

My Fabulous Girl Boss by Evergreen

Chapter 869 The corner of his lips, curled into a cold smile. “Bow down and apologize to my girlfriend, or else don’t even think about walking out of my hotel!”

Christine was about to speak when Kayson raised his arm to stop her and said nonchalantly, “I’ll do it.”

“But”

Christine’s expression was solemn because she was dealing with an influential family like the Friths in Skyspring

Jensen’s eyes lit up when he noticed that Christine was so beautiful that her beauty was superior to his so-called girlfriend.

‘I’m going to finish off the boy first before I take the woman with me so I can toy with her as I like ...’ Jensen thought and let out a grunt!

“Boy, do you think you’re the hero trying to save the beauty? You’re just a piece of sh*t!”

Kayson did not mind at all. “What is your name?”

“Jensen Goldberg !” Jensen said in a stern voice, “How dare you bully my woman? It’s your unlucky day!”

“Ah? I don’t think so. We have yet to find out who’s the unlucky one.”

Upon saying that, he made a call to Jeremy and asked for Caleb’s phone number.

However, the person who picked up the call was not Caleb but Master Vaise.

T

It was apparent that Master Vaise led the Friths for the time being

“Kayson?”

Master Vaise was astonished because he did not expect that Kayson would call. “Oh, Master Vaise ... There’s this person named Jensen Goldberg who manages a luxury hotel owned by the

Friths. Are you aware of him?”

Master Vaise said, “Please hold on, I’ll ask...”

Master Vaise returned a moment later. “There is such a person, and he is managed by Damon Frith. Did he offend you?”

“His woman claimed that she would make sure that I can’t walk away from Skyspring. He’s helping his woman to make a stand and is planning to handle me now.”

Master Vaise’s tone turned icy cold instantly, and he said angrily, “This is absurd! Jensen is doomed! Kayson, please remain calm, and I shall instruct Damon to deal with Jensen right away!”

“Sure.”

Then, the phone conversation ended.

Jensen furrowed his eyebrows and said with a sneer, “Boy, are you trying to get some clueless person to protect you?”

“Let me tell you this, not even God can protect you even if He were here!”

Kayson was rendered speechless. “Idiot.”

Jensen was furious. Then, he took a step forward, and his powerful grandfather aura was unleashed. “How dare you insult me? You’re doomed!”

Kayson’s expression remained unchanged. He looked toward Jensen coldly and emitted an even more violent aura to overpower Jensen’s aura.

Jensen's pupils constricted in fear, and he expressed his shock. He could not refrain from backing away with cold sweat dripping down his forehead. "Y— You..."

His lips were parched, and his expression was filled with shock.

Meanwhile, his phone rang.

Jensen hastily pulled out his phone and saw the caller ID stating 'Damon Frith'

.

He felt anxious in his heart and picked up the call right away.

Jensen said shakily, "Mr. Frith—"

"F*ck you, Jensen! Don't implicate me if you're trying to get yourself killed! How dare you offend Mr. Yarde when you're not even worthy of being killed by him!?"

"Bow down and beg for Mr. Yarde's forgiveness at once! If you have the courage to implicate me, I'm going to kill you with my own hands later!"

Over at the other end of the call, Damon's raging voice startled Jensen so much that his knees buckled and his face turned ghastly pale!
