

## My Disciples 941

### Chapter 941 Your palace master didn't tell you? (33)

At the moment.

lies in an unbounded domain.

There are two remaining peak powerhouses of the God King Realm in the Soul Palace of the Undead.

Holding his hands on his chest, he sneered and watched the people below continue to resist.

The ants continued to resist.

Even if he died, he still roared and charged forward.

After death, let out a tragic roar.

In their opinion, this is the only fun these days.

That is to watch these ants die one by one, and then be charged with soul power.

Immediately, one of the black-robed men sneered: "It's time to give up resistance. If this continues, all the ants in your borderless domain will die."

Mu Zhengting looked at this scene with a determined face, his eyes filled with grief.

After hearing their words.

roared: "Borderless Domain would rather die than surrender!"

"When that person returns, your time of death will come!"

oh?

One of the black-robed women showed curiosity when she heard the words: "How can there be people who can threaten us in this land of ants? It's a joke..."

But.

The moment when the voice just fell.

A man's voice was calm, but it contained anger.

In their sea of consciousness, it sounded like thunder on the ground!

"Don't you want to rule the low-latitude boundary? As long as you kill me, then you will do it, and I will wait for you here."

This voice resounded through their sea of consciousness!

Both of them showed astonishment in their eyes.

There is actually someone in this place who can use soul transmission?

This soul transmission is not an ordinary soul transmission.

Under normal circumstances, it is not uncommon for both parties to successfully use the soul transmission.

but.

Under the circumstances that they have never met, both parties have protective measures for their own souls.

What's more, the Undead Soul Palace has a special cultivation method for its own soul.

Therefore, it is not ordinary people who can achieve this step.

"It seems that there are indeed people who are qualified to let us do it in this wild latitude."

The man in black sneered and spread his hands.

The woman also chuckled: "Since he said so, let's take a look. If it is true, it will save a lot of time."

"Perhaps that person is the one that the ant king said."

Although it is not an ordinary person, it is still possible to achieve this level of soul transmission with some special means.

For them at the peak of the God King Realm.

Unless the opponent is a strong person in the God Emperor Realm.

will let them cast a mouse.

As for the Divine Master Realm?

Will the powerhouses in the Divine Master Realm have free time to intervene in their affairs?

Low-latitude boundaries, they probably don't even want to take a look.

Think here.

The two of them disappeared instantly.

This made Mu Zhengting stunned.

why did you leave?

Could it be that he was frightened by his words?

certainly.

It is impossible to think...

...

At the moment.

Savage frontier.

After all this is done.

Lu Changsheng waited quietly on the spot.

certainly.

This is just what he thinks so.

Now the threat of the barbaric realm has been completely wiped out by the people of thatched cottage.

The remaining strong natives looked at Lu Changsheng.

I saw Lu Changsheng arranging something in the surrounding space.

There are swords.

There is a formation.

There are seal characters.

Of course, they couldn't understand it either.

And wait until the time for a stick of incense has passed.

The sky instantly became dark.

Countless ghosts screamed.

This made everyone look blank.

They have seen this scene.

This is the scene that was revealed when those people invaded the wild realm.

Lu Changsheng also waved his hand, hiding the arranged things.

Doing this is not just to achieve the effect of sneak attack.

more importantly.

If the opponent can discover his arrangement, it also means that the strength of the opponent is at least not weaker than his own.

At that time, it is necessary to prepare to activate the Jiuyou Huangquan formation.

certainly.

If not found.

That can only mean that the other party is two little Karamis, so it's up to you...

The men and women in black robes landed in front of Lu Changsheng.

Looking at Lu Changsheng, the black-robed man showed a curious expression: "He looks like a stranger. Your Excellency is able to send us soul-soul transmissions. You must be a strong person in the divine realm. Naturally, you have also been in the high-latitude realm."

The woman in black robe said with a solemn face: "Something is wrong."

Lu Changsheng suddenly looked at the woman in black.

No way.

Can you really find out? ?

Then things will explode.

The man in black robe turned his head and asked, "What's wrong?"

"Their breaths are all gone."

Hearing what the black-robed woman said, the black-robed man looked dignified, and then felt it.

His expression suddenly changed!

It's not just that their puppet breath is completely gone.

The two companions also disappeared!

As if it had never appeared in this world before.

But.

they know.

Those two people are in the wild realm!

After all, the entire low-latitude realm is only short of the borderless and wild realms that have not yet surrendered.

"What did you do?" The man in black robe looked at Lu Changsheng with an ugly expression, his expression full of dignity.

But after Lu Changsheng heard the conversation between the two.

But he laughed out loud.

good! OK!

It seems that it has not been found.

False alarm.

"What are you laughing at?" The black-robed woman shouted softly, "What have you done?"

"What did I do?" Lu Changsheng replied: "Don't you already have the answer in your heart?"

Hearing Lu Changsheng's words.

The hearts of the two sank to the bottom!

Sure enough.

What did this man in white do!

Lu Changsheng didn't delay any longer.

On the battlefield, procrastination is a taboo for military strategists!

"It's okay if you don't know, you two will meet soon, oh... no."

Lu Changsheng said: "The soul has been wiped out, and we can't see each other again."

Hear here.

The two of them couldn't sit still anymore. After their faces changed drastically, they first threw out a jade pendant, and then immediately launched a full-scale offensive towards Lu Changsheng from left to right!

Lu Changsheng saw this.

Stand still and didn't move.

His fingers moved slightly.

Suddenly, around the two of them, a sword appeared around them, pointing at the two of them!

Breath is surging!

One after another, the overwhelming momentum swept out!

Under the watchful eyes of the experts below, they watched this scene in horror.

This kind of sword formation seems to destroy the entire barren realm!

The expressions of the two of them changed drastically.

This breath, they have no confidence to resist at all!

"What is this sword array?"

"Who the \*\*\*\* are you?!"

Lu Changsheng thought for a while, and said, "Sword of Zhu Shen, didn't your palace master tell you?"

At that time.

The owner of the Soul Palace of the Undead appeared in the mid-latitude realm as a soul, and had tried this sword formation.

The two of them heard Lu Changsheng's words.

His expression changed in shock.

The other party knew their Palace Master, and his attitude was so calm.

That also means that the other party is naturally at least equal to the master of the palace of the undead!

And this moment.

The jade pendant also burst out suddenly, and a space teleportation array appeared in this space!

#### **Chapter 942 The soul master is coming!**

The souls of the dead roared across the land like a storm.

The originally gloomy sky became dark at this moment.

The earth shook and cracked.

The countless ascetics in the wild world around them just glanced at the storm of souls in the sky.

In an instant, I felt a loss of mind.

It was under Lu Changsheng's timely protection that he stabilized his mind.

The soul was not sucked away by the storm of dead souls.

Lu Changsheng looked at the jade pendant that exploded.

A space teleportation array appeared.

All the terrifying aura came from the space teleportation array.

Seeing this, the men and women in black robes stopped their offensive, they knew it very well.

Facing the God-killing Sword Formation, they have no room to resist!

And this jade pendant has a space teleportation array leading to the Soul Palace of the Undead.

In the space teleportation array, a man hidden under the black robe came out.

Seeing this, the men and women in black robes immediately knelt on the ground on one knee.

Lowering his head, he said respectfully: "See the soul master!"

The soul master looks very tall.

But seeing that pale and thin face, one can see that there is an extremely thin man hidden under the large black robe.

When Lu Changsheng saw the soul master, he blurted out, "Would you like a bottle of Kidney Treasure?"

The soul master frowned slightly.

Kidney treasure.

What is that?

Lu Changsheng waved his hand, "Don't worry, let's cross the stage."

The moment the soul master stepped out of the space teleportation array.

Did not release breath.

But.

It has already made the ascetics below feel a sense of suffocation.

It seems that the soul will be sucked away just by looking at it.

There is no chance of resistance.

Facing this person, I feel like an ant!

Is this the mastermind behind the group of intruders?

This kind of strength.

Is it really something they can resist?

The moment I saw the soul master.

People's hearts are full of despair.

Even if it is him, maybe he can't win?

At the moment.

The soul master is aware of his surroundings.

The moment I saw the Zhushen Sword Formation.

The soul master's expression suddenly changed slightly.

He is too familiar with this breath!

Back then, his divine soul avatar was destroyed by the God-killing Sword Formation!

"Are you the one who was in the mid-latitude boundary back then?"

At the beginning, this person lied that he was Liu Zirui from the Dark Realm.

Lu Changsheng nodded.

The current Lu Changsheng has no intention of hiding any more.

because.

He was also worried about how to completely eradicate the Palace of the Undead after killing these intruders.

Should let Haotian Shenzong take action, or go by himself.

Today.

The soul master came over in person, and also sent a space teleportation array?

Isn't this a perfect godsend opportunity!

The soul master looked at the nine swords around him.

Each sword is filled with the most complex and powerful force in the world, which existed at the dawn of chaos.

The look is extremely heavy!

At that time, he thought that he was just a clone of the soul, so he couldn't resist the God-killing sword formation.

Can now.

The deity came to this world.

After experiencing it at close range again, I found that I still couldn't see through it!

"Who the \*\*\*\* are you?"

The soul master said solemnly: "With your strength, it is absolutely impossible to get lost in this wild land. The luck here cannot bear the birth of a strong man like you."

Lu Changsheng said, "My name is Lu Changsheng."

Lu Changsheng?

The soul master was slightly stunned: "I haven't heard of it. It seems that he is a hidden person? Then ask someone, and you will know what kind of power you are."

Lu Changsheng said: "You don't need to ask after the fact, there is no such opportunity."

Hearing Lu Changsheng's words.

The soul master's eyes gradually became cloudy. Although he already had a bad feeling in his heart, he still asked in a deep voice, "No chance? What do you mean?"

seems to want to confirm.

Lu Changsheng's fingers seemed to be swaying aimlessly in the void.

But every shake.

The nine-handled swords in the sword formation will change their positions slightly.

An extremely frightening breath.

Constantly emanating from it.

Lu Changsheng sighed slightly, and said: "If I take the initiative to say my name, there are only two situations."

The men and women in black robes also looked over curiously.

would like to know what these two situations are.

"The first one." Lu Changsheng stretched out his index finger, and one of the swords hovered above the black-robed man, and continued: "I will accept disciples, or people who do not pose any threat to me. Volunteer to say your name."

During this process, the black-robed man was locked by one of the swords in the Shenshen Sword Formation.

After locking, the black-robed man looked terrified, and only felt a feeling of being wiped out by this piece of heaven. He wanted to struggle, but it didn't work!

"The second type." When Lu Changsheng stretched out his middle finger, another sword landed on the black-robed woman's sky, "When I can be sure that I can kill the enemy in front of me, and I can kill the enemy behind him." Under the circumstances that all forces of the

"I will tell you, my name is Lu Changsheng."

When the last word lands.

The two swords fell at the same time.

Inserted into the Tianling Gai of the men and women in black robes.

All vitality, all cause and effect, all the power of the soul, at this moment.

are cut off!

The men and women in black robes fell naturally from high altitude without any vitality.

Under the extremely ugly eyes of the soul master.

Lu Changsheng pointed again.

The bodies of the two people spontaneously ignited during the fall!

But in the blink of an eye.

The corpse has disappeared!

After finishing all this, Lu Changsheng wiped his hands, looked at the soul master lightly and said, "Sorry, bad habit, if I don't destroy the corpse after doing this kind of thing, my heart will not be at ease."

The soul master hid his anger, and suppressed: "You also want to do the same thing to this soul master?"

"Otherwise?" Lu Changsheng smiled: "Just as you know the price of my name, although the price seems a bit high."

"Who will win is yet to be known, but you are so sure that you can kill me?"

"I wouldn't do it without being 100 percent sure."

Speaking of which.

Lu Changsheng pointed at the sky.

In an instant.

The nine swords in the Zhushen Sword Formation began to spin!

Surround the soul master directly!

Feel this breath.

The soul master looked solemn, his black robe shook his hands suddenly, and a scream of dead souls pierced through the world!

The huge power of the soul, soaring into the sky!

At this moment, the two of them were besieged!

The soul master is floating in the sky.

Wrapped in a black robe without wind and automatically.

Looking at Lu Changsheng with lowered eyebrows in the sky, he said: "Revenant Realm, you can break through the realm, so let's say such things again."

Break through the field?

Lu Changsheng looked around.

It seems that there is no need for the Zhushen Sword Formation?

Think here.

Lu Changsheng's eyes revealed a purple-gold halo!

Eye of Sky Survey!

Just a glance, and you can see the weakness of the field.

Immediately, there was a soul condensed between the eyebrows, which turned into a sword of the soul, piercing through it!

Revenant Domain.

Among the astonished and bewildered expression of the soul master, it was broken with one blow!

#### [Chapter 944: One Year Precipitation \(13\)](#)

God's Descending Star Field is a high-latitude field, not a very powerful star field.

In the entire star field, there are only two second-rate forces to contend with.

The rest are all third-rate, or even less than third-rate.

And Liu Ziru brought the news from the dark area.

It is the birth of dark demonic energy in the God's Descend Starfield.

It's not clear what is in it though.

It was caused by something that caused the growth of dark demonic energy.

However, the dark demonic energy in it is extremely rich and broad.

The scope of influence is huge.

The surrounding cities, as well as the forest, have been corroded by dark magic energy.

Some herds of beasts were originally extremely stable, but under the erosion of dark demonic energy, they triggered a wave of beasts, tearing all the surrounding cities into pieces!

Moreover, there are signs of spreading to the surrounding area.

All these signs indicate that the appearance of the dark magic energy this time is not simple.

The reason why Liu Ziru brought the news back was because he believed that it might have something to do with Xiao Hei or the Demon King's Domain.

After hearing Liu Ziru's words.

Everyone looked at Xiao Hei.

Xiao Hei shook his head and said, "Don't worry."

Not in a hurry?

Everyone was stunned.

"With my current strength, even if the dark devilish energy is my soul fragment, I can't absorb it. My physical body is still unable to bear the next soul fragment."

"Even if I go, I can only stare blankly, to no avail."

"What's more, this may also be a trap they set up to lure me over."

On the side, Mu Fusheng nodded in agreement, "In the mid-latitude realm, they have nothing to do with you, not to mention, after that failure, the other party did not send out stronger elites, which means that it is very difficult. It may be that the forces in the high-latitude boundary cannot easily descend."

Liu Ziru nodded and said: "That's true. There is a force in the high-latitude boundary that even the god-level forces will not easily provoke. It is called the Temple of Supervision."

"The people who monitor the temple are all over the middle and high latitudes. They will monitor the ascetics in the high-latitude realm, and they cannot go to the lower realm to do evil."

"Of course, the low-latitude boundary is not included. After all, other forces in the low-latitude boundary also look down on it."

Xiao Hei spread his hands and said: "Then there is indeed such a possibility. The dark devilish energy may be caused by the Demon King Domain."

"The purpose is to lure me."

Watching this scene.

Lu Changsheng nodded in relief.

Oh, grown up.

Finally not so impulsive.

Liu Ziru was also a little dazed, wondering when Xiao Hei became so calm?

"Then...how about I investigate?"

"After all, I am also a five-star deacon in the dark domain, investigating these things should be able to investigate some tricks."

The main reason is that Liu Ziru was afraid that if he didn't remind him, the group of them would forget that they still had such an identity.

Lu Changsheng got up, nodded and said: "Go and investigate, if it is true, Xiao Hei also needs to further improve his strength to be able to absorb it."

"During this time, you should raise your realm to the divine realm first, otherwise it would be embarrassing for me to go to the high-latitude realm."

Ye Qiubai and the others nodded after hearing this.

Based on their cultivation in the Heavenly Immortal Realm, although they have completely transformed into immortal energy, it may not be enough in the high-latitude realm.

After all, the Tianjiao of the high-latitude realm, such as the saint of Yaochi, such as the Tianjiao of the Golden-winged Roc clan, have already reached the realm of the \*\*\*\* king.

During this period of time.

Lu Changsheng wanted to make their cultivation faster and more stable.

So he set up a formation that condenses immortal energy in the longevity world.

Of course, this is also due to Lu Changsheng opening a transmission channel in the Fenyan Valley when he was in the fairy world.

It can transmit the immortal energy of Fenyan Valley to the Longevity Realm.

Coupled with a little formation, the immortal energy can quickly expand and quickly spread throughout the longevity world!

At the same time, make these fairy spirits more intense.

Ye Qiubai, Hongying, Mu Fusheng, Fang Qiong practice here.

Ning Chenxin continued to read the ancient books brought back from the fairy world.

Xiao Hei is constantly tempering his body under Huangqian's fire of the divine phoenix.

Mu Wan'er made alchemy under the guidance of Lu Changsheng.

Small stones continue to be placed in the turbulent flow of space, absorbing the power of space to practice.

As for Shi Sheng, Lu Changsheng opened up a starry sky monastery in the longevity world.

In the monastery, the power of the stars is extremely strong, rather than absorbing the immortal energy to practice.

Shi Sheng still absorbs the power of the stars to improve his strength more directly.  
spare time.

Ye Qiubai will go to Qingyun Sword Sect to show his face, teach Haotian by the way, and also hand over the Nine-foot Star Meteor Sword to Haotian.

With Haotian's current strength, he can also control the power of the Nine-Foot Star Meteor Sword.

Hongying and Ning Chenxin will often direct the reconstruction of the Yunhuang Empire and the study.

Half a year.

Fang Qiong took the lead in breaking through to the realm of divine soldiers.

After all, Fang Qiong was already half a step away from a magic weapon, only one step away from a magic weapon. (In order not to be confused, Fang Qiong came to the mortal world, and the realm is also according to the mortal world.)

Another half year.

Hongying broke through and reached the initial stage of the Divine Weapon Realm.

And three days after Hongying's breakthrough, Mu Fusheng also successfully reached the Divine Weapon Realm.

Immediately after were Ye Qiubai, Shi Sheng, Xiao Shitou, and Mu Wan'er.

Xiao Hei and Ning Chenxin's improvement is also huge, and they can compete with the strong in the Divine Weapon Realm.  
certainly.

After they broke through.

Fang Qiong broke through the realm again and reached the mid-stage of the Divine Weapon Realm.

During this period of time.

The disciples of thatched cottage not only made progress in their realm, but also made breakthroughs in their fields of expertise.

It can be said.

More than a year of precipitation.

Let the overall strength of all the disciples in thatched cottage rise in an all-round way!

Lu Changsheng was naturally not idle.

During a year.

Also trying to find ways to help those brats improve their strength.

After all, in the passage of the fairy world, there is not much time left for the suppression of the Demon Realm.

During this limited time, they must be allowed to grow faster.

Otherwise, when the time comes, although I can make a move.

But if it is not guaranteed, in case the opponent is too powerful to cope with, and then the opponent directly goes around and steals the house.

Don't these brats even have the ability to protect themselves?

so.

After they broke through to the Divine Weapon Realm.

Lu Changsheng planned to start with a series of aspects of their skills, blood, and weapons.

It was during this time.

High latitude boundaries.

God descended into the star field.

The dark demonic energy is spreading at an accelerated rate.

As a result, at least 20% of the star field has been completely shrouded in dark magic energy.

And this.

The two second-rate forces in the Godfall Starfield have nothing to do about it.

Their powerhouses can't get close to the central area of the dark magic energy at all!

In desperation, they can only seek help from outside.

Among them, it includes the Demon King Domain...

Chapter 945 A drop of blood, the bloodline evolves! (twenty three)

For the dark magic energy.

Demon King Domain is naturally the most familiar.

However, the Demon King's Realm is a first-class force after all, so if you want to ask them to take action, the price you pay will naturally be extremely high.

What's more, if there is nothing that can attract them, I am afraid it will be difficult to attract them.  
Just started.

The two forces of the Godfall Starfield just want to try, can they please move the Demon King Domain.

But.

The Demon King's Realm quickly sent people over.

The one who came was the magic hat.

is the current Demon Lord of the Demon King Domain, and one of Moji's right-hand men.

Shenjiang Staryu did not expect that the Demon King Domain would send out such a strong man as the magic hat.

I was pleasantly surprised for a while.

Mo Li directly stated their request on the spot: "We don't need you to pay anything, but, in the dark magic energy, if we encounter something we want, it belongs to our Demon King's Domain."

"Of course, what you have to do is to provide us with information, and at the same time, once someone from the outside comes, report it as soon as possible, understand?"

The two major powers were not angry when they heard Mo Li's words.

After all, the opponent is huge.

What's more, there is no need to pay any other price, only the things in the dark magic energy are needed.

Why not do it?

Furthermore.

Although they will also be greedy, what is there in the dark demonic energy.

To be able to have such a great influence, there must be some kind of treasure in it.

However, they can't even enter the central area, and presumably they won't be able to control it even if they get it.

Instead of doing this, it is better to sell favors to Demon King Domain.

It can not only let the Demon King's Domain help them solve the crisis of God's Descend Starfield, but also connect with the Demon King's Domain.

Kill two birds with one stone.

...

And at the same time.

Liu Ziruo also returned to the Longevity Realm.

Tell the news to Lu Changsheng and others.

"What is certain is that the Demon King's Realm has nothing to do with the dark devilish energy this time, but God Descends Star Region invited the magic hat from the Demon King's Realm to help."

Xiao Hei asked: "Can you figure out what is in the dark devilish energy?"

Hearing this, Liu Ziruo shook his head and said: "Although the dark demonic energy has a great influence on the God's Descending Star Realm, those who are interested in the things in it, the forces in the high-latitude realm are basically not interested, so the Dark Realm did not send any People went to investigate."

Dark magic energy, there are not many forces in the entire high-latitude boundary that need it.

The dark field spends energy to investigate, which is naturally a loss-making business.

Xiao Hei nodded.

Since it can be determined that it is not a trap.

Then, the dark devilish energy might really be related to him.

"Okay, since this is the case, then I will definitely not be able to stop you."

Lu Changsheng stood up and said, "Xiao Hei, follow me."

Now, everyone except Xiao Hei.

Lu Changsheng has raised them up again.

For example, Lu Changsheng improved Ye Qiubai's Sword Domain.

Today's Sword Domain not only allows the Soul of the Sword to fully integrate into it, it does not require Ye Qiubai to control it.

At the same time, it is also possible to integrate various sword skills into the sword domain.

For example, Hunyuan swordsmanship.

Another example is the Sword Sutra of Absolute Beginning...

Hongying, Lu Changsheng forged a handy weapon for her.

The current reincarnation spear is obviously unable to keep up with Hongying's realm.

Therefore, Lu Changsheng borrowed a willow branch from a willow tree as the gun body, and then tempered it with the reincarnation nine-xuan refined iron and the fire of the phoenix to use it as the spear tip.

Created a growable spear.

Lu Changsheng called it the Holy Liuhuang Musket.

Now the Holy Liuhuang Musket can obviously reach the level of the Emperor's Weapon.

Ning Chenxin, Lu Changsheng used his primordial spirit to make his Confucianism and Taoism more integrated, and helped Ning Chenxin to thoroughly understand the nine-character mantra.

Shi Sheng, comprehend the power of the stars.

Little stone lacks killing techniques, so Lu Changsheng created a space-based killing technique for him.

Mu Fusheng, to help him thoroughly master the fourth divine thunder of Jiujiu Hongmeng Divine Thunder Technique.

Tai Chi, Yin and Yang, righteousness and thunder.

Mu Wan'er, perfect the alchemy scripture and strengthen the Nine Dragons Refining God Cauldron.

Fang Qiong, don't worry about it, just throw a few formations for him to absorb.

The current Fang Qiong's realm is faintly about to enter the late stage of the Divine Weapon Realm.

At the same time, the second blood muscle of the Holy Array Prison Kung Fu has covered nearly 80% of Fang Qiong's body!

The last one is Xiao Hei.

Lu Changsheng brought it to a flat place.

"For so many days, I have been thinking about how to help you improve your strength."

"You can improve your physical body through self-cultivation. For weapons, there is the Nine Heavens Demon Halberd, and you don't need to strengthen your skills."

"After thinking about it, there is only one point, which can make you stronger more intuitively, and will help you more in the future."

Xiao Hei was puzzled.

Lu Changsheng replied: "Blood."

Blood?

Xiao Hei was stunned for a moment, and said, "How can the bloodline be improved?"

"Of course the blood can be improved, but it is very restrictive." Lu Changsheng stretched out his finger, and a drop of blood emerged from it.

Suddenly, the surrounding space seemed to be exerted thousands of times of gravity!

The ground was even sunken, and Xiao Hei also felt a suffocating pressure in it!

One drop of blood can do this.

How strong is Master's bloodline?

"Promoting the bloodline is nothing more than fusing the power of other stronger bloodlines, but the process of merging bloodlines is extremely dangerous. If there is a slight mistake, it may directly fall."

Lu Changsheng said: "Of course, there will be absolutely no problem with the degree of fit."

After all, there is the heaven-defying technique of Taichu.

"The only problem is that you don't know if you can withstand a drop of my blood with your current physical strength."

"At the beginning, Huangqian almost died."

You know, Huangqian's realm at that time was much higher than Xiaohei's!

Xiao Hei smiled and said: "Since Master said so, he naturally has his own confidence, it's just to see if I can resist this process."

Lu Changsheng nodded.

"Master, come directly." Xiao Hei said resolutely: "I can bear it."

See it.

Lu Changsheng no longer hesitated.

Waving slightly, several formations rose around.

At the same time, the willow tree emitted a green light, covering Xiao Hei's body.

After all the preparations are done.

Then he injected the essence and blood into Xiao Hei's heart.

From the moment the essence and blood entered Xiao Hei's body.

An extremely loud roar was squeezed out from Xiao Hei's throat!

Ye Qiubai and the others couldn't help looking over, with worried expressions on their faces.

Essence and blood enter the heart.

A huge sense of oppression seemed to tear Xiao Hei's internal organs from the inside out!

This kind of pain is better than melting into soul fragments!

Lu Changsheng was also staring at Xiao Hei's body intently.

Once something goes wrong, Lu Changsheng will try his best to save Xiao Hei.

Chapter 946 Going to the God's Descended Starfield (33)

Three days passed in a blink of an eye.

During these three days, Xiao Hei's roar never stopped.

The voice is already hoarse, and you can even feel some tearing in it.

In the space where Xiao Hei was, it was surrounded by formations.

Ye Qiubai and the others looked at it, and they could see that the formation had been filled with blood mist.

Although they don't know what Xiao Hei is doing.

But with Master there, there will be absolutely no problems for Xiao Hei.

Definitely.

Huangqian stood beside the willow tree, looked at Xiao Hei's direction from a distance, and said softly: "At the beginning, my realm was much higher than Xiao Hei's, but after merging with a drop of Lu Changsheng's blood essence, I almost fell."

Willow Shu said lightly from the side: "Back then, you not only integrated into his blood essence, but also integrated into the purest blood of the Dragon Clan. Your two clans are enemies in the world, and the fusion process will naturally not be harmonious."

Huangqian smiled lightly after hearing the words: "I don't know how long it will take for Xiao Hei to fuse."

Since Lu Changsheng proposed this idea.

Of course there is absolute certainty.

They are still very clear about this.

...

Just like that, another month passed.

Xiao Hei's roar was also in the middle, turning into a silent roar.

The vocal cords have been torn, and I can't speak.

And on this day.

The drop of Lu Changsheng's blood was completely integrated into Xiao Hei's blood.

Xiao Hei's remnant body is also recovering at a speed visible to the naked eye!

An extremely terrifying force erupted!

See this scene.

Ye Qiubai and the others breathed a sigh of relief.

Finally succeeded.

Huang Qian was also a little surprised: "One month, it's beyond my expectation."

Willow: "With the blessing of his blood essence, Xiao Hei's cultivation path will have a higher upper limit."

At the moment.

The formation has been put away by Lu Changsheng.

The physical body is completely restored by relying on the power of Xiao Hei's own blood.

The recovery process can be clearly seen to be faster than before!

at the same time.

In Xiao Hei's blood, the flowing blood actually has strands of golden aura in it!

Heavy, full-bodied.

Bloodier than that!

In less than a cup of tea, the dilapidated physical body has fully recovered.

Xiao Hei stood up, shook his arm, and felt an inexhaustible force!

Judging from the current physical strength.

I'm afraid that in the later stages of the Shenbing realm, Xiao Hei is no longer an opponent.

Lu Changsheng said at this time: "Although a drop of my blood essence has completely integrated into your blood, you have not completely absorbed the power in it."

"To absorb the blood essence, you need to fight continuously, grow up in the battle, and completely absorb the power in the blood essence."

Hearing the words, Xiao Hei looked at him internally.

really.

The ray of golden breath in the blood, now only has 10% of the power completely for his own use.

Just 10%... has improved so much strength.

It can be seen that Lu Changsheng's blood essence is terrifying.

but.

If it is now to absorb the next soul fragment, Xiao Hei is at least 90% sure.

after.

Xiao Hei is also preparing to go to the high-latitude boundary.

Hongying and Ning Chenxin need to rebuild the Yunhuang Empire and the study in the low-latitude boundary, and at the same time go to the middle-latitude boundary to continue preaching and expand the influence of the Yunhuang Empire.

And Hongying's next goal is the heart of latitude in the mid-latitude boundary.

Mu Wan'er followed Lu Changsheng to continue practicing alchemy.

Shi Sheng is practicing in the Starry Sky Monastery. After all, it is impossible for other places to have the strong power of the Starry Sky Taoism here.

The same goes for small rocks.

Ye Qiubai, Mu Fusheng, and Fang Qiong decided to follow Xiao Hei to the high-latitude boundary first.

Help Xiao Hei to investigate the dark magic.

certainly.

Lu Changsheng naturally wouldn't let them go directly.

After all, the people from the Demon King's Realm are there, and Xiao Hei will definitely reveal his identity if he goes this time.

It is also impossible for him to openly expose his strength in the high-latitude boundary.

So.

Lu Changsheng thought of a way.

Not only does it not need to reveal its own strength, but it can perfectly prevent Xiao Hei and others from being chased and killed by people whose realm is much higher than them.

...

Haotian Shenzong.

Lu Changsheng brought the four of them here directly.

That's right, use the protection of Haotian Shenzong to frighten them.

Seeing Lu Changsheng appearing, God Lord Haotian was very pleasantly surprised, and hurriedly cupped his hands and respectfully said: "Haotian has seen senior, I wonder what is the purpose of senior coming this time?"

Lu Changsheng pointed directly at the four Xiao Hei and said, "These four little fellows, please take care of them from Haotian Shenzong."

Divine Master Haotian was slightly taken aback: "This is a senior's disciple? But why let our Haotian Shenzong take care of it, isn't it better for seniors to protect themselves?"

After all, God Lord Haotian clearly knew that Lu Changsheng was much stronger than him.

It is possible that he has already reached the legendary realm.

D...

Lu Changsheng shook his head and said, "It's not convenient for me to come forward."

Immediately, he told God Lord Haotian about Xiao Hei's identity.

Holy Lord Haotian also glanced at Xiao Hei in surprise, then nodded solemnly.

He also knew a thing or two about the Demon King's Domain back then.

Unexpectedly, the generation of demon masters who shocked the entire high-latitude realm back then were reincarnated as Senior Lu's disciples.

"I see. Senior means that as long as people who are much higher than them are not allowed to attack them?"

Lu Changsheng nodded.

If they have to take action for everything, how can they hone their strength?

What's more, with their current strength and the space kit they have given, they should not be under much pressure when they encounter evildoers of the same realm, or only a little higher.

Seeing this, Divine Lord Haotian nodded and said: "Understood, just leave it to me, Senior Lu. Even if the other Divine Masters want to take action, I will protect them with my life."

"Then you don't need to take action."

Lu Changsheng said with a dark face after hearing this: "If these brats are going to provoke the God Lord over their own means, then just let them fend for themselves."

Ye Qiubai, Mu Fusheng, Fang Qiong and Xiao Hei couldn't laugh or cry.

Sure enough!

This is very respectful!

God Lord Haotian also had question marks on his face when he heard this.

Senior Lu was too cruel to his disciples, right? ?

But this is senior's family matter, so it's better not to interrupt.

"Okay, let me leave it here. You should scold me, you should reprimand me. Don't give me face."

Lu Changsheng waved his hand, and disappeared in place without waiting for them to say anything.

Holy Lord Haotian smiled helplessly, looked at the four Xiaohei, waved and took out four jade pendants, and handed them to the four.

"This jade pendant contains a clone of my spirit and soul. In times of crisis, I will appear."

"When do you want to go to the Starfield of God's Descend?"

Little black said: "Now."

God Lord Haotian nodded, and said: "I will let the elders \*\*\*\* you there, but you should be clear that there were two major god-level forces behind the battle in the Demon King's Domain, so try to keep a low profile. If you can't solve it, Talk to me directly with the jade pendant."

Xiao Hei and the other four expressed gratitude: "Thank you, senior."

"Okay, let's go."

#### Chapter 947 Hall of Assembly

God descended into the star field.

It is extremely far away from the Haotian God Realm.

So, when the Great Elder of Haotian Shenzong took Xiao Hei and others to go, they had to constantly shuttle through the star field teleportation arrays in each star field.

It took a full half a month to arrive at the God's Descend Starfield.

Along the way.

The great elder also told Xiao Hei and others about the division of some forces in the God's Descend Starfield and the situation.

"Although the forces in the Godfall Starfield are intricate, there are no forces that can be used. Only the two second-rate forces can stand on the stage."

The Great Elder said: "One is the Body Refining Sect, called the Divine Body Sect. The other is known for its formations, the Shenzhen Sect."

"On weekdays, the two sects directly divided 80% of the secret realm of the God's Descend Starfield, and the remaining 20% were contested by the forces below."

"Of course, these are not things you need to pay too much attention to."

"According to the Divine Master, the Demon King's Realm is the force that you need to pay close attention to during this trip. Regarding the dark devilish energy, the Demon King's Realm sent the current Demon Lord's right-hand man, Mo Li."

When it comes to this.

The Great Elder also took a look at Xiao Hei, seeing that Xiao Hei didn't have any expression, he continued, "When the Demon King's Territory came, our Haotian Shenzong's eyeliner discovered that both the Divine Physique Sect and the Shenzhen Sect sent a large number of people, Monitor the ascetics who enter the God's Descend Starfield."

Hearing this, Xiao Hei immediately said: "They want to find me."

This is not hard to think about.

The rise of dark demonic energy has such a wide range of influence.

Then, the things in it must be treasures related to magic energy.

In the conjecture of Demon King Domain, he has a great possibility to venture to this place.

"We have also thought of this." The Great Elder nodded and said, "Fortunately, they didn't recognize your faces. Only Xiao Hei may need to change his face."

"At the same time, I also arranged a false identity for you. A second-rate force in Haotian Divine Realm, an inner disciple of the Nebula Sect, has experienced this outside."

Heard the words.

Ye Qiubai stepped forward and said with a smile, "Thank you, senior."

The Great Elder waved his hands and said, "You are his disciples, so our Haotian Divine Sect will naturally protect you with all our strength."

"Okay, the God's Descend Starfield is coming soon, I will go to it first, if there is a need for help, you can use the jade pendant to communicate."

After finishing speaking, the Great Elder disappeared in the same place in an instant.

With his strength.

Naturally, he could easily pass through the encirclement circle of the Divine Body Sect and the Shenzhen Sect.

Ye Qiubai and the others were logically stopped by people from the two sects.

A tall man in armor stepped forward and said, "I don't know where you guys are from, why did you enter my God's Descend Starfield?"

Ye Qiubai is a big brother, so he is naturally the one to come for this kind of occasion.

"We come from the Nebula Sect of Haotian God Realm. We have been practicing around, and we heard that there is a dark demonic energy, so we want to come and experience it."

Immediately, they handed over the identity token that the Great Elder had prepared for them in advance to this person.

The tall man took a look, felt it, nodded and handed it over.

The expression also softened slightly.

Although Xingyunzong is also a second-rate force.

But in the Haotian God Realm, the strength is definitely stronger than the two of them.

So, the respect that should be given should still be given.

"Okay, but the next few people still need to check." As if he was afraid that Ye Qiubai and others would be dissatisfied, the tall man continued to add: "The Godfall Starfield is facing a big crisis, so everything needs to be cautious. I hope you will forgive me."

Ye Qiubai nodded.

Immediately.

The tall man took out a mirror. The mirror looked unpretentious, but it contained some power of space.

Obviously, it is used to transmit the scene.

The tall man held a mirror and stood in front of Ye Qiubai and the others. In the mirror, there was a white light formed by the power of space, shining on the bodies of several people.

After the white light disappears.

The tall man seems to be confirming with others.

Xiao Hei looked at this scene with a flat face.

It seems that his conjecture is not wrong, and the Demon King Domain has indeed set up defenses here.

not long.

The tall man smiled at Ye Qiubai and the others: "Okay, thank you for your cooperation, but the Godfall Starfield has not been peaceful recently, so please be careful. If you are interested, you can also visit our Divine Body Sect."

"must."

After finishing speaking, a few people controlled the ship and entered the God's Descend Starfield.

Through the clouds.

There is a vast land revealed.

When a few people looked far into the distance, they could find that there were streaks of dark demonic energy covering the sky in the distance.

And the moment when entering the God's Descend Starfield.

Xiao Hei's body shook suddenly.

Eyes were instantly covered by dark devilish energy!

Seeing this, Mu Fusheng's expression changed slightly, and he immediately took out a few breath-shielding talismans and stuck them on Xiao Hei's body.

Then exerted the power of the soul in his own voice, and softly shouted at Xiao Hei: "Senior brother!"

Hearing this voice, Xiao Hei suddenly came back to his senses, and the dark devilish energy in his eyes faded away like a tide.

"How is it?" Ye Qiubai stepped forward and asked.

Xiao Hei nodded: "I am very familiar with the dark devilish energy here, and the things in it are probably related to me."

"Well, then we must grab this item before the Demon King's Domain." Ye Qiubai nodded.

Besides, Fang Qiong asked: "What shall we do now?"

"It's very simple." Mu Fusheng said: "The first thing is to collect information."

Ye Qiubai smiled and said, "Information shouldn't be very difficult."

Seeing Ye Qiubai's smile, Mu Fusheng's heart trembled suddenly, with an ominous premonition in his heart.

"Didn't the matter of the dark demonic energy give those two forces a headache? If that's the case, the more helpers there are, the better."

"Since that's the case, let's go to that divine body sect and say that we want to help, won't we get the information naturally?"

"Exactly, didn't the guards invite us to visit the Shenti Sect?"

Finish listening.

Mu Fusheng covered his face.

Knew it...

Again in this radical way...

But should I say it or not, this kind of efficiency must be the fastest.

After the decision was made, the group headed towards the Divine Body Sect.

The Divine Body Sect and the Divine Array Sect, in order to gather the ascetics who went to the beast tide to attack the city, specially set up an assembly hall in the central city.

And set extremely rich rewards to attract ascetics to go.

Ye Qiubai and others came here.

At this moment, the assembly hall is full of people.

And these people are standing in front of a light curtain.

On the light curtain, tasks are written all over.

While Ye Qiubai and the others were watching.

A charming woman came over and asked: "You guys look very familiar, it's your first time here, what kind of mission do you want to take?"

#### [Chapter 948: When preparing, when leaving](#)

The Hall of Assembly.

It was built together by the Divine Physique Sect and the Shenzhen Sect, and the rewards were shared by the two Sects.

At the same time, because there are too many cities affected by the beast tide, and the scope is gradually expanding, the two cases are also extremely rich in terms of mission rewards.

This has also led to countless casual cultivators, and even disciples from other forces, willing to accept tasks within their capabilities.

When Ye Qiubai and the others arrived here.

On one side, a charming woman came over and asked directly: "Do you want to consider joining our team?"

Ye Qiubai looked over, raised his eyebrows, and asked puzzledly, "Why did you choose us?"

They don't know each other, which is quite unbelievable.

"Let me explain why."

Immediately afterwards, a tall man came forward with a smile and patted the woman on the shoulder.

Seeing this, the woman retreated behind the man.

Afterwards, the man explained: "When you entered the God's Descend Star Realm, we heard it from the side. We heard that you came from the Nebula Sect of the Haotian God Realm."

"At the same time, judging by your strength, you are also in the realm of magic weapons, so I think it is quite suitable for our team."

There are a total of three men on the men's side.

Introduced.

The man's name is Zhong Changgong, the other taciturn man is Qi Wen, and the woman is Zhong Yan.

Both Qi Wen and Zhong Yan are in the late stage of the Divine Weapon Realm.

And Zhong Changgong is a strong man in the early stage of the God General Realm.

Mr. Zhong Chang came from the Divine Body Sect, while Qi Wen and Zhong Yan belonged to the Divine Array Sect.

Fang Qiong on the side asked strangely: "There are quite a few people here who are stronger than our realm, why don't you look for them?"

Zhong Zhanggong smiled and said: "Those who are stronger than us will not find us as teammates. At the same time, although there are many people who are at the level of magic weapons, most of them already have teams. We don't want to look for casual cultivators. After all, you Since they come from the Haotian God Realm, their background is naturally stronger than those casual cultivators, right?"

"So, join us, and we will distribute the rewards according to the contribution to the task."

Hear here.

Mu Fusheng and Ye Qiubai looked at each other.

It was only then that they vaguely guessed the purpose of these three people.

"So, the rewards are distributed by you?"

Zhong Changgong nodded as a matter of course: "Of course, I am the captain of the team."

Ye Qiubai smiled directly: "Understood."

found them inexplicably.

Said such an inexplicable reason again.

Who would believe that the other party didn't have a little thought?

As for why you are looking for them?

It's nothing more than people who are not from the God's Descended Starfield. Even if the forces behind them look for trouble, it will be inconvenient to find it. They can only solve it here by themselves.

Furthermore, their average realm is higher than Ye Qiubai and the others.

So, when the time comes to complete the task, shouldn't the distribution of rewards just be distributed by them?

Of course, this is only a possibility.

But looking at the current situation, this possibility is indeed quite high.

Mr. Zhong Zhang said with a smile: "Then do you want to join us?"

Ye Qiubai said: "We need to discuss it."

"Of course." Zhong Changgong nodded in understanding.

Immediately, he stepped aside.

Ye Qiubai and the others communicated through sound transmission.

"Obviously, it seems that they want to find free thugs." Mu Fusheng said.

"Then what should we do?" Xiao Hei frowned, "Do you want to refuse directly?"

Ye Qiubai shook his head and said: "There is no need to refuse, we can use them instead. Aren't they the members of the Shenzhen Sect and the Shenti Sect, so they can naturally have access to information that we cannot."

"If there is no problem at that time, then we should cooperate well. If there is a problem, then there will be a solution."

Fang Qiong nodded: "Although their realm is higher than ours, they should not be difficult to deal with."

Ye Qiubai looked at Mu Fusheng: "Brother Priest, you have a lot of ideas in this regard, so I'll leave it to you."

Mu Fusheng looked up at the sky.

ah...

Master, it's really not what I want to do.

This is the meaning of the big brother!

After discussion.

Ye Qiubai came to Duke Zhong, smiled and said, "We agreed."

A gloomy smile flashed across Zhong Zhanggong's eyes, then he nodded and stretched out his hand, "Then teach me more."

Ye Qiubai stretched out his hand and shook it: "Please advise me."

"Okay, we have already selected a task, but let you see if you think it can be accepted."

Immediately, Duke Zhong stretched out his hand, a scroll appeared in the palm of his hand, and handed it to Ye Qiubai.

Ye Qiubai took it to have a look.

Mission requirements.

To the south of the Assembly Hall.

There is a small city, and the number of monsters is not very large. Basically, it is the fairyland and the magic realm.

There are only a few leading monsters.

Belongs to the influence category of the Divine Body Sect.

What needs to be done is to help the city resist the beast tide.

Obtaining the magic core of the three general-level monsters is considered a success.

In general, the difficulty of the task is not very high.

Mr. Zhong Zhang said with a smile: "How about it, can I take it?"

Ye Qiubai nodded: "The problem is not very big."

"It seems that your strength is not weak." Zhong Zhanggong's eyes twinkled slightly, and he said with a smile: "The three-headed monster of the general level still needs to use some strategies."

Heard the words.

Ye Qiubai also knew that Mr. Zhong was trying to test them, so he smiled lightly and said, "You are the captain, you can decide."

"Okay, then get ready and set off at the city gate tomorrow."

Ye Qiubai nodded.

...

After leaving the Hall of Assembly.

Ye Qiubai, Fang Qiong and Xiao Hei stayed in an inn.

Mu Fusheng went out to collect information.

Have no idea!

Since you know that the other party has bad intentions.

Then you have to try to collect some information about the other party, so that you can better decide on strategies.

well.

I really broke my heart for the brothers and the others...

Mu Fusheng expressed that he was very tired.

also expressed that he finally understood why Master had such a headache.

Mr. Zhong Chang is not a high-level figure.

So when collecting information, it is good to use talismans to send them away.

In the process of inquiring.

Mu Fusheng covered his face with a black robe and his breath throughout the whole process, and even the traces of his own breath on the talisman seal had been erased.

At the same time, those talisman seals are relatively common, not the appalling ones on the book of talisman seals.

reached their realm.

Hard currency is talismans, pills, formation scrolls, and weapons.

Money?

That thing is no longer necessary.

Stay until sunset.

Mu Fusheng came back with information.

Ye Qiubai and others also stopped practicing, and asked, "How is it?"

Mu Fusheng rolled his eyes.

You are happy.

Immediately said: "Zhong Yan and Na Qiwen are just ordinary inner disciples of Shenzhen Sect."

"Oh? So it's not easy for Mr. Zhong?" Xiao Hei asked.

"That's right." Mu Fusheng nodded and said, "Although Master Zhong is a disciple of the inner sect, his father is an elder of the inner sect of the Divine Body Sect, and he has the right to speak in the hall of assembly."

Hear here.

Ye Qiubai smiled: "It seems that even if this trip is a success, if Mr. Zhong really has some unruly intentions, the distribution of rewards may not be peaceful."

#### [Chapter 949: Tomorrow, the beast horde will strike!](#)

Task requirements.

The city that needs help is a small city named Xingning City.

Here, ruled by the City Lord's Mansion.

And among the city lord's mansion, the strongest person is only half a step up to the level of a supernatural general.

So, in the face of the beast horde led by several magical beasts, it is extremely difficult to resist, and they can only rely on outside assistance.

the next day.

Zhong Changgong Ye Qiubai and others also came here.

The City Lord's Mansion even entertained a few people.

The Lord of Xingning City walked over with a smile, but his eyes were full of fatigue and solemnity. He cupped his hands and said with a smile, "Thank you all for coming to help. On behalf of all the people of Xingning City, I thank you."

Mr. Zhong Zhang stepped forward and said: "You're welcome, let's talk about the current situation."

City Master Xingning nodded and said: "Currently, besides your team, there is another team that has arrived in the city. I have sent someone to call for it, and it should arrive soon. Let's talk about it then."

It is normal for multiple teams to accept a task.

Mr. Zhong Chang was not surprised, he nodded and waited beside him.

After a stick of incense.

Another team arrived here.

Mr. Zhong frowned slightly when he saw them.

"Hey, isn't this Mr. Zhong? I think it's someone who wants to compete with us for this task."

Seeing this person, Mr. Zhong frowned slightly.

"Blue Ocean..."

Besides, Zhong Yan explained: "Lan Hai is also an inner disciple of the Divine Body Sect, and he is extremely at odds with Zhong Changgong on weekdays."

I saw Lan Hai's narrow eyes, with a glint of scrutiny falling on Ye Qiubai and the others.

Extremely unscrupulous, without the slightest concealment.

Immediately, Lan Hai sneered and said, "Oh, Mr. Zhong, you are really going back from living longer, and you have called all these people, and you want to take this task?"

"As long as you are a super general, how can you compete with our team?"

On the other hand, look at Lan Hai's team.

Although there is one less person than Zhong Changgong's party, there are three people who are all in the early stage of the \*\*\*\* general state, and the remaining three have also reached the half-step \*\*\*\* general state!

From the perspective of overall strength.

On the surface, Lan Hai's side is indeed much stronger than Zhong Changgong's side.

No wonder he was so arrogant.

Mr. Zhong Chang said with a gloomy face: "If you can't win the fight, you still have to see the truth."

Saying so, Zhong Zhanggong still felt guilty in his heart.

He did not expect that this remote mission would attract Lan Hai.

Lan Hai sneered: "What's the point of talking about it, how about some color?"

Hearing this, Zhong Zhanggong frowned: "What kind of prize?"

"Whoever completes the task first, how about handing over the other party's sect resources for three years?"

Three years!

Master Zhong frowned, this is not a small sum!

"Why, is there a problem?" Lan Hai sneered, staring at Zhong Changgong and sneered: "Or say, don't dare?"

Mr. Zhong Zhang and Lan Hai are deadly enemies in the sect.

More than that.

The same goes for the inner sect elder behind the two of them.

Therefore, the two have been fighting against each other no matter whether they are inside or outside the sect.

For face.

Mr. Zhong had no choice but to grit his teeth and agree.

Seeing Mr. Zhong nodded, Lan Hai narrowed his eyes slightly, "I hope you won't regret it."

When the two are talking.

The City Lord of Xingning also glanced at Ye Qiubai and the others suspiciously.

Indeed, this team only has one \*\*\*\* general, and the rest are \*\*\*\* soldiers. Can they really complete the mission...

However, of course, this suspicion cannot be expressed in person.

Seeing that the "discussion" between the two of them was over, he held back his doubts and said haha: "Okay, okay, how about we discuss countermeasures?"

After all, now is the moment of life and death for Xingning City, and there is no room for wasting time.

"This is the map around Xingning City."

As he spoke, City Lord Xingning spread out the map.

Everyone saw that it had already marked the places where the monsters stayed temporarily and the places where the general-level monsters might appear.

Even, the time to attack is clearly marked on it.

The Lord of Xingning said solemnly: "The information on this map is all bought by the strong men in the city with their lives."

"Of course, what's more important is that the next attack by the beast horde will be tomorrow."

Fang Qiong asked at this time: "Is there a fixed time for the beast tide to attack?"

City Master Xingning nodded: "That's right, there is a specific time for the bursting and spreading of dark devilish energy, and that is every three days."

"When the magic energy spreads, it is the time when the beast horde launches an attack."

Speaking of which.

The Lord of Xingning said with a serious face: "Now, the reserves of Xingning City have bottomed out, too many strong people have sacrificed, and the next time we attack the city, we can only rely on you... Please do your best to help us defend the city, otherwise Xingning will Ning Cheng is afraid that his life will be ruined..."

Mr. Zhong Zhang said with a smile: "It's natural, that's why we came here."

Lan Hai sneered at the side: "It is inevitable to defend the city, I am afraid that you will die on the city wall."

Mr. Zhong Chang: "Each to each other."

The two are looking for opportunities to satirize each other all the time...

"Okay, everyone can discuss the countermeasures. The guest room has been arranged. Then you can take a good rest and stay in the best state to deal with tomorrow's defense."

Everyone nodded.

Look at the map.

On the map, there are seven red dots.

That means that there are seven general-level monsters.

Seven-headed general-level monster.

Add the city lord and the patriarch of the following family.

There are three players on Lan Hai's side, Mr. Zhong Chang.

There are only six generals.

Besides, Zhong Yan frowned and said, "I'm afraid it's a bit difficult."

Xingning City has three walls, and the south is a natural mountain barrier.

There are three general-level monsters on the northern city wall.

There are two ends on the east and west sides.

The pressure on the northern city wall is also the greatest.

The Lord of Xingning said: "Give the northern city wall to you, Lan Hai?"

After all, Lan Hai's team has three generals.

Lan Hai nodded with a smile and said, "That's exactly what I mean. When the time comes, just kill the three general-level monsters, and the task will be completed."

Speaking of this, Lan Hai glanced at Mr. Zhong.

Mr. Zhong Chang snorted coldly.

City Master Xingning immediately poured cold water on them: "Don't underestimate those monsters. With the blessing of dark magic energy, they are stronger than ordinary generals."

Half a day later.

Also determined their respective defense points.

The Lord of Xingning took another strong man in the general realm to guard the west city wall.

And Zhong Changgong was stationed on the east wall.

Go back to the guest room.

Mu Fusheng said: "What do you think?"

Ye Qiubai smiled and said: "The opportunity is here."

Fang Qiong also nodded with a smile: "The two of them happen to have conflicts. If Mr. Zhong really has that idea, he can take advantage of it."

Xiao Hei reminded: "At that time, I may need to hide my strength. After all, the people from the Demon King Domain are in this star domain."

The three nodded.

After resting state.

The next day came slowly...

#### Chapter 950: The midnight is approaching, and the sky is full of black fog!

There is still one hour before the time of Zi.

At the moment.

The sky has completely darkened.

Dark devilish energy is already surrounding Xingning City.

May explode at any time!

And the east wall.

The defenders of the city stood in their positions with tough faces.

Although the city wall has been in dire condition due to several times of beast hordes.

But the defenders of the city are still standing tall!

For them, there are people and family members behind them.

In order to prevent the people he cares about from being swallowed up by the beast tide.

In order to protect Xingning City and prevent the loss of lives.

Although he knows that he is not strong enough, he will use his own body to build a Great Wall of flesh and blood on top of this city wall!

Build the first line of defense!

Looking at this scene, Ye Qiubai frowned slightly.

"These soldiers are injured and tired, and I am afraid that their combat strength is less than 50%."

Mr. Zhong Chang glanced at Ye Qiubai, and said: "Don't have unnecessary sympathy, our mission is just to kill three general-level monsters."

Ye Qiubai said: "It is good to find opportunities to kill during the process of defending the city."

Mr. Zhong frowned and said, "Then what if Lan Hai and the others seize the opportunity?"

Xiao Hei glanced at Zhong Changgong from the side, and said calmly: "The city wall is broken, and the beast tide breaks through the city. It will be even more difficult to deal with the general-level monsters."

"Now I'm the captain!" Zhong Zhanggong said with a gloomy face: "For us, it's good to complete the task, and the things after that are not our responsibility!"

Xiao Hei wanted to say something, but was stopped by Ye Qiubai.

Mr. Zhongchang felt a little urgent for the bet with Lan Hai.

What's more, Zhong Changgong's purpose is not simple.

This kind of moment cannot be talked about.

And why resist the beast tide first, and then kill the general-level monsters?

Under the surge of dark demonic energy, the demonized monsters would lose their minds, and under the condition of strengthening in all aspects, they would continue to attack the city walls and invade Xingning City.

Under such circumstances, if the beast tide can be contained.

Then the god-level monsters will not concentrate all their firepower on them.

Just send some people out to help guard the walls.

Relying on the partial defense of the city wall.

The best choice is to wait for an opportunity to attack the monsters.

Once you rush out directly and attack the general-level monsters, the consequence will be not only being attacked by the general-level monsters with all their strength, but also besieged by the surrounding beast hordes!

No one can afford the consequences at that time!

...

The area around Xingning City was gradually filled with dark demonic energy.

The space seemed to be boiling, and the magic energy kept surging!

Everyone looked outside the city wall.

His complexion gradually became serious.

they know.

The child's hour is coming!

Sudden.

The earth began to shake!

The entire walls of Xingning City began to tremble.

A large amount of crushed stone powder kept falling from the city wall.

The only moonlight in the sky was also covered under the shroud of dark devilish energy.

Darkness enveloped the earth.

I don't know who shouted.

"Fire array, open!"

Suddenly, above the entire Xingning City, there was a cluster of huge flames burning!

Illuminate Xingning City.

The mortals in Xingning City looked up at the sky, looking at this cluster of flames, with fear on their faces.

But the eyes are full of desire for vitality.

Some people in Yucheng even clasped their hands on their chests and knelt on the ground.

It seemed that this raging fire was their only hope.

The moment when the flame dies.

When the darkness completely invaded the city.

is when hope dies...

this moment.

Ye Qiubai and others, including the soldiers, all looked into the distance.

There, there is a black line running towards them.

After the black line, there is dust all over the sky!

Every time you get closer, the vibration of Xingning City will become more intense.

Soon, you can see with the naked eye, a black mass of monsters, like a vast ocean, sweeping in like stormy waves!

When shaking.

Accompanied by earth-shattering roars!

When the beast hordes on three sides of Xingning City roared at the same time.

Heaven, everyone is trembling for it!

Watching this scene.

Xiao Hei's eyes were serious.

This is just what they call a small-scale beast tide.

If there is a large-scale beast swarm, how terrifying will it be?

It can be seen how great the influence of the dark magic energy is.

And the dark demonic energy became stronger.

The aura in Xiao Hei's body became even more violent, and it took a lot of effort for Xiao Hei just to suppress it.

At this time.

The general defending the city roared: "Everyone, prepare to meet the enemy!"

"The rear is Xingning City. If these monsters break through this line of defense and step over your body, think about your relatives, think about those people!"

Under the general's roar.

All the soldiers let out a deafening roar together!

There is no spiritual blessing in it.

But at this moment, it seemed extremely tragic.

And watching the dark beast horde getting closer.

The general roared loudly!

"Pull the bow!"

Immediately, the soldiers in the back row moved forward, holding crossbows, and drew the full moon.

On that arrow, while the edge was shining, a cluster of golden flames rose from it!

This is a special arrow that applies a ray of sacred fire.

Can effectively restrain the dark magic!

"put!"

As the general ordered.

The off-string arrow shot towards the herd of beasts!

The arrows of golden flames all over the sky, looking up, it looks like there are stars in the dark sky.

A single spark can start a prairie fire!

The rocket falls.

The beast in the front row fell down with a howl.

Although not dead.

But the beast tide behind did not stop at all, and directly trampled on the fallen monsters in the front row and rushed forward!

The general looked at this scene with a ruthless look, "Continue to draw the bow and let it go!"

Round after round of golden flame arrows killed countless monsters.

But.

The beast tide is called the beast tide.

It is because there are too many monsters, like waves after waves, without any pause in the middle!

Therefore, those monsters are still approaching the city wall at an extremely fast speed!

When the soldiers approached the city.

The general asked the archers to retreat and draw their bows in the rear for support.

"Don't let the monsters attack the city wall!"

Immediately, he drew out the sword in his hand, and slashed away with a sword energy first!

War is about to start!

Looking at this scene, Zhong Changgong said calmly: "Don't worry, keep your strength and pay attention to the center of the beast tide."

There, there are two huge tiger-shaped monsters walking slowly towards this side!

The breath is extremely terrifying!

The dark demonic energy around him is even more surrounding!

These are the two general-level monsters.

"When the power of the beast tide continues to be weakened and they approach, we will attack together again." Zhong Changgong commanded.

But.

It was the moment when Zhong Changgong's voice fell to the ground.

is at his side.

There are celestial swords and sword intents, soaring into the sky, filling this space!

The power of the talisman, the power of the thunder, and the power of the formation all rise into the sky at the same time!
