

## My Disciples 581

Chapter 581 Passage to Immortal Realm

No one can think of it.

There is a hole in the latitude barrier!

Moreover, it is still a channel.

Before and after the passage, there is a huge space teleportation array covering the entire barrier!

Even Lu Changsheng couldn't tell how big this space teleportation array was.

It can only be said that as big as this channel is, then the space teleportation array will be as big as it is.

Lu Changsheng looked up and down, touched his chin and said in a low voice: "It's really big... Who can write it? But such a large space teleportation array, it should be possible to do it with a little research."

But it's not necessary.

Why set up such a large space teleportation array?

Pretentious?

Attract attention?

raised his head and looked to the sides.

The channel is like a hollow cylinder.

Above, is the direction guided by the breath of the stars, and there is a bright light.

Like the sun hanging high in the sky.

is the only light source in this channel.

Lu Changsheng could feel that the power of Taoism overflowed from that bright light.

And below.

is the endless darkness...

It's like a dark abyss where you can't see the bottom.

In that, there is no breath.

However, it makes people feel chills.

I'm afraid there is something horrible down there.

But this has nothing to do with Lu Changsheng.

Now, hurry up and get the star essence, and leave this place quickly.

to be honest.

The breath here, in Lu Changsheng's view.

I am afraid it is dozens of times stronger than the high-latitude boundaries!

It doesn't feel like a good place...

We must hurry up.

Think here.

Lu Changsheng used all his strength and rushed towards the bright spot!

Extremely fast.

Even the top powerhouses of the God-level forces come here.

I'm afraid I can't even see Lu Changsheng's figure...

but.

That light seemed within reach.

However, after flying for an hour, that bright light is still close in front of my eyes...

Something is wrong.

Something is very wrong!

Lu Changsheng stopped.

Looking around, his expression suddenly wrinkled.

There is actually an illusion formation hidden?

Immediately, he wanted to break open directly.

But, when Lu Changsheng raised the willow branch.

A huge eye suddenly replaced the ray of light above, it was huge, staring at Lu Changsheng!

"Mortal, you are able to crack the hidden formation of the eternal passage, reach it, and not be sucked away by the large space formation. It is indeed much better than other mortals."

"Being able to detect this illusion and have the ability to cut it into pieces also proves that you are indeed qualified to enter the fairyland."

"But, even so... you can think clearly, once you enter the fairy world, everything will not be so simple."

Fairyland?

Lu Changsheng stopped what he was doing.

The raised hand was slowly lowered.

Is that light the entrance to the fairy world?

really.

As this big eye said.

Once you enter the fairyland.

Things will become uncontrollable, and I am afraid that the peaceful life on weekdays will also be broken.

Do you really want to break this peace?

Shi Sheng's talent, even if his future achievements are not as good as his senior brothers.

Will also have her own shelter, as well as the protection of Ye Qiubai's group of boys.

Even if you can't reach the peak, there shouldn't be any problem.

I will also be able to develop various elixirs in the future to help Shi Sheng improve his cultivation that is stuck in a bottleneck.

Then in the world of longevity, I cook and water the flowers just like myself, and it looks good.

Isn't this my ideal?

but...

Lu Changsheng suddenly smiled.

He suddenly understood why the teachers in the previous life on the earth wanted their teachers to be excellent and excellent?

Why do you want your students to become more outstanding and outstanding?

Now, Lu Changsheng seems to feel the same way.

He also had this idea.

Or an idea of not admitting defeat.

I want my disciples to set foot in the sky!

Step on the heads of all ascetics!

Become the existence of the pinnacle of martial arts!

Make it impossible for everyone to bully them.

Even without my own help.

They can also gain real freedom.

and longevity!

The corners of Lu Changsheng's mouth curled up slightly, and the willow branch that he silently put down just now was lifted up again at this moment!

Without the slightest hesitation!

The willow branch turned into a sword, and the sword slashed at the eye of the illusion formation!

Actually cut it directly!

The illusion is broken.

The surrounding environment has not changed in any way.

However, presumably they should be able to enter that light, the so-called fairyland, right?

The big eyes above are full of doubt and puzzlement.

"I have also learned about your deeds. You have no strength, but you want to live a peaceful life."

"Now, why did you take the initiative to break this peace?"

"You know, the fairy world is different from the world you mortals live in, full of crises, competition, and...responsibility!"

Lu Changsheng laughed in a low voice: "It's nothing, just thinking."

"When the time comes, Ye Qiubai, Hongying, Ning Chenxin, Xiao Hei, Mu Fusheng, and Xiao Shitou will all reach their peak."

"That brat Shi Sheng can only look up to them, alone, how lonely would that be?"

Lu Changsheng raised his head, looked into the big eyes, and said with a smile, "Maybe I like peace, but I am soft-hearted, and I don't even think that my disciple will be lonely."

Dayan didn't speak.

After taking a deep look at Lu Changsheng, he turned into the power of Taoism and dissipated in this passage!

Looking at the bright light, Lu Changsheng laughed and cursed: "That brat Shi Sheng, if you don't make me a full banquet every day in the future, you will let me down for everything I have done."

After finishing speaking, with a kick of footsteps, it seemed to turn into a flash of light, rushing towards the bright light!

as expected.

After the illusion formation was broken.

In just one stick of incense, Lu Changsheng rushed directly into the bright light!

After a dazzling white light.

Instead, the sight is a piece of city floating in the clouds!

The city is as endless as mountains and rivers, with no end in sight!

The aura around it seems to be stronger than that in the high-latitude boundary, and at the same time... there seems to be a sense of fairyland.

Then let's call it immortal energy for now...

Immediately, feel the breath of the star essence.

Lu Changsheng followed the guidance.

Soon, they came to a city.

This city is not so much a city.

It is not an exaggeration to say that it is a fortress!

Surrounded by an unknown material to form a city wall!

Inside, there is no house.

What is there is just a huge palace rising into the sky!

But there is not even a guard around!

Yes, but at the entrance of the city wall.

There are silhouettes lined up.

These people are surrounded by immortal light.

Its aura is much higher than that of the Dark Lord and the two masters of the Star God Hall!

Look towards the palace.

After thinking about it, Lu Changsheng decided not to rush forward.

After all, people here are not familiar with the place.

And anyone who is picked at random is stronger than the Dark Lord!

Let's go down honestly and ask about the situation...

Chapter 582 Qiongxian Seven Daughters

Immortal world.

is a place detached from low, middle and high latitudes.

Once, someone compared the mid-latitude realm to the fairyland.

Comparing the high-latitude realm to the realm of the gods.

This is naturally divided by realm.

The ascetics in the low-latitude realm are all under the fairyland.

So it is called the mortal world.

In the mid-latitude boundary, there is a fairyland powerhouse!

This is the fairyland.

And in the high-latitude boundary, there will be a strong man in the divine realm!

That's why it is called the God Realm!

But now it seems.

The outside world's statement is not reliable.

At least Lu Changsheng thinks so.

The ascetics here have different auras from outsiders.

The dantian in their bodies is filled with immortal energy!

Compared with spiritual energy, there is not only a difference in the degree of concentration, but also a difference in quality!

It can be said.

If the ascetics here are in the Heavenly Wonderland, they will face the strong ones in the Heavenly Wonderland in the upper middle latitudes.

I'm afraid that in the mid-latitude realm, the so-called top celestial fairyland powerhouses can't make a move against the celestial fairyland powerhouses in this fairyland!

This is the gap.

However, since there is a fairyland...

Then, will there be any God Realm?

Lu Changsheng shook his head slightly, this is not something he should be thinking about now.

Come to the crowd.

The people around are full of fairy spirit.

In terms of clothing and appearance, there is no difference from outsiders.

Lu Changsheng patted the shoulder of the person in front of him, and asked, "Fellow Dao... Oh no, Friend Immortal, what are you doing?"

The young man who was patted on the shoulder by Lu Changsheng turned his head slightly, and asked in surprise, "You don't know where this is?"

Lu Changsheng said with a smile: "I have been following the master all year round, and I don't care about world affairs. Now that I am sent by the master to practice, I naturally don't know what's going on here."

The boy looked at Lu Changsheng carefully, but he didn't feel any immortal energy from Lu Changsheng!

Before, Lu Changsheng also said that he followed the master Xianyin, and now he came down to practice.

Then, there is only one possibility.

That is, his realm is not enough to see through Lu Changsheng!

That's why I can't feel the immortal energy in Lu Changsheng!

Think here.

The boy immediately replied: "Senior, there is a fetish in that palace."

Senior?

Lu Changsheng was slightly taken aback.

How did he become a senior?

How did the boy know.

The reason why Lu Changsheng doesn't have immortal energy is because he really doesn't have immortal energy!

However, it is true that they are stronger than them...

In general, this senior is not wrong...

In the world of Taoism, the strong are teachers.

It has nothing to do with age or seniority.

This is the iron law.

"Don't you know what the fetish is?"

The young man shook his head and said: "I don't know, but I heard from the seniors in the family that as long as you get the fetish and hand it over to the fairy palace, you can join the fairy palace and become an inner disciple."

Asgard?

Looking at Lu Changsheng's puzzled expression.

The young man said helplessly: "Senior, you don't even know where the Immortal Palace is?"

Lu Changsheng shook his head.

"Then your seclusion is too thorough..." The boy explained: "The so-called fairy palace is the most powerful force in our fairy world, not one of them."

"Ascension, from the moment the fairy world exists, it is the leader of the fairy world, commanding the immortal soldiers and generals!"

"As for the way to join the Asgard, other than the great figures of the Asgard accepting apprentices in person, other than this, it is to take the gods."

"In this Immortal Star City, it was set up to suppress that fetish. If you want to get it, you have to pass multiple tests. Those who line up here are those who want to participate in the test."

Lu Changsheng nodded, pretending to be interested, he grinded his fist and said, "Then I'll try it too."

Immediately, they were behind the boy.

Under the long wait.

Lu Changsheng also observed something himself.

For example.

For each test, only three people can enter.

The huge city gate is the first test.

Around the city gate, there are stars suppressing the force, forming a light curtain and descending!

If you want to pass, you must endure this light curtain, step through the city gate, and enter the Immortal Star City to continue the next test.

Until now.

Among the 27 people who participated in the first round of tests, only one person stepped through the city gate!

Burning flames.

The son of the owner of the fairy Fengu Valley, the strongest arrogance of Fengu today!

That is the boy who answered Lu Changsheng's question.

He smiled wryly and said, "I didn't expect them to come."

them?

Fen Yan continued: "The peerless arrogance of the Xuanlei Immortal Sect, Lei Yinshi."

"Xianlan from Xianyinmen is also one of the seven daughters of Qiongxian in the fairy world."

The Qiongxian Seven Daughters are the most beautiful seven fairies in the fairy world.

"There is another person who is the disciple of the elder of the inner sect of the Immortal Palace, Immortal Huaxuan!"

Fen Yan smiled wryly and shook his head: "I'm afraid I won't be able to rank quite low on the list this time."

On the left side outside the city gate, there is a stone tablet.

On the stele, from top to bottom, names are engraved.

Although the fetish cannot be obtained.

But according to the situation of passing the test, the stronger the person, the higher the ranking will be!

Although there is no substantial reward.

But the higher the ranking, the better-looking it is naturally!

At the same time, it can also add fame to the sect and get rewards.

Lu Changsheng observed carefully.

One to nine.

Fen Yan's name was ranked eighth.

Lu Changsheng smiled and said: "It seems that your strength is not bad."

Hearing this, Fen Yan said helplessly: "I will be squeezed out in the past today. These three people have not participated in the fetish test before. Participating now is definitely not something I can match."

"However... why did the disciples from the Immortal Palace come to participate in this test?"

At this time.

The three people from Xuanlei Xianzong, Xianyinmen, and Xiangong stood outside the city gate at the same time.

It's their turn to be tested.

When everyone saw this, there was a commotion.

It's nothing more than admiration, why did these three famous Tianjiao come to participate in the test!

The most talked about.

Naturally, it is Xianlan from Xianyinmen, and the disciple of Xiangong, who has transformed into Xuanxuan.

One is Xianlan among the Qiongqian Seven Daughters.

One is the legendary Asgard disciple, Xianhuaxuan!

It seems that Lei Yinshi of Xuanlei Xianzong is a bit out of place.

Xian Huaxuan looked at Xian Lan with a refined smile on his face and said, "Lan'er, go in later, remember to be careful, the test in it is still a threat to us."

Xianlan's face was cold, she just nodded slightly to Xianhuaxuan.

didn't say anything more.

Xianlan is the coldest woman among the Qiongxian Seven Daughters.

This attitude of rejecting people thousands of miles away.

Xian Huaxuan was also expected, smiled and didn't care.

The three of them stepped into the city gate at the same time!

For them, the light curtain only made Lei Yinshi and Xianhuaxuan pause slightly!

passed through the city gate.

And what about Xianhuaxuan?

He has a relaxed face and walks casually, as if for him, the suppressing power of the stars has no effect!

Chapter 583 Star fairy lock formation!

"As expected of a disciple of the Immortal Palace... Many people will be extremely reluctant to enter the city gate! Most of them are unable to pass, but he stepped through it so easily?"

"That's right, Xianlan from Qiongxian Seven Daughters, and Lei Yinshi from Xuanlei Xianzong will pause for a while, the gap between Xiangong and us is a bit big..."

"The disciples of the Immortal Palace have all gone out in person. I am afraid that the number one on the list has to be replaced..."

Only Lu Changsheng was puzzled.

This Lei Yinshi, in his opinion, is hiding his strength!

At the same time, there was an unusual breath in his body.

This breath is like a demon.

But it is different from Xiao Hei's domineering, contemptuous magic.

This ray of demonic energy is bloodthirsty, world-destroying, and...infinite evil!

Lu Changsheng thought to himself.

I'm afraid this test will not be easy...

Be more careful, stay away from Lei Yinshi, don't get involved in something later!

After all, Lu Changsheng just came to get the star essence, and other things have nothing to do with him.

Fen Yan laughed and said, "Senior, it's our turn."

Lu Changsheng nodded.

The three stood side by side in front of the city gate.

Fen Yan naturally also received the attention of others.

"Fen Yan, ranked eighth, is the pride of Immortal Fengu?"

"Fen Yan has been here many times, right? The ranking finally rose to eighth, but this time I'm afraid it will be squeezed out by those three people..."

"Who is the man next to him? Why can't I see through his strength?"

"Not even immortal energy?"

Lu Changsheng naturally received everyone's attention.

But this concern... Lu Changsheng is also dumbfounded.

Fen Yan reminded from the side: "Senior, when stepping into this star light curtain, you must rush through with all your strength from the very beginning!"

"The longer you stay, the greater the pressure. At the same time, if you don't use all your strength at the beginning, you may be dragged to death by the suppressing power of the stars."

After hearing this, Lu Changsheng nodded.

Do your best, right?

I don't know how strong this suppressive force is, so try to speed up as much as possible.

Immediately afterwards, the three of them took their right foot at the same time!

Fen Yan stepped into it, just took two steps extremely fast, then the speed became extremely slow!

But still able to grit their teeth and move forward.

It's just... the third person besides Lu Changsheng and Fen Yan, the moment he stepped into it, he was directly crushed to the ground!

Immediately, he was dragged out by the person next to him.

And what about Lu Changsheng?

Everyone was dumbfounded.

It's just the moment of stepping out with the right foot.

Lu Changsheng's figure rushed in at a speed that was hard to see with the naked eye!

directly rushed to the front of the second test!

Lu Changsheng noticed Fenyan behind him and everyone's horrified gazes.

Lu Changsheng's face was covered with black lines.

He's meowing...too fast, overshooting...

Didn't that boy Fenyan say how strong the suppressing power of the stars is...

This...is the same as nothing!

Isn't this trying to get me noticed by others! !

When everyone saw this scene, they all looked horrified!

"This... what speed is this? This speed, with our strength, can't be captured?"

"And... here is the restraint of the suppressing power of the stars! His speed is still difficult for us to capture. To what extent has this strength reached?"

"You must know that the test here has nothing to do with cultivation. No matter how high the realm is, once you reach the test, you will be suppressed in the fairyland!"

"Could it be... This son is also a disciple of the Immortal Palace? He is more talented than Xianhuaxuan?"

Fen Yan just stepped through the city gate, looking at Lu Changsheng's back with a solemn expression.

It seems that I still underestimate him.

With such strength, who is the master Xianyin behind him?

To be able to train such monstrous disciples?

You know, with his current performance, he has surpassed Immortal Palace disciple Xian Huaxuan!

No...you have to make friends with it.

Whether it is for Xian Fengu or for himself, it will have great benefits!

thought of this.

Fen Yan trotted up immediately, looked at Lu Changsheng and exclaimed: "Senior, with your strength, I'm afraid there will be immortals from the Immortal Palace to take you as an apprentice soon!"

Lu Changsheng shook his head, and immediately expressed his rejection.

"I already have a master, so forget it."

Fen Yan was speechless.

The Immortal Palace, outsiders are so crowded that they want to enter, but Lu Changsheng has made it clear that he does not want to join!

Ignorance after all.

Or is it not necessary at all?

Fen Yan shook his head, not thinking so much.

In front of them, there are countless chains!

The chains are connected into a network in mid-air.

Every link between the chains is connected by the power of stars!

Fen Yan explained: "The second test is to pass this chain, which is the only way to the palace."

"As long as you step into the Star Immortal Chain Array, those chains will be entangled!"

"It is said that there are two ways to cross. The first is to use speed to cross directly. The second is to block the chains with force. Even if you are bound, you can step over with strength!"

"However, the first method is almost impossible, and we can only rely on the second method."

Speed almost impossible?

Lu Changsheng just wanted to use this method to go directly.

The second type is broken by others.

If he accidentally gets too ahead of himself on this, will it make them pay more attention to him?

no!

Lu Changsheng immediately vetoed these two points.

Looking at the star lock formation, since it is a formation, there must be a way to break it!

As long as you crack it, you can get through it safely!

In this way, it will not be too much attention.

When he thought of this.

Fen Yan has already stepped into it first.

Immediately, the chains carrying the endless suppressing power of the stars bound towards Fen Yan!

Bind Fen Yan's body inside!

Seeing this, Fen Yan looked serious and let out a low growl: "Immortal Fire Nine Profound Body!"

The voice just fell.

Fen Yan's whole body was covered by monstrous flames full of immortal power!

Although the chains tied to him have not been burned, there is still a tendency for the suppression force to weaken slightly!

And Fen Yan, at this very moment, moved forward.

Every step you take.

There will be an extra chain tied to Fen Yan's body!

Obviously.

Fen Yan wanted to use the second method to break it with strength!

Lu Changsheng didn't move.

Instead, he looked at the overwhelming chains sweeping towards Fenyan in front of him, and fell into deep thought.

Where is the eye of this formation?

Where is the base?

As long as you find these two, you can break through this formation!

The outsiders saw Lu Changsheng stop.

All of them couldn't help but breathe a sigh of relief.

"It seems that light has speed, and the fairy body is not strong enough to survive."

"That's good, it makes us breathe a sigh of relief."

And at this time.

Lu Changsheng suddenly moved!

Chapter 584 The method of breaking the formation!

After Lu Changsheng's observation.

Why are the immortal cultivators in this fairyland so much better than the earth fairyland and heaven fairyland outside?

It is precisely because of the blood, and the fairy body!

The blood of immortal cultivators in the immortal world is immortal blood!

As for the blood of external ascetics, even if they pass through the blood-changing state, the transformed blood is still nothing more than mortal blood in the eyes of the fairy world, but this mortal blood will have a little more attributes than the blood of ordinary people.

In the outside world, the turbid fairyland is a step to get rid of the turbid air in the body and reach the fairy body.

There is no turbidity in the fairy world, they do not have this level of state.

His fairy body can also reach the most perfect level!

It can be said that the middle-latitude or even high-latitude fairyland powerhouses are nothing but pseudo-immortals.

If you can reach the level of an immortal cultivator in the immortal world, you can become a true immortal!

As far as the fairy body is concerned.

Said that Fen Yan is the peerless genius of Xian Fen Gu?

It is precisely because of this Immortal Fire Nine Profound Physique.

It is the strongest immortal body that can be awakened in the history of Fenyan Valley!

However, Rao is so.

Under the star lock array, it is still difficult to move an inch.

Under everyone's attention, Lu Changsheng finally made a move.

The structure of this Star Immortal Lock Formation is different from that of ordinary formations.

Ordinary formations are often arranged around the eyes of the formation.

The formation base is on the edge of the formation, serving as the support of the formation.

The eye of the formation is surrounded by the formation base, absorbing the power of the surrounding heaven and earth rules, and providing the power of heaven and earth for the entire formation!

In this way, a powerful power burst out.

And this Star Immortal Lock Formation is different from ordinary formations in that the positions of the eyes and the base of the formation are actually opposite.

The formation eyes stand around the formation base, and there are eight formation eyes, which are arranged around a formation base in the center!

This method can make the formation absorb the power of the surrounding heaven and earth rules more quickly, so as to burst out more powerful power.

At the same time, the formation base is also extremely stable.

want to break it open.

Then these nine formation eyes must be opened at the same time!

but...

Now that the locations of these nine formations have been found.

Then, it is not difficult to break through.

Lu Changsheng tapped his finger out!

Go to the way of the sword and turn into nine thin swords!

Flying towards the direction of the nine formation eyes!

Outsiders were slightly taken aback when they saw this.

"What is this doing? Attacking the Star Immortal Lock Formation?"

"Could it be that he wants to break the formation? An immortal formation master once tried this kind of thing, but they all ended in failure."

"That's for sure! The eyes of this Star Immortal Lock Formation are unpredictable. Even if you find it, if you want to attack, you will be self-protected by the Star Immortal Lock Formation, which bursts out powerful power to block this attack!"

"Simply put, it will be backlashed! One of the three immortal formation masters fell because of the backlash of the formation. This son...is a pity."

However, the development of things is not the same as everyone expected.

I saw Lu Changsheng's nine kendo long swords slashing towards the formation's eye at the same time.

The Star Immortal Lock Formation seemed to be aware of it. In the nine eyes of the formation, it began to crazily absorb the power of the rules of heaven and earth towards the surrounding area!

The wisps of fairy spirit formed a huge vortex around every formation eye!

Formation of nine vortices.

The chains in the fairy lock array began to riot wildly!

Every chain in the space began to tremble!

Even the chains tied to Fen Yan's body were scattered, and he shot towards Lu Changsheng crazily!

Fen Yan was taken aback when he saw this: "What happened?"

Then he looked back with a horrified expression!

"Senior Lu! Run quickly! You can't break the formation, breaking the formation will cause the formation to backfire!"

Hearing this, Lu Changsheng shook his head helplessly.

What the hell, didn't you say it earlier?

Now there is no other way, but to forcefully break the formation.

You can't just turn around and run, right?

Think here.

Lu Changsheng once again pointed out.

The way of the sword is surging wildly!

In front of him, tens of thousands of three-foot green spears formed!

When everyone saw this, they were all horrified.

"Such a powerful power of Taoism?"

"Has this person reached the realm of the sword god?"

Although in the fairy world, the power of Taoism pervades everywhere, it is not uncommon to understand the power of Taoism.

However, the power of Taoism at Lu Changsheng's level belongs to the upper class in the entire fairy world!

Immediately, with the tap of Lu Changsheng's finger, it came out.

The tens of thousands of three-foot green spears slashed towards the chains at the same time!

Wan Jian returns to the sect!

A sword with a handle collided with chains one after another.

Aftermath shock.

Space tumbling!

Everyone looked at the scene in front of them in horror.

Fen Yan's expression was even more serious.

With this kind of strength, this kind of talent, is he really not a disciple of Xiangong?

If he is not a disciple of the Immortal Palace, then who is the master Xianyin behind him?

To be able to train such a monstrous disciple...

Having passed the second level, Xianhuaxuan who arrived in the palace suddenly turned his head and felt the space shock.

Can't help being surprised: "Who is breaking the formation again?"

Lei Yinshi said indifferently: "I don't know how to live or die."

Xianlan didn't speak, but there was interest in her eyes.

"Okay, someone is looking for death, so naturally it has nothing to do with us, let's move on."

The three of them walked towards the third level without saying anything.

...

At this moment, the outside world.

Fan Yan and everyone outside the city looked terrified.

It's not just because Lu Changsheng can resist the backlash from the Star Immortal Lock Formation.

It was because of him that he was hindered by the force of backlash.

Directly destroy the nine formation eyes!

There is no formation with eyes.

lost all power.

The chains turned into ordinary iron chains at this moment and fell to the ground.

Fen Yan, who was in the Star Immortal Lock Formation, also suddenly lightened.

However, he didn't care about this matter, but ran to Lu Changsheng in a hurry, and exclaimed: "Senior, how did you do it? This method of breaking the formation is beyond the power of the immortal formation master!"

Lu Changsheng's expression froze, and he asked cautiously, "Is the Immortal Formation Master... powerful?"

"It's more than amazing!"

With an exaggerated expression, Fen Yan said, "You know, there are no more than a hundred masters of the fairy formation in the entire fairy world! Every master of the fairy formation is a guest of each sect and faction, and even the fairy palace can accept the immortal formation. The master is enshrined as an outer sect!"

Lu Changsheng's face darkened: "Then why didn't you say it earlier?"

"Say it earlier? What should I say earlier?"

If I had said earlier, I would not break the formation!

Lu Changsheng covered his face, not knowing whether to laugh or cry.

What the hell, it's better to break it with strength just like burning flames.

After working for a long time, I still let other people pay attention to me.

I'm afraid after this time.

The fact that he is an array mage even better than the immortal array master is about to spread.

Or...

Just silence the people here?

Chapter 585 Starry Sky Hall, Climbing the Ladder!

Silence things.

Lu Changsheng thought about it and decided to forget it.

First, the forces in the fairy world are intricate, and I don't fully understand it. If I act rashly, it may cause a violent rebound from those forces.

Second, there are so many people here, and they are all the arrogance of various immortal sects, no matter how much they silence them, they will be noticed by the other party.

However, if Fen Yan knew what Lu Changsheng was thinking, he would probably be speechless.

Just such a trivial matter, do you need to think about silence?

And when the formation in the second round was directly broken.

Lu Changsheng and Fen Yan pushed open the palace gate and walked in.

Fen Yan explained beside him: "This third level is my previous limit."

The test is divided into four levels.

Each level will be several times more difficult than the previous level!

"And this third level is to defeat the fairy puppet. Its strength will be determined according to the strength of the passerby. However, the highest will only reach the Heavenly Immortal Realm, because if you come to this palace, if your strength exceeds the Heavenly Immortal Realm, you will be defeated." A cultivation base that was sealed to the Heavenly Immortal Realm by the suppressing power of the stars."

Seal repair?

Lu Changsheng was a little puzzled.

It seems that my cultivation has not been suppressed?

And he didn't even feel the power of the seal falling on him...

"Look, Xianhuaxuan has passed! Lei Yinshi and Xianlan are both Heavenly Immortal Realm cultivators, and they are both fighting a fairy puppet."

Lu Changsheng looked forward.

before the channel.

There are two starlight cages.

Trapped Lei Yinshi and Xian Lan in it, on the opposite side of them, the fairy puppet is attacking them!

Xian Huaxuan had already smashed the fairy puppet, and looked at Xianlan with a smile on his face.

When he noticed Fen Yan and Lu Changsheng, he raised his eyebrows slightly.

Before, he noticed that someone was trying to break the formation.

The backlash brought about by breaking the formation did not engulf them?

Then there should be some treasure...

After all, Fen Yan, as the arrogance of Immortal Fengu and the son of the owner of the valley, naturally has some treasure to protect him.

As for thinking about breaking the formation?

Xianhua Xuanxiang doesn't even think about it.

This is something that even the Immortal Array Master cannot do!

If you want to break the formation, you must be a figure above the immortal formation master.

That kind of character would be regarded as a guest even in Asgard.

How come here?

Compete with their juniors?

However...if they know that the fetish here is the spirit of stars.

I'm afraid I don't think so...

Immediately afterwards, he withdrew his gaze and re-locked his gaze on Xianlan.

It seemed that there was no one worthy of his attention except Xianlan, who was the seventh daughter of Qiongxian.

Fen Yan smiled, looked at Lu Changsheng and said, "Senior Lu, shall we go too?"

Lu Changsheng nodded.

stood in front of the passage.

In front of Fen Yan, a fairy puppet from the early days of the Heavenly Wonderland suddenly appeared.

But in front of Lu Changsheng, there was no immortal puppet for a long time.

Lu Changsheng froze for a moment, looking around.

I saw that Fen Yan had already started fighting.

Lei Yinshi and Xianlan had settled the matter, but in front of Lu Changsheng, there was no movement!

Not even the starlight cage appeared!

What's the situation?

Time passed by one minute and one second.

Xianhuaxuan and others have already walked towards the fourth level.

Half a day has passed.

Fen Yan finally broke through his limit and burned the fairy puppet!

In front of Lu Changsheng... still there was no movement at all.

Fen Yan looked at Lu Changsheng with a slightly pale face, and said in a daze: "Senior, is there still no fairy puppet?"

Lu Changsheng shook his head.

At this moment, a voice suddenly came from all directions.

"Your strength cannot be sealed, so even if you send out the fairy puppets, they are not your opponents. Just go there."

Fen Yan: "???"

Lu Changsheng scolded angrily: "Then why didn't you say it earlier?"

Waste of time dude.

Fen Yan had a wry smile on his face.

A strength that cannot be suppressed?

How strong is this?

I am afraid that it is countless times stronger than Xianhuaxuan of the Immortal Palace, so it is not at the same level...

"Eh...well, senior, since that's the case, let's go directly."

Lu Changsheng nodded.

Walk through the aisle.

is a hall.

The hall is extremely spacious.

Surrounded by dome stone pillars, above the stone pillars, the power of the stars is extremely strong.

These stone pillars seem to form a large formation!

Look up.

It seems that the dome cannot be seen, like a starry sky, with stars hanging high.

In the center of the stone pillars, there is a suspended ladder.

The sky ladder leads to the starry sky in the dome.

Fen Yan explained from the side: "This fourth level is to climb the ladder. There are 99 floors in total, and as long as you climb this ladder, you will be sealed by the stars! You can only rely on your body and will to withstand the terrifying The force of repression has gone through the entire process..."

"Of course, the repressive power of each floor will become stronger and stronger. The repressive power at the gate of the city is only equivalent to the pressure of the fifth floor on this ladder..."

Lu Changsheng looked up, and now, there are three people on the ladder.

Xianlan is on the fifteenth floor, at the very end.

Lei Yinshi reached the twenty-second floor.

Xianhuaxuan has already reached the forty-first floor!

Xianlan looked at the two people above, bit her red lips lightly, her cold eyes showed a look of reluctance, and she took another step, wanting to go up!

However, the moment he raised his leg, his pupils shrank suddenly, and blood flowed from his mouth!

Xian Huaxuan was at the top, with beads of sweat on his forehead. Obviously, for him, this ladder was not so easy.

Looking back, he looked at Xianlan and said: "Xianlan, don't force yourself, if this continues, I'm afraid it will cause irreversible damage to Xianqi!"

Xian Lan didn't speak, but her face was extremely stubborn.

Lu Changsheng didn't pay attention to these two, his eyes fell on Lei Yinshi!

Although his face was pale, his breath was extremely steady!

Obviously, this is pretending.

Looks like... this person has other goals.

Fen Yan said: "Senior Lu, go up together?"

Speak, Fen Yan stepped on the ladder!

The moment you step on it!

directly opened the Immortal Fire Nine Profound Body!

Climb to the eighth floor in one go!

However, when it reached the ninth floor.

Fen Yan's body trembled violently!

Even the waist was forced to bow down!

I want to continue to lift my feet, but I can't lift them no matter what!

Seeing this, Fen Yan smiled wryly.

I'm afraid, this is his limit...

Looking back at Lu Changsheng.

But I saw Lu Changsheng walking up step by step, without slowing down.

level one.

Second floor.

the third floor.

...

Every step is extremely smooth, with well-proportioned breathing.

His face was calm.

Until the moment of surpassing him.

No jitter either!

It seems that to him, the pressure of this ladder is not worth mentioning!

Fen Yan smiled wryly to himself: "I don't know what floor senior can reach... Will he break the record of the first place, surpassing the 69th floor... Or in other words, directly crushing Xianhuaxuan?"

Chapter 586 Remnants of the Demon Realm!

Starry sky ladder.

There are 99 floors in total.

Every step of the ladder, the force of suppression on it will be several times that of the previous one!

From the moment the cultivation base is completely sealed, how difficult is it to rely on the immortal body and willpower to climb to the top?

It can even be said that this is simply an impossible task!

Today.

The person who climbed the highest number of floors is the number one on the list of city gate steles, climbing to the 69th floor!

This person even attracted the attention of Asgard.

Now, Xianlan took another step and came to the 16th floor!

But at this moment, her expression changed.

Looking to his side, his expression froze.

Lu Changsheng walked slowly past her, every step was extremely smooth, neither rush nor slow.

Look flat, back straight.

It seems that this ladder is not difficult for him.

Layer 17.

Layer 18.

Keep going up.

The speed is still stable.

Not one second faster, not one second slower!

Xianlan looked horrified, thinking to herself.

Who is this person?

Why have you never heard of such characters before?

Could it be that he is also from Asgard?

Lu Changsheng didn't pay attention to Xianlan's gaze, Qiongxian and the Seven Daughters?

It is indeed beautiful and moving.

However, since ancient times, beauties have been troublesome, and Lu Changsheng didn't want to provoke these beautiful women.

It's definitely not a good thing to provoke!

After all, there is no shortage of followers around these beauties.

If this is won, those people will definitely hate it!

What's more, this fairy orchid was taken by the disciples of this fairy palace.

He didn't want to provoke other forces in this unfamiliar place.

Lu Changsheng walked up while paying attention to his surroundings.

Spiritual consciousness is released.

In case there are any ghosts coming out to attack, and there are some formation traps.

This is also the reason why Lu Changsheng is not moving fast.

If Lu Changsheng wanted to, he would naturally be able to fly up directly.

The power of the seal here has no effect on him!

Even if you have it, you can easily climb to the top with your physique.

Above.

Lei Yinshi has reached the 35th floor.

Looking at Xian Huaxuan above, a gloomy look appeared in his eyes.

Although his face was pale, the speed of climbing the ladder has not changed at all!

To know.

Climbing the ladder, the suppressive power of each floor is stronger than the previous one!

Stacking layers upon layers, how many people can do this except Lu Changsheng who is beyond the six realms?

Xian Huaxuan has come to the 49th floor!

At this time.

Lei Yinshi darkened his face and said secretly: "The distance is enough..."

Immediately, wisps of evil energy erupted from the body!

Xian Huaxuan's expression changed, and he immediately turned around!

Looked at Lei Yinshi.

Xianlan's expression changed drastically!

Fen Yan shouted in shock: "People from the Demon Realm!"

Lu Changsheng was slightly taken aback.

Demon Realm?

But why can this person still release the aura of cultivation?

Wasn't it suppressed?

Just as he thought so.

Lei Yinshi raised his head and laughed loudly: "People of Immortal Palace, die!"

That demonic energy turned into black flames of purgatory!

It burst out from Lei Yinshi's body!

Not only exploded towards Xianhuaxuan!

It even attracted Xianlan, Fenyan, and Lu Changsheng!

Lei Yinshi chose to shoot here.

It is here, these people are all within their attack range!

at the same time.

On the ladder, their realm will be completely suppressed!

Can only rely on the power of the fairy body.

Only when you act at this time can you be sure that nothing will go wrong!

Xian Huaxuan was startled and furious: "Evil demons dare to act presumptuously in my fairy world!"

Immediately, he wanted to make a move, but found that his realm had been sealed, and only then did he realize his current situation.

Involuntarily his face became gloomy.

However, the fire of purgatory has arrived, so I have to bear it hard!

While resisting this suppressive force, Xianhuaxuan punched out!

Below, Xianlan and Fenyan also gritted their teeth and shot out!

Want to resist this purgatory fire.

Seeing this, Lei Yinshi grinned wildly.

"Hahahaha! The Tianjiao of the Immortal Palace, the Qiongxian Seven Daughters, and the genius of the Immortal Fengu, can kill you. When I return to the Demon Realm, I will definitely be rewarded!"

Obviously.

Lei Yinshi wanted to silence him!

Lu Changsheng was speechless.

I said, kill them if you want.

Why did you involve me in this!

I thought about it and didn't provoke you...

However, seeing the other party's purgatory fire hit.

Lu Changsheng had no choice but to resist.

After all, the ladder is only so wide. Where can the flames of purgatory go in all directions?

As a last resort.

Lu Changsheng pointed out.

Suddenly, the fire of purgatory directly turned into nothingness!

At the same time, the fire of purgatory sweeping towards Xianhuaxuan, Xianlan, and Fenyan also dissipated at the same time...

Oops...

Lu Changsheng was stunned.

It seems... I lost my strength.

Originally, Lu Changsheng just wanted to dissipate the flames of purgatory in front of his eyes.

How do you know.

The fire of purgatory is so weak?

Seeing this, Fen Yan immediately cupped his fists and said, "Thank you, senior!"

Xian Lan was taken aback when she saw this, how could this person be so strong?

Like Fen Yan, he also clasped his fists at Lu Changsheng and said, "Thank you, Senior, Xianlan."

Xianhuaxuan's expression turned horrified.

Who is this person?

Could it be that he broke the Star Immortal Lock Formation back then?

This kind of character actually came here?

However, no matter what, he saved his life.

"Xiangong Xianhuaxuan, thank you senior, I will definitely mention it to my master afterwards, and repay the kindness of senior."

"However, now I still ask the seniors to take action and eradicate the remnants of this evil realm!"

Lei Yinshi's expression was horrified.

"Impossible! Your strength has not been suppressed?!"

"I am from the Demon Realm! If you dare to stop me, I will kill you when I break through the seal in the Demon Realm!"

Lu Changsheng had a headache.

At the moment of making a move, he naturally wouldn't let Lei Yinshi go back.

Let the tiger go back to the mountain?

Then the younger one is gone and the old one is called to avenge it?

Lu Changsheng would not make such a low-level mistake.

He didn't respond to Xianhuaxuan's words, and likewise, he didn't need to pay attention to Lei Yinshi's threats.

Lu Changsheng took a stride.

It actually came directly in front of Lei Yinshi directly from the 29th floor, across a full 6 steps.

Among the horrified eyes of everyone.

Lightly tapped Lei Yinshi's brow with a finger.

Under Lei Yinshi's desperate eyes.

A sword energy gushed out from Lu Changsheng's finger!

Poof!

In an instant.

The sword energy directly pierced Lei Yinshi's eyebrows.

Lei Yinshi's still desperate pupils slowly lost focus and dissipated...

Fell down from the ladder!

Xian Huaxuan immediately clasped his fists and said: "What seniors have done, Immortal Palace will definitely reward you!"

Lu Changsheng wanted to cry when he heard this.

Damn it, I felt something was wrong with Lei Yinshi at that time.

Already watching out for him.

But this stinking shameless person actually wants to silence him!

This is just great.

It's hard not to be noticed by other forces in the fairy world!

Chapter 587 Six Realms Secrets

See this scene.

Xianhuaxuan, Xianlan and Fenyan all looked shocked.

Lu Changsheng not only instantly killed Lei Yinshi, who had no strength to be suppressed.

From the 29th floor to the 35th floor in an instant!

Among them, there are 6 steps separated!

The power of repression, how could it be simple?

It is extremely difficult for them to cross a ladder.

What about Lu Changsheng?

But stepping out six...

Who is this person?

Xian Huaxuan immediately asked: "I don't know where the senior is, tell me, so that I can tell the fairy palace, so that I can give you a reward."

Lu Changsheng waved his hand and said, "There is no need for a reward."

"I'm just an ordinary person."

Mediocre...

Xian Huaxuan's eyes twitched.

Is this pretending?

But he really managed to pretend!

Xian Lan couldn't help showing a slight curvature at the corner of her mouth.

This guy is really interesting...

However, it is really rare in this fairy world to be able to refuse the favor of the fairy palace.

Fen Yan shook his head helplessly.

Those who can train such disciples.

Naturally, it will not be inferior to Asgard.

There is nothing wrong with what Lu Changsheng said.

At the moment.

Since he has exposed his strength of 100 million points.

There is no need for Lu Changsheng to pretend anymore.

In the case of searching the Quartet with the spiritual consciousness.

Take a step forward.

The figure instantly disappeared in place!

Everyone was taken aback.

And at the moment when Xianhuaxuan and the others were stunned.

Lu Changsheng has appeared on the 99th floor!

Go straight to the top!

Wait until they react.

Xian Huaxuan and the others are already speechless...

What kind of strength is this?

How powerful is the fairy body to be able to do this?

The power of repression here.

Xian Huaxuan thought that even if his strength was not sealed.

can't do that!

can only obediently climb up step by step.

It is not yet known whether it will be able to reach the summit...

Fen Yan smiled wryly and shook his head, he still underestimated the strength of his senior.

The strength of this senior.

It's like a bottomless pit.

When I think I have seen through his strength, the next moment I will reveal stronger strength!

Can't see through at all!

Lu Changsheng also ignored the people behind.

Instead, he stepped directly into the starry sky.

...

At the moment.

Beyond the city gate.

Everyone is still discussing.

"I don't know if the ranking on the stele will change this time."

"It will definitely, you know, Xianlan, one of the seven daughters of Qiongxian, and Tianjiao Xianhuaxuan of Xiangong have all made a move!"

"Well, not to mention Qiongxian's seven daughters, none of the people in the fairy palace is mediocre, not to mention that Xianhuaxuan is the elder of the fairy palace, I am afraid that the position of the first place will have to be changed. "

"What about the person who broke the formation before?"

"He? He does have some skills, but I think he should be a little inferior when he meets people from the Asgard Palace."

"Well, it makes sense."

At this time.

There was a person who was always paying attention to the stele, pointing at the stele and shouting: "Look! Xianlan has pushed Fenyan down in the ranking, to the eighth place!"

Everyone looked at it with interest.

"As expected, I want to see the rankings of Lei Yinshi and Xiangong Xianhuaxuan."

Sure enough, after a while, Xianhuaxuan's ranking directly squeezed out the second place name!

See it.

Everyone said with emotion: "As expected of being a disciple of the Immortal Palace, he came directly to the second place."

"However, it is estimated that it is not over yet. The gap between him and the first place should not be too far away."

But, at this moment.

Xian Huaxuan's ranking moved down, and came to the third place!

Everyone frowned.

The original first place also became the second place!

"Who is it? Lei Yinshi?"

However, when everyone looked up slowly.

But he was stunned.

First place, a name that is extremely strange to everyone appeared!

First place, Lu Changsheng, 99 floors!

"This... who is this Lu Changsheng?"

"9...99 floors?! Isn't this the summit?"

"Something has happened, the four major tests, until today, will finally be taken away!"

"Quick, quick! Notify the people in Asgard!"

"However, who is this Lu Changsheng?"

"The people who went in at that time were Fen Yan of Xian Fen Gu, Xian Lan of Qiong Xian Seven Daughters, Lei Yinshi and Xian Gong Xian Hua Xuan."

Is it impossible...

Everyone's eyes were horrified!

"It's the one who broke through the Star Immortal Chain Formation!"

soon.

The matter of climbing to the top.

spread throughout the fairy world!

Asgard naturally got the news.

"Send the elders to see who Lu Changsheng is?"

"Well, the matter of the stars and spirits is of great importance. Now the seal of the Demon Realm is about to move, and it is on the verge of breaking."

"At that time, the Immortal Emperor said that only those who get the star essence can strengthen the seal and save the Six Realms from this catastrophe!"

"I'll go, my disciple is in that city now."

"That's fine, you must invite Lu Changsheng to my fairy palace!"

"clear."

After finishing speaking, Xiandinghe disappeared into the hall!

...

After the ladder, there is a land of stars!

But.

The moment Lu Changsheng appeared here.

The starry sky changed.

Lu Changsheng appeared in a barren land!

"This is where?"

The voice fell.

A voice came from beside Lu Changsheng.

"This is the fairyland..."

Lu Changsheng was not surprised by this.

From the moment he came here.

Spiritual consciousness has captured this illusory man beside him.

The man explained: "Since you have passed the test, you are the savior of the world."

"Of course, some secrets, I also want to tell you."

Lu Changsheng immediately said: "Don't tell me, I'm too weak, I can't be the savior of the world."

The man was silent for a while, but he still ignored Lu Changsheng and said to himself.

"At that time, the Six Realms were peaceful and prosperous, and the culture of Taoism was in full bloom."

"However, the evil world and the demon world suddenly joined forces and launched a war against the other four worlds!"

"The war has lasted for tens of millions of years. Among the six realms, people are dying, and my fairyland is naturally unavoidable..."

Six Realms?

Lu Changsheng asked curiously: "Then my world..."

"Naturally, it is the human world. There were several human ancestors in the human world at that time, but they have all fallen, which has caused the moral cultivation civilization of the mortal world to fall behind to what it is now."

"After tens of millions of years of great war, the two worlds of evil and demons were defeated by strong men from the four worlds, who sacrificed countless strong men and sealed them in one domain, which is today's demon domain."

"It is the opposite of the passage, a place of endless darkness."

Lu Changsheng nodded slightly.

"But there is always a moment when the seal is broken. At that time, we invited many Destiny Masters and spent a lot of money to prophesy."

"The savior came from the mortal world, so climbing the ladder will not suppress all cultivation except the immortal energy."

Lu Changsheng suddenly realized.

Therefore, Lei Yinshi and his cultivation will not be suppressed.

"However, although your cultivation base does not have immortal energy, even if you suppress it, Zhenxianti will not be able to suppress it."

Lu Changsheng: "..."

Am I so awesome?

#### Chapter 588 Holy Soldiers, Suppressing the Heavenly Pagoda!

The calamity of the six realms.

is thousands of years ago.

The two worlds of evil and demons got a holy weapon by chance, and raised an attack, intending to destroy the other four worlds and expand their territory.

After all, the two realms of immortals and gods are the most suitable realms for cultivating immortals.

After countless years of war in the Six Realms, countless powerful people were sacrificed, and the Second Realm of Demons was sealed in a place without the slightest aura.

It is called the Demon Realm.

It was also in this catastrophe of the Six Realms that the human race lost several human ancestors.

As a result, the strength of the human world continued to decline.

Later, no one was able to step up to the position of human ancestor, which led to the fact that the current human world is infinitely weaker than the other three worlds.

The phantom next to Lu Changsheng continued: "The human world was divided. The idea at the time was to separate the human world because it contributed too much and lost too much. It is also a disguised form of protection."

"But now that you have opened the latitude barrier and come to the fairy world, you are dragging the human world into this catastrophe again."

Lu Changsheng: "..."

"It's okay, I won't talk to anyone else about anything here after I leave, you just need to seal the passage again."

"It's really not possible, I will help you strengthen the seal!"

"Guarantee that no one from the human world can get in!"

The phantom man smiled helplessly: "This cause has already been planted, and naturally it cannot be avoided. What's more, you have passed the test of the star spirit, and the fate of the six realms has already been tied to you."

"I can't dodge it even if I want to. Besides, the moment the passage was opened, a lot of the power of the Tianfutu Pagoda in the ancient town was lost, and the seal in the demon realm is already crumbling."

Tianfutu Pagoda in the town.

This is a quasi-holy soldier.

This consumes a lot of resources in the Four Realms, as well as the lives of countless refiners!

After being infused with the power of the souls of the four ancestors and the lives of the rest of the strongest, it became a holy weapon!

Seal the Demon Realm in the Demon Realm for thousands of years!

Lu Changsheng almost gave himself a hard time...

You said, why did you insist on looking for this star spirit?

Isn't it okay to go to other places that Willow said?

When I said it at the beginning, it seemed the safest, and it would not involve too much cause and effect.

But now it seems that this is the most \*\*\*\* dangerous place!

Also triggered the hidden script!

Lu Changsheng raised his head and sighed, "You're a sinner..."

At this time.

The phantom man's body became more and more illusory.

The man said: "My remnant soul is almost exhausted. Fortunately, I waited for you. Go and take away the star essence."

The voice just fell.

Below the head, it has completely disappeared.

"This star spirit is the key to unlocking the Heaven-Suppressing Pagoda. After the seal is completely broken, take it away. Maybe it can be your help."

The man's last words echoed in Lu Changsheng's ears.

"The safety of the Four Realms, whether it is destroyed or reborn, is up to you."

Lu Changsheng sighed helplessly, and now he can only accept it.

Cause and effect are connected.

Can no longer escape.

Unless the evil domain is resolved.

Otherwise, he will always be involved.

Look up at the starry sky.

A purple gemstone, suspended under the starry sky.

Absorbing the power of the surrounding stars.

Shine!

Lu Changsheng stretched out his hand, pulled him over with the breath of the stars, put it in his dantian, and left here.

Return to the main hall.

Everyone has already left the ladder, watching Lu Changsheng's return.

Fen Yan immediately stepped forward and asked, "Senior, have you got that fetish?"

Lu Changsheng nodded.

Xian Lan also took the initiative to ask for the first time: "I don't know if senior can tell what this fetish is? It's okay, but I'm waiting."

Lu Changsheng looked at Xianlan, and said calmly: "Since you don't know, and the seniors in the sect didn't tell you, it proves that your strength is not enough."

"It's not good for you if you don't have enough strength to know too many things."

Xian Lan was taken aback when she heard the words, nodded her head, and stopped talking.

As for Xianhuaxuan, if someone else spoke to Xianlan in this way, I'm afraid they would stand up for him.

But after seeing Lu Changsheng's strength before.

Still thinking about getting ahead.

Isn't this courting death?

not to mention.

Asgard has training.

The person of the \*\*\*\* is the guest of honor of the fairy palace.

Xian Huaxuan stepped forward, cupped his hands and said: "Senior, since you have already obtained the fetish, follow me to the Immortal Palace."

Lu Changsheng just wanted to say something.

After releasing his consciousness, he was taken aback for a moment, shook his head and said, "No need, someone from your Immortal Palace is here."

coming?

Xianhua Xuan was taken aback when he heard the words.

I don't even know how you know?

Feeling the power of divine consciousness looming around.

Xian Huaxuan couldn't help being surprised.

Not only is the cultivation base suppressed here, but it is also impossible to search the surroundings with spiritual consciousness!

How on earth does this person do it?

Then.

Lu Changsheng walked ahead and stepped out of the city gate first.

On the way, the power of the stars at the testing place has disappeared.

This city has also turned into an ordinary city.

And at this moment.

Outside the city gate, there was a sea of people, and it was dark.

In the sky above, there are dozens of experts!

Surrounded by immortal energy, the sky is covered by a tyrannical aura!

Lu Changsheng looked up.

The strong people here are indeed much stronger than those in the high-latitude boundary.

Even if it is the Dark Lord of the Dark Domain, it cannot be compared with it.

"It's the number one on the stele, Lu Changsheng!"

"Since he came out, the fetish should be on his body."

Lu Changsheng could clearly perceive it.

Many of these people are greedy.

But he dared not do it.

After all, there are so many strong men staring at the sky.

And the people of Asgard have also arrived.

How dare they grab what Asgard asked for?

At this time.

An old man came to Lu Changsheng in an instant, and said with a smile: "My dear friend, but you got the god?"

Lu Changsheng nodded.

He wanted to say no.

Just look at the expressions of the people around you.

will be able to know that the other party has already known.

It's useless to hide it.

"Why don't you go to the fairy palace with me?"

"Don't worry, our Immortal Palace will not \*\*\*\* the fetish from the immortal friend, but we have important matters to discuss."

"Besides, since you got the fetish in it, you must also know the secret in it."

Hear here.

Lu Changsheng nodded.

Since the other party knows more information.

And this matter has been tied to himself.

Then know more and prepare better.

After Xian Huaxuan came out, he saw the old man and was slightly taken aback.

"Master, why are you here in person?"

Xian Rusheng smiled and said: "Naturally, I will come here. Alright, Lu Xianyou, come with me now?"

Say it.

The three of Lu Changsheng left in the direction of the fairy palace.

Fen Yan also reunited with his father, who is also the owner of the Immortal Fen Valley Valley.

After hearing what Fen Yan said.

Fengu Guzhu said solemnly: "We must continue to maintain a good relationship with this person in the future, and we must not make enemies with him, do you understand?"

Fen Yan nodded.

Chapter 589 Return to the World of Longevity

Asgard.

is the strongest force in the fairy world!

none of them.

Command Ten Thousand Immortals!

In the fairy world, everything big and small is under the control of the fairy palace.

At the moment.

Xian Rusheng brought Lu Changsheng to the Immortal Palace.

After Xian Huaxuan arrived at the Immortal Palace, he returned to the mansion to practice on his own.

Lu Changsheng looked around.

Asgard is located above the entire fairy world.

It is a group of palaces!

Around the entire Immortal Palace, the immortal energy is misty, and its intensity is more than ten times stronger than anywhere in the Immortal World!

Moreover, there are several tyrannical auras in it.

It can be said that these breaths can destroy the dark field with one blow!

You know, the dark domain can also be regarded as half a god-level force.

However, Lu Changsheng also felt a little familiar with the breath...

In the mortal village, and in the dark realm, the method of deducing the heavens is somewhat similar.

I'm afraid this also has some relationship.

Besides, Xian Rusheng explained with a smile: "Lu Xianyou doesn't have immortal energy on him, so you must be the one who broke the passage of the six realms before?"

Lu Changsheng was not surprised that Xiangong knew that he was the one who broke the passage.

Since Asgard is the head of the fairy world.

The forces spread all over the fairy world, so it is not surprising to know this matter.

"In the mortal world, the appearance of a character like Lu Xianyou seems to have come into being."

Lu Changsheng smiled: "I'm just an ordinary person who is used to being quiet."

"Hahaha." Xian Rusheng smiled and stroked his beard: "You don't have to be modest Lu Xianyou, even I can't see through you, your strength is naturally beyond doubt, as for the future, we will talk about it after we arrive at Xiandi Palace Bar."

Immortal Emperor Palace.

As the name suggests, it is the place where the Lord of the Immortal Palace and the Immortal Emperor reside.

And the Immortal Emperor is the strongest in the Immortal World!

The Immortal Emperor Palace is located in the very center of the Immortal Palace.

There is no defensive formation around, and no one is guarding it.

With the name Immortal Emperor Palace alone, no one would dare to offend it rashly.

Xian Rusheng brought Lu Changsheng into it.

Then there was a man who looked extremely young sitting on a huge seat.

Seeing Lu Changsheng coming, he got up to greet him, and said with a smile: "Lu Changsheng, I wonder how our fairy world is?"

Is this pretending?

However, Lu Changsheng still smiled and replied: "It's better than ours."

The Immortal Emperor smiled and shook his head, "This is now. Back then, the strength of the human world was somewhat stronger than that of the fairy world, second only to the \*\*\*\* world!"

Lu Changsheng thought to himself, oh, it's none of my business.

"Presumably, you also know some secrets of the Six Realms. I invite you here this time to discuss this matter."

Emperor Immortal put away his smiling face in an instant, and said seriously: "After the Four Realms suppressed the demons in the Demon Realm back then, they knew that the seal would be broken."

"So after that, I invited several Destiny Masters to make a prophecy at the cost of their lives."

"They didn't say who this person is, they just said that the person who gets the star spirit is the person who can affect the second six-world catastrophe."

Lu Changsheng smiled and said, "I don't have the ability."

"The prophecy is so, we naturally believe it."

Emperor Immortal said solemnly: "This matter is related to the four realms, so if you need any help, you can come to my fairy palace at any time."

Lu Changsheng nodded helplessly, and said, "Since it is related to me, I will naturally take action at that time. After all, I only want to live a quiet life."

It is a lie to say that you have no regrets.

But things have already happened, so we can only solve him.

After returning home, Lu Changsheng decided to start practicing!

I can no longer lie flat like before!

So, let's set aside an hour every day to practice...

Then I have to urge Ye Qiubai and those brats to practice to death.

Otherwise, something will happen at that time, and it will really be over...

The six worlds are gone, and the human world is also gone.

How can you still fish!

After hearing these words, the Immortal Emperor breathed a sigh of relief.

He is also worried that if the person who gets the star essence is not good-natured, his character will not be good.

It's okay, I have some responsibility.

"Since that's the case, then I'm relieved."

"I don't know what plan you have in the future?"

"Do you want to stay in my fairy palace to practice? If you practice in the fairy palace, your realm will also improve faster."

Lu Changsheng declined with a smile, "I'm still not used to it here."

"Understood." The Immortal Emperor nodded: "The Elder Immortal, please give it to me."

"No need, I can go by myself."

After leaving Asgard.

Lu Changsheng left the fairyland at an extremely fast speed.

Returned to the low-latitude realm through the fairyland passage, and returned to the longevity realm.

Seeing Lu Changsheng return.

Liu Zirui smiled and said, "What's the matter? What's on the other side of the passage?"

Lu Changsheng kept silent.

This matter has not been known to too many people.

Even if Liu Zirui is one of his own.

But once the news is leaked.

After being known by other caring people.

Then you might try your best to get to the fairyland!

After all, the fairyland is an unknown world.

Some greedy and fearless forces will naturally plunder resources!

When I can't get in, I will come to him...

Then there will be no quiet time?

Liu Ziru didn't ask any more questions when he saw this.

Lu Changsheng came to the willow tree, and asked through voice transmission: "Xiao Liu, you should know about the Six Realms."

Although Willow has always been a little dissatisfied with this title.

But now I'm getting used to it.

"I know, it seems that they chose you?"

Lu Changsheng nodded helplessly, "Why didn't you say it then?"

Willow replied: "I haven't paid attention to where the star spirit is, and I don't know that it will appear in the fairy world."

"However, since you have been chosen, this karma cannot escape."

Lu Changsheng smiled bitterly: "Of course I know."

After speaking.

Found Shi Sheng and took out the star essence.

Instantly.

In the entire longevity world, the power of the stars is surging!

Originally the scorching sun was in the sky.

Now night falls!

The stars hang high!

Purple light emerged.

And the purple light of the star essence also illuminated the entire longevity world!

Liu Ziru was surprised.

It is worthy of being a fetish when the world first opened.

Just taking it out has the power to influence the world!

Shi Sheng was also taken aback, and asked, "Master, what is this?"

Lu Changsheng rolled his eyes, and said angrily: "Don't worry about what it is, absorb it quickly, because of this thing, I still have such a big hidden mission."

Shi Sheng was moved in his heart.

He knows that Master hates to involve cause and effect the most.

So many things, if you can't do it, don't do it!

And being able to make Master say so, it also proves that this matter is really big.

"Don't worry, Master, I will practice hard when the time comes, and I will help you with your karma!"

Lu Changsheng curled his lips when he heard the words: "Why are you talking so much nonsense? You can practice to that level first, then go ahead and practice!"

Shi Sheng nodded, and as a result, the star essence was incorporated into his dantian!

Chapter 590 Forced cohesion!

The star essence is what was born when the heaven and the earth first opened.

The content recorded in the ancient books is extremely simple.

And it's just hearsay.

After all, there is only one star spirit so far.

Also never obtained.

Naturally, there are very few records.

According to rumors, this star spirit contains all the power of stars when the world first opened!

And all the stars in the sky and the earth can emit brilliance, because the star essence is scattered when they wander in the universe.

If the rumor is correct, then without this star spirit, all the stars in the sky and the earth would not emit light!

Nor will there be any star power!

This is why the star essence is called a god.

Why was it sealed as an S-class secret by the dark domain.

The reason why it is so valued by Asgard.

Now that Lu Changsheng entrusts these fetishes to Shi Sheng to absorb, I am afraid that the improvement is not only in strength!

...

Shi Sheng sat cross-legged beside the willow tree.

Because the willow tree is surrounded by the power of the rules of heaven and earth!

It seems that the purest force of the law of the world is gathered in the willow tree.

What's more, if something unexpected happens, Liu Shu and Shizun can deal with it in time.

Shi Sheng held the Star Essence in both hands, with a serious face.

This is what the master paid a "big price", and I must squeeze every bit of its power!

Thinking of this, after making all the preparations, put the star essence into the dantian!

In an instant, waves of majestic, rich and condensed power of stars erupted from Shisheng's dantian!

This extremely concentrated star power turned into a monstrous purple beam of light at this moment, rushing towards the sky!

Today's sky is full of clouds, covering the scorching sun.

Only a few rays of sunlight can be seen through the gaps in the clouds, illuminating the world.

And as the purple starlight column soared into the sky, it actually directly pierced through the clouds!

The sea of clouds rolled, and the sun shone on the land!

The herd of beasts that have been spawned are all looking up to the sky, absorbing the aftermath of the falling stars.

Suddenly, most of the wild beasts opened up the dantian!

In the dantian, a trace of star power has been cultivated!

This also means that they can use the power of the stars to practice.

After several years, the herd of beasts in the Longevity Realm will be called the starry sky behemoth by the world.

The strength of each starry sky behemoth is not inferior to that of the fairyland!

It can be said that in the human world, no force can withstand the impact of the giant beasts in the starry sky in the longevity world!

The power of the star essence is far more than that.

It even passed through the space, making all the major forces in the wild realm aware of it!

It's just that the fragments with the power of stars cannot be scattered into the world like the longevity world.

Zangdao Academy.

The dean looked up at the sky with a surprised expression on his face.

"The power of the stars?"

Qin Tiannan is a guest at the General Academy at the moment. Hearing the dean's words, he stroked his beard and smiled and said, "In this world, and even in the entire low-latitude world, only the disciple of that boy Changsheng cultivates the power of stars."

The dean sighed endlessly: "Thanks to the fact that this breath is not aggressive, or else I can't resist just a little bit of it."

"Senior Lu's disciples are getting stronger and stronger... already enough for all of us to look up to the existence..."

Speaking of this, the dean glanced at Qin Tiannan, and said with emotion: "Dean Qin, there is Lu Changsheng in your college, who is enough to look down on the world."

"So, the dean of the General Academy, it's up to you."

Qin Tiannan was slightly taken aback.

Seeing Qin Tiannan's dazed expression, the dean smiled and said, "I've been wanting to go out for a long time, and I happen to entrust you with the burden on my shoulders..."

...

Hidden Sword Sect.

The lord of the Hidden Sword Sect drank tea, and after noticing this aura, he smiled lightly.

"It seems that making friends with Caotang is the most correct decision I have made in these years..."

...

Basically everyone in the wild realm knows who the owner of the power of the stars is!

Shisheng!

Caotang, Lu Changsheng's disciple!

How many years is this?

has been able to release this level of breath, to this extent.

Among Qingyun Sword Sect.

Two hard-working men are struggling to deal with the big and small affairs of Jianzong.

"Ye Qiubai's younger brother, who threw away the shopkeeper, has grown to this level! How far should he reach?"

"Stop talking, deal with it quickly, and you can practice after you deal with it."

"Oh, I knew I shouldn't have agreed to this drudgery in the first place! If I follow along to practice, I will definitely not be inferior to Ye Qiubai!"

Jian Chaomian didn't speak, but sighed in his heart.

Effort is effort after all.

Talent is talent after all...

I'm afraid, it will be difficult to see Ye Qiubai's back in this life...

In Qingyun Sword Sect's training dojo.

Haotian is Ye Qiubai, the suzerain of Qingyun Sword Sect, the transcendent disciple of that Caotang disciple.

Every move has received the attention of Qingyun Sword Sect!

At this moment, Haotian is practicing hard!

After sensing this breath.

didn't say anything.

pursed his lips.

In the future, everyone will find that Haotian has more time to practice and works harder!

...

Closer to home.

After incorporating the star essence into the starry sky dantian.

The rich and huge power of the stars filled the dantian of the starry sky in an instant!

Above the dantian, two stars are shining brightly!

And among the stars, the inner core is constantly absorbing the power of the stars!

Shi Sheng's realm is also constantly improving at this moment!

The blood is also constantly rolling.

The star essence is transforming Shi Sheng's blood!

Until one day has passed.

The transformation of blood vessels is completed.

Every drop of blood is extremely heavy, as if it contains a star!

Shi Sheng also reached the blood-changing state!

but.

The improvement of the realm has not stopped.

Around Shi Sheng, there is a vortex sweeping the entire longevity world!

The power of the stars in the vortex was absorbed by Shi Sheng into his dantian like a whale!

Blood-changing middle stage.

Late stage.

Peak.

Fairyland!

After reaching this realm.

Shi Sheng deliberately suppressed the realm.

Although the power of the stars in the star essence is extremely pure, it is not a good thing after all to increase the strength too fast!

Using the power of the stars in it, the turbidity in the body is constantly cleared!

After every bone, every capillary, every inch of skin, and every cell is expelled from the turbid air!

Under deliberate suppression, he reached the peak of the turbid wonderland!

But.

It's the moment.

The power in the star essence is too strong!

Can't be suppressed at all!

Shi Sheng's heart tightened.

Could it be that we can only abandon the solid road foundation and continue to break through?

Or in other words, just give up the remaining power of the stars?

Just as Shi Sheng thought so.

A voice appeared in Shi Sheng's mind.

"In the dantian of the starry sky, the ninth star core should not be condensed from the beginning to the end. Try to condense the remaining star core into the ninth star core. Your chaotic star record may be able to reach the level that no one can achieve. And the pinnacle of..."

is the voice of Senior Willow!
