

MY HIDDEN 1111

Chapter 1111: Fu Shengying's Suspicion

"That is more like it." Gu Weiwei smiled in satisfaction and urged him. "Let's finish the examination as soon as possible. I want to go home."

Fu Hanzheng led her to an empty office and sat down. "Hang on, I need to make an important call."

At this moment, the Old Lady and the rest were still close to the elevator. If she was brought near there for her checkup, she would definitely run into them.

Now was not the time for them to know about the babies.

If there was a conflict, she would be affected too.

"Alright." Gu Weiwei did not ask anything more and sat down obediently.

Fu Hanzheng called He Chi and said five words.

"Five minutes." What He Chi meant was that he would take the Old Lady and the rest away from this floor within five minutes.

When He Chi received the call, he looked helpless and urged Mrs. Fu.

"Then let's go upstairs for a checkup."

However, Fu Shengying was not in a hurry to leave. Instead, he stared at his two odd-looking sons.

"What did you find was wrong with you?"

"Nothing, I was just too stressed at work these days." Fu Shiqin made up an excuse with a smile.

Mrs. Fu suddenly thought of something. "Oh yes, we saw your brother's car downstairs. Is he here too?"

"No, I drove his car today," Fu Shiqin said instantly.

"But isn't your own car down there too?" Fu Shengying asked.

"I drove his car." Fu Shiyi helped him to smooth things over.

Fu Shengying became increasingly suspicious. "Your car is here too, did you drive two cars alone?"

"Uncle, Shiyi's car was driven by me. Something happened to my car, so I sent it to be repaired." He Chi corrected their words just in time.

Although he was not the one who drove the car, he and Fu Shiyi were the ones who came here together this morning.

Now that the three brothers' cars were all down there, everything made sense.

Fu Shengying seemed to believe him and asked Fu Shiqin, "Your brother is still abroad?"

“He finished early and has been home for a few days. However, he was too busy to come visit you at home,” Fu Shiqin said.

He had been busy taking care of his wife and children these days.

Hearing that Fu Hanzheng was already home, Mrs. Fu said instantly, “Since he is back, make sure he comes home tomorrow.”

“Okay, definitely,” Fu Shiyi and Fu Shiqin answered obediently and said, “Then let’s send grandma for her checkup first.”

“No need, you can finish with yours, we can go there ourselves.”

Mrs. Fu turned them down and pushed the Old Lady back into the elevator.

Fu Shengying mumbled seriously as the elevator door closed, “Why are they here?”

“What is so suspicious about them? You are so suspicious.” Mrs. Fu snorted.

Fu Shengying frowned and said, “There are almost no other patients at the hospital today. The nurse said that someone is here for a checkup today. Only Hanzheng can stop work here.”

“Shiyi is an artist, if we don’t stop the work at the hospital, he will be surrounded by many people. What are you suspecting?” Mrs. Fu said.

“I feel that Hanzheng is here too,” Fu Shengying said.

He had a feeling that not only those two were here, but also his eldest son Fu Hanzheng.

After all, he had never lent his car to anyone else. It was so strange that Fu Shiqin said that he drove his car here.

Chapter 1112: Fu Hanzheng’s Team

Mrs. Fu was too lazy to listen to his baseless guesses, so she pushed the Old Lady out of the elevator.

“Alright, we are here.”

Fu Shengying sighed. He had to stop his guessing and pushed the Old Lady in for a checkup.

On the other side, Fu Shiyi and Fu Shiqin let out a sigh of relief when they saw their elevator going upstairs.

Then they turned to He Chi and said, “Why don’t you go and do the checkup with my family, so you can report the enemy’s situation?”

It was too dangerous for them to be in the same building.

If they knew that their sister-in-law was pregnant, their plan of Hanzheng and her remarrying would fail.

Although sister-in-law’s pregnancy might sway the Old Lady and the rest, it was not as effective as having two soft and cute babies in front of them.

He Chi thought for a while. “You have a point.”

Having said these words, he pressed the button of the elevator and waited to go upstairs.

“Try to delay them. We will inform you when my sister-in-law finishes the examination,” Fu Shiqin patted his shoulders and said seriously.

He Chi suddenly thought of something and looked at Fu Shiyi and Fu Shiqin seriously.

“Aren’t we supposed to be the Bring Down Fu Hanzheng team? Why are we helping him now?”

“Have you forgotten about our plan?” Fu Shiyi countered.

His sister-in-law was pregnant with two babies.

As long as they groomed them well, his brother would live in misery. It was very stimulating.

“Compared to the Little Demon Plan, your brother is doing well,” He Chi said.

Weren’t they helping him?

If they did not help him now, he would be in trouble with his family. They just needed to be spectators.

So why help him?

Hearing the words, Fu Shiyi and Fu Shiqin exchanged a look and took hold of He Chi.

“If I can’t be Second Uncle, I will make you into a specimen and put you in your lab.”

“Damn you, we can set my brother up, but not anyone else, not even my father.”

Having said these words, they pushed him into the elevator.

He Chi pointed at them in the elevator and became speechless.

Fu Shiyi and Fu Shiqin had just driven He Chi into the elevator when Fu Hanzheng returned with Gu Weiwei for another checkup.

Seeing He Chi missing, Gu Weiwei asked in surprise, “Where is He Chi? Didn’t he say that he would take us for a checkup?”

“He has an emergency patient,” Fu Shiyi said with a smile.

Gu Weiwei nodded and did not suspect anything more.

Fu Shiyi and Fu Shiqin noticed their brother’s gaze and did not mention that their father and grandmother were at the hospital too.

With He Chi accompanying Old Lady for other examinations, Gu Weiwei’s examination went very smoothly.

Within half an hour, the other examinations were completed.

After all the reports were out, the four of them went to meet Doctor Wang.

Doctor Wang read the reports carefully and said to Gu Weiwei, "The babies are developing normally, but you are not getting enough nutrition, so now that you are having twins you need to pay more attention to nutrition."

Gu Weiwei pursed her lips. She had been trying very hard to eat but she had not expected that there would be two in her belly, so she did not eat enough.

"You must take all the right kinds of vitamins equally." Dr. Wang stressed.

Gu Weiwei nodded. "Anything else I need to pay attention to."

"They are twins. Mom needs to take care of herself, not just through food and nutrition. She needs to rest in bed these days," Doctor Wang said and looked at Fu Hanzheng behind her. "Also, you must not have s*x during the early stages of pregnancy."

Chapter 1113: Trouble Again

"..."

Gu Weiwei flushed instantly and stayed silent.

Fu Hanzheng looked calm and asked coldly, "Anything else?"

"Remember to come for pregnancy checks periodically. If you feel any discomfort, come to the hospital within good time," Doctor Wang said.

Fu Shiyi and Fu Shiqin were both trying hard to hold back their laughter. Why did the doctor need to look at his brother when she said this?

Did his brother look that thirsty?

Seeing that she had finished her questions, Fu Hanzheng helped Gu Weiwei up and was about to leave the hospital.

Fu Shiyi and Fu Shiqin chuckled as they followed them into the elevator.

"Brother, thanks."

They wondered how he had managed to hold himself back these past two months.

There was still half a year left, how was he going to live?

Fu Hanzheng squinted at them. "What do you want to say?"

Fu Shiqin gasped and put on a flattering smile.

"I mean, brother, you have to take care of sister-in-law."

"Yes, that is what we mean." Fu Shiyi echoed.

Although they had other intentions.

Fu Hanzheng ignored them, helped Gu Weiwei into the car and said to Fu Shiqin, "You know you're going to have to pay, right?"

“I...” Fu Shiqin could not stand it any more. “I am here for your examination.”

“I did not ask you to come.” Fu Hanzheng closed the door and went around the car to the driver’s seat.

“I left my post on my own accord and you have done it so many times, why should I be punished?” Fu Shiqin felt wronged hearing that he was going to be fined again.

Because he was going to spend time with his pregnant wife, he had been alone at the company for almost a month.

But now he had turned against him. Where was his conscience?

“Because my position is higher than yours,” Fu Hanzheng said as he got into the car, buckled up and drove away from the hospital.

Fu Shiyi patted his brother who was on the verge of tears out of sympathy. “What are you still doing here?”

Fu Shiqin glared at him and was just arguing with Fu Shiqin when He Chi texted him.

[They are going downstairs after the examination, are they gone?]

[She just left.]

Fu Shiyi replied and looked up at Fu Shiqin.

“Dad is coming down, are you still not leaving?”

“Then bite me!” Fu Shiqin raised his chin.

“Alright, let’s see what you can say when we ask you who drove our brother’s car.” Fu Shiyi reminded him.

Hearing the words, Fu Shiqin got into his own car and drove away from the hospital.

He had just told them that his brother’s car was driven by him and that his brother was not at the hospital.

But if they came down and saw that his brother’s car was gone and he was still here, he would not be able to explain clearly.

Fu Shiqin had just driven away when the elevator in the parking lot rang. He Chi and several elders of the Fu Family came out of the elevator.

“How was grandma’s examination?” Fu Shiyi asked.

With hands in his pockets, He Chi said, “Nothing serious, I just prescribed some medicine for her to rest well.”

Fu Shengying looked around and asked, “Where is Shiqin?”

“Something came up at the company, so he went to work.” Fu Shiyi said honestly.

Fu Shengying frowned. “Then who drove his car?”

“Of course he drove his own car,” Fu Shiyi answered automatically.

“He drove two cars alone?” Fu Shengying asked.

They had just said that Fu Shiqin drove Fu Hanzheng’s car and Fu Shiyi drove Fu Shiqin’s car.

But now, both Fu Hanzheng’s car and Fu Shiqin’s car had disappeared.

Fu Shiyi felt his forehead. He had been tricked by Second Brother again.

If he ran away, he could round up his brother’s car, but if he drove away his own car, he would become the main suspect.

Chapter 1114: Trouble Again 2

Fu Shengying looked at Fu Shiyi calmly, waiting for him to make a reasonable explanation.

He had thought that something was wrong. Fu Hanzheng’s car was here, and it must be at this hospital.

But these two fellows said that he was not here, so they must be hiding something from them.

“How is it possible that he drove two cars alone?” Fu Shiyi looked calm and he showed off his skills that he had honed over the years. “Second Brother was asked to return to the company by our brother. I drove his car and asked my assistant to drive it back to get some clothes for me. However, he has important work to do this afternoon and he is coming to pick me up after he has finished it.”

“Your assistant?” Fu Shengying could not believe it.

Fu Shiyi removed his sunglasses and smiled sinisterly.

“Yes, they left just now. Of course I have to bring my assistant with me wherever I go.”

Fu Shengying was not convinced, although it sounded reasonable.

But why did he find it so unbelievable?

Fu Shiyi helped Mrs. Fu into the car and turned to Fu Shengying.

“Still not convinced? Then I will call him and ask him to come back now.”

“Alright, are you that free?” Mrs. Fu lectured Fu Shengying and urged him. “Get in the car so we can go home as soon as possible.”

Fu Shengying did not quite believe what Fu Shiyi said, but he could not find any fault with it, so he got into the car first.

Mrs. Fu threw a look at Fu Shiyi. “Come home this week, everyone is staying in the same city and none of you are home.”

“Yes, yes, yes. Mother, we will go and greet you in two days.”

Fu Shiyi helped Mrs. Fu into the car and let out a sigh of relief when they drove away.

He Chi looked at him sympathetically. “Will you be able to keep the secret for your brother until the children are born?”

“We must keep it a secret,” Fu Shiyi said.

No one knew what the Old Lady and his father would think if they knew about it. Sister-in-law needed to be taken care of and she could not be provoked.

Therefore, they must not know about the children before they are born.

Although during the pregnancy checks they had run into the Fu Family, they had managed to avoid the danger.

Also, Fu Hanzheng had never mentioned it to her.

After leaving the hospital, he drove her back to the apartment, just in time for lunch, so he ate lunch with her at home.

“I will ask the nutritionist to come here tomorrow to talk with you about the food.”

Gu Weiwei nodded. Now that she was pregnant with two babies, she had to be even more careful.

“Let’s do it tomorrow at noon, I need to go through the editing in the afternoon.”

Fu Hanzheng looked serious.

“What time are you coming home tomorrow afternoon?”

Gu Weiwei thought for a while. “Maybe later. Yuan Meng and Jolin will drive me there, it is not convenient for you to pick me up.”

Qin LV’s company was just above her studio, and if he went to pick her up, he would run into him easily.

“Okay.” Fu Hanzheng did not object.

Maybe he should learn how to disguise himself from Yuan Meng.

Otherwise, it would be very inconvenient for them to meet in the future.

If he could learn it, he would be able to be by her side without any suspicion, just like how he was when he was with the crew.

Gu Weiwei glanced at him. “I want to deal with the movie as soon as possible, so that I can go to Dubai after the premiere.”

Firstly, she wanted to finish the work as soon as possible so that she could focus on the pregnancy.

Secondly, she was worried that if this dragged on, her belly would show, especially because she was pregnant with two babies.

Chapter 1115: Love-struck

After lunch, Fu Hanzheng was about to leave for the company under Fu Shiqin’s urging.

Before he left the apartment, he gave his wife a lingering kiss before leaving unwillingly.

Within half an hour after Fu Hanzheng left, Yuan Meng’s family of three came to visit her new apartment and delivered some necessities she had left behind.

Not only did she deliver it to her, but Yuan Meng also helped her tidy up the things.

“Alright, you are so precious now, just sit there and watch.”

If she got tired, Fu Hanzheng would kill her.

Gu Weiwei did not want to stand on ceremony, so she sat down on the sofa and started to read, letting her tidy up.

“By the way, where are you going to stay after I leave?”

She was going to Dubai with Fu Hanzheng at the end of the month and she would have to stay there for at least a year.

But if they went with her, the Fu Family would suspect that she was in Dubai too.

Yuan Meng sorted out her things and said, “Yuan Shuo plans to go to Italy. He says that he is worried about Cayman, but he also wants to ask for your opinion. If you mind that we are involved with him, we won’t go.”

They were with her now, and the elders of the Fu Family did not like Cayman Dorrans, so if they went to Cayman Dorrans, the Fu Family might misunderstand her.

Gu Weiwei stayed silent for a moment. “Go, as long as it is not obvious.”

Honestly, she was not very assured about Cayman Dorrans either. He did not seem to be doing well and he was surrounded by enemies.

But her current identity and position did not allow her to ask too much about him.

Therefore, if Yuan Shuo and the others went over, she would feel a bit more at ease.

Yuan Meng turned to her. “Can you live alone in Dubai with Fu Hanzheng?”

She and Yuan Shuo must have been used to taking care of her like a little girl. Even if she had Fu Hanzheng now, they would still be worried.

“Why not?” Gu Weiwei asked with a smile.

Yuan Meng shrugged helplessly. “Alright, there is nothing wrong with just staying with Fu Hanzheng.”

If it had been before, they would have been worried, but after she confessed her identity, Fu Hanzheng still did not abandon her.

They were no longer worried that anything would affect their relationship.

Gu Weiwei chuckled without saying a word. Sometimes, she even felt that the twenty years she spent as Gu Weiwei was not as happy as the one she had spent with Fu Hanzheng.

Sometimes, she could not help but think that he had not been in a relationship or married for so many years because he was waiting to meet her with all his heart.

And she had drifted away for more than twenty years just to find the direction he was in and come to him.

“Tsk, tsk, tsk, can you not be so obsessed with your man?” Yuan Meng complained as she shook her head.

Hearing her words, Gu Weiwei said, “What was it like when you drooled over Master? Should I help you remember?”

Yuan Meng surrendered and asked, “Oh yes, didn’t you say that you came back to the capital for the pregnancy checks? When are you going?”

“I went there this morning,” Gu Weiwei said.

Yuan Meng raised her eyebrows. “What are the results?”

Gu Weiwei smiled brightly and said happily, “Two.”

Chapter 1116: Happy Second Uncle

Yuan Meng blinked. “What do you mean two?”

Gu Weiwei held her belly and said with a smile, “There are two babies in my belly.”

Dumbfounded, Yuan Meng looked at her belly and sighed.

“No wonder she was suffering before, it turned out that she is having two in one go.”

Fu Shiqin and Fu Shiyi were the twins in the Fu Family, and it would be very lively if she and Fu Hanzheng had a pair of twins.

“So I need to finish the work as soon as possible, otherwise... I am afraid that I will not be able to conceal my belly,” Gu Weiwei said helplessly.

Apart from work, she rarely showed up in Hua Land and none of the variety shows had been cancelled yet.

If she could not conceal her belly and was accidentally photographed by the media, she would definitely be in the headlines for a long time.

“True, the sooner we deal with it, the sooner you can rest and wait for the delivery,” Yuan Meng said.

Gu Weiwei looked at her. “So from tomorrow afternoon onwards, you have to keep me company at work.”

Fu Hanzheng had company matters to deal with and it was not convenient for him to pick her up, so Yuan Meng or Jolin had to come.

Yuan Meng tidied up the luggage she had brought with her and stood up.

“Sure, I have my assistant’s salary anyway, what time should I pick you up tomorrow?”

“One in the afternoon,” Gu Weiwei said.

She had to meet the nutritionist at lunch and could not leave the house until after lunchtime.

On the other side, at the headquarters of Fu’s Enterprise.

Fu Shiqin returned to the company and almost ran back to the office.

He had to ask his brother about an important project but he did not see him at the company.

After several calls, he finally arrived.

“You left before me and arrived so late.”

He knew that he would drive his sister-in-law home first, but he could already make three trips there and back at this hour.

Fu Hanzheng was too lazy to explain anything to him. He read the report and told him what to do.

Fu Shiqin said again when he finished speaking, “Third Brother just texted that our mother is urging us to go back to the old mansion. When are we going home?”

Fu Hanzheng thought for a moment. “In the afternoon, the day after tomorrow.”

“Okay.” Fu Shiqin grabbed the files and left Fu Hanzheng’s office, humming as he returned to his own office.

Xu Qian went to deliver the things to him and asked curiously, “Second Master is in a good mood today?”

“Of course it is good, I am becoming a Second Uncle,” Fu Shiqin said.

“Didn’t you already know about it?” Xu Qian said in amusement. Last month, Boss went to take care of the lady boss who was pregnant and still filming outside the city, and he had only just brought her home.

He was the one who arranged the accommodation, so he knew everything clearly.

“I did know about the pregnancy, but my sister-in-law is pregnant with twin babies and I didn’t know about it until today.” Fu Shiqin felt very pleased when he thought of how the two babies would call him Second Uncle next year.

“Two?” Xu Qian could not believe it.

Fu Shiqin smiled calmly. “What is so strange about it? Our family has very strong twin genes.”

Xu Qian was startled for a moment, but soon calmed down.

“So your sister-in-law is pregnant with twins, but why are you happier than Boss?”

Although Boss had looked a bit happy when he met him, he was not as happy as Fu Shiqin was.

But on second thought, he realized that his Boss had always been a reserved person and he was not as expressive as Second Master and Third Master.

“As a Second Uncle, can’t I be happy?” Fu Shiqin asked furiously.

“Sure, of course you can.”

Chapter 1117: Qin Lv’s Fiancée

The following day, Fu Hanzheng asked He Chi's nutritionist to come and talk with her about the effects of nutrition on the baby's development and the best nutritional recipes for the pregnancy.

Also, he taught the servants how to make some meals that were light in oil, so that she would not have morning sickness.

In the afternoon, Yuan Meng came to pick her up from the studio and she talked with the staff in charge of editing the movie.

When she was busy, she totally forgot about time and did not go home until the evening.

It was not until Fu Hanzheng called that she realized the time and answered the call guiltily.

"I am on my way home."

"Can you not eat on time?" Fu Hanzheng sounded displeased over the phone.

It was not a big deal for her to forget about food and sleep in the past, but now that she was pregnant with two babies, she could not be so careless.

"Yuan Meng bought me fruits and yogurt this afternoon," Gu Weiwei said instantly.

"Come home now or I will pick you up." Fu Hanzheng's tone sounded milder.

"Okay, I'm coming home now," Gu Weiwei said as she went to wake Yuan Meng, who was dozing off on the sofa, to take her home for dinner.

Yuan Meng stretched herself, grabbed the car keys and went downstairs with her.

"Oh yes, Jolin called and said that Luo Qianqian has finished the song and the demo is in the studio."

"Then let's go home and on the way we can stop at the studio," Gu Weiwei said.

The editing studio was not in the same place as her director's studio, but it was on the way home.

Yuan Meng drove her back to her studio.

The moment she went upstairs, Xu came out and said, "Weiwei, Miss. Guo has been waiting for you all afternoon."

"Miss Guo?" Gu Weiwei frowned. She did not know anyone with the surname Guo.

"She is in the guest room, do you want to meet her?" Xu asked.

Gu Weiwei thought for a while. "Let's meet her, she has been waiting for the entire afternoon."

Having said these words, she asked her to bring her the demo sent over by Luo Qianqian.

She had thought that the person who was waiting for her for the entire afternoon was either a loyal fan or someone from the film industry.

But it turned out to be a girl around her age.

Dressed in a custom-made Chanel coat and carrying the new handbag from Hermes, she was obviously from a wealthy family.

“Miss. Guo?” Gu Weiwei asked.

“Guo Ting, Qin Lv’s fiancée.” The woman stood up and introduced herself.

Gu Weiwei raised her eyebrows in surprise. “The person you are looking for should be upstairs, you are in the wrong place.”

Could it be that because Qin Lv kept pursuing her, she was treating her as a love rival?

But she had nothing to do with Qin Lv and so this love rival was being wronged.

“I am here for you.” Guo Ting sized her up.

Although she had seen her numerous times on TV and the news, this was the first time she was seeing her in person.

“For me?” Gu Weiwei found it funny.

“With your looks and reputation, there are many rich people who want to have you. So why are you keeping your eyes on Qin Lv?”

Guo Ting sized her up. Although she was surprised that she was prettier than how she looked on TV, her eyes were full of disdain and contempt.

Although she had never been involved in any gossip, few actresses in this industry were clean, especially those who had gained their position so quickly.

Gu Weiwei checked the time and decided to go home for dinner.

“Miss. Guo, I am not that close to the person you are talking about. I need to leave now.”

“Why are you leaving? Feeling guilty?”

Seeing her leaving, Guo Ting picked up the cup and was about to throw water on her.

Chapter 1118: Qin Lv’s Fiancée 2

However, just when she had lifted the cup and was about to throw the water, Yuan Meng grabbed the cup.

And she even lifted it and poured it over her head.

Instantly, her hairstyle and makeup were ruined.

Guo Ting gritted her teeth in anger and was about to attack Yuan Meng, when she was stopped by Yuan Meng.

“What are you doing?”

“I am lecturing you on behalf of your parents.” Yuan Meng snorted with her arms crossed.

This kind of spoiled rich lady truly thought herself as someone important.

Annoyed, Guo Ting wiped off the water on her face and pointed at Yuan Meng and Gu Weiwei.

“You are seducing someone else’s fiancé, and you think you are being reasonable?”

Yuan Meng rolled her eyes. “Let’s get this straight, your fiancé is hovering around us like a fly and we can’t drive him away.”

“But it was you, Mu Weiwei, who was so indecent in middle school and tried so hard to seduce Qin Lv, and now you are running the studio that’s downstairs to his company. What on earth are you doing?” Guo Ting furiously interrogated.

She had only been abroad for two years and Qin Lv had changed completely.

“A capable woman knows how to deal with men, not cause trouble for others like a b*tch.” Yuan Meng snapped back.

And she was seducing Qin Lv? Qin Lv must call her Aunt now!

With such a wonderful man like Fu Hanzheng around, no one would fall for any other men.

Yuan Meng did not even give her a chance to counter Guo Ting, so Gu Weiwei was glad to have her save herself some trouble.

If she had known that she was such a person, she would not have bothered to meet her.

“You...” Guo Ting was about to say something when she saw Qin Lv coming towards her. She rushed out of the door with a wronged expression. “Brother Qin Lv, look at them...”

Yuan Meng snorted and went up to Qin Lv.

“President Qin, please take care of your fiancée, don’t let her behave atrociously in someone else’s territory. If there is a next time and I accidentally hit her too hard, she might lose arms and legs.”

...

Having said these words, she threw a threatening look at Guo Ting.

Qin Lv did not care about anything else. Hearing Yuan Meng’s words, he explained to Gu Weiwei who was standing behind Yuan Meng.

“Weiwei, she is not my fiancée, she took my words too seriously one time.”

Hearing that he was trying to clarify their relationship after being splashed like this, Guo Ting got even more annoyed.

“Brother Qin Lv, they have ruined me!”

“You should be glad that you were not holding a cup of sulfuric acid, otherwise...” Yuan Meng snorted.

Without saying a word, Gu Weiwei threw a look at the ringing phone and said to Yuan Meng, “Let’s go home.”

She did not want to argue here.

Many girls did not think that it was a man's problem when they found out that the person they liked had changed his heart. Instead, they thought that there was something wrong with the person the man liked and thought that they had seduced the man who belonged to her.

But between her and Qin Lv, he would have to call her Aunt.

"Weiwei..." Qin Lv looked nervous when he saw her being so unconcerned.

He had come downstairs and saw her car parked downstairs, so he guessed that she was here at the studio and came to take a look.

But instead he saw Guo Ting making a fuss.

"President Qin, please console your fiancée, don't let her misunderstand you."

Having said these words, Gu Weiwei followed Yuan Meng into the elevator and left the studio.

Chapter 1119: Women in Entertainment

Seeing her and Yuan Meng leaving, Qin Lv became even more annoyed when he saw the crying Guo Ting.

It had not been easy for him to open the company above her studio. He had wanted to take advantage of the situation and Anthony Gustav, who had been pestering her, had also returned home.

So he thought that it was his chance.

But she went abroad for filming and stayed away for more than two months.

Now that she was finally back, they did not even have a conversation and she had even misunderstood him because of Guo Ting.

"Guo Ting, I don't want to see you here again."

"Brother Qin Lv, how many women in the entertainment industry are clean? How many of them don't get to where they are because of men? This kind of person!"

"Watch your mouth, she is not like that." Qin Lv interrupted Guo Ting coldly.

He did not know how other people in this industry were like, but he knew very well that she was not like that.

If she had wanted to use a man to get to the top, she would have told the public when she was with Fu Hanzheng.

Everything she had now was won by herself.

Guo Ting was born into a prestigious family in the capital city. She was the only girl among the brothers and cousins of the Guo Family and the elders of the Guo Family spoiled her rotten. She had a very bad temper.

"She is not that kind of person?" Guo Ting snorted and said, "She must have been in a relationship with Fu Shiyi. Without Fu Shiyi, she would not have climbed up so fast."

“You!” Qin Lv did not want to argue with her in someone else’s studio, so he turned around and left.

Although there were rumors about her and Fu Shiyi, only Fu Hanzheng was entwined with her.

Guo Ting followed him into the elevator and carefully touched up her makeup in the mirror.

“What about me? Am I right?”

“You are so unreasonable.” When the elevator arrived, Qin Lv rushed out and opened the car door.

He had just sat down in the driver’s seat when Guo Ting got into his car from the other side.

“You need to drive me home.”

Instead of starting the car, Qin Lv made a call to the Guo Family and asked them to pick her up.

But inwardly, he was thinking that Mu Weiwei’s new movie had been completed and she should be staying in the capital soon.

But with Guo Ting pestering him, he would only bring her trouble.

Maybe he should discuss it with his aunt when he returns home.

After all, his aunt had always supported him.

On the other side, Gu Weiwei was already on the way home.

Yuan Meng complained about Guo Ting as she drove.

“You want to hit her next time? I would have broken her hands if she wasn’t so young.”

“No thanks, we won’t see each other often,” Gu Weiwei said.

The editing work was done at the editing studio.

Also, once the post-production work was completed, after the premiere at the end of the month, she would have to leave Hua Land for Dubai for a long stay.

The contract for the studio was only signed for three years, so when the child was born and brought home a little older, the lease would have expired and she could go somewhere else.

Then she would not meet these two people again.

“The Guo Family and the Qin Family. It must be the Guo Family that is involved in politics,” Yuan Meng mumbled.

After coming to Hua Land, she had investigated and understood the famous families in Hua Land.

Compared to the Fu Family’s business, the Guo Family was in politics and the entire family was doing well.

“Probably.” Gu Weiwei looked out of the window as the car approached the apartment.

The car had just parked when Fu Hanzheng came out to pick her up and opened the door for her.

“What took you so long?”

“I took a detour to the studio and got the demo for the music,” Gu Weiwei said.

She did not mention anything about Qin Lv and Guo Ting who regarded her as her love rival.

Chapter 1120: Push Me to the Side?

However, Yuan Meng rolled down the window and said to Fu Hanzheng, “The fiancée of the Qin Family is causing trouble at the studio and she is trying to start something.”

Hearing the words, Fu Hanzheng looked sinister.

“Start something?”

“What are you nervous for? I am here, she can’t hurt your darling. However, if that girl tries to cause trouble next time, I can’t guarantee that she will be able to go home healthy,” Yuan Meng said.

She had not touched anyone these days and her hands were very itchy.

Gu Weiwei tugged at Fu Hanzheng and said with a gentle voice, “Let’s go, I am hungry.”

Fu Hanzheng gave up on asking Yuan Meng for more details and returned to the apartment with one arm around her.

Gu Weiwei removed her mask, hat and feather down jacket, washed her hands and sat down in the dining room.

“Sorry, I was too busy to remember the time.”

Fu Hanzheng gave her a cup of water. “Aren’t you tired from work?”

When she was at home, she did not even rest until it was late into the night, and when she went to work, she forgot that she was pregnant.

Gu Weiwei smiled guiltily, took the water and took a sip.

“I want to finish my work as soon as possible.”

The moment she found out that she was carrying twins, this thought became even more intense.

It was too dangerous to stay at home in Hua Land, especially after the movie was released. She would be the focus of the media.

In the future, when she went out and went for a prenatal checkup at the hospital, if the media found out about it, it would cause a huge sensation.

Firstly, she was pregnant at such a young age and it was inevitable that she would be criticized. Secondly, if the Fu Family knew about it, Fu Hanzheng would be put in a difficult position.

“You have to do it in moderation, you can’t overwork yourself,” Fu Hanzheng said seriously.

Gu Weiwei sighed helplessly. She had only been watching the editing of the movie for the entire afternoon, how tired could she be?

“Got it, I’ll pay attention to the time, starting tomorrow.”

He seemed to be nagging her more and more these days.

Fu Hanzheng gave up and asked, “What is going on with Qin Lv?”

Gu Weiwei shrugged helplessly. “A little girl called Guo Ting came to the studio to find me, thinking that I had stolen her fiancé. You know about Qin Lv, I wasn’t serious about the love letters.”

Fu Hanzheng had no words to counter. When Qin Lv came to tutor her and he found out about their past, he felt very uncomfortable.

But when he thought about it, Mu Weiwei was still Mu Weiwei at that time, and he found it ridiculous to be jealous.

“Don’t go to the studio unless it’s necessary.”

Guo Ting was spoiled by the Guo Family and she had a very bad temper. If she really caused trouble, she and the babies would be hurt.

Also, although he knew that Qin Lv was persistent about Mu Weiwei and not the real and current her, he still did not want them to meet again.

“Okay, okay, whatever you say.” Gu Weiwei agreed cooperatively.

Satisfied, Fu Hanzheng scooped up some soup for her.

“Eat.”

Gu Weiwei was almost full from one bowl, but when she thought of the two babies in her belly, she added half a bowl of rice for herself.

After dinner, she went to take a shower and listened to Luo Qianqian’s demo a few times. Then she made a call to Luo Qianqian and suggested some changes.

After the call, she went to bed and was ready to sleep.

Fu Hanzheng finished his work, took a shower and went to bed. Out of habit, he took her into his arms.

Then he kissed her neck and whispered, “When these two little ones are born, will you push me to the side?”
