

## My Disciples 781

Chapter 781 Brother, what are you referring to?

The three sword guard elders were the sword boy of the ancestor of Tianjian Peak when they were young.

Now, after the ancestor disappeared.

The three sword boys have been guarding the saber left by the ancestors until today.

so.

As for the master's breath and the way of the sword, the three elders who guard the sword are naturally very clear.

so.

The moment Ye Qiubai stepped into the realm of Immortal Sword.

The aura of swordsmanship contained in it gave the three of them a very familiar feeling.

This kind of breath, they only found in the master's sword intent.

Could it be that Ye Qiubai has completely inherited the mantle of his master?

Since this is the case, then Ye Qiubai must have nothing to do!

After all, he is the only inheritor of the master.

Think here.

The three Supreme Elders looked at each other, then nodded solemnly.

The three obviously wanted to go together.

At this moment, Ye Qiubai swung his arms and flexed his muscles.

There was a clicking sound.

Walked up to the three elders guarding the sword, and asked with a smile: "Three seniors, what happened recently?"

"Why doesn't this junior see Senior Huo?"

One of the elders guarding the sword said: "The suzerain has already gone to the endless sea."

Endless sea? !

Ye Qiubai looked slightly startled.

Isn't there a place where even the peak powerhouses of the fairyland go and never return?

What did Huo Zhengheng go there for?

"Is such that..."

Under the explanation of an elder who guards the sword.

Ye Qiubai also understood the general situation.

This also made him think that this was just a 30-day retreat.

The entire mid-latitude boundary has undergone earth-shaking changes.

Immediately afterwards, he also received a letter from Hongying.

Then immediately set off to the Saint Talisman Sect.

The three elders guarding the sword silently protected in the dark.

Ye Qiubai's life, for them, absolutely must not have any mistakes!

...

Nowadays, the forces in the entire mid-latitude realm seem to be empty, even in all realms, there are very few pedestrians on the street.

After all, the temptation of the endless sea is too great.

If it is normal, I am afraid that even if you know that there is a treasure in the endless sea, you will not have the courage to take a look.

But now, the monsters in the endless sea retreated to the depths because of the space storm.

It can be said that most of the crisis has been resolved.

This allowed the ascetics to go to the endless sea one after another.

People who are not at a high level want to give it a try and see if they can get a chance.

Soar!

People with high realm want to make their realm even higher.

As for those old monsters and the peak powerhouses of the Heavenly Wonderland, they want to find a way to break through the shackles.

Wait until the moment Ye Qiubai comes to the Saint Talisman Sect.

At this moment, the Saint Talisman Sect also seemed extremely empty.

Almost half of the entire clan went to the Endless Sea.

Only a few people were left, always on guard against the sneak attack of Infernal Purgatory.

When Ye Qiubai came to a courtyard.

Soon, I saw several familiar figures.

Can't help chuckling.

Hongying, Ning Chenxin, Shi Sheng, Mu Waner, and Xiao Hei have all gathered here.

Under the watchful eyes of the five people, Ye Qiubai walked forward with a smile and said, "Are we finally going to fight side by side again?"

Hongying smiled and said: "Then you can't let the senior brother take the blame for nothing, can you?"

Originally, when he saw his juniors and juniors, Ye Qiubai was in a very beautiful mood.

But, what Hongying said.

It was as if a basin of ice water directly shattered Ye Qiubai's eagerness, and his body couldn't stop shaking...

Can we not mention the matter of taking the blame?

Ye Qiubai looked at Hongying resentfully.

After seeing Hongying's weird smile that seemed to be a smile but not a smile.

Ye Qiubai's face turned pale in an instant!

It looks as if he was seriously injured by a strong man and is on the verge of death.

"Could it be... junior sister, you won't... say something to Master again?"

Seeing Ye Qiubai's horrified expression.

Even Ning Chenxin, Shi Sheng and Mu Waner Xiao Hei couldn't help laughing.

Hongying was crossing her legs, with one small arm resting flat on her knee, and the other hand supporting her beautifully curved chin. She tapped her cheek with her fingers and looked at Ye Qiubai with a smile.

"Brother, what are you referring to?"

Which thing?

Ye Qiubai couldn't stop taking a few steps back as if struck by lightning.

Looked at Hongying in horror and said, "What else?! How many times have you blamed me?!"

"At that time, what if Master asks me to teach Xiao Hei how to cook?!"

Xiao Hei beside him: "..."

Have been offended.

Why is eating my cooking, or teaching me how to cook, the harshest punishment in thatched cottage?

Although the black is a bit dark.

The power is not too great, and it just blows up the kitchen.

But it doesn't matter, it's edible after all, right?

After a few people slapstick.

Ye Qiubai asked: "Where's Mu Fusheng?"

Hongying replied: "I don't know what I'm tinkering with, but according to the personality of the pastor, I'm afraid it's not something simple."

Ye Qiubai and the others nodded in sympathy.

Since I have decided to go to the Endless Sea.

Although the crisis of Warcraft has been eliminated, who knows if there are other crises?

After all, it is an unexplored area.

At the same time, it has to face competition from other forces.

And... the place where the sect of Infernal Purgatory is located is in the front part of the endless sea...

Encounter, sooner or later.

Mu Fusheng can naturally think of this.

Since he decided to go, his cautious character will naturally make things safe, or there may be a way out.

...

In the Talisman Tower.

The talisman seals in it are different from other ordinary talisman seals.

The talisman seals that can enter the Tibetan Talisman Tower are all the top existences in the Holy Talisman Sect!

Even the suzerain of the Saint Talisman Sect could not enter it without the unanimous nod of approval from the three Supreme Elders.

Mu Fusheng has been in it for thirty days.

Where he was, there were only four talisman seals around him.

However, Mu Fusheng did not stand in front of any of these floating talismans.

It is at the intersection center of the four talisman seals.

These four talisman seals, although they are the peak talisman seals of the Celestial Immortal level.

However, Mu Fusheng felt that this was not enough.

At the peak of the Celestial Level, didn't he also kill that Qi Shadao back then?

So, when Qi Shadao focused his attention on them, even if he learned these four talismans, it would not help.

Then, Mu Fusheng thought, how can he escape the crisis smoothly when Qi Shadao is eyeing them, or when there are other unknown crises?

The answer is simple.

Taking the essence and discarding the dross of the peak talismans of the four heavenly immortals.

Integrate the law of one's own Talisman.

Write a talisman that can resist Qi Sha Dao!

Chapter 782 Let Zhonglatitude know the name of thatched cottage? (first update)

Outside, another ten days passed.

In the courtyard where Mu Fusheng lived in Shengfuzong.

The sword intent soars into the sky, and the spear surges!

The momentum is extremely frightening.

Among them, it was Ye Qiubai who competed with Hongying.

Beside, Shi Sheng said dully: "Brother is going to lose."

Xiao Hei, Ning Chenxin, and Mu Wan'er all nodded in agreement.

Sure enough, within a short while, Hongying yelled and shook the spear in her hand.

In a short time, Ye Qiubai was repelled by Hongying's spear.

The discussion between the two did not hurt the other party at all.

Ye Qiubai patted the clothes, cleared the wrinkles on the top, looked at Hongying and said with a smile: "Junior sister, the speed at which your strength is improving is really eye-opening."

When they met at that time, Ye Qiubai and Hongying's realms were not far apart.

Now discuss.

Hongying has reached the late stage of the fairyland...

And both of them are the kind of ruthless people who can fight across borders.

Facing Hongying's current strength, Ye Qiubai naturally has no room to fight back.

Even if you have comprehended the sword intent of the fairy sword.

But the power of latitude rules will only be stronger than it, not weaker than it!

Even if the power of the latitude rule has not been completely absorbed...

Hongying also let out a long breath, shook her hair, put away the spear and said with a smile: "Senior brother's talent in kendo is still so superb, he has already stepped into the realm of fairy sword."

"However... I always feel that my brother's sword intent is different from other people's? Is there something other than fairy intent in the sword intent?"

Ye Qiubai picked up the Hunyuan Immortal Sword in his hand, shook his head and said, "I don't know what it is, but it seems to be related to my physique."

"This breath perfectly matches my kendo or body."

And this aura was only possessed by Ye Qiubai when he broke through to the Immortal Sword Realm in front of the statue of the ancestor of Tianjian Peak.

Maybe it has something to do with the ancestor of Tianjian Peak?

On the other side, Mu Wan'er was sitting on the stone chair, half of her body was lying on the stone table.

"Mu..." When it came to this point, Mu Wan'er deliberately looked at Shi Sheng viciously, and said, "Brother Priest! How long will it take to come, it's so boring."

Although Mu Wan'er has also wandered outside for a long time.

However, this is the first time for her to experience adventures with her brothers and sisters in a real sense.

This also made Mu Wan'er look forward to it.

Xiao Hei on the side shook his head and said, "I don't know, just wait."

Ning Chenxin also chuckled: "It's okay, inheritance or natural treasures, whether it is ours or ours, if it is not ours, there is no need to look at it."

"Furthermore, in such a short period of time, the inheritance secret treasure will not be obtained so quickly."

Just when Ning Chenxin finished speaking.

In the north of them, there is a huge thunder beam, soaring into the sky!

For a moment, the entire Saint Talisman Sect was covered by an earth-shattering thunder of destruction.

This extremely thick beam of thunder is as thick as a million-year-old tree in the sky.

As if to destroy the entire Saint Talisman sect...

Seeing this scene, Ye Qiubai smiled lightly and said, "It seems that the pastor brother has created something amazing again..."

On the other side, the place where the elders of Shengfu Zong Taishang lived.

The three Supreme Elders did not go to the Endless Sea immediately.

Instead, he stayed in the Saint Talisman Sect, waiting for Mu Fusheng to leave the customs.

When they saw this thunder beam, their expressions were horrified.

"This...is the talisman carved by that kid Mu Fusheng?"

"This aura seems to have the aura of the four peak talismans of the Celestial Rank..."

"Besides, the power of this talisman is probably much stronger than those four talismans..."

"So, that kid Mu Fusheng has already broken through the shackles of the Heavenly Immortal Talisman?"

Elder Baixiu calmed down quickly after he was horrified, shook his head and said, "I haven't reached the level of the talisman yet. According to the ancient records left by the ancestors, if the talisman appears in this mid-latitude boundary, It will evacuate all the spiritual energy within a hundred thousand miles around in an instant!"

After all, the aura in the mid-latitude realm is so rich that if you want to withstand the talisman, the requirements are too harsh.

One of the elders with a square face smiled wryly and shook his head, "This kid...has surpassed us old fellows."

Another elder with red hair laughed loudly and said, "Isn't this the joy of my Saint Talisman Sect?"

Why did the three elders pay so much attention to Mu Fusheng's strength.

Even if they refuse to become their disciples, they still want to devote all their resources to Mu Fusheng?

Moreover, Mu Fusheng has more protection than other direct disciples?

All of this is because they know that Mu Fusheng is a person who always repays kindness.

At the same time, it was also because Mu Fusheng's talent was too amazing.

So, as long as Mu Fusheng can grow up successfully.

Then it will take the Saint Talisman Sect to a height that does not belong to it.

Now, what they are thinking about, what they are expecting.

When this thunder beam shot up from the Tibetan Talisman Pavilion.

That's it.

...

A stick of incense after the thunder beam dissipated.

Mu Fusheng joined Ye Qiubai Hongying and the others.

Ye Qiubai smiled and said, "You boy, what did you do again?"

Mu Fusheng smiled and took out a seemingly unpretentious talisman.

said: "At that time, if we encounter a strong man like the one in the heyday of Qi Sha Dao, we will all have the ability to resist."

Although he will hide a little when he is outside, and he hides a bit too much...

But when facing the Caotang brothers and the master.

As long as the other party asks, Mu Fusheng will not hide anything!

This is absolute trust between each other.

"Okay, that's fine, since that's the case, let's go to the endless sea to exercise."

Ye Qiubai crossed his hands and clenched his fists, stretched his muscles and said with a smile: "It may be a long time since our thatched cottage went out together like this."

Xiao Hei also grinned, "Let this mid-latitude boundary know the name of our thatched cottage."

Heard this.

Mu Fusheng was taken aback immediately, and quickly waved his hands: "Don't! Don't!"

"Brother, if you do this, then I will have to eat your cooking!"

Xiao Hei: "???"

Scratching his head in wonder, he asked doubtfully, "Is the food I cook really that bad?"

When Xiao Hei glanced at other people.

Ye Qiubai, Hongying, Ning Chenxin, Shi Sheng, Mu Wan'er, and Mu Fusheng all turned their heads away.

For a while, the atmosphere was a little awkward...

...

At the moment.

In the endless sea.

The first batch of people who entered it also brought out news.

Some people got secret treasures, while others got some inheritances.

Although it is only a small profit, there is such a rare secret treasure and such a powerful inheritance in the previous stage.

The middle part?

Of course, there is one more message.

The disciples of Infernal Purgatory, even Qi Shadao, are among them...

Chapter 783 The target appears

generally.

At the moment when the secret land or the inheritance treasure land appeared.

Outside, there will be countless vendors, restaurants, and inns stationed here.

Under such circumstances, the consumption of pills and talismans is huge.

Even the Saint Talisman Sect has a place here that provides talisman seals.

However, the talisman seals of the Saint Talisman Sect can only be exchanged for things.

At the same time, it is also to provide a place for self-cultivation and a place for information circulation.

And in a restaurant.

Ye Qiubai, Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, Mu Fusheng and Mu Wan'er are here.

Ye Qiubai, Xiao Hei, and Mu Fusheng did not go to the Saint Talisman Sect of Tianjian Peak to join them.

Instead, they chose to act with Hongying and the others.

Restaurant, a place of information circulation.

Ordered a few side dishes and a few drinks.

While complaining that this dish is not as good as my own, and that bottle of wine is not as strong as the master's brewing.

While listening to the conversations of the people around you.

"There are really many opportunities in the endless sea area. Many people have already obtained them, and their strength has been greatly improved."

"Well, if it weren't for this inexplicable space storm, the treasure mountain of the Endless Sea would really stare blankly."

"However, I heard that Infernal Purgatory and Naqi Shadao are already in the endless sea..."

When hearing these words.

People around were silent for a while.

His face was heavy and his eyes trembled.

I am extremely afraid of the words Infernal Purgatory and Qi Shadao.

"No, Infernal Purgatory has already killed the arrogance of several forces..."

"Well, but the arrogance of these forces are all forces that once had enmity with Infernal Purgatory and participated in the original encirclement and suppression."

"That is to say, at that time, there were no forces involved in the encirclement and suppression, and there was no need to worry about the revenge of Infernal Purgatory?"

"It can be said, but it should not be taken lightly."

Heard this.

Hongying said: "From this point of view, Infernal Purgatory and Naqi Shadao are quite clever."

"Why do you say that?" Shi Sheng looked over.

Hongying explained with a smile: "According to the news, isn't the Infernal Purgatory's strength still unrecovered?"

"At the beginning, it was the top force in this mid-latitude realm. If it was too clumsy, and when everyone learned about the rebirth of Infernal Purgatory, they didn't do anything, but focused on restoring their strength, it would definitely be destroyed by other forces who were still sitting on the mountain. I underestimate the power of watching tigers fight, so I join the Alliance of Punishing Evil, and completely wipe out this hidden trouble."

"However, they did not go too far, carrying out defiant actions."

"That is to say, they only chose to strangle the forces that had participated in the siege before, and did not move other forces."

"This allows those forces that don't have much enmity with it to initially understand that Infernal Purgatory is still powerful and will not threaten them, so they will choose to continue to wait and see and will not easily enter the game."

"This not only buys enough recovery time for Infernal Purgatory, but also won't be underestimated."

Ye Qiubai looked at him with admiration and said: "That's right, junior sister, you can analyze so much with just this information."

Mu Fusheng also gave a thumbs up without hesitation, and flattered: "Senior sister is worthy of being a senior sister, she is too smart."

Second Senior Sister is the only one among their senior brothers who can control and make the senior brother suffer!

This can be seen.

Big brother? hehe.

Second Senior Sister? god!

So, Mu Fusheng decided that he must hug Second Senior Sister's thigh tightly.

However, the next sentence on the wine table at the side made Xiao Hei who was immersed in cooking suddenly stop his chopsticks.

"However, I heard that there are a few mysterious people who are very close to the Infernal Purgatory. I have never even heard of those people."

This is what a disciple of a hidden world force said.

"Mystery? Even you haven't heard of it?"

The disciple of the hidden force nodded and said: "Just listening to their description, these people are wearing black battle robes, and the aura on their bodies seems to have the same origin as that of monsters, but it is more domineering than the aura of monsters!"

"It seems to be looking for something."

Mystery man?

Aura of the same origin as Warcraft?

Looking for something?

Connecting these information together, Xiao Hei's eyes gradually showed a fierce light...

and killing intent...

noticed Xiao Hei's abnormality.

Ye Qiubai frowned and asked, "What's wrong?"

Xiao Hei said with a dark face: "At the beginning, the village chief told me that after I absorbed the soul fragment in Juehun City, the aura was too large. Those rebels might notice the aura and search for my trace in the lower realm."

Ye Qiubai's face sank slightly, and he said, "You mean, those people are probably sent by the traitors from the Demon King's Realm?"

Xiao Hei nodded.

Hongying also had a slightly solemn face, and said seriously: "It seems that they have found Infernal Purgatory for cooperation, and they want to find out where you are."

"During this time, don't use the power of blood, and try to restrain your breath to prevent being discovered."

Hearing this, Xiao Hei also nodded in agreement.

After all, the current self, judging from his current strength, may not be the opponent of those rebels...

After Mu Fusheng heard these words, he remained silent, and quietly used the sound transmission jade pendant to send a piece of information to the longevity world.

...

Full of wine and food.

Information collection has come to an end.

In general, I also heard some useful information.

Afterwards, Mu Fusheng obtained a map of the endless sea area at the place where the Saint Talisman Sect was stationed.

On this map, some of the islands in the previous section are marked, as well as the inheritance that has appeared, or the places of natural treasures.

Of course, even ordinary disciples of the Saint Talisman Sect cannot get this map easily.

It's just that after the other party heard Mu Fusheng's name, they handed it over to Mu Fusheng without hesitation.

Mu Fusheng pointed to the map and said: "It seems that there are quite a lot of secret treasure inheritances in the front section, but for us, we don't need to pay more attention to these inheritances."

"Or, do you have anything you want?"

Ye Qiubai, Hongying, Shi Sheng, Ning Chenxin and Xiao Hei all shook their heads.

Everyone in the thatched cottage not only has many inheritances.

There are also exercises taught by Master.

So these inheritances, although they look good, don't have much effect on them.

As the saying goes, you can't chew too much.

Where Mu Wan'er looked at the map, her eyes lit up, and she placed her slender hand somewhere on the map.

There is a green jade bud marked on it.

"Well, among my elixir, I happen to lack a taste of this green root."

The green root of life is extremely rare, something that can be encountered but not sought after by alchemists.

Seeing this, Ye Qiubai smiled and said: "Alright then, let's go to this place first."

From the moment everyone stepped into the endless sea.

at its distance.

A person shrouded in a blood-red robe whispered to the jade pendant: "The target appears... the living green root."

#### [Chapter 784: Do whatever you want](#)

Living Cuigen.

is the alchemy material that all alchemists dream of.

Among some immortal-level elixir with strong recovery ability, the status of living green root is unshakable.

Because, only the elixir that needs the green root of the living beings can be called the elixir with the most powerful recovery ability among the immortal-level elixirs.

Mu Fusheng asked suspiciously: "Junior Sister Wan'er, isn't it enough to have a master to restore the pill? Why do you still need this living green root?"

Mu Wan'er first corrected with a serious face: "I want to call you sister."

"It is true that I have not been able to refine Master's recovery elixir so far, or have seen the existence of a recovery elixir that can stand shoulder to shoulder with it."

"However... do you think that the green root of life can only be used to restore the elixir?"

Ye Qiubai had also heard the name of Cui Gen, a living creature, and nodded after hearing it, "Isn't it?"

Even Shi Sheng, Hongying, Ning Chenxin, and Xiao Hei looked at Mu Wan'er curiously.

Mu Wan'er may have a relatively weak actual combat ability among the Caotang brothers.

But only on alchemy.

and the understanding of Dan Dao.

No one can match it.

After all, Mu Wan'er is a disciple personally taught by Master Dan Dao.

While stepping on the calm surface of the endless sea towards the destination island, Mu Wan'er explained with a smile: "The healing pills and the pills for restoring aura are made of incomparably pure aura, and The rich artistic conception of wood, and even the meaning of endless life poured into the body of the person who took the pill?"

"It sounds very simple. The essence of the recovery elixir is that the aura is thick enough and pure, the artistic conception of wood, or the level of the meaning of endless life is high enough. Then, the level of this recovery elixir will be higher."

"And these auras and the meaning of endless life, actually, after being poured into the body of the person who takes the elixir, they will follow the route of the aura running in the meridians, travel through the limbs and bones, and finally merge into the dantian, so that they can achieve healing and restorative effects."

Mu Fusheng touched his chin and said, "So what does this have to do with the living green root?"

Mu Wan'er shrugged her shoulders, and said with a harmless face: "Although the living green root is only in the healing effect, it has an extremely outstanding effect."

"The reason is that in addition to having an extremely pure wood-attribute artistic conception, it also has a dense and extremely compressed aura, which is unmatched by other materials of the immortal-level recovery elixir."

"Then, using the recovery elixir refined from the green root of the living beings, and using some means to make these rich spiritual energy pour into the mouth of the user, and in its meridians, the direction of movement of the spiritual energy of the cultivation method is opposite, what will happen? "

Hear here.

Whether it was Ye Qiubai, Hongying, Xiao Hei, Mu Fusheng, or the indifferent Ning Chenxin, and the naive Shi Sheng, they all reacted and their expressions became extremely exciting.

Hongying shook her head with a helpless smile: "The aura is reversed, and it is a elixir made from a material such as the living green root, which itself has a strong aura..."

"I'm afraid that even a peak immortal-level powerhouse will be severely injured in an instant. If he is injured in the middle of the battle, he may not be able to suppress the rioting aura in his body in time, so he will explode and die..."

Ye Qiubai couldn't help laughing: "It's really cruel, but you discovered it yourself?"

Mu Wan'er nodded, with an expression of "quickly praise me", humming: "Of course, when I was wandering outside, how could I not do anything at all?"

Mu Fusheng also gave a thumbs-up, and said: "As expected of a person who inherits the master alchemy."

Mu Wan'er's alchemy has been similar to that of Lu Changsheng from the beginning to the present.

Lu Changsheng was lazy, and also because he didn't want others to know that he could make pills, so he didn't go out to find recipes or ingredients for pills.

Those materials are all in the original vegetable garden, or they can be planted according to their needs.

What?

You said the year is not enough?

I don't know which one has any effect?

Isn't there a willow tree?

Based on her experience, her intention of endless life, as long as a grass is planted by her side, she can give birth to wisdom after some time!

So, this also determines Lu Changsheng's road to alchemy, not bound by the existing framework, creating and refining by himself.

And what about Mu Wan'er?

is innocent by nature, loves to play, and no longer likes to be restrained.

But she likes alchemy very much, so when refining alchemy, she often has whimsical ideas.

What's more, who didn't go through the rebellious period when they were young.

During the rebellious period, she was spoiled and spoiled, so when the family asked Mu Wan'er a teacher to teach alchemy.

Mu Wan'er also always likes to confront the alchemy teacher, doesn't she?

Therefore, the habit of Dan Dao has been formed.

Be eclectic and do whatever you want.

Although the experience is different, the result is the same.

The location of the living green root.

It is in the front of the endless sea, not very far from the people in the thatched cottage.

In less than half a day, they passed through a section of calm sea area.

Of course, countless casual cultivators and disciples of some low-level forces can be seen among them, and the elders are searching outside.

This is also normal. If the strength is not enough, even if there is no threat, it is impossible to move forward.

must go deeper into the endless sea.

The higher the level of its competitors.

They go there, not to mention whether they can grab something, even if there is no one to fight with them.

With their strength and talent, they cannot be recognized by inheritance.

However, why do treasures of natural materials and earthly treasures of the level of Living Cuigen appear in the front part of the endless sea?

This is unknown.

When everyone in thatched cottage landed on this island.

The area of the island is not very large.

But in this island, its terrain is very strange.

The surrounding terrain is low.

But the further inward from the periphery, the higher the terrain.

formed an arc, and at the very center, there was a small round table.

On the round platform, there is a small grass root that exudes vitality and shimmers with green light.

Presumably.

That is the living green root.

It's just that they are not the only ones present in thatched cottage.

On the island, countless ascetics have already gathered.

And it seems that they all have the unique aura of alchemists.

It seems that all the alchemists who went to compete for the green root of the pearl are all alchemists.

Ye Qiubai was a little confused: "Why are they all standing here instead of fighting for this living green root?"

Hongying shrugged her shoulders, passed Ye Qiubai directly, and said without looking back, "Just ask."

And when the people in the cottage landed on this island.

The old man with two aquiline beaks and hooked noses followed closely behind, his eyes, vaguely glanced at Ye Qiubai and the others.

Chapter 785 Infernal Purgatory Comes!

After Hongying's inquiry.

Although the young alchemist was very impatient.

But when Hongying revealed her aura, the young alchemist's face changed slightly, and he immediately explained everything.

"Simply put, the way to the Living Cuigen can only go up against the sky, and once you are in the air, there will be an attack from the Living Cuigen condensed with strong spiritual power."

"These attacks are equivalent to the peak of the fairyland."

After Hongying explained.

Ye Qiubai and others also understood.

Why did these alchemists not move?

Don't you want to fight for this pearl of living green root?

The reason is simple, not strong enough.

First of all, the living green root is only of great use to alchemists.

If it is outside, other ascetics may come to compete for this rare fetish.

But the endless sea area is a treasure mountain that has not yet been developed and explored!

Not to mention that the powerhouse in the Celestial Wonderland is already groping into the depths.

Other ascetics who have nothing to do with alchemists will also choose to hurry up and look for opportunities related to them!

These alchemists, the tallest one present is no more than the late stage of the fairyland.

As for alchemists, their actual combat ability is too weak, so it is normal that they cannot pass.

Hongying said: "Then I'll go get it directly, just wait."

But Hongying's body just rushed upwards.

Behind it, two old men with hooked beaks and hooked noses who had just landed on the island rushed out simultaneously, one behind the other!

Its location, which is exactly on the left and right of Hongying, is in a state of encirclement.

This scene.

Let Ye Qiubai and others below frowned, feeling something was wrong.

Hongying also glanced to the left and right, stopped, and asked calmly, "What's the matter, Your Excellency?"

One of the old men said with a blank face: "I have nothing to discuss with you, but you and Ye Qiubai, Mu Fusheng, and that person who cultivated the body are also the strongest, so let's go together first." It's done for you."

Say it.

The two old men suddenly burst into shocking blood!

Clouds of blood surged out from their bodies, dyeing the world red with blood!

Only around the living green root, is still shrouded in green light, and those blood clouds cannot invade it.

And among those blood clouds, there were countless howling ghosts, like sound waves, sweeping towards Hongying continuously!

The two of them are in the half-step fairyland!

When you notice this breath.

Ye Qiubai, Mu Fusheng and Xiao Hei's expressions all sank.

Hongying also understood the other party's background in an instant from the other party's words.

"A person from Infernal Purgatory?"

The two old men didn't hide anything, and nodded directly.

When the people around saw this, they all looked horrified, and kept retreating towards the rear!

Infernal Purgatory!

This is not a force they can provoke.

Hongying smiled and said: "If you want to kill people, wouldn't it be better to do it in the dark? But why do you have to expose yourself to the sun under such circumstances?"

"What is the purpose of your endless purgatory?"

reached their realm.

The horizon of experience eyes is certainly not too small.

So I won't be so stupid that if I want to kill someone, I have to jump out loudly and say who I have the intention to kill and who I want to kill, so that the whole world will know.

They did this, probably because of other reasons.

But what is the reason, even Ye Qiubai, Mu Fusheng, and Xiao Hei have no idea.

"You don't need to know this."

The old man with facial paralysis said blankly: "If you don't resist, maybe you can die more happily. After all, you should be very clear about my means of endless purgatory."

Hearing these words, except for Hongying and everyone in the thatched cottage.

The group of alchemists all showed solemn expressions.

The means of Infernal Purgatory are extremely cruel and inhumane.

After killing a person, the soul will be drained, and then the blood in the body will also be drained.

A complete corpse will not be left for you!

It can be said that if it falls into the hands of Infernal Purgatory.

If you want to be reincarnated, or reborn with the help of the soul, there is no hope anymore!

Hongying chuckled lightly and said, "Then let's try."

The old man with facial paralysis nodded and said, "Although the younger generation is very talented, they seem a little arrogant."

Another old man took up the conversation and said, "It's not the late stage of the fairyland, but dare to face the two of us with your own strength."

Half-step heavenly wonderland.

Although he has not yet fully stepped into the fairyland.

But its strength is still not a bit stronger than the ascetics in the fairyland!

Because of the spiritual energy in their bodies, a small part has been transformed into immortal energy.

The conditions for stepping into the fairyland.

Take the mortal world as an example.

That is to transform at least 30% of its aura into immortal energy while it has enough aura.

This can be called a fairyland.

However, don't underestimate this small part of immortal energy.

Although it is only a small part, it may be less than 20%.

But the strength improvement brought about is also an existence that is far from the sky.

Hongying held the reincarnation spear, and didn't say anything more.

The imperial aura in the body, the meaning of reincarnation, and the power of latitude rules burst out at this moment!

Three different forces blend perfectly at this moment!

Although there is no immortal energy in Hongying's body yet.

But she has the bonus of latitude rule power.

In terms of the quality of aura, this point can make up for it.

Even stronger!

Immediately.

Under the eyes of two elders from Infernal Purgatory.

Hongying stepped on the void, causing the space to vibrate.

The body is like an unstoppable spear, rushing towards the old man with facial paralysis!

The reincarnation spear in his hand flicked.

The guns are on!

In the space, at this moment, there were harsh friction sounds!

Three different breaths converge on the reincarnation spear, forming a palpitating power!

When the old man with facial paralysis saw this, his face froze slightly.

This is not the same as the strong man in the fairyland he said he has seen.

This empress-like cultivator in front of me is much, much stronger than those ordinary earth fairylands!

Moreover, the aura emanating from the spear is not even much different from the ray of immortal energy in their bodies?

at this point.

The two old men were a little surprised.

Seeing the spear piercing.

Hongying's figure was already approaching.

The two of them stuck out their right hands at the same time.

Grab it with one claw!

Immediately!

Among the blood cloud, a shocking blood claw was condensed, filled with howling ghosts!

Grabbed the space in front of him, and grabbed Hongying's reincarnation spear!

Hongying's face froze slightly, and her forward momentum surged again!

Not dodging, not dodging, a shot was stabbed on the blood claw!

at the same time.

Around them, there are pieces of talisman seals, as well as sword intent, and the intent of stars soaring into the sky!

Chapter 786 Abnormal, behind the scenes?

Endless sea.

On an island in the middle.

The forces of Lingxian Palace encountered the Su family.

The people on both sides are Lin Zhinan, who is called the think tank of Lingxian Palace, and Su Muyou, the heir to the next head of the Su family.

The two parties are not like other forces.

When they find an inheritance, or a treasure of heaven and earth, the six relatives disown each other and kill each other.

Red eyes because of the secret treasure.

After the two greeted each other.

Lin Zhinan said with a solemn face: "Have you noticed that the people of Infernal Purgatory have been acting extremely frequently in the endless sea during this period?"

Su Muyou also nodded, looked around, and said in a deep voice: "I also send people to pay attention to the movements of Infernal Purgatory all the time, but the other party's actions are so weird that I can't figure it out."

"Do you think... are you looking for someone?" Lin Zhinan said: "Since Infernal Purgatory chooses to act arrogantly, it will not touch various forces that have no enmity with it."

"This means that the other party just wants to show their own strength and discourage other forces who are watching."

"But now, with the emergence of the endless sea, almost all the forces in the mid-latitude border have rushed here."

"This is very likely to provoke other forces that have no enmity with it. This should conflict with their previous plan..."

Lin Zhinan deserves the name of a think tank.

What Hongying thought of.

Lin Zhinan has also analyzed it.

After hearing this, Su Muyou thought for a while and frowned, "What do you mean...they didn't hesitate to make the plan fail just to find someone?"

Lin Zhinan nodded: "I'm afraid this person is Xiao Hei...Only Xiao Hei's physical body can bring such great attraction to that old Qi Shadao..."

"It's just... I always feel that this matter is not so simple. I always feel that... someone is manipulating behind the Infernal Purgatory..."

Otherwise, these things that Infernal Purgatory has done recently, the momentum they have created is too abnormal...

Su Muyou sighed slightly: "I'm afraid it will not be so simple this time in the endless sea area, and I don't know if Ye Qiubai and the others have arrived."

Lin Zhinan said with a resentful face: "I'm still here."

"so what?"

"...never mind."

"oh."

"..."

...

In the endless sea.

Only one faction can have this kind of courage and this ability to set up the sect in the endless sea.

That is the endless purgatory.

Around the island where Infernal Purgatory is located.

No force dares to investigate.

Inside the main hall.

Qi Shadao listened to the report of the Sect Master of Infernal Purgatory, and then said: "Since you know their location, don't let the news out."

The suzerain was stunned for a moment, and asked puzzledly: "But Patriarch, those people's strength is too terrifying. If you don't tell them about this, I'm afraid..."

"You just need to listen to my ancestor and do it. You don't need to worry about these things."

Qi Shadao glanced over.

In an instant, the suzerain's body tensed and his pupils trembled.

Although his strength is also in the late stage of Heavenly Wonderland.

Now, although Qi Shadao's strength has not yet returned to its heyday.

But the coercive atmosphere that has been cultivated for a long time cannot be changed.

"As long as it is not disclosed, they will naturally not know."

"What's more, according to what they said, it doesn't matter even if Xiao Hei is killed."

"After I obtain his body, I will take his soul to negotiate terms with them. Will I get more things?"

Hear here.

The suzerain also understood.

If you tell them the news and let them find it, although you can get a lot of rewards.

However, if you bring this person in front of the other party, will you be able to talk about more rewards?

Qi Shadao got up, and said quietly: "The other party is a big force in the high-latitude realm. In this case, as long as we get Xiao Hei's soul, our Infernal Purgatory will be able to develop in the high-latitude realm under their protection. ?"

Since going to a high-latitude boundary.

Although the strength of the ascetics there is too terrifying.

Rang Qi Shadao was forced to have no choice but to return to the mid-latitude boundary in despair.

But the aura and resources there have always made Qi Shadao extremely jealous.

With the protection of that force.

How could the Infernal Purgatory not be able to survive in the high-latitude realm?

"Okay, don't make too much noise for now, bring Xiao Hei back."

The suzerain nodded and said: "I have already sent someone there."

Qi Shadao nodded, closed his eyes, continued to practice, and recovered his strength.

...

At the moment.

On the island where the living green root is located.

The power of the sky and thunder, the meaning of the sword, the meaning of the stars, and the power of rules soar into the sky!

Enclose the entire island in it.

The alchemists below looked horrified and inexplicable when they saw this scene.

There are so many useful inheritances in the Endless Sea, don't grab them, don't look for them.

Come here to join in the fun!

Some alchemists had a clear mind. After seeing the strength of both sides, they knew that they had no chance, so they left here without looking back.

Find the next opportunity.

And there are also some alchemists who are afraid to leave simply because they don't want to get involved with Infernal Purgatory.

As for the rest of the alchemists who are hard-headed, they still want to fish in troubled waters...

The old man with facial paralysis and another old man looked at the woman in front of them, and even held a long gun to break up the attacks of the two!

The other party is only in the late stage of Wonderland!

The two of them are half-step heavenly powerhouses with a ray of immortal energy.

How can this be?

However, regardless of whether it is possible or not, they have not waited for them to think about it.

Around the two of them, the talisman that shone with the power of thunder was actually a talisman of the level of a fairy!

And not just one, but two.

The power of thunder in the talisman is frantically gathering.

During the process of cohesion.

The flowing thunders scattered in this space, directly tearing the space into cracks!  
at the same time.

The sword of the fairy sword soared into the sky.

It also made the two of them mistakenly think that there was a sword cultivator from the Heavenly Wonderland present.

But when they traced back to the source, they found that they were just a junior in the late stage of the Great Immortal Realm?

Has already stepped into the realm of fairy sword?

And the cultivator of the meaning of the stars?

What kind of monster is this!

For a moment, both of them felt their scalps tingling.

The sword intent of the fairy sword is released with the strength of the turbid fairyland, and they can still resist it, as long as they don't be invaded by this sword intent.

The oppressive power of the meaning of the stars has restricted the actions of both of you!

There is also this junior in the late stage of the fairyland who can resist the two of them.

The most terrible thing is those two heavenly-level talismans that are condensing the power of destroying thunder!

Are you sure it wasn't the suzerain who asked them to send the head?

Chapter 787 Join forces!

Different forces are constantly rioting on the entire island.

Space trembles.

Cracks occur frequently.

Even the two half-step Heavenly Immortal Realm powerhouses, under the suppression of this breath, sensed the danger of death.

Hongying chuckled lightly, looked at the two old men in front of her, and said, "I have no intention of fighting the two of you one-on-one."

Below, Ye Qiubai holds the Hunyuan Immortal Sword, pointing directly at the sky.

The meaning of the fairy sword, continuously condensed, turned into a giant sword that held up to the sky, and slashed towards the two half-step elders in the fairyland!

Although Ye Qiubai's realm is not enough of a threat to the two elders in the Heavenly Wonderland.

It means fairy sword.

No matter how you say it, it has a fairy character.

In the mid-latitude boundaries.

The number of sword cultivators who can comprehend the meaning of the fairy sword can be counted on one hand.

And these people are all in a fairyland.

For example, Huo Zhengheng.

If the meaning of the fairy sword invaded the body.

Even if the realm of the two is much higher than Ye Qiubai's, it's still enough for them to have a drink.

the other side.

The meaning of the stars is all over the island.

at this moment.

The scorching sun was originally in the sky, but it was replaced by night.

Only light source.

It was the three stars shining down in that dark night!

The starlight pouring down from these three stars, like the entire sky falling down, landed on the bodies of these two Infernal Purgatory Killers!

While restricting their movements, it also made the aura in their bodies seem to be blocked by a stone when it circulated through the meridians.

When the two old men threw palms at the fairy sword behind them.

Hongying seized this opportunity.

Step into the void!

In the void, ripples appeared at the place Hongying stepped on.

Immediately.

Hongying's body instantly disappeared in place.

I saw a red glow, rushing towards the direction of the two old men at an extremely fast speed!

The power of the rules is surging.

When Hongying held the reincarnation spear in both hands, and pierced the old man with a paralyzed face.

Shi Sheng made a move with his right hand.

The sky was dark and night, and one of the stars shed a starlight.

This starlight actually landed on the reincarnation spear in Hongying's hand!

With the meaning of the stars, the meaning of reincarnation, the power of rules and the superposition of the emperor's spirit.

Hongying's shot is even more fierce than the blow just now!

is more heavy.

One shot down!

The old man with facial paralysis slapped the giant sword that held up to the sky with one palm, and at the same time, he immediately turned around and punched out!

But.

At the same time as the old man with facial paralysis threw that punch.

One foot in front of his fist.

A small white porcelain bottle suddenly appeared.

The old man with facial paralysis frowned slightly.

However, the old man didn't have time to take care of the porcelain bottle, and moved his fist forward.

Just touching the wind of the fist, the white porcelain bottle shattered.

Among them, streaks of cyan powder floated on the punch of the paralyzed old man.

Just moments.

The complexion of the old man with facial paralysis changed drastically!

The cyan powder on the fist actually penetrated into the meridians of his arm from above his fist!

Reiki circulates from the dantian and spreads to all limbs.

Only then can we display 100% strength.

However, this wisp of cyan powder actually blocked the meridians of his arm!

In this short breath, there is no way to break through!

One breath time.

At this distance.

In this case.

How much can happen?

Hongying has turned into a ray of red light, holding the reincarnation spear, under the terrified face of the paralyzed old man, directly stabbed his fist!

Puff!

Like a thin layer of paper.

The fist of the paralyzed old man was directly pierced by the reincarnation spear in Hongying's hand!

Immediately.

Hongying's arm shook.

The spear also shook accordingly!

ton time.

The arm of the old man with facial paralysis immediately exploded!

Even minced meat and bones, there is no trace left...

The old man with facial paralysis backed away quickly.

Then he looked at his companion beside him, and hurriedly shouted, "Can you solve those two celestial-level talismans?"

Another old man did not have time to manage the situation of the old man with facial paralysis.

His mission is to prevent the destructive thunder power from continuing to condense in the immortal-level talisman.

Once condensation is complete.

Fu Zhuan activated.

Thunder fell.

Then the two of them will never have a chance to win again.

Can only wait for death...

It's not that they don't want to run away.

If you want to escape, with the strength of the two of them.

As long as you pay a little price, you can easily escape.

There are still two strong players in the half-step Heavenly Wonderland.

How could it be so easy to kill?

However, once they escape.

will still die.

It will not be too easy to be punished to death by the sect...

Think here.

The two decided to either die here or complete the mission.

As for escaping, that is absolutely impossible.

Another old man looked at Xiao Hei, Ye Qiubai, and Shi Sheng in front of him, and Ning Chen had an ugly expression on his face.

Every shot.

The three of them broke out with all their strength at the same time, and the little girl below interfered with some weird poison.

and the person who cast the talisman.

The purple and gold two destructive thunderbolts in his hand, as well as the soul attack.

Gives him the feeling of being hit on cotton.

There is no way to break through quickly!

"In this case..."

The old man with facial paralysis said with an ugly face: "Use that trick."

Another old man also nodded when he heard the words: "There is no way..."

After all, a blood mark appeared between the eyebrows of the two old men!

Immediately, the blood marks began to burn!

The breath of the two of them is constantly rising.

Burn your soul!

Ye Qiubai's face condensed slightly.

This is a trick that group of people also used in Absolute Soul City.

Burn your own soul and use secret techniques to forcibly increase your strength.

And below.

Seeing this, Mu Wan'er threw out five pills without thinking, and gave them to Ye Qiubai, Mu Fusheng, Shi Sheng, Xiao Hei, and Ning Chenxin respectively.

Shouted loudly: "Brothers, take this pill!"

Ye Qiubai and the others took the pill without thinking about it.

Instantly!

The strength of the five people started to improve at the same time at this moment!

Although there is no breakthrough.

But regardless of the speed of the body, and the physical body is covered with a layer of stone armor, the defense is improved.

and the improvement of the perception of the soul.

are huge.

and.

They can clearly feel it.

Junior Sister Wan'er's elixir, even if the effect of the medicine has passed.

There will not be any side effects.

The improvement is so great, but there are no side effects.

This is the scariest place.

Mu Fusheng chuckled lightly, and said, "Just wait another thirty breaths!"

Xiao Hei on the side also said indifferently: "Next time, I will study the instant immortal-level talisman."

Ye Qiubai also lifted the Hunyuan Immortal Sword in his hand with a smile, and said quite relaxedly: "Okay, don't complain for now, let's go."

Chapter 788 Self-destruct!

How long can the time of thirty breaths last?

If you put it in normal times, even ordinary people would think it short.

However, if it is this kind of life-and-death struggle, every breath may determine the life and death of both parties.

Infernal Purgatory, the two half-step heavenly fairyland elders obviously also heard Mu Fusheng's undisguised conversation.

His complexion suddenly changed.

Thirty breaths.

If within the 30 breaths of time, there is no breakthrough, it will prevent these two heavenly-level talismans from gathering strength.

Then, when these two heavenly-level talisman seals are fully activated and release the terrifying power of destructive thunder within them, there will be no possibility for the two of them to escape!

Think here.

The old man with facial paralysis gritted his teeth, burned his soul, his breath soared, and he turned around immediately.

and another old man ran towards the positions of the two heavenly-level talismans!

But.

How could Ye Qiubai and his party do what they wanted?

Hongying saw this.

The moment when the lotus steps are moved lightly, and the red robe with gold trim is fluttering in the wind.

Hongying's figure turned into a ray of red light, holding the reincarnation spear, pierced through this space, and pierced towards the back of the paralyzed old man!

the other side.

Ye Qiubai's sword intent rose.

Holding the Hunyuan Immortal Sword.

The third sword of Taichu Sword Classic, destroying demons.

At the same time, on the blade, two thunder dragons, one yin and one yang, twine.

Yin-Yang Destroying World Thunder Art!

At this moment, go out with all your strength!

Shi Sheng is holding the Ming Emperor Xuan Axe.

As the stars in the dantian of the starry sky shine, the stars in the sky are also shining brightly!

Starlight kept falling, splashing on the Minghuang Xuan Axe.

The ax, which was already extremely thick, became a bit heavier at this moment.

The meaning of suppression is undoubtedly revealed!

Ning Chen spat out his heart, and drank out the nine-character mantra like thunder.

The ancient characters turned into a god.

A white light, at this moment, actually pierced through the clouds and surrounded the gods.

Holding a golden-scale sharpshooter and wearing a golden Kai.

Like a \*\*\*\* descending, he ran towards the old man!

In the palm of Mu Fusheng's palm, the purple Xuanyin Purple Thunder and the golden Heavenly Punishment Thunder gathered into a thunder ball and threw it out.

Mu Wan'er was holding a white porcelain bottle between each finger, and at this moment, she also threw it out...

As for Xiao Hei.

He did not use the blood of the demon god, nor did he use the descending of the demon god, but simply used the ancient demon body, and the six lines covered Xiao Hei's body.

Rao is so.

Its physical strength is also extremely terrifying.

When the demon god's blood and demonic energy have learned that the other party is likely to descend to the realm to find him.

Xiaohei can no longer be used at will.

Once used.

I'm afraid they will be found directly by the other party.

Then kill it at any cost!

At this moment, when the strength is not enough, Xiao Hei can't reveal his position.

Otherwise, you will only bring endless troubles to yourself and the brothers and sisters around you.

Although you can ask Master to help.

But this is my business after all.

If you have to ask Master to come forward to help you solve anything.

Then what kind of Taoism do you still cultivate?

Then how to pursue the ultimate road?

Besides, this is his enmity...

He needs to figure it out himself.

The realm of a few people, although not in the eyes of the old man.

But when their attacks came together.

But it also made his face a bit more dignified.

Even if the soul is burned, the strength will rise again by a few points.

was also dragged back.

The old man with facial paralysis was also stopped by Hongying.

Although the opponent's attack can no longer easily hurt him, it can also block his pace!

Seeing that the thunder power cohesion of the two heavenly level talisman seals is about to be completed.

The meaning of destruction floats in this space like a substance.

Tore out a series of cracks.

Immediately, like a shattered mirror, it fell to the ground with a click.

The alchemists below began to leave again.

After all, they are not sure if they stand here, will they be affected by these two heavenly-level talismans full of destructive aura.

But there are still some who are not afraid of death.

Thinking that when the talisman erupts, the living Cui Gen will also be affected.

At that time, when the two of them can't separate their hearts, quickly take the living Cuigen away!

The mantis catches the cicada and the oriole is behind.

It's just that they didn't know that their eyes were stained red by the living green roots.

Have you ever thought about whether you can resist this destructive energy that is comparable to a blow from a fairyland?

Thirty breaths of time.

Twenty breaths passed quickly.

They are two old men from Infernal Purgatory.

Still had no way to break through Ye Qiubai's obstruction.

No matter how you use your full strength, you will uncover one of your cards.

There is no way at all.

In the little time left.

The old man with facial paralysis stopped attacking, and said with a gloomy face: "There is no other way, the task cannot be completed, and you will be tortured when you go back, and you will never be able to enter the cycle of reincarnation."

Another old man heard this.

Also with an ugly face, he stopped attacking Ye Qiubai and the others.

"Since this is the case, there is only one way."

Speaking of which.

The two looked at each other.

Both sides saw the determination in each other's eyes!

From the bodies of the two of them, there is a breath that destroys the world, and it begins to overflow.

Self-destruct!

Whether it was Ye Qiubai, Hongying or the others, their complexions changed slightly.

As for this step?

However, Ye Qiubai and the others didn't understand either.

How cruel is the system of Infernal Purgatory.

Treat outsiders, they are extremely cruel.

But he was extremely ruthless towards his own people!

If this task fails.

Wait for theirs.

It will be the bone marrow and blood in the flesh that has been evacuated!

At the same time, the soul will also be eaten and tortured by the elders, suzerain, and Qi Shadao in the endless purgatory...

Life is better than death.

Wait until there is no use value.

After squeezing out the last value.

Waiting for them is the soul flying away...

Rather than this.

It's better to blow yourself up!

In this way, the pain in the future can be avoided.

The bodies of the two are constantly expanding.

Even the expression on the face was huddled together due to the swelling of the face.

Such a funny expression.

None of the people present laughed out loud.

Two half-step Heavenly Wonderland powerhouses blew themselves up.

How much destructive power will it cause?

It is hard for anyone to imagine.

I'm afraid it is already comparable to the full blow of the strong in the early days of the Heavenly Wonderland.

The remaining group of alchemists were finally overwhelmed by this destructive aura, or in other words, coupled with the power generated by the two heavenly-level talismans.

The destructive power produced by superposition.

They woke up with a start, and the greed in their hearts seemed to be pierced by a thin needle.

fades quickly.

Immediately left the island without looking back!

Ye Qiubai and the others also immediately used all their strength to attack the two elderly men whose bodies were extremely inflated!

At the same time, the two heavenly-level talisman seals were also successfully condensed, and the towering thunder column and thunder grid tore apart the space and bombed towards the two old men!

Chapter 789 The living green root disappeared?

Endless sea.

The island where the living green root is located.

It can be described as landslides and ground cracks.

It's just that the pillar-shaped stone platform that inherits the green roots of the living beings is still intact.

And around the island.

Storms are raging!

The sea area that was originally calm is now turbulent.

The turbulent sea is like a mountain, surging and boiling!

Continuously slapping on the island, making the entire crumbling island like a lone boat in a stormy ocean.

It keeps shaking, as if it will be overturned by big waves at any time!

Over the island.

The attacks of Ye Qiubai, Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, and Mu Wan'er kept falling on the bodies of the two half-step heavenly elders whose bodies were constantly expanding and who were in the Infernal Purgatory.

at the same time.

Mu Fusheng's two heavenly-level talisman seals were finally condensed at this moment.

Huge thunder beams bombarded down from the sky!

The thunder grid rose from the ground and swept in all directions towards the two old men from Infernal Purgatory!

For a moment, destroy the world!

But.

When the attack was about to fall on the two of them.

The body that swelled to the extreme finally burst into white light.

With a loud bang.

Explode!

Formed a storm of aura that could overwhelm mountains and seas, like a tornado, it swept out at a speed visible to the naked eye!

Boom!

Two parties attack, and eventually contact.

Throughout the space, a large number of potholes began to appear.

Among them, the space storm is also constantly erupting at this moment.

Interaction of the three forces.

Leading to this area, a spiritual vacuum zone was formed for a while.

There is no aura, air, and biological breath left!

Ye Qiubai and the others, in order to avoid the aftermath of this earth-shattering aftermath, also immediately activated the Heavenly Thunder Escape Talisman, and temporarily left this area.

Otherwise, even if their hole cards are turned over.

I am afraid that he will be seriously injured or even killed by this destructive air current...

The movement here.

It also made the ascetics around, or thousands of miles away, who were fighting for inheritance or looking for secret treasures, stop what they were doing.

Turning his head in horror, he looked in the direction where the movement erupted.

"Where is that, the front part of the Endless Sea?"

"Could it be that some shocking inheritance secret treasure appeared in that place? Why is there an offensive from the powerhouse of the Heavenly Wonderland?"

"In the front part of the Endless Sea, logically speaking, there shouldn't be anything that the strong in the Celestial Wonderland can see!"

"What's more, the powerhouses of Heavenly Wonderland are already exploring the middle stage, right?"

Offensive there.

It has already made other unaware ascetics think that it was done by two powerful men from the Heavenly Wonderland.

One can imagine how big its offensive is...

At the same time, the last batch of alchemists who fled here.

Some alchemists with low strength were directly swept away by the aftermath and fell on the spot.

The one with higher strength also spurted blood and was seriously injured!

This is the price paid for greed.

Sometimes.

When your strength is not enough to be greedy for an item.

But you still have to step in or take a look.

will pay an unbearable price.

No matter where it is placed, this is the iron law.

the other side.

Intelligence personnel from Infernal Purgatory are observing what happened on the living Cuigen Island.

They need to report whether the other party's task is completed.

But.

When seeing the horror scene now.

Then you can only go back the same way.

Report content, mission failed...

at the same time.

On the island where Infernal Affairs is located.

In a quiet courtyard.

Several people from the Demon King's Realm were drinking tea or practicing.

When you notice this scene.

One of the people who was cultivating did not open his eyes, and said indifferently: "This level of attack is what a person standing at the top of this wild latitude can radiate?"

"Oh, it's really useless."

"I don't know how it is possible to have that person's breath in such a place."

Another celebrity finished drinking the tea in his hand, frowned slightly and said, "Is it possible that it is the one who is fighting with others?"

Another person shook his head and said: "Impossible, I have been paying attention to the breath around me, and I didn't notice the existence of that bloodline breath."

original.

They wanted to order Infernal Purgatory to cooperate with them to go out to find Xiao Hei.

However, after what happened in the endless sea area.

Almost all the talents of the world, as well as casual cultivators, and even those old monsters all came out and came to the endless sea.

Several people did not go out to look for it.

Instead, let go of the breath, spreading all over the front and middle of the endless sea.

Looking for Xiao Hei's blood aura.

after all.

The Endless Sea is the most mysterious place in the mid-latitude boundary, and it is also the place with the most opportunities.

If that person really appeared in the mid-latitude boundary, then it is impossible not to come to this so-called endless sea!

"Okay, when that person encounters danger, he will naturally use his blood, and then he will know where he is."

"Then when we find out, shall we do it directly?"

One of them shook his head and said: "No, don't kill if you don't have to kill it. It doesn't matter if you bring it back and kill it."

"After all, the people monitoring the temple have been watching our every move after we descended..."

After hearing that the temple was being supervised, the faces of several people sank.

This mysterious organization, although it does not intervene in the interest disputes between internal forces, as well as struggle and hatred.

It seems to be a neutral organization similar to Dark Realm.

However, if you are a person from the upper realm and go to the lower realm, your partner will always be watching your whereabouts.

And no hands here!

Once you do it.

Those who monitor the temple will act decisively.

Even if it is a god-level force, they dare not easily violate the rules of monitoring the temple!

Over time.

This rule was established...

No one knows why the Overseer Temple did this.

However, who told this supervisory temple to have a strong fist?

Fist hard.

The rules are up to you.

If the fist is soft?

Do you dare to make such a rule?

If you are lucky, there is no force to ignore you.

Unlucky, when you encounter a force that doesn't like you, they directly kill you.

The law of the jungle.

It is vividly reflected in this monastic world.

Half a day has passed.

The aura of destruction finally dissipated...

When Ye Qiubai and the others returned to the island.

was surprised to find out.

The living green root is gone!

On the stone platform.

Only one note remains.

Above the note is a rough road map.

When Mu Fusheng brought it over, he compared it with the map.

Then a place is determined.

This place is in the middle of the endless sea.

At the same time, the marked places have not yet been explored.

That is to say...

is an unknown location.

Mu Fusheng looked at Ye Qiubai, Hongying Mu Wan'er, and asked, "How?"

Chapter 790 The city is full of wind and rain!

The disappearance of the living green root.

and the map left on the stone platform.

Everything looks extremely weird.

It's not just Ye Qiubai, Mu Fusheng, Xiao Hei and others.

Even Hongying, who is the most powerful among the Caotang disciples, didn't notice it at all.  
can do this.

Only the strong in the Heavenly Wonderland can do it.

Mu Fusheng held the map, and asked with a solemn expression: "What should we do now? It is obvious that the person who took away the living green root and left this map is trying to lure us to this place."

Ye Qiubai nodded and said: "Being able to do this silently is a good practice. If you have evil intentions, I'm afraid there is no need to go around such a big circle."

Hongying also nodded.

"However, it's better to be careful. After all, didn't Junior Brother Xiao Hei say that those rebels might have come to this latitude?"

And at this time.

Mu Fusheng suddenly received a sound transmission.

Afterwards, Mu Fusheng said: "In this case, let's go back to the shore first. The suzerain just sent me a voice transmission, saying that there is an information auction that will start in three days."

When everyone heard the words, they nodded and rushed towards the shore of the endless sea.

...

Informational auctions, as the name suggests.

Mainly auction various information.

The fact that it is held in the Endless Sea means that the news in it is mainly information about the inheritance, opportunities, and treasures in the Endless Sea.

This information is probably not marked on the map.

On the way, Mu Fusheng, as the person in the thatched cottage, knows the mid-latitude boundary best.

explained.

"This information auction was started by the Tianjin Chamber of Commerce."

"The Tianjin Chamber of Commerce is the largest chamber of commerce in the entire mid-latitude boundary, and its stations are almost all over the boundary."

"And its background, even the top power of the Holy Talisman Sect is not clear."

"I just heard that if the Tianjin Chamber of Commerce fully supports any force, then that force can become the top force in the mid-latitude boundary and surpass other forces..."

"Fortunately, the Tianjin Chamber of Commerce remains neutral."

Hongying smiled and glanced at Mu Fusheng who was at the side, "You know it clearly."

Xiao Hei said in a muffled voice: "After arriving in the mid-latitude boundary, the first thing the priest did was to find out the forces in the entire mid-latitude boundary..."

The others couldn't help laughing.

Sure enough, this is Mu Fusheng!

Mu Fusheng spread out his hands and said: "Know yourself and the enemy and you will never be imperiled in a hundred battles. It is always right to be cautious."

...

Information auctions are not without barriers.

One, it cannot accommodate so many people.

Secondly, under normal circumstances, people who are not strong enough or powerful enough cannot obtain any useful information.

After all, how can there be so many children of planes in this world?

To enter the information auction held by the Tianjin Chamber of Commerce, one must have a Zijin invitation card sent by the Tianjin Chamber of Commerce.

Of course, forces like Saint Talisman Sect, Immortal Ape Village, and Tianjian Peak are all qualified to have invitations.

Shengfuzong has six invitation cards, Xianyuan Village and Tianjian Peak have three.

The strength of Xianyuan Village is not known to outsiders, even the Tianjin Chamber of Commerce does not know much, so there are only three.

The Zijin invitation cards from Xianyuan Village were all given to Xiao Hei when Ye Qiubai and the others returned to the shore.

Similarly, Huo Zhengheng also distributed two cards to Ye Qiubai.

Shengfuzong also gave two of them to Mu Fusheng.

There are seven people in the thatched cottage, and Zijin invitations are just enough.

Now, we only need to wait for the start of the information auction in three days.

And during these three days.

Countless news about the information auction spread out overwhelmingly.

For example, the inheritance relics of the peak powerhouses of the Heavenly Wonderland.

Another example is the legendary fairy art.

Above Heavenly Spirit Art, there is Immortal Spirit Art.

Alternatively, there is an elixir of transformation, which can convert half of the spiritual energy in the body into immortal energy.

These kinds of things.

Whether it is for ascetics in the turbid fairyland or the earth fairyland.

Even the powerhouses in the Heavenly Wonderland have a huge attraction!

Suddenly, countless strong men rushed back from the endless sea after hearing the news.

As for the Zijin invitation card, someone paid a huge price to collect it.

Even, in order to get Zijin invitations.

There are some casual cultivators who did not get the Zijin invitation from the Tianjin Chamber of Commerce, and even took the risk, formed an alliance, and conspired to go to those powerful forces that have the Zijin invitation to \*\*\*\* it!

After all, these news, although not true or false, are too tempting.

Plus the information auction is hosted by Tianjin Chamber of Commerce.

You must know that the things of the Tianjin Chamber of Commerce cannot be inferior.

Even if it is information, it must be extremely important information that has not been marked on the map.

That's why there are countless people who can't suppress the greed in their hearts and choose to walk on the tightrope.

lead to these three days.

Dozens of second-rate and even first-rate forces were all attacked by ascetics who did not have purple and gold invitations.

For a while, the city was full of wind and rain, and there were countless casualties.

There are successes and failures.

It also caused the forces that have not yet been attacked, and the forces that have Zijin invitations are very cautious.

The noise made people panic.

That night.

Sacred Talisman Stronghold.

After hearing these news.

Ye Qiubai leaned against the window, looking out at the night.

Outside, there is no silence that belongs exclusively to the night.

Instead, violent auras can be seen everywhere.

There are endless battle scenes.

"The intention of spreading the news is too obvious."

Heard Ye Qiubai's words.

Ning Chenxin, who was reading at the side, also nodded seriously, and said: "It's too obvious, but the effect is also very significant. It successfully consumed the power of those forces, and... distracted the attention of other forces."

Mu Fusheng spread his hands and said: "If you want to achieve these goals, then there is only the Infernal Purgatory."

"I'm afraid they are now, taking advantage of the confusion and don't know what they are doing."

Hongying said calmly: "I will know when the time comes, but is it possible that the Tianjin Chamber of Commerce is also involved?"

Hearing the news, the faces of the rest of the people were slightly solemn.

After all, according to what Mu Fusheng said.

The background of Tianjin Chamber of Commerce is so strong.

If this matter involves the Tianjin Chamber of Commerce, then things will be troublesome.

Why do you say that?

When the Tianjin Chamber of Commerce opened the information auction, the rumors of these information, like a seamless connection, immediately spread to the ears of ascetics and other forces.

At the same time, Zijin invitations are required to enter the auction.

Among them, is it really a coincidence?

Shi Sheng shook his head dully and said, "Probably not. Didn't the pastor say that the Tianjin Chamber of Commerce has always remained neutral?"

Mu Fusheng nodded and said: "I hope so. If Tianjin Chamber of Commerce cooperates with Infernal Purgatory, then we may be in some trouble."

After all, Qi Shadao has been eyeing them all the time.

Especially Xiao Hei's powerful body...
