

## My Disciples 611

Chapter 611 Hunyuan swordsmanship!

Inheritance is obtained by others.

This news.

Like a virus, it spread throughout the entire Tianjian Peak at an extremely terrifying speed!

You know, Tianjian Peak is inherited from the ancestors.

But so far no one has obtained it!

Whether it is the suzerain of the past dynasties.

It is still the great pride of Tianjian Peak, no one can get the legendary inheritance!

And now.

Someone got it?

This naturally set off a big wave of renderings!

"The inheritance of the ancestors, someone really got it?"

"Well, I heard what Master said, when he was comprehending the exercises on the eighth floor of the Hidden Sword Pavilion, he noticed something moving on the ninth floor!"

"Ninth floor! The ancestor's saber? That means the inheritance has been settled."

"After all, only those who have received the inheritance from the ancestors can inherit the fairy sword!"

"I don't know whether the inheritance is a kung fu method or a sword method."

"In any case, the conditions for obtaining inheritance are so strict, so this inheritance will definitely not be simple!"

All the disciples on and off Tianjian Peak, as well as the elders, are talking about who is the one who got the inheritance!

Where is the sacred place?

Able to obtain the inheritance that no one has obtained for thousands of years?

At the same time, they are also curious about what the inheritance of the ancestors is!

after all.

In the secret realm of Tianjian Peak.

There are only nine statues.

Without the Hunyuan sword body, the statue cannot be activated.

Countless people are wondering what is hidden among the nine statues.

Just when everyone was curious.

The suzerain Huo Zhengheng was anxious for all the disciples and elders of the whole sect to gather in the main peak.

Everyone is heading towards the main peak.

It took only half a stick of incense to complete the assembly.

Huo Zhengheng stood in mid-air, saw that all the disciples below had arrived, cleared his throat, and said loudly: "Now, I want to announce an important matter."

All the disciples held their breath and listened attentively.

"The secret realm of Tianjian Peak, that is, the inheritance left by the ancestors, until today, someone finally obtained it!"

Although he had already heard the news before.

However, when the suzerain said it himself, I was still surprised.

A disciple asked aloud: "Suzerain, what exactly is inheritance?"

Everyone nodded when they heard this question.

This is what they are most concerned about!

Huo Zhengheng smiled and said: "It's swordsmanship, let Ye Qiubai demonstrate it for us."

After finishing speaking, he turned his head and looked at Ye Qiubai behind him.

Seeing this, Ye Qiubai nodded, stepped forward, and took out a green long sword without a grid!

The emerald green sword light swirled around Ye Qiubai's body at this moment.

Extremely sharp.

The swirling sword light seems to be cutting the surrounding space all the time!

Caused the space to burn like a raging fire, setting off ripples!

is the Hunyuan Immortal Sword!

All the elders have seen and heard of this legendary sword of the peak of the immortal level.

Ye Qiubai just wanted to use the sword to use the Hunyuan swordsmanship.

A disciple stepped out and asked loudly: "Brother Ye, you can't see the mystery of it just by demonstrating it. Why don't you let me try the sword with you?"

When everyone saw this man, they were all surprised.

"It's Zhuang Zidong!"

"Second Elder's personal disciple, his talent and strength are among the top ranks in the sect!"

"I heard that he had broken through to the realm of the Supreme Sword Dao a year ago, right? His strength has even reached the half-step Zhuoxian!"

"That is, Zhuang Zidong is an existence that can stand shoulder to shoulder with the suzerain."

Hearing this, Ye Qiubai smiled and said, "Yes."

Just right, he also wants to try, with the current him, how much of the power of the Hunyuan swordsmanship can be displayed.

It is not a bad idea to have someone come to help him try the sword.

Zhuang Zidong took out a thin sword.

The thin sword is extremely sharp.

It seems to have completely abandoned the defense, and made the sharp attack to the extreme!

This is also the scary thing about Zhuang Zidong.

Completely discarded any defense, and focused on killing skills!

It can be said that Zhuang Zidong's sword is a complete, pure murderous sword!

This kind of person is often more terrifying in actual combat.

Combat power is stronger.

"Brother Ye, I hope to enlighten you."

Zhuang Zidong raised his wrist slightly, and pointed the rapier at Ye Qiubai.

With this posture, the defense has been completely abandoned!

Murderous aura and sword intent are perfectly integrated at this moment!

It became a sword of killing intent without any impurities, sweeping towards Ye Qiubai!

Feeling this extremely special sword intent.

Ye Qiubai's eyes were slightly cold.

Sure enough.

In Tianjian Peak, there are extremely many Tianjiao.

Only this Zhuang Zidong is already the most outstanding among the young generation that Ye Qiubai has met.

Ye Qiubai nodded, and also put on a posture.

Zhuang Zidong's expression was also at this moment, that warm smile instantly turned into a killing intent!

In the blink of an eye, he disappeared in place!

The moment everyone reacted, Zhuang Zidong's figure had already appeared in front of Ye Qiubai less than five steps away!

Bending his elbow slightly, the rapier in his hand pierced towards Ye Qiubai!

The murderous sword intent condensed to the extreme, turned into a spiral shape at this moment, carrying a hurricane, piercing the space!

Stabbed fiercely at Ye Qiubai's face!

See it.

Ye Qiubai's pupils narrowed slightly, and he didn't underestimate the other party in the slightest.

The Hunyuan Immortal Sword in his hand made a starting gesture.

Slashed towards the rapier in Zhuang Zidong's hand!

Sword Qi transforms into a dragon!

Make bursts of dragon chant!

The sword intent swirled and slammed into Zhuang Zidong!

Is this the Hunyuan swordsmanship?

Everyone who saw this scene was a sword cultivator.

How could it be possible not to discover the extraordinaryness of the swordsmanship left by this ancestor?

Although only one side can be seen.

But the mystery in it has already shocked them!

Zhuang Zidong's face became even colder, and the rapier in his hand accelerated at this moment!

Using the power of the wind, he pierced towards Ye Qiubai at a faster speed!

Killing intent, supreme sword intent, wind intent!

Perfect blend at this moment!

Formed a faster and sharper sword!

The two collided with each other!

The piercing spear collided with the Hunyuan Stegosaurus.

Spatial fluctuations.

The aftermath is everywhere.

The swords were aimed at this moment, centered on the point of collision, and scattered around!

The trees and boulders on the top of the mountain are rolling down at this moment!

Turned into sawdust and stone powder!

Everyone watched this scene in horror.

I saw that the piercing spear formed by the gathering of killing intent, at this moment, cracks began to form!

Zhuang Zidong's complexion also changed drastically at this moment!

He didn't hold back this blow!

There is no humility!

He just wanted to use all his strength to touch how powerful the sword technique passed down by his ancestors is!

But.

At this moment, his strongest blow actually began to shatter?

The moment when the rift rises.

The Broken Spear also broke!

Hunyuan Stegosaurus exudes bursts of sword chant, and continues to charge!

Chapter 612 Risk assessment expert, Mu Fusheng!

At the moment.

The boundary of Tianjian Peak.

The sword energy is surging, and the sword chant bursts out!

Countless sword intents, turned into giant swords that can split the world, constantly floating!

Everyone looked up at this scene.

looked horrified.

Zhuang Zidong is the Tianjiao disciple of Tianjian Peak.

Second only to the suzerain's direct disciple.

His strength has reached the half-step Zhuoxian, and his sword intent has reached the supreme sword intent!

But what about Ye Qiubai?

Although the state is only at the peak of the He Dao state, the sword intent has reached the extraordinary swordsmanship!

not to mention.

Ye Qiubai, who was only at the peak of the He Dao Realm, crossed a big realm and crushed Zhuang Zidong's full blow!

How on earth is this done?

Is the inherited sword technique left by the ancestor really so strong?

Rear.

Huo Zhengheng watched this scene and nodded with a smile.

As expected of a person with the same physique as the ancestor.

Ye Qiubai, as long as he doesn't die halfway, his future will be limitless!

The number one swordsman who will eventually set foot in the mid-latitude realm.

No, far more than this mid-latitude boundary!

Ye Qiubai's journey will definitely not stop at this place!

Huo Zhengheng thought so.

Hang Jiange.

The two Supreme Elders opened their eyes one after another.

Feeling the conflict of sword intent in the distance.

nodded slightly.

"Heavenly Sword Peak, a remarkable person has appeared..."

"Hunyuan sword body, the ancestor relied on the sword body at the beginning, and there was no opponent in the mid-latitude realm!"

"Now, after arriving in the upper realm, I don't know what to do."

"Don't mention the ancestor, this Ye Qiubai, we must ensure his safety."

Jianxiu's character is straightforward, to put it bluntly, stubborn, and will not change easily if he is determined!

With this kind of personality, it is easy to provoke other people.

So, a sword cultivator must have many enemies on the road of cultivation.

"Let us two old men be his defenders..."

After finishing speaking, the two Supreme Elders disappeared in place!

...

And the other side.

Zhuang Zidong's face was serious, a little pale.

Immediately, with a wry smile and a sigh, he bowed to Ye Qiubai, held swords in both hands, and stood with clasped fists.

"Brother Ye, I lost."

The tone is frank, without the slightest dissatisfaction!

Ye Qiubai heard this, smiled and cupped his hands: "Accept."

"Come again if you have the opportunity to learn from each other."

"must."

after.

Huo Zhengheng announced here that Ye Qiubai is the sword son of Tianjian Peak.

No one has an opinion.

After all, Ye Qiubai is the one who got the inheritance from his ancestors.

And the talent is so strong.

Extraordinary swordsmanship, defeated the half-step Zhuoxian strong man with the strength of the Dao realm.

This group of sword cultivators were convinced by this inhuman talent.

...

After the incident.

Ye Qiubai followed Huo Zhengheng to the main hall of the peak master.

Huo Zhengheng took out a sheepskin scroll and a jade pendant, put them on the table, and pushed them in front of Ye Qiubai.

Ye Qiubai picked it up and took a look, slightly taken aback.

"Myriad Domain Competition?"

Huo Zhengheng explained: "The Wanyu Grand Competition happens once in a hundred years."

"It is a ranking battle between all the realms in the mid-latitude realm."

All realms?

Ye Qiubai was shocked.

How big is this mid-latitude boundary?

The scope is so wide.

Wouldn't it be too big if all realms could participate?

Huo Zhengheng explained again: "Actually, it's not as complicated as you think."

"The initial stage of the Wanyu Grand Competition is to compete in its own realm first, and then the sect that wins the leader will represent this realm to participate in this Wanyu Grand Competition."

"And you should also know that in the general realm, the rankings have actually been determined."

"For example, our Tianjian Peak, there is no controversy, is it the most powerful person in this area?"

"Then we don't need to fight, we just need to wait for the next round of Wanyu Grand Competition to start."

"Of course, unless other sects grow up and want to challenge us, then we still have to make a move."

Ye Qiubai nodded.

"Then according to what Senior Huo said, Tianjianfeng never participated in the previous Wanyu competition?"

"Exactly."

Huo Zhengheng nodded, and said: "The order from the ancestor, if no one gets the inheritance he left, then they must not make publicity."

"So we've been keeping a low profile over the years."

Acting low-key can still get mixed up with the top existence of the second-rate forces.

Ye Qiubai couldn't help shaking his head and laughing. Sure enough, Tianjian Peak's original background is very strong.

"but now."

Huo Zhengheng changed the subject, looked at Ye Qiubai solemnly, and said, "Now that someone has obtained the inheritance, it's time for us at Tianjian Peak to make a high profile."

"To be honest, I've been so aggrieved all these years, I'm almost out of breath."

"so..."

Huo Zhengheng patted Ye Qiubai's shoulder heavily, and said with a smile, "Work harder, and help us gain the reputation of Tianjian Peak in this Wanyu Grand Competition!"

Ye Qiubai also smiled and assured: "That's natural."

...

the other side.

Sacred Talisman.

The three Supreme Elders called Mu Fusheng over.

"Stinky boy, I have something to do for you."

When Mu Fusheng heard this, he hurried away: "Well, my talisman research has reached a critical moment, and I can't get away. The three elders should go find someone else!"

Seeing Mu Fusheng walking, he kept walking towards the outside.

Elder Baibear's beard is trembling...

Slightly stretched out his hand, and an invisible aura lifted Mu Fusheng's body.

"You boy, don't play tricks here!"

"The reward of this Wanyu Grand Competition has the qualification to enter Absolute Soul City!"

Absolute Soul City!

Mu Fusheng immediately stopped struggling, and also stopped sophistry.

"I think, with your personality, you should have heard about Absolute Soul City, right?"

Of course!

With Mu Fusheng's cautious personality, wherever he is, he will definitely inquire about all the things that can be inquired clearly!

Desperate Soul City, although it is a secret.

However, due to his great fame, some rumors were still revealed.

for example.

In the City of Absolute Soul, countless powerful spirits are imprisoned!

Heaven and earth ghosts and gods, ghosts and monsters, there are all of them!

Inheritance is everywhere, and the treasures of heaven and earth are inexhaustible.

More importantly, it has greatly improved the soul!

And Mu Fusheng is the way to improve the soul!

"But... Absolute Soul City seems a little dangerous?"

The three Supreme Elders looked at each other.

"Dangerous? Well then, we will accompany you to ensure that you are not in danger!"

"Stop coming!" Mu Fusheng rolled his eyes and said, "Your strength has exceeded the limit of Absolute Soul City!"

"Only those who are Zhuoxian and below are allowed to enter that place!"

After Mu Fusheng thought about it, he said, "Let me think about it."

The temptation is too great, but also the danger.

Mu Fusheng has to evaluate and evaluate the corresponding risks...

Chapter 613 In the beginning

In Xianyuan Village.

Xiao Hei has recovered.

The village chief came to Xiao Hei's room.

Look at the body, surrounded by endless blood!

Its physical strength is stronger than ever!

Can't help but nodded, then said: "Devil Lord, are you still looking for memory fragments?"

Xiao Hei nodded.

In his mind, that picture appeared more and more frequently!

It seems to be urging him to grow up quickly, to find other memory fragments quickly.

The village chief sighed helplessly, and said with a wry smile: "In this case, the devil can go to Juehun City to have a look."

"City of Absolute Soul?"

Xiao Hei looked at the village chief.

The village head explained: "The city of Juehun imprisoned the ancient strong, the spirits of heaven, earth, ghosts and gods."

"There, there is very likely to be the soul fragment of the devil."

Xiao Hei asked: "How do I go?"

"Myriad Domains Competition." The village head said, "Only by passing the top three realms of the Wanyu Competition can you enter Absolute Soul City."

"How to participate."

The village chief smiled and said, "Don't worry about the devil, let's just wait for the next round. Then I will ask Yuan Shou to take you there."

In the Ape Demon Realm.

Xianyuan Village has always been the most top existence.

It is also regarded as a \*\*\*\* by other forces in the Ape Demon Realm.

Before, Xianyuan Village had never paid attention to this Wanyu Grand Competition.

are all participated by other forces of the Ape Demon Realm.

Now, Xianyuan Village wants to participate.

How can the rest of the forces stop it?

Xiao Hei nodded, got up and went out: "Village Chief, then I will continue to find brother Yuanshou to discuss."

The face of the village chief changed.

"You... tap lightly."

Every time you hit the Immortal Ape Terrace, you have to scrap it once!

It will take a lot of resources to repair it!

But.

It turns out.

The words of the village chief don't work for Xiao Hei.

not long.

There was a huge commotion on the Immortal Ape Terrace that had just been repaired...

In desperation, he had no choice but to run towards the mountains and forests.

I have to find a few monsters from the Earth Wonderland and a monster from the Heavenly Wonderland to borrow some blood...

Otherwise, before the Wanyu Grand Competition starts, the blood in the warehouse is really not enough for Xiao Hei to squander!

...

Time keeps passing.

In each realm.

Because of the Wanyu Grand Competition, the battle is in full swing.

after all.

The reward for this Wanyu Grand Competition is to enter Absolute Soul City!

Countless ancient aristocratic families and hermit sects were all born at this time, and began to participate in the Ten Thousand Domains Competition!

In the mid-latitude boundary, the suzerain of the top power said.

This time the Ten Thousand Domains Competition.

Even if they are top forces like them, they cannot be said to be sure!

After all, those low-key ancient families, hidden sects.

Background and strength are both unknown...

at the same time.

It was also said.

An ancient aristocratic family, the birth of a hermit sect.

The appearance of Tianjiao and evildoers.

Both represent a big era, which is about to start...

soon.

Three months passed.

In Tianjian Peak.

Huo Zhengheng came to Ye Qiubai's practice sword field.

Here, there is an extremely abundant sword intent and aura!

It is most suitable for sword practice.

Huo Zhengheng looked at the aura surrounding Ye Qiubai.

at this moment.

suddenly went berserk!

It turned into a tornado, with Ye Qiubai as the center, which is the eye of the storm!

Started to spin, frantically absorbing the aura from the surrounding world!

It's about to break through.

Wait until the tornado completely merges into Ye Qiubai's body.

The realm has directly broken through to the early stage of the blood-changing realm!

The solid foundation also makes it unnecessary for him to stabilize the realm he just broke through!

Huo Zhengheng smiled and said, "Congratulations."

Ye Qiubai opened his eyes and said, "I would also like to thank Senior Huo for the resources you have provided in the past three months."

"You are the sword son of Tianjian Peak, so naturally the resources will be tilted towards you."

Very realistic.

But also normal.

Who would waste resources on an ordinary person with no talent?

Ye Qiubai changed the subject and said: "Senior Huo came to see me, does that mean the Wanyu Grand Competition has started?"

"Well, the initial selection has ended."

Huo Zhengheng said: "Now that all the realms have determined the representative forces, we also need to go to the wilderness of Wanyu for the second round."

Immediately.

He brought Ye Qiubai to the Sword Asking Platform of Tianjian Peak.  
here.

The other three stood.

One of them was Zhuang Zidong who was fighting with Ye Qiubai back then.

Huo Zhengheng said: "Wanyu Dabi, each sect sends four disciples to fight."

"The four of you are the Tianjiao who will represent our Tianjian Peak in this Wanyu Grand Competition."

"Okay, let's go."

...

Eternal Life Realm.

Lu Changsheng also opened his eyes at this moment.

It took several months.

Lu Changsheng summed up the power of the rules of heaven and earth that he is good at.

Then integrate them together, trying to develop a very compatible and terrifying exercise.

These months.

Not eating or sleeping (this is torture for Lu Changsheng!)

Think day and night, try.

Finally researched it out.

Lu Changsheng smiled, took out a pen and paper, and began to draw on the rice paper.

Willow also looked over curiously.

She wanted to see what Lu Changsheng had been doing for the past few months.

How shocking and terrifying exercises can be created?

Liu Zirui was also quite disbelieving.

But he didn't lean over to look.

After all, peeking at other people's exercises is a big taboo!

months.

Can you create exercises?

If it's just an ordinary exercise, then forget it.

After all, with Lu Changsheng's unfathomable strength.

Create a simple exercise, isn't it easy to grasp?

but.

What Lu Changsheng wanted to create was his own technique!

Can the skill level I use be low?

How can it not be complicated?

How could a few months be enough?

Little Shitou also moved over curiously.

Lu Changsheng didn't chase him away either.

Instead, write two words on it.

"in the beginning"

In the beginning?

Willow looked down.

As a result, my heart became more and more frightened!

Is this a skill that can be created in a few months?

Although it looks ordinary, in fact, the upper limit of this exercise is extremely high!

It can also be said that there is no upper limit!

NO DOME!

How much power of the rules of heaven and earth have you comprehended.

Then, how powerful is this "prime beginning"!

and.

at the same time.

The most appalling of them is.

can be perfectly integrated, the power of all rules.

This alone.

is enough to surprise Willow!

The willow tree has survived in this vast universe since the beginning of the world.

I don't know how many years I survived.

Also saw the demise of the universe, birth, death, prosperity...

How much experience?

but.

She has never seen it.

Which one is there?

Can do it, perfectly integrate the power of all the rules of heaven and earth!

Remember, be perfect!

will not conflict.

are not mutually exclusive.

No side effects.

Will not go crazy when practicing!

Willow asserts.

The practice of Taichu.

will be since the beginning of the universe.

The most mysterious exercise...

Chapter 614 The willow tree makes a move, and the land lives forever!

"how did you do it?"

Seeing Lu Changsheng put down his pen, Liu Shu asked aloud.

Lu Changsheng spread his hands: "That's how it is done."

"Think about what you need and what you lack, and then just go to make up for it."

"But it's really difficult. This time it took me a whole few months!"

Willow: "..."

According to what Lu Changsheng said.

You can die if you don't pretend?

How many months?

created such a mysterious exercise.

What else do you want?

But think back to the earth-shattering things that Lu Changsheng did before.

For example, setting up the Nine Netherworld Formation.

Upgrade the Nine Netherworld Formation.

The lower latitude spans the large array.

There are alchemy and so on.

It just took a few days.

A few months is indeed a bit long for a pervert like Lu Changsheng who cannot be seen with common sense.

At this time.

Lu Changsheng thought about it.

Gongfa has already been created.

But you have to try the compatibility of the fusion of power and the power of the rules of heaven and earth.

Now it is theory after all.

Haven't practiced the result yet.

Who do I have to ask for a try?

Suddenly, Lu Changsheng turned his head and looked at Liu Ziru who was idle and stretching.

noticed Lu Changsheng's gaze.

Liu Ziru's face froze.

"What... what's wrong?"

Why do you have an ominous premonition in your heart?

Lu Changsheng's face burst into a smile, and his eyes were squeezed together.

Looks...somewhat...weird?

"Ziroom, you seem to have nothing to do."

Looking at Lu Changsheng's weird smile, Liu Ziru shuddered, and cold sweat oozed from his back inexplicably.

"I suddenly remembered that I haven't started practicing today! I seem to be on the verge of a breakthrough, so I have to go to retreat!"

After speaking, the soles of the feet seemed to be oiled, and they hurriedly slid towards the rear!

However, how could Lu Changsheng let Liu Ziru go so easily?

Immediately, he poked his right hand into the air, facing Liu Ziru's direction, and put his five fingers together.

Immediately.

Liu Ziru began to squeeze the space around her body crazily!

formed a cage, trapping Liu Ziru in it.

As for Liu Ziru?

I didn't even think about resisting.

The first thought that comes to mind, and the last thought.

Are you, send!

Then Lu Changsheng took him back.

At this time.

Willow spoke.

"He can't bear it. Even if you fight with your strength, I'm afraid you will either die or be injured."

"What's more, the technique has just been created, and you can't grasp the strength of the attack."

Liu Ziru almost cried when she heard this.

What!

In just a few months, what skills have been researched!

Why can't you hold back even with all your strength? !

This is too insulting!

but.

Liu Ziru still believed 100% in what Liu Shu said.

It's been so long.

In this thatched cottage.

There are only two people who make him unable to see through.

The first one is Lu Changsheng.

And the second is willow.

As for the little bird, it is considered to have the blood of the Divine Phoenix.

With Liu Ziru's strength, although not as good as it is, you can still feel how big the gap is!

Willow said so.

That is naturally true.

After hearing this, Lu Changsheng thought for a while and put Liu Ziru down.

Then he glanced at him with disgust in his eyes, and said: "Practice hard, your sandbag can't keep up with the progress of my boxing test."

Liu Ziru: "..."

I want to cry...

Too bully...

Lu Changsheng was a little distressed.

Who should I try?

He has already figured out the strength of this low-latitude boundary.

Not as good as Liu Ziru at all!

Even in mid-latitude boundaries!

That's not to mention it can be used as his sandbag!

As for the high latitude boundaries.

I still don't know what is hidden in it.

Is there any hidden family, hidden sect and so on.

So it's better to be steady...

At this time, Willow said, "Why don't I try it with you?"

Coincidentally, she also wants to try this exercise called "Ancestral Beginning".

A skill that can shock her too.

Exactly how powerful it can be in the hands of Lu Changsheng.

What a buff to give him!

When Lu Changsheng heard this, his spirit instantly ignited.

"Then try it!"

Finished speaking.

The wicker around the willow tree, at this moment there is no wind and automatic!

Like a white-haired witch, dancing in all directions!

Every wicker.

Even the willow leaves on the willow branches exude the power of truth in this world!

Liu Ziru looked at this scene with a dignified expression.

He has never seen this kind of power!

Even if it was on Lu Changsheng's body, he had never seen it before!

This power.

It seems to have originated from this universe.

No.

Or it is this force that has evolved into the universe!

Seeing this, Lu Changsheng shook his hand.

Suddenly, a long sword transformed from the Way of the Sword appeared in Lu Changsheng's hands.

at the same time.

Following Lu Changsheng's prompting.

The workings of the beginning.

Among the meridians, within the dantian.

The auras of various powers of heaven and earth burst out at the same time at this moment!

It was all covered on this sword!

Colorful rays of light cling to the long sword!

At first glance, it doesn't look like a big deal.

But, only slightly close.

Then you can find that it is within a ten-mile radius of Lu Changsheng.

are constantly being cut!

Wisps of space power seep out from the tiny cracks that are almost imperceptible to the naked eye!

but.

If it's just like this, it can't reflect the mystery of this exercise in the beginning.

Liu Shu's eyes fell on the long sword in Lu Changsheng's hand.

In that long sword.

is concentrated and concentrated to the extreme.

A new force formed by the condensed power of various heaven and earth rules!

This unknown, chaotic power is extremely destructive!

It caused the willow tree to become serious.

I saw the willow branches around the willow tree. At this moment, all of them shot towards Lu Changsheng!

It's like a thousand arrows firing together!

Every wicker penetrates the space.

But it means endless life.

Repair the space in an instant!

It seems extremely contradictory, but its destructive power is extremely terrifying!

Liu Ziru immediately hugged the little stone, jumped up, and fled directly from the mountain where the thatched cottage is located, with a serious face, watching this scene from a distance.

The bone-winged snake and tiger also woke up instantly. After a whimper, it waved its huge bone wings and fled towards the deep mountain!

At this time.

Lu Changsheng also moved.

The long sword condensed by the way of the sword in his hand was slightly raised until it was above his head.

At this moment, Lu Changsheng had a flat face and quiet eyes.

Drink lightly in the mouth: "In the beginning, all things are silent."

Words are minimal.

However, it resounded like thunder in the entire longevity world!

A sword cut out.

The entire longevity world is shaking!

If Lu Changsheng and Liu Shu hadn't strengthened the space of the Longevity Realm, it might have collapsed already!

Chapter 615 Everything is silent!

The surface began to crack, undulating.

The clouds in the sky originally covered the entire Longevity Realm.

At this moment, it dissipated instantly!

revealing the setting sun.

The sunlight is refracted by the space debris and cannot directly shine on the cracked earth.

The entire world of longevity.

Most of the land is water.

after all.

Lu Changsheng is a world built according to the blueprint of the earth.

In the ocean, many sea beasts have been born now.

and normal creatures.

Under the invasion of this force, the entire sea in the Longevity Realm set off shocking waves!

The huge waves smashed into the forest like continuous mountains!

Liu Ziru immediately defended himself.

However, it is also a bit reluctant.

After all, this is a monstrous wave in the entire longevity world!

What's more, when Liu Shu and Lu Changsheng released their exercises, the aftermath that erupted also greatly affected Liu Ziru's performance...

There is such power without collision?

Liu Ziru was terrified.

Is this the power brought by the exercises that can be created in a few months?

Are you kidding me...

the other side.

Lu Changsheng's seemingly ordinary sword was thrown out.

One time.

The surrounding sounds seemed to be extinct at this moment!

Not a single sound!

The space is still shattering.

The world is still rolling.

Strange and abnormal!

The tens of thousands of willow branches of the willow tree are also approaching Lu Changsheng at this moment!

collided with Lu Changsheng's sword!

Boom!

Thunder billowed.

The sky seems to be split in two!

The ground also has huge cracks one after another, starting to extend towards the surrounding area!

Countless herds of beasts roared and fled in all directions!

Seeing this, Lu Changsheng stretched out his other hand.

Press down slightly.

In an instant.

The sky and the earth in the world of longevity are intact.

Space is also slowly recovering.

Willow's heart froze slightly.

When fighting with me, can you still concentrate on rebuilding the world?

Then it proves that Lu Changsheng hasn't done his best yet?

On the other hand, look at the willow branches.

at this moment.

was constantly cut off by Lu Changsheng's sword!

Even before touching the blade.

was shattered by the countless powers of heaven and earth rules condensed into chaos!

See it.

Willow suddenly had an idea in his mind.

Do you want to increase the strength by 20%?

Let's see how far Lu Changsheng's full strength can reach?

But.

When Willow just wanted to make a move.

Lu Changsheng suddenly put away his sword.

The primordial power of the whole body dissipated instantly at this moment.

Seeing this, Liu Shu could only stop the attack immediately.

Lu Changsheng waved his hand and said with a smile: "Okay, there's no need to fight anymore, the kung fu has been successfully developed!"

"If the fight continues, my longevity world will be wiped out..."

Hearing this, Liu Shu had no choice but to give up.

However, the curiosity in my heart has been deeply rooted in my heart...

How far can Lu Changsheng's full strength reach?

How far is there from her full strength?

Or... even?

As for Lu Changsheng, he didn't think so much.

Already sitting and thinking.

The space in the Longevity Realm seems a little fragile.

In case an enemy stronger than them appears.

Couldn't the Longevity Realm be shattered with a single slap?

No way...need to strengthen it.

If Liu Shu knew what Lu Changsheng was thinking.

I'm afraid I will be a little speechless.

You can rest assured...

Absolutely no such situation will happen!

Even people who are on the same level as the two of them will not appear here.

...

Wanyu wilderness.

The aura here is extremely abundant.

It seems quite suitable for cultivators to cultivate.

However, there is no sect, the family is located here.

because.

Here, there is not a shred of resources!

Yes, it's just aura.

No resources.

Zongmen aristocratic families, even casual cultivators, naturally wouldn't come here on weekdays.

This is also the reason why it is called the Wilderness of Ten Thousand Domains.

And every Wanyu Grand Competition.

It unfolds in this wilderness of ten thousand domains.

After the first round of fighting.

Each participating realm has selected the strongest Zongmen family to participate.

This time.

The number of participating forces has been counted.

It is fully nine times that of the previous Wanyu Grand Competitions!

And these forces have extremely unified goals.

That is to enter the top three and go to Absolute Soul City!

The east side of the wilderness.

has a mansion.

The mansion is extremely luxurious, and everywhere is filled with the protective aura of talismans.

Around this mansion, there are almost no other sect families located here.

because.

The owner of this mansion is the Saint Talisman Sect...

The Holy Talisman Sect is the top force in this mid-latitude realm.

In the backyard.

The suzerain of Shengfu sect looked at the four people in front of him.

Leng Yinqiu, Ning Xi, Shen Ziyu.

And... Mu Fusheng.

Mu Fusheng was a little hesitant.

But I heard that representatives from other realms will come to participate.

Brother is at Tianjian Peak.

Brother Xiaohei went to Xianyuan Village.

Presumably, big brother and the others will never miss this opportunity!

That's what I thought of.

Mu Fusheng finally decided to take the risk to participate.

so.

He can also help the master stare at the elder brothers...

To know.

Senior Brother and Brother Xiao Hei are the most troublesome two in the thatched cottage...

Mu Fusheng didn't think it was time to go back.

Brought a whole bunch of enemies to see Master...

If there is a time.

Thinking of a bunch of enemies behind them chasing them, shouting and killing.

Then he ran and shouted, Master help!

When I think of this scene.

Mu Fusheng is living in Bengbu...

At this time, the suzerain said: "You four will represent my Saint Talisman Sect to participate in this Wanyu Grand Competition."

"Remember, the Wanyu Grand Competition is different from our Saint Talisman Sect's talisman master competition. You should also be aware that our talisman masters' actual combat ability will always be somewhat weaker than other ascetics."

"Although we are a top force, we have not been able to rank among the top five in the Wanyu Grand Competition."

"And this time the top three rewards, I think you all know, so, not only for the sake of the sect, but also for your own future, give me some support!"

"If you enter the top three, you will not only be able to enter Absolute Soul City."

"The sect will also give you extremely generous rewards."

Leng Yinqiu and the three said with serious faces: "Yes!"

Immediately, the suzerain looked at Mu Fusheng, who was at the side with a speechless expression, but he was not angry, but said softly: "Fusheng, this time you will lead the team."

"Oh...ah?" Mu Fusheng pointed at himself in surprise, then hurriedly shook his head and said, "I can't do it, suzerain, I'm too weak! Let brother Leng come!"

Leng Yinqiu and the three: "..."

Are you weak?

The suzerain also remembered what the elders said to him.

Mu Fusheng is this person.

The talent and strength are extremely evil, but he is too cautious!

So you must be strong and let him lead the team!

Think here.

The suzerain's face was serious, and he shouted in a low voice: "There is no need to discuss! Mu Fusheng, captain, you do it!"

Mu Fusheng: "..."

What are you doing... Do you know if you shoot the bird with a gun...

Chapter 616 Old accounts

Wanyu Grand Competition.

Various sects gathered.

They all came here for the extremely mysterious city of Absolute Soul, which is full of opportunities.

Hidden sects, aristocratic families were born one after another!

This time, the Wanyu Grand Competition is very likely to break the pattern of the mid-latitude boundary.

After all, the ranking of sects in the mid-latitude boundary is also related to this ten thousand domain competition to a certain extent.

The mansion where Tianjian Peak is located.

Suzerain Huo Zhengheng explained the rules of the second round of the Wanyu Grand Competition.

"The second round can be said to be a personal battle."

"There will be a lottery at noon, and whichever side is drawn will have a personal battle with the opponent, and the winner will have points."

"If you win all, there will be bonus points."

Ye Qiubai, Zhuang Zidong and others nodded.

Huo Zhengheng continued: "Afterwards, the ten forces with the highest points will have a third round, which is the last round of team battle."

"As the name suggests, the four of you will fight against the other four in a group battle. The winner will get more points. After all ten forces have fought, the final points will be counted."

"If we want to enter the Absolute Soul City, then we must enter the top three points in Tianjian Peak."

Hearing this, Ye Qiubai nodded secretly.

In this case, it can indeed greatly shorten the time of Dabi.

Otherwise, with so many forces in the mid-latitude boundary, one after another, I am afraid it will not end in a few months.

"Okay, you go out for a walk first, but don't enter other people's territory at will, after all, some sects may be weird..."

"I'll go to draw lots first."

After explaining.

Huo Zhengheng disappeared in place in an instant.

Ye Qiubai originally wanted to strengthen the Hunyuan sword technique.

Zhuang Zidong on the side suddenly said: "Brother Ye, shall we go for a walk?"

Another man, Chu Lan, the suzerain's personal disciple, smiled and said, "Don't keep practicing, it will start tomorrow. Let's go out now to relax and relax. We can also go and see what forces have come."

The remaining one is an inner disciple of Tianjian Peak. At the beginning, there was nothing surprising about his level of strength.

But during the selection of Tianjian Peak, he defeated several pro-passengers in one fell swoop, and got the fourth place!

The name is Chi Bing.

Chi Bing's taciturn temperament, these days Zhuang Zidong and others are also used to it.

Seeing this, Ye Qiubai had no choice but to nod his head: "Then do as you say."

In the wilderness of Wanyu.

There is no city.

No forces are located.

Some are a great plain!

On the plain, there is no green embellishment.

Yellow sand is everywhere.

The wind blows gently.

will be able to bring up the yellow sand everywhere.

but.

These yellow sands have extremely strong aura.

At that time, countless forces felt that there might be some treasures in the yellow sand.

But.

When they came to investigate one after another and found nothing, they had no choice but to give up.

Determined as a "wasteland" without any resources...

If there is no Wanyu Dabi.

I'm afraid there won't even be a mansion here...

Ye Qiubai and the others walked out of Tianjianfeng's mansion. Outside, there were quite a few people walking and chatting.

At first glance.

You can find that the realm is quite high!

At the beginning of the blood-changing stage like Ye Qiubai, it can only be regarded as an average level...

But this is normal.

After all, the people here are the arrogance among the top forces in every realm.

How could he have no strength?

Zhuang Zidong said with emotion: "It's true that there is a sky beyond the sky, and there are people beyond people..."

Chu Lan was noncommittal, with a slightly dignified face: "I'm afraid it will be a bit difficult for us this time, not to mention that there are those top forces..."

Chi Bing didn't speak, but there was a faint fighting spirit in his eyes!

Ye Qiubai has extremely rich experience in actual combat, and can clearly detect the slight flow of breath.

Glanced at Chi Bing lightly, his heart moved.

This Chi Bing is not simple.

And at this moment.

Suddenly, a pleasant female voice came over!

"Huh? Junior Brother Ye!"

Ye Qiubai was slightly taken aback.

This voice was very familiar, and when I looked back, I got my own thoughts.

Can't help but smile and said: "Senior Sister Zhan."

Chu Lan was slightly surprised, "Brother Ye, do you know him?"

Ye Qiubai nodded, and said: "Yes, I have stayed in the Vast Sea Starfield before, and joined the Luoyan Sect at that time. Zhan Zhi is the senior sister of the Hentian Peak where I work."

Vast sea star field?

Several people were taken aback.

But it's normal for them not to know.

After all, the mid-latitude boundary is too big.

Zhan Zhi stepped forward quickly, and said with a smile, "I guessed that you would come over. Why, which faction will you represent to participate in the war this time?"

Ye Qiubai smiled and said, "Tianjian Peak."

Tianjian Peak? !

Zhan Zhi was shocked.

Although Tianjianfeng is a second-rate top force.

However, it is the strongest place for sword repair in the mid-latitude realm!

At this time, a woman came to Zhan Zhi and asked with a smile, "Junior Brother Ye, where is Zi Qing?"

Xu Shi.

In those years, she and Mu Ziqing were in Yaoguang Peak.

Take good care of it.

For this, Ye Qiubai was grateful.

"Azusa has something to do."

"Brother Ye, if you lead our Luoyan Sect this time, I'm afraid the ranking can rise to a higher level."

Ji Lian, the holy son of Lingxiao Peak, stepped forward with a smile.

The other person was the Holy Son of Hunyuan Peak back then.

Ye Qiubai smiled and said, "Is Sect Master Yan leading the team?"

Zhan Zhi shook his head and said, "No, Mr. Cui is here in person."

"Then I have to pay a visit."

Xu Shi smiled and shook his head: "Mr. Cui went to draw lots, and we will see you tomorrow."

At this time.

Chi Bing, who was standing behind Ye Qiubai and the others, suddenly said: "Isn't the Hanhai Sect the most powerful in the Hanhai Starfield?"

Ye Qiubai turned his head, a little surprised.

Does Chi Bing know a lot?

Ji Lian explained with a smile: "That was in the past. Today's Hanhaizong has been destroyed with the help of Brother Ye."

Otherwise, Luo Yanzong would not be able to participate in the Grand Competition of Ten Thousand Domains.

"Okay, since you represent Tianjian Peak this time, let's talk less."

Zhan Zhi blinked her eyes mischievously, and said: "If you happen to be drawn by then, you have to let me go!"

Ye Qiubai smiled and said: "Don't worry, I will let you in, otherwise what happened last time..."

Speaking of which.

Ye Qiubai suddenly became embarrassed.

scratched his head embarrassedly.

Zhan Zhi blushed even more, she gave Ye Qiubai a hard look, stomped her feet, turned and left.

Or is escape more appropriate?

"What's the matter?" Ji Lian was a little dazed.

Ye Qiubai was about to say something, but Zhan Zhi suddenly turned his head and stared at him fiercely.

Seeing this, he quickly waved his hands and said, "It's nothing, nothing."

I just watched something I shouldn't have seen...

Wait until Luo Yanzong and his party leave.

Ye Qiubai looked up at the sky and smiled lightly.

Luo Yanzong is also here.

Then, the forces that came to the Borderless Domain at the beginning should also come, right?

It's time to settle old scores...

Chapter 617 The first battle accident!

Night falls.

After the lottery was over, Huo Zhengheng returned to the mansion.

Only Huo Zhengheng smiled and said: "There should be no problem in the first match."

Chu Lan asked curiously: "Sovereign, did you get a good lottery?"

"That's right, but you probably haven't heard of this sect."

"Qiu Bai should be very familiar with him."

Ye Qiubai raised his head slightly.

Huo Zhengheng smiled and said: "The Destiny School."

Destiny Sect!

Ye Qiubai's eyes turned cold.

At that time, the seven major sects in the mid-latitudes descended on the borderless domain, forcing them to become an effort.

Because of disagreement.

He Wuwei, the deputy suzerain of Destiny Sect, made a ruthless move.

Directly shocked and killed countless people in the Borderless Domain!

Now, I met the Destiny Sect in the first game, and I don't know if it is fate or what.

But it's okay.

It seems that he has noticed Ye Qiubai's expression.

Zhuang Zidong asked curiously: "Brother Ye knows this Destiny Sect?"

Ye Qiubai nodded: "I know."

Immediately raised his head to look at Huo Zhengheng, and asked in a cold voice: "Sovereign, in the Wanyu Grand Competition, there should be no limit to life and death, right?"

Huo Zhengheng smiled lightly: "Cultivation and struggle, life and death are inevitable."

After Zhuang Zidong heard the killing intent in Ye Qiubai's tone, he couldn't help asking: "Is there a grudge?"

"Just beat it to death."

Chu Lan and Zhuang Zidong looked at each other, then nodded with a smile.

Chi Bing also nodded in a muffled voice.

Anyway, I don't know.

Since Jian Zi had a grudge against them, he naturally couldn't let it go easily.

...

Eyes closed and opened.

The full moon at that time had already set.

The scorching sun hung high in the sky again.

And this time.

In the entire Wanyu wilderness.

The atmosphere is extremely dignified!

Strong fighting spirit, soaring to the sky!

Because today is the start of the second round of individual battles in the Wanyu Grand Competition!

In the wilderness, there are fifty discussion platforms.

On the Taoist platform, they are all constructed of scarce materials and blessed by formations and seals.

Even the strongest in the fairyland cannot break it!

Sturdy as hell!

It was just dawn.

Tianjian Peak has arrived at the nearest Taoism Discussion Platform.

Even if there are fifty seats.

The number of people discussing Daotai here is also extremely large!

Three circles inside and three circles outside, surrounded by people!

Above, the leaders of various forces rose in the air.

Huo Zhengheng was among them.

At this time.

An old man stood out from it.

"Everyone should already know the rules, so I won't repeat them here."

"The first match, from Tianjian Peak, against Destiny Sect!"

Heard the words.

Ye Qiubai and others all came to the stage of the discussion.

On the opposite side of them, people from the Destiny Sect also came here.

After the people around heard the names of the two sects.

Wei Wei is also a little curious.

Destiny Sect and Tianjian Peak are both second-rate top forces.

The strength gap between the disciples should not be too big.

"I don't know which side will win first."

"Unexpectedly, the power gap between the two sects is not too big."

"Don't think about it, the Destiny Sect will definitely win."

"Huh? How do you say that?"

Everyone looked at this person.

The strength gap between the two cases is not big.

Why is it so determined?

Seeing this, the man smiled lightly, and explained: "Because a monstrous character appeared in the Destiny Sect."

"That person was a casual cultivator before, but because the reward of this Wanyu Grand Competition is the qualification to enter Absolute Soul City, he chose to join the Destiny Sect."

Everyone was taken aback.

This kind of thing is not uncommon.

Many casual cultivators, as well as disciples of hidden powers, joined various sects in order to participate in this Wanyu Grand Competition.

After all, only sect forces can participate in the Wanyu Grand Competition, and casual cultivators are not included in it.

"And that man, named Zhan Tianxing, although his realm is only half a stage of Zhuoxian, he was famous for beheading two strong people in the early stage of Zhuoxian by himself at that time!"

Everyone's faces were shocked!

Half a step into the Zhuoxian, he beheaded two strong people in the Zhuoxianland with his own strength?

Although there is only a word difference between half-step Zhuoxian and Zhuoxianjing.

But the gap is like a horizontal gap!

What's more, it's killing, not defeating!

Such a powerful strength.

If this is true, then there are indeed some variables!

Look at the direction of Tianjian Peak.

Zhuang Zidong, Chu Lan and Chi Bing, but their faces were full of relief.

Tianjian Peak is known as a second-rate top force in the outside world.

That's because Tianjianfeng is extremely low-key because of the ancestor's instruction.

But.

If you really want to count.

Even if you meet a first-class force.

Tianjian Peak is also true!

So, a Destiny Sect, they don't take it seriously.

At this time.

The old man in mid-air slightly raised his hand and announced: "Okay, you can send people to the discussion platform. The winner can stay on the discussion platform and accept the challenge from the next opponent."

Chu Lan said with a relaxed smile, "Who will come first?"

Zhuang Zidong smiled, took out his long sword, and walked towards the Taoist platform!

And the side of Destiny Sect.

Also walked out of a man.

When everyone saw this man.

They were all taken aback for a moment.

Because of this person, he is Zhan Tianxing!

I saw Zhan Tianxing's face was indifferent, holding a full moon scimitar in his hand!

Zhuang Zidong obviously didn't know Zhan Tianxing's record.

After the old man announced the start, he raised the long sword in his hand and rushed towards Zhan Tianxing!

The sword in your hand pierces out crazily!

Sword intent sweeps and roars!

Zhan Tianxing's expression still didn't change.

As if looking down on Zhuang Zidong's sword.

All of this is in Zhuang Zidong's eyes.

So crazy?

Immediately, the sword in his hand moved faster!

Below.

Chu Lan smiled and said, "Brother Ye, who do you think will win?"

Originally Chu Lan thought that Ye Qiubai would choose Zhuang Zidong without hesitation.

After all, the background of Tianjian Peak is far stronger than that of Destiny Sect!

But, never thinking about it, Ye Qiubai said with a solemn face: "This battle will be won by Tianxing."

Chi Bing also nodded silently beside him.

Obviously, he saw it too.

Chu Lan was slightly taken aback.

Fighting against the sky?

How can it be?

When Chu Lan set her eyes on the stage again.

Zhan Tianxing didn't even use his sword.

Just raised the other hand slightly, and said indifferently: "You are not enough."

Finished speaking.

The palm of your hand is lightly clapped out.

Immediately!

A wave of saber intent spewed out from Zhan Tianxing's palm!

It's like overwhelming momentum!

With a fierce and domineering intention, he swept towards Zhuang Zidong!

It was shot directly on Zhuang Zidong's sword!

No knife?

Then you lose.

When Zhuang Zidong thought so in his heart, he felt the huge force on the sword, and his face suddenly changed!

In an instant, the sword in Zhuang Zidong's hand came out!

His face turned pale instantly!

A mouthful of blood gushed out!

It flew upside down!

fell outside the Dao Discussion Platform, and his breath was sluggish!

Obviously, seriously injured.

Looking at this scene, Chu Lan looked horrified.

Both of them are half-step immortals, but Zhuang Zidong lost so badly?

What is the background of this person?

Chapter 618 First battle!

The deeds of Zhan Tianxing quickly spread in the ears of everyone.

When Chu Lan heard this, her face was extremely solemn.

As Huo Zhengheng's personal disciple.

The number one pride of Tianjian Peak.

It is naturally stronger than Zhuang Zidong.

To fight against the early stage of the Zhuoxian realm with half a step of the Zhuoxian realm, he can do it too!

You can even get out of your body.

but.

What about Zhan Tian Xing?

However, with half a step in the realm of Zhuoxian, he beheaded two strong men in the realm of Zhuoxian!

You know, it's beheading!

Not to compete!

And there are two!

How big is the gap?

After Zhuang Zidong was carried back, Chu Lan looked at Ye Qiubai and Chi Bing, and asked doubtfully, "You guys knew about Zhan Tianxing's deeds before?"

Heard the words.

Ye Qiubai and Chi Bing both shook their heads.

"Then how do you know?"

When he first came to power.

The realm exposed by Zhan Tianxing is only half a step of Zhuoxian.

is comparable to Zhuang Zidong.

At that time, Ye Qiubai and Chi Bing said with certainty that Zhuang Zidong would lose!

Ye Qiubai said lightly: "Feeling."

Chi Bing said at the same time: "Feeling."

Ye Qiubai turned his head and glanced at Chi Bing.

He was able to perceive the danger of Zhan Tianxing because of his rich actual combat experience.

But what about Chi Bing?

This ordinary inner sect disciple who was previously unknown in Tianjian Peak is really a bit unusual.

At this time.

Zhan Tianxing looked at the audience, and said lightly: "If you people after Tianjian Peak are like him, then you don't need to go on stage."

Chu Lan's face was ugly.

Crazy!

Crazy!

But there is no way to refute it.

Although he is stronger than Zhuang Zidong, he is not much stronger!

Against Zhan Tianxing, there is also no room for retaliation.

You know, the knife in his hand is useless yet!

The people of Destiny Sect also looked at Ye Qiubai and the others with a sneer.

Zhan Tianxing frowned slightly: "Are all sword repairers so indecisive? If you can't beat them, don't fight them. If you can beat them, come up quickly. What kind of swords are you dawdling with?"

Chu Lan gritted her teeth slightly and took a step forward, just when she was about to jump up.

The shoulders were pressed down.

I saw a palm pressing down on his shoulder, looking back, it was Ye Qiubai!

Ye Qiubai smiled and said, "I'll do it."

Chu Lan hesitated for a moment, and asked, "Is that okay?"

"Try to know."

Ye Qiubai smiled: "However, I'm sure."

After finishing speaking, under the gaze of everyone, he jumped onto the stage of the discussion!

The Hunyuan Immortal Sword appeared in his hand.

Zhan Tianxing looked at the sword in Ye Qiubai's hand and raised his eyebrows slightly.

"The sword is good, but your realm is not good. Such a big gap cannot be made up by the sword in your hand."

The people watching the battle below also noticed Ye Qiubai's realm.

Only in the early blood stage?

After being slightly startled, everyone burst out laughing.

"How dare you come to power in the early days of the blood-changing realm?"

"However, I have to say that after hearing about Zhan Tianxing's record, he dared to take the stage at the beginning of the blood-changing stage, which is quite courageous."

"What's the use of courage? In the Wanyu Grand Competition, it doesn't matter whether you live or die. When the time comes, you will die in the hands of Zhan Tianxing. Can courage save lives?"

The suzerain of Destiny Sect is the leader of this team.

When he saw Ye Qiubai come on stage from above, he felt a little familiar with his aura.

At that time.

The people of Destiny Sect were in the borderless area, and were almost wiped out by the little bird.

Afterwards, the Sovereign of Destiny Sect was furious and ordered people to go to the Borderless Realm to investigate secretly.

Compared the information brought back with the breath of the shattered Soul Jade Card.

Among them is a sword cultivator, who seems to have a very similar aura to this Ye Qiubai!

Is it impossible...

The Sovereign of Destiny Sect's complexion is slightly condensed.

A person from the lower realm, in such a short period of time, can come to the mid-latitude realm and represent Tianjian Peak to participate in the competition?

Although the realm is not worth mentioning, the time between them is extremely short!

In his hand, he even has a sword at the level of a fairy.

I'm afraid it was given by the top of Tianjian Peak.

Or have the inheritance of ancient power.

Such a person may be a threat...

thought of this.

The Sovereign of Destiny Sect sent down the sound transmission.

It spread to Zhan Tianxing and the other three disciples of Destiny Sect.

"This son must be beheaded."

As the master of a sect.

Even if the opponent is a junior, he will never allow even the slightest threat that can affect the development of the sect!

Zhan Tianxing nodded slightly.

Then he looked at Ye Qiubai and said, "It's still too late to admit defeat."

Ye Qiubai slightly raised the Hunyuan Immortal Sword in his hand, and said with a smile: "You have to try it to know."

At this time, Huo Zhengheng's voice also rang in Ye Qiubai's ears.

"Be careful, just now the suzerain of the Destiny Sect looked at you with murderous intent, and then conducted a voice transmission with the disciples of the Destiny Sect. Although I don't know the content, it must be for you."

Ye Qiubai nodded slightly.

The old man above, after seeing this scene, didn't say much, but waved his hand and said, "Let's get started."

This time.

Zhan Tianxing was uncharacteristically, he took the initiative to attack and slapped Ye Qiubai!

Still no knife!

It's just that Zhan Tianxing's palm is full of murderous intent, and its power is even better than the previous defeat of Zhuang Zidong!

Hob Hob intent gathered in the palm of Zhan Tianxing at this moment.

Use the palm as a knife!

Slashed towards Ye Qiubai!

The space suddenly set off ripples!

Ye Qiubai's eyes narrowed slightly, Zhan Tianxing's strength is indeed very strong.

Can't allow him to underestimate the enemy!

The Hunyuan Immortal Sword pointed forward in his hand.

Immediately!

In an instant, the extraordinary sword intent spread all over the Dao Discussion Platform, enveloping it!

For a moment, the entire Dao Discussion Stage was filled with ubiquitous sword intent!

The way of the sword in the extraordinary realm?

Everyone was slightly surprised.

With this cultivation base, is it possible to cultivate to an extraordinary state?

Zhan Tianxing was also surprised.

"It seems that you are not trying to show off."

"I want to see how powerful your extraordinary swordsmanship can be in your hands!"

Stepped on the Taoist platform.

Zhan Tianxing's body was like a thunderbolt, and he came to Ye Qiubai in an instant!

The palm of your hand is like a knife.

Hands up and down!

Ye Qiubai pointed forward, and the sword pointed out!

The sword intent surrounding the Dao Discussion Stage surged violently at this moment!

From all directions, it turned into a long sword and slashed towards Zhan Tianxing!

It is impossible for Zhan Tianxing to ignore it.

The palm of the hand was still slashing down, and the full moon scimitar in the other hand burst out with wisps of light!

The sword intent of the supreme realm!

Although it is a level lower than Ye Qiubai's sword intent.

However, relying on their own cultivation, they forcibly filled the gap between them.

Resist it.

at the same time.

Ye Qiubai's sword finger collided with Zhan Tianxing's palm knife!

Boom!

On the entire discussion platform!

Sword Intent and Saber Intent are showing a tendency of polarization, spreading towards the east and west sides!

Under everyone's horrified eyes.

Ye Qiubai stepped back ten steps.

On the other hand, Zhan Tianxing also took six steps backwards!

Chapter 619 Domineering Sword Intent!

If an outsider is here.

You must be wondering why the faces of the people present are so horrified.

What is the reason?

Didn't the two on the platform take a few steps back?

Is this any surprise?

But it was this that horrified everyone.

To know.

Zhan Tianxing is a half-step in the turbid fairyland, and with half a step in the turbid fairyland, he can kill two early-stage strongmen in the turbid fairyland!

That kind of people.

It can be said that under the Zhuoxian, there is an invincible existence!

But what about Ye Qiubai?

In the early stage of blood transformation.

It is several realms behind Zhan Tianxing.

Not only was he not killed by the opponent, but he also knocked Zhan Tianxing back a few steps!

In the direction of Destiny Sect, the three disciples all looked horrified.

"How on earth did he do it?"

"Zhan Tianxing's attack is more powerful than when he defeated the same-level sword cultivator just now, but it was blocked by this small blood-changing environment?"

"Besides, Brother Zhan is not an ordinary half-step turbid fairy! This is an evildoer who can kill two turbid fairylands!"

Over there at Tianjian Peak.

Zhuang Zidong has recovered a little, at least he can stand up, but his breath is still sluggish.

looked up at the discussion platform.

Eyes complex.

"He is stronger than when he was fighting with me before... Or, at that time, he didn't use his full strength?"

Chu Lan also shook her head with a wry smile, "When we think that our talents are already quite good, at least they are far superior to those of our peers."

"But when I saw Brother Ye fighting today, I realized that we are just frogs in a well."

Chi Bing, who has always been taciturn, said in a muffled voice at this moment: "This sky is very big, very wide."

"There are too many people stronger than us, such as Ye Qiubai."

"And... in other places, there must be people with stronger talents than Ye Qiubai."

Chu Lan and Zhuang Zidong nodded silently.

really.

The boundaries of mid-latitudes are large.

What's more, there is this high-latitude boundary above.

At the moment.

On the Daotai.

There was surprise in Zhan Tianxing's eyes.

Looked down at his hand, on which there were wisps of residual sword intent that were crazily cutting his skin, capillaries and meridians!

Like tarsal maggots!

Zhan Tianxing snorted coldly, shook his arm, and the sword intent swept across!

Dispelled the strands of sword intent.

"No wonder, you have the courage to go on stage."

Zhan Tianxing looked at Ye Qiubai indifferently, and said in a deep voice: "In this realm, you can compete with me. To be honest, if our roles were reversed, I'm afraid I'm not as good as you."

Not as good!

There was a commotion under the stage!

Being able to make Zhan Tianxing say such words in person has already proved Ye Qiubai's strength.

To know.

Zhan Tianxing is a knife repairer.

A knife repairer is more domineering than a sword repairer!

Not only in action, but also in character.

So, if a real knife repairman can admit that he is not as strong as the opponent, then naturally there will be no hypocrisy mixed in it!

Ye Qiubai also smiled lightly, and said: "You are not bad, among the people I have fought against, you can be ranked first."

Hearing Ye Qiubai's arrogant words, Zhan Tianxing raised his eyebrows slightly.

"Your realm is still too low. If you think that you can really defeat me, then you are too naive."

"Although I really want to say something, when you catch up with my realm, we will come back to learn from each other, but..."

While talking.

Zhan Tianxing raised the full moon scimitar in his hand, and pulled the blade out of the scabbard.

A gust of saber intent burst out from the scabbard!

"But, I'm afraid I don't have this chance."

When this sentence just fell.

That extremely domineering sword intent, which is no better than me, swept the entire discussion platform!

Initiated a pit fight with the sword domain surrounded by Lun Daotai!

Zhan Tianxing himself stepped on the ground suddenly.

On the Dao platform, there was a huge bang!

The whole person, like a cannonball, fired towards Ye Qiubai!

People have not arrived.

The sword intent has swept in like a stormy sea!

Ye Qiubai's white robe rustled!

Clothes tail, chest, cuffs.

All were scratched with cracks!

Facing this knife.

Ye Qiubai did not underestimate the enemy in the slightest.

The other party is not only higher than him, but also a monster who is also good at cross-border killing!

When facing this kind of enemy, if you underestimate the enemy, you are only increasing your chances of death!

So.

Ye Qiubai slightly raised the Hunyuan Immortal Sword in his hand.

Extraordinary sword intent, swept out at this moment!

The Hunyuan swordsmanship is without any disguise, reappearing this realm at this moment!

The sword intent gathered and turned into a giant sword intent dragon, wrapped around Ye Qiubai's sword body, and pierced towards Zhan Tianxing with one sword!

Everyone watched this scene.

All looked dazed.

They don't know what to say anymore.

Under the stage of Lun Dao, there was such a silence that one could hear the floor.

Only the fierce collision of Sword Intent and Saber Intent on the stage made a roaring sound!

Like the sound of rolling thunder!

In the early stage of blood transformation, can he unleash such a powerful sword?

put on them.

Let alone whether it can be done, I am afraid it will be difficult to resist!

While reverie in everyone's mind.

The full moon scimitar drawn by Zhan Tianxing carries an extremely domineering sword intent!

From top to bottom, it fell on Ye Qiubai like a mountain!

Ye Qiubai's sword also hit Zhan Tianxing's sword from bottom to top!

Boom!

this moment.

If the space of Wanyu Wilderness was not stable enough, it might have been shattered!

The combination of swords and swords, the difference between the two words is only one word, but the two completely different meanings have launched an extremely fierce collision!

crackling...

Like thunder and lightning, it swept across the entire discussion platform!

The moment Zhan Tianxing received Ye Qiubai's sword, his face was a little startled.

This sword actually made him doubt the opponent's realm, whether it is the early stage of blood transformation?

Even if it was the time to kill the two Zhuoxianjing, it was nothing more than that, right?

Originally, he thought that this knife would be able to end.

Now it seems.

I'm afraid I really have to use some means.

On the other hand, Ye Qiubai was also uncomfortable.

The knife in Zhan Tianxing's hand is too heavy!

When confronting it, it was really like a continuous mountain range, crushing down!

That overbearing sword intent.

When faced with his extraordinary sword intent, he didn't have any stage fright, and kept confronting him!

It can be said that this blade intent, relying on the realm and the domineering intent abruptly, overwhelmed Ye Qiubai's extraordinary sword intent, and was slightly disadvantaged!

The two retreated with one blow, without stopping.

Ye Qiubai's breath was a little unsteady, and Zhan Tianxing stepped back a few steps!

However, neither of them stopped. At the moment they stepped back, their footsteps stepped on the platform.

Collided again!

Swords add up.

Sword Intent and Sword Intent filled the entire discussion platform!

Chapter 620 The Sword Sutra of Absolute Beginning, Breaking the Devil!

A fierce battle between two people.

Let everyone under the Dao Discussion Platform and above the Dao Discussion Platform show their expressions of shock!

It is above the discussion platform.

Several leaders of the forces all said with emotion: "This Ye Qiubai is really a monster, how can he be able to fight this Zhan Tianxingmi for so long?"

"It's not bad, the difference in realm is so big, and we can still do this step."

Immediately, two suzerains who had communicated with Huo Zhengheng walked to Huo Zhengheng's side.

"I said, Sect Master Huo, do you want to think about letting this Ye Qiubai join our sect?"

"You go! You should join our sect! Our sect also has a lot of sword cultivators!"

"What's wrong? Doesn't our sect have great sword repair skills?"

Hearing the quarrel between the two, Huo Zhengheng couldn't help but helplessly said: "I said you two, I didn't promise you to give up Ye Qiubai to you."

"Ye Qiubai is already the sword son of our Tianjian Peak. As long as he nods, after he grows to the fairyland, I will immediately give him the position of peak master and assist him in secret!"

"What's more, isn't it inappropriate for you to talk about sword cultivation in front of me, Tianjian Peak?"

Although the expression is helpless.

But Huo Zhengheng's heart was full of joy.

Ye Qiubai is from Tianjian Peak.

The other suzerains are fighting so much, isn't it because they appreciate and recognize Ye Qiubai's monstrous talent?

As the peak master of Tianjian Peak, isn't he a shared honor?

Hearing Huo Zhengheng's words.

The two Sovereigns smiled sarcastically.

really.

If you talk about sword repair.

No force can compare with Tianjian Peak.

Wanting to \*\*\*\* Ye Qiubai from Tianjian Peak, I'm afraid it's not a daydream.

And on the other side.

The suzerain of the Destiny Sect looked at this scene with a heavy face, as if water was about to drip.

Such a monstrous talent.

Has a feud with the Destiny Sect?

And, still invading this major hate?

For a while, the lord of the Destiny Sect regretted sending people to the low-latitude boundary.

Not only lost many strong disciples.

Even provoked such a monstrous character.

But... now that things have happened.

Regret is already useless.

As the suzerain, what I have to do is to fill this gap as soon as possible.

That is to eradicate the hidden danger of Ye Qiubai!

Only in this way.

Only the Destiny Sect can develop safely!

On the Daotai.

Ye Qiubai and Zhan Tianxing retreated again!

This time, Ye Qiubai's breathing was unstable, and Zhan Tianxing was panting slightly.

"I have to say, your strength is beyond my expectation."

Zhan Tianxing's face was neither solemn nor gloomy.

Yes, but the endless fighting spirit!

and the color of excitement in his eyes!

As a knife repairman, Zhan Tianxing is even more of a fighting maniac!

Meeting such a monstrous opponent makes the adrenaline in his body soar!

Ye Qiubai smiled and said, "You're not bad either."

Zhan Tianxing grinned loudly!

"Good! Good! I, Zhan Tianxing, have never admired a few people in my life, and there is no one among my peers!"

"You, Ye Qiubai, will be included!"

I saw Zhan Tianxing raised the full moon scimitar in his hand again, holding the handle with both hands.

Legs spread apart, knees slightly bent.

Made a starting gesture!

"Ye Qiubai, although I had the intention to kill you before, in my eyes, you are just a dead soul!"

"However, looking at it now, you have used your own strength to change the position in my heart. You will be a very good opponent!"

"A fine whetstone!"

"So, in the future, I hope you will not die and become the ghost of my full moon scimitar!"

Heard the words.

Ye Qiubai also laughed loudly!

"Of course not!"

"However, you should take care of yourself now."

Say it.

The sword in Ye Qiubai's hand slightly raised.

The sword is intended to burst out at this moment!

The extraordinary sword intent this time is a bit stronger than the previous few times!

More majestic, but also sharper!

Anywhere in the space, as long as the sword intent passes by, there will be a "click" sound!

It seems that it is about to burst.

"This knife, let's take it as the last blow."

Zhan Tianxing smiled maniacally, and his brows and eyes were full of excitement and fighting spirit!

"I won't hold anything back! I will give up everything I have in this one knife!"

"Being able to stay alive proves that you are qualified to be my whetstone!"

Finished speaking.

The domineering saber intent all over Zhan Tianxing's body was completely absorbed by the full moon scimitar at this moment!

In the outside world, every trace of sword intent no longer exists!

Every drop of sword intent was actually contained in the scimitar!

There is no obstruction from the sword intent.

The supernatural sword intent in the sword domain kept chopping on Zhan Tianxing's body at this moment.

Zhan Tianxing didn't deliberately stop him.

Rely on the physical body of the realm to resist!

Let the sword intent draw one after another deep sword marks on his body!

Some are even deep enough to show bone!

But.

The madness on Zhan Tianxing's face still hasn't diminished sharply.

The fighting spirit keeps rising!

Watching this scene.

Ye Qiubai's face also became serious.

This time.

Zhan Tianxing really gave him an extremely dangerous feeling.

Wants to resist the blow.

Even exerting all your strength is not enough!

Must break through the existing limit!

thought of this.

Ye Qiubai put on a posture.

The Hunyuan Immortal Sword in his hand is raised high at this moment!

This is the moment.

The essence of heaven and earth seems to be condensing towards the Hunyuan Immortal Sword!

This is not the Hunyuan swordsmanship.

It's not even the star meteor swordsmanship!

It's Ye Qiubai who hasn't used it for a long time.

Perhaps the Sword of Absolute Beginning that has not made a breakthrough for a long time!

The third sword.

Kill demon!

Zhan Tianxing looked at Ye Qiubai's posture and grinned wildly!

This breath.

Sure enough, he was not disappointed!

at this moment.

He completely forgot the orders given to him by the Sect Master of Destiny Sect.

He just wanted to have a good fight with Ye Qiubai!

Regardless of life or death.

Even if Zhan Tianxing himself will die in the next moment, he can't stop!

After the domineering sword intent and fighting intent were completely restrained in the full moon scimitar.

Zhan Tianxing actually drew a full moon in the void!

Slashed towards Ye Qiubai with a bang!

"Ba Dao, the wolf howls at the full moon!"

Not the slightest sword intent.

The full moon scimitar cuts out the full moon in the space!

Between heaven and earth, it seems to be dark at this moment!

Only this blow to the full moon burst out with a dazzling sword light!

Slashed fiercely towards Ye Qiubai!

Seeing this, Ye Qiubai slashed out the Hunyuan Immortal Sword in his hand at this moment!

This sword.

Evacuated the spiritual energy in Ye Qiubai's body.

Gathered all his kendo understanding from the beginning to the present!

It also brings together the essence of this world!

merged with the extraordinary sword intent.

Slashed out with a bang!

Under everyone's horrified eyes.

Manyue and Ye Qiubai's demon-breaking sword slashed together!

Click! !

One time.

The whole platform was shaking slightly!

Countless spectators around, even if they are guarded by the Daoist formation, the sword intent and sword intent that come out will not cause any harm.

Also made them retreat unconsciously!

Is this really the power that a person at the beginning of the blood-changing state and a half-step turbid fairy can exude?
