

MY HIDDEN 1131

Chapter 1131: Assistant, President

Hearing her words, Gu Weiwei felt a bit guilty.

But she did not admit it directly.

“Are you sure?”

“My eyesight is very good, so I can’t be wrong. When I was on set, I felt that your relationship was a bit strange.” Qiu Ling straightforwardly expressed her opinion.

When she was at the set, she did not seem to have much interaction with the male assistant, but when they occasionally exchanged glances, there were many hidden meanings.

Also, when she was singing and talking on the stage, she was looking at the male assistant, which made her even more sure of her guess.

Gu Weiwei smiled helplessly. “You saw it, so what do you want to say?”

“I just think that he is not a good match for you. He might even affect your career,” Qiu Ling said sincerely.

Since she was her friend, she decided to tell her after some hesitation.

She did not know if she was willing to listen, but she felt that she should remind her.

“I don’t think so.” Gu Weiwei chuckled.

“At your age, you are already at a level that countless people can’t reach, and you are good-looking and talented, why... be with such a person?” Qiu Ling said, sounding regretful.

This male assistant did not have a very outstanding job, nor was he good-looking. He was probably not from a good family either.

She had been observing him for so long and she just could not understand what she had fallen for.

“Then who should I be with?” Gu Weiwei asked in amusement.

“With your current looks, status and talent, of course you need to find someone like the President of Fu’s Enterprise. A small assistant like this is not very suitable.” Qiu Ling tried to persuade her.

“Well... I think it is quite appropriate.” Gu Weiwei smiled and patted her shoulders. “Thank you for your words, but I know what I am doing.”

“Director Xiao Mu!” Qiu Ling was even more annoyed at her when she saw that she had no regrets.

Why did she choose an assistant when she had such a promising career?

“Don’t think too much, go home and get ready, you will have to work hard on the promotion after the movie is on.”

Gu Weiwei said a few words and went into the car with Fu Hanzheng.

She had already talked with the other crew members that she was only going to attend two promotional events, and the rest of the time, she was going to depend on them.

Of course, the reason was that she did not want the media to pay too much attention to her, but to make the main and supporting roles the focus.

With her current status, when she said such a thing, not only did the crew not suspect anything, but they also agreed because she was thinking about them.

After all, with her current position, she would definitely be the one who was paid attention to, throughout the promotional event in the end. Even if she obtained a high box office result, most of it would be because of her.

Therefore, she suggested not to follow the promotion, because she wanted the rest of the crew to prove their abilities.

Although her real purpose was only because she was pregnant, she should not tire herself out.

“What is it? The lead actress was looking for you,” Fu Hanzheng asked.

Gu Weiwei chuckled. “She saw you holding my hand and thought that someone like you was delaying my youth.”

“Someone like me?” Fu Hanzheng raised his eyebrows in amusement.

“So she suggested that I should find someone like the President of Fu’s Enterprise,” Gu Weiwei said with a smile.

But he was the assistant and the President.

Chapter 1132: Assistant, President 2

Yuan Meng asked curiously, “Did you tell her that this assistant is the President of Fu’s Enterprise?”

No one would believe that Fu Hanzheng, the President of Fu’s Enterprise, had made himself unrecognizable, instead of being the President, so that he could become her assistant.

“Of course not,” Gu Weiwei said.

She appreciated Qiu Ling’s kindness, but she did not need to tell Qiu Ling about her relationship with Fu Hanzheng.

Lei Ning saw her and Fu Hanzheng off and left with Yuan Meng.

The moment she entered the apartment, Gu Weiwei was so tired that she leaned herself against the sofa.

In the past, she would not be tired even if she had to run eight promotional events. But now, because of the two babies in her belly, she was so tired from just the premiere that she almost collapsed.

Fu Hanzheng poured her a cup of water and asked as he fed her half a cup, “Feeling unwell?”

Gu Weiwei shook her head. "I am just a bit tired."

Although she did not stand and had sat down for most of the premier, she was still very tired after a few hours.

Pregnancy was a very sweet burden.

Ever since the day she was confirmed to be pregnant, she had been feeling unwell. But when she thought that two cute little ones would arrive, she gritted her teeth and overcame it.

Fu Hanzheng sighed worriedly. "Are you still going to attend the two promotional events after the movie is on?"

The twins she was pregnant with had a heavier body burden than most pregnant women, so he was too worried to stay at work.

Therefore, he stopped the meeting and snuck into the premiere, wanting to watch her.

"The promotion is not that long, it should be easier." Gu Weiwei explained.

The promotional event took less than half an hour and the two scenes she was going to attend were not in the same city.

A few days apart, it was totally manageable.

Fu Hanzheng was still worried, but he did not stop her.

But he decided to go with her himself.

He had told Lei Ning and Yuan Meng to take good care of her, but he was very nervous during the meeting and could not relax.

"Take a rest, eat something first."

Gu Weiwei nodded listlessly and said coquettishly, "Give me a hug, I will recover soon."

Fu Hanzheng picked her up, so she could sit in his arms and lean against him.

"Like this?"

Gu Weiwei leaned against his shoulders and answered with satisfaction, "Yes, like this."

At this moment, she needed his warm arms to help her recover.

She leaned into his arms and hummed the song she sang at the premiere.

Hearing the words, Fu Hanzheng's heart surged as he lowered his head and kissed the top of her head.

"Thanks for the song, honey."

Gu Weiwei chuckled and looked up.

"Forget it, don't call me that anymore. It is so annoying."

Also, she had been complained to by Yuan Meng, Fu Shiyi and Fu Shiqin because he called her his darling wife.

“Really?” Fu Hanzheng asked with raised eyebrows.

What did she think was the problem? Also, it was already very smooth to say.

“You can call me that every now and then, just not in front of others,” Gu Weiwei said with a smile.

There were already many people around them who could not stand their cheesy nicknames.

“I don’t care about anyone else.”

Fu Hanzheng knew who she was talking about.

Chapter 1133: Same

After the premiere of Life Reboot, Jolin and the studio staff were so busy arranging the promotional events after the release.

But as the movie director, Gu Weiwei was very free.

Apart from listening to Jolin’s calls and reporting the arrangements, she spent the rest of the time at home.

Gradually, the morning sickness lessened and her appetite improved. She felt as if she was not full every day, yet she ate three meals a day at home and kept eating fruits.

Of course, her weight was gradually rising and her belly was obviously swelling.

Although she would not be able to tell if she was wearing clothes, she could still feel her pregnant belly.

Yuan Meng had packed some of her things and asked someone to deliver them to Dubai.

However, she did not pack all her clothes because she knew that she would have babies there. After all, she would not be able to put them on again because they weren’t maternity clothes.

Anyway, with Fu Hanzheng around, she would not lack food and clothes.

Yuan Meng came to deliver her the newly-bought nuts. The moment she entered the apartment, she saw her dressed in a baggy knitted shirt and cotton casual pants. She was eating a plate of fruits on the sofa.

When she finished the food, she asked curiously, “Let me check your belly.”

Gu Weiwei lifted her sweater, showing her belly.

“I seem to look pregnant earlier than most people.”

She remembered that when she was pregnant with Yuan Bao, she could barely tell.

But she had been pregnant for almost four months.

“You have two in your belly and I had one in my belly, how is that the same?” Yuan Meng snorted.

“True.” Gu Weiwei nodded.

A few days later, the movie was on and she had to leave after the two promotional events.

Otherwise, she would not be able to conceal her belly.

As long as she was wearing baggy clothes, she would be able to tell.

But soon, the baggy clothes would show that she was pregnant.

“Shouldn’t you be having pregnancy checks these days?” Yuan Meng said.

“Let’s do it when it is over,” Gu Weiwei said.

There were too many media companies watching her and she was on tenterhooks whenever she went out, let alone going to the hospital for a pregnancy check.

“You just had to go and sing some love song at the premiere, so the media and fans suspect that you are in a relationship and are trying their best to find out the truth.” Yuan Meng snorted speechlessly.

She had planned to have a proper premiere and nothing had happened, but she suddenly wanted to sing a love song for Fu Hanzheng.

And she sang so passionately as well.

Gu Weiwei felt her forehead guiltily. She had not expected that a song from her would attract such attention.

Now, the media and netizens were trying to solve the puzzle of the year and trying their best to find someone she might be in a relationship with.

Of course, it was Fu Shiyi who had been chosen as her rumored partner.

“However, although the birth of the child is a condition that can be accepted by the elders of the Fu Family, you still need Fu Hanzheng to discuss it in detail.” Yuan Meng looked at her and said seriously, “You can’t just give birth to the child and leave your name behind.”

She was going to Dubai with Fu Hanzheng, whilst she and Yuan Shuo were going to Italy.

Therefore, it was basically up to them to remarry Fu Hanzheng.

“Yuan Meng, I did want a child before, so that my relationship with him would be safe.” Gu Weiwei pursed her lips and said, “But no matter if we can remarry or not, I must have these two children.”

Chapter 1134: He Won’t Cheat on You

“I know, but you don’t want the child to be born outside of marriage too, right?” Yuan Meng stressed.

If she and Fu Hanzheng did not remarry, would the child take her surname or Fu Hanzheng’s?

They were not going to be in a secretive relationship forever.

“We can think about that later. What I want to do now is to finish the work as soon as possible and wait for the child to be born,” Gu Weiwei said.

Before the child was born, Yuan Meng was already thinking about using the two children as bargaining chips so that the elders of the Fu Family would approve of her marrying Fu Hanzheng. However, she just could not think of such a thing.

“Alright, but I am just reminding you that you must take it to heart,” Yuan Meng said seriously.

The Fu Family had never given up. They wanted Fu Hanzheng to go on blind dates and marry another woman, but he had never accepted the arrangement.

Also, he did not tell her about it, making her worried and sad.

Gu Weiwei nodded without saying a word.

She had thought about remarrying but the elders of the Fu Family were forcing him to leave her, and she was also forcing him and the elders to remarry her. She truly could not bear to put him in a difficult position.

But she also believed that he had made arrangements for the remarriage.

So all this time, she did not ask or hurry.

Yuan Meng reached out for two fruits from her plate and put them into her mouth.

“Do you want us to go to Dubai when the child is born?”

“No thanks, I have arranged everything.” Gu Weiwei turned down Yuan Meng’s offer.

Fu Hanzheng had found and made arrangements for all the helpers after the delivery.

She had nothing to worry about. She just needed to take care of herself and the two little ones growing in her belly.

Yuan Meng nodded. “Alright, I have to go home now. I will pick you up on the day of the promotion.”

Gu Weiwei waved at her and was about to open the nuts she had delivered.

Yuan Meng took a few steps and suddenly stopped. She turned around and asked, “How did you deal with Fu Hanzheng after you got pregnant?”

Gu Weiwei blinked in astonishment. “In what way?”

“S*x,” Yuan Meng asked shamelessly.

Gu Weiwei flushed instantly. “None of your business!”

Yuan Meng smiled. “So it is not solved. It is not convenient, but problems will arise if it goes on for a long time. Most married men cheat when their wife is pregnant...”

“Some may cheat, but he will never cheat.” Gu Weiwei interrupted her.

Yuan Meng came back, sat down next to her and whispered into her ears.

The more Gu Weiwei heard, the redder she got.

“Are you done? Can you leave now?”

She really did not want to discuss any s*xual things with her, but this old woman was not letting her go.

“Men can tolerate for three days, but if you ask someone to tolerate until the child is born, aren’t you afraid that Fu Hanzheng will be ruined?” Yuan Meng said and dodged the pillow she threw at her.

“Get out of here.” Gu Weiwei did not want to hear anything more from her.

Seeing her embarrassed expression, Yuan Meng teased her.

“Although you are a girl who has been reborn, your soul is already more than twenty years old, what is there to be embarrassed about?”

Gu Weiwei gritted her teeth.. For the umpteenth time, she wanted to break up with this woman.

Chapter 1135: No Fun

Seeing her embarrassed face, Yuan Meng teased.

“You always say no, but in the end, you still enjoy it.”

“Every time?” Gu Weiwei gritted her teeth and asked furiously, “When?”

Compared to Yuan Meng, who was a shameless old driver, she still had her principles.

“I gave you sexy lingerie last time and you said that you don’t want it, but you still wore it.” Yuan Meng smiled proudly.

“How dare you.”

Gu Weiwei glared at her. She had swapped the underwear she had prepared for herself. She wasn’t not going to wear them, was she?

“But you only had a very happy week because I gave you the present and you even got pregnant with these two babies. You still have to thank me, right?” Yuan Meng smiled sinisterly.

Gu Weiwei got so annoyed that she was red.

Yuan Meng should thank her for not coming back to kill her.

Yuan Meng had just created benefits for men, and she was the one who was forced to sleep.

Seeing that she was angry, Yuan Meng surrendered.

“Alright, alright, I will leave now, be careful not to hurt the baby.”

Gu Weiwei gritted her teeth. “Then don’t show yourself in front of me.”

Yuan Meng was someone who could make her grateful sometimes, but sometimes she made her want to chop her up into little pieces.

She would help her without hesitation when she was in trouble, but she could not happily chat with her.

Although she did cause the pregnancy, she was not grateful at all.

She had set her up last time and now she was teaching her new positions. She did not want to learn, alright?

“Don’t be mad, I am just giving you good suggestions,” Yuan Meng said.

Didn’t she and Fu Hanzheng spend a very sweet week in the sexy lingerie she gave her last time?

Also, she was now pregnant with twins.

So when she suggested that she should pay more attention to her pregnancy, she was not showing any gratitude towards her and Fu Hanzheng.

“I don’t want your advice.” Gu Weiwei looked cold.

“Forget it, forget it” Yuan Meng patted the boxes of nuts she had delivered and said, “Eat more, it is good for the child.”

Seeing her leaving, Gu Weiwei watched for a while and then fell asleep again.

When she woke up, Fu Hanzheng was already home from work.

Seeing the things in the living room, he asked casually, “Who was here?”

“Yuan Meng gave it to me,” Gu Weiwei answered lazily.

They lived here and had not even told Fu Shiyi and Fu Shiqin about it. Only Yuan Meng and Lei Ning knew about it because sometimes he needed her to pick him up from work.

Also, in order to avoid being noticed, Fu Hanzheng drove Xu Qian’s car here, so he was very good at keeping the secret.

Fu Hanzheng removed his coat and took her into the dining room.

“Must we attend the two promotional events?”

She was very sleepy now and she had flown back and forth twice. She was not only tired but he also worried about her safety.

“Three days apart, it is not that difficult.” Gu Weiwei explained.

In order not to keep her busy, Jolin arranged two activities that were three days apart.

In this way, she did not need to be like the other crew members, who had finished the promotion in this city and had to rush to the next city in the middle of the night. They were already taking very good care of this pregnant woman.

Chapter 1136: Thanks, Honey

Fu Hanzheng stayed silent for a while. Those two days were two important events for Fu’s Enterprise, and he could not miss them.

But he was worried that she would go to such a faraway place to attend the promotional event.

“No more adjustments?”

Gu Weiwei knew that he wanted to go with her and that he might have something to do at the company, so she asked him these questions.

“You don’t have to think of me as weak. Also, Lei Ning and Yuan Meng are with me.”

Ever since she was with him, he had taken great care of her.

He had no idea how brave she used to be. She often went on expeditions with Yuan Meng or alone, paragliding, diving at the bottom of the sea, climbing snowy mountains and so on.

But when it came to him, he was worried that she was going somewhere faraway.

In the past, he had taken care of her like she was a little girl, but now he knew that she was much older than she looked on the surface, yet he was still so worried.

“It is not safe even with them around,” Fu Hanzheng said.

“I can take care of myself.” Gu Weiwei promised him.

When he was around, she relied on him, but when he was not around, she would not be able to survive.

Fu Hanzheng pursed his lips. “Eat first, we will see.”

She had to attend the two promotional events, so he had to try his best to make it there afterwards.

Gu Weiwei sighed helplessly. She knew that he was thinking of a way to go with her.

They ate dinner, Fu Hanzheng was dealing with some unfinished work in the study and Gu Weiwei went to wash up early.

After the shower, she wiped her hair and ran to the study to open the door.

Fu Hanzheng had just finished a foreign meeting and could not help but laugh when he saw her looking around.

“What is it?”

“If you are not so busy, can you dry my hair?” Gu Weiwei asked with a smile.

She was too tired and sleepy to dry her hair. If she slept with her hair wet, she would be lectured by him.

Fu Hanzheng put down whatever he was doing and returned to the bathroom in the master bedroom with her. He asked her to stand in front of the mirror whilst he stood behind her and wiped her hair. Then he dried her hair with the hair dryer and helped her tidy it up.

After doing all of this, he lowered his head and kissed the top of her head.

“Done.”

Gu Weiwei turned around, took hold of his waist and said with a smile, “Thanks, Honey.”

Fu Hanzheng checked the time. “It is getting late, go and sleep. I still have work to do and will not be in bed until later.”

Gu Weiwei nodded. When Fu Hanzheng returned to the study, she went to bed.

She did not even notice when Fu Hanzheng came to bed.

But in the middle of the night, she felt that her stomach was aching.

It was her first time being a mother, so she pushed Fu Hanzheng, who was sleeping next to her, fearing that something would happen to the baby.

“Fu Hanzheng.”

Fu Hanzheng was a light sleeper, so he woke up the moment she made the sound and turned on the bedside light.

“What is it? Feeling unwell?”

With hands over her aching belly, Gu Weiwei said worriedly, “My stomach hurts.”

“How long has it been?” Fu Hanzheng asked as he got out of bed, got changed and gave her a thick coat.

“A while.” Gu Weiwei confessed.

She had thought that she would be fine after a while, but she still felt terrible.

Chapter 1137: Same Bed Tonight?

Fu Hanzheng did not have time to get her changed, so he put on the down jacket over her pajamas and led her out.

He made a call to He Chi as he went downstairs and explained the situation.

Then he helped her into the car, buckled her seat belt and drove to the hospital.

“Did you eat something forbidden today?” Fu Hanzheng asked anxiously as he drove.

“No, everything is according to the nutritionist.”

Gu Weiwei felt her belly and felt even more anxious than him.

She had been at home these past two days and she had been very careful with everything she ate and used. Nothing would go wrong.

But why did her stomach ache for no reason?

Luckily, there were no cars on the road in the middle of the night, so they did not have a long journey to the hospital.

He Chi had been waiting in the garage of the hospital and rushed over when their car arrived.

He opened the door and helped Gu Weiwei out of the car.

“I have asked Doctor Liu to wait. When did the pain start?”

“Half an hour ago,” Gu Weiwei said.

“What about now, are you feeling better?” He Chi asked as he led them into the elevator.

He had been dreaming when Fu Hanzheng called and told him that she had a stomach ache. He got so startled that he no longer felt sleepy.

“Better,” Gu Weiwei said.

He Chi threw a look at her and then at Fu Hanzheng next to him and asked suspiciously, “Did you... do that?”

“What?” Fu Hanzheng did not understand what he was asking.

He Chi touched his nose and asked embarrassedly, “In the same room.”

Fu Hanzheng glared at him and said coldly, “No!”

“Do you want to tell the truth or not? Although four months is okay in theory, it is better to avoid having s*x while sister-in-law is having twins...” He Chi did not believe what Fu Hanzheng said and reminded him as he stared at the elevator rising.

“You don’t have ears, we don’t.” Gu Weiwei repeated angrily.

He Chi threw a look at her and was about to say something, when the elevator door opened.

“Let’s go to Doctor Liu first.”

Although he was a doctor, he was not a gynecologist, so he was not very proficient in pregnancy.

Secondly, Fu Hanzheng would not allow a male doctor like him to check his wife’s pregnancy.

When they arrived at Doctor Liu’s office in the gynecology department, the middle-aged female doctor was checking Gu Weiwei as she asked, “How long has it been?”

“Within the hour,” Gu Weiwei answered.

Doctor Liu nodded and continued.

“We’re you sharing a room tonight?”

Holding back his laughter, He Chi glanced at Fu Hanzheng.

Gu Weiwei still replied. “No, I was just sleeping when I suddenly felt a swelling pain.”

Doctor Liu said after checking the heart, “The fetus is doing well. If there is no swelling pain because you were sharing the same room[1], it is because the fetus is developing faster at the beginning of the four months, and so the uterus strengthens so that it can support the pregnancy. It is normal.”

Hearing the words, Gu Weiwei finally let out a sigh of relief.

“Is that true?”

“Other pregnant women are like this too, but they are all sensitive to pain, so the feeling is stronger. You are pregnant with twins, so the swelling pain is very obvious,” Doctor Liu said.

He Chi called her in a hurry in the middle of the night. Luckily, she was on duty at the hospital today, otherwise she would have rushed over from home.

[1] Having s*x.

Chapter 1138: Evil?

Not only Gu Weiwei, but Fu Hanzheng and He Chi also let out a sigh of relief.

“Just because of this, you are tormenting me in the middle of the night, aren’t you immoral?”

He finally had a day off tomorrow, so he was going to take a good rest tonight and spend the rest of the day outside.

But he was startled by the call and so he would have to sleep at home tomorrow instead.

Fu Hanzheng squinted at him and said as he took hold of Gu Weiwei, “Since there are no problems, let’s go home.”

It was their first time being parents and they did not know many things. That was why they came to the hospital with such a small problem.

It was okay to come here for nothing, but what if there was really a problem?

Gu Weiwei thought for a while and said, “Since we are here, let’s do the other tests. We should have a pregnancy check soon anyways.”

Hearing the words, He Chi thought of something important and asked Doctor Liu, “Well, now you can tell if the child is a boy or a girl, right? Can you see that?”

Doctor Liu looked at him and then at Fu Hanzheng and Gu Weiwei.

“This child’s parents are not curious, what are you curious about?”

He Chi asked Fu Hanzheng and Gu Weiwei, “Aren’t you curious?”

“No,” Fu Hanzheng said coldly.

It did not matter if it was a boy or a girl, as long as they were hers.

“I am not curious either,” Gu Weiwei said with a smile.

He just wanted to know who won the bet between the three of them, whether she was pregnant with a boy or a girl.

She was here for the pregnancy check, not for the bet.

“Sister-in-law, if you knew if it was a boy or a girl, you would be able to prepare something for the children; you could have direction.”

He Chi tried another method to make them curious about this matter.

Recently, he, Fu Shiyi and Fu Shiqin had been wondering if she was pregnant with a son or a daughter, but they had not come for a pregnancy check, so their curiosity was useless.

Although she came to the hospital unexpectedly today, she could also ask this question.

“Whether it is a boy or a girl, they will be born next year. What are you curious about?” Gu Weiwei just did not want him to have his way.

Fu Hanzheng led her to do the other examinations, whilst He Chi kept pestering Doctor Liu.

“Just tell me how many boys and girls there are.”

“That is someone else’s privacy.” Doctor Liu glanced at him, not intending to reveal anything.

He Chi scratched his head and left her office, catching up with the other two.

It was not until this moment that he noticed that Fu Hanzheng was at the hospital in slippers.

He was someone who paid so much attention to his appearance, yet he had come to the hospital dressed like this. It was obvious how anxious he had been.

She had only come to the hospital because of abdominal pain, but she ended up doing the other checks.

In the end, the results showed that the two babies were developing very well. However, the doctor had heard that she was easily tired and sleepy, so he suggested that she should start some minor exercises next month, such as yoga during the pregnancy period, so as to enhance the mother’s physical fitness, which was also beneficial for the baby’s development.

When they came out of the hospital, it was almost dawn.

On the way home, Gu Weiwei had fallen asleep in the car.

Fu Hanzheng parked the car below the apartment and carefully carried her out of the car. It took him a long time before he brought her inside because he was walking so carefully.

There was not much of the night left when they entered the apartment, so he only slept for two hours, got up and rushed to the company.

Chapter 1139: Boy or Girl?

He Chi failed to find out if Gu Weiwei was pregnant with a boy and a girl.

So he told Fu Shiyi and Fu Shiqin, hoping that they could find out the secret.

After the morning meeting, Fu Shiqin casually asked, after he finished talking with his brother about work, “Brother, sister-in-law went to the hospital last night?”

“Yes,” Fu Hanzheng answered calmly.

“What is the result? Is the child a boy or a girl?” Fu Shiqin asked nervously.

He was even more nervous than when his wife was pregnant, although... he did not have a wife.

Fu Hanzheng glanced at him coldly. “What does that have to do with you?”

“I am just curious because I’m the Second Uncle.” Fu Shiqin laughed dryly.

They had made such a big bet the month before the gender could be discovered, and now they could find out this month, but they had no way of knowing.

Other parents could not wait to know if they were pregnant with a son or a daughter, but neither of them was curious.

"I don't think that is why you are curious," Fu Hanzheng said coldly.

They were curious because they had made a bet that she was pregnant with two sons or two daughters, or one son and one daughter.

Fu Shiqin looked away guiltily and did not dare to ask anything more.

If he kept asking, his brother would know that he had other intentions.

After he returned to the office, he reported to the group.

[What about you, Fu Shiyi?]

Fu Shiyi: [Sister-in-law said nothing.]

He Chi: [That Doctor Liu is so stubborn.]

...

None of them had found out what gender the babies were that Gu Weiwei was pregnant with.

After a long while, Fu Shiqin said,

[Forget it, so be it. The truth will be revealed in a few months anyway.]

He Chi: [Exactly, if she doesn't tell us now, we will see how long she can keep the two children in her belly.]

Fu Shiyi: [If there are two children, then I can have the big one and you can have the small one.]

Fu Shiqin: [Why should the big one be yours and the small one be mine?]

He was the Third Uncle and he was trying to steal his sister-in-law's son!

Seeing the two brothers arguing, He Chi reminded them.

[The child is not even born yet and you are trying so hard to separate the two children, does your brother know about it?]

But he could not wait to see the two children born.

Most importantly, he wanted to see how possessive Fu Hanzheng would be towards his wife against his son and how helpless he would be towards his own daughter.

He had mistreated them all these years. When his children were born, it would be his turn to be mistreated.

He was already very excited just thinking about it.

Instead of meeting He Chi, Fu Shiqin texted.

[To be fair, we have to go when the child is born.]

Since the award ceremony for their bet could not be held now, then when they were born would be the time for the results.

Fu Shiyi: [Of course.]

There was one reason for the award ceremony, and more importantly, it was the day when they became the Second and Third Uncles.

He Chi was speechless: [You two are more excited than them when your brother and sister-in-law have a child, is that appropriate?]

Ever since they discovered that she was pregnant, they had been excited for a long time. Now that the child was still in her belly, they were already thinking about what would happen after the child was born.

Fu Shiqin: [You are not an Uncle, you won't understand.]

He Chi: [I am an Uncle too, right?]

Fu Shiyi: [You are not my Uncle.]

He Chi: [...]

Chapter 1140: Love

After the pain in the middle of the night, Gu Weiwei would occasionally experience the same feeling a few days later.

But she did not panic like the first time.

Instead, she felt happy because it meant that the children were growing up.

Within a short period of time, she felt that her belly was getting bigger.

If she was dressed in a fitting outfit, she would be able to tell that she was pregnant.

Yuan Meng and Lei Ning picked her up one day ahead of time to prepare for the promotional event the following day, but when they saw her belly, they felt embarrassed.

"You are growing way too fast."

Gu Weiwei touched her belly. "Is it obvious?"

"What do you think?" Yuan Meng countered.

There was indeed a difference between having two babies and having one.

Lei Ning put the clothes she had brought onto the sofa. "These cover your belly, Jolin said that it is not suitable to find another one."

She was going to attend the promotional event, but she must not let anyone know that she was pregnant.

Gu Weiwei went back to the room to put on the clothes. She was wearing a high-waisted tutu dress and a baggy windbreaker. Her shoes were also flat boots, which perfectly concealed her pregnant belly.

She got changed and asked Yuan Meng and Lei Ning.

“Can you tell now?”

“Alright, it is good that it is winter, otherwise it would be terrible,” Yuan Meng said.

Gu Weiwei let out a sigh of relief. Good that Jolin had thought it through, otherwise her stomach would have been a problem.

Lei Ning went to pack the luggage she had prepared, put it into the box and checked it again.

“Is that all?”

Gu Weiwei confirmed again. “That is all.”

Lei Ning carried the luggage into the car and Yuan Meng led her to the back. The three of them got into the car and headed towards the airport.

“Where is Fu Hanzheng, is he not coming with us?” Yuan Meng asked.

She was so assured that he was going with them.

She had thought that he would have to pretend to be the assistant and go with them, because he was so protective of his wife.

“He can’t leave, we can manage by ourselves,” Gu Weiwei said.

She believed that if he was not required to attend the event, he would have accompanied her.

Also, even if he did not accompany her there, he had asked Lei Ning to arrange a place for him to stay, just in case, and a doctor who could be contacted in case of an emergency.

Yuan Meng nodded. He was the President of a corporation but he could not just leave her alone.

Actually, Fu Hanzheng was already a top model among men.

He truly adored Weiwei.

Also, this kind of love was not just for a day or two, but a long time since they were together.

She had seen too many couples and as they stayed together for a long time, their relationship would gradually become flat or start to have conflicts.

Even she and Yuan Shuo would have conflicts in their lives.

But Weiwei and Fu Hanzheng had truly changed her worldview. So this was how love could be.

It seemed that no matter how long they were together, no matter what happened, they could still love each other as before.

Not because of anyone or anything.

The three of them rushed to the promotional city and did not stay in the same hotel as the crew. Instead, Lei Ning found a very private apartment to stay in.

Due to the three-hour flight, Gu Weiwei ate and went to bed early.

But the moment she woke up, Fu Hanzheng was already sitting in the living room.

If Jolin and Yuan Meng were not here, she would have thought that she was not on a business trip but in an apartment in the capital.

“I thought you couldn’t make it?”

“I made some adjustments to work, I will go home tonight,” Fu Hanzheng said.

He could leave the work to others, but he could not leave his wife and children to others.
