

My Disciples 591

Chapter 591 The Ninth Star Core!

really.

Although I don't know how Willow knows.

But it is true.

When Shi Sheng obtained the first star core, the guardian spirit of that star core said.

At that time, the seniors who created such peerless exercises as the Chaos Star Record did not use the power of the stars to reach the peak of cultivation!

So, with the power of his own stars, he condensed the core of eight stars.

Among his conjectures, there must be a ninth star core to be able to reach the peak perfectly.

So, even if Shi Sheng got the core of the eight stars, he still couldn't cultivate the Chaos Star Record to the peak!

It is also impossible to reach the peak of martial arts with the way of stars!

So, after Shi Sheng obtained the core of the eight stars, he had to find a way to condense the core of the ninth star to reach that state!

Now, Senior Willow said.

Using the huge star power in the star essence to condense the ninth star core?

Liu Shu lived in the thatched cottage, and he had a wide range of knowledge. Even the master would sometimes ask Liu Shu for his opinion.

Listening to him is always right.

Think here.

Shi Sheng began to use the excess power of the stars, and began to gather above the starry sky dantian!

With the continuous condensing of the power of the stars.

A looming core phantom, similar in shape to the cores of the first and second stars, but with a different breath and color, began to emerge slowly.

noticed this scene.

The willow tree dances lightly with willow branches.

Gently put the willow branch on Shi Sheng's dantian.

A gentle sense of endless life envelops the principles of heaven and earth, and surrounds Shi Sheng!

Help Shi Sheng condense this star core!

Looking at this scene, Liu Ziruo was not only surprised, but said: "As expected of the gods when the world first opened, there is such a god, why didn't seniors absorb it by themselves?"

"After all, I have reached your level. Although I don't know what level it is, it must be difficult to improve."

"And you are stronger, so you can better **** your disciples."

Lu Changsheng smiled: "I am his master..."

Speaking of this, Liu Ziruo smiled lightly.

Lu Changsheng's expression changed immediately, and he coughed and said, "Hmph! Why do I want this thing? Only when these brats become stronger can I fish better!"

Liu Ziruo smiled without saying a word.

He had already figured out Lu Changsheng's character.

In other words.

Proud!

Time flies by.

One month flies by in the blink of an eye.

During this period.

Shi Sheng's realm has not improved again.

But the breath is getting thicker and thicker!

The power of the stars is constantly spilling out of the body!

At this time.

The pillar of light of the stars soars into the sky!

Immediately, like fireworks, the beam of light exploded and sprinkled across the entire Longevity Realm!

The ferocious beasts, vegetation, hillsides, and rivers in the longevity world.

are all affected by the power of the stars.

Be able to communicate with the stars!

At this time, Shi Sheng also opened his eyes.

Starlight suddenly appeared in the eyes!

At this moment, the ninth star is floating above the dantian in the starry sky!

And the position of the ninth star is also different from other stars.

The positions of the first and second stars are walking side by side.
pull each other.

The ninth star core is suspended obliquely above the first and second.

The power of the first star and the second star did not replenish each other, but directly merged into the ninth star!

Presumably.

The next few star cores will also be like this.

This ninth star core will become the absolute core of the dantian in Shi Sheng Xingkong!

Now, Shi Sheng has reached the peak strength of the Zhuo Wonderland, and he must be able to compete against the Earth Wonderland!

Even the general early and mid-stage powerhouses in the fairyland are not Shi Sheng's opponents!

This is what Shi Sheng received from the star essence.

this moment.

Lu Changsheng was lying on a bamboo chair.

In my mind, the long-lost system reward upgrade sounded.

【Congratulations to the host for completing the cultivation task of Shi Sheng, successfully reaching the talent SSS level, the emperor's capital】

【Reward: Nine Mysterious Holy Qi: All the spiritual energy in the body will be converted into holy energy, the quality of which is far superior to that of Immortal God II】

【Nine Netherworld Formation is upgraded to Saint Emperor Level Killing Formation】

The voice just fell.

The aura in Lu Changsheng's body underwent an earth-shaking change!

However, the breath was restrained and did not burst out.

At the same time, the Nine Netherworld Formation has also been further improved.

But what level is this saint level?

Just when Lu Changsheng was wondering.

The sound of the system comes out.

【All below the Saint level are ants, the Saint level killing array can kill everyone under the Saint level, and the Immortal Emperor is under the Saint level】

【However, if you use it once, it will cost the host a million years of cultivation】

Lu Changsheng was taken aback when he heard this.

Millions of years of cultivation.

Lu Changsheng did the math.

Signed in for more than 20 years.

Every day for 500 years.

That is more than three million years, close to four million years of cultivation.

so.

Can only be used three times?

And every time it is used, it takes so much cultivation?

It seems that you can't use it casually... The system is really stingy...

But it's better than nothing.

Lu Changsheng shook his head slightly.

At this time.

After Shi Sheng paid homage to the willow tree, he came to Lu Changsheng and said with a smile:
"Thank you, Master, I have lived up to expectations. Now I have reached the peak of the fairyland."

Liu Ziru was horrified when he heard the words.

The pinnacle of the fairyland?

Wasn't it just right before?

Crossed so many realms?

As expected of the Star Essence...

If Liu Ziru finds out, this is the result of Shi Sheng using the star essence to suppress the realm and condense the ninth star core.

Liu Ziru was probably dumbfounded...

And Lu Changsheng curled his lips, "That's it?"

"You are far from enough, your talent is so poor, hurry up and continue to practice!"

Liu Ziru was speechless.

Isn't that enough?

Is this talent not enough?

How old do you have to be to be satisfied!

If this is my disciple, I will be favored to heaven!

Shi Sheng didn't think so.

He thought it was Master encouraging him, and at the same time reminding him not to be complacent and arrogant because of this "little thing".

Think here.

Shi Sheng's admiration for Lu Changsheng is as continuous as a surging river!

Immediately, he bowed towards Lu Changsheng with a serious face and said, "Master, I will not slack off, and I will definitely work harder in cultivation!"

"En!" Lu Changsheng nodded loudly: "Okay then, let's go cook."

"Oh no! Hurry up and practice!"

Also cooking.

The catastrophe is approaching.

He must improve his own strength, and he must hurry up to let these disciples of his improve their cultivation as soon as possible!

Shi Sheng nodded.

Go back to the house and start practicing.

Lu Changsheng looked at Liu Zirui.

Seeing this, Liu Zirui consciously put on an apron and walked towards the kitchen without Lu Changsheng saying anything...

Lu Changsheng sat on the wooden chair.

At this time.

In the sea of consciousness, a big eye appeared!

This big eye is exactly the big eye that appeared in the fairyland passage!

"You gave the star essence to your disciple?"

Chapter 592 Lu Changsheng's mentality change

This big eye is exactly the big eye that Lu Changsheng saw in the fairyland passage.

But this big eye is not a physical presence, but a ray of soul transmission.

Otherwise, it would be impossible to easily enter Lu Changsheng's sea of consciousness.

heard what Big Eye said.

Lu Changsheng took it for granted: "I originally helped my disciple get it, so who else will I give it to?"

Big eyes filled with unbelievable color.

"The spirit of the stars is a **** that was born when the world first opened. How powerful is it?"

"Although your talent is indeed very strong, what should you do if you can't grow up when the seal of the Demon Realm is broken?"

"Six realms catastrophe, how can it be child's play?"

"Even I can't see through your strength. With the star spirit, it will be the icing on the cake. Wouldn't you be more confident then?"

Lu Changsheng frowned, and said: "No, it seems that I don't need you to talk about my affairs?"

"The great catastrophe of the six realms, life and death, how can you let yourself be willful?"

"none of your business?"

Lu Changsheng scolded impatiently: "I brought the star essence by my ability, and I can use it for whoever I want. I think my disciple can do it, so you can go wherever you come from. "

Cause and effect are connected.

So it doesn't matter whether you offend or not.

not to mention.

Lu Changsheng is really not used to this kind of person.

After hearing this, Big Eye stared at Lu Changsheng and was silent for a while.

then began to slowly dissipate.

"Since the matter is established, there is nothing to say, but you have given the star spirit to your disciple, and your disciple will become the protagonist in this catastrophe."

"The causal role is abruptly reversed, and no one will know what happened."

"I hope it will develop in a good direction..."

The voice stays here.

Big eyes completely disappeared in Lu Changsheng's sea of consciousness.

heard what Dayan said.

Lu Changsheng also frowned slightly.

The karma is reversed, and the person who bears it also includes Shi Sheng?

To be honest.

According to Shi Sheng's current strength.

The peak of the turbid fairyland, if it is placed in the great calamity, it is really not enough to see.

I don't know how much time is left.

Now what to do is clear.

First, improve the strength of Shi Sheng and the disciples.

Since you want to improve their strength.

Then, as before, the plan to let them play steadily and not to provoke right and wrong will change.

Steady and steady, although you will not lose your life because of accidents.

But the improvement of strength will naturally be much slower than the adventure competition!

But...Ye Qiubai and those boys seem to have never been cautious...

Second, the time is short and the seal will be broken. In order to prolong the time, the seal of the Demon Realm must be strengthened!

The seal of the Demon Realm lies in the Zhentian Pagoda.

Looks like I have to take Shi Sheng to the fairyland passage...

After all, the star spirit is the key to unlock the Tianzhen Pagoda. After being absorbed by Shi Sheng, if you want to strengthen the seal of the Zhentian Pagoda, you must also bring Shi Sheng.

After regaining consciousness.

Lu Changsheng looked at the little stone who was playing with the bone-winged snake and tiger.

Hongying and Ning Chenxin are still in the low-latitude boundary.

Hongying is still paying attention to the affairs of the empire at the moment. Although her imperial aura has been improved, it is limited to the low-latitude boundary, which is bound to have a great impact on the improvement of her cultivation.

Ning Chenxin's Confucianism and Taoism.

The power of belief in Buddhism and Taoism leads to the same goal through different routes.

It is also to gain the recognition of Confucianism and Taoism from monks and ordinary people in one area.

But the premise is that Ning Chenxin wants to become the orthodox in that world!

If this is the case, Ning Chenxin and Hongying can move forward.

Conquer a world and become its ruling empire!

Then cooperate with Ning Chenxin to make the study Confucianism and Taoism into orthodox!

Thinking of this, Lu Changsheng took out the sound transmission jade pendant.

Recall Hongying and Ning Chenxin first.

As for Ye Qiubai and Mu Fusheng, after the soul visit, they are both carrying out their own opportunities.

is the main task.

I don't need to take care of it for the time being.

And Xiao Hei's cultivation task is to help him restore his memory and find memory fragments!

As long as the disciples improve, he who owns the system will also improve.

This is also the first time that Lu Changsheng has considered his disciple's cultivation path in such detail.

After all, catastrophe is coming.

Lu Changsheng and his disciples will be the protagonists in this catastrophe.

Temporarily not being able to touch fish and stock them.

Otherwise, there will be no chance of fishing.

...

After a day.

Hongying and Ning Chenxin returned to the Longevity Realm.

As soon as she came back, Hongying smiled and said, "Third Junior Brother, I bet that Master must have asked us to come back because he wanted us to cook."

Ning Chenxin smiled: "It should be, but I haven't come back for a long time, so I should see Master."
But.

When we arrive at the thatched cottage.

Lu Changsheng had a serious expression, but his first sentence was beyond their expectations!

"Your realm has slowed down."

Now, although Hongying has reached the level of harmony with the emperor's spirit and the heavenly practice of the barbaric realm and the heavenly realm, the speed of improvement is obviously much slower than before!

Ning Chenxin has traveled all over the world and preached in all directions over the years.

Confucianism and Taoism have improved.

The foundation is more solid.

But that's the same sentence, the improvement is too slow!

Lu Changsheng spread out a piece of paper and placed it on the table.

Write and draw on it, just like a map!

"Come here, it's time to make a training plan for you."

Hongying and Ning Chenxin were taken aback when they heard the words, and after looking at each other, they were both a little dazed.

Could it be that Junior Brother Xiao Hei is back?

Cooked a poisonous meal for Master?

Eaten Master's brain?

If Lu Changsheng knew what they were thinking, he would probably have to scold their mothers.

What the hell, is there such a salty fish for the teacher? !

"Why are you standing there, come here!"

Lu Changsheng tilted his head, and said, "Shi Sheng, little Shitou, you guys come here too."

Then.

Lu Changsheng told the four Hongying about going to the fairy world.

After hearing what Master said.

They all put away their smiling faces, and their faces became serious.

They didn't expect it.

In addition to the low, middle and high latitudes, there is actually a passage leading to the fairyland in the latitude barrier!

Moreover, their strength here, in places like the Immortal World, is very low.

This undoubtedly shocked them a little.

At the same time, the Six Realms Tribulation?

The protagonist who saved the world turned into their thatched cottage?

Looking at the dignified expressions of the three of them, even Xiao Shitou put away his playfulness for the time being.

"So, next, I will make a training plan for you to prepare for the catastrophe."

"You don't have to completely follow the path I planned for you. My plan is just a reference. If you have a better choice, you can follow your own."

"However, the most important thing is to improve your strength and save your life, do you understand?"

Chapter 593 Unify the low-latitude boundaries!

Plan formulation.

Undoubtedly, it will provide Hongying and the others with more training ideas.

To a certain extent, it will also make them less likely to go astray.

However, blindly follow the plan, without own ideas.

Follow orders like a machine.

There are also disadvantages for the improvement of strength and character.

Lu Changsheng pointed to the paper spread on the table.

On this piece of paper, a map of the entire low-latitude boundary is drawn!

Above, including more than 90% of the territory!

Lu Changsheng reminded: "Listen carefully, first of all, Hongying, has your imperial aura not improved? The improvement of your cultivation has also slowed down?"

Hearing this, Hongying nodded, and said: "The aura of the emperor has stagnated. Now that the cultivation base has reached the peak of the Dao realm, although there has been improvement, it is still very slow."

For the disciples in the thatched cottage, it is indeed a bit slow to improve.

But if I let others know what Hongying said, I'm afraid I'll have to vomit blood...

Is this still slow?

How can they survive?

Lu Changsheng nodded after hearing this: "It's not that you have slackened in your cultivation, after all, Hongying, your cultivation base is linked to the emperor's aura, and the reason why your improvement is slow is that the emperor's aura has not improved an inch! "

Hongying nodded.

Lu Changsheng continued: "So, my advice to you is on this piece of paper."

Hongying and the others followed Lu Changsheng's finger.

Afterwards, Hongying and the others were horrified and excited!

"Since the emperor's aura has stagnated, then lead the Yunhuang Empire to become another realm, and even the entire low-latitude realm, so that they think that the Yunhuang Empire is orthodox!"

"Simply put, it is to launch a domain war."

Heard what Lu Changsheng said.

Everyone looked at each other in blank dismay.

Is this still what Master said?

On weekdays, Master always told them not to get into trouble.

It is good to practice peacefully and steadily.

But now, they said something that shocked them so much!

Unify the entire low-latitude boundary plate?

What arrogant words are these?

However, after thinking about what Lu Changsheng told them about the Six Realms Tribulation before.

also understand.

After all, this matter is already closely related to them.

If it is not resolved, this cause and effect will also come to the door, and there will be no matching strength at that time.

I'm afraid let alone living a quiet life, whether you can live is a problem!

Lu Changsheng said: "In this way, your imperial spirit will improve without accident."

At this time, Hongying also raised her own doubts.

"However, even if we are strong enough to unify the entire low-latitude boundary, it will undoubtedly consume inexhaustible manpower and material resources."

"At the same time, it will consume a lot of time!"

"Even if you forget all of these and occupy other realms, there is still a big problem."

Lu Changsheng smiled and guessed what Hongying was thinking.

"You want to say that even if it is temporarily occupied, it will be impossible to manage because the various realms are far away from each other?"

Hongying smiled wryly after hearing this: "Master is a bright lesson."

"This is not a problem."

Lu Changsheng said lightly: "I will solve this matter, and I will deploy teleportation formations in various realms. Of course, I will not do this alone. You should also be able to find formation masters."

"After deploying the teleportation arrays in each realm, in the longevity realm, set up a teleportation array."

"In this way, you won't worry about the distance."

Hongying listened.

looked shocked.

Setting up teleportation arrays in various domains?

You know, in the entire low-latitude boundary, there are hundreds of large and small boundaries!

It is necessary to set up teleportation arrays in these boundaries.

Then in the longevity world, set up the main hub of thousands of teleportation arrays?

How easy is it?

Looking at Hongying's expression, Lu Changsheng smiled and said, "You don't need to worry about this matter."

Hongying nodded.

If this is the case, then her imperial aura will also be greatly improved!

Cultivation will naturally increase!

Immediately, he looked at Ning Chenxin.

Ning Chen had a pensive expression on his face, not knowing what he was thinking.

Lu Changsheng knew what Ning Chen was thinking.

But for the time being, I didn't point it out, but shouted: "Chen Xin, what you are thinking now, I will talk to you later."

"Now, I will talk about your cultivation path."

Ning Chen nodded heartily.

Seeing this, Lu Changsheng said: "Your cultivation path is actually similar to Hongying's. Simply put, it was after your senior sister occupied that realm."

"In terms of orthodoxy, it is up to you to turn Confucianism and Taoism into the orthodoxy of that world!"

"In the end, let Confucianism, Taoism and Taoism spread throughout the entire low-latitude boundary."

"Of course, how to make them all believe in Confucianism and Taoism is up to you."

This sentence is naturally awakening Ning Chen's heart.

Lu Changsheng will not let him use the despicable methods used by Buddhism before.

All of this is up to him to think about it.

Hearing this, Ning Chen nodded.

"This is the cultivation path of Hongying, Chenxin and you two."

"Is there anything wrong with it?"

Hongying and Ning Chenxin looked at each other, then shook their heads.

Seeing this, Lu Changsheng looked at Shi Sheng: "Shi Sheng, your path is very simple. While working hard to practice Chaos Star Records, look for places where the power of stars is strong."

"It's just right, this can be with your senior sister and senior brother."

"First, be able to be their help."

"Second, the world is so big, there will always be a place where the power of the stars gathers."

"Third, it can also polish your cultivation."

Actual combat is the best way to improve and stabilize one's own cultivation.

Although Lu Changsheng didn't want to agree with this sentence, he couldn't disagree.

"As for the little stone, just practice with me."

"Also, it's time to stop your playfulness."

Little Shitou looked at the most serious expression Master has ever seen.

Doesn't sound like a joke.

So he bit his finger and nodded, then said weakly: "Then... are there candied haws?"

Lu Changsheng's face turned dark.

Little Shitou immediately buried his head in Hongying's skirt...

"Okay, now that things have been arranged, let's go back and prepare tomorrow."

"Then, Chen Xin, come with me."

After speaking, Lu Changsheng flew towards the sky.

Seeing this, Ning Chen also followed in Master's footsteps.

Lu Changsheng led Ning Chenxin, and did not speak along the way.

Just stop for a while where there are herds of beasts fighting for battle.

Some are for the treasures of heaven and earth.

There are those for the spouse.

There are also for food.

All kinds, everywhere, as long as there are herds of beasts, there will be fights!

It took Ning Chen to fly for half a day.

Lu Changsheng then asked: "Did you see anything?"

Ning Chen was slightly taken aback when he heard the words.

What do you see?

Afterwards, I began to recall the roads my master had taken me and the scenery I had seen.

as well as...

The battle among the herds.

PS: Lu Changsheng's personality change is what I thought of writing before.

Maybe some readers will say that the character design changes as it is? But in fact, there have been some preparations and changes in the front, careful readers should be able to discover.

I think so, a person's personality will change more or less because of what happened in his life, so he writes like this.

Chapter 594 Enlightenment

When Lu Changsheng asked this sentence.

Ning Chen thought back to the scene along the way just now.

Herds of beasts fight for resources.

For territory competition.

There are all kinds of things, and there are all kinds of surprises.

It can be said that they were all spent in fighting!

However, without waiting for Ning Chenxin to answer, Lu Changsheng continued to ask: "During the process of your preaching, what about the sect forces, casual cultivators, in order to improve their strength?"

Ning Chen's face was heavy, "Like a herd of beasts."

Lu Changsheng smiled: "So, when I was talking about the plan to rule the low-latitude boundary, did you think that doing so would make us join those people?"

Ning Chen hesitated for a moment, then nodded.

When listening to the master's plan, he was silent and the reason for his heavy heart was here.

"Fights are everywhere, for cultivation, for power, for destiny, and for longevity."

"However, there is a difference, a weight and measure."

Ning Chenxin looked at Lu Changsheng and asked, "Weights and measures?"

"Exactly."

Lu Changsheng nodded, looked at the herd of beasts fighting and killing below, and said slowly: "Some are purely for fighting, and some are for cultivation."

"In contrast, there is nothing wrong with fighting for your own cultivation."

"The point is to see how you view this matter in your heart."

"At the beginning, I remember telling you that everything should follow the heart."

Ning Chen nodded heartily.

"Then can you look at this problem from another angle?"

"The catastrophe of the six realms is approaching, and the karma is implicated in our thatched cottage. If we don't improve our cultivation, the moment the catastrophe comes, we will surely be devastated."

"How many souls will fall by then? Moreover, even you will not be able to protect yourself."

Lu Changsheng looked at Ning Chenxin, and said seriously: "If what I said at the beginning was to follow my heart, then now I want to add one sentence to you."

"Only by living can you achieve what you want to do."

"Only when you can protect those around you can you control the outside world."

"Once upon a time, this saying was also circulated in my hometown."

"If you don't sweep a house, why sweep the world?"

After Ning Chen listened, he fell into deep thought.

Alive to be able to control the outside world?

Being able to protect the people around you is the only way to control external affairs?

When Lu Changsheng saw this, he didn't bother him anymore.

Waved his hand, a defensive barrier was erected, covering Ning Chenxin's surroundings.

After finishing all this, leave first.

In the world of longevity, Lu Changsheng is the master of the world.

Every move in this world, Lu Changsheng can detect in time.

So there is no need to worry about Ning Chen's safety.

After returning to the thatched cottage.

Hongying looked at Lu Changsheng, and asked, "Master, how is the fourth brother?"

Lu Changsheng shook his head and said, "Don't worry about him, just make your plan first."

"By the way, where is that girl Mu Waner?"

Hongying smiled and said: "Mei Wanmei has changed a lot, and she is still aiming to become your apprentice, Master."

"Nowadays, one person circulates in various realms, gathering the strengths of hundreds of schools, and practicing the art of alchemy."

"In recent years, many strange medicines have been refined, but the effect is extremely powerful."

Lu Changsheng nodded with a smile when he heard the words: "This girl hasn't given up yet? Forget it, I'll go to her first, and I'm going to check this girl's cultivation achievements."

After finishing speaking, he disappeared directly into the world of longevity.

As for knowing Mu Wan'er's location?

Hongying and the others were not worried.

With Master's divine sense, it is more than enough to search a low-latitude boundary.

...

Half a day later.

Lu Changsheng came to a place called Zijiyu.

Purple Pole Territory is an upper-middle-ranked realm among the low-latitude realms.

In a small village.

There is a woman in plain clothes, carrying a medicine basket, walking in the deep mountains and old forests with an old man.

The woman's face has long lost the greenness of her youth.

There are only perseverance and maturity!

"Grandpa Yao, this is lark grass, right?"

The old man known as Grandpa Medicine turned his head back with a smile, glanced at the grass in the woman's hand, and nodded lightly: "Wan'er, this lark grass is the most difficult to distinguish, it is no different from other grasses, you can easily Recognizing it also proves your hard work these days."

The woman looked at the lark grass in her hand and smiled slightly.

Although this lark grass is not as good as those shocking treasures in the vegetable garden of thatched cottage.

However, in this Extreme Purple Domain, it is a must-have for refining earth-level healing elixirs! not to mention.

The age of this pearl lark is close to a thousand years.

is the best, it can be said that there is a price but no market.

Grandpa Yao looked at the woman with a kind smile on his face and said, "Wan'er, I have recognized all the herbs on this mountain in just one month. Both talent and hard work are excellent. What a pity. Grandpa Yao, I have nothing to give you, otherwise I really want to accept you as my disciple."

Mu Wan'er just wanted to say something.

But there were three figures, appearing above the two of them!

And the leader of these three people is Dijing.

I only heard the leader look at Grandpa Yao and said, "Old Yao, please come out of the mountain to save our suzerain."

Yao Lao shook his head and said: "I'm sorry, I'm already in seclusion now, although I don't know how you found me, but since I'm already in seclusion, I won't come out again."

"Mundane matters have nothing to do with me."

The leading Emperor Realm expert frowned and said, "Yao Lao, you know that you can't refuse me."

After finishing speaking, the aura of Emperor Realm burst out!

Heading towards Yao Lao's suppression!

Yao Lao's cultivation is only at the Qianyuan realm, so how can he compete with this strong man at the Emperor realm?

Mu Wan'er immediately stood in front of Yao Lao, resisting the aura.

Yao Lao heaved a sigh of relief.

"Oh? Who are you?"

Behind the person from the Emperor Realm, two False God Realm disciples looked at Mu Wan'er, and their eyes immediately lit up!

Mu Wan'er said lightly, "I'll go with you."

Although Mu Wan'er's alchemy strength is enough to make all three of them die here.

Just use one pill.

However, she will leave here after all.

Once she leaves, someone wants to seek revenge, what should they do if they find Grandpa Yao?

Therefore, Mu Wan'er decided to solve this matter completely, which can be regarded as repaying the kindness of Grandpa Yao's teaching this month.

Yao Lao said worriedly: "Wan'er, you don't have to do this, I am an old man who stepped into the coffin with one and a half feet, I am not worthy of you."

Mu Wan'er turned her head and smiled, "Don't worry, Grandpa Yao, I'll be fine."

"But..."

Don't wait for the medicine to say more.

Mu Wan'er followed the three of them.

"But Zijizong's character... I'm afraid I won't let you leave safely after discovering your talent..."

Chapter 595 Different heart

Mu Wan'er has been wandering in various realms these years.

Know herbal medicine.

Whether it is natural treasures, or ordinary herbs.

will have its own characteristics!

Watch other alchemists make alchemy.

Every alchemist has his own alchemy method.

Even have a unique view of alchemy.

Although Mu Wan'er's alchemy level is far superior to these alchemists, but learn these methods, insights, and integrate them into her own understanding of alchemy.

These elements made Mu Wan'er's level of alchemy rise rapidly!

Also created a lot of recipes!

It can be said.

Even if Lu Changsheng created the pills, there are not as many as Mu Wan'er.

However, this is also because Lu Changsheng is lazy...

Mu Wan'er's alchemy realm is already enough to refine a fairy-level elixir!

Even if it is placed in the mid-latitude boundary.

It is also a scarce resource that is being scrambled by countless top forces.

Even the Saint Talisman Sect is no exception.

And all of this was brought about by Mu Wan'er's hard work.

on the way.

The Great Elder of the Ziji Sect, that is, the strong man in the Emperor Realm, looked at Mu Wan'er and said, "Can you really refine the elixir that can save our suzerain?"

"You know, our suzerain is an existence in the late stage of the imperial realm!"

Mu Wan'er said lightly: "Yes."

"If you don't succeed, then don't blame me for waiting for the medicine."

Mu Wan'er glanced at this person, and said: "If I successfully heal him, you Ziji Sect can no longer bother Yao Lao."

Although one Earth Immortal Poison Pill can be used to directly destroy the entire Purple Extreme Sect.

However, if someone slipped through the net, the Purple Extreme Sect might have other allies.

At that time, they will still attack Yao Lao.

I am not an uncle after all.

Without Lu Changsheng's astute means, he can directly use clues to find the relevant forces and people who slipped through the net.

So, for the safety of the old medicine.

Mu Wan'er can only do this.

Only in this way can you leave this realm with peace of mind and go to the next realm.

Beside the Great Elder of Zijizong, there was a man in a purple robe, controlling his speed, smiling and flying side by side with Mu Wan'er.

"I am the personal disciple of the Great Elder, Ziyi, I don't know how to call you?"

Mu Wan'er didn't speak, and didn't even look at him!

Zi Yi saw this, and there was a shadow in his eyes.

It's just that the gloom dissipated in an instant.

"Fellow Daoists don't have to do this, I just want to know the name of the alchemist who saved the suzerain, so that I, Ziji Sect, can reward you."

Hearing this, Mu Wan'er shook her head: "I don't need a reward, I just need you not to bother Yao Lao anymore."

Zi Yi saw that Mu Wan'er ignored him at all.

He gritted his teeth.

I thought to myself.

When you return to the Purple Extreme Sect, let me see if you can maintain this noble look!

...

Ziji Sect has a very high status in Ziji Domain.

The reason is that there is a suzerain in the late stage of Emperor Realm!

Now, the news of Ziji Sect's suzerain being injured is not known to others, and it is in a state of blockade.

So, when Mu Wan'er entered Ziji Sect.

Then you will be able to find that there are many strong people around to investigate the Quartet.

The array is also opened directly!

certainly.

These powerhouses are only relative to the Purple Extreme Domain.

When you come to the highest mountain in the Purple Extreme Sect.

There is a great hall.

In the main hall.

Mu Wan'er saw a middle-aged man lying on the bed, his breath was extremely sluggish!

There is a wisp of black air constantly swimming on his face!

Around, there are several elders who are worried about him.

See the return of the Great Elder.

Immediately said: "What's the matter, is Yao Lao coming?"

"Huh? Why is it just a little girl?"

The great elder said: "Yao Lao didn't come, but she came, saying that she can heal the suzerain."

The expressions of those elders changed drastically!

"What can a little girl save?"

"You know, we have searched all the alchemists in the entire Purple Region, but they are all helpless! Now only Yao Lao can be cured successfully!"

"Isn't this a joke?"

The Great Elder did not answer, but looked at Mu Wan'er and asked, "How is it? Can you see anything?"

Mu Wan'er replied flatly: "Poisoned."

"Of course we know it's poisoning!" The Great Elder frowned and said, "Can you solve it?"

Mu Wan'er looked at the Great Elder, and said coldly: "It seems that you don't actually want me to detoxify?"

Hearing this, the Great Elder's expression changed!

"Don't talk nonsense!"

really.

The great elder actually does not want the suzerain to recover.

After all, if the suzerain died, then the Ziji sect would naturally fall into his hands.

You know, the Purple Extreme Sect is the number one sect in the Purple Extreme Region, how deep is the background?

With these resources, why not break through the realm again?

so.

The Great Elder would bring back Mu Wan'er, an alchemist apprentice who looked extremely young and not good enough, without any doubts.

Mu Wan'er didn't talk to the elder again.

Zijizong's matter has nothing to do with her.

Passing through those elders, Mu Wan'er placed a finger between the eyebrows of the head of Ziji Sect.

Immediately, a ray of green light emerged from Mu Wan'er's finger.

That ray of green light actually surrounded the black air floating on the suzerain's face!

No matter how the black air hits, it cannot break through this ray of green light!

See it.

The other elders all looked happy!

This little girl seems to have something!

The Great Elder looked a little ugly.

She can't really heal, can she?

Immediately.

Mu Wan'er took out a pill.

This elixir was created by Mu Wan'er herself.

It is a detoxification pill that can cure all poisonous gas in the body.

The current situation of the suzerain of Ziji Sect is exactly suitable for this elixir.

Immediately, put it into the mouth of the Ziji Sect master, and it opened automatically.

The moment you take it!

That ray of poisonous gas was actually on the surface of Ziji Sect Master's body, leaking out along the pores!

soon.

The wisp of black air disappeared completely!

The aura of the Ziji Sect master has also returned to normal!

It's just that it's still a little weak now.

Seeing this, Mu Wan'er stood up, "Okay, the rest is fine as long as the spirit energy recovers."

When everyone saw this, their faces were horrified!

Things that all alchemists in the Purple Extreme Region cannot do.

Put it in the hands of this little girl, but it's easy to grasp?

And so fast?

Who is this person?

When the Great Elder of Ziji Sect saw this scene, his expression turned blue and white.

But at this moment, I can only say: "Thank you, Miss Mu."

Mu Wan'er nodded and said, "Remember your promise."

After speaking, he wanted to leave.

At this time.

Zi Yi stood in front of Mu Wan'er, and said with a smile: "Girl, your alchemy level is so high, why don't you choose to join our Ziji sect?"

"You know, the Purple Extreme Sect is the number one sect in the Purple Extreme Region!"

"If you join our Purple Extreme Sect, why worry about resources?"

Chapter 596 Mu Wan'er's obsession

Zi Yi's words made Mu Wan'er frown slightly.

"I will not join your sect."

Zi Yi smiled and said: "The suzerain hasn't woken up yet, so it's natural for Miss Mu to stay in our Ziji sect."

"What if something unexpected happens halfway?"

Then he looked at the face of the Ziji Sect master.

The poisonous gas has already dissipated.

The functions of the body also returned to normal.

It can be said that it is only because of the barrenness of spiritual energy and years of poisonous gas erosion that the consciousness of the Ziji sect master is not yet clear.

These can be recovered after a few days.

Mu Wan'er also knew that the other party just found a random reason and wanted to keep her!

"What's more, if you leave, shall we go find Yao Lao as the worship elder of my Purple Extreme Sect? That's not bad."

The other elders nodded in agreement when they heard this.

"That's right, Miss Mu, you can stay in our Purple Extreme Sect. Our Purple Extreme Sect's foundation is so strong, and you, as my Purple Extreme Sect's enshrinement, will naturally not lose your benefits."

"Besides, as long as you join the Extreme Purple Sect, who else would dare to provoke you in this Extreme Purple Region?"

The Great Elder of Ziji Sect also said with a smile: "That's right, Miss Mu, why don't you think about it?"

Zi Yi watched this scene with a sneer.

"Miss Mu, will you agree to come down?"

Watching this scene and hearing these words, Mu Wan'er's pretty face was extremely cold!

Let her stay in this little Ziji Sect as an offering?

How do they match?

"What if I say no?"

The Great Elder of Ziji Sect suddenly took a step forward.

The breath of the imperial realm burst out!

Going towards Mu Wan'er to oppress her crazily.

Seeing this, the other elders stepped out after hesitating for a while, and surrounded Mu Wan'er in the center!

Such a young and powerful alchemist.

How can I let it go?

If she is allowed to join the Purple Extreme Sect, I am afraid that the strength of the Purple Extreme Sect will increase a lot!

Zi Yi said with a gloomy face from behind: "Miss Mu, I think we were already polite enough before, if we don't accept it anymore, we won't eat a toast and take fine wine!"

Mu Wan'er just wanted to reprimand her.

suddenly raised his head.

That frosty face suddenly burst into a smile like a spring flower blooming!

For a while, Ziyi and the elders were slightly stunned.

"I said, every time I come to find you guys, I will definitely get into some trouble."

"Could you let me stop?"

A man's voice suddenly spread throughout the entire Purple Region!

All the forces in the Extreme Purple Region raised their heads to look at the sky.

His face was horrified!

What kind of cultivation is this?

The sound spread throughout the entire Purple Extreme Region just by relying on aura?

Zi Yi and the elders were even more stunned.

The Great Elder of the Ziji Sect looked up at the sky, with a solemn expression, he clasped his fists and said, "I don't know which senior came to my Ziji Sect, and he came out to see it."

The voice just fell.

Zijizong people are still looking at the sky.

When she lowered her head, she found that a man in white robe had appeared beside Mu Wan'er!

This... When did this get here?

Why didn't there be any breathing sound?

Even the Great Elder of the Purple Extreme Sect, who is one of the top experts in the Purple Extreme Realm and one of the top experts in the Emperor Realm, didn't notice the slightest bit!

Mu Wan'er looked at the man in front of her, hugged Lu Changsheng's waist, buried her head on Lu Changsheng's chest, and said with a sweet smile, "Uncle, why are you here? , I'll go back to the thatched cottage to find you!"

"Hey hey!" Lu Changsheng pushed Mu Wan'er's forehead so that she wouldn't rub against him.

"You girl, stay away from me! Take advantage of the opportunity, right?"

Mu Wan'er blushed and left Lu Changsheng.

"You're just taking advantage of it!"

Lu Changsheng couldn't help laughing: "It's been so many years, why is my temper still like a little girl's?"

"I don't know if your alchemy level is still the same as your personality, there is no change."

Hear here.

Mu Wan'er put her hands on her hips, her personality was different from the Bingshan's that Ziyi and the others had seen before.

Mu Wan'er today is like a pretty girl.

"Hmph! I'm not who I was then!"

Mu Wan'er said proudly: "I am now able to refine the elixir of heaven!"

"And also created a lot of elixirs!"

Lu Changsheng nodded with a smile.

At that time, Mu Wan'er was still pestering him to be her teacher.

At that time, I just gave her a copy of the alchemy book I wrote. I didn't expect to rely on my own efforts to travel almost all over the low-latitude boundary and achieve such a high achievement.

It can be seen how hard it has worked.

It also proved her talent, she already has a unique understanding of alchemy.

You must know that even if you are an alchemist at the level of a fairy, it is not bad to be able to create more than a dozen kinds of alchemy formulas.

And what about Mu Wan'er?

As Hongying said, there are no less than a hundred kinds!

"Okay." Lu Changsheng nodded, patted Mu Wan'er's head, and said, "Then are you willing to worship me as a teacher?"

Mu Wan'er was taken aback when she heard the words.

When I heard these words, my mind went blank.

The eye sockets also slowly turned red...

For Mu Wan'er.

Thirty percent of my hard work in these years is for my alchemy philosophy.

She wants to refine her own elixir, instead of following the scriptures and following the elixir recipes created by her predecessors.

The other 70% are for worshipping under Lu Changsheng's sect.

It can be said that this has almost become her obsession!

Mu Wan'er is playful by nature.

But still go far away, wandering in the major realms, to understand the characteristics of various herbs, natural materials and earth treasures.

But study the different alchemy techniques of each alchemist.

How boring is this?

Now, how can you be unhappy when you finally get Lu Changsheng's approval?

Seeing this, Lu Changsheng blinked his eyes: "Why are you still crying? Shouldn't you be happy at this time?"

"Who is crying!"

Mu Wan'er hurriedly wiped her eye sockets, and sniffed her nose.

Immediately, he regained his composure, knelt down on the ground with a serious face, and said to Lu Changsheng: "Disciple Mu Wan'er, pay homage to Master!"

Lu Changsheng held it up with a smile.

Speaking of which, this is also the second disciple I have accepted that did not comply with the task issued by the system.

Although the talent is not enough to compare with Ye Qiubai and the others.

But Mu Wan'er used her hard work to forcefully rewrite that talent is all shackles!

"Okay, don't cry."

Lu Changsheng patted Mu Wan'er's head, and then looked at the elders of Ziji Sect and Ziyi.

"Shouldn't I make you cry?"

Without waiting for Mu Wan'er to answer.

Lu Changsheng took a step forward and came in front of Mu Wan'er, looked at the Ziji sect and smiled lightly, "Since it's not me, then it's you?"

"I didn't like to meddle in mundane matters, but today I made an exception. After all, you have offended my new disciple."

Zijizong heard the words.

Almost moved and cried.

First, because...Brother, you finally discovered our existence!

Second... You obviously made her cry!

None of our business!

Chapter 597 Self-eating

All the elders of Ziji Sect looked at Lu Changsheng with solemn expressions.

After all, this person made his voice spread throughout the entire Purple Extreme Region by relying solely on his aura and without any magic weapon!

How big is the Extreme Purple Domain?

It can be said.

It is several times larger than the territory of the wild realm!

To achieve this level only by relying on aura, what realm is needed to achieve this point?

The Great Elder of the Ziji Sect with the highest cultivation level present, even if he asks himself, he can't do this...

I saw the Great Elder of Ziji Sect step forward, with a solemn face, lowered his head and cupped his hands and said: "Senior, we didn't know that Miss Mu was your disciple, and I hope you will forgive me."

The strength of the white-robed man in front of him.

Absolutely far surpasses him!

Therefore, you must not continue to provoke!

Otherwise, I'm afraid it will bring disaster to Zijizong!

Lu Changsheng didn't speak, but turned his head to look at Mu Wan'er.

Everyone saw this.

Didn't wait for Mu Wan'er to speak.

The Great Elder immediately apologized to Mu Wan'er: "Miss Mu, I'm sorry, please forgive me if I offended you."

"Of course, our Purple Extreme Sect will also pay you generous rewards in return for your kindness in helping our suzerain."

Originally, Ziji Sect did not intend to give rewards.

This reward.

That's what Zijizong did to please Mu Wan'er.

Or rather, to beg for forgiveness from Lu Changsheng!

After the elder of Zijizong finished speaking, he immediately gave Ziyi another look.

Zi Yi reacted immediately, and also apologized to Mu Wan'er: "Miss Mu, I did something wrong, please forgive me!"

Mu Wan'er looked at them.

Poker face.

For people like them, what kind of things will they do when she leaves?

She doesn't know.

Is it possible to transfer the resentment to Yao Lao?

It is also possible to let go of the grudge?

Of course, Mu Wan'er is not the girl she was back then.

Over the years, she has traveled in various realms.

The mind has already matured.

Also saw a lot of ugly things.

So, Mu Wan'er didn't even think about it.

He didn't even look at the Ziji Sect members, and smiled directly at Lu Changsheng: "Master, I'm sorry to trouble you."

Lu Changsheng smiled: "You should call me uncle, I'm not used to changing your name suddenly."

Lu Changsheng was quite satisfied with Mu Wan'er's performance.

After all, Lu Changsheng would not take the initiative to provoke other people.

Even if this person is not as powerful as him!

However, once the enmity is formed.

Once cause and effect are involved.

Then Lu Changsheng will make a thunderous move, absolutely leaving no trace of future troubles!

What if a super genius appears in this sect?

Uncle Xiao, who was born with a ring master and shouted thirty years in the east and thirty years in the west of the river, was born?

Won't that cause trouble for myself?

Therefore, Lu Changsheng is naturally very satisfied with Mu Wan'er's decision.

And heard the conversation between Lu Changsheng and Mu Wan'er.

The face of the Great Elder of Ziji Sect changed drastically!

Immediately shouted: "Activate the Great Purple Formation! Inform the whole sect and defend against the enemy!"

"Also, go to the Supreme Elder immediately!"

Before he could finish speaking.

The elders behind have already taken out a purple token.

Hold it above your head.

Instantly!

Purple pillars of light soared into the sky!

In the sky above Zijizong, a purple feather fan stood across the sky!

A burst of destructive aura that is powerful enough to kill the powerful in the imperial realm collides in this world!

The disciples of the Purple Extreme Sect looked up at the sky, all of them looked horrified!

What the **** happened.

Actually used the guardian array?

You must know that the guardian array will not be activated easily until the moment of life and death!

This will consume more than half of Zijizong's foundation!

At the same time, the Great Elder of Ziji Sect looked at Lu Changsheng, and said solemnly: "Senior, although your strength is unfathomable, if you want to be an enemy of Ziji Sect."

"Even if the Purple Extreme Sect is destroyed, it will cost you a lot!"

Lu Changsheng raised his head to look at the purple feather fan, touched his chin and said, "This formation is really full of loopholes...Even if it is compared to the unimproved Nine Serenities and Yellow Springs formation, it is not as good as one ten thousandth..."

While talking.

Lu Changsheng stretched out his fingers together, and pointed his sword finger at the purple feather fan!

Instantly!

A huge sword that contains the principles of the sword, it has the potential to break through the sky!

Break through space!

Wherever it passes, the space is shattered!

Under the horrified eyes of the entire Ziji Sect.

It actually directly pierced through the purple lupine!

In an instant.

The great purple formation directly dissipated in this world...

The purple tokens in the hands of the elders.

After a "click".

It shattered at the sound!

The Great Elder of Ziji Sect watched this scene with a horrified expression.

"How can this be?!"

Zi Yi is also unbelievable.

Behind this wooden girl, there is such a strong man standing?

Don't wait for them to think too much.

I saw Lu Changsheng rising into the sky.

Spread your hands out.

Suddenly, the sword intent exploded!

Sweeping all directions!

Enveloping the entire Purple Extreme Sect, roaring continuously!

The Great Elder of Ziji Sect saw this, his eyes were about to burst!

"Senior, please be merciful!"

The voice just fell.

Zijizong up and down, screams everywhere!

In the entire Purple Extreme Region, the major forces naturally also felt this destructive swordsmanship.

Everyone looked in the direction of Ziji Sect with serious expressions.

"Which existence did this Purple Extreme Sect offend?"

"So powerful...I'm afraid they are not from our Purple Extreme Region..."

"Alas, it seems that Ziji Sect's fate is exhausted."

And on the other side.

In a mountain range.

An old man was carrying a medicine basket, watching this scene from the air, with a kind smile on his face.

"Oh? There are such strong people in this land?"

"It seems that it's time for me to leave here..."

The voice fell.

The figure of the old man disappeared into the mountains.

As if it never appeared.

Only the medicine basket that fell on the ground means that someone has appeared here before...

...

It's just five breaths of time.

All the disciples of the Purple Extreme Sect fell!

Beheaded by the destructive swordsmanship breath!

The Great Elder of Ziji Sect looked at this scene with a pale face.

What kind of strength is this?

"Who are you...?"

Lu Changsheng didn't answer either, just pointed it out.

A blood hole appeared on the forehead of the chief elder of Zijizong.

At the same time, so did the other elders and Ziyi.

And not far away.

Has an aura much stronger than that of the Great Elder of Zijizong, hides his figure, and wants to leave!

Lu Changsheng raised his eyebrows slightly.

Pick up a small stone and shoot it with your fingers!

Immediately!

Not far away, the aura also fell away!

It must be the Supreme Elder of the Purple Extreme Sect.

And after doing all this.

Lu Changsheng took Mu Wan'er and left this world.

Of course, when leaving this world.

Don't forget to press down with one hand.

The entire Purple Extreme Sect was directly suppressed into powder!

to make sure no one else...

Chapter 598 The tree wants to be quiet but the wind doesn't stop

Let's talk about returning to the world of longevity.

Mu Wan'er, Hongying and others reminisce about the old days.

Hongying smiled and said, "Mei Wan finally got her wish and became Master's disciple."

"Then it seems that I will be called Shimei from now on."

Mu Wan'er took Hongying's hand and smiled, "Senior Sister!"

At this time, the little stone on the side poked out his head, with candied haws in his mouth, and said vaguely: "Then the eldest sister is my junior sister?"

Mu Wan'er's face darkened upon hearing this.

Immediately pointed at the small stone and said solemnly: "You should call me Senior Sister. Although the acceptance is late, I have already come to the thatched cottage!"

Little Shitou tilted his head, a smile flashed in his eyes, and then he said: "Then big sister, give me one of your clothes, and I will call you senior sister!"

"clothing?"

Mu Wan'er was taken aback when she heard the words, "Why do you want my clothes?"

Besides, both Hong Ying and Shi Sheng turned dark.

Shi Sheng lifted up the little stone directly, and said: "You boy, change your character."

"Such a **** like an apprentice, I'll get it when I grow up!"

Hongying also helplessly covered her face.

Besides, their little juniors are extremely talented.

At this age, the realm has already reached the peak of the emperor realm.

Also proficient in the way of space.

At that time, it will become stronger, and it is estimated that there is a powerful rogue in this world...

Thinking of this, Hongying became drunk...

Mu Wan'er also reacted, blushing, and glared at Xiao Shishi.

At this time.

Ning Chen returned with a heart.

Everyone looked.

I can only see Ning Chenxin's whole body, the atmosphere of Confucianism and Taoism is restrained, but extremely strong!

Compared with before, there has been a huge improvement!

That's right.

After Lu Changsheng's enlightenment.

Ning Chenxin's Confucianism and Taoism have been further improved.

I'm afraid, one word can change the blood realm!

Lu Changsheng looked at Ning Chenxin and said with a smile, "How are you thinking?"

Ning Chen cupped his fists and smiled: "Thank you, Master."

"I just said a few words, and the reason is that you can figure it out yourself."

For Ning Chenxin.

As long as you have a clear mind, you can quickly improve your Confucianism and Taoism!

Lu Changsheng got up from the bamboo chair and said, "In this case, let me explain your respective tasks again."

Having said that, Lu Changsheng looked at Hongying, and said: "First of all, Hongying, I think you have already explained the good things, then you will follow your own ideas, step by step to occupy other realms, and let the Yunhuang Empire become a low-level empire. Lord of the latitude domain!"

Hongying nodded: "Disciple understands."

"Then there is Chen Xin."

"Your task is similar to that of your senior sister, to become the orthodoxy of the low-latitude realm."

Ning Chen nodded heartily.

"Shi Sheng." Lu Changsheng turned his head, looked at Shi Sheng and said, "When you are helping Hongying Chenxin, look for a place with strong star power to practice, and search while you are actually fighting. This is also the most suitable way of cultivation for you. "

Shi Sheng said: "Understood."

"As for Wan'er." Lu Changsheng looked at Mu Wan'er, and then took out a huge alchemy furnace from the ring!

The alchemy furnace has a tripod shape, and there are nine faucets in the nine directions of the tripod!

"This is an alchemy furnace made by myself. I don't know the grade, but your alchemy is similar to mine, so you must be able to use it handy."

"This alchemy furnace is called Jiulong God Refining Cauldron. It can be used to refine and kill evil spirits, resist all evil spirits, and also refine alchemy."

"Just take it as your apprentice ceremony."

Mu Wan'er looked surprised, and said, "Thank you, uncle!"

Lu Changsheng nodded, "Your way of cultivation is very simple, that is to travel constantly, make alchemy, and discover. This time, it's time to test your alchemy background."

"The pills of all the people in the Yunhuang Empire are given to you alone! You are not allowed to share with other alchemists, do you understand?"

Hongying was slightly startled, and said worriedly: "Master, please think again."

"The Yunhuang Empire has a large number of people. Wouldn't it be too much of a burden for Wanmei to pay for an empire's pills?"

Lu Changsheng's face was indifferent, and he ruthlessly rejected Hongying's proposal.

"I don't know when the catastrophe will come, and there is not much time for you to dawdle. Since you want me to make a cultivation plan for you, I must be strict!"

After all, if the time comes, it will not be possible to strengthen the seal of Zhentian Futu Pagoda on the Demon Realm.

The catastrophe is really not far away.

Lu Changsheng was extremely cautious, so he had to be prepared.

Even three or four hands...

Hongying just wanted to say something more.

But seeing Mu Wan'er's resolute face said: "Sister Hongying, I can do it."

Hongying turned her head to look at Mu Wan'er.

Mu Wan'er walked to the side of the Nine Dragons Refining God Cauldron, stroking the body of the cauldron with five fingers like suet jade.

"I will definitely live up to uncle's expectations..."

Seeing this, Lu Changsheng smiled and nodded.

"Okay, since that's the case, let's cook. After eating this meal, you can start the practice plan. I hope you can all complete it smoothly."

Hongying and the others smiled when they heard this, and walked into the kitchen.

After drinking and eating.

Except for the small stones, they all left the Longevity Realm.

Lu Changsheng sat beside the willow tree.

Willow suddenly made a sound.

"It's not like you."

Hearing this, Lu Changsheng smiled wryly: "If the sea can be calm all the time, who wants to use their brains to think about the cause and effect of life and death?"

"You know, after you accepted these disciples, they are not ordinary people. They are destined to chase the peak of the Dao and stand on that peak."

The breeze caressed the willow branches, and the willow leaves fluttered with the wind.

Like a strong wind blowing...

Lu Changsheng said helplessly: "Then we have to do it."

"After all these things are resolved, you should be able to live a peaceful life."

Calm days?

Liu Shu thought to himself.

But, what is more extraordinary is you!

Your talent, that unfathomable strength, originally carries the responsibility of heaven and earth.

I'm afraid...this is just the beginning.

...

After the disciples left.

Lu Changsheng made third-hand preparations.

That is to improve your own strength as much as possible!

And how to improve your own strength?

After a night of thinking.

Lu Changsheng discarded all formations and so on, and chose self-created exercises!

As for the exercises of the disciples, they all felt a bit inappropriate for Lu Changsheng.

Their exercises are all majoring in one Dao.

For example, Ye Qiubai is the way of swordsmanship.

Ning Chenxin is Confucianism and Taoism.

Shisheng is the way of stars.

And what about Lu Changsheng?

Seems to know a little bit about everything.

Then integrate all these together and create a unique technique of your own!

Only you can practice the exercises!

Only in this way can we integrate this complicated avenue.

It must be even stronger!

Think here.

Lu Changsheng began to think.

I am afraid it will take several months to think about this...

Hongying and his party also led the Yunhuang Empire to find their first target realm.

Ming Huang domain.

Chapter 599 Those who descend will not be killed!

Minghuang Domain.

Among the low-latitude boundaries, it can be regarded as the top-level boundary after the borderless domain.

Hongying's idea is to occupy from the strong to the weak.

After all, when those low-level realms are reached, they can be handed over to other people in the empire to occupy them.

The structure of Minghuang Domain is extremely complicated.

Different from the Borderless Domain, it is controlled by the Boundless Dynasty.

The power of Minghuang Domain is divided into four sects!

These four major sects respectively control the four directions of the Minghuang Domain, the southeast, the north, and the west.

They are Donghuangzong, Nanhuangzong, Beihuangzong and Xihuangzong.

There is also a saying.

These four sects were actually one sect in ancient times.

But, no matter what.

These four sects, on the surface, all have two powerful emperors!

Eight powerhouses in the imperial realm.

Among the low-latitude boundaries, it is already regarded as the top boundary after the borderless domain.

And this day.

Ming Huangyu looked calm.

However, the direct disciples of the four great Huangzongs, and even the elders of the suzerain all came out in full force!

came to the sky above the center of the junction of the four cases.

Here, a crack is slowly unfolding.

Among them, the meaning of stars overflows in it!

Sect Master Donghuang smiled and said: "It seems that the secret realm is about to be born, and I don't know what treasures are in it."

The Xihuang Sect Master sneered: "No matter what, it has nothing to do with your Donghuang Sect, right? The secret realm last time was exclusive to your Donghuang Sect."

North Huangzong and West Huangzong also nodded.

Suze Master Donghuang saw this, his heart was gloomy, but he still smiled on the surface: "That's natural, this time I just came to see, let the disciples in the sect drink soup, experience and experience."
"hope so."

Obviously.

The relationship between the four sects is not harmonious.

They all want to occupy the other three Huangzongs and become the only top existence in the Minghuang Domain!

And at this very moment.

In the sky above Minghuang Domain!

Suddenly, darkness like dark clouds descended on this world!

Block the sun!

The four great Huangzongs all looked up to the sky, their expressions slightly startled.

Because there are no dark clouds in the sky.

Nor is it the vision of heaven and earth revealed when the secret realm is about to open!

It's a dark crowd!

Almost covered the sky above this secret realm!

Covers the sun completely without revealing anything!

The suzerains of the four great Huangzongs all flew into the sky.

Looking at the army in gold armor in front of him, his face was solemn.

These armies are extremely powerful!

Even if the four of them add up, they can't gather such a powerful army!

The Suzerain of Donghuang arched his hands, and said in a loud voice: "I don't know what force is visiting my Minghuang Domain, but I still want to see it."

At this time, Hongying, like a god, descended from the sky!

Shi Sheng, Ning Chenxin followed.

Originally, this kind of occasion did not require Hongying and the others to take action in person.

However, Hongying needs to occupy the entire low-latitude boundary.

Then, you must show your strength in a high-profile way, so that you can completely convince other realms!

Seeing Hongying and the others.

The Suzerain of Donghuang raised his eyebrows and asked, "I don't know what kind of power you are from. What's the matter with you coming to my Minghuang Realm?"

Hongying is wearing an imperial robe, holding a reincarnation spear in her hand.

Indifferently said: "Longevity Realm, Yunhuang Empire."

Eternal Life Realm?

Yunhuang Empire?

Which realm is this?

Which force is it?

The four major sect masters all looked slightly stunned.

For Minghuangyu.

They have heard about the top forces in the entire low-latitude boundary.

But the world of longevity, but I have never heard of it!

That means, this longevity realm is just a middle and lower realm?

As for the upper bound?

None of the four major suzerains thought about it.

Why did people come to their Minghuang Domain?

If it's just a force in the middle and lower realms.

Then they don't have to be too polite and vigilant.

Sect Master Xihuang sneered and said: "No matter what happens, please leave, now our four sects don't have time to pay attention to you."

The attitude of the Donghuang Suzerain is completely gone from the previous politeness.

His face became cold.

"Leave now, maybe I can forgive you for being so rude, no notification has entered our Minghuang domain."

See here.

Hongying no longer had any nonsense, and said lightly: "The surrender will not be killed."

The look of contempt in the eyes is obvious!

A gust of imperial aura swept across the realm!

Those who surrender are not killed?

The suzerains of the four sects all smiled coldly.

"Based on your strength, are you qualified to make us surrender?"

"Although I don't know what your purpose is, but saying such words has already sentenced you to death."

"In front of us, the only ones who are qualified to say this are the forces of the Boundless Dynasty in the Boundless Domain. What are you?"

If the four major sect masters know that the overall strength of the Yunhuang Empire has already surpassed the Boundless Dynasty, then they don't know what to do.

"The disciples of the elders of the four sects obey the order!"

At this time, the four major suzerains issued orders at the same time!

"Kill all these low-level forces who don't know the so-called! No one left!"

At this time.

The elders and direct disciples of the four sects below all rushed towards the Yunhuang Empire!

Among them, the great elders of the four sects are all strong in the middle stage of the imperial realm.

They came in front of Hongying and the others in thatched cottage.

Hongying said lightly: "Kill!"

Immediately, holding the reincarnation spear, he took the lead and rushed towards one of the great elders!

The meaning of reincarnation is like the scorching sun scorching the sky!

Surge out!

Shi Sheng is the Ming Emperor's Xuan Axe, and the power of the stars surges through his body.

Raiding in this space!

In the sky above, two stars appeared, shining brightly!

Ning Chenxin uttered the nine-character mantra.

The **** general holding the golden scale sharpshooter is incarnated from the nine ancient characters.

Shenhui shines above the sky.

White holy light descends, enveloping God General!

It seems that a miracle has come to this world!

The strength of the three exploded.

The expressions of the four great elders in the middle stage of the imperial realm all changed.

At the same time, the suzerains of the four sects felt an extremely dangerous feeling instantly.

Even... let them smell the breath of death!

Releasing breath can make them feel this way, the other party is absolutely extraordinary!

The Suzerain of Donghuang immediately said: "It's not right, let's fight together!"

The other three major sect masters nodded solemnly.

This time, their opinions were surprisingly unanimous.

When facing foreign enemies.

No matter how bad the relationship is on weekdays, the situation is like fire and water.

That will also become brothers who love each other because of the common enemy.

But.

Even if we add four suzerains who are at the peak of the imperial realm, so what?

With the current state of the three of Hongying.

The powerhouse of the fairyland is coming, and the three of them can join forces to meet him!

It's just three breaths of time!

The four great elders, plus the four suzerains.

It turned into a corpse that lost any vitality and fell from the sky.

The red-tasseled spear pointed at his chest.

shouted loudly: "The descendant will not be killed!"

Chapter 600 Holy Talisman Ancestral Land

The only remaining eight saints in the Minghuang Realm, in the hands of those three people in the sky, couldn't resist even a single move!

directly fell.

The disciples and elders of the four major clans below stopped fighting with the army of the Yunhuang Empire.

Looked in horror at the eight falling corpses.

To know.

These eight corpses already represent the peak combat power of their Minghuang Domain!

At the moment.

Hongying is holding a reincarnation spear.

Stand in the sky.

Wrapped in a fiery red imperial robe with gold patterns, it dances in the sky automatically without wind.

The expression of the emperor's air.

At this moment, Hongying is like a heavenly emperor descending to earth!

People don't have any thoughts of resistance!

"The surrender will not be killed!"

These four words spread throughout the entire Minghuang Domain.

Whispering in the ears of all ascetics.

Ming Huangyu's direct disciples and all the elders looked at each other in blank dismay.

Having lost their backbone, their faces were full of fear and bewilderment.

At this time.

Among them, an elder of the Donghuang Sect suddenly sighed, and said: "The old emperor is gone, and the new emperor will be established."

After finishing speaking, he knelt down in the void, cupped his hands towards Hongying and said, "Donghuangzong, surrender."

This person is the second elder of Donghuangzong.

Has reached the half-step imperial realm, and his cultivation is second only to the suzerain and the great elder.

Now that the lives of the two of them are dead, he will naturally be in charge of Donghuangzong temporarily!

Seeing this, Hongying nodded, and said calmly: "In that case, you will be in charge of the Donghuang Sect from now on."

And heard these words.

The second elder of the Donghuang Sect was overjoyed.

With Hongying's words, he, who was originally in charge, can naturally become the suzerain of Donghuang Sect in a true sense!

Although this suzerain is just a puppet...

Hongying did this to give them a sweet date.

After all, pressure is enough. If you give a sweet date at the wrong time, give them a taste of the sweetness.

Presumably, he would not agree with the Yunhuang Empire in managing this world.

With the first person, the second person and the third person will appear.

What's more, I saw the sweetness.

The elders and direct disciples of the four sects hurriedly knelt down and surrendered!

That's it.

Ming Huangyu was also completely controlled by the Yunhuang Empire.

After all, the four strongest sects are gone.

For other sects, they only need to combine rigidity and softness at that time, and the problem must not be too big.

At this time.

The second elder of Donghuangzong smiled flatteringly: "Your Majesty, I have something to report."

Hongying said: "Say."

"Our four major sects gathered here today for the upcoming secret realm."

Secret Realm?

Hongying nodded and said, "Take us there."

"yes."

After finishing speaking, Hongying, Shi Sheng and Ning Chenxin followed behind the second elder.

Came to the crack in that secret realm.

"right here."

Immediately, the second elder stepped aside.

Since you have surrendered.

Then the benefits in this crack will naturally not be theirs.

Unless the Yunhuang Empire doesn't like it.

And the moment you see the crack.

Shi Sheng was taken aback suddenly.

Among them, the meaning of stars is overflowing!

Hongying also smiled and said: "Junior brother, it seems that you are lucky, and you have found a secret realm that suits you."

Shi Sheng nodded and smiled.

Immediately, he took out the Minghuang Xuan Axe, and directly split the space crack with one axe!

This scene also stunned the people of the four major sects around them.

They can only stand here and wait for the crack to open naturally.

And these people in front of them can forcibly break through the cracks with a single axe?

but.

This is also normal.

The level of this crack in the secret realm of Minghuang Domain is really not high.

Afterwards, Shi Sheng directly entered the crack and absorbed the power of the stars.

And some of the inheritances inside were taken into the bag by the Yunhuang Empire.

As a military resource when you want to conquer other realms in the future.

Afterwards, Minghuang Domain was conquered very smoothly.

Shi Sheng also absorbed all the meaning of stars in the secret realm.

Its strength has improved again.

In the dantian of the starry sky, the third star is already looming and beginning to take shape.

After Minghuang Territory was successfully subdued, Hongying dispatched the Nine Heavens Department and the National Teacher.

Headed towards some low-level realms respectively.

After Hongying became the Heavenly Dao of this world, she also attacked a high-level realm again!

Time is scarce.

They are not allowed to yo-yo!

...

And at this moment.

In the mid-latitude boundary.

Sacred Talisman.

Mu Fusheng lived in the courtyard where the Supreme Elders were.

Standing in front of a long rosewood table, the talisman pen in his hand drew the last stroke on the talisman paper!

Form Breaker, complete!

The three Supreme Elders were watching the scene in front of them while drinking tea in the rear.

Can't help but sigh with emotion: "This kid is simply a born talisman master."

"We have studied the formation-breaking talisman for hundreds of years. Even now, it takes dozens of days to carve a seal."

"But now, it took less than half a day for Mu Fusheng to carve it out."

One of the white-bearded elders smiled and said: "Although it is a pity that he is not our apprentice, but the Saint Talisman Sect may be led by him to a peak that has never been reached or imagined!"

"Speaking of which, the holy talisman land is about to be opened, right? Let Mu Fusheng try it, maybe he can completely activate the spirit of the holy talisman left by the ancestors."

"I think so too."

Say it.

Elder Baixu beckoned and said with a smile, "Mu Fusheng, come here."

Mu Fusheng heard the words and walked over.

"Holy Talisman Ancestral Land, have you heard of it?"

Mu Fusheng nodded.

According to his personality, since he has arrived at that place, he will inevitably investigate the things in this place and what can be investigated.

Things that cannot be investigated must be investigated!

This holy talisman ancestral land is the holy land of the holy talisman sect.

It can be said.

The Holy Talisman Sect can achieve today's achievement and become the orthodox Talisman of the mid-latitude boundary.

There is a large part of it.

It is because of this holy ancestral land.

Passed on.

In the ancestral land, there is a holy-level talisman spirit!

As long as you can get him.

It is possible to step into the realm that the talisman masters dream of.

Sacred Talisman!

However, this can only be a dream after all.

The talisman masters just smiled and shook their heads when they heard these words.

The holy talisman master is the pinnacle of the talisman master!

Even if it is an immortal talisman master, it is difficult to contact.

In the entire mid-latitude boundary, no such character has appeared.

but.

If available.

It is certain that his talisman teacher will have a huge improvement.

"The Holy Talisman Ancestral Land will open tomorrow, do you want to try it?"

Mu Fusheng smiled and said: "Naturally, I will go. It would be too wasteful not to pick it up when I have the chance."

Elder Baixu was stunned when he heard the words, and then he couldn't help laughing: "You boy, is there anyone who looks down on my Holy Land of the Saint Talisman Sect?"

"Others are trying their luck to see if they can get the spirit of the holy talisman that no one has obtained since the sect was founded."

"Is it a pick-up for you?"

Mu Fusheng smiled and said, "I'm just kidding, I'll prepare for the three elders first."

After finishing speaking, he left the formation breaking talisman and left.
