

My Disciples 821

Chapter 821 Shenshen Chengfu kills together!

Nine orifices in the human body.

There are three fields, three passes, and three orifices.

Mita.

is the upper pubic region, the middle pubic region, and the lower pubic region.

Three levels.

are Weilu Pass, Jiaji Pass and Yuzhen Pass.

Three orifices.

Yin orifice, Yang orifice, middle palace.

The location where Qingyun Sword is located is Yuzhen Pass.

Yuzhenguan is located between the occipital bones of the back of the head, parallel to and opposite to the upper dantian.

At the same time, it is the center of "God", the root of life, and it can be said to be a crucial acupoint.

Once damaged, the light person will be unconscious, and the severe one will die directly.

Qingyun Sword occupies one of the most important acupoints.

The Sword God and Sword Spirit originally wanted to occupy Ye Qiubai's Yuzhen Pass.

However, when he saw that the Qingyun Sword had been occupied, there was nothing he could do.

can only take another step back, occupying Jiaji Pass, parallel to Zhongdantian, and located below Yuzhen Pass.

Here, the influence of Qingyun Sword can also be clearly seen.

Maybe.

It can be released with the help of the Qingyun Sword, and it can be used to make a breakthrough.

may be able to reach a higher level.

When Ye Qiubai accepted the sword spirit into his body.

Above the endless sea.

Above the clouds, side by side with the scorching sun.

There are two old men looking down.

The bodies of the two old men did not have any breath.

However, because of this, it appears more mysterious and powerful.

After all, how could an ordinary mortal without breath be able to pre-control and walk side by side with the sun?

It can only be a super strong man with restrained breath to the extreme.

I only heard one of the old men say: "Congyin, in the endless sea, has anyone entered the depths?"

Nan Congyin shook his head and said: "Not yet, but surely some of them must have entered the depths. After all, the clues to the passage to the high-latitude boundary have been exposed."

He Shangke frowned, and said: "Since this is the case, if someone enters the depths, then Congyin, these people will entrust you."

Nan Congyin nodded and said, "It's natural. How could something that has been guarded by the temple for so long be snatched away by others?"

"It's just... this year's Tianjiao failed again?"

He Shangke's face was a little gloomy, and said: "There are too many restrictions, no matter how talented those juniors are, they will not be able to pass the test."

Hearing this, Nan Congyin sighed slightly.

After thinking for a while, he said: "Choose another batch, I guess, I'm afraid the news is almost overwhelming."

"At that time, the status of the temple will also be greatly affected."

He Shangke nodded.

...

the other side.

Among the islands of Infernal Purgatory.

Qi Shadao was called into the room again.

Among them, the stout man from the Demon King's Realm said in a deep voice: "According to the agreement, it's only a few days away, haven't you found it yet?"

While talking.

In the man's body, endless magic burst out!

All suppressed on Qi Shadao!

Qi Shadao's pupils shrank suddenly, his body sank, and his knees fell directly to the ground!

Unbelievable pressure.

Rang Qi Shadao had no energy to resist at all, so he could only do his best to try not to be crushed to the ground.

Although Qi Shadao's strength has recovered to the late stage of the Heavenly Wonderland.

But when facing this group of people, there is still no strength to resist.

Qi Shadao understood that the other party had no patience.

Qi Shadao hurriedly laughed and said: "My lords, the matter is about to start. I will send the other party to your lords in less than three days."

"oh?"

Among them, the woman asked curiously: "So, you have a way to capture the other party alive?"

Qi Shadao nodded and said: "According to the plan, there is a way."

However, Qi Shadao didn't say anything dead.

The other party is not an idle person.

Extremely cunning.

Even if you set up multiple smoke bombs in your plan.

He was not 100% sure of catching him alive.

Qi Shadao continued: "However, even if I can't capture him alive, I will still get information about the target's whereabouts."

The woman nodded and said: "As long as you have information, it is fine. However, if you can capture the other party alive, it will save us a lot of time, and you will be rewarded more generously."

This sentence.

That's what Qi Shadao wanted to hear.

Therefore, Qi Shadao said happily: "I will definitely do my best, all adults, please wait for my news."

The magic disappears at this moment.

Qi Shadao suddenly felt light all over.

Immediately, he left the room.

After going out.

The woman sneered and said: "It seems that he already has a clue, but he is greedy and wants to ask for more rewards from us."

When the stout man heard this, his face became angry, and he said, "How dare you lie to me like this? I'll kill him immediately!"

"Don't be so impulsive."

The man who closed his eyes and rested his mind said indifferently: "As long as the other party can complete the task, it will be fine. If it is not completed, it will be another calculation."

The stout man seemed to obey the man and heard what the man said.

He could only grunt heavily and did not move.

And the other side.

Qi Shadao also came to a room.

In the room.

The suzerain of Infernal Purgatory, Qiu Genyin and others from Biluo Huangquan Temple, and a person whose body is completely covered in black robes.

Qi Shadao looked at the Sect Master of Infernal Purgatory, and asked, "Is everything ready?"

The suzerain nodded quickly and said: "Report to the ancestor, everything is ready."

Qi Shadao nodded: "According to the time, the other party should already be on the way to Dragon Blood Demon Abyss."

At this time, a voice came out from the black robe.

"Why not solve them in the place where the sword **** is inherited?"

Qi Shadao sneered and said: "The other party must have doubts about this matter. Since he still dares to go to the place where the sword **** is inherited, he must be prepared."

"We must ensure that nothing goes wrong in this operation."

"So, when they suspected that there was an ambush in the inheritance of the sword god, we didn't set up an ambush in the place of inheritance. This will definitely reduce the vigilance of the other party."

"So, when you are in the Dragon Blood Demon Abyss, if you make a full shot, you will be more confident."

The black robe said in a puzzled tone: "It's just a few juniors, no matter how evil they are, they haven't grown up after all."

"Need to be so cautious?"

Qi Shadao put a blood-colored cloak on his body, and then said: "Anything I do, my ancestor, I will choose the method with a higher success rate."

Qiu Genyin smiled and said: "There is nothing wrong with being careful."

"Our people have already ambushed there, and the escape talismans used in Absolute Soul City will also be unusable."

refers to the Heavenly Thunder Escape Talisman.

Qi Shadao nodded and said: "After this matter is completed, it's time for us to start implementing the ruling plan."

"At that time, this mid-latitude boundary will finally welcome their master..."

Chapter 822 Dragon Blood Demon Abyss, Demon Dragon Blood Pool!

Calm sea, no rough waves, no storm gathering.

On the blue sea, under the scorching sun, the golden clothes are dancing.

Following the natural flow of the sea surface, the slight ups and downs are like wind blowing wheat waves, sparkling.

But.

It is so beautiful and calm, on the sea with salty sea breeze.

But there is no seagull soaring.

No fish jumping.

Everything seemed extremely quiet.

It was eerily quiet.

It seems to be the calm at this moment, just for the storm to rise later!

...

The coast of the endless sea.

The entry of the mysterious casual cultivator has made all major forces tense up.

Even, countless high-level officials of the Liushou sect came to the endless sea for this matter.

The fall of Ren Yinlong, Tianjiao of Sixiangmen.

Xuanyuan Huangzong Tianjiao's soul was seriously injured.

Su Muyou of the Su family was not in danger.

And the opponent seems to be targeting the top forces in the mid-latitude realm.

How do these top forces deal with themselves?

not to mention.

The losses of the Four Elephants Gate and Xuanyuan Huangzong were the greatest.

At the same time, when discussing with other forces.

These two sects are also the loudest in attacking those mysterious casual cultivators.

Constantly appealing to the major forces to dispatch intelligence agencies.

Carry out an earth-shattering carpet-like search of the endless sea.

Find out the forces behind them.

There are so many mysterious casual cultivators appearing at the same time, if it is said that they are not in the same group, isn't this just kicking the only IQ left in their minds as a ball?

One time.

The actions of the major forces can be described as turbulent.

But.

The person concerned is in the endless sea, but he doesn't have any worries about this matter.

Those mysterious casual cultivators are plundering inheritances, natural materials and earthly treasures on a large scale in order to enhance their own strength.

And their strength, even if they have not yet broken through the Heavenly Wonderland.

But it has the strength to defeat the Heavenly Wonderland.

But.

At this moment, the mysterious casual cultivators, including Mo Qixun, all headed in one direction at the same time.

...

Dragon Blood Demon Abyss.

Its territory is already extremely close to the depths of the endless sea.

When the members of the thatched cottage, Zi Shan, the four elders of the Holy Talisman Sect, and Zeng Jiyuan and Lai Qingyun came here and saw this scene, they all looked shocked.

The scene here, if not the endless sea.

I'm afraid they all mistakenly think that they have entered the resistance.

Around the Dragon Blood Demon Abyss, the endless sea area changed from its previous calm.

Ride forward bravely in the torrent, and the waves are rough!

The sea surface here has been stained with dark red blood!

A sea of blood tornadoes rose into the sky.

The **** aura that was so intense to the extreme permeated this space.

And in the center surrounded by the sea of blood tornadoes that soared into the sky.

No islands.

In its center, the surface of the sea is sunken.

The filling in it is extremely viscous, as if it has become solid blood!

Zishan looked at this scene with a solemn face, and explained: "Dragon Blood Demon Yuan, according to the information obtained by the Tianjin Chamber of Commerce, in this sky, there is a real dragon that exploded and died."

"And the blood that spilled weighed tens of thousands of catties, dented the endless sea area, and formed this pool of blood."

Although not yet into it.

But everyone has already felt a kind of extremely domineering coercion.

Even Zeng Jiyuan and Lai Qingyun felt that the aura in their bodies began to slow down.

In the nasal cavity, it seemed to be stuck by strands of sticky breath.

Elder Baibeard said solemnly, "It can only be said that the blood of the real dragon really lives up to its reputation."

Ye Qiubai looked at Zishan and asked, "Miss Zishan, can you find someone ambushing around?"

Zi Shan shook his head and said, "I've been checking the surroundings along the way, and I haven't found anything unusual."

Hear here.

Everyone frowned.

Dragon Blood Demon Abyss did not ambush?

Then why, the Tianjin Chamber of Commerce deliberately sold information to them?

What's more, there is no need for Tianjin Chamber of Commerce to curry favor with the Saint Talisman Sect.

Shengfu Zong deliberately tried to curry favor with the Tianjin Chamber of Commerce.

There is no purpose to sell information to Shengfuzong.

Isn't this a business at a loss?

For a force of this nature of the chamber of commerce.

is extremely shrewd.

No matter how much you lose, you won't lose yourself.

Zishan was also a little confused.

What kind of operation are the high-level executives of the Tianjin Chamber of Commerce...

Mu Fusheng said: "Just in case, you should always pay attention to your surroundings, and be ready to activate the Heavenly Thunder Escape Talisman at any time."

Everyone nodded.

After the investigation was fruitless.

Everyone still intends to enter it.

When relying on the protection of the elders of Shengfuzong and Zeng Jiyuan, Lai Qingyun and several experts in the heavenly fairyland, the moment they passed through the **** tornado.

That domineering coercion is more clearly pressing on the bodies of everyone!

Endless blood.

The overbearing meaning that makes people surrender.

All people have to open the aura barrier to wrap themselves layer by layer!

Use this to resist.

At this time.

Beside Ye Qiubai, the sword **** and sword spirit also appeared.

Seeing this scene, he said: "True Dragon Blood Pool, but with your current physical body, even if you have the Immortal Sword Realm, you can't withstand the baptism of such a thick True Dragon Blood Pool."

"After all, there is still a monstrous magic in this real dragon's blood pool."

"It seems that a dragon died here."

Unless you use the sheathed sword inside you.

However, Sword Spirit did not say these words.

After all, if the long sword with sheath is used, I am afraid that the dragon's blood pool will be destroyed.

Can't absorb at all.

Ye Qiubai shook his head and said, "It's not that I want to practice here, but my junior."

After speaking, Ye Qiubai pointed to Xiao Hei at the side.

Sword God and Sword Spirit looked over, slightly surprised, then nodded and said: "If it was him, he would be able to withstand the baptism of the dragon's essence and blood."

Hear here.

Ye Qiubai looked at Xiaohei and said, "This place looks like a pure pool of blood, go there and practice."

Xiao Hei nodded, and flew towards the sunken dragon's blood pool.

This kind of place.

It's really not something ordinary people can bear.

Even that kind of monstrous physical training is unbearable.

One.

The coercion and strength of the true dragon's blood are too high. Even if it absorbs a drop, it will be unbearable even if it has not reached a certain level, resulting in exploding and dying!

What's more, here is a pool of blood!

Second.

This is the blood essence of a magic dragon, and the magic in it will cause the body repairers who enter it to quench their bodies to be eroded by the magic.

So much magic, once it is broken through the psychological defense line.

I'm afraid it will be covered by this magic, and thus become an unconscious killing machine that can only kill.

That is to become a puppet of this magic.

But Xiao Hei.

But don't worry about this.

Because he is the blood of the demon god.

For him, the magic power only increases and has no other side effects!

Chapter 823 The news of Mortal Village, show your fangs!

The wind and the sun are beautiful.

The spring breeze is so beautiful.

Warm sunlight fell on the world of longevity.

Lu Changsheng didn't want to praise this excellent weather.

But feel.

At this time, it is most suitable to lie in the sun and have a good sleep.

But.

The more people like this, the more people don't want Lu Changsheng to be idle.

It doesn't.

Just put the small table next to the recliner, a pot of tea, and some spiritual fruits, all within reach.

Then lie down comfortably, thinking about a good night's sleep.

A message came out of nowhere.

Lu Changsheng's mood suddenly seemed as if you were directing, and when you were about to have fun, the company boss called and asked you to work overtime.

An uncomfortable batch.

is a message from Mr. Mortal Village.

When Lu Changsheng first saw the message, he didn't want to go.

But when he saw, there was a message behind it, that is, the master noticed a change, that is, the birth of the heart of space.

What is the heart of space?

Lu Changsheng said, don't ask me, I don't know either.

However, the gentleman explained in the message what the heart of space is.

The heart of space is not the heart of a region like the heart of latitude and the heart of realms. Without it, there is no way.

It is a space energy condensate formed by the power of space turbulence and space storm in space after tens of millions or even hundreds of millions of years of accumulation.

Because the space power in it is too huge, it is called the heart of space.

In other words, this thing has a great effect on small stones.

This kind of thing, only those who have been passed down for countless years and have a high level of state have the opportunity to learn from ancient books.

Although there are very few ascetics who practice the way of space, the requirements are too high after all.

However, even if you are not a cultivator who practices the way of space, for other aspects, such as the space formation method, and for example, the cross-latitude teleportation formation.

Or in other words, carrying the heart of space can travel freely in any space.

After all, there are countless unexploited and undiscovered restricted areas of life in the space.

With the heart of space, there is no hindrance in it.

so.

The birth of the heart of space may cause many strong players in the high-latitude realm to **** it.

By then, I'm afraid there will be rivers of blood.

But there is no way!

This is so helpful for little rocks!

Lu Changsheng reluctantly climbed up from the reclining chair, then walked into a room, and picked up the small stone he was practicing.

Little Shitou looked at Lu Changsheng in a daze.

Lu Changsheng said with a sullen face, "Take you to Mortal Village."

"ah?"

Little Shitou asked: "What are you doing in Mortal Village?"

"I'll explain it to you on the way."

Although Lu Changsheng looked extremely unhappy.

But this is his apprentice after all.

Now Lu Changsheng suddenly understood his parents.

Sometimes, parents are unwilling to do things, but for their own future, they will still do it.

Isn't this exactly the situation Lu Changsheng is in now?

not to mention.

Mr. Mortal Village said in the message.

It seems that this time, the location and timing of the appearance of the Heart of Space are not right.

Huangqian looked at Lu Changsheng about to go out, and asked doubtfully, "Where are you going?"

Lu Changsheng said helplessly, "Mortal Village."

Huangqian said: "I am also idle when I am idle. Go with you?"

Lu Changsheng thought about it.

Immediately, the eyes light up slightly.

Isn't this the thug sent to your door!

In order not to expose himself, wouldn't it be good to leave the matter of making a move to Huang Qian?

So ever since.

Lu Changsheng nodded quickly and said: "Okay, okay, it's boring to stay here all the time, just go out with me to get some air."

Heard the words.

Huang Qian tilted her head.

It seems... as if... I was calculated?

Why does it feel wrong?

But it seems that there are not enough thugs?

By the way, Lu Changsheng also dragged away Liu Ziru who was practicing.

Liu Ziru didn't say a word the whole time.

The moment Lu Changsheng carried him away.

The expression is also a little dull.

seems to be a little helpless.

There is also a feeling of resignation.

For Lu Changsheng, is it going out for a drive?

Go out for some air?

Even if Liu Ziru was killed, he wouldn't believe it!

Look like Lu Changsheng.

Can you still go for a drive to breathe?

What's more, even if you go out, you can take them with you?

Don't even think about it, you must be regarded as a tool man!

However, Liu Ziru has given up resistance.

Since you can't resist, let's enjoy it...

...

the other side.

Dragon Blood Demon Abyss.

Xiao Hei has already entered it.

The moment Xiao Hei entered the blood pool.

In an instant, the extremely viscous blood in the blood pool began to boil!

Puff puff.

Blood bubbles bulged from the pool of blood around Xiao Hei.

Then it exploded with a bang.

Wisps of dark red blood energy floated up from it, and immediately wrapped around Xiao Hei's body.

However, wisps of magic can erode into Xiao Hei's sea of consciousness and limbs!

but.

This didn't have a big impact on Xiao Hei.

Instead, it stimulated the blood of the demon **** in Xiao Hei's body!
at the same time.

The boiling of the dragon blood pool.

also continuously burned Xiao Hei's body.

Just enter the moment.

Xiao Hei's body turned red!

The skin also began to crack!

Extreme pain.

Soon swept the whole body!

Even Xiao Hei, when facing this pool of dragon blood.

also couldn't help making a muffled groan.

To know.

Xiao Hei's willpower has reached an outrageous level.

No matter how painful it is, I will hold back and keep silent.

But.

After entering the Dragon Blood Demon Abyss, he groaned in pain.

You can see how painful it is.

If this were replaced by other physical training, I am afraid that it would be unbearable.

Essence and blood are extremely heavy.

The blood essence of the demon dragon is not something ordinary humans can bear.

This is also the reason why the dragon clan is strong.

Its bloodline, blood essence, except for the inheritors of the top bloodlines of the human race, I am afraid that no one can match it.

But relative.

If you successfully pass the tempering of the dragon's blood.

There will definitely be a qualitative leap in Xiao Hei's physical strength!

But.

At the moment when Xiao Hei had entered into cultivation.

Zi Shan's face suddenly changed slightly.

Elder Baibear, Zeng Jiyuan, and Lai Qingyun also lost their faces.

I only heard Zishan say in a deep voice: "There are dozens of auras surrounding the Dragon Blood Demon Abyss..."

Heard this.

Ye Qiubai and the others also trembled in their hearts.

It seems.

Their guess was not wrong.

It's just that Qi Shadao is still too underestimated.

I didn't expect the other party to be so cautious!

Cause and effect, along with what's happening these days.

Everyone in the thatched cottage will soon be able to understand each other's intentions!

The inheritance of the sword **** is just a bait.

Dragon Blood Demon Abyss, set up an ambush in the distance to prevent being detected.

Waiting for someone to go in to practice and unable to get out in time, then they surrounded them at an extremely fast speed.

Infernal Purgatory, start to collect the net!

[Chapter 824: The sky and the earth net!](#)

Qi Shadao's thoughtfulness has reached an extremely terrifying level.

Make a decision before moving.

Not only take all possible occurrences, the unfavorable factors for oneself into consideration.

Even guessed through the suspicions of Caotang, Zishan, the four elders of Shengfuzong, and Zeng Jiyuan and Lai Qingyun.

Even their IQs are taken into account.

Thus arranging such a well-planned event makes people suspicious, but they have to step into it.

This large net snatched the auction invitation from the casual repair alliance before the information auction.

Cause confusion, disturb the audiovisual of Caotang and others, and start the layout.

Then some kind of cooperation with Tianjin Chamber of Commerce.

The information about the inheritance of the sword **** and the dragon blood demon abyss was deliberately released to the Holy Talisman Sect, that is, to the people in the thatched cottage.

Going to the inheritance of the sword god, I deliberately didn't set up an ambush there, so as to reduce the suspicion of everyone in the thatched cottage.

But.

It's time for Dragon Blood Demon Abyss.

Qi Shadao didn't take it lightly, he still laid heavy ambushes far away from the Dragon Blood Demon Abyss.

Disturbing audiovisual.

Lower your guard.

Arm carefully.

One ring tightly intertwined.

Perfectly guessed the inner suspicion of everyone in the thatched cottage.

With a heavenly net, under the careful planning of Qi Shadao, all the people in the thatched cottage, the four elders of the Holy Talisman Sect, Zishan and others were heavily surrounded.

Can't get away...

At the moment.

A layer of blood clouds surrounded the dragon blood demon abyss, shrinking towards them like a ring of purgatory!

Among the blood cloud, there were screams of fierce ghosts, one after another, constantly ringing.

Like among the mountains with many mountains, one layer after another, the wailing sound of wave after wave swept towards them.

Soon, the blood cloud will completely surround them!

And in the blood cloud, there is a figure with a powerful name.

Everyone is releasing a monstrous killing intent!

The visitor is not good.

And in the blood cloud, there is a completely different breath.

one side.

Ye Qiubai, Mu Fusheng and the others knew each other.

Assisted Qiu Genyin and other people from Biluo Huangquan Palace in the Wanyu Dabi and Juehun City.

When seeing the three figures among them.

Zi Shan's willow eyebrows were even more tightly frowned.

Pupils shake slightly.

This is the expression of a shaken mood.

Although Zishan found clues from the clues he had obtained before.

However, when she saw these three people now, she still had an unacceptable feeling.

The Tianjin Chamber of Commerce has remained neutral in the mid-latitude boundary until now.

This rule has never been broken.

The reasons involved.

It has been decided whether the Tianjin Chamber of Commerce can conduct business in the mid-latitude boundary.

At the same time, it is also determined whether the high-latitude boundary, the general headquarters of the Tianjin Chamber of Commerce, will be affected.

The things involved in this are of great importance.

after all.

The Tianjin Chamber of Commerce spent a great price on the layout of the mid-latitude boundary for a very important thing.

Today.

In the mid-latitude boundary, what the top executives of the Tianjin Chamber of Commerce are doing.

It is undoubtedly going against the road.

It may completely break the years of planning in the General Assembly!

Shocked, can't believe it.

Followed by anger!

next to.

Zeng Jiyuan and Lai Qingyun frowned slightly as they watched this scene.

"Ye Xiaoyou, do you have enmity with the Infernal Purgatory?"

Ye Qiubai chuckled lightly, but he looked calm and calm, and said calmly: "There is no enmity, but the other party insists on getting together, and the enmity is settled."

Ye Qiubai's words made both Zeng Jiyuan and Lai Qingyun look sideways.

Has just broken through to the fairyland, and the talent of swordsmanship is so enchanting.

Not only is there no arrogance in the slightest, but he is also humble when things happen.

In the face of forces of the level of Infernal Purgatory, twenty-seven high-level officials were dispatched, and among them were four experts from the Heavenly Immortal Realm.

But.

Ye Qiubai didn't panic at all!

Any major event needs to be calm.

Ye Qiubai obviously implemented this point.

As long as you can escape this catastrophe.

Zeng Jiyuan and Lai Qingyun can be sure.

Future day.

The top position in the mid-latitude boundary must have the name of Ye Qiubai!

more likely.

A monstrosity of Ye Qiubai's level doesn't belong to their territory at all.

Mid-latitude boundaries.

For Ye Qiubai, it is still too small...

The white-bearded elder of the Holy Talisman Sect even frowned and said: "The other party has four Heavenly Wonderlands and twenty-three Earth Wonderlands. This is just the lineup of Infernal Purgatory. Those three men in black robes, and the people from Biluo Huangquan Temple, are still there. It didn't count."

"With such a lineup, I'm afraid it will be difficult for us alone to support it."

The Great Elder also understood what Elder Baibeard said.

Immediately took out a jade pendant.

After the aura filled in it.

A message was about to be transmitted along with the green light of the jade pendant.

And at this very moment.

Qiu Genyin and the three people from Biluo Huangquan Hall shot at the same time.

I saw a compass in their hands.

This was exactly in Absolute Soul City back then.

Against the isolation formation released by Mu Fusheng and the others!

Can isolate Mu Fusheng from casting talismans!

And when the four people in Biluo Huangquan Temple took out the compass in their hands.

An invisible formation barrier encloses the entire Dragon Blood Demon Abyss!

The opposite is.

In other different directions, there is a hidden compass that has already been prepared, and the formation is released at the same time.

From the moment the formation rises.

The green light on the jade pendant fluctuated violently at this moment!

Immediately, it was eclipsed at a speed visible to the naked eye.

Immediately afterwards, the moment the green light disappeared.

"Click"!

One sound.

There was a crack in the center of the jade pendant!

The Great Elder stared at this scene with an ugly expression.

obviously.

The opponent's formation can't even transmit the message!

Elder Baibear looked at this scene, his face darkened.

It seems that they can no longer enjoy support.

noticed this scene.

Mu Fusheng suddenly had a bad feeling in his heart.

In order to verify the conjecture in my heart.

Mu Fusheng quietly pinched the Heavenly Thunder Escape Talisman.

Use immediately.

Thunder streams surrounded Mu Fusheng's body!

But.

This time, it didn't turn into a thunderbolt, thus teleporting to other places.

The power of thunder in the Heavenly Thunder Escape Talisman seems to be restricted!

It was not released immediately.

On the contrary, it is constantly weakening.

Sure enough...

Qiu Genyin saw the flickering thunder around Mu Fusheng, and couldn't help but sneered, "Don't bother, I didn't expect you to be able to teleport with the talisman of the power of thunder."

"Now, in this formation, the talismans of the power of thunder and the power of space are no longer usable."

Mu Fusheng's face sank slightly.

The talisman of the power of thunder cannot be used.

Then, most of the talisman seals in his hands are equivalent to being scrapped.
after all.

Thunder attribute talismans are what Mu Fusheng is best at.
none of them.

[Chapter 825: Hidden things!](#)

Qi Sha Dao's preparations are not insufficient.

Neither from disturbing the audiovisual.

It is still the formation of Tibetan soldiers.

And now, the Biluo Huangquan Temple's specificity to the animal husbandry and floating life talismans.

Well prepared!

Ye Qiubai took a step forward, and said lightly: "It's an honor for us, the patriarch of the majestic purgatory, will implement such a meticulous plan for us juniors."

When he saw Qi Shadao still staring at Chi Bing's body.

Ye Qiubai couldn't help frowning slightly, and a killing intent flashed in his eyes.

This killing intent.

Naturally, Qi Shadao captured him.

But he didn't care, he just smiled lightly and said, "You are different from those ordinary juniors."

"If you are at the same stage as those juniors, or just a little bit ahead of them, then I wouldn't spend so much time and energy on you, the ancestor, to crush you to death."

Such as Gu Xi, such as Chi Bing.

You don't even need to kill all of them!

Qi Shadao continued: "My ancestor, I have a clear understanding of your intelligence and talent, so I can't be careless in dealing with you."

"If you are a little sloppy, you may capsize in the gutter."

"So, it's better to be more careful. It's better to kill all of you here, so that I, the ancestor, can sleep well."

This sentence is true.

Whether it's Ye Qiubai, Mu Fusheng Xiaohei, or even Hongying and others' talents.

It made Qi Shadao feel bad.

Or fear.

This level of talent, if you grow up.

At that time, I really can't handle it.

Even going to be "being" dealt with!

At this time.

Zi Shan also sneered, and said: "Mr. Ma, Mr. Li, Mr. He, don't hide your face?"

The three senior members of the Tianjin Chamber of Commerce were shocked.

However, when they first noticed the existence of Zishan.

Zishan also noticed them.

At this time, there is no need to hide.

have been found.

What's the use of hiding?

One time.

Mr. Ma, Mr. Li, and Mr. He all lifted their black cloaks, revealing the three slightly aged faces.

Immediately.

The three of them bowed their hands towards Zishan and said, "Miss."

Miss?

Qi Shadao was taken aback for a moment, his eyes looked in the direction of Zishan, and the light in his eyes flickered.

It seems that this woman who is the chief auctioneer in the Tianjin Chamber of Commerce is not simple.

To be able to make Ma Lao, Li Lao, and He Lao, the three senior executives of the Tianjin Chamber of Commerce, pay so much attention to it.

Eyes cannot be faked.

When the three senior executives of Tianjin Chamber of Commerce looked at Zishan, their eyes trembled slightly.

This explains.

Zishan's status in the Tianjin Chamber of Commerce is even higher than theirs!

At the same time, it also means that Zishan does not belong to their side.

This caused Zi Shan to feel a little flustered and overwhelmed for a while after what they had done was discovered by Zi Shan!

Zi Shan's eyes revealed a cold light, like a glacier of ten thousand years, and said: "What cooperation do you have with Infernal Purgatory? Who else in the chamber of commerce participated in this matter?"

Mr. Ma, Mr. Li, and Mr. He heard the words, but did not answer for a while.

Zishan continued to question: "Could it be, have you forgotten the purpose of the chamber of commerce?"

"Aren't you afraid that I will report this matter to the headquarters?!"

Hear here.

The complexions of Ma Lao, Li Lao, and He Lao all changed suddenly.

Qi killed Dao, Qiu Genyin and others interpreted it differently when they heard these words.

In other words, the Tianjin Chamber of Commerce, which they regard as a behemoth, is just a branch? !

How strong is the headquarters?

Both parties think.

I'm afraid that the general meeting of the Shanxi Chamber of Commerce today is a power in the high-latitude realm...

No wonder, the foundation of Tianjin Chamber of Commerce is so strong...
at the same time.

I also learned that Zishan is probably the person who was transferred from the headquarters of the Tianjin Chamber of Commerce to take up such duties as investigation.

At this time, in order to resolve the crisis of the three of them.

Qi Shadao rolled his eyeballs, and said with a smile: "Girl Zishan, you don't know, Mr. Ma, Mr. Li, and Mr. He have had personal relationships with me. They once owed me a favor, so they were taken away by me. Call to help me."

"It has absolutely nothing to do with the Tianjin Chamber of Commerce."

Zishan interrupted forcefully: "Qi Shadao, you don't have the right to speak here, and you don't have the qualifications to intervene in the affairs of our Tianjin Chamber of Commerce, right?"

Qi Shadao's face froze, his eyes were ugly.

Being taught by a junior like this, and it was still in front of so many people.

He naturally felt embarrassed.

However, the deep city made him not show it on the surface.

Zi Shan didn't pay attention to Qi Shadao any more, but looked at the three senior officials of the Tianjin Chamber of Commerce, and continued to say in a concentrated voice: "Whether it is a personal relationship or something, since you are a senior figure in the Tianjin Chamber of Commerce, everything is fine. It should be based on the chamber of commerce."

"What's more, you know best what it is."

"So this matter, I will pass the message to the headquarters, and I will know how to deal with you at that time."

Old He, Old Li, and Old Ma all changed their expressions suddenly after hearing this!

Obviously, this threat is extremely useful to them.

Zishan changed the subject and said: "However... if you can tell the other people involved and even the mastermind behind the decision, maybe I can consider being a little merciful when reporting it."

"Look, how about it?"

Old He, Old Li, and Old Ma looked at each other after hearing this.

There was hesitation in his eyes.

But after discussion.

All said: "Miss, if the headquarters find out about this matter, we will also be abolished, or we will be killed directly."

"Rather than that, why don't we kill the source of this message, wouldn't it be better?"

Zishan frowned slightly after hearing this: "Aren't you... not afraid of being discovered by the headquarters?"

He Lao grinned and said: "If you kill you, just say it was done by sea beasts in the endless sea."

"What's more, we also have a way to annihilate the traces of breath, so that there is no proof of death!"

Zi Shan looked at the expressions of the three of them, and the aura of the middle stage of the fairyland gradually revealed, and felt awe-inspiring.

It seems that this matter involves a lot.

So much so that they want to kill themselves here at any cost.

So as not to leak the news!

Qi Shadao at the side was even more delighted when he heard it.

It seems that I can not only eliminate these young people, but also hold a handle of Tianjin Chamber of Commerce!

In this case, it will have unimaginable benefits for the Infernal Purgatory and the things after him.

"Since this is the case, then stop talking nonsense, say too many mistakes, and kill them cleanly to prevent accidents!"

Following Qi Shadao's order!

ton time.

The blood cloud in the sky began to surge like magma!

Chapter 826 Sacrificial Banner

The lineup of Infernal Purgatory.

Enough to make people look desperate.

In the Infernal Purgatory, there are four Heavenly Immortal Realm experts and twenty-three Earth Immortal Realm experts.

The three senior executives of the Tianjin Chamber of Commerce are also in the mid-stage of the Heavenly Wonderland.

At the same time, the people of Biluo Huangquan Temple are still restricting the use of Mufushenglei attribute talismans.

In this case.

Looking at Ye Qiubai and the others alone, it can be said that they are completely unequal.

In the Heavenly Immortal Realm, there are only two sword immortals in the middle stage of the Celestial Immortal Realm, the Grand Elder of Shengfu Zong, Zeng Jiyan, and Lai Qingyun.

Just seven Heavenly Wonderland powerhouses are enough to sweep this place!

If an outsider sees this scene.

I'm afraid I will say directly that this is a big battle without any suspense.

Infernal Purgatory, will achieve a comprehensive victory.

The vortex of the sea of blood kept rolling and surging.

A cloud of blood covers the sky.

Endless killing intent.

The ghost screamed.

It fills the hearts of everyone present all the time.

Try to disturb the minds of everyone.

Qi Shadao sneered, waved his hand, and a flag suddenly appeared in his hand!

Around the flag, although there is no breath.

But when staring at the flag.

This fluttering flag is like a vortex, as if it wants to drag the soul of the person staring at the flag into it.

In that vortex, there are endless ghosts, with their teeth and claws open, their **** mouths open, and screams are constantly squeezed out of their throats!

Elder Baixu saw this scene, and said solemnly: "The sacrificial flag..."

Ye Qiubai and his party heard this and looked sideways.

Elder Baixu explained: "The sacrificial banner is the treasure of Infernal Purgatory, but it can also be said that it is Qi Shadao's exclusive weapon, because in the entire Infernal Purgatory, only people like Qi Shadao who have killed countless people and do evil can control it. Hold this evil thing!"

"The sacrificial banner must be controlled by a person who has an evil heart and whose soul has been completely corrupted by evil. Otherwise, the evil spirit in the sacrificial banner will devour the soul of the person who uses him!"

"Furthermore, the function of the sacrificial life flag is vastly different from that of ordinary soul-calling flags."

"First of all, there is an upper limit on the soul storage capacity of the Evocation Banner, but there is no upper limit for the Sacrifice Banner."

"At the same time, the souls collected by the Sacrificial Banner will be strengthened by the great evil energy in it and become evil souls."

"At that time, Qi Sha Dao in its heyday used the sacrificial flag to compete with a dozen of the top powerhouses in the Heavenly Immortal Realm..."

"When the flag of life sacrifice is raised, thousands of living beings die..."

Hear here.

Ye Qiubai and others, as well as Zeng Jiyuan and Lai Qingyun all had serious faces.

Only relying on this sacrificial flag, he can fight dozens of top experts in the Heavenly Immortal Realm with his own strength.

That is enough to explain the horror of the Sacrificial Banner.

It is also enough to see that this time the net is set up, and it is inevitable to kill Dao together!

Outside the vortex of the sea of blood, Qi Shadao grinned, and the smile was full of arrogance and ferocity.

It seems that people can't help but feel chills in their hearts.

I only heard Qi Shadao say: "I remember it quite clearly, but don't worry, I will use all the souls of the Saint Talisman Sect to sacrifice to the flag."

Elder Baibear squeezed a talisman in his hand, and the white beard on his chin fluttered continuously in this killing field.

Looking at Qi Shadao, he said coldly: "I was able to destroy your Infernal Purgatory back then, and this time is no exception."

The sea of blood is endless.

The blood cloud is monstrous!

Qi Shadao raised his head and laughed wildly: "It's not what it used to be, let alone my ancestor, can you pious guys still be able to form alliances like they did back then?"

Elder Baibear looked ugly.

Qi Shadao said the facts.

Don't wait for him to say anything more.

Qi Shadao waved the sacrificial flag in his hand.

In just a split second, countless black evil souls bared their teeth and claws, filling the space with sharp howls in the sacrificial banner!

Sonic attacks one after another caused the surrounding space to continuously distort!

Countless dark evil souls covered up this cloud of blood all over the sky!

Roaring towards Ye Qiubai and the others!

As the most powerful Elder Baibear present, seeing the overwhelming evil spirits sweeping in front of him, he immediately threw out the talisman in his hand!

Immediately!

In the sea of blood, it began to tremble continuously!

The whole world is shaking at this moment!

The sky will shake for it!

Accompanied by the surging waves, huge rocks came out of the sea of blood!

Surrounding the talisman, a huge stone wall was formed!

It seems to separate one space into two spaces!

This talisman seal.

It is a fairy-level talisman, which arouses the power of heaven and earth, and uses all the boulders under the deep sea for it!

The momentum is extremely shocking!

Although the formation of Biluo Huangquan Temple can isolate the lightning attribute and space attribute talismans, it does not have the slightest restriction on other attributes.

But.

Even after displaying this fairy-level talisman, Elder Baibear still did not take it lightly, but instead looked solemnly at Ye Qiubai and the others beside him.

With a solemn face, he said: "Even this talisman seal won't last long..."

"We must let that little friend wake up from his cultivation and leave this land of right and wrong quickly!"

Heard the words.

Ye Qiubai and the others looked back at Xiao Hei.

Attempt to communicate with it.

But.

Now Xiao Hei seems to be isolated from the world.

Can't hear their voice transmission at all!

The dark red blood in the dragon blood pool has completely enveloped Xiao Hei's figure.

On its appearance, black magic is constantly flowing and floating!

There was only a roar, which came intermittently from the blood.

One can imagine.

What kind of pain is Xiao Hei enduring in the dragon's blood pool?

Seeing this scene, Ye Qiubai had no choice but to say: "I'm afraid it can't end halfway."

Elder Baibear also smiled wryly when he saw this.

To be honest, in front of this kind of lineup, although it is hard to support.

But it is only a matter of time before the defense is broken!

Today.

Qi Shadao's side was isolated from the huge stone wall.

Countless evil spirits kept jumping on the stone wall.

is constantly impacting it!

Seeing this scene, Qi Shadao sneered and said, "How long can it last? Everyone, let's take action together."

Suddenly, by his side, the other three Heavenly Wonderland powerhouses from Infernal Purgatory, and twenty-three Earth Wonderland powerhouses attacked at the same time!

The blood cloud is monstrous!

The blood claws kept rushing towards the stone wall!

at the same time.

The three top executives of the Tianjin Chamber of Commerce also shot with all their strength. after all.

If you don't kill Zishan.

Wait until Zishan transmits the information to the headquarters.

I'm afraid they will have no way out!

One time!

Spirit surge!

Several Heavenly Wonderland powerhouses shot with all their strength.

Attracting within this ten thousand miles, the powerful aura of the Heavenly Wonderland swept across this space!

The powerhouses in the middle of the endless sea can feel the violent aura here in horror!

Stone walls, crumbling.

At this time.

Zishan suddenly said: "If it's just to resist, maybe I can do it, but I need everyone's help..."

Chapter 827 Giant Spirit Aegis!

The vortex of the sea of blood rose into the sky in all directions around the blood pool of the dragon!

The sky above the entire endless sea area is also covered by a thick cloud of blood at this moment, and the sun is not visible.

Among the blood cloud, ghosts screamed.

In addition, the army of evil souls continuously released from the sacrificial banner.

Impacted on the stone wall formed by the condensed seals of the heavenly level talismans.

Earth-shattering!

It seems that the whole sky is trembling and crumbling!

The sea level is constantly turbulent, and under the turbulent waves, the sea area at this moment is extremely dangerous.

Rough waves, showing blood.

While tumbling, like wild beasts breaking through a cage one after another, they rushed into this space with the most violent posture!

Qi Shadao's attack continued.

The sacrificial flag in his hand was constantly fluttering in this huge storm full of killing intent.

Thousands of evil souls rushed out of the sacrificial banner!

It's hard to imagine, this overwhelming evil soul.

How many people did Qi Shadao kill?

The bones under the feet may have formed an endless mountain range.

at the same time.

The other three Heavenly Immortal Realm powerhouses and twenty-three people from Earth Immortal Realm in Infernal Purgatory attacked with all their strength.

The blood cloud condensed into a blood-colored giant, and punched towards the stone wall!

Three experts from the Celestial Immortal Realm stuck out their claws.

Three **** sharp claws that looked like a hill, tore apart the space, and rushed towards the stone wall!

The three high-level executives of the Tianjin Chamber of Commerce are not to be outdone.

Under the threat of Zishan.

With no way out, they naturally tried their best.

Its purpose is to keep Zishan here forever!

So many strong players attack at the same time.

For a moment, within a radius of ten thousand miles of Dragon Blood Demon Abyss, spiritual energy surged wildly, and the space kept trembling!

The ascetics who were in it were shocked and panicked.

Thought it was the group of monsters in the depths of the endless sea, they have begun to return to their positions.

Even.

Some ascetics have already left the middle of the endless sea ahead of time.

And on the other side.

Mo Qixun and other mysterious casual cultivators were naturally aware of this extremely tyrannical aura.

They all rushed in the direction of Dragon Blood Demon Abyss!

want to find out.

Over there, what happened!

...

At the moment.

The stone wall is crumbling.

The energy released by the talisman in Elder Baibead's hand has begun to become thinner and thinner.

Even.

The lines on this Heavenly Immortal Talisman seal have become extremely blurred!

Obviously, it will soon be unbearable.

At the moment.

Zishan said these words like a savior: "If it's just to resist, maybe I have a way."

"It's just that I need everyone's help."

When everyone heard these words, their eyes flashed.

What they need now is time.

It can only be delayed until the end of Xiao Hei's practice before he has a chance to escape.

And when Zishan said these words, even Elder Baibead, Zeng Jiyuan, Lai Qingyun and others believed them.

After all, Zishan is a high-level figure in the Tianjin Chamber of Commerce.

And it looks like.

Zishan's status is extremely high in the Tianjin Chamber of Commerce!

So, since she said so, the things she brought out were naturally extraordinary.

When the voice just fell.

I saw that Zishan actually took out a huge shield in his hand.

The front of the shield looks nothing special in terms of structure.

The only eye-catching point is that there are four jade pendants inlaid on the shield.

It's just that the current jade pendant is gloomy.

Zishan said with a slightly solemn face: "I need everyone to delay the other party for a while, only in this way can I fully activate the giant spirit shield!"

"At that time, there will be no problem at least for ten days."

A stick of incense?

Elder Baibear nodded: "If it's just a stick of incense, it might work."

After finishing speaking, three talisman seals were pinched out in his hand.

Beside Elder Baibear, Mu Fusheng stepped forward silently, and a talisman also appeared in his hand.

only.

This talisman seal is not the previous thunder attribute structure.

On the contrary, there are no attributes in it.

Elder Baixu was slightly surprised, this was not the talisman seal carved by Mu Fusheng in the talisman tower.

However, its aura has reached the talisman seal of the peak of the heavenly level!

Mu Fusheng explained: "Before I had nothing to do, I thought about carving a different talisman seal, but it really made me mess up."

Elder Baibear shook his head helplessly and said, "You little monster..."

the other side.

Zeng Jiuyan and Lai Qingyun also drew their swords one after another.

The sword intent of the fairy sword fills the heavens!

Ye Qiubai took a step forward at this moment.

Holding the Hunyuan Immortal Sword, he said softly, "I'm here to help the two seniors..."

Zeng Jiuyan and Lai Qingyun looked puzzled.

Although Ye Qiubai's kendo talent is very strong.

How can we help them with the current state of the early stage of the fairyland?

But.

Dang Ye Qiubai stomped slightly.

When the sword field rises!

They were surprised to find out.

In this field of kendo that belongs exclusively to Ye Qiubai.

There is an incomparably mysterious aura of swordsmanship!

The Way of the Sword!

And this sword intent can be temporarily used by the two of them!

Zeng Jiyuan and Lai Qingyun looked surprised.

If so, with the help of Ye Qiubai.

The sword intent of the two of them can really improve a bit!

at the same time.

Hongying is holding a reincarnation spear.

Ning Chen held the Taoist scriptures in his heart.

Shi Sheng is holding the Ming Emperor Xuan Axe.

Mu Wan'er is distributing pills...

Let alone.

Mu Wan'er's elixir, even for celestial beings, has a boosting effect!

This surprised Elder Baixu, Zeng Jiyuan and Lai Qingyun.

A elixir that can improve the strength of all the immortals.

Even ordinary immortal-level pills can't do it.

not to mention.

This was made by Mu Wan'er alone!

Had to let them sigh again...

What kind of monsters are these people...

The stone wall is crumbling.

The complexions of everyone began to gradually become dignified.

Aura is as scorching as air.

They are all condensing the aura in the body until the stone wall is broken.

They will immediately go up!

Not too long.

In the midst of an earth-shattering sound.

Boom, boom, boom!

Without even a crack, the stone wall separating the world exploded!

Evil souls swept towards everyone overwhelmingly.

With endless screams!

at the same time.

On the side of Infernal Purgatory, the three high-ranking officials of the Tianjin Chamber of Commerce obviously did not want to procrastinate any longer.

Without the slightest hesitation.

rushed directly towards the Caotang group!

See it.

Elder Baibear snorted coldly.

Throw out three talisman seals at the same time!

Immediately!

Between the heaven and the earth, the sea of fire is boiling, and the wind is blowing up!

At the same time, ancient trees rose from the sea of blood!

Want to resist everyone!

The sea of fire is under the strong wind, and the burning trend is more violent.

The ancient trees in the sky not only delayed the opponent for a short time.

It can even fuel the burning of the sea of fire!

These three celestial-level talismans can be said to be Elder Baibear's trump card!

at the same time.

The talisman of Mu Fusheng was also imprinted on his body quietly...

Chapter 828 Patchwork Soul

If you make this place a place to fight.

Then, this area of Dragon Blood Demon Abyss is the stage of life and death.

Only when one side is killed in battle can they get out of this place!

And at this moment.

Mo Qixun, Qingchuan Yeyao in the swamp field, attacking Gu Xiao with spirit and soul.

Three mysterious casual cultivators who are feared by the major forces and even hated to the bone.

Has come to a place close to Dragon Blood Demon Abyss.

In front of them, the sea of blood kept rolling, and the blood cloud covered the sky and the sun!
and where they are, seem to be two extremes.

One side is calm and the sea is calm, while the other side is full of blood and tsunami.

One side is clear sky, one side is full of blood clouds!

There is only one similarity.

That was the spiritual energy fluctuation that seemed to destroy the sky and destroy the earth in the land of the Dragon Blood Demon Abyss, causing the space to continuously shatter.

A strong man in the Heavenly Wonderland.

will be able to affect this world.

Today.

Ten Heavenly Wonderland powerhouses are attacking, how can the impact be reduced?

If it weren't for the endless sea space, the space would be relatively stable.

I'm afraid this space has already been broken into pieces.

I'm afraid it won't be completely recovered for tens of thousands of years!

but.

When Mo Qixun, Qingchuan Yeyao, and Gu Xiao arrived here, they didn't continue to move forward, rushing into the hellish place of fighting in Dragon Blood Demon Abyss.

Instead, it stopped in place.

Qingchuan Yeyao asked: "Where's that guy Guan Ge? Why hasn't he been seen yet?"

Guang Ge, a knife cultivator among the mysterious casual cultivators, is also a strong man at the pinnacle of the Earth Wonderland!

Mo Qixun shook his head and said: "He still has other things to deal with, and we are enough here."

Immediately.

I just heard Mo Qixun look at Gu Xiao, and said lightly: "Brother Gu, see if those people are inside."

Gu Xiao nodded expressionlessly.

Say it.

The overwhelming power of the soul emerges from the center of the eyebrows!

The amount of this soul power, if others see it.

Even those who are strong in the Heavenly Wonderland will be terrified by it!

Is this something a person at the peak of the fairyland can do?

Even Mu Fusheng, seeing this scene, would feel dignified.

The hugeness of this kind of soul power is probably close to him.

If you haven't practiced the soul cultivation technique, and haven't practiced to the sixth level, you will be cold and white.

I'm afraid it's not the power of such a person's soul!

Gu Xiao's soul power did not hide much.

Because this is not necessary.

The movement in the Dragon Blood Demon Abyss was already huge.

It is normal to be noticed by outside powerhouses.

When Gu Xiao's soul swept across the sea of blood.

Qi Shadao and other people from the side of Infernal Purgatory.

Three senior executives of the Tianjin Chamber of Commerce.

The Biluo Huangquan Hall where Qiu Genyin is located.

Even Shengfuzong, Zeng Jiyuan, Lai Qingyun, Zishan.

and Caotang and others except Mu Fusheng.

didn't care.

It's normal for someone strong to investigate what's going on here.

And the power of the compass formation released by Qiu Genyin.

It just isolates the lightning attribute talisman and space talisman.

cannot isolate the breath.

but.

Mu Fusheng kept an eye out.

When the soul swept over him.

At the same time, Mu Fusheng released the power of the soul, trying to trace its source.

However, it was discovered that the other party seemed to have a certain means of restricting the tracking of the soul.

As a result, Mu Fusheng's soul power was directly blocked when he wanted to merge into the opponent's soul perception power!

However, this point is not enough to make Mu Fusheng dignified and suspicious.

After all, some strong practitioners who practice the power of the soul will set restrictions in their souls to prevent the invasion of other souls.

Even Mu Fusheng has set up many restrictions in his sea consciousness soul.
usually.

In the case of encountering a spirit-soul confrontation, if the opponent has special means against the spirit-soul, it is very likely to invade the sea of consciousness.

Once the opponent's soul power invades one's own sea of consciousness, it will be a very fatal thing.

The place where Mu Fusheng was surprised.

It was because of this overwhelming soul power that he felt a familiar feeling in his heart.

As if I have seen it somewhere.

This familiarity does not come from the source of the soul.

But such a huge soul.

It doesn't seem to be created by a person's sea of consciousness.

Instead, it is made up of countless pieces of remnant souls.

It's like... that huge soul body in Absolute Soul City?

At the moment.

Mu Fusheng suddenly thought of being in the mysterious space of Absolute Soul City.

Them who made it to the end encountered the man behind the creation of Absolute Soul City.

The last words of the mysterious figure who claims to rule all the latitudes...

In other realms and other spaces, there are existences similar to Absolute Soul City.

There, there are also ascetics who have passed the test...

And they are the pawns of the people behind Absolute Soul City, helping him inform the latitude
pawns...

thought of this.

Mu Fusheng's heart trembled slightly.

Is it impossible...

Mu Fusheng's face was serious, but the current situation was not suitable for discussing and investigating other matters.

After thinking of this.

Mu Fusheng temporarily put it aside.

Look forward.

The three talisman seals of Elder Baibead have already begun to attack!

A series of mysterious breaths gushed out from the talisman.

The sea of flames is raging.

The wind suddenly picked up.

The ancient tree soars to the sky!

They complement each other.

The fire is rising!

This blood cloud was slightly dispersed.

The flames of destruction ignited in the sky melted the space, and the entire space was rendered fiery red.

And Qi Shadao, who was trapped in the sea of flames, three heavenly fairyland powerhouses, and twenty-three earthly fairyland powerhouses from Infernal Purgatory.

Except for Qi Shadao, the rest of the Celestial Immortal Realm powerhouses showed fine beads of sweat.

Use aura to wrap their whole bodies, but even so, they can feel that their aura is rapidly passing away!

As for those people in the fairyland.

Without the help of Qi Shadao and the other three experts from the Heavenly Wonderland.

I'm afraid it will be burned up in an instant!

Even if it is a divine soul, there will be no trace left!

And Zeng Jiyuan and Lai Qingyun.

With the help of Ye Qiubai's Dao of the Sword in Ye Qiubai's Sword Domain, his sword intent has improved.

However, facing the siege of the three senior executives of the Tianjin Chamber of Commerce, it still seemed extremely difficult.

After all, there is a big gap between the realm and the number of people.

It has reached the level of Heavenly Wonderland.

Even if it is a small gap in realm.

The actual combat power will have a huge horizontal gap!

However, a stick of incense should be enough time.

Not surprisingly...

If there is no accident, there will be an accident...

The three senior executives of the Tianjin Chamber of Commerce naturally saw Zishan's actions.

It is also very clear how many life-saving treasures Zishan has in his hands.

Once she is activated, I'm afraid there is really no way to deal with them for the time being!

thought of this.

The three senior executives looked at each other, and immediately, they all took out something extremely terrifying from the ring!

Tianjin Chamber of Commerce has such a powerful influence.

How could it be possible for these three high-level officials not to have some top-notch treasures?

Chapter 829 Each Shows His Abilities

The time for a stick of incense.

From the perspective of weekdays, it is indeed pitifully short.

It seems to pass in an instant.

However, in this situation where every minute, every second, even every breath, every blink of an eye is very likely to die.

The time of this incense stick.

But extremely long.

The things that the three senior executives of the Tianjin Chamber of Commerce took out were not ordinary products.

In Ma Lao's hand, is a formation flag filled with huge energy.

In the hands of Mr. Li, there is a small nine-story pagoda.

It reveals the dark and deep suppression power.

And in the hands of Mr. He, there is actually a small pocket sword as long as a finger!

But.

The sword intent contained in this small sword.

But it surprised Zeng Jiyuan and Lai Qingyun.

It is the sword intent of the fairy sword!

The things that the three Tianjin Chamber of Commerce brought out were not ordinary products.

Even if it is just a random one, it can cause competition from all major forces, even those heavenly-level powerhouses!

Zishan, who was activating the Giant Spirit Aegis, also tightened his face when he saw this scene.

Vigilance reminded: "Be careful, with the blessing of these three magic weapons, I am afraid that the difficulty of resisting will be greatly increased."

There is no need for Zishan to remind.

Zeng Jiyuan, Lai Qingyun and Ye Qiubai who was helping them both already felt it.

I saw that the three senior executives of the Tianjin Chamber of Commerce did not hesitate for too long.

They know that time is of the essence.

Be sure to kill Zi Shan before Zi Shan activates the Giant Spirit Aegis!

Otherwise.

Fear of variables.

Immediately, Ma Laojiang threw out the formation flag in his hand.

Pinch and print with both hands.

The monstrous spiritual energy poured into the formation flag!

Whoops, whoops!

When the flag was rustling and fluttering wildly.

A formation with the ability to destroy heaven and earth spread out silently.

In the array.

The whirlwind suddenly rises!

A gust of wind condensed into a tornado strong enough to sweep a city, condensing around Zeng Jiyuan, Lai Qingyun, and Ye Qiubai!

In the gusts of wind, every gust of wind is like a sharp knife.

Heavy enough to destroy a city.

And sharp, enough to cut off all falsehoods in the world!

at the same time.

When Zeng Jiyuan and Lai Qingyun wanted to retreat, leave the center of the formation, and avoid the strong wind attack.

But he saw the small nine-story pagoda in Mr. Li's hand floating out of his palm.

The moment the small tower floated out, it swelled against the wind in an instant!

It seemed to cover the sky and block out the sun, suspended above Zeng Jiyuan, Lai Qingyun and Ye Qiubai.

Lifting his head slightly, he could only see a black shadow.

Even the blood cloud was completely covered up!

At this moment, the huge nine-story pagoda exploded with amazing suppressive power!

Zeng Jiyuan and Lai Qingyun paused and stopped in place!

It seems to be trapped by this tyrannical suppressing force.

All activities are restricted!

Even the sword fairy strongman in the middle stage of the fairyland can restrict it.

It is conceivable how high the level of this nine-story small tower has reached.

And another senior member of the Tianjin Chamber of Commerce, Mr. He.

With a flick of the finger, the pocket sword in his hand turned into a silver light and shadow and flew into the strong wind!

It is at this moment.

The little pocket sword actually began to split.

The sword intent in it continued to condense around to form a three-foot green front with the sword intent of a fairy sword.

Melt into the strong wind.

Following the strong wind, they pierced towards Zeng Jiyuan, Lai Qingyun and Ye Qiubai!

A sea of talismans and flames, and an ancient tree descends.

A formation formed by a gust of wind suddenly rose, the huge nine-story tower covered the sky and the sun, suppressed all things, and countless green blades slashed all things!

For a while, the whole world was in riots.

Zeng Jiyuan and Lai Qingyun looked at this scene with a solemn expression.

If you say whether the stick of incense can be held back before.

The two of them have 100% confidence.

But now...

According to this situation.

I'm afraid it's a bit difficult.

And at this very moment.

In the gust of wind, countless long swords with the sword intent of the fairy sword came towards them.

Ye Qiubai pointed the Hunyuan Immortal Sword towards the sky!

Immediately!

The sword field with strands of sword principles began to expand continuously!

An aura of I am the king in the sword domain.

Generated from Ye Qiubai's body.

Even Zeng Jiuyan and Lai Qingyun felt horrified.

At the moment when the domain of Ye Qiu's white sword expanded.

The sword intent in their bodies was actually suppressed!

The sword in his hand seems to have a feeling of surrender to him.

However, this feeling is only for a moment.

Ye Qiubai didn't seem to let Jianyu target the two.

The moment when the sword field expanded, covering it with countless three-foot long swords in the gust of wind.

The sword intent of the fairy sword in that long sword was suppressed at this moment!

It seems that the speed of the attack is a bit slower.

He Lao's face was slightly dignified, and he said: "Earth fairyland can have the sword of the fairy sword, and this sword domain can also suppress the sword intent?"

"But even so, it won't change the situation."

There are too many fairy swords, even if Ye Qiubai's sword field can suppress the sword intent, it cannot be completely suppressed.

Ye Qiubai naturally knew this truth.

Brows are slightly wrinkled.

I was wondering if there was any other way.

in his body.

The sword **** and sword spirit suddenly rushed out and merged into the sword domain!

At this moment, in the sword field, the sword intent instantly soared!

At the same time, the degree of suppression of kendo also skyrocketed several times at this moment.

In the gust of wind, those countless fairy swords and long swords revealed the sword intent of the fairy sword.

In an instant, it was as if the fire had been turned off, losing its sharpness.

It is like an ordinary sharp long sword.

but.

This is also due to the fact that these long swords are not controlled by a real sword fairy.

If it is performed by a sword fairy, I am afraid that it is the sword **** and sword spirit participating in it, suppressing his kendo.

It is also impossible to completely suppress the sword intent of the fairy sword.

noticed this scene.

Old He's face suddenly darkened.

"Sword Spirit..."

He Lao said word by word: "You are young, your realm is not high, but there are quite a lot of opportunities."

Zeng Jiyuan and Lai Qingyun watched this scene, and felt the pressure drop suddenly.

If there are no such countless long swords with the meaning of fairy swords.

It is barely enough to survive the time of burning incense.

This scene.

Naturally, Qi Shadao saw it.

The killing intent in the eyes keeps surging!

In just a few months, there has been such a big improvement.

If it is not removed, it will really become a serious problem in the future!

thought of this.

Qi Shadao no longer hesitated.

Look around.

Besieged by ancient trees, the sea of flames kept approaching them.

"Blood Prison..."

two words come out.

Beside him, the other three Heavenly Immortal Realm powerhouses from Infernal Purgatory also nodded solemnly.

At the same time, they made an extremely weird seal formula!

Suddenly, blood clouds in the sky began to gather towards them!

The evil spirits in the sacrificial banner no longer attack the surroundings.

Instead, it was condensed in the body of Qi Shadao alone!

Chapter 830 Good Fortune Rune

Agglomeration of blood clouds.

The gathering of evil souls.

A blood-colored giant slowly rises under the siege of ancient trees in a sea of flames!

It looks huge, taller than a mountain, and even above the blood-colored giant that has covered the clouds.

But he was able to step on the turbulent sea of blood with both feet.

Bloody madness surges in this film.

Fills every space, every trace of air, every particle of dust.

The giant's limbs and bones are all composed of blood clouds and blood energy.

Meanwhile, in its limbs.

With the continuous gathering and injection of evil souls.

One after another, hideous faces with wide mouths and hollow eyes emerged from the body of the blood-colored giant.

Like mushrooms after rain.

The number is constantly rising.

Countless hands are also constantly squirming in it, waving towards the surroundings seemingly aimlessly.

But it is extremely like appealing to someone.

Make a shrill and sharp whistle!

Whether it is visual or auditory, it is extremely scary.

Even these well-informed monks.

Elder Baibead, the Taishang Elder of Shengfu Zong with deep experience, also felt his scalp tingling!

At this time.

He Lao's voice covered it from the side.

"Sect Master Qi, do it as soon as possible!"

At the moment.

The Giant Spirit Aegis in Zishan's hand, two of the four depressions on the shield surface exude dazzling brilliance, as well as bursts of ancient and mysterious aura.

This breath is thick, and at the same time, it has a long-lasting breath that condenses the long river of history.

The time for a stick of incense.

It's already halfway through!

Qi Shadao naturally understood.

It can make the three senior executives of the Tianjin Chamber of Commerce so afraid.

Naturally, it will not be a good thing.

So ever since.

Qi Shadao turned his gaze to Elder Baibead, and said coldly: "If you can die in the hands of the Blood Prison, you are considered worthy of death."

Elder Baibead's face was solemn, but he still said in a deep voice: "Who will win and who will lose, is yet to be known."

"If you think you can kill this old man in such a short period of time, you probably underestimate the background and strength of my Saint Talisman Sect."

Hear here.

Qi Shadao sneered: "The background of the Holy Talisman Sect? At the beginning, it took so many top forces and top powerhouses to beat the ancestor I into a ray of soul, and let the ancestor I escape."

"Now you are the only one, talk about the background with the ancestor?"

"Could it be that you think too highly of yourself."

Speaking of which.

Qi Shadao didn't wait for Elder Baibead to speak again to refute.

Pinch and seal the formula with both hands.

Suddenly, the blood-colored giant was urged to move, accompanied by the evil spirits all over the giant's body baring their teeth and claws, screaming sharply, and blasting towards the sea of flames of the ancient tree with one punch!

Fist.

The turbulent waves overwhelmingly shake the world!

It seems that the entire sky, the entire endless sea is trembling at this moment!

This fist style.

Even the Heavenly Immortal Storm Talisman that could make Elder Baibeard use it backed off by three points!

This scene.

Let Elder Baibeard be terrified!

Just fist style.

Will it be able to compete with the Celestial-level storm talisman?

Following the fist of the scarlet giant, it fell into the sea of flames of the ancient tree.

Boom! !

Suddenly, the sea of flames began to spew violently towards the surroundings!

The ancient tree was struck into cracks and gaps at this moment!

Qi Shadao looked at this scene, and sneered, "Oh? These talismans are not bad, they can withstand this punch."

However, next.

The Scarlet Giant's offensive did not stop, and continued to fall!

The left fist smashed towards the ancient tree and sea of flames again!

Boom boom boom!

Punch after punch.

Every punch falls.

The space is shattered into pieces, like a mirror shattered and glass spilled!

The ancient tree was also smashed into little sawdust by the crazy fist at this moment!

The sea of flames was attached to the scarlet giant's fist arm.

But.

Before it extended to the chest and head, it was swallowed up by the evil soul with its teeth and claws on its arm!

Even if the evil soul devours the flames of this celestial-level talisman, it will be directly burned to nothingness!

But.

The evil spirits in the sacrificial banner seemed inexhaustible.

Continuously refilled into the blood-colored giant.

Like wildfire in the spring breeze.

It can't be burned out, but it can be blown again!

Elder Baibear watched this scene intently, frowning.

"If this goes on, I won't be able to hold on..."

Are you really going to get there?

For a while, Elder Baibear glanced at Mu Fusheng and the others beside him.

Thinking of the future of the Saint Talisman Sect.

Mu Fu cannot die.

His brothers and sisters cannot die either.

so.

Only the Saint Talisman Sect can break through the shackles.

Go to the peak that has never been seen before!

Thinking of this, Elder Baibear sighed slightly.

When he wanted to burn the huge soul, he started a desperate fight, delaying the time that was less than half a stick of incense.

But Mu Fusheng at the side opened his hands.

It seemed that endless spiritual energy was pouring into Mu Fusheng's body.

It's like a whale swallowing.

However, to be precise, they gathered towards the talisman without any attribute on Mu Fusheng's chest.

Elder Baixu looked at Mu Fusheng in surprise.

Such a huge aura, is it really a person in the fairyland who can bear it?

From the earth immortal to the heavenly immortal, what is needed is not only the transformation of the aura that does not seem to be much into the immortal energy.

At the same time, it is also necessary for the dantian to bear more spiritual energy.

But.

This has clearly surpassed a mid-stage Celestial Immortal, and has even reached the amount of the late stage!

at the same time.

Mu Fusheng suddenly took out a pill and threw it into his mouth.

With the power of the elixir, it melts into the limbs and bones.

The amount of aura devoured that had already begun to slow down.

also skyrocketed unprecedentedly at this moment!

That's right.

This is a elixir independently developed by Mu Wan'er, which can temporarily break through the upper limit of the realm!

Zi Shan watched this scene with a dignified expression and amazed eyes.

"What kind of talisman and elixir is this? It has such a magical effect? Even if it is on it, there is no such thing!"

Elder Baixu is the Supreme Elder of the Saint Talisman Sect.

The talisman seals recorded in the Holy Talisman Sect have also been covered.

But people like Mu Fusheng are unheard of!

The other three elders were even more so, with surprise and doubt on their faces.

This is the talisman seal carved by Mu Fusheng in his spare time in order to deal with special situations.

At the same time, it is also a talisman seal recorded in the Book of Talismans and Dao.

is called the Fortune Rune.

This talisman does not use any attributes.

It is not an external attack.

Instead, it is used to increase one's own body.

You can absorb the surrounding aura crazily, allowing your own realm to forcibly break through in a short period of time!

Besides, its side effect is only to suffer a large influx of aura into the body.

The meridian was opened in an instant, and the dantian couldn't adapt to the pain.

For talent.

For realm.

And for life.

All without any side effects!

Combined with the elixir refined by Mu Wan'er.

at this moment.

Let Mu Fusheng briefly enter the peak level of the Heavenly Wonderland!
