

My Fabulous Girl Boss by Evergreen

Chapter 863 Kayson smiled and said nonchalantly, “Sir, let’s head to *Moonly Olympus* right away!”

The driver drove in a different direction while Christine said incredulously, “Y— You can’t be joking, right!”

‘How can Kayson possibly be acquainted with a person like Zeke?’

Zeke was a man capable of holding the post of *Moonly Olympus*’ general manager, and she could not imagine how powerful Zeke’s backers and support were.

“Do I look like I’m joking to you, future chairman Ms. Locke?”

Christine was astounded and remained in her absentminded state constantly until the car drove into the entrance of *Moonly Olympus*.

The three of them got out of the car. Eira inhaled sharply in shock. “This really is *Moonly Olympus*...”

Christine was completely incredulous as well. Meanwhile, two figures walked out of the lobby.

It was a man and a woman, and they were the anxious Zeke and excited Sia.

Zeke stepped forward quickly and bowed while he spoke

in a respectful tone. “You’re here, Mr. Yarde! I’ve already prepared the private room for you, and I shall take you there.”

Kayson asked, “Has your owner returned?”

Zeke felt his chest tighten, and his forehead was drenched in a cold sweat.

It was not a simple question because even though the others may not know yet, he had already received news about Kayson killing Randall in view of his position as one of the top administrative personnel in *Eden Joy*.

“No... Not yet...”

Zeke felt an immense pressure over him that he could never have imagined.

He felt that the answer to Kayson’s question would be doom.

However, it was not him that would be doomed but their employer!

In fact, he had even begun to worry for his employer’s life in view that Kayson was capable of killing a smasher.

“Mr. Russell, I don’t think I’m that scary, right?”

Kayson expressed his gloominess because he could feel Zeke’s fear, panic, and terror! Zeke was almost in tears upon hearing Kayson’s remark.

‘Aren’t you scary? You’re f*cking scary!

‘I remember every bit and detail of how I became acquainted with you! I’m scared that you will make things difficult for me if you’re a narrow-minded person! Can I not be scared of you?’ He did not have the courage to say it, of course. Hence, he could only smile shyly and say, “You’re not scary, Mr. Yarde. It’s only that the weather is quite hot these days, and I sweat easily.”

“Ah.” Kayson sized up Zeke before he said, “Please lead the way then, Mr. Russell.”

Zeke was relieved and led the way respectfully.

Christine and Eira were stupefied from shock!

Zeke Russell, the general manager of Moonly Olympus, was a hugely influential figure in Skyspring!

‘Zeke is probably acquainted with countless bigshots through the superiority of Moonly Olympus, so he doesn’t even need to lower himself when he is interacting with the provincial chief, right?’

‘What did Kayson do to make the general manager of Moonly Olympus so scared of him!?’

Christine

and Eira exchanged one glance with each other, their eyes tainted with a tinge of puzzlement at the same time.

The group was brought to one of the most luxurious private rooms, the Sky Lunar Deck.

Zeke was planning

on leaving as soon as he could so Sia could attend to Kayson's needs, but he did not have the courage to do so!

Hence, he stayed behind and took Kayson's orders personally. Christine was rendered speechless by Zeke's attentive service despite her worldly experience.

At the same time, she was very curious about what Kayson had done to Zeke!
