

My Disciples 991

Chapter 991: The heart of the dragon, the blood is the guide!

Among the colorful rays of light.

Not too gorgeous scenery.

Yes, it's just white.

In addition to Bai, in front of Xiao Hei, there is a huge blood-red heart that is beating...

The heart beats continuously, extremely powerfully.

With every beat, Xiao Hei's heartbeat seemed to be in sync with this heart.

Like thunder, booming.

And after the giant dragon phantom disappeared in this world, a drop of blood that condensed into the heart also floated into the heart at this moment.

As if activated, there is an extremely thick and extremely pure blood breath bursting out in the heart!

Feel this breath.

Xiao Hei understood very well.

This is Dragon Heart...

The dragon has three treasures.

One is Nilin, and the other is blood essence.

The most important thing is the heart...

The heart is the most critical part of every living thing.

It is also a key organ that maintains vital signs.

Therefore, it is only natural to be able to surpass Ni Lin and become a so-called heaven-level secret treasure.

Thinking of this, Xiao Hei walked towards his heart step by step.

Every step is accompanied by every beat of the Dragon Heart.

The closer you get to the heart of the dragon, the heavier the beating of Xiao Hei's heart will be.

When it comes to the front, it is within reach.

Xiao Hei stretched out his hand and stroked the surface of Dragon Heart.

It is at this moment.

In Dragon Heart, countless pure and incomparably pure blood flowed wildly into Xiao Hei's body along Xiao Hei's arm!

See it.

Xiao Hei was slightly startled.

Immediately activated the power of blood, trying to prevent this sudden thick blood from squeezing his blood vessels!

However, the power of the bloodline released from Dragon's Heart seemed to ignore Xiao Hei's resistance.

That stream of blood energy directly bypassed the limbs and bones, and surrounded Xiao Hei's heart.

Import it!

Boom boom boom!

Thunderous roars resounded continuously in Xiao Hei's body!

Xiao Hei stared wide-eyed, covered his heart, and knelt on the ground with one knee.

Bean-sized beads of sweat instantly appeared on Xiao Hei's face and trickled down.

Although Xiao Hei's blood has been strengthened by Lu Changsheng.

But this does not mean that the heart has also been strengthened.

The heart is an extremely fragile place.

Lu Changsheng's power of essence and blood is too large.

If you use Lu Changsheng's blood essence to strengthen the heart when your strength is not enough, it may explode in an instant!

Although his heart is in extreme pain now, it seems as if he is being pinched by a dragon claw, and he may die at any time.

But at the same time.

Xiao Hei can also feel that his heart is becoming stronger at a speed visible to the naked eye...

The reason why the dragons have strong blood is that they are physically invincible.

A large part of the reason is because she was born with an extremely strong heart.

And the function of this dragon heart seems to be to strengthen Xiao Hei's heart!

Think here.

Xiao Hei let go of his body.

No longer hinder the mad influx of blood energy, let them enter the body and strengthen the heart.

It's just this kind of pain that ordinary people can't bear.

Only Xiao Hei has a firm willpower and has experienced countless extremely painful physical tempering, can he guarantee that he can still wake up under such pain...

At the moment.

Xiao Hei's heart is constantly being strengthened.

First of all, the ventricles and atriums. After the blood energy of the Dragon Heart poured in, it was constantly reshaping and strengthening.

After that, there is the heart muscle.

Wait until the aorta.

Xiao Hei suddenly let out a painful roar from his throat.

When the aorta was strengthened, the blood in Xiao Hei's limbs and bones were all mobilized, rampaging straight into the heart!

The aorta is constantly being widened, and its toughness is getting stronger!

However, at this moment, the beating sound of the heart suddenly stopped...

Xiao Hei's eyes gradually became lifeless.

It's just that the various functions are becoming more and more vibrant...

The strengthening of the heart lasted for two full days.

After two days.

Dragon Heart disappears.

However, Xiao Hei's pain has not ended, on the contrary, it has just begun.

In the blood, that drop of golden blood essence, belonging to Lu Changsheng's blood essence, released a wisp of breath, moving slowly towards the heart!

The moment when that ray of breath enters the ventricle from the aorta.

Boom!

There was a huge heartbeat sound, like a thunderbolt gathered into a thunderbolt, it fell down, and the sound shook the sky!

The colorful glow was also shattered by this huge heartbeat at this moment!

Xiao Hei's body full of blood energy gradually appeared in front of Ji Qian Yao and others!

Out!

Yin Qi, Deng Zhun, and Wu Heng looked at the scene in front of them with ugly expressions.

This blood breath... I don't know how much stronger it is than before!

Could it be that this sky-level secret treasure is aimed at bloodlines?

Could it be that it is the blood of the emperor of the Dragon Clan?

Thinking of this, Yin Qi gritted his teeth and said, "Are you really going to stop us? If it's about the Dragon Emperor's blood, I'm afraid it will really cause a war!"

Ji Qian Yao said indifferently: "It doesn't belong to you, if you really want to start a sect war, then go ahead."

"Could it be possible that you Yaochi Immortal Palace don't want a piece of the dragon and phoenix bloodline? Now as long as we kill this son, we can share his bloodline equally!"

The blood of the former demon lord, plus the power of the blood of the dragon emperor.

How tempting this must be to them...

At this time.

Behind Yinqi, Ye Qiubai, who was originally standing on the side of Yinlong Villa, suddenly walked out and walked to the opposite side of Yinqi.

"As a big brother, I can't choose not to hear this sentence."

In Ye Qiubai's hand, there was a simple and simple long sword with a sheath suddenly held in his hand.

Big brother?

Yin Qi's expression changed slightly.

"What's the meaning?"

Ye Qiubai smiled, and said: "Literally, Xiao Hei is my junior brother. As a senior brother, I naturally can't just watch you murder my junior brother."

Hearing that, all the disciples of Silver Dragon Villa had extremely ugly expressions on their faces.

This person is actually in the same group as the former demon lord?

Ji Qian Yao also looked at Ye Qiubai in surprise.

Jin Wuwu watched this scene with great interest.

At this time.

Fang Qiong and Mu Fusheng also walked out from Chiyanzhai and Tianchenzong respectively, and stood side by side with Ye Qiubai.

Although he didn't speak.

But it was enough for them to understand.

They come from the same faction!

Anyway, Xiao Hei has already lost face with them.

Anyway, Master is coming too.

The purpose has also been achieved.

There is no need to continue acting.

Ye Qiubai first nodded slightly to Ji Qian Yao to express his gratitude.

Then he looked at Yin Qi and the others, his expression gradually turned cold, and said: "Although our strength is not yet able to resist you."

"But if you want to do something to my junior brother and risk your life, I can also bring you to hell, believe it or not?"

Speaking of which.

Ye Qiubai's hand has already held the scabbard of Qingyun Sword!

Chapter 992 Junior Brother Fang is quite shameless...

to be honest.

Whether Ye Qiubai joined Yinlong Villa back then.

Mu Fusheng joined Tianchen Sect.

It was Fang Qiong who joined Chiyanzhai.

None of them thought of this scene.

No one thought of it.

A few of them turned out to be teachers from the same school!

At that time, the joining of Ye Qiubai, Mu Fusheng and Fang Qiong brought a lot of shock to these three sects.

Ye Qiubai aroused the echo of Yinlong Villa, the treasure of the town, and also the sword of the founder of Yinlong Villa, the Silver Dragon Sword.

You must know that since the founding of the patriarch, no one in the entire Silver Dragon Villa has been able to trigger the echo and response of the Silver Dragon Sword.

But from the moment Ye Qiubai entered the Silver Dragon Villa, there was movement in the Silver Dragon Sword!

The entire Silver Dragon Villa fell into a situation of majestic sword intent and sword chant soaring to the sky.

What about Mu Fusheng?

Join the talisman masters of Tianchenzong.

was directly approved by the strongest talisman master of Tianchenzong, and at the same time, he was able to discuss with him.

Even, on top of certain talisman seals, the talisman master of Tianchenzong needed to ask Mu Fusheng for advice!

Fang Qiong directly broke through Chi Yanzhai's best record ever!

Broke into the third layer of the Scarlet Flame Formation!

For the three of them, they all fell into great excitement!

Which faction would not like geniuses and monsters?

Genius and monsters are the future and seeds of one power.

When the seeds germinate deeply, they can become a big tree in the sky. As the foundation of this force, it will support this force to reach unprecedented heights!

Ji Qian Yao wanted to laugh when she saw this scene.

No wonder there are so many arrogances in the Tianhe Starfield all of a sudden.

It turns out that they are all disciples of Senior Lu.

Immediately, he glanced at Jin Wuwu, and asked, "Your Golden Winged Roc clan should have known about it a long time ago, right? How do you think about it?"

Ji Qian Yao means.

Xiao Hei's joining the Golden Winged Roc Clan is bound to be only temporary, and it's only for the dragon's veins.

It will not have any substantive denial to the Golden Winged Rocs.

Jin Wuwu smiled sassily, waved his hands and said, "Of course I know, but our Golden Winged Peng family is different from Yinlong Villa and the others."

"Oh?" Ji Qian Yao raised her pretty eyebrows, "Why did you say that?"

"The previous demon lord was already so powerful, and now that he has returned with more talent, it is natural to seek some cooperation."

Hear here.

Ji Qian Yao understood, nodded and said, "You, the Golden Winged Peng clan, actually climbed a big tree."

Jin Wuxiu heard the words and said with a smile: "We still need to wait for him to grow up and take back the Demon King's Domain."

Hearing this, Ji Qian Yao knew that Jin Wuwu had misunderstood.

The big tree in her words is not referring to Xiao Hei and Demon King Yu, but the man behind him...

However, Ji Qian Yao did not explain this.

She wanted to see Jin Wuwu's reaction when he knew that Xiao Hei was a disciple of Senior Lu.

When he was in Mortal Village, Jin Wuwu had also seen Senior Lu's methods.

...

At the moment.

Standing beside Ye Qiubai, watching him touch Qingyun sword scabbard.

Mu Fusheng reluctantly took out countless talismans from the space ring.

I saw a piece of talisman seal, overwhelmingly swept out!

It was actually circling around Mu Fusheng's body, taking him as the eye of the storm.

Formed a storm condensed with talismans!

In the talisman seal, the destructive power of thunder is constantly being born.

For a moment, the entire world seemed to have darkened, and there was the sound of thunder in the sky, booming!

"Brother, next time you are going to do such an exciting thing, can you remind me in advance."

I saw Mu Fusheng's face was quite helpless and said: "Playing with heartbeats like this is really not good for the heart..."

Fang Qiong has also joined the thatched cottage for a while.

Also followed the elder brother, Mu Fusheng, and Xiao Hei all the time.

Gradually understand Ye Qiubai's character.

I saw him smiling, "Sometimes this kind of thing is unavoidable, Brother Priest should have gotten used to it long ago."

While speaking, Fang Qiong also directly activated the Holy Form Prison Body Skill, and created the spirit body of the Formation Formation.

The Annihilation Killing Array and the Immortal Fate Magic Array began to condense!

Mu Fusheng rolled his eyes and said, "I can't get used to this kind of thing at all!"

And he didn't want to get used to it either.

Mu Fusheng has a goal in life, which is to make senior brother and senior brother Xiao Hei get rid of this impulsive habit.

Unfortunately, now it seems that this goal can only be regarded as a dream.

Not to mention the long-term future, it is absolutely impossible!

When Fang Qiong condensed the Annihilation Killing Array and the Immortal Fate Illusionary Array.

Everyone in Tianchenzong and Chiyanzhai were stunned.

Immediately, he seemed to think of something, and his expression changed drastically!

Wu Heng roared directly: "You were the ones who stole the Dragon's Reverse Scale?!"

Deng Zhun also looked extremely ugly, and shouted angrily, "Where is Ni Lin? Return it quickly!"

The breath of the Immortal Fate Magic Array, they can be said to be very familiar with it!

After Ni Lin was stolen, they deeply imprinted the aura of the Immortal Fate Magic Array in their minds.

Thinking that when the dragon vein ends, report it to the sect, and let the senior sect mobilize people to find it.

But now, the prisoner is in front of their eyes!

Fang Qiong was not surprised by this, but responded flatly: "Secret treasures are naturally obtained by those who are capable. With our ability, we took Ni Lin away under your noses. Is there any problem?"

Ye Qiubai and Mu Fusheng directly turned their heads and looked deeply at Fang Qiong.

Suddenly they found out.

This Junior Brother Fang seems to be a bit shameless...

Now that things have happened, Mu Fusheng can only cover his head and sigh, and follow Fang Qiong's words: "I didn't intend to hide it from you for too long, but it is impossible for Ni Lin to give it to you, after all, we have reached the point of hostility."

"Huh." Wu Heng snorted coldly, drew out his long sword, and the aura of the peak of the God King Realm burst out!

"Since that's the case, then I will take you down, and Soul Search will be able to find out where Ni Lin is."

Deng Criteria gripped his spear tightly, looked up at Ji Qian Yao, and asked in a deep voice, "Should you not stop me from waiting for this matter?"

Ji Qian Yao showed a puzzled expression, tilted her head slightly, and asked back: "Why don't you stop them? As long as they are in trouble, I will naturally help them with all my strength, whether it is right or wrong."

Hearing Ji Qian Yao's words, Deng Zhun almost spit out blood out of anger!

Jin Wuwu was also dumbfounded and asked: "What do they have to do with you? Are you so protective?"

Ji Qian Yao said lightly: "You will know when the time comes."

Mu Fusheng looked at Ji Qian Yao with a horrified expression, thinking to himself.

What exactly did Master do?

How much ecstasy soup was poured.

To be so fascinated by the saint of Yaochi Fairy Palace?

Chapter 993: Ji Qian Yao is one against three!

There is only half a day left before the dragon vein is forcibly transmitted.

Xiao Hei's changes are still going on.

I saw streaks of blood continuously emerging from the surface of Xiao Hei's body, and blue veins were intricately climbing up Xiao Hei's body.

The energy of blood, the color of black and red, surrounded Xiao Hei's body like substance.

But this time, not only the blood of the demon god, but also the breath of the dragon blood!

Just, the most horrifying thing of all.

In Xiao Hei's heart, the little golden light is tiny.

But surrounded by layers of black and red blood aura, he still stands out.

It's just this tiny golden light, but it can occupy the main position under the combination of the blood of the demon **** and the blood of the dragon.

The mysterious breath emanating directly overwhelmed the fusion of the two bloodlines!

...

Below.

Yin Qi, Wu Heng, and Deng Zhun watched this scene eagerly, envious.

If this day-level secret treasure falls on them, how much will it improve their strength and talent limit!

I'm afraid it is possible to step into the God Master Realm in the future, right?

thought of this.

Yin Qi looked at Ji Qian Yao, holding a three-foot green blade, slowly wiping the blade of the sword, revealing a dazzling cold light!

"Is it really not allowed?"

Ji Qian Yao: "Why do you want to let me go?"

Yin Qi nodded, with a gloomy face: "Since this is the case, I have to try how strong the saintess of Yaochi is."

Besides, Wu Heng also held a long sword and said: "Since Ji Shengnv wants to stop us, then don't blame me for waiting to destroy flowers."

Deng Zhun snorted coldly: "It's just a woman, after I get the heavenly secret treasure and Ni Lin, and my strength improves, what will I have?"

Jin Wuwu twisted his wrist beside him and said, "Hey, don't you take me seriously?"

Yin Qi and the others looked very ugly.

The three of them may still have the strength to fight against Ji Qian Yao who has temporarily stepped into the God Emperor Realm through the Primordial Purple Qi.

But if you add endless gold, I am afraid there will be no winning rate...

Jin's endless strength should not be underestimated either.

After all, he is the one who has perfectly inherited the blood of the Golden Winged Roc clan!

However, Ji Qian Yao waved his hand and said: "You don't need to make a move, just right, I want to try how much I can master and what step I can do."

How much you master, naturally refers to how much primordial purple energy you master.

Hearing this, Jin Wuxian spread his hands, "If that's the case, then I'll just watch from the side."

Seeing this, Yin Qi also sneered, "It's a bit arrogant."

The voice just fell.

I saw a cold light flashing past where Yin Qi was standing!

Then disappear!

With the disappearance of the cold light, the figure caused by it also disappeared at this moment.

The next blink of an eye, she appeared in front of Ji Qian Yao, piercing out with a three-foot Qingfeng sword!

Just hear an angry shout!

"Suppressing Sword and Cold Mang!"

At the same time, Deng Zhun and Wu Heng also appeared on Ji Qian Yao's left and right sides respectively!

Launch the strongest attack at the same time!

Blocked Ji Qian Yao's dodging space!

Wherever Ji Qian Yao looked at, there were dots of cold light in front of him, and every point of cold light contained the meaning of endless fairy sword!

Extremely sharp.

Glancing to the left, Deng Zhun held a long spear and slashed at Ji Qian Yao from top to bottom!

Has the potential to destroy the world, with one shot, everything will be destroyed!

Wu Heng's sword on the right is completely different from Yin Qi's.

Silver Qi is fast and sharp.

Wu Heng is aggressive like fire!

The blade is surrounded by flames of destruction.

A sword is swung out, like a sea of flames falling!

Wherever it passes, everything will be burned!

The three of them are all top-notch figures in the first-class forces.

Natural strength, of course, needless to say.

It's just that Ji Qian Yao doesn't seem to feel any pressure.

The star-like eyes are still dull.

The hibiscus-like face covered under the blue tulle remained unmoved.

Ji Qian Yao flicked her fingers.

Suddenly, the silk and satin surrounding her, like a group of demons dancing wildly, greeted the attack of the three of them!

Unbelievable yes.

In the eyes of the world, thin and fragile silk and satin.

At this moment, in Ji Qian Yao's hands, it seems to have become the sharpest killer weapon!

Hongmeng purple air envelopes it.

It surprised the three of them at the same time.

His face was instantly shocked!

Before, I didn't feel the power of silk and satin positively.

Now fighting head-on, but feeling the real coercion!

Suppression of the power of Dao in their bodies!

Under the flying silk and satin.

Looks murderous.

But in silence, the attack of the three people dissipated!

At this moment, the silk and satin covered with primordial purple energy did not stop, but regrouped its power, and then attacked the three of them!

See it.

The three of Yinqi looked shocked.

Their strongest blow was broken so easily?

Moreover, Ji Qian Yao looked like a normal person at all.

The breath has not changed at all, it is still stable!

Looking at the silk and satin getting closer.

Feel the power on it.

They found that, in any case, there was no possibility of resistance.

Forcibly resisting, even if you don't fall directly, you may be seriously injured, and you may even be unable to recover for a long time!

Think here.

At the same time, the three of them took out the dragon vein jade pendant, crushed it directly, and sent it out of the dragon vein.

The disciples of Tianchenzong, Yinlong Villa, and Chiyanzhai watched this scene helplessly, but also crushed the jade pendant helplessly.

In this regard, the three major forces are directly eliminated at this moment!

The points obtained by the three major forces also directly belong to Yaochi Xiangong.

Jin Wuwu watched this scene helplessly, and said: "It seems that our Golden Winged Roc clan can't surpass the points of your Yaochi Xiangong?"

Ji Qian Yao glanced at Jin Wuwu coldly, "Why don't you come and try to grab it?"

Try it and die!

Jin Wuwu coughed loudly, waved his hands and said: "After this battle, I'm afraid you are tired too, so I won't take advantage of it."

Ji Qian Yao did not expose Jin Endless' lies.

But she did reach her limit.

Maintaining the majestic purple qi for a long time put a huge burden on her body.

After all, Ji Qian Yao is still unable to fully grasp the primordial purple energy.

Forcing action and improving strength consumes a lot.

Soon, the primordial purple aura was released, and the aura instantly became the peak of the god-king realm.

Seeing the whole process, Ye Qiubai and the other three looked at each other.

This Yaochi saintess seems to be quite powerful.

As expected of a woman who has a relationship with Master...

At this time.

Jin Endless reminded: "Come on, they are going out first, I am afraid they will tell their sect what happened here, and I am afraid that they will prepare in advance and catch us by surprise..."

Ji Qian Yao nodded slightly, "I hope Master and the others can notice..."

If you don't notice the abnormality, I'm afraid there will be some troubles then...

Chapter 994: Beyond the dragon veins, an undercurrent is surging!

Beyond the dragon veins.

When Yin Qi, Wu Heng, Deng Zhun and others teleported out.

The faces of Tianchenzong, Yinlong Villa, and Chiyanzhai's major suzerains all sank when they saw this scene.

Before the time came, it was sent out.

That also means that their three major forces are collectively out...

The owner of Yinlong Villa looked slightly cold, looked at Yinqi, and asked, "What happened?"

Yin Qi's face was ugly, but he didn't say anything in public. Instead, he transmitted the story of what happened to the owner.

The same is true for Deng Zhun and Wu Heng.

Of course, the more important thing is that Ni Lin and Xiao Hei obtained the heaven-level secret treasure.

And on the other side.

Ji Liuzhi and Patriarch Jin watched this scene.

The Jin Patriarch laughed loudly.

Ji Liuzhi stretched his brows, but he didn't seem particularly surprised.

After all, she knows that among them, Ji Qian Yao's strength is definitely not comparable to them.

"Sect Master Ji, now we just need to see whether our Golden Winged Roc clan has the highest points, or your Yaochi Immortal Palace."

Ji Liuzhi smiled: "No matter what, as long as it's not the three of them, it's enough."

"That's right!" Patriarch Jin grinned.

In the Tianhe Star Field, the Yaochi Immortal Palace and the Golden Winged Roc clan are originally in a competitive relationship.

But generally it's just healthy competition.

However, when the three sects forcibly invaded the Tianhe star field and competed for the dragon veins.

Yaochi Immortal Palace and the Golden Winged Roc clan have a faint tendency to join forces.

At this time.

The sound transmission of the three cases seems to have ended.

The three sect masters of Yinlong Villa, Tianchenzong, and Chiyanzhai had solemn eyes, and after looking at each other, they all nodded.

Immediately, they all secretly told their elders.

Tell them to go back and gather people, come here as soon as possible!

Patriarch Jin asked at this time: "It seems that this time, you don't have any right to speak about the dragon veins."

The owner of Yinlong Villa sneered, "So what."

The lord of Tianchen Sect also cast a cold glance at Patriarch Jin, with murderous intent in his eyes.

"I hope you can still laugh then."

Chi Yan Zhaizhu did not speak.

Hearing what the two said, Patriarch Jin frowned slightly.

The intuition of the strong made him feel something was wrong...

...

When there is still half a stick of incense before the end of the dragon vein.

In the eyes of Ye Qiubai and others.

The golden light in Xiao Hei's heart suddenly burst out at this moment!

With a loud roar.

Golden light filled the world.

The endless and mysterious breath seems to contain thousands of avenues!

Ji Qian Yao watched this scene, feeling in her heart: "Senior Lu's blood essence is really mysterious..."

Jin Endless also looked slightly happy.

This breath, as long as Xiao Hei doesn't fall halfway, it is inevitable to return to the peak period.

Moreover, the Demon Lord in this life will only be stronger than the previous life!

It seems... Father's decision was correct, such a talent is worth betting the fate of the Golden Winged Rocs!

Bet right, the Golden Winged Roc clan may be able to reach the level of their ancestors!

The Golden Winged Roc clan also had a god-level powerhouse.

It was only in the midway that an accident happened. After the death of the ancestor of the **** master, there was no successor, and most of the background was lost!

No one can perfectly inherit the blood of the Golden Winged Roc, which led to the decline of the Golden Winged Roc clan.

Ye Qiubai, Mu Fusheng and Fang Qiong also looked at each other and smiled.

Xiao Hei's breath began to pour into his heart along with the golden light.

Start climbing!

The strength of the physical body is being strengthened at a speed visible to the naked eye!

Until the golden light completely dissipates.

Xiao Hei opened his eyes, and slammed forward with a punch.

Suddenly, terrifying physical strength burst out at this moment!

The ancient tree in front of the sky collapsed in an instant!

The ground began to crack!

God King Realm early stage!

This is the answer sheet given by Xiao Hei in the dragon veins in the past fifteen days.

Now it seems that it is extremely perfect.

At this time, Mu Fusheng threw out a space ring.

Xiao Hei took it, looked puzzled, and found that there was a black scale in the space ring, which was surging with extremely powerful dragon blood!

It's Nilin!

Mu Fusheng smiled and said: "Brother, study after you go out, the dragon vein is about to end, maybe there will be big troubles after you go out."

Xiao Hei nodded, but did not say thank you.

After all, among the seniors in the cottage, there is no need to say thank you.

When there is a suitable opportunity for others, they will try their best to fight for it.

When there is a life crisis, Xiao Hei will also bet his life to block the robbery!

This kind of thing, no matter if it falls on anyone in the thatched cottage, they will do it.

This is beyond doubt.

And this moment.

A huge light came from the jade pendant!

The powerful power of space came out from the jade pendant, and then enveloped everyone.

There was a glimmer of light.

In this space, everyone disappeared!

Only the tragedy after the war was left...

...

Beyond the dragon veins.

The heads of the five major sects all cast their gazes over as the space in front of them began to distort.

Only four people, Ye Qiubai, Ji Qian Yao and Jin Wuwu appeared here with their sect disciples.

Patriarch Jin saw this and asked loudly: "How many points?"

Jin Wuwu smiled, took out the jade pendant, which showed thirty points, and said, "This time, we are the leader."

Patriarch Jin looked at the score above and said with a smile, "It's quite high."

After all, Xiao Hei has won the heaven-level secret treasure, which can be regarded as the points of the Golden Winged Roc clan.

"Which of their points did you rob?"

All three were eliminated.

It must be Yaochi Xiangong or the Golden Winged Roc clan who eliminated them and robbed them of their points.

But who knows, Jin Wuwu shook his head and said, "No."

No? !

Patriarch Jin looked at Ji Qian Yao with a calm face.

Ji Qian Yao revealed her jade pendant, which clearly showed twenty points.

Neither Tianchenzong nor Chi Yanzhai seemed to get points, after all, they didn't get Nilin, and they didn't inject Nilin's breath into the jade pendant.

Naturally, it will not be counted as points.

Yinlong Villa only scored five points.

"Then where did you get your thirty points?" Patriarch Jin asked suspiciously.

Jin Endless smiled: "Xiao Hei got a heaven-level secret treasure."

When he said this, Jin Wuwu's face suddenly became serious, he looked at the people of the three sects, and said to the patriarch Jin: "Father, call the clansmen immediately and come here as soon as possible!"

Patriarch Jin frowned slightly, and understood everything after hearing about the heavenly secret treasure.

Looking at the commander of the Golden Feather Army behind him, he shouted: "Send troops immediately!"

However, the voice just fell.

A huge barrier rose into the sky!

Instantly envelop everyone!

One breath after another soared into the sky!

"It's a bit late."

At this moment, the inner disciples of Yinlong Villa, Chiyanzhai, Tianchenzong and the people from the sect above have all rushed over!

Chapter 995: One finger, shocking reversal!

"Patriarch, the news cannot be released." The commander of the Golden Feather Army held a golden feather in his hand, and his face was extremely ugly.

Hearing this, Patriarch Jin also frowned slightly.

He also tried just now, trying to spread the news with spiritual energy, but he also couldn't break through the shackles of the barrier.

Even he couldn't send the message.

The strength of this enchantment can be imagined.

At least he has reached the level of a **** master!

"Which force did you send here?" Patriarch Jin frowned, looked at the suzerains of the three sects in front of him, and said, "With your background, you will definitely not be able to pull out an enchantment of this level."

The owner of Yinlong Villa sneered and said, "You don't need to care about that."

"Now, there are only two roads in front of you."

"First, hand over the heaven-level secret treasure and Ni Lin, and then hand over the ownership of the dragon veins to us this time."

"Second, that is to launch a sect war."

Speaking of this, the owner sneered: "But... in your current situation, maybe there is absolutely no possibility of victory in this war."

Almost all the combat power of the three major sects has come here.

At the same time, the suzerains of the three sects are as powerful as Ji Liuzhi and Patriarch Jin.

The three of them only need to hold back two of them, and the rest of them will definitely not be their opponents.

Chi Yan Zhaizhu also sneered: "If I were you, I would choose the first option, and use losses in exchange for the stability of the sect. Looking at it this way, it seems to be quite worth it."

The suzerain of Tianchen Sect laughed even more: "He who knows the current affairs is a hero. The two suzerains must understand the truth of this sentence, right?"

Ji Liuzhi hesitated, just about to say something, only to hear Ji Qian Yao suddenly say: "Master, don't worry, they are his apprentices."

Heard the words.

Ji Liuzhi was slightly taken aback, seeing the shyness in Ji Qian Yao's eyes when she said these words, she immediately knew who the person she was talking about was.

Then he glanced at Xiao Hei and the others with complicated eyes.

nodded and said: "In that case, let's go to war."

Hearing Ji Liuzhi's resolute tone.

Everyone was slightly taken aback.

Immediately looked at the four little blacks.

Who is that master that Ji Qian Yao is talking about?

Actually made her originally hesitant expression become so hard in an instant?

Patriarch Jin was also taken aback.

Could it be that Xiao Hei and Yaochi Xiangong have also reached a cooperation?

After all, they don't know who the master behind Xiao Hei is.

The only thing they could think of.

It was Ji Liuzhi and Xiao Hei who reached a cooperation and became a cooperative relationship, so they paid the price to keep him.

Patriarch Jin also came forward at this time, and came to Ji Liuzhi's side, with the huge wings behind him constantly flapping.

Every movement of the fan will cause strong winds and howling waves between heaven and earth!

"It is impossible for me to hand over the disciples in the clan to you. If so, then let's go to war."
snort!

Master Zhai sneered: "No matter who is standing behind you, if there is no news in the enchantment, how can it be possible to help?"

The proprietor said: "Even if we find out in due time, I'm afraid your two sects will also be destroyed..."

The head of Tianchen Sect looked directly at Xiao Hei, and said coldly: "If you come here by yourself, you can avoid the catastrophe of the two sects."

Xiao Hei didn't say anything.

Instead, he looked at Mu Fusheng and asked, "When will Master come?"

Mu Fusheng was taken aback, and said, "How do you know I'm called Shizun?"

He didn't tell Xiao Hei again, he notified Master about this matter.

Xiao Hei shrugged his shoulders, and said lightly: "I won the heaven-level secret treasure. After the blood burst, it will definitely arouse their jealousy. I will definitely find a way to get it at that time, and then there will definitely be a big move."

"Then, with your character, Brother Pastor, you will definitely be absolutely safe, so you will definitely notify Master."

Immediately, when he said this, he looked at Ye Qiubai with a sympathetic expression, shook his head and sighed: "It's just that senior brother, he has to be punished to sweep the mountain again."

Ye Qiubai was stunned.

Why did you involve me again?

I'm addicted to blame, right?

Mu Fusheng was also stunned, and asked: "Senior Brother Xiao Hei, if you activate and fuse this blood, can you still make your mind so clear?"

The previous Xiao Hei could only fight.

How could it be possible to think of such details!

Xiao Hei's already dark face became even darker at this moment.

Grinding his fists, he looked at Mu Fusheng and said, "I want to try to see how far I am now, brother priest, can you satisfy me?"

When Mu Fusheng heard this, he waved his hands and said with a sneer: "It's still not possible, let's go to the elder brother."

Ye Qiubai: "..."

Speechless.

Sect Master Tianchen saw that Xiao Hei didn't pay attention to his words at all, and snorted coldly: "You're looking for death!"

After finishing speaking, he stretched out his hand and grabbed Xiao Hei.

A huge hand appeared in front of Xiao Hei out of thin air, and began to hold the cage slowly!

The huge breath directly suppressed Xiao Hei and couldn't move!

The peak of the God Emperor Realm.

Facing the tyrannical strength, today's Xiao Hei has absolutely no room to resist.

He could only watch helplessly as the giant hand approached him.

Patriarch Jin snorted coldly: "Only you, an old man, can do such shameless things as oppressing people with such a low level."

Patriarch Jin originally wanted to say that he was so much lower in seniority.

But after thinking about it, Xiao Hei's seniority is higher than them!

When Xiao Hei ruled the Demon King Domain, they hadn't become the masters of a sect yet.

Patriarch Jin was about to make a move, but saw the space in front of Xiao Hei tearing apart.

Has a finger, sticking out under the horrified eyes of everyone.

I saw that the fingers lightly tapped on the huge palm, like a dragonfly touching water, feebly.

However, it was this feeble finger.

The palm of the lord of Tianchen Sect collapsed without a sound!

No big movement.

No huge breath, either.

Not to mention the irresistible aftermath.

Everything is so peaceful.

It looks unremarkable.

But the more so.

The more horrified the faces of Sect Master Tianchen and the other two Sect Masters were!

Those who can do this kind of thing must be strong in the Divine Master Realm!

Where did the **** master come here?

Even Patriarch Jin stopped his figure, held back his breath slightly, and stared at this weird scene with wide eyes.

A person who controls power to such an extent is too terrifying, right? !

Recalling what Ji Qian Yao said before.

Xiao Hei is that disciple.

Could it be that the owner of this finger is his master?

Only Ji Qian Yao and Ji Liuzhi were not surprised.

Because, with that man's strength, it seemed quite easy to do all of this.

Ji Qian Yao looked even more delighted, slightly clenched the silk with her palms, and murmured: "I can finally see you..."

"Who is the senior!"

The three suzerains asked questions at the same time into the space crack!

Chapter 996: Lu Changsheng, a straight man who is vibrating gold, is deeply in love with Ji Qian Yao

A finger protruding from the space crack.

The three suzerains were all in a cold sweat!

The power released in it seems ordinary, and it seems that there is no threat.

But, it is this finger.

But directly annihilated the palm of the lord of Tianchen Sect without a sound!

Even if the lord of Tianchen Sect didn't release his full strength.

But how many people can do this?

The patriarch of the Golden Winged Roc clan can't do it.

Ji Liuzhi, the lord of Yaochi Immortal Palace, is no good.

Chi Yanzhai, the leader of the two major forces in Yinlong Villa, is even more impossible!

"Senior, if there is any offence, I hope you will forgive me, but I ask you not to interfere with the current affairs."

The Sect Master of Tianchen Sect asked with a serious face and clasped his fists.

Besides, the two suzerains of Yinlong Villa and Chiyanzhai looked at each other with gloomy expressions.

It seems that she remembered what Ji Qian Yao said just now.

Is it impossible...

Things tend to develop in the direction that a person least wants to happen.

As they expected, a man in white slowly floated out of the crack in the space.

Seeing the man in white, Jin Wukong fell into a momentary panic, and immediately glanced at Xiao Hei and Ji Qian Yao, and immediately understood.

So that's the case...

No wonder Ji Qian Yao didn't have the slightest worry.

And when he was in the dragon's veins, he helped Xiao Hei so unreservedly.

It turned out that they were his apprentices...

Patriarch Jin also took a complicated look at Xiao Hei.

No wonder, when God Descended into the Starfield, God Lord Haotian would personally come to help them, help them hold the line, and even offend the two major God Lord powers.

No wonder, Xiao Hei's talent is even better in this life!

No wonder, Xiao Hei has such a strong self-confidence that he can ensure that he can take back the Demon King's Domain!

If it was this man, it would be normal for him to do all this.

side.

Ji Liuzhi looked at his disciple beside him.

as expected.

Ji Qian Yao stared at the man in white obsessively.

She has even reached a state of ecstasy, and everything around her is no longer in her eyes.

Seeing this scene, Ji Liuzhi helped his forehead helplessly.

but.

Now that he has come, they don't need to worry about this matter.

Those who need to worry about are Tianchenzong, Chiyanzhai, and Yinlong Villa.

It reminds me of Lu Changsheng's character of cutting grass and roots.

I am afraid that these three sects can retain a little bit of incense, which is already considered good.

At this time, Ye Qiubai, Xiao Hei, Mu Fusheng, and Fang Qiong all cupped their hands towards Lu Changsheng at the same time, and said, "Master."

Lu Changsheng didn't reply, but looked at the four of them with a dark face.

Finally, his eyes slowly fell on Ye Qiubai.

Ye Qiubai's body trembled.

Okay, okay, I understand.

This cauldron finally fell on his own head.

I can't get rid of it no matter what.

When the suzerains of the three sects heard these two words, they immediately looked horrified!

Master? !

If this is the case, then this matter will not end well.

After all, the opponent's strength is bound to surpass them and reach the realm of a divine master, otherwise it would be impossible to do this!

At the same time, it also means that they have nothing to do with Xiao Hei.

The heaven-level secret treasure, Ni Lin, has no chance with them.

Jin Wuwu also cupped his hands at this time and said, "Senior."

Looking over, Lu Changsheng looked a little puzzled, as if he was recalling something, but he couldn't think of it, so he asked, "You seem familiar."

Looks a little...familiar? ?

Jin Endless' face froze.

The other party seems to have never taken him seriously...

However, with Lu Changsheng's strength, even if he didn't take it seriously, Jin Wuxi could only smile wryly.

When Lu Changsheng looked back, he suddenly caught a glimpse of a familiar beautiful figure from the corner of his eye.

Unconsciously looked away.

Pupils shrank suddenly.

Why is this little girl here? ?

Immediately, he looked at Mu Fusheng suddenly, as if he was asking: "Why didn't you tell me that she was here?"

Mu Fusheng spread his hands and said: "I didn't think too much about it at the time, I didn't know that Master, you have a very close relationship with the saintess of Yaochi."

"What words! What words?!"

Lu Changsheng almost fainted from the anger.

What is a deep relationship!

Obviously what he said was very clear, and he went far enough, but he still followed, so what can he do...

At this time, Ji Qian Yao said in a pretty voice: "Senior Lu, long time no see, you recently..."

"I haven't been well recently." Lu Changsheng directly subconsciously said.

Hearing this, Ji Qian Yao pursed her mouth, saying that she was still rejected thousands of miles away after not seeing her for so long.

"Recently, I seem to have some problems with the cultivation of the Primordial Purple Qi. Can Senior Lu help me to take a look?"

After much deliberation, Ji Qian Yao found an excuse.

Lu Changsheng glanced at it, then curled his lips and said, "It's not bad if you don't grasp it. Don't tell such old-fashioned lies. It's useless to me."

Watching this scene.

Fang Qiong was a little dumbfounded, looked at Ye Qiubai and the other three, and asked, "Master...has he always been like this?"

Ye Qiubai patted Fang Qiong's shoulder and sighed, "Just get used to it."

The voice just fell.

Lu Changsheng killed him instantly with a look.

"Is it obvious to you? This matter has not been settled with you, it is best to be honest."

Ye Qiubai: "..."

At this time.

The faces of the three major families who have been placed have gradually become ugly.

However, facing a strong man like Lu Changsheng, he didn't dare to vent his emotions.

"Senior, why don't you just let this matter go?"

Xiao Hei is Lu Changsheng's apprentice.

If you want a heaven-level secret treasure, you must extract the power of his blood.

How could Lu Changsheng agree?

Chi Yan Zhaizhu nodded and said: "That's right, just treat it as a misunderstanding."

Although the head of Tianchen Sect felt displeased and frowned slightly, he still didn't say anything.

If you don't have enough strength, you don't have the right to speak.

However, the suzerain of Tianchen Sect frowned, but Lu Changsheng saw it clearly.

He can't stay in the high-latitude boundary all the time.

So, after he left, the other party might still attack his apprentices.

Although this possibility is very small, there are always some people in this world who will take risks for the sake of natural resources and earthly treasures.

So... just to be on the safe side.

Looking at the people from the three major forces, Lu Changsheng said slowly: "Sometimes, some things, some paths, as long as you take one wrong step, you will fall into a land of eternal doom."

Hearing what Lu Changsheng said.

The faces of the three major forces gradually became ugly.

"So, for the safety of my disciples, I don't want to keep you."

The three major groups were instantly dumbfounded.

Didn't you talk about it all, and don't participate in this matter?

Are you still aggressive? ?

Chapter 997: One layer not enough? Another layer!

After hearing what Lu Changsheng said.

Not to mention that the mentality of the three major forces has collapsed.

Even patriarch Jin and Ji Liuzhi felt that it was a bit too much...

This has already raised the white flag.

But also to kill them all.

Sure enough... a superpower like Lu Changsheng, who can't see through the depths, can't guess his temper at all...

Mu Fusheng nodded repeatedly at the back, looked at Fang Qiong at the side, and said, "You see, Master's approach is the most correct, weeds need to be cut by the roots, otherwise when the spring breeze blows, they will all grow back. "

"When you encounter a catastrophe, these forces will definitely want to come over and step on you immediately, and completely step on you into the quagmire, and you will never be able to climb out again."

Mu Fusheng is now afraid that Fang Qiong will learn badly from senior brother and senior brother Xiao Hei.

Whenever possible.

Immediately told Fang Qiong these truths.

Fang Qiong nodded dumbfounded after hearing this.

At this time.

The owner of Yinlong Mountain Villa said with an ugly face: "We have already taken a step back, why should senior be aggressive? Will you give up if you both lose?"

Chi Yanzhai Master also said in a concentrated voice: "Senior, sometimes it's not good to push people into a hurry."

Sect Master Tianchen said directly and harshly: "Although your strength is very strong, there are also seven people in this high-latitude boundary, who can compete with you."

Speaking of which.

Actually already obvious.

Ji Liuzhi said solemnly: "Sure enough, with the news channels of their first-class forces, it is impossible to pass through our heavy blockade and get news of the dragon veins. There will definitely be help from stronger forces behind them."

Patriarch Jin nodded: "Without the support of the god-level forces, it would be impossible to have such great courage and move the entire sect directly to this Tianhe star field."

Lu Changsheng raised his head slightly, looked at the three of them, and said, "So, you still have a helping hand."

The owner of Yinlong Villa heard the words and said: "That's natural, so it's better for seniors to retreat despite difficulties."

Lu Changsheng nodded, and said something that made the three major forces puzzled.

"Thank you for the reminder."

When the three major forces were a little confused.

Lu Changsheng raised his head, looked at the sky, and stretched out his palm.

In the palm of your hand, there is an extremely mysterious force that begins to flow.

Then it turned into a huge beam of light.

In the eyes of everyone, go straight to the sky!

When it rushed into the sky, the beam of light began to disperse.

It turned into a huge barrier!

Cover this world!

But, it doesn't end there.

The envelope of the first layer of enchantment only envelops the entire dragon vein.

Immediately.

The beam of light continued to shoot towards the sky.

It actually rushed out of the Milky Way Starfield!

is outside the Tianhe star field.

The beam of light spreads!

It turned into a huge enchantment, covering the entire Milky Way Starfield of Nuoda!

How big is the Milky Way Starfield?

At least a thousand times larger than the wild realm!

See this scene.

Not only the people of the three major forces, but also the Golden Winged Roc clan, or the Yaochi Immortal Palace, all showed expressions like seeing ghosts!

With every gesture, two barriers were completed.

The first barrier, covering the dragon veins.

The second barrier directly envelops the entire Milky Way Starfield!

This is how powerful it is.

is able to do such unpredictable things?

After doing all this.

Lu Changsheng clapped his palms, nodded and said, "This should be safe. Hey, you guys try it first to see if the news can pass through my two layers of barriers. If it can pass through, then I will make a few more layers." Get out of the barrier."

The owner of Silver Dragon Villa: "..."

Sect Master of Tianchen Sect: "..."

Chiyan Zhaizhu: "..."

That's what they're thinking now.

A strong man in the God Master Realm, can he do such a terrifying thing...

I'm afraid it seems a little difficult, right?

Ji Liuzhi smiled wryly and shook his head: "I used to think that Senior Lu was a strong person in the God Master Realm, but later I heard that God Master Haotian broke through the realm under the guidance of an expert, and now it seems that Senior Lu did it."

"At that time, I thought that Senior Lu was already a stronger existence than these **** masters, but when he saw this enchantment..."

Patriarch Jin also nodded with a wry smile: "Senior Lu's strength seems to have no end in sight..."

At this time.

Sect Master Tianchen took out a token, on which was engraved a word Yin.

When the aura is fully injected into the token.

The token began to exude a yin and yang energy.

This yin and yang energy, rush out directly!

But...

Under Lu Changsheng's slightly nervous eyes, he was blocked by the first barrier...

saw this scene.

Lu Changsheng heaved a sigh of relief.

It seems that they still overestimated their strength... maybe one enchantment is enough.

The people of the three sects are all pale and bloodless.

The news cannot be sent out.

Aid cannot arrive in time.

Then, their last hope, as well as their last confidence, dissipated.

Lu Changsheng took a step forward, looked at the three of them with a flat expression, and asked, "There shouldn't be any backup?"

Don't wait for the three cases to answer.

Lu Changsheng directly suppressed it in the direction of the lord of Tianchen Sect with a palm.

Looks light and fluffy.

But when the palm prints condensed.

But it seems to block out the sky!

The sunlight in the sky was covered by this giant palm print!

It was like the sky collapsed, falling towards the three major forces!

The people of the three sects all looked horrified when they saw this scene.

Immediately, the owner shouted: "Exhaust all your strength! Separate the troops to attack the barrier, and break the barrier, so that we can survive!"

However, Lu Changsheng obviously wouldn't give them any chance.

Even if this chance is slim.

Lu Changsheng clasped his hands together at this moment.

Above both hands, the avenue of swords began to wind.

In contrast.

Surrounding the three major forces, there is actually a storm of sword energy sweeping the earth!

Move towards them!

Space trembles.

The earth is crumbling.

The sky is tearing apart.

Everything in the world seems to be destroyed at this moment.

If there is no barrier to block.

I am afraid that the aftermath will spread to the entire Milky Way Starfield!

Some ascetics with a slightly lower level of cultivation may be directly shocked to death by the aftermath!

The members of the three sects began to burn their original vitality, and their strength soared.

But even so, even the palm prints and the aura brought by the storm of sword energy cannot resist!

See it.

The people of the three major forces finally showed signs of despair.

The owner of Yinlong Villa looked at Lu Changsheng and roared angrily, "Who are you?!"

This kind of strength, even in the body of a god-level powerhouse, he has never seen it!

Like a god.

One word can decide anyone's life or death!

Lu Changsheng looked at the owner like an idiot, and said, "You're going to die, and you still want to get me information."

After finishing speaking, put your hands together completely.

The storm of sword energy involved all the people from the three major forces.

Within the storm.

Everything is alive.

Cut off...

Chapter 998 Lu Changsheng: Don't come near me!

The three major forces, almost all of their combat power are now gathered here.

But.

During Lu Changsheng's blow.

But there is no possibility of resisting, just like a piece of paper, it is directly killed!

When the storm of sword energy dissipated.

There is no residue left in it.

Whether it is the physical body, the soul, or the vitality.

It seems that no one from the three major forces has ever appeared.

Patriarch Jin, Ji Liuzhi and the others watched this scene, all smiled wryly and shook their heads.

This level of strength...is too terrifying.

At this time, Lu Changsheng cast his gaze over.

Patriarch Jin and Ji Liuzhi immediately said: "We will keep our mouths shut about what happened to Senior Lu and what happened here."

And Patriarch Jin was even more ruthless after saying this.

He stretched out his hand, looked at the sky, and swore the oath of heaven!

Promise not to tell the things here!

Ji Liuzhi saw this and did as well.

After all, they have nothing to do with Lu Changsheng.

With nothing, how could Lu Changsheng be convinced?

See this scene.

Lu Changsheng nodded slightly.

Then he looked at Mu Fusheng and said, "Although I have searched with my spiritual sense, there is no trace left, but just in case, you should search again, for example, some battle traces left by them entering the dragon veins, also to smooth it out."

Mu Fusheng nodded upon hearing this: "Master, don't worry, I'm the best at this job."

Lu Changsheng nodded.

Ye Qiubai asked: "Master, what about you?"

It's good if you don't speak, but Ye Qiubai's utterance immediately attracted Lu Changsheng's attention.

Killed the past with a direct look.

"I'll deal with the mess you left behind!" Lu Changsheng said angrily, "I'll teach you a lesson after I clean up those three forces."

Speaking of which.

Lu Changsheng looked at Ji Liuzhi again, and asked, "They are here, are there any stronger people staying here?"

Ji Liuzhi shook his head: "All combat power should have been killed by seniors."
not to mention...

Even if there is, it is not your opponent, senior!

With your level of strength, I am afraid that the God Master Realm will be able to head-to-head...

After receiving an accurate answer, Lu Changsheng disappeared in place.

Ji Qian Yao's eyes also followed the direction where Lu Changsheng left.

Patriarch Jin spread his hands: "I'm afraid these three major forces are completely finished."

Ji Liuzhi looked at Ji Qian Yao and asked, "Senior Lu doesn't seem to have any feelings for you, Qian Yao...do you want to..."

But Ji Qian Yao immediately shook her head and said: "Master, I will work harder to cultivate when I go back. When I have enough strength, I can step into a stronger realm, which is enough for Senior Lu to ignore. Eyes are more on me."

Hearing Ji Qian Yao's words.

Ji Liuzhi nodded in relief, but at the same time he was also a little worried.

Don't worry, because Ji Qian Yao didn't feel sad because of Lu Changsheng's indifference to her, which caused her mood to shake.

Worried, because I was afraid that with Ji Qian Yao's talent, he would not be able to catch up with Lu Changsheng, and he might not be able to see Lu Changsheng's back in his entire life!

After all, the strength Lu Changsheng showed is too terrifying!

It's a level they can't even imagine!

At this time, following Lu Changsheng's return, Mu Fusheng also cleaned up all the traces.

Among the dragon veins, the traces of Yin Qi, Deng Zhun, Wu Heng and others' hands were completely wiped out.

"Master, all traces have been cleaned up."

Lu Changsheng nodded, then looked at Ye Qiubai, and said, "You boy, as a big brother, can't you save me worry?"

Ye Qiubai: "..."

The current Ye Qiubai is suffering beyond words!

"Okay, I owe you first, and remember to clean the thatched cottage and its surroundings after you go back."

have to.

Classic repertoire, sweeping the mountain.

Ye Qiubai had no choice but to say: "I understand, Master."

At this time.

Ji Qian Yao suddenly came behind Lu Changsheng.

Lu Changsheng seemed to have sensed something, and hurriedly took a step forward.

Ji Qian Yao pouted slightly upon seeing this, and said, "Senior Lu, I just want to ask you about some things about cultivation."

Lu Changsheng turned around and said helplessly, "Don't you have a master?"

"But you are stronger than my master." At this point, Ji Qian Yao blushed, and quickly looked at Ji Liuzhi, apologizing repeatedly: "Master, I'm sorry I'm sorry...I didn't mean that..."

Ji Liuzhi laughed dumbfoundedly, and waved his hand to express his indifference.

After all, it is a fact.

Lu Changsheng was speechless.

But after all, he has helped his disciple so much, it would be impolite to turn around and leave...

So I had to sigh: "Okay, what's the problem?"

Hearing Lu Changsheng's agreement.

Ye Qiubai and the four behind them also looked at each other and laughed.

Sure enough.

Master still has a knife mouth and a bean curd heart.

Mu Fusheng sighed in his heart: "Master, don't you know that your teaching means that the cause and effect has deepened..."

Ji Qian Yao, on the other hand, was full of joy, as if she was afraid that Lu Changsheng would be impatient and couldn't wait, so she hurriedly said, "I've been trying to combine the exercises of Yaochi Immortal Palace with the Primordial Purple Qi, but no matter what, I can't do that."

"I always feel that the Primordial Purple Qi has never been able to truly help me, it's just a foreign object."

Lu Changsheng just wanted to ask, what is the technique of Yaochi Immortal Palace.

However, thinking that this should be the secret of Yaochi Immortal Palace, forget it.

Thinking of this, Lu Changsheng stepped forward and said, "Relax your mind."

Ji Qian Yao followed suit.

Immediately, Lu Changsheng pointed out that he did not touch Ji Qian Yao's body, and a ray of divine consciousness shot directly into the center of Ji Qian Yao's eyebrows.

Suddenly, Ji Qian Yao's situation became clear under Lu Changsheng's probe.

also noticed the problem.

Yaochi Immortal Palace's skills, although in the entire first-class forces, or in the entire high-latitude realm, are extremely top-notch existences.

However, the level of Primordial Purple Qi is too high after all.

At the same time, Ji Qian Yao's strength is not enough.

This also leads to the fact that the difference in level is too large to be integrated.

Worst of all, it can only replace the exercises with the majestic purple energy.

Then, if you want to solve it, there is a way.

That is to improve the level of the mind.

Raising the level of the cultivation technique, when it can be accepted by the Primordial Purple Qi, can completely solve this problem.

So, Lu Changsheng shouted in his heart: "System, is there any possibility of improving this exercise?"

Meanwhile, above.

Ji Liuzhi was a little puzzled: "The majestic purple energy, after all, is a product of the world before the first opening of the world. Is there really a way for Senior Lu to solve it?"

Patriarch Jin shook his head: "I don't know, but since Senior Lu gave Ji Qian Yao this primordial purple energy, there must be some way."

Chapter 999: Yin and Yang

Yaochi Heart Sutra.

is the technique of Yaochi Xiangong.

Yaochi Heart Sutra, only women with strong yin energy can practice it.

Men have more yang energy, while women have more yin energy.

Cultivators, stabilize the state of mind, cultivate the power of the mind, and use this to control everything.

With proficiency in practice, one can control external objects with mental strength, and achieve the effect of strengthening external objects with one's own strength, such as Ji Qian Yao's silk and satin.

Cultivation is so successful that you can even produce the desired weapon and the desired attack method with one thought.

It is hard to guard against.

This kind of practice relies on the strength of the heart and one's own strength. When the strength of the heart and strength are improved, the foreign objects controlled or generated by one thought can be strengthened.

At the same time, Yaochi Heart Sutra, if you want to obtain the cultivation methods of the next few layers, you must pass an extremely difficult test.

Ji Qian Yao had passed the test before and obtained the perfect Yaochi Heart Sutra.

But, even so.

The level of Yaochi Heart Sutra is far inferior to that of Hongmeng Ziqi.

If you want to integrate the two, you must further elevate the level of the Yaochi Heart Sutra.

Under Lu Changsheng's shout.

In the system, conduct an investigation, and there will be a solution immediately.

【The Heart Sutra of Yaochi is dominated by yin qi, which violates the rules of heaven and earth. The most perfect thing is the interaction of yin and yang, and the fusion of each other can exert the greatest power of the Heart Sutra of Yaochi】

Yin and Yang interact with each other? ? ?

Lu Changsheng was full of question marks.

This...does it sound a bit like double cultivation?

If this is the case, this job can't be done any more!

There is no other way?

Lu Changsheng asked in his heart.

But the system has no echo.

It seems that this is the only way.

Looking at Lu Changsheng's embarrassed expression.

No...it's an extremely embarrassing expression.

Ji Liuzhi and Patriarch Jin shook their heads slightly.

Sure enough, even if he is as strong as Lu Changsheng, there are things he can't do.

Ji Qian Yao also smiled and comforted: "It's okay, Senior Lu, if you really have no choice, then forget it, some things should not be forced."

Heard the words.

Lu Changsheng shook his head and said: "It's not that there is no way, the way is already there, but there are some problems in implementing it."

"What's the problem?" Ji Qian Yao asked curiously.

Lu Changsheng didn't answer, but was thinking in his mind how to achieve yin and yang harmony without dual cultivation, so that the yin and yang qi in Ji Qian Yao's body can reach a balanced state, so as to raise the level of the Yaochi Heart Sutra go up.

Generally speaking.

If it weren't for the two sides to blend in with each other.

Even if Yang Qi is forcibly transferred into the woman's body, it is impossible for the other party to successfully integrate the Yin Qi in her body with it.

Sudden.

Lu Changsheng thought of a way.

In the beginning.

When I created the practice of Taichu.

Just thinking that all the power of rules between the heaven and the earth can be perfectly integrated, as if it will happen naturally, without any obstacles.

So.

Yang Qi and Yin Qi, can they be fused in the beginning?

Think here.

Lu Changsheng suddenly put his hand on Ji Qian Yao's wrist.

Ji Qian Yao was slightly startled, but she didn't move, and immediately let go of her mind.

I can only feel that from Lu Changsheng's fingers, there is a heat flow, which is slowly flowing into his limbs and bones through his wrist!

This is Lu Changsheng's yang energy.

In Ji Qian Yao's ear, Lu Changsheng's voice suddenly came.

"Mobilize the yin qi in the body, accept the yang qi, and after blending, follow the practice method of the Yaochi Heart Sutra to circulate for a week."

Ji Qian Yao is 100% convinced of Lu Changsheng.

Immediately follow suit.

Lu Changsheng stared at Ji Qian Yao's body, Yang Qi flowed into Ji Qian Yao's dantian, and then smoothly merged with Yin Qi.

In the yang energy, Lu Changsheng also injected the power of primordial beginning.

The result was not too different from what Lu Changsheng thought.

Under Ji Qian Yao's dantian, Yin and Yang began to merge.

With the help of the First Force.

It turns out that there is no difference between the fusion of water and milk!

Immediately said: "Run the Yaochi Heart Sutra."

Ji Qian Yao nodded, and began to use yin and yang two qi exercises.

this moment.

Ji Liuzhi looked at the aura emanating from Ji Qian Yao's body, and suddenly looked shocked!

"No! The Yaochi Heart Sutra cannot be cultivated with Yang Qi!"

However, at this moment, a barrier has been set up around Lu Changsheng and Ji Qian Yao. This is also for Lu Changsheng just in case someone would disturb or sneak attack.

Ji Qian Yao couldn't hear it at all.

Patriarch Jin said aside: "Palace Master Ji, let's wait. With Senior Lu's strength, since he did this, there must be his reason."

Ji Liuzhi looked anxious, "Yaochi Heart Sutra is a technique dominated by yin qi. If you use yang qi to practice, not only will your body's cultivation be lost, but even Qian Yao's life may be endangered." ah!"

At this time.

Ye Qiubai comforted at the side: "Master Ji, trust my master, you have seen his strength and knowledge before, if there is something that even the master can't solve, I'm afraid there will be no more in this world." People can handle it."

Crazy!

This sentence is extremely arrogant!

However, everyone present did not have any desire to refute!

In this world, is there any problem that Lu Changsheng cannot solve?

If Lu Changsheng can't solve it, then no one can solve it?

Lu Changsheng naturally observed the outside world.

After all, it is necessary to check whether there is any danger.

If you are not in the world of longevity, you will always lack a sense of security.

After hearing Ye Qiubai's words.

Lu Changsheng said: "Ye Qiubai, go back and scan the entire longevity world."

Ye Qiubai was stunned and dumbfounded when he heard the words.

This...why?

What am I doing wrong again? ?

Am I pretending for you?

Mu Fusheng patted Ye Qiubai's shoulder from the side, shook his head and sighed: "Oh, senior brother, Master doesn't like to show his strength in front of outsiders, but you still use such arrogant words to brag about Master, isn't that true?" Put Master on fire?"

Ye Qiubai: "..."

That's what it says.

Ji Liuzhi still tensed up when he found that Ji Qian Yao was abnormal.

will immediately take action and rescue Ji Qian Yao desperately!

However, time passed by every minute and every second.

A day is like passing by in the blink of an eye.

The problem did not appear.

Ji Qian Yao's aura started to skyrocket!

Yin and Yang are perfectly integrated in Ji Qian Yao's body! There is no barrier!

Yaochi Heart Sutra also successfully completed its transformation at this moment.

Even, in Ji Qian Yao's body, the two qi of yin and yang began to slowly evolve into a breath of the way of yin and the way of yang...

Breakthrough to the early stage of God Emperor Realm in one fell swoop!

Seeing this scene, Ji Liuzhi's eyes were filled with disbelief.

Then suddenly turned to look at Lu Changsheng.

The untold secret of their Yaochi Immortal Palace, the strongest technique, was transformed and strengthened by Lu Changsheng?

Recalling what Ye Qiubai said before.

Now I also feel that it is not unreasonable...

Chapter 1000: It's over here, go to the dark realm

The death of the three major forces.

It caused an uproar in the entire Milky Way Starfield.

Countless forces started wild guesses when they discovered that the three major forces had been razed to the ground, and there was no life left.

"Could it be the work of Yaochi Immortal Palace and the Golden Winged Roc clan?"

"It shouldn't be possible. The strength gap between the five major forces is not too big. What's more, Yinlong Villa, Chiyanzhai and Tianchenzong are all twisted into one rope. The Peng clan was destroyed?"

"In other words, they offended the powerful forces."

There are also strong people sneaking into the range of the three major forces to investigate, wanting to see what remains of the background, or what traces can prove which force did it.

But.

But there is no clue.

It seems that all the traces of the shot and the remnants of human traces have been deliberately destroyed.

It is completely impossible to determine who made the move.

This made the strong men who entered the three major spheres of influence look horrified and suspicious.

It is possible to destroy the three major forces without leaving any traces.

I'm afraid only those god-level forces can do it, right?

only.

What makes them puzzled is.

God-level powers make a move, why do you want to erase all traces?

Why hide your whereabouts?

For them, they can do anything in a high-profile manner without any cover-up.

The strength must reach a certain level. In this high-latitude boundary, there are fewer and fewer things that can threaten them.

Why bother to erase the traces?

...

at the same time.

In a certain god-level force.

A woman who looks extremely petite, but no one dares to underestimate her face is gloomy.

"You mean, the three forces sent to the Tianhe star field were all wiped out by an unknown person?"

Below.

An old man knelt on the ground with one knee, buried his head in front of his chest and nodded: "Yes, and there are no traces left. Our people have no way to find any clues."

"The soul card doesn't record breath?"

The old man shook his head, and replied in a deep voice: "No, the soul card didn't even shatter immediately."

In the soul card, there is a wisp of the soul of the person concerned.

However, if the breath of the soul is completely blocked, then even if the person dies, the soul card will not be able to give feedback immediately.

certainly.

To block the breath of the soul card, this kind of formation is too rare, even for the power of the **** master level, there is no such formation.

Directly block the connection between the soul.

One can imagine how strong this kind of barrier needs to be to be able to do it.

"Since this is the case, it can only be done by several other god-level forces."

The Lord Yin Yang's face was extremely gloomy, and the anger had already flooded into his heart, and it was impossible to suppress it!

So much so that the space around her began to shatter.

The old man below broke out in a cold sweat, and it was extremely difficult to resist this breath with all his strength.

You know, he is also a super existence in the half-step God Master Realm.

"Have you noticed any movements of the other god-level forces?" asked the Yin-Yang God Lord.

The old man shook his head: "After the accident in the Tianhe Star Region, I sent people to investigate the movements of the other six God Lord-level forces these days, but they found nothing."

Lord Yin Yang gritted his teeth and said, "If it wasn't made by a few old things like them, who else could it be?"

Destroy three first-class forces at the same time, and there is such a powerful enchantment formation.

can also erase all traces.

This kind of thing is impossible for someone who is not a strong person in the God Master Realm!

"Go and investigate!" The Lord Yin Yang slapped his huge throne with a palm, and the throne and this palace collapsed instantly!

"If you can't find it, then go to the dark field to buy news!"

Under the suppression of this strong breath, the old man couldn't help spurting out a mouthful of blood even after the aftermath of a palm.

The old man clutched his chest and nodded in pain: "Understood, I'll go right away."

After watching the old man leave, the Lord Yin Yang looked at the sky with a gloomy expression.

The sky is now full of dark clouds, lightning and thunder!

"If I find out who is intervening, don't blame me for being ruthless..."

But, how do they know.

With the methods of Yin Yang Shenzong, it is bound to be impossible to find Lu Changsheng.

Not to mention going to the dark area to buy news.

Not to mention whether the Dark Realm knows if Lu Changsheng did this.

Even if they knew about it, they would probably refuse to sell the news to Yin Yang Shenzong.

They know Lu Changsheng's strength.

The dark domain is originally a force that sells news. Since it is selling news, it is natural to pursue profits.

Which side is in the higher interest?

It's easy to figure out...

...

Tianhe Star Field.

Ji Qian Yao is trying to integrate the majestic purple energy into the Yaochi Heart Sutra.

Breath is rising steadily.

Now it seems that this method is very correct.

Lu Changsheng nodded.

Ji Liuzhi walked over at this moment, bowed to Lu Changsheng, and said, "Thank you, Senior Lu, for guiding me as an apprentice."

Lu Changsheng waved his hand and said, "You have helped my troublesome disciples so much, and that's what you should do."

"Talk for tat, this should be your reward. If it's not enough, I've put the background of the three major forces in this space ring. You can see how much you share."

The meaning of Lu Changsheng's words is very clear.

You have helped my disciples, this is kindness.

Now, I help you destroy the three major forces, give you all the resources of the three major forces, and teach your disciples.

So.

This kindness can be regarded as repaid.

Ji Liuzhi, as a first-class palace lord, naturally understood the meaning of Lu Changsheng's words.

Can't help but sigh in my heart.

It seems that it is still as difficult for Qian Yao to get close to Lu Changsheng...

Now, I have no choice but to nod and said: "Don't worry Senior Lu, we understand what you mean."

Patriarch Jin also echoed with a smile: "Don't worry, Senior Lu, the favor has been cleared."

Lu Changsheng nodded.

Then he looked at Ye Qiubai and the others behind him.

Glaring at Ye Qiubai, he said: "As a senior brother, you should make a good start, don't always bring your juniors into trouble!"

Ye Qiubai: "I didn't..."

"Still sophistry?" Lu Changsheng stared.

Ye Qiubai: "I understand..."

"However... this moment is not that moment, and there is not much time left for matters in the fairy world. While ensuring safety and minimizing cause and effect, we should improve our strength as soon as possible." Lu Changsheng suddenly said seriously: "I need you, at least you can have the ability to protect yourself, understand?"

Ye Qiubai and the four looked at each other, and then nodded their heads.

After explaining.

Lu Changsheng disappeared in place.

However, he didn't go back directly to the Longevity Realm, but ran towards the territory of the Dark Realm.
