

MY HIDDEN 1121

Chapter 1121: Scary Man

Gu Weiwei turned around and asked him face to face, "Who has made you think that?"

"Xu Qian said that after he got married and had children, he had no position at home and his wife only had eyes for children," Fu Hanzheng said.

That was the biggest reason why he had been against children before.

Now that the babies were in her belly, he had no choice but to accept it.

But he also started to worry that they would steal his position in her heart after they were born.

Especially now that she was having twins, it would take up a lot of her energy and time.

Gu Weiwei did not know whether to laugh or cry. "I am pregnant with your children, not your enemies."

These babies were still only in her belly and he was already worried that they would be possessive and steal her heart.

Fu Hanzheng tightened his arms around her. "Is it impossible that you won't love them more than me?"

He was looking forward to the arrival of their children, but when he thought that their birth would take up most of her energy and time, he felt displeased.

"It is a different kind of relationship, why are you so narrow-minded as a father?" Gu Weiwei asked in amusement.

Fu Hanzheng stayed silent. He was just not ready to accept the children's interference.

Gu Weiwei took hold of him and looked gentle.

"These are our children, we will raise them together, isn't it a very happy thing?"

Intimate love was not the only thing in human relationships. There were many kinds of familial relationships. Was romantic love the only thing in his eyes?

"Really?" Fu Hanzheng could not imagine that kind of happiness.

Gu Weiwei rubbed herself against his arms and said with a gentle voice, "Because they are our babies, I look forward to their arrival. As their mother, I will love them, but I will definitely love you the most."

Maybe when the children were born, everything would be fine. Just like Fu Shiyi and Fu Shiqin, although he looked disdainful, he still cared for his two brothers.

Fu Hanzheng kissed her forehead and breathed deeply.

Gu Weiwei realized something, released her arms and suggested discreetly.

"What about... sleeping in the guest room?"

“You want me to sleep in the guest room?” Fu Hanzheng lowered his eyes and asked with a low voice.

Gu Weiwei blushed. “Aren’t you feeling uncomfortable by sleeping here?”

Of course, he was in physical discomfort.

With his sexual needs, he was tormenting himself by staying in the same bed with her but not fully touching her.

A little more intimate physical contact would make him satisfied, but she was pregnant.

“No.” Fu Hanzheng denied.

It was not easy for them to live together, but she was already driving him to the cold guest room to sleep alone. She was so cruel.

Gu Weiwei sighed helplessly and kissed him on the lips.

“Good night.”

Fu Hanzheng thought about his work the following day, trying to distract himself.

But the familiar scent lingered in his nose, reminding him of the intimate moments they had shared.

Then he got increasingly annoyed and he saw that the girl in his arms had already fallen asleep.

He pulled away his arm from her pillow and went to the bathroom to take a shower.

After a long while, he lay down again and looked down at the girl who had fallen asleep.

There was still half a year before the two little ones were born, and he had to live a life where he could look at her but not enjoy her.

Those babies had stolen his woman before they were even born, what would happen when they are born?

Chapter 1122: Private Revenge

When he woke up early in the morning, Fu Hanzheng did not wake her up, when he saw that she was still asleep. He thought that she had been too tired these days and needed to rest more.

He snuck out of bed, washed, got changed and ate breakfast.

Then he returned to the room and kissed her forehead.

Gu Weiwei opened her drowsy eyes and saw him standing by the bed in a suit.

“Going to the company?”

“Sleep a little longer and eat something later, in case you feel uncomfortable again,” Fu Hanzheng said with a gentle voice.

Gu Weiwei nodded and stretched out her arms.

“Come here.”

With one hand on the bed, Fu Hanzheng leaned forward.

“What is it?”

Gu Weiwei wrapped her arms around his neck and kissed him on the lips.

“Good morning, drive safe.”

“I will,” Fu Hanzheng answered briefly, adjusted her blanket and left for the company.

However, he did not feel happy throughout the entire day. He had turned down three proposals from the Planning Department and Fu Shiqin’s report was not going to be spared either.

“Brother, you can’t vent your anger on us, even if you are not satisfied.”

Fu Hanzheng squinted at him. “What did you say?”

“Am I wrong?” Fu Shiqin snorted.

He was living with sister-in-law now, and even though she was pregnant, he could not eat with her every day. He was clearly not satisfied.

Otherwise, why would he be so angry at them?

“Maybe you should be mute.” Fu Hanzheng sounded cold.

Fu Shiqin smiled proudly as if he was right.

Ignoring him, Fu Hanzheng turned around and gave him a pile of work that required him to work overnight.

“Brother, you can’t take revenge on me like this.” Fu Shiqin protested furiously after hearing the schedule.

He had given him many tasks that he should not have to do.

“Am I?” Fu Hanzheng looked cold.

Fu Shiqin gritted his teeth and returned to his office with the files. He made up his mind that after his two nephews were born, he would definitely turn them into new members of the Anti Fu Hanzheng team... So that someone’s life would never be peaceful.

Fu Hanzheng was busy at the company until five in the evening. Then he packed up and was about to leave.

Fu Shiqin reminded him when he saw him.

“We agreed to go back to the old mansion today, where are you going?”

“I will be there after dinner,” Fu Hanzheng said as he walked into the elevator and texted Gu Weiwei to ask if she was home.

Standing still in the same spot, Fu Shiqin watched the elevator door closing.

His mother asked them to go back to the old mansion for dinner, so he had to go home and eat with his sister-in-law first.

His brother, who had always been cold and serious, was suddenly so gentle. He was becoming less and less like his brother.

Fu Hanzheng returned to the apartment for a while and Yuan Meng drove Gu Weiwei back.

“Why are you home so early today?” Gu Weiwei asked in surprise.

“I have a banquet to attend,” Fu Hanzheng said calmly.

He did not tell her that the banquet was at the Fu Family’s mansion.

Without asking anything more, Gu Weiwei asked the servant if the dinner was ready and went to wash her hands.

Fu Hanzheng was having dinner with her, when Fu Shiyi and Fu Shiqin kept calling.

Gu Weiwei glanced at the ringing phone. “How about... going there quickly?”

“No need, there is no hurry.”

Fu Hanzheng switched off the phone and continued to eat with her.

Chapter 1123: Trouble

At eight o’clock in the evening, Fu Shiyi and Fu Shiqin still had not seen the man who had gone home for dinner with his wife.

Fu Shiqin tapped the steering wheel anxiously, whilst Fu Shiyi sat in the passenger’s seat with his arms crossed.

Fu Shiqin said, “Why do I feel that we are treated so cheaply? He never cares about us, but we still help him and sister-in-law.”

Fu Shiyi snorted. “What else can we do, betray him and cause chaos?”

Sometimes when he thought of their inhuman brother, he hated him deeply. However, he realized they could not beat him.

“He’s only been to work at the company for one day and yet he is already treating me like an animal.” Fu Shiqin thought of the work he had to do as overtime tonight and wrote down another book of hatred for his brother in his mind.

Fu Shiyi squinted at him. “What did you do to him?”

“I... just complained to him, and said don’t take it out on me if you are not satisfied,” Fu Shiqin said.

Fu Shiyi’s lips twitched. “Who are you blaming?”

As long as he did not mention it, he could just laugh inwardly.

But if he poked his brother’s sore spot, he would be asking for a beating.

“Let him be proud now. When the two children are born, it will be time for our Bring Down Fu Hanzheng’s team to make a comeback.” Fu Shiqin had thought of a hundred ways to teach the two children to disobey their father.

“So for the sake of my two nieces, I better help him.” Fu Shiyi sighed helplessly.

They were just discussing the plan of cultivating the little devil when Fu Hanzheng’s car drove past them.

Seeing the scene, Fu Shiqin started the car and followed him back to the old mansion.

The moment they entered the house, they saw Qin Man, who had been missing recently, at their home.

Fu Shiyi and Fu Shiqin exchanged a look. They were trying to set up his brother and Qin Man.

Fu Hanzheng glanced at them and sat down in the dining room. He had no intention of eating with them.

“Sister Qin Man, what are you doing here?”

“Nothing, I am just here to verify that Mu Weiwei will never enter the Fu Family again.” Qin Man revealed her purpose without caring about tact.

Although Fu Hanzheng and Mu Weiwei looked divorced on the surface, she felt that they were still in a complicated relationship.

Therefore, she was here to verify why they had gotten a divorce and whether they could remarry.

Although Fu Shengying did not tell her why they got a divorce, he had clearly and resolutely expressed that he would not allow Mu Weiwei to marry Fu Hanzheng.

Now she was relieved.

“Also, why didn’t you go to meet Qin Man last time?” Fu Shengying asked Fu Hanzheng.

Fu Hanzheng looked cold. “If you want me to come home only because of this matter, you don’t have to ask me to come home anymore.”

He did not reveal that Weiwei was pregnant because he did not want their attitude to stimulate her and put her and the children in danger.

Qin Man waved her hands at Fu Shengying and turned him down. “Uncle, please let me go. He is not my type. I don’t like him, so don’t try to get us together.”

Fu Shengying was surprised. “But you are here today to ask about Mu Weiwei?”

“Yes, our Lui likes her very much. As long as your Fu Family doesn’t interfere, she will definitely become part of our Qin Family,” Qin Man said impatiently.

Fu Shiqin was stuck for words. “Are you and your nephew still not giving up on my sister-in-law?”

Qin Lv could not let go of her because of his feelings, but as an aunt, she was so persistent in helping her nephew marry her. Was she mental?

Chapter 1124: Two Children

“I will never give up.” Qin Man smiled and said, “As long as you don’t interfere, one day, she will belong to the Qin Family.”

Fu Shiyi snorted and said, “I remember that Qin Lv’s fiancée has returned home recently, right? You two are two-timing.”

“That is just a joke made by the elders when they were young, how can it be true?” Qin Man snorted.

Guo Ting was stubborn and unreasonable, totally different from Mu Weiwei in terms of looks and personality. The Qin Family would never want her.

It was a pity that Mu Weiwei’s ex-husband was Fu Hanzheng, a man who had a great family background and appearance. It was not going to be easy for her to accept someone else after she got divorced.

Especially when Lui was way behind Fu Hanzheng.

But if she and Fu Hanzheng could not remarry, then they still had a chance of success.

Fu Shiyi and Fu Shiqin looked at their brother in silence. They knew that Qin Lv would not be able to steal their sister-in-law away.

However, if Qin Lv and Qin Man continued to make a fuss, they were afraid that their sister-in-law’s pregnancy would be exposed.

Fu Hanzheng looked calm, as if what they said had nothing to do with him.

No matter what Qin Man was thinking, Weiwei would never fall for Qin Lv.

Also, they were leaving next month, so they could do whatever they wanted.

After a long while, Mrs. Fu saw that Fu Hanzheng had not touched his chopsticks.

“Why are you not eating?”

Fu Hanzheng checked the time and said, “If you have anything to say, just say it. I need to go home and rest.”

It was almost time for her to rest and he needed to keep her company.

Fu Shiqin chuckled. He was not going home to rest, he was going home to keep sister-in-law company.

Old Lady looked at Fu Hanzheng and said seriously, “I know that you blame us for the divorce, but she is not suitable to be with you.”

Although she knew that the grudge between the Fu Family and the Gu Family was not her fault.

But her relationship with the Gu Family and Cayman Dorrans made her wary.

Fu Hanzheng stayed silent and was too lazy to argue. If he did, they would be alarmed and notice that they were together.

Seeing him staying silent, Fu Shengying thought that he had taken her words seriously, so he tried to persuade him.

“You are not young anymore, try to accept other girls.”

“I don’t think we need to talk about it.” Fu Hanzheng looked cold.

He did not accept that she was in a relationship with other men, and of course he would not be in a relationship with other women either. That would break her heart.

Even if it was just for show.

Old Lady sighed. “You can choose not to get married, but you can’t possibly not want children.”

They had been looking forward to him getting married and having children for so many years, and now when he finally found someone he liked and was willing to get married, something like this happened.

Although she knew that it was very difficult for him to marry another woman and have children, it was impossible between him and Gu Weiwei.

But she still hoped to see him get married and have children in her lifetime.

Fu Shiyi and Fu Shiqin exchanged a look and got very excited.

His brother had two children already.

They were so excited, but they could not say it now. They were in so much pain from having to hold it in.

“If it’s not her children, I will never have a child.” Fu Hanzheng checked the time and had no intention of continuing the topic. “It is getting late, I am going home.”

Chapter 1125: Name

Everyone watched as Fu Hanzheng left within an hour of arriving.

Fu Shengying put down the bowl and chopsticks angrily and glanced at Fu Shiyi and Fu Shiqin.

“Did he meet that woman again?”

Fu Shiyi and Fu Shiqin shook their heads in agreement.

“Of course not, my brother has been busy with the projects in Dubai.”

“That’s right, she is too busy making movies to talk with our brother.”

...

Sigh, grandma and their father had been thinking too much.

His brother had no interest in women before he met his sister-in-law, so why would he be interested in other women after meeting someone he truly liked?

His brother got a divorce out of filial piety and he did not want his grandma to get sick because of this, but that did not mean that he would completely let go of his relationship with his sister-in-law.

Apart from his sister-in-law, there was no other woman who could make his brother so devoted.

Mrs. Fu looked at the failed mother and son. "I told you that he would not accept it, but you still refuse to give up."

Everything had changed after they got divorced.

No matter who they found, they were far worse than Gu Weiwei, let alone being capable of entering Hanzheng's heart.

"Apart from that woman, does he really plan to not marry and live alone?" Old Lady said in distress.

Fu Shiyi laughed dryly. "Not necessarily."

His brother would not live alone. He was living with his sister-in-law.

In the future, they would have two children and a family of four.

Fu Shiqin added. "What if he spends the night with that man?"

"Shut up."

Fu Shengying glared at Fu Shiyi. Instead of saying anything nice, he chose to say something they did not want to hear.

"That is a possibility." Fu Shiyi snorted and said, "My brother likes her, but you don't want her to be with him, and now you want him to marry someone else and have children with them? Dream on!"

If he objected to them now, he would beg them to remarry when he saw his sister-in-law's children.

They were all in a hurry to find someone to have a child with his brother, but his sister-in-law already had two babies in her belly, alright?

Fu Hanzheng left the Fu Family's mansion and returned to the new apartment where he and Gu Weiwei were staying. Gu Weiwei had been reading on the sofa in the bedroom.

When he approached her, she had already fallen asleep on the sofa.

He carefully carried her to the bed, but the moment he put her down, she woke up.

"Finished at the banquet so soon?" Gu Weiwei looked drowsy.

"Yes, I am done."

Lying next to her, Fu Hanzheng did not even remove his coat.

Gu Weiwei stared at him for a few seconds. "Who p*ssed you off?"

If he was just going to attend a banquet, no one would have provoked him.

"It's nothing," Fu Hanzheng said and kissed her forehead. "Let's finish our work early and go to Dubai."

He did not want to live such a sneaky life anymore.

"Okay." Gu Weiwei nodded, turned around and took hold of his waist. "Should we start to think about what names to give the babies?"

He had to give her the first names and the nicknames too.

“You decide,” Fu Hanzheng said.

Gu Weiwei glared at him and said seriously, “Don’t you have any sense of being a father? Of course you have to be involved in this matter.”

Fu Hanzheng thought for a while. “We can think about it when we are done.”

He could not help but long for the time when they were alone in Dubai.

Chapter 1126: Warm Bed

“Okay.” Gu Weiwei agreed.

She needed to deal with the post-production work and he needed to make arrangements for the company.

After all, it would take such a long time before he could leave, if he did not make any arrangements.

But he must have returned to the Fu Family’s mansion instead of attending a banquet tonight.

At dinner, Fu Shiyi and Fu Shiqin called him one after the other. If it was a business meeting, Xu Qian or Fu Shiqin would have called.

Therefore, it was very possible that he had gone back to the Fu Family’s mansion.

Also, something unpleasant must have happened. Something related to her must have made him so displeased.

Fu Hanzheng brushed away her hair and looked down at the girl’s pretty face, looking very gentle and loving.

“Weiwei, thank you.”

“What?” Gu Weiwei was startled. What was he thanking her for?

Fu Hanzheng kissed her forehead and sighed.

“Thank you for coming to my side after experiencing so much misery.”

If it had not been for her, he would not have fallen in love with anyone in this lifetime. He would not have known how it felt to love someone, much less how it felt to be loved by someone.

Gu Weiwei chuckled. “What are you doing?”

“I’m serious.” Fu Hanzheng smiled and whispered, “Thank you for staying by my side. Thank you for giving birth to our children.”

If it had not been for him, she might have returned to Italy with Cayman Dorrans. But because of him and his family, she did not leave with Cayman Dorrans but stayed in Hua Land to keep him company.

But because of his family’s objection, he still could not give her a proper marriage.

That was the biggest knot in his heart.

Gu Weiwei smiled and kissed him on the lips. "Meeting you is the greatest joy of my life."

She could not imagine how she would have lived her life if she had not met him.

Fu Hanzheng caressed her face and looked at the girl's beautiful face that was so close to him.

"Weiwei..."

Gu Weiwei took hold of his hands helplessly. "Alright, I know that you love me deeply. Can you get changed and sleep now?"

Fu Hanzheng smiled and went to take shower and get changed.

When he changed into his pajamas and went back to bed, the sleepy girl was sitting on the bed with a pillow in her arms.

"Why are you awake?"

"Waiting for you." Gu Weiwei blinked with a smile.

Fu Hanzheng approached the bedside and smiled at her.

Unlike his cold and serious look when he was dressed in a suit, he looked warm and gentle in the comfortable casual clothes.

"Waiting for me?"

With the pillow in her arms, Gu Weiwei smiled brightly.

"It is cold, I am waiting for you to warm the bed," she said as she saw the red string on his wrist and smiled brightly.

Lying on the bed, Fu Hanzheng took her into his arms and chuckled.

"What else do you need, Mrs. Fu?"

Gu Weiwei took hold of his hand with the red string. "Why are you still wearing it?"

She had always slept early, otherwise she would have already noticed that he was wearing the string all the time.

"Of course I have to keep what you gave me." Fu Hanzheng looked down at the red string on his wrist.

When she gave him the present, she said that it was the knot of three lifetimes that was meant to be fated.

At that time, he had no idea that she had given it to him because she was afraid of leaving him.

Chapter 1127: Baby Wife

Gu Weiwei fiddled with the red string and said, "But it looks so cheap."

It was too demeaning for someone of his status to wear such a thing.

"It is very expensive," Fu Hanzheng said.

What was precious was not this red string, but the intention of staying with him forever when she was making it.

This was a very precious gift.

Gu Weiwei smiled. "Is that so?"

Yes, he had always known what she was thinking.

There was no one else apart from him in this lifetime.

Fu Hanzheng took hold of her hand and kissed it.

"Of course."

Gu Weiwei chuckled sweetly and looked up at this cold-looking man.

"Mr. Fu, I am curious about one thing."

"Oh?" Fu Hanzheng raised his eyebrows and asked her to continue.

Leaning against his chest, Gu Weiwei smiled sinisterly.

"See, I call you Uncle, darling and husband, but you never call me darling or wife."

"Never?" Fu Hanzheng thought for a while and realized that he did not call her that. "So, darling wife, do you want me to call you that in the future?"

Gu Weiwei nodded with a smile. It was a bit annoying, but... she wanted to hear it.

Fu Hanzheng lowered his head and kissed her forehead, smiling dotingly.

"Baby wife, you should sleep now."

Satisfied, Gu Weiwei fell asleep in his arms.

However, the good mood of one night's sleep was ruined by the strong morning sickness.

When she came to the dining room early in the morning, she had vomited twice before she had eaten anything.

Fu Hanzheng was so worried that he did not dare to leave the room. When she finished vomiting, he helped her up with one hand and fed her water with the other.

Gu Weiwei rinsed her mouth and spat it out as she leaned against him weakly.

"Help me lie down, I don't want to eat anymore."

It was not easy to be the mother of two babies.

Fu Hanzheng picked her up and carried her back to the room. Then he asked the servant to get her some water and orange juice. He did not ask her until she drank it all.

"What about a salad?"

She might not be able to eat anything else, but she could still eat the light and unpolished salad in the morning.

Gu Weiwei shook her head. "Not now."

Fu Hanzheng frowned. "You can't skip breakfast, is there anything else you want to eat?"

Gu Weiwei thought for a while. "Can I get Hundred Fragrance fruits? I feel like eating them."

Hearing the words, Fu Hanzheng stood up and made a call.

Within one hour, someone brought in a large box of fruits.

The servant helped to dig out the fruit and added some honey into the bowl.

The sour Hundred Fragrance Fruit soon relieved the discomfort of morning sickness. Not only did she eat the fruit, but she also ate it with toast.

The morning sickness was gone and she was full.

Seeing her recovering, Fu Hanzheng let out a sigh of relief.

"Still going to deal with the post-production work today?"

Gu Weiwei nodded. "Yes, but I will be back soon."

Fu Hanzheng saw her off in Yuan Meng and Lei Ning's car and rushed to the company himself.

Of course, he was late and Fu Shiqin complained about him behind his back.

After reporting the work to him at noon, he was about to pack up and leave when his brother made a call with a gentle face.

The moment he pulled open the door, he was startled by his brother's sweet voice.

"Baby wife, have you eaten lunch?"

Baby?

Wife?

Please, could he just stay cold and be like his brother?

He even suspected that his brother had been reborn.

Chapter 1128: Stupid?

My brother, where is your coldness and your ruthlessness?

Why was he so sweet now?

Although they used to show off their love, it was never like this.

He heard his brother talking to his precious wife over the phone and could not help but say, when they finished the call, "Brother, you have changed."

Fu Hanzheng looked at him and then ignored him completely.

Fu Shiqin responded to his silence and said, "You were not like this before. Baby wife? Who are you trying to kill?"

He had thought that he would never hear such words from his brother.

But the love came without any warning.

Fu Hanzheng looked up impatiently. "Shut up and get out."

It was not for him to hear, what did it have to do with him?

Fu Shiqin shrank his neck and left in fear.

After that, he often accidentally heard these words from his brother.

Continuously, for half a month, Fu Hanzheng would focus on his work and make arrangements for what would happen after he left the country.

Gu Weiwei, on the other hand, finished the post-production with the crew and set the premiere of Life Reboot as well as the release date.

On the day of the premiere, Gu Weiwei asked the leading roles to attend the event dressed in luxurious clothes, but she only wore a simple sweater, jeans, a knitted coat, and a pair of pointy toed flats.

Yuan Meng and Lei Ning followed her to the press conference and looked at all the journalists and invited guests, fearing that they would trip her.

Gu Weiwei whispered helplessly as she was surrounded by two bodyguards, "It is just a press conference, don't make it so scary."

"We are not trying to scare you, but if something happens to you, Fu Hanzheng is too scary," Yuan Meng mumbled.

She was pregnant, pregnant with twins and pregnant with Fu Hanzheng's twins. If they did not take good care of her, they would die.

Gu Weiwei sighed helplessly. Fu Hanzheng had told her hundreds of things to take note of, when he knew that she was going to attend the premiere three days ago.

Not only that, but he also reminded Lei Ning and Yuan Meng repeatedly.

Yuan Meng complained to her about how Fu Hanzheng had never been such a mother before.

Gu Weiwei had no words to counter her. He truly used to be a man of few words.

After she got pregnant, he had to remind her repeatedly about everything, yet he was still worried.

If they had not been living together and sleeping in the same bed, she would not have believed that this was still the same Fu Hanzheng she knew.

They were just talking when Lei Ning stared at one place for a minute and then walked over fiercely.

“Lei Ning!” Gu Weiwei wanted to stop her from ruining the premiere.

However, she saw Lei Ning walking towards the wall, where a male reporter was smoking.

She put out the cigarette with one hand and walked him out of the premiere with the other.

“What the hell is this? I am so addicted to smoking but he still dares to smoke at the smokeless site we requested.”

Yuan Meng got so annoyed when she found him smoking inside the venue, ignoring the noticeboard outside the venue.

Gu Weiwei threw a look at Yuan Meng who was eating the candy. “What about you quit smoking now?”

Yuan Meng was a smoker, but after knowing that she was pregnant, she would never smoke as long as she was there.

Therefore, she had been eating candies to relieve her addiction.

Chapter 1129: So Sweet

Lei Ning had just dragged out the male reporter who was smoking at the venue when she then came in with someone.

Gu Weiwei and Yuan Meng were startled at the sight of the man she had brought in. They both recognized him as the assistant Fu Hanzheng had disguised himself as.

“You...” Gu Weiwei felt her forehead. Didn’t he say that he would not come with her because of the important meeting today?

“It ended early,” Fu Hanzheng said.

Yuan Meng sized him up from head to toe. Although he did not disguise himself as perfectly as she did, he had already fooled most people.

Fu Hanzheng glanced at the people around him and calmly entered the assistant work mode.

The lead actors and supporting roles had finished their makeup and came to join her. The host of the press conference was already on the stage, ready to announce the start of the press conference.

“Director, why are you dressed in such a simple outfit at the press conference?” one actor asked with a smile.

She was wearing a sweater, jeans and a beige coat, as well as flat shoes and her makeup was very light.

They all knew that Mu Weiwei had shown off on the red carpet at the film festival several times, but it was weird that she was dressed up like this.

“You are the stars today.” Gu Weiwei smiled.

It was winter and she would catch a cold if she wore such thin clothes.

She must not fall sick now.

The actors did not suspect anything, but the actresses thought that the director was being considerate.

Mu Weiwei was so good-looking, if she was dressed up properly, the premiere would be hers alone, and they would not be involved.

After a heated moment, the host invited the main cast of the movie onto the stage.

Gu Weiwei, as the director, was still sitting on the stage, when Fu Hanzheng passed her the water.

She took it and took a sip, smiled at him and continued to look at the stage.

The lead actors briefly introduced the movie and some things about the filming, and the lead actors and actresses sang the theme song for the movie by Luo Qianqian on stage.

It was not until the lead actors had gained enough attention that the director called Gu Weiwei.

However, the main cast was about to play a game.

"I am not participating in the game. If I have to do something, I can sing a song." Gu Weiwei chuckled.

This game was very dangerous and Fu Hanzheng was still sitting down there. If he wanted to see her playing the game with the crew members when she was pregnant, he would definitely drag her away.

The host agreed instantly. "It seems that ever since Weiwei debuted, she has rarely sung. I am looking forward to it."

Gu Weiwei smiled and said through the microphone as the host and the main cast retreated to the side of the stage, "It was a last-minute decision. Without any accompaniment, I have to sing acapella."

Fu Hanzheng smiled and looked at the young and pretty girl on the stage, looking calm and gentle.

Gu Weiwei picked up the microphone and spoke with a clear voice.

Blaze the day I want you to stay

Now and forever

Let it be

Don't take my words

If you must play around

Now and forever

Let it be

Each time with love

I find out

What you love

Oh my good life will be

I'll never give my love to another

Say you love me

And what you will do

Let it be

Say you always

Will love me

Let it be

Yuan Meng looked at the woman who was singing passionately on stage, and then at the man who was staring at the stage with a gentle look. She removed the lollipop in her mouth speechlessly.

This love was sweeter than candy.

This song was not for the fans or the media, but for Fu Hanzheng alone.

...

Chapter 1130: Love

Next to Yuan Meng, Jolin was also feeling very parched.

In the plan of the premiere, she was not required to sing love songs.

But because Boss was here, she suddenly sang such a cheesy love song.

Also, Boss looked very gentle as he watched the stage.

It was the premiere of the movie, Life Reboot, but the whole place was filled with the sour smell of love.

The girl's voice was clear and sweet, and her eyes were full of love as she looked down, it was as if she were confessing her love to someone through this English love song.

Of course, only Yuan Meng and the other insiders knew what it really meant, and the other media and fans were only guessing.

When she finished the song and the other actors finished the game, it was time for the media interview.

"Mu Weiwei, are you in a relationship? Did you sing the love song for your boyfriend?"

She was only married and the song was for her child's father.

Gu Weiwei smiled. "No."

"What type of man would you like if you were in a relationship?" Another reporter asked.

Even if she was not in a relationship now, judging from the way she sang the love song, she obviously wanted to be in a relationship.

"I don't think it is a certain type of person. There are many kinds of people in the world, but not everyone will like this type." Gu Weiwei smiled and said gently, "I think it must be someone who will make me fall in love with him forever, when I meet him."

Sitting on the stage, Fu Hanzheng looked at the girl who was talking with confidence and gentleness.

Yuan Meng chewed the lollipop speechlessly. That was way too much love.

It was just a movie premiere, but she made it look like a confession.

More importantly, they had been together for so long and it was long past time for them to be filled with so much love.

But these two had always been so close to each other, just like they were each other's first love. Maybe they truly were.

The premiere of the movie started and the lights dimmed.

Fu Hanzheng sat next to her as her assistant and took hold of her hands under the dim light as he chuckled.

"Who was that person you were talking about?"

"Someone somewhere." Gu Weiwei chuckled.

He was asking the obvious.

That someone was sitting next to her and asking her so shamelessly.

With the ten billion yuan box office of *Sleepless* as the foundation, although she was no longer the lead actress of *Life Reboot*, she had gained a great deal of attention and the movie premiere was successful.

But after the premiere, it was already past nine in the evening.

Walking and standing for such a long time was undoubtedly a burden for Gu Weiwei who was pregnant.

After the premiere, Gu Weiwei was about to leave with Fu Hanzheng and Lei Ning when Qiu Ling, the lead actress of the movie, arrived.

"Director, I need to talk with you."

Gu Weiwei nodded and followed her away.

"What is it?"

Qiu Ling looked at her seriously and said after a long while, "Director Xiao Mu, are you in a relationship with that male assistant?"

"..."

Gu Weiwei blinked in astonishment. They had been concealing it well, why was she so sure?

Qiu Ling pursed her lips and glanced at the male assistant.

"I saw him holding your hand at the premiere."

If she had not given her permission, a male assistant would not have dared to hold her hand at such an occasion.
