

MY HIDDEN 1031

Chapter 1031: Happy Date?

Hearing some movement from the bed, Fu Hanzheng went into the bathroom to fill up the bathtub with water and put a robe by the bedside.

“Want to get up? I will have someone deliver lunch.”

“No thanks!” Gu Weiwei said annoyedly as she hid herself under the blanket.

Fu Hanzheng raised his eyebrows in surprise. She was angry.

Since they had not met often and she had been too attractive the night before, he had lost control of himself and ignored her feelings.

“After lunch, we are going out to buy you a gown for the Prince’s banquet tonight.”

Gu Weiwei lifted the blanket, showed her face and said, “I will go with Lei Ning.”

“The bathtub is filled with water, you can take a bath and we can go out for lunch, then we can go there,” Fu Hanzheng said.

Gu Weiwei reached out for the robe by the bedside, put it on and climbed out of the blanket. The moment her feet touched the floor, she felt that her legs had turned soft. She glared at the man who was the culprit.

Fu Hanzheng chuckled guiltily and carried her into the bathroom, in case she couldn’t walk there.

Gu Weiwei stayed in the bathtub for more than half an hour before she got changed and came out for lunch.

Seeing her looking listless, Fu Hanzheng asked kindly, “What about going to a spa? There should be enough time.”

Gu Weiwei poked the steak on the plate. “No need.”

There was so much evidence of their love making on her body, was she crazy enough to ask the masseuse to see them?

Seeing her rejection, Fu Hanzheng poured a cup of coffee and gave it to her.

“Still so angry?”

Gu Weiwei glared at him, not wanting to talk about this topic any more.

They ate lunch together, drove to the nearest mall and picked out a suitable gown for her.

Since Arab women tended to wear conservative dresses, she also chose a conservative gown. The high-collar gown perfectly concealed the flirty traces on her body.

Then she asked someone to put on exquisite and beautiful makeup and tied up her hair.

The two of them got into the car and rushed to Prince Walid's mansion.

On the way, Fu Shiyi texted her.

[Sister-in-law, having a happy date?]

Gu Weiwei read the text but did not reply.

But soon, Fu Shiyi sent a second and a third text.

[Sister-in-law, you know that in order to send Lei Ning to your side, I was beaten up and now I can't even go out for work.]

[So, can you ask my brother to lower the required profit?]

...

She leaned against the back of the chair lazily and gave him the phone.

"Answer him yourself."

Fu Hanzheng took over the phone, took a look at Fu Shiyi's text and replied with one word.

[No.]

Fu Shiyi did not know that it was his brother who replied, so he sent another text.

[Sister-in-law, I got injured because I donated my body to you. My arm is broken, can you not be so cruel?]

Fu Hanzheng scowled at Fu Shiyi who was pretending to be pitiful on WeChat and replied.

[I am sure that your bones are not broken and I will not reduce your required profits.]

Fu Shiyi must have sensed that something was wrong with his tone, so he asked when he thought of his brother and sister-in-law.

[Brother?]

Fu Hanzheng replied coldly.

[Anything else?]

Soon, Fu Shiyi replied.

[Forget what I said just now, have a good date with sister-in-law.]

Seeing him stopping, Fu Hanzheng returned the phone to Gu Weiwei.

Gu Weiwei glanced at the conversation between the two brothers and asked, "Fu Shiyi's hand is really fine?"

Lei Ning said that she had been too heavy-handed. Could he have been seriously injured?

"It was just a dislocation and it has already been sorted," Fu Hanzheng said.

Chapter 1032: Lovely Wife

“...”

Gu Weiwei knew that he and Fu Shiqin must have set Fu Shiyi up again.

She was used to their trickery, so she was not surprised at all.

Fu Hanzheng took hold of her hands and asked, “The sunrise in the desert is also very beautiful. Want to watch it?”

Gu Weiwei squinted at him. “Don’t you need to work?”

He did not look like he was on a business trip, but more like a vacation.

“Work is arranged for in the afternoon,” Fu Hanzheng said.

In order to stay with her for a few more days, work was not as intense as before.

“Then let’s go.” Gu Weiwei agreed.

Although they had been together for a long time, they were very busy with work and it was not convenient for them to go out, so they rarely had time to hang out together.

Fu Hanzheng made a call and asked the assistant to make the arrangements, the car then parked outside the Prince’s mansion.

The driver opened the door and Fu Hanzheng got out of the car before he took her hand.

The Prince’s mansion was luxurious and the banquet was just for the two of them.

It was a private banquet, but Fu Hanzheng and the Prince were still talking about work, whilst Gu Weiwei was with the Prince’s wife and children.

Although she was not very familiar with Arabic, it was a good thing that they had an interpreter within the palace, so communication was not that difficult.

The prince’s youngest daughter, Sara, was only thirteen or fourteen years old. She was practicing piano music before dinner started. When she knew that she had also learnt piano, she invited her to play Shuman’s song with her.

Hearing the piano sound, Prince Walid stopped talking with Fu Hanzheng and said sincerely, “You have a very lovely wife.”

Fu Hanzheng raised the glass and replied in Arabic.

“Thanks.”

The two of them finished listening to the piano song in silence and continued with their work.

Gu Weiwei soon became familiar with the Prince’s family and the banquet went very well.

After dinner, the Prince saw them off and shook hands with Fu Hanzheng.

“I look forward to seeing you here.”

They said goodbye to the Prince and his family and Gu Weiwei asked as they got into the car, "So by that the Prince meant that you have reached a preliminary agreement?"

"Probably, but it's thanks to you coming here today," Fu Hanzheng said with a smile.

Gu Weiwei chuckled. "It's none of my business."

"In the past two days of the meeting, Prince Walid has not made it clear that he wants to cooperate with us, but after seeing you and Sara playing the piano, he agreed," Fu Hanzheng said.

Honestly speaking, he had not expected that the meeting, which had never been successful, would be completed tonight.

"Because of me and Sara?" Gu Weiwei found it increasingly incredible. She had only agreed that if she ever came here, she would be Sara's piano teacher.

"Prince Walid loves his youngest daughter very much, and he said that her birth brought him a lot of luck," Fu Hanzheng explained.

Gu Weiwei smiled in disbelief and leaned her head against his shoulder.

Fu Hanzheng looked down at her. "Are you tired?"

"I feel a bit dizzy after drinking."

Gu Weiwei closed her eyes to take a rest, but the more she slept, the deeper she fell. In the end, she fell asleep.

Also, she didn't even know how she was carried out of the car.

Chapter 1033: Flirty

At three in the morning, Gu Weiwei was woken up by Fu Hanzheng.

"Weiwei, we should leave now."

Gu Weiwei rolled over in pain. She should not have agreed to watch the sunrise in the desert so early.

Fu Hanzheng kissed her lips and urged her.

"Get up now, time to go."

Gu Weiwei got up drowsily, changed into a pair of long sleeves and pants, followed him out and fell asleep in the car.

It took more than an hour to arrive at the desert protection zone.

When they arrived at the place, Fu Hanzheng asked his men to wake them up when they were ready, so he allowed her to continue sleeping in the car.

It was not until half an hour later when the driver came to inform them that the hot air balloon was ready did he wake up the girl who was still sleeping against him.

"Weiwei?"

Gu Weiwei opened her eyes and saw that it was almost dawn, so she followed him out of the car.

Not far away, the huge hot air balloon was ready to take off.

Fu Hanzheng helped her in and followed her into the basket. The pilot talked with them for a while and then the hot air balloon rose into the air.

The hot air balloon rose higher and higher, floating over the endless desert.

The morning sun was rising on the horizon, making the desert look even more magnificent.

With one arm over her shoulders, Fu Hanzheng watched the beautiful sunrise in the desert with her, yet he kept glancing at the girl's beautiful side profile.

Gu Weiwei sensed it and looked into his eyes.

"Why are you looking at me instead of the scenery?"

"You look better than the scenery." Fu Hanzheng blurted out.

Gu Weiwei took hold of his waist with a smile. "Okay, okay, you can flirt with me."

With his arms around her, Fu Hanzheng kissed her forehead with a smile and looked at the beautiful scenery of the desert.

In the past, he had never been a person who was greedy for pleasure. Every day, his life revolved around work.

But because of her, he realized that there were many wonderful things in the world.

And the best part of this was that she happened to love him too.

The hot air balloon flew in the air for an hour before landing near the camp. The hot air balloon company copied the video drive for them.

They drove back to the apartment and ate breakfast together.

Then he video-chatted with Fu Shiqin about the domestic work, whilst Gu Weiwei made a cup of coffee and continued to study the new movie script.

Fu Shiqin said, after they finished talking about work in the video, "Brother, don't delay your work for too long. Our father knew that you were going on a business trip for one week and asked me why you were going for one week instead of two or three days."

Hearing his voice, Gu Weiwei looked at Fu Hanzheng in astonishment.

Fu Hanzheng glanced at her, took a sip of the coffee and asked Fu Shiqin, "What did you say?"

"Of course Prince Walid is not easy to deal with, so he doesn't suspect anything. But if you are not back in a week, I will not be able to deflect his suspicion." Fu Shiqin reminded him.

If it was just a business trip, his brother would have finished it within two or three days.

But he was actually going on a secret date with his sister-in-law, and his work was just a solution.

He was worried that the two of them would forget about the time and not come home in time. If that happened, he would not be able to explain himself to his father.

Chapter 1034: Not as Loving as Fu Hanzheng

When Gu Weiwei and Fu Hanzheng were meeting in secret in Dubai, Cayman Dorrans rested for a while in Italy and asked Matthew to arrange a plane to A Land.

Matthew knew that he was going to fetch his daughter's body, so he asked, "She has divorced Fu Hanzheng, are you really going to let her stay in Hua Land and not bring her home?"

He had only met her once in Slovakia and now he was seriously ill.

Also, they received news that the Old Lady of the Fu Family was seriously ill at the wedding and forced Fu Hanzheng and Weiwei to divorce.

It seemed that the Fu Family was not going to accept her.

"She is already an adult, I should respect her choice," Cayman Dorrans said sadly.

He wanted to bring her home too, but he knew that she did not want to come home and... he was not in a safe position either.

He did not want to experience the tragedy of the past again.

Matthew sighed helplessly, knowing that he was blaming himself for her death.

"If the Fu Family never accepts her, will she be left alone in Hua Land?"

"She still has Fu Hanzheng, right?" Cayman Dorrans asked with a smile.

If Fu Hanzheng wanted to truly divorce her, he would make her leave Hua Land even if she did not want to return to the Dorrans Family.

But Yuan Shuo had told him the details and Fu Hanzheng had known about her identity, yet he still chose to marry her.

"Even if Fu Hanzheng is still on her side, if the Fu Family continues to be like this, who can guarantee that he will always be on her side?" Matthew was still worried when he thought about it. The Fu Family and the Gu Family had a blood feud.

Although she was not a child of the Gu Family, she had been in a relationship with the Gu Family for more than twenty years. Also, she was the one who came to the Gu Family which led the Dorrans Family to help the Gu Family.

The Fu Family would not accept her so easily, just because of these two things.

"If Fu Hanzheng is on her side in this matter, I am not worried that anything will change his choice."

Compared to Matthew's worries, Cayman Dorrans thought very highly of Fu Hanzheng.

Matthew looked at his suspicious old friend in disbelief. "You have never met him, and yet you trust him so much, right?"

“Matthew, I think that in Weiwei’s eyes, he is the only person who loves her so deeply.” Cayman Dorrans sighed with a complicated expression.

Neither he nor the Gu Family where she grew up loved her as deeply as Fu Hanzheng did.

Therefore, even after what happened at the wedding, she still chose to return to Hua Land where Fu Hanzheng was.

As a father, he had never given her such a sense of security and love.

At least not now.

Hearing his words, Matthew was speechless, as if what he had worried about was indeed unnecessary.

“Alright, go and make the arrangements.” Cayman Dorrans sighed deeply and said, “I can’t interfere with her and Fu Hanzheng, but... I can still interfere with the Gu Family.”

He might not be able to interfere in her conflict with the Fu Family, but he could at least make Gu Siting behave and stop disturbing her and Fu Hanzheng.

He knew that Gu Siting was not convinced, but if he went to find her again, the conflict between her and the Fu Family would only grow deeper.

That was what she was afraid of and what he had to help her avoid.

Chapter 1035: Her Heart

Matthew arranged the plane for the following day and Cayman Dorrans arrived in A Land.

Also, the moment he got off the plane, he brought his men to the Gu Family.

Gu Siting was at the company and only Mrs. Gu received them at home.

Cayman Dorrans was sitting in the living room of the Gu Family, holding his cane and waiting for Gu Siting’s return.

After receiving Mrs. Gu’s call, Gu Siting hurried back from the company.

“Mr. Dorrans.”

Cayman Dorrans glanced at Matthew and asked him to intercede.

Matthew stood up and said to Gu Siting and his mother, “Mrs. Gu, Mr. Gu, I think we both know why we are here. We are taking away Weiwei’s body.”

Gu Siting was about to object when Mrs. Gu took his hand and said for him, “You should.”

Matthew threw a cold look at Gu Siting. “We are going to take her away in one piece, so the heart that was removed should be returned now.”

“I will deal with it.” Gu Siting turned down Matthew’s request.

Matthew smiled coldly. “Mr. Gu, we are not here to discuss with you. Please understand your position.”

“Weiwei is my daughter, and the Gu Family does not need to interfere with her affairs,” Cayman Dorrans said.

Gu Siting stayed silent for a moment and said, “Mr. Dorrans, I will give you a satisfying explanation about Ling Yan, but...”

Cayman Dorrans had no interest in listening any more and glanced at Watson coldly.

Watson understood instantly, pulled out the gun and pointed it at Mrs. Gu next to Gu Siting.

“Mr. Dorrans!” Mrs. Gu was startled.

“Gu Siting, I don’t want to hear any more nonsense from you. If you stop me from taking her away, then you will have to prepare for your mother’s funeral.” Cayman Dorrans warned coldly.

The atmosphere turned lethal. Gu Siting looked at Cayman Dorrans and then at his mother.

After a long silence, he sighed.

“Okay, I will let you take her away.”

Having said these words, he led them to the cellar where the body was placed.

Then he opened the crystal coffin.

Cayman Dorrans looked at the body in the coffin for a long time and said, “And her heart, I need to bring her back.”

Gu Siting glanced at Kuroda Shio and said, “Bring them here.”

Kuroda Shio left and twenty minutes later, he brought Ling Yan and Ji Fang with him.

Due to the drugs that had affected the nerves of their brains for a long time, the two of them looked as if they had lost their souls.

Cayman Dorrans glanced at the mother and daughter of the Ling Family and said to the doctor indifferently, “Remove her heart and put it back into Weiwei’s body.”

Hearing that the heart was going to be removed, Ling Yan’s mother Ji Fang suddenly reacted and threw herself into her daughter’s arms.

“No! No! Don’t kill her! Gu Siting, you have tormented us so much, why are you still not letting us go?”

Their legs were broken and they received drugs that caused a slow brain death every day. They had terrible migraines and more and more of their nerves were dying.

But they still did not let them go.

“You did not let her go back then, and now is the time for you to pay her back.”

Gu Siting watched Cayman Dorrans’s men separate Ling Yan and her mother. The doctor put on the gloves, took out the operation tools and was about to do the heart removal surgery.

Chapter 1036: Curse

Ling Yan gradually woke up and her mother's screams and calls woke her up. When she saw Cayman Dorrans and his men, she shivered.

She turned to her mother for help out of fright, but because she had had her tongue cut off, she could not speak, so she could only utter broken sounds.

Ling Yan's mother Ji Fang rushed to Gu Siting for help in fright.

"Gu Siting, I killed Gu Weiwei and dug out her heart. If you want revenge, come at me, don't hurt Yanyan. Please, let Yanyan go because she was pregnant with your child..."

...

However, Gu Siting looked cold and did not seem to be affected by her cry for help.

Because of what they had done, he had lost Weiwei.

.

Also, she would rather stay by Fu Hanzheng's side than return to his side.

Not to mention paying with her life, even if she died a hundred or a thousand times, it would not be able to appease the hatred in his heart.

However, Ji Fang's mother knew that Cayman Dorrans would not let them off. Their only hope was Gu Siting, so they kneeled and begged Gu Siting.

"Gu Siting, kill me if you want to, don't do anything to Yanyan. Isn't Gu Weiwei still alive? Why are you still not letting her go?"

...

Gu Siting looked at Ling Yan who could not utter a word and was still unmoved as she was forced to the ground and injected with the anesthesia.

Seeing the man's cold gaze and expression, Ling Yan's eyes were filled with crazy hatred. She could not utter a word but let out a desperate scream.

Gu Siting, I curse you.

Even if I am dead and she is still alive, you will never be able to get her, ever!

The anaesthesia gradually worked and she gradually lost the strength to struggle.

The doctor cut open her clothes and did the thoracotomy.

The blade cut open the flesh, cut open the ribs and removed her heart.

The moment her heart was removed, Ling Yan lost all signs of life and stopped breathing.

Ling Yan's mother was detained by the side and watched them remove her daughter's heart and kill her.

She screamed and struggled crazily, but she could not be saved and no one was there to save them.

Everyone present, be it the Gu Family or the Dorrans Family, watched this heart removal surgery coldly.

After removing the heart, the doctor went to the crystal coffin and placed the removed heart back into the chest of the body for stitching.

Although the person in the crystal coffin would not be able to survive if the heart was sutured in this way, he still completed the surgery very seriously.

After Ling Yan's mother Ji Fang saw her daughter's heart being removed, she lay on the cold and bloody ground. She broke free from the two people who were restraining her and practically crawled to Ling Yan's side, crying loudly at the sight of her daughter who had lost all signs of life.

She hated these people who had caused their death, and she hated herself even more for not stopping her.

One mistake led to many mistakes and she ended up in this state.

She held her bleeding daughter tightly, so desperate that she could not even cry.

In the end, she saw that the medical staff did not have time to put away the medical equipment, so she grabbed a blade and stabbed herself in the chest, ending her life.

Before she died, he held Lin Yan tightly in his arms.

However, no one present stopped her from killing herself. No one even felt guilty or regretful about her death.

Gu Siting looked at them coldly and said to Kuroda Shio, "Kuroda, clean it up."

Chapter 1037: The Threat of Cayman Dorrans

After the operation, Gu Weiwei's body was placed back into the coffin Cayman Dorrans had brought with him.

Seeing the coffin slowly closing, Gu Siting clenched his fists.

He wanted to keep her, even if it was just her body next to him.

But whether it was the situation or in name, Cayman Dorrans was right to take her away.

Cayman Dorrans followed the moving coffin and sighed after he saw it go in the car.

"Can you release my mother now?" Gu Siting reminded him coldly.

"Watson, you can put away your gun now." Cayman Dorrans opened his eyes and glanced at Mrs. Gu.

Seeing the gun being put away, Mrs. Gu let out a sigh of relief.

Cayman Dorrans walked to the sofa with his cane and glanced at Gu Siting.

"Gu Siting, from today onwards, Weiwei has nothing to do with the Gu Family."

"What do you mean?" Gu Siting's eyes sank.

Cayman Dorrans coughed into his fist and glanced at Matthew, indicating that he should speak.

Matthew understood what he meant and said, "What we mean is that Weiwei is no longer related to the Gu Family. From today onwards, please don't disturb her life."

Cayman missed his daughter so much, but he did not go to her, in case it deepened the conflict between her and the Fu Family.

Therefore, he must not let Gu Siting get involved.

"Nothing?" Gu Siting sneered and said, "Mr. Dorrans, she has been in the Gu Family for more than twenty years. Can you break off the relationship with just one sentence?"

"Is there anything between her and you apart from being enemies?" Cayman Dorrans asked coldly.

No matter how unwilling he was, he had to give up now.

"Mr. Dorrans, the Fu Family will not accept her, and we both know that," Gu Siting said.

Cayman Dorrans did not allow him to find her, so... was he letting her be with Fu Hanzheng?

"I know, but... I don't want to see her returning to the Gu Family or you disturbing her."

Cayman Dorrans looked lethal and warned him.

"Mr. Dorrans, you can say that she is no longer related to the Gu Family, but will the Fu Family believe you?" Gu Siting reminded him.

He knew that because of her identity, the elders of the Fu Family had forced Fu Hanzheng to divorce her.

He knew that Cayman Dorrans would definitely know.

"Whether the Fu Family believes it or not, and accept it or not, I will not let her return here." Cayman Dorrans expressed his intentions resolutely, stood up with his cane and was about to leave. "Gu Siting, my daughter... is not yours."

Seeing Cayman Dorrans leaving, Gu Siting had no intention of obeying him.

Cayman Dorrans stopped at the door and looked at him warningly.

"I will ask someone to stay in A Land. As long as you approach her and disturb her, I will kill one of your Gu Family members."

Maybe he could not kill him because he was related to Weiwei's rebirth, but he could easily kill his family.

"Cayman Dorrans!" Gu Siting had not expected that he would threaten him again.

"As long as you don't find her, everyone in the Gu Family will be safe," Cayman Dorrans said and left the Gu Family's mansion with his cane.

Chapter 1038: Impossible

Gu Siting watched the motorcade leaving with Cayman Dorrans and started to truly feel that she was getting further and further away from him.

He tried everything he could to keep her, but he failed.

He failed to keep her and failed to keep her heart even more.

Mrs. Gu approached him and sighed.

“You should be relieved this time.”

Gu Siting stayed silent. Should he give up?

How could he put her down?

“Siting, Weiwei will never return.”

Seeing her unwilling son, Mrs. Gu reminded him of the fact that he had never been willing to face.

She had been living in this world, but she had no intention of returning to the Gu Family.

She even pretended not to know them.

And even though she knew that that man was Fu Hanzheng, the worst enemy of the Gu Family, she still decided to marry him.

All of this meant that she would never return to the Gu Family.

Now, even Cayman Dorrans had stopped him from seeking her again. If it had not been for Weiwei’s wishes, Cayman Dorrans would not have done this.

“I have something to deal with at the company, I am leaving now.” Instead of answering Mrs. Gu, Gu Siting went straight to the car.

Kuroda Shio got into the car and said as he drove, “President Gu, I have asked my men to keep an eye on Cayman Dorrans and his men, but what if they really leave someone in A Land?”

Obviously, President Gu was not willing to let go of Miss Weiwei, but Cayman Dorrans was threatening him with the lives of the other members of the Gu Family.

If he approached Miss Weiwei again, Cayman Dorrans would definitely get someone to do something to the Gu Family.

“Let’s see who they left behind.” Gu Siting sighed with eyes closed.

Kuroda Shio looked at the person sitting behind him through the rearview mirror. “Now... we can’t have any more conflict with Cayman Dorrans, otherwise Madam and the Old Master will be in danger.”

Although the Gu Family had bodyguards, even if Cayman Dorrans could deal with one or two of them, he would still send more people.

And he would even attack Mrs. Gu and the Old Master himself.

He did not do anything to President Gu because he was worried that Weiwei was reborn because of him.

After all, the Gu Family were just businessmen, but the Dorrans Family were from the underworld. They were no match for him in terms of ruthlessness.

Gu Siting pinched his eyebrows. "I know."

He knew that he could not fight against Cayman Dorrans, but he had not expected that he would allow her to stay by Fu Hanzheng's side.

Hearing his words, Kuroda Shio felt slightly relieved and said as he drove, "Cayman Dorrans is just warning us, but if you disobey his request, I am afraid that... he will side with the Fu Family and it will be very disadvantageous for the Gu Family."

"No, even if he wants to, the Fu Family will not accept it," Gu Siting said coldly.

The Fu Family had a prejudice against Weiwei, not only because she had lived in the Gu Family for more than twenty years, but also because of her relationship with Cayman Dorrans.

It was impossible for the Fu Family to accept Cayman Dorrans siding with them and helping them deal with the Gu Family.

That would only deepen the conflict between Weiwei and the Fu Family.

Therefore, Cayman Dorrans would not do such a thing.

Chapter 1039: Love at First Sight

Dubai.

One week passed in the blink of an eye. Gu Weiwei and Fu Hanzheng had to go home separately in order to not attract any suspicion.

Fu Hanzheng finished his work early and spent the last day with her.

Early in the morning, Fu Hanzheng kissed the lazy girl.

"Where do you want to go today?"

Gu Weiwei thought for a while and said, "We have been eating western food for days, let's buy some food and make ourselves a Chinese meal."

She would get tired of eating too much French food.

"Good idea." Fu Hanzheng replied.

After making up her mind, Gu Weiwei urged him to get up. They ate breakfast together and drove to the local supermarket to buy the ingredients.

Since they were in faraway Dubai, they did not have to worry about running into fans or the media. They shopped at the supermarket and bought the ingredients.

The moment she returned to the car, Gu Weiwei tore open the snacks she had bought, took a bite and gave one to Fu Hanzheng who was driving.

Fu Hanzheng tilted his head and ate the food she gave him.

“How’s the preparation for the movie?”

“There is a film festival in New York and a meeting at the International Youth Forum that will not start until it is finished,” Gu Weiwei said as she ate snacks.

“Can you finish the filming in two months?” Fu Hanzheng asked.

He had reached an agreement on this trip, and after discussing some details with the prince from Dubai, he would be able to come here in two months.

Gu Weiwei thought for a while. “The actresses only signed a contract for a two-month schedule, so we must finish it within two months.”

But it really depended on whether the actors could get into the zone quickly.

After all, this movie was not like the one she starred in last time, so she was a bit worried.

“After the filming, you need to arrange a schedule that requires you to stay abroad for a long time.” Fu Hanzheng reminded her.

After all, if they stayed here for a year, the Old Lady would easily see through them if they did not make a reasonable arrangement.

Hearing his words, Gu Weiwei felt a bit uneasy.

“I will make the arrangements. I will say I’m studying abroad, but... are we really going to stay here for a year?”

If they met occasionally, it was easy to cover up, but it was impossible for them to hide the fact that they were living together in Dubai for a year.

“I have talked with Prince Walid and he will help you conceal your presence in Dubai,” Fu Hanzheng said.

Also, his father and his family had let down their guard recently.

Therefore, when they moved in two or three months later, they would not suspect anything as long as it was done perfectly.

Gu Weiwei nodded. “I am relieved.”

They returned to the villa and Gu Weiwei found an apron and was about to prepare for lunch.

Fu Hanzheng cooperatively helped to wash the vegetables and glanced at the girl who was cutting vegetables.

Gu Weiwei stopped halfway and said, “Why does this feel so familiar?”

“What?” Fu Hanzheng raised his eyebrows in surprise.

Gu Weiwei reminded him with a smile. “At Jinxiu Compound.”

Fu Hanzheng nodded with a smile. “Yes, but... it feels different.”

Gu Weiwei knew that he meant that she had not fallen for him back then.

So she put down the knife in her hands and approached him. Without caring about the smell of scallions, she hugged his waist.

"If I had known that I would like you so much, I would have liked you a long time ago. I think I fell in love with you at first sight."

Chapter 1040: You

At that time, she had wanted to stay away from him.

However, she had never truly left him.

Fu Hanzheng wiped off the water on his hands and removed the arms around his waist.

"Didn't you say not to mention the past?"

If she regretted it, he would regret it even more than she did that he had not met her earlier and allowed her to suffer so much, before coming to his side.

No one could change the past, but fortunately... they would not miss each other or be separated in the future.

Gu Weiwei looked up and said naughtily, "I am tired of chopping vegetables, please give me a kiss."

Fu Hanzheng chuckled helplessly, turned around and kissed her lips.

"Is that enough?"

Gu Weiwei pursed her lips and smiled sinisterly.

"Not enough."

Fu Hanzheng took hold of her waist and gave her a lingering kiss as he asked with a dangerous tone, "Are you sure... we need to continue with lunch?"

Gu Weiwei blinked. "I am going to cut the vegetables, I need to get them ready as soon as possible. I am a bit hungry."

What he meant was that if she did not cook, she had to cook something else.

She had been so scared of the bed in the master bedroom that her legs turned weak whenever she saw it.

Apart from the first night when he did not do anything to her, he kept squeezing her every night after that.

Fu Hanzheng sighed and started to deal with the other dishes for her.

Gu Weiwei went back to chop the vegetables with a flushed face, feeling the lingering sensation of a man's kiss on her lips.

Since Fu Hanzheng did not like spicy food, he made light Chinese food.

Fu Hanzheng opened a bottle of red wine, poured two glasses and gave one to her.

“To Mrs. Fu, because you cooked today.”

Gu Weiwei took a sip of the wine and put a shrimp in eggplant juice onto his plate.

“Thank you for your help, Mr. Fu.”

They ate lunch happily. Since she was returning home the following morning, she was busy packing in the afternoon.

After cleaning up, she helped Fu Hanzheng to pack his things too.

Fu Hanzheng could not help but feel a bit sad when he saw her putting things into the two suitcases separately.

How much longer before they could walk together openly without needing to meet each other so discreetly?

Gu Weiwei could tell that something was wrong with his expression, so she glanced at him.

“What is it? Can’t bear to go home?”

“Yes, I can’t.” Fu Hanzheng admitted honestly. He could not bear to live without her all the time.

Gu Weiwei approached him and said as she held his face, “Won’t we be able to be together in two or three months? Let’s go home and work hard.”

“I am afraid that I will miss you after you leave tomorrow,” Fu Hanzheng said.

“I will miss you too,” Gu Weiwei said.

Fu Hanzheng removed the hands over his face and said, “What about... getting the marriage certificate in secret?”

Even if he knew that she loved him, he still felt that one day, she would leave him because she could not wait for his family to accept her.

Gu Weiwei said in amusement, “They took the divorce certificate, are you going to steal it back from your family?”

Fu Hanzheng sighed and felt a bit depressed.

Gu Weiwei hugged the unhappy man and consoled him with a gentle voice.

“Don’t worry, even without the marriage certificate, I can’t run away.”

This was the only person in the world who loved her so deeply, and the only person she loved so deeply. How could she bear to leave him?

Fu Hanzheng lowered his head and kissed her forehead. He had so many things on his mind, but he only said one simple sentence.

“I love you, you are the first person I have fallen in love with in this life and you are the only person I will love in this lifetime.”
