

MY HIDDEN 1041

Chapter 1041: One More Minute

Early the next morning, Gu Weiwei did not get up until the alarm rang three times.

However, the arms around her waist refused to let her go.

“Let go, I will miss the plane if I don’t get up now.”

With his chin upon her shoulders, Fu Hanzheng sighed.

“Let me hold you for one more minute.”

“I am really going to miss the plane. I don’t have your private jet, President Fu, the plane is not waiting for me.” Gu Weiwei reminded him.

If he had not prevented her from sleeping last night, she would not have failed to get up.

Fu Hanzheng held her for a minute more, before releasing her from the bed.

Dressed in a robe, Gu Weiwei ran into the bathroom, took a shower, got changed and came out.

Fu Hanzheng was already dressed and sitting in the living room, having breakfast delivered to him.

“I have asked Lei Ning to wait outside, so eat something before leaving.”

Gu Weiwei sat down and drank a bowl of porridge, ate some bacon and fried eggs, checked the time and stood up.

“I really have to go now.”

Fu Hanzheng helped her to carry her luggage and accompanied her into the car.

Gu Weiwei looked at the man in the car in astonishment. “You...”

“I will drive with you to the airport.” Fu Hanzheng took hold of her hands and urged Lei Ning to drive.

Gu Weiwei chuckled. She wanted to spend one more minute with him, so she let him be.

Along the way, neither of them said a word and just held hands.

After Lei Ning drove the car to the airport, she got out of the car and went to the trunk to get her luggage, then waited for her outside.

Gu Weiwei held the man next to her. “I will miss you, and you will miss me too, but don’t miss me too much.”

Fu Hanzheng laughed at her contradictory words, kissed her soft hair and opened the door.

Gu Weiwei followed him out of the car and followed Lei Ning over to the elevator.

When she was waiting for the elevator, she turned around and saw Fu Hanzheng still standing by the car.

She approached him and gave him a big hug as she asked gloomily, "Why are you still here?"

"I was wondering if you would come back again," Fu Hanzheng said.

Gu Weiwei held him for a few minutes and said, "I am really leaving now, let's find a way to meet again."

"Okay."

Fu Hanzheng released her and watched her leave, until she entered the elevator.

He drove away from the airport but did not go far. He parked near the airport and did not leave the airport until he saw the plane she was on take off.

In order to avoid suspicion, she did not take the direct flight back to the capital but took a detour to Paris.

She had left him first and when she returned to the capital, Fu Hanzheng was already half a day ahead of her.

He made a call to her the moment she got off the plane.

"Are you back?"

"I am back."

Sitting in the car, Gu Weiwei answered tiredly.

Fu Hanzheng had wanted to talk with her more, but gave up when he heard her tired voice.

"Have a good rest at home, I will call you tomorrow."

"Yes," Gu Weiwei answered lazily and fell asleep in the car.

It was already late at night when she returned to Yijing Pavilion. She went straight to her bedroom and fell asleep.

Early in the morning, Yuan Meng saw the luggage in the living room and knocked at her door.

"Breakfast is ready, get up!"

Gu Weiwei was woken up by her and opened the door with messy hair.

Yuan Meng was startled and smiled.

"How was it? Did you have a very happy week?"

Chapter 1042: Not Get Pregnant

Gu Weiwei gritted her teeth and was about to shut the door, refusing to talk with her.

However, Yuan Meng stopped the door closing with her foot.

“Yuan Shuo said that he has something to tell you, so he asked you to come down and eat.”

Gu Weiwei followed her downstairs and Yuan Bao greeted her sweetly.

She patted the little boy’s head. “Good morning, Yuan Bao.”

Yuan Shuo scooped some porridge for her and asked, when he saw the dark circles under her eyes, “What time did you come home last night?”

“Almost midnight,” Gu Weiwei said and took a mouthful of porridge.

“Cayman went to the Gu Family and took away the body,” Yuan Shuo said.

Gu Weiwei nodded without showing much reaction, but Yuan Meng was a bit surprised.

“Gu Siting is willing to let him take her away?”

“It is not something he can stop.” Yuan Shuo reminded her.

“True, he can’t win against Cayman,” Yuan Meng said.

No matter how unwilling Gu Siting was, Cayman was going to take her away and if he did not agree, he might kill his entire family.

“Also, Ling Yan and her mother Ji Fang are dead, and Cayman removed her heart,” Yuan Shuo said.

Startled, Gu Weiwei had not expected that Cayman Dorrans would do such a thing.

However, she showed no sympathy to Ling Yan and her mother.

“Finally, someone has done something.” Yuan Meng expressed her opinion. He was indeed a big shot who could make such a big fuss.

“Also, Matthew told me that Cayman has warned Gu Siting not to disturb you anymore, so he should not do anything rash,” Yuan Shuo said. This was the problem they had been worried about, but it seemed that it was no longer a problem.

At least, it would not be a problem for the time being.

“Gu Siting will not listen to the warning.” Yuan Meng snorted.

Yuan Shuo glanced at Yuan Meng who kept interrupting him and explained to Gu Weiwei.

“It is more like a threat rather than a warning. If he comes to disturb us again, someone from the Gu Family will die. Of course he is wary.”

Before Gu Weiwei could say anything, Yuan Meng struck the table excitedly.

“We must like him on this matter. Gu Siting is a shameless person, so he must punish him.”

“...” Gu Weiwei’s lips twitched – who was more shameless?

“Anyway, Gu Siting will not affect you and Fu Hanzheng for the time being, but you two have to deal with your own problems,” Yuan Shuo said.

Hearing these words, Yuan Meng blinked at Gu Weiwei.

“Everything went well this week, right?”

Gu Weiwei choked on the porridge and said as she came back to herself, “Forget it, I have decided that you better go out and find yourself a new job. It’s too wasteful for you to be my assistant.”

If she continued to hang out with her all the time, she would drive her crazy.

“You are angry right now, which means my surprise was very effective.” Seeing her retorting in such a manner, Yuan Meng understood what she meant.

Yuan Shuo covered his forehead and reminded her with a small voice.

“Can you not gossip about her private matters?”

“That is not gossip, it is coming from a place of concern! I am concerned about when she and Fu Hanzheng can get back together,” Yuan Meng said straightforwardly.

Gu Weiwei squinted at her speechlessly. “When did we break up?”

“Don’t care about these details.” Yuan Meng checked the time and said, “What about getting a child-giving amulet later?”

“You better pray for yourself.”

Gu Weiwei finished the porridge, put down the bowl and went upstairs to sleep.

She wanted to get pregnant, but it turned out that even though she wanted to get pregnant previously and after the wedding, if she did she would not be able to make this new movie for the time being.

But because their identities were exposed, she and Fu Hanzheng had to divorce first.

Now that the movie is about to start, she must not get pregnant.

Chapter 1043: Your Next Generation

She slept all the way into the afternoon and was woken up by Jolin’s call.

Gu Weiwei got up leisurely, washed herself and was ready to go to the studio for a meeting to discuss the shooting style with the film crew.

The moment she went downstairs, she saw Yuan Meng arranging a Goddess of Mercy painting in the living room.

“When did you start to believe in Buddhism?”

“It is not for me, it is for you.” Yuan Meng then said, “Pray.”

“I am not a believer,” Gu Weiwei said, and was about to leave.

“If you don’t, you won’t be able to leave home today.” Yuan Meng threatened her.

Gu Weiwei glanced at her, took the incense and stuck it into the incense burner.

“Is that enough?”

“Can’t you be more sincere? You are so rude to the child-giving Guanyin. Do you still want to get pregnant?” Yuan Meng reminded her.

“Child-giving Guanyin?” Gu Weiwei looked at the small Goddess of Mercy in disbelief and then at Yuan Meng. “What is wrong with you?”

“You two have been sweet for a week, haven’t you? You must have slept with each other. If you are not pregnant, I suggest that you two go and see an infertility specialist,” Yuan Meng said seriously.

Logically speaking, it was the easiest time for her to get pregnant at such a young age. It was not logical that she was not pregnant, considering how often they had s*x.

“You...” Gu Weiwei gritted her teeth and was about to say something, when the phone rang again.

She checked the time and found that she was almost late, so she gave up arguing with Yuan Meng and rushed to the studio for a meeting.

However, Yuan Meng followed her out.

“It is very unlikely that you and Fu Hanzheng will be able to make the Fu Family happy. We can only depend on your next generation.”

“...” Gu Weiwei had the urge to kick her out of the car.

However, Yuan Meng was still talking to herself in the passenger’s seat.

“They can be cruel to you but not to children. Children are your most powerful weapon.”

Gu Weiwei interrupted her mumbling. “Stop, we took preventive measures.”

Although it was a very small number of times.

“Damn, are you serious? So the special surprise I spent so much money on, was for nothing?” Yuan Meng took out a cigarette and lit it speechlessly. She was so worried, yet they were not planning on getting pregnant.

“The movie is about to start and Fu Hanzheng has tons of work to do, is it a good time to get pregnant?” Gu Weiwei snorted.

After this busy period, they would have one year to live together in Dubai, so there was nothing to worry about.

“Seems... like you’re right.” Yuan Meng nodded with difficulty and mumbled, “But plans can’t keep up with constant changes. Sometimes, when you want to get pregnant, it doesn’t happen. When you don’t want to be, then there are unexpected surprises.”

“Can’t you... hope that I can have the circumstances I want?” Gu Weiwei glared at her with her teeth clenched and said, “If the movie can’t be completed in time, do you know how much money I will lose?”

“So what? Ask your man for it,” Yuan Meng tapped the cigarette and said indifferently.

This couple were indeed capable. They were still in the mood to work in this situation.

Gu Weiwei drove to the parking lot of the building where the studio was located and said to Yuan Meng, after she parked the car, "After the filming of this movie, Fu Hanzheng will supervise the promotion of a major project in Dubai for one year. I will go with him. So can you stop this topic now, please?"

...

Chapter 1044: Living Together in Secret

Hearing her words, Yuan Meng was startled for a few seconds before realizing what she meant.

"So you are going to live abroad in secret."

She had thought that after getting divorced, Fu Hanzheng was really going to tolerate living separately from Weiwei, but it turned out that he was already prepared.

Gu Weiwei did not want to explain anything more to her, so she said straightforwardly, "Take away the Guanyin you brought home."

"Alright, alright, I will send it back tomorrow. I borrowed it anyway," Yuan Meng said.

Since Fu Hanzheng knew how to plan ahead, she did not need to worry anymore.

Gu Weiwei got out of the car and went upstairs to the studio.

When Jolin finally saw her he said, "The film crew is already in the meeting room."

"Got it, don't forget about the itinerary for the New York Film Festival and Youth Forum." Gu Weiwei reminded him and entered the meeting room.

Normally, directors would work with a film crew that they were familiar with, because that was the only way to achieve their desired effect.

But she had just entered the industry and there was no fixed film crew. The film crew of Sleepless was a first-rate film crew hired by Fu Shiyi.

She could not hire them because of Fu Shiyi, and she could not afford the budget of the movie either.

That was why they found a new filming crew. They needed to talk with them in detail before the filming started, so that the filming could go smoothly.

Throughout the entire afternoon, she watched the external scenes prepared by the film crew and talked about the important scenes and requirements for the film crew. The meeting did not finish until it was dark.

Jolin saw the crew off and asked, "How are the members of this team? Can they match your requirements?"

"It should be fine, everyone is very cooperative," Gu Weiwei said with a smile.

Jolin chuckled. "There are very few young and pretty female directors in the industry like you, who are very easy going too."

Also, she had a movie with box office earnings of ten billion yuan, so who wouldn't dare give her face?

Gu Weiwei smiled without saying a word. She returned to her office and looked at the design plan for the role prepared by the assistant director.

She wrote down her opinions and gave them to Jolin.

"This is a part of the style that needs to be adjusted, talk with the assistant director."

"Okay, I will give it to him tomorrow." Jolin leafed through it and agreed.

Gu Weiwei checked the time and was about to go home when she saw Qin Man coming into the studio.

Together with her was Qin Lv.

"Let's have dinner and talk about the itinerary for the Youth Forum next week?"

Gu Weiwei glanced at them. "Let's talk here."

"I had a meeting in the afternoon and I haven't eaten, you want me to talk with you when I am hungry?"

Qin Man glanced at her and urged her. "The restaurant is just opposite, very close."

"Alright," Gu Weiwei said and threw a look at Jolin, asking him to go with her.

After entering the elevator, Qin Man glanced at Jolin but did not object.

In the dining room, Qin Man was indeed talking with her about the work at the International Youth Forum next week, telling her about the itinerary and the things to take note of.

This was because her words and actions would not only represent her, but also Hua Land's international image.

She memorized what she said. "I will be careful."

She had thought that she was here to ask her out on behalf of Qin Lv but it seemed that she had been thinking too much.

However, just as she thought of this, Qin Man said, "You are divorced from Fu Hanzheng, are you really not going to consider our Lui?"

Chapter 1045: I Only Want You Now

"..." Gu Weiwei laughed dryly.

Sure enough, she had approached her with such a purpose.

Jolin looked at her and then at the aunt and nephew pair of the Qin Family. Why were they all staring at her?

Seeing her staying silent, Qin Man continued.

"You are the same age as Lui, he's much more suitable than Fu Hanzheng."

She had thought that if he placed the company at the top floor of her building's studio, he could make some progress.

But he had made no progress these past two days.

“It is not a matter of suitability, President Qin is not my type.” Gu Weiwei expressed her rejection as usual.

Qin Man looked at her thoughtfully. “You’re a fan of uncles?”

Gu Weiwei, who was drinking water, choked, coughed and said, “You are thinking too much. President Qin is such a good catch and there are many other excellent girls who are worth courting.”

With Qin Lv’s qualifications, there were many wealthy ladies in the capital who would go after him. What was he doing chasing after her like this?

“But I only want to court you.” Qin Lv blurted out.

Gu Weiwei smiled politely. “You can do whatever you want. Can I leave now?”

With one hand supporting her chin, Qin Man asked with a smile, “So... you are still in a relationship with Fu Hanzheng?”

Gu Weiwei smiled without saying a word. With Qin Man’s relationship with the Fu Family, she could not reveal the real situation between her and Fu Hanzheng to her.

Qin Man thought for a while and said, “I believe you know that the elders of the Fu Family want me to become Mrs. Fu, so is it because I will get married to Fu Hanzheng that you can’t start a relationship with our Lui?”

Jolin was dumbfounded. She was trying to steal Weiwei’s lover away, and push her nephew on her.

This Third Miss of the Qin Family was indeed... unusual.

Gu Weiwei was not frightened by her words. Instead, she found Qin Man very lovely.

“That seems impossible.”

Fu Hanzheng would never get engaged or married to her, and she would never accept Qin Lv’s pursuit.

If it had been Meng Ruya or someone else, they would not have said those words in front of her. Instead, they would have tried their best to gain the care of the elders of the Fu Family so as to promote the engagement with Fu Hanzheng.

But Qin Man looked hesitant. She did not like Fu Hanzheng, but in order to make her give up on Fu Hanzheng and accept her nephew’s pursuit, she suddenly wanted to sacrifice herself.

“Is it impossible for me to get engaged to Fu Hanzheng or for you to develop a relationship with my Lui?” Qin Man asked.

Gu Weiwei wiped her mouth with the napkin, stood up and said, “It is getting late, we are leaving now, thanks for the dinner.”

Qin Man stared at her and said, “Are you really forcing me to do something to your ex-husband?”

“Miss. Qin, you don’t have to make things difficult for yourself,” Gu Weiwei said in amusement. She was truly impressed by how much she had tried to help her nephew.

After she and Jolin left, Jolin asked in amusement, “What is this Third Miss Qin up to?”

“Who knows?” Gu Weiwei said with a smile.

Honestly, she admired Qin Man very much, be it in career or personality.

Also, she was the first woman she had met who could ignore Fu Hanzheng’s charm.

“But... are you really not worried about her and Boss?” Jolin asked.

After all, she and Boss were still in a divorced state and this Third Miss Qin was someone the elders of the Fu Family would be satisfied with, be it in background or career.

“What is there to worry about?” Gu Weiwei chuckled.

Fu Hanzheng had no interest in Qin Man and Qin Man did not like Fu Hanzheng either. She was just trying to scare her.

Chapter 1046: Engagement

Qin Man and Qin Lv came out and saw Gu Weiwei’s car leaving.

“Look at you, you are right next to her, why are you not making any progress?”

Seeing Gu Weiwei’s car leaving, Qin Lv said helplessly, “Maybe I missed the chance.”

“What do you mean miss? She has divorced Fu Hanzheng, so you still have a chance.” Qin Man did not plan to give up. She patted her nephew’s shoulders and said, “Fu Hanzheng was able to steal her away, so you can do the same.”

“Aunt, I am already satisfied that I am so close to her now. As for whether or not the result is what I want, it doesn’t matter anymore,” Qin Lv said.

Hearing these words, Qin Man slapped the back of his head.

“How is the result not important? How can you catch up with her with your mentality?”

.

“Aunt!” Qin Lv touched the back of his head.

Qin Man got into the car, buckled up and drove out of the restaurant as she suggested. “I suggested for you to look after the staff of her studio and give her something to eat and drink, so that her staff would speak up for you. Did you do it or not?”

“Yes, she asked someone to return it,” Qin Lv said in disappointment.

Mu Weiwei still looked like the same Mu Weiwei, but it seemed that she was so far away from him that he would never be able to cross the distance.

“She didn’t take it even once?” Qin Man asked in surprise.

Why was this girl so stubborn?

“Not once.” Qin Lv confessed.

“Tsk.” Qin Man sighed and mumbled, “How did Fu Hanzheng seduce her?”

“I am not sure. When I found out about it, they were already living together,” Qin Lv said.

Qin Man squinted. “Did this monster r*pe someone?”

“Aunt, please stay out of my business.” Qin Lv tried to persuade her. He did not want Mu Weiwei to dislike him even more.

“If I don’t interfere, when will you get her?” Qin Man snorted.

When she and Fu Hanzheng got their marriage certificate, they had no choice but to accept it.

God was kind enough to let them get divorced. Now that the opportunity was here, they could not miss it.

Since Mu Weiwei was not convinced, she had to start with Fu Hanzheng.

At noon the following day, she drove straight to the headquarters of Fu’s Enterprise after work.

Fu Shiqin and Xu Qian were just discussing the Dubai project with Fu Hanzheng, when they saw the woman who rushed in.

“Sister Qin Man, is the Ministry of Foreign Affairs so free these days?”

“Half an hour,” Qin Man sat down and said.

Fu Hanzheng threw a look at Xu Qian. “Bring me the report.”

Xu Qian understood and left the office, closing the door.

Fu Hanzheng glanced at Qin Man. “You have 29 minutes.”

He did not think that there was anything to talk about with her, but if he did not agree, this woman would cause even more trouble.

Qin Man looked at the cold-looking man in a suit and said straightforwardly, “Fu Hanzheng, we are engaged.”

“...” Fu Shiqin was dumbfounded.

Fu Hanzheng threw a look at her as if she were mental. “If that is the topic, there is nothing to talk about.”

“Why is there nothing to talk about? Your father is so satisfied with me.” Qin Man looked at Fu Hanzheng who had obviously turned cold and explained her purpose. “Only when we are engaged will your ex-wife let go of you and start a new relationship.”

Chapter 1047: Good Plan

Startled, Fu Shiqin did not come back to himself until a long time later.

“Sister Qin Man, so... you are getting engaged to my brother because you want Qin Lv to court my sister-in-law?”

Does your nephew know that you are trying so hard?

“What else? You think I like him?” Qin Man snorted.

Although Mu Weiwei had never mentioned Fu Hanzheng, she could tell that a large part of the reason why she did not accept Lui was because of Fu Hanzheng.

So if she sacrificed herself to get engaged to him, she would probably give up or be sad. With Lui by her side, they would gradually develop feelings for each other.

“Qin Man, I really admire you for sacrificing yourself to help your nephew steal my brother away.” Fu Shiqin laughed wildly as he slapped his thigh.

It was a good thing that Qin Man did not return home last year, otherwise his brother and sister-in-law would not have a smooth relationship..

Although they had a divorce certificate now, his brother and sister-in-law were more devoted than ever and she could not pry them apart.

“You are divorced, don’t disturb her.” Qin Man did not know that they were still in contact with each other, so she said, “We are just pretending to be engaged. When Lui gets your ex-wife, the engagement will be cancelled. I won’t do anything to you.”

“What else do you want to do with my brother?” Fu Shiqin asked with a smile.

Qin Man looked at Fu Hanzheng and tried to persuade him.

“If you two are husband and wife, your family will not accept her remarrying you, right? Can you bear to see a young girl wandering alone?

Lui likes her a lot and he will treat her well when they are together. If you can’t give her happiness, at least don’t ruin her life.”

...

Fu Hanzheng checked the time and continued to read the files, ignoring what Qin Man said.

Seeing his indifference, Qin Man patted the table and said, “Fu Hanzheng, are you listening or not?”

“You have ten minutes left, leave now,” Fu Hanzheng said coldly.

If it had not been for the fact that the Old Lady was still recovering after the operation, he would not have held back so easily. He would not have tolerated Qin Lv moving the company above her studio and trying to get close to her.

But now she came to him and even made such a request. What did she mean by saying that he could not give her happiness? Without their interference, they would be very happy.

Qin Man gritted her teeth and asked, "So you don't want to be engaged to me?"

Fu Hanzheng did not even bother to look up. He only checked the time from time to time, waiting for the half hour he had promised her to be over, so that she could leave as soon as possible.

"Okay, you like young and pretty girls, right?" Qin Man said as she took out a pile of pictures from her bag and placed them on the table. "Here, all of them are in their 20s. I can find one for you."

"..." Fu Shiqin glanced at the pictures and found that they were all young and pretty girls.

But what did she mean? Did she think that his brother was a lolita fan?

Fu Hanzheng reminded her coldly without looking at her.

"Qin Man, shouldn't you go to the psychiatrist?"

In order to help her nephew Qin Lv court his woman, she was willing to do anything.

But they must have run into some trouble because of her, so they decided to start with him.

She thought that as long as he had a new lover, Weiwei would give up on dismissing Qin Lv.

She had made a great plan, but it was a pity that it was not going to work.

Chapter 1048: Your Ex-wife

"Take a look, you can always pick one you like." Qin Man patted the table and urged him to pick one.

Fu Hanzheng checked his watch. "Save them for your nephew."

It seemed that after Anthony Gustav was sent away, Qin Lv would have to be sent away too.

Although he was not a threat to him, this kind of person who coveted his beloved made him very uncomfortable.

Fu Shiqin sized up the pictures with interest and threw a gloating look at his brother.

"Brother, are you really not going to take a look?"

Having said these words, he suddenly felt the temperature of the office dropping. He shrank his neck and put the pictures back.

"Sister Qin Man, are you trying to get rid of my brother with these kinds of women? None of them are as pretty as my sister-in-law!"

His brother was planning to go to Dubai and spend time with his sister-in-law, but she was trying to poach around for the sake of her nephew. Did she really think that they would not be together after getting divorced?

"I don't care. You have to pick one of them, either me or this one," Qin Man said.

"Your time is up, you can leave now." Fu Hanzheng reminded her coldly.

Fu Shiqin put away the pictures and placed them in front of Qin Man. "Sister Qin Man, we have work to do, we won't see you off."

Qin Man picked up the pictures and gritted her teeth. "Okay, I will leave, but your ex-wife... is mine."

Fu Shiqin opened the door for her and said after he saw her off, "Brother, Sister Qin Man has been... a bit crazy these days."

If she was trying to steal his brother away from his sister-in-law, that would be normal too. He really could not understand why she was helping her nephew steal his sister-in-law away.

"Get Xu Qian in, we can continue."

Fu Hanzheng was not distracted by Qin Man's visit, so he calmly urged Fu Shiqin to continue with his work.

Fu Shiqin made a call to Xu Qian and hung up.

"Brother, actually, our mother supports you and sister-in-law, and she will help persuade our father. Maybe when you and sister-in-law return from Dubai for a year, everything will be fine."

He was really begging the gods and the Bodhisattvas to help them remarry as soon as possible.

Otherwise, his brother would constantly have to travel abroad in order to meet his sister-in-law.

Then all the work of the domestic company would fall upon him. That would be a very painful life.

"Hopefully." Fu Hanzheng sighed.

He did not want her to wait too long.

Ever since the wedding, he and his family had caused her harm.

She should have been angry, but she had never once complained to him.

But the more it was like this, the more guilty he felt.

"But now that Gu Siting has stopped, we are being saved a lot of trouble." Fu Shiqin sighed.

Lei Meng reported that Cayman Dorrans went to the Gu Family and now Gu Siting was behaving like an obedient grandson.

It seemed that he had been threatened by Cayman Dorrans.

As long as Gu Siting was not involved, his brother and sister-in-law would be saved from a lot of trouble.

Otherwise, if he came to Hua Land to find his sister-in-law now, he would undoubtedly touch his father and grandma's sensitive nerves and the conflict would only intensify.

It was because of his appearance at the wedding that grandma almost lost her life and his brother and sister-in-law were forced to cancel the wedding and get divorced.

If he tried to cause trouble again, their family would be in trouble.

Then it would be even more difficult for his brother and sister-in-law to remarry.

Chapter 1049: Love is Not an Equal Equation

After returning from Dubai, Fu Hanzheng was busy with work in order to advance the project in the Middle East.

Gu Weiwei was making preparations for the opening of the new movie and was also dealing with the passionate pursuit of Qin Lv and Anthony Gustav.

She had to be wary of the studio staff being bribed by Qin Lv upstairs, and she had to be wary of Anthony Gustav's stalking on the way home. She was living in misery.

Yuan Meng was driving when she saw Anthony Gustav's flirty red sports car.

"Anthony is following us again."

"Don't worry about him," Gu Weiwei said calmly.

Anyway, he should return to Sweden in a few days.

Although she had no idea who Fu Hanzheng was using to send him home.

Their car stopped at Yijing Pavilion and they had just gotten out of the car when Anthony Gustav, who had followed them back, followed them.

"Weiwei, you lied to me last week?"

"Really?" Gu Weiwei asked innocently.

Anthony Gustav was a bit angry and said, "You said that you would treat me to dinner, but I slept for almost two days after eating at your place and you disappeared for one week."

She did not want him to follow her, so she put sleeping drugs into the food and left when he was asleep.

"Maybe you were too tired and fell asleep," Gu Weiwei said with a smile, unlocked the door and was about to go in.

"Weiwei, I am trying hard not to do anything that makes you hate me. Can you not always exclude me?" Anthony Gustav asked agitatedly.

As a member of the royal family, he had never been so humble for a woman.

But even if he tried hard to change himself, she had never taken his feelings seriously.

"Mr. Gustav, there are many things in this world that you can have, but if you give up now, you will definitely get the return you want. I don't think I need to explain it in detail," Gu Weiwei said in one breath and entered the house without looking back.

If everyone gave her their feelings, would she be able to repay each and every one of them?

Loving someone does not guarantee an equal equation. Even if you paid the price, you wouldn't always get what you wanted.

That was why it was so rare for her to meet someone she liked and loved.

Anthony Gustav watched her enter the house and stood under the street light for a long time.

It was not until several black Hummers stopped behind him and Ryan Gustav got out of the car that he came back to himself.

“Anthony, you should come home with us.”

“Ryan, what are you doing here?” Anthony Gustav looked at his brother in surprise.

“I am taking you back to Sweden.”

Ryan told him what he was here for. Because he kept pestering Fu Hanzheng’s ex-wife, the economy of Sweden was greatly affected by Fu Hanzheng’s hidden tricks.

“I am not going home.” Anthony Gustav turned him down.

“Anthony, I warned you not to approach Fu Hanzheng’s woman, how dare you court her in Hua Land!” Ryan lectured furiously.

“She has divorced Fu Hanzheng,” Anthony Gustav said.

Ryan did not want to waste any more time talking. He threw a look at one of his servants and someone approached Anthony Gustav and stabbed his carotid artery with a small syringe.

“Ryan!” Anthony Gustav shouted before he then fell asleep.

Chapter 1050: Fu Hanzheng’s Love Cookies

Ryan Gustav urged his servant. “Get him into the car and go straight to the airport.”

Fu Hanzheng might have divorced Mu Weiwei on the surface, but because Anthony was in Hua Land, Fu Hanzheng was still pressuring everyone in Europe and affecting the economy of Sweden.

So even if they were divorced, this was not a woman he could court.

Standing by the window of the study on the second floor, Gu Weiwei watched everything happening outside as Anthony Gustav was pushed into the car and taken away.

Anthony Gustav was tied up by his brother and brought back to Sweden, so she was not worried that he would disturb the filming of the movie.

As for Qin Lv, she was going to the New York Film Festival tomorrow and attending the International Youth Forum afterwards. After she returned home, she would then leave for the film site.

Therefore, she would not be staying in the studio and they would not meet again.

She was about to send a text to inform Fu Hanzheng that Anthony Gustav had left, when he called.

She picked it up and asked with a smile, “Don’t tell me you are still at the company.”

“I’m on my way home.” Fu Hanzheng could tell that she sounded happy, so he asked with a smile, “What are you so happy about?”

“Anthony Gustav just left.” Gu Weiwei told him what she had seen.

Fu Hanzheng said, "It is indeed something worth being happy about."

After Anthony Gustav left, she would not be in the capital when the movie started, so it was useless for Qin Lv to open his company upstairs.

After the filming of the movie, it was time for them to go to Dubai.

"But if he is gone, it will save me a lot of trouble," Gu Weiwei said with relief.

Anthony Gustav was the investor of the movie and she could not stop him from joining the cast.

By that time, not only would the filming of the movie be affected, but there would also be gossip.

Now that he was kidnapped by his brother, she was relieved.

"You're right," Fu Hanzheng answered briefly.

Gu Weiwei closed the window and asked naughtily, "Did you miss me?"

"Every minute since you entered the elevator," Fu Hanzheng said with a gentle voice.

Having heard these words, Fu Shiqin went in the wrong direction.

Although he had seen his brother being this way in his relationship many times, he had not heard him say such sweet words in a long time and it startled him.

"Me too," Gu Weiwei said.

They talked non-stop until Fu Hanzheng arrived at home, they then said goodnight to each other and hung up.

She packed her luggage for the trip to New York tomorrow, washed and went to bed.

The following morning, she took Lei Ning with her to the airport and boarded a plane to New York.

She had just sat down in the first class cabin when a very flirty-looking young man in a pink sweater and sunglasses sat down next to her.

He removed his sunglasses and waved at her with a smile.

"What a coincidence!"

Gu Weiwei looked at Fu Shiyi who was dressed in pink and realized that he was also nominated for the supporting role.

Fu Shiyi sat down and placed a paper bag onto her lap.

"My brother asked me to bring it to you."

In order to go to the Film Festival, he could have left in the afternoon, but because of his brother he had to catch the plane so early in the morning.

Gu Weiwei opened it and found that it was a box of lovely cookies and a cup of coffee.

She took a cookie and tried it, and the sweetness spread out across the tip of her tongue.

Fu Shiyi glanced at it. "Only you are lucky enough to eat my brother's cookies."

His brother did not sleep last night, and he had wondered what he was doing in the kitchen.

But this morning, he gave him a packet of cookies and asked him to bring them to her. They were all heart-shaped cookies.

Was it appropriate for an old man like him to do such a childish thing?
