

My Disciples 971

Chapter 971 One sentence determines life and death

At this moment, the space of God's Descended Starfield fell into a dead silence.

The wind howled.

In addition to the sound of the wind blowing, even some voices that were horrified by this scene, so that their breathing gradually became heavy, could be clearly heard.

It wasn't just Xiao Hei's hand-to-hand fight with the strength of the Divine Weapon Realm and a strong man in the early stage of the Divine King Realm who surpassed his two great realms.

Although it fell into a disadvantage at first, how many people can cross the two realms and persist for so long?

Generally speaking, when it comes to the God Realm, the lead in a big realm will have an absolute advantage, let alone across two realms?

If it was someone else, they would have been killed with just one slap.

Xiao Hei not only resisted the initial attack, but even during the battle, his physical strength successfully broke through to the early stage of the general realm.

And then defeat the opponent's God-King Realm powerhouse.

are declaring an extremely important thing.

The demon lord who was amazingly talented and shocked the entire high-latitude realm back then. came back.

And return with a more monstrous appearance and a higher possibility than before. at this point.

Ling Mo Ji, Mo Ge and Mo Li were all face down.

My heart was a little beating.

If there is really nothing to do with Xiao Hei, and it is impossible to kill him in the cradle at this stage.

Wait until he regains his strength.

I am afraid it will be their doomsday.

Looked at the sky.

After the words of the God Lord Haotian, the Yin-Yang God Lord and the Desolate Lord disappeared in the God's Descend Starfield with a cold snort.

Suddenly, the aura riot and oppression in the entire God's Descend Starfield plummeted.

There is God Lord Haotian.

How could they have a chance to make a move.

Holy Lord Haotian also looked at Moji at this moment, smiled and said, "Why, do you want to try it under my nose?"

The conversation changed, and the God Lord Haotian jokingly said: "If it is the previous Demon Lord, maybe he can still fight me twice, you... don't die in vain."

God Lord Haotian's taunt made Mo Ji's face extremely ugly.

Beside the corners of the eyes, there are blue veins wriggling like earthworms.

Mo Ge and Mo Li looked at each other, they knew that Mo Ji's reverse scale and bottom line were what others said he was now.

But under the huge gap in strength, Mo Ji could only bow his hands and lower his proud head.

Gritting his teeth, suppressing his throat, he forced his voice to be a little calmer, as if he was afraid of saying something that would offend God Lord Haotian.

"Since Lord Haotian said so, we will naturally obey."

God Lord Haotian waved his hand, and said: "It's all like this and you haven't said a word of anger. You are not suitable for this path. Let it out as soon as possible, and get out of here."

Holy Lord Haotian's cold and biting ironic words were severely branded on Moji's heart.

But he couldn't break out, he could only hold back his anger.

With this ninja, there was a muffled sound, and blood flowed from the corner of his mouth!

Shortness of breath and heart attack, under forcible suppression, the mood is damaged.

"Devil Lord!" Mo Ge Mo Li's face changed in surprise, and he asked quickly, "Are you all right?"

In the mirror image, Mo Ji waved his hand, wiped the blood from his mouth with his hand, and shouted in a deep voice: "Come back and talk!"

As soon as the voice fell, the mirror image disappeared.

Mo Ge and Mo Li looked at each other, greeted the people from the Demon King's Domain with heavy faces, and began to leave one after another.

Xiao Hei looked at their leaving back with a cold face, and said coldly: "Waiting for me in the Demon King's Domain, it's mine, and I will take it back one by one."

The figures of Mo Ge and Mo Li paused for a moment, then left the God's Descend Starfield quickly without saying anything.

As for the Divine Body Sect and the Divine Array Sect...

Without the nod of God Lord Haotian, how could they dare to leave first?

Isn't this disrespectful to God?

Among them, the most disturbed one is naturally the suzerain of the Divine Body Sect. Their Divine Body Sect has completely offended Xiao Hei and the others.

And also want to kill people and seize treasures.

Now, it is still unknown whether the Divine Body Sect can continue to exist in this God's Descended Starfield...

Holy Lord Haotian didn't look at the two forces, but came down to the four Xiaohei, looked at Dong Chengwan and said, "Well done."

Dong Chengwan clasped his hands and said, "Of course, you must do your best to fulfill the order of the God Lord."

Haotian God Lord said "Yes".

Then he looked at Xiao Hei and the other four, smiled and said, "Your bloodline talent surprised me. Senior Lu is still Senior Lu, and he is still so unfathomable. I'm afraid this step will make me feel strange."

"Senior, it's amazing." Xiao Hei cupped his fists and said, "I also want to thank Senior Haotian for his help, otherwise we might be in trouble today."

Holy Lord Haotian laughed loudly and said, "Even if I don't help you, you will still be fine. Senior Lu must have some means of protection."

"I'm making a move now, but I'm just here to take advantage. Then Senior Lu can guide me more!"

Although God Lord Haotian fought insanely and recklessly.

But the brain is not a single muscle, on the contrary, it can rule the entire Haotian God Realm, how can it be easy?

One sentence brought God Lord Haotian closer to them.

And it will also make Ye Qiubai and the others feel comfortable.

Such a powerful and powerful person, yet put down his arrogance to say such things to them.

Although Ye Qiubai and the others knew the words in their hearts.

That can't help but feel good.

This is human nature and cannot be changed.

On the other hand, the group of the Divine Body Sect and the Shenzhen Sect heard the undisguised conversation between them, but they were extremely shocked.

Senior Lu?

Their master?

Able to teach the existence of God Lord Haotian? !

What a profound realm you get!

Peak of God Master Realm?

Or the legendary God Emperor Realm?

They didn't dare to think about it.

It's just Zhong Zhanggong, his face is abnormally gray.

After hearing these words, how could he still have a chance of revenge?

What's more, I'm afraid I'm not the opponent's opponent yet!

At this time, the master of the Divine Physique Sect hurried to Xiao Hei, and took out a ring with both hands, which seemed extremely precious.

I saw the head of the Divine Body Sect with a flattering smile and said: "Dear fellows, Lord God, we didn't know Mount Tai with our eyes back then, that's why we did so many **** things."

"I also hope that there are a lot of adults. Forgive the people below. This space ring contains 70% of the foundation of the Divine Body Sect!"

Seventy percent!

The whole sect was stunned.

The suzerain of Shenzheng was expressionless.

The sect is about to disappear, so what is the background? Even if you give it all, as long as you can survive, it is a profit.

God Lord Haotian had a calm smile on his face and didn't speak.

Ye Qiubai and the others also looked at Xiao Hei.

Seeing this, Xiao Hei shook his head facing the ring.

The head of the Divine Physique Sect is also pale!

God Lord Haotian smiled and waved his hand, saying: "Destroy it."

Dong Chengwan nodded: "Take orders."

Chapter 972 Things are understood, Xuanjia returns (13)

Demon King Domain.

Suddenly, in the center of the Demon King's Realm, there was a huge roaring sound, which resounded through the entire Demon King's Realm with the shock of the earth falling apart.

The dark demonic energy spreads rapidly!

Everyone in the Demon King's Realm looked at the center with horror on their faces.

This is... the breath of the devil?

What is it that makes the devil so angry?

At this moment, in the Demon King's Palace, Mo Ji's expression was terribly gloomy, and there was still blood on the corner of his mouth.

He slammed one hand on the wall of the Demon King's Palace fiercely, and said fiercely: "After I get that thing, I will be able to sit on an equal footing with these **** masters. Let's see if you dare to look down on me like this! "

Immediately, he yelled loudly: "All the people of the God King Realm in the Demon King's Realm, hurry up and meet me in front of the Devil King's Palace!"

the other side.

In the darkness of the Demon King's Realm, in a prison without any light.

A woman with long hair hanging loose, dragged on the ground, covering her body and face, was bound and imprisoned by countless chains.

Breath is also extremely sluggish.

It looks a little half-dead.

However, when she heard Mo Ji's roar, she couldn't help raising her head slightly.

There was a slight gap between the scattered strands of hair.

If there is light in the cage, maybe you can see the amazing whiteness through the gap.

I don't know how long it has been.

The woman kept her head up and remained motionless.

Suddenly, from the scattered black hair, there was a light but extremely weak laughter.

"Is it finally here..."

After saying these five words.

The woman's raised head fell down as her hair scattered on the ground.

In the cage, the dead silence of the past was restored again.

...

On the other side, the **** descended into the star field.

Because of the three words of God Lord Haotian.

As one of the two overlord forces, the Divine Physique Sect was wiped out.

There is no trace of incense left.

At the same time, Dong Chengwan also took those details into his hands.

After asking for instructions from God Lord Haotian, Dong Chengwan handed the space ring containing all the details of the Divine Physique Sect to Ye Qiubai, and said, "Take these, they should still be useful."

People from Shenzhengzong and other forces couldn't help twitching their brows when they heard Dong Chengwan's words.

If the Divine Body Sect doesn't help you, the Haotian Shenzong is still a second-rate force!

All the background of an entire second-rate force, is it just a little bit useful for a junior at the level of a magic weapon?

However, how did they know the hidden meaning in Dong Chengwan's words?

With an unfathomable master like Senior Lu, how could they not be able to get the resources they want from outsiders.

Even if the outside world does not have it, I am afraid that Senior Lu has the ability to get it.

For example, the heart of space...

It can be easily taken away under the eyes of the seven great **** masters without revealing their identities.

This kind of ability, how can anyone in the entire high-latitude boundary be able to do it?

Even God Lord Haotian cannot do this.

Seeing this, Ye Qiubai declined for a while and said, "The seniors have already helped so much, we can't ask for this."

Dong Chengwan wanted to say something else.

But God Lord Haotian interrupted with a smile: "Do you think the resources of a second-rate force are useful to us?"

Although the words of God Lord Haotian seem a bit arrogant.

But Haotian Shenzong does have this kind of arrogant capital.

Ye Qiubai still wanted to refuse, but was stopped by Mu Fusheng, took the space ring in Dong Chengwan's hand, cupped his hands and said in thanks: "In that case, thank you two seniors."

Accepting it at this time is not owed a favor.

Haotian Shenzong's move is undoubtedly to continue to shorten the relationship with the master.

No answer though nothing.

But the next words will make them feel happier.

Sometimes, accepting or not accepting a gift from a person has two sides.

Sometimes taking over will have bad effects.

But sometimes if you keep refusing to answer, there will also be worse consequences.

Seeing this, Lord Haotian also nodded slightly.

With a glance, he saw the Shenzhen sect.

The head of the Shenzheng Sect suddenly felt tense, and hurriedly cupped his fists and bowed, saying respectfully: "The Shenzheng Sect pays homage to the Haotian Divine Master."

God Lord Haotian ignored it, but looked at Ye Qiubai and asked, "Did they attack you?"

"Or else it will be destroyed as well?"

For the god-level forces, all the forces below are like ants.

When it goes out, it goes out.

Shenzhenzong heard the words of God Lord Haotian, and his face turned pale with fright.

The head of Shenzhen Sect quickly waved his hand and said: "No, no, the whole process, our Shenzhen Sect has never participated in this whole incident!"

It seemed that he was afraid that God Lord Haotian would not believe him, so he wiped them out with one move.

He quickly looked at Ye Qiubai, Xiao Hei and others, and said anxiously: "Little brothers, you should also know that our Shenzheng sect has never made a move, but if anyone below is involved in this matter, you just need to tell Me, I'll slap him to death immediately!"

is also the suzerain of a second-rate force.

Now he looks like a criminal asking for forgiveness, and his robes are wet with cold sweat.

Xiao Hei shook his head and said, "No."

God Lord Haotian nodded.

The lord of the Shenzheng sect and the people of the sect were relieved.

"Okay, since the matter is over, I will go first."

God Lord Haotian looked at Xiaohei and said, "Within the realm of the **** king, you have to deal with it yourself. Above the realm of the **** king...they don't have the guts to send out the ascetics who are above the realm of the **** king. If they really come, they can pass through at any time." The sound transmission jade pendant contacted me."

Xiao Hei nodded, cupped his fists and said, "Thank you, senior."

God Lord Haotian smiled, and in the blink of an eye, he had already disappeared before their eyes.

At the same time, the horrifying aura of the Divine Master Realm also suddenly dissipated.

Everyone felt a burst of relief in their bodies, as if a mountain had been removed from their bodies.

The suzerain of Shenzhengzong heaved a sigh of relief when he saw the departure of Divine Master Haotian and Dong Chengwan, and then looked at Ye Qiubai and the others with a smile: "Everyone, if you need anything, just tell me, as long as our God If Zhenzong can do it, he will do his best to satisfy it."

Not to mention such a strong background.

Even this kind of heaven-defying talent is already worth his attention.

Xiao Hei glanced at it, and said lightly: "Just don't bother us."

Upon hearing this, the Sect Master of the Shenzheng Sect immediately said: "Then we will leave first."

After speaking, he left the place with the disciples and elders of the Shenzhen Sect.

The powerhouses of other forces also left one after another.

Wait until everyone has left.

Xiao Hei said: "Brother, please help me protect the law."

Ye Qiubai and the three nodded and scattered around.

And Xiao Hei looked at the Demon God Xuanjia. Although the Demon God Xuanjia returned to him, but now, Xiao Hei's blood has undergone earth-shaking changes, and he still needs to re-establish contact.

[Chapter 973: All parties are suspicious, the land of dragon veins! \(twenty three\)](#)

God's Descending Star Field, although it is an extremely inconspicuous star field in the high-latitude realm.

But Rao is so.

With the participation of the three major **** masters, Yin Yang God Lord, Huang Lord and Haotian God Lord, the events will be infinitely magnified!

Although many things will be omitted.

Or dare not say it at all.

After all, if a strong person in the Divine Master Realm rashly reveals information about such a strong person and offends them, they will be ruthlessly killed...

but.

But there is news that horrifies the entire high-latitude boundary.

At that time, the amazingly talented Demon Lord of the Demon King Domain actually survived the attack of the two God Masters and was reincarnated!

To know.

Xiao Hei was also a well-known existence in the high-latitude boundary of that era.

certainly.

One of the more eye-catching news is that, as the protagonists of the God's Descend Starfield, Ye Qiubai, Mu Fusheng, Fang Qiong and Xiao Hei, there is actually a master standing behind them.

And that master seems to be the main reason why God Lord Haotian will stand behind them and support them.

this moment.

All the high-level forces who got this news want to know who is this powerful person who can make God Lord Haotian personally help his disciples.

Gold-winged Roc clan.

After the patriarch got the news.

Said with a strange expression: "Who is the person who can make the Lord Haotian do it so personally?"

"The rest of the **** masters are definitely not. After all, with the unruly character of the **** master Haotian, he has made a breakthrough now. Naturally, he will not take other **** masters so seriously."

"Could it be possible that someone more powerful than Divine Lord Haotian has been born?"

Jin Wuwu didn't speak at the side.

Just in his mind, that man suddenly appeared inexplicably.

The unfathomable white-clothed man who wiped out a first-class force in the mortal village...

It can't be him...

But if it wasn't him, who would it be?

...

In Yaochi Fairy Palace.

Palace Master Ji Liuzhi, who is also Ji Qian Yao's master, is teaching Ji Qian Yao the above things in cultivation.

Suddenly, the Great Elder came here and told the news in front of the two of them.

Ji Liuzhi was taken aback for a moment, with an expression of interest on his face, "There are really not many people who can make that God Lord Haotian do like this..."

Ji Qian Yao suddenly became happy after being slightly puzzled.

"Master, will it be Senior Lu?!"

Senior Lu?

Ji Liuzhi thought about it after hearing this, and it was indeed possible.

Although they don't know the specific strength of Lu Changsheng.

But the person who can make Ji Liuzhi completely invisible to her, the strong person who can instantly wipe out a first-class force.

At least it is also the realm of God.

and.

At that time, the breakthrough of the Haotian God Lord was rumored to be guided by someone behind him.

Could it be that Senior Lu did it too?

If you think like this, then everything will make sense.

But looking at Ji Qian Yao's ecstatic appearance, now is the critical moment for Ji Qian Yao's cultivation.

Ji Liuzhi didn't want her to be distracted, so he smiled and said: "How is it possible? There are many hidden and powerful people. They are unknown, mysterious and unusual, and have extremely powerful abilities."

"You, just practice hard, don't get distracted and think too much, and when you cultivate to a very high level, you will have the opportunity to stand shoulder to shoulder with him, understand?"

"Otherwise, if you can't even catch up with someone's back, how can you catch up?"

Heard the words.

Ji Qian Yao could only nod her head.

After all, Master is telling the truth.

The gap in strength between the two is too great.

In the past, Ji Qian Yao just wanted to follow her master's idea and take over her position as palace lord.

The idea now is to step into the realm of the God Lord, so that he can be qualified to catch up with Lu Changsheng's back.

thought of this.

Ji Qian Yao stabilized her mind and continued to practice.

Seeing this scene, Ji Liuzhi smiled and nodded slightly.

Having such a goal, turning it into motivation will become Ji Qian Yao's main weapon to break through the upper limit!

...

At the same time, the conjectures of the god-level forces were also unexpectedly consistent.

They believed that the masters of the four juniors were most likely to be the mysterious powers who guided the breakthrough of God Lord Haotian.

Today.

The major god-level forces have already placed their eyeliners in the God's Descend Starfield, closely watching every move of Ye Qiubai and the others.

There is only Hunyuan Jianzong, and there seems to be no movement.

...

God descended into the star field.

Xiao Hei dripped blood essence into the Demon God Xuanjia, and began to re-establish contact.

After all, after the blessing of a drop of blood essence from Lu Changsheng, Xiao Hei's blood underwent earth-shaking changes.

Of course, it is still very easy to reconnect with Demon God Xuanjia.

Originally, with the power of Xiao Hei's own blood, he could easily do it.

Now that Lu Changsheng's blood essence has been added, it's not easy to catch?

After the blood essence dripped into the Demon God Xuanjia.

Almost in an instant, there was a monstrous dark energy that turned into a storm and swept across this space!

Surround Xiaohei in the center, like the eye of a storm!

And those dark demonic energy are constantly merging into Xiao Hei's body.

Strengthening his physical body.

The Demon God Xuanjia is even merging into Xiao Hei's body!

The Demon God Profound Armor is not an ordinary armor.

There are many mysteries in it, one of which is that it does not need to be worn. After being approved by it, the Demon God Profound Armor will actively integrate into the host's physical body. While nourishing its physical body, as long as the host has a thought, it will instantly become a reality worn on the body of the host.

Soon, Demon God Xuanjia smoothly integrated into Xiao Hei's body.

The strength of the physical body, even under the denial of the Demon God Xuanjia, broke through to the middle stage of the general realm.

Although with Xiao Hei's current strength, he can't fully display the power of the Demon God Xuanjia.

But it can also greatly increase him.

After finishing all this, Xiao Hei opened his eyes, looked at Ye Qiubai and the other three beside him, and said with a smile, "I'm done."

Ye Qiubai nodded, took Qingyun Sword back, and said: "It seems that this trip has gained a lot."

Xiao Hei nodded: "The strength has improved, and more important information has been obtained."
"oh?"

Fang Qiong asked curiously, "What information?"

Xiao Hei explained: "Didn't I lose the three souls and six souls out of the three souls and seven souls before? The ones I found before were all from the six souls, and the information that the Demon God Xuanjia brought me was the three souls." One of the souls, the clue of fetal light."

After Xiao Hei was reborn, he lost his three souls and six souls, leaving only one soul himself.

"Where is that?"

"It's in the high latitude realm." Xiao Hei frowned and said, "However, I don't have the memory of that place, and with my current strength, I'm afraid it's not enough to absorb it, at least I have to reach the peak of the **** general realm."

Mu Fusheng smiled beside him and said, "It doesn't matter, there is an ancient order and a map in the space ring of the Divine Body Sect."

"There seems to be a dragon vein."

[Chapter 974: The most regretful thing I have done in my life \(33\)](#)

Since ancient times.

As long as you have a relationship with dragons and phoenixes, it will definitely not be easy.

After all, the dragon and phoenix clans were a clan of mythical beasts in ancient times.

The strength is extremely strong.

If the so-called dragon and phoenix catastrophe hadn't happened, I am afraid that in this high-latitude boundary, the dragon and phoenix clan would still exist far beyond the god-level forces.

And the dragon veins.

Having a relationship with the dragon naturally has unlimited possibilities.

The so-called dragon veins are composed of keel bones, a large amount of dragon blood, and reverse scales after the death of countless dragon elites.

In the dragon veins, the power of Qi and blood is extremely sufficient.

Among them are countless secret treasures of the Dragon Clan.

It can be said that the power that gets the dragon vein will soar into the sky!

In other words, the forces that establish the sect on the dragon veins will also greatly increase the luck of the sect.

At least it can guarantee its longevity.

But.

What puzzled Fang Qiong was, "Then why didn't the Divine Body Sect have a map of the dragon veins, but didn't take it?"

Mu Fusheng thought for a while, and said: "There are only two possibilities. The land of the dragon vein is too dangerous, with countless dangers. If you want to move the sect to the dragon vein, the strength of the Divine Body Sect is not enough."

"The second type is the land of dragon veins. There are many more powerful forces eyeing it, and the Divine Body Sect can't get a share of it."

Xiao Hei asked: "Then shall we go to the land of dragon veins now?"

Ye Qiubai nodded and said: "Now there is only one place to go. After improving your strength, you can go to find the place where the Three Souls are."

"Where is the land of dragon veins?" Xiao Hei looked at Mu Fusheng.

Mu Fusheng took out the map, pointed to the place marked with a fiery red dragon, and said, "Tianhe Starfield."

In the Shenzhen sect, the four borrowed the space teleportation array and shuttled towards the Tianhe star field.

The distance of the Milky Way Starfield is also extremely far away.

It took fifteen days to travel through the shuttle before arriving at the destination.

When you come to the Milky Way Starfield.

Also learned from various sources.

The Milky Way Starfield was originally dominated by first-class forces, the Yaochi Immortal Palace, the Golden Winged Roc Clan, and the Dragon Palace of Beiming Town.

However, the Dragon Palace in Beiming Town has been destroyed by Lu Changsheng.

However, for some reason, other first-class forces began to pour into the Tianhe Star Field.

Yaochi Xiangong and Golden Winged Roc clan's dominance and control over the Milky Way Starfield began to decline.

Even now, although it is obvious that the Yaochi Xiangong and the Golden Wing Dapeng clan are still the main ones.

However, secretly, or what everyone knows is that those forces have divided most of the secret resources of Yaochi Xiangong and the Golden Wing Dapeng clan.

The dominance of the Yaochi Immortal Palace and the Golden Winged Roc clan has no longer moved forward.

has completely become a thing of the past.

at the same time.

Mu Fusheng also went alone to investigate around the Dragon Vein Land.

But found that around the land of dragon veins, there are countless dark and bright sentries, and at the same time, dozens of them are very powerful.

A strong man who has at least reached the peak of the God King Realm.

There are even a few experts in the God Emperor Realm, scouting all directions.

Arrays and talismans can be found everywhere.

It can be said that this land of dragon veins has been surrounded by a copper wall and an iron wall.

Even Mu Fusheng, there is no way to forcibly break in or sneak in secretly.

Can only helplessly return.

After all, if you investigate too deeply, there is a risk of being discovered.

...

Return to the landing site.

Mu Fusheng told Ye Qiubai and the others what he knew.

Hearing this, Fang Qiong frowned and said, "If that's the case, wouldn't we have no way to get our hands on this dragon vein?"

Xiao Hei also had some headaches, and said: "It seems that these first-class forces that have suddenly poured into the Milky Way Starfield over the years are just to carve up the dragon veins."

Ye Qiubai said at this time: "From this point of view, it seems that these forces have not been able to decide a victory or defeat. After all, until now, the ownership of the dragon veins has not been divided."

As for dividing up the dragon veins, each sect will take a share, I'm afraid it is impossible.

This is a dragon vein after all.

Dragon veins cannot be divided. When a force is located on a dragon vein, all the luck of this dragon vein will flow into this sect.

"Then we can actually do this." Ye Qiubai smiled and said: "We just need to join their forces and become core disciples. There should be a chance to enter the dragon vein."

Now, they are regarded as casual cultivators in this high-latitude boundary and have no influence.

So, they don't care about the dragon veins' luck bonus to the sect.

What they care about is the various precious secret treasures in the dragon veins and the amazing power of blood!

so.

As long as you have the opportunity to enter the dragon's veins, you will be fine.

Hearing Ye Qiubai's method, the three of them were slightly taken aback.

Join those first-class forces and become their core disciples? ?

If this method is placed outside, it is probably quite unreliable.

And will be ridiculed by everyone.

Laugh at Ye Qiubai and the others for their arrogance and ignorance.

But.

They themselves think, although it sounds a little unreliable.

But on them, it seems that there are some feasible possibilities...

After all, they are absolutely confident in their own talents.

It should be no problem to mix a core disciple among the first-class forces.

The only thing I want to think about is how to get involved quickly and efficiently.

Ye Qiubai continued: "It seems that you should agree with my method, then I will make up a little bit more, the number of disciples entering the Dragon Vein must be limited for each sect, so for the sake of safety, we must enter different sects separately. power."

Fang Qiong nodded and said: "I also agree with this point."

Mu Fusheng looked at Xiao Hei, who also nodded in agreement.

Seeing this, Mu Fusheng originally wanted to intervene, and did it in groups of two, but now it seems that, yes, he can handle things in the riskiest way again.

"In that case." Ye Qiubai suddenly smiled and said, "Then let's see who can get the qualification to enter the dragon vein the fastest."

Fang Qiong also smiled: "That must be a bit of a prize."

Xiao Hei suddenly said: "Then whoever is number one doesn't need to teach me how to cook."

"If I am the first to obtain the Dragon Vein qualification, then the three of you will take turns teaching me how to cook."

Ye Qiubai, Mu Fusheng's eyes widened suddenly, his face turned pale, as if recalling some bad memories.

Fang Qiong, on the other hand, was at a loss, and asked puzzledly: "Cooking? What kind of prize is this? Even if I don't use this prize, I can still teach you, brother!"

Xiao Hei's eyes lit up, and he patted Fang Qiong's shoulder heavily: "I heard what you said, don't go back on your word."

Fang Qiong patted his chest with a smile, and vowed: "What's the matter, leave it to me! I promise I won't go back on my word!"

As everyone knows...

When the thatched cottage reaches its peak and no one can beat it.

Fang Qiong's disciple asked him, "Master, what is the thing you regret the most?"

Fang Qiong raised his head at that time, wanted to cry but said without tears: "Master, I... the thing I regret the most is that I agreed to teach you little black master how to cook..."

Chapter 975 Golden Feather Mountain Range, until you conquer it!

In the Tianhe star field.

Now there are not only first-class forces dominated by the Golden Winged Roc clan and the Yaochi Immortal Palace.

Some forces got the news of the Dragon Vein through special channels.

began to forcibly squeeze into the Tianhe star field, and even moved the sect here.

If there were only one or two sects, the Golden Winged Roc Clan and the Yaochi Immortal Palace would still be able to keep them out.

However, under the joint influx of three first-class forces.

If you want to forcibly resist.

Then even if the Golden Winged Roc clan joins hands with Yaochi Xiangong, it will pay a huge price.

The three forces are Chiyanzhai, Yinlong Villa, and Tianchenzong.

Yaochi Immortal Palace only recruits female disciples, so they are not among the choices.

After discussion, the four of Ye Qiubai also decided which sect they would enter.

There is no doubt about it.

The Golden Winged Roc clan also majored in the body, so Xiao Hei would naturally join the Golden Winged Roc clan.

In the Tianchen Sect, there is a Fuzhuan branch, and Mu Fusheng chose to join it.

Chi Yanzhai is famous for its flame attribute array, so it was naturally Fang Qiong's choice.

Ye Qiubai also chose Yinlong Villa as the sword sect.

In the Silver Dragon Villa, there is a silver dragon sword as the property of the village.

The word Yinlong in Yinlong Villa also comes from this.

After determining their respective goals.

The four of them headed in the direction of the four sects.

Gold-winged Roc clan.

It is located in the Golden Feather Mountains in the Tianhe Star Field.

On the Golden Feather Mountain Range, it is covered by a kind of sky-high tree called Jinshanmu, causing the entire Golden Feather Mountain Range to be like gold everywhere, a piece of gold.

At the same time, golden fir wood is also an extremely strong and excellent material, which can be used to refine armor and weapons.

The Golden Feathered Army of the Golden Winged Roc clan is all equipped with golden fir wood.

Extremely strong.

It can be said that it is also one of the main reasons why the Golden Winged Roc clan can become a first-class force and at the same time become a tyrant in this Tianhe star field.

When Xiao Hei came to the Golden Feather Mountains.

Immediately, he was intercepted by the outpost of the Golden Feather Army.

"Who is here?" One of the tall men in golden armor holding a golden gun and with two folded golden wings behind him shouted: "This is the territory of the Golden Winged Roc clan, and you are not allowed to enter unless you are invited! "

It has to be said that the Golden Winged Roc clan is indeed a first-class force.

Just this outpost guarding the mountain gate has already reached the state of a half-step **** king.

Seeing this, Xiao Hei said: "I want to join the Golden Winged Roc clan."

"oh?"

Jin Hong sneered, swept Xiao Hei's body up and down, and said: "The Golden Winged Roc clan only accepts body refiners, can your physical strength meet the standard?"

"For foreigners who are not of the Golden Winged Roc clan, the standard will rise a lot."

"What's more, now is not the time for the Golden Winged Roc clan to recruit disciples from abroad."

Hearing this, Xiao Hei grinned: "Maybe, my physical strength is enough to make you Golden Winged Roc clan make an exception once."

"This arrogant personality is quite suitable for our family." Jin Hong smiled in surprise: "However, if there is no strength, then this kind of arrogant personality is just a loft in the sky, just talking on paper."

"Then fight and you will know."

Xiao Hei shrugged his shoulders, took a slight step, and said lightly: "As long as I hit you, it should mean that I am qualified to recommend for me, right?"

Heard Xiao Hei's arrogant words.

Jin Hong couldn't help being slightly taken aback: "Hit me?"

As he spoke, Jin Hong pointed at himself, and then sneered, "It's better not to be brave with your physical strength in the mid-stage of the general realm. A person who refines his body doesn't know the severity of his strikes. It's a pity that he will lose his life in vain at that time." some."

Heard this.

Xiao Hei didn't say anything anymore, the Eternal Demon Physique was activated, the black demon energy began to sweep the whole body, and the power of the bloodline exploded at this moment!

Directly strode towards Jin Hong and rushed over, punching hard at Jin Hong's chest!

Seeing this, Jin Hong sneered, "The strength is good."

Immediately, he also punched Xiao Hei!

But.

When Xiao Hei's fist landed on Jin Hong's fist.

Jin Hong found out.

wrong.

Big mistake!

Although the physical strength of the opponent is only in the middle stage of the general realm from the surface.

However, when Xiao Hei's punch landed on his fist.

Jin Hong discovered that he was actually at a disadvantage in terms of strength and physical strength!

The force from Xiao Hei's fist made him feel unbearable!

The next moment.

Jin Hong went back dozens of steps!

The arm that was **** against Xiao Hei was trembling constantly!

Jin Hong looked at Xiao Hei with a horrified face, and shouted: "How did you do it?!"

Xiao Hei shook his hand and asked, "Am I qualified?"

Jin Hong's face was ugly, "You haven't defeated me yet."

Hearing this, Xiao Hei didn't say anything, and suddenly stepped on the ground with his right foot, and the ground shook slightly at this moment.

The body rushed towards Jin Hong like a cannonball!

Since this is the case, let's beat the server.

Punch after punch.

Bombarded all parts of Jin Hong's body.

At the beginning, Jin Hong was able to barely resist.

But following Xiao Hei's frenzied attack.

Jin Hong's body was covered with serious injuries.

this moment.

Xiao Hei caught the moment when Jin Hong was repelled.

Charged forward again, both fists bombarded Jin Hong's chest covered in golden feather armor at the same time!

Even with the protection of the golden feather armor.

Jin Hong was also struck by lightning.

The armor was dented, and cracks continued to grow.

A mouthful of blood spurted out wildly, and flew out backwards!

In the process of flying backwards, smash the golden fir trees!

At this moment, Xiao Hei stopped.

Looking at Jin Hong who was lying among the golden fir trees, he said indifferently: "Is it all right?"

Jin Hong stood up tremblingly while supporting the fallen tree.

Looking at Xiao Hei with complicated eyes.

He knew that the other party's talent and physical strength were beyond his imagination.

The last punch didn't seem to kill him either.

Although I lose face when I lose to someone who is lower than myself.

However, he had to cup his hands and said, "Yes, I will inform you."

Immediately after, Jin Hong took out the sound transmission jade pendant to report.

Soon looked at Xiao Hei Dao: "Come with me."

Xiao Hei nodded.

Follow Jin Hong and join the Golden Winged Roc clan.

Pass through heavily fortified levels.

Came to a camp full of golden armor holding golden spears.

here.

is where the Golden Feather Army is located.

Under the watchful eyes of everyone in the Golden Feather Army.

Jin Hong brought Xiao He into a tent.

Looking at the tall man in front of him.

Jin Hong respectfully said: "Boss, someone brought it here."

The tall man nodded, then looked at Xiao Hei, and asked directly: "The people from the Demon King's Domain, why do you want to join my Golden Winged Roc clan?"

Chapter 976 Cherish each other, the patriarch is bold!

Dark demon energy can be said to be a symbol of the Demon King Domain.

At the same time, it has that powerful physical body.

Who else could there be besides the body refiner in the Demon King's Realm?

The leader of the Golden Feather Army already understood everything in Jin Hong's report.

Xiao Hei was not surprised either.

As the most powerful army leader of the Golden Winged Roc clan, how can he be that kind of mindless thing?

Therefore, Xiao Hei did not deny it, nodded and said: "I can't understand the current Demon King's Domain."

"oh?"

The leader of the Golden Feather Army stroked his chin, and thoughtfully glanced at Xiao Hei in front of him.

seems to be thinking about something.

Suddenly, the leader of the Golden Feather was slightly surprised: "Are you the former Demon Lord of the Demon King Domain?"

As a body refiner in the Demon King's Realm.

Possess dark magic energy.

The bloodline is extremely powerful.

And have enmity with Demon King Domain.

Who else?

It is nothing more than the former Demon Lord of the Demon King Domain.

What's more, the news of God's Descend to Starfield has already spread to the ears of these first-class forces.

It's hard not to know.

Xiao Hei did not deny it, but if he denies it at this time, he will treat the other party as a fool.

"However, with your background and talent, it seems that you don't need to be attached to my Golden Winged Roc clan. What's more, isn't there a divine master who is secretly helping you?"

"So, what is your purpose?"

Listen to almost everything the other person already knows.

Xiao Hei didn't intend to hide anything, and directly stated his intention: "Dragon Vein."

Dragon veins? !

Golden Feather leader's face was horrified.

"Where did you get the news about Dragon Veins?!"

Xiao Hei said lightly: "You don't need to know about that."

"Then you want to use the dragon veins to **** the Demon King's Realm?" The leader of Jinyu said solemnly: "If this is the case, please go back. Since you know about the dragon veins, you can naturally understand that the dragon veins are our gold. The ground that the Chi Dapeng clan must fight for."

Xiao Hei shook his head and said, "I don't want to occupy the dragon vein."

"Oh?" The leader of Jinyu asked in surprise, "I would like to hear more about it."

"What I need is the qualification to enter the dragon vein. The dragon vein is just regarded as a place of cultivation by me."

In the dragon veins, the qi and blood are extremely rich.

It can be described as a holy place for body refiners!

So the leader of Jin Yu didn't doubt what Xiao Hei said.

"I can't decide on this matter." The leader of Jin Yu shook his head and said in a deep voice: "I need to ask for instructions."

Xiao Hei nodded.

The importance of dragon veins is beyond doubt.

Even if the leader of Jin Yu is a strong man in the middle stage of the God Emperor Realm and has a very high status in the Golden Winged Roc clan, he cannot make this choice.

After asking for instructions.

The leader of Jin Yu said: "The patriarch is welcome, please come with me."

After learning of Xiao Hei's identity.

The tone of the leader of Jin Yu became more relaxed and respectful.

Not to mention Xiao Hei's natural strength, nor whether he has the backing of Haotian God Lord behind him.

Only in the beginning, he used his own strength to lead the Demon King Domain to resist the two major god-level forces.

It is enough to make the Golden Winged Rocs who also have arrogance respect them.

The center of the Golden Winged Roc clan is composed of a hall made of extremely hard golden feathers.

At the top of the building, there is a statue of a golden-winged roc with a golden body, spreading its wings and looking up at the sky.

Just this one glance.

Xiao Hei could feel an extremely sharp coercion looming over him.

A sharp golden light cut directly towards Xiao Hei's eyes!

It seems that just looking at it is a blasphemy against this golden-winged roc!

But Xiao Hei didn't look sideways.

The eyes are firm, without the slightest tremor shifting.

Letting a sharp golden light cut across his eyes.

Although there is no substantial harm, how many people can do it under such coercion?

"To be able to do this to this extent is worthy of being a demon lord, please come in."

Suddenly, the door of the main hall slowly opened.

An extremely thick voice came from it.

Xiao Hei walked into it.

In front, on a huge throne, a tall man sat on it.

The breath is extremely terrifying!

The peak of the God Emperor Realm.

The patriarch of the Golden Winged Roc clan!

On the side, a young man stood beside him, looking curiously at Xiao Hei, the legendary former demon lord.

Xiao Hei looked directly at the patriarch and said, "I am no longer the devil."

The patriarch sneered: "Now this demon lord doesn't like me. If you want to be arrogant, run to be a dog for those two **** lord-level forces!"

Partnerships and being a dog are two different things.

Cooperative relationship is a mutually beneficial relationship with the other party.

Being a dog, such as the current Demon Lord Moji, has completely become a vassal of those god-level forces.

While I can't drink any soup.

But also flattery, but also obey orders.

"Let's not talk about this." The patriarch looked at Xiao Hei curiously, and said, "Although I like your character quite a lot, it's not enough to help you for free, right?"

Seems to have thought of this, Xiao Hei didn't think much, and said directly: "I'm sure, I will take back the Demon King's Domain."

"So, when I take back the Demon King's Domain, not only the Demon King's Domain, but also my strength will definitely be stronger. At that time, I can reach a cooperative relationship with the nobles, communicate with each other in the secret realm, and share resources."

The patriarch smiled and said: "You seem to want me to gamble with you."

Xiao Hei shrugged his shoulders, and said lightly: "Then it depends on the courage of the patriarch."

"If you make the right bet, it will be a huge opportunity for the Golden Winged Roc clan."

"What if the bet is wrong?"

The patriarch did not wait for Xiao Hei to answer, he asked himself and answered: "If you are discovered, you will be targeted by the other two major god-level forces."

Xiao Hei nodded noncommittally.

The patriarch thought for a while, then his eyes gradually became firm, he looked at Xiao Hei, and said word by word: "I bet."

"But your identity must be concealed. You shouldn't mind that, right?"

Xiao Hei nodded: "Of course."

"It's just that when I give you the qualification to enter the dragon vein, you will inevitably be dissatisfied by other clansmen. At that time, you will handle it yourself?"

Hearing this, Xiao Hei grinned: "Exactly, I like fighting too."

The two looked at each other and laughed.

...

Wait until the leader of Jin Yu takes Xiao Hei out.

Jin Wuwu, who was standing beside the patriarch, asked doubtfully, "Father, why do you want to bet on him? It seems a bit dangerous..."

The patriarch smiled: "Don't you see that he has full confidence?"

Jin Endless was taken aback.

"Once this kind of person has full confidence, he has full confidence in himself."

The patriarch continued: "What's more, he also has the support of a god-level force behind him, and there is a powerful existence who can help the god-lord Haotian to improve a level..."

"Recapturing the Demon King's Realm may be just a test for him by Almighty."

"So, do you still think that this bet is not worth it?"

Jin Wuxiu was stunned when he heard the words.

Taking back the Demon King's Domain is just a test.

Then, the path of the current former demon master will not stop here!

At least, he is also a divine master...

Chapter 977 Crazy to the limit...

With the addition of Xiao Hei.

At the same time, Fang Qiong passed the strongest formation of Chiyanzhai, the first three tests of the Chiyan God Formation, breaking the current record of the strongest Tianjiao of Chiyanzhai, who only passed the first level for the first time.

As a result, he was made an exception and was designated as an inner disciple by the head of Chiyanzhai.

It's a pity that Fang Qiong is unwilling to be a teacher, otherwise the Veterinarian would have accepted Fang Qiong as his personal heir.

In the Tianchen Sect, Mu Fusheng stepped into the talisman branch of the Tianchen Sect with his absolute talent for carving talisman seals.

Because, the person in charge of the Fu Zhuan branch actually learned a lot from Mu Fusheng in some aspects of Fu Zhuan...

And the other side.

A shocking news also came from Yinlong Villa.

Since the fall of the first owner of the Silver Dragon Villa, no one has been able to make the Silver Dragon Sword bloom.

But.

From the moment Ye Qiubai stepped into Yinlong Villa.

The silver dragon sword released a shocking sword light.

The sound of sword chanting resounded throughout the entire Yinlong Villa, and it could not stop for a long time...

...

At this moment, among the Golden Winged Roc clan.

After Xiao Hei left, the patriarch announced that Xiao Hei joined the Golden Winged Roc clan and became one of the deputy commanders of the Golden Feather Army.

At the same time, he also has the qualification to enter the dragon vein next time.

As soon as the news came out.

The entire Golden Winged Roc clan was shocked by it!

Golden-winged rocs are always respected by the strong, and no one will submit to anyone unless they can be defeated head-on.

Every clansman has the same character, that is arrogance!

This also leads to all the power, resources, and status of the Golden Winged Roc clan.

They all hit it with their fists!

Even if he is the son of the patriarch, the gold is endless.

If there is no talent, no strength.

Still won't convince other clansmen.

The patriarch will not let him stand in this position!

But, what about this little black who has never seen anyone?

But he was directly placed in the Golden Feather Army where almost all the members of the Golden Winged Roc tribe tried their best to get in, but this little black was airborne directly, and even became a very powerful deputy commander!

He even obtained the Dragon Vein qualification, which is already rare!

How does this convince them?

Immediately, countless tribesmen rushed towards the Golden Feather Army garrison.

Not only the members of the Golden Winged Roc clan, but also the rest of the subordinates of the Golden Feather Army, as well as several other deputy commanders, were also dissatisfied and approached the leader of the Golden Feather Army to question them!

In front of the Commander's tent, there was a crowd of people, which also gave him quite a headache.

"Not convinced?"

The people below suddenly roared.

"Of course I'm not convinced!"

"None of us have seen this person's strength, how could he become this commander with peace of mind?!"

Only Jin Hong was silent.

He has seen Xiao Hei's strength and talent.

Moreover, from the commander's words, he learned the identity of this person.

It can be said that there is absolutely no problem for Xiao Hei to become the deputy commander.

The commander rubbed his forehead and said helplessly: "In this case, let's arrange a ring for you."

"If you want to challenge, you can go on stage. However, the black deputy commander is only in the middle stage of the general realm, so only those who are in the general realm can challenge, understand?"

Only God Generals?

Everyone laughed for a while.

How could such a person be qualified to take the position of deputy commander?

To know.

The other deputy commanders have all reached the peak of the God King Realm!

"Vice Commander Hei, do you have any objections?" The commander looked at Xiao Hei who was silent behind him.

However, Xiao Hei's next words made other clansmen furious!

"People in the God King Realm can also join, I have no problem."

The tone is calm.

But full of arrogance and endless arrogance.

The commander was also slightly taken aback, but when he thought of Xiao Hei's identity, he couldn't help laughing.

If it is him, he does have the confidence to say this.

"In that case, let's go to the Golden Feather Arena."

Facing the arrogant character of the Golden Winged Rocs, friction is unavoidable on weekdays.

Therefore, there are often quarrels, no one agrees with the other, and then the fights often happen.

In the Golden Feather Army, this atmosphere will only get better.

When non-adjustable friction occurs, or when you are not convinced.

Or when you want to replace the status.

All will be resolved in the Golden Feather Arena!

Everyone followed behind the commander and came to an open space.

In the open space, a ring like a huge disc rose from the ground.

at the same time.

In all directions of the disc, there is a stone sculpture of a Mipeng sitting here.

Although there is no such sharp coercion as the golden-winged roc statue.

But also quite majestic.

At this time, the commander pointed to the ring and said, "Go up."

Xiao Hei nodded, then jumped up.

Looking down, said: "Master."

Looking at Xiao Hei's appearance.

One of the clansmen in the middle stage of the general realm spread his wings and jumped up, snorting coldly: "I want to see what strength you have, and you are qualified to sit in this position!"

Immediately, there is not much to say.

Rush directly towards Xiao Hei!

Seeing this scene, Xiao Hei seemed to lose interest.

Standing still, he punched out.

The punch has not arrived.

The strength of the physical body makes the space start to squeeze in an instant!

This clansman hasn't even touched Xiao Hei's fist yet.

Being squeezed by this space, the forward momentum was directly delayed!

Between horror.

The fist has already slammed over and hit the person's fist.

Click!

A clear bone-crushing sound resounded through the audience!

At the same time, this clansman also flew upside down out of the Golden Feather Ring without any accident, and fell outside the ring, unable to move for a while.

Looking at this scene, everyone frowned slightly.

Same realm.

It was so easy to kill the opponent in seconds.

It can be seen that his talent is extraordinary.

Cross-border operations should not be a problem.

Xiao Hei shook his hands at this time, frowned and asked: "Be stronger, don't make me feel bored."

"Sure enough, the devil is still the devil, so crazy." The leader looked at this scene below and couldn't help laughing, thinking so.

And at Xiao Hei's words, it fell.

A person who was at the peak of the general realm flew into the ring.

After uttering harsh words.

Under a few punches from Xiao Hei.

This person cannot withstand the offensive.

Following Xiao Hei's step forward, he punched again.

Just like the person before, he drew a perfect parabola in the air.

fell directly outside the ring.

"God King Realm, come up."

Xiao Hei twisted his wrist, showing a slightly excited smile: "Your general level is too low."

in other words.

Can you increase the intensity!

The few deputy commanders below saw this scene, and the contempt in their eyes was also a little less.

A deputy commander asked: "Commander, who is this person?"

The commander smiled and said: "You can try it yourself, maybe, with his strength, he can fight you for a few more rounds."

Hear the words of the commander.

Several deputy commanders looked shocked.

They are the pinnacle of the God King Realm!

Dealing with a junior in the middle stage of the general realm.

Not to mention losing face.

The opponent still has the ability to contend? !

Chapter 978 Dragon Vein Opening

Xiao Hei's combat power was completely beyond their imagination.

With the strength in the mid-stage of the God General Realm, he forcibly defeated the few people under the God King Realm without any effort.

At the same time, under the Jin Yu ring, everyone looked at Xiao Hei's state.

It seems like a normal person.

Not to mention whether there is any injury on the body.

Even breathing is still very even, and the breath is extremely stable.

The only change is the rising fighting spirit.

The more battles the more prosperous.

It can be said that under the God King Realm, there is no longer any threat to Xiao Hei.

"People of God King Realm, come up."

Xiao Hei grinned, looked down at the people below, seemed to be sarcastic, and also seemed to be mocking on purpose.

"Don't make me laugh that the Golden Winged Rocs are gone."

Hear what Xiao Hei said.

How could the proud Golden Winged Roc clan endure it?

Originally, for them, fighting beyond the border, even if they won, was not something to be proud of.

Even, in this case, the battle is to learn from each other.

The level is higher than the opponent's level, even if he wins, it will be invincible, and he will feel ashamed on his face.

However, I heard Xiao Hei's words now.

Some people can't care so much.

One of the strong men in the mid-stage of the God-King Realm jumped onto the ring directly.

I saw this person's face was a bit ugly and said: "Although my realm is much higher than yours, but since you asked for it, I don't think our Golden Winged Roc clan can't wear down your fighting enthusiasm."

Xiao Hei didn't care so much.

As far as he is concerned, all he wants now is a fierce collision between flesh and blood.

All I want is a hearty fistfight.

So, without saying a word, he rushed directly towards this person in the middle stage of the God King Realm!

A series of lines flashed continuously on Xiao Hei's body!

At the same time, the dark magic energy and the power of the blood burst out at the same time!

Make Xiao Hei's breath and physical strength skyrocket!

The person in the middle stage of the God King Realm looked horrified when he saw this scene.

This person actually hides so much?

The physical strength can be further improved!

What surprised him the most was that.

His blood was completely suppressed by the power of Xiao Hei's blood.

But this is also normal.

Xiaohei's bloodline of the demon **** is originally one of the top bloodlines in this high-latitude realm.

Now add a drop of Lu Changsheng's blood.

Undoubtedly, it has become the top bloodline in the high-latitude realm.

none of them.

Therefore, even the purest Golden Winged Roc blood in Jin Wuwu's body will be ruthlessly suppressed by Xiao Hei.

Can't help this person thinking too much.

Xiao Hei has already rushed forward.

In the mid-stage of the Divine King Realm, he spread his wings and rushed forward, and at the same time, he punched directly towards Xiao Hei's face!

Instead of advancing, retreat, use offense instead of defense!

The howling fist wind, the terrifying and sharp force, caused the space to be torn apart continuously.

The punch has not arrived.

Xiao Hei could clearly feel a strong wind blowing towards his face!

Xiao Hei turned a blind eye to this, and directly punched the opponent!

Amidst a roar.

Under everyone's dignified gaze, the two fists clashed suddenly.

Boom!

Above the Golden Feather Arena, the space began to squeeze rapidly!

A series of vibration ripples were emitted, which continued to spread towards the surroundings!

However, the result surprised everyone in the arena.

It seems unsatisfactory.

Needless to say, Xiao Hei was blown away by this person's punch!

However, it was only six steps back!

On the other hand, what about the person in the middle stage of the God King Realm?

It turned out that he also took a step towards the rear with his right foot, which stabilized his figure!

In the mid-stage of the God-General Realm, fight hand-to-hand with people in the mid-stage of the God-King Realm.

There is only one word difference.

But it is very different.

But in Xiaohei's place, the difference doesn't seem to be that big.

The confrontation between the two was a non-stop collision.

Punch to the flesh.

At the same time, Xiao Hei's physical injuries caused by the collision are recovering at a speed visible to the naked eye.

With the recovery of the physical body.

The person in the middle stage of the God King Realm was even more horrified to find that Xiao Hei's physical strength was slowly increasing!

noticed this.

Commander Jin Yu showed an expression of amazement below. As expected of the Demon Lord, the power of the bloodline is so mysterious.

The deputy commanders also had complicated expressions.

The rest of the tribe even put away their contemptuous expressions.

For Xiao Hei, they have begun to gradually recognize it.

Recognized that he was appointed by the patriarch as the deputy commander of the Golden Feather Army.

Although Xiao Hei's current realm is not enough.

But the talent he showed, his ability to fight across borders, and his fearless fighting style.

All revealed that in the near future, his strength will be on par with the other deputy commanders.

In the arena.

Xiao Hei didn't intend to use the Demon God Profound Armor, nor did he want to fully stimulate the power of the blood.

He wants to hone himself with the most real physical strength.

This battle lasted for a full day.

In the end, both Xiao Hei and the mid-stage God King Realm were wounded all over their bodies.

The only difference is that Xiao Hei's injury is recovering.

If it lasts.

The loser will definitely be the person in the mid-stage God King Realm.

After all, during this process, Xiao Hei has already broken through to the late stage of the God General...

Seeing this scene, the person in the middle stage of the God King Realm smiled wryly, stood up and clasped his fists and said, "If you fight any further, I will lose. You are qualified to sit in this position."

Then he jumped down directly.

Others have no more challengers on stage.

They know that there is no point in fighting any more.

Commander Jin Yu also came to Xiao Hei with a smile, and said, "No one should have any objections now, right?"

The people below all shook their heads.

"Well, let's do our own things. The competition for the places to enter the Dragon Vessel has already begun. Let's fight for the few remaining places."

After speaking.

The tribe dispersed.

The leader of Jin Yu looked at Xiao Hei and asked, "What are your plans these days?"

Xiao Hei thought for a while and asked, "What is the training method of your Golden Feather Army?"

Golden Feather leader smiled: "Do you want to experience it? The training method of our Golden Feather Army is called **** by the tribe."

Xiao Hei shrugged and said, "Then try."

...

On the other side, similar things are happening in Yinlong Villa, Chiyanzhai, and Tianchenzong.

Time also passed slowly.

There are only two days left before entering the dragon vein.

During these two days, all the first-class forces in the Tianhe Star Region began to gather towards the Dragon Vein.

As for the resources in the dragon vein.

For the sake of fairness, it is also determined from the disciples of the various sects.

For example.

Collect the secret treasure of the dragon, and score points according to the level of the secret treasure.

Of course, points can also be robbed...

On this day, the arrogance of all sects came out together.

For example, Jin Wuwu of the Golden Winged Roc clan.

For another example, Ji Qian Yao, the saint of Yaochi Fairy Palace, Ji Qian Yao...

Chapter 979 Xiao Hei: Why don't you help me brag?

Dragon veins.

Once it appears, it will be a battleground for every sect.

The seven god-level powers are all located on the dragon veins.

It can also be said that if you want a power to last for a long time, having a dragon vein will be a great help.

This is why.

After the dragon veins appeared in the Tianhe star field, after getting the news, there were three first-class forces who spent a lot of money and moved directly from other different star fields to this place.

It is precisely because of this that over the years, the five first-class forces have been fighting over the matter of the dragon veins!

In order to prevent the sect from launching a melee, causing huge casualties and damaging vitality.

The five sects finally agreed together.

For the competition for the dragon veins, the powerhouses of the God Emperor Realm will definitely not be dispatched, and the disciples below the God Emperor Realm will have full authority to determine the distribution of dragon vein resources by winning points.

As for wanting to completely occupy the dragon's veins?

Among the five first-class forces, none of the sects dare to do this now.

After all, if anyone jumps out first and wants to occupy the entire dragon vein, he will definitely be regarded as a thorn in the flesh by the other four sects, and they will be attacked by groups.

Such a case cannot be tolerated by a sect.

Today.

Land of dragon veins, here is a mountain range.

Among the mountains, there is a huge power of blood rising up!

The power of qi and blood merged with the air and aura in this mountain range, and condensed into **** aura!

As if turning into substance, it condensed into blood-colored beads.

The mountain range is made of countless dragon bones.

The breath of the dragon in it floats over the mountains all the time, it is extremely strong, and from time to time there will be bursts of dragon chant, resounding through the sky!

In mid-air above the mountains.

The ascetics of the five major forces have assembled.

And each force is led by the suzerain himself.

Each sect has four disciples who entered the dragon vein.

"This time, come as usual?" Among them, a silver-haired old man said lightly.

The silver-haired old man is the owner of Silver Dragon Villa.

Hearing the words of the owner of Yinlong Villa, the suzerain of Tianchenzong smiled and said: "Why, do you want to modify the rules? Or is it that your Silver Dragon Villa can't bear it anymore? Want to seize the dragon vein?"

Hearing this, the owner snorted coldly and did not answer.

Chiyan Zhaizhu sneered from the side: "Then he must have the courage to do it."

At this time, Ji Liuzhi said calmly: "Don't waste time, hurry up and start."

The patriarch of the Golden Winged Roc clan even sneered, "A group of outsiders, how can we change the rules?"

Ji Liuzhi and the patriarch of Golden Wing Dapeng did not have a good impression of these three major forces.

To them, they are just outsiders and robbers.

"The two suzerains don't lose their temper so much. I think there are some unfamiliar faces. I don't need to explain to them more clearly?"

The new faces mentioned are naturally Ye Qiubai and the four of them.

The disciples of the major forces also looked over curiously.

When they found out that the other party was only in the realm of the gods, they all showed strange expressions

At this time.

Ji Liuzhi said: "Since that's the case, let's say it again."

"Among the dragon veins, everything will be determined by points."

"Since you have obtained the qualifications to enter the dragon vein, you naturally know what resources are in the dragon vein."

"Not only the power of qi and blood, but also countless dragon secret treasures, and winning the dragon secret treasure is one of the ways to earn points."

"The secret treasures of dragons are divided into four grades: heaven, earth, black and yellow. Yellow-level secret treasures get 1 point, mysterious-level secret treasures get 5 points, earth-level secret treasures get 10 points, and heaven-level secret treasures get 20 points."

"The points will be injected into their respective tokens. Of course, if the tokens are taken away by others, the points will be taken away."

"And whichever sect has the most points in the end will be able to occupy the most dragon vein resources in the next six months."

"Okay." The owner of Silver Dragon waved his hand and said: "At noon, you will officially enter the dragon vein. You only have fifteen days. After fifteen days, you will be forcibly teleported out. Do you understand? "

After listening.

Everyone nodded.

After that, the suzerains stopped talking.

And those disciples began to talk.

One side of Yinlong Villa.

Someone among them asked: "It's strange, why is their newcomer only in the realm of the gods?"

Tianchenzong heard it, and sneered: "Why, isn't your new disciple also a **** general?"

"Junior Brother Ye is different from you. Although he is only at the level of a **** general, he can fight across borders, and he is also recognized by the Silver Dragon Sword!"

Hearing what Yinlong Villa said, everyone was stunned.

Silver Dragon Sword, they naturally know what it represents.

Tianchenzong also said not to be outdone: "So what, our pastor brother has also been approved by Fu Lao!"

Fu Lao is the person in charge of the Fuzhuan branch of Tianchenzong.

At the same time, he is also a very famous master of Fuzhuan.

Mu Fusheng frowned while listening.

Why are these people so pretentious? This also has to be shown off?

The people from Chiyanzhai smiled and said: "It seems that the newcomers here are not simple, but they have to go to the dragon veins to see the real chapter."

Xiao Hei was standing beside Jin Wuwu, seeing this scene, he couldn't help asking: "Why don't you play with them?"

Jin endlessly sneered: "Whether you are a monster or not, you will not know until you have beaten him. What is the use of talking around here?"

Xiao Hei nodded disappointedly.

well.

Brothers and brothers are being touted, how about yourself?

Although Xiao Hei is not the kind of person who likes to "show off", his brothers and sisters are treated like this, but he is not.

The sense of gap came up all at once.

Yaochi Fairy Palace side.

An equally beautiful woman beside Ji Qian Yao said softly: "Saint, it seems that they are not simple, should we be more careful?"

Hearing this, Ji Qian Yao shook her head, her peerless face that could not be completely concealed by the veil was extremely cold.

"It's okay, we just need to pay attention to Jin Wu Wu, Yin Qi, Deng Zhun and that Wu Heng."

Golden Endless, needless to say, the pride of the Golden Winged Roc clan.

Yinqi represents Yinlong Villa.

Deng Zhun, a member of Tianchenzong.

Wu Heng is the son of Chiyanzhai's Zhaizhu.

Several of them have reached the peak of the God King Realm.

Her goal now is to enter the dragon veins and obtain secret treasures useful for her cultivation.

Only in this way can the strength be improved quickly.

As for the points?

That's just incidental.

According to Ji Liuzhi's words.

Now Ji Qian Yao has only one person in his mind.

As for cultivation, experience, and obtaining dragon veins, they are all just incidentally for the purpose of improving strength and standing by that person's side.

The elbow has completely turned outside!

Chapter 980 Dragon's Secret Treasure, Cave of Life and Death!

At noon.

The patriarch of the Golden Winged Roc clan waved his hand and said in a loud voice, "Activate the formation."

Following the patriarch's words, the other four suzerains also flew to different directions, making seals with their hands.

Five extremely powerful breaths burst out at this moment!

rushed into the sky!

But.

Even if five top powerhouses from the Tianhe Star Region join forces, they can't match the dragon aura above the mountains.

It can be seen how rich and powerful the breath in the dragon veins is.

The formation method is also slowly opened at this moment.

And this formation was also deployed by the five first-class forces at the same time.

With one less person, the formation cannot be opened.

This is also for other people to discover the dragon vein and break into it.

At the same time, it is also to prevent other forces from sneaking away.

When the formation is completely dispersed.

The majestic dragon energy, without restraint, gushes out!

Like a landslide and a tsunami!

There was a huge dragon chant sound, which resounded throughout the entire Milky Way Starfield!

Of course, in order to prevent other forces from knowing the existence of the dragon veins, the five major forces also arranged countless shielding formations around them.

If too many people know, the information will inevitably flow out.

At that time, wait until other forces, or first-class forces in other star fields get the news.

I'm afraid it's not just the competition between the five first-rate forces...

At that time, the Tianhe Starfield was going to be very lively.

"Okay, let's all go in, remember the time, when the time is up, you will be sent out by force." Ji Liuzhi said softly.

Heard the words.

All the disciples of the sects entered the dragon veins in different directions.

The Golden Winged Roc clan led by Jin Wuwu rushed towards the north of the dragon vein.

During the journey, Jin Wuxing said calmly: "Among the dragon veins, not only do you have to be careful of the disciples of other sects robbing you of your points, but you also have to be careful of some hidden dangers."

"The crisis in the dragon's veins is hidden very deeply. Basically, as long as the dragon's secret treasure is discovered, there will be hidden murderous intentions around the dragon's secret treasure, and the higher the level of the secret treasure, the greater the crisis will be. "

"For example, a heaven-level secret treasure, it cannot be swallowed by a sect alone."

Xiao Hei asked: "Then why don't you use your energy and blood to cultivate first, and in the last few days, why don't you just grab points from other sects?"

The two people on the side, as well as Jin Wuwu, laughed after hearing this: "Although your actions are in line with the character of our Golden Winged Rocs, the things that can be obtained from the Dragon's Secret Treasure are much better than simply absorbing blood. "

"After all, if there is no dragon's blood, the blood of the dragon can absorb too much, which will cause the blood in the blood to conflict with each other, and eventually explode to death!"

Xiao Hei nodded slightly.

Actually, after entering the dragon's veins, Xiao Hei tried to absorb the blood of dragons everywhere around him.

Doesn't seem to feel any discomfort...

Or is it that the amount you absorb is not enough?

Don't think too much about it.

Under the leadership of Jin Wuwu, the people kept shuttling through the dragon veins, wanting to win the secret treasure of the dragon as soon as possible.

...

Along the way.

I have to feel the magic of the Dragon Race.

Only relying on the corpses of the dragon clan, it can develop into today's lush forests, endless mountains that cover the sky and the sun.

And the trees here are more vibrant than the trees outside.

Whether it is thickness or green leaves, the vitality exuded is far beyond the outside world.

The density of leaves and branches makes it impossible for sunlight to penetrate completely.

On the ground, you can only occasionally see spots of light scattered on the ground...

At this time, Jin Wuxian suddenly made a gesture to signal everyone to stop.

Everyone stopped behind Jin Wuxian, looking forward with serious expressions.

Right in front of them was a cliff.

Above the cliff, it is extremely smooth, as smooth as a mirror.

Amazing workmanship!

Slowly raise your head and look up.

Among the clouds and mist, one could faintly see a hole that could accommodate five people with the naked eye.

In the entrance of the cave, dragon energy gushes out!

Compared with the dragon aura scattered around, it is much higher!

It is very possible that there is a secret treasure in it!

Jin Endless reminded: "I'll go first, and you guys should pay attention to keep up."

After finishing speaking, Jin Wuxing's whole body was tense, his eagle-like eyes were vigilant about his surroundings, and then he spread his golden wings and flew towards the upper hole.

The other two late-stage God King Realm clansmen, including Xiao Hei, also flew upwards.

These two clansmen are also elites who stand out from the Golden Feather Army.

The actual combat ability is extremely strong, and the average god-king realm peak powerhouse is not their opponent at all.

After all, the Golden Feather Army has passed the blood-like tempering, and at the same time, it has passed the so-called purgatory test...

Although for Xiao Hei, it is not purgatory.

The tempering of his physical body was much more painful than this test.

Come to the entrance of the cave.

The moment when four people stepped into it at the same time.

Original dark cave.

At first glance, it looks like the huge mouth of an abyss monster, bottomless.

Now, there are actually shining stones one after another, lighting up one after another on the rock walls around the cave.

Extends all the way to the depths!

Night Pearl.

Although it is not very useful for ascetics, it is extremely rare.

At the same time, there was also a dragon's aura gushing out from the depths of the cave like a gust of wind.

Feeling this dragon energy.

Jin Wuwu took the lead and walked forward, and said as he walked: "This dragon energy is almost certain, and there must be a dragon's secret treasure in it."

"Besides, the level may not be too low."

Xiao Hei took over and said, "That means the crisis is even greater."

Jin endlessly nodded, "Go ahead, the crisis is usually hidden very deep, always pay attention to your surroundings."

The four of them walked towards the depths.

Until you come to a fork in the road.

The road to the cave here splits into two.

In the center of the two roads, there is a stone tablet that looks extremely old.

Several ancient characters are engraved on the stele.

Life and death, in one thought.

Obviously, there are two roads, one is life and the other is death.

Seeing this scene, one of the long-haired people frowned and said, "It all depends on luck."

The two passages have the same gushing dragon energy, and there is basically no difference between them.

Another Zhuangshuo clansman shook his head helplessly: "This kind of risk is too great, or you should turn around."

Jin Endless also showed unwillingness in his eyes.

The secret treasure of the dragon is already in sight.

And the level is not low.

But what the other two tribesmen said is also true.

"I can only..." Jin endlessly sighed.

But I haven't waited for the rest to finish.

Xiao Hei suddenly said from the side: "Why don't you let me try?"

The three of them turned their heads to look at Xiao Hei, with surprised expressions on their faces.

Xiao Hei looked ahead, and said lightly: "Since life and death are two roads, then one of the roads must have death..."

Finished speaking.

Under the surprised eyes of the three.

Xiao Hei actually started to absorb the dragon energy gushing out from the two channels!
