.

A middle-aged man has been waiting for a long time.

"Your Highness, what's the matter?"

Tian Qihe's face was gloomy, and he said angrily: "Father and Tianchi Yao trust the people in the Talisman very much."

"Master Guan, if our cooperation is to continue, then he must be made to lose the trust of his father."

Guan Zongyan nodded, and said: "Naturally, a young celestial talisman master, even if he is talented, he will always be young."

Hearing Guan Zongyan's words, Tian Qihe's face softened.

This Guan Zongyan is the Tianfu master he hired at a high price.

However, before he could be introduced to his father, Tianchi Yao took the lead!

Ruo Ru, really let Mu Fusheng make some achievements.

At that time, the throne may not be guaranteed...

"Remember your promise, Your Highness, I will help you ascend the throne, so the position of national teacher can only be me."

Tian Qihe nodded and said: "As long as you can successfully help me ascend the throne, I will naturally keep my promise."

Guan Zongyan nodded.

"Then, at the morning of tomorrow, I will prove the gap between me and him in front of the Emperor..."

...

At the moment.

In the residence of the Prince Regent.

Mu Fusheng looked at the two talismans with a speechless expression.

That's it?

That's it, that's it?

Although the wood spirit talisman and blazing fire talisman are earth-level talismans, they are only the lowest-level existences!

Moreover, the structure is extremely simple.

Mu Fusheng saw through it at a glance.

Among them, there are several areas that can be improved!

I thought it would be difficult.

Now it seems that there should be no big problem in grabbing back the market.

Think here.

Mu Fusheng took out the talisman pen and started to improve it.

Just half a day.

has been improved.

The two talisman seals are both more effective, and the price of seal cutting is lower!

At that time, you only need to sell these two talismans in batches at a lower price.

However, just to be on the safe side...

Mu Fusheng started to carve another talisman.

Peak of Heaven Rank, Thunderstorm Talisman...

Chapter 529 Early battle

the next day.

The blazing sun is rising.

In the palace of the Tianming Dynasty, the court has already gone to court.

However, at this moment, the ministers in the palace all have gloomy faces, with despair in their eyes.

Obviously.

These days, the other two great dynasties have pushed the Tianming Dynasty to a desperate situation!

At this time.

The Emperor suddenly looked at Mu Fusheng, and said, "Prince Regent, I heard from Chi Yao that you have already thought of a solution?"

All the ministers set their eyes on Mu Fusheng.

only.

So young.

But it didn't make them hopeless at all.

It seems that death is already doomed, and there is no way to recover!

Tianchi Yao showed a faint smile, looking at Mu Fusheng with starry eyes.

Mu Fusheng nodded, just when he was about to speak.

But I heard the eldest prince Tian Qihe said: "Father, don't rush to listen to the regent's method. My son is also here to find a helping hand."

The emperor looked over and said, "Oh? Who is it?"

Tian Qihe smiled and pushed Guan Zongyan up.

And when everyone saw Guan Zongyan, they were slightly taken aback.

"Isn't this person Guan Zongyan who was very talented as a talisman master in Haoran Continent in the past, so he stood out and went to Mingguang Continent?"

"That's right, it's him!"

"If it's him... I'm afraid there is really hope!"

Seeing the compliments from all the ministers, Tian Qihe smiled lightly, and then added fuel to the fire again, saying: "Moreover, Master Guan has already reached the realm of Tianfu Master."

Heard the news.

It gave the ministers a boost!

Tianchi Yao also had a slightly dignified expression.

An established Tianfu master and a newly promoted Tianfu master are naturally very different.

Obviously.

Everyone regarded Mu Fusheng as a new Tianfu master.

When Mu Fusheng heard these words, he pretended to be surprised, but there was no slight fluctuation in his eyes.

Guan Zongyan smiled and said: "Since I have agreed to the First Prince's request, I will naturally do my best to help the Tianming Dynasty get out of desperation."

"However, I have one requirement, that is, I must be the master."

"Of course, the young regent can be sent away, that is the last."

When he said these words, Guan Zongyan deliberately said the word "young" a little louder.

Hearing this, Mu Fusheng smiled lightly.

It seems that it is for him.

Tianchi Yao's complexion also became ugly.

"Master Guan, since we all want to help the Tianming Dynasty get out of desperation, wouldn't it be better for the two of you to join hands?"

Guan Zongyan smiled and shook his head: "Your Royal Highness doesn't know something. When Master Fu is cutting the seals, if the two parties have different opinions, the progress will be greatly slowed down."

"Obviously, this is a very fatal point for the Tianming Dynasty who has not had much time, right?"

"Of course, the final decision is still in the hands of the emperor. If you choose me, then there will be no him."

"If you choose this young regent, then Guan will leave on his own."

The last sentence is threatening.

The emperor's face is also extremely ugly.

However, the current situation does not allow him to get angry.

had no choice but to look at Mu Fusheng, and said, "Regent, what do you think?"

Hearing the words, Mu Fusheng smiled: "Originally, if I cooperate with this master Guan, then I agree, after all, one more person is more powerful."

"However, since the other party has said so, the subsequent cooperation must not be too pleasant. If so, it can only be decided by the emperor, leaving one person."

The Emperor hesitated.

At this time, Tian Qihe took the initiative to say: "Father, since it is difficult to make a choice, let the Regent and Master Guan talk about the two sides' methods? Whoever is better, use whoever."

Tianchi Yao took a deep look at her imperial brother.

It looks like it has been prepared for a long time.

The emperor's eyes brightened slightly, he nodded and said: "Then do it this way, Master Guan, tell me your method."

All the ministers set their eyes on Guan Zongyan.

want to see.

This master Guan, known as the former Tianjiao, has any good recipes.

After Guan Zongyan glanced at Mu Fusheng, a confident smile appeared on his face.

From the ring, he took out a talisman.

The eyes of all the ministers were attracted!

I saw that on the talisman seal, there was a strong green glow.

Among the green glow, there are scattered white dots wandering around.

"This is a heaven-level talisman, a spiritual wood bone talisman."

Heaven-level talisman!

All the ministers looked surprised.

Even if you are a celestial talisman master, if you want to successfully refine a celestial talisman seal, the success rate is not too high.

What's more, even if they are not talisman masters, they have already heard of the name of the Lingmu Bone Talisman!

It can be said.

Spiritual Wood Bone Talisman is one of the top healing talismans among the heavenly rank talismans!

Its refining efficiency and required materials are extremely difficult.

However, some ministers did show expressions of thought.

Even the emperor didn't show an overly happy smile.

There was a hint of hesitation in his eyes.

Guan Zongyan continued to say to himself: "Since they opened the gate of the Tianming Dynasty with the wooden magic talisman, we only need to be more advanced than theirs."

"As for the Nether Fire Talisman, it is an earth-level talisman after all, and I can also take out the corresponding sky-level talisman to deal with it."

Speak.

Tian Qihe smiled triumphantly.

Demonstratively glanced at Tianchi Yao.

However, there is no ugly look on Tianchi Yao's face, but a little want to laugh?

The emperor did not immediately praise, but instead looked at Mu Fusheng on the other side.

"Regent, what is your solution?"

This scene.

Let Tian Qihe and Guan Zongyan look at each other.

This situation.

Seems like... something's wrong?

Mu Fusheng smiled, and said: "Indeed, being able to seal and carve the spirit wood bone talisman shows the high attainments of Master Guan as a talisman master."

Guan Zongyan couldn't be happy when he heard these words.

Why doesn't this feel like a compliment to him?

"But..."

Sure enough, when the topic changed, Mu Fusheng smiled and said, "Don't forget, this is not a competition for talisman masters. There is a competition between talisman masters. Whoever has the highest level of seal carving will win."

"This is an economic war between dynasties."

Mu Fusheng was originally the eldest prince of the Boundless Dynasty.

I am all too familiar with such a situation.

The emperor's eyes lit up slightly.

Tianchi Yao also showed a faint smile.

"I don't know if Master Guan has thought about it, how many people in Haoran Continent can afford or use this Spirit Wood Bone Talisman?"

Hear this.

Guan Zongyan's expression finally changed.

He finally knew why the emperor and some ministers didn't show surprised expressions.

This is not right, it comes from here!

"If a dynasty wants to regain the market, it must consider some casual repairs and things that most forces can afford!"

"And I just happened to carve two talisman seals."

"That is the wood spirit talisman and the ghost fire talisman..."

Chapter 530 Price War!

Wood spirit talisman and ghost fire talisman?

Dang heard Mu Fusheng's words.

All the ministers were stunned.

Even Tianchi Yao and the emperor didn't react.

Tian Qihe sneered and said: "These two talisman seals are sold by the other two dynasties. What's the use of these two talisman seals that you made at this time?"

Guan Zongyan frowned slightly.

It is impossible for Mu Fusheng not to know the information about the other two dynasties.

Since this is the case, why do you need to seal these two talismans?

Those who can say what they just said are definitely not fools!

It's just, what is the difference between these two talismans.

Guan Zongyan looked at it for a long time, but he couldn't see it...

At this time, the emperor frowned, looked at Tianchi Yao, and asked, "Chi Yao, didn't you give the information to the regent?"

Tianchi Yao wryly smiled and said, "Father, I gave it to you yesterday."

Then why?

The emperor looked at Mu Fusheng, waiting for his answer.

Mu Fusheng could see the changes in everyone's expressions.

He also expected that this would happen.

Then explained: "Although the names of the talismans are the same, there is a huge difference."

"I just said that the way of business and high-level talismans determine the upper limit of a trader."

"However, a low-level talisman can produce better results at a lower price, which just determines the lower limit of a merchant, and it is also the foundation of this merchant's foothold!"

heard what Mu Fusheng said.

The Emperor and Guan Zongyan gradually came to their senses.

Tianchi Yao said in amazement: "Brother Mu, are you saying that you lowered the production cost of these two talismans?"

Guan Zongyan's face was even more solemn: "This is impossible. Both the wood spirit talisman and the ghost fire talisman have been studied by major talisman masters, and have been reduced to the minimum!"

"Even if it's me, I can no longer reduce costs again, unless the effect is not guaranteed."

Hearing these words, Mu Fusheng sneered.

"The cost reduction has indeed been achieved, and the effect will definitely be better than that sold by the other two dynasties."

All the ministers were shocked!

As soon as these words came out, there was a thunder on the ground!

If it is really what Mu Fusheng said.

Then, not only can regain the original market, but also can occupy the market of the other two dynasties at an extremely fast speed!

Mu Fusheng threw the two talismans to Guan Zongyan, jokingly said: "If you don't believe me, you can test it, Master Guan?"

Guan Zongyan took it with an ugly face.

As a celestial talisman master, he sensed it with his soul, so he could naturally discover the changes in it.

Regardless of the healing effect of the wood spirit talisman.

It is still the lethality of the ghost fire talisman.

have been strengthened to a certain extent!

"How did you cut costs to this extent?"

Mu Fusheng smiled and said: "There is no comment on this kind of thing."

After finishing speaking, he looked at the emperor, cupped his hands and said, "My lord, since these two talismans, the selling price of the other two dynasties is 800 yuan crystal."

"Then, we can sell it at the price of 600 yuan crystals."

Heard here.

Tianchi Yao laughed.

Tianqi River is green...

His face was extremely gloomy.

It is already obvious which plan the Emperor will choose.

I saw the emperor laughing loudly.

"Good! Good! Good! Regent, you are worthy of being a disciple of the Divine Talisman Sect! Just do as you say!"

All the ministers also showed joyful expressions.

If this is the case, then the Tianming Dynasty is not only saved.

And can suppress the two great dynasties in turn!

"Go, immediately send someone to deliver the materials needed by the regent to the mansion!"

Seeing this, Guan Zongyan shook his sleeves and left with an ugly expression.

Tian Qihe also resigned gloomily.

...

After returning to the mansion.

Mu Fusheng said to Tianchi Yao: "If a product is not advertised, it is also useless."

"His Royal Highness can send some subordinates to various cities to spread this information."

Tianchi Yao smiled: "I know this, and I have already sent someone to do it."

"Your Highness is smart."

Tianchi Yao covered her mouth and smiled lightly: "However, Brother Mu, don't call me "Princess" and "Prince" right, just call me Chi Yao."

Hearing this, seeing Tianchi Yao's expression, Mu Fusheng immediately became vigilant!

What's going on, old girl?

Your tone and expression are dangerous!

Beautiful beauty is a disaster!

Otherwise, wouldn't all the troubles come?

If Lu Changsheng hears it, he will definitely feel very relieved.

Mu Fusheng is still a worry-free kid!

...

Only three days.

The wood spirit talisman and ghost fire talisman carved by Mu Fusheng have been sold in the only city.

Many casual cultivators and forces have discovered these two talismans of the Tianming Dynasty!

"Have you heard that the wood spirit talisman and ghost fire talisman sold by Tianming Dynasty are more effective!"

"In that case, the price will be more expensive, right? The original price of 800 yuan crystal is already very expensive!"

"No way! Over there at Tianming Dynasty, the designated selling price is only 600 yuan crystals!"

"How can this be?"

After several days of fermentation.

Loose cultivators and many forces came to buy them one after another.

Seeing this, other merchant forces also began to purchase these two talisman seals in batches, thus slowly replacing the talisman seals of the other two dynasties!

The price is more expensive, and the effect is not as good as that.

Who still uses yours?

Even royal.

Traders will not care about your face.

In their eyes.

Making money is the first choice.

And this news soon enraged the Dragon Cloud Dynasty and the Blazing Fire Dynasty!

Longyun Dynasty Palace.

The two emperors meet!

The Tianfu masters of the two dynasties were all present.

I saw Lord Longyun looking at the two celestial talisman masters below with a gloomy expression, and said, "You two, what do you think of this matter?"

One of the Tianfu masters said solemnly: "According to common sense, this is impossible!"

"That's right." Another Tianfu master took over and said, "After thousands of years of seal cutting, the two talisman seals have already been developed to the extreme!"

The Lord of Blazing Fire snorted coldly, and threw out two talismans.

Two celestial talisman masters took a look.

They all looked horrified and looked at each other!

Is it really better?

And the structure in it, they can't see it!

Obviously, the seal carver deliberately covered it up with his soul!

"It's useless to say it now, what can the two talisman masters do?"

heard the Emperor's question.

The two celestial talisman masters were silent.

And at this time.

There was a voice coming from outside.

"Perhaps, I have a way..."

Um?

Everyone looked at the gate, and a man came slowly.

"Guan Zongyan!"

Obviously, as the emperor of Haoran Continent, he is too familiar with the reputation of this former arrogance!

...

A few days later.

The two dynasties spoke at the same time.

The prices of the Fire Talisman and the Wood Spirit Talisman have all been reduced to 400 yuan crystals.

At the same time, the heaven-level talisman and the spirit wood bone talisman are also sold at the price of 2000 yuan crystals!

On the same day, Chi Yao brought the news to Empress Mu Fusheng anxiously.

Mu Fusheng laughed.

Fortunately, buddy saved a hand...
