

## My Disciples 531

Chapter 531 The task is completed, the suzerain summons!

Spiritual Wood Bone Talisman.

As one of the most healing talisman seals among the heavenly talisman seals, it is also one of the most difficult to engrave.

Guan Zongyan was very confident, a newly promoted talisman master like Mu Fusheng couldn't seal it.

So, after taking it out.

Immediately, he was appreciated by Lord Blazing Fire and Lord Longyun.

When the news comes out.

Sure enough, the prices of the wood spirit talisman and the ghost fire talisman have been reduced, making countless casual cultivators and forces frantically buy them.

300 yuan crystal earth-level talisman?

I dare not even think about it!

Even the merchants immediately smelled the smell of gunpowder, and turned their attention to the talismans of the two dynasties.

Although the effect is not as good as that of Tianming Dynasty, it is cheap!  
at the same time.

The spiritual wood bone talisman also attracted the interest of the top forces in Haoran Continent.

For them, the heavenly talisman is meaningful.

At the moment.

In the Tianming Dynasty, in the residence of the Prince Regent.

That day Chi Yao reported the news to Mu Fusheng anxiously.

Mu Fusheng smiled instead of anger.

This made Tianchi Yao very puzzled.

"Brother Mu, why are you still laughing? This is a bad thing!"

Mu Fusheng smiled and said: "Don't worry, their seal cutting method, selling Nether Fire Talisman and Wood Spirit Talisman for 300 yuan crystals, is naturally at a huge loss."

"I want to use the price to drag us to death."

Tianchi Yao was stunned, and said: "Then what should I do?"

"We will also surrender." Mu Fusheng said calmly: "The seal cutting cost of my improved talisman is only 250 yuan crystals, and 280 can be thrown out."

"So, it depends on whether their treasury can sustain this kind of loss..."

"As for the Spirit Wood Bone Talisman..."

Mu Fusheng took out a talisman with purple lightning flashing, and handed it to Tianchi Yao.

Seeing this, Tianchiyao took it with a solemn expression.

Just the purple thunder light overflowing from the talisman already made her feel a sense of palpitation!

You know, she is a strong person in the Dao realm!

"Brother Mu? Is this a heavenly rank talisman?"

Mu Fusheng nodded and said: "That's right, this talisman is called Thunderstorm Talisman. Let's sell it. Compared with the spiritual wood bone talisman for healing, this talisman must be more popular."

The best defense is offense.

This is the eternal truth.

Instead of using talismans to heal yourself when you are seriously injured, it is better to kill the opponent by killing. Wouldn't it be better?

Tianchi Yao nodded with surprise on her face.

Immediately turned around and left.

And wait until Tianchi Yao leaves.

Mu Fusheng started a new round of seal cutting.

Um...

The hole cards are a little less prepared.

Just in case, a few more talismans were carved, lest the other party come up with any tricks.

Thus, Mu Fusheng carved three earth-level talisman seals and two heaven-level talisman seals...

...

And at this moment.

In the palace of the Tianming Dynasty.

Tian Qihe said loudly: "Father, look, after you drove Guan Zongyan away, isn't the current situation getting worse?"

"With a young celestial talisman master like Na Mu Fusheng, how could it be possible to produce a talisman of the same level as the Lingmu Bone Talisman?"

The emperor's face darkened slightly.

To be honest, he regretted it a little at this moment.

But it's not because I regret not choosing Guan Zongyan.

After all, the method proposed by Mu Fusheng was indeed more correct and reasonable.

If Guan Zongyan was given more benefits at that time.

That probably won't develop to the present stage.

"Father, now that we are in a hurry, we must quickly invite Master Guan back!"

Tian Qihe made a plan and said: "Drive away that Mu Fusheng, and promise more benefits to Master Guan!"

The emperor just wanted to say something.

But outside the palace, a pleasant female voice came in.

"Originally, I had no interest in the throne."

"But now, brother, your brain is so bad, handing over the throne to you will be a disaster for the Tianming Dynasty!"

Tianchi Yao walked in while talking, with a face full of frost, and continued: "You can think of such a brainless plan?"

Seeing Tianchi Yao directly tearing his face, Tian Qihe was even more embarrassed: "Then you have a better way now?"

"Could it be possible to still rely on that Mu Fu?"

And when the words just fell.

In the hands of Tianchi Yao, the talisman with purple lightning flashed appeared.

"Heaven-level talisman seal, thunderstorm talisman, even me at the peak of the Dao realm, I'm afraid I can't resist it."

Tian Qihe was slightly taken aback.

Heaven-level talisman that cannot be resisted by the peak of the Dao realm.

That is the Heavenly Peak Talisman Seal.

It is a talisman that is not inferior to the Spirit Wood Bone Talisman!

However, the price is far higher than the Spirit Wood Bone Talisman!

"Where did it come from?"

"Brother Mu did the seal carving, he had anticipated this situation long ago."

Immediately, he changed the subject, looked at Tian Qihe, and said with a sneer, "Brother Huang, do you still think Brother Mu is inferior to Guan Zongyan?"

Hearing this, Tian Qihe's expression turned ugly.

Opened his mouth, but he couldn't say any rebuttal words.

Facts speak louder than words.

Now, it's useless to say anything.

The emperor laughed loudly at this moment: "Okay! Then follow the regent's instructions!"

"Father, I have already sent someone to do it."

...

As soon as the news came out.

Guan Zongyan's face was extremely ugly!

"He was able to engrave a thunderstorm talisman?"

You must know that even for him, the possibility of successfully engraving the thunderstorm talisman is extremely low!

What's more, the number of thunderstorm talismans circulated in just a few days is extremely large!

This also means that Mu Fusheng has a very high success rate!

And this war without gunpowder smoke is full of dangers of destroying the country.

After more than ten days, it is also the last moment.

Although the Thunderstorm Talisman did not completely suppress the Spirit Wood Bone Talisman.

However, on the earth-level talisman.

Even if the price is reduced to 300 yuan crystals, it can't resist the pace of Mu Fusheng's seal carving.

After all, if it falls further, it will only lose the country's capital.

In this price war, the two dynasties were completely defeated!

The only way to wait for them is to be encroached on the market.

Today.

Both the two dynasties sent envoys to seek peace.

Mu Fusheng didn't know what the result would be.

Because Tian Chiyao wanted to tell Mu Fusheng the result.

The Prince Regent's mansion is already empty...

after all...

Mu Fusheng doesn't want to get involved with some beautiful women.

At that time, a bunch of troublesome things will come uninvited...

Hurry up and pack up your things.

...

After three days.

Mu Fusheng returned to the Shenfu Sect.

Elder Xie saw Mu Fusheng return, and said: "As a result, I already know that the expectation of completing the task is beyond my imagination."

Mu Fusheng smiled and said, "It's just luck."

lucky?

Elder Xie snorted angrily: "Okay, stop pretending, go to the suzerain first, he wants to see you."

"Follow me to the Rune Tower to receive rewards later."

Hear here.

Mu Fusheng was refreshed.

Is it finally here...

Next, just take out the corresponding chips so that the God Rune Sect can help you fight against the evil realm!

#### [Chapter 532: Holy Talisman Ceremony!](#)

Shenfuzong is the first talisman force in the mid-latitude realm, a branch of the Holy Talisman Sect.

Naturally not very weak.

Even so, it is still a second-rate force in the mid-latitude boundary!

The suzerain of the Divine Talisman Sect, Dong Yin, is even an Immortal Talisman Master.

At this moment, in the hall on the main peak of the God Rune.

After Mu Fusheng came here, he could feel it.

In this hall, the inner layer is covered with all kinds of talismans!

And the aura of those talismans did not fill the hall too much.

on the contrary.

Spread out towards the outside world, enveloping the entire rune sect!

It can be used to protect the sect.

It is also able to gather more aura and the power of artistic conception.

However, so many talismans were used.

It's quite extravagant...

According to Mu Fusheng's inner thoughts.

Cup.

However, this can indeed reflect the underlying strength of the Shenfu sect from one aspect.

And at this moment.

There are four people standing in the hall.

Among them, the first middle-aged man has a restrained breath and detects the past.

The power of the soul is like a vast ocean!

Endless!

Obviously, this person must be Dong Yin, the suzerain of the Shenfu sect.

And the other three.

One of them, Mu Fusheng, still knows each other.

Ding Shaoqing, who was conducting the Tianfu Master assessment in the Talisman Tower.

Ding Shaoqing naturally also saw Mu Fusheng, and he couldn't help muttering with a strange expression: "This guy also wants to participate in this sacred talisman ceremony?"

Sacred Talisman?

Hearing these four words, Mu Fusheng understood why the suzerain asked him to come here this time.

Since joining the God Rune Sect.

With Mu Fusheng's character, he would naturally investigate the sect to the bottom.

Among them, the Holy Talisman Ceremony is the main line of the Saint Talisman Sect.

Convene all the branches and send out the talisman masters to participate in the competition.

Naturally, the winner can get a lot of rewards.

It may even be accepted as a personal heir by the elders of the Saint Talisman Sect!

The other two ignored Mu Fusheng.

It can be said that the Holy Talisman Canon.

It is the most gold-rich talisman competition in the entire mid-latitude boundary.

When Mu Fusheng stepped forward.

Dong Yin smiled and said: "You are Mu Fusheng, Mr. Xie said that you have good skills, and you have already won the medal of Tianfu Master."

Mu Fusheng nodded.

"In this case, then you represent the Divine Talisman Sect and serve as a substitute for this sacred talisman ceremony."

For the Holy Talisman Ceremony, each sect has five quotas.

Four regular picks and one substitute.

Hearing this, Mu Fusheng slightly raised his eyebrows.

Substitute?

That's not okay.

Playing as a substitute will have a great impact on his current plan.

According to Mu Fusheng's character in the past.

Not to mention being a substitute, even if Mu Fusheng did not reveal his strength, he would not participate.

But now it's different.

In order to let the Divine Talisman Sect even attract the attention of the Sacred Talisman Sect.

Then you must show your strength in front of the high-level sect!

Be low-key in front of the public, but try to be high-key in the eyes of high-level officials.

Hearing this, Mu Fusheng cupped his hands and said with a smile: "Sovereign, I think, I should be able to get a position in the main election."

Choice?

Dong Yin smiled faintly.

But Ding Shaoqing was not surprised at all.

After the assessment of the Tianfu master, he knew it very well.

This lunatic who locked himself up in a heaven-level cave all day to cultivate, has a better ability as a talisman master.

The other three turned their heads and looked at Mu Fusheng.

"Positive election?"

One of the white-clothed men said lightly: "How long have you entered the God Rune Sect, and the right-elected position is not something you can replace."

Mu Fusheng looked over.

According to the appearance and personality, it can be confirmed in an instant.

This person is the inner sect of the Shenfu Sect, the Tianjiao, the peak of the Tianfu Master, Yang Zuzheng.

At the same time, another sword-browed man also nodded and said: "In a few months, you can represent the sect to participate in the Holy Talisman Ceremony. You are the first one. It is already a miracle. Don't be too greedy."

Peak Tianfu master, Jiang Yinshi.

The man in the middle didn't look back, with a serious face, he folded his chest and said: "You have good talent, keep working hard, and you may be able to hit the top spot next time."

Spiritual talisman master, Yan Lubing!

Ding Shaoqing looked embarrassed and didn't speak.

His strength is not as good as Mu Fusheng, but he is still the main candidate.

Dong Yin watched this scene, but didn't intend to persuade him.

Obviously, he also wanted to see how Mu Fusheng would deal with this situation.

Since joining the Divine Talisman Sect, Mr. Xie has never recommended a junior.

What kind of talent does this Mu Fusheng have that makes Mr. Xie so optimistic about it?

Mu Fusheng laughed, and said: "Looking at the time of joining the sect, it would be too hasty. Naturally, strength should speak for such things."

Oh my god.

It's the first time I'm doing such a high-profile thing, and I'm still not used to it.

However, it is really cool.

Feeling addictive...

No wonder the eldest brother is so capable of causing trouble.

"Naturally, it is necessary to speak with strength." Yang Zuzheng said lightly: "However, Shenfuzong is the orthodox talisman master. The longer you join, the more resources you have in contact with the Shenfuzong. stronger."

"Then let's try?"

"Try? You are not worthy, compare with Ding Shaoqing."

Hearing this, Mu Fusheng laughed and said, "Ding Shaoqing is not as good as me."

Speak.

Ding Shaoqing's face immediately turned into a liver color!

Want to speak out to refute, but can't say it!

Damn it, though you're telling the truth.

But, is it really good for you to say that?

I don't want to lose face!

The three of them looked at Ding Shaoqing's expression, so they naturally knew what he was thinking.

Yang Zuzheng couldn't help being surprised and said: "Since this is the case, let you know, what is the difference between me who has been practicing in the Shenfu Sect all year round, and a grassroots like you."

Grassroots?

Thinking of Lu Changsheng.

Mu Fusheng smiled.

If you really want to talk about seniority, I am afraid that the talents of the God Talisman Sect in front of you can be regarded as grassroots, right?

"My level of talisman master is higher than yours, and I won't bully you. You can choose the talisman seals you want to carve."

Mu Fusheng nodded: "Then it's the Nine Suns Blazing Fire Talisman."

Everyone listened.

All complexions changed.

Even Yan Lubing, the only talisman master among the four, glanced at Mu Fusheng in surprise.

This Nine Yang Blazing Fire Talisman.

Even if it is the peak of Tianfu master, the success rate is extremely low.

It can be said.

This talisman is one of the most difficult to carve among the heavenly talisman seals.

Yang Zuzheng's face was slightly condensed, and he said: "Can you seal the Nine Yang Blazing Talisman?"

Mu Fusheng smiled: "Why, senior brother can't?"

Heard Mu Fusheng's ridicule.

Yang Zuzheng let out a cold snort, shook his sleeves, and a talisman pen appeared between his fingers.

"Since you ask so, let me see it."

A person who has just passed the assessment of a celestial talisman master.

Propose such a difficult talisman.

He also wants to see and see.

Is posturing after all.

Still pretending to be a pig and eating a tiger!

Mu Fusheng smiled, and also took out the talisman pen and talisman paper.

"Then, let's start?"

### [Chapter 533: Add some burden to you!](#)

The Nine Suns Blazing Fire Talisman ranks third in the lethality of heavenly rank talismans.

At the same time, this talisman is also one of the most difficult to carve among the heavenly talisman seals.

Difficulty is not in the details.

Rather, it is to control the intensity of the blazing fire of nine suns with the talisman pen.

If it is too high, the handwriting of this talisman will be laughed at.

The handwriting of the talisman is like the eyes of the formation.

Once broken, it will fail.

If it is too low at the same time, the lethality will not be enough, and it will not be possible to successfully engrave the Nine Suns Blazing Talisman.

so.

A balance point between the two requires a very strong spiritual power and insight for a talisman teacher.

For a talisman master, this may not be considered difficult.

But for Tianfu Master.

It can be said to be a great challenge.

Even Yang Zuzheng is no exception.

He also tried to seal the Nine Yang Blazing Fire Talisman.

Out of ten times, only one was successful.

Yang Zuzheng is still the peak of Tianfu master, which shows how difficult it is.

When Mu Fusheng proposed this talisman.

Everyone else scoffed.

After all, Mu Fusheng has just passed the Tianfu Master assessment...

And at this moment.

Yang Zuzheng has already started seal cutting first.

With a serious face, he picked up the talisman pen and walked on the talisman paper to swim the dragon!

aside.

Jiang Yinshi asked with a smile: "Brother Yan, what do you think is the possibility of Yang Zuzheng's success?"

Yan Lubing had no expression on his face, and said indifferently: "I was also there when Yang Zuzheng carved the Nine Yang Blazing Fire Talisman last time. It has been a year."

"The current success rate should have increased a lot."

When the two were discussing.

Didn't mention Mu Fusheng at all!

Obviously, they would never think that Mu Fusheng could succeed in seal carving.

Choose this talisman seal, perhaps just for the sake of face.

Even if it fails, no one will be surprised.

But Dong Yin didn't think so.

At this moment, although he has a refined smile on his face, his eyes are extremely serious.

Watching every stroke of Mu Fusheng, every detail!

Thank you for the old recommendation.

It is impossible to be so reckless.

Since the Nine Suns Blazing Talisman was proposed as a challenge, I will be sure of it!

Just, how sure?

Now, Dong Yin doesn't know either.

Just watching Mu Fusheng's writing, it is extremely stable, and there has been no mistake so far.

But, right now.

On Mu Fusheng's talisman pen, raging flames began to linger!

Jiang Yinshi on the side was shocked when he saw this.

"What? The landing point is not yet complete, and the nine suns are starting to condense?"

Yan Lubing also frowned slightly: "I'm too impatient. If you do this, as long as there is a slight mistake in the intensity, all previous efforts will be wasted."

Yang Zuzheng, who was carving seals, raised his eyebrows slightly when he saw this scene.

Can't help sneering in my heart.

Is it really just a Tianfu master who has just passed the test?

Think that becoming a Tianfu master can be so arrogant?

With such a state of mind, how can he go far along the road of talismans?

But.

Mu Fusheng did not panic at all, his face remained calm.

With the power of Mu Fusheng's soul.

and the understanding of seal characters.

This kind of thing is too common.

This was done when the Zixiao Destroyer Thunder Formation Talisman was engraved.

Seal carving of heaven-level talismans.

Couldn't be easier.

...

Time passed by one minute and one second.

At this moment, Yang Zuzheng has completed all the landing points, and began to gather the Nine Yang Blazing Fire!

Above the talisman pen, there is a flame surrounding it.

But Yang Zuzheng didn't write directly, but his face was dignified, carefully perceiving the intensity of the nine suns on the talisman pen.

Because this step can be said to be the most important step.

There can be no mistakes!

It takes a whole stick of incense.

Yang Zuzheng heaved a sigh of relief and was ready to write!

And this moment.

But he heard the sound of footsteps passing by him.

Yang Zuzheng looked over subconsciously.

Then he found that Mu Fusheng came to Dong Yin with a talisman surrounded by raging fire.

Under everyone's horrified eyes, he handed it over.

"Sovereign, mine is finished."

Finished... Finished?

Yang Zuzheng's face was horrified!

How long is this?

And he has just condensed the Nine Suns Blazing Fire not long ago!

Jiang Yinshi's face is also full of unbelievable colors!

how did you do that?

"So fast, and the talisman has not been burned? In this case, the Nine Suns Blazing Fire is not strong enough, and it cannot be called the Nine Suns Blazing Fire Talisman!"

Yan Lubing on the side did not speak.

Just staring at the talisman tightly.

The nine yang blazing fires surrounding it are neither less nor more in intensity!

Everything has reached an extremely perfect balance!

Ding Shaoqing covered his forehead, smiled wryly and shook his head.

How did he feel so familiar with this scene?

Dong Yin took it with a smile, a hint of appreciation appeared in his eyes.

"It's perfect, even if I came to seal carving back then, I couldn't do it to this level."

not to mention.

Mu Fu was born under the circumstances of distraction.

On one side, the point is placed, and on the other side, the temperature of the Nine Suns Blazing Fire is also controlled.

In this case, the degree of completion is still so perfect.

It can be said.

Mu Fusheng's talisman master attainment is extremely high!

And the foundation is extremely solid.

Thinking of this, Dong Yin couldn't help but nodded.

No wonder Mr. Xie, who never recommends others, will make an exception this time.

Take some time and have to thank thank you for getting old.

Otherwise, I really haven't found this kind of monster!

And heard Dong Yin's words.

Everyone is horrified!

Even the suzerain said that the him back then was not as good as Mu Fusheng?

This kind of words, if spread to the outside world.

There are bound to be countless forces scrambling to curry favor with Mu Fusheng!

After all, with Dong Yin's words.

It has been confirmed that Mu Fusheng's achievements will not be lower than the suzerain of the Shenfu Sect!

Yang Zuzheng's face was extremely ugly.

This kind of celestial talisman master who has just started has such a talisman master?

No wonder he is so confident!

I chose the highly difficult sky-level talisman seal of the Nine Suns Blazing Fire Talisman.

thought of this.

Yang Zuzheng gritted his teeth.

At least the Nine Suns Blazing Talisman must be completed first!

If you don't finish it, it's a shame!

But.

The previous distraction caused some mistakes in the condensed Nine Yang Blazing Fire written on Yang Zuzheng Talisman.

As a result, the subsequent seal cutting directly destroyed the landing point!

resulting in the failure of talisman and seal cutting!

Mu Fusheng smiled and said: "So, no one should doubt my strength, right?"

The three of Yan Lubing did not speak.

Dong Yin nodded: "Of course there is no problem."

"However, I want to add some burden to you."

Mu Fusheng looked over.

The three of Yan Lubing were also slightly taken aback.

I saw Dong Yin speak surprisingly, and said with a faint smile: "This time, you will not only be the main candidate, but also the leader of the Divine Talisman Sect."

Hear this.

Yang Zuzheng's complexion changed drastically!

"The suzerain is not allowed! Brother Yan is a talisman master!"

"That's right!" Jiang Yinshi also objected: "Even if Mu Fusheng is completed, he is still a Tianfu master after all!"

Mu Fusheng was a little stunned.

This... seems like a bit too much pretense?

But... it seems that there are so many "billion points"?

#### [Chapter 534: Lord of the Rune Tower!](#)

Holy Talisman Canon.

Three days later, it will be held at the Saint Talisman Sect in the Sky Domain.

And at this moment.

In front of the Heavenly Cave Mansion, Dong Yin, the suzerain of the Divine Talisman Sect, came here.

"Thank you, old man."

Xie Yan was sweeping the ground as usual.

Even though there was no dust on the ground, Xie Yan still didn't stop the broom in his hand.

In his words.

What you sweep is not the dust, but the distracting thoughts in your heart.

For Master Fu, the most important thing is to have a stable state of mind.

The same is true for monasticism.

"How about it?"

Dong Yin naturally knew what Xie Yan was asking, so he nodded with a smile and said, "Mr. Xie, thanks to you for discovering this good seedling."

"In the future, I'm afraid I'll have to rely on him for this sacred talisman ceremony."

Xie Yan said flatly: "Oh? I remember that a little guy named Yan Lubing has already reached the level of a talisman master? Why rely on Mu Fusheng, a celestial talisman master?"

Hearing this, Dong Yin smiled and said: "Old Xie, you don't have to hide it from me. If you can only tell that you are a talisman master with this kind of power of the soul and the degree of control over the talisman seal, then I, the lord of the talisman sect You can also change people!"

Obviously.

Regarding Mu Fusheng's performance, Dong Yin saw the clues in the process of his seal cutting.

Same.

This was also exposed by Mu Fusheng on purpose.

Everything he laid the groundwork before was to expose his own strength in front of the high-level executives of the Divine Rune Sect.

Get its attention, and then, lead the line of the Holy Talisman Sect!

Xie Yan nodded and said, "It's not blind."

In the entire rune sect!

Only Xie Yan dared to speak like this to Dong Yin, the suzerain of the Divine Talisman Sect!

And Dong Yin is not angry at all!

Dong Yin smiled and said: "Mr. Xie's move, it seems that he wants to cultivate a successor?"

Xie Yan shook his head and said, "He has to walk his own way, I can't teach him."

"I did this because I didn't want him to go astray."

Hearing this, Dong Yin was surprised.

"You can't even teach him? Then in this bright light domain, who else can teach him the way of a talisman teacher?"

Speaking of which.

Still wanting to say something, Dong Yin seemed to have noticed something, and said: "Forget it, thank you for doing things, I have never been able to predict."

"The junior left first."

After finishing speaking, he cupped his hands towards Xie Yan and disappeared in place.

After Dong Yin left, Mu Fusheng came here.

Xie Yan looked at Mu Fusheng and said, "Finally no more hiding?"

Mu Fusheng smiled and said: "In front of you, I naturally don't have to hide."

"It seems that you have planned to do this a long time ago." Xie Yan shook his head slightly and said, "Okay, follow me to the Talisman Tower to receive rewards."

award.

Naturally, it was Mu Fusheng's reward for completing the Haoran Continent mission.

After all, it was released by Futa.

Mu Fusheng nodded, and followed Xie Yan to the Talisman Tower.

And arrived at the rune tower.

The words of thanks did not alarm too many people.

Taking Mu Fusheng all the way to the ninth floor.

is the top of the tower.

At the door, there is a talisman affixed to it.

The door cannot be opened unless it is torn off.

Among the entire talisman, only the owner of the talisman can tear off this talisman!

Even the Great Elder who is a fairy talisman master can't do it!

But.

Thank you words are easy, just like tearing a piece of ordinary paper.

Easily peeled off the talisman that exuded the meaning of a seal.

Seeing this scene, Mu Fusheng was not surprised at all, but smiled lightly.

Xie Yan glanced at Mu Fusheng, and said softly: "You don't seem surprised?"

Mu Fusheng spread his hands and said, "Obviously he is the elder of the Divine Talisman Sect, but he can arrange the task of the Talisman Tower for me."

"And give me rewards."

"In the entire rune sect, even the suzerain respects you."

"The combination of these conditions is not difficult to guess."

That's right.

Xie Yan is the identity of the master of the tower.

Mu Fusheng had already noticed it.

It's just that it's only now that it's completely determined.

So it is not surprising.

Xie Yan nodded, "That's right, insight is also a necessary factor to become a talisman master."

Immediately, he brought Mu Fusheng into the room.

The decoration in the room is very simple.

A wooden chair.

A wooden table.

and a row of huge bookshelves.

On the bookshelf, densely packed with books and parchments.

You can tell the sense of age from the color of the book, but there is no dust on it.

Xie Yan sat on the wooden chair, looked at Mu Fusheng and said, "I said, once the task is completed, I can reward you."

"Tell me, what do you want?"

Mu Fusheng did not think too much, but said: "I don't know if Mr. Xie has heard of the evil domain?"

Evil Domain?

Xie Yan was slightly taken aback.

Then nodded and said: "A second-rate power at the end, what, you have enmity with them?"

Mu Fusheng nodded and said: "They took my father away."

Heard the words.

Xie Yan said: "Do you want me to help you deal with the evil domain?"

"Exactly."

"Can."

Xie Yan didn't even think about it, so he nodded and said: "However, although the evil domain is only a second-rate force at the end, it is inextricably linked with the ghost clan."

"Although I am the master of the rune tower, the rune tower is only neutral after all, unable to mobilize power."

"So, you still need the support of the Rune Sect."

And speaking of here.

Xie Yan was taken aback for a moment, and after thinking for a moment, he came to his senses: "What you have done these days is because of this, right?"

Mu Fusheng smiled and said: "As expected of Mr. Xie."

"The Sacred Talisman Sect is almost done. To be on the safe side, I will gain the attention of the Sacred Talisman Sect in this sacred talisman ceremony."

Although Mu Fusheng has been acting recently.

And extremely high-profile and arrogant.

However, Mu Fusheng was still extremely cautious in his plan to save his father.

Although the Talisman Tower and the God Rune Sect are stronger than the evil domain.

But after all, he was not 100% sure that he could save his father.

after all.

Saving and killing are two concepts.

Difficulty also varies quite a lot.

Xie Yan had a strange look in his eyes.

This kid seems a little too cautious, right?

However, the person to be saved is his father.

It is not unreasonable to be cautious.

"Okay, let's go on."

After finishing speaking, he unfolded his right hand and flew towards Mu Fusheng with a parchment scroll on the bookshelf.

Mu Fusheng took it.

Opened it and looked, slightly taken aback.

### 【Soul Cultivation】

Xie Yan explained: "This art of cultivating the soul was obtained in a ruin when I practiced it in my early years. When I condense the soul fire, I can improve the power of the soul all the time."

"Naturally, the higher the condensed soul fire, the faster the power of the soul will increase."

"At critical moments, soul fire can also be used to carry out soul attacks."

The soul can be used to attack.

And hard to guard against!

However, the techniques of attacking the soul are extremely rare.

It can be said that using soul fire to attack, while the power is greatly increased, it can also be used to attack entities!

"Among them, there are eight soul fires, and I have condensed the fourth soul fire, which is the limit."

Mu Fusheng cupped his hands and said, "Thank you, senior."

Old Xie waved his hand and said, "Go ahead, I'll sell you a favor in advance."

Mu Fusheng's expression froze, and then he said embarrassedly: "Mr. Xie, why don't I give up this soul cultivation technique?"

Thank you: "..."

#### [Chapter 535: Firmament Realm, Holy Talisman Ceremony!](#)

There are still two days left before the Holy Talisman Ceremony.

When Mu Fusheng returned to the Shenfu Sect, he immediately began to practice soul cultivation.

Shenfu sect has the existence of talisman masters.

Then, what about the Saint Talisman Sect as the main line?

What's more, there are other talisman forces involved.

Who can guarantee that no evildoer will be born.

So, be on the safe side.

Mu Fusheng decided to condense the soul fire within these two days.

In this way, it is more secure.

Soul cultivation.

It is recorded in the parchments.

Divided into eight soul fires.

The higher the soul fire level, the stronger the killing power.

At the same time, the power of the soul also increased faster.

Mu Fusheng didn't hesitate any longer, after comprehending the method of condensing soul fire in the soul cultivation technique.

Sit down cross-legged and start practicing.

At this moment, in Mu Fusheng's sea of consciousness, there are nine rivers.

When the rivers converge and become the ocean.

At this time, the power of the soul will also change accordingly.

Meet the basic requirements for a fairy soul master.

It can be said that with Mu Fusheng's current soul power, he has already reached the level of a half-step immortal soul master.

Condensed soul fire.

Must use special flames to temper the soul.

Simultaneously run the Soul Cultivation Technique.

As for whether the soul fire can be condensed, it depends on the talent of this person.

But.

How to obtain this special flame that burns the soul?

Think for a moment.

Mu Fusheng didn't decide where to get the special flame.

Rather decide.

Use the power of thunder that you are best at!

Thunder, already able to compete for the soul.

Lightning and starting a fire!

Use this to temper the soul and condense the soul fire!

Say it and do it.

Use Jiujiu Hongmeng's thunder technique to attract thunder!

Suddenly, the sky was covered with dark clouds!

Thunder Dragon howled and charged towards Mu Fusheng's body!

Purple lightning, covering Mu Fusheng's body!

Mu Fusheng frowned slightly, and let out a muffled snort!

And that thunder light, following Mu Fusheng's Tianling Gai, penetrated into the sea of consciousness!

Towards the nine rivers transformed by the power of the divine soul, slash down madly!

Soul.

If you don't cultivate deliberately, you will be extremely fragile.

At the same time, it is also an extremely bold thing to quote the divine thunder and refine the divine soul.

but.

Mu Fusheng also prepared the soul talisman in advance.

At the critical moment, it can also ensure that the soul will not be completely smashed!

One time.

In Mu Fusheng's sea of consciousness, thunder billows!

It's like destroying the world!

Even Mu Fusheng was pale.

Painful face.

...

One day has passed.

Over the cave, there are still dark clouds, and thunder is surging, constantly falling down!

The disciples and elders of the Divine Talisman Sect all set their sights on this side.

lasted a day.

caused such a big commotion.

What the \*\*\*\* happened?

A disciple wants to go and have a look.

But was stopped by Xie Yan.

he knows.

This is Mu Fusheng practicing soul cultivation.

At this moment, don't be disturbed by anyone!

When the soul is practicing.

If you are disturbed, your mood will be disturbed.

The soul can be seriously injured, and it can never be recovered!

In severe cases, the spirit and soul will be destroyed, life and death will disappear!

However, Xie Yan was very curious.

Condensing soul fire with the technique of thunder?

How many soul fires can Mu Fusheng condense?

Another day passed.

Today is the opening day of the Holy Talisman Ceremony.

In the square of Shenfuzong.

Dong Yin personally led the team.

Yan Lubing, Jiang Yinshi and four people have already gathered here.

However, Mu Fusheng still did not appear.

Only above the cave in the distance, thunder is still rolling!

"Hasn't come yet?"

Yan Lubing frowned slightly.

Dong Yin was not in a hurry.

Old Xie said, Mu Fusheng's cultivation has reached a critical moment.

at this time.

The dark clouds above the cave finally gradually dissipated!

The sun set again, warmly covering the cave with golden clothes.

In the cave, Mu Fusheng opened his eyes.

stood up.

Xie Yan noticed the movement, and appeared in front of Mu Fusheng in an instant, and asked, "How is it?"

Mu Fusheng smiled: "The mission is fulfilled."

After finishing speaking, a group of emerald green flames slowly emerged between the eyebrows.

The flame is small.

But the terrifying power emanating from it can make the soul tremble!

Seeing this, Mr. Xie was taken aback for a moment, his eyes filled with astonishment.

"Phosphorous soul fire?"

Bi phosphorus soul fire is the fifth soul fire!

Two days.

The fifth level of soul fire has already been condensed after practicing soul cultivation for the first time?

This... talent is too scary, right?

Mu Fusheng looked towards the outside world, and said: "Calculating the time, the Holy Talisman Ceremony has begun, too? Mr. Xie, I'll go first."

Xie Yan nodded dully, did not speak, and still stood where he was.

Wait until Mu Fusheng leaves.

It was only then that he slowly came back to his senses, heaved a sigh of relief, and said with emotion: "Mu Fusheng...his path will not stop at this mid-latitude boundary."

"This place is too small, his stage should be in a higher place..."

...

After Mu Fusheng came to the square.

Dong Yin activated the teleportation array, and a group of people stepped into the teleportation array under the watchful eyes of the disciples.

went to the sky domain!

And the sky domain.

There are countless forces dominating one side!

is the center of the mid-latitude realm, and it is also the well-deserved first realm!

it's here.

There are countless opportunities.

There are many sect families.

At the same time, there is no shortage of Tianjiao and evildoers.

And today.

The talisman masters in the sky domain have all left the sect's aristocratic family, or are deep in the mountains and old forests.

One after another set off to the Holy Talisman Sect.

Because today is the day when the Talisman Ceremony begins.

Sacred Talisman Sect, as the number one talisman master in the world, even if it is not publicized, countless people will go to watch it.

After all, during the Holy Talisman Ceremony, the Holy Talisman Sect will open its sect, and any force can go to watch it!

So, now around the Saint Talisman Sect, various powerful forces and casual cultivators have gathered.

Some people watch the show.

Similarly, it is more about trying to win over the evildoers who stand out in the Holy Talisman Ceremony!

There is a powerful talisman to join.

It is bound to be able to enhance the strength of a faction!

Whether it is an alchemy master, a formation master, or a talisman master, it is a rare and extremely popular profession.

At the moment.

When countless giant forces gathered in the Saint Talisman Sect.

The branch forces of the Saint Talisman Sect have also gathered together.

Many talisman masters want to stand out in this talisman master competition.

Get rewards.

What's more, be attracted by the elders of the Holy Talisman Sect and join the Holy Talisman Sect!

At this moment, around a round platform.

Dong Yin said to Mu Fusheng and the others: "The rules of the Holy Talisman Ceremony have not changed, and they are very simple."

"As long as you carve your best talismans, the higher the quality, the more likely you will be able to win."

"The top three people can not only choose to stay in the Holy Talisman Sect, but also get rich rewards."

Yan Lubing and the others nodded, everyone's eyes were filled with flames!

Mu Fusheng was observing his surroundings.

Observe the Tianjiao characters of other branches.

After all, if you know yourself and the enemy, you will never be imperiled in a hundred battles!

At this moment, a middle-aged man came to Dong Yin with five young people, and asked with a sneer: "Dong Yin, what is the talent of the candidates for your sect to fight this time, and who is the team leader?"

#### [Chapter 536: The grand ceremony begins, the Four Seas Wrathful Thunder Talisman!](#)

Holy Talisman Canon.

It is a talisman master competition participated by countless branches of the Holy Talisman Sect.

The reason is that the Holy Talisman Sect wants to test the branch's ability to train disciples.

If in the long run, the disciple's talent is not good, and the talisman teacher's attainments cannot meet the requirements of the Saint Talisman Sect, then he will be discarded.

Natural selection, survival of the fittest.

This set of rules of the Holy Talisman Sect is also the reason why it has controlled the Taoism of the Fushi in the mid-latitude realm for a long time!

And at this moment.

In front of Dong Yin, a middle-aged man said with a sarcasm: "It seems that your candidates this time have not changed much."

Dong Yin's complexion did not change at all, it still looked calm and breezy.

It seems that he was not affected by the other party's words and taunts at all.

Behind him, Yan Lubing, Jiang Yinshi and Yang Zuzheng had extremely gloomy faces.

Ding Shaoqing explained in a low voice to Mu Fusheng: "The Divine Talisman Sect and the Immortal Talisman Sect have always been the two most powerful branches of the Holy Talisman Sect."

"The two forces can be regarded as deadly rivals, but the Shenfu Sect has not achieved satisfactory results in recent years, and has been suppressed by the Immortal Fu Sect."

"And this man is the head of the Xianfu Sect, Rong Yu."

Mu Fusheng nodded.

No wonder he took the initiative to come forward to ridicule.

I only heard that Rong Yu didn't mean to let Dong Yin go easily, but continued: "Why, is he still leading the team?"

Obviously, Rong Yu was referring to Yan Lubing.

"If the level is still the same as before, then I'm afraid, your God Rune School will lose again."

Dong Yin shook his head and said with a smile, "Swapped?"

Substitution?

Rong Yu was taken aback for a moment, and looked in the direction Dong Yin pointed.

looked at Mu Fusheng.

"Oh? So, this kid's talisman master realm is higher than that of Yan Lubing?"

Mu Fusheng smiled and said: "Don't dare, the younger generation is not talented, and I just passed the Tianfu Master assessment not long ago."

Mu Fusheng's words stunned Rong Yu and the five disciples behind him.

Immediately, he couldn't help laughing out loud.

"A Tianfu master can also be the team leader?"

"The strength of the Divine Talisman Sect is really retreating more and more!"

"Thinking about it, it was still a force that could compete with us in the past, but now it seems that it is not even as good as other branches?"

Even Rong Yu patted Dong Yin on the shoulder, shook his head and said: "It seems that your Ming Guangyu really has no good seedlings, and your life is exhausted..."

"I won't bother Master Rong to worry about that."

Dong Yin patted Rong Yu's hand away without moving, with a faint smile still on his face, and said: "What kind of strength you have, you will naturally see when it starts."

After finishing speaking, Dong Yin ignored everyone in the Xianfu Sect.

Quietly waiting for the start of the Holy Talisman Ceremony.

Seeing this, Rong Yu sneered.

Turning to a young man behind him, he said: "When the time comes, don't hide your strength, and trample the Divine Rune Sect under your feet."

"At that time, the Saint Talisman Sect will give us more resources for the Immortal Talisman Sect." in the past.

Shenfu Sect and Xianfu Sect are equal in strength.

Obtaining the resources of the Saint Talisman Sect is also equivalent.

If you can completely step on the God Rune Sect.

Then presumably, the Holy Talisman Sect will also give more resources to the Divine Talisman Sect to the Immortal Talisman Sect.

As for other branches?

The gap with the Immortal Talisman Gate is too big, and it will not be taken seriously at all.

...

It's noon.

The sun is shining.

At this time.

A bell rang suddenly.

Long and profound.

It seems to spread throughout the entire sky domain!

And the ringing of this bell also means that the holy talisman ceremony is about to begin.

In the sky.

Three old men came together, and they appeared in the sky in an instant without everyone noticing it!

The power of the three old men is like an abyss, looking down, it seems that there is no end in sight!

See here.

The disciples and suzerains of each branch all bowed their hands.

And these three elders are the three great elders of the Saint Talisman Sect!

also represents the entire mid-latitude boundary.

The existence with the highest attainments of a talisman master!

All of them have reached the level of a half-step rune master!

Even the onlookers of the Zongmen's family should pay three points of respect and bow slightly towards the three old men above.

The three elders all nodded.

Immediately afterwards, the bearded old man in the middle said in a deep voice: "The rules of the Holy Talisman Ceremony must be known to everyone, so I won't repeat them here."

"Time, just finish it before the sun goes down."

"Now, everyone can start."

Speak.

All disciples of the sect stepped onto the high platform!

On the high platform, hundreds of wooden tables have already been prepared, and high-quality talisman papers are placed on the wooden tables.

As for whether someone will cheat with the already carved talisman?

Ah?

Is this insulting the IQ of the three Supreme Elders?

That is the existence of a half-step rune master!

The power of the soul is as deep as the stars and the sea, how many people can escape their detection?

After going up.

Mu Fusheng saw the young man from Xianfumen cast a provocative look at him.

This person is Lu Di, the leader of the Immortal Fumen.

Already infinitely close to the realm of the Immortal Talisman Master!

Its strength is stronger than Yan Lubing!

Mu Fusheng ignored it, but found a wooden table on his own.

Start thinking, what kind of talisman seal should be carved, so as to attract the attention of the three Supreme Elders of the Holy Talisman Sect to the greatest extent?

Talisman seal level, naturally, the higher the better.

At the same time, as a half-step talisman master, what kind of talisman has not been seen?

Therefore, those rare and common talismans are definitely not a choice.

but.

In the Book of Seals, basically they have never seen it before...

Nine Layers of Thunder Shield and Sky Thunder Escape Talisman will not work.

The Zixiao Destroying Thunder Formation Talisman exists as a trump card.

After all, after the Holy Talisman Ceremony.

Xieyu will definitely get his information!

Since so...

Mu Fusheng smiled lightly.

The talisman pen in his hand was raised.

There is a subtle thunder light on it, and it starts to flicker!

Immediately, without hesitation, a stroke fell on the talisman paper!

In the book of seals, the existence of the pinnacle of the talisman.

Furious Lightning Talisman!

Its power is as powerful as that of the immortal talisman!

...

When the onlookers saw the power of the sect on the high platform.

When the power of the soul surged out one after another.

They all set their sights on those talisman masters!

"This time, I don't know if we can win over a few talisman masters."

"It would be great if we can win over the talisman masters from the Divine Talisman Sect or the Immortal Talisman Sect!"

"The Immortal Talisman Sect is fine, but the Divine Talisman Sect is fine. Over the years, it has already started to go downhill."

"It's fine to return to the Divine Talisman Sect? Even if it's not as good as the Immortal Talisman Sect, but a skinny camel is bigger than a horse, it's not something you, an old fellow, can easily win over!"

When the forces are discussing.

Suddenly his face froze, and he looked at the center of the high platform.

There, there is a thunder, soaring into the sky!

The dark clouds completely cover your blazing sun!

Even the three Supreme Elders looked sideways at him.

And under the Lei Guang is Mu Fusheng!

Chapter 537 This kid hides really deep...

Holy Talisman Canon.

There will never be a shortage of talisman masters.

After all, the talisman masters participating in the grand ceremony are all the talents of various forces from the branches of the Holy Talisman Sect.

And these forces are also the top talisman master forces in each realm!

However, as it is now, not long after the grand ceremony began, such a spectacular vision of heaven and earth was summoned. From the beginning of the founding of the Saint Talisman Sect, there were not many of them!

Outside the high platform, Rong Yu frowned slightly when he saw this scene.

Citing thunder?

Can such a big momentum be caused by a celestial talisman master seal carving talisman?

Recalling that when Dong Yin faced his ridicule before, he was not in a hurry, without the slightest sign of anger, on the contrary, he felt a little calm expression.

Rong Yu suddenly felt something bad in his heart.

Watching this scene, Dong Yin showed a faint smile.

Sure enough, everyone underestimated this kid.

This level is far from what a celestial talisman master can do!

Mu Fusheng hides his strength!

In the auditorium.

People from various forces were shocked when they saw this scene!

"Who is this person? With such a powerful talisman master attainment, why have I never heard of it?"

"It's normal to have never heard of it. According to the intelligence, this person is a talisman master who participated in the sacred talisman ceremony for the first time."

"It seems that this time the Rune Sect is about to rise."

"No matter what, you must try your best to win over this person! Even if you can't win him over, you must maintain a good relationship with him."

The talisman masters who can appear here will not have low talent achievements in the future!

Mu Fusheng who can stand out from the rest.

Although it has just started, it also proves that his potential is endless!

That kind of people.

It is the object they are wooing!

At the moment.

Wooden table front.

Mu Fusheng's face was dull.

The talisman pen in the hand kept dropping points on the talisman paper!

And every time a little bit falls, it can trigger a series of angry thunders!

fell on the talisman paper!

The Furious Thunder Talisman of the Four Seas needs a lot of landing points.

It is also very difficult to maintain the above balance.

but.

Now Mu Fusheng's soul power is after practicing the soul cultivation technique and condensing the fifth level of soul fire, the jade phosphorous soul fire.

Whether it is the power of control or the power of the soul, they have reached a new level again!

There is no difficulty when the lightning strikes.

soon.

On the talisman paper, all the required landing points for the Furious Thunder Talisman of the Four Seas have been completed!

Immediately, Mu Fusheng swiped the talisman pen towards the north void!

Immediately!

Above the sky, amidst the dark clouds, furious thunder rolled!

Countless thunderbolts condensed into a huge thunder dragon, which turned into a stormy wave in the northern void!

But.

This doesn't stop there.

Under everyone's horrified eyes.

Mu Fusheng moved towards the other three directions one after another, and drew out the talisman!

At one time, the four directions of east, south, north and west.

The turbulent waves formed by the huge brontosaurus filled with the aura of destruction on all sides, centered on Mu Fusheng, swept away!

And at this time.

Mu Fusheng swung the talisman paper in front of him upwards.

Hold the talisman pen, fold your hands together and pinch the seal!

"The world is overwhelmed by thunder, and the world is destroyed by thunder!"

Drink it out in one sound, like rolling thunder.

Driven the thunder and sea waves from all sides, they slammed on the talisman paper!

Keep squeezing!

The surrounding talisman masters couldn't help but be attracted by the terrifying breath and spectacle.

All of them looked shocked!

How on earth is this done?

Yang Zuzheng smiled wryly.

It seems that he had hidden his strength before, and he was able to cause such a commotion.

The Nine Suns Blazing Fire Talisman, it can be said that it is not worth mentioning.

Yan Lubing looked a little gloomy.

This level, even he, can't reach it!

But, isn't Mu Fusheng a Tianfu master?

Why is this possible?

Lu Di saw this scene, and his eyes showed disbelief.

Hiding strength?

Glancing at the talisman on his desk, he gritted his teeth.

No way, if that Mu Fusheng really finished the talisman, then his talisman might not be as good as him!

thought of this.

Lu Di snorted coldly, resolutely discarded this talisman, took out a new talisman, and started carving!

And this time, what he seals is the Four Beasts Boiling Blood Talisman, which has not had a high success rate so far, but has reached the half-step fairy rank!

...

Time passed by one minute and one second.

Everyone's eyes were fixed on the talisman above Mu Fusheng's head!

Constantly being bombarded by the waves from all directions.

And the shocking thunder power in the turbulent waves is also integrated into the talisman seal at a speed visible to the naked eye, connecting the spots everywhere with tiny thunder patterns!

over.

The three grand elders of the Saint Talisman Sect also showed slightly surprised expressions on their faces.

An elder on the left touched his beard with interest, and said with a smile, "It seems that a good seedling has emerged this time?"

The elder on the right looked serious, and said in a deep voice: "It's good to be able to do this, but the premise is that it leads to such a powerful vision, and it is even more difficult to control a balance point to complete the talisman seal. "

The white-bearded elder in the middle said lightly: "Let's read on, it must be soon..."

The voice just fell.

Mu Fusheng whispered softly: "It's time..."

After finishing speaking, the talisman pen in his hand suddenly waved out!

Under the talisman paper.

Continuously swiping extremely fast, it turned out to be a series of afterimages!

And a mysterious pattern gradually formed.

Immediately, print on the talisman paper!

And the stormy seas and the thunder came out wantonly!

Like a thunderbolt, splashing madly on the high platform!

The elder Taishang took action in time to protect the other talisman masters from being disturbed.

And this moment.

The mysterious lines were completely printed into the talisman paper.

Between the landing points, the last thunder pattern is finally completed!

Connect all the falling points!

at this time.

The talisman seemed to have turned into a black hole.

Inhale the thunder waves from all directions into the talisman paper like a whale!

Not too long.

The thunderstorm dissipated.

There is only one talisman that exudes the power of destructive thunder left.

Like a volcano, it may erupt at any time, destroying the world!

Furious Lightning Talisman!

It's done.

Seeing this, Mu Fusheng also took it in his hand.

Well, it should work fine.

The surrounding influential sects watched this scene.

are all horrified.

Seal cutting such a powerful talisman, to be the first to complete it?

To what extent has this kind of talisman master attainment reached?

Rong Yu also had an ugly face.

I'm afraid, it's hard to say who will win and who will lose.

Dong Yin shook his head helplessly: "Mr. Xie and this kid are hiding really deep. This has obviously reached the realm of half-step immortal talisman master..."

In the sky above.

The three Supreme Elders nodded slightly when they saw this.

Immediately, Mu Fusheng came below them and handed out the talisman in his hand.

"This talisman is called the Furious Thunder Amulet of the Four Seas."

Chapter 538 Winning the championship, the three Supreme Elders are fighting!

Furious Thunder Amulet?

The three Supreme Elders were slightly taken aback when they heard this.

As half-step divine talisman masters, they have seen and carved all kinds of talisman seals.

But.

I haven't even heard of this Four Seas Fury Thunder Talisman!

Among them, the elder on the left asked: "Which master carved this talisman?"

Mu Fusheng smiled and said: "I don't know, I got it in a secret place."

Master should not want others to expose his existence, right?

That's why Mu Fusheng hid Lu Changsheng's identity.

Elder Baixu nodded: "The world is so big that even we cannot read all the talismans in the world."

Then.

Received the talisman and began to observe carefully.

Dong Yin and Rong Yu also looked at the expressions of the Supreme Elder.

Awaiting sentencing.

And at this time.

A breath burst out from below!

On the high platform, there are four great beasts, Azure Dragon, White Tiger, Suzaku and Xuanwu!

It's just that the breath of these four beasts is not so heavy.

However, being able to summon the vision of the four gods and beasts is definitely not ordinary!

Everyone was temporarily blinded.

looked in the direction where the vision occurred.

"It's Lu Di from the Immortal Talisman Sect!"

"As expected of a half-step immortal talisman master, he won the first place in the last holy talisman ceremony, right?"

"Well, someone tried to win him over, but it didn't work."

"This person is rebellious. Even if I am an inner sect elder of the Saint Talisman Sect, I want to accept him as a disciple, but I have been rejected. It seems that I want to worship under the Supreme Elder's sect!"

"Hey, the talent is really evil, but how high-sighted are the elders of the Saint Talisman Sect? There are already many peaches and plums in the world, so how can they easily accept disciples?"

Lu Di was pleasantly surprised.

Four beasts covering the sky talisman, he is only 10% sure of this talisman on weekdays!

But now, the seal carving has come out smoothly and perfectly!

Presumably, with this talisman, no one should be his opponent.

This time, it is bound to be able to fall into the eyes of the Supreme Elder!

After finishing speaking, he picked up the seal talisman, looked at the three Supreme Elders in the air, and said in a loud voice: "Junior Lu Di, the seal carving of the Four Beasts Overturning the Sky Talisman has been completed, and the elders are invited to inspect it!"

Under the high platform.

Rong Yu looked at Dong Yin who was at the side and sneered: "Half-step fairy-level talisman, four-beast-covering sky talisman, now, no matter how deep your sect disciple hides, there is absolutely no possibility of turning the tables, right?"

"This time, it's still my Immortal Talisman Sect who overwhelms your Divine Talisman Sect."

"However, your God Rune School has made progress."

Heard the words.

Dong Yin shook his head with a smile and said: "The result has not yet been pronounced, what are you in such a hurry for?"

Obviously.

Dong Yin didn't think that Mu Fusheng's seal cutting would be worse than Lu Di's!

"Hmph, let's wait and see."

...

over.

The elder on the right took the Four Beasts Shrouding Heaven Talisman, nodded and said: "It is very valuable to be able to seal such a talisman."

Lu Di smiled and cupped his hands: "Thank you, senior."

Everyone also looked closely at the top.

They want to see it too.

After all, it is Lu Di's Four Beasts Overcoming Heaven Talisman that is stronger.

It is still this little-known dark horse, and the Four Seas Wrath and Thunder Talisman carved by Mu Fusheng is even better.

At this time.

The elder on the right took the lead and said: "Well, yes, the degree of completion is very high, and it is close to perfection."

Hearing this, Lu Di looked overjoyed, and hurriedly cupped his hands and said, "Thank you, senior!"

And at this time.

The Supreme Elder looked at Elder Baibear, and said, "How about the Four Seas Wrath and Thunder Talisman?"

Elder Baibeard's face became serious now.

Did not answer the question first.

Instead, he looked at Mu Fusheng, and said, "This talisman requires both the power of the soul and the degree of control, which has reached an extremely harsh level."

"The power of his soul is infinitely close to that of an immortal soul master, and his control power is beyond the reach of some immortal talisman masters."

"However, according to the reported information on the participating talisman masters, you have only passed the assessment of the celestial talisman master."

"Can you explain it?"

And heard the words of Elder Baibeard.

Countless people all looked horrified!

Even Rong Yu was stunned.

This hidden strength... seems to be hiding a bit too much, right?

Has the control power reached the level of the Immortal Talisman Master?

Immediately, he turned his head and looked at Dong Yin who was on the side.

Dong Yin also shook his head innocently.

means that he is not clear either.

It's not a lie...

And at this time.

After Mu Fusheng heard this, he smiled lightly. Facing this highly respected Supreme Elder, he didn't show the slightest restraint, appearing neither humble nor overbearing!

"I think, as a talisman teacher, what you have to do is to pick up a pen and devote yourself to practicing along the way of talisman."

"It's not for the assessment, the medal, to win those false names to prove yourself."

"After all, only you can prove your own strength, and you don't need others to brag about it."

Um.

It's just getting used to it.

Heard Mu Fusheng's words.

The three Supreme Elders all nodded their heads.

His eyes were full of appreciation.

really.

In today's monastic world, for the sake of face, fame and fortune, how many people have forgotten their original intention of monasticism?

But this person is only concentrating on and following the Dao!

And there are such talents!

With such a calm state of mind, it's as if he was born to follow the Tao!

Among them, Elder Baibeard stroked his beard and said with a smile: "You don't need to look at the result, your Furious Thunder Talisman of the Four Seas is far superior to others in terms of subtlety and power!"

Heard the words.

Mu Fusheng just smiled lightly, without any surprise.

On the other hand, Lu Di had a dull expression.

Far above the rest?

Have you been crushed?

At this time.

The white-bearded elder had a smile on his face, and his eyes were full of pity for talent.

"How about it, are you interested in becoming my disciple?"

As soon as the words came out.

Immediately caused a sensation!

However, their horror was not over yet, and the other two Supreme Elders also said one after another.

"Old man Yi, haven't you stopped accepting disciples?"

"This son is the old man's closed disciple, why, do you have an opinion?"

"Hey! I still have an opinion, do you want to compare?"

"Whoever wins, he will be accepted as a closed disciple!"

Everyone watched this scene.

All have dull eyes.

what's the situation?

Those three supreme elders with extremely high vision, now... are actually vying for a junior to be their disciple?

Rong Yu also had an ugly face.

Ruoruo Mu Fusheng became the closed disciple of one of these three people.

Then, the Divine Talisman Sect will directly surpass the Immortal Talisman Sect!

There is no possibility of turning over again!

Yan Lubing also lowered her head slightly and sighed.

But.

Just when everyone was horrified.

Mu Fusheng sneered and said: "Three seniors... I already have a master, so I can only thank the three seniors for their great love..."

Heard what Mu Fusheng said.

Everyone was shocked again and again...

This... this is.

Refused? !

Chapter 539 Ghost Altar

What level of existence is the Saint Talisman Sect?

In the mid-latitude boundary, all the talisman master forces are respected by the holy talisman sect!

Among all realms, the strongest talisman force is almost a branch of the Holy Talisman Sect.

It's like Xianfumen and Shenfuzong.

simply put.

The Saint Talisman Sect has monopolized the Talisman Master market in the entire mid-latitude boundary!

So, as the Supreme Elder of the Saint Talisman Sect, how powerful is he and how much background does he have?

As long as they make a little noise, they want to take in a handyman or a guard.

All the talisman masters in the mid-latitude boundary will be moved by the wind!

Rush to the Holy Talisman Sect with red eyes, trying to win this position at all costs!

And now.

These three are highly respected, and basically represent the three existences with the strongest attainments of Fushi in the entire mid-latitude boundary.

Actually, for a talisman master, he wanted to put away as an apprentice, and almost didn't fight!

What shocked everyone even more.

Mu Fusheng unexpectedly gave up this opportunity.

said: "I already have a master?"

this...

What is this called?

How can your master be compared with these three Supreme Elders of the Saint Talisman Sect?

Below, Lu Di was also full of disbelief.

This Mu Fusheng, is there something wrong with his brain?

Actually rejected these three Supreme Elders?

Yang Zuzheng, Yan Lubing, and Jiang Yinshi all had the same expressions.

I don't understand why Mu Fusheng would reject this opportunity to reach the sky in one step!

Rong Yu, the master of Xianfu Sect, turned his head stiffly, looked at Dong Yin who was at the side, and asked, "What is his background?"

Rejecting the Supreme Elder of Shengfu Zong who is the pinnacle of a talisman master, is this something a talisman master can do?

Dong Yin shook his head and said helplessly, "I don't know either."

Even, he only recently found out about the existence of this disciple in the Divine Talisman Sect.

If it wasn't for Xie Yan's recommendation, I'm afraid Mu Fusheng would still not appear in his eyes.

On the high platform.

The three Supreme Elders heard Mu Fusheng's answer.

They all stopped arguing.

To be honest, the three of them were also somewhat unresponsive.

Not because of pride.

Nor did he become angry because of Mu Fusheng's refusal.

At their level, things like face don't need proof at all.

Strength.

is face!

only.

Having been in a high position for a long time, they have not heard of it for a long time.

Rejecting apprentices.

That's why I was a little surprised.

Among them, Elder Baibeard nodded and said, "Since you refused, there is nothing you can do about it."

"It's just that the old man really wants to meet your master. Who is it that can train a disciple like you?"

Mu Fusheng smiled lightly, and said: "Master has been hidden from the world all his life, so I hope you will forgive me."

Heard the words.

Elder Baibeard smiled: "Naturally, in this world, there are many hidden and powerful people, and even we cannot know all of them."

"However, although it is a pity that you cannot be accepted as a disciple, you can still join the Saint Talisman Sect. If you have any questions that you don't understand, you can come to the three of us at any time."

Mu Fusheng's talent and conduct.

The three Supreme Elders were all moved to cherish their talents.

And this kind of character will definitely be able to stand at the top of the talisman master in the future!

As long as he is a disciple of the Saint Talisman Sect, even if he is not accepted as a disciple, so what?

Mu Fusheng cupped his hands and said, "Thank you, senior."

...

The Holy Talisman Ceremony is over.

Mu Fusheng undoubtedly became the number one.

However, when the ceremony is over.

But there is no sect power to curry favor with him.

Instead, it was Lu Di, and Yan Lubing was surrounded by forces!

However, this is also normal.

A person who can even reject the three grand elders of the Holy Talisman Sect, how could he be interested in their power?

Instead of this, it is better to focus on the rest of the people.

the other side.

Dong Yin looked at Mu Fusheng and said with a smile: "The Holy Talisman Sect has specially approved you to join and directly become an inner disciple."

"You are here, practice hard."

Mu Fusheng nodded and said, "Thank you, Sect Master."

Dong Yin waved his hand and said: "Mr. Xie also told me about your matter. When you need help, send me a message, and I will take the Divine Talisman Sect to help."

What Dong Yin is referring to is naturally a matter of the evil domain!

After exchanging pleasantries for a while, Dong Yin took Yang Zuzheng and others, left the Sky Realm, and returned to the Divine Talisman Sect.

...

The matter of the holy talisman ceremony soon spread to the firmament domain!

As for Xie Yu, he got the news naturally.

After listening to the report, Xie Nan's face turned livid, and he threw the scroll in his hand forcefully!

"Can't wait any longer..."

Whether it is Ye Qiubai or Mu Fusheng, what they have done these days has spread to the evil realm!

These two people are extremely talented.

Naturally, they also saw through it, and they didn't dare to do anything to Mu Zhengting and the others!

This also leads to .

Let these people go, and live in the time of development.

But, just a few months?

There are such achievements!

If this continues, the evil domain will be wiped out by them!

But how?

I have to say that the other party speculates on his own psychology.

Originally, Xie Nan general Ye Qiubai and others joined the army.

Now, instead, the other party pushed him into a desperate situation where he had to change his plan!

Sum?

At this point, summing is no longer possible.

Send someone to assassinate?

Ye Qiubai, Xiao Hei and others have disappeared.

Mu Fusheng, who is in the sky domain, has joined the Saint Talisman Sect.

The Holy Talisman Sect is the top force in the entire mid-latitude realm!

Send someone to the Saint Talisman Sect to assassinate?

Doesn't this mean breaking ground on Tai Sui?

Xie Nan stood up, pacing left and right with a calm expression.

The evil king below did not dare to disturb him.

It takes a long time for a stick of incense.

Xie Nan stopped in his tracks, his pupils were surrounded by ghosts.

"This is the only way..." Xie Nan sighed slightly, and then said to the evil king below: "Take me to meet the evil master, I want to open the altar of ghosts and gods!"

The face of the evil king changed drastically!

Altar of ghosts and gods.

Summon the ghosts and gods of heaven and earth!

This is the only channel to communicate with the evil race.

The original evil domain is not qualified to open the altar of ghosts and gods.

However, today's Xie Nan has inherited the inheritance of the ghost clan, so maybe he has that chance.

Just...

After reaching contact with the ghost clan.

Perhaps the leader of the evil domain is no longer the evil race...

This is also the reason why Xie Nan was not opened before.

Now, there is no time to think about the future...

...

Low latitude boundaries.

Longevity Domain.

Here is the world created by Lu Changsheng.

And these days passed.

In the longevity domain, many creatures have been born.

Aura is extremely abundant!

The rules of heaven and earth are also slowly becoming complete!

And in the center of the longevity domain.

On top of a mountain peak.

One was sitting on the ground with candied haws, blinking his big eyes at Lu Changsheng in front of him.

Lu Changsheng took out a blackboard, wrote and drew on it, and then said, "Little Stone, next, as a teacher, I will teach you how to ask for longevity in this world!"

Chapter 540 Lu Changsheng's Small Classroom

Hearing Lu Changsheng's words.

Liu Ziru's eyes widened.

Immediately put down the teacup in his hand, moved a small bench, and sat down.

Seeing this, Lu Changsheng asked vigilantly, "What's wrong, do you want to steal your teacher?"

Liu Ziru immediately said with a smile: "I'll just follow along and listen. Anyway, it won't pose any threat to Senior."

Lu Changsheng nodded: "That's true."

That too?

Why does Liu Ziru feel like he was stabbed...

"However, you have to pay the tuition fee!"

tuition fee?

Liu Ziru patted his chest, "It's easy to say!"

Immediately, he took out a lot of natural materials and earthly treasures, put them in front of Lu Changsheng, and said flatteringly: "Look, these are not enough for seniors."

Seeing this, Lu Changsheng pretended to be reserved, and nodded solemnly, "Well, sit down."

"Good!"

The willow tree on the cliff was also very curious about what Lu Changsheng would say, so he also put his perception there.

At this time, Lu Changsheng coughed heavily, then looked at the little stone sitting over there eating candied haws, and said, "Listen well!"

"Chang Chang Sheng, when everyone hears these two words, the first thing that comes to mind is to cultivate crazily, compete with the sky, and improve the realm to achieve longevity, right?"

Liu Ziru nodded seriously.

Little Shitou shook his head ignorantly.

"However, their thinking is wrong, from the first step, they are wrong!"

ah?

Liu Ziru froze for a moment.

What's wrong?

If the realm is not raised to a certain level, how to prolong life.

But.

Lu Changsheng's next words left Liu Ziru completely speechless.

"Cultivation is necessary! However, don't always think about competing with the sky, causing troubles and grabbing opportunities everywhere."

"How many lives do you have? To compete with the sky? To cause trouble everywhere?"

Lu Changsheng patted the blackboard and said: "The premise of fighting against the sky and causing trouble is that you can beat others and ensure that your realm is stronger than the opponent!"

"Otherwise, if you are dead, how can you live forever?"

Speaking of this, Lu Changsheng wrote on the blackboard.

Obscene development!

These four characters.

When you see this.

Liu Ziru covered her face.

He suddenly felt a great pain in his heart...

I feel heartbroken for the tuition fees I just paid... Willow also withdrew her perception and returned to calm...

Lu Changsheng said it vividly.

Little stone is still small!

As his own disciple.

In order to prevent being spoiled, one must develop the habit of being... ah no, cautious from an early age!

"Not only that, in daily life, you have to know how to hide your clumsiness, which can also greatly increase the survival rate when facing the enemy in the future!"

"So I ask you, little rock."

Lu Changsheng walked up to Xiao Shitou and said, "If there are people around you and you have to take action, what will you do?"

Little Shitou didn't even think about it, and said loudly: "Shoot with all your strength, and clear away the obstacles!"

Heard the words.

Beside Liu Ziruo nodded his head.

But Lu Changsheng snatched the candied haws from Xiao Shitou's hand with a straight face, and said, "Wrong!"

Little Shitou looked at the candied haws eagerly, his eyes were red, as if he was about to cry.

Lu Changsheng continued: "At this time, you have to make a move, but don't use all your strength!"

"For example, you are now in the Emperor Realm, but the opponent is only in the Qianyuan Realm. Then, you only need to use the strength of the Qianyuan Realm to fight."

"Even if you win, you have to look like you have struggled to win!"

"Do you understand?"

Little Shitou nodded quickly.

Seeing this, Lu Changsheng returned the candied haws to Xiaoshi.

"So, what I want to teach you today is, never show your true strength in front of others!"

"Hide as much as you can! Hide as much as you can!"

"On this point, you can use your pastor brother as an example and your elder brother as a negative example, understand?"

"understood!"

Little Stone nodded.

"But Master, I think that if you want to fully understand your words, you still need to practice."

Practice?

Lu Changsheng looked at Xiao Shitou: "How do you want to practice?"

Little Shitou said with a smile: "For example, if you let me go out to practice for a while, you can try it according to what Master said! This way you can master it better!"

Heard the words.

Lu Changsheng thought for a while, nodded, and said, "That's fine, then you can go."

Little Shitou got up quickly and ran towards the teleportation array.

"Master, then I will go to the borderless domain to find the second senior sister!"

After finishing speaking, he disappeared into the world of longevity.

Looking at the happy back of the little stone.

Lu Changsheng touched his chin.

Why does it feel wrong?

Although it said that Hongying was there.

But just to be on the safe side, Lu Changsheng still looked at Liu Zirui and said, "Go with him."

Liu Zirui nodded with a wry smile.

After arriving here, his status became lower and lower.

Now I have become a guard...

Alas, who said that he can't beat Lu Changsheng?

...

The sky of the evil domain.

It was already extremely dark, without any sunlight, which could shine in through the thick layer of black mist.

But.

At this time, the evil domain was already shrouded in black mist and dark clouds covered the sun.

But there is one more thing.

Ghosts.

Ghosts are floating in the black mist.

Like an innocent soul seeking his life, he whispered faintly, weeping and complaining.

And the reason for all this comes from... the altar of ghosts and gods!

At the center of the evil domain.

There is a huge round platform.

And the top of the round platform is full of corpses!

And by blood.

These bloodstains, at first glance, seem to be a child's ghostly drawing, just scribbling.

But.

Take a closer look, the bloodstains are connected together, it is a group of ghosts!

Here is the altar of ghosts and gods!

The altar of ghosts and gods was surrounded by countless evil soldiers and generals.

And these evil soldiers and generals have dull eyes.

Above their heads, strands of transparent objects are constantly floating out!

In the mouth, gather on the altar of ghosts and gods, among the bones placed!

In the middle of the skeleton.

Xie Nan, stand on it.

Blood dripped from the wrist and dripped on the altar, blending with the dark red blood!

this moment.

The blood on the altar of ghosts and gods burst into dazzling blood!

The ghost in the black mist seemed to be stimulated and started howling loudly!

Around the altar, there were several evil clans shrouded in black mist, exclaiming: "Only by inheriting the inheritance of ghosts and gods and stimulating the blood of ghosts and gods, can the altar of ghosts and gods be opened."

"It seems that there is the existence of Xie Nan, so why not revive my Xie Domain?"

But one of the tall evil race did not speak.

this moment.

Countless ghosts rushed out of the black mist!

rushed into the dark clouds, and in the clouds, a terrifying grimace gathered!

Exudes a terrifying aura!

Right now.

Grimace spoke.

"Inheritor? Why summon the deity?"
