

## My Disciples 811

### Chapter 811 Sword of Illusion

The island where the sword \*\*\*\* inheritance is located does not have many mountains and mountains.

There are no dense forests.

The ground of the entire island is extremely smooth, as if done by a god, without any pits or grass roots.

It looks like a mirror.

Only decoration.

is the very center of the island.

In four different directions, southeast, north, and west, there is a stone pillar rising into the sky.

Looking closer, one can see that on the stone pillar, there are one after another criss-crossing sword marks.

It seems that someone is here, using these four stone pillars to practice swords.

Ye Qiubai looked at the elder at the side, and asked, "Senior, the support of the Saint Talisman Sect?"

The Great Elder replied: "It's not far from us, and we can arrive in about half a day."

Ye Qiubai nodded.

"In this case, let's go to the island."

"I want to see what kind of tricks Infernal Purgatory is playing."

After finishing speaking, everyone nodded.

Fall towards the island.

In Mu Fusheng's palm, there were a few talismans quietly pinched between his fingers.

When you come to the sky above the island, where the four stone pillars are.

A tyrannical suppressive force made them unable to continue to walk in the air, and they were forced to fall.

It seems that this island is a forbidden area.

It's just that when Ye Qiubai and the others landed on the island.

Two figures also suddenly appeared in front of them.

is an old man, and a man who looks extremely young.

The old man said lightly: "Thank you for leading the way, but the inheritance of the sword \*\*\*\* is not something you can get your hands on now, so retreat quickly."

The young man also said with a smile: "The realm is not enough, so I want to get the inheritance of a sword god, maybe I will fall here, so go back and practice first, how about it?"

See these two.

Zishan explained beside him: "The old man is Zeng Jiyuan, a sword cultivator in the mid-stage of the Celestial Immortal Realm, and the realm of Sword Dao has reached the Immortal Sword."

"The man who looks extremely young is Lai Qingyun, who is also in the middle stage of the Heavenly Immortal Realm, the Realm of Immortal Sword."

The great elder of Shengfuzong didn't recognize these two people at first.

But after hearing Zishan's words, I realized that these two people are hidden powers.

Usually, a strong person who will not be born easily.

But.

The current inheritance of the sword \*\*\*\*\* has made these two long-lost sword masters unable to sit still.

But here.

The cultivation base of the great elder is the highest, so he can only take a step forward and say: "Both, the information inherited by the Sword God is obtained from my Saint Talisman Sect, so it's fine for you two to follow us."

"Now we are going to be expelled from the island?"

Heard the words.

Lai Qingyun said with a smile: "Others are afraid of your Saint Talisman Sect, but we will not be afraid. We are just casual cultivators. The sky and the earth are big. If we want to hide, even your Saint Talisman Sect can't do anything about it?"

Zeng Jiyuan also said with a cold expression: "Inheritance is for those who are capable, and the only sword cultivator here is this little doll, right? He is not strong enough, even if he has the inheritance of the sword god, what is the use?"

Not strong enough?

Ye Qiubai took a step forward with a smile, and said: "If you only talk about the realm of Taoism, Ye is indeed no match for the two seniors now, but if you refer to the realm of swordsmanship..."

When it comes to this.

Accompanied by the sound of a sword chanting.

The Hunyuan Immortal Sword slipped into Ye Qiubai's palm, and he grasped it.

The meaning of the fairy sword, at this moment, soars into the sky!

Swords howling constantly!

Zeng Jiyuan and Lai Qingyun looked at this scene, their faces froze.

In their pupils, one can see a look of disbelief!

Has not yet reached the fairyland, but the realm of kendo has reached the realm of fairy sword? !  
not to mention.

This person looks so young.

How can this be?

These two powerful swordsmen have been hidden from the world all year round, so it's normal not to know Ye Qiubai's name.

I only heard Ye Qiubai look at Lai Qingyun and Zeng Jiyuan, and laughed softly: "I wonder if Ye still has the qualification to inherit the inheritance of the Sword God?"

Lai Qingyun and Zeng Jiyuan both looked solemn.

At this age, in this realm, one can reach the realm of Immortal Sword.

It can be said.

Ye Qiubai is more qualified to inherit the Sword God inheritance than either of them!

They, whether they breakthrough to the realm of the fairy sword, or stay in the realm of the fairy sword.

I don't know how long it took.

But what about Ye Qiubai?

Zeng Jiyuan said solemnly: "Where are you a disciple of Da Neng?"

Ye Qiubai smiled and shook his head, "Sorry, but the identity of the teacher cannot be revealed."

"But I guess you don't know each other."

This is the truth.

With the character of the master.

I wish no one knew him!

Lai Qingyun also put away his smiling face, and said in a deep voice: "You have the qualifications, but it's a pity that your cultivation realm is not enough, so you can only leave with regret."

Ye Qiubai said with a smile: "Since the two of you are sword cultivators and have reached the realm of fairy sword, it means that the two seniors naturally have the character of sword cultivators."

"In this case, why don't you let me participate in the battle for inheritance?"

"Since the two realms are higher than mine, they must have more opportunities than me."

"If I fail, I will naturally have nothing to say."

Lai Qingyun and Zeng Jiyuan looked at each other.

Then they all nodded.

Ye Qiubai was right.

Although the opponent has reached the realm of Immortal Sword.

But in terms of experience, naturally they are no match for the two of them.

The realm of Taoism is even farther apart.

not to mention.

Under the situation of peaceful competition, the Saint Talisman Sect can't say anything more.

In this case, just agree.

After all, they don't think that a younger generation can take away the inheritance in the hands of the two of them.

"Then let's see what the younger generation is capable of."

Say it.

All three of them stepped into the center of the four stone pillars.

The moment when the three of them stepped into it at the same time.

The center of the four stone pillars.

There is an illusory sword appearing out of thin air.

Under the watchful eyes of the three.

There is a voice coming from this illusory sword.

"To obtain the master's inheritance, the first step is to comprehend the sword marks on the stone pillar. The more you comprehend, the more solid the sword will be."

"In seven days, whoever has the least comprehension will be eliminated."

Instructions in Sword of Illusion are brief.

But the general idea, Ye Qiubai, Zeng Jiyuan, Lai Qingyun and the three also understood.

In general.

Just do your best to comprehend the sword marks on the stone pillar.

Ye Qiubai smiled and said: "The two seniors, Ye will start first."

After finishing speaking, Ye Qiubai walked to a stone pillar.

Began to feel the criss-crossing sword marks on it.

Zeng Jiyuan and Lai Qingyun also came to a stone pillar and began to comprehend.

Rear.

Zishan asked: "Your big brother is so confident? In the hands of two sword cultivators in the Heavenly Immortal Realm, take away the inheritance?"

But I don't want to.

Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, Mu Fusheng, and Mu Wan'er all nodded without hesitation.

Chapter 812 Hard work is for the extreme

In terms of kendo.

Everyone in the thatched cottage chooses to believe in Ye Qiubai for no reason.

after all.

Brother's superb talent in kendo is obvious to all.

What's more, judging from the first test of this inheritance.

Obviously, the sword cultivator's kendo talent, aptitude, and understanding are tested.

It has nothing to do with strength.

Based on the inheritance of kendo, is it better than kendo talent or comprehension?

This is not feeding the victory to the big brother's mouth, as long as he wants to, he can open his mouth and eat it.

Zishan also looked at Ye Qiubai with interest when he saw Hongying Shisheng's response.

At the moment.

On this mirror-like island.

Beside the stone pillar covered with sword marks, Ye Qiubai, Zeng Jiyuan, and Lai Qingyun stood under different stone pillars.

Looking at the sword marks above.

The sword marks are criss-crossed.

Deep and shallow, long and short, appearing extremely irregular.

He stroked it with his hands, but he didn't feel any remaining sword energy.

There seems to be no mystery.

Both Zeng Jiyuan and Lai Qingyun frowned.

Start to use your own method to see if you can find the remnants of sword intent in these sword marks.

For example, Zeng Jiyuan covered these sword marks with sword intent.

I want to use my fairy sword intent to stimulate the remaining sword energy or sword intent.

Lai Qingyun kept chopping on the stone pillar with his sword.

Unfortunately, the stone pillar did not move at all.

Even those sword marks were not damaged in any way!

The movement of the two was very loud, but there was no progress.

On the other side, Ye Qiubai did not move.

Just caressed the sword marks on the stone pillar.

Looking at these uneven sword marks.

I was thinking in my heart.

Is this the place where this senior sword \*\*\*\* used to practice his sword?

The sword marks are densely covered, deep and shallow.

can be clearly seen.

The shallower sword marks are the period when the sword practitioner is weaker.

The deeper sword marks are left by the sword practitioner after he has gained some insight and improved his strength.

That is to say.

The sword marks on it are actually the growth process left by the sword practitioner.

In other words, it is the comprehension process of kendo.

Anything.

Only after hard work can one reach the extreme.

Kendo is no exception.

The stone pillars are thick and towering, and there are more than a million deep and shallow sword marks left on them?

And there are four stone pillars here.

There are subtle differences in the position and depth of the sword marks on each stone pillar.

Ye Qiubai couldn't help but sigh with emotion.

Achieve the sword god, how can you be an ordinary person.

Not only has great talent, but also has amazing efforts.

thought of this.

Ye Qiubai couldn't help but raised the Hunyuan Immortal Sword in his hand.

Looking at these sword marks, an image unconsciously emerged in my mind.

In front of the stone pillar, a young man kept waving the three-foot green sword in his hand.

Ye Qiubai also wanted to follow the young man in his mind and wave the sword in his hand.

I got it.

did it.

The Great Elder of Shengfuzong saw Ye Qiubai dancing his sword, and couldn't help being surprised:  
"What is he doing?"

Zishan was also slightly puzzled.

Did not release any sword intent, did not release any cultivation base.

It's just ordinary swinging the sword in hand.

It looks like a kendo beginner, who is practicing swords, trying to pursue the appearance of stepping into the threshold of kendo.

Hongying, Ning Chenxin, Shi Sheng, Xiao Hei, Mu Fusheng, and Mu Wan'er showed faint smiles.

Even if they don't understand.

But also vaguely understand.

Perhaps, the elder brother has already entered a certain state.

Have begun to comprehend the meaning of the stone pillar.

Sure enough, after a day has passed. (Stupid, I originally wanted to write 30 days when those people from the Demon King's Realm gave Qi the Dao, but I didn't know why, so I wrote it as 7 days. My brain has gone wrong, and I have changed it. sorry sorry)

One day passed.

Lai Qingyun and Zeng Jiyuan began to try other methods.

Ye Qiubai is still practicing sword.

Two days passed.

Lai Qingyun and Zeng Jiyuan stopped trying, but sat cross-legged in front of the stone pillar, trying to understand the mystery of the sword marks on the stone pillar.

Ye Qiubai was still waving the Hunyuan Immortal Sword in his hand.

Three days passed.

On this day.

The fierce sun breaks through the clouds.

The sun shines on the ground, and the mirror-like ground seems to be covered with a golden glow.

And around Ye Qiubai's body, there is a faint heat coming out of his body!

This hot air is extremely hot, and the surrounding space is even slowly distorting.

Ye Qiubai's Tsing Yi was also soaked at this moment.

looks dripping with sweat.

See this scene.

The Great Elder of the Shengfu Sect and Zishan were quite puzzled.

reached the realm of Ye Qiubai.

It's just an ordinary sword in hand.

Why do you sweat?

As the heat begins to diffuse.

Gradually, it also attracted the attention of Zeng Jiyuan and Lai Qingyun.

At this moment, Ye Qiubai has slowly entered an extremely mysterious state!

Shi Sheng suddenly said: "The realm of heaven and man."

The realm of heaven and man? !

Zi Shan looked over in surprise.

The realm of heaven and man is not high.

Or under the situation that the mastery of artistic conception is not deep enough.

As long as you have a super talent, you can enter.

Even Zishan entered once when his realm was not high.

But.

It has reached the current state.

Ye Qiubai's kendo has stepped into the realm of fairy sword.

But once again entered the realm of heaven and man?

How is this done?

The Great Elder of Shengfuzong was also horrified in his heart.

At the same time, I thought to myself.

What the suzerain did is absolutely correct!

Monsters of this level must do their best to win over and protect them!

As long as the other party grows up.

In the future, the status of the Saint Talisman Sect will rise accordingly!

Zeng Jiyuan and Lai Qingyun also looked at each other when they saw this scene.

They could all see the astonishment in each other's eyes.

They didn't even discover the special features of the stone pillars.

The mystery in the sword marks has not made any progress.

But.

Ye Qiubai entered the realm of heaven and man after ordinary sword practice in front of the stone pillar?

What kind of operation is this?

But Zeng Jiyuan and Lai Qingyun did not choose to interrupt Ye Qiubai's realm of heaven and man.

Instead, he turned around quietly and continued to observe the sword marks on the stone pillar.

As a sword fairy, you have to have a strong character.

Before, he was dazzled by the inheritance of the sword god, so he made a follow-up.

Now, let them interrupt the sentiment of a young junior.

I really can't do it.

Once such a thing is done.

For their sword heart, there is irreversible harm!

The center of the four stone pillars.

The illusory sword, one of the illusory figures looked at this scene and nodded slightly.

Finally someone can understand the master's intention of setting up this level...

Can this son inherit the inheritance of the master?

Chapter 813 Thought Prison

A hard worker.

Without talent, you can't go too far.

A gifted man.

If you don't work hard, you can't reach the top either.

However, when a person is both talented and hardworking.

When dealing with one thing, there is always a time of determination.

Then, the way of this person will be long and wide.

Cultivating the Tao.

It's not a fairy tale.

Without one of the two, it is impossible to go on this road full of thorns.

From these dense, intricate, deep and shallow sword marks.

Ye Qiubai could tell.

This senior sword \*\*\*\* has made unmatched efforts in the way of swordsmanship.

That's why he was able to step into the realm of sword god.

Ye Qiubai's sword kept following in his mind, waving the man practicing sword against the stone pillar.

With the frequency of swinging the sword faster and faster.

His comprehension of kendo is getting deeper and deeper.

Accompanied by the invasion of the years, the man gradually changed from a young man to a middle-aged figure.

Sword in hand.

is also getting thicker and thicker!

Stay until the fourth day.

The sun rises from the sea level of the endless sea.

When the sun was shining warmly on everyone's bodies.

Ye Qiubai's realm unexpectedly broke through at this moment!

Reached the half-step earth fairy realm!

The sword in his hand, the meaning of a fairy sword also unconsciously surrounded Ye Qiubai's body.

With a sword, slash, cut horizontally, and pierce.

Sword intent will also splash out towards the surroundings!

It is also this time.

In front of Ye Qiubai, the sword marks on the stone pillar seemed to have a hint of aura.

Among them, there are wisps of sword intent, accompanied by the swing of the long sword in Ye Qiubai's hand, condensed into a figure beside him!

The movement and strength of his sword swing are surprisingly consistent with Ye Qiubai!

Lai Qingyun and Zeng Jiyuan were attracted by this scene.

They also understand.

Ye Qiubai has already realized the mystery in the stone pillar.

Can't help but look at each other helplessly.

Lai Qingyun smiled bitterly and said with emotion: "The young people nowadays are really more than one monster."

Zeng Jiyuan's already cold and heartless expression twitched at this moment, showing an extremely ugly smile.

"However, I have to accept it. Thinking about it from another angle, maybe it is not unacceptable to have such a sword cultivator in the mid-latitude boundary."

"Perhaps, he may be able to drive the kendo of the entire mid-latitude boundary all the way."

Lai Qingyun smiled and nodded: "It's not bad."

Seeing this scene, Zishan couldn't help laughing and said: "This person must have made achievements in the way of swordsmanship."

Shi Sheng said proudly: "That's natural. I haven't seen anyone stronger than him from the beginning to the end."

Zishan looked at Shi Sheng with a smile and said, "You really admire him."

Shi Sheng replied with an unusually serious face: "Those who work hard are always worthy of admiration and learning."

Hearing this, Zishan couldn't help but take another look at Shi Sheng, and then smiled, "You're right."

In this world where talent is king.

Being able to take effort so seriously.

Similarly, there are fewer and fewer people who can be as pure and innocent as Shi Sheng.  
after all.

When others work hard.

Those with bad conduct will laugh at the other party. Is it because of bad talent that you work so hard?

Generally in front of others, the idea of hardworking people is to make up for their lack of talent.

People with good conduct will only praise insincerely, and then ignore it.

Shi Sheng took this matter so seriously.

This also explains how he is different from others.

This is also normal.

Shi Sheng was born in an ordinary mortal family after all.

He practiced Taoism.

Just for my parents not to suffer from hunger, cold, and bullying from others.

It is just to prolong their lifespan when their own realm is sufficient.

Even live forever.

This has always been Shi Sheng's ideal.

From the beginning to the present, it has not changed.

Therefore, it is extremely difficult for him, who speaks out in this kind of mortal family, to embark on the path of seeking Tao.

Working hard to make up for the lack of talent and family heritage.

Even if you are worshiping under Lu Changsheng's sect.

Also dare not slack off in the slightest.

so.

He felt more empathy for the act of working hard.

And with the surge of sword intent.

The sword intent on the stone pillar seemed to be subtly changing Ye Qiubai's sword intent.

Although the realm of kendo has not broken through.

But others can clearly feel it.

Ye Qiubai's sword intent is more thick.

Similarly, it is a bit sharper.

At this time.

Ye Qiubai stopped practicing his sword and opened his eyes.

Bowed slightly to the stone pillar.

Serious expression.

It is at this moment.

Besides, the figure condensed by the sword intent in the sword marks on the stone pillar also disappeared, turning into wisps of sword intent and blending into the illusory sword.

At this time.

In the center of the four stone pillars, the illusory sword seemed to be a little solid.

A voice also came from the blade.

"Ye Qiubai, the first test has passed."

The voice just fell.

Zeng Jiyuan and Lai Qingyun quickly came to Ye Qiubai's side.

asked: "What is the mystery of this stone pillar?"

See the eager eyes of the two.

Ye Qiubai couldn't help laughing and said: "The two seniors are too eager for quick success."

Zeng Jiyuan asked doubtfully, "How do you say that?"

"These sword marks are the traces left by the sword \*\*\*\* senior from the moment he stepped into the way of the sword, constantly practicing swords."

"It's not for you to comprehend the sword intent in the sword marks." Ye Qiubai replied with a smile: "Senior Sword God left behind on the stone pillar his own journey into the way of the sword."

After Zeng Jiyuan and Lai Qingyun heard these words.

They all couldn't help being taken aback.

Immediately, they all clasped their fists at Ye Qiubai positively.

"Teachable."

After the two sword fairies stepped into the realm of fairy swords.

Therefore, he could not find a way to break through to a higher realm of swordsmanship.

Gradually, I forgot the original intention of kendo.

Instead, he wanted to seek some kind of natural and earthly treasure, or the inheritance of sword repair power.

Use this to seek opportunities for breakthroughs.

This may be true.

However, it is wrong for the essence of Kendo.

The way of swordsmanship, although it can have the help of external factors.

But in the final analysis, you still need to go on by yourself.

When the idea of seeking breakthroughs from foreign objects is deeply ingrained.

Zeng Jiyuan and Lai Qingyun, sword masters with superb kendo talents, were instead trapped by their long-standing thoughts.

This is why they have been unable to discover the mystery hidden on the stone pillar for a long time.

And what Ye Qiubai said.

also made them understand this truth.

The dusty sword heart is opened.

Both Lai Qingyun and Zeng Jiyuan looked at Ye Qiubai gratefully, and said, "Both of us owe you a favor."

"If there is anything in the future, we will definitely report it."

Hearing this, Ye Qiubai immediately said pleasantly: "Is this true?"

Both Zeng Jiyuan and Lai Qingyun were taken aback.

This look... why does it feel a bit cheap...

Mu Fusheng also covered his face, "Why do I feel that some of the character of the big brother is becoming more and more like a master..."

Chapter 814 The second level, the illusion of the Reform Movement of 1898 (first update)

Zeng Jiyuan and Lai Qingyun did not leave.

In the process of Ye Qiubai's comprehension, even if they have reached the realm of the fairy sword, they can still understand some things from it.

For example, what Ye Qiubai said just now.

Standing in place for too long, causing the mood to become anxious.

He will have no confidence in his own talent, and put all his hopes on inheritance and natural treasures.

So, he also trapped himself in a cage.

For sword cultivators, this kind of thing is very scary.

Zeng Jiyuan and Lai Qingyun have not made a breakthrough for many years, and this is probably the main reason.

Now, in the eyes of the two, Ye Qiubai is young.

Although the realm of cultivation is still not as good as them.

But in terms of kendo.

Perhaps Ye Qiubai's understanding of kendo is stronger than the two.

otherwise.

Cultivation is so many years less than them, and the realm of cultivation is only half a step to the realm of immortality.

How did Kendo reach the realm of Immortal Sword and stand at the same level as them?

So they chose to stay.

Since we can't get inheritance, let's see if we can find other gains from Ye Qiubai.

but.

Let two sword immortals from Heavenly Immortal Realm wait here, and seek comprehension from a junior.

If this matter spreads to the outside world, won't it cause an uproar?

And at this moment.

Not far away, there are three figures coming together.

When the Great Elder saw this scene, he was also slightly taken aback.

Among them, the second and third elders of the Saint Talisman Sect came here.

It's just these two people, the Great Elder will not be surprised.

But, the last person is the Supreme Elder?

The things of these juniors actually directly caused the elders to be mobilized for it.

The Great Elder still underestimated how much the Suzerain attached to Mu Fusheng and his juniors...

"What's the matter?" Elder Baibear looked at the Great Elder and asked, "Where's the enemy? Why don't I feel any aura of conflict?"

"Ah..." The Great Elder was a little embarrassed, and he didn't know how to report to the Supreme Elder in this situation...

At the critical moment, Mu Fusheng stepped forward and said: "Elder, the enemy has become a friendly army."

What? ? ?

Elder Baibear was full of doubts.

Even the second and third elders behind him were a little dazed.

Enemies become allies?

What is this operation?

Didn't it mean that someone came to seize the inheritance?

"Have you handed over the inheritance?" Elder Baibeard asked in a deep voice.

This was the only possibility he could think of.

Otherwise, how could it be possible for two Sword Immortal-level characters in the mid-stage of the Celestial Immortal Realm to turn enemies into friends so easily...

not to mention.

The inheritance here is still left by the Sword God.

How much temptation is there for sword repairers?

Until Mu Fusheng narrated what happened.

The three elders suddenly realized.

However, the moment he understood, he looked at Ye Qiubai with strange eyes.

A junior who is a half-step earth immortal, let two sword immortals in the heavenly fairyland understand something, and also convince the other party?

To know.

This is the favor of Heavenly Wonderland...

And there are still two.

At this moment, when they set their sights on Ye Qiubai.

found out.

Ye Qiubai's eyes were dull, and he stood there motionless.

Only breathing is sometimes steady and sometimes rapid.

There is a fairy sword sword all over the body unconsciously coming out!

Zeng Jiyuan and Elder Baixu said in a deep voice at the same time: "Illusion."

Above the four stone pillars, there were streams of mysterious aura floating out, enveloping Ye Qiubai!

Zi Shan also said softly: "It seems that the second test is an illusion."

The third elder of Shengfuzong asked doubtfully: "For sword cultivators, isn't the illusion the easiest to break through?"

Lai Qingyun smiled wryly and shook his head: "That's what I said."

"However, it is a sword \*\*\*\* who left this inheritance test. The illusion test set by the sword \*\*\*\* can naturally compete against the weakest point of sword repair."

Hear what Lai Qingyun said.

Everyone's expressions became serious.

yes.

is also a sword repairer, let alone a sword god.

The understanding of sword repair is naturally extremely deep.

Then how could the illusion he arranged be normal for Ye Qiubai, who is also a sword cultivator?

Ning Chenxin said at this time: "Don't worry, senior brother's sword heart is as solid as gold, and this test will definitely pass smoothly."

"I hope so."

...

At the moment.

Ye Qiubai fell into an illusion.

Looking solemnly at the scene in front of him.

I see.

There are three stone pillars in front of you.

There are three people on the stone pillar, namely Mu Ziqing and a man whose face cannot be seen, but from that figure and Ye Qiubai's familiarity with him, it can be judged that this person must be the master !

Why can't you see the face even though you can tell the figure?

Of course this is also Lu Changsheng's masterpiece.

The purpose is to prevent this kind of phantom situation, and the memory being spied on by others.

If you want to achieve an illusion, you must naturally reflect the person you are most familiar with deep in your memory.

So Lu Changsheng put a lot of seals on his identity in the memory of each disciple.

The purpose is to prevent the person who snoops on the memory and the illusion that reflects the memory from being able to perceive his identity.

On the other stone pillar is a sword transformed from sword intent.

This sword.

It represents Ye Qiubai's lifelong kendo, as well as his own sword heart...

On these three stone pillars, the two of them and Kendo and Kenshin are all wrapped by chains.

In the chest, there is a sword that reaches their brows and spirits.

As long as one more point is advanced, the soul seems to be crushed by this sword!

For the stone pillar on the left, Mu Ziqing didn't say anything, and didn't struggle, but just looked at Ye Qiubai tenderly.

However, the expression was somewhat bitter.

It seems to be saying to Ye Qiubai, just do what you think is right, and don't care about me.

The bound Kendo Kenshin in the middle, and the faceless Lu Changsheng on the right, have no expressions, words or eyes!

After all, the face is not mapped out...

At this time, an illusory man appeared beside Ye Qiubai, and he said lightly: "You can only choose one or one of them."

"If you choose one, the other two will be killed."

Obviously.

This is to let Ye Qiubai choose one or two.

"Of course, you don't have to think about defeating me and forcibly breaking through the illusion. With your current strength, it is not enough to use your strength to break through the illusion."

The other party did not hide that this was an illusion.

After all, Ye Qiubai himself knows that this is an illusion.

But even in the illusion.

The choice of this scene will also affect Ye Qiubai's heart.

Whether it is Mu Ziqing or Lu Changsheng, if they are killed in the illusion, Ye Qiubai's heart will be filled with infinite self-blame.

This is the power of the illusion of the 1898 Movement.

Can infinitely expand the impact of decisions made in the illusion on oneself!

"Now, choose."

Chapter 815 I'm not a buddy, I'm just a remnant! (Second more)

The test of the illusion left by Sword God.

Naturally, they will strive to have a greater influence on sword repair.

This illusion of the Reform Movement of 1898 works like this.

People who fall into the illusion, all the choices made in the illusion will expand the thoughts deep in their hearts.

That is to say.

No matter who Ye Qiubai chooses, the self-blame and regret of losing the other two, or one person and one thing, will shake his mood.

Ye Qiubai watched this scene without any change in expression.

It seems that there is already a choice.

Be confident.

"My strength can't break this illusion, right?"

The man nodded, and said: "Unless your swordsmanship has also reached the realm of the sword god."

"I understand." After Ye Qiubai thought for a while, he took out a jade pendant from his chest.

The illusory man on the side saw this scene and was slightly taken aback.

What is this for?

Ye Qiubai murmured at this time: "If giving up Kendo Kenshin can save Shizun and Zi Qing from suffering, then maybe I won't hesitate and choose to just give up Kendo Kenshin."

"After all, even if the Sword Dao and Sword Heart are gone, it would be good to practice again, and it's not like you haven't started all over again."

For Ye Qiubai, he had already lost his cultivation talent once when he was in the Manghuang Realm.

The man frowned after hearing this and said: "No matter how strong you are, you will sometimes be caught in a dilemma. At that time, you will also face this kind of choice."

"As a swordsman, or as a monk, the same is true."

Ye Qiubai smiled: "Let's talk about it at that time. Of course, I will try my best to become stronger so that I won't fall into this situation."

The man shook his head: "It's still too naive. No matter how strong you are, there will still be someone stronger than you above you."

"What's more, how do you want to break the current situation?"

"After all, with your strength, it is not enough to forcibly break the illusion and protect the two people in front of you."

"Yes." Ye Qiubai smiled and said, "With my own strength, of course I can't, but you didn't say that you can't rely on external things."

Finished speaking.

Ye Qiubai threw the jade pendant in his hand into the sky!

Immediately!

Among the jade pendants.

The way of the sword surged out!

The man looked horrified when he saw this scene!

This way of the sword is many times stronger than my own sword spirit!

Even in its heyday, facing this kendo, there would be no chance of resistance!

The Realm of the Sword God.

is the realm that has stepped into the threshold of the way of the sword.

but.

The way of the sword in front of you.

But it is an extremely pure way of the sword!

It seems that the master who owns this kendo is the master of all kendo.

Ye Qiubai smiled and looked up.

In the midst of surging sword intent.

A white-robed figure stepped out of the shattered jade pendant.

The figure in the white robe looked down, and said helplessly, "What's the matter?"

Ye Qiubai helplessly spread his hands and said: "Master, I have fallen into an illusion."

"Illusion?" Lu Changsheng's phantom froze, and said, "It's just an illusion, what did you ask me to do?"

While speaking, Lu Changsheng looked around.

At a glance, I can see the structure and principle of this 1898 illusion.

Immediately, he couldn't help but slapped his mouth and said: "Tsk tsk, this illusion has a good effect, but there are too many loopholes."

"Like here..."

"For example, there..."

One time.

The man raised his head, staring at Lu Changsheng foolishly, pointing him to the illusion that he managed to create back then.

As a result, the other party pointed out at least thirty or forty loopholes within a few minutes!

And he still can't refute these loopholes!

Not buddies.

I am a swordsman, not a magician!

Isn't it normal even if there are loopholes? !

Is it necessary to hit people like this? !

You can't save me some face, anyway, I'm also a sword god!

Although it's already rattled.

Lu Changsheng looked at Ye Qiubai disdainfully: "Just call me over for such a trivial matter. You really have Ye Qiubai."

Ye Qiubai scratched his head with an embarrassed smile, then seemed to think of something, and pointed in the direction of the three stone pillars.

"The main reason is that the disciple's strength is not enough to break through this illusion, but if you want to break through the illusion, you have to choose one and discard two."

"Although the disciple will definitely choose you as a respected master in his heart, Zi Qing can't lose it!"

good!

Ye Qiubai!

Thoroughly!

Learning is broken!

However, after Lu Changsheng heard this, he still washed away the annoyance of being called by Ye Qiubai.

Leng snorted and said, "It's not like raising a scoundrel like you for nothing."

Afterwards, Lu Changsheng looked at the man and asked, "Is he an enemy? Although there is only a wisp of soul left, let's kill it to avoid future troubles."

The man's face suddenly changed!

Not buddies... No, senior!

I'm just a wisp of remnant soul that won't last long!

You also want to say that to avoid future troubles, kill people to silence? !

What's more, I'm not an enemy either!

Just a few minutes.

The man's heart, from loss and grievance, to the current panic.

It's like a roller coaster, with ups and downs.

Oh no, I'm not in a good mood.

It's just that the range of ups and downs is a little higher than before...

Ye Qiubai quickly waved his hands and said: "No, Master, he is the master of this inheritance, and I am going through a test."

"Ah yeah?"

Hear here.

Lu Changsheng quickly changed his face.

It was like changing faces in a Beijing opera, switching over in an instant.

Rubbing his hands together, he said with a smile: "That buddy, a misunderstanding, a misunderstanding."

"In this case, I won't behead you anymore. If you have any good things at that time, just give them all to me, this scoundrel."

"Anyway, you're almost gone, so it's good to let my apprentice shine and heat up what's left of you, right?"

Man: "..."

What do you mean I'm almost gone? ?

Although this is true.

But once you said that, why did the taste change?

Okay, now in the mood of loss, grievance and panic, I have to add annoyance.

Afterwards, Lu Changsheng looked at Ye Qiubai and said, "Ye Qiubai, please please...ah no, respect senior, you know!"

After finishing speaking, he blinked at Ye Qiubai and gestured for something.

waved his hand.

Suddenly, the sword intent surged wildly!

The illusion was instantly shattered!

Then.

Lu Changsheng also disappeared in a flash.

It seems that it has never appeared before.

The man looked at this scene stupidly.

Ye Qiubai on the other side cautiously asked: "Senior, have you passed this test now?"

The man looked at Ye Qiubai with helplessness in his eyes.

Afterwards, he could only nod his head and said: "After all, I didn't say that I can't use external force, so let it go."

"Just." The man's face instantly became serious, and said: "In the future, you will definitely experience trade-offs and choices. I hope that the choice you make will not make yourself regret it."

"Once your mood is shaken, your sword heart and sword way will also be shaken, understand?"

He could see that Ye Qiubai was a good seedling.

So, he didn't want this good seed to fade away.

Chapter 816 Mu Fusheng: I'm injured, the kind that can't be cured! (third change)

Huh?

Why did you break the illusion so quickly?

Outside.

Zi Shan, the white-bearded elder of the Saint Talisman Sect, and the three elders, as well as Lai Qingyun and Zeng Jiyuan couldn't help being a little dazed.

Then.

Elder Baixu looked at Lai Qingyun and Zeng Jiyuan, and asked, "Didn't it mean... the illusion left by the sword \*\*\*\* must be different for sword cultivators?"

Zeng Jiyuan: "..."

Elder Baixu continued to ask: "Didn't it mean that this illusion will definitely have a huge impact on Ye Qiubai?"

Lai Qingyun: "..."

no.

You ask us?

Who do we ask!

The truth must be this truth.

The illusion left by the sword \*\*\*\* must have a special restraint effect on sword repairers.

But.

How do they know.

The time for a stick of incense has passed, it seems that the time for a stick of incense is not yet!

This illusion is broken?

Then isn't this illusion a bit too sloppy?

Zi Shan fought beside him, alleviating the embarrassment of Zeng Jiyuan and Lai Qingyun, two Heavenly Immortal Sword Immortals.

"It may be that Senior Sword God is not good at formations, but he wants to forcibly set up formations as a test..."

but.

Zi Shan was also a little confused when he said this.

How could a majestic sword \*\*\*\* set up his inheritance after death so hastily?

Only Hongying and other brothers in thatched cottage know about it.

At the moment when the illusion disappeared.

They felt the breath of Master's presence.

Although it was only the moment when the illusion was broken.

But also captured by them.

Hongying couldn't help covering her mouth and chuckling: "When will the elder brother play such clever tricks?"

Mu Fusheng also nodded with a sense of his own body, and said: "Indeed, when faced with adversity, a senior brother will not easily rely on external forces, let alone the test of inheritance..."

Unexpectedly, Shi Sheng looked over from the side.

With a gloomy look in his eyes, he asked, "Did you lead the elder brother to the ground, after all, you are the only one who can do this kind of thing."

"And you were also present during the time when the elder brother was in the mid-latitude boundary."

After finishing speaking, Hongying, Xiao Hei, Ning Chenxin, and Mu Wan'er all looked over.

That look made Mu Fusheng feel uncomfortable for a while.

Mu Fusheng's expression froze after hearing this.

Can this \*\*\*\* pot be dumped on me?

"Is my image in your hearts so unbearable?"

While talking, Mu Fusheng pretended to have a painful expression on his face, covering his heart with his hands, and said so.

result.

Shi Sheng and the others nodded in unison.

Xiao Hei made up the knife and said: "Yes, this is your character."

Ning Chen said calmly: "It's absolutely true."

Mu Wan'er also said seriously: "There is no doubt about it."

Hongying smiled and said, "Don't doubt yourself."

Mu Fusheng: "..."

Mu Fusheng said that he was injured, and his heart was severely wounded.

suddenly.

Mu Fusheng looked at Ye Qiubai with pity, and a hint of sympathy.

He suddenly understood the elder brother's mood...

but.

Mu Fusheng was suddenly shocked again, and a dangerous thought inexplicably appeared in his mind.

It won't be at that time, if the blame can't be blamed on the eldest brother, will it be dumped on me?

One thought here.

Mu Fusheng suddenly awakened and strengthened an idea in his heart.

You must have a good relationship with the second senior sister!

at all costs!

...

the other side.

Ye Qiubai also came to the third level.

The phantom of the man has disappeared.

At this moment, the illusory long sword in front of Ye Qiubai's eyes seemed to become more solid!

Only a sound came from the long sword.

"Trialist, congratulations on passing the second test."

"As for the last test, I must remind you that your life will be in danger, and once you use external force, you will lose your inheritance qualifications."

Ye Qiubai thinks.

The sword must have witnessed what he did in the illusion to say so.

Then, the sound continued.

"Moreover, once the test begins, there will be no chance of quitting the test except for death."

"Now, it's up to you to choose, whether to continue to endure the final test, or to give up."

The voice in the sword is extremely deceptive.

Ye Qiubai smiled and said: "Senior, this is also a test, right?"

There is no sound coming from the sword.

Then Ye Qiubai said: "Since we have already arrived here, is there any reason to quit?"

"It is not something a sword repairer can do if he quits because he is afraid of death before he has experienced it."

A voice of appreciation came out from the sword: "Although you have all the qualities of a swordsman, except for things in the illusion, I will not break the rules because of pity, understand?"

Ye Qiubai made a bet.

Just something in the illusion.

Was recorded in the notebook by the other party...

"Let's get started, senior."

Ye Qiubai's voice fell.

The four stone pillars around suddenly vibrated!

Immediately!

The entire island inherited by the Sword God also experienced an earthquake.

The mirror-like ground shook violently.

Golden clothing that shines on the earth.

Also at this moment, like the waves of the sea, with the shaking of the earth, it began to "surge".

Under Ye Qiubai's surprised eyes.

Three of the stone pillars turned into dantian, kendo, and physical body, and then condensed into one.

His appearance and figure are no different from Ye Qiubai!

at the same time.

The last stone pillar also began to shrink.

turned into the Hunyuan Immortal Sword in Ye Qiubai's hand!

At this time.

The voice from the sword came: "The third test, you have to defeat the mirror image in front of you."

"Although it is a mirror image, its strength, kendo, and weapons are all perfect clones."

"It's just that the aura of the mirror image is endless"

Ye Qiubai's face was a little dignified.

if it is like this.

This third test is really troublesome.

It's not so much about beating each other.

Rather, it is to beat yourself.

And what happened around Ye Qiubai.

Naturally, Hongying and the others, Zishan, the four elders of the Shengfu Sect, Zeng Jiyuan and Lai Qingyun were also in their eyes.

"Trouble."

Zi Shan frowned and said: "This test not only tests Ye Qiubai's actual combat ability, but also tests Ye Qiubai's talent."

"If there is no breakthrough in the realm, or a breakthrough in actual combat experience, then it will be consumed to death, and the opponent has infinite aura..."

Zeng Jiyuan and Lai Qingyun also had solemn faces.

They serve as sword repairers.

I understand even more how harsh the conditions required for a breakthrough in battle.

A breakthrough in the realm.

Not only need a stable state of mind, but also need the outside world not to be disturbed.

not to mention.

During the battle, even if one can break through the realm, who can be distracted to make the breakthrough?

And Ye Qiubai has already reached half a step to the fairyland, and if he goes up, it will be the fairyland!

This is not breaking through a small realm, from the muddy fairyland to the earth fairyland.

But a watershed!

Someone who can do it

Even they have never seen it.

Chapter 817 Sword move confrontation

Passing over violently shaking ground.

It is not as flat as a mirror before.

Instead, it appears to be potholes, with many cracks, and the rocks on the ground are either sunken or raised.

Like ruins.

The surrounding atmosphere seemed to have stopped at this moment.

This is not silence, nor is it quiet and peaceful.

Like the calm before the storm.

which led to all this.

is the only flat place in the very center of the island.

Two three-foot Qingfeng dressed in the same elegant green robes, holding the same aura and appearance.

There is not even the slightest difference in figure, appearance, and expression!

Even twins have subtle differences.

But.

The two green-robed sword cultivators holding three-foot green blades could not tell the slightest difference.

Even Hongying, Ning Chenxin, Xiao Hei, Shi Sheng, Mu Fusheng, and Mu Wan'er and Ye Qiubai's fellow apprentices who have been together for a long time are also difficult to distinguish.

What about Zi Shan, the four elders of the Shengfu Sect, Zeng Jiuyan, and Lai Qingyun?

Zeng Jiuyan smiled wryly and said: "As expected of a sword god, even if it is a mirror image, it can be so similar."

After sensing the mirror image, Lai Qingyun also took a breath of air, "Even the breath and the level of kendo don't make any difference."

The means of a sword god.

It has exceeded their imagination.

Elder Baixu frowned and said: "Under such circumstances, this mirror image still has an inexhaustible spiritual energy. Is Ye Qiubai really an opponent?"

Only Zi Shan looked at this scene with great interest, and said, "That might be, don't you think so?"

While talking, Zi Shan looked at Shi Sheng.

Shi Sheng was slightly taken aback: "Huh?"

Then he nodded and said, "Eldest brother will not lose."

Standing at the level of Zishan, according to intelligence, with Ye Qiubai's talent, if he can't pass the mirror image test.

Perhaps, this talent can only work in the mid-latitude realm.

Arriving at a high-latitude boundary, although he can be regarded as a talented swordsman.

But if you want to be in the high-latitude boundary, you will still be called a monster.

Then this level must be passed.

At this time.

Ye Qiubai scrutinized the mirror image in front of him that had exactly the same appearance and aura as his own. After being slightly surprised, he immediately calmed down.

It is normal for a generation of sword gods to have such means.

But want to climb to the realm of Sword God, no.

It should be said that it is above the sword god.

Then what he has to do is to defeat the mirror image in front of him.

thought of this.

Ye Qiubai took the lead.

The sword intent of the fairy sword spewed out from Ye Qiubai's body!

Rising into the sky like a beam of light!

Immediately, it bloomed like fireworks in mid-air, covering Ye Qiubai's whole body.

Sword domain rises!

But.

At the moment when Jianyu rose.

"Ye Qiubai" also made the same actions as Ye Qiubai.

The sword intent of the fairy sword spewed out.

The sword domain rises!

and Ye Qiubai's sword field squeeze each other!

Two fields, constantly colliding!

It was no surprise to Ye Qiubai that the opponent's mirror image could use the Sword Domain.  
looked up.

The two sword domains have exactly the same power.

So there is no way to tell the winner in a short time.

The two domains can only be stalemate with each other.

But.

The only difference is that the mirror image Ye Qiubai does not have the problem of aura consumption.

Think here.

Ye Qiubai no longer delays.

The more you procrastinate, the worse it will be for you.

Lifted the Hunyuan Immortal Sword in his hand.

The sword intent of the fairy sword envelops the sword body, and cuts towards the mirror image Ye Qiubai!

The other party also raised the Hunyuan Immortal Sword in his hand, but swung it towards Ye Qiubai at an extremely tricky angle!

See this scene.

Ye Qiubai looked slightly startled.

Although the opponent's strength and aura are exactly the same as his own.

Even if it is a sword move, there is no difference.

However, the opponent seems to have a stronger actual combat ability than it.

Using his own sword moves, he found out the weakness of Ye Qiubai's sword!

If Ye Qiubai continues to slash this sword, the result will be that the opponent's sword will come before him.

Cut into his lifeline!

noticed this.

Ye Qiubai could only forcibly twist his figure in mid-air.

The long sword in his hand was released, and after the blade twisted around, he held the hilt again.

Hold the long sword upside down, and protect your dantian with the blade of the sword.

Bang!

The opponent's sword slashed on his own sword.

However, due to the emergence of old forces, new forces have not been born.

Ye Qiubai was directly beheaded and retreated!

But.

Ye Qiubai, who was cut back, did not show a dejected expression.

Instead, strands of excitement filled his eyes.

The strength is the same.

Sword moves are the same.

The opponent has more actual combat experience than him.

Isn't this just good for practicing swords?

Ye Qiubai grinned, and rushed towards the mirror image Ye Qiubai again with the Hunyuan Immortal Sword in his hand.

this moment.

Ye Qiubai seems to have learned the experience of losing the previous sword.

Make up for the exposed flaws.

Pierce through with a sword!

The sword intent of the fairy sword is surging wildly!

The three-foot Qingfeng's sword tip seemed to be extended by a few points under the blessing of the Immortal Sword's sword intent.

The mirror image Ye Qiubai immediately made a countermeasure at the same moment.

I saw him taking a step back.

The sword in his hand raised towards Ye Qiubai from bottom to top.

Retreat to advance!

Ye Qiubai's eyes lit up.

The other party's handling method not only let the mirror image Ye Qiubai out of danger.

It can put Ye Qiubai at a disadvantage!

Had to retreat to defend.

The two sides confront each other.

Let others see it.

was also amazed.

Zeng Jiyuan and Lai Qingyun, two experienced sword celestial beings, saw Ye Qiubai's handling of sword moves in the mirror image, and they also felt refreshed and enlightened!

Although this processing method looks simple and abnormal.

Mediocre.

However, in actual combat.

If you don't have enough experience to support it, you really can't display it.

Watching the two sides continue to confront each other.

Ye Qiubai kept backing away.

Mirror mirror Ye Qiubai took advantage of the victory to pursue when Ye Qiubai retreated.

It seems to be an overwhelming situation.

Zeng Jiyuan couldn't help shaking his head and said: "With the gap in actual combat experience and the support of infinite aura, Ye Xiaoyou has no chance of winning."

Lai Qingyun also wanted to chime in.

But.

Next scene.

But Lai Qingyun's eyes were horrified!

Ye Qiubai who had been crushed and beaten.

Unknowingly.

unexpectedly stood firm!

During the confrontation with the mirror image Ye Qiubai's sword move.

Can not fall any disadvantages!

general speaking.

It means that there are back and forth calls.

Elder Baixu couldn't help but praise: "Ye Qiubai's talent is really too monstrous. In a short period of time, he was able to win back a victory in the opponent's hands."

This speed of growth in battle.

It's too fast.

When I looked again.

When the mirror image Ye Qiubai strode forward, piercing out with a sword.

Ye Qiubai's eyes froze.

One step back.

Get out of the opponent's attack range.

Turn back with one strike!

It actually shook the long sword in Ye Qiubai's hand away from the mirror image.

While standing still, take a step forward again.

Slashed towards the mirror image Ye Qiubai with a sword!

This scene.

Let everyone look horrified!

Chapter 818 Dead wood is in spring!

Just an hour's duel.

Ye Qiubai's actual combat experience has made a qualitative leap!

Among the horrified eyes of everyone.

From the very beginning, he was suppressed and couldn't get ahead, so he could only be forced to defend.

Various attacks will also be easily resolved by the mirror image Ye Qiubai and form a counterattack.

Until Ye Qiubai has a certain understanding of the mirror image Ye Qiubai's sword move route, he can fight back and forth.

Then to now.

Ye Qiubai turned from defense to offense, forcing the mirror image Ye Qiubai into a desperate situation!

This is just what happened in one hour.

Zeng Jiyuan and Lai Qingyun looked at this scene with serious expressions.

In their hearts.

At that time, Ye Qiubai was just a young swordsman with extremely talented sword skills.

And now.

A change of mind in their minds.

Ye Qiubai as long as he doesn't die.

In the future, it will definitely stand on the mid-latitude boundary, on the heads of all sword cultivators!

As long as Ye Qiubai is around.

Then he will definitely be a mountain in the minds of all sword cultivators in the mid-latitude realm.

A mountain that is difficult to climb!

but.

The sword god's methods are not in vain.

At the moment when Ye Qiubai broke the attack and pierced through with a sword.

Mirror mirror Ye Qiubai's expression was indifferent, and the sword field condensed into dozens of giant swords around, attacking Ye Qiubai!

Perceived this.

Ye Qiubai did not stop the sword in his hand, nor did he stop charging forward.

around him.

Sword Domain also went in and gave birth to dozens of giant swords.

Fight against it!

At the same time, the Hunyuan Immortal Sword in his hand.

There are two brontosauruses, one yin and one yang, twining around it!

Yin-Yang Destroying World Thunder Art!

Slashed towards the mirror image Ye Qiubai at an even faster speed!

Mirror image Ye Qiubai's reaction was not slow at all.

Under the situation that it is impossible to dodge.

The crosspiece of the sword in the hand.

at the same time.

Yin-Yang Destroying World Thunder Art uses a defensive posture to form a Yin-Yang Double Dragon Thunder Shield in front of the sword.

Boom!

Under the momentary confrontation.

The collision of the two heavenly spirits exploded!

Waves of air like a gust of wind spread rapidly towards the surroundings!

The air waves are filled with endless thunder power and sword intent.

The raised rocks around were instantly turned into dust under the impact of the air waves!

Elder Baibear also waved his hand, and a barrier appeared in front of everyone.

resisted this wave of rage.

At this time.

In the smoke of gunpowder.

Ye Qiubai and the mirror image of Ye Qiubai, one on the left and one on the right, sprang out at the same time.

The green robes on both of them were damaged.

only.

Ye Qiubai's aura fluctuated a little.

The mirror image Ye Qiubai is still the same.

In the confrontation at the cost of consuming aura.

Ye Qiubai obviously couldn't gain an advantage.

It's just the improvement of sword moves and actual combat experience.

is the final victory that cannot be easily won.

after all.

The other party was left by the Sword God.

Even if you can gain a slight advantage in actual combat experience.

That cannot determine the direction of the battle.

Now.

Only a breakthrough in the realm of kendo or cultivation can have a chance of victory.

It is impossible to break through the realm of swordsmanship in a short period of time.

So.

Only in the realm of cultivation.

And want to break through.

Then you must squeeze yourself to fully release your potential!

I thought of it, so I did it!

Ye Qiubai didn't hold back at all, the Hunyuan swordsmanship cut out like a dragon soaring at the sun!

Everything in the battle situation.

Bystander clear.

They can naturally understand the current situation.

"It's not easy to break through the fairyland in wartime..."

Zi Shan shook his head slightly and said: "Not only do you need a monster-like talent, but you also need a solid foundation."

If you compare the repair base to a tall building.

So.

The road base is the foundation.

The foundation is unstable.

It is impossible to build tall buildings.

Shi Sheng laughed at this moment: "This is the advantage of senior brother."

"His foundation is the most stable among us."

Ye Qiubai's every practice, every breakthrough, or every opportunity.

will continue to suppress the realm.

Only when you can't suppress it, you will choose to break through.

is also because of this.

As a result, although Ye Qiubai is a big brother, his realm is not the highest among the Caotang brothers.

But it must be the most stable!

The battle is still going on.

Reiki wears off.

It was three days later.

Three days of full-scale attack.

Ye Qiubai's aura had also begun to dry up.

Looking at the mirror image Ye Qiubai, although there is no improvement, there is no reduction either.

Aura is still full.

The weak advantage over sword moves has no effect.

As a result, Ye Qiubai's figure kept retreating.

Originally, it was a sword field that was constantly fighting on par.

At this moment, Ye Qiubai's side was also subjected to endless suppression.

Watching this scene.

Lai Qingyun looked regretfully, shook his head and said: "Ye Xiaoyou is dying, the aura is almost exhausted."

Zishan is also a little embarrassed.

It seems that Ye Qiubai's talent is still not enough to compare with those monsters.

There is also a gap between evildoers.

Zi Shan said: "Do you have any means to get Ye Qiubai out of the test?"

At that time, the Unreal Sword said.

The trial begins, and unless one party dies, it will not be interrupted halfway.

If there is no way to force Ye Qiubai out of the test.

That Ye Qiubai's life may be in jeopardy.

Xiao Hei shook his head and said, "Of course there are means, but they are useless."

Whether it's Hongying, Ning Chenxin, Shi Sheng, Mu Fusheng or Mu Wan'er.

There is no worry in the eyes.

This is not to say heartless.

It came from the absolute trust in the big brother.

Under the premise of knowing the rules.

Ye Qiubai still chose to fight.

That is naturally certain.

Elder Baixu also persuaded after hearing this: "You can only have a future if you live, and you don't have to be entangled in this inheritance."

"The inheritance in the endless sea area is not the only one."

but.

Hongying and the others still have no idea of using other means.

See it.

Zi Shan sighed slightly.

The green finger has already rested on the ring.

Elder Baibeard is also ready to use the Celestial Talisman at any time.

Forcibly interrupt the test.

Just wait until Ye Qiubai is in crisis.

They will shoot.

Sending charcoal in a timely manner is better than icing on the cake.

Another day.

Ye Qiubai's aura was already like a dry well.

When he suddenly stood in place.

The white-bearded elder and Zi Shan frowned slightly.

Already dead?

The moment they just wanted to make a move.

Sudden!

Centered on Ye Qiubai.

Powerful aura fluctuations.

Rise up like a storm!

Let the attacking mirror image, Ye Qiubai, be shaken away by this powerful aura!

Everyone watched this scene in horror!

This is...

It's about to break through!

At the moment when the aura is exhausted.

Ye Qiubai sucked the aura around him like a whale!

The Sword Sutra of Absolute Beginning is running like crazy.

The aura in the meridians, like a dead wood in spring, regenerates its vitality!

Wartime breakthrough.

Really let Ye Qiubai do it? !

[Chapter 819: test completed](#)

Breakthrough in battle.

is a very difficult thing.

It is not an exaggeration to describe it as difficult as reaching the sky.

After all, when breaking through, the state of mind must be stable.

In the middle of the battle, regardless of whether it is an opponent or not, they will be more or less distracted.

not to mention.

There was no realm of breakthrough in the first place, so how could it be so easy during the battle?

However, Ye Qiubai's foundation is solid, and a breakthrough is basically a matter of course.

But the mirror image Ye Qiubai did not attack again until this moment.

on the contrary.

The body gradually began to decompose.

Flesh body, dantian, muscles and bones, blood, and the Hunyuan Immortal Sword in his hand.

At this moment, it turned into wisps of sword intent that seemed to be able to destroy cities and open the sky, and merged into the illusory sword.

From now on, the Illusory Sword has slowly solidified!

The condensed illusory sword also evolved into a human form.

Besides, Zeng Jiyuan explained: "It seems that it is a sword spirit, and it should be the sword spirit in the sword of the predecessor of the sword god."

Lai Qingyun's eyes were not without envy, and he said with emotion: "Ye Xiaoyou has obtained the sword spirit of the sword \*\*\*\* Saber, and the journey of swordsmanship in the future will be much smoother."

How can the sword spirit who grew up with the sword \*\*\*\* be comparable to ordinary sword spirits?

Whether it is experience or understanding of kendo, it can bring endless benefits to Ye Qiubai.

"It's just that the disappearance of the mirror image means that Ye Xiaoyou has passed this test?"

It seems that he heard Lai Qingyun's doubts.

Sword Spirit said lightly: "The last test was originally to consider whether this sword repairer has the corresponding talent."

Without talent, even if you work hard, you can't move forward.

This is a very cruel reality.

In reality, there are countless such situations.

Some people can learn it immediately, but some people can't learn it no matter how they learn it.

This is the truth.

Sword Spirit continued: "And this son has the talent to inherit the inheritance of the master, so it is meaningless to continue the follow-up test."

Everyone nodded.

However, look at Ye Qiubai who is making a breakthrough.

They all looked shocked.

As long as this kind of monstrosity does not die halfway, it is certain to stand at the peak of this mid-latitude boundary.

side.

Elder Baibear also stroked his long white beard, feeling emotional in his heart.

These fellow disciples of Mu Fusheng are really evil to the extreme.

Even if it is anyone, put it in any top sect.

It is also an existence that will be regarded as a treasure, and will be cultivated with all the strength of the whole clan.

hard to imagine.

These people came from a force.

Think here.

Elder Baibear couldn't help shaking his head and smiling wryly.

It would be great if all these geniuses and monsters were in their Saint Talisman Sect.

Why is the Holy Talisman Sect unhappy?

Not right.

So many geniuses and monsters were placed in the Saint Talisman Sect at the same time.

Even if they are top forces, they have profound backgrounds.

But it may not be enough to cultivate them at the same time.

One time.

Elder Baibear became curious again.

Where the \*\*\*\* is it?

Can you cultivate so many monsters at the same time?

The next step is to wait for Ye Qiubai's breakthrough to be completed, and then inherit the inheritance.

But during this period of time.

Hongying and the others didn't waste it.

Instead, we're talking about what's next.

How to act.

Dragon Blood Demon Abyss, how to get there.

Dragon Blood Demon Abyss is located, although it is still in the middle of the endless sea.

But.

The location is already very close to the depths.

There.

Even those powerhouses at the peak of the Heavenly Wonderland.

When exploring, you will also be extremely careful.

Now, that mysterious space storm has gone through more than ten days.

Although traces remain.

But it is almost stable.

Maybe.

There are already monsters in the deep sea slowly approaching the periphery from the depths.

If so.

Then the danger and risk of Dragon Blood Demon Abyss will increase exponentially!

not to mention.

There is another fatal problem.

Infernal Purgatory, Tianjin Chamber of Commerce, what exactly is planning.

Even if there is no abnormality found in the place where the sword \*\*\*\* inheritance is located.

But there are still many doubts.

Such as the clues provided by Zishan.

At the auction, you can give them clues about the inheritance of the sword \*\*\*\* and the dragon blood demon abyss.

For example, before the information auction starts.

The flames of war provoked by Infernal Purgatory.

None of the other top forces has been contested.

Only the Holy Talisman Sect stronghold where they were located was attacked in an organized and large scale.

All in all.

Let them dispel all doubts and doubts.

is impossible.

Elder Baixu said: "Then, do you want to go to Dragon Blood Demon Abyss?"

Zishan said beside him: "According to my personal wish, I hope you can go there. Although this is somewhat selfish, I really want to know what kind of cooperation there is between Tianjin Chamber of Commerce and Infernal Purgatory."

As a senior brother, Ye Qiubai is currently unable to make a decision.

Then, there is Hongying who is the second senior sister of Caotang as a substitute.

I saw Hongying looked at Xiao Hei, and asked, "This trial ground is related to you, so it's up to you to decide whether to go or not."

Ning Chenxin also nodded with a smile: "There is no need to have any psychological burden, just go if you want."

Mu Fusheng, Shi Sheng, and Mu Wan'er all looked at Xiao Hei, with encouragement in their eyes.

As long as Xiao Hei nods.

They will follow them regardless of whether there is danger there.

Seeing this, Xiao Hei was not hypocritical.

As a member of the thatched cottage, Xiao Hei is naturally very clear about the sense of trust between them.

If any one of them wants to do something, even if it is dangerous, even if the other party disagrees, the others will go there regardless.

So did he.

thought of this.

Xiao Hei smiled and said: "Then go, now I really need to improve my strength."

With the continuous acquisition of soul fragments.

Get more and more information.

Now it has attracted the attention of those rebels.

So, for the future, for the woman in the dark cage in my memory.

It is for the people around him.

He wants to improve his strength.

Go to Kunlun Ruins to get the next soul fragment.

Only in this way can you do what you want to do.

Hongying smiled and said: "Since that's the case, then it's decided. After the elder brother inherits the inheritance, we will immediately go to the Dragon Blood Demon Abyss."

Mu Fusheng immediately looked at Elder Baixu and said, "Elder, you can go back later, the Saint Talisman Sect has already helped us enough in this matter."

Elder Baibeard smiled and said: "Since it has been involved so deeply, it will not have much impact if it continues to be involved. After all, Infernal Purgatory is also our common enemy."

but.

Mu Fusheng said these words only politely.

In this situation, it may be difficult to do things without the help of external forces.

#### [Chapter 820: sword spirit](#)

It took a full two days to reach the realm of the Earth Immortal in half a step.

The moment Ye Qiubai woke up.

Feel the full aura in the body.

And, the power that seems to be able to cut through the sky with a single sword!

Is this the fairyland?

Ye Qiubai smiled.

Sure enough.

Even if the gap between the turbid fairyland and the earth fairyland is not a little bit.

No wonder it will be called a watershed.

The turbid fairy.

can also be called half immortal.

It cannot be called a real fairyland.

but.

When stepping into the realm of the earth fairy, that is the true sense of becoming a fairyland powerhouse.

At this time.

The sword spirit also came in front of Ye Qiubai.

Seeing this, Ye Qiubai cupped his hands and said, "Senior Sword Spirit."

Although it is breaking through.

But outside things.

Ye Qiubai also felt it.

Sword Spirit nodded, and then said: "Congratulations, you have completed the triple test set by the master."

"The inheritance also belongs to you."

Ye Qiubai asked curiously: "Dare to ask, what is the inheritance left by Senior Sword Body?"

Jian Ling said: "First of all, the three tests, what you have gained."

Ye Qiubai nodded.

Through these three tests, he really gained a lot.

Whether it is about Jianxin, focusing on one's own kendo, or sword moves, and the improvement of the realm, there has been earth-shaking growth!

Sword Spirit held up \*\*\*\* and continued: "Second, close your eyes."

Hearing this, Ye Qiubai followed suit and closed his eyes.

The sword spirit's finger touched Ye Qiubai's heart.

Immediately.

Ye Qiubai felt a huge sword intent, no, it should be said to be the way of the sword!

filled Ye Qiubai's limbs and bones!

Every bone, meridian, is filled with the way of the sword!

The voice of Sword Spirit rang in my ears.

"The way of the sword is the most important thing to step into the realm of the sword god."

"Although you can't break through the sword god, you still need your own efforts to break through the sword god."

"However, at this stage, your Immortal Sword Sword Intent is a bit stronger than the ordinary Immortal Sword Sword Intent. After all, you already have some charm of the Way of the Sword."

Ye Qiubai nodded slightly.

When the sword spirit poured the way of the sword into Ye Qiubai's body.

Ye Qiubai could clearly perceive it.

Every drop of blood in one's body, or every ounce of spiritual energy, can be turned into the sharpest sword in the world, which cuts everything!

Just raise your hand.

The sword intent swung like an arm will turn into a sharp spear, cutting through all the emptiness in front of you!

I am afraid.

Even Zeng Jiyuan and Lai Qingyun, two Sword Immortals of the Heavenly Wonderland.

It's just a pure sword competition.

Perhaps they are no longer Ye Qiubai's opponents.

certainly.

Ye Qiubai What happened here.

It also attracted the attention of the people around.

Zeng Jiyuan and Lai Qingyun, who are sword immortals, feel the deepest!

They can feel the mystery of the way of the sword that is slightly revealed.

Even, they thought excitedly.

This mysterious sword intent represents the way of the sword!

To break through the realm of the sword god, what is needed is this mysterious sword intent!

Think here.

The two were extremely envious.

I'm afraid it's only a matter of time before Ye Qiubai steps into the realm of the sword god.

There will be no more bottlenecks like them.

As the sword spirit lowered his fingers, Ye Qiubai also opened his eyes.

"Senior Sword Spirit, since it is said to be the second way, there should be another inheritance, right?"

Jian Ling nodded and said: "You are sharp, the third and last thing is me."

Hear here.

Ye Qiubai was slightly taken aback.

Sword Spirit?

Sword Spirit is no longer difficult for sword repairers of their level.

Even Zeng Jiyuan, Lai Qingyun, or Huo Zhengheng all have their own sword spirits.

And Ye Qiubai.

The reason why there is not is because of Qing Yunjian.

The level of Qingyun Sword is too high.

Until now, it is impossible to pull out all the scabbards, let alone use them.

Ye Qiubai was also thinking about it.

In Qingyun Sword, is there a sword spirit?

After thinking of this thing.

Ye Qiubai is not too interested in cultivating sword spirits.

After all, Qingyun Sword is his main sword.

certainly.

This is not to look down on ordinary sword spirits.

It's not too ambitious.

Just adding other things, Ye Qiubai didn't have much time and spent too much energy on cultivating the existence of a sword spirit.

This is also the disadvantage of changing swords too frequently.

But.

If Senior Sword God's saber sword spirit can become Ye Qiubai's sword spirit.

Naturally, Ye Qiubai would also be delighted.

After all, it is the sword spirit of a sword god!

Its strength and level are naturally not too low!

not to mention.

Sword Spirit has been with Sword God for many years, and in terms of swordsmanship, I am afraid it can also help Ye Qiubai a lot.

"Since this is the case, then I will integrate into your body."

Sword Spirit said so.

For high-level sword spirits, they don't attach themselves to the sword, but live in the body of the host.

Say it.

Without waiting for Ye Qiubai to say more.

The sword spirit turned into a streak of light, rushing into Ye Qiubai's body with a whoosh!

But.

When the sword spirit came to the top of Ye Qiubai's dantian.

That is the time when the sword spirit resides.

The sword spirit was suppressed by an irresistible sword!

Can't resist!

Can't raise any thoughts of resistance!

some.

I just want to surrender under this kendo!

As if.

This kendo is the master among thousands of kendos!

is the king of swords!

The sword spirit who reacted looked at the place where the sword spirit originally lived.

There is a long sword with a sheath floating in it lightly.

His expression was horrified, and his mood was shaken!

What kind of sword is this!

To be able to unleash such a powerful kendo?

Even if it was him, as the sword spirit of the sword god, there was no room for resistance?

at the same time.

Who is Ye Qiubai?

In vivo.

Why does this sword exist?

When the sword spirit tried to communicate with it.

But was ruthlessly rejected by Qing Yunjian.

but.

Around Qingyun Sword, there is no repelling power.

Obviously.

Qingyun Sword will not refuse the sword spirit to reside in Ye Qiubai's body.

only.

This most important position, he is not worthy to compete with it...

Sword Spirit's face was serious, but he thought again.

If you stay around this sword for a long time, you will feel the greatness of this sword.

Maybe.

Maybe there is also the possibility of re-improvement?

thought of this.

The sword spirit didn't say anything else, found a place, and began to integrate into the sword intent in Ye Qiubai's body...

certainly.

Scenes inside the body.

Ye Qiubai couldn't detect it.

He didn't know that the sword spirit was in his body, so he would change his mind.

Before.

Sword Spirit is just thinking about fulfilling the master's last wish and assisting the next master.

Can now.

The sword spirit surrendered with joy!
