

## My Disciples 891

### Chapter 891 Nine Profound Immortal Fire Poison

After Xiao Hei returned to the attic, his injuries had fully recovered.

At the same time, the physical strength seems to be much stronger than before.

All of this was seen by the owner of Fenyan Valley.

This ability... really is extraordinary.

It's no wonder that he will hide his strength.

The recovery of physical injuries can also improve strength.

If the fight continues, perhaps the outcome is really unknown.

And why did Lu Changsheng ask Xiao Hei and the others to hide their hole cards?

The first reason is naturally that they don't want their killing moves to be exposed in front of the disciples of Fenyan Valley.

The second reason is because of the Demon Realm.

The seal of the Demon Realm has been loosened more and more.

It is normal to have a few remnants outside, and because of the loosening of the seal, the mind of making troubles will become more and more serious.

This also leads to the possibility that there may be each other's eyeliner in various places.

And Lu Changsheng has been completely implicated in the cause and effect of this matter.

Then, Ye Qiubai and the others, as disciples of Lu Changsheng, must be very likely to be targeted.

so.

These life-saving things at critical moments should be hidden as much as possible.

Seven days after.

On the Fenyan Stage, Ye Qiubai, Hongying, Ning Chenxin, Huang Qian and other disciples took turns to fight.

Ning Chenxin's record is slightly better.

After all, he is the same as Xiao Hei and does not need to practice spiritual energy.

So he was not suppressed by the immortal energy.

It's just Ye Qiubai and others, under the suppression of immortal energy.

Under the same realm, it is no longer easy to fight.

Had to lose on the spot.

To know.

Fenyangu is not a third-rate force in the fairy world.

Looking at the fairy world, it also belongs to the existence of first-class forces!

Among them, there are countless geniuses.

The talent is powerful, under the absolute suppression of the immortal energy.

Ye Qiubai and the others could no longer deal with the same realm as easily as they did in the mortal world, and even fought across borders.

This also made the disciples of Fenyantai heave a sigh of relief.

"Fortunately, only the person with physical training and Confucianism is a little perverted, and the others are so-so."

"But it's true, people from the outside world don't even have immortal energy. If they can defeat us, then we, Fenyan Valley, will be ridiculous."

"At least don't worry, the talent is good, but it's still not as good as our Fenyan Valley!"

Fen Yan on the side heard these words.

But with a wry smile on his face.

Don't you know.

In the absence of immortal energy.

It is also able to play on par with people of our same realm.

In the end, it was only when the opponent's aura couldn't support it that he lost.

This is enough to prove that the other party's talent is stronger than yours.

Fen Yan was thinking.

When they completely transformed the spiritual energy into immortal energy.

At that time.

I am afraid that people of the same realm as Fenyan Valley will not be able to suppress each other...

...

the other side.

In the palace of burning flames.

The owner of the valley entertained Lu Changsheng with a table of delicacies and immortal wines.

Just listen to Gu Zhu laughing: "Lu Xianyou, these disciples of yours are amazing, especially that Hongying, why don't you give her to us in Fenyan Valley?"

"Of course, I promise, I will never bury her talent, I will teach her personally!"

Hongying is the most outstanding person among the disciples in the Caotang, Huoyan Dao.  
(Huangqian is not a disciple)

Even the owner of Fenyan Valley has seen Hongying's outstanding talent in the way of flames.

Lu Changsheng said with a smile: "If you have the ability to pry her away, then I won't stop you."

Heard the words.

Master Gu waved his hand and smiled wryly: "You have said that, I am afraid there is no chance."

"I would like to cooperate with you, Valley Master."

"Cooperation?" Gu Zhu was stunned.

"That's right." Lu Changsheng nodded, put down his wine glass and said, "These days, I will first let my disciples who are not good enough to compete with your disciples of Fenyan Valley from time to time."

Hear here.

Master Gu understood, and couldn't help but smile in his heart.

This is because they want their Fenyang disciples to be their training partners.

"Since it's cooperation, what can you bring to Fenyan Valley?"

Lu Changsheng seemed to have made up his mind a long time ago, and said without hesitation: "Fen Yan is your son, and he is also the successor of Fen Yan Valley, right?"

"That's right." Gu Zhu nodded and said, "His talent and character couldn't be more suitable."

After hearing this, Lu Changsheng smiled and said: "In this case, I can guide Fen Yan during the time in Fenyan Valley."

"Are you going to guide him?"

The owner of the valley was slightly taken aback, then frowned and said: "Forgive me, although Lu Xianyou is the person summoned by the emperor, and I have heard about your deeds from Fen Yan, but I don't know that you can guide Fen Yan better than me. Teaching yourself works."

he knows.

Lu Changsheng displayed the ability to surpass the Immortal Formation Master at that time.

It is not easy to be summoned by the Immortal Emperor at the same time.

But.

What about Fire Law?

What about his Immortal Fire Nine Profound Body?

The path of cultivation is different, and the role of guidance will naturally be different.

Lu Changsheng smiled lightly and said, "I say so, of course I have certainty."

After all, Lu Changsheng is not a person who defends empty words.

Being able to say such a thing must be 200% sure before making it.

At that time, Lu Changsheng felt Fen Yan's physique and cultivation situation.

Dang even asked the system.

After having a solution, this condition is raised.

"How about this, you let Fen Yan come over."

Gu Zhu was dubious when he heard the words.

But let Fen Yan come over.

It didn't take long.

Fen Yan pushed the door open and entered, and asked, "Father, what can you do with me?"

Gu Zhu said: "Let Lu Xianyou guide you to try."

"Huh?" Fen Yan was taken aback.

Lu Changsheng beckoned, motioning for Fen Yan to walk over.

Fen Yan followed suit.

Immediately, he put his hand lightly on Fen Yan's heart orifice.

"The Immortal Fire Nine Profound Physique, unfortunately, has been entangled in the poison of the Nine Profound Immortal Fire."

Xianhuo Nine Profound Body.

People with this physique can cultivate an extremely domineering and mysterious flame.

Jiuxuan Xianhuo.

You know, this is a flame that is stronger than the fire of Nirvana, and at the same time comparable to the fire of the Divine Phoenix.

Of course, it can't compare to the fire of the Divine Phoenix now blessed by the five-clawed golden dragon and the blood essence of Lu Changsheng.

However, while possessing such a powerful flame.

will also be accompanied by fire poison...

And heard Lu Changsheng's words.

The faces of Master Gu and Fen Yan changed drastically at the same time!

Because of this matter.

No third party has ever heard of it!

It was only during a training process that the owner of the valley discovered it.

However, Lu Changsheng just let go of his hand and sensed this?

Lu Changsheng continued: "The fire poison of Jiuxuan Immortal has penetrated into the heart orifice, and Fen Yan hasn't practiced for a long time, right?"

Master Gu nodded his head: "Practice again, when the fire poison completely erodes the heart orifice, then there will be no power to recover..."

Lu Changsheng said, "I can solve this problem."

Gu Master stood up immediately, bowed and cupped his fists and said: "As long as the immortal friends can solve this problem, Fenyan Valley will definitely stand behind you!"

Chapter 892 Lu Changsheng: Is this guy short-hearted?

Strong physique.

What Fenyan brings to Fenyan is indeed the risk of being completely corroded by fire poison at any time.

Nine Profound Immortal Fire Poison.

The owner of Fenyan Valley had a lot of headaches because of this matter.

I searched for countless people and wanted to solve this matter, but there was no way.  
to this end.

Guzhu even found the Asgard.

But the strong ones in the Immortal Palace have nothing to do.

As for the Immortal Emperor?

For this kind of thing, if Fenyang can't come up with a condition that can satisfy the emperor, I'm afraid he won't even be able to meet him face to face.

But.

Now Lu Changsheng says he can solve it.

Regardless of whether the opponent has this ability or not.

The owner of the valley must try his best to grasp the straw that is called "hope".

Even if it doesn't work in the end.

Anyway, there is no worse result.

Dead horses are treated as live horse doctors.

Fen Yan also looked pleasantly surprised after hearing Lu Changsheng's words.

Immediately, he seemed to think of what he had experienced in these years. He failed to find countless people, and his face slowly dimmed again.

Laughed wryly, and said: "Then thank you, senior."

Lu Changsheng glanced at Fen Yan and said, "You don't seem to believe it?"

Fen Yan said helplessly: "I have experienced too many shattered hopes, and now I can only resign myself to fate."

"It's like this anyway, let me try."

Speaking of this, Lu Changsheng looked at Gu Zhu and said, "I need some ingredients."

Master Gu immediately said: "Whatever senior needs, I will send someone to find it right away!"

Lu Changsheng said: "Nine Mysterious Ice Crystals, fire-suppressing ghost stone..."

When Lu Changsheng talked about the first two flavors, Gu Zhu could still understand.

These two flavors really have an excellent effect on fire poison.

It's just that few people can control these two materials.

Although extremely precious.

But with the background of Fenyan Valley, it is not impossible to get it if you pay a little price.

But...

The three-flavored ingredients that Lu Changsheng said next made Gu Zhu's face change slightly.

"Nine Nether Grass, Miuling Orb, Burning Immortal Wood."

These three flavors are all poisonous.

Using the three flavors at the same time, even a strong person in the realm of Gu Zhu should be afraid of three points!

What's more, this is to be used on Fen Yan.

With Fen Yan's current strength, I am afraid that even blindly, he will lose half his life, right?

Lu Changsheng seemed to see the surprise of the owner of the valley, so he said: "Just find these, and leave the rest to me."

Heard the words.

Guzhu hesitated for a while, but nodded, and immediately sent people to search for these materials.

Lu Changsheng came to a courtyard.

Ye Qiubai and others were arranged here.

Immediately.

Lu Changsheng told them that he was able to discuss with Fenyang disciples at will.

Then he said: "The complete transformation of spiritual energy into immortal energy is not something that can be done in a few days. At the same time, when you feel that you need to be stable, you can go to the disciples of Fenyang Valley to discuss and use actual combat to stabilize the transformation. fairy spirit."

"Of course, you still can't reveal your hole cards, understand?"

Ye Qiubai, Hongying and the others nodded.

After a few days.

Lu Changsheng was teaching them how to transform the spiritual energy in their bodies into immortal energy.

Huang Qian and Liu Zirui naturally listened carefully to Lu Changsheng's teaching.

simply put.

I want to completely transform the spiritual energy into fairy energy.

It is necessary to expel the aura in the body first.

The most simple and rude, but also the safest way is.

While absorbing the immortal energy, let the absorbed immortal energy squeeze out the aura in the meridians and dantian.

Do this repeatedly to complete the conversion.

certainly.

some of.

It also needs the elixir and array protection specially researched by Lu Changsheng.

Stabilize the meridians and dantian in their bodies, so that when two different qi meet, they will not cause huge conflicts, which will lead to damage to the meridians and dantian!

After Ye Qiubai and the others have stabilized completely, basically there will be no major problems in the transformation process.

Lu Changsheng received the news from the owner of the valley.

went to Fenyang Palace.

The palace is up and down, thousands of miles around.

There is no other person's breath.

At the same time, many formation traps were set up.

After Lu Changsheng sensed this, he looked at Gu Zhu and Fen Yan in front of him and said, "It seems that the materials are all collected?"

Master Gu nodded, handed out a ring, and said: "Give it to Lu Xianyou."

Fen Yan also clasped his fists and said, "Please, Senior Lu."

Lu Changsheng took the ring from the owner of the valley, nodded and said, "It's just an exchange of equal value. After it's done, I don't owe you, and you don't owe me either."

Master Gu said: "No, as long as Lu Xianyou can save my son, then this favor will always be remembered by Fenyan!"

Lu Changsheng: "..."

Is this guy short-hearted?

Can't understand what I mean?

It's obvious that I don't want to have anything to do with you in the future!

"Okay." Lu Changsheng waved his hands helplessly, and said, "Then the owner, go out first."

Hearing the words, Master Gu's face tightened, and after hesitating, he nodded and walked out of Fenyan Palace.

In the palace, only Lu Changsheng and Fen Yan were left.

Fen Yan asked: "Senior, what do I need to do now?"

Lu Changsheng said: "Well...sit down and don't move."

Sit down and don't move?

Fen Yan was puzzled, but he did it anyway.

Immediately.

Lu Changsheng pointed at Fen Yan's heart orifice.

A ray of holy energy protruded from Lu Changsheng's fingertips.

Like a little snake, it got into Fen Yan's heart orifice!

Feeling this sacred air.

Fen Yan's face changed slightly.

This kind of aura is many times stronger than the immortal aura!

Who is Senior Lu?

"Don't be in a daze, practice the exercises and gather your heart orifices!"

Fen Yan was stunned.

Running exercises gather the mind orifices.

This will directly break the seal on the heart orifice, and the fire poison will invade it.

At that time, there will be no way to recover!

And at this time.

Thoughts of endless life surrounded Fen Yan's heart orifice.

Lu Changsheng's voice continued.

"Do as I say."

Fen Yan followed suit.

In a short time, the tens of thousands of fire and poison troops outside the heart orifice also attacked into the heart orifice at the same time as if they had received an order!

Fen Yan's face suddenly became fiery red, and amidst the fiery red, there were strands of black lines.

A mouthful of blood gushed out!

However, Lu Changsheng did not act in a hurry.

On the contrary, let the large area of fire poison continue to invade Fen Yan's heart orifice.

Feeling this, Fen Yan smiled wryly in his heart.

It seems that there is still no way...

That's all, sooner or later it will be a dead end anyway...

But, at this moment.

The moment when the fire poison completely invaded the heart orifice.

The idea of endless life enveloped Fen Yan's whole body.

at the same time.

Nine Profound Ice Crystals, Fire Suppressing Nether Stone, Nine Nether Grass, Burning Immortal Wood, and Mie Lingzhu were simultaneously injected into the heart orifice.

Lu Changsheng turned his fingers into palms and slapped them on the heart orifice.

A huge principle of life, and a few wisps of holy energy invaded the heart at the same time!

Chapter 893 Xiao Hei: Is my cooking really that bad?

Half a day.

The poison of Jiuxuan Immortal Fire in Fen Yan's body has been completely suppressed.

The moment Fen Yan woke up.

The owner of the valley has also returned to the palace.

at first.

When Master Gu was called in by Lu Changsheng, he thought something was wrong.

His expression was anxious and nervous.

Even, the worst has been prepared.

However, when he came in, Lu Changsheng silenced Gu Zhugan with a single sentence.

"Well, fortunately, it's not a disgrace."

What?

Lucky enough to live up to his fate?

Master Gu asked in a daze, "It's only been half a day?"

Lu Changsheng nodded: "Half a day is enough."

Gu Master asked dully again: "My son's Nine Profound Immortal Fire Poison has been suppressed?"

Looking at Gu Zhu, Lu Changsheng said strangely: "To be precise, the fire poison of Jiuxuan Immortal has become a part of Fenyan."

Gu Master: "???"

Seeing Gu Zhu's reaction, Lu Changsheng was a little puzzled.

"Didn't you call a lot of people and ask how to solve the poison of Jiuxuan Immortal Fire?"

"I asked." Gu Zhu said.

"Then didn't you ask, the Immortal Fire Nine Profound Physique, if it didn't absorb the poison of the Nine Profound Immortal Fire and use it for its own use, then it would be useless."

"The poison of Jiuxuan Xianhuo is originally a part of the Jiuxuan body of Xianhuo."

"In other words, if the poison of the Nine Profound Immortal Fire is to be removed, then the Nine Profound Body of the Immortal Fire will slowly disappear."

Hearing Lu Changsheng's explanation.

Master Gu's face was also a little dazed.

But he understood a little bit.

That means the crisis of burning flames has been resolved.

Fen Yan on the side also slowly reacted, and immediately cupped his hands towards Lu Changsheng: "Senior, Fen Yan will never forget this kindness!"

Lu Changsheng rolled his eyes, thinking to himself.

Then you should forget it.

But on the surface, he said implicitly: "Everyone takes what they need."

The owner of the valley on the side directly interrupted Lu Changsheng, and said seriously: "No, Senior Lu saved my son's life, and also kept the Immortal Fire Nine Profound Body, which is not an exaggeration for Fen Yan to recreate it !"

"So, in the future, Fenyangu will definitely stand behind Senior Lu."

Today.

The owner of the Fenyan Valley has replaced the immortal friend with a senior.

After all, the owner of the valley has found many people, even people who are stronger than him, but there is no way.

Not to mention realm strength.

As far as this level of knowledge is concerned, it is of course stronger than those people.

It's not wrong to call senior.

Of course, the idea of wanting to make friends with Lu Changsheng also came from it.

Summoned by the Immortal Emperor, beyond the ability of the Immortal Array Master, and this kind of vision method.

Certainly extraordinary!

Lu Changsheng looked at the two people in front of him speechlessly.

It's all so obvious.

Still keep posting it.

I don't know if it is strong or not.

It is certain that both father and son are weak...

"Okay, let's not talk about the polite words first." Lu Changsheng waved his hand, turned his gaze to Fen Yan, and said, "Hurry up and practice now, and completely absorb the poison of the Jiuxuan Immortal Fire, so that your strength level will increase." It can be improved a lot."

Fen Yan was overjoyed when he heard that, and quickly sat down cross-legged, and began to practice.

Lu Changsheng turned his head to look at Gu Zhu, and said, "Since it's settled, I want to leave."

Master Gu immediately said: "Good senior, I will tell you how much Fen Yan has improved by then."

Tell me?

Lu Changsheng was speechless. I am not related to him, but you have a fart for telling me.

Those who don't know think I'm his father...

...

In the courtyard.

After a few days of transformation.

Ye Qiubai, Hongying, Shi Sheng, Mu Fusheng, Mu Wan'er and Xiao Shitou have all completed the first round of transformation.

Thirty percent of the spiritual energy in the body has been completely transformed into immortal energy.

At the same time, after Xiao Hei also recovered from his injury, his strength has been greatly improved.

was preparing to go to Fenyan Terrace to discuss with Fenyangu's disciples.

Lu Changsheng has already returned.

"What's the matter? Are you ready to go to actual combat?" Seeing Ye Qiubai's eager expressions, Lu Changsheng said.

Ye Qiubai and the others nodded.

"Compared to spiritual energy, immortal energy is much stronger." Ye Qiubai said with emotion: "However, after transforming 30% of immortal energy, it feels much stronger than the previous 100% spiritual energy."

Hongying looked at her hands, her face was full of excitement, "I feel like I have inexhaustible power now, so I want to find a strong opponent to learn from."

Mu Fusheng also smiled and said: "The talisman seals that could not be carved before, but now I try to seal the seals, and I have succeeded. It seems that some talismans in the book of talismans need to be carved with immortal energy."

Xiao Hei grinned, clenched his fists and said, "I want to fight right now."

Even Huang Qian and Liu Ziru felt a great improvement!

Lu Changsheng nodded slightly, then looked at Xiao Hei and said, "Your bloodline ability should not be exposed, so you must find a place where there is no one when you recover from your injuries."

"After a while, I will find someone to practice with you, and then there is no need to hide."

Lu Changsheng was referring to Fen Yan, of course.

The other party has expressed his attitude.

Moreover, in Lu Changsheng's eyes, if the other party is lying or has any hypocrisy, they can be seen at a glance.

so.

Competing with Fen Yan will not expose Xiao Hei's ability.

Afterwards, Lu Changsheng looked at Ning Chen who was on the side and said, "Chen Xin, your cultivation method is special. I will take you to the book collection in Fenyan Valley to see if there is anything about Confucianism and Taoism."

Ning Chen was delighted when he heard the words.

After all, he is not interested in sparring and fighting.

"Then trouble Master."

Lu Changsheng waved his hand and said, "Okay, let's go, I'll just rest here, I'm exhausted these few days..."

After finishing speaking, he found a chair and lay down on his own.

Ye Qiubai just wanted to speak.

Lu Changsheng said lightly: "If you dare to disturb me at this time, go and teach Xiao Hei how to cook."

Ye Qiubai quickly shut up.

Xiao Hei looked aggrieved.

"Is the food I cook really so bad?"

As soon as the words came out.

Everyone looked at him in unison.

What?

You haven't realized it yet?

Looking at the expressions of everyone, Xiao Hei wanted to refute something, but he closed his mouth wisely.

All right...

Maybe this area does lack a little talent.

...

In the past few days.

On Fenyantai, Ye Qiubai, Hongying, Xiao Hei and other disciples reappeared to challenge the disciples of Fenyantai.

Those who have no strength or strength can go to watch the fun.

I want to see what strength they have in transforming immortal energy.

And those who Ye Qiubai and the others had never fought before.

also started to compete with Ye Qiubai and others again.

I thought.

Just a few days.

How much immortal energy can be converted?

In other words, how much can the strength be improved?

But.

The result horrified all the disciples of Fenyantai...

Chapter 894 Madman

Fenyantai.

The disciples of Fenyantai looked at the scene in front of them, their eyes filled with disbelief.

At the moment.

Hongying is holding a long spear of reincarnation, the way of reincarnation is around her body, and the way of flames is surrounding her body, the spear intent goes straight to the sky.

It seems to be piercing the sky.

Looking at a female disciple of Fenyantai who was holding a long whip in front of him.

This female disciple was originally a half-step fairy.

It is the same as Hongying today.

Before, Hongying was defeated by her hands.

Hongying at that time.

It was extremely difficult to face this woman with a whip.

Although I have had a lot of tricks with the other party.

Finally lost.

But it was during these few days.

Hongying was already able to not be suppressed by the girl with the whip!

Instead, the two sides fought back and forth, regardless of the outcome!

Not just Hongying.

Ye Qiubai, Shi Sheng, Mu Fusheng, Mu Wan'er, Xiao Shitou, all of them are like this!

Although they did not win, they were able to draw!

Below.

A disciple said solemnly: "In just a few days... can their strength improve so much?"

Another person said: "Perception carefully, the spiritual energy in their bodies has already partially transformed into immortal energy..."

"But even if part of the immortal energy is transformed, it's impossible to improve so much strength, right? It's only been a few days?"

"What's more, our bodies are full of immortal energy!"

"Brother Liao, what do you think?"

Suddenly, a disciple threw his words to Liao Ke, who was looking slightly dignified.

Liao Ke hesitated for a moment, and then said with difficulty: "The immortal energy in their bodies accounts for less than half... If all of them are transformed into immortal energy, how many people in our Burning Flame Valley can suppress them?"

Hear what Liao Ke said.

The surrounding Fenyangu disciples fell silent.

really.

If it is really what Liao Ke said.

After they all transform into immortal energy, I am afraid that only Senior Brother Fen Yan can suppress the opponent!

Liao Ke let out a long breath.

When the outside world said that there was only one Fenyan among the disciples of Fenyangu's generation.

Liao Ke was still dissatisfied.

But looking at it now, it is indeed the case.

Several outsiders, their talents seem to be able to crush them.

At this time.

On the burning flame stage.

Hongying and disciple Long Whip retreated at the same time!

However, Hongying took seven steps back.

The long whip disciple took only four steps back.

Seeing this scene, Hongying cupped her fists and said, "Thank you for your enlightenment."

Disciple Long Whip smiled bitterly, and said: "Your strength has improved too fast, and I'm afraid you will surpass it in a short time."

Hongying laughed softly: "We will fight again at that time."

After finishing speaking, the two left Fenyantai.

When the two left.

Xiao Hei jumped up!

Afterwards, he resisted Liao Ke with a glance, and said, "Come up?"

Seeing this, Liao Ke's face tightened.

In just a few days, the strength of other people has improved so much.

The physical trainer in front of me may also have a good increase.

Recall the battle a few days ago.

was able to push him to that point, and now...

but.

Under the watchful eyes of other juniors.

Liao Ke could no longer refuse.

Gritting his teeth, he directly boarded the Fenyang Terrace.

Seeing this, Xiao Hei grinned and said, "Just use your full strength, or you won't have a chance."

Hearing this, Liao Ke snorted coldly, spread his hands flat, and there was a cluster of flames in his palms!

Although the flame is small, it is full of terrifying power to burn everything!

"A few days ago, you were not my opponent, and you are not my opponent now."

"Perhaps, you also underestimate me, Fenyangu?"

But Xiao Hei has never been a person who likes to talk.

In his eyes, there are only two types, either a close person or an opponent.

For your opponent, talk as little as you can.

Punch if you can punch directly!

At this time.

Five lines appeared on Xiao Hei's body at the same time!

at the same time.

The demon armor like a black cloud covered Xiao Hei's whole body.

The tyrannical physical strength made Liao Ke's pupils shrink!

Xiao Hei hasn't moved yet.

It already made him feel some pressure!

Compared to before.

His physical ability is even stronger!

If you say, Ye Qiubai and the others rely on the transformation of immortal energy to quickly increase their strength.

What about Xiao Hei?

There is no immortal energy in his body!

Don't wait for him to think about it.

Xiao Hei's footsteps were like a hammer, stomping heavily on the ground!

Fen Yantai shook slightly.

With this flick.

Xiao Hei's figure has disappeared from Liao Ke's sight.

Instead, a black shadow that was as fast as lightning!

And that slightly distorted space!

This is not caused by immortal energy, but pure physical strength!

In just the blink of an eye, the black shadow has already rushed to the front.

As Xiao Hei's figure gradually enlarged in Liao Ke's eyes, his fists were already pounding towards him!

See it.

Liao Ke's body muscles had subconsciously moved almost instantly.

While stepping back.

The two clusters of flames on the palms of both hands were thrown out at the same time!

A flame before Xiao Hei's punch turned into a flame round shield to resist Xiao Hei's punch.

Another ball of flames was thrown directly at Xiao Hei's chest!

As the flames approached.

At the moment when it was close to Xiao Hei's chest, it instantly turned into a fire lotus, which was directly printed on Xiao Hei's breastplate!

Boom!

With two loud bangs.

Xiao Hei's whole body is surrounded by this fire lotus!

And another sound.

It was the sound of Liao Ke being blasted out and cracks in the flame buckler!

Liao Ke quickly stabilized his figure, originally wanting to calm down and unleash the next round of attacks with all his strength.

But I didn't expect it.

Xiao Hei's whole body was carrying flames, and regardless of any injuries, he waved his fists and continued to chase Liao Ke!

saw this scene.

Liao Ke's eyes suddenly changed!

What kind of play is this?

This fire lotus is a blow he released with all his strength!

Even if the opponent is physically strong, it is impossible to hold back, and they can still launch such an offensive!

And, when you can't completely resist the damage, continue to attack.

This is bound to double the original damage!

"This lunatic!" Liao Ke cursed angrily, and then ignored the steady and tumbling blood.

Hands together.

Four fire lotuses appeared in four different directions of Xiao Hei at the same time, and then surged away!

筐!

When the four fire lotus bombarded Xiao Hei at the same time.

With a huge sound, four huge fire lotuses completely engulfed Xiao Hei!

The huge destructive power of flames swept across the entire Fenyan Platform!

saw this scene.

The disciples of Fenyan Terrace finally breathed a sigh of relief.

Finally, there is a victory...

However, Ye Qiubai and the others on the other side did not show nervous expressions, but remained calm.

Liao Ke also stared at the sea of fire in front of him...

Chapter 895 You can't do it

The disciples of Fenyan Valley are all practicing the law of flames.  
and.

Judging from the environment of Fenyan Valley and the foundation of the law of flames, the entire fairy world.

It is impossible to name a second force that is better at the law of flames than Fenyangu.

Of course, what is mentioned here is power, not individual strength.

At the moment.

On the burning flame stage.

A storm of flames sweeps across the tabletop!

The sky, which was originally fiery red, at this moment is like a gust of wind, and the heat wave is blowing across the entire Fenyan Valley!

"Brother Liao's Flame Dao has improved again..."

"Well, this level of power, I am afraid that no matter how rough and thick the body is, it can't bear it?"

"The situation has been settled, and finally there is a victory, which can be regarded as saving my face in Fenyangu."

However, when the disciples under the Fenyan stage thought so.

Ye Qiubai, Hongying, Mu Fusheng, Shi Sheng, Mu Wan'er, and Xiao Shitou all smiled.

Liao Ke on the stage also suddenly changed his face!

When he sensed a dark demonic energy attacking him, he backed away violently!

But.

The devilish energy followed like a shadow, and seemed to be faster than Liao Ke's speed.

I saw the devilish energy in Liao Ke's horrified pupils, slowly condensing into a figure with a maniacal laugh and wearing a black armor.

One punch hit Liao Ke's chest!

Click!

The sound of broken bones resounded clearly throughout the Fenyan Terrace.  
clearly fell in the ears of every disciple.

Liao Ke's sternum is constantly shattering at this moment!

His face flushed suddenly, and then a mouthful of blood spewed out wildly!

The body is like a cannonball, flying out of the Fenyan Terrace uncontrollably!

It fell heavily to the ground below the stage.

Boom!

Dusty for a while!

Under the Fenyan stage, all the disciples looked horrified, and looked at this scene dully, a little at a loss.

Brother Liao also lost?

Looking at the stage, Xiao Hei was panting, black and red blood continuously oozing from the black armor.

The body exposed outside the armor was also burned by the flame storm, and the skin shrank, forming large black and purple patches.

Obviously.

Liao Ke's all-out blow still caused Xiao Hei to be seriously injured.

A few days ago.

Xiao Hei still can't get any benefits in Liao Ke's hands.

Now, it has been able to defeat it.

When the disciples of Fenyan Valley were in a daze, Xiao Hei said coldly: "Would you like to watch your brother die there?"

As soon as the words fell.

Several disciples were the first to react, and hurried to the place where Liao Ke fell, lifted him up, and then ran to the healing place.

The other disciples looked at Xiao Hei's cold expression.

and unkind words, make them angry!

The most important thing is that the successive defeats made them feel bad about Fenyangu.

Several people shouted: "I'm coming!"

"Do you think I have no one in Fenyan Valley?"

Seeing this, Xiao Hei left without looking back, saying, "You guys can't do it."

These people are a bit weaker than Liao Ke.

Now, Liao Ke has been defeated by him.

For these weaker people, Xiao Hei is really not interested.

not to mention.

Now that the injury is serious, Xiao Hei has to go back to the courtyard to heal through the blood ability.

This time, I'm afraid I can improve a lot of strength.

...

After discussing and consolidating strength at Fenyan Terrace.

Ye Qiubai and the others entered the state of retreat again.

Continues to transform the immortal energy.

And the other side.

Lu Changsheng got the consent of the owner of the valley, and brought Ning Chenxin into the Zangshu Pavilion of Fenyan Valley.

The collection of books here is for some miscellaneous books.

For example, the history of the fairy world.

Things have happened throughout the ages.

and some Confucianism, Buddhism and Taoism books.

This is what Ning Chenxin needs most now.

Ning Chenxin's method to improve his strength.

Nothing more than two kinds.

The first is preaching. The more people who believe in Ning Chenxin Confucianism and Taoism, the stronger his strength will be.

This is equivalent to preaching Buddhism.

It's just that Ning Chenxin's evangelism is not as evil as that of Buddhism in the low-latitude realm before.

The second type is to read books, such as Confucianism and Taoism, to understand Taoism from them.

Of course, other books are also useful, if Ning Chenxin can realize something from them.  
this day.

Fen Yan also came to Lu Changsheng's courtyard, with an excited face, and said in a respectful tone: "Senior Lu, I have broken through to the peak of the Immortal King Realm."

In fairyland.

The God Realm after the Heavenly Wonderland is not according to what the God King and God Lord said.

But Immortal King, Immortal Emperor, Immortal Lord, of course, further up is the realm of Immortal Emperor.

The Lord of the Immortal Palace is the peak of the Immortal Emperor Realm.

Now in the fairy world, the strongest existence on the bright side!

Hearing what Fen Yan said, Lu Changsheng waved his hand, and said indifferently: "Okay, okay, I got it, sit down."

When Fen Yan heard it, the admiration in his heart became stronger.

The breakthrough is so great, but Senior Lu still looks so calm and indifferent, he is indeed a hidden powerhouse!

This pattern!

Fen Yan sat down respectfully, and asked, "Senior Lu, how is the progress of your disciples?"

"These days, I've heard a lot about their incidents, and those juniors and juniors are so angry that they all want to challenge again!"

Lu Changsheng was speechless: "If you don't know what to say, then don't disturb my sleep."

Don't you know all of this?

Let's leave this to ask.

Sure enough, just like his father, there is no brain in his head...

Fen Yan scratched his head in embarrassment, "Then... is there anything else I can help?"

Lu Changsheng pretended to think about it, and then said: "There is one thing, only you can help."

Hearing this sentence, Fen Yan was very excited.

Anything else that only I can help with?

Fen Yan immediately stood up, patted his chest and promised, "Senior, as long as I can do it, I will definitely do it!"

"Good, very energetic."

Lu Changsheng curled his lips and said, "Go and practice with Xiao Hei."

Xiao Hei?

Fen Yan was taken aback.

He naturally knew who Xiao Hei was.

"But isn't Xiao Hei's physical state only capable of fighting half-step Heavenly Immortal Realm powerhouses, I..."

"You don't know how to suppress the realm?" Lu Changsheng said angrily.

Fen Yan said helplessly: "But even if the realm is suppressed, the background of my own realm is still here... and my physique."

Hearing this, Lu Changsheng smiled: "Your physique may not be as strong as Xiao Hei's."

The body of the demon.

Demon God bloodline.

I'm afraid it's really not comparable to the Immortal Fire Nine Profound Physique.

Fen Yan raised his eyebrows, and said: "Then I want to meet this disciple of Senior."

After speaking, Lu Changsheng told him the location of Xiao Hei.

Fen Yan walked towards there.

At this moment.

Huangqian came out from the side and said, "What are you going to do next?"

Lu Changsheng turned his head away.

"Are you done?"

Huang Qian nodded.

Lu Changsheng thought about it.

really.

It's time to think about the next step.

Chapter 896 Willow: Never been so speechless...

A strong man in the God Realm.

It is necessary to completely transform the spiritual energy in the body into immortal energy.

Otherwise, why are there so few experts in the God Master Realm in the high-latitude realm?

To become a God Lord in the mortal world, you need more than just unique talents.

It is even more necessary to have a shocking luck.

Both are indispensable.

As for Huangqian, she is now at the peak of the God Master Realm, and her body is already filled with immortal energy, but the immortal energy in the fairy world is obviously more pure than before, and after a breath change, her strength has improved to a higher level.

When Huang Qian asked those words.

This is also a question that Lu Changsheng has been thinking about.

Now he has two things to do.

The first thing is to find a way to extend the seal of the Demon Realm.

The second thing is to improve the strength of the disciples as much as possible during this period of time. Of course, there is a premise for this, that is, under absolutely safe conditions...

To extend the seal of the Demon Realm, you must go to the passage to take a look to see what is going on, so that you can prescribe the right medicine.

Liu Shu's experience runs through the past and the present, and I don't know if she can do anything.

Thinking of this, Lu Changsheng got up, "You and Liu Zirui are here to guard, and tell me if there is any situation."

Huang Qian was slightly taken aback: "Where are you going?"

Even Liu Zirui, who was cultivating, suddenly raised her head in shock.

It is true?

Senior Lu didn't bring him, an old tool man?

Think here.

Liu Zirui felt melancholy and relieved at the same time.

Fortunately, Senior Lu finally found out with his conscience.

Melancholy is...

Could it be that Senior Lu has a dog outside?

Or is it that your own strength can't keep up?

Did Senior Lu look down on himself as a tool person?

Thinking and thinking.

Liu Zirui suddenly slapped himself.

Phew!

It's cheap, right?

Lu Changsheng and Huang Qian were also attracted by this slap.

"Are you sick?" The two spoke almost simultaneously.

Liu Zirui scratched her head and said haha: "Ha... ha ha... The weather is really nice today."

Lu Changsheng looked strange: "Could this child be out of his mind? The weather is good and he can play with himself?"

...

Lu Changsheng quietly left Fenyan Valley.

During the journey, Lu Changsheng did not move at the fastest speed, but kept adding buffs to himself.

Evil Demon Realm must have a strong demonic aura. If you get close, it may affect your mind.

If the mind is affected, it will definitely be dragged in, or manipulate me to undo the seal, and then kill me.

Um...

First come a few heart-cleaning mantras, and then stick a hundred or so pure-hearted charms on the body.

Still not safe.

Dozens more formation scrolls...

"Then since the Heaven-Suppressing Buddha Pagoda can suppress a region, the suppression must be very strong, and we must find a way not to be affected..."

"emmmm... There was a remnant from the Demon Realm who came out before, maybe there are many more who will squat outside the seal to prevent sneak attacks, and then a hundred million point defensive formation and counterattack formation..."

"What if the formation fails? Or is he seriously injured by a successful sneak attack, um, I need a hundred million recovery pills."

Just like that, while on the road, Lu Changsheng carved talismans, arranged arrays, and refined elixir.

This kind of thing.

Only Lu Changsheng can do it...

Or it can be done...

In the fairyland passage.

Compared to the previous days, the evil spirit in it has spread by nearly 40%!

See this scene.

Lu Changsheng frowned slightly.

The seal is getting looser...

Well, let's start with the Qingxin Talisman, the Qingxin Formation, and the Qingxin Curse.

Immediately, Lu Changsheng took out a willow branch and asked, "Xiao Liu, what's going on?"

"...The seal of Zhentian Pagoda has gradually lost its power. After a hundred days, the seal will be completely broken."

The soft voice of the willow tree came from among the willow branches.

After all, Lu Changsheng knew too little about the outside world.

For example, some cultivation systems, kung fu systems, etc., Lu Changsheng has not yet fully understood.

Just in case, I broke off a willow branch and kept in touch with the willow tree.

"I want to strengthen the seal, it's better to seal it for thousands of years, okay?"

Willow: "..."

No, you still need to be afraid of a demon domain?

However, Liu Shu thought that even if he said that Lu Changsheng had the strength to destroy the Demon Realm, he probably wouldn't believe it.

will definitely deal with it in the safest way.

So, there was a helpless voice from the willow tree among the willow branches.

"It's okay to strengthen the seal, but the Zhentian Pagoda has been damaged, and it can no longer withstand the thousands of years of seal you mentioned."

"Besides, it seems that the Zhentianfutu Pagoda is somewhat compatible with Shi Sheng. According to your words, the degree of compatibility is very high."

"You can do some processing first, and then wait until you leave to see if you can let that little guy Shi Sheng establish a connection with the Zhentian Pagoda, so that you can always pay attention to the dynamics here."

Star Essence.

That's right.

At that time, Lu Changsheng took away the star essence and passed by here.

Tiantian Futu Pagoda seems to have a faint connection with the spirit of the stars.

"At present, the bearing capacity of the Tiantian Pagoda can be strengthened for at least three years."

"After three years, I will only be able to face the Demon Realm head-on."

Three years...

It is not long to say long, and it is not short to say short.

Hearing what Willow said.

Lu Changsheng has already conceived in his mind how to modify this fairyland passage.

"How to strengthen, directly arrange the sealing formation?"

Liu Shu directly denied Lu Changsheng's words.

"If you can directly arrange the sealing formation to strengthen the seal, then there will be no more trouble."

That's not a year or two. People from the Demon Realm probably won't be able to get out for the rest of their lives.

"However, the person who set up the seal has completely connected the Zhentian Buddha Tower with the Demon Realm. When you arrange a sealing formation, the Zhentian Buddha Tower will inevitably face collapse."

"At that time, the entire Demon Realm will break the seal. Even you, there is no way to arrange a sealing formation in the area where the entire Demon Realm is located in one breath."

"The Demon Realm will be completely liberated."

"What you can do is to restore part of the Zhentian Buddha Tower as much as possible."

Today's Zhentian Pagoda has already damaged its origin.

The origin of Zhentian Pagoda is the souls of those ancestors...

Lu Changsheng said: "So, what I have to do is to replenish the soul power of those human ancestors and extend their lives?"

"You can understand it this way."

"But you don't have materials at hand."

Immediately after.

Liu Shu told Lu Changsheng the materials needed.

Although Lu Changsheng didn't know what it was.

Have never heard of it.

For example, what is the origin of the immortal soul, for example, what kind of yin and yang fruit...

But presumably, the Immortal Emperor of the Asgard should be able to find it, right?

After determining the target.

Lu Changsheng turned around and headed towards the fairy palace.

Chapter 900: The Eye of Sky Survey!

【Congratulations to the host for completing the task】

【Reward: Holy Array Prison Physical Skill, Holy Array Sky Scroll】

【The host gets the eye of surveying the sky】

Eye of Sky Survey?

When the words of the system slowly fell.

Lu Changsheng's pupils turned into a purple-gold color.

Fang Qiong in front of him was also surprised to find that in Lu Changsheng's eyes, there was a halo of purple gold that seemed to be there.

Under Lu Changsheng's gaze.

It seems that every part of my body has been penetrated!

And Lu Changsheng also knew the function of the Sky Surveying Eye.

Whether it's formations, talismans, or a person's weakness.

Even, the timing of the upcoming shot and the effect of a certain item can be found out at a glance!

This thing is useful!

The corners of Lu Changsheng's mouth turned up slightly.

Then he looked at Fang Qiong, who was still weak in front of him.

Put his hand on his head, and under Fang Qiong's astonished eyes, a sense of endless life slowly seeped into his limbs and bones.

Fang Qiong only felt that.

My broken body and meridians are all recovering quickly under the intention of endless life!

Less than a few breaths.

Fang Qiong felt that he was full of strength, even much stronger than before!

However, this is also due to the fact that Fang Qiong was on the ladder of Asgard, resisting the feeling of oppression, surpassing his own limit, and persisting for a full 104 days.

At this time.

The disciples of Asgard also responded.

Seeing this scene, he smiled ironically.

"With this talent and strength, you also want to accept him as a disciple?"

"Hehe, it should be a person who is not in the mainstream. Only in this way can it be possible to appreciate this person's talent."

"That's right, although this son's talent is not enough to enter the Asgard, but there is no problem going to those third-rate forces."

However, there are many discerning people in Asgard.

"Although talent is still lacking, this willpower and Taoism are too tenacious."

"If it were me, I wouldn't be able to do this under the same circumstances as him."

"Well... just a pity talent."

"Not necessarily, what if there is an adventure?"

"That is also true. If there is a chance, it may be able to break the deadlock."

HEAR THEM.

Lu Changsheng was about to say something, but Fang Qiong's expression remained firm, as if he hadn't been affected in any way.

Heh, he seems to be a very steady disciple.

Lu Changsheng said: "Have you heard a word?"

Fang Qiong: "?"

Lu Changsheng: "Thirty years in Hedong and thirty years in Hexi, don't bully the young and poor!"

Damn it, no way.

Lu Changsheng suddenly covered his face, trembling all over.

He's meow, when I was a child, I heard very touching and passionate words.

So I also thought about giving it a try.

Now really say it.

Really his meow middle school two.

It's so embarrassing!

Fang Qiong was taken aback when he heard the words, and then said with blood on his face:  
"Master, I will not let you down!"

At this moment.

Xian Rusheng also suddenly appeared beside Lu Changsheng.

Seeing Xian Rusheng, the disciples of the Immortal Palace around them put away their expressions, bowed their hands respectfully and said, "Meet the elder."

Xian Rusheng nodded slightly, then waved and said, "It's all gone."

So, those disciples left this place.

Wait until all the disciples leave.

Xian Rusheng and Xian Huaxuan beside him looked at Fang Qiong beside Lu Changsheng, with strange expressions on their faces.

"I didn't expect you, senior, to accept him as your disciple."

Lu Changsheng smiled and said: "This son has a strong willpower, and he will definitely do something in the future."

Lu Changsheng did not reveal Fang Qiong's real talent.

After all, we still have to hide it. It just so happens that Fang Qiong is considered weak by others, and there may be a surprise effect at that time.

Xian Rusheng nodded, looked at Fang Qiong at the side, and said with a smile: "Senior Lu is very powerful, since he accepted you, you must learn from Senior Lu."

Fang Qiong nodded heavily.

"Okay, what can I do for you?" Lu Changsheng asked.

"Senior, His Majesty the Immortal Emperor is looking for you." Xian Rusheng replied respectfully.

It should be that the materials have been found.

Lu Changsheng nodded, and took Fang Qiong to the Immortal Emperor's bedroom.

Xian Huaxuan looked at the backs of the two, and asked: "Master, why did Senior Lu accept this person? Although the willpower is very tenacious, the talent and strength are extremely mediocre."

"I don't know either." Xian Rusheng shook his head and said: "However, a person with the strength of Senior Lu must have discovered something remarkable about this boy, otherwise he would not be able to accept disciples easily."

"I have a hunch that Fang Qiong will shine in the fairy world in the future and become an extremely powerful immortal cultivator."

Xianhua Xuan was taken aback when he heard the words.

People who have reached the realm of Xian Rusheng have extremely accurate premonitions.

...

Immortal Emperor Palace.

Lu Changsheng brought Fang Qiong to this place.

Fang Qiong looked around, feeling a little emotional in his heart, that he would be able to come to the palace of the legendary man one day...

But Lu Changsheng had a casual expression, he pushed the door open and walked in, sat down on the seat opposite to the Immortal Emperor, picked up the teapot and drank it all in one gulp.

Looking at this scene, Fang Qiong admired it even more.

Who is Master, who can be so casual in front of the Immortal Emperor...

"Found it?" Lu Changsheng asked.

The Immortal Emperor nodded with a smile, and pushed a ring in front of Lu Changsheng.

Lu Changsheng took a look, then nodded and accepted.

"Aren't you going to say something?" Seeing that Lu Changsheng put it away, the Immortal Emperor raised his eyebrows and said, "I found this at a great price."

hehe.

Lu Changsheng sneered in his heart.

It took four days to find it, and it cost a lot of money.

"Then why don't you deal with the Demon Realm?" Lu Changsheng glanced at the Immortal Emperor and said.

Immortal Emperor stopped talking immediately.

Immediately.

The two talked about the Demon Realm again.

It's just the conversation between the two, Fang Qiong can't hear it.

After talking.

The Immortal Emperor looked at Fang Qiong, nodded and said: "Actually, this Emperor wants to secretly accept you as a disciple."

Fang Qiong was taken aback.

The Immortal Emperor said... want to accept me as a disciple?

Lu Changsheng also crossed his chest and sneered.

The Immortal Emperor said with a smile: "I don't think your talent is actually weak, but your physique and elders can't see it, and your willpower is so tenacious, you will definitely become a peak powerhouse in the future, maybe you can still Take over the emperor's mantle."

With the vision and strength of an immortal emperor.

Although Fang Qiong's physique can't be told, at least the clues can be seen.

Lu Changsheng was not surprised either.

Seeing Fang Qiong in a daze.

The Immortal Emperor smiled and said: "How about it, do you want to switch to this Emperor's sect?"

Lu Changsheng didn't speak, and seemed to be drinking tea casually.

Fang Qiong was stunned for a moment, but he didn't hesitate at all. He clasped his fists and refused directly: "Thank you for your appreciation, but now that I have become a teacher, I can't change my sect."

Heard the words.

Immortal Emperor looked at Lu Changsheng with a smile: "Look, I tried it for you, he is a good boy."

Lu Changsheng sneered: "Pretend, continue to pretend."

"Don't be embarrassing.

The Immortal Emperor chuckled, "Okay, I'll give this to you, and I won't keep you guys."

After speaking, a jade pendant slowly fell into Fang Qiong's hand.

Three words are engraved on it.

Immortal Emperor Order!
