

My Disciples 791

Chapter 791 Dark night raid!

The Zijin invitation sent by the Tianjin Chamber of Commerce has two conditions.

The first point, its power is at least the top existence among the second-rate powers, and upwards.

The second point is that it will only be given to Zongmen aristocratic families.

That is to say, sect families below the top of the second-rate, as well as casual cultivators, even the most powerful casual cultivators, cannot receive the Zijin invitation card from the Tianjin Chamber of Commerce.

This also led to.

Those who own the purple gold invitation card are plundered.

Among the looters, those old monsters from the Heavenly Wonderland were all involved.

This is also the main reason why those powerful forces were unable to resist the **** for a while.

The auction will start when the sun rises.

And this night will also be the last carnival of the predators.

This originally quiet night was destined not to be peaceful.

However, top forces like Xuanyuan Huangzong, Sixiangmen, and Shengfuzong have not been affected for the time being.

This kind of force, one of its bases is protected by the strong in the Heavenly Wonderland.

Similarly, it is also because the background strength of the top forces is too great, even those hidden old monsters dare not offend easily.

but.

Things always have surprises.

It is outside the stronghold of the Saint Talisman Sect.

Ye Qiubai, Hongying and the others, who were still discussing, immediately changed their expressions.

The moment when the expression changes.

The stronghold where the Saint Talisman Sect is located is shrouded in waves of majestic aura!

While the aura surged, outside the stronghold of the Saint Talisman Sect, it exploded for life!

Fortunately, it is under the protection of talismans.

The stronghold has not been destroyed.

It was just that powerful attack that caused the surrounding space to shatter.

The surrounding earth also subsides.

soon.

The suzerain of the Holy Talisman Sect rose into the sky, looking at the dozens of figures around him with an ugly expression.

Among them, there are three old men, two of whom are in the middle stage of the Heavenly Wonderland, and one of them is even in the late stage of the Heavenly Wonderland!

The suzerain's face was as gloomy as water, and he said in a concentrated voice: "Everyone, what do you mean?"

Among them, the old man in the late stage of Heavenly Immortal Realm, although his reputation is not obvious, has been practicing in seclusion.

But the suzerain of Shengfuzong could still recognize it.

"Cao Zhizhi, do you want to be hunted down by my Saint Talisman Sect?"

Cao Zhizhi leaned on his crutches, grinned, showing the few remaining yellow teeth, and said with a grin: "Holy Sovereign, I just want to ask for a purple gold invitation card, if the Holy Sovereign can satisfy the old man's wish, then The old man immediately turned around and left."

The Holy Sovereign said with an ugly face: "You are so bold to attack my Holy Talisman Sect's stronghold. After hitting my Holy Talisman Sect in the face, you still want a purple gold invitation card. Don't you look down on my Holy Talisman Sect?"

One of the old men in the mid-stage of the Celestial Wonderland, Mo Yuan sneered, "Zijin invitation card, you should have a lot of top forces, so it shouldn't matter if I share a few with you?"

Another middle-stage Celestial Immortal Realm, Wu Shucheng said with a cold face: "Every man is innocent and he is guilty. The Holy Sovereign should understand this truth."

"What's more, I'm waiting for Yunyehe, without care and care, and I'm a person who has reached the end of his life. Is he still afraid of being targeted by your Saint Talisman Sect?"

Hear here.

The Holy Sovereign nodded with a cold face, and said: "In this case, if you think you can **** the Zijin invitation from me, you can do it."

"It's just that you have to bear the consequences with peace of mind."

Say it.

The Holy Sovereign held a talisman pen, and in front of his chest, a series of talisman seals floated out!

See this scene.

Ye Qiubai in the stronghold sneered: "It seems that it can be confirmed that this is the work of Infernal Purgatory."

It's not hard to guess.

After all, why did the other party target them to give birth to the Saint Talisman Sect instead of Xuanyuan Huangzong, Four Elephant Sect, and Su Family's top forces?

It's not that the Holy Talisman Sect is weaker than these sects.

Under no rule restrictions.

The Holy Talisman Sect, which has a large number of talisman seals, is actually the most difficult one to crack.

However, they chose not to plunder other top forces, but specifically found the Saint Talisman Sect...

The reason is very simple.

Because Ye Qiubai, Mu Fusheng, and Xiao Hei are all in the stronghold of the Holy Talisman Sect at the moment.

It can be said that the drunkard's intention is not to drink.

It seems that it is for Zijin invitation, but it is actually for them...
as expected.

Three experts from the Heavenly Immortal Realm smashed the defensive talismans of the stronghold.

Then he devoted himself to fighting the Holy Sovereign.

And those casual cultivators of the Earth Fairyland and the Turbid Fairyland rushed directly towards the stronghold at this time!

The disciples of the Saint Talisman Sect immediately flew out to fight.

If they let them destroy the stronghold of the Holy Talisman Sect.

Then, the face of the Saint Talisman Sect in the mid-latitude boundary will be severely slapped.

The power will also plummet!

Even these casual cultivators can step on them at will.

Can this be called a top power?

These chain reactions will cause serious losses to the Saint Rune School.

Hongying got up at this time, held the reincarnation spear, smiled and said: "Since we live in the stronghold of the Holy Talisman Sect, and gave us Zijin invitation, we should repay it."

Ye Qiubai also took out the Hunyuan Immortal Sword.

Ning Chenxin put away the book and put it in the book basket behind him. At the same time, Taoism appeared in his hand.

Xiao Hei...

oh.

Xiao Hei had activated the Eternal Demon Physique, rushed directly into the crowd, and fought with a strong mid-earth fairyland.

For a moment, the stronghold of the Saint Talisman Sect was filled with gunpowder smoke and aura surged wildly.

The other forces looked in this direction with horror on their faces.

Someone actually hit the head of the Saint Talisman Sect?

It's a bit too courageous.

But, actually.

With the support of the talisman, the Holy Sovereign attacked with all his strength in the late stage of the Celestial Immortal Realm and two mid-stage Celestial Immortal Realms.

Although it will not be defeated in a short time.

But now it is also suppressed.

The Saint Sovereign of the Heavenly Immortal Talisman would not use it easily.

After all, the lethality of the Celestial Immortal Talisman Seals is too broad, Xiafang is the stronghold of the Saint Talisman Sect, and the disciples are among them.

Once used, there may be accidental injury.

Three Supreme Elders.

One of them guards the Saint Talisman Sect, and the other two go deep into the endless sea.

In terms of top combat power.

The Holy Talisman Sect was suppressed to death.

And below.

If it weren't for the astonishing combat power of Hongying, Ye Qiubai, Mu Fusheng and others, I'm afraid they would have already lost.

After all, the other party is a group of loose cultivators from the Earth Wonderland and the Turbid Wonderland.

That is at this time.

A loud laugh sounded out.

"Holy Sovereign, the Su family is here to help you."

is enshrined by the Su family, the strong Huan Shun in the mid-stage of the Celestial Wonderland!

"You can't let your Su family steal the limelight."

On the other side, Zhang Guan, the Great Elder of Lingxian Palace, also arrived later.

See it.

The Holy Sovereign was overjoyed.

With the support of the Su family and Lingxian Palace.

The situation will be reversed in an instant!

When Cao Zhizhi and others saw this scene, they immediately chose to retreat with Mo Yuan and Wu Shucheng, without the slightest desire to fight.

It seems that I have been prepared for a long time...

Chapter 792 Fog

The night that should have been quiet, now seemed to be full of war.

Everywhere is filled with gunpowder smoke transformed by aura.

Dark clouds shrouded the moonlight.

There are only violent auras and the light emitted by various artistic conceptions.

But.

No one would have thought that it would be at the stronghold of the Saint Talisman Sect.

This kind of random cultivator raid happened unexpectedly.

How dare they take action against a top force?

Moreover, it is still a force like the Saint Talisman Sect that has many supporters outside.

No one understands the other party's intentions.

Only the authorities who are in the stronghold of the Holy Talisman Sect.

to be able to find abnormalities.

Lin Zhiyan, who came to support Ye Qiubai with the great elder Zhang Guan of Lingxian Palace, came to Ye Qiubai, and said solemnly: "The surprise attack is so fast, and the retreat is also extremely fast. It is hard not to imagine that the other party has premeditated..."

Su Muyou also came here.

Looked at Ye Qiubai and said, "Do you have any idea?"

Ye Qiubai shrugged his shoulders, and said: "Only Infernal Purgatory has this motive. As for other forces, even if they have a bit of hatred, they don't have the heart to investigate our location at this time."

"And there are so many foreshadowing, come to attack us."

This period naturally refers to the endless sea.

All forces are scrambling to explore opportunities, natural resources and earthly treasures.

Who would have the leisure to design such a thing and go around such a big circle.

But speaking of going around in circles.

Mu Fusheng on the side frowned and said: "However, such a big circle is definitely not only aimed at us, we still have to be careful, the other party is taking advantage of this chaos to prepare for something."

Several people nodded.

But then again.

Lin Zhinan and Su Muyou looked at Hongying, Ning Chenxin, Shi Sheng, and Mu Wan'er.

At that time, the performance of the four of them in battle.

It can be said to be extremely outstanding.

Hongying has a long spear that no one can stop.

Ning Chen uttered a thunderous sound in his heart, and his words followed suit.

Shi Sheng holds a mysterious axe, with the meaning of stars permeating.

Mu Wan'er's strange medicines emerge endlessly!

Lin Zhinan put his hand on Ye Qiubai's shoulder with a smile, and said with a haha: "Brother Ye, where did you find this helper? Such a powerful person?"

"Your communication skills are really powerful."

Ye Qiubai smiled, and said calmly, "They? Oh, my brothers and sisters."

"Oh... so it's the younger brother and the younger sister..." Lin Zhinan smiled and nodded.

Immediately, his face suddenly changed, and he said in astonishment: "What?!"

The sound is loud.

Even Ye Qiubai couldn't help being taken aback, "Oh, what are you doing?"

"As for being so exaggerated?"

Lin Zhinan's eyes widened, and his eyes seemed a little dull due to excessive shock.

Su Muyou on the side shook his head and smiled wryly: "Although I was curious before, I didn't let the family members find out who is standing behind you. It is possible to cultivate you three such outstanding monsters."

"However, now I really want to know, who is so divine that can train so many evildoers."

The meaning of the spear on the body of the woman in red with gold patterns, the top way among the three thousand ways, reincarnation.

and the invisible aura, but it made her feel that this aura is extremely vast...

The elegant and easy-going scholar with a book basket on his back.

Although she doesn't have the slightest aura in her body, but she holds a seemingly ordinary book in her hand, but she can say the law, and the words follow the law!

It seems simple and honest, but the man holding the ax released the long-lost star power!

As for the delicate and lovely girl, she couldn't tell the depth, but judging from the strange pills thrown out there, she knew that it would definitely not be simple...

One is more evil than the other!

They are all brothers from the same school!

How could Lin Zhinan and Su Muyou not be terrified?

People like Ye Qiubai, Mu Fusheng Xiaohei, one of the sect's aristocratic families, will confess them as their ancestors, for fear of falling down halfway.

Even if it is the Saint Talisman Sect, even the Su Family, or the Lingxian Palace, it is the same.

But...

They come from the same school...

How does it make them live...

Monster, isn't it so worthless these days?

After hearing Su Muyou's words, Xiao Hei nodded and said, "Go and investigate, but I think even if your Su family searched hard, they wouldn't be able to find any clues."

This is true.

Although Su Muyou asked people in the family not to investigate the details of Ye Qiubai and the others, the people behind them.

But the top family members still didn't hold back.

Send someone to search.

The clues are all cut off after the low-latitude boundary.

No clues to be found.

After that, Lin Zhinan, Su Muyou and Hongying also got to know each other for a while.

And where they don't know.

In a cloud of fog.

This kind of fog has the effect of isolating the detection of the strong in the fairyland!

Its rarity and efficacy.

Such treasures, looking at the entire mid-latitude boundary, only one force can get them out.

And in this fog.

A voice sounded.

"It seems that the campaign was very successful."

"Well, the next step is up to you. If you do it well, you will be able to hide from the world and successfully trap them."

"It's just, is it necessary to be so cautious? With your strength, wouldn't it be good to do it directly?"

"You don't understand. Now my ancestors are being restrained everywhere. Although I can solve them in the easiest way, but in this way, the benefits I can get from my ancestors are too little."

"Okay, I understand. It's just that you'd better not break your promise. Once you break the contract, I will let you all die without a place to bury you. You should also know that I have this kind of strength, right?"

"Hmph, since I promised my ancestor, I will definitely do it."

"So the best."

...

Sun rise.

Three days of gunpowder finally subsided.

The information auction will also be carried out as it is.

Those who had Zijin invitation cards also entered one after another.

Although the time is very short.

However, when the Tianjin Chamber of Commerce arranged the auction site, it was also full of extravagance.

Even the guards at the gate are ascetics at the peak of the turbid fairyland!

The peak of the fairyland, although it sounds like nothing now.

But looking at the entire mid-latitude boundary, it can be called a strong one.

But now at the Tianjin Chamber of Commerce's auction, they can only be counted as gatekeepers, and check the tickets by the way...

When Ye Qiubai and his party walked into it.

Then two charming women with natural smiles led them into a room.

Here is the room where the Saint Talisman Sect is located. As a top force, the configuration given is naturally not too bad.

It will not be like those second-rate and first-rate forces, who can only sit down around a table below.

Ye Qiubai stood on the wall made of transparent crystal.

Here, you can easily see the auction stage, and you can also see part of the crowd below.

"What kind of conspiracy is there? Maybe something can be determined in this auction."

Chapter 793 Tianjin Chamber of Commerce

Today.

The mist surrounding everyone in the thatched cottage was extremely dense and vast.

According to today's clues, it is impossible to see through it.

What is the other party preparing for?

Why go around such a big circle to attack them.

Created this chaos to cover up something, or is a bigger conspiracy brewing?

And that's it.

Infernal Purgatory, does it have anything to do with the Tianjin Chamber of Commerce?

If there is a relationship.

Then the follow-up things will become extremely troublesome.

That's not their current level, they can compete.

Maybe I have to ask Master to come out of the mountain...

However, Mu Fusheng still prayed that this day would not come, or that it would come sooner.

Otherwise, when the time comes, Master will come and settle this matter smoothly.

I'm afraid he will be asked to be Xiao Hei's culinary drug tester...

The auction site was not noisy.

Instead, the silence was terrifying.

Because the nature of this information auction is extremely special.

After all, auction information is the way to go.

is barter.

Treasures of heaven and earth?

Divine Armor Armor?

Or are you talking about martial arts and spiritual arts?

Sorry, these things are not attractive to Tianjin Chamber of Commerce.

It can be said that the Tianjin Chamber of Commerce does not lack these things at all.

In other words, the Tianjin Chamber of Commerce said that I don't like Tiancaidibao, and I have no interest in such things as Tiancaidibao.

Of course, if you take out something that even the Tianjin Chamber of Commerce does not have, you will be greedy for it.

That's probably not sure.

However, this situation generally does not happen.

So, if you want to auction information, you can only use the information in the endless sea to barter.

Some people are in the process of exploring the endless sea.

Someone got an astonishing treasure of heaven, material and earth, or a secret treasure of inheritance.

But it is not suitable for them.

In this way, you can trade information that is useful to you at the information auction.
certainly.

During information transactions, in order to prevent information leakage.

All factions can only use the sound transmission jade pendant issued by the Tianjin Chamber of Commerce for sound transmission, and then the Tianjin Chamber of Commerce will judge the value.

Bid in this way.

As for the latter, it is similar to the conventional auction format.

For these reasons.

The major forces are discussing what kind of information will be exchanged at that time.

And this information cannot be passed on outside.

So it can only transmit sound.

This is why.

The auction site was so quiet, even scary.

Didn't have long to wait.

In the room of the Saint Talisman Sect.

Wait until the lord of the Saint Talisman Sect and the Great Elder push the door in.

On the auction stage, a seductive woman in a purple close-fitting long dress appeared on the stage in an instant.

Holding a small golden hammer in his hand.

The moment the woman in the purple skirt appeared.

There are countless people who missed a beat in the heart.

Although it looks enchanting, it is not vulgar or flattering.

A tear mole on the corner of the eye adds a bit of flavor to the woman.

Even Shi Sheng, who is normally dull, couldn't help but get over it.

On the one hand, the lord of the Saint Talisman Sect and the Great Elder already knew the identities of Shi Shenghongying and the others.

See Shi Sheng's expression.

Can't help laughing: "This woman's name is Zishan, the chief auctioneer of the Tianjin Chamber of Commerce. Her power is higher than her in the Tianjin Chamber of Commerce."

"And the talent is also extremely enchanting, but the strange thing is that no one knows where she came from, but she is also an enchanting."

Hongying on the side joked: "Our junior brother Shi is also moved by Fanxin? It's not easy, go, senior sister will help you."

Heard the words.

Shi Sheng scratched his head and said with a smile: "No need, cultivation is more important..."

Um.

When Shi Sheng was flustered, he would scratch his head.

Seeing Shi Sheng's appearance.

Ye Qiubai, Hongying, Ning Chenxin and the others knew about it.

Shi Sheng was moved after all.

However, this tempting is not the other tempting.

The former, for the other party's beauty and temperament, just hit Shi Sheng's heart.

This is only temporary.

The latter refers to a person who, after getting to know each other for a period of time, understands the other person's living habits and personality habits.

After accepting these habitual personalities of the other party, I found that I have a high degree of matching with myself.

This kind of heartbeat is long-lasting.

certainly.

If there is no heartbeat of the former, how can the heartbeat of the latter come from?

But this kind of thing is not absolute.

Just most of the time, as much as I hate to admit it, it is true.

What will happen after Shisheng.

Ye Qiubai and Hongying are the elder brother and second elder sister in the thatched cottage.

There is no idea of intervening.

For such a big event, Shi Sheng still has to do it himself.

After all, it still depends on the word fate.

At this time.

Zishan smiled and said: "I believe everyone, I have been looking forward to our information auction for a long time. During these three days, we also know that many ridiculous things have happened outside."

"However, to be able to get the Zijin invitations distributed by our Tianjin Chamber of Commerce, or the Zijin invitations you obtained with your own strength and planning, is all based on your own ability."

"All have the qualifications to conduct auction transactions in our information auction."

but...

When Zishan said this, the smile on his face was even bigger.

But this smile made everyone present feel a little cold.

I saw Zishan smiled and said: "It's just that this time the information auction is hosted by our Tianjin Chamber of Commerce."

"It's okay if it's a normal bidding. If someone makes trouble, then don't blame our Tianjin Chamber of Commerce for being rude."

"Everyone who understands our Tianjin Chamber of Commerce's predecessors or ascetics also knows the means and strength of our Tianjin Chamber of Commerce."

Hear here.

Everyone smiled.

Even if you don't say this sentence.

They will not do such a desperate thing.

Tianjin Chamber of Commerce, although it is only a chamber of commerce.

But its means and background.

Even top forces like Lingxian Palace, Shengfu Sect, Su Family, Xuanyuan Huangzong, and Four Elephant Sect.

Also be afraid of three points.

and.

They should all have heard a sentence.

Or a rumor.

As long as the Tianjin Chamber of Commerce wants to fully support which side.

Then this force will be able to become the top force in the mid-latitude realm!

This kind of words, although it sounds exaggerated.

However, those in power of those forces will believe it.

because.

Tianjin Chamber of Commerce really has this kind of strength...

Many years ago.

There is a top force that once challenged the majesty of the Tianjin Chamber of Commerce.

Tianjin Chamber of Commerce said nothing.

sent an assassination order.

The rewards are so rich that those top forces and those at the peak of the Heavenly Wonderland are extremely greedy.

And the number of assassination orders is extremely large.

lead to.

Only in a short period of twenty days.

The top power of that party completely disappeared in the long river of history because of the assassination order issued by the Tianjin Chamber of Commerce...

It can really be said that a powerful party was killed with money...

Chapter 794 Sword God Inheritance

It was also because of that incident.

No one dares to question the background of Tianjin Chamber of Commerce.

Talk about the reward given in the assassination order.

Just taking out one of them is enough to drive the entire mid-latitude realm crazy!

It is unheard of to destroy a top power in this way.

Even, the strong ones in the Tianjin Chamber of Commerce don't even need to move.

Just sip tea quietly and wait for the others to assassinate one side, or besiege it to death.

Moreover, when taking out these rewards.

Tianjin Chamber of Commerce didn't even bat an eyelid, feeling extremely happy.

As far as these points are concerned.

A rumor gradually spread.

If the Tianjin Chamber of Commerce no longer remains neutral.

Then, the pattern of the mid-latitude boundary and the division of forces will be reshuffled.

At the same time, it is not difficult for Ruoruotian Jin Chamber of Commerce to kill any party.

If the Tianjin Chamber of Commerce wants any party to be the top.

Then this force will definitely be able to reach the top.

It is also because of this.

No one dared to offend the majesty of the Tianjin Chamber of Commerce.

so.

At the site of the information auction, no one dared to make a mistake here.

Even if there is hatred between the two forces.

Sit at a table, face to face, and make eye contact.

You must also hold back your emotions and temporarily turn enemies into friends.

To avoid being attacked by the Tianjin Chamber of Commerce.

In the box of Shengfuzong.

Ye Qiubai looked at this scene, slightly surprised and said: "The deterrent force of the Shanxi Chamber of Commerce is really strong enough today. With a word, it can overwhelm almost everyone present."

On the seat, the suzerain of the Saint Talisman Sect chuckled lightly, and said, "It's normal, even our Saint Talisman Sect would not provoke the Tianjin Chamber of Commerce."

but.

The strength of the Tianjin Chamber of Commerce.

It also made everyone in the thatched cottage feel a little heavier.

After all, with all the things going on these days.

All have great suspicions, indicating that there is cooperation between Infernal Purgatory and Tianjin Chamber of Commerce.

Once so.

Things will really be troublesome.

this moment.

Zi Shan on the stage smiled lightly, picked up the golden hammer in his hand, parted his red lips lightly, and said: "Everyone knows the rules, let's start the auction."

The voice fell.

The forces in the audience, as well as the forces in the room above the stage, all set their eyes on the stage.

Because they all know the auction routine.

Generally in order to attract a person's interest in this auction from the very beginning and increase everyone's bidding enthusiasm.

The first lot is second only to the last few lots.

as expected.

When Zishan waved her hand, behind her, a purple light curtain formed by aura appeared out of thin air.

Above the light curtain.

Several large characters slowly emerged.

Sword God Inheritance.

Immediately, the sword cultivators present gasped.

Even cultivators who are not sword cultivators have eager eyes.

Sword God.

What do these two words represent.

Of course they know.

After all, the ascetics and forces present were not simple.

If only ordinary people.

Then they will only know that the fairy sword is the pinnacle of swordsmanship in the mid-latitude realm.

But.

What about after the Fairy Sword?

Although in the entire mid-latitude boundary, only a handful of people may have reached that state.

However, the state of kendo after Immortal Sword is indeed recorded in ancient books.

Excalibur!

The Way of the Immortal Sword is for the Sword Immortal.

The Way of Excalibur is for the Sword God!

Now, in the mid-latitude realm, those who have reached the realm of the fairy sword are Huo Zhengheng, Ye Qiubai, and those two old monsters from the fairyland.

And Huo Zhengheng is known as the number one swordsman in the known mid-latitude realm.

They also know the existence of Sword God Realm.

But.

But he couldn't touch the threshold of the Sword God Realm.

No matter what, it cannot be touched!

There are no methods!

There is no direction whatsoever!

Can now.

Sword God inheritance unexpectedly appeared.

For those sword repairers, it can be said to provide a direction to become a sword god!

How attractive is this to them?

One can imagine.

Huo Zhengheng belongs to a second-rate force, so he can only sit below. When he saw this message, he couldn't help but tremble.

Zi Shan looked at the faces and eyes of the ascetics, and smiled with satisfaction.

Then he raised his arms and said, "I think you all understand what these four words represent. Therefore, if you want to get the information of the sword god's inheritance, you can send it to me through the jade pendant and bid."

Immediately.

There was a Heavenly Immortal Sword Cultivator who had reached the Half-Step Immortal Sword Realm, and raised his hand.

In the palm of his hand, he held the jade pendant, and a burst of green light passed by.

Zishan also got the news, and then said with a smile: "It's worth two stars."

For the convenience of recording the value of the information.

Tianjin Chamber of Commerce will also evaluate the information used for bidding.

Among the values, the lowest is one star and the highest is five stars.

When the information is tied for five stars, the people from the Tianjin Chamber of Commerce will compare again.

Finally, a conclusion is given.

The Heavenly Immortal Sword Cultivator frowned slightly when he heard the words, wanting to say that his news is only worth two stars?

But when he thought that the other party was the Tianjin Chamber of Commerce, he would not make such a wrong valuation, so he had no choice but to sit down.

Zi Shan touched the small golden hammer in his hand.

Sweeping winking eyes at everyone, he smiled and said, "Continue?"

One time.

Several people gave information bids.

In the room of the Saint Talisman Sect.

The suzerain looked at Ye Qiubai and said with a smile: "Ye Qiubai, you should be very interested in the inheritance of the sword god, right?"

Ye Qiubai smiled and nodded: "Of course I'm interested, but Ye doesn't have any information to hand, so I can only enjoy my eyes."

There is another sentence that Ye Qiubai did not say.

Their main purpose of entering the auction.

Not for bidding information these days.

Instead, we want to see what kind of relationship Tianjin Chamber of Commerce has with Infernal Purgatory.

The Holy Sovereign admired Ye Qiubai's kindness.

The talent is so enchanting.

At this age, with this level of cultivation, he has already reached the realm of Immortal Sword.

And there is this kind of mentality that I get my luck and lose my life.

It can be said that among sword cultivators, Ye Qiubai's talent and character can be called unmatched.

It is only a matter of time before Huo Zhengheng surpasses Huo Zhengheng and becomes the number one swordsman in the mid-latitude realm.

Sovereign Saint laughed and said, "It doesn't matter if you don't have any information. You are the brother of Mu Fusheng. I can help you bid for this information."

Speaking of which.

Without waiting for Ye Qiubai's stop.

The Holy Sovereign picked up the jade pendant in his hand and sent out a message.

After hearing this message.

Zishan sent the information back to the person who appraised the value.

It didn't take long, after getting the answer.

Zi Shan's face was obviously taken aback.

Slightly raised his head and looked in the direction of the Saint Talisman's room.

said with some doubts: "The value of the information given by the Saint Talisman Sect, the valuation...five stars."

For a moment, the audience was in an uproar.

Sacred Talisman.

Isn't it focused on the Talisman?

Why did you directly come up with a piece of information worth five stars on top of the inheritance of the Sword God?

Chapter 795 Unusual breath

When the rest of the bids came to Samsung.

Shengfuzong surprisingly raised the price to five stars.

This made the rest of the people extremely horrified.

First, five-star information, it can be said that even the top forces and the powerhouses in the fairyland are extremely jealous information.

The Saint Talisman Zong actually took out the first lot directly.

Generally, five-star information is used by various factions only in the last few lots.

Second, the whole Saint Talisman School is full of Talisman Masters.

The information inheritance and secret treasures it needs must be related to the talisman before bidding.

The most, the most, and the inheritance secret treasure of the power of the soul.

But.

This sword **** inheritance has a relationship with the Holy Talisman Sect?

Need them to use priceless five-star information to bid?

This is the most incomprehensible to everyone.

Or.

A sword cultivator wants to make a deal with the Saint Talisman Sect?

Exchange news with it?

This is the only possibility.

However, the suzerain of Shengfuzong didn't think about this.

For him.

Using a five-star information, a piece of information inherited by the sword god, in exchange for the favor of a super strong person who is destined to become the first person in the middle latitude realm in the future.

It's a bargain.

not to mention.

It can simultaneously cultivate Mu Fusheng, Ye Qiubai, and these people present.

The forces behind him and the mysterious strong man are certainly not simple.

A five-star message, a sword **** inheritance.

In exchange for these two things.

Is it worth it?

Ye Qiubai naturally understood the plan of the Holy Sovereign.

But since the opponent has already made a move, it can only continue.

After all, Ye Qiubai is also very interested in the inheritance of the sword god.

At the same time, the character of the Saint Talisman Sect is not bad. During this period of time, it has been of great help to Mu Fusheng and them.

Below.

Huo Zhengheng also understood after a brief astonishment.

With a slight smile, he gave up the bidding.

The same is true for the Su family and Lingxian Palace.

After the Saint Talisman Sect entered the game to participate in the bidding for the sword **** inheritance.

An old man stood up, with a calm face, and picked up the jade pendant in his hand.

When those who knew the old man saw the old man, they also looked horrified.

This old man is in the same realm as Huo Zhengheng.

A celestial fairyland casual cultivator known as Yunjianxian.

When the green light flashes.

After hearing this, Zishan was slightly startled.

The value of this information...

However, when the feedback came from behind, Zishan frowned again.

"Sword Immortal Yun... worth four stars."

Four stars?

Yun Jianxian didn't even wrinkle.

"Is the standard of Tianjin Chamber of Commerce so high? Even this information is only worth four stars."

"I'm a little curious about what kind of information the Saint Talisman Sect has given that can reach five stars."

Heard the words.

Zishan explained: "This is the valuation of this information by the Tianjin Chamber of Commerce. Zishan did not participate in the valuation, but just reported the matter."

Yun Jianxian nodded slightly, then sat down.

Then.

Several other sword masters bid.

But.

The highest one has only reached four stars.

After that, no one can reach the five-star information value given by the suzerain of the Holy Talisman Sect.

See this scene.

The Holy Sovereign was surprised and said: "Accordingly speaking, my message should not be worth five stars. This message is just to get a feel for the rest of the bidders..."

in the follow-up.

If someone else bids higher than the Holy Sovereign.

Then, the Holy Sovereign still has a backup.

heard the words of the Holy Sovereign.

Ye Qiubai was slightly taken aback.

Immediately, he looked at Hongying and Mu Fusheng who were at the side.

I saw that their faces were also a little surprised.

If it is as the Holy Sovereign said.

Then this valuation is too abnormal.

Plus Yun Jianxian's reaction.

I'm afraid Yun Jianxian is also very sure about his own information.

But there are still only four stars.

All kinds of combinations.

There is something wrong with this matter.

It's like the Tianjin Chamber of Commerce wants to pass on the sword **** and forcefully give it to the Saint Talisman Sect...

Mu Fusheng said solemnly: "Something is wrong..."

Hongying nodded and said: "Is it possible that the other party knows that senior brother you are in the room of the Saint Talisman Sect, and this matter is aimed at you?"

Ye Qiubai said with a gloomy face, "Let's take a look again."

If they guess right.

The next few lots, if they bid, I am afraid they will easily get them.

Immediately, Mu Fusheng looked at the Holy Sovereign, cupped his fists and said, "Sovereign, we want to verify something, can you cooperate with us later?"

Sovereign Saint was taken aback when he heard this.

then nodded.

...

The auction is still going on.

As expected, after the first auction of information about the inheritance of the Sword God.

The lot in the middle is not as amazing as the first one.

but.

Although it is no better than Sword God's inheritance.

But equally expensive.

Attracted everyone to compete for bids.

Auction of information.

Basically, those casual cultivators and forces want to use information that is not very useful to them in their own hands, in exchange for information that is useful to them.

certainly.

Among them.

Ye Qiubai and the others also made tentative bids.

Also specially asked the Holy Sovereign to use some one-star and two-star intelligence to test.

But.

are taken away by others.

period.

Ye Qiubai also proposed to wait until there is useful information for them before testing.

But the result is still the same.

This made Ye Qiubai and the others somewhat unpredictable.

Is it impossible?

The bidding for Sword God's inheritance is just a coincidence?

Half a day passed quickly.

During the bidding period, not much time was wasted.

There is not much information.

The speed will naturally be faster.

At this time.

Zi Shan smiled mysteriously, picked up the golden hammer in his hand, and said: "The next penultimate message, this message, may be able to ignite everyone's enthusiasm for bidding again."

Hear here.

The leaders of some top forces are also interested.

They all looked at the stage.

When Zishan waved his hand.

A stone platform rises beside Zishan. On the stone platform, there is an extremely precious scroll. On the scroll, it is bound by extremely precious golden silk wood.

Immediately.

On the purple light curtain behind Zishan.

A few lines appear.

The Holy Land of Body Training, Dragon Blood Demon Abyss!

When hearing this message.

In the room of Shengfuzong, Xiao Hei raised his eyebrows slightly.

The previous information did not have much effect on him.

But the word "Holy Land for Body Training" made Xiao Hei interested.

Today.

The rebels may have come to the mid-latitude realm.

The people in the Demon King's Realm may have already noticed his existence.

Today's Xiao Hei urgently needs to improve his strength as soon as possible.

Otherwise, it is very likely to drag down the brothers, brothers, sisters and sisters.

Ye Qiubai also looked at Mu Fusheng at this time.

The eyes of the two met, and then they nodded slightly.

Mu Fusheng looked at the Holy Sovereign, clasped his fists and said, "Holy Sovereign, if possible, please take a picture of this news, then we will exchange the rest of the things that are of great use to the Holy Talisman Sect."

Chapter 796 Strength Gap

Endless sea.

On the island where Infernal Purgatory is located.

In a large hall, there are several people surrounded by black devilish energy.

Some are practicing.

Some are drinking tea.

There is also closed eyes to meditate.

When Qi Shadao in a blood-red python robe walked into it.

The woman drinking tea said lightly: "Have you found it yet?"

Qi Shadao showed a flattering smile on his face, and said: "Masters, don't worry, there should be a result soon."

"Immediately?"

The man who closed his eyes and meditated did not open his eyes, but when he spoke.

Qi Shadao could clearly feel that his eyes were locked on himself!

An incomparably tyrannical magical power fell on him like the sky was falling, and he felt like he couldn't breathe!

Even if Qi Shadao's strength has not fully recovered.

But the other party just said a word, showing a little breath.

can make him feel irresistible.

It's hard to imagine how strong the opponent is!

"Immediately, we have heard you say it many times."

The man with his eyes closed said calmly: "I'll give you another seven days, if you still don't have any clues."

"Then, not only is there no reward, but as a punishment for wasting precious time in our Demon King's Domain, you, and your inferior forces, probably can't afford it!"

When these words fell to the ground.

The blood-red python robe on Qi Shadao's body was already wet with sweat, and it was tightly attached to his body.

If other people in Infernal Purgatory saw this scene.

I'm afraid it will be unbelievable.

The Qi Shadao who made outside forces and Infernal Purgatory fearful.

In front of these people.

I don't even have the courage to speak up!

At the same time, the other party is just a sight, a word, and a breath.

This murderous and tragic Patriarch of Infernal Purgatory can be forced into this embarrassment!

Qi Shadao wiped his forehead, gritted his teeth, and braced his body not to be crushed by the breath.

Then he said: "My lords, there will definitely be news within seven days."

"The other party is hiding too deeply, so we are temporarily unable to quickly find traces of the other party's presence."

"However, after I find it, what rewards will the adults give me?"

A stout man who was punching the air listened.

Blast forward with a punch!

In an instant.

In the direction of his punch, the space was shattered inch by inch!

Even the entire hall.

and the island where Infernal Purgatory is located, there were loud noises that were overwhelmed.

Shaking!

The calm sea around the island.

At this moment, a stormy sea was also set off.

The sea surface around the island actually formed a vacuum zone!

There is no sea water, and no aura!

The island seems to be suspended in mid-air!

The disciples, elders, and suzerain in the Infernal Purgatory all looked horrified when they saw the changes in the surrounding environment.

There is only the suzerain, and a very small number of elders with high authority.

Only then did we know who caused it.

Qi Shadao can naturally feel the situation of the outside world.

I was shocked in my heart.

It is also a fear of the strength of these people.

Even if it was his heyday.

In the eyes of outsiders, Qi Shadao in its heyday stood at the mid-latitude boundary and existed at the top of the pyramid.

But in the eyes of this group of people.

is a relatively large ant.

You can kill it with any shot...

This is the strength gap between the high-latitude boundary and the mid-latitude boundary.

The gap is too wide...

The stout man put away his fists, his eyes were cold, like ice for thousands of years, ruthless.

Swept towards Qi Shadao, and said slowly: "Are you negotiating terms with us?"

"You should understand that although we are not familiar with the mid-latitude boundary, if we really want to find it, we can still find it with a little effort."

Qi Shadao immediately nodded flatteringly and said: "That's right, the strength of the adults is as high as the sky, so naturally they can be found."

"I'm just a little curious, what are the benefits that the adults promised."

"If it's not convenient to say, then I won't ask."

The stout man wanted to say something else.

But was stopped by the man who closed his eyes and rested his mind, and then said: "Don't worry, the reward will definitely not lose you, at least it can make your strength to a higher level."

"Presumably, breaking through the shackles of the fairyland is an unattainable dream for all of you in this barren land?"

Qi Shadao was overjoyed when he heard the words.

thought to himself.

If you just find clues, you will have this benefit.

Then they should capture this person alive, or directly kill him.

After all, the other party also explained that this person must die.

Then this benefit will naturally be greater than that!

Let them enter the high-latitude realm with Infernal Purgatory and themselves.

Standing in it, isn't there a chance?

"Thank you, my lords!" Qi Shadao was full of surprises, bowed his fists, lowered his posture, and then stepped back while clasping his fists, saying: "Within seven days, I will definitely hand over a piece of paper to my lords." A satisfactory answer sheet!"

After finishing speaking, Qi Shadao exited the hall.

And among them.

The stout man frowned and said, "According to what this person said, it seems that he has a big appetite?"

The man with closed eyes opened his eyes at this moment, looking at the place where Qi Shadao left, with mockery in his eyes.

laughed sarcastically: "In our opinion, things that can be done easily can make the other party thank you so much. How much appetite can you have?"

"It's just a frog in a well with extremely low vision."

The woman asked, "What if they can't find it?"

"If we look for it ourselves, I'm afraid it will take a little time without causing a big commotion."

The mid-latitude realm, as they see it.

Not too big, not too small.

After all, only a few of them descended to the realm.

If there is no monitoring of the control of the temple, dispatch the reconnaissance troops from the Demon King's Realm.

In less than a day, the clues can be found!

Now it seems that the uncertainty is a bit big.

"If you can't find it, then use the hand of Qi Sha Dao to make some noise here."

The man calmly said: "As long as we don't take action directly, we probably can't say anything even if we monitor the temple."

Everyone nodded.

"Let's do it like this."

Qi Shadao retreated outside.

Looking at the Sovereign of Infernal Purgatory waiting outside the door, he asked, "How is things going?"

The Sovereign of Infernal Purgatory nodded and said, "It's in progress."

"The deployment of those places has also been completed. As long as they step into it, they will fall into my net of endless purgatory."

"With the help of Biluo Huangquan Temple, it must be difficult for them to fly with their wings."

Hearing this, Qi Shadao sneered and nodded: "That's the best. As long as things are done this time, we can not only notify the mid-latitude boundary, but also enter a higher-level existence!"

Chapter 797 Doubtful

The information auction is still in progress.

The current lot is exactly what Xiao Hei is interested in.

The Holy Land of Body Training, Dragon Blood Demon Abyss!

But.

The moment when this lot was read out by Zi Shan.

Almost instantly.

Ye Qiubai, Mu Fusheng, Hongying and Ning Chenxin felt something was wrong.

Although the previous temptations were all without any problems.

However, at this moment, a body training message suddenly came.

To know.

In the mid-latitude boundaries.

Although there are sect forces for body training, as well as casual cultivators.

But not many, and likewise, not on the table.

The only physical cultivator with a reputation for body training is a casual cultivator whose physical body can reach the middle stage of the fairyland.

But.

Tianjin Chamber of Commerce put this information in such an important position as the penultimate one.

Generally speaking.

At the auction, the first one is the item that arouses everyone's interest and enthusiasm for bidding, so it will be extremely important.

Then there is the penultimate one.

The penultimate auction item is to draw out the last important item.

If the quality of the penultimate auction item is too low, then the last auction item will make everyone lose interest.

Then it will also lead to the price of the bidding, which will not be raised very high.

This doesn't sound like it makes sense.

But this is the control of people's subconscious mind.

And the experience gained by the auction organizer after so many auctions.

Tianjin Chamber of Commerce is no exception.

Mu Fusheng frowned, and said: "If there is no problem, could it be because the Dragon Blood Demon Abyss, even if it is not physical training, will have great benefits?"

Ye Qiubai shook his head and said: "A general high-level body training place, if there is no body training foundation, I am afraid it will not last."

The pain caused by body training is enormous.
at the same time.

The way of body training must also be gradual.

It cannot be counterproductive.

If the physical body cannot bear the pain and the destruction of the physical body.

Thus leapfrogging to a place that I can't afford to practice.

Can bear the pain first.

Even if the will can hold it.

But the limit of the physical body is there.

I'm afraid the physical body will be destroyed directly.

Hongying on the side thought: "Perhaps, this is the place that the other party has decided on. The previous temptation is not the place where the other party is ambush, so that's why we can't shoot it smoothly?"

Ning Chen nodded heartily: "It's very possible, you can try."

Then.

After coming to a conclusion, Mu Fusheng looked at the suzerain of the Shengfu sect and said, "Sect master, please come up with an information bid that is not expensive but will not be too perfunctory."

After hearing the conversation of several people, the Holy Sovereign gradually understood their concerns.

Then he nodded his head.

For him.

The enemy of the Holy Talisman Sect is also Infernal Purgatory.

They worked hard to reorganize the evil alliance.

The purpose is to completely kill the Infernal Purgatory in the cradle.

Don't give them any chance to return to the top!

Once Infernal Purgatory cooperates with a giant like the Tianjin Chamber of Commerce, I am afraid that the Alliance of Punishing Evil will be established.

It is also impossible to eradicate the Infernal Purgatory.

It may even be countered by the opponent...

Below.

Zishan said with a smile: "I think everyone is also a little confused, why the information on the holy land of body training is put in the penultimate auction."

"Zishan can only reveal one thing. Under the investigation of the Tianjin Chamber of Commerce, Dragon Blood Moyuan has something hidden..."

"Even if you are not a body refiner, after getting the secret from Dragon Blood Moyuan, it will have a great effect."

a few words.

Not only dispelled the doubts of various forces and casual cultivators.

even mentioned their enthusiasm for bidding.

As the chief auctioneer of Tianjin Chamber of Commerce.

Zishan's ability to control the field and grasp the rhythm is quite good.

"Okay, as for the secret, Zishan can't continue to reveal it. If you want to know, then take a photo of this message and find it yourself."

Zishan smiled and raised his arms, saying: "The starting price is worth two stars."

After Zi Shan finished speaking.

as expected.

The body-refining casual cultivator in the mid-stage of the Immortal Realm immediately picked up the jade pendant in his hand and released his own message.

Then he clasped his fists to the surroundings and said, "Everyone, I'm afraid this information on body training won't be of much use to you, why don't you just leave it to me."

After saying this sentence.

Zishan also got the valuation of this information, and then said: "It's worth four stars."

"Old thing, the four-star information also wants to monopolize this information?"

One of the strong men in the late stage of Tianxian Realm sneered: "Besides, didn't Zishan say that there is something wrong with it?"

"In terms of body training alone, I'm afraid it's not enough for the Tianjin Chamber of Commerce to put it in the penultimate place for the auction."

After finishing speaking, he also picked up the jade pendant in his hand and started to transmit the message.

The body-refining casual cultivator's expression sank when he saw this, and after a cold snort, he could only sit down.

Zi Shan laughed lightly and said, "It's worth five stars."

At this time.

In the box of Shengfuzong, a green light emerged.

Everyone was a little surprised.

Why did the Saint Talisman come to join in the fun again?

Even people from the Su Family, Lingxian Palace, and Xuanyuan Huangzong's Four Elephant Sect were a little confused when they saw this scene.

Isn't your Saint Talisman Sect the sect of the Talisman Master?

It's fine to **** the information of a sword god's inheritance at a high price.

Now how come there is information about body training, and you can't wait to get a foot in it?
how.

Your Saint Talisman Sect is also going to develop in all aspects?

Going to transform?

Only Lin Zhihan and Su Muyou were thoughtful.

Didn't say anything.

At this time, Zishan smiled and said: "Sacred Talisman, it is worth four stars, and the price is not enough."

When Zishan said these words.

Ye Qiubai, Mu Fusheng and the others were slightly taken aback.

Um?

Could it be that they guessed wrong?

But.

The feeling that something is wrong still fills my heart.

Sovereign Saint also nodded and said: "The information I bid for is really only worth this price."

Heard the words.

Hongying frowned slightly, and said: "If this is true, then is it just a coincidence that it happened the first time?"

At this time.

Zi Shan picked up the golden hammer in his hand, and hammered it on the table.

After a sound.

"This senior's five-star information, does anyone else want to bid?"

And at this very moment.

Ye Qiubai received a sound transmission.

The expression was slightly stunned, then nodded, looked at the Holy Sovereign, clasped his fists and said: "Holy Sovereign, please also show a five-star information, but among the five-star information, there is no advantage over other five-star information."

Sovereign Saint was slightly taken aback, then nodded and said: "Okay."

Finished speaking.

The room of Saint Talisman Zong flashed green light again.

After the purple shirt was received, it was passed to the rear.

After a while, the valuation was passed on from behind.

Zishan was a little puzzled when he heard this valuation.

But he still said: "The Saint Talisman Sect is worth five stars, and the value is higher than that of the previous senior."

Chapter 798 Ragnarok, Kunlun Ruins!

Why did the Holy Sovereign ask for the five-star information that doesn't have much advantage?

There are also previous temptations.

Because, at the time of bidding for the information inherited by the first Sword God.

The value of the information provided by the Holy Sovereign is not too high.

But it was valued at an unimaginable value by the Tianjin Chamber of Commerce.

Thus won the first lot.

Combined with Ye Qiubai's previous conjecture.

Tianjin Chamber of Commerce colluded with Infernal Purgatory.

As soon as the news of the information auction came out, there were turmoil everywhere, which can be said to have caused great chaos!

Is there such a coincidence in the world?

It can only be said that if something goes wrong, there must be a demon.

The other party may want to use this to cover up some things.

It can be seen from these points.

This first lot is very likely to be given to Shengfuzong by the Tianjin Chamber of Commerce on purpose.

Or.

It was given to Ye Qiubai and others in the room of the Saint Talisman Sect...

The above points made Ye Qiubai and the others feel that something was wrong.

At the same time, although Lin Zhinan, who is a think tank, is not with Ye Qiubai and the others, relying on this information, he still smells something unusual...

Thus, the sound transmission was sent to Ye Qiubai, and he tried again.

And he asked the Great Elder of Lingxian Palace to talk to the late-stage powerhouse in the Celestial Immortal Realm who also gave five-star information.

The two of them are friends.

Ask the other party's five-star information, how valuable is it.

Comparing the two, their conjectures may not be wrong...

If so.

is also basically settled.

There is some kind of cooperation between Infernal Purgatory and Tianjin Chamber of Commerce.

The purpose of the Tianjin Chamber of Commerce in doing this is to let them go to the place marked in this information.

I am afraid.

In the place where the information is marked.

There are Internet cafes buried in endless purgatory...

Waited for a while.

Lin Zhinan's voice transmission finally arrived.

"The Great Elder said that the value of that information is not outstanding among the five-star information..."

Hear here.

Ye Qiubai frowned.

Could it be a coincidence?

Are they worrying too much?

But, how can there be such a coincidence in this world?

not long.

The last information lot finally appeared.

The smile on Zishan's face gradually became serious.

Everyone saw Zi Shan's expression.

I also have some doubts in my heart.

What exactly is this last informative lot?

It can make the chief auctioneer of Tianjin Chamber of Commerce show this expression.

Zishan said slowly: "This information is a defective product, that is to say, we just got one of the puzzle pieces in this complete information by chance."

When I heard Zishan's words.

Everyone was also taken aback.

A defective product?

Still not complete?

Can this also be the last lot?

It also made the chief auctioneer of the dignified Tianjin Chamber of Commerce show such an expression.

Is it impossible?

Even if it is incomplete information, there is something shocking about it?

When everyone is puzzled.

Zishan's words made the entire information auction scene go crazy!

"I can only disclose three points about this information."

"Twilight of the Gods, Kunlun Ruins, some clues about the high-latitude boundary."

When everyone heard the five words high-latitude boundary.

The Twilight of the Gods and the Kunlun Ruins in front of them have been automatically filtered out by them.

In an instant.

The breath of the strong man in the fairyland began to be heavy.

Breath surges!

Pressed some of the ascetics around who were not strong enough to the ground.

Even.

If it weren't for the auction site, it was specially made by Tianjin Chamber of Commerce.

I'm afraid that even this scene will be broken by the aura of these many powerhouses in the fairyland!

In the room of Xuanyuan Huangzong.

Its suzerain, Shi Gongcheng, said solemnly: "At any cost, I must get this information!"

The head of the Four Elephant Gate said the same thing.

The location of Lingxian Palace.

The one who came was the Great Elder Zhang Guan.

After hearing this information, Zhang Guan said with a heavy face, "Is it possible that the abnormality in the endless sea is caused by the leak of clues in this high-latitude boundary?"

Su's room.

Enshrining Huan Shun was puzzled and said: "The dusk of the gods? Kunlun Ruins? There are also clues to this high-latitude boundary. What is the connection?"

without raising the clue of the latitude boundary.

The dusk of the gods, and the two words Kunlun Ruins, they have never heard of them.

And at this moment.

In the room of Shengfuzong.

The Holy Sovereign and the Great Elder were all clues that were surprised by the high-latitude boundary.

Mu Fusheng, Ye Qiubai, Hongying and the others were curious about what Ragnarok meant.

Only Xiao Hei.

When he heard the words Kunlun Ruins.

His eyes lit up immediately.

His next soul fragment, according to the clues of the previous soul fragment, is hidden in the Kunlun Ruins!

Now, finally, there are clues to the Kunlun Ruins.

but.

Now Xiao Hei, even if he got the clue to go to Kunlun Ruins.

According to the previous soul fragment.

With his current physical strength, he might not be able to withstand the endless torment when he absorbs the next soul fragment.

noticed Xiao Hei's expression.

Ning Chen asked with a smile: "Junior brother, no matter how attractive the inherited secret treasure is, you are not interested in it on weekdays. Why, you are interested after hearing this news?"

Ye Qiubai also looked over and said, "Why, are you interested in clues about high-latitude boundaries?"

Xiao Hei shook his head and said, "It's the Kunlun Ruins, where my soul fragments are located..."

Heard the words.

Hongying chuckled lightly: "Then it seems that this information must be obtained."

Mu Fusheng said helplessly: "It's just a piece of bad information, incomplete. I'm afraid even if I get it, I won't be able to figure out where the Kunlun Ruins are."

"Anyway, let's try it first."

not to mention.

The Holy Sovereign will definitely fight for the ownership of this information with all his strength.

After all, for them, whether they can enter the high-latitude boundary.

Breaking through that layer of shackles is the most important thing.

When Zishan said to start bidding.

One time.

The green glow of the jade pendant will light up the entire auction!

Countless people couldn't wait to stand up, pick up the jade pendant in their hands and start sending messages!

And to this moment.

The information worth four stars is no longer available.

Take a shot, and you will directly reach the five-star information!

And due to too much information.

The evaluation time is not fast.

Zishan had no choice but to keep controlling the field, so that those bidding forces and casual cultivators could calm down.

but.

The top forces in the upper room have not yet made a move.

Wait until the moment they all finished reading, it is time to act.

After all, they came here for the last lot of this auction.

For this reason, a lot of high-value five-star information is stored.

And they didn't pay attention to the casual cultivators and second-rate first-rate forces below.

Their competitors are only those forces who can stay in the room.

Chapter 799 Good and Evil

In the collection of information.

Luck, number of people, and strength are all indispensable.

As the top forces, the Saint Talisman Sect, Xuanyuan Huangzong, Sixiangmen, Su Family and Lingxian Palace and other forces.

No bids have been placed yet.

There is really no need to worry about how much high-value five-star information the group of casual cultivators and low-level forces below can produce.

Even those old monsters at the peak of the fairyland.

It's just a casual cultivator, and it's just a person.

The available information is extremely limited.

There is nothing to be afraid of at all.

So, they only need to use the same top power as their bidding opponent.

At this time.

Zishan said loudly: "Four five-star messages, is there anything higher than this?"

And to this step.

as expected.

The sound below the room has gradually diminished.

The green glow emitted by the jade pendant also began to dim.

Only countless people showed unwilling expressions on their faces.

Some people even looked at the person in power of the first-class force who bid for four five-star messages with hidden murderous eyes.

Even if you can't bid here.

Also after the auction, kill and steal!

After all, that is the information of the high-latitude boundary!

They were present, and there were several Heavenly Wonderland powerhouses whose life spans had come to an end.

If you can't break through that layer of shackles.

Then what they will face will be an unacceptable death method for them.

Bodily functions cannot withstand the five declines of heaven and man, and finally fall...

And if you can enter the high-latitude boundary, it means you can find a way to break through the shackles!

The lifespan will be greatly extended again!

And Zishan said again: "No one continues to increase the price?"

The voice just fell.

The room where the Four Elephants Gate was located was the first to not hold back.

The jade pendant shines brightly.

After hearing the valuation behind, Zishan smiled and said: "Four five-star information, but the value is much higher than the last bidding information."

After hearing what Zi Shan said, the last bidder couldn't help but his face darkened.

Four five-star messages.

It has been collected by their forces with all their strength.

At this time.

Xuanyuan Huangzong also entered the game.

Zishan said: "Xuanyuan Huangzong, five pieces of high-value five-star information."

At this time, the voice of Zhang Guan, the great elder of Lingxian Palace, came from it.

"You two, do you have to test each other like this?"

"Show their hole cards directly, whoever has the bigger hole card will belong to whoever it is?"

In the room of the Su family.

The enshrined Huan Shun laughed: "That's right, the two suzerains have been in high positions for many years, so they are too cautious. This is not in line with our way of cultivation."

Say it.

Su's room was the first to see a green glow.

After hearing the valuation, Zishan smiled and said, "The Su family, nine pieces of high-value five-star information."

Nine Articles? !

The forces below and casual cultivators couldn't help but gasp when they heard this number.

A first-class force is already an extremely powerful existence in the mid-latitude boundary.

But I can only take out four.

But the Su family directly took out five pieces of high-value five-star information!

The gap between these is too big!

In the room of Xuanyuan Huangzong and Sixiangmen.

Seeing this, their faces were extremely gloomy.

Nine pieces of high-value five-star information.

This is out of their bidding range...

The Su family is the top family among the hidden forces.

The background is extremely profound.

His disciples are even more monstrous.

Good luck.

Guang relies on these nine pieces of high-value information.

Both Xuanyuan Huangzong and Sixiangmen understand a little bit.

How much stronger are these hidden world forces and their top forces on the surface...

The Great Elder Zhang Guan of Lingxian Palace smiled and said: "Huan Shun, the results of your Su family's battles these days seem to be good. You have mobilized a lot of people, right?"

Huan Shun replied: "There is a lot of movement in your Lingxian Palace, take it out and see who has a higher price."

Zhang Guan laughed, then picked up the jade pendant in his hand.

Green light passed by.

After the information is delivered.

Not for a while.

Zishan also received valuation information.

Then smiled and said: "Unfortunately, Lingxian Palace also has nine five-star information, but among these nine, the value of one of them can only be said to be ordinary."

"So the highest bidder is still the Su family."

Zhang Guan's face darkened suddenly.

Huan Shun cupped his fists in the direction of the room of Lingxian Palace, and said with a big smile, "Acceptance, acquiescence."

Immediately afterwards, Huan sat down on the chair with a sigh of relief.

Looking at Su Muyou who was on the side with a smile, he said, "Fortunately, you are a smart girl, let us collect information as soon as the news that the information auction is about to start gets out."

"Otherwise, with the information we had at the time, I'm afraid we really can't compete with Lingxian Palace."

Speaking of this, Huan Shun said with emotion: "It's no wonder that the head of the family is under tremendous pressure, directly bypassing your father and your uncle, and also inheriting the position of head of the house to you."

Su Muyou heard the words, but said helplessly: "Don't be too happy, there is still a Saint Talisman who has not made a move."

Heard Su Muyou's words.

Huan Shun immediately stood up from the chair, his face full of bewilderment.

yes!

There is also the Holy Talisman Sect!

How could I forget this big dog!

At an auction of this nature.

What is most important?

Luck, connections, and strength.

However, the Saint Talisman Sect has both luck and strength.

Just talk about contacts.

Even the Lingxian Palace and the Su Family, which are the top forces in the hidden world, can only be said to be far behind.

To know.

Almost every day, there will be strong people going to the Holy Talisman Sect to seek amulets.

And this comes and goes.

Hasn't favor and connections accumulated over the years?

When there are favors and connections.

The efficiency of the Saint Talisman School in collecting information can be said to be extremely fast.

Just when Huan Shun thought of this.

as expected.

In the room of Shengfuzong.

A green light came out.

Under the curious eyes of everyone.

Zishan opened her red lips lightly, and said, "Shengfuzong, the eleven pieces of information are all high-value five-star..."

After hearing this.

The casual cultivators, the second-rate forces, and the first-rate forces below all looked horrified.

Eleven...

so much?

Huan Shun sat down on the chair.

It is different from sitting on a chair in high spirits before.

This time, he sat down with a dull expression.

Xuanyuan Huangzong and Sixiangmen had gloomy faces.

If the opponent is just a low-level force and some casual cultivators.

Then they won't panic.

As long as the other party goes out, come to a sparsely populated place, kill and get more money.

This may not be considered a decent practice.

However, when this matter endangers their interests.

They will do whatever it takes.

After finishing, erase the traces and pick up the four big characters of "Famous and Upright".

The law of the jungle.

Who is evil and who is righteous.

Who can tell clearly?

Chapter 800 Tie Hanhan

Information auction.

Yi Shengfuzong took out eleven high-value five-star information and took the last lot.

is also the clue information of the high-latitude boundaries.

Although it is only a defective product, it is not a complete message.

But also enough to make people crazy.

After all these years, the high-latitude boundary has not even been a clue, not even a bit of news.

Now that we finally see the dawn of hope, we must hold it tightly in our hands.

I cherish it very much.

Some forces left the scene sadly, but they were all thinking in their hearts, how to get this information from the hands of the Saint Talisman Sect.

There are some casual cultivators, some old monsters from the fairyland.

I was also thinking about whether there is a way to reach a cooperation with the Saint Talisman Sect, what price to pay, share this information, and explore together.

for example.

Xuanyuan Huangzong, Sixiangmen and other top forces found the suzerain of the Holy Talisman Sect and negotiated.

The Holy Sovereign did not immediately refuse, but he did not directly agree either.

That is to say.

The price paid by forces such as Xuanyuan Huangzong and Sixiangmen is not enough for the Holy Sovereign to share this information.

aside.

Ye Qiubai and his party joined Lin Zhinan and Su Muiyou.

That's what they're thinking now.

The doubts in this auction.

There are too many doubts.

However, after the trial, there were no problems.

but.

Often when there is no problem, this is the biggest doubt.

Tianjin Chamber of Commerce has nothing to do with Infernal Purgatory.

They don't believe it.

It's just the doubts and flaws in it, they didn't discover it.

At this time, other forces have left one after another.

Sovereign Saint took Ye Qiubai and the others to the reception room temporarily built by the Tianjin Chamber of Commerce.

The reception room is naturally extravagant.

Although it is a temporary construction.

But the surrounding materials are all constructed of extremely strong materials.

And there is this small sound insulation array.

Cooperate with other isolation symbols.

As long as it is not the peak powerhouse of the Heavenly Wonderland, I am afraid that it will not be able to monitor the content.

But once there is a strong person at the peak of the fairyland to monitor.

It will also be discovered by the powerful members of the Tianjin Chamber of Commerce.

If found listening.

That would provoke the Tianjin Chamber of Commerce.

Even a peak powerhouse in the Heavenly Immortal Realm would be afraid of the existence of such a giant...

It didn't take long to wait in it.

A woman with a seductive figure, hot curves, a beautiful face, and a tear mole dotted in the corner of her eye pushed the door in.

This kind of temperament and a highly recognizable woman can only be a purple shirt.

Zishan was still wearing a purple close-fitting long skirt, but she was covered with a piece of mink made of an unknown kind of Warcraft fur.

Show luxury.

Zi Shan held a small jade box in his hand, walked forward with a smile on his face, and placed the small jade box in front of the Holy Sovereign.

"Holy Sovereign, all the information you have captured is here, you can check it."

The Holy Sovereign waved his hand, put away the small jade box, and said with a smile: "Everyone knows whether the Tianjin Chamber of Commerce will do bad things to deceive customers, and there is no need to check."

Zi Shan bowed slightly, "Thank you, Holy Sovereign."

Immediately.

Zi Shan looked at Ye Qiubai, Hongying, Xiao Hei, Shi Sheng and others beside the Holy Sovereign.

Curiously asked: "Forgive Zishan to be blunt, as far as I know, these people don't seem to be disciples of the Holy Talisman Sect?"

After all, apart from Mu Fusheng, none of the others had the slightest aura of a talisman master.

The Saint Talisman Sect only recruits Talisman Masters.

The Holy Sovereign smiled and waved his hands, and said: "It's just some of my juniors. You can communicate more with each other. After all, you are all evildoers of the younger generation."

Zi Shan said modestly: "The Holy Sovereign praised you, Zi Shan's talent is not as outstanding as you said."

But I was still a little surprised.

Although she is not a person who likes to show off, likewise, she will not compete with others.

However, her talent is recognized by those who know her as the top evildoer in the mid-latitude realm!

Compared to Su Muyou, Gu Xi, Le Zhengchi, they are all better!

Now, it has reached the peak of the earth fairyland.

Just because the Tianjin Chamber of Commerce has always been neutral.

Did not include Zishan in the ranking.

The meaning in the words of the Holy Sovereign is.

The young people around him have talents equal to hers.

What's more, after reaching the realm of the Holy Sovereign, he will no longer deliberately exaggerate, what is, is what.

No need to brag.

When did such arrogance figures appear in the mid-latitude realm, and there were so many of them.

This is Zishan's idea.

However, this is not arrogance.

But surprise and doubt.

At this time.

Shi Sheng behind him suddenly felt pushed by something.

I was a little distracted at first.

Now, as soon as he didn't pay attention, he was pushed out, staggered in front of Zishan, and almost hit him.

Shi Sheng looked at Zi Shan's puzzled look, and his face became hot.

Immediately turned around and looked at the brothers and sisters behind him with a resentful expression.

But.

But they all turned their heads elsewhere.

Eldest brother is looking at the sword in his hand.

Second Senior Sister looked out the window.

The third senior brother looked at the book in his hand.

The fourth senior brother looked down at his fist.

...

It seems to be talking anyway.

It's none of my business...

Seeing this scene, the Holy Sovereign couldn't help but smile, feeling emotional in his heart.

It's nice to be young...

However, it is useless for Shi Sheng to give him a chance!

I saw him looking at Zishan, fell silent, his eyes kept moving left and right.

Just when Zishan wanted to open his mouth to break the awkward situation.

But Shi Sheng said: "Does the Tianjin Chamber of Commerce cooperate with other forces?"

Immediately.

Ye Qiubai, Hongying and the others were stunned for a while, and then they all covered their faces in unison...

this...

Thousand-year steel bar straight man!

Zishan was also slightly taken aback when he heard the words, then shook his head and said: "The Tianjin Chamber of Commerce has always maintained neutrality and never cooperated with any party."

"Why are you asking this?"

Shi Sheng wanted to say something else.

Ye Qiubai was also afraid that this foolish man would slip his mouth, so he immediately stepped forward and covered Shi Sheng's mouth behind him, and said with a dry smile, "It's okay, he's just a little shy, so he's talking nonsense."

Hearing this, Zi Shan covered his mouth with a chuckle, and then said goodbye: "Presumably, we will have many opportunities to meet in the future. There is still something to do in the chamber of commerce, so Zi Shan will leave first."

Say it.

Zishan leaves.

Ye Qiubai loosened his hand covering Shi Sheng's mouth, and said with hatred, "You're not worthy."

Shi Sheng asked resentfully: "So, you pushed me out just now, big brother?"

Ye Qiubai was taken aback for a moment, then shook his head and said, "It's not me, I wouldn't do this kind of thing..."

The words are not finished yet.

Hongying said directly: "I saw it, it was the elder brother who recommended you."

Ye Qiubai: "..."

Back to the blame man Shi Hammer.

But this time, the pot was not wrong.
