

## My Disciples 961

Chapter 961 Chase, step into the hinterland!

Xianyuan Magic Array!

Although it doesn't have the outrageous power of Xianyuan Tongtian Mountain.

Although with Fang Qiong's current strength, he can only exert one or two percent of its power.

However, the sudden phantom array made everyone present fall into it in an instant!

Among them, Elder Zhong, who is a strong man in the God King Realm, is included!

This is the dominance of Xianyuan Magic Array.

However, at this moment, Elder Zhong, who was in the God King Realm, could not be trapped for too long. In the blink of an eye, he broke free directly by brute force.

However, when Elder Zhong broke free from the Immortal Fate Magic Formation.

The four Ye Qiubai in front of them have turned into the power of thunder, penetrated the isolation formation, and escaped into the sky!

See this scene.

Elder Zhong's complexion was extremely ugly, as gloomy as if water was about to drip.

Immediately shouted angrily, and the strength of the God King Realm exploded, forcibly breaking the Immortal Fate Illusory Formation.

Everyone on the side also struggled out of the phantom formation.

Looking at the four people who disappeared in front of him, Zhong Zhanggong said in horror, "Where are they?!"

When Lan Hai saw this scene, he was horrified and at the same time thought about what happened, and was extremely surprised for a while.

What kind of phantom array is so domineering!

Can you still escape in front of Elder Zhong? ?

Besides, isn't there already a formation that isolates space?

Under the condition that the space is completely locked.

How could these four people who have not yet reached the realm of the gods escape? !

Elder Zhong didn't have time to answer, but immediately roared: "Follow the soul imprint in the space ring, chase after them! They haven't escaped far!"

After finishing speaking, he rushed towards the west first!

Immediately afterwards, including Zhong Changgong and Lan Hai, the rest of the powerhouses of the Divine Body Sect also chased after them with all their strength!

...

Meanwhile, somewhere in an inn.

This is the temporary residence of the Great Elder of Haotian Shenzong.

Even if they are far apart.

With the realm of the Great Elder, it is not difficult to pay attention to the dynamics of Ye Qiubai and others all the time.

At that time, he sensed the crisis Ye Qiubai and the others were facing.

At that time, I was thinking about whether to make a move.

But found that Fang Qiong began to quietly gather formations in his body.

Mu Fusheng was a little horrified when he quietly prepared the Heavenly Thunder Escape Talisman.

Generally speaking.

The formation method is to use the power of the rules between heaven and earth, and at the same time use various foreign objects to display it with its own power as the medium.

But Fang Qiong didn't need this step at all!

With him in the body, he can start to condense the formation!

As if the formation was him himself!

This kind of exercise, this kind of application of the formation.

Let's not talk about Shentizong, even for him, it's unheard of!

All I can say is that he is worthy of being Senior Lu's apprentice...

Later, Ye Qiubai and the others escaped smoothly.

The great elder smiled and said: "It seems that I don't need me..."

"I want to see how far that apprentice can go..."

...

Somewhere to the west.

Ye Qiubai, Mu Fusheng, Fang Qiong and Xiao Hei turned into thunder and appeared on this wasteland!

Just this wasteland, full of blood, and boulder fragments.

At the same time, the sky has been covered by dark magic energy.

On the ground, there are traces of countless beasts trampling on it.  
obviously.

This used to be a city, but it was completely destroyed by the tide of beasts...  
at the same time.

Mu Fusheng took out the map and saw the current location.

Now their positions are not far from the range covered by the dark magic energy.

"There is a soul mark in the space ring, but with my current strength, it will take a little time to erase it."

Fang Qiong stared and said, "Can you really erase the soul imprint of a late-stage God King Realm powerhouse?"

When Elder Zhong took out the interspatial ring, they already guessed that there must be a soul mark in it.

Mu Fusheng was stunned for a moment, then nodded and said: "Eh... I major in the power of thunder, and my soul is not weak, so I am better at this kind of thing."

Xiao Hei patted Fang Qiong on the shoulder and said, "You should just listen to what your pastor brother said, and don't take it too seriously."

"Why?" Fang Qiong was puzzled when he heard this.

After all, he has only entered the thatched cottage not long ago, so it is impossible to thoroughly understand the characters of the brothers and sisters.

Xiao Hei smiled and said: "Your pastor brother has a lot of things hidden, and it's possible that you haven't used your full strength until now."

Fang Qiong: "..."

True or false...

"You know, your pastor brother is a disciple who has perfectly inherited the mantle of the master."

Fang Qiong nodded in understanding: "Then I understand."

Mu Fusheng: "..."

Ye Qiubai said helplessly at the side: "I said, can we chat later? We are not out of danger yet! While running, let the pastor brother erase the soul imprint in it!"

Say it.

The other three nodded.

They all ran towards the range of dark magic energy.

The reason for doing this.

There are also two.

One of them is because Ye Qiubai and the others are not too familiar with the Godfall Starfield.

Secondly, instead of running around, it is better to go directly to the dark demon energy that the Divine Body Sect fears. Anyway, their purpose is to go to the center of the dark demon energy.

While fleeing towards the area within the range of dark demonic energy, Mu Fusheng used the cold soul white flames, coupled with the power of four ancient gods of thunder, to refine the soul imprint in it at the same time.

After a stick of incense, it was completely refined.

But.

The moment when it is completely refined.

There was also a sudden howl from behind!

"It has some skills! It actually wiped out the imprint of my soul?!"

It's Elder Zhong!

With Elder Zhong's strength in the God King realm, he is also a person who refines his body.

The speed will naturally not be too slow.

Ye Qiubai and the others were not too surprised.

Just keep flying full power forward!

Elder Zhong snorted coldly: "Stop!"

After finishing speaking, he punched the four of them!

The strength of the God King Realm makes this space tremble!

Fist energy bombarded in the space, making bursts of roaring sounds!

The ground and the sky are trembling at this moment!

However, when it was about to hit Ye Qiubai and the others.

The four of them crushed the Heavenly Thunder Escape Talisman again, turned into a thunderbolt, and left the place.

appeared again, already hundreds of miles away!

Directed thunder escape symbol.

Under Mu Fusheng's improvement, he was able to control the escape position by himself.

But the distance will also decrease accordingly.

Elder Zhong's face was ugly: "I'd like to see how many such talismans you have!"

After finishing speaking, he pasted a speed-boosting talisman on his body, stepped on the space, and rushed out with bursts of distortion!

It's just that although Elder Zhong has locked the four people's aura.

However, after several escapes.

Elder Zhong stopped with an ugly face.

Because... was in front of him.

is the range where the dark magic energy is located.

Chapter 962 Who is the cat and who is the mouse?

Elder Zhong did not dare to easily step into the realm of dark demonic energy with his late-stage God King Realm strength.

At the outermost periphery, you will feel your body being corroded by the ubiquitous dark devilish energy.

If he continues to go deep, even in his realm, he will surely die!

Elder Zhong looked into it, his face extremely gloomy.

Not long after, Zhong Changgong and other members of the Divine Body Sect arrived here.

"Elder, where are they?" Lan Hai asked with an ugly face.

Elder Zhong shook his chin towards the range of the dark devilish energy, and said in a deep voice, "Go in."

Heard the words.

Everyone around was stunned.

Mr. Zhong Zhang scolded directly: "I would rather go in and die than give us that sword."

Lan Hai frowned and said: "With their strength, they shouldn't be able to persist for long before they die. Perhaps, as long as someone goes in, the rest of them will be fine at the exit..."

Elder Zhong nodded and said: "Since that's the case, you should guard outside, and I will go in and pursue them. If they die, I can bring the sword out."

After finishing speaking, without waiting for others to say anything, he dived in!

An elder at the early stage of the Divine King Realm smiled and said, "It's not a big problem. The four boys of the Divine Weapon Realm probably won't be able to move if they enter the range. They only have two choices."

"Continue to walk towards the range, then you will be suppressed to death by the dark demonic energy, and then Elder Zhong will take back the sword. After all, Elder Zhong is in the late stage of the God King Realm, so he can naturally insist on walking to their position."

"The second option is to bypass Elder Zhong. Although the range of the dark demonic energy can be used as an exit in any direction, but if you want to bypass our side, you need to continue to walk a certain distance before you can pass through to other directions. export."

"In that case, their realm is not enough to act like this, so they can only come out from our direction. That's a dead end."

all in all.

Two roads are dead ends.

After hearing this, everyone laughed with a relaxed expression.

It seems that Ye Qiubai's Qingyun sword has already been obtained.

Looking at it, Mr. Zhong Chang had a smirk on his face, and murmured in a low voice: "Why bother...Everyone is innocent and pregnant with a crime, if you want to blame, you can only blame you for not knowing how to praise..."

...

In the range of dark magic energy.

As soon as Ye Qiubai and the others entered it, they felt a huge devilish energy crazily squeezed into the pores of their bodies!

As if to erode their minds from the inside.

Smash it from the inside out!

Fang Qiong smiled wryly and said, "No wonder even those powerhouses in the God King Realm or even the God King Realm can't reach the center, this is already the case at the outermost..."

Ye Qiubai also looked a little dignified, even with the resistance of the Hunyuan sword body and the sword scripture of Taichu, he was quite uncomfortable.

Mu Fusheng was a little relaxed.

At this time.

Xiao Hei walked over with a relaxed face.

Fang Qiong saw this, and said: "Brother Hei, I guess this dark devilish energy is really related to you, it doesn't seem to affect you at all."

Xiao Hei nodded, not only did the dark energy not have any effect on him.

When it was incorporated into the body, it even subtly strengthened his physical body!

Even, from the moment you step into this place.

The blood vessels showed obvious signs of boiling!

To be sure.

This one has a lot to do with him.

"Come closer to me." Xiao Hei said, and then slightly released a ray of blood power.

The power of this bloodline condenses into three drops of blood essence.

Around the three drops of blood essence, those dark demonic energy seemed to be extremely happy, and they kept moving closer to the blood!

Xiao Hei controlled three drops of blood essence, which landed on the chests of the three people respectively.

On his chest, the blood essence turned into a blood scab.

And after doing all this.

Ye Qiubai, Mu Fusheng and Fang Qiong all felt their bodies lighten.

The dark demonic energy in the body was instantly eliminated.

"That's enough." Xiao Hei nodded and smiled, confirming his conjecture.

Mu Fusheng was about to say something, but immediately closed his mouth, frowned, and looked back.

"I'm chasing you."

As soon as the voice fell, Ye Qiubai and Fang Qiong also felt a breath of God-King Realm chasing after them.

"Just right." Ye Qiubai laughed suddenly: "Since he is so persistent, let him not go out. Since Elder Zhong is the inner elder of the Divine Body Sect and one of the stewards of the Hall of Assembly, then he knows There is naturally a lot of information."

Fang Qiong chuckled: "It's here to give charcoal in the snow."

After all, the four of them also began to advance rapidly towards the depths.

He wanted to bring Elder Zhong to a place that he couldn't bear with his strength.

Behind them, Elder Zhong, who was chasing, felt Ye Qiubai and the others' aura start to move rapidly into the depths, and couldn't help being stunned.

Started running again?

But after thinking about it, he still grinned and said, "With your strength, you probably won't be able to go any further..."

Looking forward, his eyes showed a playful look of cat and mouse.

But...

How did he know.

It's really cat and mouse.

But the identities of the cat and the mouse need to be reversed.

...

Fifty miles deep.

Elder Zhong felt that their speed still hadn't slowed down, so he couldn't help frowning slightly: "It's just a magic weapon, can we still persist?"

When you reach that position, even if you are a \*\*\*\* general, you are already very reluctant.

...

Go deep into a hundred miles.

Elder Zhong's face became serious: "Although the speed has started to slow down...but with their talents, are they really just inner disciples of a second-rate force?"

Where hundreds of miles away, the general level is a mortal situation!

Because there, Elder Zhong, who is in the late stage of God King Realm, will feel a pressure.

"Or are they hiding their strength?"

...

Finally, it reached the point of one hundred and fifty miles.

The four figures of Ye Qiubai finally appeared in front of Elder Zhong.

The current Elder Zhong has completely lost the relaxed look he had before.

On the contrary, the aura of the God-King Realm burst out from his body, covering his whole body, turning it into a protective barrier.

His face was also a little pale.

However, when Elder Zhong looked at Ye Qiubai and the others, they had no influence whatsoever!

Instead, there was a playful smile on his face.

"You..." Elder Zhong suddenly trembled in his heart.

Seeing this scene, he already had a feeling of being tricked.

"Are you really in the realm of magic soldiers?!"

Hearing this, Ye Qiubai smiled and said, "Of course."

"Then how can you act like nothing is wrong in this area?!" Elder Zhong said angrily, "Even if you are a \*\*\*\* general, you can't set foot here!"

Fang Qiong smiled and said: "Now you, it seems that you can't control so much, you should first think about how you should go out."

The voice just fell.

With Fang Qiong spreading his hands.

Immortal Fate Illusory Formation, Annihilation Killing Formation, unexpectedly rise at this moment at the same time!

Chapter 963 Siege and kill Elder Zhong!

"Does it take so long?"

Outside the range of the dark demonic energy, Lan Hai frowned slightly: "According to the realm of Ye Qiubai and the others, it should be impossible to move quickly in it. Even if there are any means, they can't go deep."

The person from the Divine Body Sect also nodded and said: "What's more, with the strength of Elder Zhong, the speed must be faster than them."

"Could it be some accident?"

Zhong Changgong shook his head decisively when he heard the words, as if he had heard some joke, and said with a sarcasm: "What can be unexpected? The difference in realm is so large, even if they have the strength to compete with the \*\*\*\* general realm, but they will not be able to meet the late \*\*\*\* king realm. For the strong, with such a huge gap in realm, how could there be an accident?"

Everyone nodded in agreement.

The person who said that also scratched his head and smiled.

This kind of unrealistic idea is really redundant.

But how do they know.

This accident, which none of them believed, did happen.

In the range of dark magic energy.

Outer land.

The Annihilation Killing Formation and the Immortal Fate Magic Formation rise at the same time!

A breath of annihilation and illusion surround Elder Zhong's body.

If it is outside the range of dark magic energy.

Elder Zhong would not feel any threat to these two formations at all.

Although the breath in these two formations is incredible.

But after all, the realm of the formation is too low.

It is simply impossible to exert the full power of these two formations.

Now being suppressed by the dark demonic energy, even if Elder Zhong tried his best to resist this demonic energy, he would almost do his best, and his strength would naturally be greatly weakened!

"How did you do it? You won't be affected by these breaths!" Elder Zhong was terrified, and he almost roared these words.

Fang Qiong ignored it.

He did not let the three of Ye Qiubai take action, and directly killed Elder Zhong jointly.

Instead, he wants to try, with his current strength, can he use the Immortal Fate Illusion Formation and the Annihilation Killing Formation at the same time to shock the enemy!

When the two arrays are deployed successfully at the same time.

Fang Qiong controls the Annihilation Array with his left hand, and the Immortal Fate Magic Array with his right hand.

Immediately, the right hand pinched out the seal formula in the direction of Elder Zhong.

On the surface of Fang Qiong's body, there are streaks of silver light shining, as if all the skin surface has turned into silver skin!

At the same time, within the body, from the inside to the outside, blood burst out!

Silver skin, blood muscle!

In the magic array of fairy fate, streams of fairy energy directly invaded Elder Zhong's mind!

Construct the scene in his mind and state of mind!

Elder Zhong suddenly lost his mind.

It is at this moment.

Fang Qiong frowned slightly, and clenched his left hand instantly!

In the annihilation killing formation, wisps of annihilation murderous aura seemed to be boiling!

Riot in this space!

Immediately, the wisps of annihilation breath turned into various weapons, surrounding Duke Zhong, cutting off all his retreats!

Suddenly pierced towards Elder Zhong's body!

The momentum of breaking through the sky is constantly shaking in this space.

Even the dark demonic energy around them all avoided it one after another!

Of course, this is also due to the influence of the blood of the little black blood.

Otherwise, in terms of current strength, it is absolutely impossible for Fang Qiong's attack method to be released in this dark devilish energy.

But.

Elder Zhong is a strong man in the late stage of the God King Realm after all, and his strength is not bad.

When the handle of annihilation device is about to penetrate its body.

Elder Zhong's body suddenly trembled!

Strong breaths burst from his body!

Forcibly escaped from the illusion, and then suddenly stomped the ground with both feet, and punched forward!

The shadows of the fists continued to expand, turning into hills, facing the surrounding annihilation weapons with a bang!

Boom!

With the violent collision between the two.

A loud noise came out from this area!

Thick smoke is everywhere, and the breath keeps rioting!

Fang Qiong stared closely at the thick smoke.

When the smoke gradually dissipated.

Elder Zhong's slightly rickety body emerged from it.

I saw that the elders today were a little weak, looked at Fang Qiong in front of him with a look of horror, and said coldly: "Your formation, your strength, even if it is a second-rate force in the Haotian God Territory, it is absolutely impossible to cultivate it. ."

Such actual combat strength seems to have exceeded the scope of the current state.

At the same time, this is still under the suppression of dark magic energy.

Such a strength, even if it is the arrogance of the second-rate forces, it is absolutely impossible to have this kind of strength.

Elder Zhong exclaimed in surprise: "You guys have covered up your identities, who are you?!"

Fang Qiong's expression was calm, his hands were still aimed at Elder Zhong, ready to continue to attack him at any time.

"You should have guessed it in your heart."

Heard this.

Elder Zhong finally confirmed his thoughts.

Their Divine Descend Starfield is not a place rich in secret realms, suitable for experience.

The ascetics of other star fields don't need to run so far at all, they specially went to their God's Descend star field to experience.

Even if you go to practice, do you still need to hide your identity?

Then why cover up your identity in times like this?

Elder Zhong thought of Mowangyu's entrustment.

One of the conditions for Demon King Realm to help them solve the dark magic energy.

It means that outsiders are strictly guarded, and a series of identity verifications are required before they can be let in.

At the same time, during this period of time, the Demon King's Domain once again issued an order to strengthen the identity check of outsiders!

This series of things associate together.

It is not difficult to guess.

Identity has been blurred out.

These four people.

It is the person that Demon King Yu confessed, and is also the person that Devil King Yu is looking for!

It can make the first-class forces of the Demon King Realm so valued.

How could their strength and talent be inferior?

Elder Zhong suddenly sneered at this moment, "Aren't you afraid, after I go out, immediately report the news to the Demon King Domain?"

"According to their attitude, if you fall into the hands of the Demon King Domain, there should be no way out for you, right?"

Mu Fusheng on the side laughed.

"You can try it."

Elder Zhong was slightly taken aback.

Immediately took out the talisman, ready to escape from it.

But found that when the talisman is used, there is no spatial fluctuation!

It seems that the surrounding space has been isolated!

At this moment, Mu Fusheng spread out his hand.

In Elder Zhong's horrified eyes.

around him.

There are one after another, there are at least fifty or more talisman seals, exuding the breath of isolating space!

"so much?!"

Facing Elder Zhong's horror.

Mu Fusheng scratched his head, and said with a rather embarrassed smile: "I'm sorry, I'm born with no sense of security, so everything should be done with all-round measures, and I accidentally let go a little too much."

Chapter 964 Array fusion, annihilation of illusion killing array!

After Zhong Changgong fell into Fang Qiong's formation.

Mu Fusheng had expected this possibility a long time ago.

So, early on, he secretly placed a space-isolated talisman on the side.

However, in order to prevent Zhong Changgong from having other ways to escape, some aura shielding talismans were also used.

For example, blood escape or something...

Therefore, the number of talisman seals is also a little bit more, in fact, it's just that little...

Of course, this is what Mu Fusheng thought.

Mr. Zhong didn't think so.

In such a short period of time, so many talismans have been arranged!

No, your talismans don't cost money?

I have already been suppressed, and even injured by the formation.

Is this still necessary?

Mr. Zhong Chang's face was extremely ugly. He knew that now relying on conventional means, he could not escape from here.

With his current injuries and strength, it is absolutely impossible to compete with the other four, even if the opponent is only at the level of a magic weapon.

When Zhong Zhanggong wanted to continue to say something.

Fang Qiong suddenly closed his palms together at this moment.

At the same time, the Annihilation Killing Array and the Immortal Fate Magic Array rioted at the same time!

Elder Zhong's expression changed drastically, and he immediately defended his sea of consciousness with all his strength, preventing the intrusion of the Immortal Fate Magic Array and falling into the illusion.

However, originally it was necessary to resist the invasion of the dark evil energy from the outside world with all its strength, but now, it has to be distracted to resist the magic array of immortal fate.

The annihilation and killing array took advantage of this moment!

A weapon of annihilation, encircling Elder Zhong, besieged and killed!

Elder Zhong gritted his teeth, roared in a muffled voice, and suddenly touched his heart with his thumb!

"Don't underestimate the Divine King Realm..." While speaking, Elder Zhong's eyes gradually began to turn red, and at the same time, all parts of his body began to swell crazily.

Blue veins crawled like earthworms on Elder Zhong's body!

Blood color... No, or because of the constant surge of blood, all parts of the body began to glow red! breath, soaring at this moment!

"The reason why the Divine Physique Sect was able to gain a foothold in this God's Descended Starfield relied on this blood-forbidden secret technique. If the ancestors at that time did not rely on the blood-forbidden secret technique to lay down this foundation, there would be no current Divine Physique Sect."

Elder Zhong's seven orifices began to ooze with blood, but he still showed a smirk, like a \*\*\*\* demon, and laughed loudly: "Although it will cause the realm to regress, but leave you four little beasts here, and then put that handle If I take the sword back, the sect and the Demon King's Domain will not treat me badly..."

Seeing this scene, Fang Qiong showed a dignified expression.

When the secret art of the blood ban broke out, Elder Zhong, who had been suppressed before, seemed to have recovered some strength, at least to the peak of the \*\*\*\* general state!

Even the injuries and breath on the body are temporarily restored under the effect of the secret technique!

Ye Qiubai on the side asked: "Do you want us to help?"

Fang Qiong shook his head resolutely, and said in a low voice: "No brother, just right, I have an idea that I've always wanted to try."

Hearing what Fang Qiong said, Ye Qiubai and the others nodded.

Elder Zhong sneered when he heard these words: "It's quite crazy. If young people are so crazy, they will pay the price."

Fang Qiong didn't answer, but in his body, there were streams of mysterious formations slowly leaking out.

The spiritual body of the good fortune array, and the prison body skills of the holy array, were forcibly stimulated by Fang Qiong at the same time at this moment!

Annihilation and killing formations, Xianyuan fantasy formations are beginning to have a tendency to merge with each other!

But.

The moment when the two formations merged and came into contact.

Fang Qiong's expression was suddenly shocked, and his face turned pale!

Obviously, this action put a huge load on Fang Qiong's body!

At the same time, Elder Zhong also punched the two formations at the same time!

The formation was shocked!

Blood overflowed from the corner of Fang Qiong's mouth.

But even so, Fang Qiong's eyes became more determined.

Squeezing seals with both hands, the Holy Form Prison Kung Fu cooperated with the spirit body of the Good Fortune Formation, and the breath burst out again!

Actually forcibly merged the Annihilation Killing Array and the Immortal Fate Magic Array!

Although the breath is still unstable.

But in the auras that erupted from the two, the fairy spirit merged into the annihilation killing array, and the annihilation killing aura and the aura of the phantom array merged with each other.

In an instant!

Aura surged out crazily!

In the illusion, there is a killing array.

In the killing array, there is an illusion!

Illusory Realm Killing Formation, this is extremely rare in the formation method, or in today's formation system, it is impossible to exist!

General illusion formations can only target a certain person, drag them into the formation, destroy the other party's state of mind, and cause the state of mind to collapse.

To put it simply, it is magic damage.

While killing the formation, it directly causes damage to the individual.

When the two are combined with each other, what a terrifying effect it will have.

At least the current Fang Qiong is still unknown.

Elder Zhong naturally didn't know, although he was horrified, he still punched with all his might!

The fist print is like a mountain collapsing, and the space is constantly oscillating!

The dark demonic energy around him also emitted waves of ripples.

Under the blood-forbidden secret technique, the fist prints are filled with endless \*\*\*\* killing intent!

Seeing this, Fang Qiong no longer hesitated.

Clenched both hands, like a head hammer, bombarded in the direction of Elder Zhong!

"Annihilation Illusory Killing Formation..."

As soon as the voice fell, a world-destroying gun began to condense crazily!

However, compared to before, this world-destroying gun has a phantom array in it!

Before the gun was thrown, Elder Zhong felt as if he had fallen into an illusion of annihilation!

In the illusion, the sect is destroyed, and the body is destroyed!

This world-ending illusion is stronger than before!

At the same time, it must be more difficult to break free!

Elder Zhong, who was outside the illusion, showed a face full of fear.

Although he constantly uses his own strength to attack the illusion, he cannot break free in just one or two breaths.

But it is the time of one breath and two breaths.

Often on the battlefield, in life and death battles.

One breath, it will be fatal!

next moment.

The World-Exterminating Spear directly pierced through the Scarlet Fist, without stopping there, and then pierced Elder Zhong's body.

When the moment of penetration.

Countless air of annihilation and air of illusion poured into Elder Zhong's body in an instant.

The illusion of annihilating the world that was about to break free is solidified again at this moment!

Elder Zhong, a strong man in the late stage of the God King Realm.

In Fang Qiong's annihilation illusion killing array.

In the illusion.

Destroyed.

Perhaps, this is the most tragic way of death...

Even the reality has not returned, and he died in the illusion...

same moment.

Among the Divine Body Sect.

Elder Zhong's soul card shattered directly!

The guarding elder was startled, and immediately sent a message to Zongmenzhong, Duke Zhong and others to inquire.

Shentizong was furious when he got the news!

Mr. Zhong Chang froze in place.

The elders on the side, Lan Hai and the others all trembled in their hearts when they saw this.

"What's wrong?"

Mr. Zhong Chang's facial muscles twitched constantly, and his eyes showed disbelief.

Answered everyone's questions word by word.

"Elder Zhong's soul card... is broken."

Chapter 965 The central thing, the Demon God Xuanjia!

Elder Zhong's soul card shattered.

Let Zhong Changgong, Lan Hai and the group who were outside the range of the dark demonic energy show a look of horror.

Eyes staring at the dark demonic energy, as if desperately trying to penetrate that layer of darkness and see the scene inside.

The pupils kept shrinking and trembling.

When they heard the news, the only thought in their hearts was disbelief.

Anyway, Elder Zhong is also a strong man in the late stage of the God King Realm.

And what about Ye Qiubai and the others?

There is not even a god-general realm, and there are two big realms in the middle, just like a sky and an earth.

How could it be possible to kill Elder Zhong?

Someone on the side frowned and said, "Could it be that there is an abnormality in the dark demonic energy?"

"However, if there is really a change in the dark demonic energy, what about the four juniors? They should also die in it."

At this time, Zhong Changgong said with an extremely ugly face: "The four of them are not dead. After the soul card is shattered, the breath in it is one of those four people."

The soul card has many functions.

Why does every sect have soul cards.

One of them is that when the soul card shatters, it can retain a breath of the killer.

At the same time, if the soul is not completely destroyed, then the soul can return to the soul card, recast the body at a high cost, and can still be reborn.

The moment Fang Qiong killed Elder Zhong, his breath had already been captured by the shattered soul card.

After everyone heard Zhong Changgong's words.

All looked shocked!

"How can it be?!"

"A Divine Soldier Realm, killed a strong man in the late stage of the Divine King Realm?"

"What's more, Elder Zhong also knows the secret art of blood prohibition. At the moment of life and death, even if he activates the secret art of blood prohibition, he is still not his opponent?"

Mr. Zhong Chang gritted his teeth and said, "I'll go in and see the situation."

After finishing speaking, he wanted to rush into the range of dark devilish energy.

However, he was soon blocked by other elders of Shenti Sect.

"Elder Zhong is already dead. If you go in again, you will die? What's more, how long can you last in the darkness!"

"We can only wait for the opponent to come out now. After the battle with Elder Zhong, we will definitely pay a huge price, and we will definitely not stay in the dark devil for long."

Elder Zhong's eyes were red, he gritted his teeth and squeezed out a voice: "My father died in it, how can I just sit back and ignore it?!"

Although Lan Hai and Zhong Zhanggong are deadly enemies, under such circumstances, they will still yell loudly: "People cannot be resurrected after death, and even a powerful ascetic like Elder Zhong is no match for them. Even if you enter, what can you do?" Sample?"

"Integrate strength, think of countermeasures, and contain them here, which is what we should do now."

Everyone around nodded.

Mr. Zhongchang calmed down a little.

It's just the eyes that seem to swallow people, staring closely at the dark demonic energy.

At this time, the support of the Divine Body Sect is also moving in this direction...

...

In the periphery of the dark demonic energy, there is an old man who has a panoramic view of this scene.

"I didn't expect... you are indeed that apprentice."

This old man is the Great Elder of Haotian God Territory.

When the Great Elder saw Ye Qiubai and the others enter the dark demonic energy, he rushed here in a panic.

After all, he had heard about what happened in the God's Descend Starfield.

He also understands the horror of dark devilish energy.

That's why they followed closely. If Ye Qiubai and the others had an accident, they would be rescued immediately.

However, I never thought about it.

Not only was it not affected by the dark magic energy.

Fang Qiong alone killed a cultivator in the late stage of the God King Realm?

Thinking of this, the Great Elder couldn't help but sigh with emotion.

For a strong man who can guide someone like God Lord Haotian, how can his disciples be mediocre?

Can't help shaking his head and laughing.

...

the other side.

Mo Li, Mo Ge, holding a black and gold wooden box in their hands, walking in the magic energy.

The breath released from the wooden box was extremely shocking, and the surrounding dark devilish energy was inaccessible!

And the two of them have come to the center at this moment.

Here, there is a dark black armor sunken deep into the ground!

The surrounding ground has countless cracks.

And those dark demonic energy spewed out from these cracks!

When Mo Ge and Mo Li saw this armor, their faces showed horror.

But after being shocked, he turned into a look of ecstasy.

"Devil God Xuanjia! I didn't expect to end up here."

Demon God Profound Armor, the armor worn by Xiao Hei back then.

When Xiao Hei was plotted against and fell, the Demon God Xuanjia disappeared.

Mo Li was also ecstatic and said: "If you get the Demon God Xuanjia, then the strength of the elder brother will skyrocket again! At the same time, the title of Demon Lord will also be confirmed!"

There has always been a saying in the Demon King's Domain.

To sit on the position of the Demon Lord, one must not only achieve strength, but also be recognized by the Demon God Xuanjia.

Moji has been frantically looking for this thing all these years, but unexpectedly, he ends up here!

Mo Ge looked at Mo Li and asked, "Do you want to tell Big Brother the news?"

Mo Li shook his head and said, "We can't use sound transmission here, let's try it first and see if we can take it away."

Mo Ge nodded, holding the black gold wooden box, and walked forward.

However, when he stepped on a crack in the ground.

Suddenly, the sprayed dark magic surged wildly at this moment!

Like an underground fountain, it gushes out like a volcanic eruption!

Outside, in the sky, the dark demonic energy is also rioting in an instant!

Countless people looked up at the sky with horrified faces!

At this moment, the beast horde also rushed towards the surrounding cities like crazy!

Endless dark devilish energy instantly engulfed Mo Ge in it!

Mo Li's face immediately changed when he saw this scene!

"Take out the token!"

Mo Ge, surrounded by the dark devilish energy, looked pained and kept roaring in pain. On the surface of his body, there were black lines rushing towards the center of his eyebrows!

After hearing Mo Li's reminder faintly.

Opening the black gold wooden box with trembling hands, a small black token lay in the middle of the huge box.

There is no lettering on the token, and it looks ordinary.

But.

When Mo Ge held the token in the palm of his hand.

The black line on the body stopped crawling, and seemed a little hesitant.

And Mo Ge also took advantage of this gap, bursting out with all his strength, and escaped from the siege of dark devil energy!

After getting away.

Mo Ge knelt down on the ground, his hands propped on the ground, his body was covered with sweat, and his veins kept surging!

In the eyes, there is even more panic.

Magic Li asked solemnly: "How is it?"

Mo Ge panted heavily, while still having lingering fears in his heart, he said: "Not only is there the suppression of the breath, but more importantly, the suppression of the blood. When stepping into it, it seems that the body is about to explode!"

"Our strength, according to ordinary methods, I am afraid that we will not be able to take away the Demon God Xuanjia..."

Chapter 966 Mu Fusheng's glance is a net!

Demon God Xuanjia.

Requires approval to wear.

Mo Ge wanted to forcibly take him away when he was not approved by the Demon God Xuan Jia.

It can be said to be a fantasy.

But it's not their fault.

After all, the token in Mo Ge's hand was what Xiao Hei left behind, and it was blessed by a trace of Xiao Hei's blood.

This made Mo Ge and Mo Li want to try their luck.

Now it seems that it is a bit unrealistic.

Mo Li frowned and said, "Brother can't get away at will now, there are many things to do."

At this time, Mo Ge proposed a solution, and he smiled and said: "Then what if it is that person?"  
that person?

Mo Li was stunned for a moment, then turned his head around, and suddenly said: "The appearance of the Demon God Xuanjia must be related to that person, and it is bound to come because of the traction of cause and effect."

"Now it's just a matter of time, or that person may have come here, but we didn't notice it."

In terms of the strength of the previous demon lord, in terms of its background.

There should be no less than a hundred ways to hide from the searches of the Divine Body Sect and the Divine Array Sect.

"Get ready. If it's him, he should be able to get the approval of the Demon God Xuanjia. When he gets it, we can take it back with the armor."

Mo Ge frowned and said: "But when he came here, he naturally had a channel to get news about us here."

"Is he really going to come here alone?"

Under the circumstances that the strength is not enough, is it not a moth to the flame alone?

"There is only one way now." Mo Li shook his head and said, "What's more, as long as that person doesn't have the backing of the forces in the Divine Master Realm, how can he be our opponent."

"That's true, but let's bring your subordinates. The lion fights the rabbit with all his strength. This sentence is also very reasonable."

Magic hat nodded.

...

At the moment.

Under the supply of elixir, Fang Qiong also temporarily recovered the lack of spiritual energy in his body.

After merging into the annihilation illusion killing array, the spirit energy in the opponent's dome is a huge consumption.

Ye Qiubai asked: "Go directly to the center?"

Xiao Hei looked towards a certain direction in the depths, and nodded slowly.

"There seems to be something calling me." Xiao Hei's eyes showed a hint of doubt, and said: "Now I can be sure that the things here have a lot to do with me."

Fang Qiong said with a faint smile: "Then let's go forward, with the protection of the brother's blood, this dark devilish energy should not have any effect on us."

Aside, Mu Fusheng said after hearing this: "There is a possibility, I don't know if you have thought about it."

The three of Xiao Hei all turned their heads to look at Mu Fusheng's dignified face.

Mu Fusheng said in a deep voice word by word: "Since it is something related to Brother Hei, then the other party must know about it, and they will also think of it, you may go here to take that thing away."

"Then, if it were me, I would definitely lay a net in that place!"

Ye Qiubai nodded, "It is indeed a possibility."

Fang Qiong asked: "If you say that, you have to not go?"

Mu Fusheng glanced in a certain direction, but shook his head with a smile and said, "No, you can go, after all, someone will help us."

And the direction Mu Fusheng looked at.

The face of the Great Elder of Haotian God Territory suddenly froze.  
that moment.

He seemed to meet Mu Fusheng's eyes!

However, with Mu Fusheng's strength, how could he discover his existence?

Under the obstacles of this dark demonic energy, the two sides are far apart. If there is not enough realm, it is absolutely impossible for the perception to extend so far.  
not to mention.

He also hid his breath.

"Is it just an illusion?"

The Great Elder was dubious and said so.

...

Ye Qiubai and the others are still very convinced of Mu Fusheng's mind.

It cannot be said that Mu Fusheng is the one with the best brain in the thatched cottage.

However, she is definitely the one who thinks the most.

After all, Mu Fusheng's personality is too cautious. When doing one thing, he thinks about all aspects of interests very carefully.

If there is a danger, and there is no solution or circumvention method.

Mu Fusheng would never make such a bad move.

The four of them occupy four dead-end positions and advance to the depths.

If someone else saw this scene, they would probably be horrified.

The four ascetics of the Divine Weapon Realm have all come to the deep inner circle of the dark demonic energy, and none of them have any influence at all!

To know.

Even if it is a strong person in the Demon King Realm, it is impossible to reach this step without the strength of the God Emperor Realm.

Not to mention the people of Shenti School and Shenzhen School.

"It's very close." Xiao Hei said suddenly: "The blood in my body seems to be a little bit uncontrollable."

The closer he got to the center, the more blood in Xiao Hei's body boiled.

In Mu Fusheng's hands, the air of talisman seals also began to circulate.

The bodies of the four began to tense up.

Advance carefully.

When passing through a forest that has been corroded by dark magic energy.

In front, there is a piece of pitch-black heavy armor, sunk deep into the ground!

And saw this scene.

The blood in Xiao Hei's body can no longer be suppressed!

burst out!

In the entire open space, the blood energy soared into the sky, and the thick blood energy covered this space!

At the same time, Xiao Hei's eyes also became extremely cold at this moment!

Temperament changes instantly!

The heavy armor sunken deep in the ground also let out a roar at this moment!

It seems to be echoing with Xiao Hei's blood.

Xiao Hei looked indifferent, and slowly approached the heavy armor that was shaking crazily.

"Demon God Xuanjia, it's time for you to come back."

As soon as the voice fell.

Boom!

The earth trembles!

It was like an earthquake!

The surrounding dark demonic energy began to condense towards the Demon God Profound Armor!

With a huge roar, the Demon God Xuanjia suddenly broke out of the ground at this moment!

Charged madly in the direction of Xiao Hei!

But.

It is at this moment.

Waves of aura erupted all around!

Mu Fusheng's expression also changed suddenly immediately, one by one talisman seals, hundreds of talisman seals fluttered all over Xiao Hei's body!

Fang Qiong immediately released the Annihilation Killing Formation and Immortal Fate Magic Formation.

Ye Qiubai also took out Qingyun Sword!

"Sure enough, you guessed right, you still came here after all."

Magic hat, Moge, and other powerful experts in the Demon King's Domain surrounded this area at this moment!

Under the protection of the token, they were not affected by the dark energy around them.

Xiao Hei looked at this scene coldly, and said lightly: "A lot of people have been brought here."

"Mago, magic hat..."

Mo Ge and Mo Li and Mo Ji were his right-hand men and confidants at the beginning, and they were also the strongest in the entire Demon King Domain except him and her.

However, for that thing, they cooperated with two major god-level forces to assassinate him.

Mo Ge and Mo Li looked ugly, and said: "...Man dies for money, birds die for food, this is the law in the world of monks, so, you should go obediently with us."

#### [Chapter 967: Your Kid Hides His Strength?](#)

Big fish eat little fish.

People die for wealth and death, this is the iron law of the monastic world.

Resources, it is spelled.

Inheritance is snatched.

Chance is fought for with life.

If you want to step on the top, if you want to gain a foothold in this cruel world, you must pay a price that is very human.

Put yourself in the shoes of others.

Mogo, Mokasa, and Moki's actions are just a microcosm of this cruel world, and almost every day, this kind of thing happens everywhere.

It's just that the forces touched by the Demon King Domain are too powerful, and they are a powerful force in themselves.

This is only infinitely magnified in the high latitude boundary.

Xiao Hei looked at Mo Ge and Demon Kasa with a cold expression, and shook his head: "Even if you forcibly take the Demon God Xuanjia away, you can't use it."

Mo Ge said, "This is not something you can care about now, but you should care about the consequences of your coming here."

"Dare to return to the high latitude realm without returning to its heyday." Mokasa shook his head and smiled: "Sure enough, your personality has not changed. Hearsay .

Xiao Hei said: "You are so confident, did I come here without any preparation?" Not to mention that they have all kinds of jade pendants on them, such as Master's, Haotian God Lord's, or Haotian Divine Domain Great Elder's...

What's more, Mu Fusheng also said that he had a way to deal with it.

To be able to get the pastor brothers to say such things.

How sure that must be!

At least Blackie believed it.

Demon Kasa sneered: "Your current physical strength is not more than the Divine Weapon Realm, could it be that you want to rely on these three people around you?" Aren't the realms of these three people also only in the Divine Weapon Realm?

Mo Ge also mocked: "Moreover, you still dare to cultivate with other people now?" At the time.

Moge, Mokasa, and Moji are all the left and right arms of Xiao Hei's side, and they are brothers.

But then what?

Hearing Mo Ge's words, Xiao Hei shook his head without the slightest hesitation and said coldly: "Senior brother and brother are not the same as you.

Although his voice was cold, his tone was extremely firm!

And this sentence fell in the ears of Mogo and Mokasa, but it was like thunder!

"You worshiped the teacher?"

With this person's character, not to mention that in his previous life, he was so powerful and in a high position, he would actually worship others as a teacher?

So what kind of divine is his master now?

"Then why didn't you let your current master accompany you?"

Xiao Hei sneered: "You are not worthy of Master Venerable's hand." Hearing Xiao Hei's words, both of them smiled contemptuously, "Now is not the time to be hard-mouthed."

"According to what we know, you were resurrected in the low-latitude realm, and no matter how good it is, you found the master in the barbaric land of the mid-latitude, how can this barbaric place be compared with us?"

"No need to talk nonsense." Mokasa waved his hand and said, "It's better to give up resistance and honestly go back with us, so that at least you can die more painfully." The words fell.

After the demon kasa waved his hand, the surrounding Demon King Domain powerhouses all rushed towards Xiao Hei's direction!

Looking at this scene, Ye Qiubai's expression frowned: "Brother Pastor, what is your method?"

Mu Fusheng smiled and said, "Let's just make a move."

When Mu Fusheng's words just fell.

The surrounding Demon King Domain powerhouses had also rushed forward.

At this time, a huge gust of wind swept towards those powerhouses of the Demon King Domain!

These God King Realm, and even several of them were powerhouses in the early stage of the God King Realm, all of them were directly blown out by this gust of wind!

Suddenly crashed around, blood spurted out wildly!

"It seems that my previous intuition was not wrong, boy, how did you find me? Or is it hiding strength?

And I saw a white-haired old man appear in front of the little black four.

Demon Kasa and Mo Ge's pupils shrank suddenly, and they said angrily: "Who is Your Excellency?" The person who came was naturally the Great Elder of the Haotian God Domain!

The white-haired old man looked over indifferently and said an answer that made them all unbelievable.

"Haotian God Domain, Dongcheng Wan."

Dongcheng Wan!

How could Mokata and Mogo not have heard of this name!

And it was still from Haotian God Domain.

The answer is naturally imminent!

The Great Elder of the Haotian God Domain, a transcendent existence of the half-step God Main Realm!

Second only to the powerhouse of the God Main Realm.

However, how could such a strong person help Xiao Hei?

"Could it be that your master is from the Haotian Divine Domain?" Mokasa suddenly turned his head to look at Xiao Hei.

Xiao Hei has not answered yet.

Dong Chengwan was dumbfounded: "He is not a disciple of our Haotian God Domain, but we can't teach him either." That apprentice, how could they possibly teach, even if it was taught by the Haotian God Lord himself, it would definitely not have such an effect!

Mo Ge frowned, "Haotian God Domain wants to protect him?"

"Naturally." Dong Chengwan nodded without hesitation: "This is personally ordered by Lord God.

Demon Kasa also threatened at this moment: "He is the person pointed out by the other two god-level forces, could it be that Haotian God Domain does not have a trace of scruples?"

"Even if it is Haotian God Domain, it is impossible to pay such a big price and be an enemy of the two god-level forces at the same time, right?"

Dong Chengwan smiled and said, "So what? So what?!"

These four words.

It sounds light and breezy, but it falls on the magic and the magic gets in the ears of the two, it is so categorical!

Mokasa's face became extremely ugly.

If at this time, a strong person of Dongchengwan's level really wanted to protect Xiao Hei, then they really didn't have any way.

And this moment.

After the Demon God Xuanjia fell on the little black hand, the dark demonic energy also began to calm down.

The surrounding demonic energy began to return to the Demon God Xuanjia at a speed visible to the naked eye.

The entire Divine Star Domain, the sky was blue again.

Those cities that were experiencing the beast tide and struggling to defend were also surprised to find at this moment that those monsters had recovered their senses, and then slowly returned to their territory.

What happened?

It's over?

Zhong Changgong and the others who were originally guarding around the dark demon qi, as well as the high-level of the Divine Body Sect and the Divine Array Sect, all looked moved, and then rushed towards the central place!

When they arrived here, they saw that the people of the Demon King Domain were confronting an old man.

Zhong Changgong's eyes were also red, and he just wanted to rush towards Ye Qiubai and the four!

But seeing that the demon took out a jade pendant in his hand, he looked at Dong Chengwan and roared loudly: "In this case, I want to see how your Haotian God Domain can face the oppression of the other two god-level forces!" Say it.

Yupei flashed with a dazzling light.

Dong Chengwan raised his head and looked at the light indifferently.

In that light, a figure slowly appeared.

[Chapter 968: The Battle of the God Lord](#)

When the figure in the light appeared.

Immediately fell his gaze on Xiao Hei's body, and saw that the pupils of the phantom suddenly shrank, and then sneered: "Big brother, I really have come to the high latitude realm."

Xiao Hei looked up at the phantom: "Demon Ji..."

Mo Ji just wanted to say something, but when Yu Guang glanced at it, he saw Dong Chengwan standing in front of Xiao Hei's body, and suddenly frowned slightly: "Great Elder of Haotian God Domain?" Why is Higashi-senpai here? With the realm and seniority of Dongcheng Wan, it is not surprising that Moji called him a senior.

Dong Chengwan smiled, "I'm here, you can't take this person with you." Hearing Dong Chengwan's words, Moji frowned, with a puzzled look on his face.

Mogo on the side immediately explained the cause of the matter.

After the explanation.

It's not just Magic Age.

Even the high-level figures of the surrounding Divine Body Sect Divine Array Sect looked horrified!

Zhong Changgong was also pale.

They were actually sheltered by the Haotian God Domain?!

So how else to take revenge?

The blue ocean on the side is also abrupt, no wonder there is such talent, no wonder it can have that level of sword.

It turned out to be a cultivator for whom the Haotian Divine Domain had to shelter.

Then everything becomes reasonable.

After listening to the ins and outs, Demon Ji looked at Dongchengwan with a solemn expression, "What is the relationship between you Haotian God Domain and him?"

"Or is it that he joined the Haotian God Domain and was able to make you value it so much?"

Dong Chengwan smiled: "No comment.

"Even if you face the oppression of the other two god-level forces, you Haotian God Domain will not give in if you have to pay a huge price?" Moji said coldly, "You should also know that we must take this person away." Dong

Chengwan replied, "So what." Moji

nodded, and a divine soul power was instantly released, and I don't know where it spread.

Seeing this scene, Dong Chengwan also smiled, and a divine soul transmission directly shot up into the sky!

Everyone looked up at the sky.

That's what looked.

The sky of the Divine Descent Star Domain began to turbulent at this moment!

Surge forward!

The earth trembles!

The three realms were terrifying, even the God Emperor Realm powerhouses of the Divine Body Sect and the Divine Array Sect were suffocating breaths descending on this star domain!

This breath is a God Lord powerhouse!

And they are also three god master realm powers!

The first to appear here was an extremely petite-looking woman.

However, no one around dared to underestimate this petite woman, after all, this person was one of the seven strongest beings in the High Latitude Realm.

The sect master of the Yin-Yang Divine Sect.

Yin Yang God Lord.

At the same time.

Beside Qiu Shenpu, a tall man descended into this realm.

Sect Master of the Eight Aragami Sect.

Wasteland!

Xiao Hei raised his head to look at the two people, and his expression sank slightly.

Back then, the three of Demon Ji colluded with the Yin Yang God Sect and the Eight Desolate God Sect to secretly calculate him.

However, the Yin Yang God Lord and the Desolate Lord did not look at Xiao Hei.

For them, not to mention now, even Xiao Hei at his peak will not take a second look.

Under the Lord God are ants.

This phrase is not out of nowhere.

Under the gaze of the two god lords, a tall man landed in front of them!

Dong Chengwan saw this tall man and bowed slightly, "See God Lord."

This tall man was naturally the Haotian God Lord.

Haotian God Lord looked at Ye Qiubai and the others and nodded slightly.

Then he looked at the Yin Yang God Lord and the Desolate Lord, and smiled and said, "Why, you two don't want this face at all?" Unexpectedly personally shot to catch a junior? The

Yin Yang God Lord let out a piercing laugh, which did not match her petite figure.

"Haotian God Lord, don't worry about this matter, we naturally have our own purpose."

The Desolate Lord also frowned, "You are quite wide, and you also want to block us in the heart of space, and now you want to block it?" Do you really think we'll be afraid of you? Hearing

this, Haotian God Lord sneered, and the corners of his mouth tilted to look at the Desolate Lord, "Then start a war."

"What does this man have to do with you?" Are you going to be so protective? Even if you don't hesitate to start a war with our two god lord forces?

Haotian God Lord scolded: "Demon mother, fight if you want, what nonsense, want to start a war, we Haotian God Domain continues!" Zhong

Changgong and the others all looked at Xiao Hei in shock.

What exactly is their identity?

Even if Haotian God Lord did not hesitate to start a war with the two god lord-level forces, he would protect them?

"I want to see how strong you can be after ascending to the peak of the God Emperor Realm."

The Desolate Lord shouted angrily, and his breath erupted!

Suddenly, the entire Divine Descent Star Domain trembled!

With the Desolate Lord slamming out a palm.

This space actually gave birth to wrinkles, like a flower withering!

Barbaric qi fills this space!

Some people who did not have enough strength were affected before they had time to escape, and their bodies aged rapidly, as if their spirits were drained at this moment, and they died of shriveling!

Zhong Changgong and the others immediately escaped under the protection of the Divine Body Sect Master!

Hao Heavenly God Lord was unmoved under the frontal sweep of this desolate storm.

A sinister smile appeared on his face, and his muscles burst out!

With the right foot stomping on the space, like an off-string arrow, at a speed that was completely invisible to the naked eye, it appeared in front of the Desolate Lord in the blink of an eye.

The moment he appeared in front of the Desolate Lord, the Desolate Lord's palm print had already been shattered!

See this scene.

The Desolate Lord's face changed drastically.

Hold your hands across your chest and hold it hard.

However, the next moment it flew directly upside down!

In the process of flying upside down, the space is broken by inches!

Haotian God Lord stayed in the position where Fang Cai Desolate Lord was, and looked at this scene with a sinister smile: "How, can you let me have a good time?" Among the seven gods.

Hao Tianshen majored in the flesh.

At the same time, including Haotian God Domain, they were all called madmen.

It is also an existence that other god-level forces are not very willing to provoke.

Other forces will care how much it costs.

And Haotian God Domain is not.

Are you going to war?

Then go to war.

Are you going to fight?

I accompany.

Seeing this, the Yin and Yang God Lord on the side also had an ugly face.

They are now in the late stage of the God Lord Realm.

And Haotian God Lord has already stepped into the peak of the God Lord Realm.

A small realm gap.

The actual combat ability is so much worse!

And.

Looking at the appearance of Hao Tian's God Lord, if you want to take Xiao Hei away, I am afraid that you will have to fight a life and death battle...

In this case, I am afraid that it will cost my life...

"Do you really want to fight to the death?" At this time, the Desolate Lord stood up with an ugly face.

Haotian God Lord laughed: "You old people are not ashamed to make a move, I naturally want to protect it."

The Yin Yang God Lord was stunned, and seemed to grasp the ambiguity in Hao Tian's God Lord's words, and asked, "If you are a cultivator in the same realm as him, then you will not interfere?"

Hao Tian God Lord smiled: "Naturally, as long as it is not beyond the two great realms, you can do it casually." This is also for the sake of Xiao Hei's cultivation path.

If he really protected it, it would inevitably affect Xiao Hei's cultivation.

How can a person who refining his body grow without experiencing battles?

[Chapter 969: Identity revealed, Xiao Hei goes to battle!](#)

Within two great realms?

God Lord Haotian's words undoubtedly made Moji, God Lord Yin-Yang, and God Lord Huang slightly taken aback.

Then, even if it is a strong person in the God King Realm who makes a move, the Lord Haotian will not care about it?

Huangzhu couldn't help but sneered and said, "Is that why you have so much confidence in them?"

God Lord Haotian smiled lightly: "Of course."

Hearing this, Mu Fusheng below was immediately dumbfounded.

Cross two big realms.

Do you want to be so ruthless!

At this time, the other party will send a bunch of God King Realm powerhouses, isn't that the end of the game?

Fang Qiong on the side nodded seriously, and said, "It's reasonable, so that we can squeeze our potential."

Ye Qiubai also nodded with a relaxed smile: "The protection is too much, and it is also a hindrance to our strength improvement."

Xiao Hei nodded in agreement with a cold face.

For him, the more opponents, the better, so that he can play more comfortably.

As for the power of his blood, it can also improve faster.

Mu Fusheng on the side couldn't help crying in his heart.

Believe in an evil!

Reasonable?

How reasonable is this!

And big brother, is there any obstacle to the improvement of strength?

When the time comes to be chased and killed by others, people will almost die.

Is this getting in the way?

Mu Fusheng suddenly felt a little loveless, he felt that he should not come to the high-latitude realm with the elder brother and the others.

It would be nice to play with Senior Sister Hongying and Brother Ning.

At least there is no need to play so exciting.

Dong Chengwan on the side heard this, and looked at God Lord Haotian worriedly.

God King Realm can also make a move?

Crossing two great realms, can you still be an opponent?

Even that apprentice, there seems to be something wrong.

At this time.

Mo Ji looked at Mo Li and Mo Ge and said, "Since the Lord Haotian has said so, then you should send some people of the God-King Realm to try with them."

When the two of them heard the words, they both grinned and nodded.

Then he waved his hand.

Among them, there were more than a dozen people in the God King Realm from the Demon King Domain who immediately stood up.

The moment when he was about to attack Xiao Hei.

The words of God Lord Haotian suppressed it.

"However, if it is a shot from the God King Realm, then only one person can be shot at a time."

The Yin-Yang God Lord and the Desolate Lord frowned slightly.

Mo Ji said in a deep voice: "Then follow what God Lord Haotian said."

Even a cultivator of the God King Realm is more than enough to deal with their group of God Warrior Realm.

At this time, one of the strong men in the early stage of the God King Realm came in front of Xiao Hei.

Xiao Hei shrugged and walked out.

There was no verbal confrontation.

The strong man of the God King Realm from the Demon King Domain rushed directly towards Xiao Hei!

Xiao Hei didn't feel timid when he saw this scene, the Eternal Demon Physique was opened directly, and six layers of lines appeared on his body at the same time!

At the same time, the power of the blood, the dark devilish energy completely exploded at this moment!

Great magic is condensed in this space!

Behind Xiao Hei, a phantom of a demon \*\*\*\* condensed as if a demon \*\*\*\* descended!

The phantom of the demon god, its figure and face, looks no different from Xiao Hei.

People around saw this scene.

They all looked shocked.

Is this person really the devil lord who was so talented and brilliant in the Demon King Realm that even the high-latitude realms were horrified?

Mr. Zhong Chang's expression turned pale.

Facing such a character, can he really take revenge?

What's ridiculous is that they were still playing with Ye Qiubai and the others back then, but have they ever thought about the current situation?

The current Divine Body Sect has completely enmity with them.

The suzerain of the Divine Physique Sect had an extremely ugly expression on his face.

This person is not only the original demon lord, but also has a very close relationship with Haotian Shenzong.

Even if they have enmity with Yin Yang Shenzong and Bahuang Shenzong.

It's not something that a mere Divine Body Sect can touch!

"Don't you want to use the Demon God Profound Armor?" Seeing this scene from behind, Mo Ge couldn't help being stunned: "You're still so arrogant..."

The person in the God King Realm also frowned and said: "You are no longer the demon lord at that time. Now you, there is such a big gap between your realm and mine, why don't you use your full strength?"

Xiao Hei didn't speak, just raised his fist and blasted towards this person!

The moment when the punch is thrown.

The power of the bloodline turned into endless blood energy, covering the arm!

However, if you look carefully, there are wisps of golden aura flowing in this blood-red blood aura, like a loach!

Although inconspicuous.

But the hearts of all the people present were shocked.

Even the Lord of Yin-Yang and the Lord of Desolation had a slightly wrinkled expression.

The power of this bloodline...

Was the blood of the demon \*\*\*\* so mysterious and powerful back then?

Only God Lord Haotian understands.

Xiao Hei's blood is full of Senior Lu's aura.

If it is the blessing of Senior Lu's bloodline power, then it is not surprising.

And this is also the reason why Xiao Hei doesn't want to use the Devil God Profound Armor.

After all, the blood essence given to him by the master is only fused into 10% now, and he needs a higher intensity of fighting to oppress himself.

In high-intensity battles, let this drop of blood essence integrate into your body faster!

Fist of two people.

Collided under the eyes of everyone!

The breath of a god-king realm surged out!

On the other side, the power of the blood and the power of the physical body that make the space turbulent riot wildly!

only.

The breath of God King Realm seems to be even better.

Like a landslide, the ground quickly crushed the power of the blood!

Xiao Hei's figure also flew upside down at this moment, shooting directly into the ground like a cannonball!

Boom!

The ground collapsed crazily at this moment, and cracks continued to extend out!

When everyone saw this, they shook their heads slightly.

The physical strength of the Divine Soldier Realm is comparable to that of the Divine King Realm.

Still too reluctant.

But.

Those with discerning eyes could see that the man in the God King Realm was trembling slightly in his arms!

There is actually a stream of fresh blood oozing from the skin!

The man's eyes also shrank, staring blankly at his arm, his face full of disbelief.

How is this done?

Crossing two great realms, can he still be hurt?

However, what horrified him and others was even more.

Didn't stay long.

A body surrounded by endless blood energy and the energy of a demon \*\*\*\* broke through the collapsed ground!

rushed directly in front of this person, and punched out again!

The person in the Divine King Realm also had a surprised expression on his face, and he immediately greeted him with a punch.

The two pairs of fists collided again.

Only this time, Xiao Hei was not directly blown away, but waved his other hand, and landed directly on this person's chest with lightning speed!

Everyone watched this scene in horror.

Not only because Xiao Hei was able to fight back.

And it can cause substantial damage to the strong in the God King Realm.

What surprised them even more.

The wound on Xiao Hei's body was healed quickly under the swirling golden halo!

At the same time, Xiao Hei's body strength breath is much stronger than before!

This is... the special ability brought by the power of blood?

Chapter 970 Blood erupts and merges into the phantom of the demon god!

Xiao Hei's fighting ability horrified the people of Shenzhen Sect.

The three members of Moji from Mowangyu have serious faces.

This is actually a basic operation for the former devil lord.

After all, he was so amazing and brilliant at the beginning, that he was even called the one who was most likely to become the next God Master Realm powerhouse.

only.

To their amazement.

Xiao Hei's current blood power.

Something has changed.

Mo Ji, Mo Ge, and Mo Li had followed Xiao Hei for thousands of years.

is his right-hand man.

So for some of Xiao Hei's abilities and bloodline power.

The current Xiao Hei, the burst of blood power, the ray of golden halo in it.  
exudes a terrifying aura that makes them palpitate.

This breath seems a little simple, but also extremely mysterious.

Although the breath is very small, but when you perceive it carefully, you feel that it contains the three thousand roads between heaven and earth!

And at this time.

Xiao Hei seemed to have fallen into a madman, although his face was still cold.

However, as if he was desperate for his life, he confronted that strong man in the God King Realm with one punch and one punch!

Every time you confront each other.

Xiao Hei's arm will make a loud click.

The whole arm will pump a lot of blood directly!

At the same time, it will be directly blasted out, but there is no pause. In the process of flying upside down, if you forcefully reverse your shape, even if it causes a huge load on the physical body, you will not hesitate!

Will still rush forward, fist-to-shoulder with that person in the God-King Realm!

Physically injured.

The power of the bloodline is restored.

Then the physical body is strengthened.

Every time Xiao Hei recovers from his injuries at an astonishing speed, the physical strength of Xiao Hei will become even higher.

Gradually, the God King Realm who confronted Xiao Hei also felt that something was wrong.

Whether it is strength or physical strength, Xiao Hei is obviously gradually improving!

When Xiao Hei punched again suddenly.

He was directly knocked back two steps!

This scene came so unexpectedly.

So much so that people around were horrified by it.

Divine Weapon Realm, can it compete with Divine King Realm?

Mo Ji also seemed to have noticed something was wrong, and immediately shouted: "Strike with all your strength! Don't hold back!"

Continue like this.

will only become Xiao Hei's sharpening stone!

Hearing this, the strong man in the Divine King Realm nodded his head, and his body trembled.

Huge dark demonic energy gushes out from this person's body crazily!

The wisps of dark devilish energy surrounded the body of the strong man in the God King Realm, and the breath instantly soared!

this moment.

The people in the God King Realm rushed towards Xiao Hei.

Clenched fists, like a hammer, smashed towards Xiao Hei's Tianling Gai from top to bottom!

This physical strength.

The fist has not arrived.

You can feel a strong sense of oppression, as if the sky is falling down at this moment!

Xiao Hei looked at this scene with a slightly dignified expression.

Clenched his fist slightly, behind him, the phantom of the demon \*\*\*\* became more and more solid at this moment!

The power of the bloodline exploded with all its strength!

The endless blood energy extended to the phantom of the demon god.

Like blood vessels, they connect the limbs and bones of the Demon God Phantom!

At this moment, Xiao Hei punched upwards.

Following Xiao Hei's movements, the phantom of the demon \*\*\*\* behind him also punched the strong man in the God King Realm above him!

Under the spotlight.

The attacks of the two collided!

Between the fists of the two.

A vacuum zone was actually formed at this moment!

The space was continuously compressed, making an overwhelmed sound.

However, at this moment, Xiao Hei did not behave as others thought.

Directly suppressed!

On the contrary, after the strong man of the God King Realm touched the punch of the little black demon \*\*\*\* phantom, he felt an absolute suppression from his blood!

Not only affected his strength.

It made him feel a tremor from the depths of his soul!  
this moment.

Xiao Hei punched out again!

The person in the God King Realm couldn't resist, and took three steps back!  
certainly.

Xiao Hei himself is not feeling well.

All over the body, the skin began to crack, and the countless subcutaneous blood vessels were even broken, causing countless blood to spurt out from them.

The current Xiao Hei soon turned into a blood man.

Fang Qiong saw this scene and asked nervously, "Brother, nothing will happen, right?"

Ye Qiubai shook his head when he heard this, and said, "No, in the whole thatched cottage, your brother Xiao Hei's actual combat ability can be called the strongest."

"Not only has strong physical strength, but also has indestructible perseverance, and that kind of desperate style of play, combined with the power of blood, it is so powerful that it is daunting."

Mu Fusheng did not speak.

Although he will not have the slightest doubt about Brother Xiaohei's strength.

But he also needs to assume the role of supporting the bottom.

The power of the talisman in the hand, the white soul fire flickering between the eyebrows, and the tense body.

As long as there is something wrong with Xiao Hei, he will take action immediately!  
over.

God Lord Yin Yang frowned slightly, "What's the matter with this bloodline power?"

"This kid's strength is a bit abnormal." Huangzhu also said in a deep voice: "It seems that there are some special opportunities."

God Lord Haotian smiled but remained silent.

can't read?

Just don't understand it!

After all, Senior Lu's ability is not understood even by him now.

Not to mention you?

The Moji three finally understood at this moment.

Why does God Lord Haotian have such strong confidence in him?

Why did you say that you can make a move even if you cross two big realms.

Such a tyrannical strength...

People in the general realm are really not their opponents.

Only God King Realm can be his whetstone...

At the moment of confrontation with the strong man of the God King Realm in the Demon King Domain.

Xiao Hei's physical body is constantly breaking, but he is healing all the time.

Stronger than ever!

this moment.

Under the constant bombardment of the phantom of the demon god.

It seemed that the person in the God King Realm couldn't resist Xiao Hei's offensive.

A sound of broken bones resounded in this space.

Crisp, lingering in everyone's ears...

After the sound of broken bones.

A person in the realm of the gods and kings actually bends his arms unnaturally!

Under the spurt of blood, it flew upside down!

Xiao Hei's face was cold. After his injury was repaired again, he unexpectedly broke out the physical strength of the early stage of the general realm, and pursued the victory!

After dodging, he came to the top of this person.

Punch down from top to bottom!

The huge fist completely fits the limbs and bones of the strong man in the God King Realm.

A mouthful of blood sprayed out as if money was not needed.

Like a cannonball, it shot directly into the ground like a straight line!

Boom!

The originally broken ground collapsed instantly at this moment!

Perceived the past, but found that although there is still life.

But the breath is extremely sluggish, and it is obvious that he can no longer fight.

Besides, the suzerain of the Divine Body Sect was pale.

The rest of the people were even more horrified.

God Lord Haotian said loudly in the sky: "I think, enough fun, you two old fellows should go back to the sect, right?"
