

## My Disciples 751

Chapter 751 Lei Jie: What is face? Life matters!

Although it is only the power of the boundary of the low-latitude boundary.

However, once the power of so many realms merges with each other, the power of the low-latitude latitude is condensed.

Then, even if he is a strong man in the Heavenly Wonderland.

I'm afraid it can't be absorbed either.

Forcibly absorbed, I am afraid that it will be exploded directly.

Not to mention Hongying, who is now only half a step into the fairyland.

Without the support of Lu Changsheng's elixir, such a thing would be unthinkable!

Willow chuckled, and said: "However, with your master's level of alchemy, plus the power of latitude in the early days, there shouldn't be any major problems."

Speaking of this, a willow branch floated towards Hongying.

"Let me help you stabilize the power of the realm first, and wait for your master to refine the elixir."

Hongying bowed to Liu Shu with a grateful face, and said, "Thank you, Senior Liu Shu."

After finishing speaking, he sat down cross-legged, and with the help of Willow, he began to stabilize the scattered power of the boundary in the body.

Mu Wan'er on the side had long since disappeared.

She followed behind Lu Changsheng, wanting to observe Master's alchemy method again.

Observe the alchemy process of Lu Changsheng's level.

For alchemists, this is an opportunity that can only be met but not sought after.

Moreover, there is usually a great improvement in one's own alchemy level!

At the moment.

Lu Changsheng walked into the alchemy room.

After Lu Changsheng's consideration and construction, the alchemy room also used various materials that would increase the alchemy.

For example, in the wall.

Its material has joined the top treasure of the power of the five elements.

The dome is made of materials that introduce thunder.

When refining alchemy, not only can it increase its success rate, but it can also greatly improve the quality of alchemy!

At the same time, in the alchemy room, just in case.

Lu Changsheng deployed several defensive formations.

When trying new pills or refining difficult pills, there may be times when they fail.

Once it fails, the higher the level of the pill, the greater the explosive and destructive power it will produce!

At that time, what if it is affected?

Based on this point.

With Lu Changsheng's character, how could it be possible not to make some formations to prevent this from happening?

after all.

Life matters.

Behind, Mu Wan'er stayed quietly in the corner, with a serious face, and kept silent, for fear of disturbing Lu Changsheng.

Lu Changsheng sat down in front of the alchemy furnace, and began to think about what kind of elixir to refine for Hongying.

Only then can the opponent be able to withstand this powerful physique after condensing the power of latitude with his help.

For that matter.

In Lu Changsheng's mind, two types of pills had already been determined.

"Well, the elixir for strengthening the body and the elixir for strengthening the meridians are definitely needed."

Lu Changsheng knows many kinds of this type of elixir.

For example, the Xuanbing Armor Condensation Pill that can instantly form an ice armor on the body.

Another example is to use the power of the earth to strengthen the physical body and at the same time guide most of the unbearable power of the physical body to the earth mother pill in the earth.

Or is it...

Light is a elixir for body strengthening.

Lu Changsheng has already thought of dozens of ways in this short period of time.

Take out any of these dozens of pills.

I am afraid that it will cause vibrations in the high-latitude boundary...

Even, even a full blow from the God Emperor Realm couldn't shatter it.

There are many optional pills.

But, which one is applicable in this case?

Lu Changsheng raised his head, frowning slightly together.

The power of latitude is not a medicine with a single attribute.

Therefore, pills that strengthen the physical body for attributes can be ruled out first.

This kind of power is bound to be the original power that accommodates the power of the rules of the Great Way of Heaven and Earth.

"Then, only this pill is the most suitable."

After the elixir for strengthening the meridians of the physical body is determined.

There is also the soul, the elixir to stabilize the mood.

For this kind of elixir, when Lu Changsheng directly refines it and there are no materials, he can just use the best one.

After finishing all these thoughts, Lu Changsheng began refining.

Mu Wan'er's gaze also began to vibrate slowly following Lu Changsheng's refining.

Although Mu Wan'er has watched the scene of master alchemy quite a few times.

But every observation.

The feeling of shock that goes deep into the soul will still emerge unconsciously.

Whether it is alchemy techniques or multitasking.

It is a means of condensing all the materials into the alchemy furnace at the same time.

Mu Wan'er felt beyond reach...

Half a day later.

In the world of longevity, dark clouds began to gather.

Ning Chenxin and the others looked up at the sky.

couldn't help laughing: "It seems that Master has succeeded."

But Liu Zirui and Huang Qian saw more things.

Lu Changsheng Dan was not a surprise to them.

Alchemy failed, which is surprising.

What makes them feel dignified is that.

The lightning calamity that was constantly surging in the dark clouds, and the destructive power flickering in it, made both of them feel a sense of palpitation!

Liu Ziru thought to himself.

If I were to face this lightning calamity by myself, even if I resisted it, I'm afraid I'd be hurt a little...

Huang Qian was thinking.

If he was facing this lightning calamity by himself, he might be able to resist it only by bursting out the blood of the Divine Phoenix, right?

and.

It seems that there is not only one thunder disaster condensed in the dark clouds...

One can imagine.

Lu Changsheng refined many different types of pills at once!

When the thunder roared amidst the dark clouds, the entire Longevity Realm shook the ground and the big trees shook.

Birds, animals, and fish swimming in the water are all times when they are constantly scrambling to escape.

Lu Changsheng suddenly pointed to the sky!

It is above the Longevity Realm.

The Nine Netherworld Formation appeared directly under the dark clouds!

One after another restrained, as if the power of rules that wanted to destroy a whole world began to diffuse around the dark clouds.

After feeling this breath.

The power of thunder and calamity flickering in the dark clouds seemed to have stagnated slightly.

Immediately under the dumbfounded eyes of everyone.

The power of thunder calamity slowly disappeared.

The dark clouds are also gradually dissipating...

this...

Lei Jie, got scared away?

Huang Qian smiled helplessly.

Liu Ziru's brows twitched.

A Thunder Tribulation that can make even the strong in the God Emperor Realm palpitate.

Scared away like this?

Hey, can Lei Jie save some face?

Willow also smiled helplessly when he saw this scene.

Lu Changsheng's temperament is still the same, for such a trivial matter, he still needs to use the Jiuyou Huangquan formation...

At this time.

Lu Changsheng and Mu Wan'er also came out of the alchemy room.

Lu Changsheng held four elixirs in his hands, and threw them directly at Hongying, and said with a rather displeased face: "When it's done, remember to make some soup for me as soon as possible."

"Just refining these four elixirs, I don't know how many brain cells I have wasted, so I need to make up more."

Mu Wan'er couldn't help complaining secretly from behind.

Thinking plus alchemy, it only takes half a day...

If this is handed over to someone else, I am afraid it will be difficult to do it in hundreds of days...

You still say waste brain cells?

Hongying accepted it with a smile: "Okay, I also learned some new dishes during the battle."

Chapter 752 Cohesion!

everything's ready.

With the help of Willow, the power of the realm dispersed in Hongying's body was also condensed a lot.

The pill refined by Lu Changsheng has also been completed.

After handing it over to Hongying.

Lu Changsheng came to Hongying's side, and the two sat down cross-legged facing each other.

"When to take the pill, I will remind you halfway."

Lu Changsheng's face also became a little serious, and said: "During the process, there must be no slightest hesitation, understand?"

After all, this is a matter related to the lives of disciples.

If there are some mistakes in it, I am afraid it will cause irreparable consequences!

Think here.

Lu Changsheng was a little worried, and arranged a few formations casually.

At the same time, use those self-created recovery pills and place them around the formation as the eyes of the formation!

This is what Lu Changsheng thought of before.

The way of alchemy and the way of formation are combined.

Doing this has an advantage.

In the elixir, it is full of pure and condensed power to the extreme.

The formation method is to launch an attack or defense by itself and with the power of the rules of heaven and earth.

In this way, there will definitely be some stagnation in the middle.

Even if the level of the formation is higher, it will take some time to absorb the power of the rules of heaven and earth.

However, sometimes when confronting an enemy, the opponent may launch a fatal attack in just this moment!

This is also the reason why formations can only exert their greatest power in large-scale wars of defending or siege.

One-on-one, not dominant.

It was after thinking of this that Lu Changsheng came up with this idea.

Using the elixir full of pure power as the eyes.

Let the formation absorb the power of the rules of heaven and earth to replenish the power of the formation, and at the same time extract the pure power from the elixir as a supplement.

If it is a recovery formation, then use recovery pills.

If it is an attack formation, then use a pill that increases the power of the rules of heaven and earth.

This is not only more targeted, but also can instantly replenish the power in the formation!

When the idea comes true.

Even Liu Shu couldn't help but be moved by Lu Changsheng's unconstrained thinking that day.

After Huang Qian and Liu Zirui learned about it.

was also shocked for a long time.

Not to mention whether it can be realized.

The combination of Alchemy Dao and Array Dao is beyond the imagination of others!

But Lu Changsheng just gave an explanation: "What's the point? Didn't it mean that all laws of the world lead to the same goal?"

Sounds simple.

Implementation is extremely difficult, even impossible...

As for why Lu Changsheng used this trick now.

It was also for fear that when Hongying encountered an accident, the formation would not be able to provide full assistance in time.

Although other recovery formations are enough, this is just in case.

Immediately, Lu Changsheng said to Liu Shu without turning his head: "Little Liu Shu, remember to protect Hongying's heart when the time comes."

The willow branches fluttered, as if in response: "Don't worry."

Immediately, three willow leaves fell on Hongying's eyebrows, heart, and dantian respectively.

This protection.

I'm afraid no one, or which force can do this...

"Okay, let's start."

Lu Changsheng put his hand on Hongying's dantian as soon as he landed.

covered the willow leaf.

Hongying also adjusted her state of mind, and began to circulate the power of the boundary in her body scattered among her limbs, gathering towards her dantian!

felt this.

Lu Changsheng immediately used the primordial power, and injected a force of primordial power into Hongying's body!

And the power of primordial beginning also centered on Dantian, flowing towards the meridians in Hongying's body!

The power of the beginning.

Accommodating hundreds of rivers.

Accommodating everything in the world.

Three thousand avenues, all of which cannot be accommodated!

From the moment this primordial power entered Hongying's body.

Hongying could clearly feel it.

The power that the master exerted did not have any conflict or repulsion with the power in his body!

On the contrary, these forces are still actively converging towards that primordial power!

Traveling in the same meridian in peace!

Just now I heard that Master has created his own exercises.

Hearing what Liu Shu said, he was already startled.

Now, after actually feeling it, the shock is even greater.

I can only say that, as expected of Master...

Hongying forcibly controlled the power of the realm, and slowly gathered towards the dantian.

Soon, Lu Changsheng's primordial power has also integrated the power of the realm in those meridians.

At this time, Lu Changsheng shouted: "Take the Tianxuan Meridian Expansion Pill."

Tianxuan Meridian Expansion Pill, its function is to widen the meridians, and at the same time, strengthen the toughness of the meridians.

Heard Lu Changsheng's voice.

Without a moment's hesitation, Hongying took a pill in her hand.

After feeling the changes in the Hongying meridians.

Lu Changsheng's palm shook slightly.

More primordial power, like overwhelming rivers and seas, surged towards Hongying's body!

These primordial powers are constantly absorbing the powers of the realms scattered throughout Hongying's body.

After merging into it, Lu Changsheng controlled this force and gathered it towards his dantian!

Such a huge power surged in Hongying's body.

It is a lie to say that there is no pain.

Even if there are pills, formations, and the protection of Senior Willow.

That is just to protect her meridians from damage.

It should hurt, it still hurts.

Hongying's stunning face was constantly twitching.

He trembled uncontrollably all over his body.

Silver teeth nibbled on her red lips.

Resisted not to shout out.

This step lasted for half a day.

Although Lu Changsheng could complete this step in an instant, he was also afraid that Hongying's body would not be able to bear it.

When the power of the primordial beginning waited all the power of the realm in Hongying's body to the dantian.

Lu Changsheng then shouted: "Take that Qingling Xuandan."

This elixir is used to protect the dantian.

The next step is also a crucial step.

In Hongying's dantian.

Gather the power of these realms and turn them into the power of latitude!

Just complete this step.

Hongying can also withstand the enormous strength of the force of latitude.

Then, it can also be successful.

The pain in this is beyond the imagination of ordinary people?

After taking the elixir, Lu Changsheng used the power of the beginning to forcibly gather these forces from different realms.

During the process, Hongying's face was extremely pale.

Sweat had already soaked Hongying's red robe.

The red dress was tightly attached to Hongying's delicate body.

The amplitude of the jitter is also clearly visible.

Three days later.

In the world of longevity.

A power filled with the origin of the Dao, soaring into the sky!

This force even directly rushed out of the longevity world!

The entire low-latitude boundary, at this moment, the power of the avenue pervades.

The power of latitude has been completed!

However, Hongying's body now wants to fully absorb the power of this latitude, but it is too reluctant!

Willow on the side obviously also noticed this, and reminded: "Try to temporarily seal this latitude power? Let Hongying slowly absorb it."

#### Chapter 753 Overseeing the Temple

An extremely large source of power, centered on the Longevity Realm, pervades the entire low-latitude realm.

at the same time.

The territory occupied by Hongying.

Above the sky, the power of the realm floated out and condensed in a certain direction.

The forces in these realms all looked up at the sky with different expressions.

What exactly happened? Is it the world that inherited the secret realm, or was it a breakthrough by someone powerful?

There are strong people who want to find out.

After leaving the realm, I found that this original power filled the entire space, everywhere!

This scene made these powerful people puzzled.

Of course, some forces also reported this matter to the Yunhuang Empire established in various domains.

Only the high-level officials of the Yunhuang Empire, such as the National Teacher and the Nine Heavens Department, may understand some things.

They knew that after Empress Hongying occupied a realm, she would absorb the heart of the realm and become the heaven of this realm at the same time!

Now, the power of the realm has been mobilized.

Nine times out of ten, it is related to the Empress.

...

On the other side, the latitude barrier between low and mid-latitudes.

In the fairyland channel.

There is a gaze fixed on the low-latitude boundary.

After realizing this scene.

There was also a little surprise in this big eye.

Gather the power of latitude and activate the heart of latitude.

"This situation can only be achieved by one of the ancestors in the mortal world in its heyday."

"Nowadays, there are people who can do this kind of ruin in the mortal world?"

Dayan's powerful sense of immortality sweeps towards the center of this source of power overwhelmingly.

However, when I was about to touch a space, I found that my immortal consciousness couldn't penetrate it!

Not only this place, but also several places can only wander in a space.

What surprised Dayan the most was.

In some places, although the immortal consciousness has penetrated into it.

But when I continued to move forward, I found that my immortal consciousness had returned to the original place...

What the \*\*\*\* is this?

I was dumbfounded.

With his own strength, he is in the weakest realm of the mortal world.

Immortal consciousness can't even penetrate into it!

Don't think about it, there must be a top powerhouse who has set up an enchantment here.

Or the power of formations, here are multiple illusion formations that block the immortal consciousness...

But, who in the end can do this?

Even in the Immortal Realm, there are no more than one person who can stop his Immortal Consciousness...

Sudden.

A figure appeared in Dayan's mind.

The man in a white robe, as rich as jade...

It can't be him...

Among the people he knows, he is probably the only one who can do this...

thought of this.

Big Eye withdrew his immortal consciousness.

never mind.

If such a person with human ancestor potential appeared in the mortal world, it would be a good thing for the Six Realms.

Otherwise, wait until the seal is broken.

No one in the mortal world can stop it. When the mortal world is broken, the fairy world will become the opponent's second target...

Thinking of this, the big eye in the passageway of the fairy world also slowly closed his eyes.

...

at the same time.

In a certain space in the low-latitude boundary.

A Tongtian Tower stands in this space.

At the moment.

On the top floor of the Tongtian Tower, there are six old men who are aware of this scene.

also had a shocked expression.

Latitude of the original power!

Someone wants to condense the heart of latitude?

"Old Huang, what do you think?"

The yellow-robed old man known as Lao Huang, after pondering for a while, said: "This person must be supervised by me in the temple of supervision."

"I don't think it's appropriate." An old man in a blue robe shook his head and said, "A person who can condense the heart of latitude must have the potential to become the ancestor of the mortal world..."

"This kind of person, what we have to do is to win over and let him join me to monitor the temple."

"In this way, not only can I supervise this person, but it can also be used by me to monitor the temple."

Among them, the green-robed old man standing in the middle said: "Let's upload this news for now, and then decide what to do after the people above make a decision."

The old man in yellow robe nodded, "I'll go right away."

After speaking, a gust of wind blew by, and the old man in yellow robe disappeared in place.

"Thousands of years later, did such a person finally appear?" The green-robed old man sighed slightly: "I don't know if it's good or bad, but I hope it doesn't destroy my plan to monitor the temple..."

...

At the moment.

In the world of longevity.

Although Lu Changsheng sensed that the perceived power of a strong man wanted to pass through the formation he had set up.

However, there is no such leisurely mind to take care of it now.

Although the heart of latitude in Hongying Dantian has been condensed.

However, the original power of the entire latitude is now gathered in Hongying's body.

This kind of incomparably huge original power, even if it is a fairy level, will be directly broken, and the physical body and soul will collapse in an instant!

If it weren't for the three willow leaves protecting Hongying's dantian, soul and heart.

Lu Changsheng used the power of primordial beginning to continuously protect Hongying's body.

And the recovery formation and the refined medicine of Lu Changsheng.

I'm afraid Hongying has also turned into fly ash at this moment.

Today.

The huge original power continuously erupted from Hongying's body.

Lead to the entire longevity world.

Aura becomes more pure and rich.

This source of power turned into a beam of light that pierced the sky, continuously spewing upwards!

Liu Ziru and Huang Qian watched this scene, feeling this source of power.

are all shocked.

This kind of power, even if they let them absorb it, they may not be able to fully absorb it!

What's more, the current Hongying's realm is only half a step into the fairyland.

Under the reminder of the willow tree.

Lu Changsheng frowned, and immediately began to cast a container in Hongying's dantian with the power of the beginning.

Put the heart of latitude in it.

At the same time, a willow branch from the willow tree also rested on Hongying's dantian.

The soft meaning of endless life is wrapped in the power of primordial beginning.

One side of the transparent box with a light green light, sealed the heart of latitude that was constantly beating and bursting out of the original power.

Hongying's face, which was so painful that it became a little distorted, was a little better.

See here.

Lu Changsheng was slightly relieved.

Immediately said: "Hongying, according to the direction of the flow of my primordial power, run the exercises, and run the remaining latitude original power to the limbs and bones."

Just complete this step.

This can be done.

Heard what Lu Changsheng said.

Hongying followed suit.

According to the flow direction of the master's primordial power, start to drive the latitude original power to circulate in the meridians.

Half a day.

runs a full circle.

In Hongying's body, there was a roaring sound suddenly!

An extremely huge whirlwind of spiritual energy erupted from Hongying's body!

Earth Wonderland Early Stage!

However, the pace of breakthroughs has not stopped.

Chapter 754 Mysterious consciousness!

Even if the heart of latitude is sealed in Hongying's dantian.

The rest of the latitude is the source of power.

One circle cannot be absorbed and completed.

With the help of Lu Changsheng.

The absorption of the power of the source is gradually proceeding.

When it reaches the second circle.

Hongying's realm has broken through again!

Reached the middle stage of the Wonderland!

Besides, Mu Wan'er said enviously: "This time, Sister Hongying has a higher realm than us."

Ning Chenxin also smiled and said: "Over the years, my senior sister's cultivation has not fallen behind. Now that I have accumulated a lot of money, it can be regarded as my wish come true."

Shi Sheng scratched his head honestly and said: "When the time comes, I will go out with my senior sister to practice, so I don't have to be so cautious."

Lu Changsheng, who helped Hongying absorb the original power, heard what Shi Sheng said.

His brows trembled.

These guys want to mess with moths again?

No, this kind of thinking cannot be allowed to them!

After helping Hongying finish training, eating and drinking soup, and resting for a while, I will teach them a lesson!

No, say it while eating!

This kind of behavior by Ye Qiubai is absolutely not allowed!

Otherwise, trouble will come.

Huh?

Speaking of Ye Qiubai, this kid hasn't looked for me for quite a while.

Did I finally change my \*\*\*\* under my education?

Lu Changsheng not only nodded in satisfaction.

If this is the case, then I have really grown up...

The source of latitude is continuously absorbed.

In Hongying's body, it made a third circle.

The fourth circle...

At the end, after the remaining original power has been completely absorbed.

Hongying's realm has also successfully reached the late stage of the fairyland!

At this point, Lu Changsheng took a long breath and said, "Afterwards, you can slowly extract the original power from the seal to practice."

"I have left some primordial power in your body, just practice according to this path of operation."

Lu Changsheng also thought about imparting his skills to these disciples.

But they all have their own way.

Cultivating Taichu from scratch may not be the most suitable path for them.

Even if it is a small stone, his physique can already be regarded as a top-notch skill.

Thinking of this, Lu Changsheng gave up this idea.

At that time, if there is a chance to accept disciples again, let's take a look at the situation.

Hongying nodded after listening.

Then he knelt down towards Lu Changsheng and said respectfully, "Thank you, Master."

Lu Changsheng waved his hands unaccustomed, and said impatiently: "I said, don't do this with me."

"If you have time to kneel down, why don't you catch a fish and make soup for me!"

Hongying covered her mouth with a smile, nodded, and walked towards the fish pond arranged by Lu Changsheng.

Ning Chenxin and Mu Wan'er also hurried over to help under Lu Changsheng's gaze.

Shi Sheng took the initiative: "I will go too."

Little Shitou licked his lips and wanted to follow in, but was pulled by Lu Changsheng and thrown out.

"You kid want to steal it again?"

Stealing tributes?

Legs are interrupted!

Why?

No, why do these words feel a bit wrong?

Forget it, don't want to.

At this time.

Willow on the side asked: "Hongying is already in the late stage of the fairyland, should I take her to the fairyland?"

Hearing this, Lu Changsheng thought for a while and shook his head, "No hurry, wait until all these brats break through to the fairyland."

"Bring them over one by one, I have to make a few more trips."

"It's not that I'm lazy, but every time I run, there's more possibility of karma!"

Beside Liu Ziru complained in a low voice: "Laziness is probably the main factor..."

But.

At Lu Changsheng's level, no matter how soft the voice is, as long as it is not silent, it will definitely be heard.

Suddenly, there was a sound that made Liu Ziru's body tremble, and a seemingly gentle voice rushed over.

"Xiao Liu, it's time to eat, exercise before meals, you can eat more deliciously then!"

broken!

When Liu Ziru heard this, he didn't turn his head or answer, so he wanted to run away!

But, let alone other places, this is the world of longevity.

A world created by Lu Changsheng himself.

Here, Lu Changsheng is the absolute king.

How could Liu Ziru escape?

Dang even caught him and beat him up!

Huangqian pulled the little stone who was watching happily from the side, covered her eyes, and said: "You are still young, don't watch this kind of \*\*\*\* scene."

...

After meals.

Lu Changsheng went to the place where he set up the formation.

Before, I felt a lot of spiritual consciousness probe over.

He needs to check whether these spiritual senses have found the formation eye, and who's spiritual sense it is.

When the formation is at its position.

Lu Changsheng didn't go in immediately, but walked around several times.

Only after making sure that there is no one ambushing inside, can I go in with confidence.

At the beginning, when setting up this formation.

Lu Changsheng specially added a formation that can retain the opponent's breath of spiritual consciousness.

In the eyes of the array, Lu Changsheng felt it, and then he was slightly taken aback.

Among them, the power of eight perceptions remains.

Among them, although the six realms of consciousness do not know each other, they can only perceive the past by using the power of perception released by the soul.

Its strength also looks quite strong.

The seventh way, Lu Changsheng is somewhat familiar with it.

There is a breath of fairyland in it!

Moreover, this breath is exactly the breath of the big eye that Lu Changsheng encountered when he was in the passage of the fairy world!

Even he noticed the change?

The eyes facing the fairy world have been monitoring the mortal world.

But when it comes to the eighth breath.

Lu Changsheng was slightly taken aback.

There was a rare look of surprise in his eyes.

This ray of perception power, although it is issued by the soul of the mortal world.

However, this ray of perception is stronger than the six realms and the immortal consciousness emitted by the big eyes!

and.

In terms of the strength of this divine sense, if you use it with all your strength and spend some time, you may be able to break through the illusion array arranged by Lu Changsheng.

At the same time, it is also possible to exit without leaving a trace!

But, the original owner of this aura seems to have deliberately left this aura here for Lu Changsheng to find out.

Lu Changsheng frowned slightly.

"Who the \*\*\*\* is it?"

Unable to think of it, Lu Changsheng shook his head and said: "No, it was too hasty to set up these formations at the beginning, let's perfect and strengthen them first."

Immediately, he looked towards the eyes of the formation, pondered for a while, and wiped out all those breaths.

Changed the position of the formation eye...

Be more cautious in the future.

As the strength becomes stronger, the people and forces in contact become stronger and stronger.

This is the first time this has happened.

This made Lu Changsheng's heart ring the alarm.

After all, if this kind of thing happens often, it's easy to get out of your control.

Chapter 755 Personality Change, Leaving Absolute Soul City

When Lu Changsheng returned to the thatched cottage.

Hongying asked Lu Changsheng what they should do next.

Lu Changsheng waved his hands and said: "Cultivate hard first, and after everyone reaches the fairyland, I will take you to a place."

Heard the words.

Hongying thought for a while and said, "Since that's the case, Master, it's time for us to go to the mid-latitude realm, just in time to join the senior brother and the others."

Lu Changsheng froze when he heard this.

All staff headed to the mid-latitude boundary?

Nothing will happen...

Immediately afterwards, Shi Sheng also scratched his head and said: "I also want to go out for a while, I feel that I can improve in all aspects faster by practicing outside."

Perhaps, by practicing in the Longevity Realm, their realm can be improved faster.

However, life and death in actual combat.

For the stability of road foundation.

And, the epiphany and the explosion of the realm generated in the crisis.

It can only be obtained by wandering outside.

After all, a person who can become a top powerhouse.

It is also bound to experience life and death.

I have never heard of someone who can become a person of top strength by simply burying his head in hard work.

Oh, of course, except for Master.

Lu Changsheng shook his head and said: "No, you may cause trouble again when you go out, and there are more important things to solve later, so don't bother about it during this time."

Heard here.

After the four of Hongying looked at each other, they seemed to be conveying something with their eyes, but they still nodded towards Lu Changsheng on the bright side.

It's just that when Lu Changsheng went to take a nap.

The four of Hongying quietly left the Longevity Realm.

Stay after they leave.

Lu Changsheng opened his eyes.

Huang Qian on the side opened one eye, and said calmly: "Didn't you not let them go out?"

Lu Changsheng said helplessly: "When they met their eyes before, I knew they were going to sneak away."

"But now there is really an urgent need to improve their strength, and it's good to go out and make a living."

Liu Zirui was a little surprised and said: "This is not your character, Senior Lu?"

"Maybe it's changed, but it's dealt with in special circumstances." Lu Changsheng said with a wry smile, "We'll talk about it after this incident is over."

The matter of Lu Changsheng.

Willow is the clearest, none of them.

After all, Liu Shu has been staying in the thatched cottage, from the barbaric realm to the longevity realm.

From the time Lu Changsheng came to this world, to the present situation.

At the beginning, I was so cautious that I was too lazy to leave the gate of the thatched cottage, but after accepting disciples, I began to slowly change.

The willow tree is seen in the eyes and remembered in the heart.

Cause and effect are mysterious and mysterious.

If you want to hide, you will definitely not be able to hide.

Unless it reaches the state where cause and effect can be cut off.

But that kind of realm, from the beginning to the end, even the willow tree has never heard of it.

Even she herself has not reached this level.

For example, when Liu Shu came here, he had a cause and effect with Lu Changsheng and thatched cottage.

Lu Changsheng accepted his disciples.

The disciples of Liu Shu and Lu Changsheng also had a karma.

As long as there is contact and friendship, more or less cause and effect will be involved.

Unless you directly kill the other party when you meet, and make this kind of thing invisible, there is still the possibility of cutting off cause and effect from the root.

"Okay, let's take one step at a time."

Lu Changsheng waved his hand and lifted the seal of the Shattered Space.

Little Shitou walked out with a sad face.

"Master, I also want to go out with my senior sisters and brothers."

Lu Changsheng glanced at him, and said, "Just follow me to practice obediently."

Little Shitou's cultivation method is different from Ye Qiubai Hongying and the others.

The way of space cannot be improved through experience.

Lu Changsheng was also thinking about how to carry out the cultivation path after Xiaoshi.

...

At the moment.

In Absolute Soul City.

In the encirclement of the galaxy, the huge soul body was finally absorbed.

In the end, the biggest beneficiary is Mu Fusheng.

Mu Fusheng possesses the soul-cultivating method of cultivating the soul.

At the same time, the cultivation of the soul has also reached a very high level.

So when absorbing the soul body, it can naturally absorb more.

Unlike Lin Zhinan and Su Muyou, even if such a huge soul body is placed in front of their eyes, they cannot absorb it all.

Even Ye Qiubai is only slightly ahead of Lin Zhinan and Su Muyou.

It can be said.

Now, Mu Fusheng's spiritual state is even higher than his own cultivation state.

When it reaches the center of the eyebrows, the soul fire that has completely transformed into the cold soul white flame merges into the sea of consciousness.

Mu Fusheng opened his eyes.

There was a hint of coldness in the pupils!

When his eyes swept over Lin Zhinan and Su Muyou.

They all shivered suddenly.

It seems that the spirit and soul have been cleansed by ice!

felt the change.

Both Su Muyou couldn't help frowning.

Just one glance can reach this point.

Then, when Mu Fusheng released his soul fire with all his strength to attack.

How else do they resist?

At this moment, Mu Fusheng stood up and said, "Okay, we should go out too."

Ye Qiubai nodded and said, "I've been here for a long time."

"However, it seems that this Absolute Soul City will not disappear. At that time, you can bring Junior Brother Shi Sheng here to see if you can subdue this Galaxy."

Immediately, Mu Fusheng looked at Lin Zhinan and the two of them.

Before Mu Fusheng opened his mouth, Lin Zhinan said, "Don't worry, we won't reveal anything about this place, we have made an oath of heaven."

Hearing this, Mu Fusheng nodded with a smile and said, "I didn't question your intentions."

Lin Zhinan smiled wryly in his heart.

It is estimated that if they did not make the oath of that day.

Yi Mu Fusheng's cautious character, although he won't directly kill them here.

That will also play some tricks on them.

Just in case they "accidentally" slipped up.

...

At this moment, outside Absolute Soul City.

Everyone talked a lot.

Someone speculated about the situation in Absolute Soul City.

Some people are also discussing the ancestor of Infernal Purgatory, the rebirth of Qi Killing Dao.

However, there are relatively few forces discussing Infernal Purgatory.

These forces who don't want to take the initiative to get into trouble seem to have reached a consensus with each other.

Temporarily turn a blind eye to this matter!

So as not to get angry.

When these powerhouses are discussing.

Suddenly, everyone stopped talking, and the whole space became silent.

Immediately, they all turned their eyes to the outside of Absolute Soul City.

There, a door of light slowly emerged.

Among them, there is a shape of space distortion.

A series of figures stepped out of them one after another.

The people who just came out of Absolute Soul City at this time are naturally ascetics who have received the final reward of Absolute Soul City.

When you see clearly.

The Supreme Elder of Shengfu Sect, Huo Zhengheng of Tianjian Peak, the old man of the Su family, and the Great Elder of Lingxian Palace all had happy faces.

But they also immediately came around them with vigilant expressions.

Also be alert to your surroundings.

To know.

Ye Qiubai and the others got the final reward from Absolute Soul City.

Although no one knows what the rewards are.

But it must not be too bad.

This is also to prevent other forces from plundering with jealousy!

Chapter 756 Heart of Greed

Absolute Soul City, even if you don't get the final reward.

It has only been inherited, and it is also an extremely heaven-defying existence.

not to mention.

From the appearance of Absolute Soul City to the present, no one has ever made it to the last step to get the final reward.

Now, knowing that Ye Qiubai and the others have won the final reward of the Absolute Soul City, how can they not be jealous?

This kind of reward is unknown, and it is possible to achieve a top powerhouse.

The strongest who tempt these giant forces the most.

In the face of interests.

But I don't talk so much about benevolence, righteousness and morality.

Even these sects that usually claim to be "famous and upright" can become evil forces like Infernal Purgatory in this instant.

When the Supreme Elder of Shengfu Zong, Huo Zhengheng, the Suzerain of Tianjian Peak, the Great Elder of Lingxian Palace, the old man of the Su family, and the village chief of Xianyuan Village surrounded Ye Qiubai and others in a cage.

as expected.

The powerhouses of other forces also approached one after another.

Looking at Ye Qiubai and Xiao Hei, desire was revealed without any concealment.

Look at it!

The elder Shengfu Zong Taishang looked at this scene, his face sank, "Everyone, what are you going to do?"

in.

Cyanwood Sect's suzerain Yu Qingyan smiled and said: "Don't be nervous, we don't have any malicious intentions, just curious about what the final reward in the city of Absolute Soul is."

Beside Yu Qingyan, there was a man with fiery red long hair and a shawl. This fiery red hair seemed to be burning with a scorching fire!

The man grinned and said, "No one has ever taken this last step of Juehun City. Now that a young Tianjiao has finally conquered this Juehun City, I am naturally curious."

"What kind of reward is it that makes the test of Absolute Soul City so difficult!"

The Great Elder of Lingxian Palace looked at this person solemnly, and said, "Lie Xiao, do you want to join hands with Wuji Yuanyang Sect?"

Wuji Yuanyang Sect is also a hidden force.

At the same time, the background of this force is not inferior to Lingxian Palace!

It's just that the younger generation of disciples of Wuji Yuanyang Sect this time, their strength and talent are too ordinary compared to other top forces.

However, with a force as powerful as the Wuji Yuanyang Sect, there will not be a situation where there is no shortage of success.

"Hey, how can you say that?" Lie Xiao laughed loudly, and as Lie Xiao's mood fluctuated, his hair also continuously released scorching flames!

This flame seems to be able to burn Ye Qiubai and others instantly!

After all, he is a strong man in the Heavenly Wonderland, so the power he brings is naturally extraordinary.

"We don't have the idea of plundering, but we must satisfy our curiosity, right?"

"What's more..." Lie Xiao stopped laughing, his eyes were like poisonous snakes, staring at Xiao Hei and others behind Huo Zhengheng and other strong men.

Shen Sheng said: "It's not just us, other forces present must also need to satisfy their curiosity?"

Without waiting for the Great Elder of Lingxian Palace to speak.

Behind them, a burly old man smiled lightly and said, "Old Demon Lie is right, he should indeed satisfy our trivial curiosity."

"Otherwise, I can't justify it."

The Sky-Shattering Sword Sect is a first-class force second only to top forces such as the Holy Talisman Sect.

Although it has not reached the level of top forces, its background is not bad at all.

Moreover, the sect disciples are crazier than each other!

In a real fight, even top forces like the Saint Talisman Sect would have to be afraid.

This person is the patriarch of the Shattering Sword Sect, Jing Zhitan, a late-stage powerhouse in the Heavenly Immortal Realm.

The old man of the Su family and the great elder of Lingxian Palace and others looked at each other, and they all saw the solemnity in each other's eyes.

These two sentences are definitely a threat!

Moreover, these two sentences alone have caused other forces to start getting closer.

Things are not good!

The Great Elder of Lingxian Palace said via voice transmission: "I'm afraid this matter cannot be settled without revealing something."

The old man of the Su family frowned and said: "If you reveal too little, the other party will definitely not let it go, and you won't be able to deceive you."

"If there are too many, it will arouse their desire to kill and rob!"

There are so many forces here.

Even if you move out of the Su family, the names of Lingxian Palace and Shengfuzong may not be of much use.

The Supreme Elder of the Saint Talisman Sect was also helpless, and said: "How about we forcefully send these boys away first?"

Huo Zhengheng nodded solemnly: "If the situation is not right, I can only do this."

At this time.

The four seemed to hear something, and were taken aback at the same time.

The head of Xianyuan Village also nodded slightly.

Immediately.

The Grand Elder of Shengfu Zong snorted coldly at Lie Xiaoyu, Qingyan Jingzhitan and the others, and shouted: "You guys, are you really going to do this?"

"Then think about it, will you be able to withstand the revenge from our forces?"

The old man of the Su family also smiled lightly, and said: "You know, now that Qi Shadao has been reborn, it is only a matter of time before Infernal Purgatory reappears."

"We have infighting here, but they are more than happy to see it."

Yu Qingyan sneered and said: "We just want to know what the final reward of this Absolute Soul City is..."

The words are not finished yet.

Yu Qingyan, Lie Xiao, Jing Zhitan and others all had sudden changes in expression.

Behind the old man of the Su family and others.

There are a few thunderbolts flashing away!

Immediately.

Xiao Hei, Ye Qiubai, Mu Fusheng and the others disappeared instantly in place as the thunder light dissipated!

Sky Thunder Escape Talisman!

As the top powerhouse of all forces.

These days, the powerhouses in Wonderland will naturally always pay attention to the possibility that the opponent may use the space talisman to escape.

After all, Saint Talisman was present.

This kind of space escape character will definitely not be missing.

So, even if the other party uses the Space Escape Talisman, under the vigilance of all the powerhouses in the Celestial Realm, they will definitely not be able to escape here easily!

But.

The Sky Thunder Escape Talisman does not use space to escape.

Instead, borrow the power of thunder.

This makes these Heavenly Wonderland powerhouses feel unexpected and unpredictable.  
aware of their escape.

The old man of the Su family restrained his breath, and said with a smile: "A word of advice, it's better to be vigilant against the Infernal Purgatory first, and don't focus on internal strife."

The Great Elder of Lingxian Palace also said: "I will restart the alliance meeting later, and I hope everyone can participate at that time."

Huo Zhengheng also smiled at the Supreme Elder of the Saint Talisman Sect.

All left this place.

Only the group of Heavenly Immortal Realm powerhouses headed by Yu Qingyan, Lie Xiao and Jing Zhitan were left standing here with extremely ugly faces.

...

the other side.

An island.

On the island, the \*\*\*\* murderous intent permeates the entire island like a substance.

In the center, there is a huge skull.

This skull is the base of Infernal Purgatory.

At the moment.

In the hall of the skull.

Qi Shadao looked at the kneeling disciples of Infernal Purgatory and the elders of the current suzerain, and said with a smirk, "Infernal Purgatory, you can gradually begin to appear in the world..."

Chapter 757 Qi Sha Dao's conspiracy!

Purgatory Island.

This is the only force in the endless sea that dares to set the sect's power here.

After all, the Endless Sea is an unknown area where everyone in the mid-latitude realm, even those powerful in the Celestial Wonderland, dare not go deep into it.

Endless sea.

As the name suggests, its scope is extremely wide.

No, it can no longer be simply defined by the word broad.

It should be said to be boundless.

From ancient times to the present, no one has been able to define the specific size of this endless sea area.

Of course, there are many treasures in this endless sea.

There are medicinal materials needed to refine top-level elixir.

There are materials needed for forging top weapons.

There are also seal cutting talismans, treasures needed for arranging formations.

Some people call the Endless Sea an abyss full of temptations.

Among them, there are countless opportunities.

However, few people can bring out the opportunities here.

nature.

In every era, the top forces in the mid-latitude boundary have sent people to the endless sea to investigate.

I want to search for opportunities in it.

However, without exception, as long as you enter the back stage of the endless sea, you can't get out of it.

Among these powerhouses, there are two top powerhouses at the peak of the Heavenly Wonderland.

You know, this kind of character is the strongest existence in this mid-latitude realm.

Even such strong men couldn't come out.

But why are there still forces who are still unwilling to give up on it?

is actually quite normal.

The temptation is too great.

Everyone is taking chances.

Especially those people whose lifespan is approaching but still unable to break through will choose to go to the endless sea and give it a go.

Infernal Purgatory can keep the sect standing here, no one knows why.

No one knows what kind of means Infernal Purgatory used to establish the sect here.

Although it is not considered the back stage, it can only be said to be the front stage of the endless sea.

But the danger is still everywhere.

This is why.

One of the main reasons why the top forces did not eradicate the Infernal Purgatory when they joined forces.

...

Purgatory Island.

In the Skeleton Hall, all the disciples, elders, and the current Suzerain of Infernal Purgatory knelt on the ground, facing the direction of Qi Shadao, the Patriarch of Purgatory.

There is fear, surprise, and disbelief in the eyes.

But more, it is the unparalleled fanaticism!

In the endless purgatory.

Patriarch Purgatory is an absolute god!

At this moment, the suzerain shouted loudly: "Welcome to the ancestor's return! Please also invite the ancestor to lead us to occupy the mid-latitude boundary and avenge the past!"

When the suzerain shouted loudly.

The following elders, as well as many disciples, all shouted and repeated the words of suzerain Tao Mo at the same time!

Suddenly, over the entire Skeleton Hall and even the entire Purgatory Island, this earth-shattering sound kept floating and echoing!

Qi Shadao watched this scene, nodded in satisfaction, and said, "Okay, let's all get up."

Suzerain Tao Mo heard the words and got up first.

Then the elders, and then the disciples.

Everyone raised their heads, with fanaticism in their eyes, looking at Qi Shadao.

"Old Ancestor, I wonder what task we have now?"

Sovereign Master Tao Mo asked respectfully: "Should I directly announce my return to Infernal Purgatory?"

"No need." Qi Shadao shook his head and said, "It's not the time yet. If you make a high-profile announcement of your return at this time, I'm afraid you will be targeted by those forces."

"After all, my ancestor, my strength has not fully recovered."

Although Qi Shadao used Chi Bing's body, his eyes, momentum, and long-standing coercion made everyone extremely convinced!

Tao Mo asked: "Then what should we do to help the ancestor recover his strength?"

Qi Shadao thought for a while, and said, "Now you have two tasks."

"The first point, regarding my ancestor's strength, you have to get this person's physical body, whether it is dead or alive."

Having said that, Qi Shadao waved his hand.

A series of soul imprints were shot out, flying into the sea of consciousness of every disciple, elder, and Tao Mo.

After this soul imprint rushed into their sea of consciousness, it turned into a portrait.

This portrait is exactly Xiao Hei!

Tao Mo nodded, but did not ask why.

For him...them, what the ancestors say is what they say.

Say what you say.

Even if they are sent to die, there is absolutely no difference!

Although Infernal Purgatory is an extremely evil sect, the entire sect is full of evil cultivators.

Outside, brutal and bloodthirsty, doing all kinds of evil!

But in front of Patriarch Purgatory, he was extremely condensed.

This level of coagulation and belief can already be said to be pathological.

In the mid-latitude boundary, no force can guarantee this!

"As for the second point..." Qi Shadao showed an inexplicable smile, and said: "Revenge is definitely going to be done, but not now."

When it comes to the word revenge.

Whether it is the suzerain Tao Mo, or the elders listed, all the disciples.

Subconsciously, the intention of endless killing erupted in the body!

In the entire Skeleton Hall, fierce ghosts screamed, and their killing intent floated, as if they were real, turning into rain of blood and falling on everyone's bodies!

"Those old guys must know that Infernal Purgatory has begun to slowly recover. They will definitely start discussing alliances and want to kill us in the cradle."

"However, there are also some forces... It should be said that most of the forces will choose to wait and see, and even hope that we can hold back the footsteps of those forces, and it is best to pull them down from the top position!"

"As long as we make good use of this point, it will be easier for us to avenge and occupy the mid-latitude boundary, making the Infernal Purgatory the absolute overlord."

Obviously, Qi Shadao has a clear understanding of the inferiority of those forces.

Tao Mo asked aloud, "How to use it?"

"Let's release a wave of news first."

Qi Sha said with the same corners of his mouth, grinning grinningly, "Just say, the final reward of Absolute Soul City contains important information and necessary conditions for going to the high-latitude boundary."

Hear here.

Tao Mo also suddenly realized, and then said with a smile: "I'll send someone to do it."

You must know that those younger generations who have reached the last step in Absolute Soul City are basically the arrogance of the top forces.

When those forces are holding a wait-and-see attitude, they will release such a wave of news.

Those forces who wait and see will probably also be moved by the wind.

It's just that the target is not their Infernal Purgatory, but those top forces...

In this way, the conditions for internal strife will be fulfilled.

Not only buys time for Departure.

Let them wear down their own strength!

Moreover, although some people may not believe this news, the information leading to the high-latitude boundary is too important.

Even if you don't believe it, you will try your luck...

Chapter 758 I'm afraid there will be no peace

All forces have left Juehun City and returned to their sects with their own people.

However, Tianjian Peak, Su Family, and Lingxian Palace all came to the Saint Talisman Sect.

Decided to discuss how to deal with the resurgence of Infernal Purgatory tomorrow.

And how to make those forces join forces with them to fight.

At the moment.

In a separate courtyard of the Holy Talisman Sect.

Ye Qiubai handed over all the information about Chu Lan, Zhuang Zidong, and Chi Bing's death to Huo Zhengheng, the leader of Tianjian Peak.

Huo Zhengheng said with a gloomy face: "It's not your fault, you have tried your best."

After hearing that the Patriarch of Infernal Purgatory actually took away Chi Bing's body.

Huo Zhengheng couldn't bear it anymore, and suddenly slapped the heavy stone table in front of him with his palm.

Immediately!

The stone table turned into powder!

The sword of Immortal Sword is aimed at this moment, with the stone table as the center, cutting in all directions!

The entire other courtyard was cut into eight pieces by the sword intent of the fairy sword!

The cutting surface is flat and smooth.

You must know that the upper and lower courtyards of the Holy Talisman Sect, as well as the Dongfu, are protected by talisman seals.

It can be seen that the sword intent of this fairy sword is sharp.

"That's unreasonable!" Huo Zhengheng said angrily, "If you don't avenge this revenge, if you don't take Chi Bing's body back, where should my face and dignity of Tianjian Peak be placed?"

"If you can't even protect your dignity, then why should I wait for a sword repairer to cultivate swords!"

Ye Qiubai also thought this way.

But still had to pour cold water on Huo Zhengheng, saying: "Senior Huo, I am afraid that according to the current situation, revenge cannot be carried out."

Huo Zhengheng naturally understood this.

Only relying on them, Tianjian Peak, cannot strangle the Infernal Purgatory.

Even if the strength of Infernal Purgatory has not been fully recovered.

Even if Qi Shadao's strength has not returned to its peak.

Thinking of this, Huo Zhengheng took a long breath, and said with a heavy face, "Let's see tomorrow."

...

The other courtyard where the Su family is located.

The old man of the Su family looked at Su Muyou and asked, "What is the final reward for Absolute Soul City?"

Su Muyou looked at the old man, shook his head and said, "Grandpa Huan, I can't tell you about this matter, even to Grandpa's side."

Huan Shun, the enshrined of the Su family, a strong man in the late stage of the Heavenly Wonderland.

"At the beginning, Lin Zhinan and I made an oath to the Dao of Heaven, and we must not reveal anything in it."

Huan Shun was slightly taken aback, "Then the oath of heaven we saw outside, is it you who made it?"

Su Muyou nodded.

Then he said: "I can only tell you that the rewards are only for us personally, and the entire Absolute Soul City is actually a huge conspiracy. I can't say anything else."

Absolute Soul City itself is actually a conspiracy?

After hearing this, Huan Shun frowned, then waved his hands and said: "In that case, I won't ask any more. I will talk to your grandpa."

...

Lingxian Palace.

The Great Elder Zhang Guan also asked this question.

Lin Zhinan's answer was naturally exactly the same as Su Muyou's.

Zhang Guan expresses understanding.

The oath of the way of heaven cannot be violated. Once it is made, if it is violated, it will be destroyed by the catastrophe!

The soul is gone!

Unless your strength is already enough to make the heavens in the mortal world fear it.

"How about Ye Qiubai, Mu Fusheng, and that little black?"

Zhang Guan asked: "The Su family seems to value these three people very much."

Hearing this, Lin Zhinan put away his smile, and said with a serious face: "The Great Elder and Brother Ye must not be provoked, and we must try our best to gain their friendship."

"If this thing is done, my Lingxian Palace will definitely be prosperous!"

Zhang Guan's expression was horrified.

Lin Zhinan's character is very clear to him.

Although she looks kind and friendly on weekdays.

However, Lin Zhinan never praised others easily.

His vision is extremely proud.

But this time, for these three people, there is such a shocking evaluation!

Can guarantee the prosperity of Lingxian Palace?

That means, can the strength of Lingxian Palace be more brilliant than it is now?

Just relying on these three young people who have not yet grown up?

but.

Since Lin Zhinan said so, he naturally has his reasons.

Zhang Guan nodded solemnly, and said: "I have made a note, I will discuss this matter with the Palace Master."

Lin Zhinan nodded and said: "However, don't be too deliberate, otherwise it will lead to the distance between us gradually becoming farther."

Zhang Guan smiled when he heard the words: "It's natural, I still understand the truth."

"Okay, you rest and rest, tomorrow will be the highlight."

...

Shengfuzong, the place where the three elders lived.

The three of them looked at Mu Fusheng, but they didn't ask what the reward in Absolute Soul City was.

Because they know.

For a person like Mu Fusheng.

If he wants to talk, he will naturally tell you directly.

If you don't want to say it, it's inconvenient.

"Mu Fusheng, has your realm improved?"

Mu Fusheng smiled and said, "I've made great progress."

Immediately, a soul fire was released from between the eyebrows.

The soul fire is not all white, but half green and half white.

Immediately said: "My soul cultivation technique is about to break through to the sixth stage."

See it.

The three Supreme Elders all looked happy and nodded!

Soul Cultivation Technique is still clear based on the experience of the three Supreme Elders.

Even practiced.

It's just that the cultivation conditions are too harsh, and they all gave up this soul skill halfway.

Now, Mu Fusheng has broken through from the fifth level to this point in such a short period of time, which is already very evil!

"As good as that."

"In this way, you can also engrave more advanced talisman seals."

"At that time, you can go to the Zongmen's Tibetan Talisman Hall, which contains all the methods of carving talismans and seals since the establishment of the Holy Talisman Sect."

"It should be of great help to you now."

The Hall of Hidden Talismans is different from the Treasure Pavilion.

In the Treasure Pavilion, there are exercises, talismans, and treasures of heaven and earth.

But what about the Tibetan Talisman Hall?

Among them, only talismans and seals are collected.

This does not mean that the Hall of Hidden Talismans is not as good as the Treasure Pavilion.

On the contrary, the Tibetan Talisman Hall is a place that the entire Saint Talisman Sect, disciples, and even elders dream of.

The talisman seals that can be placed in the Tibetan Talisman Hall are all the top talisman seals in various fields in the Holy Talisman Sect!

Its importance is no less than that of the Holy Talisman Ancestral Land.

Mu Fusheng also smiled and cupped his hands: "Thank you, elders."

Elder Baixu Taishang smiled and stroked his beard and said, "You deserve it. After all, we three old guys can't teach you much about talismans."

Mu Fusheng's talisman and seal carving has even surpassed them in some aspects...

"Okay, don't go to the Tibetan Talisman Hall for now, and prepare for tomorrow."

Mu Fusheng also knew what to do tomorrow.

Just said with a sad face: "Tomorrow, I'm afraid it won't be peaceful..."

Chapter 759 Qi Sha Dao's conspiracy!

Time of day.

Whether it is for the monks or ordinary people, they just close their eyes and open them.

It seems that nothing happened.

But.

On this day.

But two news happened one after another that shocked the entire mid-latitude boundary.

the first thing.

That is tomorrow, the four major forces headed by the Holy Talisman Sect, Lingxian Palace, Su Family, and Tianjian Peak.

The Evil Punishment Conference will be restarted in the Saint Talisman Sect.

Punishing evil was the code name used by many forces at that time when they joined forces to crusade against Infernal Purgatory.

Now that it is restarting, its purpose is already very clear.

The return of Inferno.

The rebirth of ancestor Qi Shadao.

Let these top forces feel jealous, wanting to form an alliance again, and strangle Infernal Purgatory in the cradle!

However, this incident was within the expectation of all the forces.

After all, these top forces are the leaders of the Punishment Alliance.

The return of Infernal Purgatory, the rebirth of Qi Shadao.

Wait until the opponent fully recovers its power and reveals itself in the mid-latitude boundary.

These dominant forces are bound to suffer crazy revenge from Infernal Purgatory and Qi Shadao!

In order to prevent this from happening.

How could these top forces not be in a hurry?

Then, the second thing is that everyone was unexpected.

Also caught Shengfuzong, Su Family, Lingxian Palace and Tianjian Peak by surprise!

Events are as follows.

The final reward of Absolute Soul City has a way to enter the high-latitude realm.

This news, like a plague, swept through all major forces at the speed of a violent storm!

Even casual cultivators and hidden world forces got the news.

The news spread quickly, as if someone was manipulating it behind the scenes.

After hearing the news, the public forces and all the hidden powerhouses were shocked.

The method of entering the high-latitude boundary, even in ancient times, there is no news.

If there is no record in ancient books, no one will know whether the high-latitude boundary really exists...

In the entire mid-latitude boundary.

The peak of the Heavenly Wonderland is the end.

When this state is reached, no one will be able to climb further.

The barrier in it is like a heaven, which cannot be broken no matter what method is used.

Under the verification of millions of years, there is no way.

At that time, they vaguely knew that it was the limitation of the mid-latitude boundary, the limitation of this world, that kept them confined in this realm, and they could no longer break through. They could only wait for the end of their lives...

Only by entering a higher latitude, that is, a high-latitude boundary, can one find a way to continue to break through the realm.

So, ascetics in the mid-latitude realm, it should be said that those top powerhouses, desire for the high-latitude realm is extremely crazy.

When the news came out.

Countless forces, those experts in the Heavenly Immortal Realm, all set their sights on the Saint Talisman Sect.

Tomorrow, the Holy Talisman Sect will hold the Evil Punishment Conference. At that time, the forces behind the group of people who have received the final reward from Absolute Soul City will gather in the Holy Talisman Sect!

Originally none of the other forces wanted to go to the Holy Talisman Sect, but now they are all set off, rushing in the direction of the Holy Talisman Sect!

At the moment.

Among the Holy Talisman Sect.

The Evil Punishment Conference was originally scheduled to start tomorrow.

But because of this matter, the Su family, Lingxian Palace, and Tianjian Peak were gathered in advance.

At the moment.

In the hall of the Holy Talisman Sect.

Around a round table, the suzerain of the Saint Talisman Sect, enshrined in the Su Family Heavenly Wonderland, Huan Shun, the Great Elder of Lingxian Palace, Zhang Guan, and Huo Zhengheng, the suzerain of Tianjian Peak.

Get together.

are behind each other.

Ye Qiubai, Mu Fusheng, Su Muyou, and Lin Zhinan stood behind.

As for Xiao Hei, he was taken away by the head of Xianyuan Village after leaving Juehun City.

Said it was something urgent.

The suzerain of Shengfuzong said solemnly: "Everyone, what do you think about this matter?"  
this matter.

is clearly referring to something about information about high latitude boundaries.

Su family priest Huan Shun turned his head to look at Su Muyou and asked, "Is this news accurate?"

Su Muyou shook his head and said, "There is no information about any high-latitude boundaries."

Huan Shun didn't doubt Su Muyou's words.

Su Muyou is the next successor of the Su family.

Once he gets the news, he will naturally inform the Su family.

After all, this kind of thing is too big.

It is also of great importance to the interests of the Su family.

Zhang Guan also cast his eyes on Lin Zhinan.

Lin Zhinan also shook his head and said: "Obviously, someone deliberately wanted to sabotage this evil purge conference."

Who wants to destroy the Evil Punishment Conference so impatiently?

The answer is obvious.

There is only Infernal Purgatory, and I don't want to see the alliance of forces in the mid-latitude realm happen.

Even those forces that don't want to form an alliance or intervene in this matter will only choose to wait and see.

At the same time, they also expect these top forces to fight against the Infernal Purgatory, thereby consuming each other.

They want to profit from it.

How could they do such a thankless thing?

Therefore, only Infernal Purgatory has the possibility of doing this kind of thing.

The suzerain of the Shengfu sect clasped his hands, pressed his chin, and said solemnly: "Will those powerful people really believe such a nonsense thing?"

Huo Zhengheng, who was sitting beside him, shook his head and said with a sneer, "Whether you believe it or not, it doesn't matter anymore."

"The high-latitude boundary is too tempting for that group of people. Even if they don't believe it, they will try their best to confirm it."

Everyone nodded.

Huo Zhengheng was right.

The information of the high-latitude boundary area is for them here.

After hearing the news, everyone felt short of breath and excited.

Let alone others?

"Now, what we should think about is whether or not we should continue with tomorrow's Evil Punishment Conference."

Lingxian Palace Great Elder Zhang Guan's expression is serious, "After all, I'm afraid that the major forces have already sent people to the Saint Talisman Sect, even those old monsters who are hidden from the world will come out of the mountain because of this..."

This sentence is also what other people are worried about.

One time.

In the entire hall, everyone fell into silence, absolutely silent.

The atmosphere is so heavy that people dare not breathe out.

"The Evil Punishment Conference must continue."

At this time, Ye Qiubai and Lin Zhinan spoke at the same time.

Having said that, the two of them looked at each other, and they knew from each other's eyes that the other should go with him.

For Lin Zhinan, Zhang Guan, even the priests of the Su family, the suzerain of the Shengfu sect, and Huo Zhengheng all trusted them.

The name of the think tank, they have also heard of it.

Lin Zhinan said: "If you don't continue the evil-killing conference, you will be considered guilty by other forces, and you will fall into the trap of Infernal Purgatory."

"The other party will also use a more brutal and direct way to extract information from the high-latitude boundary!"

## Chapter 760 Survival from Desperation!

"It is absolutely impossible to interrupt the evil killing conference. As Brother Lin said, if it is interrupted, there will be even greater troubles."

Ye Qiubai took Lin Zhinan's words and expressed his opinion lightly.

"Then if it doesn't end, tomorrow, major forces will come to the Saint Talisman Sect, and among them, there are more likely to be hidden old monsters." Huan Shun, the priest of the Su family, asked back.

These old monsters are frighteningly powerful.

If they are even born, I am afraid that at tomorrow's evil purge conference, relying on their strength alone will not be able to completely stop the other party's forced interrogation.

Everyone's eyes were full of dignified color.

Not terminating, will inevitably lead to the situation Huan Shun said.

Just relying on them, I am afraid it is really difficult.

Unless the Su family, Lingxian Palace and Tianjian Peak are all out.

But, is this possible?

Qi Shadao also counted on this point.

This is not a conspiracy, it is a conspiracy from the beginning to the end!

or advance or retreat.

Terminate or continue.

will fall into the trap set by the other party!

"Damn Qi Shadao!"

Zhang Guan suddenly looked furious, and slapped the round table hard.

Suddenly, not only the entire hall, but even the entire Saint Talisman School were shocked!

The table did not shatter.

The master of the Shengfu sect noticed Zhang Guan's movements, and immediately took out a talisman and pasted it on the table, and at the same time injected his monstrous aura into it.

"Every major event needs to be calm, brother Zhang Guan, don't get too excited."

The suzerain of Shengfuzong said in a deep voice: "Now, what we should do is not to be incapable and furious, but to think about how to solve the matter!"

Zhang Guan snorted coldly, took his hand off the round table, and recovered the surging breath of heaven and wonderland into his body.

If Huo Zhengheng and the others hadn't cut off the burst of violent aura in time.

Ye Qiubai and others may be directly injured...

"Ye Qiubai, Lin Zhinan, tell me your views."

Huan Shun looked at the two of them, and asked, "It's impossible to retreat, so what should I do?"

In this meeting of the powerhouses in the fairyland.

It is already an incredible thing for a junior to speak and give opinions.

Lin Zhinan looked at Ye Qiubai, smiled and said, "Brother Ye, why don't you talk first?"

Ye Qiubai nodded slightly: "Our two methods should be similar."

Immediately, Ye Qiubai turned his gaze to the four strong men at the round table, and said in a deep voice, "The evil killing conference must continue."

"And it must be held on time and on time."

"Since Qi Shadao's intention is to put us in a dilemma, no matter what we do, it will have a great impact on us."

"Then what we can do is to reduce the risk as much as possible."

reduce risk?

Everyone looked puzzled.

How to reduce the risk?

Lin Zhinan nodded beside him.

Sure enough, Ye Qiubai's thoughts coincided with his.

Under this situation, what they can do is to reduce the risk as much as possible.

As for the advantage of disadvantages, this is impossible.

Want to turn a disadvantage into an advantage unless you change the minds of other forces.

Let them no longer wait and see, no longer reap the benefits of fishing.

Otherwise, it is impossible to pull them into the water by virtue of this incident.

"but..."

When Lin Zhinan thought so, Ye Qiubai suddenly changed the topic.

"I want to take a gamble at tomorrow's Punishment Conference. If I make the right bet, I might be able to take advantage of Qi Shadao's conspiracy and turn the bad into the good."

As soon as the words came out.

Lin Zhinan's expression froze, and he looked straight at Ye Qiubai.

Even the powerhouses in the Celestial Wonderland present all set their eyes on Ye Qiubai.

"How to do it? How to bet?"

Ye Qiubai smiled lightly, and said: "If we lose the bet, we have nothing to lose, we can still only reduce the risk, but once we succeed, some forces who choose to wait and see, as well as those old monsters who have been stuck in the fairyland for a long time, will Consider joining the evil alliance..."

End of the meeting.

All forces left separately.

On the way.

Huan Shun looked at Su Muyou, and said with emotion: "This son is courageous and resourceful, and very talented. I know why you girl is so optimistic about this person."

Back then, Su Muyou told the Su family about this after the Wanyu Grand Competition, and he said that he would try his best to win over Ye Qiubai.

And even if you let the other party join the Su family, you don't need to change your surname.

When this sentence came out, there were mixed opinions within the clan.

Regarding this matter, the vast majority of the Su family opposed it.

Which includes Huan Shun.

However, after seeing him today, Huan Shun finally understood Su Muyou's intentions.

"You girl, no wonder the Patriarch resisted the pressure and forced you to be the next Patriarch."

The vision is extremely high!

Su Muyou smiled and said, "If I didn't have this grasp of vision, I wouldn't do it."

...

On the other side, the suzerain of the Saint Talisman Sect came to the place where the Supreme Elder was practicing.

After finishing this matter.

Elder Baibeard stroked his beard and said with a smile: "It seems that none of Mu Fusheng's seniors is simple."

The suzerain of the Holy Talisman Sect also nodded and smiled: "It is still the elders who have the foresight. With our Shengfu Sect's attitude towards Mu Fusheng, when they grow up, our Holy Talisman Sect should be able to climb up again."

Elder Baibeard shook his head and said: "The three of us didn't think so much at the time, we just wanted to find a young man who could inherit our mantle."

It's a pity that the opponent's growth rate.

The degree of enchantment.

and the understanding of talismans are no longer what they can teach.

In terms of some detailed experience, maybe the three elders can still teach.

However, in the way of talismans, if Mu Fusheng accepts the mantle of the three of them, it will hinder his development...

"After this incident is over, let Mu Fusheng enter the fifth floor of the Tibetan Talisman Hall."

The fifth floor? !

The face of the suzerain changed slightly, the fifth floor, even he has no right to enter without permission!

Only with the unanimous approval of the three elders can you step in!

Among them are the forbidden talisman seals sealed by the Holy Talisman Sect from the beginning to the present!

It can be seen that the three Supreme Elders have completely entrusted the future of the Saint Talisman Sect to Mu Fusheng...

...

The mansion of Lingxian Palace.

Great Elder Zhang looked at Lin Zhinan and said, "You are right, this person must be friends with him with all his strength!"

In a desperate situation, he can forcibly find a piece of life, and there is a possibility of turning against Qi and killing Dao's army.

It can be described as a mental monster!

Even Lin Zhinan smiled helplessly and said: "I just thought of a way to reduce the risk."

"It doesn't matter if the talent is evil, even the mind is so evil, how to play?"

"My name as a think tank, I'm afraid it will be handed over to Brother Ye..."
