

My Disciples 921

Chapter 921 Ding out, refining!

Mu Wan'er's grandeur is first revealed at this moment.

Unique fire control capability.

Let everyone present be horrified.

And at this moment.

Fire meteorites are constantly falling from the sky above.

But.

These flaming meteorites will be controlled by Mu Wan'er, and then collide with the uncontrollable flaming meteorites to cancel them out.

Surrounded by the flame storm sweeping the world, Mu Wan'er stood in the center, like the eye of the storm.

Step by step.

With a steady pace, stepping up the stairs step by step neither fast nor slow.

Flame lotus print engraved between eyebrows.

Like the flame goddess descending to earth, she can use all the power of fire in the world!

Another half day has passed.

Mu Wan'er also reached the 399th floor.

The next level up is where the guardian beast of the second stage is located.

And during this short period of time.

Mu Wan'er's fire control ability has also gone a step further.

Fire Meteorite can be fully manipulated!

Even the sea of fire above the sky can be mobilized a bit!

And to this step.

Everyone's expressions became serious.

The guardian beast in the second stage is bound to be stronger than before.

I don't know if Mu Wan'er's ability to control fire can defeat her.

Ye Qiubai and the others didn't make a sound, that's because Mu Wan'er didn't take the initiative to ask for help.

After all, this is Mu Wan'er's experience for herself.

But I still have some worries in my heart.

Little Shitou said beside him, "Shall we help?"

"No need." Hongying immediately shook her head and said, "Trust her."

Fang Qiong also said on the side: "Since Senior Sister said she wants to come by herself, she must be sure, but more is to prove herself."

"In that case, let's watch carefully." Ye Qiubai made a final decision.

...

At the moment.

Mu Wan'er looked at the 400th staircase above with firm eyes.

Immediately, one step forward.

Go to the 400th floor!

Roar!

The moment Mu Wan'er stepped on it.

In the sky, the sea of fire started to riot in an instant!

Countless flames flew out of the sea of flames.

Wandering around in this space.

Immediately.

The clusters of flames condensed wildly in the space.

The sound of the roar of the tiger was released from it!

Following the roar of the tiger fell.

A giant tiger with a body length of 100 feet, surrounded by flames, every limb is like a giant pillar of the sky, and there is a storm of flames supporting the soles of its feet.

Watching this scene.

Zhuo Cai was surprised at first, and then sneered: "Although this guardian beast has the same realm as us after being suppressed, it is incomparable to ordinary heavenly realms."

"I can only control the fire, but I can't solve this giant tiger."

Fen Yan's face also revealed a dignified color.

Because even he must activate the Immortal Fire Nine Profound Physique to pass this level.

And Mu Wan'er.

Although the fire control ability is extremely brilliant.

When he was in the Burning Flame Valley, he knew that Mu Wan'er was mainly outstanding in alchemy!

She who only relies on fire control ability but has no actual combat ability, can she really pass this level by relying on her own ability?

Even outside of Xianyuan Tongtian Mountain.

The Immortal Emperor also looked at Lu Changsheng with a smile, and asked: "Although your disciple's talent is also extremely amazing, but if there are no other means, this level may be a little overhang."

Lu Changsheng shrugged, glanced at the Immortal Emperor and said, "Don't you come here because you want to find out the bottom line of my disciples?"

The Immortal Emperor also smiled when he heard the words.

He naturally wanted to know.

Based on the strength of the Immortal Emperor, it can be seen that Ye Qiubai and the others have no problems in their realm.

But even so, it is impossible to see what kind of killing method they have.

After all, there is no trace of release.

"The main reason is that the talents exposed by your disciples are too enviable."

The Immortal Emperor shook his head helplessly. With his strength, he could see more things than others.

"Even if it's me, I want to be my disciple."

Lu Changsheng hurriedly said: "Then you hurry up, take them away and I can live a happy life by myself!"

Immortal Emperor was speechless at these words.

Others who have this disciple will do their best to pass on their legacy.

Let you here, but also regard these disciples as a burden, thinking about sending them out quickly...

The Immortal Emperor smiled wryly: "They probably won't worship me as a teacher."

Lu Changsheng: "Go and try, it's best to pry them all away!"

Immortal Emperor: "..."

Suddenly felt that this kid was pretending...

What should I do, I really want to give him a kick...

No, no, no, I am the Immortal Emperor, I am the Lord of the Immortal Palace, I must have self-restraint, and I cannot get angry at will.

At this moment, Lu Changsheng's image changed in the Immortal Emperor's heart.

On an unfathomable basis.

Adding another threatening criminal!

...

On the 400th floor.

Mu Wan'er looked up at the giant flame tiger, clenched her fists slightly.

Meanwhile, without waiting for her to prepare.

The Flame Giant Tiger's attack has already struck.

I saw the giant tiger stepping on all fours, stepping on the void, and every step would set off a vortex of flames.

Mixed with the sound of tigers roaring, they rushed towards Mu Wan'er!

In the process of rushing forward.

The tiger's mouth was wide open, and the power of the flames crazily gathered in the **** tiger's mouth!

It actually condensed into a fireball that could submerge a huge city, and then fell towards Mu Wan'er!

The heat wave is coming.

The entire space was rendered fiery red.

Seeing this, Mu Wan'er didn't have time to think about it.

Slap forward with both hands.

A gigantic cauldron instantly appeared in front of Mu Wan'er!

Nine Dragons Refining God Cauldron!

Mu Wan'er frowned, her red lips parted slightly, and she drank one word!

"Open the cauldron!"

Following the flame lotus imprint on Mu Wan'er's eyebrows began to flicker.

In an instant.

The Nine Dragons Alchemy Cauldron rises against the storm!

The nine dragon head sculptures around the body of the tripod, among which there are three dragon heads, released fire from the eyes!

And the huge fireball also fell on the Nine Dragons Refining God Cauldron.

In an instant, the Nine Dragons Alchemy Cauldron engulfed the huge fireball.

Included in the tripod body.

"Refine!"

Seeing this, Mu Wan'er let out a yell.

The three dragon heads on the tripod body seemed to come alive. They opened their dragon mouths, spewed out flames, and surrounded the tripod body!

Under the watchful eyes of everyone.

The huge fireball just struggled for a few breaths in the Nine Dragons Refining God Cauldron.

Then there is no more sound.

"Really refined?!"

Below, someone exclaimed.

Zhuo Cai's face was also livid.

There are really other means.

Han Lu also chuckled, and said: "Using the method of alchemy in actual combat, it seems that this person has extremely high attainments in alchemy."

"Thousands of roads lead to the same goal." Qiu Jing looked at this scene and said calmly: "When a road is perfected, no matter whether it is in charge of killing or not, it is also capable of shining in actual combat."

Fen Yan was also temporarily relieved.

However, this is just the beginning.

Immediately afterwards, Fen Yan looked at the giant flaming tiger again.

How to deal with this?

Could it be possible to refine it?

Chapter 922 Ancient Taoist Artifact, Nine Dragons Refining God Cauldron!

Dan Bible, Nine Dragons Refining God Cauldron.

Coupled with Mu Wan'er's tyrannical fire control ability.

It is so easy to directly refine the huge fireball released by the flame giant tiger!

The Flame Giant Tiger didn't stop attacking just yet.

Limbs move.

Constantly charged towards Mu Wan'er.

At the same time, the tiger's mouth opened wide, and fireballs kept falling towards Mu Wan'er!

One time.

Countless fireballs swept towards Mu Wan'er like a violent storm.

Watching this scene, Mu Wan'er didn't back down.

Eyes firm.

In the past, I could only work hard to improve my alchemy level, thinking that as long as I reached the ultimate level of alchemy, I would be able to help my seniors, seniors, seniors, and brothers.

But gradually.

After the elder brother and the others kept fighting on the front line, but he could only watch from behind.

Mu Wan'er was not satisfied with this.

Got the Dan Bible now.

After the strength skyrocketed.

Mu Wan'er made up her mind to prove to her senior brothers that I also have the strength to confront the enemy head-on!

Now, it's time to prove yourself.

How could Mu Wan'er retreat easily?

this moment.

The lotus imprint on Mu Wan'er's eyebrows is in full bloom!

These bursts of fire seemed to turn into ropes, entwining the Nine Dragons Refining God Cauldron.

Immediately.

Around the body of the tripod, the fourth faucet seemed to come alive, with flames spewing out.

And Mu Wan'er pushed out with one palm at this time.

The Nine Dragons Refining God Cauldron spun and headed towards the rushing group of fireballs.

Countless fireballs were collected into the furnace by the Nine Dragons God Refining Cauldron.

It's like a bottomless pit.

No matter what, the Divine Refining Cauldron will not be broken.

Refining all those fireballs!

into nutrients.

It seems to realize that the fireball has no effect on Mu Wan'er.

Roar!

The giant tiger roared loudly, shaking the heavens and the earth!

The flame storm swelled even more in the face of the storm!

Following the roar of the tiger, the flame giant speeded up at this moment.

The huge body was not affected in the slightest.

On the contrary, the speed is extremely fast.

In just a split second, she arrived in front of Mu Wan'er.

Raised his front paw, and slapped Mu Wan'er!

The shadow of the palm completely enveloped Mu Wan'er.

The palm wind brings fire, whistling bursts.

Mu Wan'er looked up at this scene with a solemn expression.

Two-hand seal.

The mark between the eyebrows is like a little sun, blooming in the shadows!

The Nine Dragons God Refining Cauldron appeared in front of Mu Wan'er from another place in an instant as if teleported.

clang!

Boom!

Following the flame giant's palm, it landed on the Nine Dragons Refining God Cauldron.

There was a loud bang of refined iron in the time of refining the gods!

The sound of echo resounded in this Xianyuan Tongtian Mountain!

What spread at the same time was a huge wave of flames.

Centered on the junction of the palm and the Jiulong Lianshending Ding.

A series of flame ripples continued to spread towards the surrounding area.

Heat wave swept under.

The entire ladder, in the eyes of those below.

It seems that the entire space is constantly distorting!

It's crooked.

It seems like a mirage.

Zhuo Cai and the others kept a close eye on it.

Want to see clearly what Mu Wan'er's situation is like.

And the moment when the heat wave fades away.

Mu Wan'er's figure was still standing firmly on the 400th step, and she was not sent flying by the giant flame tiger's palm.

only.

The corner of Mu Wan'er's mouth also had a smear of bright red slowly flowing down.

Obviously, under this attack.

Mu Wan'er was slightly injured.

On the other hand, look at the giant flame tiger.

It seemed that she was still not satisfied with the result, without the slightest pause, her limbs kept trampling towards Mu Wan'er!

saw this scene.

Xiao Hei frowned slightly, strands of black devilish energy surged up and down his body, with six lines covering his body.

Ye Qiubai replaced the Hunyuan Immortal Sword, and instead, a simple long sword with a sheath appeared in his hand, and the other hand held the hilt.

Hongying took out the reincarnation spear.

Mu Fusheng's face was even more solemn, the power of thunder roamed around his body, as if there was an extremely restrained, extremely compressed aura that was about to break out of the cage!

Ning Chenxin, Shi Sheng, Xiao Shitou, and Fang Qiong were also ready to attack.

Once Mu Wan'er was in an instant, she couldn't resist the attack of the giant flame tiger.

They will attack at the same time and save Mu Wan'er!

And this scene, the rest of the people did not notice.

Under the cover of Mu Fusheng's talisman, and everyone's eyes were attracted by Mu Wan'er.

I can't even notice that there seems to be something wrong here...

Mu Wan'er looked up.

The blood at the corner of her mouth made Mu Wan'er even more heroic.

His eyes froze.

The two-handed seal is constantly changing at this moment!

With the change of India decision.

The lotus imprint between the eyebrows is like the place where the seal is lifted, and the flames are scattered!

at the same time.

There are endless flames all over the body, sweeping madly!

The Nine Dragons Refining God Cauldron actually started to rotate crazily at this time.

Around the body of the tripod, the fifth dragon released fire.

A breath that seemed to come from ancient times gradually spread throughout this space.

felt this scene.

Qiu Jing's eyes changed slightly.

"This is a Taoist weapon from ancient times!"

Han Lu also said in a deep voice: "The ancient Taoist artifacts that can be passed down to the present are all extremely precious and powerful, and they are not comparable to ordinary immortal artifacts..."

Zhuo Cai said in disbelief: "But how can this kid activate the ancient Taoist weapon?"

According to ancient records.

An ancient Taoist tool must be recognized by the tool spirit before it can inspire its power.

The requirements for admission are also extremely harsh.

Talent, luck, fit with this weapon.

Indispensable.

Fen Yan showed a wry smile.

I didn't expect Senior Lu to even have ancient Taoist artifacts...

And throw it directly to the disciples.

To know this thing, even Fenyan Valley doesn't have it...

Immortal world can have the power of ancient Taoist artifacts, I am afraid it can be counted on the palm of one hand.

If Lu Changsheng knew about Fen Yan's thoughts.

I'm afraid I'll vomit blood to death.

Why do these two father and son like to add drama to me so much!

Everything must be placed on my head!

And the other side.

Ye Qiubai, Mu Fusheng and others also heard their discussion.

is also slightly depressed.

They knew very well that the Nine Dragons Refining God Cauldron was obtained in the Endless Sea Territory.

The Endless Sea has such a fetish.

What is the endless sea covering?

What kind of war was the war that happened at that time?

...

At this moment, the Immortal Emperor also took a deep look at Lu Changsheng, and said, "Your Excellency is hiding very deeply."

"He even took out an ancient Taoist weapon for his disciples to use."

"Aren't you afraid of being missed?"

Lu Changsheng: "..."

Let's love it.

Anyway, I don't believe the explanation.

never mind.

Destroy it.

...

On the other hand, look at Mu Wan'er.

After arousing the power of the Nine Dragons Refining God Cauldron.

His face was also pale in an instant.

Ke Lian Shen Ding also released a huge suction at this moment!

The flaming giant tiger was unable to resist completely, and was slowly absorbed by the refining cauldron!

Chapter 923 Immortal Emperor: How about you join Asgard?

Ancient Dao Artifacts are existences that far surpass Immortal Artifacts.

Similarly, the forging method of ancient Taoist vessels has also been lost.

It is possible that some of those lineages that have survived from ancient times still have methods.

But these people are generally not born.

Or, even if there is a way, forging is no longer possible.

demand too much.

The current environment is not as splendid as in ancient times, so forging cannot be carried out.

so.

The ancient Taoist tools we have today are basically inherited from ancient times.

Although Mu Wan'er is still unable to fully control the Nine Dragons Refining God Cauldron with her current strength.

However, even if it stimulates a part of the power of ancient Taoist artifacts.

It can also produce extremely powerful effects.

This is the horror of the ancient Taoism.

not to mention...

This Nine Dragons Refining God Cauldron does not seem to be an ordinary ancient Taoist tool.

At the moment.

Under the eyes of everyone.

Mu Wan'er's feet were suspended above the stairs.

Crimson flames wrapped around her body like a layer of gauze, spreading over Mu Wan'er's body.

The lotus imprint on the center of the eyebrows is in full bloom.

Just like the Nine Heavens Goddess in this sea of flames!

The expression is indifferent, and the eyes are like fire pupils.

Majestic, beautiful, and inviolable!

Print with both hands.

Countless flames were injected into the Nine Dragons Alchemy Cauldron.

The five-headed dragon with the body of the tripod is shining brightly.

The flame giant tiger was included in it.

A huge roar of tigers was heard continuously and dully.

Boom! boom! boom!

The roaring sound continued to resound in the refining cauldron.

It was the giant flame tiger that was constantly beating the refining cauldron from the inside.

And the amplitude of the sound is getting faster and faster, and the sound is getting louder.

obviously.

The power of refining the divine cauldron made it feel threatened.

Want to speed up and break out of the cage!

Seeing this, Mu Wan'er had a cold expression and calm eyes.

Unhurriedly, he pointed lightly at the Nine Dragons Refining God Cauldron.

In an instant!

The flames of the Nine Dragons Alchemy Cauldron keep rising!

At the same time, the sea of flames in the sky seemed to be under the control of Mu Wan'er.

Among them, the incomparably pure Flame Dao flocked frantically to the Nine Dragons Alchemy Cauldron!

Hurrah!

The flames are all over the sky!

The surrounding temperature keeps rising!

And the movement from the Divine Refining Cauldron became smaller and smaller.

The roar of the tiger also became weaker and more painful.

Mu Wan'er looked at this scene indifferently, seized the opportunity, and parted her red lips lightly, "It's time to end..."

The voice just fell.

With the hands slightly raised above the head.

The Nine Dragons God Refining Cauldron fluttered upwards.

The sea of flames swept under.

Only a stick of incense time has passed.

Suddenly, a flame shock wave was released from the Nine Dragons Alchemy Cauldron!

At this moment, the sky is shaking!

At the same time, there was no movement in the Divine Refining Cauldron.

I saw that the flame shock wave turned into strands of extremely pure flame principles, which were absorbed by the flame lotus imprint on Mu Wan'er's eyebrows.

That's it.

Mu Wan'er's flame power also became stronger.

The realm also began to move around.

If it weren't for the suppression of Xianyuan Tongtian Mountain, I am afraid that he has broken through to the realm of heaven by now!

Immediately.

Mu Wan'er put away the Nine Dragons God Refining Cauldron, and as the lotus imprint disappeared, the flames around her also dissipated.

At this moment, the cold and majestic demeanor also disappeared.

Mu Wan'er returned to her previous appearance of the girl next door, and turned to look at Ye Qiubai and the others.

His hands on his hips, his snow-white chin slightly raised, his small nose wrinkled, and his expression proud.

As if asking for credit.

"Hmph, that's amazing!"

Ye Qiubai, Mu Fusheng and others couldn't help laughing when they saw this scene.

Hongying stepped forward and touched Mu Wan'er's head, and said with a soft smile: "In the future, Wanmei will be able to fight side by side with us."

Mu Wan'er's eyes moved, she hugged Hongying, and arched her face against Hongying's chest, "Yeah!"

Ye Qiubai smiled beside him and said: "But don't forget to make alchemy for us, Wanmei's elixir is very important to us, after all, Master is too lazy to refine it."

And Xiao Shitou looked at Mu Wan'er and Hongying eagerly.

I thought to myself.

Learned, learned.

I will try it next time!

Suddenly, Ning Chenxin's voice came from the side.

"If you also want to do like Wanmei, there will be something wrong."

Little Shitou suddenly looked disappointed.

Then he looked at Ning Chenxin with a look of horror.

I saw Ning Chen looking at Xiaoshi with a smile on his face.

The expression is unpredictable.

It seems to be able to see through the soul.

And the people below.

His face was still solemn.

My mind is still immersed in the scene where Mu Wan'er refined the Guardian Beast.

Now, many people present no longer dare to underestimate this group of people.

First of all, it was the body repairer who resisted the Thunder Dao Principle. At the same time, he was able to recover quickly after his body was injured, and then his strength was further improved.

Then Mu Fusheng's talisman and the nine gods.

And Mu Wan'er today, fire control ability and ancient Taoist weapon...

Talking about one of them alone, they are all among the top talents in this fairy world!

It's no wonder that he will be selected by Xianyuan Tongtian Mountain...

What about the others?

Everyone looked at Ye Qiubai and the others again.

They seem to be from the same school.

That may not be easy...

Fen Yan looked at Zhuo Cai, who had an extremely ugly face, and said with a sneer, "It seems to be beyond your expectation? Who let them be cannon fodder? Looking at it now, it seems that they can't be regarded as cannon fodder."

Zhuo Cai gritted his teeth when he heard this.

Wanted to say something, opened his mouth but couldn't speak.

After all, this is the truth, the fact he saw with his eyes.

This kind of talent, this kind of strength, except that the realm background is not as good as them.

Others can already be counted as top...

at the same time.

Xianyuan is beyond the Tianshan Mountain.

Immortal Emperor stroked his chin and said, "You disciples are really surprising."

Lu Changsheng didn't want to talk to him.

I was just thinking in my heart.

How did this group of brats expose so much...

They ignored my words...

Forget it, forget it, I can't manage it anymore...

At this time, the Immortal Emperor suddenly asked: "You should have no influence, right?"

Lu Changsheng raised his head slightly, and looked at the Immortal Emperor suspiciously.

"How about you and your disciples join our Asgard?"

The Immortal Emperor spoke surprisingly, and smiled slightly: "I will reserve a position for you as the Deputy Palace Master of the Immortal Palace, which is second only to me. At the same time, even if it is my order, you don't have to accept it. If you are given enough freedom, you can still accept it." Enjoy the treatment of my Asgard."

"At the same time, your disciples can also directly become the direct disciples of my fairy palace, how about it?"

If there are outsiders here, they will be horrified when they hear the words of the Immortal Emperor!

Asgard's Deputy Palace Master, a position that has never been established.

At the same time, these requirements are unprecedented.

While enjoying freedom, you can also enjoy Asgard resources.

This is already the envy of countless people!

Lu Changsheng smiled softly: "You old boy has a good plan, and you want me to join, and you want to drag my disciples into the boat of Asgard?"

Chapter 924 Small stone emerges (14)

The purpose of Immortal Emperor is actually very simple.

It would be great if you could win Lu Changsheng into the Immortal Palace.

Can train so many monstrous disciples.

Doesn't that just explain Lu Changsheng's strength?

At the same time, Lu Changsheng also understood.

Seeing the strength of the disciples, the Immortal Emperor expanded his thinking even more under the circumstances that he wanted to win over.

However, with Lu Changsheng's temperament.

How could it be possible to join other forces and be controlled by others?

Although the promise of the Immortal Emperor, if he joins the Immortal Palace, it will give Lu Changsheng enough freedom, and the enjoyment of power and resources is extremely great.

But at the moment of joining Asgard.

Part of my karma will definitely be implicated in Asgard.

One prospers all, one loses all.

Even if Lu Changsheng is not allowed to do things.

There will also be some things that cannot be avoided anyway.

How could Lu Changsheng not understand these truths?

Think here.

Lu Changsheng shook his head without hesitation, and said, "Don't even think about it."

Heard the words.

The Immortal Emperor smiled lightly, with a look of regret in his eyes.

But this is also within his expectations.

also stopped mentioning this matter, quietly watching what happened in Xianyuan Tongtian Mountain.

...

At the moment.

Little Stone is already standing on the 401st step.

And this stage is the way of water.

The appearance of the little stone made everyone slightly taken aback.

Obviously, there is nothing special about it.

However, when the perception penetrates into it, it seems to be sucked into an endless dark space.

There is nothing in the space.

But it is extremely deep, with no end in sight.

But when Xiaoshi made his move, the faces of the people watching the battle below were extremely solemn.

I saw the little stone climbing up with light steps.

The way of water is condensed into a turbulent wave, sweeping the world, pressing towards the small stone!

A drop of water may not be a threat.

But when the endless water turns into huge waves.

The weight and impact and destructive power it can cause are extremely terrifying.

Even the space was overwhelmed, and there was a booming sound in the air!

But.

Little Shitou's hands didn't move at all.

It's just walking up with both feet.

Every floor you go.

The tsunami will grow bigger and stronger!

Someone below said solemnly: "If this continues, the power accumulated by the tsunami will be too terrifying. Can it really be stopped?"

"Well, even if I wait, I don't dare to do this."

"There is no time limit, why are you so aggressive? Or is this person just pretending to be a tiger?"

But Qiu Jing and others who are at the top of the list of immortal kings don't think so.

Those who can stand here and face these people.

are not good stubble.

Since he did this, he will naturally be able to understand the intensity of the tsunami, and there will always be a way to deal with it.

It's just that they couldn't guess.

How does a small stone resist the tsunami formed by thousands of ways of water?

Look around.

But Xiao Shitou's hands still didn't move.

Just raised his head, walked up, and quietly watched the stormy waves sweeping towards him!

But.

When the tsunami is only a few meters away from the small rock.

Sudden.

The tsunami coming from downward suppression suddenly stopped!

It seems that in front of the small stone, there is an invisible space that encloses the tsunami!

Watching this scene.

Everyone looked surprised.

what happened?

Little Stone obviously didn't move, but it stopped the tsunami completely!

Qiu Jing narrowed her eyes slightly, and locked her eyes tightly around the tsunami.

Suddenly, the tone is dignified: "It's space..."

space? !

Hearing Qiu Jing's conclusion, everyone was startled, and quickly looked through their senses.

Under their perception.

Around the tsunami, there is a space cage!

Siege the tsunami tightly!

At the same time, the invisible space cage is still squeezing the tsunami!

The surrounding space began to twist sharply!

Now, they get it.

The means of small stones is space!

Moreover, it is also an outrageously strong ability to control the space.

this moment.

It seems that the little stone is the king of space, able to control all the power in the space.

It's like destroying the dead.

The huge tsunami dissipated under the squeeze of space!

The remaining aftermath.

With the light finger of the small stone.

A crack was torn open in the space in front of it in an instant!

The aftermath of the tsunami was sucked into the crack.

Immediately afterwards, the crack closes.

The tsunami disappeared.

Everything is calm again.

This means...

Zhuo Cai's face was extremely ugly.

The Tao of space is one of the top Taos among the three thousand avenues.

Even in the fairy world, there are not many people who have the courage or talent to major in the principles of space.

space.

Ethereal, difficult to grasp.

It seems that it does not exist, but it is everywhere.

Want to practice, but can't start.

After that, the little stone continued to move forward.

As if everything was nothing in front of him, no matter how huge the tsunami was, it would be squeezed by the space and sucked into the space crack.

soon.

You have reached the 600th floor.

A huge water snake entrenched in the sky, winding towards the small stone!

See it.

Little Shitou raised his eyebrows and pointed out.

The space around the water snake began to squeeze crazily again!

However, the strength of the water snake does not seem to be comparable to that of the previous simple way of water.

Under the crazy collision of the water snake, he quickly broke through the squeeze of the space cage, his eyes were angry, he roared at the small stone, and rushed away!

At the same time, the little stone no longer looked calm.

Stepping on the space, dodging towards the sky.

The water snake's body suddenly hit the stairs!

made a huge roar.

But the ladder didn't shake or break...

On the contrary, the body of the water snake was scattered into a puddle of liquid under the huge impact.

The next moment, they condensed again and continued to rush towards the small stone in the sky!

Opened his ***** mouth, spitting out the snake letter, intending to swallow it into his stomach.

Little Shitou will naturally not sit still.

Hands out.

Pressed slightly towards the water snake.

Boom!

In front of Xiaoshi's palms, there are countless space ripples, as if they are being continuously compressed.

It is like an extremely compressed air cannon, hitting the water snake!

Boom!

Along with countless loud noises, they continued to ring out from the huge body of the water snake!

Countless water liquids began to splash down.

The water that splashed down was too huge, like a waterfall flowing down from the sky.

And those waterfalls began to surge, as if they were about to condense again!

But.

Little Shitou clenched his palms suddenly at this moment.

The scattered water was instantly dispersed and inhaled by several torn spaces!

I only heard Xiao Shitou say: "Well, dismantling the corpses and putting them all in different spaces, so they shouldn't be able to survive, right?"

Even if you can survive, there are still countless space storms inside...

Chapter 925 The second pass, the gatekeeper of the mountain (24)

After the little stone.

The fourth stage of the law of wind.

is topped by Ye Qiubai.

Although Ye Qiubai couldn't pass through like the little stone and Mu Fusheng, who seemed to be crushed.

It also took a lot of time in the middle.

However, in the process of passing, Ye Qiubai actually mastered the Dao of Wind and used it in conjunction with the Dao of Sword.

Make your sword sharper and faster.

The last stage is above the 800th floor.

The four ways appear at the same time after being strengthened!

Everyone in the thatched cottage made their moves together and began to approach upwards.

And other people saw this scene and knew it.

It is only a matter of time before the people in thatched cottage reach the top.

So, they couldn't sit still anymore, and began to climb up the stairs!

After the seven days have passed.

All those who can climb to the top have reached the top.

Of course, on the ladder, some people fail accidentally, or some people want to deliberately reduce the number of successful people and make trouble secretly.

In short, the number of people including thatched cottage is less than half of what it was before.

The three members of Immortal Palace, Han Lu, Fen Yan, Zhuo Cai, and Yang Feng, one of the seven daughters of Qiongxian, were naturally not eliminated.

Just, among the three people in Asgard.

The two people except Qiu Jing looked at Fang Qiong with different expressions.

After Qiu Jing noticed it, she couldn't help asking: "What's wrong?"

Among them, Lin Hai, who was eleventh on the Immortal King List, pointed to Fang Qiong and explained: "That person is Fang Qiong."

"At that time, he wanted to join our Immortal Palace, but because his talent was not up to the standard, he was dismissed by the elders. However, this son has perseverance and knelt on the fairy ladder for several months."

Li Xiao, who was thirteenth on the Immortal King List, took over the conversation and said, "Later, he was taken away by a man as his apprentice. From now on, it seems that he should be the master of this group of people."

Qiu Jing suddenly realized.

After all, he was on a foreign mission a few days ago and was not in the fairy palace, so he didn't know what happened recently.

However, these people are all from the same sect?

Qiu Jing was a little surprised, but also curious.

Who is able to cultivate so many monsters at the same time, and they know different things!

Lin Hai said at this time: "Although I don't know why Fang Qiong has the quota, but his talent is not very high under the test of Xiangong."

"It can't be that our Asgard made a mistake?"

Speaking of this, Li Xiao immediately denied and shook his head.

Asgard's talent test was left by the founder of Asgard, how could it be wrong.

Qiu Jing said at this time: "Okay, you can see his strength in the second level, there is no need to guess here."

The two nodded.

...

At this moment, Fen Yan joined the people in the thatched cottage.

Fen Yan explained: "The second level is to defeat the gatekeeper of Xianyuan Tongtian Mountain. If you defeat it, you can pass."

"However, the strength of these gatekeepers is very strong. Although his realm has been suppressed to the fairyland, his background, actual combat experience, and mastery of the principles are extremely high."

Ye Qiubai and everyone nodded.

It is conceivable that it is very difficult to have a strong understanding of the Tao if you practice in a place like Xianyuantongtian Mountain all the year round.

"Generally, there are not many people who can pass this level."

Fen Yan said solemnly: "Even if I activate the Immortal Fire Nine Profound Physique, I can't say that I can defeat the gatekeeper 100%."

Ye Qiubai asked: "Then how to challenge?"

Hearing this, Fen Yan pointed to the front.

Everyone looked.

The place where the eye enters is surrounded by clouds and mist.

The mountainside has already rushed into the sky. If you just use your naked eyes, the thick and special clouds will greatly block your sight.

Perceive the past tense.

Then you can find a man sitting cross-legged under a smooth mountain wall.

The man has disheveled hair.

The messy hair completely hides the face.

Sitting like this, without the slightest breath coming out, as if sitting down.

But they understand very well.

The breath is completely restrained, which is the performance of the strong.

At this time.

Zhuo Cai said loudly, "Who will go first?"

At this time, Fen Yan couldn't help laughing: "Why, you want to find someone to be cannon fodder again?"

"After so many years of cultivation, I don't have any xinxing at all. I have cultivated it all on dogs?"

Zhuo Cai's previous actions had already suppressed Fen Yan's anger for a long time.

Now that I'm doing this again, I can't help it.

not to mention.

Zhuocai's approach is indeed a bit obscene.

Even the three people from the Immortal Palace, Han Lu, Yang Feng and others cast contemptuous glances.

I thought to myself.

You are also a strong person on the list of immortal kings, and even a person with a quota.

But why are you so stingy?

Qiu Jing also shook her head and said: "This person will hardly become a master in the future."

Qiu Jing didn't hold back her words.

Naturally, Zhuo Cai could hear it.

If you look ugly, you should be ugly, if you feel uncomfortable, you should be uncomfortable, and if you are angry, you should be angry.

But the other party is a member of the Immortal Palace, and even a strong man at the top of the Immortal King Ranking, how can he provoke him?

If he is provoked, the Zongmen may have to send him directly to the Immortal Palace to plead guilty.

After all, Qiu Jing's identity is not ordinary.

This dumb person can only endure it.

At this time.

A man volunteered, "I'll come first."

After finishing speaking, he walked in directly.

Fen Yan whispered next to the people in the thatched cottage: "This person is Yao You. Because he has not stepped into the realm of the Immortal King, he is not included in the list of Immortal Kings."

"However, his talent is extremely high. Many people claim that as long as Yao You steps into the realm of the Immortal King, he will definitely be able to rank among the Immortal Kings, and his ranking will not be low."

Ye Qiubai and the others nodded their heads.

Sure enough, none of the people who could come to the Xianyuan Tongtian Mountain was an ordinary person.

At the moment.

Yao You's battle has begun.

When stepping into the cloud and mist, everyone observed with perception.

The disheveled man stood up slowly, and a pair of eyes were slightly exposed in the disheveled hair.

Perceiving this scene, everyone was slightly taken aback.

What kind of eyes are these?

Eyes are piercing!

It seems to be full of stars!

At the same time, it seems that the power of rules is hidden in it!

With just one glance, one can see how deep the other party's grasp of the Dao is.

Yao You also had an extremely dignified expression, and he cupped his fists and said, "Please enlighten me, senior."

The man didn't speak, but raised his head slightly, signaling him to attack.

Yao You didn't feel angry because of this contemptuous action.

Strong.

has this qualification.

Dissatisfied? If you don't accept it, you are stronger than him!

At this moment, a knife appeared in Yao You's hand, and he rushed towards the man!

This knife, without the slightest hesitation, and without the slightest retraction.

Go all out!

Dao Ze, Sword Intent, Realm, and Connotation.

Everything seems to be hidden in this knife.

The space around him seems to be torn apart at this moment!

This knife, even the others felt very amazing!

Chapter 926 passed and you still want to come? (34)

Yao You is worthy of being called, as long as he steps into the realm of the fairy king, he can be listed on the list of fairy kings.

This knife is extremely amazing.

It can be said that this knife has already squeezed out Yao You's full potential!

Only when facing the strong, or at the moment of life and death, can one squeeze out one's limit and surpass it!

Obviously.

Yao You did just that.

The man raised his head slightly.

Although the knife has not yet arrived.

The intense wind of the knife has already struck head-on.

Blows her hair behind her back.

revealed the vicissitudes of the face.

Seeing Yao You's knife, the corner of the man's mouth turned up slightly, as if smiling!

"This knife is not bad."

After saying that, the man pulled out a big knife out of nowhere, and charged at Yao You!

This knife is very ordinary.

It looks like nothing more than an iron knife.

However, when the knife fell into the palm of the man's hand, an incomparably tyrannical knife intent erupted!

At this moment, Yao You's face changed slightly.

But this knife has already been released, so naturally it cannot be withdrawn.

Can only touch a man's knife!

Clang!

The sound of iron and steel joining together resounded throughout the mountainside!

It seems that the clouds and fog have been shaken away a little.

But.

Yao You flew out without a doubt!

The man stood where he was, without even shaking his body.

The man frowned and said: "Huh? At the last moment, why did you feel afraid? Dao of the sword, brave and strong, how can you have distracted intentions?"

Yao You forcefully stood up, and when he heard the man's words, he immediately cupped his hands and said, "Thank you for your teaching, senior."

The man nodded: "You can still fight, then continue. The first half of your knife just now was good. If you don't have the final fear, maybe I will let you pass."

Yao You nodded.

The two sides kept fighting with knives.

It's just that the man has been standing there without moving.

Only Yao You kept rushing over, and kept flying backwards...

Although the realm has been suppressed to the same level, whether it is actual combat, mastery of Taoism, or background, they are not at the same level at all...

However, after this, everyone also understood.

This is not only a test, but also an opportunity to hone yourself!

At the end.

Yao You still failed.

The man shook his head and said, "The state of mind is still not firm enough, go back and cultivate your mind."

Yao You did not feel dissatisfied, but nodded solemnly and said: "Thank you for your enlightenment, senior!"

The man nodded, then looked in the direction of everyone, and said, "Next, hurry up, don't waste my time in meditation."

Next, a few more people got involved.

However, only one person passed!

Yang Feng also played at this time.

Under the confrontation between the two.

Everyone's expressions became more serious.

This is a person who has only recently become famous.

Before that, there was no movement.

Multiple forces conducted investigations, but they did not find out what the forces behind Yang Feng were.

Therefore, not many people have seen him in actual combat.

Now look at it.

During Yang Feng's sparring with the gatekeeper, the first few moves did not suffer any disadvantages!

In his hand, he was actually holding a formation disk, on which the five elements of the Dao occupied it.

Released at will, the five elements are fused, and the formation is extremely powerful!

Whether it is the timing of the shot or the strength of the formation, there is nothing wrong with it.

Even the gatekeeper's eyes lit up, he became interested, and said: "You boy, you are better than the previous ones, that's all right, you pass."

Yang Feng stopped and cupped his hands: "Thank you, senior."

Qiu Jing also had a slightly serious face: "This person is a strong enemy."

Han Lu also smiled and said, "I think your ranking may be robbed by him?"

Qiu Jing didn't deny it, and nodded seriously: "I'm not 100% sure of winning."

Next, Qiu Jing, Han Lu, Fen Yan, Lin Hai, and Li Xiao also played one after another.

Several people passed.

After passing, Fen Yan looked at Zhuo Cai, and said with a sneer, "You see everything clearly? You should dare to go up now, right?"

Zhuo Cai's face was ugly.

But at this time, it is impossible not to go.

After going up.

Zhuo Cai launched an attack on the man with the strongest strength.

Although the strength is also very strong, it is even stronger than the previous Yao You and the others.

However, the man shook his head and said, "You can't."

Immediately, a punch blasted out.

sent Zhuo Cai flying out.

Zhuo Cai's face was extremely ugly, but he had no choice but to go down the mountain and leave in a daze.

After all, I have no face to stay here anymore.

Now, only the people in the thatched cottage are left.

Everyone, look at me and I look at you.

It seems that they are asking each other, who will come first?

At this time, naturally Xiao Hei stood up without hesitation, rubbed his fists, grinned and said, "I'll do it."

Watching from the side, he couldn't help it already.

Seeing this, everyone couldn't help but smile helplessly.

After incorporating more soul fragments and activating the bloodline ability.

Is Xiao Hei getting more and more addicted to war?

I saw Xiao Hei striding forward and came to the man.

The man raised his head when he saw this.

Xiao Hei didn't say anything, just smiled wildly on his face, and rushed towards the gatekeeper!

In the process of rushing forward.

Six lines instantly covered Xiao Hei's body.

Wisps of dark devilish energy wrapped around the body!

In the eyes, full of fighting spirit!

When the man saw this, his eyes lighted up slightly, and he punched him with the same punch!

Actually wanted to touch the flesh with the flesh!

Boom!

The two fists collided suddenly!

Xiao Hei retreated slightly, but the man did not waver at all.

Seeing this, Xiao Hei grinned loudly, and then there was no stagnation.

While retreating, he stomped on the ground with one foot, using the force of the recoil, while stopping the retreat, he continued to rush towards the gatekeeper in front of him!

Boom boom boom!

Continuous physical collision.

Continuous fist and kick.

The roaring sound resounded through the audience!

Violence.

Nothing but violence.

This battle made everyone look solemn.

Xiao Hei's physical body is actually so powerful.

At the same time, the gatekeeper of the mountain has such profound attainments in body training!

Because of rich practical experience.

Find every opportunity.

The gatekeeper will kick Xiao Hei away with one kick.

Or slap Xiao Hei on the face.

This also made Xiao Hei angry.

His grandma's.

Slap in the face?

Every time, use stronger strength and rush towards the man!

This time, he was slapped back again.

Xiao Hei let out a roar.

Black magic armor, instantly covering the whole body!

Physical strength skyrocketed again!

Seeing this scene, the man smiled lightly: "Okay, your body training talent is very powerful, you passed."

However, Xiao Hei did not intend to stop.

Wearing black magic armor, he rushed towards the man again!

Grandma's.

After slapping Lao Tzu so many times, you want to run away?

At least one withdrawal is required!

Chapter 927 The Keeper of the Mountain: Co-authoring, I will die anyway (44)

The goalkeeper of the mountain has already agreed.

Xiao Hei still wants to go.

See this scene.

Everyone was stunned.

What is this for?

Could it be that you really want to beat this goalkeeper?

This realm is obviously not at the same level!

How could it be possible to win?

Han Lu folded her hands on her chest, holding up a sea of stars, looked at Xiao Hei with an interested expression, and chuckled lightly, "Is this addictive? I heard that people who refine their bodies like this type of fighting style."

Fen Yan smiled bitterly and said, "Too competitive."

During the sparring with Xiao Hei, Fen Yan understood that Xiao Hei had great perseverance.
and extremely aggressive.

Every time he was seriously injured by him, before the injury fully recovered, he rushed over again.

...

However, only Ye Qiubai and the others understood.

Watching this scene, I was very speechless.

Ye Qiubai said: "Do you want to call back?"

Hongying nodded: "I want to fight back."

Ning Chenxin was also very sure: "That's right."

Shi Sheng: "This is because I was blown out of my temper."

Mu Fusheng covered his eyes to show that he didn't see.

Watching Xiao Hei being beaten out again and again.

The man is a bit strange.

The gatekeeper looked puzzled at Xiao Hei who rushed over, and asked, "It's said that you passed, why do you still want to fight?"

Xiao Hei roared, "Shut up and continue!"

???

Hearing these words, everyone has different expressions, some are dull, some have strange expressions.

It's really okay to be so rampant...

Are you really not afraid that the gatekeeper will get angry and beat you to death?

When the gatekeeper heard Xiao Hei's words, he caught Xiao Hei's fist with one hand and was a little dazed.

to be honest.

For so many years... It should be said that I don't know how many years, how could anyone dare to talk to him like this?

However, it seems quite novel.

The others all looked at him respectfully.

This feeling... seems to be a bit good?

However, it was the moment when the gatekeeper was stunned.

Xiao Hei slapped him and slapped him over!

Snapped!

A crisp sound...

resounded through the entire mountainside...

One time.

In the entire halfway up the mountain, all the sounds and time seem to have stopped at this moment...

Only the loud echo of that slap still echoed in everyone's ears.

Everyone stared blankly at this scene.

Brain is blank.

Just staring blankly at Xiao Hei's slap on the face of the gatekeeper.

The head of the gatekeeper was also slapped to one side.

Similarly, like everyone else, his face was full of disbelief.

True or false!

I've said disrespectful words like shut up before.

Now he slapped the gatekeeper on the face.

You really don't want to live anymore?

Can't think about it?

Tired of work?

Even Qiu Jing couldn't make up her mind.

Fen Yan reacted.

Xiao Hei...just wants to slap back...

That's really... Thai pants are spicy!

Even Ye Qiubai and the others helplessly covered their faces.

The expression on his face was as expected.

Really hit it.

As expected of you...

Only Fang Qiong pointed in Xiao Hei's direction, and asked in a daze, "Has Brother Hei always been this brave?"

Mu Wan'er patted Fang Qiong's shoulder, and said with a look of air: "Junior Brother Fang, you have to get used to it, such as the elder brother's fault, such as the second senior sister's blame, or the priest's caution, and the Brother Xiaohei's recklessness..."

It seems that as long as it is treating juniors.

Mu Wan'er will have an inexplicable pleasure!

Looking at Fang Qiong, I feel that my mood has improved!

Finally, I have a real junior!

Fang Qiong nodded dully, then, as if he had discovered something strange, he looked at Mu Wan'er and said, "Senior Sister..."

"Hey!"

"But..."

"But what?" Mu Wan'er smiled.

"But shouldn't Brother Pastor also be Senior Sister Mu's senior brother?" Fang Qiong asked with a harmless face, "Why does Senior Sister Mu call Brother Pastor Brother Pastor?"

The smiling expression on Mu Wan'er's face immediately collapsed.

Immediately, Fang Qiong felt uncute.

Looking at him makes me angry!

Others couldn't help laughing when they saw this.

It seems that he has completely forgotten that Xiao Hei may be in crisis.

...

On the other hand, look at Xiao Hei.

The gatekeeper slowly turned his head and looked at Xiao Hei in front of him with disbelief all over his face.

"You... slapped me in the face?"

Xiao Hei nodded naturally, "You hit me so many times, it shouldn't be too much for me to hit you once, right?"

"According to the logic, I still lost money."

Hear what Xiao Hei said.

Qiu Jing and the others also understood.

It turned out that Xiao Hei was simply unconvinced and wanted to slap back...

I was a little speechless for a while.

I don't know whether to admire Xiao Hei's courage or his recklessness...

The face of the gatekeeper slowly became gloomy.

"For so many years, no one has ever slapped me in the face."

Xiao Hei nodded and said, "Someone has beaten me now, and it's me."

The gatekeeper of the mountain: "Aren't you afraid of death?"

Xiao Hei opened his mouth and said: "Although I really can't beat you now, but as long as you can't kill me, I will definitely come and beat you to death in the future."

What words? !

What is this? !

Others have blank faces.

The goalkeeper of the mountain was also stunned for a while.

Can you still say this? ? ?

"But do you think, if I do my best, can you survive?"

In the eyes of the gatekeeper of the mountain, there are countless powers of rules rioting at this moment!

It seems that in the next moment, Xiao Hei can be killed instantly!

But Xiao Hei is fearless.

"It's okay, even if you can kill me instantly, there are two possibilities."

"Which two kinds?" The gatekeeper was puzzled.

"The first type, you kill me, and then my master comes after you and kills you." Xiao Hei stretched out his second finger with a flat face, and said: "The second type, you have no chance to kill me, Because before killing me, my master has already appeared and killed you."

Goalkeeper: "..."

Co-author, I am dead anyway?

Heard this.

Qiu Jing and the others were also shocked.

Is it impossible?

The reason why this body repairer is so rampant is because of the mysterious master behind them?

How strong is it that can give him such a strong self-confidence, dare to say such a thing!

the other side.

Ye Qiubai and the others look at me and I look at you.

"Do you want to tell Master this sentence?"

"I said that Junior Brother Black might have to peel off his skin."

"Then use it as a handle?"

"I think it can."

But.

next moment.

A voice reached the ears of everyone in the thatched cottage.

"I already know!"

Ye Qiubai and the others were stunned.

Xiao Hei smiled.

But with just such a smile, Lu Changsheng's voice came again.

"Still laughing and laughing! I haven't punished you, have I?! After you come back, I will lock you up, punish you, and keep you from fighting for several years!"

Xiao Hei's face suddenly turned extremely pale.

Keep him from fighting?

This is worse than killing him!

Chapter 929 Changes in the low-latitude boundary!

After the winding trails appeared.

The gatekeeper sat down cross-legged again, with his long hair loose and covering his face, seemingly silent.

However, no one cares about the goalkeeper anymore.

Instead, he focused his gaze on Fang Qiong.

Lin Hai and Li Xiao were even more shocked.

They were present when Fang Qiong was tested on his talents, and they were the chief examiners for some subsequent tests.

So, they knew exactly what level Fang Qiong's talent and strength were.

Can now.

Fang Qiong's strength and talent are completely different from the results of Asgard's test!

Even Qiu Jing frowned and said: "Are you sure, his talent is not good?"

Physical practitioners form formations at will.

Inhale the breath of the formation into the body and form a formation with your body.

This kind of monstrous technique.

Is it something that ordinary people can cultivate?

Even Han Lu laughed and said: "The Immortal Palace has missed a talent. If it comes to our sect, this kind of disciple will probably be scrambled for by the elders."

But at this time Qiu Jing shook her head and said: "The Immortal Palace did not accept him, which means that the two are not destined. What's more, the talent test and test of the Immortal Palace will not make mistakes. The only possibility is to learn from Fang Qiong. Afterwards, Fang Qiong's master found a suitable cultivation method for him."

There is only this kind of explanation.

However, if this is the case, then who is the master behind them?

Even this kind of cultivation method can be found?

And when competing with the gatekeeper.

The gatekeeper of the mountain saw Fang Qiong's skills, and he also said it.

With his talent, he can pass this level directly...

It can be seen that it is terrible.

Fang Qiong ignored the gazes of Xiangong and the others.

In other words, he didn't care that Asgard didn't accept him as an apprentice at that time.

It is useless to care about the gains and losses at that time.

When they came to Ye Qiubai and the others.

Fen Yan also began to introduce the third level, which is the last level to pay attention to.

"Through this winding path, you can reach the Xianyuan Tianchi. Of course, this is also the most dangerous step."

When he said this, Fen Yan's face was serious, and he said: "The first two levels test one's talent and strength, so the third level is to attack one's heart."

Heart attack.

Doesn't sound like much.

But the most important thing for a cultivator is the state of mind, whether it is in the process of cultivation or in battle.

If the mood is unstable, it will become a breakthrough.

"In this winding path, or this winding path, itself is a giant illusion array, and no matter what your background strength is, as long as you step into it, you will be forcibly dragged into the illusion."

"The further you go, the stronger the illusion will be for attacking the mind."

Fen Yan smiled wryly, and said, "Even if it's me, I'm afraid I can't say it's 100% passed."

But this moment.

Qiu Jing and the others have already entered the winding path in the mountains.

Ye Qiubai saw this, smiled and said: "No matter what, let's talk about it after we leave. Whether we can go there or not is not known yet, right?"

"Yes." Fen Yan nodded.

Immediately, everyone walked into it.

...

At the moment.

The mortal world.

Low latitude boundaries.

A space crack was opened.

Four figures appeared here.

"Is it really necessary to rule this wild land?"

"The soul master's order, we just obey."

"Well, what's more, the soul master installed Juehun City hundreds of years ago, and the mid-latitude boundary cannot be touched at present. The monitoring temple is too strict about the mid-latitude boundary, even if it is a god-level force, I don't dare to think about the endless sea, so let's use this low-latitude boundary first."

"That's right, no matter how small a mosquito's legs are, it's still meat. Let's rule this barren land first, and let the puppets grow faster, so that we can seize a first-line opportunity in the future competition in the endless sea area."

After speaking, one of them took out a token.

There are dozens of soul imprints in the token.

"It seems that this wild land is not useless, but there are many people who can pass the test set by the soul master."

"Gather them and start acting quickly to save time. The concentration of aura in this place is so low, I don't want to stay any longer."

...

At the moment.

The fairy world, the fairy edge reaches the Tianshan Mountain.

Everyone has stepped into the mountain trails.

The moment he stepped into it, he was forcibly pulled into the illusion by the phantom formation.

This illusion is different from others.

Rather, in this winding path, people with deep memories appear, or in other words, the surrounding environment has changed.

Walking in this illusion, you will also move forward in the winding paths in the mountains.

And if you can't solve the illusion, you will go back to the original point...

What appeared in front of Xiao Hei was the scene in the memory fragments.

Black sky.

The earth soaked in blood.

Furious aura is everywhere.

Crazy sweeping across this black city.

And above that city, including Xiao Hei himself, was engaged in a decisive battle with those people.

...

Shi Sheng saw that even if he had reached the peak, he would still be powerless to his parents whose lifespan was approaching.

In this illusion.

The scenes and characters that appear are all hidden in the bottom of my heart, the most feared and feared things.

Everyone is pressing something that they are afraid of deep down in their hearts, and this is unavoidable.

This illusion.

It is to infinitely magnify the thing buried in the bottom of my heart, so as to shake the mood.

And at this moment.

Before Fang Qiong's eyes, there was the scene of the family being slaughtered.

And he can only watch helplessly.

Can't do anything about it.

Fang Qiong watched this scene, but the anger in his heart could not be suppressed no matter what.

The endless anger seemed to wash away his sanity completely!

For Fang Qiong, this is vivid in his mind, and he has retrace the scene countless times in his mind.

The screams, the howls of grief, the bloodstains all over the wall.

doesn't scare him.

The only thing I have is anger.

But.

When anger completely washes away the state of mind, it is also a very terrible thing.

And at this moment.

Fang Qiong's body began to shimmer with silver light.

The atmosphere around the formation began to float towards Fang Qiong's body unconsciously.
noticed this scene.

Fang Qiong froze for a moment, then remembered what Master said to him.

My own kung fu physique seems to be able to cultivate by absorbing the breath of formations.

Is it possible that this can also be absorbed?

Think here.

Fang Qiong tried to absorb the atmosphere of the surrounding formations into his body.

this moment!

The silver light on Fang Qiong's body began to shine more and more!

Under the flashing silver light, Fang Qiong's blood, muscles, and wisps of formation aura were sucked into it, turning into nutrients, enhancing Fang Qiong's strength.

Fortune formation spirit body.

It can absorb the spirit of the formation and improve itself at one time.

This is Fang Qiong's monstrous talent.

Chapter 930 Immortal Emperor: How about giving you the position of Immortal Palace Master?

The phantom array will not bring direct and substantial damage.

It is a monk who penetrates and disintegrates bit by bit and falls into the illusion.

And this.

Fang Qiong's physique, combined with the Holy Formation Prison Physical Skills, can directly absorb the spirit of the formation.

certainly.

If in the formation, a backlash was set up by someone with a heart, or other protection formations.

With Fang Qiong's current strength, I'm afraid he still won't be able to absorb it easily.

Nothing more.

The phantom formation in the Xianyuan Tongtian Mountain seems to be intentional by the people who set it up.

Such an advanced formation, but there is no counterattack and protection formation for protection.

Perhaps, the person who set up the formation also thought that someone could break through this formation and pass this level in another way.

And when Fang Qiong absorbed the spirit of the formation.

The surrounding environment, the shrill roar, began to dissipate slowly.

This scene.

Naturally, the Immortal Emperor and Lu Changsheng saw it.

saw this scene.

The Immortal Emperor's face was no longer as relaxed and freehand as before, the clouds were calm and the wind was light, as if everything could be held in the palm of his hand, the expression had disappeared.

Replaced by a serious face.

I saw the Immortal Emperor staring at Lu Changsheng, saying: "You taught him this way of cultivation?"

Lu Changsheng spread his hands, shook his head and said, "No."

Indeed, it cannot be said that it was taught by Lu Changsheng.

It's just the exercises given by the system, and then Lu Changsheng handed them over on his behalf.

Although looking at Lu Changsheng's expression, he doesn't seem to be lying.

But how could the Immortal Emperor believe it?

Who else but Lu Changsheng?

Thinking about why Lu Changsheng suddenly stared at Fang Qiong back then.

After Fang Qiong couldn't persist, he proposed to accept him as a disciple.

Although I also saw some extraordinary things about Fang Qiong, I wanted to accept him as a disciple.

But he didn't see that Fang Qiong still had this kind of talent!

Since Lu Changsheng did this.

Naturally, Fang Qiong's extraordinariness has been seen before!

Thus prescribing the right medicine and completely changing Fang Qiong's cultivation path.

You know, with the eyes of the Immortal Emperor, how could you not see what Fang Qiong was cultivating when he had not yet worshiped Lu Changsheng as his teacher?

The Immortal Emperor stared at Lu Changsheng, as if he wanted to see through him.

"Who are you? The spirit body of the good fortune array, and the most suitable exercise, the holy array prison body exercise, this kind of thing that only exists in ancient books, why do you have it?"

Holy Formation Prison Kung Fu was compiled by an ancient legend who possessed the spirit body of the Creation Formation at that time.

However, according to historical records, after the great power passed away, the inheritance completely disappeared.

Lu Changsheng still shook his head: "I really don't know."

It is still this kind of speech.

After hearing this, the Immortal Emperor could only shake his head helplessly, "Forget it, everyone has their own secrets, and I'm not qualified to ask."

Lu Changsheng: "..."

How do you make it look like I'm lying?

How come no one believes the truth these days!

"Since you have this inheritance, it further shows that your identity is not simple."

Suddenly, the Immortal Emperor stared at Lu Changsheng and smiled, revealing a trace of strangeness in the smile.

"I want to pull you more and more into my fairy palace."

Lu Changsheng waved his hand directly: "Give up, it's impossible."

"What conditions do you want?"

"No conditions will work."

"Why don't you give up the position of the Palace Master of the Immortal Palace to you, and this emperor abdicate to become the Supreme Elder?"

"That's even worse."

Immortal Emperor: "..."

It was the first time he met a weirdo like Lu Changsheng, and he was a little speechless.

Even the position of the lord of the Immortal Palace, which is above ten thousand people, cannot be tempted...

"As long as you are a human being, you can't do without desires. What are you pursuing?"

Lu Changsheng smiled: "Changsheng, and... When you wake up in the morning, you can see the warm sun coming in through the cracks in the window sill. When you open the window, you can see the greenery, the warm breeze in the morning, and a comfortable life."

Hearing this, the Immortal Emperor was slightly taken aback.

Longevity is a big pursuit.

After all, who doesn't want to live forever?

However, those mentioned later.

Isn't it a very rare and common thing?

Even, things that they usually don't pay attention to.

After all, sometimes, if you stay in an environment for too long, you forget the surrounding scenery.

but...

Imagine according to what Lu Changsheng said.

The Immortal Emperor also suddenly felt that the scene seemed beautiful and relaxed, and he didn't have to think about intrigues.

Think here.

The Immortal Emperor smiled.

"When I abdicate, you can leave me a place there. I also want to experience this kind of life."

However, Lu Changsheng looked at the Immortal Emperor with disgust on his face, and said, "You better not come, you have to add another pair of bowls and chopsticks when you come."

More importantly, it will also bring a whole body of cause and effect.

Immortal Emperor: "..."

...

In this way, a hundred days passed.

The scene around the square dome has completely disappeared.

However, the illusion still exists.

This spirit of illusion is too huge.

Today's Fang Qiong, under the crazy absorption of this hundred days, has stepped into the second level of physical strength in the Holy Array prison, blood muscle!

At the same time, the realm is also advancing by leaps and bounds.

Stepped into the mid-stage of Wonderland in one fell swoop!

However, Fang Qiong was even more surprised.

Absorbed the spirit of the phantom formation here, and the physical body is filled with a ray of phantom formation power.

That is to say, as long as the physical body is attacking, it can make the opponent enter the illusion and affect the state of mind.

This is scary.

However, how long it lasts, how much it can affect, or whether there are other uses, we will not know until we try it later.

After reaching this step.

Fang Qiong stopped absorbing, looked at the disappearing surroundings, and the reappearing mountain trails, and walked forward.

Too much to chew.

Losing the illusion, Fang Qiong quickly walked out of the winding path and came to the top of the mountain.

In front of you, there is a pool of water shrouded in clouds and mist.

The water in the pool is clear, but there seems to be endless fairy energy in it, as well as the power of rule that fills this space.

"This must be the Xianyuan Tianchi..."

However, when he wanted to get closer to Tianchi, there was an invisible barrier blocking Fang Qiong.

Presumably, you can only enter after the people in the winding path pass or are eliminated.

Look around empty.

Fang Qiong shrugged and sat down cross-legged.

Simply start to study the phantom array power you just obtained.

...

It was ten days later.

Ning Chenxin walked out first after Fang Qiong.

To practice Confucianism and Taoism, cultivating the mind is the most important thing.

Ning Chenxin walked out second, no surprises.

And then Yang Feng!

Yang Feng frowned slightly when he saw Fang Qiong who was practicing and Ning Chenxin who was guarding him beside him.

Then it was Ye Qiubai and Mu Fusheng.

After that came Qiu Jing, Han Lu, and Fen Yan.

The person who came out at the end surprised everyone in the thatched cottage.

It was Xiao Hei...
