

## My Disciples 871

Chapter 871 God Leiyuan Spirit, God Lord Talks

The jade box looks ordinary.

But.

The location where it hides is really unusual.

What will be hidden in this endless sea of thunder?

Will it be hidden under the coffin of a strong man in the Divine Master Realm?

Its preciousness and rarity are naturally obvious.

Lu Changsheng observed for a while and found that there were no other traps, then he created an avatar outside his body, and carefully picked up the jade box from it.

Then, Lu Changsheng set up an isolation formation, an endless life formation, and a defense formation beside him.

Make sure nothing goes wrong.

retreated a hundred feet away.

Only then did he manipulate the avatar outside his body to uncover the jade box.

The expected crisis did not appear.

There is only a small piece of stone lying quietly in the box.

The shell of the stone has cracks.

And in those gaps, there is a fine thunder slurry flowing...

Maybe it can't be called thunder pulp.

Compared with thunder pulp, it is thicker and more substantive, as if it is a thunder that has been compressed to the extreme!

Lu Changsheng frowned slightly.

He can clearly feel it.

This small piece of stone seems to contain an incredible power of thunder.

after.

Lu Changsheng didn't think too much about it anymore, and after putting away the jade box, he left this place.

certainly.

The avatar outside the body still stays in place.

After Lu Changsheng left.

The avatar outside the body is expanding rapidly!

Immediately, it turned into a ray of daylight.

There was not the slightest roar.

There seemed to be silence.

In this silence.

This cemetery was silently annihilated...

Lu Changsheng came to Huang Qian and Liu Ziru, took out the jade box, and asked, "Look what this is."

Huangqian and Liu Ziru were slightly startled when they saw this.

Liu Ziru opened his mouth even more, and said in horror: "Where did you find this?"

Lu Changsheng said casually: "Oh, I found it under the coffin of the ancestor of this sect."

Huangqian: "..."

Liu Ziru: "..."

Although you are very honest.

But why does this sound so immoral?

Do you dare to go to the tomb?

Huang Qian took over the words and said: "The essence of divine thunder is extremely rare in the entire high-latitude realm. Usually, only one strong person who practiced the way of thunder dies and absorbs the essence of thunder for millions of years under certain conditions. to be formed."

"For practitioners who practice the Dao of Thunder, absorbing the essence of the divine thunder can greatly improve their cultivation and affinity for the Dao of Thunder."

Liu Ziru also smiled wryly: "I have to say, Senior Lu still has luck. If you come to destroy a sect, you can find this kind of fetish."

Shen Lei Yuan Jing, something that even god-level forces do not have.

Even in the dark field, there is only information, but there is no real thing.

After hearing this, Lu Changsheng nodded: "Okay, then this thing will be cheaper than that brat Mu Fusheng."

Heard the words.

Huangqian and Liu Ziru both smiled lightly.

Although Lu Changsheng was very unfriendly to his disciples on the surface.

But in fact, they are always thinking about it.

What a good thing.

I will also think about them for the first time, and give it to them.

Maybe Lu Changsheng's definition of Taoism runs counter to theirs.

But as a master.

There is no one more qualified than Lu Changsheng.

"Okay, since it's over, let's go back to Mortal Village, and Xiao Liu will continue to collect information about the Heart of Space."

Liu Ziru nodded.

The three of them rushed towards Mortal Village.

...

the other side.

Many god-level forces have also noticed that all the dark lines they set up in Haotian Divine Realm have been killed.

And even they couldn't find any clues!

Can't help it.

In this seemingly calm high-latitude realm, the rulers of the god-level forces started a meeting with projections.

In an unknown and desolate realm.

On this wasteland, there is a huge round table beside the round table.

There are seven phantoms.

These seven phantoms represent the highest combat power in the high-latitude realm.

At the same time, it also holds more than 80% of the resources in the high-latitude boundary.

in.

The phantom of God Lord Haotian is in it.

At this time.

One of the men with a sword on his waist said lightly: "God Lord Haotian, do you have anything to say?"

The rest of the people also set their sights on God Lord Haotian.

God Lord Haotian crossed his chest and sneered: "Say? What do you want me to say? Arranging so many hidden threads in my Haotian Divine Domain, do you think I won't do anything?"

"You guys are shameless, but you want to fight against me?"

Another woman who was extremely petite and pretty, but with an extremely old-fashioned voice, said with a smile: "Haotian boy, why are you so angry? Could it be that your Haotian Shenzong didn't go to any of our places?" Install a dark thread?"

God Lord Haotian said unceremoniously: "Old man, how many hidden threads have you planted in the Haotian God Realm, and how many things have you done beyond the scope?"

And heard the three words old things.

Everyone was also slightly taken aback.

The petite woman's expression suddenly darkened, and she said viciously: "Haotian boy, do you want to start a war?"

God Lord Haotian stared at the woman not to be outdone, and said with a sneer, "Why, let's start the war, do you think I will be afraid of you, an old bastard?"

Everyone knows that God Lord Haotian is a lunatic.

But.

But I didn't expect that the Lord Haotian would be so crazy today!

The two major god-level forces are at war, which is enough to change the pattern of the entire high-latitude realm!

at the same time.

will also bring a fatal blow to the entire latitude.

Even the woman was stunned for a moment.

Immediately wanted to say something harsh.

But the man with the sword said coldly: "Oh? So confident, it seems that the Lord Haotian has made a breakthrough?"

Heard the words.

Everyone locked their eyes on God Lord Haotian.

God Lord Haotian grinned.

A heart beating sound instantly resounded through the world!

Endless blood gushes out at this moment!

Even the sky is dyed red!

To know.

This is just a projection!

The expressions of the other six divine masters changed slightly when they saw this scene.

Obviously, this breath.

The Divine Master Haotian has reached the peak level of the Divine Master Realm!

Ben is an extremely difficult person.

Now the strength is one step higher.

The rise of Haotian Shenzong is probably unstoppable...

The woman's face is also full of dignity, you must know that she is only in the late stage of the God Master Realm.

It's time to fight.

Really won't be the opponent of God Lord Haotian!

Holy Lord Haotian sneered and said, "What? Do you want to start a war?"

The woman snorted coldly, and then the projection disappeared.

The rest of the gods also disappeared one after another.

The man with the sword in his hand took a deep look at God Lord Haotian, and said, "It seems that God Lord Haotian has had an adventure recently..."

God Master Haotian laughed loudly: "What does it have to do with you?"

You can't reveal the things about your seniors.

He swore an oath.

But after this incident.

God Lord Haotian's loyalty to Lu Changsheng has also gone a step further...

Chapter 872 Mysterious Mister (13)

After the meeting with the Lord God.

Other experts in the Divine Master Realm have started to investigate who the Divine Master Haotian has met these days, or where he has gone to get some kind of adventure.

after all.

reached their state.

If you want to improve further, unless you have an adventure, or an expert gives advice, it is impossible to make a breakthrough.

not to mention.

Holy Lord Haotian still focuses on body training.

It is even more difficult to improve compared to ordinary ascetics.

so.

This is why other strong divine masters think that it is impossible to rely on the divine master Haotian to break through.

the other side.

The news of the destruction of Hunyuan God Thunder Hall.

also quickly spread throughout the entire high-latitude boundary!

To know.

Hunyuan God Thunder Palace is the top existence among the first-class forces.

It used to be a god-level power!

This kind of extremely profound influence was destroyed, and the news naturally spread quickly.

One time.

Countless forces are amazed by it.

The person or force who can destroy the Thunder Palace of Hunyuan God can only be at the level of a divine master.

but.

It has never been heard that the Hunyuan God Thunder Hall has an enemy with any strong divine master.

A cloud of fog lingers in everyone's mind.

A little uneasy.

At the same time, those who are interested have discovered that since the heart of space was revealed, the wind direction in the high-latitude boundary seems to have begun to change...

An undercurrent is slowly surging.

It may erupt like a volcano at any time.

Only God Lord Haotian, the Golden Winged Roc clan, and Yaochi Immortal Palace know who the instigator of this incident is.

God Master Haotian was not surprised by this, after all, Senior Lu had told him before that he was going to destroy the Hunyuan God Thunder Palace.

It's just that they didn't expect to destroy the opponent so easily and in such a short period of time.

When Jin Wuwu heard the news, he smiled wryly.

Why is this scene so familiar?

Before in Mortal Village, the Dragon Palace of Beiming Town also ended up like this, right?

Fortunately, I didn't have any trouble with that senior, otherwise the Golden Winged Roc clan might not have a good end...

Ji Qian Yao and his party returned to Yaochi Immortal Palace.

The elders immediately informed the suzerain Ji Liuzhi that Ji Qian Yao liked Lu Changsheng and pursued him crazily.

Immediately.

The elders also said.

Ji Qian Yao is the saint of Yaochi Fairy Palace.

It really loses the image to act like this.

Ji Liuzhi understood part of Lu Changsheng's strength.

So for this matter.

Ji Liuzhi also coughed lightly, and said, "Let's let this matter take its course..."

Elder: "But! The future of the saintess is able to hit the realm of the gods! Although this child is talented and powerful, he can't just pick sesame seeds and lose watermelons!"

Ji Liuzhi smiled wryly in his heart.

If it goes according to what you said, then it is really picking up sesame seeds and losing watermelon...

At this time.

The news of the destruction of Hunyuan God Thunder Palace also came.

Heard the news.

Everyone was taken aback.

Immediately afterwards, Ji Qian Yao on the side laughed.

An elder saw this and couldn't help asking curiously: "Saint, why are you so happy about the destruction of the Thunder Palace of the Hunyuan God? Could it be that there was a grudge with the Thunder Palace of the Hunyuan God before?"

Ji Qian Yao shook her head with a smile, and said, "It's okay, I'm thinking about other things."

After getting along with these times.

Ji Qian Yao also gradually got to know some of Lu Changsheng's characters.

Simply summarize.

Obviously his strength is unfathomable, but he is too cautious!

so.

Ji Qian Yao understands that Lu Changsheng must not like other people knowing that his name exists.

He didn't want other people to stare at him.

So Ji Qian Yao naturally wouldn't tell about Lu Changsheng.

Only Ji Liuzhi looked helplessly at his disciple.

How could she not know what Ji Qian Yao was thinking?

Needless to say.

The destruction of the Thunder Hall of Hunyuan God is probably related to Senior Lu.

Immediately looked at the group of elders and said: "Okay, you don't have to worry about the matter of the saint, I will naturally watch it strictly, and you go and continue to investigate the traces of the heart of space."

The elders looked at each other when they saw this.

Then they all nodded and left.

Wait until the elders have left.

Ji Qian Yao suddenly looked at Ji Liuzhi with a solemn expression, and said, "Master, let's start."

Sounds like nonsense.

But Ji Liuzhi's expression changed slightly.

"It's too early for your strength..."

However, Ji Liuzhi couldn't help but sigh inwardly when he met Ji Qian Yao's firm eyes.

Sure enough.

What makes a person grow rapidly is not just war and fighting.

More love...

I don't know if this is good or bad.

But since things have happened, they naturally have their definite date.

Think here.

Ji Liuzhi asked: "Have you thought about it?"

Ji Qian Yao did not hesitate, nodded and said: "Thought it out."

"In this case, follow me to the ancestral land of Yaochi..."

...

the other side.

Lu Changsheng, Huang Qian and Liu Ziru have returned to the place where Mr. Mortal Village lives.

Mr. seems to have known that Lu Changsheng and the others will come back.

When the three entered the courtyard.

The tea table has been served tea with tea fragrance.

Mr. made a gesture of invitation, followed Lu Changsheng to his seat, and asked, "Destroy the Hunyuan God Thunder Palace?"

Lu Changsheng knew that he couldn't hide it from this old thing, so he simply nodded and said, "It's gone."

"Is it really necessary to be so cautious about some things?"

"After all, sometimes if you do things absolutely, it is very likely that you will also fall into a desperate situation."

Lu Changsheng took a sip of tea, and then said carelessly: "It's good to completely erase this possibility."

"This is the safest and safest way."

Heard the words.

Mr. shook his head with a smile and said, "You have your own ideas, and I can't interfere."

"I heard that you still have some disciples? What are you going to do next?"

"oh?"

Lu Changsheng put down his tea and looked at Huang Qian.

Huang Qian shook her head.

Then he glanced at Liu Ziru again.

Liu Ziru also shook his head hastily.

At this moment, Lu Changsheng turned his attention to Mr., and said, "Since no one told you, how did Mr. know?"

"Or, you investigated me?"

Mr. smiled and said: "You hide your clues so perfectly that even I can't do it."

"It's just that as long as you show up outside, there will always be some traces."

Lu Changsheng said with a sarcasm: "It seems that Mister did not abide by his own ideas and stick to Mortal Village, but Mister's own eyeliner is quite wide, and his hands are quite long?"

"You don't need to do this, I have no malice towards you."

Mr.        shook his head and said: "I just want to remind you that the catastrophe of the evil seal is just a small episode, and the things you will face afterwards are far from what this can compare with."

"Don't ask, there are many things that haven't been told to you yet."

Lu Changsheng rolled his eyes.

"Sure enough, the magic stick is still not pleasing."

Chapter 873 Where is Liu Ziru? Come get beaten! (twenty three)

In the courtyard.

Mr. is teaching the children in the village.

Liu Ziru left the mortal village and used the intelligence network of the dark domain to collect clues about the heart of space.

Huang Qian stood beside Lu Changsheng, and glanced at Lu Changsheng who was lying on the bamboo chair, basking in the sun, and pretending to sleep with his eyes closed.

asked involuntarily: "What should I do when I get the Heart of Space?"

Lu Changsheng thought for a while, and said: "At that time, according to the cultivation progress of those little bastards, they should be able to reach the fairyland."

"If someone hasn't reached the fairyland, then I can only use pills to get them up first."

Speaking of which.

Lu Changsheng slowly opened his eyes, looked at the boundless blue sky, and sighed: "These things have happened too frequently recently, I'm afraid we don't have much time left."

"We must go to the fairy world as soon as possible. One is to help Ye Qiubai Hongying and the others transform their fairy energy, and the other is to see if we can do some tricks on the seal of the passage to the fairy world..."

Since the strength of the mortal world is no match for the fairy world.

The Immortal Realm is extremely afraid of the Demon Realm.

That also represents.

The strength of the Demon Realm is probably somewhat stronger than that of the Immortal Realm.

I don't know if I can beat it...

After all, Lu Changsheng is now.

The understanding of one's own strength is limited to the mortal world.

Knowing that in this mortal world, no one is his opponent on the surface.

Well, it is not ruled out that there are some old monsters who are secretly cultivating.

Novels generally like to write like this...

Heard the worry in Lu Changsheng's tone.

Huang Qian soon understood what Lu Changsheng was worried about.

Can't help sighing softly, and said with a helpless smile: "You are fine, even if it is the fairy world, even if it is the second world of evil spirits, it is definitely not your opponent."

After listening to Huangqian's words.

Lu Changsheng couldn't help laughing and said, "You think highly of me."

Huang Qian replied without showing any weakness: "I believe in my own vision."

"Well, then you better not believe it."

Huangqian: "..."

Gritting his teeth, getting angry, wanting to hit someone, what about Liu Ziru, the sandbag!

Lu Changsheng, this steel bar!

...

At the moment.

In the mid-latitude boundary.

Ye Qiubai and other thatched cottage disciples can already say that in this latitude, those forces that can threaten them no longer dare to do anything to them.

on the contrary.

If Ye Qiubai asked for something.

All have to be provided with good food and drink.

the reason is simple.

Because of Lu Changsheng.

Although they couldn't spread the news about Lu Changsheng.

But it doesn't affect them to warn the people below them.

Don't provoke Ye Qiubai and the others.

If encountered.

If you can get acquainted, do your best to get acquainted, if you can't get acquainted, you can't be an enemy!

This order quickly spread among the top forces in the entire mid-latitude boundary.

Uninformed ascetics do not know why this order was issued.

but.

If violated.

Will be directly strangled by the people above!

Just talk about this point.

Ye Qiubai and the others are enough to run rampant in the mid-latitude boundary.

At the moment.

Shi Sheng is already in Absolute Soul City, absorbing all the power of that large star!  
its realm.

directly reached the middle stage of the fairyland!

after.

It is in accordance with the requirements of the master.

People who have not yet reached the fairyland, began to enter the retreat.

For example, Mu Wan'er.

However, since Mu Wan'er got the Pill Bible, her cultivation speed has also increased at an extremely terrifying speed.

Xiao Hei kept tempering his body with deep-sea monsters in the front part of the endless sea.

Xiao Hei can still deal with the deep sea beast in the front part.

It's just normal to be injured.

But this is what Xiao Hei wants to see.

At the very beginning.

Xiao Hei used the purest physical strength to fight the deep sea monsters.

Seriously injured several times!

However, after the thread was injured.

Xiaohei's blood of the demon \*\*\*\* can not only repair the body, but also enhance the strength of Xiaohei's body!

After dozens of times.

With Xiaohei's current strength, he has reached the level of the late stage of the fairyland!

I'm afraid that even a person at the peak of the fairyland is no longer Xiao Hei's opponent.

This kind of cultivation speed is not scary.

Hongying began to slowly move the Yunhuang Empire to the mid-latitude boundary.

With the secret help of various forces.

The Yunhuang Empire soon gained a foothold in the mid-latitude boundary!

Ning Chenxin is preaching in the realm where the Yunhuang Empire is located.

Both of them are using this method to quickly improve their own strength.

What about Ye Qiubai?

All day long, I will practice against those sword celestial masters in the fairyland.

For example, Huo Zhengheng.

For example, the sword guard elder of Tianjian Peak.

Another example is Zeng Jiyuan and Lai Qingyun.

They all became Ye Qiubai's training partner...

This also allowed Ye Qiubai's kendo realm and cultivation realm to climb steadily and rapidly.

Mu Fusheng plunged headlong into the Tibetan Talisman Pavilion of the Holy Talisman Sect.

It can be said.

The owner of thatched cottage.

Strength is improving rapidly!

this day.

The place where the Yunhuang Empire is located.

Caotang brothers gather here.

Mu Wan'er has also left the customs now, and has reached the early stage of the fairyland.

"Well, it seems that they have met the requirements of the master." Ye Qiubai looked at everyone and nodded with a smile.

Hongying said with a smile: "Then we will improve our strength here now and wait for Master to come."

Xiao Hei did not speak at the side.

seemed a little silent.

Everyone saw Xiao Hei's emotions and looked at each other in blank dismay.

Ye Qiubai asked, "Xiao Hei, what happened?"

Hearing this, Xiao Hei shook his head and said, "It's okay, I was just wondering where the Kunlun Ruins are located."

Kunlun Market is the information obtained at the information auction of the Tianjin Chamber of Commerce.

It is said that there is a way to break through the shackles of the fairyland and reach the realm of the gods.

but.

Xiao Hei obviously didn't care about this.

Rather.

There is a piece of soul in Kunlun Ruins!

He needs to get that piece of soul fragment, so that he can know more things and improve his strength!

after all.

Demon King Domain has already noticed his existence.

Now it's good in the mid-latitude boundary, and the opponent can't make a blatant shot.

But what about entering the high-latitude boundary?

Got there.

I'm afraid there won't be so much time for him to improve his strength with peace of mind.

certainly.

Xiao Hei ruled out the situation of not asking Master for help.

If you need to ask Master for anything.

Then what kind of Taoism do you still cultivate?

The master leads the door, and the practice depends on the individual.

not to mention.

At that time, due to the matter of the Demon King's Domain, it may still drag down the senior brothers and sisters...

Besides, Shi Sheng suddenly said: "You can ask Miss Zishan to see what she knows."

Hear Shi Sheng's words.

Hongying joked and said, "It seems that the younger brother has improved and knows how to create conditions for meeting."

Shi Sheng's face turned red.

and aside.

Mu Fusheng reminded: "Nine times out of ten, the Kunlun Ruins are deep in the endless sea. With our strength, I'm afraid we won't be able to break in..."

Chapter 874 Undead Soul Palace (33)

Tianjin Chamber of Commerce.

Zishan flipped through the information and said, "According to your authority in the Tianjin Chamber of Commerce, all our information can be given to you."

"It's just that only the Kunlun Ruins and the depths of the endless sea area, even the Tianjin Chamber of Commerce, have very little information."

"It can be said that there are almost none."

Shi Sheng asked doubtfully: "With the strength of the Tianjin Chamber of Commerce, can't you enter it?"

After all, the Tianjin Chamber of Commerce is a force in the high-latitude realm.

In the mid-latitude boundary, there is generally no place that cannot be visited.

After hearing this, Zishan said with a solemn face: "I don't know about this either. It's just that the headquarters has explained that other places can search for information, but only the depths of the endless sea are not allowed for our people to set foot."

After hearing what Zi Shan said.

Ye Qiubai and the others looked at each other.

It seems.

The depths of this endless sea are not simple anymore.

Ragnarok, Kunlun Ruins.

Perhaps there are many secrets hidden in the ancient battlefield of the Endless Sea, which even the Tianjin Chamber of Commerce cannot find.

Heard here.

Shi Sheng said with a smile: "Thank you Zishan girl, then we will go first."

Just finished speaking.

Mu Fusheng immediately said: "Hey, hey, what are you going to do? If we want to go, we are going to go. We still have to practice. Brother Shi Sheng, you should take a break for a while. You have to relax after practicing for so long."

Then he looked at Zi Shan.

"Girl Zishan, do you think so?"

Zi Shan was taken aback for a moment, and then he couldn't help covering his mouth and chuckling: "That's the reason, if you relax properly, it will be easier to break through."

Mu Fusheng immediately echoed: "That's right, so you rest here, senior brother, and we'll leave first."

Immediately.

Leaving here together with Ye Qiubai Hongying and others.

Only Shi Sheng was left with a confused face.

Why do you need to rest after practicing for too long?

Is there such a saying?

Zi Shan looked at Shi Sheng who was at a loss, couldn't help laughing, and said, "Well, I'll take you to the chamber of commerce to see if there is anything you want, and I can give you one as a gift."

Shi Sheng: "..."

Why does it feel so wrong?

...

High latitude boundaries.

Another seven days passed.

When the god-level forces are secretly looking for clues to the heart of space.

He was looking for the reason for the breakthrough of God Lord Haotian.

But.

The only thing that made them suspicious.

or is possible.

It was the time of Haotian Banquet.

But.

The strongest forces participating in the Haotian Banquet are only first-rate forces, right?

How could it be possible to help a powerhouse of the level of God Lord Haotian?

It's just that the god-level forces are the strongest forces in the high-latitude realm.

Naturally, there are smart people.

soon.

They found out.

During the Haotian Banquet.

There is an unknown force that has conflicted with the Thunder Hall of Hunyuan God.

Then after entering Haotian God Realm.

Even killed several elders and suzerain disciples of Hunyuan God Thunder Hall!

Then.

It was the Hunyuan God Thunder Palace that was destroyed.

Among them, if there is no slightest connection.

That would be too strange.

Nothing more.

When they followed the aura of Huang Qian, Lu Changsheng and Liu Zirui, they were looking for the same aura in the Thunder Hall of Hunyuan God.

But there is no discovery at all!

It seems that the breath has been wiped away...

Although no clues can be found.

but.

There are already god-level forces that have set their sights on Lu Changsheng, Huang Qian, and Liu Zirui.

after all.

The strength shown by Lu Changsheng and Huang Qian in Haotian Banquet.

According to the guess, if it is correct, it means suppressing the realm...

Only this guess is feasible.

...

at the same time.

Oversee the Temple.

To monitor the existence of high-latitude boundaries and even mid-latitude boundaries.

The strength of the Supervising Temple will not be weaker than that of the God Lord, and even to a certain extent, it will be stronger.

Just monitor the Temple and will not participate in the battle.

"Do you want to pay attention to the heart of space?"

At this moment, an old man in the hall asked.

Another old man shook his head: "No need, the heart of space doesn't have a very substantial effect on us."

"Moreover, once participating in the competition, the Overseer Temple will also break the open and neutral position."

Another person also agreed: "That's right, what's more, the top priority is the endless sea, hurry up and continue sending people down."

"Understood."

...

Palace of the Dead Souls.

In a huge dark room.

There is not much aura here.

On the contrary, the content of soul power is extremely high.

Even, it can be seen with the naked eye.

In this huge room, there are strands of souls floating around in mid-air.

Screaming sound from time to time.

And in front of the room, there is a black skull chair.

On the chair, a tall figure was half hidden in the darkness.

A gloomy male voice came out.

"Did you find it?"

If Lu Changsheng was here, he might be able to recognize who made this voice.

In the endless sea, the master behind the so-called Absolute Soul City!

Below.

An old man kneeling on the ground said with a trembling voice, "Soul Master, I haven't found out that Yaochi Immortal Palace has intersected with any force during this period."

Yaochi Immortal Palace does not accept male disciples.

So the soul master didn't let people look for clues about Lu Changsheng in the fairy palace in Yaochi.

Hear what the old man said.

The soul master frowned.

It seems that he felt the emotional fluctuations of the soul master.

The surrounding souls let out screams that pierced the eardrums!

The old man covered his ears even more, with a painful expression on his face!

But.

Even if he covered his ears, the screaming sound that penetrated into his soul was eroding his spirit!

The soul master leaned forward, with a low voice, as if he was suppressing endless killing intent, and said word by word: "I'll give you another chance, hurry up and find out the whereabouts and information of this person, if you still haven't got anything, let your Soul, wander in this room forever..."

Hear the words of the soul master.

The old man's body trembled, his pupils shrank suddenly, and he was extremely frightened!

Immediately smashed his head on the ground, and promised loudly: "I will definitely find the whereabouts of the other party, and I hope the soul master will wait for the news!"

The soul master waved his hand and said: "Go down, let the second elder come in by the way."

The old man left the room with a sigh of relief.

Wait until the second elder returns.

The soul master asked: "Does the heart of space have any clues?"

The second elder shook his head.

The soul master frowned and said: "This heart of space is of great use to our Soul Palace of the Dead, and it must be taken. Even if the god-level forces secretly fight for it, they cannot give in at all."

"So the information must be known in advance, at all costs, understand?"

The second elder nodded.

Chapter 875 Zudiyu!

Another three days passed.

Just when Lu Changsheng was getting impatient and wanted to go back to the Longevity Realm first.

Liu Ziru finally brought news.

Mortal Village.

Mr.'s courtyard.

Lu Changsheng was drinking tea with his husband.

Huang Qian was practicing beside her.

Liu Ziru walked to Lu Changsheng's side, and glanced at Mr., with some hesitation in his eyes.

Mr. saw this, but smiled lightly, and said: "I asked Fellow Daoist Lu to come here for the Heart of Space. Do you think that if I really wanted to win the Heart of Space, I would make such a fuss?"

Lu Changsheng also pretended to be unhappy, glanced at Liu Ziru, and said in a muffled voice, "Did you hear that? Why are you so stingy? You have to hide it."

Liu Ziru's face was dull.

"???"

What the hell? !

Isn't this your usual style?

Such important information, shouldn't you be more cautious and don't let a third party know?

If it is normal, don't you always teach your disciples to do that?

How come now, when it comes to me, I am so stingy?

After saying this, Liu Ziru instantly felt that she was not a human being inside and out...

"Cough cough." Lu Changsheng covered his mouth and coughed lightly, and then asked, "Okay, do you have a clue for the Heart of Space?"

Liu Ziru nodded and said: "I used the intelligence network in the dark domain to get the news, and I was definitely the first to hear the news."

"The heart of space has appeared in the Vault of Heaven."

Zu Diyu?

Lu Changsheng was full of doubts.

Huang Qian's face was slightly solemn.

Mr. explained: "The Zudi domain was the strongest domain in the high latitude domain in ancient times."

"At that time, the strongest forces in the high latitudes, as well as the most powerful people at the peak, all gathered in the Ancestral Emperor's Domain, but because of a battle of extinction, the strong fell and the inheritance was lost."

"At the same time, the aura of the Ancestral Emperor's Domain, as well as the resources of the various secret realms, disappeared in that battle, causing the current Ancestral Emperor's Domain to be a barren land."

"However, it is still called the Zudiyu because it pays homage to the past glory of the Zudiyu and the splendid monastic culture."

Speaking of which.

Mr. felt a little dignified in his heart.

It shouldn't be a coincidence that the Heart of Space appeared in the Ancestral Emperor's Domain...

Could it be that this is also a signal of the coming of the great world?

I'm afraid it's not easy...

Of course, the husband did not say these words to Lu Changsheng.

But Lu Changsheng heard Mr.'s explanation, after pondering for a while, he said: "Is there no specific location?"

Liu Ziru shook his head.

"In this case, let's go directly, and seize the opportunity first."

Liu Ziru froze for a moment, and asked, "Aren't you going to prepare any more?"

Suizhi Lu Changsheng directly threw a space kit to Liu Ziru.

Liu Ziru was puzzled, and his senses penetrated into it for a look, and he was suddenly dumbfounded...

All of them are formation scrolls.

Fu seal.

Elixir.

Pile up in it like a mountain...

Immediately afterwards, Lu Changsheng took out two more, threw one to Huang Qian, and hung the other on his waist.

"How could it be possible not to prepare? I've been idle here for so many days. I accidentally did a little more, but it should be enough."

Liu Ziru: "..."

Looking at Liu Ziru's horrified expression.

Lu Changsheng frowned and asked, "Why, it's not enough? If it's not enough, I'll get some more?"  
alley...

Things that other people have spent years, decades, or even hundreds of years may not be able to refine.

When I arrived at Lu Changsheng's place, I used the word "Nong"...

Why does it sound so casual?

Liu Ziru hurriedly waved his hands and said, "No, no, that's enough senior, if there are more, I'm afraid Zudiyu will be blown up by you directly..."

"Such an exaggeration?" Lu Changsheng curled his lips and said, "Then it seems that the Ancestral Emperor's Domain is not too bad."

Liu Ziru: "..."

Huangqian: "..."

You really don't know how shocking the things you make are, do you...

Even the husband couldn't help shaking his head helplessly.

Such a powerful yet cautious person.

Even for a man with such extensive knowledge, Mr., this is the first time he has seen...

...

Of course, the first batch of people who got the information was not only the dark domain.

The major god-level forces also got the news at the same time.

Those first-class forces only heard the news about the Heart of Space through channels half a day later.

During these dozens of days.

All major forces are desperately looking for clues to the Heart of Space.

Now the Heart of Space finally appears.

The major forces have also begun to integrate their teams and march towards the Ancestral Emperor's Domain!

The undercurrent hidden under the major forces in the high-latitude boundary.

Now it is finally time to erupt.

Haotian Shenzong.

Holy Lord Haotian looked at the elite of the sect in front of him, and said in a deep voice: "Although the strong divine master can't directly enter the arena to rob, but he didn't ask the people in the sect to compete."

"I don't ask you to win the Heart of Space, but you must prevent people from other god-level forces from getting the Heart of Space!"

If other god-level forces get the heart of space.

Then for the sect as a whole, there will be a considerable improvement in strength.

Of course this is not what God Lord Haotian wants to see.

Presumably other gods have the same idea.

"Of course, if you meet this person at that time, you must do your best to help him win the heart of space, understand?"

Speaking of which.

Holy Lord Haotian imprinted Lu Changsheng's appearance into the sea of consciousness of all the strong men.

Heard the words.

Everyone nodded their heads.

But they are also guessing about Lu Changsheng's identity.

I don't know why, Haotian God mainly helps an outsider so relentlessly...

Only Ding Wei vaguely knew about it...

...

Yaochi Fairy Palace.

Ji Liuzhi looked at Ji Qian Yao in front of him.

"Well, the Divine King Realm can be recognized by Yaochi's mentality and activate the blood. It is not an exaggeration to say that you are the first person in the history of Yaochi Immortal Palace."

Ji Qian Yao today.

Although at first glance there is no difference.

However, if you feel it seriously.

You can feel that Ji Qian Yao's breath is more restrained.

And that introverted breath is like a vast ocean.

It is like a deep and dense forest.

Full-bodied, dense.

Generous, mysterious.

The realm has also reached the peak of the God King Realm!

Ji Qian Yao nodded and said, "Thank you, Master."

Ji Liuzhi said: "The heart of space has already appeared in Zudiyu, are you going?"

Speaking of this, Ji Liuzhi shook his head again, and said with a light smile: "I think you will definitely go too."

Because the heart of space is also Lu Changsheng's goal.

Lu Changsheng will definitely go.

Ji Qian Yao smiled and said: "Of course I will, but if Senior Lu needs the Heart of Space..."

Ji Liuzhi interrupted: "I know what you think, help him take it down, after all, even such a precious thing as the Primordial Purple Qi was given to you."

"Just take it as a gift in return."

But I still sighed in my heart.

well.

The elbow turned out so quickly, it's worth it...

#### [Chapter 876: Lu Changsheng started playing tricks](#)

Zudi domain.

The three of Lu Changsheng were naturally the first to come here.

When I came here.

Huang Qian said: "There are many spies around."

Don't even think about it.

It must be the advance team sent by other god-level forces.

Lu Changsheng looked at Liu Ziru quietly, and said, "Didn't you say that the Dark Realm was the first to know about it?"

Liu Ziru rolled her eyes, and said helplessly, "Boss, I'm talking about the first batch of information obtained through the dark domain's intelligence network, and the dark domain will naturally use this news to fight with those god-level masters who are eyeing the heart of space. Forces make deals."

"This kind of good business, how could the dark domain not do it."

Now, what is the most eye-catching thing about the high-latitude boundary?

Nature is the heart of space.

Then, the dark domain got this information.

will definitely make a deal with the god-level forces.

Get great benefits.

The benefits that can be obtained from the god-level forces are certainly not too light.

"What's more, this news was told to you for free, Senior Lu, isn't that enough?"

Lu Changsheng said in a strange way: "That's right, that guy Dong Yi told you, right? Although he didn't ask for compensation on the surface, it's actually like I owe a favor to the Dark Realm?"

"Isn't this more difficult to repay than those ostensible rewards?"

Liu Ziru scratched his head embarrassingly, and said: "After all, the information on the Heart of Space is too precious. I have no choice but to do this to the Dark Lord. After all, I am just a soldier under the Dark Lord."

"Borrowing the intelligence network of the dark domain to inquire about the heart of space, how can it be possible not to be known by the dark master?"

Lu Changsheng waved his hand impatiently and said: "Come on, don't be poor, hide your breath, and investigate before the opponent's main force arrives."

Liu Ziru nodded.

He took Lu Changsheng and Huang Qian towards the place where the breath of the heart of space was discovered.

In the domain of the ancestors.

The three of them flew quickly in the sky.

Surroundings are covered by wisps of yellow sand and dust.

If it is an ordinary person, I am afraid that at a glance, the line of sight will not exceed two meters!

Where it comes into view, there is a piece of yellow.

Bow your head, as the gentleman said.

Today's Zudiyu is barren.

The ground was cracked and covered by dust. Under the gusts of wind, yellow sand kept floating into the air.

besides.

There is no embellishment of other colors.

It's hard to imagine how big the battle that took place in Zudiyu at that time was, and it reached such a devastating level...

Even spiritual energy is extremely thin in this Ancestral Emperor Domain, almost none!

Arguably, if a conflict is initiated here.

Paying attention to the consumption of spiritual energy in the body is also an extremely critical part.

certainly.

Lu Changsheng Huangqian and Liu Ziru don't have to worry about this problem.

Needless to say, Lu Changsheng, the aura in his body seemed inexhaustible.

Huangqian has the special ability of Nirvana Fire.

At the same time, like Liu Ziru, he has the elixir given by Lu Changsheng.

It's like a small mountain, with hundreds of thousands of pills, you can spend a few years here with all your strength...

When the position is reached.

Liu Ziruo said: "At that time, the people from the Dark Realm were discovered here."

Lu Changsheng nodded.

Close your eyes slightly.

ton time.

Around Lu Changsheng, the space slowly became distorted!

Immediately.

Wisps of the power of the Dao of Space penetrated into the surrounding space like a little snake.  
soon.

Lu Changsheng opened his eyes, and said: "It seems that the heart of space is quite cunning."

Hearing Lu Changsheng's words, Huang Qian frowned and said: "You mean, the heart of space has its own consciousness?"

"How can a fetish that has reached this level not have its own consciousness?"

Lu Changsheng replied: "It seems that in order to prevent the powerhouse who is proficient in the principles of space from probing, the heart of space directly scattered its own breath to various places in the space of the Zudi domain."

"And the breath of the heart of space in these places is the same. Even if I am, I will definitely not be able to discover my real body in a short time."

"Of course, these auras are also extremely hidden. If you are not proficient in the principles of space, it is difficult to find, but it does not rule out the existence of such people in other forces..."

Liu Ziruo hurriedly asked: "Then what should I do?"

"It is estimated that after a while, people from the God Lord level will arrive."

Lu Changsheng thought for a while, then said with a smile: "In that case, then give them a big gift first."

Big gift?

Looking at the smirk on Lu Changsheng's face.

Huangqian and Liu Ziruo began to feel sorry for those forces...

Normally, Lu Changsheng showed such a smile.

That means he is going to play tricks...

...

Sure enough.

But how long.

Lu Changsheng used his own power of spatial principles.

In the eighteen places of Zudiyu, there are powerful auras of space power!

After all, they have never seen the heart of space.

Then I definitely don't know what kind of breath the heart of space should have, what it should look like.

Just let that place be filled with huge power of space.

Then it's easy.

Lu Changsheng poured incomparably huge power of space into these eighteen spaces.

This power of space, alone, shocked Huang Qian and Liu Zirui!

not to mention.

Eighteen of them were planted one after another!

These eighteen places are all distributed in various places in Zudiyu.

Every place is far apart.

In this way, it can delay the other party's time.

Give Lu Changsheng time to find the heart of space.

Of course, it would be great if Lu Changsheng could directly take the Heart of Space away...

Do it all.

It just took a stick of time.

Lu Changsheng clapped his hands, exhaled and said, "I'm so tired."

Huangqian and Liu Zirui looked at Lu Changsheng's energetic and ruddy face.

Even the breathing is extremely stable.

How can you look a little tired?

However, I was even more shocked when I felt the eighteen places where the power of space exploded wantonly.

How much strength is still not exposed...

"okay."

Lu Changsheng looked at Huang Qian and Liu Zirui, and said, "Take out the breath-blocking array and defensive talisman in the kit, and help me look around."

After finishing speaking, he found a place to sit cross-legged on his own.

Using the power of space, he began to explore the space atmosphere in the Ancestral Emperor's Domain, and found out which one was different.

Huang Qian and Liu Ziru followed suit.

But look at the strength of the breath-blocking array and defensive talisman.

Liu Ziru became speechless again...

"No, after using this thing, is it still necessary for us to guard?"

Huangqian chuckled, covering the surroundings with her perception quietly, and said: "Okay, don't complain, since he said so, just do it, otherwise with his character, I'm afraid he won't feel at ease."

Liu Ziru sighed helplessly.

If only I had such a strong strength.

has long dominated all latitudes.

Senior Lu really wasted his strength...

Chapter 877 The Seven Great Lord-level Powers!

Another hour passed.

The main forces of the seven great god-level forces also came to the Zudi domain one after another.  
in.

Ding Wei led the team of Haotian Shenzong, looked at the dark surroundings, and couldn't help but sneered: "It's quite willing to send so many people."

Around.

Presumably they are the people sent by the other six god-level forces.

Although it is said that the strong in the God Master Realm cannot make a move, it does not mean that they cannot send elites to compete for the heart of space, right?

"There is no need for anyone to ridicule anyone, they are all here for the heart of space, it all depends on their own abilities."

A man with a sword on his waist said calmly.

"Fu Yun, it won't be of much use to you Hunyuan Sword Sect to take the Heart of Space, right?" On the side of Yin Yang Shenzong, Qiu Shenfu, who looked extremely feminine, said with a coquettish smile, "Why don't you quit?"

A man with a gun in the Temple of the Sky Temple, Ji Runqiu said coldly: "Qiu Shenpu, if you don't shut up, I'll stab your mouth right through."

Qiu Shenpu snorted arrogantly, and said with a gloomy face: "Ji Runqiu, do you think I'm afraid you won't succeed?"

"All right, all right."

Xia Yuanpeng of the Eight Desolation Divine Sect spread his hands and said: "If you want to fight, please stay away from Zudiyu, so as not to hinder us."

Chunyang Tianhuogu, Hu Sheng grinned: "It's just right, you go to settle your personal grudges, and it's okay to lose two competitors."

Si Genshen of Futian Shenzong remained silent and did not participate.

That's it.

The seven major forces in the high-latitude boundary have all descended!

Haotian Shenzong.

Hunyuan Jianzong.

Yin Yang Shenzong.

Temple of the Sky.

Eight Desolation Shenzong.

Chunyang Tianhuo Valley.

Overwhelming God Sect.

are all forces that resound throughout the entire high-latitude boundary and stand at its peak.

At this time.

Fu Yun of Hunyuan Sword Sect said: "Everyone, we have seven major forces here, but only one Space Heart, how should we distribute it?"

The people in Chunyang Tianhuogu have extremely strong personalities, only to hear Hu Sheng snort angrily: "Distribution? Whoever gets it will get it, so there's no need to discuss it hypocritically here?"

"I think so too."

Ding Wei ignored them, but directly led people into the Ancestral Emperor's Domain.

For their Haotian Shenzong, the heart of space is not for themselves, but to help Lu Changsheng get it.

The people who saw Haotian Shenzong have already started to act.

The remaining six major forces also brought their experts proficient in the principles of space to perceive the location of the heart of space.

But.

No matter which side the power of the space law is strong, after the perception, they are all stunned.

because.

They all found in this Ancestor Emperor Domain.

It is actually a place with 18 extremely powerful spatial powers!

And in the Zudi domain.

Everything is silent, even the aura is extremely thin.

How could there be such an unprecedented space power appearing on weekdays?

But...

Aren't there too many places and quantities where the power of space appears?

Isn't there only one Heart of Space?

All the strong men who are proficient in the principles of space told the leaders of their forces what they discovered.

After the team leader heard about it.

All of them have solemn faces.

According to the intelligence, this situation will not happen...

But.

For them, there is no other way.

You can only search one by one towards the place where the power of space surges.

The scope of the Zudi domain is extremely wide.

To fully explore these eighteen places.

I'm afraid it will take a lot of time.

When these forces came to the first place respectively.

Then I was pleasantly surprised to find out.

The strength of this space force is too huge!

Even the experts who are proficient in the principles of space said solemnly: "Among the experts I know who practice the principles of space, there is no one who can reach this level."

"This can only be done by the heart of space."

Every one of the space dao masters among the seven great god-level forces said so.

It also makes them feel complacent.

I think that I just chose a place at random, and I found the correct location of the heart of space.

The leader of the seven major forces said: "It seems that we are lucky, the heart of space is destined to belong to our sect!"

The voice fell.

are all the hearts that start to go through the space and are ready to search for the space.

A weird scene happened...

in.

Empty piece...

Let them find it.

Can't find any clues!

The continuously spewing power of space is like being released out of thin air, without any medium!

After searching for a long time.

Those first-class forces also came to the Ancestral Emperor Domain one after another.

None found anything...

At this time.

They just know.

be cheated...

"To be able to achieve this level, I am afraid that someone who practiced the principles of space arrived here first, and used this as a cover-up to delay our time."

"There is no medium, it is for people."

People with God-level forces are not stupid.

Although it took some time.

But I also saw the pitfalls.

"Who is it, even we dare to lie..."

"However, if it is really man-made, the eighteen illusions, although they are illusions, the majestic power of space is real. To what extent is this person proficient in the principles of space?"

Just when they were looking for it.

Sudden.

It is above the center of Zudiyu.

A huge spatial fluctuation appears!

The sky covered with yellow sand in Zudiyu was also like a shattered mirror at this moment, constantly shattering in all directions!

All major forces watched this scene in horror.  
this moment.

The sky of Zudiyu.

It seems to be falling apart...

The breath of endless space, the cracks in the sky, are constantly emitting.  
but.

Horror to horror.

The major forces also responded quickly.

This is probably the real heart of space...

All the forces in the Ancestral Emperor's Domain are also rushing towards the center!

...

At the moment.

At the center of Zudiyu.

Lu Changsheng looked at the shattered sky dumbfounded.

Beside Liu Ziruo asked: "Senior, have you found the heart of space?"

Lu Changsheng nodded, cursing and saying: "This spatial heart is really cunning. When I found this thing, I couldn't escape. It deliberately released its power, shattered the sky, and provoked everyone else!"

Think here.

Lu Changsheng just wanted to jump and scold his mother.

He could have taken the Heart of Space and left without making a sound.

The so-called god-level forces and other first-class forces were unable to react.

As a result, there has been such a big mess now.

caused such a big commotion.

This spatial heart really lacks Lao De!

"Then what should we do now?" Huang Qian looked at Lu Changsheng.

Lu Changsheng said helplessly: "What else can I do? Isn't this group of people already here?"

"I have to let them go to die first, we will see the needle."

As soon as the voice fell, countless breaths came to this place...

## Chapter 878 The Heart of Space

At the moment.

Above the Ancestral Emperor Domain.

The sky shattered, and the clouds were split into pieces.

hard to imagine.

Such a majestic power of space can bring such a violent and destructive aura.

The center of the Zudi domain.

The major forces have come here one after another.

Whether it is the main force of the seven great god-level forces where Haotian Shenzong belongs.

It is still the first-class forces such as Yaochi Immortal Palace and the Golden Winged Roc Clan.

One time.

Before all the forces had time to talk about the past, they were attracted by the broken sky of Zudiyu.

Everyone's face was dignified and excited.

Only the Heart of Space can do this step...

"As expected of the heart of space, it is able to release such a huge power of space..."

On one side, a strong man at the peak of the God Emperor Realm stared at the constantly shattering sky and murmured: "If you can get this kind of fetish, I'm afraid..."

"Heh, you also want to get the heart of space?"

One of the strong men of the first-class force pointed to the few people in front, and said: "These god-level forces have sent people here, how can we have our share?"

"Even if you get it, don't you obediently hand it over to the other party? Could it be that you still have the ability to fight against it?"

"What's more...I'm afraid there are many first-class forces here who are running dogs of those god-level forces..."

This remark just came out.

In front of the crowd.

A tall man in a black robe walked forward, came to the back of a man who looked extremely feminine, and said respectfully: "Senior Qiu."

Everyone cast their eyes on the past.

Immediately, their eyes narrowed slightly.

The tall man in black robe, and the ascetics behind him, were surrounded by monstrous demonic energy!

And in this entire high-latitude boundary.

Only one side has this characteristic.

That is the domain of the Demon King.

"It has long been heard that people from the Demon King Domain have colluded with the Yin-Yang Sect. It seems that the rumors are true."

Gold-winged roc clan, Jin Wuwu sneered among them: "It seems that the Yin-Yang Sect was also involved in the battle in the Demon King's Realm."

Yin Yang Shenzong?

Demon King Domain?

Both Huang Qian and Liu Zirui couldn't help looking at Lu Changsheng.

Lu Changsheng's face was indifferent and calm.

"Don't worry about other things now, let Xiao Hei solve the hatred of the Demon King Domain by himself."

At the same time, this is also Xiao Hei's own idea.

Huangqian and Liu Zirui nodded upon hearing this.

the other side.

Qiu Shenpu turned his head slightly, frowned and said, "Mo Ge, are you the only one here? Where are Mo Ji and Mo Li?"

Mo Ge laughed and said: "Senior, you also know what happened in the Demon King's Domain recently. The Demon Master and Mo Li are discussing how to do this matter."

Hear here.

Qiu Shenpu sneered and said: "Are you so afraid of that person? Even if he makes a comeback, how can he be my opponent?"

"However, the people you sent down were all wiped out by the people in the mid-latitude realm?"

Hearing this, Mo Ge said solemnly: "That's right, if the other party is really an aborigine in a wild place like the mid-latitude realm, it stands to reason that he would not have the strength to wipe out all the elites sent by our Demon King's Realm."

To know.

All those sent down are God King Realm powerhouses!

Although in the high-latitude realm, the God King Realm does not represent anything.

But in the mid-latitude boundary, even just one person is enough to sweep away.

"I'm afraid other forces have made a move." Qiu Shenpu nodded slightly: "Don't worry, Your Excellency the God Lord also attaches great importance to this matter, and the other party must also go to the high-latitude realm. After obtaining the heart of space, they will naturally discuss it. countermeasures."

Mo Ge was overjoyed after hearing this.

If the Yin-Yang Shenzong took the initiative to enter the game, then the opponent would definitely have no way out!

At this time.

Qiu Shenpu suddenly frowned and looked towards Ding Wei in the direction of Haotian Shenzong, only to see that Ding Wei didn't pay attention to the sky above, but was looking around, as if he was looking for something.

The same one is Ji Qian Yao from Yaochi Immortal Palace.

Both of them were looking for the trace of Changsheng Lu.

And at this very moment.

Above the Ancestral Emperor Domain.

The sky is completely shattered!

A large piece of empty space, like a black hole, is revealed in the eyes of the powerful.

And in the depths of the void space filled with darkness, there is an extremely dazzling and bright star.

sprinkled endless starlight.

Just if you look closely.

It can be found that the endless starlight seems to be composed of the power of violent space!

Where it falls, it can form a huge space storm!

Sweeping through this empty space.

obviously.

The bright star in the depths of the void space is probably the heart of space that everyone dreams of.

At this time.

Some forces couldn't bear it anymore, and sent people to rush towards the empty space above.

but.

The god-level forces did not move, but only ordered to their vassal forces: "You also follow."

Some vassal forces looked gloomy after hearing this, but they had to do it.

After all, they are protected by these god-level forces.

If you don't obey the order, let alone revoke your asylum, I'm afraid your status will plummet!

This will undoubtedly fall into a great crisis for a force.

certainly.

Demon King Domain is no exception.

Although Mo Ge said he was unwilling, he could only order his subordinates to rush towards the empty space above.

only...

Since the heart of space has such a powerful power and function.

How can it be obtained so easily?

The moment when those strong men rushed into the void space.

Originally, it looked like a very peaceful space.

But at this moment, it looks like a prehistoric beast that has been awakened!

opened his \*\*\*\* mouth towards these people!

The space storm that can destroy most of the world is sweeping towards these strong men who dare to step into the void space!

Boom!

Just moments.

There were two ascetics who were slightly lower in realm, and those ascetics who didn't react were swallowed by this space storm.

Neither the body nor the soul can survive for a moment!

Many strong men watched this scene with serious eyes.

This space storm.

Even ordinary God Emperor Realm powerhouses may not be able to bear it...

"However... there seems to be a gap in the space storm."

"It's just that you still need to apply."

Those god-level forces judged this result.

So let more people go in to act as cannon fodder.

...

Another inconspicuous place.

Lu Changsheng watched this scene speechlessly.

It could have been taken away, but when this group of people was still searching for the false address he arranged, they left here quietly.

But I don't want to.

The heart of this space is still secretly playing tricks.

He just made such a big commotion that it attracted everyone else.

But fortunately...

Lu Changsheng lowered his head, chuckled lightly and said, "Fortunately, my buddy has a better skill..."

Arranged eighteen places where the power of space explodes, is it only for the purpose of confusing the real?

#### [Chapter 879: Follow up!](#)

In the empty space.

The space storm is like annihilation, galloping in space!

Countless ascetics entered it like moths to a flame.

Some ascetics want to try their luck and seize the opportunity to win the heart of space and occupy a seat in this high-latitude boundary.

And some forces.

It is entirely because it is an affiliation of the Seven Great God Master-level forces.

Under their demands and orders, they had no choice but to send people into the void space to test.

The leaders of these forces can only dare not speak out.

After all, they are protected by these god-level forces, and some resources can only be enjoyed by god-level forces.

Although they just drink soup, these still have a good improvement for these first-class forces.

But.

Since it is a subsidiary, since it is parasitic under these god-level forces.

While enjoying the shade of its big tree, you also have to bear the price of being crazily absorbed by this big tree!

but.

After this trial.

These forces finally figured out the course of action of the space storm, and... passed the plan.

Hunyuan Jianzong side.

Fu Yun folded his hands on his chest, his expression was cold, his eyes were like a sword, piercing through the flaws in it.

"It seems that this empty space is not as difficult to break through as imagined."

"Why, why don't you try it first?" Qiu Shenpu of the Yin Yang Sect said with a coquettish smile, "Let me also see how far your sword in the cloud has reached."

Heard the words.

Fu Yun glanced at the past, and said calmly: "I will see you, but then it will be your death."

"you!"

Qiu Shenpu snorted coldly: "Do people from the Hunyuan Sword Sect only use their tongues? Since you don't want to do it, then just watch my Yin Yang Sect take the heart of this space obediently here!"

The voice fell.

Qiu Shenpu paused.

With an extremely light posture, it's like floating into that empty space!

"How can you, who is neither male nor female, take the lead?"

On the side of the Temple of the Sky, Ji Runqiu let out a cold snort and bent his knees slightly.

With a space explosion!

Ji Runqiu pierced through the void like a spear that pierced the sky, and jumped up!

The rest of the major groups naturally dare not show weakness!

One time.

Almost all the powerhouses in the God Emperor Realm or above rushed towards the void space!

But at this moment.

Over everyone.

The entrance to the void space.

A small tower appeared out of thin air.

in.

Surrounded by countless souls!

Two figures emerged from the small tower.

Immediately, instead of observing those dazed ascetics, they rushed straight up!

The elders of the Golden Winged Roc clan had an ugly face and said, "Undead Soul Palace? They even made a move."

"Hmph, that's why they like to do these sneaky things!"

The rest of the seven god-level forces originally rushed to the forefront.

But now they are being seized by a first-class power of the Undead Soul Palace, which makes them also angry.

But.

When the soul master and another elder were about to step into the empty space filled with space storms.

suddenly!

Eighteen different directions in Zudiyu.

There were bursts of terrifying spatial power!

The strength of this space force is extremely terrifying!

Everyone had to stop temporarily.

The leaders of the seven god-level powers are even more terrifying!

Don't wait for their reaction.

This huge and terrifying power of space actually turned into a barrier, isolating the entire broken sky of Zudiyu, that is, the void space!

Could this be also released by the heart of space?

For a moment, everyone was in doubt.

because.

This level of power of space, I am afraid that only the heart of space can release it.

"unless..."

When Fu Yun said the word unless.

The pupils of the other six god-level powers shrank suddenly.

At the same time, I thought of the scene when I was attracted by the power of eighteen spaces when I first came to Zudiyu.

Those eighteen spatial forces are man-made to lure them there deliberately!

So far, the ascetic who controls the power of space has never appeared!

It was at this moment.

Three figures also suddenly appeared in the void space, which is the other side of the space barrier!

A woman in red and two men.

Among them, the man in white stood between the two.

The three of them are naturally Lu Changsheng Huangqian and Liu Ziru.

Nothing more.

The three of Lu Changsheng today all wear a faceless mask.

Under this mask.

Anyone present.

Whether it is Fu Yun of Hunyuan Sword Sect or Qiu Shenpu of Yin Yang Shenzong, they are unable to see through the true face underneath!

After the Haotian Banquet last time.

Lu Changsheng rushed to make a few masks.

Just in case the situation in Haotian Banquet happens again.

Nothing more.

Ding Wei, the leader of Haotian Shenzong.

Among the Golden Winged Rocs, there is endless gold.

and Ji Qian Yao from Yaochi Immortal Palace showed different expressions when they saw these three people.

This kind of staffing is simply too familiar...

and.

They also know that Lu Changsheng and the others must have ideas about the Heart of Space.

Otherwise, why did you go to the Haotian Banquet?

not to mention.

Among the people who came to Zudiyu.

Who can have this kind of strength?

Completely cut off the sky above Zudiyu?

The answer is ready to come out.

Seeing this scene, Ding Wei quietly transmitted voice to the other members of Haotian Shenzong: "Afterwards, fully cooperate with the man in white to seize the heart of space!"

Although the rest of the people didn't understand why they did this, they still nodded.

Jin Wuwu said to the middle-aged man on the side: "Father, we, the Golden Winged Rocs, will give up the Heart of Space this time."

The man is the patriarch of the Golden Winged Roc clan, Jin Li!

After hearing Jin Wuwu's words, Jin Li couldn't help being slightly taken aback, and asked, "Why?"

Jin endlessly forced a wry smile, pointed at the man in white above and said, "With him here, let alone us, even these seven god-lord-level powers, as long as the powerhouses in the god-lord realm don't come out, they will definitely not be able to grab him."

"Huh? You know him?"

Jin Wuwu said: "The senior in Mortal Village back then..."

Speaking of which.

Jin Li was stunned for a moment, and instantly turned his gaze to Lu Changsheng.

"If it is him... there is really no possibility of competing with him."

"But..." Jin Li suddenly said: "Should we bet the future of the Golden Winged Roc clan on him?"

Hear Jin Li's words.

Jin Wuwu's expression froze for a moment, then he nodded heavily: "I think it's feasible."

And Ji Qian Yao even showed a bright smile, which attracted the eyes of many ascetics around him for a while.

Immediately, he took out the order of the suzerain, and said: "Everyone in Yaochi Immortal Palace listens to the order, and do their best to help the man in white win the heart of space!"

Chapter 880 Space barrier!

Beyond the Shattered Void of the Ancestral Emperor Domain.

Everyone looked up at the sky.

Beyond the empty space, a space barrier as thin as a cicada's wings separated the entire sky above.

And in that space.

There are three figures.

Naturally, it was Lu Changsheng Huangqian and Liu Ziru.

It is clear.

The three of them wanted to take away the Heart of Space in this way.

How could the seven \*\*\*\* master-level forces agree?

First, the Heart of Space is equally important to them, and it is an order issued by the God Lord himself.

Secondly, if other people are allowed to take away the Heart of Space while the seven great \*\*\*\* masters are all present, their face will also be very ugly.

At this time.

Fu Yun of Hunyuan Sword Sect raised his head, and said loudly: "Who are you, maybe this is not appropriate?"

Qiu Shenpu of the Yin Yang Divine Sect also shouted at the same time: "Do you know that doing this offends our seven \*\*\*\*\* master forces at the same time, are you sure you want to do this?"

Ji Runqiu said frankly: "You should understand that if you obtain the Heart of Space in this way, you will face endless pursuit from us."

Bahuang Shenzong and Chunyang Tianhuogu directly showed a tyrannical aura, as if they were going to directly break this space barrier!

Even Si Genshen, the leader of the Shentian Sect who had been silent all this time, said in a muffled voice, "You will die."

But.

At the time when, except for Haotian Shenzong, the other six divine master forces were threatening the three of Lu Changsheng.

Lu Changsheng didn't seem to hear it.

Instead, they turned their backs to these forces, looked up at the criss-crossing space storm in front of them, touched their chin and said, "Well, it's no problem to pass through this level of space storm."

"I just don't know if there are any traps in the future."

Liu Ziru on the side looked at those god-level forces who were clamoring, all kinds of auras were blooming, their tone was menacing, and their eyes were burning, their tone was a little trembling.

"I said senior, shouldn't we take care of those people first? They are also people of the god-level power, even if they are in the dark field, they can't be provoked at the same time..."

Lu Changsheng glanced at Liu Ziru strangely, pointed to the mask on his face, and said, "Why are you so useless? We wear masks, and they don't know who we are. What are you so afraid of?"

"What's more, we took the heart of space away and left this latitude directly, and we can't be found again."

Liu Ziru's throat rolled, "That's what it says..."

Huang Qian on the side suddenly interrupted: "You are not afraid, are you?"

Liu Ziru: "I..."

It is a lie to say that there is no panic.

After all, Liu Ziru is a native of the high-latitude boundary.

There is a natural sense of awe for the seven god-level forces.

Lu Changsheng made up his knife at this time and said: "If you can't do it, go to the children's table!"

Liu Ziru: "..."

"Okay, just pay attention to give me a good wind, just in case, someone will break through the barrier and rush in."

Huangqian and Liu Ziru nodded.

...

And below.

Fu Yun and other powerhouses of the god-level forces looked at each other and ignored them at all.

While in a daze.

Anger keeps rising in my heart again!

"You don't even pay attention to us?" Hu Sheng from Chunyang Tianhuogu grinned coldly.

Holding his wrist, in an instant, a mass of crimson flames enveloped Hu Sheng's body!

The ascetics around couldn't help but change their expressions, and immediately backed away.

"Hu Sheng has reached the half-step God Master Realm?"

"Even Chunyang Tianhuo Kungfu has been cultivated to this level, I am afraid that there is a real chance to break through the shackles and reach the realm of a \*\*\*\* master..."

"Then, this space barrier probably won't be able to resist Hu Sheng's attack."

At this time, Hu Sheng let out a loud shout.

"Then I want to see how strong this barrier is, so that you have the courage to ignore us!"

The voice fell.

Hu Sheng was like a fire \*\*\*\* of war, carrying the World Extinguishing Sky Fire, and bombarding the space barrier with one punch!

Everywhere along the way, the space was burned to ashes, as if burning the sky!

In the eyes of everyone.

Hu Sheng's huge flaming fist hit the space barrier fiercely!

Boom!

A loud noise splashed a few ripples on the barrier.

besides...

But not a single crack...

Hu Sheng's punch didn't seem to have any effect...

Watching this scene.

The expressions of everyone couldn't help but froze.

This is...

Even Hu Sheng, who is half a step into the God Master Realm, can't break through?

Could it be that he didn't use his full strength?

But Hu Sheng, who is the person involved, and other strong men of the god-level forces can see it.

This punch was undoubtedly used with all its strength.

The faces of several people were solemn, and Hu Sheng was even more surprised!

"Not to mention whether it was broken or not, this punch didn't even break a little crack?"

This made Hu Sheng doubt the opponent's strength...

A barrier that can achieve this level of defense must have reached the level of a divine master...

At this moment.

Ji Runqiu snorted coldly: "Let me try."

Say it.

Handing a gun in one hand.

Put in a throwing posture, wisps of golden light frantically converge on the spear!

In the tip of the spear, there is endless spear intent, as if piercing the sky!

Temple of the Sky.

Marksmanship is the most top-notch existence in this high-latitude boundary.

As the most offensive weapon, the spear is known as the king of a hundred soldiers.

Although Ji Runqiu and Hu Sheng are in the same realm.

But in terms of offensive alone, I am afraid it will be stronger than Hu Sheng.

Follow Ji Runqiu and throw it with one shot!

Like a rainbow penetrating the sun, it pierced through the space and pierced directly above the space barrier!

In an instant.

There are roaring sounds like thunder!

The surrounding yellow sand is rolling wildly!

But.

Under everyone's horrified eyes.

The space barrier still only caused a few ripples...

It's just two more rounds than Hu Sheng's attack...

At this moment.

Fu Yun said lightly: "Okay, let's make a move together, use a point to break the surface, and try to see if we can break through."

Ji Runqiu and Hu Sheng both nodded with embarrassment.

At this moment, Fu Yun looked at Ding Wei, frowned and said, "Aren't you going to make a move?"

Ding Wei spread his hands and smiled, "Why should I make a move?"

"Oh? It seems that you know who the man in white is?"

"I just see you get the heart of space, it would be better for others to get it."

The haze on Fu Yun's face flashed past.

Then he ignored it.

Together with the other five half-step God Master Realm powerhouses, they shot with all their strength.

Attack towards a point of the space barrier at the same time!

The surrounding space keeps breaking!

People with humble realms have already stood thousands of miles away.

To prevent being affected.

It can be dispersed as yellow sand.

When the space barrier appeared in front of everyone again intact.

this moment.

Everyone was deeply shocked...

Could it be that this space barrier was created by a strong man in the Divine Master Realm?

That being the case.

That white-clothed man, is it possible that he is a strong man in the God Master Realm?

Think here.

The leaders of the major god-level forces all took out sound transmissions...
