

My Disciples 841

Chapter 841 Lu Changsheng: Get out of the way, I'm going to start pretending!

"Although my disciples don't let me worry about it, they don't just kill you if you want to..."

Accompanied by a burst of distortion in space.

A figure in white robe appeared in front of Xiao Hei.

When everyone looked at the man in white robe.

No one can feel the aura inside the man in white robe, and no one can detect what kind of state he is in.

Even the nine rebels in the God King Realm among the dark demonic energy are the same.

Like an ordinary mortal.

But.

How can a mortal be able to catch this sharp golden shuttle?

Just relying on the palm of his flesh, he directly pinched the sharp golden shuttle that came through the air in the palm of his hand!

Even if it is a god-king strongman of the same realm, it is impossible to take it so easily!

The nine rebels in the God King Realm stared at this scene with horror in their eyes.

Since they are not mortals, they still cannot feel it with their strength.

Coupled with this easy and calm strength.

I am afraid...

The realm of this white-robed man has far exceeded what they can perceive.

Qi Shadao and other people from Infernal Purgatory, the Biluo Huangquan Hall where Qiu Genyin is located, and the three senior executives of the Tianjin Chamber of Commerce.

and Mo Qixun, Qingchuan Yeyao, and Gu Xiao in the distance.

They all looked surprised.

This person.

Is Ye Qiubai, Mu Fusheng, the master behind Xiao Hei and others?

The mysterious strong man who cultivated so many monsters at the same time?

Zishan, the three Supreme Elders of the Shengfu Sect, the Sovereign Master and others.

Su Muyou from the Su family, Lin Zhinan from Lingxian Palace and his party.

They all have curiosity in their eyes, but also shock.

This is the person they have investigated with all their strength before, but they haven't even found any clues.

They thought that the forces that could cultivate Ye Qiubai and others would be extremely powerful.

after all.

The birth of a monstrous evildoer requires great luck, but also a steady stream of background.

It's just one person, maybe it can be said to be normal.

However, there are seven people here!

Seven arrogances, each more monstrous than the other!

And they are all monsters in different fields!

The way of swordsmanship, Confucianism, alchemy, the way of talismans, the way of refining the body...

This is a bit scary...

At least.

In this mid-latitude boundary, no force can cultivate monsters like this...

Only Tianjian Peak's Suzerain Huo Zhengheng was not so surprised.

Even, the expression seemed a little taken for granted.

The reason for this is that Huo Zhengheng has seen it in the low-latitude realm before, and knows how terrifying the people behind these evildoers are, and the invisible bottomless strength realm like an abyss.

In their eyes.

The man in the white robe looked calm, but he could clearly see a ray of helplessness and anger from his eyes.

Well, it's normal to be angry.

After all, he was under his nose, trying to kill his disciple.

As a master, can you not be angry?

But.

Only Ye Qiubai and the others knew that Master's anger was not aimed at the other party.

But for them...

Now I must be thinking in my heart, how to punish them when I go back...

Ye Qiubai sighed, his life is in danger...

Huo Zhengheng looked over curiously, and asked, "Why are you sighing when your master is here?"

Ye Qiubai: "...Because I have to take the blame."

Huo Zhengheng: "???"

At this time.

The man at the head of the demonic energy clasped his fists towards Lu Changsheng solemnly, and said, "Your Excellency, we have no intention of forging a grudge with you, but the person behind you has an unresolvable grudge against us, the Demon King's Domain, so please return." Give it to us."

"Afterwards, our Demon King's Domain will definitely give you the most lucrative reward, and at the same time owe you a favor."

The favor of Demon King Domain.

Although today's Demon King Domain is not as good as before.

But it is still a powerful party in the high-latitude boundary.

Possess a super power in its own realm!

In high latitude boundaries.

Only those first-class forces can have their own boundaries.

However, Lu Changsheng waved his hand and said, "Forget it, it's useless to come."

Just kidding, when Xiao Hei's strength recovers, he will take back the Demon King's Domain.

The entire Demon King Domain can be said to belong to his school.

Still need this favor?

It's like a poor boy falling in love with a rich and beautiful Bai.

As a result, the other party's family disagreed and threw out a check to let you leave Bai Fumei.

However, don't think about it.

You took down Bai Fumei, isn't the entire family property yours?

Lu Changsheng still doesn't know which is more important?

But Lu Changsheng is not a poor boy...

Don't like the favor of Demon King Domain?

The nine **** king rebels in the demonic energy were all taken aback.

Immediately, the leading man said with a gloomy face: "Which power are you from?"

Lu Changsheng casually crushed the sharp golden shuttle in his palm into fine powder, under the twitching eyebrows and horrified eyes of everyone.

Let go of your hand, turning into golden powder and blowing away with the wind.

"What's wrong?" Lu Changsheng glanced at the leading man, and murderous intent burst out of his pupils without concealment!

"Want to settle accounts after autumn?"

The blooming killing intent was only in an instant.

Then suppressed the black magic and **** killing intent!

The terrifying power of the ancient ape demon.

And Xiao Hei's demon god's will, demon god's blood!

All were instantly suppressed by Lu Changsheng's killing intent!

Ye Qiubai, Hongying, Xiaohei, Ning Chenxin, Shi Sheng, Mu Fusheng, but Mu Wan'er understood.

This group of people accurately stepped on the minefield of Master.

Master is the kind of person who hates the involvement of cause and effect.

As a result, you still asked this kind of words that seemed to be calling people.

Got it.

You are finished.

Feel the killing intent released by Lu Changsheng.

The hearts of the nine people trembled!

His body couldn't stop shaking!

A strong sense of fear arises spontaneously!

Since stepping into the God King Realm.

There are very few people who can make them feel this way!

Even if they are a level higher than them, it is impossible for them to be terrified just by showing their killing intent.

However, the leading man still gritted his teeth and broke out with all his strength to resist the pressure.

Then said in a deep voice: "Your Excellency... this is not a threat, but just to tell you that if you delay the matter of the Demon King's Domain, you may be in great trouble in the future..."

Lu Changsheng pointed upwards and said: "Don't worry, the entire mid-latitude boundary has been isolated by me with formations. No matter what happens, it is impossible to reveal it."

"In other words, with your strength, it is not enough to break through this formation and send a message."

before coming.

Lu Changsheng thought of this.

The isolation formation is something that Lu Changsheng must arrange every time he makes a move...

The man in the lead was taken aback for a moment, and then wanted to send a message, but as the white-robed man in front of him said, he couldn't get it out at all!

"Who... are you?!"

Chapter 842 Execution Sword Formation!

In the endless sea.

The killing intent is overwhelming!

Like a storm, dispel all other breaths!

Lu Changsheng alone, like a peerless killer, descended on the endless sea.

Everyone looked in horror at this mysterious strong man who made them feel strange but kept investigating.

Demonic energy.

Nine rebels in the Divine King Realm looked at Lu Changsheng with serious eyes and ugly expressions.

They can't think of anything.

In this mid-latitude boundary, there are such strong people!

The other party, I am afraid that they have at least reached the half-step **** master!

or higher.

The powerhouses in the God Master Realm are the top existences in the entire high-latitude realm.

is the pinnacle figure who can determine the pattern of high-latitude boundaries.

The moment Xiao Hei clasped his fists and bowed to Lu Changsheng, calling him "Master".

The nine people looked even more horrified!

The extremely arrogant, stunningly talented demon lord.

Actually worship other people as teachers?

At this moment, the leader said with an ugly face: "Senior, you have to know that if you do something right with our Demon King Domain, you will not get any benefits."

"Taking down the person behind you is also the meaning of the two gods..."

Two gods?

Hear here.

Zishan's expression was shocked!

Sure enough!

The current Demon King Domain has some kind of cooperation with those two god-level behemoths, or has become a subordinate force of the other party!

If that's the case...

Zi Shan looked at Lu Changsheng, and reminded: "Senior... If this is the case, the two god-level powers are still not easy to mess with. Maybe we can let go of each other first and make a long-term plan..."

Lu Changsheng didn't look back, but frowned and said, "Let the other party go? Do you think the other party can let us go?"

Zi Shan was slightly taken aback.

Immediately cupped his fists and said, "Zi Shan thinks too simple."

This is a very simple question, if it is normal, Zi Shan will definitely be able to figure it out.

But.

Under this tense situation, Zishan's thinking has also been blocked.

Looking at the nine people in the demonic energy, Lu Changsheng said with a smile, "The best way is to block the message and kill them completely. At least the other party won't know who did it."

Nine people on the other side could naturally hear Lu Changsheng's words.

After all, there is no cover-up.

Amidst the demonic energy, the leading man's face darkened, and he took a step back slightly, and the breath began to surge in his body!

"Senior, do you really want to do everything right?"

"You should know that this is not good for anyone!"

Lu Changsheng stretched out his hand at this moment.

I saw that with the flick of his fingers, nine sharp long swords appeared.

The nine sharp long swords did not reveal the slightest sword intent.

But when Huo Zhengheng, Zeng Jiyuan, and Lai Qingyun are the three sword immortals in the fairyland.

Jianxiu standing at the top of the mid-latitude boundary.

Just glanced at the nine long swords slightly.

But it seems to see the avenue of the sword!

As if.

The nine-handled sword that Lu Changsheng released casually is the most powerful and correct way of sword in this world.

World Kendo.

are filled with these nine long swords!

Just this one glance.

Let their kendo shackles that have not been shaken for a long time be shaken!

In an instant, I have a bit of insight into my understanding of kendo!

noticed this.

The three sword fairies all looked shocked!

Obviously just doing it casually.

But can do this step!

With this level of kendo realm, no wonder he was able to train a monstrous swordsman like Ye Qiubai...

The nine people in the demonic energy watched this scene.

I was even more horrified in my heart.

Immediately the leading man shouted: "Shoot with all your strength, escape as much as you can, and bring the news back to the Demon King's Domain!"

Immediately, the breath unfolded with all its strength!

The muscles of the nine people began to surge!

The black clothes on the body were all torn at this moment.

The body continues to grow taller and stronger!

In the end, it turned into nine huge monsters!

Power, magic, all doubled at this time!

The suzerain of the Shengfu sect looked horrified when he saw this scene: "Isn't it their full strength just now?"

"If it's this kind of strength, even us who are in the fairyland, I'm afraid it's just a matter of thumb..."

Compared with the previous strength, it is not at the same level at all!

Looking at this scene, Lu Changsheng nodded and said, "Well, thank you for reminding me, it's better to be safe..."

Speaking of which.

Lu Changsheng's other hand swiped towards the void.

ton time.

The Way of Yin.

The Way of Yang.

The way of life.

The Way of Destruction.

In an instant, it surged out of the void!

Under everyone's horrified eyes.

Lu Changsheng condensed these four avenues into one.

Surrounded by these nine swords!

Immediately, with the flick of a finger, he controlled the nine swords and hovered over the heads of the nine people!

Four kinds of avenues of heaven and earth, unite these nine swords!

The entire mid-latitude boundary seems to have fallen into the doomsday at this moment.

While trembling, the ground cracked.

Tsunamis continue in the endless ocean.

With a radius of tens of thousands of miles, the city began to collapse!

It seems that this latitude is going to be destroyed, and then it can be reborn again!

One point to the end of the world.

Everything is born with one thought!

Huo Zhengheng, the three supreme elders and suzerain of the Holy Talisman Sect, and the top experts who came here after hearing the breath, looked horrified at this scene.

"Is this still something humans can do..."

"I'm afraid even a **** will fall under this blow..."

Zi Shan also had a solemn and horrified face.

Even in high latitude boundaries.

Even if it is the strongest in the Tianjin Chamber of Commerce.

It is also categorically impossible to do this!

not to mention.

Look at Lu Changsheng's calm eyes, his calm movements and expressions.

Obviously haven't used all my strength yet!

Is it possible that this person has reached the realm of God Master?

This is no wonder, he no longer has the slightest fear of those god-level forces.

Lu Changsheng heard the discussion behind, and then smiled slightly: "Well... I also want to try this trick. If that's the case, let's call it Zhushenjian Formation."

Punish God!

What an arrogant name!

But.

This kind of breath, I am afraid that even a **** will be beheaded!

Feeling this aura that can kill even gods, the nine people in the devilish aura looked up.

Looked at the long sword suspended above their heads.

Desperate looking...

What ability do they have to stop this god-killing sword formation?

Bright with this destructive god-killing aura, their strength and courage to even move a finger have completely dissipated!

This person...

I'm afraid it's a divine master...

If the Demon King Domain wants to move Xiao Hei, the chances are probably slim, unless the two God Masters personally act.

However, they couldn't get the message out...

The Demon King Domain will face catastrophe!

And Lu Changsheng didn't talk nonsense.

The palm falls.

In the sword formation of Zhu Shen, the nine swords turned into streamers.

From top to bottom, from the heads of the nine rebels in the God King Realm, they were pierced directly!

Soul, body, there is no possibility of surviving!

Chapter 843 Sealed

High latitude boundaries.

inspect the temple.

The two high-level officials are constantly watching what happened in the mid-latitude boundary, the endless sea.

But when their consciousness landed in a certain area in the middle of the endless sea.

But they were surprised to find that, with their strength, the consciousness they released could not detect this area!

However, when they tried to trace the cause, they couldn't find any problems.

How is this going?

One of the old men asked solemnly: "Could it be that something happened beyond the control of our monitoring temple?"

Another old man shook his head and said, "It's possible that people from the Demon King's Realm did it, let them go, after all, the two forces above the Demon King's Realm, although I'm not afraid of monitoring the temple, I still have to sell some face. "

Who in the middle latitudes has such means?

Even if it is the Demon King Domain, it is impossible to have it!

The only possibility is that the two major god-level forces above the Demon King's Domain gave some kind of formation.

"Okay, as long as the other party doesn't enter the depths of the endless sea, let them go."

Hearing this, the other old man nodded and continued to sink his consciousness into the depths of the endless sea.

...

In the Demon King Domain.

Mo Ji asked with a gloomy face: "Has the person sent down not replied yet?"

Mo Ge on the side shook his head when he heard the words, took out a black and gold token in his hand, glanced at it and said: "Not yet, let me ask."

Immediately, Mo Ge poured his aura into the black-golden token, which flickered with a burst of black light.

However, after five breaths, there was still no movement.

Seeing this, Mo Ge's face slowly sank.

Usually when sending a letter, it takes less than three breaths to reply to the convenience.

But now...

But there is no message!

Mo Ge suddenly had an ominous premonition in his heart.

Until after the ten breaths.

Mo Ji turned his head with a gloomy face, looked at Mo Ge, and said, "Can't get in touch?"

Mo Ge nodded solemnly, hesitated for a while, and then said: "Something may have happened."

"Nine people in the God King Realm, will there be problems in that kind of place?" Mo Ji's face became more and more gloomy, and said: "In that kind of wild place, even if there is no one in the God Realm, how can they fail to complete the task?"

not to mention.

Judging from the aura of the demon god, it is absolutely impossible for the other party to reach the divine state.

Mogo shook his head.

"Send some people down to have a look?"

Moji's face was ugly, and he roared angrily: "Sending nine god-kings is already the limit! Sending more people, what should I do to monitor the temple?"

If it weren't for those two divine masters, I'm afraid even one person would not be able to dispatch the lower realm!

"Tell them the matter, presumably, they don't want to watch that person survive."

Mogo nodded.

...

At the moment.

The space above the endless sea.

Everything is broken.

In the shattered space, even the power of space and the principles of space seem to have disappeared at this moment.

is a space of nothingness.

There is no power, and there is no way.

Looking at this scene, everyone looked horrified.

The God-Punishing Sword Formation not only killed the nine rebels in the God-King Realm.

Annihilated all the power of Taoism in this space.

Dao Ze can also be annihilated...

Zi Shan looked at Shi Sheng at the side, and said solemnly: "How strong is your master...?"

Annihilating Dao can do things like this.

And judging by Lu Changsheng's appearance, I'm afraid he didn't use his full strength!

Shi Sheng smiled and said: "We can't see the depth of Master's strength."

"I can never see whether Master is using all his strength."

On the other hand, Lin Zhinan and Su Muyou also took a deep look at Lu Changsheng.

This kind of strength.

It is no longer something that this latitude can handle.

The three Supreme Elders of the Shengfu Sect, the suzerain.

Huo Zhengheng, the suzerain of Tianjian Peak.

Zeng Jiyuan, Lai Qingyun, and top powerhouses from other forces.

After watching this scene.

An idea came to mind.

Only people with this strength can cultivate so many monstrous disciples at the same time...

After this battle, the pattern of the mid-latitude boundary will completely change.

After all, it doesn't matter whether it's Infernal Purgatory, Biluo Huangquan Palace, or Tianjin Chamber of Commerce.

Both have unresolvable enmity with Ye Qiubai and the others.

And these three forces are also in the mid-latitude boundary today, and are very likely to cause war.

thought of this.

Everyone couldn't help but look at Qi Shadao and the others.

I saw Qi Shadao, Qiu Genyin, and three senior executives from the Tianjin Chamber of Commerce.

All of them were pale.

Such a powerful strength.

Even if it is the nine god-king realm powerhouses, there is no room for resistance in Lu Changsheng's hands.

You can cut it at will!

What about them?

Isn't it the same as pinching chickens, which can be easily crushed to death?

want to run away.

But found that there seemed to be an invisible force around them, turning into invisible and intangible hands, holding them in the palm of their hands.

As long as you run away, you will be directly crushed to death by this big hand.

This is naturally Lu Changsheng's masterpiece.

After all, there are so many people here.

If his affairs were revealed, wouldn't that be troublesome?

Immediately afterwards, Lu Changsheng looked at the broken space around him.

waved slightly.

One after another space principles, they frantically poured into the broken void space!

this moment.

The empty space that had already lost the principle of space was made up for by the huge law of space released by Lu Changsheng.

After that, Lu Changsheng shook his palm, and the meaning of endless life filled this broken and empty space.

This broken space, under the horrified eyes of everyone, was repaired at a speed visible to the naked eye!

What kind of means is this?

With a wave of his hand, the space that had disappeared can be filled.

One handshake action can break it to such an extent that there is no space that cannot be repaired in tens of thousands of years to directly fill!

This method can be called a miracle!

After finishing all this, Lu Changsheng erased the traces of his attack, and put away the Zhushen Sword Formation.

Only then did he sweep around, the corners of his mouth twitched, and he smiled slightly, and said, "Everyone here, you probably won't reveal what happened today?"

The tone is calm and the expression is kind.

It looks harmless to humans and animals.

But everyone present trembled when they heard these words.

they know.

Although it doesn't look like any threat, if they dare to shake their heads and say no.

I'm afraid their fate will be extremely miserable.

At this time, there was a person in the early stage of the Heavenly Wonderland who didn't know how to live or die, and whispered: "There are so many people present, even if it is revealed, how would you know?"

But, the next moment after saying these words.

Lu Changsheng pointed out.

The body of that person disappeared into this space without a sound.

Not even a trace of spirit remains...

Chapter 844 Soul Restriction!

The space in the Endless Sea has been restored by Lu Changsheng.

The sky has returned to its previous color.

In the sea area, the sea surface is calm.

The Tao is the airflow, and it is as usual, extremely peaceful.

But it was in this peaceful scene where nothing seemed to happen.

But it has a weird atmosphere that makes it hard to breathe.

Many top experts present.

Whether it is the arrogance or elder of those sect forces.

Or the ruler of the sect.

These people standing on the pinnacle of the mid-latitude realm.

Looking at the strong man in the early days of the Heavenly Wonderland who was ruthlessly killed in front of him.

Lu Changsheng just pointed.

Did not reveal the slightest breath, the body or soul of the person in the fairyland disappeared at this moment.

quietly...

Behind, Lin Zhinan smiled wryly and shook his head, saying: "Do you want to seal most of the mouths of the mid-latitude boundary by yourself..."

People who come here.

Can already represent the top existence of the major forces.

And can come to the forces in the middle of the endless sea.

are all existences that rank high in this mid-latitude boundary.

It is said that it is more than half of the mid-latitude boundary area, and there is no problem with that.

Su Muyou said: "Senior has this strength, as long as he wants, he can even make all the forces in this mid-latitude realm disappear in this world."

Relying on the Zhushen Sword Formation.

Just ask.

Looking at the entire mid-latitude boundary, who can resist?

Even if it is the Su family, they will use all their trump cards and their background.

There is no chance of resisting it!

At this time.

Lu Changsheng slowly turned his body, his eyes swept around.

When Lu Changsheng glanced over.

Everyone present felt as if their bodies were locked!

Immediately, he said in a flat tone: "Although I, Liu Ziru, am nothing in other places, I am afraid that I am not my opponent to you."

"Ahh!"

Suddenly, Liu Ziru, who was far away in Mortal Village, sneezed inexplicably!

Then he rubbed his nose and wondered, "Why do you feel a little cold?"

The little stone on the side glanced at it, and then said with a snicker: "Uncle Liu, you still have to pay attention to your body, you are already half a step into the God Emperor Realm, and you will still suffer from the wind and cold."

Liu Ziru glared at Xiao Shitou, and said, "I don't know where you learned it from..."

...

On the other side, everyone in the mid-latitude boundary heard what Lu Changsheng said.

All eyes moved slightly.

So this senior is called Liu Ziru?

But they have never heard of the name Liu Ziru!

Zishan was slightly taken aback.

Liu Ziru...

Isn't that the five-star deacon of the dark domain!

Thinking of this, Zishan's pupils shrunk.

No wonder.

The Dark Zone is very mysterious.

Even their Tianjin Chamber of Commerce has very little information about the dark domain.

No matter how you investigate, you can't gain a deep understanding of the mysterious force of the dark realm.

However, the background of the other party must be stronger than they imagined.

Otherwise, how could there be no information at all?

However, if they are from the dark domain.

Then it is reasonable to be able to train so many monstrous disciples at the same time...

"Are you from the Dark Realm?"

Liu Ziru is a five-star deacon officer in the dark domain, so few people know his true face and identity.

Heard Zishan's questioning.

Ye Qiubai and the others were speechless for a while.

Sure enough.

Master is still the same master.

This is cautious.

Even his true identity will not be revealed at all!

Using Uncle Liu to block the knife...

If Uncle Liu heard this, he might cry to death...

And just when this idiot Shi Sheng wanted to say something.

Lu Changsheng seemed to have predicted it a long time ago, and he killed him with a look!

Shi Sheng's words had just reached his throat, and he was only a breath away from blurting them out.

Received such a look from Master.

It took almost an instant to swallow these words.

At this time.

The suzerain of the Holy Talisman Sect took the lead, then bowed his hands and said respectfully: "Senior Liu, we people of the Holy Talisman Sect will never reveal anything about what happened today!"

The other forces all cursed the old fox secretly.

Then.

Tianjian Peak Huo Zhengheng.

Su family's senior management.

The upper floors of Lingxian Palace.

They all stood up one after another to respectfully express their views.

Although the rest of the forces are unwilling.

But due to Lu Changsheng's strength, he could only stand up.

This scene even forced out some old monsters who are hidden in the world...

At this time.

Qi Shadao also walked out cheekily, with flattery on his face, and smiled apologetically: "Senior, we, Infernal Purgatory, will never tell this matter."

However, Lu Changsheng didn't even look at them.

Instead, he scanned around and said with a smile, "Unfortunately, I'm not familiar with you either, so I don't believe what you say."

Hearing Lu Changsheng's words.

Everyone was shocked.

Could it be that he wants to kill all the top powerhouses in 90% of the mid-latitude boundary here by himself?

One of the old men at the peak of the Heavenly Immortal Realm said solemnly: "Senior Liu, you don't have to do this, since I'm waiting to say so, it will naturally be done."

Lu Changsheng smiled lightly and said, "After experiencing a lot, I realize that verbal promises are the least valuable thing."

"How about this..."

Speaking of which.

Lu Changsheng raised his hand slightly, and in the palm of his hand, there was a ball of light condensed with extremely strong spiritual power!

In the ball of light, there is a power of soul that anyone would be horrified by.

Even Mo Qixun, Qingchuan Yeyao, and Gu Xiao in the distance were horrified.

The power of the soul is countless times greater than the soul condensate they saw in Absolute Soul City!

If the soul condensate in Absolute Soul City can still say a total amount.

So.

This soul light ball in Lu Changsheng's hand.

It can be said to be boundless!

Feeling it, it is as if you are in an endless ocean.

Could it be that this person is stronger than the person behind the scenes in Absolute Soul City?
thought of this.

The three of them looked at each other, shuddering in their hearts.

If that's the case.

I'm afraid...the plan cannot be completed.

At this time.

Following Lu Changsheng, he held up the divine soul light cluster in his hand.

Swipe with your fingertips.

In a short while, the divine soul light group spread out towards the surroundings!

Like a streamer, it falls in the entire endless sea!

And these streamer-like soul light clusters.

With lightning speed, under the circumstances that even the powerhouses at the peak of the Heavenly Immortal Realm could not resist.

got into the eyebrows of everyone!

Imprinted on their sea of consciousness!

Even if it is a purple shirt.

Holy Talisman Sect, Huo Zhengheng of Tianjian Peak is no exception.

Although they may have a good relationship with their disciples.

But to Lu Changsheng, he was an outsider after all.

Lu Changsheng smiled and said: "Just to be on the safe side, this can be regarded as a restriction. With everyone's strength, it may be difficult to break it."

"In other words, if you try to undo this soul restriction in vain, or say something that shouldn't be said, then your souls will be wiped out in an instant. You should understand the consequences of this, right?"

Chapter 845 Cut the weeds and eradicate the roots!

The soul restriction set by Lu Changsheng is naturally not too simple.

In order to prevent the other party if they encounter any opportunities.

Or it may be like a convulsion, suddenly enlightened, and then there will be some drama of soaring in place.

Then there will be the strength to break the restriction.

so.

Lu Changsheng added a little bit of things to it.

As long as the other party makes some kind of move to unlock the soul restriction.

In an instant, the soul restriction will wipe out the person's soul!

At the same time, even if they tell the outside world about this matter, they will also be killed by the prohibition of the soul.

And when the soul restriction is like a seed, after it takes root and sprouts in the sea of consciousness of everyone.

Everyone felt a chill in their souls.

However, this ray of chill disappeared in an instant.

But it was this ray of chill that made them clearly feel how close they were to death.

It seems that there is a death scythe, which has been placed in their souls.

As long as there is even a little bit of violation of this soul restriction, it will be ruthlessly harvested!

Everyone's face sank.

was planted with this soul restriction.

It means that one's life is always in the hands of the other party.

For the so-called high-ranking people like them, who are used to being in power in a fairyland, they will naturally feel very uncomfortable and angry!

But.

What's the use of being angry?

When they looked at the white-clothed man in mid-air, they remembered the scene he used to kill the nine God-King Realm powerhouses who had no power to resist them like pinching ants.

The anger in my heart can only be suppressed.

And Zishan, Shengfuzong, Lin Zhinan, Su MUYOU, and Huo Zhengheng.

But I didn't think much about it.

For them.

Lu Changsheng is a strong man.

This is a world of the jungle.

If you are weaker than the opponent, then naturally you can only be pressed on the nail board and let others slaughter you!

Instead of setting the air with it.

Why not take this as the goal and constantly improve your own strength!

What's more, they didn't intend to tell the things here.

It doesn't do them any good.

So this soul restriction is of no use to them.

At this moment.

The Infernal Purgatory where Qi Shadao is located, the Biluo Huangquan Hall where Qiu Genyin is located, and the three senior officials of the Tianjin Chamber of Commerce, and even Qingchuan Yeyao, Gu Xiao, and Mo Qixun in the distance, all have a little expression on their faces. Confuse.

Qi Shadao couldn't help asking: "Dare to ask Senior Liu... why didn't you set up a soul restriction for us?"

its not right.

Could it be that he intends to let them go?

But judging from their relationship with this senior's disciple, wouldn't it be wishful thinking to let them go? !

Lu Changsheng said: "Oh, because you are going to die soon, so there is no need to waste this little effort to plant the soul restriction."

Heard this.

The Infernal Purgatory where Qi Shadao is located, the Biluo Huangquan Palace where Qiu Genyin is located, the three senior executives of the Tianjin Chamber of Commerce, and the three people in the distance all have a huge change in their expressions!

Among them, Qiu Genyin immediately activated the secret method, trying to escape.

But found that he seemed to be imprisoned.

All secret methods are invalid at this moment!

You can only stand in place and be punished!

People from other forces and casual cultivators also looked inexplicable.

Sure enough.

The white-clothed man still wants to attack the Infernal Purgatory and the others after all.

After all, the other party wanted to kill this senior's disciple.

It's just that after this incident, the pattern of the mid-latitude boundary will also change greatly...

Qi Shadao hurriedly cupped his hands and said: "Senior Liu, I promise, we will definitely not trouble your disciples again in the future!"

"Also, they can choose everything in Infernal Purgatory!"

"I just ask senior to spare my life!"

Qiu Genyin also said with a gloomy face: "Senior Liu, I wonder if you have heard of Biluo Huangquan..."

Qiu Genyin has not finished speaking.

But Lu Changsheng snapped his fingers.

Instant!

Qiu Genyin's eyebrows were pierced by a ray of sword light!

The soul collapsed at this moment!

Lu Changsheng said: "Since I have done this, I will naturally not be afraid of your threats. I can't even think of this, what a fool."

And heard what Lu Changsheng said.

The three senior executives of the Tianjin Chamber of Commerce originally wanted to reveal their identities.

After thinking about it, forget it.

She could only look obsequiously at the purple shirt behind, and said, "Miss, we were just temporarily fascinated, so...can you speak for us?"

Zi Shan was very close to this senior's disciple.

As long as she speaks, it may be helpful.

But Zishan directly shook his head and said: "We are just a cooperative relationship now, and we don't have a deep friendship."

"What's more, even if the things you committed are handed over to the General Assembly, they will still be dealt with."

After hearing this, the three senior executives of the Tianjin Chamber of Commerce turned pale.

And Lu Changsheng was happy.

This little girl knows something.

Knowing that even if you plead, it won't help.

And it will arouse his dissatisfaction.

Zishan's way of handling it, if it was someone else, I'm afraid he would have some friendship with him.

Unfortunately, what she met was Lu Changsheng.

Lu Changsheng will not have a good impression of him just because of this.

"Okay, it's useless to say more, I don't like your little things."

After Lu Changsheng said so.

raised his hand.

One finger to the void.

Suddenly, a sword appeared in his palm!

See this scene.

Qi Shadao and the others wanted to struggle, so they fought desperately.

But found that being restricted by this invisible restriction, he couldn't use any skills at all!

In the eyes of despair.

Lu Changsheng slashed out with a sword.

Boom!

The space that had been repaired was broken again at this moment!

A huge sword energy, like a bright moon in the dark night, illuminates the world, and flashes towards the opponent!

This ray of sword energy.

It seems to be able to cut the sky, fill the sea, climb mountains, and destroy cities!

Everything in the world, nothing can not be cut!

Just moments.

Three people from the Tianjin Chamber of Commerce.

and the Infernal Purgatory where Qi Shadao is located.

was beheaded directly!

See this scene.

Sacred Talisman Sect, Tianjian Peak, Su Family, Lingxian Palace and some forces that have enmity with Infernal Purgatory all breathed a sigh of relief.

this time.

As long as the time comes to clean up the remnants of Infernal Purgatory, they should die completely...

However, just when they thought so.

Lu Changsheng suddenly pointed at the sky!

The front part of the Endless Sea.

An explosion resounded through the world!

Everyone looked in horror.

There...it is the place where the Infernal Purgatory is located...

But.

They didn't have time to think about it.

In the distance.

Qingchuan Yeyao, Gu Xiao, and Mo Qixun said where they died.

From their bodies, three groups of soul bodies emerged!

Then condense.

A huge figure came to this world!

"Who are you, dare to hinder the plan of this deity..."

Chapter 846 Liu Ziru: Are you polite?

The moment when Qingchuan Yeyao, Mo Qixun, and Gu Xiao were killed in battle.

From their corpses, there are three soul light clusters coming out of their bodies!

Immediately.

These three soul light clusters condensed into a figure in front of Lu Changsheng!

The figure was shrouded in white light, making it impossible to see the figure or appearance clearly.

some.

It's just the extremely rich soul power!

Ye Qiubai, Mu Fusheng, Xiao Hei, as well as Su Muyou and Lin Zhinan watched this scene, they were all slightly taken aback.

This familiar soul power.

Already sound.

They are all very familiar!

Lin Zhinan said solemnly: "It's the person behind the scenes in Absolute Soul City..."

Su Muyou nodded and said: "At the beginning, this person was scattered all over Juehun City. It seems that those three people, that is, the three mysterious casual cultivators, were selected from Juehun City and accepted the conditions of that person. people."

At the beginning.

In the last level of the City of Absolute Soul.

The reward is to absorb that huge mass of soul body.

In the soul body, the person behind the scenes of Absolute Soul City set a soul imprint.

Once the soul body is absorbed regardless.

will be imprinted with a soul.

Every move in the future will be restricted by this person!

had to follow the wishes of the people behind the Absolute Soul City to do things.

For example, rule the mid-latitude boundary.

Then become the marionette of the man behind the scenes of Absolute Soul City.

Let it be slaughtered!

The figure in the white light looked at Lu Changsheng with a faint smile on his face, and said in a concentrated voice, "Is it your fault?"

Hearing the words, Lu Changsheng immediately shook his head and denied, "It's not me, I just passed by."

Ye Qiubai and others: "..."

Su Muyou: "..."

Lin Zhinan: "..."

Zishan: "..."

The major powerhouses in the mid-latitude boundary: "..."

The character of this senior... seems to be so weird...

Zi Shan couldn't help looking at Shi Sheng aside, with a puzzled expression.

Shi Sheng waved his hands helplessly and said, "Just get used to it..."

However, seeing the expressions of everyone.

Feel the sword energy around Lu Changsheng again.

How could the figure in the white light not know what was going on?

With a gloomy tone, he said, "How dare you play tricks on me?"

Speaking of which.

Among the white light, there was a soul force surrounding Lu Changsheng.

But it made him a little surprised.

Because, he couldn't detect Lu Changsheng's realm!

How could a person with such sword intent be a mortal?

"Who are you?"

Can reach the existence that even he can't understand, although it's just a soul body.

But it is still not something that can appear in this wild land!

There is only one possibility.

That is the same as him, a person from the upper realm.

It's just, how do people from the upper realm, under the supervision of the temple, make a move in the lower realm?

Even if it was him, he was able to bypass the eyeliner who supervised the temple only by borrowing from the Absolute Soul Hall without taking the initiative himself.

Lu Changsheng smiled and said: "Who am I? If you don't change your name, you don't change your surname, Liu Ziru."

Ye Qiubai and others: "..."

The figure in the white light sneered: "Liu Ziru? That kid from the Liu family, although he is now a five-star deacon in the dark domain, I have seen it before."

It's over.

Play off.

This guy has really seen Liu Ziru!

"However, you obstructed the deity's plan, have you thought about the consequences?"

Speaking of which.

Among the white light, the huge soul power was condensed into a huge palm!

Suspended above the endless sea.

It seems as if you want to hold the entire endless sea in the palm of your hand!

Headed towards Lu Changsheng to suppress.

Lu Changsheng saw this.

One point out.

Sword Qi gushes out.

A long sword pierced through the air, piercing through this giant palm!

The moment when the giant palm dissipated.

Lu Changsheng's figure also disappeared in place.

It is too late to perceive the location.

But he saw that a white dress had appeared before the white light.

Blast into it with a palm!

Time to stop!

The white light soul body is constantly rioting at this moment!

One of the extremely gloomy voices spewed out as if suppressing endless anger.

"After going back, this deity will definitely try his best to find your traces, and then, you will have to live or die!"

Lu Changsheng asked back: "How does your power compare with those of Yaochi Immortal Palace?"

The voice in it was obviously taken aback.

Immediately said: "You have something to do with Yaochi Immortal Palace? This deity..."

However, the words are not finished yet.

Lu Changsheng twisted his palm.

The way of the sword will appear in the palm of your hand!

Pierce this huge soul body to pieces!

Leave no trace!

In the tone of the other party, it is obvious that there is some fear of Yaochi Xiangong.

Then, his own strength is higher than Yaochi Xiangong.

It can be seen that the power behind this guy is not very good.

Lu Changsheng grabbed a soul body and wanted to find the location of the other party.

But.

The moment when you want to use this tiny soul to track.

But found that this soul body is separated from the main body.

There is no way to track it at all!

See it.

Lu Changsheng thought to himself.

Then when the time comes to fight for the heart of space in the high-latitude boundary, it is necessary to eliminate this person's power by the way.

Otherwise, this trouble will stay for too long.

It would be bad if something happened.

thought of this.

Lu Changsheng stored that sliver of soul in the jade pendant.

did it all.

turned his head.

But found that everyone looked at Lu Changsheng with horror.

At the same time, he was extremely speechless.

Isn't your name Liu Ziru?

How could such a powerful person lie about his name?

Zishan also chuckled lightly.

"Sure enough, the heart of the strong is unpredictable..."

At this moment.

The suzerain of the Shengfu Sect, Huo Zhengheng and others also stepped forward and bowed to Lu Changsheng.

"Thank you for your help, senior."

Lu Changsheng waved his hands and said, "I'm just helping my ineffective disciples, and it has nothing to do with you."

Tone and expression.

As much disgust as you want, there is as much disgust as you want.

I'm afraid I'll get involved with it.

Then ignore them.

With a flick of his figure, he came in front of Ye Qiubai and the others.

"I still have something to do. I'm going to the high-latitude boundary, and you can continue to practice here."

"After all the staff reach the Wonderland, I will take you to a place."

Heard the words.

Ye Qiubai, Hongying and the others all said yes.

"And..." Lu Changsheng turned his gaze to Ye Qiubai, and said, "You boy, I'll deal with you when I go back!"

Ye Qiubai's originally relaxed and freehand expression with a smile froze in an instant.

Before Ye Qiubai could argue.

Lu Changsheng's figure has disappeared in place.

This matter is over.

The pattern of the mid-latitude boundary has also completely changed...
certainly.

Lu Changsheng's deeds.

No one dared to speak out.

Only the top powerhouses of these forces know.

Ye Qiubai and the others must never be provoked...

Chapter 847 Scumbag Mu Fusheng

The moment Lu Changsheng left.

A light wind blows.

Swept across the entire endless sea.

As if the autumn wind sweeps the fallen leaves.

The traces of Lu Changsheng's appearance, the breath after the shot, and the damaged space.

All in an instant, blown away by the breeze...

And at this moment.

The sky above the endless sea was also plunged into a strange silence.

There is only the sound of bursting bubbles popping out of the dragon blood pool below from time to time as the waves push forward.

Clear in ear.

The powerhouses of all forces, as well as those casual cultivators, all looked at Ye Qiubai and the others with complicated eyes.

No wonder...

In such a short period of time, from an unknown person, he became a man of influence in the entire mid-latitude realm.

At the same time, their identities are nowhere to be found!

It seemed to appear out of thin air, popping out of some rock.

So there is such a powerful master...

It is normal to be able to cultivate so many monstrous disciples.

Nowadays...

In the entire mid-latitude boundary, there are not many people who dare to provoke these monsters...

Some strong men shook their heads slightly, and then left the area.

but.

At the same time, there were also many people in power who came to Ye Qiubai and the others.

An elder of Xuanyuan Huangzong smiled and took out a token and handed it to Ye Qiubai.

"This is the Xuanyuan order of our Xuanyuan Huangzong. With this order, you can enter and leave my Xuanyuan Huangzong at will, and get the help of our Xuanyuan Huangzong."

The head of the Four Elephant Gate said: "You guys can come to my Four Elephant Gate to have a sit, and at the same time, you can also choose a treasure from my Four Elephant Gate at will, as a reward for getting rid of the scourge of Infernal Purgatory."

At the same time, there were other first-rate forces who offered an olive branch to Ye Qiubai and the others.

It's just that these olive branches were rejected by Ye Qiubai, Hongying, Mu Fusheng and the others.

This is obviously to get involved with their master Lu Changsheng.

According to the personality of the master.

Certainly not acceptable.

So these must also be rejected decisively.

Furthermore.

There is no need to worry about being targeted by the other party if you refuse these things.

After all, the strength shown by Master this time has penetrated into the hearts of these top experts.

Once targeted.

I am afraid that the consequences will become like the endless purgatory...

I don't even know how to die

In the heart of the powers.

Ye Qiubai and others can only make friends and not offend them.

Even if you can't make friends, you can't become enemies!

The thoughts of those in power of these forces are surprisingly consistent.

After going back, tell the whole sect to go around when they meet Ye Qiubai and the others, otherwise they can't offend them!

When these forces have left.

Zi Shan on the side joked: "You have become fragrant momos now."

Ye Qiubai shook his head and said: "After all, I have been honored by Master."

"I also have to thank you." Zishan smiled and said, "Thank you for helping me get rid of the scourge in the Tianjin Chamber of Commerce."

Shi Sheng on the side reminded: "Miss Zishan, these three people may not be the masterminds, and there may be higher-level people in your Tianjin Chamber of Commerce who participated in planning this matter."

Hear Shi Sheng's words.

Whether it was Ye Qiubai, Hongying, Ning Chenxin, Mu Waner, Mu Fusheng, or Xiao Hei, they all looked at Shi Sheng with surprise.

Is this guy enlightened?

Although the reason is very simple.

But you know, Shi Sheng never thought about these questions before!

Zi Shan covered his mouth and let out a chuckle, and said: "Zi Shan knows that since it has been confirmed that someone in the Tianjin Chamber of Commerce has cooperated with Infernal Purgatory and broke the neutral situation, then I will naturally have to find out when I go back."

When it comes to this.

Zi Shan's eyes were slightly cold, and he said: "But... I already have a guess in my heart."

Zi Shan is not an ordinary person...

"alright."

As soon as the topic changed, the cold light in Zishan's eyes was instantly covered up.

He took out three purple-gold tokens in his hand.

In the center of these three purple-golden tokens, there is a pattern of the word "Go".

Handed it to Shi Sheng, and said with a smile: "These three Tianjin Tokens, even if you go to the headquarters of the Tianjin Chamber of Commerce in the future, you can also become the guests of the Tianjin Chamber of Commerce."

"No matter what kind of auction it is, you can enter with the Tianjin Token."

"Of course, if you want to bid for an item, you can also advance it from the Tianjin Chamber of Commerce."

That is to say.

Even if you don't have other belongings on your body, it's not enough to take an item.

It is also possible to advance money from the Tianjin Chamber of Commerce by virtue of the Tianjin Token.

certainly.

This sounds great.

But this is also a way for the Tianjin Chamber of Commerce to win over people, and even tie them up.

Once you owe more.

Tianjin Chamber of Commerce will naturally let you repay in other ways.

For example, owe a favor?

And presumably.

Those who can possess the Heavenly Gold Token are also those who are extremely powerful, or like Ye Qiubai and the others, who have monstrous talents and extremely powerful masters...

"Of course, the Tianjin Chamber of Commerce can also help you find items and inquire about information unconditionally."

Shi Sheng just wanted to decline.

But Mu Fusheng said via voice transmission: "Yes! It's very useful for you!"

Shi Sheng wondered, will it work for me?

What is the use?

I think so, but Shi Sheng still listened to Mu Fusheng's words, and took the three pieces of Tianjin Token.

However, when Shi Sheng touched Zishan's palm, he quickly took it back, and said in a muffled voice, "I'm sorry."

Looking at Shi Sheng, although his expression didn't change much, the tips of his ears visibly became more rosy...

Zi Shan couldn't help chuckling: "It's okay, well, I still need to deal with things in the chamber of commerce, so I'll leave first."

After finishing speaking, he headed towards the Tianjin Chamber of Commerce.

Ning Chenxin said from the side: "Being able to produce such a thing, it seems that she has a high status in the Tianjin Chamber of Commerce."

That also means.

Zishan is a person in the high-latitude boundary.

the other side.

Shi Sheng glanced at the three Tianjin Tokens in his palm.

Mu Fusheng suddenly put his arm on Shi Sheng's back, and said with a smile: "Brother, it's not bad, it seems that there is something going on?"

Hongying also nodded with a smile: "They are smarter than before."

Mu Wan'er laughed and said, "The power of love."

Shi Sheng blushed suddenly, scratched his head and said: "I don't know why, but the priest told me, what's the use of asking me to accept these three tokens? Isn't this a debt of favor for no reason?"

Mu Fusheng pretended to be deep and said: "Brother, you still have to learn about this."

"Think about it, if you don't accept Zishan's things, it means there is still a distance between you, and the relationship between you will be very unfamiliar."

"But what if you accept it? It's not just accepting Zishan's kindness and bringing the relationship closer, but also giving you a reason to meet next time, right?"

Hongying glanced at Mu Fusheng, and then said: "According to Master, this behavior of yours is a scumbag."

Mu Fusheng: "???"

Chapter 848 Mr. Lecture

Infernal Purgatory was killed.

Spread throughout the mid-latitude boundary!

Shocking at the same time.

is also wondering.

Who made the move to kill the Infernal Purgatory, a behemoth that made all the forces in the mid-latitude realm shudder.

Those unaware forces have been inquiring for a long time, but there is no clue.

And when Infernal Purgatory was killed a few days later.

The endless sea returns to calm.

Everyone continued to look for the place of inheritance.

Otherwise, there will be no chance until the monsters in the endless sea area in the depths return to the middle and early stages.

And the Caotang group.

The goal now is to break through to the realm of the earth fairy according to what the master said.

As for the inheritance clues in the endless sea, Zishan said after leaving that as long as there is a useful inheritance for them, he will provide them with clues for free.

This is also the privilege of owning the Tianjin Token.

With this guarantee, Caotang and his party headed for Absolute Soul City.

In Absolute Soul City, there is a star river.

That galaxy is filled with the power of stars.

Can be absorbed by stone students!

Presumably after the absorption, Shi Sheng's strength will skyrocket again.

...

Let's look at Lu Changsheng who returned to Mortal Village.

The Heart of Space still hasn't been revealed to the world.

Lu Changsheng had to temporarily stay in the mortal village...fishing.

"What happened to them again?"

Besides, Huang Qian asked curiously: "Have you provoked other forces?"

Drinking tea with Mr. Lu Changsheng, he rolled his eyes and said, "This time, the entire mid-latitude boundary has been provoked."

"If I knew it earlier, I would have let you and Liu Ziru pass by."

The corner of Liu Ziru's mouth twitched while he was resting with his eyes closed.

well.

Since when.

I am a dignified five-star deacon in the dark realm, a big man who will be admired no matter where I go.

Now he has become a tool man...

Really things are impermanent...

Mr. glanced at a few people, slightly surprised in his heart.

With his vision, he can naturally see the identities of Liu Ziruo and Huang Qian at a glance.

did not think of.

The descendants of the Shenhuang clan, and after the bloodline of the Shenhuang has been activated, they are so willing to follow behind Lu Changsheng.

Liu Ziruo, a five-star deacon in the dark domain, is the same.

Really impressive.

Unfortunately, it is not the same as the prophecy of the heavenly election.

In the prophecy.

Tianxuan is not just one person.

at the same time.

It is also stated in the prophecy that these people came from the same school and practiced different ways...

Think here.

Mr. shook his head slightly, then stood up and said, "Okay, it's time to give a lecture to the children in the village. Why don't you listen to it, Fellow Daoist Lu? If there are any deficiencies, maybe you can correct me."

If other people in Mortal Village can hear what Mister said.

I'm afraid you will be shocked.

Mr. actually said, ask Lu Changsheng to correct him?

Ke Lu Changsheng listened.

Some people are curious about what lessons the person called Mister will teach the children in Mortal Village.

After all, in this world of cultivating immortals, if not how to cultivate, what else is there to talk about?

Is it difficult to teach Chinese and mathematics?

What's more, it's just listening in, so how could it be involved in the cause and effect.

thought of this.

Lu Changsheng nodded, then got up and followed his husband into the bamboo house in the side yard.

At the moment.

The bamboo house was already full of twenty or so children.

These children are about the same age as Little Shitou.

Of course, small rocks sit in it too.

The decoration of the bamboo house is very simple.

Children sit cross-legged on the floor made of bamboo.

In front of him is a small wooden table.

Mr. stood in front.

Lu Changsheng saw that there was no place to sit.

Then he ran outside and dragged a recliner, and lay down on the front right.

Huang Qian and Liu Ziru stood aside.

The children looked at Lu Changsheng and asked curiously, "Little Shitou, is he your master?"

Little Stone nodded.

"Then he will buy you candied haws?"

Little Shitou put his hands on his hips, face up, hummed proudly and then nodded heavily.

Looking at this scene, the corners of Lu Changsheng's eyes kept twitching.

This little guy... he is so awesome.

In order to suppress the arrogance of Xiao Shitou.

Lu Changsheng decided not to buy candied haws for Xiao Shitou for at least a month!

Mr. coughed slightly.

Suddenly, the children who were making noise instantly quieted down.

Even small rocks.

Looking at this scene, Lu Changsheng thought to himself, I have to ask my husband for advice later.

How did he make Xiaoshi so obedient...

"Okay." The gentleman looked at the children in the audience and said, "How is the homework assigned to you before?"

Mr.'s voice fell.

One of the boys who looked a bit tiger raised his hand and said: "Sir, I split a hundred pieces of wood in the back mountain!"

Mr. asked: "Have you harmed the roots of the tree?"

The boy smiled and said: "No, according to Mr.'s words, keep the roots."

Mr. nodded.

Then.

Hear the children's responses.

Huangqian and Liu Ziru were a little surprised.

Even Lu Changsheng opened his eyes, looking at the scene in front of him.

A child said that he caught a fish.

A child said that he had planted a field.

Some children also said that they helped their family members to forge iron.

But.

None of them are related to cultivation.

are all things that mortals do.

Mortal Village Mortal Village, is it really full of mortals?

And next.

What Mr. said made Huang Qian and Liu Ziru somewhat suspicious.

These contents are completely mortal affairs.

Then why.

Mortal village, will it be so detached in the high latitude realm?

Even if it is a god-level power, do you still have to respect three points?

Lu Changsheng didn't think so.

In what Mr. said, he felt a breath of simplicity...

Although he could hear it, it did not improve Lu Changsheng.

At this time.

Mr. suddenly said: "After taking this class for so long, it's time to ask you a question."

"Don't compete with the world, guard the land of a city."

"Fight and fight, gain power and live forever."

"Which path do you think you will choose?"

After hearing these words, Huang Qian and Liu Ziru were both taken aback.

Can such a young child understand this?

However, I never thought about it.

The twenty or so children were thinking seriously, and there was no incomprehensible confusion on their faces.

Mr. was not in a hurry, but looked at Lu Changsheng, and asked with a smile, "Friend Lu, I wonder how you would choose?"

Heard the words.

Lu Changsheng put his hands on the back of his head and said casually: "There is no need to choose between the two."

"Oh? What advice?" Mr. asked.

Lu Changsheng said lightly: "Since you mentioned guarding the land of a city and longevity with power, then it is naturally based on the foundation of a monk."

"Then, defending a city requires strong talent support."

"Fighting and fighting requires stronger luck."

Chapter 849 Start preparations (14)

Mr. asked Lu Changsheng for advice.

On the surface, it means teaching.

In fact, it was also to test Lu Changsheng.

And Lu Changsheng's answer was obviously beyond Mr.'s expectation.

He didn't choose one of the options Mr. said.

is directly and fundamentally negating the views of Mr.

Heard Lu Changsheng's point of view.

Mr. asked curiously: "I wonder what fellow Daoist Lu thinks?"

Mr.'s question also made the children below cast their eyes on Lu Changsheng.

Therefore, Lu Changsheng spread his hands and explained: "It's very simple. If you want to guard a city, it must be because there are treasures in this city that are peeped by outsiders. Otherwise, why should you guard it?"

"However, if it is the defense under normal circumstances, it can be guarded by the strong of the older generation, and the younger generation will go out to venture out and gain opportunities. When the younger generation grows up, they will act as the defenders of the city, and the cycle will be repeated."

"According to the situation in the mortal village, and Mr.'s intention, this guard, in fact, is to stay in this mortal village all the time."

Mr. smiled and nodded.

Lu Changsheng then continued: "So, to put it simply, you want to ask them whether they want to go out, or just stay in this mortal village and be an 'ordinary' mortal."

The meaning of Mr.'s words.

In fact, I want to ask these children and understand what these children think.

It depends on whether they want to leave the mortal village or stick to the mortal village.

"Then according to Lu Daoyou's thinking, which one would you choose?"

I?

Lu Changsheng said without hesitation: "I won't choose any of them."

Just kidding, stick to it? Out and about?

Isn't this a choice to be noticed by the world?

Mr. was also slightly taken aback, "Don't choose any?"

"If it were me, I would definitely not reveal what I have, so I don't have to stick to it, just hide it, so that the other party doesn't know my existence, wouldn't it be fine?"

Lu Changsheng looked at Mr. with a mentally retarded face, and said, "Isn't this better than sticking to it?"

gentlemen:"..."

It seems to make sense.

But something feels wrong...

Besides, Liu Ziruo was speechless.

Huang Qian couldn't help covering her face.

Little Shitou slowly buried his head in his chest under the eyes of the children next to him...

Really belong to you!

...

A class is over soon.

Mr. and Lu Changsheng returned to the courtyard, and asked with a smile, "Is it different from the lecture you imagined?"

Lu Changsheng nodded truthfully.

"The situation in Mortal Village is very complicated, so we can only stick to the situation that is exposed to the eyes of the world."

Mmmmmmm.

Lu Changsheng thought to himself, it doesn't matter to me what you do.

It seems that Lu Changsheng is not interested in this.

also smiled helplessly in his heart.

If it is another strong person, they will naturally want to dig deep into the secrets of Mortal Village.

And what about Lu Changsheng?

Completely!

Thoroughly!

I don't have the slightest thought in this regard!

On the contrary, Lu Changsheng didn't seem to want to have anything to do with their mortal village at all...

The days passed day by day.

Liu Ziruo also reported to Lu Changsheng through the intelligence network in the dark domain covering the entire high-latitude boundary.

"Now, the forces in the entire high-latitude realm are constantly mobilizing resources and gathering teams because of the information that the heart of space is about to be born."

"Among them, there are even shadows of two major god-level forces, but they don't seem to choose to participate directly."

Intelligence matters.

So Lu Changsheng asked Liu Ziruo to investigate in advance.

The intelligence network in the dark domain is the most top-notch existence in this high-latitude domain.

Hearing this, Lu Changsheng nodded, and said with some headache: "The power of the **** master is the most powerful power in high latitudes..."

Liu Ziruo nodded and said: "On the surface it is so."

On the bright side...

Lu Changsheng asked suspiciously: "Does it mean that there is a stronger force?"

"I don't even know about this." Liu Ziru shook his head and said, "It just happened to be mentioned by the dark master."

"However, if there really is such a level of influence that I, a five-star deacon, have never heard of or even seen, then I will definitely not take it lightly."

Lu Changsheng nodded slightly.

Since this is the case, it is necessary to readjust the plan.

Although the opponent will not easily make a move, it is still unknown whether there will be one.

That also needs to be prepared in advance.

So, Lu Changsheng looked at the gentleman beside him and asked, "Is there a quiet place here?"

Mr. raised his eyebrows and looked at Lu Changsheng.

If it's just quiet, this bamboo courtyard is undoubtedly the quietest place in Mortal Village.

After all, no one in the mortal village dared to step in without Mr.'s permission.

And Lu Changsheng still asked the question like this.

means that he not only needs to be quiet, but also needs to be able to be seen by them.

Mr. nodded and said, "I'll take you there."

Immediately got up.

Through the bamboo forest, I came to a waterfall, and in the center of the waterfall, under the cover of the pouring water, there was a cave that was invisible to the naked eye.

Mr. pointed: "Just here, I will keep them away from here, of course, I will not come here."

Lu Changsheng nodded.

This gentleman is quite good.

Then he looked at Huang Qian and said, "You are waiting for me outside the cave."

"Xiao Liu will continue to inquire about information."

Both of them nodded.

After explaining.

Lu Changsheng also walked into the cave.

first day.

Lu Changsheng set up isolation formations around here.

Seeing this, Huang Qian couldn't let her breath penetrate these isolation formations even with all her strength.

I can't help but think to myself, I'm afraid even the strong in the God Master Realm can't do it...

"This is what to do, to engage in such a big fight..."

And in the next fourteen days.

Huangqian finally understood why she had to set up such a large-scale isolation formation...

Because of the breath from Lu Changsheng in the cave.

I'm afraid it can shock the entire Milky Way Starfield!

Whether it is the way of the sword.

The way of space.

The way of life and death.

Yin and Yang Avenue.

All merged together at this moment, bursting out an extremely mysterious breath!

This breath made Huang Qian a little strange.

It doesn't have that destructive smell.

On the contrary, it seems to be able to contain everything!

But.

When this breath flows in this space.

came into contact with the waterfall.

The waterfall stopped flowing, and then disappeared instantly, without water flow.

After coming into contact with this green forest, this endless breath disappeared instantly!

This is like devouring.

Where the breath flows.

Any power of the rules of heaven and earth will be swallowed and disappear!

Huang Qian's face was serious.

What surprised her was not this breath.

Instead, he was shocked at how Lu Changsheng integrated so many opposing principles of power into one!

Chapter 850 Say you can't do it and don't believe it (24)

In the beginning.

Only the technique created by Lu Changsheng can contain all things, and allow these principles that were originally inherently restrained to be fused together.

the next day.

Yaoyang is rising.

sprinkled on the land that has become bare.

And outside the multiple shielding array.

Liu Ziru took out the special sound transmission jade pendant given by Lu Changsheng.

"Senior Lu, there is news from the Heart of Space."

The moment the voice fell.

The formation suddenly dissipated.

Liu Ziru and the gentleman beside him watched the scene in front of them.

They were all taken aback for a moment.

What's the situation?

When I came here ten days ago, it was still a beautiful scene of green trees, high mountains and flowing water, and waterfalls pouring down.

Quiet and peaceful, very quiet.

And now?

Look around.

In the eyes of Liu Ziru and Mr. Liu, they are all naked!

Whether it is the ancient trees in the past.

Still streams, waterfalls, all disappear at this moment!

Even the power of rules in this area has disappeared!

Some are just bare, full of cracked rocks.

and Huang Qian and Lu Changsheng in front of them...

Mr. held back for a long time before asking: "Fellow Daoist Lu... What did you do?"

Lu Changsheng was also a little embarrassed, scratched his head and said with a dry smile: "It's nothing... just studied something."

gentlemen:"..."

Researching something can cause such a big change?

Even the power of the rules of heaven and earth in this area has completely disappeared?

What's more, usually this level of change, I can definitely detect it in the courtyard!

But Mr. has not noticed the slightest during these days...

Liu Ziru covered his face and didn't speak.

It is quite normal for Senior Lu to be able to do such a thing...

"By the way, isn't there news about the Heart of Space?" Lu Changsheng turned his head to look at Liu Ziru, and asked, "Did it appear?"

Liu Ziru shook his head and said: "It's just that there are clues. In Haotian God Realm, the space fluctuations are extremely abnormal."

Lu Changsheng asked: "Then have you investigated clearly?"

Hearing this, Liu Ziru smiled wryly and shook his head, "The trajectories of spatial fluctuations are extremely strange. Within the scope of the entire Haotian Divine Realm, the position is constantly changing, and even the dark realm is unpredictable."

"What's more, the Haotian Divine Realm is the territory of the Haotian Divine Sect. Even if the dark realm can penetrate into it, it cannot be searched for."

"Now, Haotian Shenzong also declares to the outside world that if you want to enter the Haotian God Realm to search for clues to the heart of space, you must get the approval of the Haotian Divine Master at the Haotian Banquet."

Haotian Shenzong is one of the god-level forces in the high-latitude realm.

Among them, God Lord Haotian is famous for his extreme physical strength.

The person who can step into the realm of the God Lord through body training, looking at the entire high-latitude realm, is the only one who is the God Lord Haotian.

But yes.

Which one of the people who can become a god-lord is simple?

The gentleman nodded slightly and said: "I know something about God Lord Haotian. If it was someone else, we would all think that setting up such a banquet is just to select someone who is relatively stronger and can charge into the battle and serve as cannon fodder. "

"However, if it is God Lord Haotian, this person is a person who advocates extreme power, and his personality is also the same."

"So, this is simply a test for the forces that want to step into the Haotian God Realm."

Liu Ziru also nodded.

"Sir, you are right. The god-level forces have made it clear in the past few days that they will not fight for the Heart of Space."

"After all, if the god-level forces get involved, it will be a huge blow to the entire high-latitude boundary."

Lu Changsheng sneered and said, "Of course, you can secretly participate, right?"

Liu Ziru nodded: "It's just that I can confirm that Haotian God Realm will not participate secretly."

Hear here.

Huang Qian also looked at Lu Changsheng, and said, "What should I do?"

"According to your thinking, you will definitely not take part in this kind of banquet lightly."

"That's natural." Lu Changsheng nodded, then looked at Huang Qian with a smile on his face, and at the same time pulled Liu Ziru, who was full of despair, over.

"Otherwise, what would I ask you to do together?"

Liu Ziru wailed in his heart.

I knew it!

I knew it!

Huang Qian also had a helpless face: "In other words, let's make two shots?"

Lu Changsheng said with a smile: "I can hide behind the scenes first. If you can fight, I can definitely fight. If you can't fight, let's talk about it."

Hearing Lu Changsheng's words.

Liu Ziru and Huang Qian were speechless for a while.

No matter how it sounds, it sounds like scolding them...

However, what Lu Changsheng said is true...

There is no point that can be refuted at all.

Huangqian said helplessly: "I will never be tricked out by you again in the future."

Lu Changsheng looked innocent, and said loudly: "What do you mean I tricked you out? You obviously wanted to follow me out."

Huangqian also felt a little regretful at this time.

I don't know what I was thinking at the time.

Why do you just jump directly into the fire pit...

Liu Ziru had a painful expression.

He was not cheated, nor did he want to come.

Instead, Lu Changsheng directly pinched it like a chicken.

From the beginning to the end, he never asked his wishes.

no way...

Weak strength is like this.

What's more, he has received so much care from Lu Changsheng.

Under Lu Changsheng's "teaching", the realm is becoming more and more loose.

So, I didn't dare...or rather, I couldn't bear to leave the thatched cottage like this.

Then, things became like this.

Became Lu Changsheng's royal thug, and the royal sandbag...

Think here.

Liu Ziruo couldn't help crying...

Mr. smiled and said: "Then you are leaving now, and there are only three days before Haotian Banquet begins."

Hearing this, Lu Changsheng looked at Liu Ziruo, "Guide the way."

Liu Ziruo: "..."

Okay, there is another imperial coachman...

...

During this period of time, in the entire high-latitude boundary, the heart of space is nothing more than the most eye-catching.

Now, there is a spatial change in the Haotian God Realm.

And violent and weird.

This is the only clue that can be related to the heart of space.

Haotian Banquet.

Countless forces that want to seize the heart of space are scrambling to go!

And what about Lu Changsheng, Huang Qian, and Liu Ziruo?

It was originally Liu Ziruo who led the way.

Manipulate the space behemoth to move forward in the void space.

It's just that Lu Changsheng has been rushing behind him.

"No, are you an old man? So slow?"

"Can you hurry up!"

"Is this all your strength?"

Liu Ziru dared not speak out...

Then Huang Qian came and received the same treatment.

Huangqian said with a sullen face, "You can do whatever you want, lying here and resting still dislikes this..."

Lu Changsheng had no choice but to take Liu Ziru and Huang Qian with him, and they arrived at their destination in less than half a day.

"If you say you can't do it, you still don't believe it."

Huangqian: "..."

Liu Ziru: "..."
