

My Disciples 711

Chapter 711 is not enough yet
the other side.

Xiao Hei is also in a dense forest.

The scene encountered was no different from that of Ye Qiubai.

In front of him, eight birds and beasts with red eyes, the same height as a man, stood on the ancient tree.

Those crimson eyes stared at Xiao Hei full of murderous intent.

Watching this scene.

Xiao Hei naturally has no intention of retreating.

I have no interest in the rich aura filled with the double-leaf spiritual grass in the bodies of birds and beasts.

After all, Xiao Hei's cultivation method does not require any spiritual energy.

All he has to do is to engage in hand-to-hand combat with these monsters!

Not for cultivation.

It is not to improve one's own strength.

In Xiao Hei's eyes, there is only one thought.

That is to tear the monster in front of you into pieces with your own hands!

At this time.

Among them, two birds and beasts swooped towards Xiao Hei, one left and one right!

Opened its beak and made a very strange screaming sound.

This scream, if faced by an ordinary person, I am afraid that it will directly shatter the soul!

However, Xiao Hei is an ordinary person?

Don't say whether it has any impact.

In Xiao Hei who has entered a berserk state, these are just some catalysts that can arouse the fighting spirit in Xiao Hei's heart!

I saw two birds and beasts scattered on Xiao Hei's left and right sides, and the hard claws under his body were grabbing at Xiao Hei at the same time!

Under the light shining through the branches of the tree, the claws like black iron reflected the silver lights.

During the act of catching Xiao Hei, the air was torn apart, and the space was twisted.

This huge force seems to be able to smash a huge mountain into rubble!

Seeing this, Xiao Hei grinned. There was madness in the smile, fighting spirit surged in the eyes, and black magic gradually occupied the entire pupil!

Overbearing, it seems to make the whole world surrender to him!

The two birds and beasts rushing forward stared at Xiao Hei's eyes.

There was a trace of wavering in those red pupils filled with murderous intent!

However, before the two birds and beasts had other reactions.

With a wild laugh, Xiao Hei's footsteps suddenly stepped on the ground, and suddenly, the ground was torn apart!

A series of cracks extended towards the surroundings!

The ancient tree of the sky standing here was also shaken and collapsed by it!

And Xiao Hei's figure has turned into a black line, rushing towards the bird and beast on the left at a speed that is difficult to catch with the naked eye!

It's hard to see with the naked eye, only the sound of piercing air can be heard!

In the blink of an eye, Xiao Hei's figure appeared in front of the birds and beasts.

One punch hit the claws of the bird and beast!

Boom!

At this moment, the claws of the bird and beast were bent in an irregular shape, and the whole body was thrown backward!

However, Xiao Hei did not let go of the birds and beasts, only to see Xiao Hei turned into a black shadow again.

While the bird and beast were still in the process of flying backwards, they swooped and came directly above the bird and beast, and then, the fists were thrown down heavily!

The bodies of the birds and beasts were sunken in, visible to the naked eye!

Streams of black blood sprayed out!

The bodies of the birds and beasts also shot down into the ground like shells!

The ground suddenly cracked towards the surrounding area!

A huge pit appeared in the billowing dust...

In just two punches, he completely killed a bird or beast.

At this level, the birds and beasts have also opened up their intelligence.

Seeing the situation is not good.

The other six birds and beasts no longer watched the play from the sidelines, let out a scream, and rushed towards Xiao Hei at the same time!

The impact direction of each bird and beast is different.

However, all of Xiao Hei's evasion routes were blocked!

As a result, Xiao Hei can only confront him head-on!

But, isn't this just right for Xiao Hei's appetite?

Xiaohei's fighting style is destined to prevent him from evading any dodges!

Fighting anyone is fighting with physical strength!

Aware of this scene, Xiao Hei's eyes swept around, and the fighting spirit in his eyes became more and more intense.

Wisps of fighting spirit gushed out from Xiao Hei's body!

The monstrous magic, at this moment, all exploded!

The magic enveloped Xiao Hei's body.

The five lines are also shining on the surface of Xiao Hei's skin at this moment.

In one of the lines, black flames linger in it.

Earth center black flame!

This is what the Black Flame Demon Lion gave him.

Under the shroud of the eternal demon body and magic, Xiao Hei's physical strength further skyrocketed!

When these birds and beasts rushed over.

Xiao Hei did not stand still, but took the initiative to attack, rushing forward, sticking out his hands at the same time!

Both hands simultaneously grasped the attacking claws of the two birds and beasts.

The sharp claws only left a white mark on Xiao Hei's palm!

Great strength can't make Xiao Hei's body shake at all, as motionless as a mountain!

After catching two birds and beasts.

Xiao Hei let out a low cry, and the muscles of his arms exploded like a blower!

Tightly grasp the sharp claws of the two birds and beasts with both palms, and throw them directly towards the five birds and beasts behind with a force that the opponent cannot resist!

Take these two birds and beasts as weapons!

The five-headed birds and beasts flew over at an extremely fast speed, without any time to react.

Then the two birds and beasts thrown by Xiao Hei directly hit and flew out!

at the same time.

Xiao Hei did not let go of the sharp claws of the two birds and beasts.

Instead, it hit the ground heavily!

Boom!

The ground is cracked and dust is everywhere!

The two birds and beasts roared and screamed in pain one after another!

And Xiao Hei's actions did not stop because of this.

With a crazy smile on his face, his arms suddenly exerted force.

Grab the two birds and beasts again, and then smash them down again!

Immediately.

In the entire dense forest, light is difficult to penetrate, but now the dust is everywhere, and there is no light!

The ground is constantly shaking, as if an earthquake has occurred.

The huge roar continuously surrounds the dense forest like an empty valley!

Until the remaining five monsters continue to rush towards Xiao Hei.

Xiao Hei released the sharp claws of the two birds and beasts.

And at this moment.

One side of the bodies of the two birds and beasts turned into a mess of flesh, bloody...

Black blood, splashed on the ground, and the trunks of fallen ancient trees around...

Under Xiao Hei's fist.

The remaining five birds and beasts had no room to fight back at all.

Among them, even if the sharp claws attacked Xiao Hei's body.

Can't cause substantial damage.

It just left white marks on the body...

In this tower of cultivation.

Aura, the power of the soul are all suppressed.

It can be said that even Mu Fusheng and Ye Qiubai are no match for Xiao Hei!

Soon, all the birds and beasts were dealt with.

In the dense forest, there is also a mess...

When the birds and beasts die in battle.

The double-leaf spirit grass in his body also turned into an extremely pure spiritual energy, which was integrated into the wooden plaque on Xiao Hei's wrist.

Of course, Xiao Hei doesn't care about these things.

The dense forest also dissipated, and a spiral staircase appeared in front of Xiao Hei.

Seeing this, Xiao Hei grinned and walked quickly towards the top.

Haven't had enough yet!

Chapter 712 Let's play empty city tricks here?

The location of Demon King City has been found by Pan Xie and others.

When the four of Pan Xie arrived outside the north wall of Demon King City.

was surprised to find out.

No one is stationed on the city wall!

What's happening here?

Beside Jiang Chen's expression was slightly solemn: "Could there be fraud? Mu Fusheng seems to belong to Demon King City, and that think tank Lin Zhinan is also one of them."

"Are there any pitfalls?"

Lin Zhinan, known as the think tank of Lingxian Palace, is not famous for his talent and strength, but for his resourcefulness.

At the same time, regarding Mu Fusheng, Pan Xie and the others suffered a lot at the hands of Mu Fusheng, whether it was in the Wanyu Grand Competition or in the previous pursuit.

Its level of insidiousness.

It has been deeply imprinted in the hearts of the four people in Infernal Purgatory.

And there are these two people.

Demon King City doesn't have any defensive measures?

Who will believe it?

Han Hua and Yu Huang both nodded.

Obviously feel the same way...

The main reason is that Mu Fusheng's cunning is so deeply rooted in the hearts of the people that they have to fear it!

After hearing Jiang Chen's words, Pan Xie shook his head and said, "We must capture the Demon King's City. This time it is not a pursuit. At the same time, the secret method has not been activated, and there is still plenty of time. If there is really a trap, activate the secret method and step into the ground." After the fairyland, the opponent is definitely not our opponent."

"What's more, we don't have time to waste. If we can't capture the Demon King City, what will the ancestors think of us?"

"Could it be that you didn't realize that the ancestors are already very dissatisfied with us? According to the rumors, the ancestors are cruel. If we don't even complete this kind of task, can you imagine what will happen to us..."

Hear here.

Jiang Chen and the three couldn't help showing a trace of fear in their eyes.

At the beginning, Patriarch Purgatory was bloodthirsty.

Even for the disciples of Infernal Purgatory, the elders.

Or someone who has done meritorious service.

If Patriarch Purgatory is dissatisfied, there will be extremely terrible punishment...

If these two actions are failures, what will they face?

Jiang Chen and the others don't know, but it must definitely not be too good...

"Okay, quickly take down the Demon King City, if there is any danger, immediately activate the secret method!"

Hearing Pan Xie's words, the three of Jiang Chen nodded.

Immediately, the four of them stopped thinking about it and headed north to attack the city wall!

In an instant, there was a loud noise, and the city gate was broken!

Pan Xie and four rushed into it!

Release your perception with all your strength, and observe your surroundings.

However, under their perception, there is no breath of life.

There is no danger whatsoever.

Originally, there were many defensive talismans and killing talismans hidden in the Demon King City.

However, Mu Fusheng considered that after going to Xingyun City, he might not have time to seal the talisman.

In addition, if there is no one to urge it, the talisman will also exert its maximum power.

Moreover, he decided to abandon the Demon King City for the time being. In this case, Mu Fusheng put away all the talismans to avoid waste.

It can also better hide part of its strength.

At this time, Jiang Chen was a little dazed, and asked, "Senior Brother Pan, it seems... no one?"

Pan Xie was also puzzled, what is going on?

How could it be possible to give up a city directly?

Is it possible that they are not afraid that the city they belong to will be occupied, and they will not be able to occupy it back then?

You know, attacking a city is much more difficult than defending it.

Under the situation of the same strength, the besieger will have to pay more.

not to mention.

Pan Xie didn't think they would be weaker than Ye Qiubai and the others.

"Forget about the rest."

After searching and confirming that there was no one there, Pan Xie made a decisive decision: "Now, completely occupy the Demon King's City, and then tell the ancestor about it, and he will decide what to do next."

Jiang Chen and the three of them all nodded.

...

the other side.

Xingyun City, outside the training tower.

Lin Zhinan, Miao Bangdao has been injured.

They tried their best, but they only killed three or four demon wolves.

Su Muyou, Le Zhengchi, followed by Chen Hui.

These three rushed to the second floor.

But after reaching the second floor, under the attacks of birds and beasts, there is no room for resistance...

After everyone absorbed the aura in the wooden sign.

The strength has also improved a lot.

Su Muyou exclaimed in amazement: "This training tower is really amazing. If you can keep practicing here, I'm afraid you will be able to break through the realm soon!"

Lin Zhinan smiled bitterly and said, "But with us now, with our aura blocked, it is too difficult to continue climbing online."

Su Muyou nodded and said: "I don't know how Ye Qiubai's situation is, and I don't know if they have passed the second floor..."

Lin Zhinan thought: "Xiao Hei should be fine, after all, he is a physical trainer, and the restrictions in the cultivation tower have no effect on him, but Ye Qiubai and Mu Fusheng may need some struggle to pass through the second floor..."

At this time.

Le Zhengchi pointed to the top of the cultivation tower and said: "They have already passed through, and now they have reached the third floor. One of them has also reached the fourth floor. Presumably that person is Xiao Hei."

Um?

Su Mu, You Lin Zhinan and both looked in the direction Le Zhengchi pointed.

I saw that there were five light spots on the third floor of the cultivation tower.

The fourth layer has a light spot.

Miao Bangdao on the side explained: "A light spot means that there is a person on that layer."

See this scene.

Lin Zhinan was amazed, but also a little helpless.

"How do these perverts cultivate? Xiao Hei and the group of Xianyuan Village can forget about it. How come Ye Qiubai and Mu Fusheng have already passed the second floor?"

Su Muyou couldn't help chuckling and said, "Their strength cannot be judged by common sense."

Seeing Su Muyou's smile.

Lin Zhinan couldn't help but feel a little appreciative.

Every time it comes to that guy Ye Qiubai.

Su Muyou will smile!

When facing him obviously, Su Muyou won't give him even the slightest smile!

This guy is too hateful!

However, wanting to compete, Lin Zhinan felt powerless again.

How can this evildoer compete with him!

Le Zhengchi was also a little complicated.

He is in the second floor, and he can't even deal with a bird or beast.

But Ye Qiubai has already passed...

After Ye Qiubai comes out, I am afraid that his strength will be able to crush him...

"But it's also a good thing. The higher their strength improves, the higher their winning percentage will be when they fight against Purgatory City."

Lin Zhinan quickly adjusted his mentality, and said with a smile: "Let's recover from our injuries quickly, and then go in. After all, this kind of cultivation treasure is not often encountered."

Everyone nodded.

Right now.

Chen Hui suddenly exclaimed in shock: "Two more people have gone up!"

I saw that two light spots disappeared on the third floor.

In the fourth floor, there are two more light spots!

Chapter 713 The river is limited, so how can it flow into the ocean after seeing it?

The strength of Ye Qiubai and the others horrified Le Zhengchi and the others.

Leave aside Xiao Hei.

The aura was also suppressed, and the power of the soul was also unable to be used.

However, Yue Zhengchi, who is known as the swordsman among the loose cultivators, found another way to enter the swordsmanship with rhythm.

Chen Hui perfectly integrated the meaning of wind and thunder into the way of the spear.

and Su Muyou, the eldest lady of the Su family who is a top force in the hidden world.

They just passed the first floor with difficulty, and when they reached the second floor, they were beaten by birds and beasts so that there was no room for them to fight back!

Lin Zhinan and Miao Bangdao even failed to pass the first floor.

This shows what.

Not only the artistic conception is strong, but the actual combat ability is much stronger than those of them who are praised by everyone as the arrogance of heaven.

The strength of artistic conception is a symbol of talent.

The strong actual combat ability means that Ye Qiubai and others have gone through countless life-and-death battles before they can develop such a rich actual combat ability.

"Don't know how far they can go..."

Lin Zhinan looked up at the light spots on the tower, with a wry smile on his face, but there was some curiosity in his eyes.

Su Muyou didn't say much, but went straight to the cultivation tower and opened the door again.

She knew that her so-called amazing talent was nothing in the eyes of Ye Qiubai, Mu Fusheng and Xiao Hei.

She also knows that although her realm looks higher now, the other party will catch up sooner or later.

Then climbed to a peak that even she could hardly look up to!

However, at least this gap like a horizontal groove must be narrowed a little bit.

Do not seek to catch up.

Just don't get left too far behind.

This is what Su Muyou thinks now.

After going through this time, in the future, Su Muyou has also reached a point where monks in the mid-latitude realm look up to him.

When looking back.

She would say that she is very glad that she met Ye Qiubai, Mu Fusheng and Xiao Hei, and witnessed a short period of growth in their lives.

During this short period of time, they were the most precious days in Su Muyou's life.

If you haven't seen this scene, you won't be able to understand the words "a frog in a well."

The vision is always limited to one river, and you can't see the magnificence of the river after it flows into the ocean!

After entering with Su Muyou.

Lin Zhinan followed closely behind.

Le Zhengchi, Chen Hui and Miao Bangdao also kept walking towards the training tower without saying a word.

...

At the moment.

Ye Qiubai reached the fourth floor.

Looking at the icy and snowy scene in front of him.

The biting cold wind pierced Ye Qiubai's flesh and blood like a blade.

Without aura body protection, this extreme cold, like the cold wind of a sharp blade, restrained Ye Qiubai's actions.

On top of the ice sheet.

In front of Ye Qiubai.

There are four giant ice beasts standing on the ice field.

The body of the ice giant is extremely huge, like hills.

The composition of the body is not flesh and blood.

But ice crystals one after another, spliced together.

So the body of the ice giant is transparent.

Looking from the front, you can see the iceberg behind the giant ice beast through its body!

In their transparent bodies, there is also a spirit grass, but this pearl spirit grass is different from the lower three layers, and four green leaves grow on the grass roots.

These green leaves are also the only other color in this ice and snow land...

Although there are only four giant ice beasts in front of them.

is completely out of proportion to the number of the lower three layers.

But the sense of oppression brought by these four giant ice beasts made Ye Qiubai feel oppressed...

Obviously.

Go to the fourth floor.

The strength of its Warcraft has made a qualitative leap.

It is not comparable to the lower three floors!

At the moment.

The four ice giants lowered their heads slightly, saw Ye Qiubai's figure, and made no unnecessary movements.

Four huge ice crystal fists smashed towards Ye Qiubai like a boulder!

See it.

Ye Qiubai frowned slightly.

The wooden sword in his hand trembled slightly.

Supernatural sword intent swept across this ice field at this moment!

The sword intent in the sword field is facing the bitter cold wind.

at the same time.

The sword intent turned into four giant swords, facing towards the four ice crystal fists respectively!

However, it was only at the moment of confrontation.

The four giant swords were shattered at this moment!

On the other hand, the fist of the ice giant beast only left a few fine cracks!

Let him pause for a moment, and continue to hit Ye Qiubai with his fist!

The huge fist set off gusts of cold wind.

The punch has not arrived.

The fist wind has already broken through the sword domain and blows towards Ye Qiubai.

Feel the power of it.

Ye Qiubai took a step towards the back, advancing instead of retreating!

Passed through the gap between the fist and the ground, and passed through it dangerously, avoiding the attack of the four fists!

Fists bombarded on the ice field.

The ice cracked instantly!

The iceberg behind is also rumbling and trembling!

The ice and snow that covered it all year round also rolled down from this, and the avalanche came.

Seeing this, Ye Qiubai did not stop rushing forward.

After a few strides, it was already under the giant ice beast on the left.

The wooden sword in his hand, covered with extraordinary sword intent, slashed towards the ice crystal feet of the ice giant beast!

Under Ye Qiubai's full-strength slash.

actually pierced into the sole of the foot.

The giant ice beast let out a dull roar.

Ye Qiubai's attack did not stop because of this.

Instead, he held the wooden sword hilt with both hands, stepped on the leg of the ice giant beast, dragged the wooden sword pierced into the giant beast's foot, and ran up along the giant beast's thigh!

When Ye Qiubai chopped off the giant beast's entire thigh.

The body of the ice giant began to shake, and it knelt on the ground on one knee.

At the same time, the recovered fist turned into palm prints, and grabbed Ye Qiubai who was running on top of its body while dragging the wooden sword!

The huge palm covered Ye Qiubai's up, down, left, and right routes.

If you continue to drag the wooden sword, then the speed of dodging will definitely be affected.

Therefore, it is impossible to avoid the palm of the giant beast.

Ye Qiubai could only pull out the wooden sword, stomp heavily on the body of the giant ice beast, and the body bounced off!

The giant ice beast's palm stopped suddenly, turned around, and slapped Ye Qiubai!
hard to imagine.

A giant made of ice crystals, but its body is so flexible.

The attack speed also exceeded Ye Qiubai's imagination.
original.

Ye Qiubai's intention was to rely on the giant beast's powerful attack to attack its own body.

Thus causing fatal injury.

However, Ye Qiubai's wishful thinking obviously came to nothing.

also slightly underestimated the strength of these four ice giants.

The other three ice giant beasts were not watching the show, but at the same time, at an extremely fast speed, with a biting cold wind, they blasted towards Ye Qiubai in another direction!

See that it cannot be avoided.

Ye Qiubai had no choice but to hold the wooden sword, ready to take this attack hard!

However, when the four palm prints hit Ye Qiubai's wooden sword at the same time.

Ye Qiubai's complexion suddenly changed.

The huge force directly lifted him out!

Chapter 714 Is this pretending?

Go to the fourth floor.

The strength of Warcraft is obviously not at the same level as the three floors below.

Whether it is the strength of the physical body or the speed.

are not only twice as strong as twice!

Under the simultaneous attack of four giant ice beasts.

In contrast, Ye Qiubai, who was slightly thin, was directly thrown out!

A mouthful of blood spurted out from his mouth!

The wooden sword in his hand was also shaking violently.

If Ye Qiubai hadn't tried his best to hold the wooden sword in his hand, he might have already thrown it out by now.

Sword repair.

Can hurt itself.

You can lose to your opponent.

However, from the beginning to the end, you can't drop or put down the sword in your hand!

This is Ye Qiubai's understanding of sword repair.

If you can't even hold the sword in your hand.

Then what about aspiring to the pinnacle of swordsmanship?

Ye Qiubai knelt on the ice with one knee, the temperature was extreme.

The fresh blood that he was asked to spray out was turned into blood crystals by the ice the moment it was sprayed out.

Wipe off the blood and ice residue from the corners of the mouth.

Ye Qiubai looked at the giant ice beast in front of him with serious eyes.

Immediately, he got up, and the sword intent soared into the sky!

The fighting intent, like the sword intent in the sky, gushes out from Ye Qiubai's body!

Facing these four ice giants.

There may be some gaps in the strength in the middle.

But isn't this a good opportunity to practice?

It can be said that Ye Qiubai has not experienced a crisis for a long time.

Even in the face of Gu Xi, whose state is much higher than him, it is still too late.

Ye Qiubai can still rely on his solid Dao foundation, powerful sword intent, and solid combat experience.

Thus defeating the opponent.

Or kill the opponent!

But now, they finally encountered four giant ice beasts that Ye Qiubai could not win 100% with his current strength.

Isn't this just a good opportunity to exercise yourself?

Think here.

Ye Qiubai smiled lightly, adjusted his breathing, and the meaning of endless life enveloped Ye Qiubai's body.

Repairing Ye Qiubai's physical body and the damaged internal meridians in the body.

Immediately, the sword intent gathered, and flames began to sweep over the wooden sword!

The meaning of the wind, turning into a whirlwind, also covering it!

Fire against the wind!

Under the fusion of the meaning of the wind.

The fire on the wooden sword began to burn under this extreme temperature!

Since the aura cannot be used, the Sword Sutra of Absolute Beginning and the Hunyuan Sword Technique cannot be used.

But the Four Absolute Sword Formation, this kind of skill that relies on artistic conception, can be used.

Ye Qiubai holds the Fenghuomu sword in his hand, with a slight step, his body rushes towards the ice giant beast that Ye Qiubai injured before!

rushed to the front.

Before the opponent attacked, the wooden sword in his hand, carrying the momentum of wind and fire, slashed towards the crack in the thigh of this giant ice beast!

Immediately, suddenly inserted into it!

Immediately!

Extraordinary sword intent, wind and fire flowed along the blade and directly poured into the thigh crack of this ice giant beast!

Sword intent, the force of wind and fire, suddenly erupted in the thighs of the giant ice beast!

Like a fire lotus, it exploded in it!

Accompanied by a loud bang!

The giant ice beast let out a dull roar.

This thigh exploded directly!

It turned into countless shattered ice crystals, which shot out towards the surroundings!

The body also has a series of fine cracks starting to extend!

And this giant ice beast fell directly to the ground because of the loss of a leg!

The huge body collapsed like a hill.

The avalanche that swept over, buried it directly!

Ye Qiubai jumped up directly!

In mid-air, holding a wooden sword in both hands.

At this moment, the extraordinary sword intent is constantly condensing and condensing!

Towards the giant ice beast buried in the snow below, slash with a sword!

the other side.

The three ice giants were not idle, and they punched at the same time!

About this.

Ye Qiubai didn't care too much, he could only rely on the sword field to condense into a huge sword, trying to weaken the simultaneous blow of the three ice giants.

Slash directly split the heavy snow!

The giant ice beasts in it were already full of cracks.

Now, under Ye Qiubai's sword, it is directly shattered into pieces of ice stones!

The four-leaf spirit grass turned into an extremely rich aura at this moment, which merged into Ye Qiubai's wooden sign.

It's just the concentration of aura contained in this four-leaf spirit grass.

It has surpassed half of all the three-leaf spirit grass combined on the third floor!

after all.

The monsters on the fourth floor are stronger than the third floor.

And this moment.

Although the fists of the other three ice giants were blocked by the sword field, they only slowed down a little.

Ye Qiubai was in mid-air, and it was already impossible to avoid the distance, so he had to forcibly turn around.

A crosspiece of the wooden sword in the hand.

Boom!

After a loud bang!

Three fists directly sent Ye Qiubai flying!

A mouthful of blood spurted out wildly!

Ye Qiubai's figure also directly turned into a streamer, and was forcibly kicked out by the cultivation tower.

After reaching the fourth floor.

If you are seriously injured.

After being judged by the training tower as unable to continue fighting.

will be kicked out of the tower.

However, if you cannot catch the attack of the monster, you will be killed directly under the attack.

Then, even if you are forcibly kicked out of the cultivation tower.

The one sent out was just a corpse...

Ye Qiubai, who appeared outside the training tower, lay down on the ground and spat out a mouthful of blood again.

His face was pale and bloodless.

To tell the truth, if Ruuo Le Zhengchi and the others forcibly received a punch from the three giant ice beasts.

I'm afraid the one sent out is already a corpse...

After all, even Ye Qiubai was seriously injured!

The injury is too serious.

Ye Qiubai immediately took out a elixir from the ring and took it, and the injuries in his body began to recover.

"Well, the elixir refined by the master is quite useful, and it is almost used up. It is time to go back and see the master..."

Actually, I was thinking of taking a little pill...

At the moment.

Le Zhengchi, Chen Hui, Su Muyou, Lin Zhinan, and Miao Bangdao also walked out of the training tower again dragging their injuries.

Seeing Ye Qiubai with a pale face, he was slightly taken aback.

Su Muyou asked: "How is it?"

Ye Qiubai waved his hands and said with a smile, "It's nothing serious."

Lin Zhinan on the side asked curiously: "Are you on the fourth floor?"

Ye Qiubai nodded, his face slightly solemn, and said: "You must be careful after entering the fourth floor. The strength of the monsters there is not comparable to that of the lower three floors. I tried my best, but I only killed one."

Listen to Ye Qiubai's words.

For a while, Le Zhengchi and the others were a little silent.

Even, for a while, it was hard to tell whether Ye Qiubai was pretending to be aggressive or caring about them...

Return to the fourth floor?

We can't even pass the second floor!

What's more, you killed a monster on the fourth floor?

Don't take you to bully people like this?

Lin Zhinan took a deep breath, originally wanted to beat Ye Qiubai up, but thought he couldn't beat Ye Qiubai.

So he forced a smile and said: "You practice first, and see how much these auras can improve your realm."

Chapter 715 Mu Fusheng's true strength?

In the training tower, the aura obtained after killing monsters will be gathered in the wooden card on the wrist.

Today.

Ye Qiubai has reached the fourth floor and killed a giant ice beast.

The concentration of aura in the wooden sign has already given Ye Qiubai a feeling of surprise.

If you can practice here all the time.

Then, while stabilizing the Dao foundation, it is not impossible to break through to the middle stage of the turbid fairyland, or even the later stage.

It can also temper the artistic conception and actual combat experience.

This is much more useful than closed-door training.

After hearing Lin Zhinan's suggestion, Ye Qiubai nodded, and immediately sat cross-legged on the spot.

Outside the training tower, there is no spiritual suppression.

The aura that had been suppressed for a long time was released by Ye Qiubai at this moment!

The aura at this moment is like a happy little fish returning to nature, constantly jumping happily in the lake.

At this moment.

Ye Qiubai unfastened the wooden sign on his wrist, and was pulled by the aura, floating in front of Ye Qiubai's dantian.

Among them, streams of rich aura gushed out at this moment!

Lin Zhinan and others watched this scene in horror.

The richness and purity of this aura is too amazing!

In the outside world, even in some forbidden places, the aura is not as pure as here.

At this moment, they thought.

Who is the masterpiece of this training tower?

It is possible to purify such high-purity aura while suppressing aura!

This kind of high-purity aura can be directly incorporated into the body for cultivation purposes.

Because no purification is required to remove impurities.

after all.

In this world, the spiritual energy will be mixed with impurities from nature.

After being incorporated into the body, it needs to be further purified before it can be completely integrated into the dantian and into the internal organs.

Be your own thing.

The speed of some people's cultivation is to a certain extent affected by the speed of purification.

It's not just about talent.

It depends more on the exercises.

The better the technique and the higher the level, the faster the speed of refining the spiritual energy will be.

Even the Sword Sutra of Absolute Beginning has to go through the step of purifying aura, but the speed of purifying aura of the Sword Sutra of Absolute Beginning is not comparable to that of ordinary exercises.

When the spiritual energy in the wooden sign gushes out.

Surrounding Ye Qiubai, with Ye Qiubai as the center, a spiritual vortex formed!

The concentration of the aura is extremely high, causing the originally invisible and colorless aura to appear solid white at this moment.

Ye Qiubai closed his eyes, operated the Sword Sutra of Absolute Beginning, and absorbed these auras into his body like a whale swallowing them.

Follow the meridians and advance bravely!

Surge into the dantian!

this moment.

Ye Qiubai started to loosen the suppressed realm!

Just half a day!

A tyrannical breath erupted from Ye Qiubai's body!

This aura horrified the surrounding Lin Zhinan, Su Muyou, and Lezheng Chi Chenhui Miao Bangdao!

Is this a breakthrough to the peak of the blood-changing state?

But the momentum of this kind of breakthrough is stronger than their breaking through a small realm in the turbid fairyland!

Su Muyou said with emotion: "When he broke through a small realm, the movements he produced were different from ours..."

Lin Zhinan obviously understood more, and explained: "This is a manifestation of crazy suppression."

Lin Zhinan said with a solemn face: "Only by constantly suppressing the realm can such a powerful aura fluctuation be caused when the breakthrough is made."

"It's no wonder that Ye Qiubai has such an astonishing ability to fight across borders..."

Heard the words.

Miao Bangdao also smiled bitterly: "Almost every cultivator will not suppress the realm too much when breaking through the realm, and some people even break through directly if they can."

"It's the first time I've seen a person like Ye Qiubai who suppresses his realm so much..."

But, that's exactly what happened.

That's why Ye Qiubai is clearly in the blood-changing realm, but he has the tyrannical combat power to confront and win against the turbid fairyland...

That's right.

Half a day.

Let Ye Qiubai break through to the peak of the blood-changing state.

The aura vortex still did not dissipate afterwards.

Ye Qiubai did not choose to continue to break through, but used the remaining aura to start to stabilize the realm.

This is also Ye Qiubai's cultivation philosophy.

There is no need to worry about the breakthrough of the realm.

If you are in a hurry to break through to the next level.

The foundation of the road is unstable.

After that, the speed of breaking through the realm will become slower and slower.

The remaining aura is enough for Ye Qiubai to stabilize.

The moment Ye Qiubai opened his eyes.

Mu Fusheng and Xiao Hei have come out.

Mu Fusheng is absorbing the aura from the wooden sign for cultivation, while Xiao Hei is recovering from his injuries.

Seeing this, Ye Qiubai looked at Xiao Hei and asked, "Which floor have you reached?"

Xiao Hei opened his eyes, scratched his head and smiled, "The seventh floor."

Su Muyou, Lin Zhinan and others on the side all had expressions of horror on their faces.

Obviously, this state of expression has lasted for a long time, when looking at Xiao Hei, it was like looking at a monster.

Ye Qiubai was a little surprised.

However, the surprise is not that Xiao Hei can reach the seventh floor, but the surprise is how Xiao Hei can reach the seventh floor!

After all, in the tower of cultivation, suppressing the power of aura and soul has no effect on the body-refining Xiao Hei.

It can be said that after entering the tower of cultivation, the strength of the rest will be weakened by at least 80%.

And Xiao Hei is fighting with all his might!

"How is the strength of the seventh floor?" Ye Qiubai frowned slightly and asked, "Even you have only reached the seventh floor."

Xiao Hei shook his head and said: "The seventh floor can temper the seventh floor of the Eternal Demon Body, so I chose to come out first to recover from the injury, and then continue to practice on the seventh floor."

"However, the strength of monsters on the seventh floor is not at the same level as the lower six floors."

Ye Qiubai asked: "Then have you fought?"

Xiao Hei nodded: "It's done."

These words made Lin Zhinan and the others even more speechless.

It's not that you can't pass through the seventh floor of emotion, but because the seventh floor is suitable for your cultivation, you are willing to stay on the seventh floor!

This gap is simply not a little bit...

At this time.

Three talisman seals appeared around Mu Fusheng's body.

Each talisman will release a barrier that isolates the breath, surrounding Mu Fusheng.

Everyone looked over.

What is this doing?

Only Ye Qiubai and Xiao Hei knew that Mu Fusheng was breaking through.

After all, with this kid's character.

Even if it breaks through the realm, it will not let others know.

Even Ye Qiubai and the others don't know the exact level of Mu Fusheng's realm!

However, it must be under the fairyland.

Otherwise, how could they enter the City of Absolute Soul?

The City of Absolute Soul is forbidden to enter the Immortal Realm and above!

After a stick of incense.

The barrier disappears.

Mu Fusheng stood up with a smile, and said: "This training tower is really a good place."

Mu Fusheng also reached the fourth floor.

Ye Qiubai smiled and nodded, "Hurry up and continue to practice."

Watching the backs of the three of them walking towards the training tower.

Lin Zhinan and others were in a mess in the wind.

These are simply three monsters!

Chapter 716 Devour the soul? you are not worthy

At the moment.

In Purgatory City.

Pan Xie told Patriarch Purgatory of the news of the capture of Demon King City, and at the same time, reported the situation truthfully.

"Old Ancestor, is there any conspiracy in this?"

Patriarch Purgatory waved his hand and said: "It is nothing more than guessing that you will attack the Demon King's City. They know that they can't compete with you who have secret techniques, so they evacuated first."

"However, this is not a problem, as long as I absorb the soul in the Demon King City, this damned seal of Absolute Soul City can be easily broken!"

At that time, the moment Patriarch Purgatory was suppressed by Juehun City, he noticed that there was a soul suppressed in Demon King City.

When he felt the strength of that soul, his expression was quite shocked.

That soul is obviously broken.

However, just this shattered soul made him feel that it was even several times stronger than the divine soul in his heyday!

What if that soul is complete?

How far did this soul reach during his lifetime?

Don't think about it.

Patriarch Purgatory also knows that this remnant soul is definitely left by a big shot in the high-latitude realm!

In their mid-latitude realm, in the cognition of the ancestors of Purgatory, no one has reached this level!

"The things I handed over to you, are they in the Demon King's City?"

The soul power given to Pan Xie and the others by the Patriarch of Purgatory can not only be used as a secret method.

It can even serve as a bridge with the soul body of the ancestor of Purgatory himself.

The current Patriarch of Purgatory, although he broke through the seal of the box, was awakened by Pan Xie and the others.

However, it was still unable to break through the suppression of these three stone pillars.

To absorb the remnants of the suppressed souls in the Demon King City, there must be a "bridge".

And this bridge is the soul power given to Pan Xie and the others.

Pan Xie nodded immediately and said, "I have left the power of the ancestor's soul beside the stone pillar of the Demon King's City."

"As good as that."

Patriarch Purgatory nodded in satisfaction, then said with a smirk: "After I absorb this remnant soul and find a physical body, my strength will definitely be stronger than when I was at my peak!"

After finishing speaking, Patriarch Purgatory closed his eyes and sensed the power of the soul left in the Demon King City.

Immediately, the transparent hands squeezed out the seal formula.

A blood-colored ancient character appeared in front of Patriarch Purgatory out of thin air!

And at the same time.

Beside the three stone pillars in the Demon King City, the four soul powers left behind, in the four directions of east, west, south, and north, also have a blood-colored ancient character that is exactly the same!

The moment when the **** ancient characters appeared.

The power of the four souls turned into invisible tentacles, touching the stone pillars!

Although this is a secret method driven by the soul body.

However, it is extremely special.

Will not be suppressed by stone pillars!

The four invisible tentacles stretched into the stone pillar.

Dive into the hole in it!

When the invisible tentacles entered the cave, feeling the surroundings, Patriarch Purgatory, who was far away in Purgatory City, frowned.

There was a dignified look on his face.

The devilish energy in it made him feel extremely dangerous!

In the subconscious mind, Patriarch Purgatory had a consciousness that made him surrender.

Who is the remnant soul of a strong man?

Even a remnant soul can release such a powerful breath?

but.

The more this happened, the more excited and pleasantly surprised Patriarch Purgatory was.

The stronger the aura of this remnant soul, after absorbing all of it, it means that after he fully recovers, his strength will be even stronger!

Even, Patriarch Purgatory can be sure that after absorbing this remnant soul.

His strength, in this entire mid-latitude boundary, no one will be his opponent!

To unify the mid-latitude boundaries, perhaps no longer need the help of Biluo Huangquan Temple...

Anyway, when faced with this situation.

Patriarch Purgatory has no intention of retreating at all!

The speed at which the invisible tentacles extend downward is getting faster and faster!

This pothole seems to have no end.

Dive for a full day.

Then came to a spacious place.

When arriving at this place.

The invisible tentacles were like the eyes of the Patriarch of Purgatory, seeing the surrounding scene clearly shocked him even more!

Here is a huge underground castle.

The whole body of the castle is black, standing majestically!

Even he, when he saw this castle, felt extremely small.

What shocked him even more was that the structure of the castle was actually made of stone pillars!

It should be said that they are all made of the material of stone pillars.

The immense suppressive force made Patriarch Purgatory feel a little breathless!

A remnant soul.

So much suppression is needed? !

How powerful is it that the mastermind behind Absolute Soul City can do this?

You must know that even he is just adding a box to seal his soul in the stone pillar.

Moreover, what is sealed is his complete soul body...

The Patriarch of Purgatory supported the force of repression, and the oppressive atmosphere exuded from the castle, and moved towards the inside of the castle with excitement.

The moment he threw himself into the city gate.

In front of my eyes, there was a mass of dark remnant souls, sealed in the very center of the castle by thick chains.

Even if it is suppressed like this.

Still has a soul-stirring strength.

Patriarch Purgatory was so excited that he touched the remnant soul.

Now, Patriarch Purgatory seems to have lost his mind when faced with this powerful remnant soul.

He only wanted to absorb this remnant soul.

When he was about to touch the remnant soul.

Sudden!

In the remnant soul, there is a huge magic burst out!

Patriarch Purgatory saw this scene and stopped.

In front of the tentacles, that huge magic power actually condensed into a figure dressed in black!

The figure is all black, but the face cannot be seen.

I saw this figure in black lowered his head, looked down at the soul tentacles of Patriarch Purgatory, and said, "You want to devour my soul?"

Patriarch Purgatory didn't speak, not because he didn't want to speak, but because he couldn't speak under the pressure of this magic!

Even in the city of Purgatory, the pressure from the tentacles of the soul made his soul tremble!

Immediately, under the horrified eyes of Pan Xie and others, he fell to his knees on the ground, and immediately, his body also prostrated himself on the ground!

what happened?

Pan Xie was startled.

What made the ancestor make such a humiliating action?

At this moment, in the castle, the black shadow looked down at the tentacles, and said flatly, "You are not worthy."

As soon as the voice fell, Soi Ying waved his hand.

Instantly!

The tentacles shattered and disappeared!

At the same time, the body of Patriarch Purgatory in Purgatory City became a bit more transparent!

If it wasn't forcibly cutting off the power of the soul, I'm afraid it would have disappeared by now!

Chapter 717 The Sixth Floor of Eternal Demon Physique!

Stealing chickens is not enough to lose money.

is the most vivid portrayal of the Patriarch of Purgatory today.

Not only did not devour the remnant souls in the Demon King's City.

Now it has been backlashed even more.

The power of the soul in the soul body was severely damaged!

This also made the Patriarch of Purgatory feel lingering fear.

If I hadn't cut off my connection with the soul power of the Demon King City in the first place, I am afraid that this soul body of my own will completely disappear in this world!

At that time, Patriarch Purgatory can only survive among the topics that people talk about.

"Where is this remnant soul..."

Patriarch Purgatory was shocked.

It's just a remnant soul. Under the simultaneous suppression of the three stone pillars in Juehun City and such a large castle, it can still release such a frightening power!

What's more, the opponent just hit at random!

Remnant souls can display this kind of power.

If the opponent is in his heyday, I am afraid that just a thought can kill him, right?

This kind of person must be a strong man in the high-latitude realm, and he is definitely the kind of top power that everyone knows!

Patriarch Purgatory thought so.

As for whether to try to devour the remnant soul under the Demon King City again?

I think I definitely want to.

However, for the sake of his own life, Patriarch Purgatory forcibly gave up this unrealistic idea.

He doesn't want to be completely beheaded in this kind of place!

"Pan Xie, remember, don't get close to the center of the Demon King's City."

When Pan Xie and the others heard this, they couldn't help being a little shocked when they saw the increasingly illusory soul body of the Patriarch of Purgatory.

Obviously.

It is something suppressed by the Demon King City, which caused the ancestor to suffer such a heavy blow!

"Then, what you need to do now is to draw out the spirits of the rest of the people."

The heavy damage to the soul body caused the Patriarch of Purgatory to urgently need the nourishment of other souls.

Otherwise, I am afraid that even if the strength is restored, it will not be able to return to the heyday, let alone go further.

Pan Xie immediately nodded and said, "Old Ancestor, let's find their location."

Patriarch Purgatory nodded slightly and said, "Okay, let's go."

After finishing speaking, he closed his eyes and repaired the wounded soul.

...

Time, day by day.

The location of Xingyun City is extremely remote, and it is hidden on a mountain peak.

Without any clues, the four people in Infernal Purgatory were nowhere to be found.

After half a month, I had no choice but to turn back.

And at this moment.

Outside the training tower.

Le Zhengchi and others looked up at the scene in front of them.

On top of the tower.

From the first floor to the fifth floor, there is no longer a single point of light.

However, neither Ye Qiubai, Mu Fusheng, Xiao Hei nor the three people from Xianyuan Village have come out yet.

On the sixth floor, five light spots are floating now!

On the seventh floor, there is only one.

The light spot on the seventh floor has already stayed here for half a month.

Obviously Xiao Hei.

The three people in Xianyuan Village, they are not surprised.

After all, it is also physical training, and the power of the physical body is extremely tyrannical!

They were able to reach the sixth floor, at most they were a little surprised.

Ye Qiubai and Mu Fusheng were under the condition of suppressing their spiritual power and soul power.

Actually, it is also running side by side with the three powerful body repairers from Xianyuan Village!

Also came to the sixth floor!

You must know that when Ye Qiubai and Mu Fusheng left the tower for the first time, they only reached the fourth floor.

Doesn't this just mean that Ye Qiubai and Mu Fusheng's actual combat experience or artistic conception is improving at a terrifying speed?

At this moment, in the seventh floor.

In front of Xiao Hei, there are countless monsters!

These monsters are taller than Xiao Hei, with the head of a mouse and the body of a wolf.

With wings on its back.

What is even more striking is that at their tails, there is an extremely thick giant tail!
original.

On the seventh floor, there are only these two monsters.

However, these two monsters have a very special ability.

That is, just a drop of blood can transform into a clone!

If it weren't for a one-hit instant kill, this kind of wolf mouse would be able to keep splitting forever.

With Xiao Hei's current physical strength, he really couldn't kill the wolf mouse with a single punch.

So there is this scene now.

What the sixth line of the Eternal Demon Physique requires is endless battles!

That's why Xiao Hei said that the seventh floor is suitable for him to cultivate the Eternal Demon Physique.

Today's Xiao Hei has a sixth line covering his body!

During this half month, there were endless battles.

Without any pauses.

Xiao Hei kept waving his fists, fighting hand-to-hand with these thousands of wolves.

Although the body already has injuries.

However, the strong fighting spirit and bloodthirsty eyes made Xiao Hei more excited as he fought.

Right now.

The sixth line is completely connected to the surface of Xiao Hei's body!

In Xiao Hei's body, whether it was flesh or bones, there was a roar of thunder.

Even if you stand in place without moving, the surrounding air will be compressed!

Eternal Magic Physique, sixth floor.

After such a long time, Xiao Hei finally reached this step.

The strength of the physical body also began to skyrocket!

At this moment, Xiao Hei seemed to be unable to feel his own injuries, as if he was exhausted from fighting for so long.

Power filled Xiao Hei's body!

Just waiting to vent!

I saw Xiao Hei clenched his fists with both hands, raised his head and roared angrily!

The roar is earth-shattering!

The wolves rushing forward all around stopped for a while at this moment.

And at the moment of this breath, Xiao Hei stomped heavily on the ground!

The loess on the ground is flying in all directions!

It's like a sandstorm!

And in this storm of yellow sand, a black shadow shot out like a cannonball!

Where the shadows pass.

The sound of the sonic boom resounded throughout the world!

The space is all twisted abruptly by this powerful physical body.

Immediately, the body rushed directly into the pack of wolves!

If someone is present to watch.

I'm afraid it will be terrifying!

Because, the current scene is extremely **** and extremely violent!

Where the shadows passed by, wolves and rats were all cut off in the middle!

The magic crystal in the body was also instantly shattered!

The moment when the magic crystal was shattered.

The wolf mouse was completely killed in battle, unable to use the blood to continue distracting.

I saw the black shadow rush out of the encirclement of the wolf mouse in a straight line.

When Xiao Hei stopped, he looked back.

Among the paths, a road made of blood and corpses was opened!

Today's Xiao Hei.

When the sixth layer of the Eternal Demon Physique was completed.

I am afraid that it is possible to have the possibility of fighting against the strong in the early stage of the fairyland!

After all, Xiao Hei back then was already able to confront people in the late stage of the Chaotic Wonderland.

Xiao Hei looked at the swarm of wolves and rats in front of him, and grinned: "It's time to continue climbing."

The strength of monsters on the seventh floor can no longer satisfy Xiao Hei.

Chapter 718 Immortal Sword Threshold!

Another half day has passed.

Outside the training tower, Le Zhengchi and the others recovered from their injuries and were about to step into the training tower again.

Unintentionally, I looked up and saw the light spots on the seventh floor disappear.

This scene horrified everyone!

There was disbelief in his eyes, first he lowered his head to look at the gate of the cultivation tower, to see if Xiao Hei's figure was popped out.

When I didn't see any figure, I slowly turned my gaze towards the climb until it landed on the eighth floor.

There...appeared a light spot, although the light was very small, but extremely eye-catching!

The eighth floor!

Chen Hui took a deep breath and said, "These three people, who are the disciples trained by the senior..."

"This kind of strength is too perverted..."

Lin Zhinan and Su Muyou also smiled wryly one after another.

Although they did not go to find out who the master behind the three brothers Ye Qiubai was.

But after that, the Su family and Lingxian Palace both investigated in the dark for a long time.

All of them did not investigate any clues!

Just know that they are not natives of the mid-latitude boundary.

Instead, it comes from the lower bound, that is, the low-latitude boundary...

When they were shocked, thinking about why such monsters appeared in the low-latitude boundary, they wanted to go to the low-latitude boundary to investigate.

But found that the clues were wiped clean after they passed through the latitude barrier...

There are no clues to follow at all!

This made the two major forces give up...

However, don't think too much.

This is exactly what Lu Changsheng wrote.

At that time, Lu Changsheng had already expected it after Ye Qiubai and the others went to the mid-latitude boundary.

If Ye Qiubai and his group of brats offend a certain force, a sensible person will be able to see that these three brats are extremely talented.

Then, they will definitely check their background first.

After all, if there is no help from the old man in the ring, or there is no good force behind him.

I want to rely on my own efforts to obtain such a monstrous talent and combat power.

This only exists in fiction...

Because a person with extremely powerful talent has no influence, either he cannot display his talent, or he will be recruited by other forces.

The latter situation is slightly better.

At least there is a backer.

There is still a chance to show some talents.

However, how many of these low-level forces can unleash half of the potential of a cultivator with monstrous talent?

The same will still be buried in the dust.

If you break in by yourself.

The death rate has reached at least 99.99%.

The kind of chosen son, don't think about it anymore.

If you want to set foot on the pinnacle of martial arts, you must have a strong background and a talent like a monster.

Plainly speaking.

The hard work of three generations of others, why should it be overtaken by your more than ten years of hard study?

Although cruel.

But it is the truth.

In summary.

After learning about the situation of Ye Qiubai and the three of them, Lingxian Palace and the Su family must think that there is some kind of force behind them.

Naturally, I can't help but investigate first.

Lu Changsheng anticipated this situation and erased the clues early.

Let the other party disappear without a trace!

"Okay, I won't be surprised if these three perverts do anything earth-shattering next." Lin Zhinan shook his head and smiled wryly: "The most important thing is to improve your own strength."

"Otherwise, when the time comes to attack Purgatory City, the few of us will really be delayed."

The eldest lady of the Su family.

The think tank of Lingxian Palace.

The evildoer in casual practice.

This kind of lineup will become a dragging existence.

It's ridiculous to spread it out.

...

At this moment, the sixth floor.

Mu Fusheng cast Xuanyin Zilei, constantly bombarding the three-headed one-eyed monster in front of him.

Although it can cause damage to it.

But the physical strength of these three one-eyed monsters obviously couldn't deal a fatal blow to them.

Moreover, the opponent's speed is extremely fast.

After Mu Fusheng blasted out a Xuanyin purple thunder, he followed it up and rushed directly to Mu Fusheng!

Face the speed.

Mu Fusheng had no choice but to use Xuanyin Zilei to resist.

However, they will still be blasted out.

Aura could not be used, and his strength plummeted.

The power of the soul cannot be used, so it means that the talisman cannot be activated!

You must know that the talismans carved by Mu Fusheng, in order to release the speed, all imprint a ray of his own soul in them.

During the battle.

You only need one thought to activate it directly!

can save redundant actions.

And the power of the soul is suppressed, so it is doomed to be unable to use talismans to fight against the enemy.

Here comes the moment.

It was only then that Mu Fusheng realized how important the Ninety-Nine Hongmeng Divine Thunder given by Master...

In the days before.

Mu Fusheng has always focused on tempering the soul and the level of talismans.

Ninety-nine Hong Meng Shenlei, there is not much time to practice.

However, look at it from another angle.

In such a short period of time, to be able to cultivate the first thunder among the Nine-Nine Hongmeng Divine Thunder, the Xuanyin Zilei, is already a generation of arrogance.

But what is the use of saying this?

Mu Fusheng looked at the three one-eyed monsters in front of him with a solemn expression.

This is the first time for him to be forced into such a situation!

Still not fully prepared.

I saw three one-eyed monsters attacking again.

When Xuanyin Zilei cannot completely resist the opponent.

Mu Fusheng resolutely chose to exit the training tower first.

turned into a streamer and disappeared into the tower.

...

Ye Qiubai is also on the sixth floor.

is also facing a dangerous situation.

Extraordinary sword intent, the damage to the one-eyed monster is extremely limited!

but.

Ye Qiubai did not choose to exit the tower.

At this moment, the transcendent sword intent in the sword field has a faint sense of immortality!

The realm of swordsmanship.

Beyond the extraordinary is the realm of the fairy sword!

Back then, Ye Qiubai had used the Sword Sutra of Absolute Beginning and his understanding of kendo over the years to successfully step into the threshold of the fairy sword.

Although it was only a flash in the pan.

However, after all, I have touched the door of the Immortal Sword!

Now, in constant battle.

Only sword intent can be used to fight.

Ye Qiubai's understanding of the sword, as well as the control of the sword, are also constantly increasing!

Reached the sixth floor, constantly fighting with the one-eyed monster.

Extraordinary sword intent, successfully possessed a wisp of fairy intent!

The current Ye Qiubai is injured.

However, still did not retreat.

The reason is that in this sixth floor, under such circumstances, the threshold for comprehending the fairy sword!

There are not many opportunities like this!

Ruo Ruo Ye Qiubai left the battle at this moment.

Then, the ray of immortality in the sword will also disappear.

Must work hard!

Only then can I step into the threshold that has blocked countless sword cultivators!

Chapter 719 Half-step Immortal Sword Realm!

At the time of the Wanyu Grand Competition.

Ye Qiubai once displayed the meaning of the fairy sword.

Although it can't be compared with the real realm of the fairy sword, it has finally touched the threshold of the fairy sword!

Today.

Under the situation where Reiki is suppressed.

Fighting against the powerful monsters in this training tower, you can only use sword intent to fight against the enemy.

On the surface, it looks like a significant weakening of strength.

However, in Ye Qiubai's view, this can just temper his sword intent and actual combat experience!

Now, after reaching the sixth floor, under the confrontation with the one-eyed monster.

In my extraordinary sword intent, there is finally a ray of fairy charm!

When the realm progresses and reaches the middle stage of the turbid fairyland, it is like stepping into the half-step fairy sword realm.

Then, not to mention being able to completely defeat the powerhouse in the fairyland.

But at least, there is no problem in holding the other party down.

As long as it is delayed, once the time of the secret method is over, the power of backlash will start to invade the whole body.

In this way, there is no difficulty in defeating the four people in Infernal Purgatory!

Come to think of it.

Ye Qiubai once again took the initiative to meet the one-eyed monster!

Under constant slashing with it.

Although every confrontation.

All will be blown away by the tyrannical physical strength of the monocular giant.

Even, under the simultaneous bombardment of the three-headed one-eyed giant, the injury will be even more serious!

The attack with extraordinary sword intent only left a not deep and not shallow scar on the body of the three-headed one-eyed monster.

The moment the scar appeared, the body of the one-eyed giant would emit a wisp of white smoke, repairing the scar at a speed visible to the naked eye!

It can be said that this is also the particularity of the one-eyed monster!

Because of this, Ye Qiubai fell into a hard fight.

However, Ye Qiubai still did not back down.

Attack with sword intent, or resist opponent's attack with sword intent.

Under every attack.

The extraordinary sword intent in the sword field will be condensed again.

Boom.

Accompanied by the passing of time every minute and every second.

During the three days.

The ground on the sixth floor was filled with roaring sounds.

It's just the sword intent sweeping in the sky, in which the fairy rhyme becomes more and more condensed!

The way to improve sword intent.

It is nothing more than relying on talent and understanding of kendo.

However, the higher the level of kendo, talent alone is not enough.

If you don't temper your sword intent, you won't be able to improve.

Ye Qiubai is like this.

Talent is enough.

But the previous battles were not enough for his extraordinary sword intent to reach the realm of the fairy sword!

And now.

The particularity of the training tower just happens to meet this condition!
at this moment.

Three-headed one-eyed monsters rushed towards Ye Qiubai from three different directions, waving their fists.

Ye Qiubai narrowed his eyes slightly.

A phantom of a sword appeared between the two pupils!

The wooden sword in his hand is raised towards the sky!

One time.

In the sword field, the sword intent is surging!

All the sword intents are heading towards the wooden sword!

And the strands of fairy rhyme also merged into it!

Gradually, the extraordinary sword intent condensed on the wooden sword, unexpectedly appeared at this moment a sense of immortality!

Although the extraordinary sword intent has not been completely transformed.

However, this meaning of being a fairy represents Ye Qiubai's swordsmanship, and at this moment he has stepped into the realm of a half-step fairy sword!

At this time.

The three-headed, one-eyed monster in front of me has rushed forward!

There were only three monsters, punching from both ends, and throwing one head and one kick!

The air is filled with the sound of sonic booms!

These sonic booms continuously hit Ye Qiubai's body!

Ye Qiubai didn't care about this.

Holding a wooden sword in one hand, the sword intent is condensed on it!

Immediately, the figure suddenly flitted out, and greeted the three-headed one-eyed monster!

Where it passed by, there was only a flash of sword light!

Immediately, it passed through the body of one of the one-eyed monsters at a speed that was hard to see with the naked eye.

The moment the sword light dissipated.

Ye Qiubai's figure appeared behind one of the one-eyed monsters.

The moment Ye Qiubai turned around.

The chest of one of the one-eyed monsters began to split up and down.

Until it spreads between the eyebrows!

Blood spurted out from the crack!

this moment.

The one-eyed monster fell to the ground, turned into a stream of pure aura, and poured into the wooden sign on Ye Qiubai's wrist.

One sword!

Kill a one-eyed monster!

The half-step fairy sword realm is much, much stronger than the extraordinary realm.

It can be said.

Facing Le Zhengchi and the others now, it would be difficult for the opponent to receive his attack.

Ye Qiubai's footsteps did not stop because of this.

His eyes turned to the other two one-eyed monsters.

Holding the sword in both hands, the sword intent is condensed!

Immediately, it slashed towards the two one-eyed monsters at the same time!

A slash full of fairy charm, slashed towards the two monsters!

The one-eyed Warcraft saw this.

At the same time, there was a roar, and immediately, they were all punched out.

The wind of the fist swept across and hit the slash directly!

However, even if two one-eyed monsters join forces to resist.

Still cut off an arm by this slash, and flew towards the rear!

See it.

Ye Qiu pointed at the white wooden sword.

In the sword field, the half-step fairy sword turned into a giant sword, condensed in the sky above the two one-eyed monsters.

Following the wooden sword in Ye Qiubai's hand, it fell suddenly.

That huge sword was also smashed down from top to bottom!

The giant sword transformed from the meaning of a fairy sword is inserted into the bodies of the two one-eyed monsters.

Nailed it to the ground!

Immediately, the sword intent in the giant sword erupted.

Sweeping wildly in the body of the two one-eyed monsters!

Strangle its body from the inside to the outside!

Within three breaths, the two one-eyed monsters turned into wisps of extremely pure aura, which merged into the wooden sign.

See it.

Ye Qiubai let out a long breath.

After fighting for a long time, now that he has relaxed, his body shakes for a while.

Put the wooden sword into the ground and use it as a pillar, so it didn't fall down.

No wonder.

After all, it starts from the fourth floor.

Ye Qiubai continued to fight with high intensity.

Among them, the sword intent is continuously tempered, and the injuries to the body are also continuously superimposed.

If it weren't for his extraordinary talent and strong willpower.

I'm afraid I'll fall down early.

"The aura is enough for me to break through..." Ye Qiubai showed a smile on his tired face, "It's time to go out and practice first..."

After saying that, it turned into a beam of light and appeared outside the tower.

Looking around, no one is going out.

When looking at the tower again.

On the second floor, there are two light spots.

The third layer has three light spots.

It seems that Le Zhengchi and the others have also made some progress.

See it.

Ye Qiubai took an elixir first, after recovering from his injuries.

Immediately began to practice with the aura in the wooden sign.

The aura remaining after the previous breakthrough has made Ye Qiubai's realm stable enough.

Now, just concentrate on breaking through to the Chaotic Wonderland.

Chapter 720 Exploration of the Su Family

At the moment.

Outside Absolute Soul City.

Almost all forces have set their sights on Absolute Soul City.

They are here, even if they are strong in the Heavenly Immortal Realm, they still cannot feel the situation in Absolute Soul City.

So, I can only guess.

"I don't know who can get out of it smoothly...or go to the last step."

"According to records, from the beginning to the present in Absolute Soul City, no one has been able to get the reward for the last step, so it's better not to think about it."

"Well, the main thing is to see how many Tianjiao who entered it can benefit from it, and how many people will stay in it forever."

At the moment.

In the place where Huo Zhengheng was, an old man came to him.

Huo Zhengheng just took a look, and his expression became a little dignified.

This old man is obviously stronger than him!

You know, Huo Zhengheng is a strong man in the mid-stage of Heavenly Wonderland.

In this mid-latitude boundary, it is the peak existence.

There are not many who are stronger than him.

Even Huo Zhengheng feels powerful, so this person's strength may have reached the late stage of the Heavenly Immortal Realm, or the peak?

"I don't know what the senior is looking for me?"

Huo Zhengheng asked with a smile.

Hearing this, the old man smiled slightly, stood beside Huo Zhengheng, turned his gaze to the entrance of Juehun City, and said, "This old man is from the Su family."

Su family!

Huo Zhengheng's pupils shrank slightly.

Others may not be aware of this faction.

But Huo Zhengheng is the top existence in this latitude boundary.

Of course they know the Su family.

This is the top existence among those hidden world forces!

Its underlying power is not weaker than the top powers of the Holy Talisman Sect, and even a little bit stronger!

No one knows how many years the Su family has existed.

They only know that since they can remember, the Su family has been around until now.

"I don't know what's wrong with Senior Su?"

After knowing that the old man is from the Su family, and that his strength is even stronger than him, he can be sure that the old man's status in the Su family will not be low.

The tone will naturally be more respectful.

Old Su smiled and said: "You don't have to be so cautious, Sect Master Huo, I just want to ask you something."

"Oh?" Huo Zhengheng smiled and said, "The Su family should know more about things than I do. What else do you need to ask me?"

"Ye Qiubai."

Old Su turned his head and turned his gaze to Huo Zhengheng.

After saying these three words, Mr. Su's kind smile slightly became a little hard to see through.

Huo Zhengheng also frowned slightly.

Seeing Huo Zhengheng's serious expression, Elder Su waved his hands and said, "Sect Master Huo, don't have to be so cautious. Our Su family doesn't have any bad thoughts about Ye Qiubai, a young man."

"I just want to ask, is this guy from Tianjian Peak?"

Huo Zhengheng said seriously: "Senior Su, you don't need to ask me about this matter. Since your Su family wants to investigate Ye Qiubai, they have already found out that he does not come from the mid-latitude realm."

Hearing this, Elder Su nodded slightly, "The old man just wanted to confirm it. After all, after reaching the low-latitude boundary, all clues disappeared."

"It seems that the life and deeds of Ye Qiubai have been completely obliterated by someone with a heart!"

"That's why our Su family suspects that Ye Qiubai may not be from the low-latitude boundary either."

Heard the words.

Huo Zhengheng knew who the old man Su was talking about.

It must be the terrifying master behind Ye Qiubai...

However, since the senior erased Ye Qiubai's clues, he naturally didn't want others to investigate his existence.

Think here.

Huo Zhengheng said calmly: "I don't know about this, even the Su family can't find out?"

When Huo Zhengheng said these words.

Old Su secretly observed Huo Zhengheng's expression and the fluctuation of his soul.

However, no abnormality has been found so far.

Then nodded and said: "It seems that the people behind Ye Qiubai are very powerful and very cautious."

"In this low-latitude boundary, there are also fish and dragons mixed together..."

Huo Zhengheng smiled, nodded and said: "There are people beyond people, and there is sky beyond the sky. There is no shortage of hermits anywhere."

Old Su also nodded meaningfully: "That's right..."

During this conversation.

Elder Su will also tell the Su family.

At that time, the Su family's attitude towards Ye Qiubai will definitely change again.

She will no longer think about letting Ye Qiubai join the Su family, but will try her best to build a good relationship with Ye Qiubai!

After all, someone who can do it.

It is bound to be very powerful!

established a good relationship with Ye Qiubai.

It is also a different way to get in touch with the mysterious strong man behind him.

Su Lao said with a smile: "Okay, since that's the case, let's wait for the children to come out. When the time comes, the old man will visit Yinjianzong."

Huo Zhengheng understood the meaning of Su Lao's words.

Obviously, he wanted to make friends with Ye Qiubai.

So he smiled and cupped his hands and said, "At that time, Yin Jianzong will definitely welcome the Su family."

Say it.

The two stopped talking, but stood side by side, looking at the exit of Absolute Soul City.

...

At the moment.

In Absolute Soul City, in Xingyun City.

Outside the training tower, Le Zhengchi and others came out of the wounded.

This time, they all had satisfied smiles on their faces.

Chen Hui smiled and said, "Finally I was able to kill a monster on the third floor, how about you?"

Le Zhengchi on the side said calmly: "Both ends."

Su Muiyou also said: "Both ends."

Lin Zhiyan and Miao Bangdao were not shocked when they heard the words. After all, they are not famous for their actual combat ability.

Being able to persist in the second floor for so long, killing more than half of the monsters is already very satisfying.

"It seems that everyone's strength has increased sufficiently."

"Well, as long as I go in a few more times, I'm sure I can go a step further."

"Okay, let's practice first... right?!"

While Su Muiyou and the others were walking and chatting, in front of them, there was an extremely strong wave of aura, filling the space like a landslide and tsunami!

Surge in it!

Someone is breaking through!

This momentum is even stronger than any of them!

The five of them all looked forward.

When they saw Ye Qiubai's figure.

The expressions are all a little speechless.

Originally they thought it was someone else who broke through to the late stage or peak of the Chaotic Wonderland.

Who would have thought of it.

Is Ye Qiubai breaking through to the realm of the turbid fairy?

Lin Zhinan looked at Su Muiyou, and asked with a dry smile, "Muiyou, when you broke through the turbid fairyland, did you have this kind of aura?"

Su Muiyou shook his head bluntly.

Le Zhengchi, and Chen Hui looked even more helpless.

Obviously the same as Su Muiyou.

This abnormality, breaking through the blood-changing realm to the turbid fairyland, this scene is like breaking through the earth fairyland...

At that time, it is really time to break through to the fairyland.

What kind of scene should it be?
