

My Disciples 631

Chapter 631 Infernal Purgatory!

During these fifteen days.

On the one hand, the Zongmen forces that failed in the second round of promotion left Wanyu Wilderness.

Simply put, each went back to his own house, and each went to his own mother.

On the other hand, the ten forces that have successfully advanced are doing their best to inquire about the information of the other forces that have successfully advanced.

Only by getting the information in advance can we better prepare for the selected strategy.

After all, the reward for the top three this time is to enter Absolute Soul City.

In Absolute Soul City.

Suppressed countless powerful souls, many of whom have the inheritance of ancient powers.

At the same time, because the power of the soul is too strong.

In Absolute Soul City, there are high-grade soul treasures that cannot be found outside.

To know.

Treasures of heaven, material and earth that are effective for the soul are extremely scarce.

The higher the year, the better the effect, and it is priceless.

It is usually the collection of various sect forces.

in case for need.

This is also the main reason why Mu Fusheng wanted to enter it, besides guessing that senior brother and senior brother Xiao Hei would also go there.

The residence of Shengfuzong.

The elder general Mu Fusheng, Leng Yinqiu and the other four gathered in a room.

I only heard the elder's face slightly solemn at the moment, and said: "The remaining nine forces in this final have already been inquired."

Looking at the serious expression of the elder.

Leng Yinqiu and the three of them were a little surprised.

Mu Fusheng also raised his head.

The Holy Talisman Sect is the top sect.

Even if the actual combat ability is not good, it can still enter the top five.

Therefore, it will not be easy to make the Saint Talisman School worry about it, and make the elders show such dignified expressions.

"Let's not mention Xianyuan Village and Tianjian Peak. After all, these are the forces of Mu Fusheng's fellow disciples."

"but."

The elder of Shengfuzong took out a drawing and spread it on the table.

On the drawing, the names of the major forces other than the Saint Talisman Sect were written.

Among them, there are five bold logos.

The elder pointed to the blueprint, and said in a deep voice: "Let's talk about the top forces first. Among the four top forces in the mid-latitude boundary, including my Saint Talisman Sect, there is only one case, which is close to the top ten."

Leng Yinqiu, Ning Xi and Shen Ziyu were all shocked.

Among the top forces, only their Saint Talisman Sect and the Four Elephants Sect referred to by the elders entered the final?

You must know that in the past few sessions, the top four forces including the Saint Talisman Sect have won the top four places in the Wanyu Grand Competition!

Of course, Saint Talisman only sometimes enters the top four.

They are familiar with the Four Elephants Gate.

Among the top forces, the actual combat ability is stronger than their Saint Talisman Sect.

However, the ranking of the competition has been hovering in the third and second place.

And Xuanyuan Huangzong, who has been occupying the first place in the Wanyu Grand Competition, was also eliminated?

Only Mu Fusheng was not too surprised by this matter.

After all, I have heard that this Wanyu competition is extraordinary.

Because Absolute Soul City appeared as a reward.

Leading to the birth of the hermit sect, Sanxiu began to join the sect and wanted to participate in this Wanyu Grand Competition.

From here, Mu Fusheng already knew that in this Wanyu Grand Competition, the situation is bound to be disrupted!

Because, Mu Fusheng never felt that the top forces on the surface must be at the peak of this latitude.

There will definitely be some hidden forces, dormant in secret, and develop in a low-key manner.

It will be born at a critical moment, and it will be a blockbuster!

After all, Mu Fusheng also has this kind of personality.

Of course, only the foreword is included, what was born a blockbuster.

Of course strength should be hidden as much as possible!

Even if it is born, it cannot be fully exposed.

This is the way of longevity.

Leng Yinqiu asked at this time: "Who eliminated Xuanyuan Huangzong?"

The elder exhaled slightly, and pointed to a name marked on the drawing.

"Infernal Purgatory."

Infernal Purgatory?

Everyone was slightly taken aback.

This sect, they have never heard of it.

The elder of Shengfuzong frowned and explained: "It's normal that you don't know, because this force is a well-known evil sect in ancient times."

"Famous for brutal killings. At that time, he was besieged by various forces because he did some things that are unacceptable to heaven and earth, and thus disappeared. But what happened, it is Mi Xin, and I have no right to know."

"Now that he was born again, he directly beheaded the four disciples of Xuanyuan Huangzong fiercely, and even their souls were taken away. It is extremely ruthless!"

"On that platform, as long as you encounter Infernal Purgatory, you will be killed and your soul will be drawn, without exception."

Leng Yinqiu and the others looked at each other with seriousness in their eyes.

Mu Fusheng also touched his chin, lost his soul? And each of them had a soul draw?

If there is no purpose, he will not believe it.

However, Mu Fusheng is not a fortune teller, so naturally he can't guess what the purpose is.

I just remembered the name Infernal Purgatory in my heart.

"So, in the finals, when you encounter Infernal Purgatory, I need you to be careful and careful. If you make a mistake, immediately admit defeat!"

The actual combat ability of the Saint Talisman Sect belongs to the bottom among the four top forces.

Known as the strongest existence among the top forces, Xuanyuan Huangzong has suffered such cruelty.

Then let alone their Saint Talisman Sect?

Shen Ziyu forced a smile at this time: "Elder, we don't need to be so nervous, and we may not be able to meet the Infernal Purgatory."

"wrong!"

After the elder heard the words, he immediately looked at Shen Ziyu and reprimanded him: "Don't have such a fluke mentality!"

Having said that, the elder turned his eyes to the other three, and said word by word: "Not only is the Infernal Purgatory extremely powerful, but there are also three hidden world forces."

"They are Biluo Huangquan Palace, Lingxian Palace, and Su Family. Judging from the situation in the second round, their strength should not be underestimated!"

"Among them, the Su family also defeated a top force to advance."

"As for Biluo Huangquan Palace and Lingxian Palace, the information is limited, but never underestimate the opponent, let alone the hidden sect!"

Heard the words.

Shen Ziyu and the others nodded.

And the other side.

The place where Tianjian Peak is located.

Huo Zhengheng also said similar things.

"Su Family, what you need to pay attention to is the eldest lady, Su Muyou."

"Lingxian Palace, the other three people have extremely strong strength, but one of them, named Lin Zhinan, has never made a move, but the other three people in Lingxian Palace respect him very much."

"As for the Biluo Huangquan Palace and the Infernal Purgatory, only two people were dispatched from the beginning to the end."

Zhuang Zidong said solemnly: "It seems that this time, many hidden sects have been exploded in Juehun City."

Chu Lan also nodded and said, "I'm afraid it will be difficult to get close to the top three."

Huo Zhengheng looked at Ye Qiubai and said, "What do you think?"

"Me?" Ye Qiubai smiled faintly, "If you don't fight, you won't know success or failure."

Hearing this, Huo Zhengheng nodded in satisfaction.

Sword cultivator, it should be like this.

Chapter 632 Crazy

The sky is getting bright.

The final of the Wanyu Grand Competition was held in the center of the Wanyu Wilderness.

And the discussion platform here is even bigger than the other places!

This is also to give the contestants more room to play.

This seems to be beneficial to the Holy Talisman Sect.

After all, the larger the space, the more room to dodge.

Then, you can better dodge, seal and seal talismans, and use this to launch attacks.

However, at this level, even if the discussion platform is huge, it is only a blink of an eye.

What's more, engraving seal talismans requires a calm state of mind.

Once the mood is disturbed, all previous efforts are bound to be wasted.

Over the years, a talisman master who has been able to dodge while carving talisman seals in the Wanyu Grand Competition.

Only ten thousand years ago, was known as the first genius of the Saint Talisman Sect.

It's just that the person known as the first genius of the Holy Talisman Sect has left the Holy Talisman Sect and went out to create a force called the Talisman Tower...

At the moment.

On the Taoist platform.

Tianjian Peak, Saint Talisman Sect, and Xianyuan Village have all arrived here.

When you get here.

Ye Qiubai, Mu Fusheng and Xiao Hei have already gathered together.

Mu Fusheng said: "Be careful of the endless purgatory."

Ye Qiubai and Xiao Hei also got the news, and they both nodded.

And at this moment.

is to their left.

There are four men in blue robes, came here.

The faces of the four men were pale and bloodless.

The figure is also slightly thinner.

On their bodies, there are wisps of the breath of the dead!

This kind of aura usually only appears from dead people or dead wood.

I saw the leader turned his head and looked in Xiao Hei's direction.

Xiao Hei noticed it and turned his head to meet him.

"Is that you were chosen?"

Some inexplicable words spit out from the mouth of the man in green robe.

Xiao Hei frowned slightly, and said, "Are you talking to me?"

"Not you, who else?"

"Select what?"

The green-robed man shook his head slightly, and said: "You are not qualified enough. It seems that you have to prove with your strength how useless the successor he has chosen is."

Xiao Hei frowned slightly.

Having absorbed several memory fragments, his personality has slowly changed towards the direction of the devil.

Arrogant and unruly!

"Then try it and you'll know."

The green-robed man turned his head and stopped talking to him.

Seeing this, Mu Fusheng said, "Looking at their appearance, they should be from Biluo Huangquan Palace."

Ye Qiubai nodded and asked, "Did you have a problem with them before?"

Xiao Hei also shook his head in puzzlement, and said, "I'm not like you, big brother, who like to stir up trouble."

"Even if you provoke me, it's you who took the lead."

Heard the words.

Ye Qiubai's face turned dark immediately.

Mu Fusheng almost didn't laugh out loud.

"Senior brother Xiao Hei, you can only mock senior brother in this regard."

Xiao Hei tilted his head and said, "Aren't I right?"

right!

Too spicy!

If Lu Changsheng was here, he would probably give a thumbs up and like it!

After a joke.

Mu Fusheng and Ye Qiubai looked around together.

In front of them on the right, the leader is a woman.

The woman is delicate and elegant, and her white dress is not stained with dust.

Like the lotus flower in the mud, it is not dyed at all.

"She must be the eldest lady of the Su family, Su Muiyou."

Ye Qiubai looked slightly condensed, and said: "I can't see through."

Beside the Su family.

A man holding a folding fan walked up to Su Muiyou, and said elegantly: "Miss Su, should we find a place to chat about martial arts?"

Although elegant.

But what he said did not look like a refined person at all...

"Lingxian Palace, Lin Zhinan?"

Su Muiyou glanced over and said coldly, "I'm not interested."

Lin Zhinan smiled and said, "Then I've hit you, so you should be interested?"

Due to the short distance.

Ye Qiubai couldn't help but laugh out loud.

What kind of method is this to tease girls?

How do macho men flirt with girls?

But this seems a bit inconsistent with your character design!

Hear the movement here.

Lin Zhinan raised his head to look at Ye Qiubai, and said with a smile, "Tianjian Peak, Ye Qiubai?"

Ye Qiubai was not surprised either.

They can get each other's information.

The other party can also get it naturally.

"Isn't it a little immoral for you to behave like this? After all, Lin's words are all from the bottom of his heart, so how can he laugh at them?"

Ye Qiubai straightened his expression and said, "Sorry to bother you, go ahead and pretend I don't exist."

This person is also an interesting person.

At this time.

On the Dao platform.

The old man who is the supervisor came here, looked around, and said loudly: "Is everything here?"

Then glanced at it, only to find that there were only nine forces.

The old man couldn't help but frowned, and said, "Is there another force?"

Everyone looked around.

Missing the Infernal Purgatory?

The old man's tone was not very pleasant, and he said: "If you haven't come yet, then you will be disqualified directly."

Treat Infernal Purgatory.

Obviously, anyone who understands its secrets has a very bad attitude.

After all, what Infernal Purgatory did at that time was too vicious!

Even they couldn't stand it.

And at this moment.

An extremely large evil killing intent swept over!

Like a cloud and mist, it instantly enveloped the discussion platform!

Just listen to a voice full of evil nature carrying that evil killing intent spread throughout this space.

"Eligibility for expulsion? Old guy, you are not worthy."

The voice fell.

On the stage of discussion.

Four men in scarlet robes stood on the high platform!

His face was arrogant.

Eyes full of evil!

The nails of their hands were actually covered in blood!

There was a burst of **** air, which spread throughout the audience in an instant!

The tall man at the head laughed maniacally, and said frantically, "I said, why don't you waste your time? Anyway, when you face our Infernal Purgatory, you have no chance of winning."

"And you should also know my style of Infernal Purgatory. If you can't win, you will die. It is absolutely impossible to give you time to admit defeat... So, why don't you just admit defeat? Don't waste our time?"

"If you can save your life, why not do it?"

As soon as the words came out.

Immediately angered people from other forces present!

Feng Yu, the leader of the Four Elephant Sect, pointed to the high platform and shouted angrily: "It's just a mere evil cultivator, how dare you be arrogant?!"

A mere evil cultivator?

The people in Infernal Purgatory suddenly laughed wildly!

"Are you from the Four Elephant Sect?"

"Have you heard about Xuanyuan Huangzong's fate?"

"They seem to be one of the four top forces, and they are stronger than your Four Elephant Sect."

"Do you think Xuanyuan Huangzong is like this, how can you have a chance to beat us?"

Chapter 633 Cruel means!

The insolent expression and arrogant words of Infernal Purgatory.

The faces of all the people present were extremely ugly.

People from the Four Elephants Gate couldn't refute it.

He clenched his fists angrily, but he couldn't attack.

They were right.

Xuanyuan Huangzong, among the four top powers, has a higher background than the other three powers.

So in every ten thousand domain competition, Xuanyuan Huangzong is the leader that can be taken.

But Xuanyuan Huangzong, who is so powerful, only dispatched two people in Infernal Purgatory.

Kill all four of them!

The means are extremely cruel.

Extract the soul directly.

Then, what qualifications does the Four Elephant Gate have to go head-to-head with the Infernal Purgatory?

However, those hidden sects looked indifferent, as if they didn't care about the words of endless purgatory.

In their view, they do not agree with the four top forces in the mid-latitude boundary.

If they just defeated Xuanyuan Huangzong, it can only mean that they have some skills.

That's all.

The person headed by Infernal Purgatory, Pan Xie sneered: "Since no one quits voluntarily, then there will be no chance to admit defeat at that time."

At this time, the old man above shouted coldly: "Don't you leave the discussion platform quickly?"

Pan Xie glanced at the old man, and said with an evil smile: "Then senior, let's announce the start as soon as possible."

After finishing speaking, he jumped off the discussion platform with the other three.

The final of the Wanyu Grand Competition.

You can choose whether it is an individual competition or a team competition. (There was a mistake earlier, and a personal battle was omitted.)

The reason for the group battle is also for the sake of the Holy Talisman Sect who is weaker in actual combat.

Winning forces can get 100 points.

At the end, combined with the points obtained in the second round, the total number obtained, and the top three will have the opportunity to enter the Absolute Soul City.

As for the order of appearance, it will be determined by drawing lots.

If one is drawn, it will be the first to appear on the stage, and it will be a group battle or an individual battle with the sect that also draws one.

And so on.

Under the announcement of the old man, a wooden box appeared in front of him.

Besides the wooden box, there is a talisman.

On the talisman seal, the circulation of breath is isolated, which is obviously also to prevent other people from being able to detect the internal signature.

The leaders of the major forces stepped forward to draw lots.

Infernal Purgatory got number one, and the corresponding one is Tsunami Sect.

When you see this sign.

Everyone in Xiao Haizong turned pale.

Eyes showing fear.

In the mid-latitude realm, although Tsunami Sect is a top-notch force, it is obviously not enough to face monsters like Infernal Purgatory.

Pan Xie looked at everyone in Xiao Haizong, grinning and showing his white teeth, his eyes were full of killing intent.

The Su family got number two, which corresponds to the Temple of Thunder.

Lingxian Palace No. 3 was drawn to Tianjian Peak.

Shengfu Zong No. 4, confronting the Four Elephant Gate.

Xianyuan Village is fighting against the last Biluo Huangquan Temple.

According to the numbers drawn by lottery, the one who gets No. 1 will play first.

The old man asked: "Do you choose individual battle or group battle?"

People in Infernal Purgatory looked at Xiao Haizong indifferently.

The suzerain of Xiao Haizong said without hesitation: "Personal battle."

The people in Infernal Purgatory are so strong, if you choose to fight in groups, you may have no chance!

Pan Xie looked at a tall and thin man at the side, and said, "Jiang Chen, you go first."

Jiang Chen nodded with a sneer, jumped up, and came to the Dao Discussion Platform, lowered his head, and looked at the Xiao Haizong people who had not moved for a long time.

"I asked you to surrender just now, and you were indifferent. Now, I hope you can maintain your previous arrogance. Come up."

The faces of everyone in Xiao Haizong were ugly.

The head of the Xiaohai Sect at the side looked at the disciples, and said solemnly: "We have reached this point, let's go, if you don't, this time you may become a demon on your cultivation path."

"If you lose, remember to admit defeat immediately. I will stand by and guard to prevent the opponent from continuing to attack. Do you understand?"

All four disciples nodded.

Immediately, one of them stepped onto the stage of discussion.

People below.

Including Ye Qiubai and Xiao Hei Mu Fusheng, they all raised their heads and looked at the discussion platform.

They also want to see what kind of means this endless purgatory has.

On stage.

With the old man announced the beginning.

Jiang Chen laughed evilly, looked at the disciple of Xiao Haizong opposite, hooked his fingers, and said: "Let you make a move, so that you don't have a chance to make a move."

The disciple's face became angry.

He is also a proud disciple of Xiao Haizong.

On weekdays, he is respected and admired by countless people.

But in front of Jiang Chen, it seems so insignificant?

Fear turned into anger, and punched Jiang Chen directly!

Above the fist, the artistic conception of the streams of water turned into torrential waves!

Surging waves are like water arrows, splashing towards Jiang Chen!

Jiang Chen didn't make any moves.

Just standing there, the corners of his mouth curled slightly, "That's it?"

After finishing speaking, he didn't move his hands or feet.

It's just that around his body, there are strands of black and red aura gushing out like a volcanic eruption!

Surrounded Jiang Chen's whole body!

Even though those water arrows hit the black and red intersecting breath shield, they only caused ripples!

There is no sign of breaking at all!

The disciple of Xiao Haizong was stunned.

Jiang Chen said in distaste: "This is your all-out attack? It's not as good as those people from Xuanyuan Huangzong."

After finishing speaking, he disappeared in place.

The next moment, he appeared in front of the disciples of Xiao Haizong.

With lightning speed, he punched through the dantian of Xiao Haizong disciple!

Cultivation disappears in an instant!

Immediately.

Under the horrified eyes of everyone.

Jiang Chen clapped the other hand on the Tianling cover of Xiao Haizong disciple.

Strands of transparent phantoms emerge from the celestial spirit cover of the Xiaohai Sect disciples!

That's the soul!

Soul pumping!

The lord of the Xiao Hai Sect immediately roared, "Stop!"

Pan Xie glanced at Xiao Haizong's suzerain, and said indifferently: "Your disciple didn't call for surrender, did you? As a senior, shouldn't you abide by the rules?"

But.

In the process of being drawn out by Jiang Chen.

How can the disciples of Xiao Haizong speak?

Just opened his mouth, his eyes widened, and gradually turned upwards.

A pained sound of "ah...ah" came out of his mouth.

But five interest time.

The Xiaohai Sect disciple's eyes were blank, Jiang Chen pulled out his hand, and fell directly on the Dao Discussion Platform.

There is no vitality...

Jiang Chen grinned, looked at the remaining three Xiao Haizong disciples below, and said, "Next."

The suzerain's face was livid.

Looking at the three disciples, their faces were full of fear.

The senior brothers who went up just now are no different in strength from them, and even stronger.

However, in the hands of the evil cultivator of Infernal Purgatory, even the opponent's defensive barriers cannot be broken!

In the opponent's move, he fell directly, and he couldn't shout out even admit defeat!

How can this be done?

See this scene.

The suzerain of Xiao Haizong had no choice but to say solemnly: "I, Xiao Haizong, withdraw from this competition."

Chapter 634 Monster, Lin Zhinan

Tsunami's withdrawal.

The means of endless purgatory made some forces in the audience look very solemn.

Destroy the dantian, draw the soul with only one hand.

In every way, you can't break free!

Can't even make a sound.

No wonder Xuanyuan Huangzong will be completely wiped out.

By Su Muyou's side.

Lin Zhinan from Lingxian Palace opened the folding fan with a "snap", the gentle and refined smile on his face disappeared, and he looked a little indifferent.

In fact, the slightly wrinkled brows were slightly dignified.

I only heard Lin Zhinan ask: "Miss Su, what do you think of the strength of this Infernal Purgatory?"

Su Muyou was not silent. After thinking for a while, he said lightly: "It's much stronger than those so-called top forces."

"And the blood in their bodies is extremely heterogeneous...they can release an aura that intimidates the blood. If the blood is not strong enough, it will be greatly restricted."

"This is why the people in Infernal Purgatory look so terrifying in actual combat."

Lin Zhinan nodded in agreement, and said, "As expected of the eldest lady of the Su family, her eyesight is really outstanding."

"However, I really want to know that such a heterogeneous bloodline must have been acquired. I don't know what method and method is used to limit the violent factors and repulsion in the heterogeneous bloodline."

Different bloodlines.

According to common sense, they are naturally incompatible.

Because of the different blood, there will be a huge repulsion.

Moreover, the higher the bloodline level, the more obvious the situation is!

It can be said that forced fusion will only lead to body explosion and death due to the mutual exclusion of blood!

Infernal Purgatory can do this, how exactly can it be done.

Others have no way of knowing.

And next.

It was the Su family who played against the Thunder Palace, which was also a first-class force.

The Su family is a hermit family.

Its ability will naturally attract everyone's attention.

Even Pan Xie and the others from Infernal Purgatory are looking carefully.

The person from the Su family who appeared was a man.

The name is Su Lindu.

Only he alone solved the three people in Thunder Palace.

The remaining one was taken by Su Muyou himself.

But.

There is very little information available.

Mu Fusheng stroked his chin and said, "The Su family is hiding their strength."

Ye Qiubai also nodded: "Then Su Lindu was able to continue to attack, but after going through the first three, his aura was a bit exhausted."

"And if you want to get rid of the strongest person in the Thunder Palace at the end, you may need to use some means."

"That's why a substitution came on..."

"It seems that this time, the strength of these hidden sects should not be underestimated."

Mu Fusheng nodded in agreement: "However... the one that brings me the greatest danger is not the Su family, nor is it this endless purgatory..."

Hearing this, both Ye Qiubai and Xiao Hei looked to the left at the same time.

There stood a group of four extremely thin men in green robes.

Biluo Huangquan Palace!

Only these four people.

Even a few of them can't see through it!

...

After the Su family won.

Then it was the turn of Lingxian Palace.

The force facing Lingxian Palace is naturally Tianjian Peak, who is also No. 3.

That is the faction that Ye Qiubai belongs to.

Below, Lin Zhinan smiled and said: "It seems that one of us will be eliminated?"

Ye Qiubai smiled and said, "You'll only know after you hit it."

The old man said above: "Are you fighting in groups or individually?"

Ye Qiubai looked at Lin Zhinan.

And Lin Zhinan smiled and said: "Then I will say, let's have a group battle."

The old man nodded.

Others also looked at Lin Zhinan.

looked puzzled.

Generally, only the Saint Talisman Sect or sect forces with conjoined formations like the Wuya Sect, or special skills, would choose group battles.

Other forces are more inclined to personal warfare.

Because the variables of group warfare are much greater than individual warfare.

Individual combat depends entirely on personal strength.

And group battles.

It requires some teamwork.

This is also the reason why everyone wonders why Lin Zhinan chose to fight in groups.

Su Muyou quietly watched this scene from below.

There was no confusion in his eyes.

Because she knew Lin Zhinan well.

This person is not only outstanding in his cultivation talent.

In Lingxian Palace, his talent is not the strongest one.

However, he has an IQ like a monster.

When he was a teenager, he helped Lingxian Palace and occupied many resources!

certainly.

This is unknown to the outside world.

Only the hidden world forces can hear these news.

hard to imagine.

In this kind of cultivation world where fists are the most respected, there will be someone relying on IQ to be directly designated as the successor of the next Palace Master by the Palace Master of Lingxian Palace.

And none of them!

As long as the lord of Lingxian Palace abdicates.

The position of palace lord can only be Lin Zhinan!

Palace Master's personal disciple, that is, Gu Xi, although his talent and strength are extremely outstanding, but he also admires Lin Zhinan very much, and is willing to be by his side to assist him!

To know.

Dynasty empire.

People with superior IQ are generally regarded as ministers of the state.

Rarely act as the emperor directly.

Lin Zhinan did this...

Regarding Lin Zhinan's proposal.

Although Ye Qiubai had doubts, he did not refuse.

For him, the soldiers will block the water and cover the soil.

Then he, Chu Lan, Zhuang Zidong and Chi Bing stepped onto the stage of discussion.

Lin Zhinan also stepped up with Gu Xi and the other two.

Chu Lan took the initiative: "Brother Ye, you decide how to fight?"

Ye Qiubai was not humble, took over the command, and said: "I don't know the opponent's strength and skills for the time being."

"First of all, you face each other one by one, and I will expand the sword field and help you from the side."

"As for Lin Zhinan, leave it to me."

"Remember, don't use all your strength first, try to test the depth of the opponent, and then listen to my instructions."

Chu Lan and the other three nodded.

Naturally, they were not unconvinced by Ye Qiubai's command.

After all, Chu Lan and others have seen his strength.

Afterwards, Ye Qiubai looked at Chi Bing again, and said softly: "For that move, listen to my command before launching it, and hold your breath for now."

Chi Bing nodded.

On the other side, Lin Zhinan didn't say anything, not even sound transmission, as if they had discussed it long ago, waved his fan lightly, and looked at Ye Qiubai and others to discuss.

After discussing with Ye Qiubai.

Lin Zhinan looked at the old man and said, "Senior, you can start now."

The old man announced the start.

The moment it started.

Ye Qiubai directly launched the sword domain!

Enclose the entire Dao Dao platform!

The endless extraordinary sword intent shot towards the four people in Lingxian Palace!

The three people headed by Chu Lan raised the three-foot Qingfeng in their hands, kicked slightly, and shot away!

But.

The four people in Lingxian Palace seemed to have planned a long time ago, but they stood there without moving!

Chapter 635 Dead end!

On the Taoist platform.

Everyone watching the people in Lingxian Palace did not move, they just took a defensive posture to resist the attack of Ye Qiubai and the others.

This also made everyone a little confused.

In group battles, apart from teamwork and personal strength, there is another important factor.

That's rhythm.

Once one party has mastered the rhythm in the team battle, it will cause the party who has not mastered the rhythm to fall into a disadvantage.

Even, even if the strength is stronger, it will be suppressed!
certainly.

Here refers to stronger strength, and the overall gap will not be too large, and will be within a controllable range.

If it is too strong, then there is no need to say anything about mastering the rhythm, and you can break through all illusions with a direct shot!

And how to master the rhythm?

Generally, the person who attacks first will get the first rhythm.

Ye Qiubai knew that the people in Lingxian Palace were from the hidden sect.

Its strength is probably better than Tianjian Peak.

So what he has to do is to use the cover of the sword field to let the three of Chu Lan carry out a fast attack, one is to test the opponent's strength and how to fight, and the other is to win the first rhythm.

In this way, to a certain extent, it can also make up for the unfavorable factors of lower overall strength.

Xiao Hei watched this scene from below, and asked, "Brother Priest, why do I feel something is wrong?"

Although Xiao Hei has never used his brain in combat, in his opinion, why use his brain when he can solve it with one punch?

This also led to Xiao Hei's subconscious perception in combat, which has a great advantage.

Mu Fusheng also frowned slightly.

"Theoretically speaking, in group battles, they would seize the rhythm, but Lingxian Palace didn't do that..."

"Lin Zhinan chose the team battle himself, it is impossible for him not to know the importance of this point..."

But the four people in Lingxian Palace didn't move at all, they just put on a defensive posture.

Among them, what is the reason?

Even Mu Fusheng couldn't see the opponent's purpose for the time being.

Only the Su family, which is also a hermit force, and the Infernal Purgatory and the Biluo Huangquan Palace have no accidents at all.

Lin Zhinan's name, they have heard of it for a long time.

He did this, naturally he has his reasons.

Every step has its own calculation!

At the moment.

On the Daotai.

Ye Qiubai used the sword domain to cover the attack of Chu Lan and others.

Among them, Zhuang Zidong directly bumped into Gu Xi, while Chu Lan and Chi Bing faced up to the other two from Lingxian Palace, Yao Jiuhua and Chen Haoxian respectively.

Ye Qiubai raised the Hunyuan Immortal Sword in his hand, came to the opposite side of Lin Zhinan, and slashed towards Lin Zhinan with the sword!

Lin Zhinan smiled slightly.

Raise the folding fan in your hand.

A whirlwind rose out of thin air!

Stopped at the place where Ye Qiubai must pass!

At the same time, the other three sides of him are surrounded by it!

Ye Qiubai frowned slightly, wanting to perceive the outside world, but found that these four whirlwinds not only swept the dust around them, obstructing the sight, but also had an unknown force, hindering the perception!

As the commander of Tianjian Peak.

Losing control of the outside world is fatal.

So Ye Qiubai did not hesitate at all, and directly used the first sword of the Hunyuan Immortal Sword!

Using all his strength, he broke through the whirlwind around him!

During this game, Lin Zhinan can also be found to have reached the initial stage of the turbid fairyland.

However, the actual combat ability does not seem to be too strong.

However, the moment he cut through.

But he was shocked to find that Zhuang Zidong, who was facing Gu Xi, was blown out by the opponent's sudden burst of tyrannical strength!

Zhuang Zidong's complexion changed drastically, and the forward sword could no longer be changed, so he had to forcefully raise his breath, explode his strength, and collide with it!

However, this sword was blown away by Gu Xi's palm.

The long sword in Zhuang Zidong's hand was shaken aside, and when his chest was wide open, Gu Xi stepped forward and blasted out with another palm!

Knocked Zhuang Zidong out of the Taoist platform!

Zhuang Zidong fell to the ground and was not seriously injured. Obviously, the opponent kept his hand.

Can't help but hug the opponent.

Gu Xi ignored it, and rushed towards Ye Qiubai directly!

Here comes the moment.

Mu Fusheng wrinkled his eyes slightly, and said, "Good method."

Obviously, among the amount of information generated after a short period of time.

Mu Fusheng sensed the opponent's intention.

"It's not that Lin Zhinan doesn't know how to control the rhythm. It's because he knows. At the same time, he also expected that the big brother will start the opening fast break to seize the rhythm because of the weak overall strength of Tianjian Peak."

"So Lin Zhinan did nothing but wait for the opponent's fast attack, and arranged for a strong person who could crush one of the people in Tianjian Peak to make a full shot and eliminate one person first."

"This not only interrupted the big brother's intention, but also completely cut off Tianjianfeng's rhythm control."

Xiao Hei on the side listened, "Then the big brother is in danger?"

"At least it seems so now."

Behind Mu Fusheng, Leng Yinqiu and the three people from Xianyuan Village sighed slightly.

Take the lead in eliminating one person, and disrupt Tianjian Peak's position.

This set of strategies seems very simple.

It looks like the result of using strength to suppress.

But in fact it is not the case.

If you want to do this, you must guess the other party's thinking.

Use this to make corresponding plans.

At the beginning, Lin Zhinan instructed the three people in Lingxian Palace not to act rashly. It can be seen that this must have been expected!

Otherwise, if Lin Zhinan directs the three of his side to attack directly.

Then it will hit Ye Qiubai's arms.

not only exposed strength.

will be under the cover of Jianyu.

Being controlled by the four people of Tianjian Peak to the preliminary rhythm!

This is the case today.

Let Xianyuan Village and Shengfuzong believe that Tianjian Peak has lost...

Beside Su Muyou, Su Lindu's face was slightly solemn, "This Lin Zhinan is worthy of the name of the think tank of the Spirit Palace."

Su Muyou nodded slightly: "There is no suspense."

Jiang Chen in the Infernal Purgatory also reminded: "If we encounter Lingxian Palace, I'm afraid it won't be so easy to draw the soul."

Pan Xie didn't speak. He folded his hands on his chest and tapped his fingers rhythmically under his shoulders. He didn't know what he was thinking.

Four Elephants Gate has a dignified expression.

These hidden forces do not have a simple character!

I'm afraid this time, it will really be as the suzerain said.

The pattern of the mid-latitude realm will change drastically with the emergence of hidden world forces!

But Mu Fusheng could think of it.

Ye Qiubai naturally already understood.

I thought to myself.

The opponent, Lin Zhinan, is not easy.

The opening not only broke the rhythm of Tianjianfeng, but also reduced its staff by one person.

Definitely a huge hit!

Relying on the difference in the number of people.

The winning rate of Tianjian Peak will also be greatly weakened!

At the moment.

Gu Xi has already rushed in front of Ye Qiubai.

Don't even think about it, Lin Zhinan's next step is to let Gu Xi, who has reached the middle stage of the fairyland, face Ye Qiubai alone.

At the same time, use the difference in numbers to eliminate Chu Lan and Chi Bing!

How should Ye Qiubai break this situation?

Everyone watched this scene.

This is a dead end...

Chapter 636 Reversal!

Deadlock, how to break it?

From the perspective of the various forces under the discussion platform.

Tianjian Peak's defeat has been decided.

(Just like Qatar played Ecuador last night!)

At this moment, on the stage of the discussion.

Ye Qiubai has already started confrontation with Gu Xi.

Gu Xi, who was in the middle of the fairyland, didn't hold back at all, and rushed towards Ye Qiubai directly!

Ye Qiubai's face condensed slightly.

This person's strength is even stronger than Zhan Tianxing!

Gu Xi also naturally realized that Ye Qiubai was only in the early stages of blood transformation, so she couldn't help frowning slightly.

How did you lead Tianjian Peak to the finals in the early stage of blood transformation?

In the information, it is obvious that Ye Qiubai defeated Zhan Tianxing, who is superior in combat power, and thus led Tianjianfeng to the final.

It can be said.

Ye Qiubai is the strongest combat power of Tianjian Peak.

However, Gu Xi is not someone who underestimates the enemy.

After realizing Ye Qiubai's realm and associating with the previous information.

Guess that the other party must have a backhand.

And the actual combat power is amazing, able to achieve the ability to fight across the realm!

Therefore, one cannot underestimate the enemy in the slightest.

After all, this involves the quota for Absolute Soul City!

Think here.

While rushing forward.

Gu Xi took out a sword with a cold face, and the sword was surging!

Has reached the half-step transcendence!

Sword repair?

Seeing this, the corners of Ye Qiubai's mouth turned up slightly, and he smiled.

After arriving in the mid-latitude boundary, the number of times he fought sword cultivators was better than none.

So, no one knows either.

Ye Qiubai's sword field, in addition to all-round attack with sword intent release.

is more capable of absolutely suppressing sword intent than his lower level.

Even, sword cultivators who are at the same or slightly stronger level in the way of swordsmanship also have a suppressing effect!

not to mention.

Ye Qiubai's kendo state has already reached the extraordinary state.

As for Gu Xi, although his cultivation is stronger, his swordsmanship is only half-step extraordinary.

A slight difference is a thousand miles away!

In the sword domain.

Facing sword cultivators, Ye Qiubai is the absolute master of swordsmanship!

At this moment, Gu Xi has already rushed forward.

Ye Qiubai lifted the Hunyuan Immortal Sword in his hand.

The sword field covering the Lun Dao platform exploded with endless extraordinary sword intent at this moment!

Only in this moment.

Gu Xi could clearly feel it.

My kendo has been suppressed!

The sword intent could not be released smoothly, and the sword in his hand felt like it was too powerful to be used.

When he faced Ye Qiubai.

Ye Qiubai, who was right in front of his eyes, seemed to be infinitely tall.

He is holding a three-foot green spear.

is the king of swordsmanship!

Other sword cultivators can only submit to him in the face of him!

One way in Kendo.

You will be suppressed?

Even if the realm of swordsmanship is a little worse, the gap in cultivation base is even bigger!

Gu Xi gritted her teeth with a serious expression on her face.

He did not allow himself to be defeated by the sword of a cultivator whose realm was lower than his.

What's more, it is in the way of swordsmanship that I am proud of!

thought of this.

The sword in Gu Xi's hand condensed half a step of extraordinary sword intent, and he slashed out with one strike!

Ye Qiubai's footsteps moved lightly, and he took a step forward!

Hunyuan Immortal Sword in his hand, the sword intent is condensed.

A sword pierces out!

The sword intent converges into a giant dragon!

The dragon groaned and rushed towards Gu Xi viciously!

And Lin Zhinan, who attacked Chu Lan with Yao Jiuhua, saw this.

There was no surprise on his face.

However, Ye Qiubai, who was in the blood-changing state, was able to slash such a powerful sword.

After intelligence, he has already considered this point.

Gu Xi, as long as Ye Qiubai can be held back.

Plan after.

After defeating Chu Lan and Chi Bing, the four besieged Ye Qiubai together.

Three Zhuoxianjing, one half-step Zhuoxian.

No matter how powerful Ye Qiubai's combat power is.

There will be no more suspense in this group battle.

The plan is simple.

Cut off the rhythm of Tianjian Peak and reduce the opponent's staff.

Then crush them with the advantage of numbers.

Only the first step needs to predict the opponent's actions.

After that, it will be simple and rude.

But.

Right now.

Lin Zhinan wrinkled slightly, turned his head suddenly, and looked in Chen Haoxian's direction.

There, Chen Haoxian was confronting Chi Bing from Tianjian Peak alone.

It can be said.

Chi Bing was the only one in Tianjian Peak who didn't make a move.

So Lin Zhinan arranged for Chen Haoxian, who had reached the early stage of the turbid fairyland, to stop Chi Bing.

But.

Now there is an accident.

I saw the sword in Chi Bing's hand.

There is a raging fire wrapped around it!

This raging fire is not an ordinary artistic conception of fire.

It's the soul fire that makes them throb!

Moreover, Chi Bing's realm has reached the early stage of the turbid fairyland!

According to intelligence.

The overall strength of Tianjian Peak is no more than a second-rate top force.

The strongest among them are Chu Lan and Ye Qiubai.

Chi Bing, logically, would only be stronger than Zhuang Zidong!

When Lin Zhinan was calculating, he thought that Chi Bing would be very strong, but he didn't expect that the other party was not just a sword repairer!

He is also a swordsman who can use soul fire and integrate into the way of swordsmanship!
certainly.

Ye Qiubai already knew Chi Bing's fighting style before.

That's why he was allowed to continue hiding.

It broke out at a critical moment.

Now is the time!

Chi Bing, who had condensed the soul fire, merged into the way of swordsmanship.

Suppress Chen Haoxian instantly!

Although in the same realm.

However, Chi Bing is stronger in terms of soul strength!

It's just ten counts of time.

Chen Haoxian has already lost!

Chi Bing also quickly adjusted his state, holding a long sword burning with soul fire, and quickly supported Chu Lan!

Dead end.

Break through in an instant!

Lin Zhinan wrinkled slightly.

The advantage gained before is gone at this moment!

Discuss the various forces under the Taoist platform.

Looking at this scene, she was also slightly surprised.

Is the dead end really broken?

Mu Fusheng couldn't help but heaved a sigh of relief.

Huo Zhengheng, who was in the sky above, smiled even more.

Look back at the battle between Ye Qiubai and Gu Xi.

Relying on the absolute suppression of Jianxiu by the Sword Domain.

Ye Qiubai also has the power to fight Gu Xi.

The Hunyuan Immortal Sword in his hand was constantly clashing with Gu Xi.

Gu Xi looked in Lin Zhinan's direction with a somewhat anxious expression.

If Ye Qiubai is not defeated.

Wait until the opponent defeats Lin Zhinan and Yao Jiuhua.

Then, he, who was suppressed by the sword domain, is also powerless!

Think here.

After colliding with Ye Qiubai, Gu Xi retreated immediately!

Same hand.

Holding up the long sword in his hand.

Sword intent, forcibly condense on it!

On the body of the sword, there are ancient characters engraved on it with a sense of immortality!

The powerful aura surged out at this moment!

Obviously.

Gu Xi wanted to make a quick decision, so he directly used the strongest sword!

See it.

Ye Qiubai is not to be outdone.

The Sword Domain began to compress continuously.

Extraordinary sword intent, extremely concise!

Gather on the Hunyuan Immortal Sword.

At the same time, the meaning of endless life, as well as the essence of heaven and earth, are also crazily condensed at this moment!

Although it has the absolute suppression of the sword domain.

But.

When facing the Gu Xi in the middle stage of the fairyland, it is also impossible to face it calmly!

but.

Ye Qiubai didn't intend to use the third sword of the Sword Sutra of Absolute Beginning either.

If he uses the third sword, he will have no ability to fight again!

He's going to do it.

is to block Gu Xi's sword.

Waiting for Chi Bing and Chu Lan to solve Lin Zhinan and Yao Jiuhua.

Thus the three attack together!

Chapter 637 Wartime breakthrough!

Gu Xi's sword.

It is the collection of all the kendo insights from the beginning of his contact with kendo!

Integrate all these into this sword.

If there is no absolute suppression of sword repair by the sword domain.

Gu Xi's sword can even reach the power of the late stage of the Zhuoxian Realm.

Unfortunately, there is no if in the world.

Under the absolute suppression of kendo.

Gu Xi's sword can only achieve the effect of the initial stage of the turbid fairyland.

At the same time, he will always be suppressed by Ye Qiubai's kendo.

The power has been greatly reduced.

But after all, Gu Xi is a strong man in the middle stage of the turbid fairyland, and Ye Qiubai's current state has only reached the early stage of the blood-changing stage.

In the eyes of everyone.

How can such a huge gap in realm be easily made up?

Ye Qiubai, what can I use to compete with it?

"The commander of Tianjianfeng can be regarded as a genius among the heavens."

Su Lindu lamented: "Under this dead situation, the situation can also be reversed."

"It's just a pity that under the absolute suppression of strength, it will eventually fail."

In Su Muyou's cold eyes, there was also a look of cherishing talent at this moment.

"At the beginning of the blood-changing state, he was able to fight like this with the No. 1 Tianjiao of Lingxian Palace. He crossed the realm and forced Gu Xi's strongest sword. This kind of strength, placed in the Heavenly Sword Sect or among those top forces, is also A little condescending."

"At that time, you can ask him if he is willing to join the Su family."

Su Lindu's eyes were surprised, and he suddenly turned his head to look at Su Muyou, with an unbelievable look on his face,

"The Su family never accepts people with foreign surnames!"

Su Muyou said with a flat face: "Betroth a girl from the Su family, just let him reform."

Hearing this, Su Lindu smiled wryly and said, "Will he agree?"

"The background and cultivation resources of the Su family are much stronger than those so-called top forces." Su Muyou looked at Ye Qiubai on the stage, and smiled softly: "Not many people can refuse to join the Su family."

the other side.

The place where Infernal Purgatory is located.

Looking at this scene, Jiang Chen licked his lips, and said: "It's a pity, the quality of the souls of this group of sword cultivators in Tianjian Peak should be quite high, and if they are eliminated here, they cannot justifiably withdraw their souls. "

Pan Xie looked at Chi Bing, and said with an evil smile: "The sword cultivator who uses soul fire can think of a way to extract the soul..."

However, Xiao Hei and Mu Fusheng did not change their colors in the slightest.
they know.

Although the big brother likes to cause trouble on weekdays.

However, after you decide to do it, you will definitely think of a way to deal with it.

Now, he faces Gu Xi alone, so he naturally has his confidence.

Chu Lan and Chi Bing behind them saw this scene.

Attacked Lin Zhinan and Yao Jiuhua crazily.

Lin Zhinan's actual combat ability is not strong, and under Chu Lan's attack, he retreats steadily.

Chi Bing has the bonus of soul fire, integrated into the way of swordsmanship, even against Yao Jiuhua, who is in the same realm, he can have an absolute upper hand!

After all, Chu Lan and Chi Bing knew that if they lost Ye Qiubai's strength, they would have no chance of winning against Gu Xi!

At the moment.

Gu Xi raised the sword in his hands with both hands, constantly condensing the meaning of swordsmanship.

Looking at Ye Qiubai, he said solemnly: "I won't hold back this sword, so if it falls and kills you, don't blame me."

Ye Qiubai smiled faintly when he heard the words, and the Hunyuan Immortal Sword in his hand continued to gather sword intent.

The sword intent in the sword field also continuously gathered in front of Ye Qiubai.

Turned into a long sword with a handle, cast into a sword wall!

"In the matter of sparring, casualties are inevitable, so there is no need to have a psychological burden, just use the sword."

Gu Xi nodded.

Step forward.

The original sword intent in the air swept towards Ye Qiubai at this moment!

Holding the hilt of the sword with both hands, facing Ye Qiubai, he slashed out with a bang!

This sword intent.

Like a rolling galaxy, it rolled towards the sword wall!

Before the Sword Intent Galaxy arrived, Ye Qiubai's face became solemn, and he could feel the heaviness in it.

and Gu Xi's practiced swordsmanship!

Even under the suppression of Jianyu.

Still gave Ye Qiubai a great pressure!

At this moment, the rolling galaxy formed by the condensed sword intent slammed into the sword wall like a stormy sea!

The entire Daoist Forum seemed to be shaken.

In an instant, Ye Qiubai stepped back three steps in succession!

Immediately there was a low growl.

The scope of the sword domain suddenly began to shrink!

It just enveloped Ye Qiubai and Gu Xi.

At this moment, the sword intent is also more powerful.

The constantly shaking Sword Intent city wall was not knocked open a gap.

However, under the rolling river of sword intent.

Ye Qiubai tightly held the Hunyuan Immortal Sword in his hand, and beads of sweat kept appearing on his forehead.

dripping on the countertop.

Gu Xi saw that the other party resisted his sword temporarily.

His brows turned cold.

He must fight quickly, otherwise Lin Zhinan will be the first to be unable to resist!

Think here.

Gu Xi raised her head and let out a long roar.

Holding the long sword in both hands, it started to spin on the spot!

The billowing Sword Intent galaxy also followed Gu Xi's rotation, like a whip, constantly whipping on the Sword Intent city wall!

On stage.

The leaders of all the forces looked at this scene and shook their heads.

"The sword repair boy is going to die."

"The level of swordsmanship is good, but the level of cultivation is too low. It is not easy to achieve this step."

"It's a pity..."

Huo Zhengheng looked at Ye Qiubai with the same serious expression.

But he didn't believe that Ye Qiubai would definitely lose!

From the beginning until now, has Ye Qiubai created fewer miracles?

Just when he thought so.

On the Dao platform.

There was a huge aura that turned into a vortex, bursting out centered on Ye Qiubai!

Everyone was stunned.

At the moment.

The aura in Ye Qiubai's body did not weaken at all, but kept rising!

This is a sign of a breakthrough!

At the moment of full confrontation.

Ye Qiubai actually chose to break through under this oppression with the help of Gu Xi's full blow!

"How courageous..."

In the direction of Shengfuzong, Leng Yinqiu said with emotion: "Brother Mu, your senior brother is really a monster."

"Under this situation, dare to break through?"

Ning Xi Ning echoed: "However, if the breakthrough is successful, I'm afraid it can really hold back this person from Lingxian Palace."

But Mu Fusheng smiled wryly.

I really don't know why someone with Master's personality would choose his senior brother before.

It's a bit too courageous.

If there is a little accident, the mood is disturbed a little, or interrupted by other people.

In the slightest, the realm will drop, and in the worst case, the root will be damaged, which will make it impossible to go far on the road of cultivation.

On the top of the platform.

Huo Zhengheng raised his mind.

If something goes wrong, he will directly rescue Ye Qiubai.

Will no longer worry about the rules of the Wanyu Dabi.

If something happened.

For Tianjian Peak, it will be a huge blow!

At the same time... I don't know what the master behind Ye Qiubai will do...

Chapter 638 Defeated Spirit Fairy Palace!

Breaking through during battle is an extremely bold and dangerous behavior.

Well known.

When breaking through, you cannot be disturbed by others.

During this period, the breakout must maintain a stable state of mind!

Once disturbed, it will lead to unstable mood, which will lead to extremely serious consequences!

so.

Even if there is a sign of a breakthrough in the middle of the battle, they will choose to suppress the realm and wait until the end to make a breakthrough.

And what about Ye Qiubai?

But the opponent is stronger than him.

And when he used the strongest blow, choose to break through?

What kind of guts is this?

Or, is it a stunned young man who doesn't understand anything?

Even Gu Xi was taken aback.

If it is on weekdays, he doesn't mind stopping the offensive and waiting for the opponent to break through.

After all, there is no deep hatred.

He is also a swordsman, and he will not do things that interfere with the other party at this time.

But.

This Wanyu Grand Competition has a lot to do with it.

It's about the chance to enter Absolute Soul City!

This is a temptation that even hidden world forces cannot refuse!

Gu Xi sighed in her heart.

My own sword heart is still not pure enough.

When facing temptation, I still can't resist.

All I can say is, sorry...

Gu Xi raised the long sword in his hand and spun it again.

The speed of rotation is getting faster and faster!

The Sword Intent Galaxy, which rotates with it, also increases in power as the speed increases!

The sword intent city wall in front of Ye Qiubai began to tremble continuously!

It seems that it is not far from a complete collapse.

But.

Ye Qiubai behind the city wall still did not stop breaking through.

While maintaining the city wall of sword intent, concentrate on absorbing the spiritual energy in the vortex greedily, and constantly expand his dantian!

Under the dignified eyes of everyone.

Time passed by one minute and one second.

Sword Intent City Wall, with cracks began to grow gradually, and slowly spread towards the surroundings.

Ye Qiubai, on the other hand, still absorbed the aura around him like a whale!

breath, constantly rising.

"Under this situation, the mood is still not shaken?"

Su Lindu frowned slightly, and said, "Is his state of mind so stable?"

But Su Muyou saw another point, and said: "You didn't realize that the movement caused by this sword cultivator in Tianjian Peak when he broke through is much stronger than when we broke through the middle stage of the blood-changing state." How huge is it?"

After Su Muyou's reminder.

Not just Surindus.

Even people from other forces on the side were awakened, raised their heads and looked carefully at the discussion platform again.

That huge breath.

It is indeed much larger than when ordinary geniuses break through!

Mu Fusheng and Xiao Hei were not surprised.

For the big brother, this is normal.

If it is said that in the thatched cottage, the elder brother can be said to have the slowest cultivation level.

However, once the stability of the road foundation is mentioned.

All the seniors in thatched cottage, no one can compare to Ye Qiubai!

Note, there is none!

Since the beginning of monasticism.

Ye Qiubai paid great attention to Daoji.

Sometimes absorb the treasures of heaven and earth, or encounter adventures.

It could have been repaired soaring.

Ye Qiubai will also choose to constantly suppress the realm, and when it is really impossible to suppress, he will choose to break through!

That's why Ye Qiubai's Dao foundation has become so stable.

Like a rock!

At the time of breakthrough.

The movement caused by it will also be a bit stronger than other people.

And at this very moment.

The vortex around Ye Qiubai disappeared!

Under Gu Xi's disbelieving eyes.

The aura of the sword cultivator in front of him keeps skyrocketing!

Reached the middle stage of blood transformation!

The sword intent city wall that was originally crumbling and cracked.

The cracks began to be repaired by the sword intent, and they were crumbling and unshakable!

No matter how much Gu Xi released the billowing river of sword intent, he couldn't break through Ye Qiubai's sword intent city wall!

"Is it true that he succeeded in breaking through?"

"This kid is good, try to win him over and see if he can join us."

The mighty people above the Taoist platform were all moved.

And the old man who was the supervisor raised his eyebrows slightly.

"Perhaps, we can let him join the supervisor?"

On the bottom of the platform.

Seeing this, Su Muyou immediately said: "I will ask grandpa for instructions when I go back, let Ye Qiubai make an exception to join the Su family, without changing the surname!"

Su Muyou's grandfather is the current head of the Su family.

Su Lindu also understood Su Muyou's intentions.

This kind of arrogance, if he does not die, will definitely become the peak powerhouse in the mid-latitude realm in the future!

Able to break through during battle.

Use the blood-changing stage in the early stage to counter the cares in the middle stage of the turbid fairyland.

All these factors are impossible for them to do!

at the same time.

Under the crazy attack of Chu Lan and Chi Bing.

Lin Zhinan and Yao Jiuhua finally couldn't hold on, and they fell off the stage!

The two people who were completely liberated, without adjusting, immediately came to Gu Xi's left and right sides, and directly slashed the strongest sword!

The long sword in Chi Bing's hand was clung to by soul fire, like a fire snake breathing out, and slashed towards Gu Xi!

Chu Lan also condensed all her breath, piercing away from the right!

See it.

Ye Qiubai also turned defense into offense.

The essence of heaven and earth began to condense on it!

The Sword Sutra of Taichu.

The third sword, breaking the devil!

After breaking through to the middle stage of blood transformation, Ye Qiubai's sword became even more powerful!

Seeing this, Gu Xi shouted angrily, and slashed out with three swords.

The sword intent is surging, and the galaxy is sweeping!
pity.

Under the suppression of Jianyu.

and the joint attack of the three.

Although it broke the attacks of Chi Bing and Chu Lan.

But.

Because he separated his mind, when facing Ye Qiubai's demon-breaking sword.

That galaxy-like sword intent was directly declared broken!

Turned into a little bit of starlight, scattered on the Taoist platform!

And Gu Xi's body, like a kite with a broken string, flew upside down, directly out of the Taoist platform!

Looking at the result of this twists and turns.

Originally everyone thought that Tianjian Peak was the weakest branch among the ten sects this time.

Looking at it now, Tianjian Peak should not be underestimated!

All forces are adjusting their views on Tianjian Peak.

The inspector above nodded with a smile, with appreciation in his eyes.

Then looked at Ye Qiubai and announced: "Lingxian Palace is defeated, and Tianjian Peak wins!"

Hear this.

Huo Zhengheng smiled.

Perhaps, Ye Qiubai can really lead Tianjian Peak.

At this time when all the hidden sects came out and the pattern of heaven and earth changed.

To get the top three places in the Wanyu Grand Competition...

When Ye Qiubai stepped off the stage with his tired body.

Lin Zhinan came to stand in front of Ye Qiubai.

His face was pale, but he still had a refined smile.

"Brother Ye, wonderful."

Ye Qiubai smiled and replied, "It's just a coincidence."

"If it wasn't for hiding a card, I'm afraid the result might really be uncertain."

Hearing this, Lin Zhinan's face became serious instantly, he shook his head and said, "If you lose, you lose. There's nothing to say."

"What's more, this also means that you are more than I think."

"After that, you can come to Lingxian Palace for a while, so that I can ask you for advice."

After the people around heard this, everyone who knew Lin Zhinan was taken aback.

Although Lin Zhinan is usually very friendly, he treats everyone like this.

can actually.

Lin Zhinan was very proud!

Chapter 639 Mu Fusheng's seal cutting speed

Wanyu Dabi adopts integral rules.

The calculation starts from the second round of individual battles.

Defeat one person, get 10 points.

If no one is defeated, and one person defeats the other four, he can add 10 points to the 40 points, which is 50 points.

It's the third round, the final of the Wanyu Grand Competition.

Win the team battle and get 40 points directly.

Individual battles have the same rules as the second round.

Today.

Tianjian Peak Score: The second round and the third round totaled 80 points.

Sacred Talisman Score: 50 points.

Xianyuan Village score: 50 points.

Infernal Purgatory Score: The second round and the third round total 90 points. (In the second round, Infernal Purgatory defeated Xuanyuan Huangzong, two people played, so it is not a complete victory, only 40 points.

In the third round, one person defeated Xiao Haizong and scored 50 points)

Su's score: 90 points.

Sixiang Gate: 40 points.

Biluo Huangquan Hall: 50 points.

As for the three forces of Lingxian Palace, Xiaohaizong, and Thunder Palace.

If you lose a game in the third round, you can already be regarded as disqualified.

And currently.

It was the turn of the Shengfuzong and Sixiangmen who had drawn the fourth lottery.

When the Ombudsman announces this.

The four disciples of the Four Elephant Sect, including the elder who led the team, all smiled.

"Fortunately, I got the Saint Talisman Sect, so I can get points for this game."

"That's right, if you win this round, you will have a chance to challenge either Tianjian Peak or Xianyuan Village in the future."

In the final, the ten forces eliminated five teams.

The next five teams are teams that can voluntarily challenge.

Of course, the challenged party can refuse.

At the same time, it is not possible for everyone to stare at the same force to challenge.

Points are obtained in the same way as the second round of individual battles.

By the time.

Sixiang Gate only needs to choose Xianyuan Village or Tianjian Peak to challenge.

What they think in their hearts is a win-win situation!

After all, Ye Qiubai is the only one who is strong in Tianjian Peak, but if there is a round-to-wheel battle, after he is eliminated, it is not difficult to follow up with those few people.

As for Xianyuan Village, according to intelligence, only the dark-skinned one is stronger.

"When the time comes, just remember to break through their defenses directly and don't give them time to engrave talismans. Winning will be easy."

Win the previous Wanyu Grand Competition.

The strategy of fighting against the Saint Talisman Sect in the group battle is the same for every sect.

Because the actual combat ability of the Saint Talisman Sect is too weak, and it relies too much on talisman seals.

But...

Who knew that the Holy Talisman Sect had a Mu Fusheng now?

At this time, the inspector announced from above: "Okay, the No. 4 lottery force, the disciples of the Holy Talisman Sect and the Four Elephant Sect, can take the stage."

In the third round, as long as there are disciples of the Saint Talisman Sect, it will be a group battle.

Sixiang's facade is relaxed, and it leaps up.

Mu Fusheng led Leng Yinqiu and the others to the stage of discussion.

Below.

Su Lindu said in the sideline: "According to the information, the actual combat ability of the Holy Talisman Sect is very weak. In this match, the Four Elephant Sect should win."

Su Muyou didn't speak. She always felt that Shengfuzong's expression and attitude towards this battle were not particularly nervous.

However, only the person named Mu Fusheng in the middle seemed to have a tense expression, which was in stark contrast to the expressions of the other three.

Below.

Lin Zhinan from Lingxian Palace did not leave, but held a folding fan, slowly shaking it, looked at Ye Qiubai and smiled, "Brother Ye, what do you think of this battle?"

But Ye Qiubai didn't reply.

He, like Xiao Hei, had a speechless expression on his face.

Mu Fusheng is pretending again...

Hidden hole cards, it doesn't matter if you have great hidden strength.

Even the expression and mood have to be pretended...

Others do not know.

Can Ye Qiubai and Xiao Hei not know?

With Mu Fusheng's strength and the speed at which he can cut seals and seals, he can say that he doesn't have the slightest pressure to face the Four Elephant Sect!

The opponent's strongest person is nothing but the three early stage...

The side of Infernal Purgatory.

Jiang Chen said with a little pity: "The souls of the talisman masters of the Holy Talisman Sect must be very powerful, but it's a pity that this match is about to be defeated, otherwise they can still draw their souls..."

Pan Xie showed an evil smile, and glanced at the Biluo Huangquan Hall next to him.

"After arriving in Absolute Soul City, there will be a chance."

Hearing Pan Xie's words, Jiang Chen suddenly licked his lips, and also showed an evil smile.

...

At this moment, after the inspector saw that both parties were ready, he said loudly: "Start!"

The voice fell.

The four disciples of the Four Elephant Sect burst into breath instantly!

Three early-stage Zhuoxian, and a half-step Zhuoxian!

He stomped heavily on the Dao Discussion Platform, and at the same time rushed towards the Saint Talisman Sect!

In order to prevent the Saint Talisman Sect from cutting the seals, it is necessary to break through the defense and make a quick decision!

On the other hand, Mu Fusheng and the other four used their auras to build defensive barriers! stopped in front of the four members of Sixiangmen.

at the same time.

Mu Fusheng and Leng Yinqiu took a few steps back, took out the talisman pen and began to carve talisman seals.

Shen Ziyu and Ning Xi stepped forward to maintain the aura barrier!

Standard Saint Talisman group battle style.

Seeing this, the four disciples of the Four Elephants Sect all sneered as they charged forward.

"Can you stop it?"

All four of them punched out with one punch!

Behind them.

The phantoms of the Four Holy Beasts actually appeared!

Qinglong, Baihu, Suzaku, Xuanwu!

Four phantoms are located behind the four disciples of the Four Elephant Sect.

With the appearance of the phantom of the four images, all the power is enveloped on the bodies of the four people, and the power has skyrocketed again!

Four fists bombarded the defensive barrier at the same time!

Just this punch.

Then cracks appeared on the defensive barrier.

Ning Xi and Shen Ziyu have already reached the initial stage of the turbid fairyland.

But the realm is only reached, the actual combat power is not strong!

Immediately his face turned pale, and he backed away again and again!

"The next punch will be when your Saint Talisman Sect loses!"

The people of the Four Elephant Sect sneered, their right fists were drawn together, and the phantom of the Four Elephants converged on their left fists.

Immediately, a punch blasted out!

But, at this moment.

In front of the defensive barriers with cracks.

There are thunder and light shields, appearing in front of the defensive barrier out of thin air!

The four members of the Four Elephant Gate were taken aback.

Where did this Thunder Shield come from?

Could it be that the two disciples of the Saint Talisman Sect practiced the method of defense?

But.

When they noticed the aura of talismans in it, they raised their eyebrows.

At the place where the quadruple thunder shield originated, there were actually several talisman seals suspended!

At the same time, the talisman seals are still flying out, continuing to bloom the quadruple thunder shield!

At this time, the fists of the four members of the Four Elephant Sect had already landed on the heavy thunder shield!

Boom!

Thunder and lightning raged!

Thunder Shield began to shatter!

However, after only breaking through a few thunder shields, he could no longer shake the slightest bit!

At the same time... the number of Thunder Shields is still being generated around the four disciples of the Saint Talisman Sect...

The four disciples of the Four Elephant Sect were dumbfounded. They raised their heads and looked at a man behind him, holding a talisman pen. On his body, thunder and lightning struck, and seal talismans were carved one after another...

Chapter 640 Ye Qiubai: Offended!

On the Taoist platform.

Everyone was dumbfounded as they watched the talisman pen mixed with the power of thunder in Mu Fusheng's hand continuously waving on the talisman paper.

The beating talisman brush is like dancing on the talisman paper.

Produced afterimages.

One by one talisman seals appeared continuously in Mu Fusheng's hands.

It can be said that in almost five breaths, a piece of talisman and seal cutting was completed!

"He... how did he do it?"

Su Lindu opened his mouth slightly, his eyes and face were full of disbelief.

Even if he is the arrogance of a hidden power.

I have never seen such a strange thing!

What's more, the Su family also has a fairy talisman master, even he can't do this!

After all, the quadruple lightning shield talisman carved by Mu Fusheng has even reached the defensive ability of the turbid fairyland!

Su Muyou's expression was even more serious. This Mu Fusheng seemed to have had a deep relationship with that Ye Qiubai before.

and the physical training of the Immortal Ape Village, the same is true.

Ye Qiubai has exceeded their expectations.

This Mu Fusheng is even worse!

"Go and find out what is the relationship between Ye Qiubai and this Mu Fusheng."

Su Muyou turned his head to look at Su Lindu, and said with a serious expression: "If the relationship is very deep, then Ye Qiubai must let him join my Su family at any cost!"

If Ye Qiubai and Mu Fusheng have a good friendship.

Then letting Ye Qiubai join the Su family means forming a good relationship with a future immortal talisman master!

To know.

The Su family only thought that they were immortal talisman masters, and they paid a huge price to invite them as guest ministers!

Mu Fusheng's talent as a talisman master appeared at this time.

Maybe even more so than ordinary fairy talisman masters!

However, the Nine Layers Thunder Shield is to Mu Fusheng.

is one of the best talismans besides the thunder escape talisman.

I don't know how long I practiced.

What's more, with Mu Fusheng's current soul power and proficiency, isn't it normal to go so fast?

On the top of the platform.

The leading elder of the Saint Talisman Sect was also speechless.

He knew that Mu Fusheng was extremely evil as a talisman master.

He is extremely valued by the three Supreme Elders!

However, after all, he has never seen the appearance of Mu Fusheng when he was cutting talismans.

Seeing him now, he was shocked!

Even if he is the Great Elder of the Saint Talisman Sect, he might not be able to do this, right?

Now.

The Great Elder of the Saint Talisman Sect finally believed, why the Sect Master and the Supreme Elder valued him very much.

Furthermore, it is said that Mu Fusheng will lead the Saint Talisman Sect to an impossible height!

Before the predecessors, there will be no one behind!

Huo Zhengheng on the side also smiled helplessly.

"Why is this little fellow Ye Qiubai's juniors so monstrous?"

"The senior behind them is too powerful... This kind of disciple can be trained..."

Even the well-informed inspector was a little shocked.

Looking at the discussion platform.

The four disciples of the Four Elephant Sect looked at the four-fold Thunder Shield in front of them, and the flying talismans one after another.

Can't help being dumbfounded.

Let's not mention how this is done.

This...how should I fight?

The four of them shot with all their strength, but they only broke through the nearly ten-fold Thunder Shield!

And in front of him, there are at least thirty or forty thunder shields!

And this number is growing rapidly!

This scene.

Even the three of Leng Yinqiu on the side couldn't stand it anymore.

"Eh...I said, Brother Mu, should...should be enough?"

Mu Fusheng frowned and said: "What if they still have hole cards? Not enough, just in case there will be a dozen more cards."

Hearing this, Ning Xi and Shen Ziyu's brows twitched.

A dozen more...?

Do you think this talisman is Chinese cabbage on the street?

opposite.

The people of the Four Elephant Gate looked desperate, but they still didn't give up, and bombarded the Thunder Shield in front of them with all their strength.

How many times it was smashed, and then ten more...

Even if this is grinding, it can grind them to death!

Seeing that the heavy Thunder Shield has already occupied a quarter of the Dao Discussion Stage.

Mu Fusheng then stopped his hands, looked at the four members of the Four Elephant Sect, and said with a smile: "Why don't you admit defeat?"

"Look, if you want to break these talismans of mine now, not to mention the time-consuming, the spiritual energy in your body should be exhausted."

In the mortal world.

Although the realm has reached fairyland.

But the aura in the body is only with fairy charm.

Did not completely transform into immortal energy.

However, if you want to reach the realm of heaven.

Then you need to transform at least 20% of the spiritual energy in your body into immortal energy.

Only in this way can one successfully advance to the realm of immortals.

This is also the reason why, in the battle between the powerhouses in the Heavenly Wonderland, the powerhouses in the Earthly Wonderland are not even qualified to observe closely...

The gap is really too big.

At the moment.

Hearing what Mu Fusheng said.

The faces of the four disciples of the Four Elephant Sect were all blue and white.

Too humiliating!

However, what Mu Fusheng said is true again.

Even if the aura has not been exhausted.

But it also takes a lot of time!

With the speed and level of Mu Fusheng's talisman carving, it is not difficult to carve large-scale killing talismans!

You must know that ordinary talisman masters mainly focus on killing talismans.

Defensive talismans are so powerful.

Still got the lethal talisman?

pity...

They really guessed wrong.

Destructive talismans are really not what Mu Fusheng is best at...

Escape talisman and defensive talisman are the most powerful...

The elders of the Four Elephant Sect watched this scene from above, sighed helplessly, and said, "I, the Four Elephant Sect, surrender."

The four disciples of the Four Elephants Sect lowered their heads slightly like eggplants beaten by frost, and walked off the platform.

If the fight continues, there is no chance of winning.

And once the opponent uses the lethal talisman, it may not only be as simple as losing and getting injured...

After the previous practice of endless purgatory.

They were also really a little scared.

After the supervisor heard this, it took two breaths before he reacted and announced: "This battle, the Holy Talisman Sect wins!"

Sacred Talisman Sect gained 40 points again.

Now, there are already 90 points.

As long as they win another game in the future, they must be able to enter the top three.

All the forces showed complicated eyes, looking at the Saint Talisman Sect who was slowly stepping down.

The previous Saint Talisman Sect was too weak in actual combat because of the slow carving of talisman seals.

The ranking has always been lower than the other three major forces.

Now it seems...

With this Mu Fusheng.

The Saint Talisman Sect will be famous in the entire mid-latitude realm in this Wanyu Grand Competition!

The ranking is bound to go up a level!

Ye Qiubai and Xiao Hei looked at Mu Fusheng walking slowly with speechless faces, and said, "You are a real dog!"

Mu Fusheng spread his hands, and said with a playful smile: "That's how the master taught, I can't disobey the master's order like the big brother, right?"

Ye Qiubai: "???"

Have been offended!
