

My Disciples 551

Chapter 551 It's really not good, let your senior sister give it to you!

The night is dark and the wind is high.

At this moment, the Boundless Imperial City is not as prosperous as usual, and it seems silent and heavy.

All famous families are on guard against the appearance of thieves.

Whether it is a force that has not yet been visited, or a force that has been poisoned, they are desperately trying to arrest this person!

This is also in addition to the invasion of the evil race.

All the forces in the Boundless Imperial City have become so united because of such an absurd theft case!

And at this moment.

Pingjia located in the eastern part of the Boundless Imperial City.

The Ping family, among the families in the entire Boundless Imperial City, its strength and heritage are enough to rank among the top three.

The courtyard, like other family forces, is full of eyeliner that the guards have hidden in the dark!
But.

In Miss Heike's courtyard.

Miss Heike sat on the stone chair with a sad face.

Across from her, a man in brocade clothes sneered when he saw this, and said, "Sister, don't worry, you're just a thief, aren't you?"

"The thief, the reason why it went so smoothly before is because he didn't set his sights on our Hei family!"

"What's more, those families he stole before are all crooked melons?"

"As long as he dares to come to the Ping family, he can be easily arrested, so that this son will never come back!"

Seeing the confident expression of the man in front of her, Miss Heike forced a smile.

Although she thinks so too.

However, there is still a feeling of uneasiness in my heart.

I always feel that things will not go so smoothly.

"Oh, don't worry, sister, I have already arranged a lot of people and laid a net!"

"Even if he came here out of his own accord, he is destined to fail!"

The voice just fell.

Sudden.

In the courtyard, the space began to gradually distort!

It looks like a vortex!

A tall man covered in black robes appeared in front of the two of them.

The expressions of the man in brocade clothes and the eldest lady of the Heping family all changed.

"How courageous! Do you really dare to come to our Heing family? Come on!"

But.

The time for three breaths after the man in brocade clothes shouted.

But there is still no strong Heike to come to support.

As if the other party didn't hear it.

The man in brocade clothes couldn't help being slightly taken aback.

Then he looked at the man in black and shouted angrily, "What did you do?"

There was a strange sound in the black robe.

"I didn't do anything, I just blocked this space."

"Don't worry, I'll leave after I finish taking things, and I won't hurt you."

Hear what the man in black said.

Miss Heike's complexion changed drastically, her pretty face blushed, and her eyes were full of anger!

With a coquettish shout, he rushed towards the man in black and slapped him!

In the early stage of False God Realm.

Among the young people of Boundless Dynasty, this kind of talent is truly top-notch.

However, the man in black didn't move.

The space in front of him began to distort!

Miss Heike slapped the distorted space with her palm.

But it didn't stir up even a single ripple, and it was blocked, unable to make an inch of progress!

See it.

The expression of the man in brocade clothes behind him also changed drastically.

The power of space?

In the entire Boundless Dynasty, no one can use the power of space so proficiently!

"Don't be so angry, I really won't hurt you, don't worry."

Finished speaking.

Under Miss Heike's grief-stricken eyes, the man in black turned around, intending to walk towards the room behind him.

But.

Right now!

A burst of divine and soul power descended overwhelmingly!

directly penetrated the blocked space, landed on the man in black, and locked him!

The man in black suddenly panicked.

Someone was able to break through his space blockade?

not long.

Three men appeared one after the other in three directions of the man in black and surrounded him!

The man on the left exhaled, and said, "I never thought that in our low-latitude realm, there are still people who have such a deep understanding of the artistic conception of space?"

"The power of my soul almost didn't break through."

Another man touched his chin and said, "Indeed, I've never heard of such a person?"

The dark-skinned man was gearing up and said: "If you haven't heard of it, you haven't heard of it. Just beat him up and take him away and ask him."

It still has to be you!

Miss Heing and the man in brocade clothes were surprised when they saw these three people!

The three people in front of me, as people from the Borderless Territory, how could they not know each other?

This is a heroic character in Borderless!

These three people are Ye Qiubai, Mu Fusheng and Xiao Hei.

And when the man in black saw Ye Qiubai and the three in front of him, he froze instantly.

"Uh...Master...ah no, why are you here?"

Um?

The three of them were puzzled.

"Oh? You know us?"

The man in black thought to himself.

Can you not recognize...

"Then...well, can you let me go?"

Ye Qiubai smiled, raised the Nine-foot Star Meteor Sword in his hand, and said, "What do you think?"

The man in black seemed to be panicking, "Then...then I'll return them all, okay?"

The voice just fell.

Seeing that Xiao Hei didn't say anything, he raised his fist and rushed towards the man in black!

In an instant, he appeared in front of the man in black, and punched him out!

Seeing this, the man in black raised his hand hastily in a panic.

Suddenly, around Xiao Hei, the space began to distort!

Want to squeeze Xiao Hei's body!

But.

Xiao Hei just let out a low shout, his body trembled, and his energy exploded in all directions!

Breaking through the shackles of space in an instant, he punched straight at the man in black's chest!

When he saw that fist was about to land on the chest of the man in black.

The man in black screamed instantly: "Don't hit me!"

is a child's voice!

And hear this voice.

Ye Qiubai and Mu Fusheng were both taken aback.

Xiao Hei's fist also stopped only a few centimeters away from the man in black's chest.

This voice? ?

Ye Qiubai tentatively said via sound transmission: "Little brother?"

The man in black nodded quickly.

Suddenly, Ye Qiubai and the three of them had black lines all over their faces.

Oh, but even if there are black lines on Xiao Hei's face, he can't really tell it.

What the hell...how could this little thing have such an interest?

Ye Qiubai covered his face, grabbed the man in black, and disappeared on the spot.

The man in brocade clothes looked at this scene and said with emotion: "As expected of Ye Qiubai and the others, their strength is still so strong..."

"So many family forces have nothing to do with this person, but Ye Qiubai and the others took him down so easily."

...

And at this moment.

In the palace of the Boundless Dynasty.

Ye Qiubai, Hongying, Mu Fusheng, and Xiao Hei all looked at the little stone sitting in front of them like an obedient child, looking at them pitifully and helplessly.

It surprised me that.

The underwear thief who has recently made the boundless imperial city jump.

It turned out to be their junior brother? ? ?

At this time, Ye Qiubai said: "Little brother... tell me, when did you start to have this interest?"

"It really doesn't work, why don't you ask your senior sister to give it to you?"

Hong Ying: "???"

Chapter 552 Star Castle!

Heard Ye Qiubai's words.

Hongying almost picked up the reincarnation spear and threw it at him.

However, because the juniors are all here, if you want to save some face for the senior brother, forget it.

At that time, I have to let the senior brother help me take the blame.

After all, it is better for the big brother to get used to the matter of dumping the blame.

Ye Qiubai, who was speaking to Xiaoshi, suddenly felt a tremor all over his body.

Which one is talking bad about himself again?

At this time, Xiao Shitou ran up behind Hongying in aggrieved manner, pulled her skirt, and buried his head on Hongying's slender thigh.

Seeing this, Hongying couldn't bear it for a while, touched Xiao Shitou's small head, and pleaded: "Okay, big brother, don't talk about it, Xiao Shitou is still young, and he is not sensible."

Little Shitou also nodded quickly, "Yes, yes, I just think it's fun!"

While talking, when rubbing his face against Hongying's thigh, his nose was still shaking.

Then buried it in again...

Ye Qiubai's face was full of helplessness, "You were so lawless when you were young, and you won't be the devil king when you grow up?"

On one side, Mu Fusheng beeped softly: "It seems that senior brother is the devil in the eyes of the master..."

Ye Qiubai: "...Mu Fusheng, where are you!"

"Okay, okay, let's send the little stone back first."

...

In the world of longevity.

Ye Qiubai and the others returned to the thatched cottage with the small stone.

At this moment, Lu Changsheng is watering the vegetable garden.

Since opening up the Longevity Realm, Lu Changsheng's small vegetable garden has grown in size.

From the previous vegetable garden, it became a farmland.

Among them, the aura is extremely thick and spreads in the air, as if just inhaling it can make the ascetic's realm break through!

Not only has aura, but also a variety of artistic conceptions and the power of rules.

It has even surpassed Qiudao Mountain!

At this time, Lu Changsheng looked back, curled his lips and said, "There is no Ansheng again."

Every time I come back, something must happen.

Lu Changsheng is already used to it.

"Tell me, what happened again?"

Hearing what Lu Changsheng said.

Ye Qiubai and the others naturally understood what it meant, and couldn't help laughing.

Immediately said: "Master, it's not us who caused the trouble this time, but the little stone."

small stone?

Lu Changsheng turned around and looked at the little stone who was hiding behind Hongying with an aggrieved face.

Didn't he just teach him how to proceed with caution?

And I vowed before that I would go out and practice it.

What's the matter, it's only been a few days since trouble started?

Lu Changsheng's face darkened, and he picked up the little stone.

Hold him in the air, face to face and said: "What did you do?"

Little Shitou made an expression as if he was about to cry, and said in a low voice, "Just... that is, I took a few beautiful sister's clothes..."

Get clothes?

Lu Changsheng was taken aback for a moment, looked at Ye Qiubai and said, "What is Xiao Shitou doing with other people's clothes?"

Ye Qiubai covered his face and said: "In the past few days, almost half of the intimate clothes of the famous and famous ladies in the Boundless Imperial City have been stolen by this kid."

"It's a beautiful name, these sisters' clothes are very fragrant..."

Hearing this, Lu Changsheng's face was completely dark.

Unexpectedly!

This kid actually has the potential to be an LSP?

No no no.

Although it's not a big deal, it's just finished teaching, and it's still so young.

did this kind of thing.

What if I grow up?

Lu Changsheng's face was as dark as the bottom of a pot, he glared at Xiaoshi, looked around, and said, "Where's Liu Ziru?"

"I asked him to follow Xiao Shitou not only to protect him, but also to keep Xiao Shitou out of trouble!"

"In the end, this guy is helping me see people?"

Hongying shook her head and said, "We haven't seen Senior Liu from the beginning to the end."

Little Shitou said: "Uncle Liu seemed to say something, he wants to go out to avoid the limelight."

Lu Changsheng sneered after hearing this: "Avoid the limelight?"

After finishing speaking, close your eyes.

Spiritual consciousness burst out directly!

Soaring into the sky.

It actually directly pierced through the space, heading towards the borderless domain coverage!

Ye Qiubai and the others looked at each other.

Master's spirit power is so powerful...

Mu Fusheng smiled wryly.

He never heard of it.

The power of a person's soul can be strong enough to pass through space and explore places so far away.

To know.

The distance between the Wilderness Realm and the Borderless Realm, I don't know how far it is...

Not too long.

Lu Changsheng had a sneer on his face: "Hmph, still want to hide?"

Immediately, in an instant, he disappeared in place.

Just a minute or two.

Then he returned to the thatched cottage again.

At the same time, he was still grabbing the collar of this man.

I saw that the man was still holding a teacup in his hand.

His face was full of doubts, his eyes were full of dullness, as if he was talking.

Who am I, where am I, what happened?

The man is Liu Ziru!

When Liu Ziru heard the sneer beside her, she turned her head and looked, her face was ashen!

"Liu Ziru, come, let's have a heart-to-heart talk?"

Talk about heart to heart?

Liu Ziru forced a smile: "Okay... okay?"

Lu Changsheng nodded, and then pointed at Liu Ziru's heart.

Immediately.

Liu Ziru's complexion changed!

was directly thrown out!

Ye Qiubai and the others had cold sweat on their faces, and stood aside, not daring to breathe.

It turns out that the heart-to-heart talk that Master said is playing heart-to-heart!

After finishing all this, Lu Changsheng clapped his hands and glared at Xiao Shitou.

"Go to the wall and think about it! Recall the content of the class I taught you ten thousand times in your mind!"

After finishing speaking, he looked at Ye Qiubai and the others, sat on the wooden chair and asked, "Where is Shi Sheng? Isn't that guy going with you to the mid-latitude realm?"

Hearing this, Ye Qiubai shook his head, and said: "We don't know, Junior Brother Shi didn't join us, and we didn't find out his whereabouts."

"So I ask Master to take action, in case Junior Brother Shi is in danger."

Lu Changsheng shook his head: "There will be no danger. If there is any danger to my life, I will naturally know it as soon as possible."

But just to be on the safe side.

Lu Changsheng still took out a jade pendant.

In this jade pendant, there is a ray of spiritual power of the disciples.

As long as you follow this, you can feel where the apprentice is.

Release the power of the soul.

Feel the place Shi Sheng walked through.

finally.

Lu Changsheng's ray of perception came to a starry sky.

There are stars all around, and the power of the stars is extremely strong!

At the same time, in the center of the many stars, there is a looming star castle!

Where is this?

Lu Changsheng frowned slightly.

He can sense that Shi Sheng is now in that star castle!

However, Lu Changsheng is only a small ray of soul power now.

is not a double projection.

There is even a latitude barrier between the mid-latitude boundary and the barbaric boundary.

So, under the ray of suppression from Star Castle, Lu Changsheng's little ray of spirit cannot penetrate into it.

Opened his eyes and said: "There is no danger to life, it seems that I have strayed into a secret place."

"The location should be a starry sky in the east of the mid-latitude boundary."

"However, although Shi Sheng's breath of life is stable, his soul is in an unstable state. Go find it."

Chapter 553 Starry Sky Temple!

East mid-latitudes.

The Jianglong Domain where Tianjian Peak is located is here.

Ye Qiubai, Mu Fusheng, Xiao Hei and his party came here.

Mu Ziqing gained insight after using the power of blood in the evil domain, and stayed in the Mu family's ancestors to practice.

After arriving at Tianjian Peak.

Suzerain Huo Zhengheng and Chu Guidao personally came out to greet the three of them.

I saw Huo Zhengheng looking at Ye Qiubai, and said with a smile, "The matter is dealt with so quickly?"

Ye Qiubai nodded, "I came here to ask about a place."

"In the east of the mid-latitude boundary, is there a secret or forbidden place similar to the starry sky?"

Heard the words.

Chu Guidao and Huo Zhengheng looked at each other.

The two of them thought for a while, Chu Guidao frowned and said, "Could it be that place?"

Huo Zhengheng also nodded: "It should be. In the east of the mid-latitude boundary, there is only this place in the Starry Sky Domain, and it is an inheritance place of the Starry Sky Domain."

Starfield?

It seems to have seen the doubts of the three.

Chu Guidao explained: "The Starry Sky Domain was in ancient times, and a small number of ascetics there were able to cultivate the power of the stars, so it was called the Starry Sky Domain."

"Nowadays, for some reason, the method of cultivating the power of the stars has been lost. Even the overlord of the starry sky, the Temple of the Starry Sky, no one has cultivated the power of the stars."

"At most, it's just like Ye Qiubai's Xingyu swordsmanship, which has the breath of stars in the attack."

Huo Zhengheng also nodded, and said: "According to what you said, that place should be the secret realm of the starry sky."

Ye Qiubai clasped his fists in thanks: "Seniors, let's go first."

"Hey, wait."

Huo Zhengheng stopped and said: "Why worry, it's useless for you to go now, let's not talk about how you can enter the secret realm of the starry sky, and it's not time to open it yet!"

"The secret realm will open in a month. At the same time, you must get the quota to enter the secret realm of the starry sky, and these quotas are all in the hands of the Starry Sky Temple."

is equal to saying.

If you want to enter the secret realm of the starry sky, you must join the Starry Sky Temple.

"What is the strength of the Starry Sky Temple?"

Ye Qiubai thought about it and asked.

Hearing this, Huo Zhengheng's expression became concentrated, and he said slightly vigilantly: "Looking at it now, it's about the same as our Tianjian Peak..."

Ye Qiubai smiled after hearing this, "There should be some secret places or holy places for cultivation in Jianfeng that day."

Huo Zhengheng's face became more and more serious: "What do you want to do?"

"Didn't senior seal me as the holy son of Tianjianfeng before? Then, senior, go to discuss with the people of the Star Temple, come to a secret realm exchange, let the three of us go to the secret realm of the starry sky, and then exchange for the other three to come over. Isn't that all right?"

The corners of Huo Zhengheng's mouth twitched: "You really dare to think... Even if you can enter the secret realm of the starry sky, it will only be useful to those who have a certain affinity for the power of the starry sky."

"As for our Heavenly Sword Secret Realm in Tianjian Peak, as long as you are a sword repairer, your understanding of swordsmanship will be greatly improved! These two are completely unequal!"

"If you disagree, I will leave."

After finishing speaking, Ye Qiubai turned around directly, and walked towards the outside of Tianjian Peak with Mu Fusheng and Xiao Hei.

When turning around.

Mu Fusheng kept holding back his laughter.

Whispered: "Eldest brother is really bad."

Xiao Hei twitched the corner of his mouth: "Small scenes, I'm used to it."

as expected.

Huo Zhengheng gritted his teeth and said, "Okay! My seat promises you."

Hearing this, Ye Qiubai stopped instantly, turned around and clasped his fists with a smile: "Then thank you, senior."

Huo Zhengheng frowned.

face!

Face!

If it weren't for Ye Qiubai's physique and talent, how could he, as the peak master of Tianjian Peak, be manipulated to death?

After a rest.

Huo Zhengheng took Ye Qiubai and the others to the Starry Sky Domain.

...

Starry sky field.

Starry Sky Temple is also an existence with an ancient history.

In ancient times.

There are a few people in the Starry Sky Temple who can cultivate the power of stars!

And these few people really stand at the pinnacle of the entire mid-latitude boundary!

It can be said.

The Starry Sky Temple at that time was an existence that competed with the top forces in the mid-latitude realm today.

For example, Shengfuzong.

However, no matter what catastrophe they experienced, none of the disciples of the Starry Sky Temple could cultivate the power of stars.

Leading to the glorious period of the Starry Sky Temple and the Starry Sky Territory, it has become a thing of the past.

And the sky of the starry sky.

Oddly enough, there aren't any clouds.

The sky was clear during the day.

At night, there are no dark clouds, but only stars!

The Temple of the Starry Sky is located among the stars in the center of the starry sky.

A huge city, hidden among the stars.

At this moment, Huo Zhengheng came outside the city, but he didn't speak yet.

In the middle of the city, an old man's voice came out.

"Since you're here, let's come in and talk about it."

The entire starry sky, as long as it is under the stars, everything is within the eyes and ears of the Starry Sky Temple!

It can be said.

In the Starry Sky Domain, the Starry Sky Temple is the absolute overlord, bar none!

Huo Zhengheng cupped his hands facing the void, and then led Ye Qiubai and the others into the city.

At the top of the city, there is a courtyard.

This courtyard is also the closest to the starry sky.

Looking from a distance, you can meet the starry sky!

Get into it.

In the other courtyard, an old man sat cross-legged in the courtyard.

"The lord of Tianjian Peak personally came to my Starry Sky Temple, what is your business?"

Huo Zhengheng smiled, and said directly: "This seat represents Tianjian Peak, and I want to discuss some cooperation with your temple."

At this level, among the powerful with this power.

There will not be too many courtesies and various corners.

Talking about things is always straightforward.

After all, time is precious.

The old man was slightly surprised: "The Starry Sky Temple and Tianjian Peak have never had any contact, so how can we talk about cooperation?"

Huo Zhengheng smiled and said: "The secret realm of the starry sky is about to open, and my three juniors happen to be a little interested in the secret realm of your temple, so I want them to enter it and observe it."

"Of course, in exchange, you can also let the three disciples of the noble temple enter the secret realm of my Tianjian Peak to practice."

Hearing this, the old man was surprised, but also a little puzzled.

"Sect Master Huo must also understand my secret realm of the starry sky. It has no effect on ascetics who have no affinity for the power of stars."

Huo Zhengheng shook his head and said: "There is no need to worry about this. The three juniors of mine are only interested in it, and will not do anything harmful to the Starry Sky Temple."

The old man thought for a while, then nodded and said: "Well, the old man will take advantage of this."

After all, there are still some sword cultivators in the Starry Sky Temple.

As for the three people behind Huo Zhengheng, except for the sword cultivator in the middle who had some stars.

The other two didn't have any at all!

Going in has no effect.

So the Starry Sky Temple can be regarded as an advantage.

At the same time, why not make good friends with a powerful sword cultivator like Tianjianfeng?

Chapter 554 Arrogance, questioning

There are still 28 days left before the opening of the Starry Sky Secret Realm.

Huo Zhengheng was with the master of the Starry Sky Temple, Huang Er, who was the old man at that time.

After talking about some exchange matters, they returned to Tianjian Peak.

There is no need to worry about the safety of Ye Qiubai and the three of them here alone.

After all, the strength of Starry Sky Temple is about the same as Tianjian Peak.

What's more, Huang Er also wants to make friends with Tianjian Peak, and get this exchange opportunity to enter the secret realm of Tianjian.

So, Huang Er not only would not ignore any life-threatening incidents, but would personally come forward to solve the troubles.

...

The entire city in the starry sky belongs to the Starry Sky Temple.

From outside to inside, the further inside, the higher the status of his disciples.

The inner ring is the place where the elders live.

The inner second ring road is the place where the direct disciples are.

Ye Qiubai and the others were arranged in a yard on the inner second ring road.

at the same time.

The news that Ye Qiubai and the others are going to enter the Starry Sky Secret Realm has spread throughout the Starry Sky Temple for some reason!

The disciples of the Starry Sky Temple are basically extremely arrogant.

Because in ancient times, they were the top existence in the entire mid-latitude realm!

At the same time, it is also a force that once possessed the power of stars in the entire mid-latitude boundary.

This also caused the disciples of the Star Temple to be extremely arrogant to the outside world.

So, when they heard that Ye Qiubai and the three outsiders were going to enter the secret realm of the starry sky with them, endless voices of doubt and dissatisfaction erupted!

Inner Third Ring Road, which is where inner disciples live.

"What is the origin of Ye Qiubai and the three of them? The Hall Master would allow them to enter the secret realm of the starry sky?"

"I heard that he is a disciple of Tianjian Peak in Jianglongyu."

"Tianjian Peak? I've heard that although their current strength is not much different from our Starry Sky Temple, in terms of background, they can't compare to our Starry Sky Temple, right?"

At this time, these inner disciples looked at a man who closed his eyes and said nothing, "Senior Brother Zong, what do you think?"

Zongyan smiled, played with the feather fan in his hand, and said, "What do you think? The Palace Master has already made a decision. What else do we disciples have to say?"

The other inner disciples all frowned and said: "But, we can't let outsiders enter our starry sky secret realm! Are they worthy?"

Hearing the words, Zong Yan shook his head and said, "Naturally, I'm not worthy. I'm just a swordsman. How can I feel the power of the stars?"

"However, although the Hall Master nodded in agreement, but..."

Having said that, Zong Yan put away the feather fan, opened his eyes and got up, and said with a gloomy expression: "We can make them retreat in spite of difficulties."

After finishing speaking, Zong Yan walked towards the inner second ring road.

When the other inner disciples saw this, they all looked overjoyed!

It seems that Brother Zong is going to attack those three outsiders!

To know.

Zongyan is the number one disciple among the inner disciples!

Its strength has reached the middle stage of the Dao realm.

You can even use a ray of stars!

As long as you perform well in the secret realm of the starry sky this time, then you will be able to be selected by the elders as a personal heir, and you will be admitted to the inner second ring!

And at this moment.

In the inner second ring road.

Ye Qiubai sat cross-legged on the ground, not practicing, but recalling the previous few battles.

Simply put, it is replaying.

After fighting again and again, I think about the mistakes or flaws that occurred during the battle.

If it is corrected, this will greatly improve Ye Qiubai's actual combat!

Moreover, it can also precipitate and stabilize the cultivation base.

And Xiao Hei is practicing boxing, with huge deep-sea refined black iron tied to his arms and legs!

This material is extremely heavy!

And it also has the effect of suppressing the aura in the body.

At the same time, add the weighted talisman developed by Mu Fusheng.

Even a strong person in the blood-changing state can only barely lift it.

And Xiao Hei is waving his fists and feet with these tied up!

On the other side, Mu Fusheng was lying on the bed, with one hand resting on the back of his head, and the other holding the book of talismans to read.

At this time.

Suddenly bursts of breath came from outside!

and the uproar.

Mu Fusheng did not put down the book of talismans in his hand, and still maintained the original movement, smiling: "Brother, you really guessed it right."

Ye Qiubai smiled.

The disciples of the Starry Sky Temple were quite arrogant, and Huo Zhengheng had told him about it before.

He also expected that his disciples would be dissatisfied when the three outsiders participated in the Starry Sky Secret Realm.

This is normal.

At this time.

Without knocking, the gate of the courtyard was opened.

led by Zong Yan and dozens of inner disciples behind him walked in.

"You guys don't have the qualifications to enter the secret realm of the starry sky, so go away on your own!"

"You can't even feel the power of the stars, so why are you talking about entering the secret realm of the starry sky?"

Zongyan opened the feather fan, smiled lightly and said, "The three of you should just leave here. The Starry Sky Secret Realm is quite special. Even if you go in, you will get nothing, so don't waste your time."

Ye Qiubai still sat cross-legged on the ground, and didn't even open his eyes when he heard Zong Yan's words.

"Whether you gain or not, you don't care, do you?"

Zongyan frowned, and a chill gradually spread in his eyes.

"So, you have made up your mind to enter the secret realm of the starry sky?"

"We haven't been obvious enough"

Watching the elder brother clash with the other party.

Mu Fusheng had no choice but to shake his head.

Really deserves a beating, too capable of attracting hatred!

However, Mu Fusheng is too lazy to care about it.

After all, in the thatched cottage, he is only higher than Xiao Shitou in terms of seniority!

Zongyan sneered: "In this case, why not come to discuss and learn from each other?"

The inner disciples at the back also booed: "Brother Zong, let these outsiders see the gap between our Star Temple and them!"

"Lest they be like frogs in a well, ignorant of the heights of the sky and the earth!"

Ye Qiubai smiled and was about to get up.

Xiao Hei on the side stopped practicing boxing, wiped the sweat from his forehead, and said without taking off the Deep Sea Essence Black Iron, "Senior brother, I'll do it."

Ye Qiubai nodded with a smile: "Take it easy, we are customers after all, we have to save some face for them."

Mu Fusheng covered his face.

Let Senior Brother Xiao Hei make a move, can he understand what it means to be gentle...

When Zong Yan heard these words, his face completely sank.

Too arrogant!

He is the number one among inner disciples!

"In this case..." Zong Yan put away his feather fan with a gloomy face, stepped forward, and said, "If you lose, you can leave the Star Temple by yourself."

Ye Qiubai smiled: "Then if you lose to my junior brother, then, how about you quit this Starry Sky Secret Realm?"

Bet against each other, always be fair.

Zongyan hesitated for a moment.

However, I heard the shouts of inner disciples behind me.

He just nodded and said: "Yes, but I'm afraid I won't have this chance."

Finished speaking.

Zongyan rushed towards Xiao Hei!

Chapter 555?

The Temple of Stars, although not as good as in ancient times.

But it is still a second-rate peak power in the mid-latitude boundary.

It is not much different from Tianjianfeng's strength.

so.

As the chief disciple of the inner sect, Zong Yan is naturally not too weak.

The overall strength has reached the middle stage of He Dao state.

It is even more able to use the meaning of a ray of stars!

Under the gaze of the crowd.

Zongyan took the lead, stepped on the ground, and rushed towards Xiao Hei with the help of recoil!

In mid-air, the feather fan in his hand waved towards Xiao Hei!

Suddenly, within the lupine, there was a gust of wind and tornado sweeping towards Xiao Hei!

This is not an ordinary tornado, nor does it just use the artistic conception of wind.

in contrast to this.

In this violent tornado, it is not as light as the wind.

It is as thick as a meteorite!

And while being heavy, it is also extremely sharp, and the speed is extremely fast!

Obviously.

In this tornado, there is a ray of stars.

The inner disciples of the Star Temple were slightly surprised when they saw this.

"Brother Zong is using the meaning of stars?"

"Is the other party worthy of Senior Brother Zong's attention?"

But who knows, although Zong Yan feels conceited and proud of himself as the chief inner sect of the Star Temple.

However, he will not be spoiled because of this, and to underestimate others excessively.

The opponent is from Tianjian Peak.

The strength of Tianjian Peak will naturally not be too weak.

So, just in case, Zong Yan directly used the meaning of stars.

Moreover, even if the opponent is really as weak as the juniors behind him think, he is not worthy of using the meaning of stars.

It can also be crushed directly!

In this way, you will have more face in the eyes of other people.

But.

Xiao Hei was facing this thick wind mixed with the meaning of stars.

But there is no slight discoloration.

Even if the wind of the stars distorts the space and suppresses the surrounding aura, there is still no trace of fear.

In his opinion.

The meaning of stars used by Zongyan is not as good as one ten thousandth of that of Shisheng Shidi!

This sense of heaviness and oppression can also be called the meaning of stars?

Xiao Hei snorted contemptuously, and rushed directly towards the wind of stars without avoiding it!

Immediately, he raised his fist.

Strands of black magic energy wrapped around the fist.

Five distinct lines cover Xiao Hei's body!

Suddenly, physical strength skyrocketed!

Xiao Hei's forward body accelerated instantly in the space!

Mixed with bursts of sonic booms, a punch blasted out!

Facing the wind of the stars, with the momentum of piercing through the air, he punched out suddenly!

When Xiao Hei punched out.

Zong Yan looked a little dignified.

He can clearly perceive how strong the opponent's physical strength is.

The sense of wind pressure from punching directly passed through the wind of the stars, so that he who was behind him could clearly feel the wind pressure coming towards his face!

But... After all, it is the power of the flesh.

Rely solely on physical strength.

How could he break through his star wind?

Zong Yan yelled loudly, and waved the feather fan from top to bottom in his hand!

"Suppress me!"

At this time.

Xiao Hei's fist also touched the wind of the stars.

But... What everyone thought was counterproductive.

Xiao Hei was not directly suppressed by the wind of the stars, and was seriously injured!

Instead, his face was calm, and a punch tore a hole in the wind of the stars.

The body also passed through the wind of the stars, and rushed straight towards Zongyan!

The momentum is like a broken bamboo.

Destroy!

"How is this done?"

"Are you able to break through Brother Zong's Wind of the Stars just by relying on physical strength?"

"Even under the same realm, it is impossible to break through so easily!"

Zongyan was also quite surprised, and waved the feather fan in his hand with an ugly face.

On the lupine fan, the meaning of the stars is gathering.

At the same time, Zong Yan's body was overflowing with purple light!

The opponent's strength.

It is fully reflected in this punch!

Moreover, looking at him like this, it seems that he hasn't used his full strength yet?

That being the case.

The purple light on Zongyan's body, with the waving of the lupine, is like an elf, gathering on the lupine little by little!

With the gathering of purple starlight.

Every feather on that lupine spit out purple light at this moment!

Like a purple starlight sword!

Extremely sharp!

This is Brother Zong's hole card!

The feather fan in his hand is a quasi-celestial weapon!

Combined with Brother Zong's exercises, it can explode the meaning of the stars to the greatest extent!

Then, how can the other party's physique resist?

How can I resist it?

Some of the inner disciples even showed triumphant smiles first.

but.

Ye Qiubai and Mu Fusheng didn't even glance at it.

This level of stars means.

Compared to Shi Sheng, it is nothing to mention.

If Shi Sheng's Way of the Stars is like a vast ocean, there is no end in sight!

Then, Zong Yan's meaning of stars is just a drop in the vast ocean!

As long as there is a slight wave, it will be sucked into the deep sea and crushed to pieces by that pressure!

And Xiao Hei?

Dealing with this kind of person is obviously not worth mentioning.

It's just a middle-stage He Dao realm.

Xiao Hei did not use the Demon God Armor, nor did he use the Demon God Descending.

Didn't even take out the magic halberd.

to him.

A cultivator of this level is not worthy of his use of these methods.

The five lines on Xiao Hei's body still have five different colors, and liquids of different moods flow in them.

And those liquids also flowed from the surface of the body for a cycle, and then gathered on Xiao Hei's fist again!

Immediately, Xiao Hei punched out again!

Without dodging or dodging, he blasted towards Zong Yan's sharp feather fan that spewed purple light!

Zongyan also sneered.

Under the condensed meaning of the stars.

This lupine cuts iron like mud!

He could already foresee the scene where Xiao Hei's fist was cut into pieces under his lupine!

Boom!

Just when he was so fantasizing.

Xiao Hei's fist collided with Zong Yan's purple light feather fan!

The scene Zongyan had imagined did not appear.

Instead, it was him when Xiao Hei's fist hit the lupine.

In an instant, I felt an irresistible force along the arm and spread to the whole body!

The internal organs are trembling at this moment, overwhelmed!

Zongyan's expression completely changed.

At this moment, he looks at Xiao Hei, as if a demon **** is staring at him!

Just for a moment.

Zongyan spurted a mouthful of blood, and the purple light feather fan in his hand came out, breaking into several pieces in mid-air!

With one punch, the quasi-immortal weapon was directly destroyed?

Zongyan also fell to the ground, his face pale and his breath weak!

Seriously injured!

At this time, Ye Qiubai got up, came to Zong Yan's side, and looked down condescendingly.

smiled and said: "Since you have already lost, while fulfilling the bet, you still have to tell me, who ordered you to come? Or, among these disciples, who took the lead to stir up emotions?"

[Chapter 556: Ranked third, personally handed down by Ni Gu](#)

Disciple of Starry Sky Temple.

It is true that in ancient times, the power of stars could be cultivated, so she was extremely proud and conceited.

However, even so, the Temple of the Stars was at least a top force in the mid-latitude realm.

Although it has declined now, it is also a second-rate top force.

It is the same level as Tianjian Peak.

Among his disciples, there may be some people with brain problems.

However, Zong Yan, who is the chief disciple of the inner sect, is definitely not someone who suffers from arrogance and mental illness.

Just because they are dissatisfied with entering the secret realm of the starry sky as outsiders, you want to come to the door to humiliate and persuade them to leave?

This approach is too low-level and too forced.

It can be said that it is full of flaws!

So, both Ye Qiubai and Mu Fusheng believed that Zong Yan must have been instigated by someone behind him to do such a low-level thing.

Or, if Ye Qiubai and others enter the secret realm of the starry sky, it will harm their interests and destroy their plans...

In addition, the collective riots of the inner disciples must have some people with a heart who ignited the fuse.

However, don't worry about these.

All you need to do is pry out from Zong Yan's mouth who is secretly fighting and tempting them.

After hearing Ye Qiubai's words.

Zong Yan's heart trembled slightly, but there was no wavering in his eyes or face.

Instead, he frowned and said, "I don't know what you're talking about."

If you have no brains, you might really be fooled by Zong Yan's innocent and suspicious expression.

But Ye Qiubai and Mu Fusheng's mentality, how can Zong Yan be able to play with it?

Or, with the power of Mu Fusheng's soul, when Zong Yan said these words, how could he not feel the trembling of the other party's soul?

"You should know that when I asked these words, I naturally understood something."

Ye Qiubai laughed, squatted down, leaned forward and stared at Zong Yan's pale face, and said, "So, instead of pretending not to know, it's better to explain it quickly."

Heard the words.

Zong Yan stopped pretending and sneered, "Even if it's as you said, why should I tell you?"

"Why, in this Star Temple, can you still torture me? Maybe the Temple Law Enforcement Hall will not allow you to act wild like this."

Torture?

Ye Qiubai shook his head.

After all, this is in the other party's territory.

"However, if you say so, this bet will not count. You can still participate in the Starry Sky Secret Realm, how about it?"

While speaking, Ye Qiubai patted Zong Yan on the shoulder.

Hearing this, Zong Yan's face changed slightly.

Indeed, using the Starry Sky Secret Realm to attract him made him somewhat irresistible.

However, thinking of the horror of that man, Zong Yan's eyes trembled a little.

Ye Qiubai noticed this and was a little surprised.

Who is it that can scare even a chief disciple of the inner sect?

not long.

Zongyan stood up, shook his head and said, "I would like to admit defeat."

After speaking, he left slowly holding his injured body.

Many inner disciples left one after another with rather ugly expressions upon seeing this.

Xiao Hei looked at the back of Zong Yan leaving, and couldn't help saying: "Brother, do you just let him go like this?"

Without waiting for Ye Qiubai to answer, Mu Fusheng walked over with a smile, "Don't panic, senior brother should stick the Wanli Tracking Talisman I carved earlier on that person."

"At that time, who instigated it will soon be known."

That's right.

Just now, Ye Qiubai patted Zong Yan on the shoulder.

At that time, the Wanli Tracking Talisman had already been pasted on Zong Yan's body.

Furthermore, if it wasn't for the fact that the soul is far beyond Mu Fusheng, he would not be able to discover the existence of the Wanli Tracking Talisman.

Now, Mu Fusheng's state of mind and soul is comparable to that of an immortal talisman master!

In the Star Temple, how many people can have a higher spiritual realm than Mu Fusheng?
soon.

The deeds of Ye Qiubai and others spread to the ears of the higher-ups of the temple.

However, what surprised other temple disciples was.

The higher-ups, including the master of the temple, did not make any movement.

At the moment.

In the main hall of the Star Temple.

Hall Master Huang Er didn't say anything after hearing the report from the elder of the Law Enforcement Hall.

The elder was slightly taken aback, and said: "Master, don't we come forward to suppress? The other party is an outsider after all, and if we don't care about it, it may chill the hearts of the disciples of the temple."

Huang Er flipped through the ancient books and said without raising his head, "Don't worry about it."

The elder asked, "Why?"

Why?

Huang Er closed the ancient books with both hands, stood up, and put the ancient books back neatly on the bookshelf like a hill.

"In ancient times, the disciples of the temple were extremely conceited and arrogant. At that time, there was nothing to be conceited and arrogant. After all, we have this capital."

"But now, the Temple of the Stars has fallen, and no one can practice the power of the stars. At this time, it is still so arrogant and looks down on the heroes of the world. This will not work."

The elder of the law enforcement hall lowered his head slightly, he naturally knew this.

Even he now feels that the Temple of the Stars is superior to other forces in the mid-latitude realm.

"The three of them, Ye Qiubai, can just act as the ones who wake them up."

"Let them know that there are people beyond people, and there is a sky beyond the sky. If they are still so proud, the Temple of Stars will inevitably face catastrophe!"

"So, we don't have to worry about this matter."

The elder of the Law Enforcement Hall bowed his hands and left.

...

On the other side, after Zong Yan left the courtyard of Ye Qiubai and the others.

Did not leave the inner second ring directly!

Instead, they headed in another direction and came to the other side of the inner second ring road.

Here, surrounded by hills.

Among the mountains, there are small streams flowing down.

The mouth converged into a lake.

And this courtyard is built along the lake.

A man in purple clothes, with long purple hair draped softly on his back.

With a modest smile on his face, holding a fishing rod in his hand, he sat quietly by the lake.

This person is none other than Ni Gu, the personal disciple of the First Elder, the Star Temple.

Its strength ranks third among the disciples of the Star Temple!

The state has reached the blood-changing state!

Zongyan came here.

Just when he was about to speak, he saw Ni Gu put his index finger in front of his mouth, and said softly, "Don't make noise, or you will scare the fish away."

Seeing this, Zong Yan could only keep his mouth shut.

It takes a long time for a stick of incense.

The fish mark on the fishing rod moved.

Ni Gu still didn't pull the lever, but continued to wait, like a cheetah, and the modest smile on his face gradually became bloodthirsty!

Waiting for the prey to take the bait!

"It seems that you are behind the scenes?"

A voice suddenly came out!

Ni Gu's expression also changed!

It wasn't because he was frightened by the voice, nor was it because he was discovered by the other party.

But because.

The fish mark floated up again, without any movement...

[Chapter 557: Fight Nigu!](#)

Ni Gu has a weird temper.

This is the consensus of the entire Star Temple.

He likes to fish, and, when fishing, no one can disturb him!

Even among the disciples of the temple, Dai Yigong, who ranked second, disturbed him to fish at that time, and was hated by Ni Guji for a whole year!

During those few years, Dai Yigong was not only crazily contested by Ni Gu, but also crazily challenged by Ni Gu.

Can't practice with peace of mind!

It was the senior officials of the temple who came forward, which stabilized Ni Gu.

Therefore, in the entire temple, no disciple dared to disturb Ni Gu while he was fishing.

But now, some people dare to scare the fish away when Ni Gu is fishing, and when the fish is about to take the bait!

Zongyan's face changed, and cold sweat kept dripping from his face!

Something bad happened.

This madman is going crazy again!

as expected.

Ni Gu's modest smile gradually became gloomy.

In the originally pitch-black pupils, blood began to flicker!

A killing intent surged into the sky!

Turning his head suddenly, he saw a sword repairer floating in the air, looking at him playfully.

The sword cultivator is naturally Ye Qiubai!

Ni Gu turned his head and looked at Zong Yan. With a flash of blood, he appeared directly in front of Zong Yan.

The right hand suddenly sticks out!

Zongyan's face changed suddenly, and he was about to step back, but Ni Gu pinched his neck, lifted him up, and his feet left the ground!

I saw Ni Gu's murderous intent on his face, and he said with murderous intent: "You brought him here?"

Zong Yan's face was pale, and he shook his head in pain, and said word by word: "No... no, I... am also a temple... disciple of the temple, how could... do such a... thing?"

"makes sense."

Ni Gu snorted coldly, and threw Zong Yan to the ground.

He raised his head, looked at Ye Qiubai, and said, "It seems that your methods are better than I imagined?"

Ye Qiubai smiled lightly: "It's just some tricks, but then again, have I met you?"

Ni Gu shook his head.

"Then where did I offend you indirectly?"

Ni Gu still shook his head.

Seeing this, Ye Qiubai raised the Nine-foot Star Meteor Sword, and swords burst out from within his body!

Looking at Ni Gu faintly, his tone was full of chills, and said: "Then why are you here to fight against us?"

Ni Gu grinned and said, "Arguing right? Outsiders, you think too highly of yourself."

"The Secret Realm of the Starry Sky is where the inheritance of our Starry Sky Temple is located. Although it is impossible for you to obtain the inheritance, how can you allow outsiders to set foot in our holy land?"

Hearing the words, Ye Qiubai nodded slightly: "It seems that there are some secrets in the secret realm that we can't let us know?"

but.

Why didn't the temple master refuse their request and allow them to enter the secret realm of the starry sky?

Or.

It's just that Ni Gu's mind is too narrow?

Ni Gu snorted coldly: "It's meaningless to talk about this. Before, I didn't have a reason to deal with you personally, but now I do."

Disturb him fishing!

This is the reason.

Say it.

Ni Gu stepped out in one step!

With **** murderous intent in his eyes, he spit out like a snake letter!

Immediately, a spear appeared in Ni Gu's hands.

Holding guns in both hands, he shot at Ye Qiubai!

The meaning of the stars, covering the spear like dots of starlight!

It makes it extremely thick, and it has a sense of suppression!

The strength of the initial blood-changing stage exploded at this moment without leaving any room!

Obviously.

Ni Gu wanted to kill Ye Qiubai here with lightning speed!

However, Ye Qiubai did not use any swordsmanship or skills.

Even the Nine-foot Star Meteor Sword in his hand did not lift up.

Give up now?

Ni Gu sneered, and pierced Ye Qiubai's brow with the spear in his hand!

Like piercing through space, infinitely approaching Ye Qiubai!

And this moment.

In Ye Qiubai's other hand, a talisman containing thunder appeared!

Smiling lightly, shake it off.

Seeing this, Ni Gu's expression changed drastically!

This talisman made him feel a life and death crisis!

This is a spirit-level talisman!

Perceived this.

Ni Gu turned the spear into defense with the spear in his hand.

In the original tendency of stabbing forward, the hands suddenly used force, and they were forcibly retracted, crossing the chest!

The meaning of stars gathered in Ni Gu's body and turned into star armor.

have to say.

Ni Gu's use of the meaning of stars.

Compared to Zongyan, I don't know how much stronger it is.

If it weren't for this talisman.

Ye Qiubai came to fight by himself, and it would really take some time.

After all, the opponent is a strong man in the blood-changing state.

He is also a genius and evildoer of the Temple of Stars, how could he achieve instant kills across borders?

As Mu Fusheng and Master said.

It is still necessary to hide the clumsiness appropriately.

What's more, using a talisman can easily solve the problem, so why not do it?

At this time.

Ye Qiubai spat lightly from his mouth.

"Nine Nether Thunderstorm Talisman, explode!"

Nine Nether Thunderstorm Talisman.

It was Mu Fusheng who improved on the basis of the heavenly peak talisman and thunderstorm talisman.

Successfully upgraded to the killing talisman of the spiritual talisman.

Its power is also much stronger than the Thunderstorm Talisman!

Boom!

Rolling with the sound of thunder.

On the Nine Nether Thunderstorm Talisman, there are countless black thunderbolts erupting from the talisman!

As if to tear apart the space, he charged towards Ni Gu!

Immediately!

Ni Gu, who was covered by the star armor, was swept by the black thunder!

On the armor, cracks appeared in an instant!

His complexion also turned pale at a speed visible to the naked eye!

Blood slowly dripped from Ni Gu's mouth.

See this scene.

Zongyan's expression changed drastically.

Even Ni Gu, the third-ranked disciple of the temple, had no resistance when facing Ye Qiubai?

Seeing Ni Guna's increasingly sluggish aura, Zong Yan couldn't help shouting: "Ye Qiubai, do you want to kill a direct disciple in the Star Temple?!"

Ye Qiubai smiled: "Why not?"

After finishing speaking, with a fist in his hand, the black thunder seemed to be under control, violently rioting outside Ni Gu's star armor!

"If I were you, I might tell the reason for fighting against us."

And at this time.

Ni Gu had a crazy smile on his face.

"Want me to submit?"

The voice just fell.

Ni Gu's whole body suddenly turned red!

It's like the capillaries on the surface of the skin burst at this moment!

Constantly congested under the skin!

Immediately, the skin seemed to be unable to withstand the surging blood, and it continued to seep from the pores, and then flowed into the spear!

At this moment, the spear was covered in blood!

Breath soared!

Ni Gu roared angrily, and swept out with a single shot!

Accompanied by the superimposition of the meaning of the stars, a tornado of blood-colored spear intent directly cut through the surrounding black thunder!

Ye Qiubai raised his eyebrows slightly.

Sure enough, the Tianjiao of the Star Temple all have their own trump cards.

When Ni Gu wanted to continue to rush towards Ye Qiubao.

An old man appeared in the sky.

"The secret realm of the starry sky is about to open, so don't use such forbidden techniques."

As soon as the voice fell, a sense of suppression fell on Ni Gu.

That **** killing intent was quickly suppressed.

Seeing this, Ni Gu snorted coldly and stopped making any moves.

The other party is the elder of the Law Enforcement Hall after all, so he should not be too presumptuous.

After finishing all this, the elder turned his head to look at Ye Qiubai, and said, "As an outsider, you are so presumptuous here, do you think there is no one in my temple?"

[Chapter 558: The way of the sword is extraordinary!](#)

The elder of the law enforcement hall has a high status in the Star Temple and is also very powerful.

is a strong man in the fairyland!

after all.

If you don't have too much strength, how can you replace the temple to enforce the law?

Seeing the elders of the law enforcement hall throwing their tall hats over, Ye Qiubai smiled lightly, spread his hands and said, "Since you are the elders of the law enforcement hall, senior, you should understand the matter clearly in advance, so you don't come to make trouble?"

The elder of the law enforcement hall raised his eyebrows slightly.

He originally just wanted to suppress Ye Qiubai's arrogance.

I don't want to be too embarrassing.

After all, the Palace Master personally told him not to care about these things.

However, Ye Qiubai is a bit arrogant.

When facing him, the elder of the law enforcement hall, he did not retreat in the slightest.

"You have to know, this is the Temple of Stars, not Tianjian Peak."

"In the Star Temple, do you want to be slaughtered?"

Ye Qiubai shrugged, his expression turned cold, "I practice Taoism for freedom and longevity, not to be angry!"

The elder of the Law Enforcement Hall snorted coldly when he heard the words, took a step forward, thrust out his hand suddenly, facing the direction where Ye Qiubai was, and pressed his palm down!

Immediately.

A sense of the stars fell extremely heavily on Ye Qiubai!

Although he can't be moved.

However, it's okay to teach the other party a lesson, right?

Feel this monstrous coercion.

Ye Qiubai's pupils constricted sharply, and the figure suspended in mid-air was instantly pressed to the ground.

A heavy sealing force pressed on Ye Qiubai's body, forcing him to bend down!

Looking at this scene, the elder of the law enforcement hall said indifferently: "I don't use my cultivation, lest you say that I bully the small with the big, just use the meaning of the stars, if you can get out of the range."

"Then I won't pursue this matter."

Ye Qiubai gritted his teeth tightly, the meaning of the stars on his body was as heavy as a mountain!

Continuously struggling, grunting between his teeth, he stepped on the ground.

Immediately, he raised his head!

The Supreme Sword Intent burst out!

Gather the Sword Domain and fight against the heavy star power!

but.

A strong man in the fairyland, even if he doesn't release his cultivation.

However, along the way, his understanding of Taoism and artistic conception far exceeds that of Ye Qiubai!

Just use the meaning of stars.

It also made Ye Qiubai feel out of breath!

It seems that there is no possibility of resisting at all!

Zong Yan sneered from the side: "The elder has made a move, but you still want to resist, so give up as soon as possible."

Ni Gu didn't speak, but the contempt in his eyes already represented his attitude.

give up?

Do you want to give up?

For Ye Qiubai, giving up these two words has never been in his mind!

If you give up lightly.

On the way of swordsmanship, how can one go far?

Sword cultivator, one person, one sword, go forward indomitably!

Whether it is strong or weak, as long as it is his enemy, he must kill him with the sword in his hand!
thought of this.

Ye Qiubai's mood seemed to have changed.

I saw him close his eyes.

The sword intent in the body did not restrain itself, but burst out in an extremely mysterious state!

Compared with the previous Supreme Sword Intent, it is even sharper!

See this scene.

The elder of the law enforcement hall frowned slightly.

Sword intent breakthrough?

It is already the sword intent of the Supreme Realm.

It can be said that at such a young age, the sword intent has reached this state.

Looking at the entire mid-latitude boundary, I'm afraid he can be counted as a top swordsman!

If you break through again, you will really reach the extraordinary level...

The level of swordsmanship, the supreme realm is extraordinary!

And after the extraordinary, is the sword fairy.

Ni Gu also frowned slightly.

At this time.

Ye Qiubai slowly stood up straight under the horrified eyes of the three.

Lift your right foot, and then take a step forward!

Fall down steadily.

At the same time, the sword intent whizzing around Ye Qiubai became more and more concentrated, as if it had begun to materialize!

When the sword intent changed, Ye Qiubai's eyes remained closed.

The ferocious expression that had been clenching his teeth became relaxed at this moment.

At the same time, the left foot stepped forward again, and then fell down!

The sword intent roared again!

It turned into a giant sword of the void, and slashed towards the overwhelming, densely packed stars!

Although it is constantly being broken, the giant sword of the void seems to be inexhaustible.

Fragmentation, condensation.

Fragmentation, re-condensation!

Endless!

The elder of the law enforcement hall looked a little ugly.

Really going to be walked out by him?

Then he let out a cold snort.

The outstretched hand of the Elder of the Law Enforcement Hall pressed down again at this moment!

The meaning of the stars, which was originally extremely heavy, is suppressed again towards Ye Qiubai as if the sky is collapsing!

In contrast, Ye Qiubai.

As if falling into a no-man's land, his eyes were closed tightly.

In the sea of consciousness, only the sword exists.

Seemingly aware of the crisis, Ye Qiubai subconsciously pointed towards the sky.

Above the finger, a condensed white light emerged, and within that white light was endless sword intent!

Immediately, point out.

The white light turned into a materialized long sword, and slashed towards the elder of the Law Enforcement Hall!

Extraordinary!

The essence of the sword intent is extraordinary!

Sword Intent has reached the Transcendent Realm even before reaching the Immortal Realm?

To know.

Among the sword cultivators in the entire mid-latitude boundary.

The sword cultivators who have reached the extraordinary realm are almost all strong in the Zhuoxian realm!

Some are even immortals.

As for reaching the blood-changing state?

Almost nothing!

And the Dao Realm?

Unheard of!

Zongyan looked at this scene with an ugly expression.

Is the opponent really that strong?

The gap between himself and him is too big!

at the same time.

When the materialized sword intent long sword slashed at the elder of the Law Enforcement Hall.

Ye Qiubai took another step, directly stepping out of the suppression range of the elders of the Law Enforcement Hall!

The long sword with sword intent, the elder of Law Enforcement Hall snorted coldly and waved his sleeves, and smashed it into pieces.

Although Ye Qiubai has reached the extraordinary state.

But facing the elders of the Law Enforcement Hall who is a strong Earth Immortal, it is still not enough to look at.

At this time, Ye Qiubai opened his eyes, looked at the elder of the law enforcement hall in the sky, smiled and cupped his hands, "Thank you, senior, for helping me break through."

Killing and punishing!

Ye Qiubai's words didn't seem to contain any insulting words.

But for the elder of the Law Enforcement Hall, it was undoubtedly hitting him in the face with one palm after another!

"Since senior said that before, surely you will keep your promise?"

"Senior is after all the elder of the Temple of Stars, the Law Enforcement Hall."

While speaking, Ye Qiubai deliberately aggravated the tone of the "Enforcement Hall of the Star Temple"!

Heard the words.

The elder of the law enforcement hall snorted coldly: "Naturally."

Ye Qiubai chuckled lightly, "Then I will take my leave first."

After finishing speaking, he turned and left.

As for Ni Gu?

The elders of the Law Enforcement Hall are all here, and they can't move even if they want to.

Forcing a move will only give the opponent a reason to make a move.

[Chapter 559: The nebula opened, and the secret realm opened!](#)

Watching Ye Qiubai's leaving back.

Ni Gu suddenly said in a deep voice: "Elder, leave it to me."

"Um?"

The elder of the Law Enforcement Hall lowered his head and looked at Ni Gu, "Leave it to you? Didn't you lose to him?"

Ni Gu said with an ugly face: "He just borrowed the power of the talisman to defeat me."

"At that time, in the secret realm of the starry sky, no external force can be used, neither pills nor talismans can be brought into it."

"At that time, this guy has no support. With my strength of changing blood, could it be that I can't even deal with a person in the Dao state?"

The elder of the Law Enforcement Hall thought for a while, nodded and said: "Yes, but his kendo has broken through to the extraordinary realm..."

"It's okay, my star consciousness has also reached the edge of breakthrough. For the rest of the time, I will go to Master to practice. I should be able to break through."

Ni Gu's master is the Great Elder of the Star Temple!

According to strength, the Great Elder is stronger than him!

Hear here.

The elder of the law enforcement hall smiled and nodded: "Then I will wait for your good news."

Sure enough.

Hall Master is right.

Using Ye Qiubai and the others as a whetstone, the effect is pretty good.

If this is the case, then even if you lose face a little, it's no big deal.

...

After returning to the courtyard, Ye Qiubai told Xiao Hei and Mu Fusheng what happened.

Mu Fusheng immediately said: "It seems that there are secrets that are unknown in the secret realm of the starry sky."

"And it can't let outsiders know."

Xiao Hei also thought about it: "Could this be related to Junior Brother Shi?"

Ye Qiubai nodded: "It's very possible, but it's useless to think so much now, let's practice first."

This shot.

Undoubtedly let the disciples of the Star Temple understand them better.

Although this time it is considered a win.

But in the secret realm of the starry sky, there may be stronger people.

...

Time passes day by day.

Ye Qiubai's extraordinary sword intent gradually stabilized.

At the same time, the realm has been further improved.

Although he has not broken through to the late stage of He Dao Realm, it is not far away.

Mu Fusheng, after learning that talisman seals and starry sky secrets cannot be used, also began to focus on the study of Jiujiu Hongmeng God Thunder Art.

This thunder technique can not only be used as a skill.

Similarly, there are also some extremely lethal lightning techniques!

It can be said.

The level of this exercise will not be lower than the level of Ye Qiubai's Sword Sutra of Absolute Beginning.

On the other side, Xiao Hei continued to practice boxing with heavy weights as usual.

Cultivation time always passes quickly.

In a flash, it was time for the starry sky secret realm to open.

this day.

All the inner disciples and direct disciples of Star Temple came to the main hall!

Of course, Ye Qiubai, Mu Fusheng and Xiao Hei also came here.

All the disciples looked at Ye Qiubai and the others with hostility.

About this.

The three of them didn't express anything, it was pure air.

At this time.

Ni Gu came to Ye Qiubai, sneered and said, "You can't use talismans in the secret realm of the starry sky, right? At that time, I want to see what you can rely on."

Ye Qiubai smiled when he heard the words, but he was not angry, and said peacefully: "We will wait and see."

Sudden.

The gate of the main hall of the Star Temple slowly opened towards both sides.

A majestic breath was released from it!

Ye Qiubai and the others are very familiar with this breath.

Only those who are strong in the Celestial Wonderland have such a huge aura.

Just standing there can make people feel breathless!

An old man walked out slowly.

Upon seeing this, all the disciples immediately cupped their hands and respectfully said: "Disciple see the Hall Master!"

The old man is the master of the temple, Huang Er, the powerhouse of the Heavenly Wonderland!

Huang Er didn't speak, but raised his hand slightly.

All the disciples present were lifted up by an invisible force.

"The secret realm of the starry sky opens every three years, and only direct disciples and inner disciples can enter."

"The only purpose of entering it is to do my best, go up, and move towards the starry sky!"

"The higher the height, the stronger the meaning of the stars."

"The power of the stars can only exist when you reach the deepest point. What you have to do is to enter it and understand the mysteries of the stars. Do you understand?"

Star Temple.

After the glorious period of ancient times passed, no disciple could comprehend the power of the stars anymore.

This also led to the Temple of the Stars falling directly from the top power in the mid-latitude realm to a second-rate power.

so.

The task of the past masters of the Star Temple is to cultivate a genius who can comprehend the power of the stars.

In this way, they have the chance to recast their glory.

"The hour has come."

Huang Er raised his head slightly.

A crutch suddenly appeared in his hand!

Above the crutch, there is a purple crystal.

In the crystal, there are dots of stars, as if the entire starry sky is in the purple crystal!

Huang Er held up the crutch in the starry sky and pointed towards the sky above the main hall!

A purple light beam, containing the meaning of endless starry sky, soared into the sky!

At the same time, it seems to be called.

At the peak of the main hall, there are also countless mysterious and simple words appearing out of thin air.

Those ancient characters released monstrous power at the same time, hitting the sky together with that purple beam of light!

Boom!

In the sky, the clouds spread out towards the surroundings at this moment!

It's like opening the sky!

When the clouds parted.

Among them, there is actually a different space!

In that different space, there is a starry sky!

"The secret realm has been opened. After thirty days, the secret realm will be automatically closed." "Everyone, go in."

The voice fell.

All the disciples of the Star Temple rushed in towards the starry sky!

Before leaving, Ni Gu took a provocative look at Ye Qiubai.

Ye Qiubai didn't answer either, looked at Xiao Hei and Mu Fusheng, and said: "According to what Master said, the younger brother should be in a castle."

"That castle is most likely in the depths of the starry sky."

"Let's go too."

Xiao Hei and Mu Fusheng nodded.

The three entered the starry sky one after another!

When everyone goes in.

Below.

The elder of the law enforcement hall frowned and asked, "Master, is it really good to let them in?"

Huang Er hasn't spoken yet.

A long-bearded elder on one side said lightly: "Why don't you let them in?"

"If you don't even understand the meaning of the stars, how high do you expect them to go?"

The elder of the Law Enforcement Hall felt relieved after hearing this, and said with a smile: "The Great Elder said the same thing."

This long-bearded elder.

It is Ni Gu's master, the Great Elder of the Star Temple!

Similarly, in the Temple of Stars, he is second only to the master Huang Er!

But.

Ni Gu on the side didn't talk.

Don't know why.

In his heart, he always felt that this trip to the secret realm of the starry sky would not be too peaceful.

reached his level.

There is always a certain degree of premonition of some things that will happen later.

Have a sense of something.

Think here.

Huang Er sighed slightly: "I hope everything goes well..."

[Chapter 560: Soul Swallowing Star Box](#)

In the secret realm of the starry sky.

Where you enter the eye, there are no wonders.

Yes, it's just an all-encompassing starry sky.

Look up.

In the starry sky, there are many stars, and the soft starlight shines on everyone.

Every star is as if you can reach out and touch it.

However, if you want to pursue it, you are far behind.

There is nothing better than this.

When the disciples of the Star Temple entered it, they released the meaning of the stars and flew towards the starry sky.

For them.

In the depths of the starry sky, there is the supreme inheritance of the Starry Sky Temple!

As long as you reach that end, you may comprehend the power of stars!

Ni Gu and Zong Yan were no exception, they all rushed upwards, not paying attention to Ye Qiubai and the others immediately.

However, the speed of the two is extremely fast, as if they want to **** something.

Ye Qiubai and the others were not in a hurry.

After all, they are not interested in the inheritance of the Star Temple.

The main purpose of their coming here is to find Shi Sheng.

"How is it, senior brother, do you feel the breath of junior brother?"

Seeing Ye Qiubai take out the jade pendant, Xiao Hei couldn't help asking.

Ye Qiubai shook his head solemnly, and said, "I still can't perceive it."

"Perhaps, only when we reach the depths of the starry sky can we confirm the position of the junior."

Mu Fusheng looked at the starry sky with a rather helpless expression: "Every star here has a seal aura, and it's normal if you can't feel it."

Under the suppression of these seal breaths, even his talisman cannot be used!

"Okay, there is nothing to do here, let's go deep first."

The two Xiao Hei nodded, and followed behind the disciples of the temple.

Starry Sky Secret Realm.

With the temple, the inheritance of the power of the stars is naturally not so easy to obtain.

If there was no difficulty, how could the Starry Sky Temple have fallen so far?

Ye Qiubai and the others had just risen ten feet, and they already felt a sense of suppression, coming towards them!

This power of the stars not only has the meaning of suppression, but also has the power of sealing the aura in Ye Qiubai's body!

If it is normal.

This is an excellent training ground for the three of them.

But the current situation of Shi Sheng is really worrying.

Every minute and a second of delay, there may be accidents!

So the speed of the three of them is moving at an extremely fast speed!

Soon, many inner disciples of the Star Temple were left behind!

Seeing this scene, it also made the faces of those surpassed disciples extremely ugly.

In my own secret realm.

Was left behind by an outsider?

but.

Go further.

Ye Qiubai and the other three looked more solemn.

It's not because the repressive force of the power of the stars is getting stronger and stronger.

Rather, they felt that the power of their souls was slowly passing away!

It seems to be pulled out by something in this starry sky!

Mu Fusheng is the most sensitive to the perception of the soul.

Dang even said with a solemn face: "It's weird!"

Ye Qiubai also nodded with a serious expression, "The power of the soul is passing away, although the speed is very slow, but after a long time, I am afraid it will damage the soul!"

After saying that, Ye Qiubai's expression froze.

"At the beginning, the master said that Shi Sheng's spiritual aura was extremely weak. Could it be because of this?"

"This possibility cannot be ruled out." Mu Fusheng thought about it: "However, I have seen the power of the stars of senior brother Shi Sheng, and it does not have the effect of absorbing the power of the soul..."

Could it be that something else is at work? ?

Suddenly, Ye Qiubai stopped, as if thinking of something.

At that time.

He found Ni Gu's location and asked why he wanted to compete against them.

What Ni Gu said was faintly revealed to prevent them from entering the secret realm of the starry sky.

He was skeptical at the time.

Are there any secrets hidden in the secret realm of the starry sky?

Now it seems...

Thinking of this, Ye Qiubai's face changed slightly, and he immediately chased in the direction of Zong Yan and Ni Gu's approximate actions!

"Quick, follow me!"

...

In the secret realm of the starry sky, there are many stars.

In this kind of place, there is nothing that can be used as a guide or a mark.

But.

There is a place.

Zongyan, Ni Gu and another strong man gathered here.

Around, no one else exists.

And in the middle of the three of them, there is a small square box.

The whole body of the box is black.

Doesn't look like anything fancy.

It's just that, on the mouth of the box, there is a grimace, and the grimace opened its mouth wide, and around it, there are wisps of transparent breath being swallowed by the grimace from all directions!

An ascetic can feel that this transparent breath is the power of the soul!

At this time, the burly man said: "The three outsiders you mentioned have come in now, right?"

Ni Gu nodded, "Come in, they seem to have a background in the temple, even the elders of the law enforcement hall dare not touch them."

"How is the strength?"

Ni Gu sneered: "Outside, they have talismans, and I can't beat them, but in this starry sky secret realm, if you can't use talismans, you are like ants!"

"Don't underestimate the enemy." The burly man said indifferently: "However, let's ignore those three people for now."

Zongyan said excitedly: "Brother Xiang, in the past few decades, the secret realm of the starry sky has been opened many times, and the power of the soul has been collected enough, right?"

Item also.

The direct disciple of Huang Er, the master of the Starry Sky Temple!

It is also the number one existence among the disciples of the temple today!

Xiang also glanced at Zong Yan, and said: "It's almost there. Next, just absorb the meaning of the stars in this secret space of the starry sky."

This box is the Soul Swallowing Star Box.

It was the three Xiang Yi who got it by chance when they were traveling abroad.

And its function is to be able to absorb a large amount of stars!

However, there is a prerequisite, the Soul Swallowing Star Box, as the name suggests, needs to swallow enough power of the soul before it can be opened.

However, once too many stars are gathered.

Then, you can practice for Xiang Yi and the other three!

The strength will also increase significantly, and it may be possible to cultivate the power of stars from it!

Ni Gu smiled and said: "It's been so long, no one should find out, after all, we have suppressed the speed at which the Soul Swallowing Star Box absorbs the power of the soul."

Xiang Yi showed an evil smile on his face: "It's almost done now, as long as it succeeds, then the old man will pass on the book of stars to me!"

"Okay, let's start the last step."

...

the other side.

Although Ye Qiubai remembered the general direction of Ni and Gu, how difficult is it to find someone in this boundless starry sky?

Just when the three of them were a little worried.

Mu Fusheng suddenly said: "Perhaps, we can follow the direction where the power of the soul goes to look for it."

Mu Fusheng's soul is in the realm of immortal soul masters. Compared with Ye Qiubai and Xiao Hei, he can barely perceive the direction of the power of the soul!
