

## My Disciples 741

Chapter 741 The news came out

The old man disappeared without a sound.

Whether it's Ye Qiubai, Mu Fusheng, or Xiao Hei.

Didn't notice the slightest bit.

Who is this old man?

Why is it possible to break through the suppression of Juehun City anytime, anywhere, and escape.

Why didn't you just leave this place before then?

Could it be that, as the old man said before, it was just to seek a piece of pure land in this City of Absolute Soul?

These are all unknown.

Ye Qiubai said with emotion: "I don't know who this senior is, but I am afraid that the level of being able to say this is not too low."

Mu Fusheng smiled and said: "These are not things we can think about now. When our strength improves and reaches a certain level, there will always be a chance to meet again."

Only Xiao Hei looked at the book in his hand with a solemn face, and only opened the first page.

The first sentence of the first page.

Take it easy and avoid the pursuit.

The second sentence.

After the physical body can compete with the fairyland, you can try to go to Kunlun Ruins.

Just these two sentences.

Xiao Hei understood that the old man knew his identity as the Demon Lord.

And also know about the soul fragments!

This point made Xiao Hei's heart tremble a little.

Who is this old man?

How did you know about this before you met him?

You must know that the soul fragments have already become the demon master.

Only the people in Caotang and Xianyuan Village know about this!

not to mention.

The old man's previous investigation did not probe their memory!

However, fortunately, there was no hostility towards them.

If this kind of unpredictable prophet is their enemy, I am afraid the consequences will be disastrous.

At this time.

Ye Qiubai said: "The time is almost up, it's time to go out and see what the final reward of this Absolute Soul City is."

Xiao Hei and Mu Fusheng both nodded.

After the three of them went out.

Although Lin Zhinan and the others were curious, they did not ask what kind of inheritance the top of the tower had.

After all, it is not easy for monks to say something like inheritance.

If Ye Qiubai and the others wanted to talk, they would naturally tell.

If you ask rashly, you may be disgusted by the other party, and you may not be able to ask, so why bother?

Ye Qiubai and Mu Fusheng sat down cross-legged, absorbing the rich spiritual energy in the wooden sign.

Mu Fusheng is still absorbing in the heavily isolated talismans.

Ye Qiubai found a random place and sat down.

After absorbing everything.

Ye Qiubai's realm has also reached the late stage of the turbid fairyland!

Lin Zhinan and the others couldn't help smiling wryly and shaking their heads when they saw this scene.

Boundary breakthrough is too fast.

And it seems that when breaking through the realm, there is no obstacle, everything is just a matter of course.

This is also a manifestation of the solid foundation of the road.

Ye Qiubai's advantages are fully manifested at this time.

There is still half a day before Absolute Soul City closes.

At this time, Ye Qiubai and Mu Fusheng ended their cultivation.

Le Zhengchi, Chen Hui and Miao Bangdao stepped forward.

"Okay, let's occupy this Nebula City first, and hurry up to get that reward, otherwise Absolute Soul City will be closed."

Ye Qiubai nodded and said, "We will remember this favor."

Le Zhengchi shook his head and said: "You are stronger than us. If we were stronger, we would not have given you this opportunity."

Ye Qiubai smiled, but took this matter to heart.

Actively yielding and passively yielding are two different things.

In any case, this is a love.

This will all have to be paid back at that time.

Immediately afterwards, the three of Le Zhengchi walked out of Xingyun City.

When only the people from Demon King City were in Nebula City.

The star marks on the hands of the three of Le Zhengchi also disappeared.

This also means that they lost the territorial rights of Xingyun City.

It was at this time.

The remaining two cities are all occupied by the Demon King City!

Suddenly, in the sky of Absolute Soul City, the bright galaxy that runs through the entire sky bursts out with dazzling starlight!

Starlight shone on every inch of the ground in Absolute Soul City.

At the moment.

If someone is outside Absolute Soul City, they will probably see a horrifying scene.

The soul body in the outer city was actually sucked into the bright galaxy under the starlight!

There is a soul body with a frightened face.

There are also souls and bodies showing relief on their faces.

Because, if they hadn't escaped from Juehun City, their souls and bodies would completely disappear when the starlight fell.

Similarly, in the inheritance place in the middle of Absolute Soul City, the souls of the strong are also forcibly absorbed!

One time.

Ye Qiubai and others raised their heads, and they could see that there were transparent soul bodies, which were sucked into by the bright galaxy!

Mu Fusheng couldn't help being surprised and said: "The soul has been sucked into it?"

"Isn't that, this Absolute Soul City is about to disappear?"

Su Muyou also nodded and said: "I'm afraid that's the case. All souls will be absorbed. At that time, there will be no other souls in Absolute Soul City, and the inheritance will disappear accordingly, and there is no need to continue to exist."

This burst of starlight lasted for a long time.

When all the soul bodies in the middle of the periphery of Juehun City have been absorbed.

The entire Absolute Soul City began to tremble!

Whether it is Ye Qiubai, Xiao Hei Mu Fusheng, or Su Muyou and others, they are surrounded by a starlight.

Immediately, as the starlight dissipated, he disappeared in place, and he didn't know where he went.

Le Zhengchi, Chen Hui, and Miao Bangdao who were outside Xingyun City were directly teleported out of Juehun City to the space outside Juehun City.

The teleported figures of the three of them were also seen by the top figures of the various forces waiting outside Absolute Soul City.

Seeing this scene, the expressions of these top figures froze.

Among them, the Great Elder of Lingxian Palace stepped out and came to the front of the three of them, and asked in a deep voice: "Little friend, are you the only one who came out? Where are the others?"

Not just the Great Elder of Lingxian Palace.

The old man from the Su family, as well as the Supreme Elder of the Saint Talisman Sect, Huo Zhengheng, the lord of Tianjian Peak, the head of Xianyuan Village, Yuan Shou and other powerful people all turned their eyes over.

Le Zheng thought for a while, and briefly described what happened in Absolute Soul City.

Of course, some things that should not be said.

For example, what inheritances have been obtained by everyone, they are all concealed.

But, just hearing these things.

It also surprised the top figures of the various forces.

Infernal Purgatory.

The resurrection of the Patriarch of Purgatory.

Among them, there were countless casualties.

And finally, the Demon King City led by Xiao Hei, Ye Qiubai, and Mu Fusheng occupied three cities!

The Su family, Lingxian Palace, Shengfuzong, Xianyuan Village and Tianjianfeng were all a little excited.

You know, since the appearance of Absolute Soul City, no one has been able to get the final reward!

However, there is also a piece of news that makes the hearts of all the forces a little heavy.

Patriarch of Purgatory, the rebirth of Qi Shadao!

Chapter 742 Reward: Galaxy itself!

Patriarch of Purgatory, kill Dao together.

This is a name that makes the entire mid-latitude realm fearful.

The younger generation may not feel the horror.

But for these figures of top power, it is still engraved in the memory until now!

Why did they join forces to deal with Infernal Purgatory?

Even at such a high price, many top forces joined forces.

One of the reasons is that the power of Infernal Purgatory is too terrifying.

Evil cultivators raise their realms and their methods of killing people are too terrifying.

An Infernal Purgatory is already much stronger than a single top power.

The second and more important point is that the patriarch of purgatory Qi Shadao, who kills people like hemp, no matter his strength, or his secret skills and skills, is hard to guard against.

At that time, the top forces joined forces.

It took more than a dozen powerhouses from the Heavenly Wonderland to defeat it!

In the end, the soul of the other party was able to escape!

From this point of view, we can see how frightening the Infernal Purgatory and the Patriarch of Purgatory were.

Today.

The rebirth of Qi Shadao made the hearts of many forces sink.

The Great Elder of Lingxian Palace said solemnly: "Everyone, do we need to discuss the matter of Infernal Purgatory?"

The old man of the Su family also nodded slightly: "We really need to discuss it."

Sacred Talisman Sect and Tianjian Peak responded one after another.

However, the top figures of other forces showed hesitation at this moment.

Cyanwood Sect is the leader of hidden forces in the mid-latitude realm.

Although it is not as huge as the Lingxian Palace and the Su family, it still has a little right to speak.

At this moment, the suzerain of the Cyanwood Sect pondered and said: "I don't think there is any need to worry so much. Even if Qi Shadao is reborn, he may not be able to do much in a short time."

"And with the previous lessons, I shouldn't be so arrogant anymore. When the time comes and cause public anger, the loss outweighs the gain."

Other forces also nodded slightly.

It's just their eyes, which show some signs of dodge.

Sure enough.

The reactions of these forces were all predicted by Qi Shadao.

After all, Patriarch Purgatory and Infernal Purgatory have too many names.

At that time, in order to destroy the Infernal Purgatory, it cost a lot of money.

If they want to make a move now, it might be a huge blow to their sect.

Rather than that, it is better to shirk first.

As long as Infernal Purgatory does not do anything that affects the interests of their sect.

As for the life and death of other sects.

What's the matter with them?

It's none of your business to hang on high.

This is the mentality of these forces today.

People from Lingxian Palace, Su Family, Saint Talisman Sect, Tianjian Peak and other forces naturally knew what the other party was thinking.

Unavoidably, his face was a little ugly.

Huo Zhengheng cursed in a low voice: "I don't want to encircle and suppress now. When the time comes, when the Infernal Purgatory completely recovers its vitality, won't the loss be even greater?"

Besides, the old man of the Su family smiled helplessly: "It's not that they don't know, they just don't want to know."

"When the catastrophe comes, many forces will immediately think about how to break away from themselves, become that oriole, and wait until the end is about to jump out to reap the benefits of the fisherman."

"Okay, needless to say." The Great Elder of Lingxian Palace also looked unhappy.

After all, Lingxian Palace was one of those top forces at that time.

"At that time, we will try to spread the news, and then let the forces who want to come discuss together."

The Supreme Elder of Shengfu Sect also nodded and said: "With Qi's killing character, he will definitely not let it go. Even if we don't encircle and suppress this kind of thing, we have to prepare earlier."

The rebirth of Patriarch Purgatory made all the top figures temporarily forget about Ye Qiubai and others.

Today.

In Absolute Soul City.

In a space surrounded by galaxies.

Xiao Hei, Ye Qiubai, Mu Fusheng, Lin Zhinan, Su Muyou, and the three people from Xianyuan Village were all among them.

No matter which direction you look.

There is a ring-shaped bright galaxy flowing slowly.

And now.

In this bright galaxy, the power of suppression has dissipated.

There is only the power of the soul.

At this time, Ye Qiubai smiled and said: "It would be great if Shi Sheng was here, this place is quite suitable for him to practice."

Mu Fusheng and Xiao Hei both nodded.

After all, Shi Sheng is the power of the stars for cultivation.

If you can absorb the power of the stars here, maybe how much you can improve it.

Su Muyou and Lin Zhinan who were on the side could not help being taken aback when they heard the conversation between the three of them.

People who cultivate the power of stars?

Are these three monsters from the same sect again?

The cultivator of the power of the stars has not appeared for a long time...

You must know that the cultivation method of the power of the stars has long since disappeared in the long river of history.

Su Muyou and Lin Zhinan looked at each other helplessly.

People of this force, what kind of monsters are they?

Why does it feel that one is more terrifying than the other!

Sudden.

In front of everyone, a light curtain appeared.

In the light curtain, there is a figure shrouded in darkness, making it impossible to see his face.

The figure in the light curtain said: "Well, after so long, someone is finally qualified to stand here."

"However, being able to come here proves that you have some natural strength."

Everyone looked at each other.

Su Muyou and Lin Zhinan were even more stunned.

In the eyes of this figure, can the people who come here only be regarded as having some talent and strength?

Lin Zhinan said: "Senior, I didn't make much effort to be able to come here, I still rely on..."

Su Muyou obviously wanted to say the same thing.

However, before he finished speaking, he was interrupted by the person in the light curtain.

"Luck and choice are also a kind of strength."

"You can choose them, and follow them all the time without abandoning them, which means you have this luck."

"Also eligible for this reward."

Xiaohei and the three of them all nodded.

This is right.

Luck, an illusory thing, is also a kind of self-strength.

At this time, Ye Qiubai asked aloud: "Senior, what is this reward?"

The voice fell.

Ye Qiubai felt the figure in the light curtain, and locked his eyes on himself.

Just locked eyes.

Even if it's just a light curtain.

But it still seemed to have traveled thousands of miles, making Ye Qiubai's heart feel as if it was pinched by a big hand.

As long as the opponent has a thought, he can kill him at any time!

And at this moment.

The Qingyun sword in Ye Qiubai's body exuded a sword principle, which directly chopped the breath that invaded Ye Qiubai's body!

A surprised sound came from the light curtain.

"Oh? It seems that you are also a person with great luck..."

"As for the reward, it is the power of the soul in this entire galaxy, and this galaxy itself..."

Chapter 743 Raise doubts, rewards are wrong?

Galaxy itself?

Ye Qiubai and the others were slightly taken aback.

Can't help but glance at the surrounding galaxy.

The figure in the light curtain said that this galaxy is their reward.

is the final reward of Absolute Soul City.

Mu Fusheng touched his chin and said, "Could it be that the soul bodies absorbed before are related to this reward?"

Everyone was slightly taken aback after hearing this.

The figure in the light curtain heard these words.

also nodded and said: "That's right, Xinghe itself is actually the body of Absolute Soul City."

"The soul body suppressed by Absolute Soul City is just the soul body that Xinghe has not yet swallowed. Now, it is only swallowing and integrating it."

"And your reward is this condensed soul body. Although it is not that powerful, it is still huge for your young people in the mid-latitude realm."

After hearing what the figure said, everyone was a little dazed.

Xinghe itself is the body of Absolute Soul City?

Ye Qiubai thought for a while and said: "Then according to what the senior said, this galaxy is a magic weapon to devour souls?"

Immediately, Ye Qiubai moved forward slightly, feeling the huge soul power in the galaxy, and said with a dignified expression: "Moreover, the soul body after being swallowed by the galaxy has been purified extremely clean."

"Its own memory, as well as its own imprint, have been obliterated."

"The current soul body is the purest soul power! It can be absorbed directly!"

if it is like this.

Then what level of magic weapon is this galaxy?

unexpectedly able to do this kind of thing.

If it is just to purify aura, it can only be regarded as rare, and it cannot make everyone so horrified.

However, purifying the soul is much more difficult than purifying aura.

The two are not on the same level at all!

There are many "impurities" in a person's soul.

That is, the memories, imprints, and even the soul skills that a person has practiced before in life!

If you simply devour the soul.

Will be invaded by these memories and imprints into one's own sea of consciousness.

As a result, the sea of consciousness will be broken, and it may even be taken away!

If you want to purify all the "impurities" in your soul, it is not something that ordinary people can do.

Unless the strength gap between the two sides is too large.

Forcibly move to use the power of the soul to annihilate the mark in it.

But.

How can the suppressed souls in Absolute Soul City be simple?

Leaving aside the soul bodies in the outer cities.

Just talking about the souls in the inheritance land in the middle section of Absolute Soul City, they are already very powerful, and can even exist as the strongest in the mid-latitude realm.

Before, Xiao Hei and others suspected that the soul bodies of the middle inheritance land were at least people from the high-latitude realm...

Well, in this case.

If Mu Fusheng, Ye Qiubai, Xiao Hei and others directly devoured each other's soul body, even if they only swallowed one, they would end up with a shattered sea of consciousness, or be taken away.

But.

The figure in the light curtain confirmed Ye Qiubai's conjecture.

"It can be purified, within your limit, you can absorb as much as you want."

Heard the confirmation of the figure.

Lin Zhinan and Su Muyou all looked happy.

If this is the case, then their soul power will have an unprecedented improvement!

For them, the power of the soul has always been a shortcoming.

It can also be said that almost all ascetics in the world put the cultivation of spiritual energy first.

Soul, only when necessary will it be slightly improved.

In general, as long as it is enough.

Mu Fusheng frowned slightly.

Seeing this, Ye Qiubai and Xiao Hei leaned over.

The three of them used the sound transmission jade pendant given by the master to transmit the sound.

If you use aura to transmit sound, you may be guessed by the other party.

But given by the master, the three of them have enough confidence in Lu Changsheng.

The other party will never know the content of their voice transmission!

Ye Qiubai asked via voice transmission: "What's wrong, is there something wrong?"

Mu Fusheng nodded, and replied: "There are too many things that are wrong."

"First of all, the first point is, what is the purpose of the other party, why did they build the Absolute Soul City to suppress the souls of so many strong people, and then in the end, people who have cleared the level must absorb these soul bodies."

Because of the figure in the light curtain, it is obvious that he did not die.

Moreover, the opponent obviously does not belong to this latitude, but belongs to a strong man of a higher latitude.

Otherwise it would be impossible to do this.

And a strong man standing at such a height, why did he arrange the Absolute Soul City when he was not dead?

Why should this reward mechanism be created?

Could it be just for his bad taste?

If you insist on dragging the inheritance.

And why not find the inheritors in the high-latitude realm where the strength and talent are stronger than theirs?

Mu Fusheng continued to transmit voice transmission: "As the saying goes, you don't get rewarded for nothing. If there is nothing wrong with it, I really can't believe it."

"The biggest doubt here is this. If the other party has a request, that's fine."

Ye Qiubai nodded, and said seriously: "That's true, so what about the second point?"

Mu Fusheng continued: "The second point is also based on the first point."

"At the same time, this is what I am most confused about."

"The other party wants to set rewards, and there must be many kinds of rewards, but they set the reward as the power to devour souls."

"The soul is the most difficult place for a person to guard against. Once the other party makes a move, it may be difficult for a person of this strength to find the dark spots."

What Mu Fusheng said.

It may sound like alarmism, but it is just too cautious.

However, after careful consideration, it can be discovered again.

The two reasons mentioned by Mu Fusheng can both correspond to it.

Xiao Hei tilted his head, and put forward an idea: "Why don't we first test whether any of these soul bodies have been tampered with?"

Mu Fusheng smiled wryly and said: "No, although my thunder method can purify the soul, but with my current strength, I still can't do it."

After hearing Mu Fusheng's words, Ye Qiubai laughed and said, "What if Qingyun Sword is added?"

Qingyun Sword?

Mu Fusheng and Xiao Hei suddenly looked at Ye Qiubai.

yes!

The way of the sword has the ability to penetrate all illusions.

If only Ye Qiubai's current level of swordsmanship is used, it may not be possible to detect the soul body here.

However, if Qingyun Sword is used.

Then everything is different.

not to mention.

In today's Absolute Soul City, the power of suppression has disappeared.

The restrictions on the realm and the level of weapon skills have disappeared.

Although they don't know.

A sword of Qingyun Sword level is no longer something Juehun City can suppress...

Chapter 744 Hidden Murder!

There are too many doubts.

Mu Fusheng had to be more cautious.

Qingyun Sword, if used at the same time as Mu Fusheng's Jiujiu Hongmeng Shenlei.

If you still can't find out the doubts.

Then, there really is no problem.

only...

Xiao Hei asked with some concern: "Brother, if you use Qingyun Sword now, won't it cause weakness?"

Ye Qiubai shook his head slightly and said: "Weakness is inevitable, but this matter is also necessary."

really.

If you absorb it directly without probing, if something goes wrong, there is really no room for maneuver.

At this time, Ye Qiubai saw that Lin Zhinan and Su Muyouyu were about to step forward and start to absorb.

Dissuaded in time: "You guys wait."

Both Lin Zhinan and Su Muyou turned their heads in doubt, and looked at Ye Qiubai.

If it was someone else, they might think that Ye Qiubai had the idea of monopolizing, which stopped them.

However, based on Lin Zhinan and Su Muyou's understanding of Ye Qiubai.

The other party absolutely disdains doing such a thing.

Lin Zhinan asked doubtfully, "Brother Ye, is there any question?"

Ye Qiubai smiled lightly, looked at the galaxy, and said, "I hope you don't spread the word about what happened after that."

Hearing this, both Lin Zhinan and Su Muyou were taken aback.

However, don't wait for them to think about it.

The two said loudly at the same time: "I swear by the law of heaven, if you reveal what happened today, you will be destroyed by heaven!"

Heavenly oath.

As soon as the words of the two came out, there were thunderbolts flashing in the sky outside Juehun City!

The aura of destruction filled the entire space!

Many powers from the outside world were also taken aback when they saw this.

Someone swears by the way of heaven?

When this happens, it means that Heaven agrees with their oath.

Once the oath is broken, the souls of Su Muyou and Lin Zhinan will be annihilated directly according to the oath!

After Su Muyou and Lin Zhinan finished talking.

Ye Qiubai smiled and said, "It doesn't have to be like this."

Lin Zhinan shook his head and said seriously: "This is the safest way for you."

Su Muyou also nodded.

but.

For that matter.

It is true that Ye Qiubai, Mu Fusheng and Xiao Hei have gained another wave of goodwill.

The figure in the light curtain looked at Ye Qiubai and the others quite curiously.

Want to see what they are going to do, or how to do it.

When everything is ready.

On Mu Fusheng's hands, the purple Xuanyin Zilei and the golden Heavenly Punishment Thunder suddenly appeared!

Keep jumping and dancing on the fingers of both hands.

Although it is just a wisp of electric current, there is still an incomparably terrifying aura of destruction emanating from it.

See it.

Ye Qiubai took a deep breath, and a simple long sword hidden in a sheath appeared in his hand.

However, the moment the sword appeared.

Both Lin Zhinan and Su Muyou's expressions suddenly changed!

The figure couldn't stop taking a few steps back!

This seemingly simple sword is hidden in its sheath.

But the endless swordsmanship in it still faintly reveals from it.

However, just showing this point still makes both Lin Zhinan and Su Muyou feel the crisis of death!

It seems that when the wisps of swordsmanship hit them.

Will be beheaded without any resistance!

This ray of swordsmanship not only shocked their bodies, but also shocked their souls!

There has never been any sword or weapon that can do this!

Su Muyou and Lin Zhinan are the top talents of the top hidden world forces.

The weapons they have seen, even if they are heavenly weapons, they have seen a lot.

And what about the sword in Ye Qiubai's hand?

The shock and deterrence it brings to them is something that even those heavenly level weapons cannot do.

This sword.

To what extent?

Lin Zhinan and Su Muyou's eyes kept dodging, and they couldn't even look directly at the edge of the sheathed sword!

At the same time, I thought to myself.

No wonder Ye Qiubai said it so solemnly.

Don't tell this about it.

If the fact that Ye Qiubai has such a sword in his hand is revealed.

I'm afraid the entire mid-latitude boundary will be shaken by it!

He even started to hunt down Ye Qiubai secretly, and took the sword as his own!

Even Lingxian Palace and the Su family... I'm afraid it's no exception.

Lin Zhinan and Su Muyou looked at each other and smiled wryly.

The two obviously wanted to go together.

The figure in the light curtain saw this scene.

also looked shocked!

This sword, even he, can't see through it!

only.

Among them, the Dao of the Sword can be said to be the strongest existence he has ever seen in his life!

Even those sword gods couldn't do this!

In the mid-latitude boundary, can such weapons exist?

Ye Qiubai, holding the Qingyun sword, looked at the figure in the light curtain, and said with a faint smile: "Senior, please forgive our rudeness, but my junior is cautious by nature, so I still have to try it out."

Mu Fusheng's face turned dark immediately.

Eldest brother, let's talk about it, what are you doing with me?

Waiting for Mu Fusheng to complain.

Ye Qiubai held the hilt of the sword in one hand and the scabbard in the other, and walked up to Xinghe.

Among the brilliant galaxy, there is a group of extremely huge soul body flowing in it.

These soul bodies are now ownerless.

Look at these spirit bodies.

Ye Qiubai slowly closed his eyes.

The meaning of the half-step fairy sword began to envelope the whole body.

breath, is gradually rising.

The state of mind became even more stable.

I haven't used Qingyun Sword for a long time, and I don't know how much I can pull out now.

Suddenly.

It seems to have reached a certain state.

Ye Qiubai suddenly opened his eyes.

In the pupil, there is a sharp sword intent shooting out!

at the same time.

The hands holding Qingyun Sword exert their strength at the same time!

Instantly.

A corner of Qingyun Sword was pulled out!

From the moment this corner is pulled out.

The way of the sword is like a storm in the sky, sweeping the entire space!

The way of the sword, which was sharp to the extreme, continuously split this space into cracks.

This is an extremely sharp sword that makes people unable to resist.

Let Lin Zhinan, Su Muyou and the figure in the light curtain be shocked!

Ye Qiubai's face was pale, and he continued to draw Qingyun Sword.

Arm trembling.

Qingyun Sword uttered a faint sword chant.

Shock the whole world!

The blade of the sword is also being pulled out slowly!

At the same time, the way of the sword is also winding towards those souls along the galaxy.

Seeing this, Mu Fusheng in the rear frowned, and immediately activated the two thunderbolts, which were on par with the way of the sword released by Qingyun Sword!

At the same time, go deep into the soul body in the galaxy!

And saw this scene.

The figure in the light curtain finally changed color.

he knows.

What are these two young men from the mid-latitude realm going to do!

Chapter 745 Shocked! Unlimited expansion of ambition!

The way of the sword has the ability to penetrate falsehood.

A powerful swordsman is usually able to break out of the encirclement faster than other ascetics when facing illusions or demons.

Ye Qiubai borrowed the power of the Qingyun Sword and used the power of the sword to fuse it with Mu Fusheng's Jiujiu Hongmeng Shenlei.

In this way, if the mystery in the soul body cannot be detected, then there is no problem.

However, in Mu Fusheng's heart.

There must be a murderous intent hidden in this huge soul body!

When the figure in the light curtain saw this scene, he was also surprised.

Not only because of the sheathed long sword in Ye Qiubai's hand, nor because of the lightning method released by Mu Fusheng.

These two people, through some clues, had such a conjecture and put it into action.

This is unexpected for this figure.

However, in a place where no one could see, the shocked face of the figure slowly eased, and then the corners of his mouth slightly turned up.

"It's interesting."

This kind of character, as long as he doesn't die, will become a great weapon in the future.

Never thought that in this mid-latitude boundary, there could be such a young arrogance.

In the eyes of people, not everyone can be called a proud person.

Su Muyou and Lin Zhinan are also known as the leaders of the younger generation, and they are both talented and intelligent?

But from the perspective of the figures in the light curtain, these two people are just stronger than ordinary people.

At the moment.

Among the galaxy.

The way of the sword and the two divine thunders are shuttling through the huge soul body.

Ye Qiubai and Mu Fusheng are also trying their best to control the soul body without damage.

Xiao Hei on the side watched this scene, and turned his gaze to Ye Qiubai.

I saw Ye Qiubai holding Qingyun Sword in both hands.

Qingyun Sword's three-foot sword body has now been pulled out by one foot!

However, obviously, this has reached Ye Qiubai's current limit.

After revealing a foot of the blade, it stopped drawing.

Just trying his best to maintain the Qingyun Sword and release the sword's way.

When the overwhelming Dao of Swords surged towards the galaxy.

Ye Qiubai was also enduring the powerful backlash from pulling out the Qingyun Sword.

Hands trembling constantly.

The skin has begun to crack inch by inch!

Blood lines continue to burst out from it!

The wound continued to extend along the arm and towards the limbs.

Ye Qiubai's complexion also became extremely pale due to the backlash and the overdrawn aura, completely bloodless!

Mu Fusheng's face was solemn, what he could do was to use Ye Qiubai's sword method as much as possible to find out the mystery in the soul and body as quickly as possible.

It took half a stick of incense to pass.

Mu Fusheng's eyes narrowed suddenly, and immediately shouted in Ye Qiubai's direction: "Brother, it's done!"

Heard the words.

Ye Qiubai also directly withdrew the Dao Ze of the sword, and returned the Qingyun Sword to its sheath.

After that, the whole person knelt and sat on the ground as if he had collapsed.

The whole body has been soaked in blood.

Immediately after taking the next healing elixir, I felt better.

Ye Qiubai looked at Mu Fusheng and said weakly, "How is it?"

Mu Fusheng smiled and nodded, then looked at the light curtain and said, "Senior, do you want to control us?"

When Mu Fusheng's words came out.

Su Muyou, Lin Zhinan and the others all froze.

Since you have said this.

That also means that Ye Qiubai and Mu Fusheng have found the problem in this soul body!

The figure in the light curtain was not surprised by this, and said in a playful tone: "You are cautious."

"Indeed, there is such an idea."

Hearing this, Mu Fusheng frowned and said: "Senior is quite frank, but why did you do this?"

"Control us, with our current strength, I'm afraid we can't do anything, right?"

After hearing Mu Fusheng's words, the figure couldn't help shaking his head and chuckling.

"It's prudent to be cautious, and the talent is not bad, but the layout is a bit small."

The layout is a bit smaller?

Mu Fusheng and the others looked puzzled.

The sound continued to come from the light curtain.

And every word and sentence that followed caused everyone to fall into horror!

"One world, one latitude, what is the most important?"

"Most people will definitely say that the peak combat power is the most important, but this is indeed reasonable."

The figure in the light curtain smiled and said, "However, we feel that talented people are the future of this world."

"Becoming the most powerful person in a latitude, although it looks glorious on the bright side, but what does it mean if you become the pinnacle of this world?"

The words that came out of the light curtain, the arrogance and ambition in the tone were all revealed at this moment!

"It means that they have stagnated in this latitude, and it is only a matter of time before they are caught up by their younger generations."

Heard here.

Whether it's Xiao Hei, Ye Qiubai or Mu Fusheng, their eyes are all serious.

The three of them looked at each other.

They seem to have already guessed, what is the purpose of the master behind Absolute Soul City to do such a thing!

"Have you ever thought that after you control the Tianjiao of this world, after a few years, is this realm, and even this latitude, equivalent to being controlled by you?"

Ambition!

Infinite expansion of ambition!

After hearing this.

Lin Zhinan and Su Muyou finally changed their expressions.

It sounds ridiculous.

However, it is actually extremely reasonable and terrifying!

When the top talent in one latitude is controlled by others.

Then, when those Tianjiao grow up, they will definitely become the talkers of a giant!

And at this time, the mastermind behind the scenes who controlled these arrogances can also be said to have directly ruled a realm!

"However, the arrogance I mentioned does not mean other people. Only those who can pass the final test of Absolute Soul City are eligible to enter our eyes."

Ye Qiubai stepped forward, looked into the light curtain with a serious face, and asked: "Then why don't you go off in person? If you can do this kind of thing, you naturally have the strength to occupy the mid-latitude boundary?"

Hearing this, the figure sneered: "Naturally, it's just that the high-latitude boundary cannot attack the mid-latitude boundary, and there are various restrictions in it."

"As for these, if you can go to the high-latitude boundary, you will naturally understand."

Ye Qiubai and the others looked at each other.

They were silent, but from their respective expressions, they could sense each other's shock...

Use this method to control one party's territory.

Don't even think about it.

There must be more than one or two places like Absolute Soul City!

At this time, the figure continued: "Since you have discovered it, you also have the qualification to join us."

"How, if you can be loyal to me, then you can let go of your control, and when you control this latitude, you can also manage it."

The words in the light curtain.

At this moment full of temptation...

Chapter 746 Refused!

When everyone heard these words.

Whether it was Lin Zhinan or Su Muyou, their hearts couldn't help beating suddenly.

It is a lie to say that I am not moved.

In the future, control the entire mid-latitude boundary?

Isn't this what Lingxian Palace and the Su family, and even all forces in the mid-latitude realm, dream of?

Nowadays, even if the forces they belong to are called top forces.

However, it will still be restrained by other forces.

All forces, all top forces, are mutually restrained. This is a true portrayal of the current situation.

All forces want to break this balance, but they don't have the strength.

Infernal Purgatory is a good example.

Some people really think that those top forces join forces for the sake of the common people?

Or for peace and prosperity?

No, a faction is not so kind, and basically does not have such integrity.

They were scared.

Watching the continuous growth of Infernal Purgatory.

I'm afraid that the Infernal Purgatory will expand to the point where they can't fight it together.

Only then did they find such a high-sounding reason, and joined hands to completely obliterate the Infernal Purgatory that has not yet fully grown up in this world!

so.

Every top power will have the idea of controlling the entire mid-latitude boundary.

The benefits are too great.

All resources and all interests are under your control.

The temptation is enormous.

But behind this temptation is a bottomless abyss.

Once you take action to catch this temptation, you will fall into the abyss...

so.

When you have this kind of thought.

Other forces will join hands and find a seemingly high-sounding reason to kill you!

this is the truth.

It is because of this.

The top figures of the power can only bury this delusion deep in their hearts.

Put it in Pandora's Box...

At this time.

Ye Qiubai's words woke up Lin Zhinan and Su Muyou who were in a tangle.

"Domination?"

I only heard Ye Qiubai sneer: "Everyone has this kind of ambition, but if it exists like a marionette, then this kind of dominance, this kind of control, you don't need it."

The figure in the light curtain frowned slightly, and said: "Is it possible to do this with only your energy? If you want to achieve a certain goal, you must pay a corresponding price and give up some things."

The voice just fell.

Ye Qiubai interrupted the conversation, and shouted in a low voice: "This kind of price seems to be nothing to worry about, but when it comes, when you force us to do something we can't do, we can't refuse!"

"Control is the ambition of every force, but all of this must be based on real control, not on the surface to control other forces, but secretly, you are restricted by you, even as puppets!"

Lin Zhinan and Su Muyou breathed a sigh of relief after hearing this.

What they said in the light curtain just now made them agree almost instantly.

Both of them are top talents, logically speaking, they will not fall into the trap so easily.

It's just what the people in the light curtain said.

Perfectly hit the apex of their hearts.

In the light curtain, the figure's face was gloomy, and he asked in a deep voice: "So, are you going to refuse?"

Ye Qiubai, Mu Fusheng and Xiao Hei looked at each other.

They looked at each other and smiled.

For them, if they want to do this kind of thing, they will definitely use their own efforts to achieve it.  
not to mention.

As a monk.

If you lose your freedom.

Then what about cultivating the Tao?

Simply find a place to retreat and herd cattle and sheep.

Immediately, the three shook their heads at the same time.

Lin Zhinan and Su Muyou also shook their heads with firm eyes.

In the light curtain, the figure sneered: "One day, you will regret today's decision."

"Although you are excellent, we have arranged countless places like this. When the time comes, even if you don't agree, you will definitely be involved in this turmoil."

Ye Qiubai and the others' faces darkened.

if it is like this.

I am afraid that their puppets already exist in this huge mid-latitude boundary, and even the low-latitude boundary.

Has the hand of the high-latitude boundary stretched to this extent?

"Since this is the case, then this reward does not belong to you."

The figure chuckled and said: "You can go out after crossing the galaxy, you can leave on your own."

Say it.

The light curtain disappears immediately.

The breath of the figure also completely dissipated from this space.

See it.

Lin Zhinan helplessly spread his hands, and said, "Yes, it's a waste of time."

Su Muyou shook his head and chuckled: "It's not a waste of work, at least I learned a lot."

After finishing speaking, both of them looked at Ye Qiubai and the others.

The words just now.

Woke them up.

After controlling the Su family and Lingxian Palace in the future, it will also bring unimaginable benefits!

"Who says you've been busy for nothing?"

At this time, Xiao Hei stood up and walked to the side of Xinghe.

"I can clear the mark in it."

Can you clear?

Both Lin Zhinan and Su Muyou were slightly shocked.

If you can absorb this huge soul body, it will greatly improve your soul!

At this time.

Xiao Hei's body shook slightly.

Suddenly, monstrous devilish energy erupted all over his body!

This time, it was released unscrupulously!

Whether it is the power of the blood or the power of the soul, they are released without reservation!

The three people in Xianyuan Village hurriedly dissuaded: "Xiao Hei, you can't do this!"

This level of outburst.

It will definitely attract the attention of those people!

Xiao Hei grinned and said, "Didn't it mean that people at high latitudes can't attack people at low and middle latitudes?"

"In this case, even if they know, what's the matter?"

The three people in Xianyuan Village looked at each other and smiled wryly.

can only let the devil go.

After all, I can't persuade you.

The moment when the blood of the demon \*\*\*\* and the soul of the demon lord exploded.

Ye Qiubai who was next to him, Mu Fusheng's face tightened, and he immediately released his strength to resist!

But Su Muyou and Lin Zhinan were not so lucky.

Even if Xiao Hei can avoid them.

But the powerful breath in the blood.

It still makes them feel extremely uncomfortable.

There is a feeling of having to kneel and surrender to Xiao Hei!

This kind of blood power.

Let both Lin Zhinan and Su Muyou smile wryly in their hearts.

What kind of monster is this...

At this time, Xiao Hei's eyes were extremely cold, and he stretched out his hand, using a hand full of magic and blood power, to penetrate into the soul body.

Suddenly, the monstrous magic invaded the soul body!

Destroy all the marks in it!

The power of Xiaohei's blood, the soul of the devil.

Repression, destruction.

A mark, and it is still separated by such a long distance, it can still be wiped out by using all your strength.

The moment when the imprint disappears.

A place in a high-latitude boundary.

A man's face changed drastically.

Immediately said in a very gloomy voice: "There are some means..."

Chapter 747 The rebels are aware of it, and the cold soul is white!

At this moment, in the high-latitude boundary.

Demon King Domain.

The main city of Demon King City, in a dark square, there are groups of monsters with wings on their backs, and \*\*\*\* dogs.

Standing in the square in darkness, they all looked up at the top of the castle, where there were three tall figures in black.

The eyes of these monsters are full of awe and fear...

Among them, the tall man in the middle took a step forward and said: "You guys are clear about the matter, even if you search the entire high-latitude boundary, you must search for the person who exudes this aura!"

Immediately, Mo Ji pointed to the man on the left, and said, "Yunkong Demon Bird, led by Mo Ge, quickly search the entire high latitude!"

Mogo nodded slightly.

Seeing this, Mo Ji looked at the magic hat on the right, and said sternly: "You will lead the \*\*\*\* dog. Follow the cloud demon bird closely, and carefully search for breath."

Mo Li nodded and said, "Don't worry, brother."

Brother?

Mo Ji's face changed slightly, and he immediately turned his head, staring at the magic hat with faint eyes.

De Mo Ge's face changed drastically, trying to dissuade Mo Ji.

But before it was too late, the monstrous devilish energy on Mo Ji's body enveloped the magic hat!

A hand stretched out suddenly, and grabbed Mo Li's neck!

roared with a distorted expression: "Call me the devil!"

Mo Li's face was pale, his neck was pinched and he couldn't speak, so he nodded quickly.

The position of the Demon Lord of Moji was not very bright and aboveboard.

That's why he paid more attention to what his subordinates called him.

If called by other titles.

It will affect Moji's sensitive heart...

The moment Mo Ji let go of the magic hat.

His complexion changed instantly!

looked down in disbelief.

Moge and Moji also reacted accordingly, making the same action as Moji!

They felt the aura that terrified them...

This time, it wasn't like before, it just appeared for a moment, which made it impossible to be sure that the other party was still alive.

But.

Today's breath.

Whether it is the power of blood that is familiar and makes them surrender.

It is still the soul of the supreme demon master!

It's all about making them 100% sure that that person is still alive!

After feeling this breath.

Moji's pupils shrank slightly, and the pupils were trembling constantly!

Even the body couldn't stop shaking.

This is the long-standing fear of the devil...

This fear does not disappear with the passage of time.

Instead, after killing him with dishonorable means, it has been deeply imprinted on the soul and heart...

Now, the breath burst out again.

Let the fear imprinted on the soul and heart be completely revealed!

Mo Ge behind him patted Mo Ji on the shoulder, and said softly, "Master, it's time to order."

Mo Ji suddenly raised his head, forcibly suppressing the fear in his heart.

Immediately, a monstrous anger ignited in his heart.

This anger is not aimed at other people, but at oneself.

Time has passed tens of thousands of years, am I still so afraid of him?

Immediately, looking down, waved and roared: "Search for the mid-latitude boundary with all your strength!"

Mo Ge frowned and said: "Devil Lord, our high latitudes cannot attack the middle latitudes..."

Mo Ji shook his head and said: "If the opponent is really in the mid-latitude boundary, then even if you pay the price, you must kill him!"

The magic hat was also worried: "Oversee the temple..."

"No need to say any more." Mo Ji waved his hand and said, "I will go to those two places in person, and let them find a way to stop the Temple of Inspection."

"Presumably, those high-ranking and powerful people are not willing to watch that person come back from the dead..."

"In short, go find it first. After finding the specific location of the other party, we can talk."

Mo Hat and Mo Ge looked at each other.

They naturally knew where the two places Moji was talking about were.

God-level forces.

The peak existence in the high-latitude boundary!

If the two major god-level forces intervene, they may really be able to have a say in the Overseeing Temple.

Think here.

The two of them are not hesitating.

Take the cloud demon bird and the \*\*\*\* dog towards the boundary barrier!

...

City of Absolute Soul, surrounded by the Milky Way.

Everyone sat on the ground.

Only Xiao Hei has no plans to absorb this group of souls.

For his demon master's soul, it only needs to absorb the soul fragments.

The three people in Xianyuan Village have no plans to absorb them.

They are all focused on body training, and have no interest in soul power.

At the moment.

In front of the huge soul body, Ye Qiubai, Mu Fusheng, Lin Zhinan and Su Muyou all sat cross-legged in front of the soul.

Constantly absorbing the power of the soul.

Whether it is Ye Qiubai or Lin Zhinan and Su Muyou, absorbing the power of the soul is simply to strengthen the soul and elevate the realm of the soul.

Mu Fusheng, on the other hand, used the soul body obtained here to attack the sixth stage of the soul cultivation technique, the cold soul white flame.

On the fifth level of Jade Phosphor Soul Fire, Mu Fusheng has been stuck for quite a while.

One, there is not enough support of geniuses and earth treasures.

Secondly, I really don't have the time to practice soul cultivation recently.

In this situation, breaking through the Soul Cultivation Technique couldn't be better.

Mu Fusheng has the soul nourishing technique, and the speed of absorbing the soul body is several times faster than Ye Qiubai and others!

While absorbing the soul body.

is also using the Heavenly Punishment Thunder to temper his soul.

The process is naturally painful.

It can be seen from Mu Fusheng's ferocious and distorted expression.

However, looking at the emerald green phosphorous soul fire, slowly, little by little white flames rose from it,

Mu Fusheng has no intention of giving up.

Xiao Hei looked at Mu Fusheng's expression and was amazed.

"If there is something in this world that can record this scene and turn it into a real thing?"

"It's really rare for Mu Fusheng to show such an expression."

Xiao Hei decided to learn to draw after returning home.

When there is such a rare opportunity again, be sure to record it!

If Mu Fusheng finds out.

It is estimated that his face will twitch.

Listen to me, thank you...

There is no outside interference, and everyone's cultivation is also very smooth.

Lin Zhinan and Su Muyou woke up first. For them, the absorbed soul power had reached the limit.

Continue to absorb, with the current state, the sea of consciousness can't bear it.

Only Ye Qiubai and Mu Fusheng are still absorbing.

When they looked at the burning white flame between Mu Fusheng's eyebrows, they couldn't help but shudder!

At the same time, I was slightly startled.

What kind of soul fire is this?

It actually made them feel the cold that penetrated into their souls?

Moreover, if you are in Absolute Soul City, you can use the power of the soul at will.

What level will Mu Fusheng's strength reach?

Think here.

The two smiled wryly one after another.

What a bunch of monsters...

Can't compare, can't compare.

Chapter 748 Is Master enlightened?

Low latitude boundaries.

In the world of longevity.

Lu Changsheng lay on a bamboo chair, closed his eyes and fell asleep.

Beside him, a small space was broken.

The figure of the little stone was in the broken space.

Among them, countless spatial principles turned into sharp knives, constantly slashing across the little stone's body!

Aside, Liu Ziru looked at Xiao Shitou's painful expression, and shook his head sympathetically.

It's not good to mess with anyone.

Why do you have to make your master angry?

Although Lu Changsheng looks very kind, he is harmless to humans and animals.

However, if you are really tricked, it will be the kind that kills people without paying for their lives...

And it can be seamless, so that no one else knows what he did!

As far as this situation is concerned, Liu Zirou has figured it out a long time ago.

So in front of Lu Changsheng, Liu Zirou always seemed very well-behaved...

Huangqian was watching this scene, but she didn't soften her heart to dissuade her.

Although on the bright side, Lu Changsheng was punishing Xiaoshi.

But in fact, in terms of Xiaoshi's physique, coupled with Lu Changsheng's deliberate control.

These spatial paths cannot cause fatal damage to small stones.

On the contrary, under the baptism of Lu Changsheng's space law, Xiao Shitou's understanding of space law is gradually improving.

At the same time, the realm is also improving at an extremely fast speed!

In just ten or twenty days, Xiaoshi's realm has already broken through to the peak of the blood-changing realm!

This terrifying speed of progress is due to the small stone's affinity for the power of space.

At the same time, Lu Changsheng's grasp of the principles of space is also extremely advanced.

This allowed Xiao Shitou to continuously comprehend higher-level spatial principles in the early stage, so that the realm broke through too quickly.

After the little stone's understanding of space hits a bottleneck, the breakthrough of the realm will also slow down.

Besides, Huang Qian worried: "Will the realm be unstable if the realm breaks through so quickly?"

Lu Changsheng didn't open his eyes, and said indifferently, "Don't worry, I won't harm my apprentice, I won't."

"No?" Seeing that Lu Changsheng was so confident, Huang Qian was slightly taken aback, and said, "Why not?"

Heard Huang Qian's doubts.

Lu Changsheng sat up from the bamboo chair as soon as he supported his knees.

Then he walked to the alchemy room behind him, and gently pushed the door open, but he didn't go in.

Instead, he looked at Huang Qian, pointing at the alchemy furnace in the alchemy room.

See this scene.

Huang Qian couldn't help covering her face.

Liu Ziru was astonished.

This kind of thing, probably only Lu Changsheng can do it...

In the alchemy room, there are three huge alchemy furnaces!

At this moment, in the alchemy furnace, the elixir full of mysterious aura has overflowed the entire elixir furnace, and even a large amount of elixir is scattered on the ground of the alchemy room.

No wonder...

These days, I have been seeing the alchemy room constantly being struck by thunder that even Huang Qian was frightened by...

Stop without stopping!

The breath of these pills did not leak out.

Instead, it is restrained in the elixir!

But.

Even with Liu Ziru's strength, it is impossible to tell what level this pill is...

Therefore, Liu Ziru asked, "This... won't the use of elixir backfire?"

Lu Changsheng looked at Liu Ziru as if he was stupefied, and said: "If a pill has side effects, or it will cause the realm to become unstable, it means that the alchemist is not strong enough."

"Qualified pills must have no side effects!"

"Although my alchemy level still needs to be improved."

Lu Changsheng shook his head as if he was really dissatisfied with his level of alchemy, looked up at the sky, and said quietly: "When will the elixir that can improve both the principles of artistic conception and the state of mind be refined?"

"At that time, just knock those little \*\*\*\* to the peak level."

Finished speaking.

Among the speechless eyes of everyone, they shook their heads in dissatisfaction!

Liu Ziru, Huang Qian couldn't help thinking.

You can die if you don't pretend?

Still not satisfied with this?

Even if it is a god-level force, with the existence of an alchemist like you, it is estimated that they can consider unifying the entire high-latitude realm!

Still thinking about refining the way to improve the artistic conception, the pills that must rely on experience to improve the mood?

Why don't you say that you can directly refine the immortal medicine?

Who knows, Lu Changsheng really said: "If you can refine the immortality elixir, that's fine, then I don't have to work so hard."

Huangqian: ...

Liu Ziru: ...

At this time, the willow tree chuckled, and the willow branches fluttered in the breeze, making a soft sound.

"There is no need to think about these things. This is not just something that goes against the sky, it is against the rules of the entire universe."

"However, you can try the elixir to improve mood in the future."

After hearing this, Lu Changsheng nodded in agreement.

"That's right, the strength is not enough, and then I will study \*\*\*\* alchemy."  
have to.

Willow knows it at a glance.

This guy is still thinking about the elixir of immortality.

Forget it, don't persuade me anymore.

Anyway, this can give him a little motivation to practice.

Provincial Tiantian is bad here...

At this time.

The small stone in the broken space let out a painful roar.

Everyone looked over.

But soon he was relieved.

The realm of the little stone has broken through to the early stage of the turbid fairyland.

At the same time, he also initially mastered the principles of space.

Lu Changsheng waved his hand.

The small stone came out of the broken space.

Then he took the small stone and walked into the alchemy room, saying: "Eat these elixirs first, and come out when you feel that the realm is more stable."

After finishing speaking, he locked the bewildered little stone inside.

Lu Changsheng snorted coldly towards it again.

"Don't worry about it being unpalatable, sugar is added."

Huangqian and Liu Ziru both smiled slightly.

Although it looks unreliable on weekdays.

But he still cares about his disciples.

At this time.

At the center of the Longevity Realm, there is a huge teleportation array.

And this teleportation array is the main array that connects almost all the boundaries in low latitudes.

Even Lu Changsheng spent a lot of time and thought on this giant teleportation array.

For example, security and concealment.

What if an enemy uses the teleportation array to find the longevity world, or teleports directly?

Questions like these have to be taken into consideration, right?

However, at this stage, the only ones who can enter the Longevity Realm through the teleportation array are Hong Ying and the others.

Sure enough, but after a while, there was a huge space ship in the teleportation array, sailing into the world of longevity.

On the bow, Hong Ying, Ning Chenxin, Shi Sheng, Mu Wan'er and others stood on it.

Mu Wan'er just wanted to wave to Lu Changsheng.

You can see the outrageously beautiful woman beside Lu Changsheng.

screamed: "Ah! Master has enlightened?!"

Chapter 749 The difference between monsters and mortals

"Ah, Master has enlightened?"

When Mu Wan'er exclaimed.

Whether it was Hongying, Shi Sheng, or Ning Chenxin all looked in the direction of Huangqian with strange expressions.

As if seeing something unbelievable.

After all, who is their master Lu Changsheng?

Regard confidante as disaster.

regards women as pink skulls.

Think of it all as a big hassle!

Don't provoke me if you don't provoke them, and even if someone posts it on their own initiative, they have to slap them to prove their innocence.

Just such a straight steel man.

Not right.

It should be said that a person has no interest in women, and can even be said to regard women as an extremely dangerous factor, and it is impossible to hide!

However, it is now in their eyes.

This world of longevity, in the thatched cottage.

There is such a stunning woman standing there?

Huang Qian blushed slightly, and shook her head helplessly.

Lu Changsheng looked at Hongying and the others with a strange expression on his face, and said, "Why did you go crazy just after you came back? What do you mean I've opened up? Your master, I have already opened up all the openings that should be opened!"

"Also, what do you mean by those eyes?"

Hongying clenched her fists and covered her mouth, coughing softly: "Ahem, master, this one, what should we call?"

Shi Sheng was a little naive, and actually bowed directly to Huang Qian: "Master's wife is good."

Hear here.

Huangqian's face turned red with a puff. If you look carefully, you can see that the top of Huangqian's head is slowly emitting smoke...

Immediately, Huang Qian looked at Hongying and the others and said, "Don't bark, it's not done yet... Oh no, I'm not your teacher's wife."

When Lu Changsheng heard what Shi Sheng said.

Suddenly the tiger's body shook, and he looked at Shi Sheng and the others in disbelief. He knew why he had to show such a look at himself just now.

Also said that he finally got the hang of it?

Just say I'm straight?

Brother is not a straight man, the relationship between men and women can't be more clear, but sometimes even if you understand, you have to pretend not to understand!

What should I do if I ignore it and the other party pesters me more?

However, after Huang Qian finished speaking.

Lu Changsheng trembled again, and looked at Huang Qian with horror on his face.

No, what's the matter with you, eldest sister?

Why is your face so red?

This doesn't fit the character design of a Divine Phoenix!

As a Divine Phoenix, shouldn't she be more domineering and colder?

Why are you acting like a little girl next door?

And... what do you mean it hasn't been done yet?

Lu Changsheng immediately stepped back a few steps, widening the distance between himself and Huang Qian.

Holding his arms across his chest, fear was written all over his face.

No, are you really fake?

Watching Lu Changsheng's movements.

Huang Qian frowned.

Hongying and Mu Wan'er looked at each other.

Come on, case solved.

Master is still the same master.

Still the familiar steel bar...

Immediately, Lu Changsheng waved to Mu Wan'er and Shi Sheng, with a "kind" smile on his face.

When the two saw this smile.

Shi Sheng obediently ran over.

Mu Wan'er's face turned pale, she hid behind Hongying, pouted and said, "Sister Hongying..."

Hongying also sighed helplessly, and said: "Go, you can't run away if you have to, not to mention, the senior brother is not here, and the senior sister can't help you blame him."

Ye Qiubai, who was far away in the mid-latitude boundary, sneezed as soon as he woke up from his practice.

I felt a chill all over my body.

Immediately, he looked at Mu Fusheng's Lenghun Baiyan, whose area between Mu Fusheng's eyebrows had completely turned white.

I thought to myself.

Brother Priest, this soul fire is really mysterious, just releasing it makes me feel this way...

...

After an incense stick of education time.

Mu Wan'er and Shi Sheng knelt on the ground obediently, with bulges on their heads.

Shi Sheng was puzzled.

Mu Wan'er was full of mourning.

Immediately afterwards, Lu Changsheng also introduced Huang Qian.

The four Hongying learned about it.

Huangqian turned out to be the little bird back then!

Misunderstanding resolved.

Lu Changsheng then asked: "Is everything done?"

Hongying nodded with a smile, and said: "It's ok, those low-latitude realms with cultivator forces have all been occupied."

"After merging the power of heaven in those realms, my realm has also reached the half-step fairy mirror."

In the low-latitude boundaries.

The Heavenly Dao in some realms is not too strong.

The heart of the realm contained in it is beyond expectation for Hongying to reach this level.

After all, every realm has an upper limit.

The heart of the realm is the upper limit of a realm.

Lu Changsheng nodded slightly, then looked at Ning Chenxin again, "Where is Chenxin?"

Ning Chenxin was full of elegance, and smiled lightly: "Fortunately, it's just that it takes time to preach. The disciple has already sent people from the study to preach."

"With the help of my senior sister, it went smoothly."

Hongying smiled, and interjected: "I tried a trick with Junior Brother Ning before, and his strength is no longer inferior to mine."

Without waiting for Lu Changsheng to ask.

Shi Sheng, who was kneeling on the ground, also said: "I found a few training places for the power of stars on the way. After absorbing it, I reached the early stage of the earth fairyland."

Before, with the help of Lu Changsheng, Shi Sheng condensed the ninth star essence.

Even the creator of the Chaos Star Record has not yet condensed it.

At that time, Shi Sheng had already reached the peak of the turbid fairyland.

Lu Changsheng hated iron but said: "Are you lazy? How did you break through a realm? Look at your brothers and sisters!"

Shi Sheng scratched his head, and said embarrassedly: "Master, I will definitely work harder in cultivation in the future."

Liu Ziru on the side was speechless.

How long is this?

From the peak of the turbid fairyland to the earth fairyland.

This is placed in the outside world, among those top forces, they are all existences that must be held in the palm of their hands as treasures!

But in Lu Changsheng's mouth, he was said to be lazy?

You know, how difficult is it to go from the turbid fairyland to the earth fairyland?

How long will it take?

Fairyland up and down, but a huge threshold.

After arriving in the fairyland, the breakthrough speed of the realm will not be as fast as before.

However, after thinking of how abnormal Lu Changsheng and other disciples were.

Liu Ziru also comforted himself and said, "Forget it, the speed in the monster's eyes is not quite the same as that of ordinary people like us..."

Mu Wan'er's level of alchemy has also been greatly improved this time.

Although the state is not high.

However, both the speed of alchemy and the quality of the elixir have been greatly improved.

After understanding the situation, Lu Changsheng thought for a while, looked at Hongying and said, "Although you have already integrated the power of heaven and the heart of those realms into your body."

"However, these powers have not been fully integrated, and are still scattered among your limbs."

With Lu Changsheng's eyesight, he was naturally able to see through Hongying's situation at a glance.

Lu Changsheng got up and said: "Let's not talk about other things first, let's talk about integrating the power of these realms."

Chapter 750 Latitude Origin Power!

After collecting the power of many realms in the low-latitude realm.

The power of the boundary in Hongying's body, although it also improved her.

However, the power of these realms did not merge together.

That is to say, these forces are scattered throughout Hongying's body.

resulting in not being able to exert its maximum effectiveness.

Lu Changsheng, Liu Shu, and Huang Qian could see these things at a glance.

Even Liu Zirui can see the extremely dispersed power in Hongying's body.

but.

The battle of these days.

It also made Hongying's imperial spirit greatly increased.

At this time, Hongying is not the same as before, as long as she stands there, her whole body will reveal the appearance of an emperor!

The current Hongying.

The air of the emperor seems to be restrained in the body.

At first glance, there seems to be nothing.

However, if you look carefully, you can feel Hongying's restrained regal aura, which makes her regal appearance even more obvious!

It seems that just one movement can make the world bow their heads!

Hear the words of Master.

Hongying was slightly taken aback, and asked, "How should I condense it?"

This problem has actually troubled Hongying for a long time.

However, relying on self-cultivation alone has no obvious effect.

The power of the realm scattered in the body, although under his own efforts, there are signs of fusion.

However, that is just a drop in the bucket.

Even, after absorbing the power of the next realm.

After taking over the heavenly way, the power of the realm in the body will become more and more dispersed.

It can be said.

There is no way.

Hongying originally wanted to work harder on her own, so as not to bother her master.

Some things, you can't always rely on the master, or once you become dependent.

It will definitely have a bad influence on your own cultivation path.

But he didn't want to, Lu Changsheng saw it at a glance.

After Lu Changsheng thought about it, he showed a pensive expression.

Immediately, he opened his mouth and clapped his hands!

Hongying said in surprise: "Master, did you think of it?"

The voice just fell.

But Lu Changsheng looked at Liushu and said, "Little Liushu, do you know what to do about this?"

Hongying: "..."

Ning Chenxin: "..."

Shi Sheng: "..."

Mu Wan'er: "..."

Huangqian, Liu Ziru: "..."

Even Willow was speechless for a long time.

Looking at your expression, I thought you had figured out a way...

Lu Changsheng scratched his head and smiled awkwardly: "I don't know, isn't it normal?"

Is it normal?

Is it normal!

Willow chuckled, and said: "Actually, it's not too difficult, as long as you understand the nature of the heart of the realm."

The essence of the heart of the realm?

Seeing this, Liu Shu continued to explain: "The heart of the realm represents the origin of a realm."

"And if you want to integrate these original forces into one, it means turning these realm forces into the heart of latitude."

Heart of Latitude?

When Liu Ziru and Huang Qian heard this, they were slightly surprised.

It's normal for Hongying and the others not to know.

But as a five-star deacon in the dark domain and Huang Qian of the Phoenix family, how could it be possible that she doesn't know what the heart of latitude represents?

Willow said: "Every latitude has its own heart, which is the power of the source, which is the same as the power of the realm."

"You can also understand that the original power of the boundary is originally the dispersion of the original power of the latitude."

"Scattering is the heart of the realm, and integration is the heart of the latitude."

At this time, Liu Ziru said with a serious face: "But, although such a thing as the Heart of Latitude exists, no one has ever seen it before."

"What's more, how can it be possible to obtain the original power of one latitude?"

The method of obtaining the power of the realm is very difficult. First of all, the first point is to unify one realm.

What's more, it is necessary to integrate all the power of the realm and turn it into the power of latitude?

Even if the power of the low-latitude boundary is relatively weak.

This kind of thing is theoretically impossible!

Willow said: "Under normal circumstances, it is indeed impossible. If it were me, I would not be able to come up with many solutions, and none of you at this stage can do those methods."

Lu Changsheng said speechlessly: "Okay, okay, let's get to the point. You've already said this kind of thing, so there must be a way to do it."

Willow chuckled lightly: "Don't worry, the solution actually lies with you."

"On me?"

Lu Changsheng pointed at himself, with a confused expression on his face: "I don't even have a clue."

Willow said in an ethereal and soft voice: "In the beginning."

When these two words are spoken.

Lu Changsheng's expression froze for a moment, and then he fell into deep thought.

Willow continued: "Isn't the exercise you created originally designed to accommodate various forces?"

"Although the function is limited to this, but this single function is just suitable for Hongying's body."

Liu Ziru looked shocked and said, "Senior Lu's skills can be integrated even with the power of the latitude of the boundary?"

Willow made an affirmative voice.

After the reminder from the willow tree.

Lu Changsheng thought about it, and found that it might be feasible.

So, he walked towards Hongying.

Come to Hongying's side, put her hand on Hongying's dantian.

"Hold on, take it easy."

Seeing Master's serious expression, Hongying nodded.

Gradually let go of the body.

And Lu Changsheng immediately used his own power to extract some of the power of the realm scattered in Hongying's body, and incorporated it into his own body.

At this moment, Lu Changsheng also pulled out his hand, and sat cross-legged on the ground, using the primordial beginning, trying to fuse the extracted forces from all realms.

Although Willow said this way.

But Lu Changsheng still needs to verify its feasibility.

It hasn't been long since the beginning of creation.

A lot of power, even Lu Changsheng has not yet figured out whether it can be integrated.

For example, the power of the realm.

Just in case, let's take some experiments first.

otherwise.

At that time, what if something happens to Hongying's body.

With so much power in the realm, once it fails, it will cause backlash.

No one knows what will happen.

But for Hongying, it will definitely not be too light...

The time passed for half a stick of incense.

During this period of time.

Everyone kept their eyes on Lu Changsheng.

Until Lu Changsheng opened his eyes in surprise and stretched out his hand.

In the palm of his hand, there was an extremely mysterious original energy rising up.

The expressions of everyone relaxed slightly.

This original energy is different from the original power of the heart of the realm.

Its essence seems to be more advanced and mysterious than it.

is also more powerful!

Lu Changsheng smiled and said: "Yes, but we still need to make some preparations."

"What preparation?"

Seeing Lu Changsheng walking into the alchemy room, Hongying asked.

Liu Shu replied for Lu Changsheng: "Your master has gone to refine the elixir for you, otherwise your current physical body would not be able to withstand the fusion of so many original powers."
