

My Disciples 561

Chapter 561 The soul is on fire, and the soul is extinguished!

Starry Sky Secret Realm.

At this moment, all the temple disciples who entered the secret realm suddenly felt lighter.

It seems that the meaning of the stars released by the stars in the sky seems to have decreased.

Some disciples looked happy, thinking that this was a good opportunity, and speeding up towards the depths of the starry sky.

But some experienced temple disciples stopped.

Looking solemnly at the surrounding starry sky.

The radiance that flickered around those stars seemed to be faintly weakening!

Moreover, the power of the stars is also decreasing sharply.

This is not a coincidence!

It is very possible that something big will happen in the secret realm.

...

On the other side, Xiang Yi and the three looked at the power of the stars rushing from all directions, continuously pouring into the Soul Swallowing Star Box, and they were all very happy.

The smile on his face, no matter what he can't hide it!

As long as the Soul Swallowing Star Box gathers enough star power, relying on these practices, it is very likely to be able to possess the power of the stars, and the strength will skyrocket!

At that time, the Starry Sky Temple will also be led by them!

At this time.

Xiang also turned his head suddenly, his expression changed slightly, and there was a gloomy look in his pupils.

Not long after, Ni Gu also reacted, and said in a deep voice: "How did they find this place?"

How big is the secret realm of the starry sky?

There is no iconic road sign.

Even they were able to find this place only by relying on the soul imprint left on the Soul Swallowing Star Box.

Those three people, how did they catch up?

Zong Yan finally noticed that not far away, there were three familiar auras coming quickly!

His complexion changed drastically, and he said in horror: "They shouldn't have chased us before? And before entering the secret realm of the starry sky, Senior Brother Ni and I checked our bodies, and there was nothing for them to track down!"

Xiang Yi said coldly: "It's useless to talk about it now."

"Since the matter has been exposed, let them solve it completely here, so as to ensure that the matter will not reach the master..."

At this time.

Three figures appeared in front of Xiang Yi and the other three at the same time.

The visitors were naturally Ye Qiubai, Mu Fusheng and Xiao Hei who were followed by the absorbed power of the soul!

Ye Qiubai looked at the scene in front of him, and said calmly: "It seems that we guessed right, it really is your fault."

Mu Fusheng also grimaced and said: "Absorb the power of the soul of the disciples of the same school to satisfy my own interests? It seems that the high-level officials of the temple have also been concealed by you?"

Xiao Hei's character is a bit dull, or rather direct.

So he didn't say much.

It's just the dark devilish energy released from the whole body, and the physical power gushing out.

Just wait for Ye Qiubai to give an order, and he will punch him without saying a word!

Xiang also said with a sneer: "The weak eat the strong, the fittest survive. People without natural strength can only become nutrients for the strong. As stepping stones, they can contribute to us and the temple, which is their only use."

Ni Gu also took a step forward, and said gloomily, "So what if you find out?"

"Without the blessing of foreign objects such as talismans and pills, you don't think you are the opponents of the three of us, do you?"

Ye Qiubai smiled faintly: "Do you have to fight to know?"

Immediately, he didn't want to talk any more nonsense.

After all, as long as the weird black box behind them still exists, Shi Sheng's soul power will be continuously swallowed!

The time is prolonged, and accidents are prone to occur.

Thinking of this, Ye Qiubai held the Nine-Foot Star Meteor Sword in his hand, and the extraordinary sword intent soared into the sky at this moment!

Jian Yusheng.

Surround the other three.

Sword intent is everywhere!

Seeing Ye Qiubai make a move, Ni Gu sneered, and stepped out with one step, the meaning of the stars surged out!

"Without the help of talisman seals, how can you compete with me?"

And saw Ye Qiubai make a move.

Xiao Hei let out an angry roar, and stomped his footsteps in the void. Five lines appeared on the surface of Xiao Hei's fleshy body, and the strength of his physical body skyrocketed at this moment!

Eternal Magic Physique!

At the same time, he took the initiative to find Xiang Yi, the most powerful among them!

Xiang also saw this, his complexion didn't change much, but the contempt in his eyes was undoubtedly revealed!

Its strength is infinitely approaching the late stage of blood transformation!

Seeing this, Mu Fusheng blinked.

The two strongest people present were picked by Senior Brother and Senior Brother Hei. So, the only thing left for him is Zongyan who is in the late stage of the Dao Realm?

But.

It just so happened that Zong Yan also had a confident look on his face.

"I heard that you are a talisman master?"

"However, in this starry sky secret realm, you can't use talisman seals, so what else can you use?"

Generally speaking.

A talisman seal master can only fully stimulate his combat power when he uses talisman seals.

But once the talisman seal cannot be used, the combat power will drop sharply!

That's why Zong Yan is so confident.

but...

Mu Fusheng has always shown his ability as a talisman master to the outside world.

His combat power is not weak at all...

When seeing Zongyan rushing over, Mu Fusheng secretly laughed in his heart, but he was extremely panicked on the surface, and shouted in the direction of Ye Qiubai and Xiao Hei: "Eldest brother, Hei senior brother, you solve them as soon as possible, even if I die, I will die!" Will hold him back!"

When Ye Qiubai and Xiao Hei heard the words, their faces were covered with black lines.

This kid is trying to trick someone again...

And Zongyan was even more overjoyed when he heard these words!

Holding a lupine, he waved it towards Mu Fusheng!

The meaning of the stars all over the sky rushed towards Mu Fusheng!

Mu Fusheng saw the other party took the bait.

The corners of the mouth are slightly raised.

Between his eyebrows, a green flame slowly grew.

When this flame was born.

Zong Yan's face suddenly froze, this flame gave birth to the breath of death in his heart!

Don't wait for him to think about it.

I saw Mu Fusheng's fingers across the eyebrows, and the emerald green flame wrapped around Mu Fusheng's fingers.

Immediately, he pointed at Zongyan.

The flames of the biphosphor soul turned into a monstrous sea of flames, sweeping towards Zongyan!

Here comes the moment.

Zongyan's face changed drastically!

Oops, fell for it!

This person's strength, even if he does not rely on the power of talisman seals, is not something he can compete with!

In an instant.

Soul Fire directly involved Zongyan!

Although the meaning of the stars keeps erupting, they still can't resist the soul fire's soul attack!

Just moments.

Zongyan's soul was completely burned by the Biphosphorous soul fire!

To the surprise of others.

Under the burning of the sea of fire.

Zongyan's body and clothes were not damaged at all!

This is the special place of Soul Fire.

There is no harm to the flesh.

But to the soul, it is fatal!

In the entire mid-latitude realm, ascetics will not focus on the cultivation of the soul.

For them, as long as the soul is enough, it is enough.

after all.

The method of soul attack is too rare!

Few people can practice great success!

Ni Gu and Xiang Yi on the other side looked extremely ugly.

At this time, Mu Fusheng also looked over, stared at Xiang Yi, and smiled lightly.

Swipe out your finger again, and the Jade Phosphor Soul Fire will sweep away in the direction of Xiang Yi again!

Chapter 562 Ninety-nine Hongmeng Tianlei Technique, Xuanyin Purple Thunder!

Mu Fusheng's strength.

Obviously both Ni Gu and Xiang Yi were caught off guard.

According to the information, Mu Fusheng is a talisman master with high attainments in talisman.

In the secret realm of the starry sky, under the circumstance that he cannot use talismans, Mu Fusheng's combat power should be less than 50%!

But now it seems.

Mu Fusheng is not only highly accomplished as a talisman teacher, but also very strong in actual combat!

The flame condensed with the soul made both of them fearful!

Seeing the Jade Phosphor Soul Fire sweeping towards him.

Xiang was also shocked, so he had to build a wall of stars behind him!

At the same time, the meaning of the stars covered both fists and blasted towards the oncoming Xiao Hei!

The meaning of the stars swept across and wrapped around the fists.

Shine with the stars all around you!

Collided with Xiao Hei's fist!

The strength close to the late stage of the blood-changing state also exploded at this moment!

Xiao Hei let out a muffled snort, and stepped back tens of meters!

But.

Xiang also felt uncomfortable, the huge force from his hand actually made his bones and internal organs tremble continuously!

Before he could unload the remaining power in his body, the Jade Phosphorous Soul Fire behind him had climbed to the strength of a star!

But.

Item is also a wall of stars condensed in a hurry.

How could he be the opponent of Mu Fusheng whose soul has already reached the realm of Immortal Soul Master?

In an instant.

The wall of stars has countless cracks!

The Jade Phosphorus Soul Fire continued to squeeze out from the gap.

As the cracks grow wider.

The wall of stars finally couldn't support it. After a "click", it shattered into starlight and scattered in the starry sky!

Bi Phosphor Soul Fire did not stagnate, and then swept towards Xiang Yi!
the other side.

After Xiao Hei was repelled.

also quickly adjusted his body shape and let out a roar.

Layers of black devilish energy wrapped around the body, turning into demon armor.

Immediately, with a stride, he appeared in front of Xiang Yi in the blink of an eye.

Bringing bursts of sonic booms, he punched out!

Xiang also looked frightened.

He cannot ignore the attacks from both sides!

Mu Fusheng's soul fire, Xiao Hei's extremely strong body power!

All of them could threaten his life!

thought of this.

Item also gritted his teeth.

original.

This move is what he intends to use when dealing with Ni Gu and Zong Yan.

After all, he wants to swallow the power of the stars in the Soul Swallowing Star Box.

But.

Now it seems that it can only be used here.

If you don't use it anymore, you really have no chance!

Immediately.

It is between Xiang Yi's eyebrows.

There is actually a tiny star imprint appearing!

Above the imprint of the stars, there is a purple light shining.

At the same time, when the imprint appears.

In this starry sky, the meaning of the stars among the stars converged towards the center of Xiang Yi's eyebrows at this moment!

Seeing this, Xiao Hei let out an angry roar, and once again stepped into the void in a forward posture!

In the void, shock waves appeared one after another!

Xiao Hei's body, like a cannonball, increased his speed dramatically, rushing towards Xiang Yi!

Seeing this, Mu Fusheng raised his eyebrows slightly.

Point forward again with one finger.

The Jade Phosphorus soul fire at the center of the eyebrows, as if stimulated, the fire surged!

It seems to burn this starry sky!

The original starry sky.

Also under the illumination of the Jade Phosphorous Soul Fire, it showed a deep green light!

When the attacks of the two were about to fall on Xiang Yi.

Suddenly, a ray of purple star light, centered on Xiang Yi, bloomed in all directions!

Ni Gu on the other side was also slightly taken aback when he saw this.

"Xiang Yi has mastered the purple star spiritualization technique?"

The Purple Star Spirit Transformation Art is a peak heavenly art!

Among the entire Star Temple, its cultivation difficulty ranks in the top three!

Its power can naturally rank among the top!

And under the shining purple light.

Xiao Hei's fist landed on the purple light, as if hitting an indestructible wall.

Still motionless!

Bi phosphorous soul fire falls on the purple light, but it can't get an inch!

Sure enough, as the number one existence among the disciples of the Star Temple.

It was solved so easily.

Without any hole cards, it will make people feel strange.

To know.

Even if the Temple of Stars has fallen now, it was still a top power in ancient times!

There are countless high-level spiritual arts left over!

At this time.

The purple light that bloomed in all directions seemed to turn into a cage at this moment, enveloping Xiao Hei and Mu Fusheng!

Xiang was also in the light of the purple stars, like a god, with his arms outstretched, and said lightly: "It is enough to be proud of being able to make me use this trick."

The voice just fell.

Rays of purple starlight emerged in the cage!

The next moment, like beams of light guns, they shot towards the two from all directions without any blind spots!

Seeing this, Xiao Hei let out a low cry, and on the black magic armor, five lines shone simultaneously.

Behind him, the demonic energy condensed, and the demon **** descended into the world!

Immediately, the magic halberd was thrown out.

I saw the demon **** holding a magic halberd, constantly resisting the purple divine light that came from the lasing!

Mu Fusheng on the other side gave a faint smile.

Hide cards?

I am familiar with this business!

You know, Mu Fusheng is a doggy person that even Lu Changsheng agrees with!

It would be a big mistake to imagine the Jade Phosphor Soul Fire as his last resort.

I saw Mu Fusheng pushing his palm forward.

Phosphorous soul fire swept all around!

Temporarily block the purple divine light!

at the same time.

On the surface of Mu Fusheng's body.

There are thunderbolts that start to swim!

crackling...

The thunderbolts began to gather in Mu Fusheng's palm.

A destructive aura slowly permeated the cage!

Ninety-Nine Hongmeng God Thunder Art!

This is after Lu Changsheng handed over this sacred art to Mu Fusheng.

It is the first time Mu Fusheng is used in actual combat!

Following the Destroyer Lightning quickly condensed in Mu Fusheng's palm.

Xiang Yi, who was in the center of the purple light, changed slightly.

Without further ado, Dimension slapped Mu Fusheng with his palm!

A palm print condensing the light of the purple stars moved towards Mu Fusheng to suppress it!

Seeing this, Mu Fusheng smiled lightly, and said lightly: "Heavenly Tribulation came to the world, Xuanyin Zilei..."

Xuanyin Zilei is the first thunder power contained in Jiujiu Hongmeng's lightning technique!

But that's the case.

When the purple thunder light in Mu Fusheng's palm gathered and turned into a pillar of thunder, it blasted towards Xiang Yi.

On the way, I came across the palm print of purple light and passed through it directly!

Under Xiang Yi's expression of horror.

Xuanyin Zilei directly covered it!

Ni Gu looked at this scene with a horrified expression, and his spiritual sense came out.

In that Thunder Pillar that Supports the Sky, there is no longer any aura of Xiang Yi.

at the same time.

The streaks of purple light also dissipated at this moment!

Look at Mu Fusheng again.

Ni Gu's Adam's apple rolled up and down, and he said word by word: "Blood-changing...middle stage!"

That's right.

This is the state that Mu Fusheng has revealed today.

But Ye Qiubai and Xiao Hei were a little suspicious.

No, it should be sure!

This Gobi must be hiding something!

Chapter 563 Sword Slashing Ni Gu

The strength of Mu Fusheng made the only remaining Ni Gu terrified!

Originally, according to the collected information.

Mu Fusheng's talisman master attainment is extremely high!

However, he has never revealed the realm of cultivation and the actual combat strength that does not rely on talismans.

Well known.

Once the talisman teacher is out of the talisman seal.

No matter how high his attainment is, in actual combat, his strength will drop by half!

But now, Ni Gu discovered that the intelligence news was wrong, outrageously wrong!

Who said that a talisman master can't fight without a talisman?

What happened to the condensed emerald green soul fire?

What happened to that Xuanyin purple thunder?

No matter which one he takes out, he cannot stop it!

Messed with Ye Qiubai and the others, do you regret it?

Naturally regret it.

But what's the use of regretting? Things have happened.

Ni Gu has lost his fighting spirit now, he only thinks about how to get out alive under this situation!

As long as you escape from the secret realm of the starry sky alive.

Then he can accuse Ye Qiubai of their sins in front of the hall master and all the elders!

When the time comes, just say that the Soul Swallowing Star Box was brought in by Ye Qiubai and the others.

Then he and Xiang Yizongyan found out, and wanted to stop it, but they were silenced!

In this way, the matter of the Soul-swallowing Star Box can be solved, and Ye Qiubai and the others can be eradicated!

Kill two birds with one stone!

At this time.

Mu Fusheng looked at Ye Qiubai, and said with a smile, "Brother, can you do it alone?"

Ye Qiubai smiled lightly: "Why did you talk to your elder brother? Don't worry about me, you guys put away the box as soon as possible, and you will have to rely on this thing to find out where that boy Shi Sheng is."

Speaking of this, Ye Qiubai turned his head to look at Ni Gu, and smiled inexplicably: "It can also prevent him from thinking of throwing the blame on us."

"Oh, remember to leave the imprints of the souls of the three of them. There should be traces left by them on this box."

Heard the words.

Ni Gu's face changed in shock.

Become pale and bloodless!

Seeing Ni Gu's expression, Ye Qiubai also knew that he had guessed what he was thinking.

Taking the Nine-foot Star Meteor Sword in his hand slightly, he said lightly: "However, all of your thoughts are based on the fact that you can escape from birth."

"It's a bit too confident."

Ni Gu looked at Ye Qiubai, his face turned fierce, and said: "Although you are not their opponent, but you who are only in the Dao realm, how can you be my opponent?"

After saying that, Ni Gu urged the meaning of the stars, stepped on his feet, and rushed towards Ye Qiubai!

Seeing this, Ye Qiubai's expression didn't change at all.

Supernatural sword intent erupted at this moment!

The ubiquitous sword intent turned into substance, wantonly cutting in this starry sky secret realm.

Condensed into a sword domain!

And the extraordinary sword intent that scattered in all directions was entwined on the Nine Foot Meteor Sword at this moment.

The star meteor sword technique that has not been used for a long time, is used again!

First sword!

Collided with Ni Guna's fist wrapped in the meaning of the starry sky!

It's just the first fight.

Ni Gubian noticed something was wrong.

This sword intent that has stepped into the extraordinary realm, even his star intent, can't completely stop it!

The sword intent cut through the gap fell on his fist and arm.

Cut out **** mouths one after another!

Blood gushed out of it!

Ni Gu's face was terrified, and he retreated madly, wanting to use the rich aura in his body to mend the wound.

But.

The wound still had sword intent left, not to mention repairing it, when the blood-changing aura encountered this extraordinary sword intent, it was directly captured and killed!

The flow of blood.

Let Ni Gu's aura become weaker and weaker!

Raising his head and looking at Ye Qiubai with a plain face, Ni Gu looked horrified, gritted his teeth and said, "Aren't you just in the middle stage of Dao Realm? Why do you have such combat power?"

"What's more, with this kind of combat power, why waste a talisman in the first place?"

You have a lot of money!

Ye Qiubai said indifferently: "It's not mine."

Not far away, Mu Fusheng, who was modifying the soul-swallowing star box, could not help but turn dark when he heard Ye Qiubai's words.

Oh, it doesn't hurt if the relationship isn't yours, right?

My heart hurts!

However, since Ye Qiubai is a big brother, and his status is higher than him, thinking about it, I still resist the urge to do something...

but...

If Lu Changsheng knew Mu Fusheng's thoughts, he might be happy and said: "It's all right! Hurry up and beat up your useless senior brother! After usurping the throne, you will be a senior senior brother!"

Ni Gu's face was extremely ugly, and before he could prepare, Ye Qiubai's second sword had already slashed at him!

The sword has not arrived.

Sword intent is the first to sweep!

The substantive sword intent turned into a giant sword, slashing towards him in all directions!

Ni Gu can only ignore the blood crazily flowing out of his arm, raise his other hand, and use his full power to change his blood-changing cultivation!

Blast out with a punch!

The meaning of the stars converged into a meteorite and smashed towards the giant sword!

The giant sword cut a crack on the meteorite!

Ye Qiubai's second sword also came in an instant, as the last straw that overwhelmed the meteorite, cutting it into pieces!

The forward momentum keeps going.

The third sword of Xingyun swordsmanship, slashed towards Ni Gu!

Ni Gu's face became paler and he hastily resisted.

But.

Even if it blocked Ye Qiubai's third sword.

The fourth sword.

The fifth sword.

Sixth sword!

A sword is stronger than a sword!

The sword intent on Ye Qiubai's body became more and more sharp!

It seems that its sharp edge can cut the starry sky!

At the time of the tenth sword.

Ni Gu's two arms were covered with blood.

Blood was constantly spraying out from the **** mouth, no matter what you did, it couldn't be stopped.

It's extremely hideous!

At this time.

Ye Qiubai's eleventh sword also followed!

Seeing this, Ni Gu expressed despair.

Attack, defense, hole cards, he tried them all.

However, none of them could completely block Ye Qiubai's sword.

And the power of the eleventh sword seemed to condense the sharpness of the previous ten swords into one sword!

How to block this?

This kid is only in the middle stage of He Dao Realm, so how could he achieve such a level?

You know, Ni Gu is not an ordinary blood-changing ascetic.

He is also one of the most arrogant figures in the Temple of Stars!

Ranked third among all the disciples of the temple!

Geniuses can still fight across borders?

What kind of evildoer is this?

When he thought so.

The momentum has been completely vented.

When a person feels that he is 100% unable to defeat the opponent, when the momentum is gone.

is the date of death of this person.

A sword fell!

The incomparably thick and heavy stars in front of Ni Gu were like a thin sheet of paper, splitting into pieces!

at the same time.

Ye Qiubai's sword also took advantage of the situation and pierced through Ni Gu's dantian.

Ye Qiubai turned his wrist.

The Xingyun sword that pierced into the dantian also rotated accordingly.

Crush the dantian!

Extraordinary sword intent, like a rushing river, impacted the inside of Ni Gu's body!

Just the blink of an eye.

Ni Gu looked desperate, completely dead...

Chapter 564 The temple is furious!

The Mysterious Outside of the Starry Sky.

In front of the main hall.

Hall Master Huang Er, and all the elders are still waiting here.

An elder said with hope in his eyes and a smile on his face: "I wonder if any of the disciples will be able to reach the depths of the starry sky this time and comprehend the power of the starry sky."

"As long as someone understands the power of the starry sky, then my Starry Sky Temple will be brilliant again!"

The elder of the Law Enforcement Hall nodded, and said: "Ni Gu and Xiang Yi should both have a chance. These two are the most talented among this group of disciples."

Hearing this, the Great Elder smiled faintly: "Although this kid Ni Gu has good talent, he is still a bit inferior to Xiang Yi, the direct disciple of the Palace Master."

Hallmaster didn't say anything, but was still thinking.

What is that uneasy emotion in my heart?

What will happen in the secret realm of the starry sky?

At this time.

A disciple of Law Enforcing Hall flew to the Hall Master and the Great Elder!

Panting, and there was no time to salute, with a look of horror on his face, he hurriedly said: "Hall...Hall Master, Great Elder, something...something happened!"

Huang Er frowned and looked at the disciple.

The elder of Law Enforcement Hall frowned and said, "Why are you so irritable?"

The disciple of Law Enforcing Hall had disbelief in his eyes, and he took out three dull jade cards without any brilliance.

All the elders were slightly taken aback when they saw this.

The law enforcement hall not only replaces the hall master, but also handles all violations of the temple rules of the Star Temple.

There is even a room in it, where the jade cards of all inner disciples, direct disciples, and elders in the Star Temple are placed!

These jade cards represent the lives of all people. Once the brilliance on the jade cards dissipates, it also means that the owner of the jade cards has fallen!

At the same time, the jade card can also trace the soul of the person who killed it!

"Xiang Yi... Ni Gu and Zong Yan have fallen."

When the Law Enforcing Hall disciple said these words with difficulty.

A coercion like the collapse of the sky shocked the entire main hall!

The disciple was instantly crushed to the ground, and the surrounding ground began to shatter inch by inch!

Click click click!

In the outermost circle of the Star Temple, all the outer disciples looked up in horror, looking towards the direction of the main hall.

There, what happened?

Why is there such a powerful coercion coming?

This coercion was naturally erupted by the Great Elder.

When he heard that his personal disciple Ni Gu had fallen, this coercion broke out unconsciously!

The elder of the law enforcement hall was also furious!

This kind of thing is managed by their law enforcement hall.

And on his own territory, in the secret realm of the starry sky, two direct disciples were killed?

Moreover, these two are disciples of the Hall Master and the Great Elder respectively!

Hallmaster Huang Er raised his hand, and immediately, the aura emanating from the Great Elder was suppressed.

Immediately, he looked at the Law Enforcing Hall disciple, and said expressionlessly, "He killed, or did he die accidentally in the secret realm?"

The law enforcement hall disciple looked up and saw the cold killing intent in the eyes of the hall master, he couldn't help trembling, shook his head and said: "No...it was not an accident, it was... homicide, but the spirit he was looking for was not from our temple. disciple."

Not a temple disciple?

Huang Er, the Great Elder and the elders of the Law Enforcement Hall all looked cold.

Among the disciples who entered the secret realm of the starry sky.

In addition to the disciples of the Starry Sky Temple, there are only the three people from Tianjian Peak.

The answer is ready to come out.

The elder of the law enforcement hall said furiously: "How dare you kill someone in my Star Temple? The crime is unforgivable!"

The Great Elder crossed his arms and stared at the entrance of the Starry Sky Secret Realm with a murderous look on his face.

In his heart, Ye Qiubai and the others have already been sentenced to death!

As long as the opponent comes out, he will directly kill him!

Huang Er frowned slightly.

As the Hall Master, he always thinks more.

Ye Qiubai and the others are extremely talented.

Among them, one is a sword cultivator who has broken through to the extraordinary realm!

Another one with extremely high talent for body training!

There is one more person who is extremely accomplished as a talisman teacher!

How could such a person kill three temple disciples in the temple?

Two of them are still his and the elder's personal disciples!

Isn't this a brain problem?

unless.

Ye Qiubai and the other three have backers.

Or, Xiang Yi and the others did something that Ye Qiubai and the others could not forgive.

But.

No matter how you explain it, the opponent has killed three Tianjiao in the temple.

If you don't do something, I'm afraid the rest of the disciples in the temple will feel disgusted with their handling methods.

It is a great blow to the belief in the temple!

"Don't be impatient, wait until they come out..."

...

And the other side.

Tianjian Peak.

At the moment when something happened in the Starry Sky Temple.

Chu Guidao brought out the news and told the peak master Huo Zhengheng.

When hearing the news.

Huo Zhengheng almost fell off the seat!

"These three guys... how can they cause trouble so much?"

"In other people's sect, the disciple of the murderous family's Tianjiao?"

Chu Guidao couldn't help covering his face, and said helplessly, "Peak Master, what should we do then?"

Huo Zhengheng sighed and said, "What else can I do? I can't just watch them get killed, can I? Let's go, come with me..."

Speaking of which.

Huo Zhengheng said again: "No, you should go to the Saint Talisman Sect first and tell them about it."

Tianjian Peak and Star Temple are comparable in strength.

What's more, the opponent's background is also stronger!

"Presumably the Saint Talisman Sect doesn't want Mu Fu to have an accident."

Chu Guidao nodded: "I'll go right away."

After saying that, he disappeared in place.

Huo Zhengheng stood up, shook his head, and said helplessly: "If something happens to the three of them, I'm afraid there will be a catastrophe in this mid-latitude boundary..."

after all.

Their master... has a terrifying strength of 100 million points.

...

Closer to home.

In the secret realm of the starry sky.

Mu Fusheng quickly erased the soul consciousness left by Xiang Yi and the others on the Soul Swallowing Star Box.

The souls of these three people, even if added together, are naturally not as good as Mu Fusheng.

It was not difficult for him to erase these.

Ye Qiubai came over and said, "Can I use this to find Shi Sheng's whereabouts?"

Mu Fusheng nodded: "There should be no problem. According to our previous method, do the opposite, and look for it in the direction where the soul is swallowed."

"It's not too late, let's go."

Along the way.

With the existence of the Soul Swallowing Star Box.

The power of the surrounding stars is sucked into the box by the Soul Swallowing Star Box!

Therefore, there is no star power falling on Ye Qiubai and the others!

Going forward at full speed.

Just one day.

The three of them saw a castle in the distance!

That is a castle made of tens of thousands of stars!

Ye Qiubai looked at this scene, and said solemnly: "It seems that the place that Master said is here..."

Chapter 565 The second star core

The castle is surrounded by stars, as if it was made of stars shining with purple light.

This star castle stands above the stars.

It is like the scorching sun in this starry sky secret realm.

Accompanied by the purple light falling down, there seemed to be a buzzing sound in the castle.

The power of the stars fell on Ye Qiubai and the others softly and quietly, without the slightest aggressiveness or any intention of suppression.

The Soul Swallowing Star Box in Mu Fusheng's hand was extremely excited.

Madly devouring the power of the falling stars.

He is not afraid of being blown up by this huge star power.

Ye Qiubai turned his head and asked, "Is the trace of Shi Sheng's soul in that castle?"

Mu Fusheng nodded when he heard the words, his eyes fell on the Soul Swallowing Star Box, and then followed the trace of the soul like a wisp of white smoke, and looked up.

And there is Star Castle!

"Although this trace has been lost outside the castle, it seems to have been erased."

"However, it's almost the same."

Xiao Hei reached out and touched in front of him.

Stretching out his hand, he felt that his palm had touched an invisible barrier.

From the palm of the hand, water-like lines spread out from the center.

"This barrier..."

Xiao Hei raised his fist without thinking about it!

Mu Fusheng and Ye Qiubai on the side saw this, their expressions changed, and at the same time dissuaded: "Don't! I don't know what..."

However, the words are not finished yet.

Xiao Hei's punch has already landed on this barrier!

Immediately.

A powerful force of the stars burst out from this barrier that was soft to the touch and made of water!

Returned all the power of Xiao Hei's punch to himself!

Xiao Hei groaned and retreated dozens of steps!

Ye Qiubai and Mu Fusheng covered their faces when they saw this.

When can I change this reckless and impulsive personality...

Mu Fusheng shook his head, looked at the Soul Swallowing Star Box in his hand, and murmured: "If this barrier is formed by the power of stars, then I don't know if this thing can swallow this barrier..."

Say it.

Mu Fusheng took out the Soul Swallowing Star Box with both hands.

was placed in front of the barrier, bordering it.

Instantly!

The soul-swallowing star box opened its mouth, as if opening the mouth of an abyss!

A burst of powerful devouring power was released from the "mouth of the abyss"!

Swallow the power of the stars in the barrier into the box like a whale!

But.

The power of the stars in the barrier seems to be stronger than imagined.

The soul-swallowing star box has obviously been devoured with all its strength.

Like a baby sucking on a bottle!

It's just a stick of incense time.

The ripples on the barrier are getting rarer.

However, in contrast, the Soul Swallowing Star Box began to tremble continuously!

Mu Fusheng's face changed slightly when he saw this.

He could clearly feel that the box seemed to be a bit unbearable!

At this time, Ye Qiubai on the side thought for a while, and said in deep thought: "Before, Ni Gu and the others used this soul-swallowing star box to devour the soul power of the ascetics in this starry sky."

"Could it be related to the capacity of this box?"

Hearing this, Mu Fusheng suddenly realized.

If this is not the case, there is no second explanation!

Think here.

Mu Fusheng punched a ray of soul power into the box.

Immediately!

Like a mud cow entering the sea, that ray of divine soul power disappeared without a trace!

It seemed to be activated by Mu Fusheng's spiritual power.

The soul-swallowing star box suddenly rose into the sky and escaped from Mu Fusheng's hands!

A powerful suction.

It was covering in all directions!

Time to count interest.

Wisps of spiritual power are continuously absorbed from below them!

The temple disciple who was climbing up below also stopped.

A sense of weakness came from their sea of consciousness.

"What's happening here?"

"At that time, I felt that entering the secret realm of the starry sky, the power of the soul was slowly being consumed, but it was not consumed much at that time!"

"So many now?"

"No, if this continues, I'm afraid the whole soul will be drained!"

The disciples of the temple did not dare to climb any further, and began to retreat quickly!

Although there is an inheritance of the power of the stars in the secret realm of the starry sky.

If you inherit the power of the stars, you can become the future master of the Star Temple!

Similarly, it can also lead the temple to the peak and become the strongest existence in this mid-latitude realm!

But all of this must be based on the condition of being alive!

Which is more important.

These temple disciples are still clearly distinguished.

At the moment.

Outside the Star Castle, the shaking of the Soul Swallowing Star Box has disappeared.

Like a whale, it is constantly absorbing the power of the stars in the barrier!

Soon, that barrier slowly disappeared.

Mu Fusheng also took the Soul Swallowing Star Box back into his hand, and covered the mouth of the box.

Only then did the Soul Swallowing Star Box be restrained from continuing to devour the power of the soul.

If this goes on like this, I am afraid few temple disciples will be able to get out alive...

Then when the time comes, something really big will happen...

And with the disappearance of the barrier.

Mu Fusheng was pleasantly surprised: "I can feel the soul of senior brother Shi Sheng! Although the breath of the soul is extremely weak, at least there is no accident, and it is in the castle!"

Ye Qiubai nodded, "Then hurry up, save Shi Sheng first."

The two Xiao Hei nodded, and followed Ye Qiubai towards the interior of the castle!

...

At the moment.

In the Star Castle.

In a large hall, Shi Sheng sat cross-legged in front of a huge rock that looked like a meteorite.

This boulder, at first glance, looks ordinary, but it's just a little bit bigger.

However, within that boulder, there is the power of endless stars emanating from it!

The purity of this star power is incomparable even to the tens of thousands of stars outside!

Shi Sheng sat facing the boulder, his face pale and terrifying.

His body kept shaking from side to side, as if just a gust of wind could knock him down to the ground.

This is a manifestation of excessive consumption of soul.

And in Shi Sheng's dantian.

That boulder is actually standing here!

Shi Sheng touched the huge boulder with one hand.

On the boulder, there are simple and mysterious purple lines.

This texture does not completely cover the boulder.

There is still at least a quarter of the area not fully covered.

In that land not yet covered.

With the power of a star, it is tremblingly drawing these purple lines.

Using the power of stars as ink.

The power of the soul is the pen.

This is also the reason why Shi Sheng's soul power is consumed so much.

After all, Shi Sheng's spirit is not his strong point.

To be able to persist for such a long time can be said to be a miracle, an impossible thing...

"It's a little bit... a little bit..."

"As long as the star pattern is drawn, the second star core can also be activated..."

"At that time, I will also have the strength to go to the evil realm to help the brothers and the others..."

Chapter 566 How did you destroy the secret realm again...

At that time.

Shi Sheng was involved in a space storm.

Faintly, he was attracted by a familiar breath.

After subconsciously operating the Chaos Star Record, the star core in the dantian of the starry sky spontaneously released the tyrannical star power, protecting Shi Sheng heavily.

was pulled away by a place.

When Shi Sheng woke up, he found himself in a large hall.

And in front of him, there was this huge meteorite-like boulder.

At first, the boulder didn't respond!

At that time, Shi Sheng was extremely anxious and anxious to meet his senior brother and the others.

However, when he wanted to leave this hall, he was restrained by a mysterious force, no matter where he went.

Which room, which passage.

In the end, it will lead to this hall, in front of this giant stone...

Later, Shi Sheng thought that there might be a maze here, and his own strength was not enough to break it.

So, he began to practice the Chaos Star Record.

After running the Chaos Star Record.

There is an extremely strong power of the stars around, gathering towards Shi Sheng's body!

This also made him extremely happy!

It can be said that the power of the stars here is countless times stronger than other places!

After a while.

Shi Sheng successfully lit up the second star in the dantian of the starry sky.

Strength has also skyrocketed to the peak of He Dao Realm!

The physical body has a very obvious increase.

It was at this moment.

That gigantic rock unexpectedly appeared in Shi Sheng's Starry Sky Dantian.

The power of the star and the brilliance of the second star above blend together!

All kinds of above.

This scene happened today.

As for the power of the soul.

Shi Sheng is not a strong point at all.

When engraving star patterns with the power of the soul, the power of the soul will be swallowed by the soul-swallowing star box...

Can this be consumed quickly...

And at this moment.

Ye Qiubai and the three also followed the traces of the soul to find Shi Sheng's location.

When seeing the core of the star.

Soul-swallowing star box is very exciting!

Continuously shaking, wanting to break away from Mu Fusheng's control.

After all, the power of the stars in the core of the stars is condensed to the extreme!

For the Soul Swallowing Star Box, it is a great temptation.

Ye Qiubai saw this boulder, thought for a while and asked, "The core of the star?"

At that time, Shi Sheng told them about the star core that was captured at the bottom of Kunlun Tianchi.

It is normal to know.

"It seems that Shi Sheng is refining the core of this star..."

Mu Fusheng looked at Shi Sheng's swaying body, and said worriedly: "I'm afraid it's difficult to refine in this state..."

Whether it is the power of the soul or the power of the stars wandering on Shi Sheng's body, they are already extremely thin, barren, and close to the limit!

Hearing this, Ye Qiubai pointed to the Soul Swallowing Star Box and said: "Ni Gu and the others used the Soul Swallowing Star Box to collect the power of the stars in this starry sky secret realm, and they must have used it to absorb it."

"It may be possible to transfer the power of the stars into Shi Sheng's body."

Mu Fusheng also thought of this.

After nodding his head, he placed the Soul Swallowing Star Box beside Shi Sheng.

Today.

The soul-swallowing star box already has Mu Fusheng's soul engraving, so it naturally belongs to him and can be manipulated at will.

Immediately.

Manipulated the Soul Swallowing Star Box, released the power of the stars in it, and fed back Shi Sheng!

Immediately!

Shi Sheng's originally meager star power surged unprecedentedly at this moment!

but...

"Just the power of the stars is not enough..."

Mu Fusheng frowned, and put his other hand on Shi Sheng's cap!

The soul power of the immortal soul master level poured into Shi Sheng's Tianling Cap!

Although the power of the soul is not like the power of stars and aura, it can enter another person's body and directly become the nourishment of the other person.

However, it can be lent to Shi Sheng, so that Shi Sheng can temporarily use Mu Fusheng's soul power!

However, borrowing the power of the soul requires the absolute trust of both parties!

After all, there are too many things in the soul.

Such as a person's imprint, memory, and original power.

With these two additions.

Shi Sheng's body no longer shakes!

In the dantian, Shi Sheng felt this power, and was also slightly taken aback.

It is unknown who did the power of the stars.

However, he is very familiar with this power of the soul.

Lowered his head, the corners of his mouth curled up.

When he raised his head, his energy and spirit returned to the peak again, even better than usual!

Raise your hand and start the seal cutting again!

Time passes day by day.

The purple lines on the core of the stars are slowly becoming more perfect.

Finally, on the seventh day.

The core of the stars is completely covered by simple and mysterious purple lines!

A burst of star power turned into a star storm, sweeping across the dantian in the starry sky!

Merge into the second star above Dantian!

at the same time.

In the main hall, the boulder in front of Shi Sheng also began to erupt with the power of stars, turning into a storm vortex, with Shi Sheng as the eye of the storm, surrounding it!

Ye Qiubai and the others saw this scene, smiled comfortably and stepped aside.

Another half day.

The vortex just started to dissipate slowly!

at the same time.

The realm of Shisheng also climbed up at an alarming speed!

Half step into blood!

In the early stages of blood transformation!

It wasn't until the middle of the blood-changing stage that it finally stopped!

At this time.

Shi Sheng opened his eyes.

When the three of Ye Qiubai looked at it, their pupils were as deep as an endless starry sky!

Among them, there are so many stars, as if the entire starry sky has been collected!

Shi Sheng stood up, looked at Ye Qiubai and the others, scratched his head with a smile, and said, "Eldest senior brother, fourth senior brother, brother pastor, why are you here?"

Ye Qiubai smiled and said, "Master has found your position."

"What about the evil domain?"

Mu Fusheng spread his hands, "It has been resolved."

Hearing this, Shi Sheng smiled wryly.

He was still thinking about absorbing the core of the stars and going to help after his strength soared.

As a result, it has been resolved after finishing the work!

He also asked his brothers to help him.

Now it seems that he is holding back...

Ye Qiubai smiled and said: "Since it's resolved, there's no need to think about it anymore, let's go out first, the Starry Sky Secret Realm will also be closed."

The three nodded.

The moment they go out.

The secret world of the starry sky has changed!

The castle, which has become unreal, is apparently about to disappear.

The surrounding stars have also lost their star power, and are just ordinary stars twinkling faintly, hanging high in the starry sky.

Mu Fusheng looked at this scene, smiled wryly and said: "Okay, now even if we don't attack the three of Ni Guna, we will be in big trouble."

you do not say!

This directly abolished the inheritance secret realm of the Star Temple.

And the ones who get the inheritance are not people from their Star Temple!

It's not their fault, that's impossible!

Mu Fusheng said: "Let's go out later, be ready to pinch the Heavenly Thunder Escape Talisman and run away at any time..."

Chapter 567 The temple is in trouble!

The changes in the secret realm of the starry sky made all the temple disciples in the secret realm change their colors.

First, the power of the stars dropped sharply at the beginning, leading to a sudden drop in the power of suppression.

After that, the power of the soul disappeared inexplicably, as if it was drawn by something.

And now, the brilliance emitted by the stars all over the sky has become weaker, and the power of those stars has completely disappeared!

All kinds of changes made them puzzled.

All doubts are doubts, everyone is running towards the exit under the starry sky at an extremely fast speed!

Beyond the secret realm of the starry sky.

Hallmaster Huang Er, the Great Elder, the elders of the Law Enforcement Hall and the deacons of the Law Enforcement Hall all looked serious, staring at the entrance of the Starry Sky Secret Realm.

At this time.

Seeing rays of light flashing out of it.

All disciples of the temple!

Seeing the panic on the faces of the disciples, the elder of the law enforcement hall shouted: "What happened inside!"

One of the direct disciples recounted what they had experienced.

The complexions of Huang Er and the Great Elder both became ugly.

Soul absorption, the disappearance of the power of the stars?

At that time, Huang Er had a faint feeling that something might happen in the secret realm of the starry sky, but he didn't expect it to be so serious!

The Great Elder glanced left and right among the crowd who came out, but he didn't find the target person, so he asked, "Where are the three people from Jianfeng that day?"

One of the disciples was stunned for a moment, then shook his head and said, "When I first entered, I followed the main force, but after a while, I walked towards a certain place."

"Then have you seen Xiang Yi, Ni Gu and Zong Yan?"

Many disciples shook their heads.

"Brother Xiang and the others have left since the beginning, and they seem to be in a hurry..."

In a hurry?

It is not the first time that Xiang Yi, Ni Gu and Zong Yan have entered the secret realm of the starry sky.

Judging from the situation mentioned above, it may be that something has been discovered before, and it is purposeful.

However, I don't have the time to think about this now!

The point is that there are three Xiang Yi now, one is the direct disciple of the hall master, one is the direct disciple of the great elder, and the other is also the first among the inner disciples. They have the opportunity to become the next genius of the direct disciple!

Falling at the same time is a great blow to the Temple of Stars!

At the same time, let the other party step on their high heads!

And at this time.

At the entrance to the secret realm of the starry sky, four rays of light appeared at the same time!

Everyone in the Law Enforcement Hall, the Great Elder burst out with the aura of a fairyland, and locked those four people!

Naturally, Ye Qiubai, Mu Fusheng, Xiaohei and Shisheng came out!

The temple disciple was also slightly taken aback.

Why do you want to attack these four outsiders at this time?

Obviously, I didn't care about it before.

No, who else is there?

At this time, the elder of the Law Enforcement Hall shouted angrily: "Ye Qiubai, Mu Fusheng, Xiao Hei! Why did you kill my temple disciples!"

Hear here.

Everyone's face was horrified!

Kill the disciples of the temple?

Thinking of the Great Elder's question before, and the fact that Xiang Yi and the other three are not around now.

That means that the three of Xiang Yi were killed by these three outsiders!

It's hard for them to believe it.

Forget about Zongyan, he was defeated before.

But what about Xiang Yi and Ni Gu?

As two personal disciples, one ranked first and the other ranked third!

Existence in the middle stage of blood-changing realm and the early stage of blood-changing realm!

You know, among the three outsiders, all of them are in the Hedao Realm, right?

Could it be possible, cross-boundary killing?

Xiang Yi and Ni Gu are not ordinary blood-changing realms, they are the top talents of their Star Temple!

Everyone looked up at the three figures in the sky in disbelief!

At this time.

Ye Qiubai took out a box and said, "Of course I won't kill them for no reason."

The great elder said coldly: "Oh? Then tell me the reason."

"Because of the box."

Ye Qiubai said lightly: "This box can swallow the power of the soul of everyone who enters the secret realm of the starry sky. For this, everyone must feel that when you enter the secret realm, the soul will be absorbed, right?"

All the disciples nodded, it is indeed so.

"This box belongs to them. Xiang Yi and the other three plan to absorb the power of the soul to expand the capacity of the box, and then use it to absorb the power of the stars in the secret realm for their own cultivation!"

"At that time, it was because we discovered their conspiracy that they wanted to kill us to silence us, but we killed us instead. It's as simple as that."

Heard the words.

Huang Er and the great elder frowned.

The other party did not lie.

Based on their realm and long-standing experience, they can be seen at a glance.

At the same time, the nods and explanations of the previous disciples can also prove that there is something to it.

Huang Er continued to ask: "The power of the stars in the secret realm of the starry sky disappeared because of this box?"

Ye Qiubai and the others spoke in unison and nodded.

At this time, you will not tell the truth foolishly.

Otherwise, they will really be attacked by groups!

"Then hand over this box."

After finishing speaking, without waiting for Ye Qiubai and the others to answer, Huang Er grabbed the box and sucked the box into his palm.

And this moment.

Ye Qiubai and the others also immediately made the Heavenly Thunder Escape Talisman, and crushed it directly!

Suddenly, the body turned into thunder!

But.

In just an instant, an invisible cage appeared around the four of them!

This cage is transformed by the majestic stars like continuous mountains!

Has the power to suppress everything!

Even the power of thunder is the same.

The Thunder Escape Talisman is now invalid!

I saw Huang Er pointed out, and said in a low voice: "Don't play tricks, these crooked ways are useless in front of the strong in the fairyland."

Heavenly Wonderland!

A peak existence in the mid-latitude boundary!

Mu Fusheng also shook his head slightly.

Sure enough, relying on the Heavenly Thunder Escape Talisman to escape from the hands of the strong in the Heavenly Immortal Realm is a bit arrogant...

Huang Er also checked the Soul Swallowing Star Box in his hand at this time, and found that there was only a little star power in it!

This made his face a little ugly, "Have you absorbed the power of the stars?"

Immediately, he fixed his eyes on a strange face beside Ye Qiubai.

"Your body... has the breath of star power!"

"Junior, have you cultivated the power of the stars?"

As soon as these words came out, there was an uproar like a tsunami!

Everyone looked at Shi Sheng in horror!

The power of the stars!

Xiao Hei frowned, and explained to Shi Sheng: "Junior brother himself cultivates the power of stars, so he doesn't need this box."

Mu Fusheng patted Xiao Hei on the shoulder, and smiled helplessly: "Brother Hei, Master Hei, at this time, we don't need to speak up for Senior Brother Shi Sheng, as long as we are clear in our hearts."

Huang Er's eyes are crazy!

The same is true for the Great Elder and the Elder of the Law Enforcement Hall!

"Since this is the case, hand over the method of cultivating the power of the stars, and forget the past!"

Chapter 568 The angel is furious!

For the Temple of Stars, which was the top power in ancient times.

Since no one was able to practice the power of the stars, it has plummeted.

This is a proud and conceited sect.

After all, the conditions for cultivating the power of the stars are too harsh. In the entire mid-latitude realm, only the Temple of the Stars can practice.

This also fostered the arrogance of the Temple of the Stars.

so.

When it was discovered that Shi Sheng actually had the cultivation method of the power of stars.

In addition to being surprised, more surprises and greed!

As long as this son's star power training method can be obtained, the Star Temple will once again stand at the peak of the mid-latitude realm, and even... go to the upper realm!

Hearing the words of the palace master Huang Er, Shi Sheng shook his head.

The Chaos Star Record was taught to him by his master, so how could he give it to others?

Huang Er shook his head slightly, and sighed: "Forget it, there is no need to discuss it with the younger generation. It will be good to search the soul and take out the cultivation method."

After finishing speaking, a burst of heavenly aura erupted.

For a while, the world changed color.

Below the Star Temple, the town trembled like an earthquake!

The mountains and rivers in the distance are constantly surging, the birds are flying in all directions, and the beasts are on all fours, lying motionless on the ground!

There are tsunamis rolling over the sea surface further away!

The angel was angry, and the mountains and rivers shook!

This sentence is not groundless.

reached this realm.

Every move will affect this world!

The four of Ye Qiubai faced this breath directly, and were directly pressed from the sky to the ground!

The breath of the four of them is fully open.

Sword field, talisman, demon god, and stars bloom at the same time!

However, even so, it is still difficult to resist this heavenly fairyland-like breath!

Huang Er obviously didn't want to talk nonsense. As a strong man in the Heavenly Wonderland, he has the ability to take people's lives with one hand.

For such a strong person.

Defy?

Disrespect?

Just kill it.

When Huang Er stuck out his finger, a stream of stars gushed out like a river.

A silver light descended from the sky at the speed of light!

landed in front of Ye Qiubai and the others, stopping the breath of the heavenly realm and the meaning of the raging stars!

It is a long sword shining with silver light!

The whole body is slender, and the sword body, hilt and sword mouth are all silver.

And this sword, compared to Ye Qiubai's Nine-foot Star Meteor Sword, is much better in quality!

The Nine-foot Star Meteor Sword is no more than a heavenly spirit sword.

And this silver sword is a heavenly sword!

Huang Er's face sank: "Silver Dragon Sword... Huo Zhengheng?"

At this time, Huo Zhengheng's voice also came out as his figure fell beside Yinlongjian.

"Huang Er, you are really old and not ashamed. As a senior, you still spy on the skills of the junior?"

Huang Er said with a gloomy face: "You people from Tianjian Peak killed three Tianjiao disciples in our temple, and also destroyed the secret realm of the starry sky. What if you want a book of exercises to compensate?"

Huo Zhengheng laughed wantonly when he heard this!

Laugh ironically!

"Those three of your disciples did something despicable by themselves. After being discovered, they wanted to silence them, but in the end they were killed because they were not strong enough."

"As for the secret realm of the starry sky, isn't it just for this moment? As long as the inherited treasures are obtained, they will naturally be destroyed."

"And I let them enter the secret realm of the starry sky, isn't it for this reason? If your people enter the secret realm of Tianjian Peak and take away the inheritance, I will not say a word!"

However... a person without a Hunyuan Sword Body cannot take away the inheritance of Tianjian Peak.

in other words.

The secret realm of Tianjian Peak is Ye Qiubai's back garden.

The inheritance in it is destined to be obtained only by him...

Huang Er was extremely ugly after hearing this.

He naturally understood this truth.

However, let him ignore the opportunity in front of him to cultivate the power of the stars.

He couldn't do it.

"Man dies for money, birds die for food, whatever you say."

Huang Er shook his sleeves, took out his star crutches, and said, "In this case, let me see your silver dragon sword Huo Zhengheng, and see how strong you are!"

Huo Zhengheng lifted the silver dragon sword beside him, and said with a sneer, "This silver dragon sword probably hasn't seen blood for a long time."

As soon as the voice fell!

The two disappeared at the same time!

In the blink of an eye, above the Starry Sky Temple, there was the roar of fighting one after another!

The confrontation between two strong men from the Celestial Wonderland.

The sky trembled for it!

And at this moment.

The elders of Tianjian Peak also appeared in front of Ye Qiubai.

The Great Elder of the Star Temple saw this and sneered, "If it's outside, I'm afraid I really can't do anything to you."

"but..."

Huang Er squeezed out a purple jade seal from the palm of his hand.

The elder of the law enforcement hall saw this, and also took out a jade seal!

Two jade seals rose into the sky at the same time!

Like two dazzling stars!

Flashing with monstrous purple light, like a rain curtain, pouring down from the sky!

Not long after, the Temple of the Stars was shrouded in it!

"This is the Temple of the Stars, here, how do you protect the four of them?"

The elders of Tianjian Peak held long swords with surging sword intent, but they frowned slightly when they saw this scene.

really.

In the Star Temple, with the blessing of the star formation, it was really difficult for them to protect Ye Qiubai and the others.

But, even so.

Ye Qiubai is the key protection object of Tianjian Peak, even if he tries his best, he can't let him have an accident!

Several Tianjianfeng elders looked at each other and nodded solemnly.

Immediately, the footsteps moved lightly and spread out, covering all directions of Ye Qiubai and the others with the momentum of encirclement.

The sword intent surged out, turned into a sword intent barrier, formed a ball, and enveloped Ye Qiubai and the others!

Just drag and hold.

This is what Huo Zhengheng told them.

See this scene.

The Great Elder sneered: "How long do you think it can be blocked?"

"Star formation, start!"

One finger down.

Immediately!

The two purple jade seals in the sky actually condensed the meaning of the stars, turned into purple beams of light, and smashed down fiercely towards the barrier of sword intent!

In this purple beam of light, there is a faint aura of star power in it.

Suppress, seal!

The elders of Tianjian Peak all looked dignified, with one hand holding the hilt, the horizontal sword moved forward, and the other hand was against the sword god!

Make a defensive posture, resisting this star beam of light that suppresses the seal!

It's better to say.

As expected of the Temple of Stars.

As a top force in the ancient times, the background is indeed profound!

This array of stars made it hard for them to resist!

However, this is under the circumstance that they have to be distracted from protecting Ye Qiubai and the others.

But.

Right now!

In the sky, Huang Er, who was fighting Huo Zhengheng, first changed his face!

Below, the Great Elder and the Elder of the Law Enforcing Hall also looked at the distant sky with suspicious expressions!

There, there is a giant space ship coming!

That sect, why did it come here?

Who are they... for?

Mu Fusheng looked back to see this giant space ship, he was a little dazed, and said in a daze, "Why did you startle them all?"

Chapter 569: The Saint Talisman is coming!

With the arrival of the space giant, everyone stopped their offensive.

Look up at the distant sky.

On the giant sword of space, there are rays of holy light descending.

In that holy light, none of them is the power of talismans!

A sect with this kind of giant ship and this kind of breath.

In the entire mid-latitude boundary, there is only one.

At the same time, almost everyone in this sect doesn't know him!

The center of the mid-latitude boundary, the sky domain, and even the top forces in the entire mid-latitude.

The existence standing at the top of the pyramid.

Sacred Talisman Sect!

But, why did the Saint Talisman Sect come to the Temple of Stars?

The Great Elder and the Elder of the Law Enforcement Hall frowned slightly, with doubts in their eyes.

Only Huang Er in the sky seemed to have thought of something, his eyes were slightly widened, and his face changed suddenly!

Turned her head suddenly, and looked at Mu Fusheng below!

Mu Fusheng seems to be based on Talisman.

Here, there is only Mu Fusheng, a highly accomplished talisman master!

Is it impossible...

Seeing this, Huo Zhengheng took back the silver dragon sword flying all over the sky, held it in his hand, looked at Huang Er with a sneer, and said, "It seems that you have already regretted it?"

"The background of these three little guys is bigger than the other, and your Star Temple can't afford it."

"Even... the Temple of Stars in ancient times is no exception."

Hear here.

Huang Er's face changed again.

The Temple of Stars in ancient times, but it can be compared with the existence of the Holy Talisman Sect!

Even, the strength is even stronger than the Saint Talisman Sect!

The meaning revealed in Huo Zhengheng's words is.

Ye Qiubai's background, their power behind them, even the Saint Talisman Sect can't compare?

Huang Er asked with an ugly face: "Are they people from the upper realm?"

Upper Bound.

That is, the high-latitude boundary!

Huo Zhengheng spread his hands: "I don't know either."

However, when I think of Lu Changsheng's cultivation base that is like a vast ocean, the depth of the abyss is generally invisible...

Huo Zhengheng thought.

Even if he is a strong person from the upper realm, he is nothing more than that, right?

Although the space giant is extremely large in size.

But the speed is not slow at all.

On the body of the ship, there is a speed-blessing talisman, and in an instant, it broke through the space and came to the top of the Starry Sky Temple!

The huge ship blocks the sunlight that falls.

Like a dark cloud covering the sun, the entire Star Temple was shrouded in shadow.

Huang Er also had no intention of fighting again, and flew to the bottom of the giant space ship with a group of elders including the Great Elder and the Elder of the Law Enforcement Hall, bowed slightly, cupped his hands and said, "I don't know if the seniors of the Saint Talisman Sect come to my Star Temple. What's up?"

The bow of the space giant ship.

Gong Enshrin and another Tianxianjing enshrinement stand here.

The two of them ignored Huang Er, but directly fixed their eyes on Mu Fusheng.

Just listen to Gong Gongfeng said indifferently: "Mu Fusheng, is there any injury?"

Mu Fusheng shook his head with a smile, cupped his hands and respectfully said: "Senior, I am not injured, but it may not only be injured after a while."

Hear the conversation between the two.

The faces of the great elder and the elder of the law enforcement hall changed drastically!

Mu Fusheng is actually a member of the Saint Talisman Sect!

And the other party directly dispatched two priests from the Heavenly Wonderland!

You know, these two people are the existences of the late stage of the Heavenly Wonderland!

Their palace master is only in the early days of the Heavenly Immortal Realm.

How big is this gap?

It can be seen that Mu Fusheng's status in the Saint Talisman Sect is not low!

Huang Er's heart sank slowly.

I'm afraid things won't go well for today...

Gong Gongfeng nodded, turned his head slightly, and set his eyes on Huang Er.

His eyes were like a calm lake, and there was no wave in the ancient well.

His face was pale, but it seemed to reveal a chill!

"Mu Fusheng is a disciple that all the elders value, and he is the arrogance of my Saint Talisman Sect."

"You wait for the Temple of the Stars, how dare you take action against it?"

A disciple valued by the Supreme Elder? !

Huang Er's face was ugly, and when he faced Gong Fengfeng, he lowered his head, not even daring to look at him, and said in a slightly trembling voice: "Senior, I didn't know that little friend Mu was the arrogance of the noble sect at the time, if I knew, I wouldn't Get your hands on him."

"But you finally wanted to kill him."

Gong Gongfeng picked up an ordinary-looking long sword, pointed it at Huang Er, and said indifferently: "That will also let me know how much power the Star Temple, the top power in ancient times, has left now."

"The power of the stars, how mysterious is it?"

As soon as the words fell, sword intent spewed out from the tip of the long sword!

Swept towards Huang Er like a gust of sword intent!

Huang Er's face changed suddenly when he saw this!

Immediately took out the purple jade seal, and shouted anxiously: "The Star Condensation Formation!"

Immediately!

Pillars of purple light criss-crossed in front of Huang Er and the elders of the Star Temple!

Formed a protective net.

And the priest around Gongfu saw this and snorted coldly: "The Great Formation of Protecting the Sect? Just try this formation-breaking talisman!"

Say it.

Between the index finger and **** of the worshiper, a talisman was pinched and thrown out!

The power of breaking the formation, lasing away in all directions of the star formation!

Puff puff!

Every force that breaks the formation ignores the protection of the star formation, directly penetrates through it, and smashes the eyes of the formation everywhere!

The purple beam of light slowly dissipated.

The rain-like purple light also disappeared.

Huang Er, the purple jade seal in the hands of the Great Elder and the elder of the Law Enforcement Hall, the light disappeared and became extremely dim. A crack penetrated the jade seal!

When Mu Fusheng saw this scene, his eyes lit up.

Break the array!

This is the Heavenly Immortal Talisman developed by the three Supreme Elders of the Saint Talisman Sect!

Sure enough, as the orthodox talisman teacher in the mid-latitude realm, Shengfuzong still has merits.

By the time.

Instead, you can ask the Supreme Elder to pass on this talisman to him.

Seeing this, Huang Er didn't have time to think about it, because the gust of sword intent that Gong enshrined had already swept in!

"Defend with all your might!"

fell with a sound.

Take the lead in opening your hands!

The meaning of purple stars, turned into giant meteorites!

Fall in front of everyone!

All the elders also released the meaning of the stars and poured them into the giant meteorite!

With the continuous injection of the meaning of the stars.

The meteorite is constantly expanding!

The purple radiance exuding on it is also more intense!

But.

Late stage of Wonderland.

is the top existence standing in this mid-latitude boundary!

Although Huang Er is not in the early days of the Heavenly Wonderland.

But how can the gap in strength be summed up in a single sentence?

When the sword-like wind falls on the giant meteorite!

Immediately!

Smoke everywhere!

On top of the meteorite, small gravels kept splashing out!

at the same time.

Accompanied by a series of loud clicking sounds.

A series of cracks, rising from the meteorite, have been spreading!

In the end, like a spider web, it covered the entire meteorite!

Boom!

The giant meteorite suddenly collapsed at this moment!

Huang Er and all the elders spurted out a mouthful of blood and retreated violently!

All the people in the Temple of Stars are not enemies of Gong Gongfeng!

Chapter 570 The temple is full of corpses!

The higher the realm, the more difficult it is to fight across borders.

The gap between every small realm has a huge horizontal gap like the sky and the earth.

This is a commonplace question in the monastic world.

once.

A monk asked this question to a strong man at the peak of the Heavenly Wonderland.

After hearing this, the peak powerhouse would be silent and said: "Before the immortals, perhaps relying on talent can do it."

"But after reaching the fairyland, even a small realm, talent can hardly make up for the gap. What's more, who can step into the fairyland is not a person with outstanding talent?"

"It's just that nothing is absolute. Under the absolute suppression of talent, skills, and foreign objects, it may be able to make up for this gap..."

Naturally, the last sentence was automatically omitted by all ascetics.

The powerhouse, talents, skills and foreign objects that can reach the fairyland, how can there be any difference?

And this sentence.

What happened in the Star Temple today is the best proof.

A strong man in the late stage of the Celestial Immortal Realm, with only one sword, he has not yet used his full strength.

He directly defeated Huang Er, who was in the early stage of the Celestial Wonderland, and the all-out defense of the elders of the Earth Immortals, and severely injured them!

Among them, two elders in the early stage of the fairyland fell directly!

Huang Er's face was pale, and the corner of his mouth was bleeding. Seeing the long sword in Gong's hand, the sword intent spewed out again, and hurriedly shouted: "We are willing to pay compensation!"

compensation?

Gong Gongfeng sneered: "What is in this world that the Saint Talisman Sect can't get?"

As a talisman master sect, the Holy Talisman Sect lacks natural resources, earthly treasures and wealth!

What they lack is a talisman master who can lead the Saint Talisman Sect forward!

For example, Mu Fusheng.

The three Supreme Elders agreed that Mu Fusheng was the one who could lead the Saint Talisman Sect forward.

"Your fate is decided in the hands of Mu Fusheng."

After finishing speaking, Gong Gongfeng looked at Mu Fusheng and said, "It's up to you."

Reasons for doing this.

There are two benefits.

First, it can further test Mu Fusheng's character.

See if it is decisive enough, and whether it is ruthless enough.

These two points are important factors that determine whether Mu Fusheng will lead the Saint Talisman Sect forward!

After all, the rise and progress of a sect is often accompanied by the bones of thousands of sects!

Is there any sect that didn't rise step by step from the trials of blood and fire?

Second, at the same time, it can increase the sense of intimacy between Shengfuzong and Mu Fusheng, that is, the sense of belonging.

Give him the power to decide major events!

Kill two birds with one stone.

The surrounding Star Temple disciples all looked inexplicable and ugly when they heard these words.

They can't accept it!

For a proud temple disciple!

The life and death of the sect was actually entrusted to a junior!

As the lord of the hall, the person in charge of the temple, Huang Er thinks more and is able to bend and stretch!

Immediately turned his gaze to Mu Fusheng, descended from the sky, came in front of Mu Fusheng, lowered his head slightly, and lowered his posture.

"Little friend Mu, it was my fault before."

At the same time, he looked at Shi Sheng again, and said apologetically, "Our temple is too stingy, you can leave as you like."

I have to say that Huang Er is very smart as the hall master.

As Mu Fusheng's senior brother, Shi Sheng's apology to him is also very effective.

But.

Mu Fusheng didn't eat this set.

His character is cautious.

Will not take the initiative to provoke others.

However, once you make enemies with other forces, you will definitely find ways to quickly wipe them out!

Otherwise, it is a hidden danger after all.

Once a crisis occurs.

These hidden dangers will explode like time bombs!

Its destructive flame will engulf you!

So, Mu Fusheng didn't hesitate too much, and didn't ask the senior brother and Shi Sheng for their opinions, and smiled lightly at Huang Er.

Patted his chest!

In an instant, Mu Fusheng was heavily surrounded by layer after layer of defensive barriers.

There are hundreds of nine-level thunder shield talismans!

At the same time, the Heavenly Thunder Escape Talisman was held in his hand.

Then he cupped his hands towards Gong Gongfeng who was in the sky above: "Senior, please take action!"

Huang Er's expression changed drastically when he heard the words.

Then his eyes hardened.

Stretched out his hand towards Mu Fusheng to grab it!

He came to Mu Fusheng's side not just to lower his posture.

In order to prevent Mu Fusheng from being ungrateful, let the people of the Saint Talisman Sect destroy the Star Temple!

In this way, he can also capture Mu Fusheng as a hostage before Gong Gongfeng can react!
but.

Mu Fusheng also guessed the other party's idea.

That's why I took a defensive stance!

It was these hundreds of nine-fold thunder shields that delayed Huang Er's breath!

One breath time.

How many things can the strong in the late stage of the Celestial Wonderland do?

This is enough to kill Huang Er!

A gushing sword intent condensed to the extreme!

Shoot directly from behind Huang Er in an instant!

It penetrated Huang Er's back at an unresponsive speed!

Poof!

A stream of thin blood sprayed from Huang Er's back to chest!

Huang Er's figure also stopped half a meter away from Mu Fusheng.

Eyes full of regret!

His eyes widened, and he fell forward...

No breath at all.

The master of a generation of temples, the strong man in the early days of the fairyland, just fell...

When the people in the temple saw this scene, they all looked flustered!

Start running away in all directions!

The hall master is dead, why are you beating me?

Escape is the most important thing!

Seeing this scene, Mu Fusheng didn't even think about it, and said, "Please trouble me, senior, to kill all the people in the Star Temple!"

Heard Mu Fusheng's words.

Gong Gong nodded, and the Heavenly Immortal Priest next to him showed admiration.

Cut the weeds and eradicate the roots.

Although it looks a bit cruel.

But this is a necessary factor to lead the Saint Talisman Sect forward!

Passed.

after.

The two priests shot at the same time.

Just count the breath time.

On the Star Temple, from the elders to the disciples, no one survived!

Even those outer disciples who didn't know the situation didn't stay!

All of a sudden, corpses were strewn all over the Temple of Stars!

Blood stained this temple suspended in the sky red!

did it all.

Gong Gongfeng looked at Mu Fusheng expressionlessly, but there was a hint of appreciation in his eyes.

"Mu Fusheng, come back to the sect with me?"

Mu Fusheng thought for a while, then nodded and said: "That's fine."

He also wants to learn the formation-breaking talisman, and at the same time, he can also squeeze the wool of the three elders.

Maybe you can learn more useful talismans.

Then he looked at Ye Qiubai and asked, "Brothers, come with me?"

Ye Qiubai just wanted to speak.

Huo Zhengheng on the side smiled and said: "Ye Qiubai will go to Tianjian Peak with me first. Now that you have reached the extraordinary state of swordsmanship, it is time to accept the inheritance."

Xiao Hei scratched his head and said, "I want to go to the Ape Demon Realm. I feel that my physical body is about to break through again."
