

My Disciples 731

Chapter 731 Rage

Before, after entering Demon King City.

Xiao Hei was immediately attracted by a vague aura, and came to the central suppression place of the Demon King City.

Below the suppression of the three stone pillars, there is an aura that seems to be connected with Xiao Hei's blood, calling him.

This breath comes from the same source.

Between the souls, it seems that a bridge has been built, connecting with the souls suppressed by the three stone pillars.

From that moment on.

Xiao Hei was able to confirm that under the suppression of the stone pillar, there was a fragment of his soul.

The village chief was right.

In Absolute Soul City, there is indeed a soul fragment.

But Xiao Hei at that time was not able to break the seal.

I don't know how to take out the soul fragment.

Now, after Xiao Hei used Demon God Descending.

The soul fragment finally woke up, breaking the seal of the stone pillar directly!

After killing Jiang Chen and Yu Huang.

Immediately rushed towards the direction of Demon King City!

Extremely fast.

The physical body seems to be piercing the space for it!

The closer you get to Demon King City.

The blood in Xiao Hei's body flows faster.

Like a fish returning to the sea, jumping with joy!

Ye Qiubai and Mu Fusheng followed closely behind.

When Xiao Hei absorbs the soul fragments, he must need someone to protect him.

Although all the Infernal Purgatory have been killed.

However, there are still people from Biluo Huangquan Temple watching.

As far as Biluo Huangquan Palace is concerned, it has been extremely competitive against Xiaohei since the Wanyu Grand Competition.

Moreover, in the eyes of Ye Qiubai and Mu Fusheng.

The depth of the Biluo Huangquan Temple is the most difficult for them to see through.

Presumably, it is more powerful than Infernal Purgatory.

The opponent has not made a move yet.

It was just a compass formation, which had kept so many of them out at the beginning.

Whether there are other backers is still unknown.

So, Ye Qiubai and Mu Fusheng will definitely be extremely cautious about it.

Otherwise, when Xiao Hei absorbs the soul fragments, the opponent jumps out and wants to kill Xiao Hei, then the situation will be bad.

...

At the moment.

Outside Nebula City.

Beside Qiu Genyin, Han Lichen looked at Qiu Genyin and asked: "That beam of light seems to be related to that little black, should we go and have a look?"

Heard the words.

Qiu Genyin shook his head, and said, "No, this person doesn't have much influence on our entry into the high-latitude realm of Jiuyou Huangquan."

"Now, what we should do is to ensure the recovery of the soul of Patriarch Purgatory, find a body for him, and take him out. After all, in this mid-latitude realm, only this Patriarch Purgatory knows how to go to Gao The way of the latitude boundary."

On the right side, Yu Xiaohe frowned and said, "But, didn't Pan Xie and the others die in battle? What's more, what Patriarch Purgatory wants is Xiao Hei's body."

"The situation is out of control, why are you picking and choosing?" Qiu Genyin sneered: "He has requirements for the physical body, and he wants to break through to a higher level. This is of no use to us. Just find one The body will be fine."

"What's more, I have already found it."

After speaking, the two corpses appeared in front of everyone.

Lin Zhinan was taken aback when he saw this scene.

These two corpses are Gu Xi and Chi Bing!

At that time, Pan Xie and the others killed Gu Xi and Chi Bing who had come to investigate, and after pumping out their souls, they threw their bodies on the spot.

After learning that Patriarch Purgatory needed a body, Qiu Genyin took care and brought back the bodies of Gu Xi and Chi Bing.

In case Pan Xie and the others fail.

Now, it has confirmed his thoughts!

Suddenly, Lin Zhinan shouted angrily: "Return the corpse to my Lingxian Palace!"

Qiu Genyin glanced at Lin Zhinan indifferently, snorted coldly, and disappeared on the spot with the two corpses.

Han Lichen, Yu Xiaohe and Zhao Hanlin followed behind.

Lin Zhinan gritted his teeth, just about to get up and give chase.

But was stopped by Su Muyou.

Lin Zhinan's eyes were red and bloodshot.

But Su Muyou stood up and stopped in front of him.

Lin Zhinan lost his composure in front of Su Muyou very rarely, with a face full of anger, he shouted in a deep voice: "Su Muyou, get out of the way!"

Su Muyou still didn't move.

Although her complexion was pale, it was still elegant, but this paleness added to Su Muyou's charming temperament.

"I know, Gu Xi's death is a big blow to you."

How can it be a big blow!

After Gu Xi died, it was like a bolt from the blue to Lin Zhinan!

In the Lingxian Palace.

The relationship between the two has always been very good.

Gu Xi has a good cultivation talent, and Lin Zhinan has a good brain.

It is called by the disciples and elders of Lingxian Palace.

In the future, the sword of Lingxian Palace and the person holding the sword.

The sword naturally refers to Gu Xi, and the person holding the sword is Lin Zhinan.

The time of experience.

Gu Xi and Lin Zhinan will go together.

When practicing.

Gu Xihui and Lin Zhinan practiced together.

Lin Zhinan would ask Gu Xi for advice on matters of cultivation.

In terms of handling things, Gu Xi would humbly ask Lin Zhinan for advice.

The two achieve each other.

In the view of the Palace Master of Lingxian Palace, these two people will lead Lingxian Palace to a prosperous age!

However, when Lin Zhinan learned of Gu Xi's death.

At that time, Lin Zhinan, for the sake of the overall situation, hid all the grief in his heart.

But now, after Qiu Genyin showed Gu Xi's body in the eyes of everyone.

Continuously suppress the hatred in my heart, and I can no longer suppress it!

Like volcanoes start to erupt magma, erupting one after another!

Lin Zhinan looked at Su Muyou in front of him, and shouted loudly: "Since you know, let..."

"Because I know, I want to stop you even more!"

Before Lin Zhinan could finish speaking, Su Muyou hit Lin Zhinan's brain with a slap.

"You said, with your current strength, even if you were not injured, wouldn't you die if you went there?"

"If you simply want to die, then I won't stop you, but please think about your own advantages."

"After recovering from your injuries and reuniting with Ye Qiubai and the others, use your advantage to destroy them in one fell swoop. This is the best revenge for Gu Xi, right?"

Looking at Lin Zhinan's face that gradually calmed down, Su Muyou's tone gradually softened: "Ye Qiubai is not here, and the next instructions will be handed over to you, so you can't be arrogant."

Seeing that Lin Zhinan had completely calmed down.

Su Muyou asked, "What should we do next?"

Lin Zhinan thought for a while, raised his head to look at Su Muyou, and said slowly: "Meet Ye Qiubai and the others, and at the same time, figure out why they need to cherish and Chi Bing's corpses."

Hearing this, the corners of Su Muyou's mouth turned up slightly, like the first flower blooming after the ice and snow first melted.

In Lin Zhinan's eyes, it was amazing.

"Then do as you say."

Chapter 732 Memory kicks off...

At this moment, in the city of the Demon King.

Xiao Hei has come to the center.

Three stone pillars stand here.

But.

Today's stone pillars have lost the power of stars to suppress them.

Cracks everywhere.

As long as there is a gust of wind blowing, there will be small stones falling off the stone pillar.

Now these three suppressive stone pillars penetrate the sky.

It seems to be just an ordinary stone.

Xiao Hei stepped forward, gently touching the stone pillar with one hand.

Boom!

Suddenly, the cracks in the stone pillar began to expand, and finally began to collapse!

At this time, Ye Qiubai, Mu Fusheng, and the three people from Xianyuan Village also arrived.

Watching that Xiao Hei is about to step into the underground passage.

The ape-man worried and persuaded: "Devil Lord, if you absorb this soul fragment at this time, I am afraid that the rebels will really notice it..."

"It's better to increase your strength a little more and then absorb it."

Xiao Hei paused for a moment, then continued to walk down, but left a few words, which lingered in the ears of the three people in Xianyuan Village.

"I can't wait that long."

After finishing speaking, Xiao Hei's figure has disappeared on the surface.

When the three apes and men saw this scene, they were all worried.

At this time, Ye Qiubai laughed beside him and said, "Don't worry, don't you know the character of your demon lord?"

"What's more, being discovered is only a matter of time. Maybe you can think about it from another angle. After Xiao Hei absorbs this soul fragment, both his strength and the speed of improvement will become faster."

"Under the pressure of the rebels, perhaps it is better to force out Xiao Hei's potential, isn't it?"

Of course, there is another sentence that Ye Qiubai did not say.

That is Xiao Hei now, with the capital of trial and error.

If it is really discovered by the rebels, no matter how bad it is, the master is still there.

Unless the strength of those rebels can surpass the master.

However, in Ye Qiubai's mind.

Master's endless strength is like a vast ocean, even if a strong man from the high-latitude realm comes, he is still not the master's opponent.

Mu Fusheng seemed to see Ye Qiubai's thoughts.

I just feel sorry for Master.

With so many big brothers and little black brothers who are constantly causing trouble, how can it be possible to relax.

Alas, I should make Master feel at ease...

...

At the moment.

Xiao Hei walked towards the ground.

Going down.

The blood in Xiao Hei's body became more and more restless.

The frequency of soul throbbing is also rising.

He could feel that the soul fragments were calling him from below.

Urgently want to integrate into my soul.

When Xiao Hei came to the bottom, there were ruins in front of him.

It seems that it was broken by the dark beam of light just now.

On top of the ruins, there was a phantom black figure looking at him with a cold expression.

Xiao Hei also stared at him.

At the moment when the eyes meet together.

Xiao Hei can be sure.

This black figure is the fragment of his own soul.

"The improvement in strength is faster than I imagined."

I only heard the figure say: "It seems that you have encountered an adventure?"

Xiao Hei did not answer the question about the soul fragment, but asked, "Who is that woman in my memory, and where is the next soul fragment?"

The figure said lightly: "Who is that person? After you fuse with me, you will know. As for the next soul fragment, there is only one clue."

"Where."

"Kunlun Ruins."

Kunlun Ruins?

Xiao Hei frowned slightly, "Where is the Kunlun Ruins?"

The figure said calmly: "I don't know, you need to find it yourself."

"The fusion of fragments is too fast, your strength cannot keep up, and you will not be able to bear the pain of soul fusion."

"With your current strength, it is not enough to absorb the soul fragment of Kunlun Ruins."

Speaking of which.

The figure paused for a moment, seemed to hesitate, and reminded again: "There is one more thing you need to pay attention to. The moment you wake me up, it will definitely arouse the awareness of those three people."

"Although it's only for a moment, but with that person's personality, I'm afraid he will frantically start looking for your clues and whereabouts."

When the figure said this, there was an extremely strong killing intent in the cold eyes!

"So, there is not much time left for you."

Hearing this, Xiao Hei nodded slightly.

Seeing this, the figure turned into a soul fragment, which penetrated into the center of Xiao Hei's eyebrows.

When the soul fragments drilled into the little black sea of consciousness.

Almost instantly, Xiao Hei's face became extremely ferocious!

Following that, a huge roar squeezed out from Xiao Hei's throat!

Earth-shattering, magic power bursts!

pain!

Deep pain in the soul!

This pain seemed to tear his soul and body apart in all directions!

Although, the previous few times of merging into soul fragments were very painful.

However, compared to this time, the previous few times are nothing worth mentioning!

The degree of pain this time, even the sum of the previous few times is not enough!

The memory fragments are like stormy waves, one wave after another.

Extremely rude and violently stuffed it into Xiao Hei's soul.

Xiao Hei endured the severe pain and began to accept those memories.

in it.

He saw a tall black armored figure, suspended in mid-air, his eyes seemed to despise the world, extremely cold.

Monstrous demonic energy swirled around him continuously.

Behind him, three men in black robes stood, only half a step behind the armored man.

Further back, there are tens of thousands of elite demon kings, wearing armor, looking forward with fierce eyes.

They are not afraid of anything. It seems that as long as the armored man in front gives an order, even if there is a sea of swords and fires ahead, they will rush into it without hesitation!

In front of the armored man, there are groups of ascetics, each of whom exudes an extremely powerful aura.

The breath of these people, in the mid-latitude realm, is incomparable even to those who are strong in the fairyland.

The most amazing thing is that above the ascetic, there are two middle-aged men in white clothes. Around their bodies, the spiritual energy that has been turned into substance is spinning around the men like white holy light.

Its strength is so deep that it cannot be described in words.

It seems that just a slight lift of a finger can cause landslides and tsunamis.

One look can make everything in the world silent!

However, when facing this kind of character.

The man didn't retreat in the slightest, and his eyes didn't dodge in any way.

Still indifferent, still contemptuous.

stared straight at the two of them.

Next, the lips of the two men in white moved, as if they had said something.

But Xiao Hei didn't know it.

After that, there will be a war that will destroy the world.

When the armored man fights two men.

Three men in black, behind them, attacked the armored man...

Chapter 733 New Bloodline Ability

Xiao Hei naturally knew that the armored man should be himself.

When the three men in black teamed up to attack, this memory came to an abrupt end.

It is clear.

The fragments of memory that are constantly being squeezed into the sea of consciousness are the reason why the Demon King's domain name survives.

is also the reason why I became what I am now.

However, why did those three people make a sneak attack?

Xiao Hei didn't understand.

And the scene in this memory.

When Xiao Hei was in Xianyuan Village, the village head had already said that his downfall was due to a sneak attack by rebels.

and the factors that led to the joint war between the two god-level forces.

At that time, Xiao Hei was not in a too aggressive mood.

However, after watching this memory now.

In Xiao Hei's heart, an endless killing intent could not be restrained!

This killing intent, even in such an instant, overwhelmed the simultaneous tearing pain of the soul and body!

The next piece of memory fragments followed.

Due to the continuous integration of soul fragments.

It also made Xiao Hei's pain worse.

Everywhere in the body, there are cracks starting to form!

No wonder this soul fragment would say that with his current strength, it is not enough to absorb the next soul fragment.

This soul fragment is acceptable.

If it is the next one, I am afraid that my physical body will be completely destroyed!

Xiao Hei endured the severe pain, in the sea of consciousness, he raised his head to look at the broken memory picture.

This time.

is in ruins.

It seems to be the scene after the war.

In the entire Demon King's Domain, there was a drizzle in the gray sky.

On the black soil that has long been cracked, there are countless wreckage and broken armor.

Blood flowed into the cracks in the black soil. Against the backdrop of the black ground, a large amount of blood looked like blood vessels.

Into a bottomless pit.

It became a **** lake!

Now, even if Xiao Hei is watching this memory fragment, he can feel how terribly he lost in this war!

The screen changes again.

In a woman covered in blood, her dying body was held in the arms of the woman.

The woman's face was full of vigilance, but when she looked at herself, there was a look of sadness in her eyes.

It seemed that he felt the aura of the shocking gods in the distance chasing quickly.

The woman put one hand on the forehead of the man in her arms, her face became firm, and said: "Brother, you must recover your strength, and then come to avenge the Demon King's Domain and me."

"I will definitely not disclose the key to them."

When she said this, the woman's face softened, she put the man's head on her soft thigh, and wiped the congealed blood scab on the man's face with the other hand.

"Of course, I hope you don't think about it again, and just be an ordinary person in peace."

After speaking these words.

The woman smiled wryly.

Obviously knew that, with a man's personality, this was more uncomfortable than killing him.

The next moment, a ray of black light emerged from the woman's hand!

And at this moment, a soul body appeared between the man's eyebrows.

Immediately, under the envelope of black light.

The soul body is actually divided into seven souls and six souls!

Fly stealthily in all directions!

This scene did not attract the attention of others.

And after doing all this.

The three men in black and two men in white appeared in front of the woman.

Here we go.

Memory ends.

Xiao Hei suddenly opened his eyes.

Kneeling on the ground, with hands propped on the ground, pupils trembling, panting.

There are hideous wounds all over the body, and the blood has spread all over the body, even staining the surrounding ground red!

However, even so, the severe pain from the body could not overwhelm the killing intent and grief in his heart...

The woman in my memory must be extremely important to me.

However, combined with the previous memory fragments.

The woman should not have died yet.

As for why she didn't die, it must be because of the key in her mouth.

It can be deduced from this.

I'm afraid that the reason why the three rebels rebelled, and why the god-level forces joined forces to attack the Demon King's Domain was also because of this key.

Key, what exactly?

Xiao Hei didn't think about it.

This point, after absorbing the soul fragments later, the answer will naturally be revealed.

Even if you know it now, it won't do anything.

After all, the strength is not enough.

Strength...

Thinking of this, Xiao Hei inserted his hands into the ground, squeezed out a handful of stones, and crushed them into fine powder.

Today's Xiao Hei has never been in such an urgent need for strength!

Half a day has passed.

When the mood calmed down slightly.

Xiao Hei stood up, feeling the changes in his body.

During this half a day, the scars on my body were as good as ever!

This is not the ability of the Eternal Demon Physique to restore the body.

Nor is it because of its own repair ability.

Presumably, it is because of the ability obtained after merging the soul fragments.

And the body after recovering the physical body, its physical strength is stronger than before!

After observing this point.

Xiao Hei frowned slightly, holding one hand on his finger.

Bang!

Xiao Hei snapped off his fingers expressionlessly.

It was just a finger, and to Xiao Hei, it was only a minor injury.

Under Xiao Hei's gaze, the phalanx began to recover at a speed visible to the naked eye!

In just one breath, it was as good as ever.

It seems that this soul fragment has inspired an ability in his own blood.

Resilience!

However, when the fingers recovered, although there were not many, they could still feel slightly that the power of their qi and blood had weakened a little bit.

Presumably, this recovery ability needs to consume one's own blood.

As for the size of the injury, if it recovers, it will consume too much energy and blood accordingly.

Although it sounds like nothing.

But for Xiao Hei, this is indeed an extremely heaven-defying ability.

As long as the blood is not exhausted, when the soul is completely wiped out, it can continue to recover from injuries.

And Xiao Hei's fighting style is extremely crazy.

With this ability, Xiao Hei will definitely become the enemy's nightmare in the subsequent battles!
but.

Xiao Hei did not feel the increase in physical strength.

It should be that the injury is not serious enough.

So the restored physical body has not improved.

After thinking about the new ability, Xiao Hei took a long breath and walked up.

...

At the moment.

In Demon King City, Lin Zhinan and others have joined Ye Qiubai.

Informed Ye Qiubai of the news of Gu Xi and Chi Bing's corpses.

Ye Qiubai immediately said that since there is a corpse, it must be taken back there.

At the same time, he was also thinking about why the other party needed a corpse.

Chapter 734 Fusion rebirth!

At the moment.

In Purgatory City.

The four people from Biluo Huangquan Hall came to the ancestor of Purgatory.

The ancestor said with a gloomy face: "I already know."

The secret technique of Pan Xie and the others was released by the soul power of Patriarch Purgatory.

Then, the news of the death of the four of them will naturally be known to the Patriarch of Purgatory immediately.

Hearing this, Qiu Genyin smiled faintly: "There is no need for the ancestor to be angry about the death of the four wastes, right?"

When this remark falls.

The soul riot of Patriarch Purgatory!

roared with an angry face: "I will be angry because of this kind of waste? Even if they are not dead, if they fail and return, I will definitely kill them with one palm!"

"I'm angry that I didn't bring back the body of that body repairer!"

If you don't have a physical body, you may even have a high-quality physical body.

Then, for Patriarch Purgatory, not only the upper limit of strength after rebirth cannot be raised, but even whether he can get out of this ghost place is a problem!

After all, the suppressing power of Absolute Soul City only fights for souls.

As long as the Purgatory Patriarch is still in the soul body, and the strength of the soul has not completely surpassed the suppressing power of Juehun City, then it is absolutely impossible to get out of these three stone pillars!

Qiu Genyin smiled and said: "There is a physical body."

"Oh?" Patriarch Purgatory looked towards Qiu Genyin.

Qiu Genyin waved his hand, and in front of him, the bodies of Gu Xi and Chi Bing appeared in front of his eyes.

Qiu Genyin pointed at the two corpses, and said with a faint smile, "It's just that the strength of these two bodies is not as strong as that of Xiao Hei...that's just the physical body."

"But presumably, under the current situation, it's too late to think about this kind of thing?"

Hear here.

Patriarch Purgatory slowly put away his anger.

It's just that his face is still gloomy, and there is some hesitation in his eyes.

Seeing this, Qiu Genyin continued to speak.

"What's more, after the physical body is gone, it will be enough to return another one. This should not be difficult for you, Patriarch Purgatory."

Hearing this, the hesitation in the eyes of Patriarch Purgatory disappeared.

really.

It's just a change of physical body. For him, as long as he gets some special items at the time, he can do it.

Now, the focus is on getting out of trouble.

What's more, after he gets out of trouble, he can kill that body repairer himself and take his body away, wouldn't it be good?

thought of this.

Patriarch Purgatory looked at Qiu Genyin, nodded slightly and said: "I have recorded the kindness of your Biluo Huangquan Palace."

Qiu Genyin said indifferently: "It's not about kindness, we are just a cooperative relationship. When the time comes, you can remember your promise and take us to the high-latitude boundary."

Seeing Qiu Genyin's attitude towards him, Patriarch Purgatory frowned slightly.

It's not like he would let a junior be so presumptuous in front of him just because of a little kindness, without any respect.

If it was placed in the past, the Patriarch of Purgatory would have brutally killed him.

But.

Now he needs the help of the Biluo Huangquan Palace behind Qiu Genyin.

I had no choice but to hold back for the time being, and said with a cold snort: "Of course I won't forget, and you all don't forget the content of the cooperation."

Qiu Genyin shrugged and said, "I, Biluo Huangquandian, will either not agree, or I will do it if I promise."

"I still have this reputation, the ancestors don't have to worry about it."

"Better so."

Say it.

Patriarch Purgatory looked at the two corpses, and he wanted to choose the one that suits him best and perform fusion to be completely reborn.

At first glance, Patriarch Purgatory looked at Gu Xi.

Although Gu Xi is dead.

But for an old monster with the strength and experience of the Patriarch of Purgatory.

It can still be easily identified that Gu Xi was a swordsman during his lifetime.

The strength of the physical body is acceptable, above the level of the same realm.

However, in the eyes of Patriarch Purgatory, it is still weak.

If he were a sword repairman, he might still choose this body.

Then he looked away and landed on Chi Bing's corpse.

Chi Bing is also a sword repairman.

However, Patriarch Purgatory quickly decided to fuse Chi Bing's body!

Although Chi Bing has now had his soul taken away.

However, in the barren sea of consciousness, some soul traces can be seen.

Chi Bing's sea of consciousness is much stronger than Gu Xi's, and also a lot more special.

It can be seen.

During this life, this person had an adventure in the aspect of the soul.

It's just that the physical body is a little worse than Gu Xi.

However, if Chi Bing's body is fused, it will be helpful for the recovery of the soul power of the ancestor of Purgatory.

This is for Patriarch Purgatory.

Relatively more useful.

So, Patriarch Purgatory waved his hand and destroyed Gu Xi's corpse.

Seeing this scene, Qiu Genyin just smiled lightly and didn't say anything.

Afterwards, Patriarch Purgatory dragged Chi Bing's body into the stone pillar and started the fusion process...

...

the other side.

Just after Xiao Hei came out, he heard Ye Qiubai and others discussing.

"What's the use of their bodies?" Lin Zhinan frowned slightly, and said, "What's the use of a corpse without a soul?"

Ye Qiubai was also a little confused, and said in confusion: "What's more, Gu Xi and Chi Bing's physical bodies are not considered strong, and their bloodlines are not considered top-notch..."

If it is Xiao Hei's physical body, then it must still have some effect.

Xiao Hei heard a general idea, and then he understood, and walked over and said: "There is a possibility that a soul body wants to be reborn with a physical body."

After hearing these words, everyone turned their heads and looked at Xiao Hei who was walking slowly.

From the moment they saw Xiao Hei.

They were all taken aback for a moment.

Today's Xiao Hei has changed a bit.

His eyes became less dull than before.

There is a meaning of looking down on the world and being indifferent.

At the same time, the temperament of the whole person has undergone earth-shaking changes.

Ye Qiubai and Mu Fusheng were not surprised.

This is the result of absorbing soul fragments.

This was the case before, but this time the change was more thorough.

Xiao Hei walked up to Ye Qiubai, Mu Fusheng, and said, "In Purgatory City, there should also be a soul body, so the body needs to be reborn."

"Of course, this is only a possibility, but this possibility is relatively large."

Ye Qiubai and the others pondered for a while.

What Xiao Hei said is indeed correct.

For example, in the city of the Demon King, a remnant soul is being suppressed.

The outer city, or the place of inheritance, is also suppressing the remnant soul.

Perhaps the top floor of the training tower in Xingyun City is also the same.

Everything in Juehun City seems to be related to the soul.

After thinking of this.

Lin Zhinan said with a gloomy face: "Then it's almost inseparable. We must hurry over, or the other party's plan will succeed!"

Ye Qiubai took over the words: "And after success, the suppressed soul can escape from the suppression..."

Ye Qiubai already knew this in the outer city.

Chapter 735 Kill Dao together!

Now, why Qiu Genyin brought Chi Bing and Gu Xi's corpses with him has now been settled.

Fusion rebirth!

It's like seizing a house.

It's just that, for Chi Bing and Gu Xi who have lost their souls, it's easier than seizing a house.

But some special secret methods are needed to perfectly integrate the physical body.

Obviously, for Infernal Purgatory and Biluo Huangquan Temple, who are familiar with the secret method of the soul, it is not surprising that there is such a secret method.

After reaching this conclusion, everyone went directly to Purgatory City without any hesitation.

Although Chi Bing and Gu Xi are already dead.

In Absolute Soul City, it is not uncommon for the supreme genius to fall.

However, if the body dies, the body will be used by someone with a heart.

This is an insult to the forces behind the dead!

Under normal circumstances, this must be a situation of war.

This is not just a slap on the face of the power behind the dead, but also a change of direction, a change of posture, and a kick.

The dead are the greatest.

These four words are not just for fun.

Immediately, everyone rushed towards Purgatory City.

...

at the same time.

In Purgatory City, the progress of merging the body has also come to an end.

Zhao Hanlin looked at this scene, looked at Qiu Genyin and asked: "After the Purgatory Patriarch fuses with his body, I'm afraid he won't be able to restrain him."

"By the time..."

Qiu Genyin interrupted Zhao Hanlin with a smile, and said, "I know what you want to say."

Zhao Hanlin was slightly taken aback, "Then why are you still here?"

"First of all, we must let Patriarch Purgatory go out, right?"

Zhao Hanlin nodded.

Qiu Genyin continued: "Secondly, if there is no preparation for people like Patriarch Purgatory, how can I let Patriarch Purgatory get out of trouble so easily?"

Hearing this, Zhao Hanlin and the others understood, their pupils widened slowly, and said, "You mean..."

Qiu Genyin smiled lightly, spread his palms, and in the palms, there was a yellow imprint that made people unable to detect the breath.

In other words, those who are not strong enough can't detect it!

Yu Xiaohe suddenly said: "Senior brother took out all the death marks of Huangquan?"

The death seal of Huangquan is the tracking treasure of Biluo Huangquan Temple.

As long as it is imprinted on a person's body, it is enough for a strong person in the Heavenly Wonderland to be unable to find the existence of the imprint.

So much so that the person who casts the mark can constantly know the location of the other party!

Among them, there is a fatal damage.

That is, the breath of life that can continuously corrode this person in the dark.

Absorb a person's vitality subtly.

When the person who applied the seal wants to use it, pulling out the seal can take away the person's vitality.

This imprint.

There are only three of them in the entire Biluo Huangquan Hall.

So, the other three were a little surprised that Qiu Genyin took out the death seal of Huangquan.
but.

It is precisely because of the characteristic that Huangquan's death mark is difficult to detect.

Let the suspicious Purgatory Patriarch before merging into the flesh.

After thoroughly checking Chi Bing's body three times, no problems were found.

Only then began the integration with confidence.

But no one thought of it.

It is precisely because of this death seal of Huangquan that the Patriarch of Purgatory has walked into a bottomless and endless abyss...

Here comes the moment.

Fusion is also in its final stages.

Until the last trace of soul power merged into Chi Bing's body.

Bloody lines covered Chi Bing's body.

The power of the soul also followed the **** lines, centered on Chi Bing's eyebrows, and extended to all the limbs.

At this time.

"Chi Bing" suddenly opened his eyes.

The pupils slackened at first, then began to gather together, and a ray of **** murderous intent flashed past!

Chi Bing stretched his body, and then the corners of his mouth slightly turned up, revealing a wicked smile, and said: "It's not bad, but it's a pity that the upper limit of this physical body is not enough."

Qiu Genyin stepped forward and said: "After the ancestor goes out, go to look for it, or after killing that little black here, wouldn't it be good to take the body?"

The Patriarch of Purgatory controlled Chi Bing's body, looked at Qiu Genyin, nodded slightly and said, "I will remember this kindness, Patriarch."

I don't know if it's true or fake.

Qiu Genyin also nodded perfunctorily.

And this moment.

Patriarch Purgatory suddenly raised his head, looked in the direction of the city gate, with a grin on his face, and said, "It seems that I don't need Patriarch to find them."

Hear here.

Qiu Genyin and the others also understood the meaning of the words of Patriarch Purgatory.

Ye Qiubai and the others have arrived.

However, this is also within their expectations.

After all, they revealed the bodies of Gu Xi and Chi Bing in front of them.

This is what Qiu Genyin deliberately did.

Borrowing the hands of Patriarch Purgatory to eradicate Xiao Hei is not a bad thing.

After all, they already had a very bad impression with Xiao Hei.

Although it is not enough to become an enemy of life and death.

But it is not a bad thing to let others sweep it up in advance.

They couldn't be friends at all, so what's the problem with killing this little black who might become a stumbling block?

Soon, Patriarch Purgatory and the four people from Biluo Huangquan Hall came to the city wall.

When Ye Qiubai and the others looked up.

His face was slightly taken aback.

Chi Bing?

However, it was only this moment of stupefaction that made everyone react.

It is impossible for Chi Bing, who has lost his soul, to come back to life.

Therefore, there is only one possibility.

That means someone was reborn with the help of Chi Bing's body.

Besides, Lin Zhinan asked loudly, "Where's Gu Xi's body?"

Qiu Genyin did not answer.

After thinking about it for a while, Patriarch Purgatory said indifferently, "Gu Xi? A corpse? Oh, you mean another corpse, right?"

"My ancestor, I have already burned that corpse. There is no need for a body of this level to exist. Let him become the fertilizer of the land of Absolute Soul City. Maybe it can still play a role."

Heard the words.

The complexion of everyone changed drastically.

Lin Zhinan burst out with aura, and said through gritted teeth: "No matter who you are, I, Lingxian Palace, will make you pay the price!"

"Lingxian Palace?"

Patriarch Purgatory sneered slightly: "It's such a long time ago, if Lingxian Palace had not participated in the encirclement and suppression of Patriarch me before, I really don't remember it."

Encirclement and suppression?

Su Muyou and Lin Zhinan frowned slightly.

long ago.

Encirclement and suppression.

Patriarch?

A long time ago, Lingxian Palace only launched a siege with other forces.

That is, for the endless purgatory!

When connecting the pieces of information together.

Then, the identity of the person.

Or in other words.

Who is the soul body occupying Ji Bing's body.

The answer is ready.

That murderous big devil in Infernal Purgatory!

Patriarch of Purgatory, let's all kill Dao!

Chapter 736 Team up to kill evil

In the period when Infernal Purgatory slaughtered and did all kinds of evil things throughout the mid-latitude realm.

At that time, almost all the top forces in the world participated in the siege of Infernal Purgatory!

It was because of the cooperation of many strong men that Qi Shadao was able to be eliminated smoothly.

Just then.

Did not kill Qi Shadao's soul, but let him escape.

that time.

In order to cut off all future troubles.

And let the endless purgatory completely become a gravel in the long river of history.

Many strong men are trying their best to search for the whereabouts of Qi Shadao's soul.

But all to no avail.

At that time, the major top forces acted extremely cautiously, and had been sending people to pay attention to the information about the remnants of Infernal Purgatory.

But still nothing.

It was not until hundreds of years later that he finally let go of his guard.

Until today.

All the forces believe that Patriarch Qi Shadao of Purgatory has died completely.

And now.

Whether it's Lin Zhinan, Su Muyou, or Le Zhengchi and others.

There was an extremely horrified expression on his face.

Because they all know this history.

Therefore, I was extremely shocked that the soul of Qi Shadao, the patriarch of purgatory, was suppressed in this Juehun City.

Lin Zhinan said with an ugly face: "Patriarch Purgatory, if you do such a thing, aren't you afraid that my Lingxian Palace will once again unite with other top forces to kill you?"

Patriarch Purgatory sneered and said, "Your Lingxian Palace doesn't have this ability yet."

He couldn't be more clear about the nature of the top powers.

As long as it does not affect their interests.

Did not touch their cake.

Wouldn't have tried so hard to kill him at a high cost.

To put it bluntly, it is for the development of the sect, and I don't want to meddle in other people's business.

To put it bluntly, it is nothing to do with oneself.

This group of top-notch people has as much bad water in their stomachs as their evil cultivators.

It's just that evil cultivators surface those bad waters and put them into action.

And the people with the top power have become **** and want to set up a memorial archway!

Su Muyou heard the words of Patriarch Purgatory, and naturally understood the meaning of his words.

If Patriarch Purgatory didn't go out as high-profile as before, it would be impossible for him to be attacked by other forces.

Just for example.

In the Wanyu Grand Competition.

The disciples of Infernal Purgatory headed by Pan Xie and the other four went to battle.

Let everyone know that Infernal Purgatory was resurrected from the dead.

Although he said in his mouth that he must pay attention and attack.

But no matter who it was, they didn't take action.

This is a very typical example.

Although cruel.

But the truth.

Ye Qiubai held the Nine-Foot Star Meteor Sword, stepped forward, raised his head to look at Patriarch Purgatory and said indifferently: "The soul body has been suppressed for so long, so its strength is naturally not as good as Yicheng at its peak?"

Seeing Ye Qiubai's forward figure, Patriarch Purgatory frowned slightly.

Naturally, it is less than 10%.

Ye Qiubai continued to walk forward, and every time he took a step forward, the meaning of the half-step fairy sword slowly rose.

Mu Fusheng, followed by Xiao Hei.

"You must have just merged with Chi Bing's body not long ago. In such a short period of time, no matter how rich your experience and strength are, it is impossible to perfectly control a body that does not belong to you to fight?"

Patriarch Purgatory frowned again.

When he came to the bottom of the city wall, Ye Qiubai raised his head, and his eyes met the Patriarch of Purgatory in space.

Sparks burst!

And Mu Fusheng's hands, the purple Xuanyin Purple Thunder and the golden Heavenly Punishment Thunder also began to surge one after another, constantly blending.

On Xiao Hei's body, six lines of lines covered Xiao Hei's body!

Ye Qiubai raised the Nine-Foot Star Meteor Sword, aimed the sword at Patriarch Purgatory, and said indifferently: "Then, you can try it to see how much strength you have left."

Hear here.

The ancestor of Purgatory was slightly taken aback.

Then he raised his head and laughed out loud!

Laughing like crazy!

The insolent laughter was full of irony!

"How much is left?" Patriarch Purgatory looked at Ye Qiubai with a grin, and said with a smirk: "It's alright for the younger generation not to have enough strength, even their personality is so courting death?"

"Since you want to see how much strength my ancestor has left, then..."

The words are not finished yet.

The figure of Patriarch Purgatory turned into a blood shadow, and moved towards Ye Qiubai at a speed that was hard to detect with the naked eye!

In just an instant, it appeared before Ye Qiubai's eyes.

Immediately blasted out with one hand.

A **** palm print instantly condensed into shape!

Slammed into Ye Qiubai's body!

I just saw this breath.

Everyone has been able to preliminarily determine the strength of the other party.

A real wonderland.

This is not comparable to Pan Xie's defective products who used secret methods to forcefully step into the fairyland.

Even.

The strength of Patriarch Purgatory can at least reach the level of the middle stage of Earth Wonderland!

If it wasn't for this body, I couldn't fully adapt to it.

It is estimated that with the strong experience and background of the Patriarch of Purgatory, he can even kill the strong in the late stage of the Earth Wonderland with his incomplete strength in the middle stage of the Earth Wonderland!

See the palm prints coming.

Ye Qiubai drew his sword and slashed!

Mu Fusheng on the side stretched out his hands, and two thunder dragons, one purple and one gold, struck the palm prints!

Xiao Hei roared even more, rushed forward, and punched out!

The attacks of the three landed on the palm prints at the same time!

Nothing more.

In an instant, the three of them retreated directly!

Looking at the retreating figures of the three, Patriarch Purgatory was slightly surprised, and sneered, "That's right, with your strength, you can be called a genius if you can withstand my palm from Patriarch without being directly killed."

"It's no wonder that Pan Xie and those **** will suffer in your hands one after another, and even die in the end."

The faces of Ye Qiubai and the others froze slightly.

A former top powerhouse in the mid-latitude realm, even if his strength has retreated greatly now, it is not an existence that they alone can contend with.

Only by joining forces can we have the possibility of defeating each other!

Ye Qiubai said softly: "You can't keep your hands, you have to kill him before he can fully adapt to Chi Bing's body!"

If Patriarch Purgatory adapts to this body during the battle, I am afraid that there will really be no possibility of winning by then!

Su Muyou summoned a tripod at this moment, and the power of suppression swept towards Patriarch Purgatory!

The wind and thunder above Chenhui's spear turned into a dragon of spear intent and slammed into the ancestor.

Le Zhengchi played the piano with both hands, playing violently, and thousands of troops roared away.

Lin Zhinan and Miao Bangdao also shot with all their strength.

Ye Qiubai, the meaning of the half-step fairy sword began to gather on the Xingyun Sword, and the sword field continued to shrink!

Mu Fusheng, the power of the soul merged into the two thunderbolts at the same time, and the aura of destruction surged wildly in this world!

As for Xiao Hei, the will of the demon **** roared around his body, and behind him, he condensed into a phantom of the demon god, covered in black armor.

For a moment, outside Purgatory City, various auras swept across the world like a tornado!

Chapter 737 Qi Shadao's Shock!

When Qi Shadao, the Patriarch of Purgatory, hadn't fully adapted to Chi Bing's body, it was Ye Qiubai and others' idea at this moment to attack with all his strength and attack together to completely kill Qi Shadao.

See this scene.

Qi Shadao also naturally understood the thoughts of the other party's younger generation.

However, this is not the reason to make Qi Shadao frightened and angry.

It was the attack of these people, especially the sword repairman, the person who released the thunder, and the body repairer who was full of magic all over his body!

The attack of the three of them with all their strength at this moment actually made him feel threatened now!

Although the current him has not yet recovered his strength, nor has he adapted to this body.

However, how could Patriarch Purgatory, who was already at the top of the mid-latitude realm, bear this feeling?

This time, Patriarch Purgatory also understood why Pan Xie's four wastes were shriveled in the hands of these people, and even died...

These people, especially these three people, must not stay!

thought of this.

Qi Shadao's face became unnaturally dignified, and then he shook his hand!

Suddenly, **** killing intent erupted from Chi Bing's body!

Even if he didn't adapt to Chi Bing's body.

The **** murderous intent released by Qi Shadao is more pure and terrifying than the four of Pan Xie!

The **** killing intent seemed to condense into substance.

It seemed that the entire space was turned into blood.

The barren space has now turned into a **** space that urges people to kill!

This scene surprised Lin Zhinan and the others.

Sure enough, even Patriarch Purgatory whose strength has not yet recovered.

Still able to release strength that makes them feel irresistible.

After all, it was the top powerhouse that made the top forces in the entire mid-latitude domain try their best to encircle and suppress, and fear.

Its strength will definitely not be simple.

When they were in this **** space.

It seems that the limbs are all bones, and the blood in the blood vessels has stopped flowing because of it!

Under the shock of such a strong **** killing intent, even every movement, even moving fingers, feels a bit difficult!

This sense of oppression is not something that people like Pan Xie can give.

At this time, Mu Fusheng discovered the abnormality of Lin Zhinan and others behind him.

Frowning slightly, he circulated the power of his soul, integrated it into his own voice, and then released it.

"Don't be scared, if this happens, I'm afraid there is really only a dead end!"

"The current him is just an old man who has not recovered his strength and is slightly stronger than us."

Mu Fusheng's voice carried the power of the soul and spread into the minds of everyone.

Forcibly calmed down their mood.

When Qi Shadao heard these words, he sneered, and slowly raised his hands, two streaks of blood appeared in his palm at the same time.

Under the infusion of **** killing intent, the blood cells are constantly expanding!

In the end, under the dignified eyes of everyone, it turned into the size of a small mountain.

Qi Shadao shook his head slightly and said: "With the current strength and adaptability, the blood demon technique can only be condensed to this level."

Immediately, he looked at Ye Qiubai and the others with a gloomy gaze, and said coldly: "However, my ancestor, I, an old man, should be more than enough to deal with you with this level of blood magic."

The voice fell.

Qi Shadao waved his hands lightly.

The two blood spheres like hills smashed towards Ye Qiubai and the others at the same time!

Before the blood cell could approach, the strong and pungent sense of blood rushed into everyone's nostrils.

Along the nostrils, it spread to the sea of consciousness.

Shake their mood!

This is similar to the breath of the demon **** released by Xiao Hei.

It's just that it's not that pure.

I don't know how many people Qi Shadao killed to be able to condense such a strong **** killing intent...

Xiao Hei took the first step, smashing the ground with one foot, and cracks appeared.

And Xiao Hei's body rushed to one of the mountain blood **** like a shell, roaring.

Push out with both hands at the same time!

Want to resist this blood cell!

Ye Qiubai followed closely behind, holding the Nine-Foot Star Meteor Sword with both hands, the half-step Immortal Sword meaning and sword domain compressed on the sword body.

As a result, the blade of the Nine-Foot Star Meteor Sword was constantly trembling!

Small ripples were continuously produced as the Xingyun sword trembled.

Immediately, from top to bottom, a sword slashed out, and slashed on another blood cell!

Mu Fusheng is behind him.

First, the talisman was released, and the killing force blasted at the two blood cells at the same time.

At the same time, Mu Fusheng stretched out his hands.

Purple Xuanyin Purple Thunder, and golden Heavenly Punisher Thunderstorm gushes out!

It turned into a purple and a gold two-headed brontosaurus, roaring and crashing into the two blood cells respectively!

Three-person attack.

Order one after another aftermath to rush around.

The walls of Purgatory City began to collapse in pieces!

The mansion in it also sank into the ground.

only.

Even so.

Whether it's Ye Qiubai, Xiao Hei, or Mu Fusheng.

His face turned slightly pale.

The pressure brought by these two blood cells is too strong!

What's more, even if Qi Shadao's strength has not recovered, he has already reached the middle stage of the fairyland!

The gap between realms is too large.

The footsteps of the three of them were constantly stepping back.

The two blood spheres were constantly releasing **** killing intent, trying to swallow the three of them, and they were also constantly approaching.

At this time.

Su Muiyou's attack followed suit.

I saw a big cauldron suspended above the two blood cells.

With Su Muiyou's palm, he exited.

The body of the tripod made a dull knocking sound!

The knocking sound turned into a series of suppressing forces, suppressing the two blood cells from above towards the bottom!

Le Zhengchi stood on one knee, placed the guqin on the other leg, and swept the strings with both hands extremely fast and violently.

Sky General.

Ground cavalry.

All are holding sharp long swords.

Charge towards the two blood cells respectively!

Chen Hui shouted angrily, the force of wind and thunder above the spear turned into a huge tornado.

In the tornado, there is lightning flowing continuously!

Chen Hui made a lunge, holding a spear in both hands, and threw it forward!

The long gun came out!

Under the cover of the gust of wind and thunder, it pierced a blood cell extremely fast!

Lin Zhinan and Miao Bangdao also exploded with all their strength.

this moment.

Xiao Hei, Ye Qiubai and Mu Fusheng's retreating steps stopped at this moment.

The pressure on the three of them also dropped suddenly!

And saw that several juniors on the other side actually teamed up to resist his own blood magic.

Qi Shadao's face was extremely ugly.

The dignified Patriarch of Purgatory, even a few juniors can't solve it?

Didn't this make the group of juniors in Biluo Huangquan Palace see a joke?

Chapter 738 Qi kills and escapes

The strength of these juniors surpassed the expectations of Patriarch Qi Shadao of Purgatory.

Even Qiu Genyin and the other four people from Biluo Huangquan Palace couldn't understand it.

Le Zhengchi, the attacks of Su Muyou and the others were just assistance.

However, Xiao Hei, Ye Qiubai, and Mu Fusheng, who are the leaders, can explode with such astonishing strength?

Even resisted the attack of Patriarch Purgatory?

You know, even if your strength doesn't recover.

That also has the strength of the middle stage of the fairyland!

At that time, when Ye Qiubai and others killed Pan Xie and the others.

Qiu Genyin was not too frightened.

After all, whether it is Pan Xie, Jiang Chen, or Han Hua and Yu Huang.

All rely on the power of the soul given by the Patriarch of Purgatory to activate the secret method.

Forcibly raised the realm to the early stage of the fairyland for a short period of time.

However, there is still a huge gap between the strength of the realm forcibly raised by secret methods and the real fairyland.

Of course, even after that, Pan Xie and the others did not hesitate to burn their souls.

Its strength is only a little closer to the real strong in the fairyland.

Therefore, it is not a surprise that Ye Qiubai and others killed him.

But.

Now he is able to compete with the real strong in the Earth Wonderland, and he is still in the middle stage of the Earth Wonderland!

And the Purgatory Patriarch, who has a lot of experience and killing experience, has the possibility to compete!

How could this not surprise Qiu Genyin and others?

but.

This is also normal for Xiao Hei, Ye Qiubai and Mu Fusheng.

At that time, he was fighting with the four of Pan Xie.

It is also a process of honing one's own strength and stabilizing one's realm.

After the battle, I have a new understanding, and the realm is more stable.

The strength is naturally stronger than before!

Moreover, Xiao Hei even integrated a soul fragment.

In terms of today's physical strength.

Xiao Hei was able to compete with the early stage powerhouses of the Immortal Realm.

Even, to a certain extent, the strong in the early stage of the fairyland are not Xiao Hei's opponents!

so.

They were able to work together to resist Qi Shadao, the Patriarch of Purgatory who is currently only in the mid-Earth Wonderland.

In fact, it is not difficult to understand.

Just in the eyes of others.

It's just too scary.

And at this time.

Qi Shadao didn't have time to say anything more.

Suddenly his expression became slightly dignified, and his hands suddenly stretched out to the sides.

On his left and right sides, and behind him.

There are three huge ape demon phantoms, holding the cage with both hands, from top to bottom, and smashing towards Qi Shadao's body at the same time!

These three ape demon phantoms are the three apes and men from Xianyuan Village!

This is also what Mu Fusheng left behind.

Let the three people of Xianyuan Village who have been ignored by people.

Hidden in the dark in the distance.

If the situation is not right, then look for opportunities on the sidelines and carry out a sneak attack in secret!

With the physical strength of the three apes and men.

It is also an existence that is comparable to the people at the peak of the turbid fairyland.

If it is normal.

Qi Shadao naturally wouldn't care about the attacks of these three people.

However, at the moment of confrontation with Xiao Hei and others.

The full blow of the three of them still made him feel a little bit threatened!

Boom!

The attack of the three ape and man bombarded a **** barrier.

Qi Shadao turned hard, and angrily said: "Three little grasshoppers, are you jumping here too?"

After saying that, he shook his palm.

In the **** barrier, several fang-toothed ghosts rushed out!

directly ran into the three apes and men!

Just moments.

The three ape-man were knocked out!

It was at this moment when Qi Shadao was distracted.

Xiao Hei, Ye Qiubai and Mu Fusheng saw this point.

At the same time, start to exert strength!

Xiao Hei let out a roar, and the phantom of the demon **** behind him blasted both fists at the two blood **** at the same time!

Mu Fusheng once again condensed the power of two thunderbolts, one purple and one gold.

Gathered into a purple-gold thunder dragon full of aura of destruction.

Accompanied by the sound of the dragon's chant, a flick of the tail suddenly flew towards the blood cell!

Ye Qiubai was behind him, condensed into a giant sword, and directly slashed at Qi Shadao!

The attacks of the three of them broke out almost at the same time!

When Qi Shadao found out, he was just about to attack, but saw Ye Qiubai's great sword of immortal sword intent already slashing towards him.

Had to frown first to break it up.

However, the two blood cells were under the full attack of Xiao Hei and Mu Fusheng.

burst open!

turned into a monstrous blood mist, suspended in this space.

Qi Shadao shrank his pupils and kept backing away.

Because I still haven't fully adapted to this body.

Now that he is using the technique of massacre, he has been cracked by the opponent.

A force of backlash poured into the limbs and bones.

His face turned pale, and blood gushed out!

Even the soul was slightly shaken!

This is Mu Fusheng's soul power attack!

Seeing this scene, Qiu Genyin and the others frowned tightly.

This kind of strength, this kind of talent.

Why is it so monstrous?

In the entire mid-latitude boundary, it seems that there has never been a monster of this level since the beginning, right?

Earth Wonderland has not yet set foot.

Already have joined hands to make a strong man in the mid-earth fairyland, and the ancestor of purgatory Qi Shadao who has many means have been injured?

How on earth is this done?

Qiu Genyin couldn't figure it out, nor could he figure it out.

Do not know why.

At this moment, Qiu Genyin has slightly regretted being an enemy of this group of people...

In my heart, this idea came up unconsciously.

only.

The moment this thought appeared.

Qiu Genyin crushed it.

I thought to myself.

Just let the Patriarch of Purgatory tell them the way to the high-latitude realm, and take Biluo Huangquan Temple to the high-latitude realm.

When the time comes, they will join Jiuyou Huangquan.

Its strength will naturally increase extremely fast!

At that time, no matter how evil these people are.

It is impossible to catch up quickly.

not to mention.

Whether the other party can go to the high-latitude boundary is still unknown.

To know.

In the mid-latitude boundary, from the beginning to the present, how many evil geniuses are there?

At the end, didn't they all die in the mid-latitude boundary?

After thinking of this.

Qiu Genyin didn't think about it anymore.

doesn't make sense anymore.

At the moment.

Qi Shadao clutched his chest, looking at Xiao Hei and the others with disbelief.

asked: "How on earth did you do it?"

Xiao Hei and the others did not answer this question, but took advantage of his illness to kill him!

Charged towards Qi Sha Dao again!

Qi Shadao saw this and wanted to defend himself.

However, this body is not adapting due to previous backlash.

It actually began to repel his soul!

If shot in this situation.

Even if you win.

I will also be completely rejected by this body.

Arcana will also dissipate.

Caused himself to become a soul body again.

And in this City of Absolute Soul, it is bound to be suppressed in the City of Purgatory!

This scene is something that Patriarch Purgatory did not want to see.

So he looked at Qiu Genyin and the others, grabbed them, and flew directly into the air!

Under the eyes of Ye Qiubai and others, he disappeared in the city of Absolute Soul.

Only one sentence was left.

"After my ancestor recovers my strength, it will be the time of your death!"

"Also, I'm keeping an eye on your physical body, Patriarch, don't die within this period of time!"

Qi Shadao refers to.

Of course Xiao Hei!

Chapter 739 Xiao Hei knows how to drink cups!

Watching Qi Shadao tear away the restrictions of Juehun City and leave here.

Lin Zhinan and the others were not surprised by this.

For the old monster that has survived for so long, and was still the ancestor of purgatory who existed in the mid-latitude realm.

It is not surprising that there are some special means.

Just, what he just said.

But Mu Fusheng and Ye Qiubai's hearts sounded the alarm.

obviously.

Qi Shadao took a fancy to Xiao Hei's body.

That is to say, why Pan Xie was so eager to kill them before.

It is probably also the inspiration of Qi Shadao behind him.

Mu Fusheng walked up to Xiao Hei and said, "Be careful when the time comes, this Patriarch of Purgatory will definitely try his best to recover his strength after he leaves."

Ye Qiubai also nodded slightly, "When the strength recovers, I'm afraid they will start targeting you."

Xiao Hei smiled lightly, and said: "There is pressure to be motivated, just right, and now I also urgently need strength, and a little pressure is just right."

Mu Fusheng felt helpless.

On the head iron.

Brother Xiao Hei is in the thatched cottage, if he is ranked second, no one would dare to be the first.

Even senior brother Ye Qiubai is not as good as senior brother Xiao Hei.

This is a pure reckless man!

Completely ignorant of what death is.

Mu Fusheng sighed helplessly, thinking to himself.

At that time, let me pay attention.

Alas, I am so tired.

For a person with Mu Fusheng's personality, the safety of Ye Qiubai and Little Darkness has been taken over by Mu Fusheng.

And people like Ye Qiubai and Xiao Hei who don't know how to restrain themselves, can they not cause too many troubles?

Or in other words, which time did not cause a big problem?

So, Mu Fusheng expressed that he was very tired.

Started to sympathize with Lu Changsheng again.

Can't help but sigh with emotion: "I really don't know how Master came here these years, how he resisted not slapping Senior Brother and Senior Brother Xiao Hei to death..."

It seems that he heard Mu Fusheng muttering to himself.

Both Xiao Hei and Ye Qiubai turned their heads and looked at Mu Fusheng with unfriendly eyes.

Mu Fusheng immediately stood up straight, responded with a flattering smile, and patted his mouth lightly with his hand.

Then he said with an extremely strong desire for survival: "Senior brothers, I was wrong. It is my honor, Mu Fusheng, to wipe your **** for you!"

Ye Qiubai: "..."

Xiao Hei: "..."

Even Lin Zhinan and the others, who were somewhat depressed behind them, couldn't help laughing.

When shepherds the evildoers of floating life, she is a real evildoer.

But when facing Ye Qiubai and Xiao Hei, he was pretty rough.

Back to the topic.

Ye Qiubai asked: "Now, Patriarch Purgatory and the people from Biluo Huangquan Palace have left Juehun City, so it's time to occupy all three cities."

Speaking of which.

Le Zhengchi took the initiative to say: "Since this is the case, I am not your opponent, nor am I qualified to fight for the final reward."

Both Chen Hui and Miao Bangdao nodded.

They mean it too.

After all, in order to obtain the final reward of the Absolute Soul City, one party must occupy the three cities.

Whether it is Le Zhengchi or Chenhui Miao Bangdao, they all belong to Xingyun City.

Arguing with Xiao Hei about the right to occupy?

Le Zhengchi and the three of them knew very well in their hearts that they did not have the strength nor the qualifications.

Since these days.

Xiao Hei, Ye Qiubai, Mu Fusheng.

The strength shown by these three people made them feel shocked.

At the same time, I also think that if I compete with them on the same stage.

There is no possibility of winning at all!

so.

Instead of this, it is better to be generous and directly hand over the occupation of Xingyun City to Xiao Hei and the others.

At the same time, there is no need to lose face...

Hearing this, Ye Qiubai frowned slightly, and said: "Since it is a cooperative relationship, and you have also contributed, you will naturally have a share of the reward."

Chen Hui smiled, his eyes full of admiration.

This kind of talent, this kind of strength, being able to say such words is already very remarkable.

Has the style of a general!

Thinking that he still looked down on this sword repairer named Ye Qiubai before, Chen Hui couldn't help smiling bitterly in his heart.

"We've got enough in Nebula City."

Le Zhengchi also nodded slightly: "If it wasn't for Xingyun City, I'm afraid I'd be stuck in this realm for a few more years."

Speaking of Nebula City.

Ye Qiubai pondered for a while, and then said: "There are still five days left before the closure of Juehun City. During these five days, we can go to practice again. By the way, let's take a look at the place on the top of the tower after passing through the ninth floor." What the **** is there?"

Hear here.

Everyone nodded in agreement.

This is also what they think.

After all, the cultivation tower is of great help to cultivation.

Not only in terms of realm, but also in terms of actual combat mood, it has also been greatly improved!

After the decision is made.

Ye Qiubai and others entered Purgatory City and occupied the territory of Purgatory City, then returned to Demon King City and regained the territory of Demon King City.

Then he walked in the direction of Xingyun City.

...

In the next five days, he will continue to practice in the cultivation tower.

Le Zhengchi, Chen Hui, and Su Muyou successfully passed the third floor.

Lin Zhinan and Miao Bangdao passed the second floor.

After they came out, although the realm of the five of them hadn't broken through, they had also improved a lot.

The same goes for combat experience and awareness.

The harvest is quite fruitful.

When the last day comes.

Xiao Hei and Ye Qiubai have already reached the top of the tower.

The five looked at the three light spots on the top of the tower with emotion.

They all couldn't help laughing helplessly: "I'm afraid, only these three perverts have reached this level, right?"

Lin Zhinan also nodded and smiled and said, "This time, the biggest gain from coming to Absolute Soul City is not strength, but the friendship of Ye Qiubai and the three of them."

Although friendship is not enough.

But at least there is a basis for fighting side by side.

Su Muiyou also nodded in agreement.

This is also what she thought.

For her.

Being able to reap the friendship of these three people is much more important than improving one or two realms.

Realm For them, a breakthrough is only a matter of time.

However, as the next heir of the Su family.

Su Muiyou's thinking is different from that of casual cultivators.

The interests of the family naturally come first.

And she knows it too.

Be able to train monsters of the level of Xiao Hei, Ye Qiubai and Mu Fusheng.

The people behind him will certainly not be simple!

Once you have friendship with these three people.

Then, there is also a little connection with the mysterious existence behind them.

These are extremely important things for the Su family!

And at this moment.

At the top of the tower.

Xiao Hei watched Ye Qiubai and Mu Fusheng come over, and smiled slightly, "It's been a day."

Ye Qiubai and Mu Fusheng looked at each other.

I secretly thought it was bad.

It's over, after absorbing a soul fragment.

Xiao Hei knows how to fill cups!

Chapter 740 The Old Man on the Top of the Nebula City Tower

What is on the top of the Nebula City tower?

Everyone is curious.

Curious about who is able to cast such a tower suitable for cultivation.

If possible, I even want to move this training tower out...

At the moment.

Surrounded by Xiao Hei, Ye Qiubai and Mu Fusheng.

The environment is not nothing special.

The location where the three of them are now is a small room.

There is a huge bookshelf on the four walls, and the bookshelves are full of books.

Only, none of these books have titles.

In front of the three of them, there was a small wooden table.

On the small wooden table, an old man with a phantom body was writing something at his desk.

Wait until all three come in.

The old man raised his head, put down the pen made of soul in his hand, and said with a smile, "Looks like it's all here."

"However, those who break into the tower on weekdays may not be able to reach the top of the tower. This time, there are three directly."

Mu Fusheng asked curiously: "Senior, what floor did the person who broke into the tower reach at the highest?"

The old man smiled lightly, thought for a while and said, "It's been a long time, so long that even the old man can't remember the time."

"The old man only knows that that person is also a sword cultivator, but it seems that the aura of that sword cultivator is a bit similar to this little friend. Never had."

Heard the words.

Ye Qiubai was slightly taken aback.

Is a bit like my breath?

That is the person who also has the Hunyuan sword body.

Is it impossible...

Is that the founder of Tianjian Peak?

He is the only one who has the same Hunyuan sword body as Ye Qiubai.

The old man said with emotion: "That person's talent is also very good, but he didn't enter the top of the tower after completing the test on the ninth floor. It seems that he left directly after feeling the old man's existence."

Um?

Passed the test of the ninth floor, but did not enter the top of the tower?

Xiaohei and the three of them were a little puzzled.

Why is this?

"But everyone has their own ambitions, maybe that person doesn't want to inherit the old man's mantle."

"Since this is the case, you can't force it."

This old man seems to have a clear understanding of some things.

It seems that there is no desire or desire.

Therefore, Ye Qiubai asked curiously: "Senior has been suppressed in Juehun City for so many years, didn't you think about going out?"

"Go out?" The old man shook his head slightly, and said with a smile: "Why do you want to go out, it's very quiet here, the old man can quietly appreciate the wisdom of the predecessors, and try to understand their exercises."

"Outside, cause and effect are entangled, and the overall troubles are constant, so why go out?"

Mu Fusheng asked doubtfully, "As long as the senior reaches the peak, he won't be entangled in karma, right?"

The old man smiled and shook his head, nodded Mu Fusheng and said, "What is the peak?"

What is the pinnacle?

Mu Fusheng was stunned.

This question seems easy to answer.

Isn't the peak of stepping on everyone's head, no one else can beat you?

Even Ye Qiubai and Xiao Hei think this way.

The old man seemed to see what the three of them were thinking, and smiled and said, "How do you know that above the peak, there is no more peak person?"

"For example, those of you who just started cultivating, you think that in this realm, one person is the strongest existence."

"However, when you surpassed him in strength, did you realize that this boundary is just a drop in the ocean in this latitude, not worth mentioning."

"In the same way, when you become the pinnacle of this dimension, do you have a higher latitude?"

Hear here.

There seemed to be a hint of understanding in the eyes of the three of them.

Seeing this, the old man continued: "There are people beyond people, and there is heaven beyond the sky. This sentence is very applicable no matter when it is placed and in what state."

"The word peak is too illusory."

"Perhaps it is quite easy to say these two words, but when you actually do it, you will find that no one can do these two words."

Speaking of which.

Ye Qiubai and the three of them all nodded clearly.

Their vision is still too small.

Peak is a goal to pursue.

However, it is an illusory dream.

A person can only work hard to get close to the peak existence.

However, when you feel that you are about to touch, the peak will appear in the distance again.

Ye Qiubai and the three of them all bowed solemnly, and said at the same time: "I have been taught."

The old man waved his hands very modestly and said: "The old man just has more experience than you. In your period, I am not even as good as you."

"Okay, I won't talk about the big truth. After waiting for you, you will understand it naturally."

The old man walked around the wooden table, floated in front of the three Xiaohei, and said with a smile: "It's time to talk about something you are interested in."

Something of interest.

That is naturally inherited.

The old man smiled and said: "Let's see what the three of you are suitable for."

After finishing speaking, three strands of soul body emerged from the old man's body.

And when the three strands of the soul body came out, the body of the old man was not as illusory as the rest of the soul body.

On the contrary, it is still extremely solid!

Its aura has not weakened in the slightest!

Still, this.

The three little blacks did not observe it.

When the tentacle-like soul body was placed between the eyebrows of the three of them.

A full incense stick of time has passed.

The old man smiled and withdrew his soul power.

smiled and said: "You three little guys are more difficult than the other."

"But let me declare first, the old man did not peek at your memories."

Memory is a thing that hides too many secrets of oneself.

If you were someone else, you might not care so much.

The three Xiaohei could also feel that the old man did not probe their memories.

Just circled around their sea of consciousness.

The old man floated to the bookshelf, opened the bookshelf, and said with a smile: "Sword cultivator boy, the Hunyuan sword body is a dream existence for sword cultivators. In almost every era, there is only one person who can achieve the Hunyuan sword body." able to exist."

"So, there are a little few ways to activate the Hunyuan sword body, but it's not without it."

After finishing speaking, the old man took out a book without words from the bookshelf, handed it to Ye Qiubai, and said, "There are some records in this book, you can read it."

"Boy Talisman, if you major in the Way of the Soul and Thunder, then this book will be entrusted to you."

"As for you, demon boy, I will give you this book."

The old man stopped and said with a smile: "The mantle of the old man is this knowledge. It may not improve your strength for the time being, but it should be of great use in the future."

The three of them opened it and looked a little horrified.

Because the handwriting on it was copied by the old man himself!

It is exactly the same as the writing on the wooden table!

After looking up.

The old man has disappeared in front of them.

Only a few words were left.

"Don't be in a hurry to watch it now, go and get the final reward of Juehun City first, maybe we will meet again in the future."
