

MY HIDDEN 1151

Chapter 1151: First Fetal Movement

The two of them took a walk on the beach under the moonlight.

It was getting late when they returned to the villa. Fu Hanzheng checked the missed call and made a call upstairs.

Gu Weiwei went back to the bedroom, took a shower and changed into her pajamas. Then she lay down on the bed and read for a while, waiting for Fu Hanzheng to return.

Half an hour later, Fu Hanzheng came downstairs and glanced at the girl who was still awake in bed.

“Why are you still awake?”

“Waiting for you to warm the bed.” Gu Weiwei teased.

Fu Hanzheng chuckled, removed the watch from his wrist and placed it on the table as he followed her words.

“I’ll be in bed soon.”

Gu Weiwei laughed with her hands over her face, showing only a pair of smiling eyes.

“Why didn’t you resist when I said that?”

“I don’t want to fight back.”

Having said these words, Fu Hanzheng grabbed his pajamas and went to take a shower.

Ten minutes later, he took a shower and got changed. Then he lay down on the bed and took away the book in her hands.

“Mrs. Fu, are you satisfied with the bed warming service?”

Gu Weiwei could not help but laugh. “Not bad.”

Fu Hanzheng swept her into his arms and asked with a low voice, “Just not bad?”

Gu Weiwei smiled in his arms. “Very good, very good.”

This man was getting more and more unreserved.

Fu Hanzheng kissed the top of her head. “Satisfied with the new home?”

Due to the two months when she was busy with filming, he did not have the time to talk with her about the new home.

“Very satisfied,” Gu Weiwei said sincerely with a smile.

Everything here was arranged for her and the children, and he had noticed many small details that she herself had not expected.

Of course she was satisfied.

Hearing these words, Fu Hanzheng kissed her face and asked, "If I go to the company and you are alone at home... will you be bored?"

He had a lot of work to deal with, but she was staying at home and waiting for the delivery. She would definitely find life boring.

But he could not stay at home with her every day.

"Of course not, there are many things to learn for a mother-to-be," Gu Weiwei said.

When he went to work, she could learn some child care from the nutritionist and the nursery teacher.

Although Fu Hanzheng had hired a nurse to take care of her, as her mother, she still wanted to be involved in taking care of herself.

After all, children could only grow up once, and if they missed it, they would not have it again.

"Okay, but don't tire yourself out."

Hearing that she had something to do, Fu Hanzheng felt a bit relieved.

Otherwise, if he was busy with work, she would find it boring in Dubai, where she was not familiar with anyone.

Gu Weiwei nodded and started to fall asleep in his arms.

But within a few hours, she was woken up by the strange feeling in her belly.

She felt her belly under the blanket and pushed Fu Hanzheng.

Fu Hanzheng was a light sleeper and woke up after she had pushed him a few times. He asked nervously as he felt her hands over her belly, "What is it? Feeling unwell?"

Gu Weiwei looked at him with pursed lips and smiled brightly.

"Just now."

Fu Hanzheng frowned. "What is it?"

Gu Weiwei took hold of his hands and placed them over her belly.

"I feel something moving in my belly. It is very light, but I felt it just now."

At first, she did not react, but when she did, she realized that it was the fetal movement the doctor had mentioned.

Chapter 1152: A Winner in Life

Fu Hanzheng blinked and looked very surprised.

"Move?"

Gu Weiwei nodded with a smile. The doctor said that the babies would start to move at around four months and today was the first time for the two babies.

Fu Hanzheng had his hands over her belly for a long time. "What happened?"

"It is very mild, I can feel it. You probably won't feel it yet, it will become more obvious in two months." Gu Weiwei explained with a smile.

Instead of asking anything more, Fu Hanzheng did not release her belly.

It was amazing that their children grew in her belly.

He would probably be able to feel them moving in her belly in two months time.

In the middle of the night, the two of them were so excited about the first baby movements that they could not fall asleep.

Gu Weiwei was looking forward to the second round of fetal movement in her belly, and she waited for more than one hour only for nothing to happen.

Fu Hanzheng sighed helplessly. "Mrs. Fu, you should sleep now."

He remembered that the fetal movement did not always happen, but only in the morning and at night.

It was only the first time for the fetal movement, was she going to stay up all night and wait for the second one tomorrow?

"But..." Gu Weiwei could not bear to sleep.

"You said so yourself that there will be lots of baby movement in the future, so this is not a big deal."

Fu Hanzheng tried to persuade his pregnant wife to go to sleep.

"Maybe later." Gu Weiwei was not convinced.

That feeling was too amazing.

But she was in a daze just now, so she could not feel it clearly.

"If you don't sleep, they won't be able to rest well in your belly." Fu Hanzheng reminded her with a gentle voice.

Gu Weiwei pursed her lips, felt her belly and closed her eyes obediently.

Seeing her sleeping soundly, Fu Hanzheng kissed her hair and closed his eyes to rest.

He had never expected that he would fall so deeply in love with a girl one day and be so sweet with her and have children.

He had never expected that he would have everything, but now he truly had everything.

Early in the morning, Gu Weiwei woke up and got changed into a lightweight set of clothes.

Since she could not do exercises after having breakfast, she could only tell Fu Hanzheng regretfully.

“I am going there now, remember to eat breakfast.”

“I will drive you there,” Fu Hanzheng said.

Gu Weiwei chuckled. He could see her walking over from the balcony, yet he still thought she needed his help.

But she did not turn him down.

Fu Hanzheng followed her out and took hold of her hand out of habit, walking towards the place where the teacher was staying.

It was only a thousand meters away, but they walked very slowly.

The teacher knew that she was coming to class this morning, so she made preparations early. Seeing that it was almost time, she looked at the villa not far away from the window.

Then she saw two people coming towards her hand in hand.

The morning sun shone upon the two of them and she could tell that they were walking hand in hand.

Mu Weiwei must have saved a galaxy in her previous life, because in this life, she had made such an outstanding man like Fu Hanzheng so gentle.

She was pretty, talented in acting and directing and she had a man who loved and adored her. She was a winner in life.

Chapter 1153: Discuss My Taste in Women

On the fifth day after Gu Weiwei left Hua Land, Yuan Meng and Yuan Shuo also left Hua Land for Italy and moved into Cayman Dorrans' private mansion.

Matthew very enthusiastically welcomed Yuan Bao and took him away to play.

Yuan Shuo and Yuan Meng met Cayman Dorrans, who was bedridden, with Watson leading the way.

Cayman Dorrans saw the two of them and looked at Yuan Meng for a few seconds. He was obviously not pleased.

“You said that you are back, but you did not say that you brought her back.”

Yuan Meng was from the Anderson Family after all, and he felt that she would be a hidden danger if she stayed in the Dorrans Family.

Yuan Meng found a place to sit down and looked at Cayman Dorrans with a smile.

“If I really wanted to do something, I would have kidnapped someone instead of listening to your nonsense.”

He was just concerned that she had once been adopted by the Anderson Family and worked for Old Anderson.

But that was all in the past. She had not worked for the Anderson Family for a long time.

If she really wanted to hurt him, she would have kidnapped Weiwei and made him vomit blood.

Cayman Dorrans was not annoyed by Yuan Meng's rude words. He just glanced at Yuan Shuo. He just could not understand why a gentle and intelligent person like him would find such a woman.

"Your taste in women is indeed... extraordinary."

Yuan Shuo opened his mouth and was about to speak when Yuan Meng spoke first.

"If you are not satisfied with me being with him, you can just tolerate it."

She had not wanted to have a conflict with him because he was Weiwei's father, but he had shown her a cold face first.

They were arguing, right? She had never been afraid of anyone.

Cayman Dorrans was speechless.

Yuan Shuo was not angry but said to Cayman Dorrans with a smile, "She has a bad temper, please forgive her. But you asked me to come home, not because you want to discuss my taste in women."

He was worried about Weiwei and Fu Hanzheng.

Cayman Dorrans stayed silent for a while and asked the question he was most concerned about, "Weiwei and Fu Hanzheng have not remarried?"

"Not in name," Yuan Shuo said.

"In name?" Cayman Dorrans was surprised, not understanding what he meant.

"Not legally, but still emotionally." Yuan Shuo explained patiently.

"..." Cayman Dorrans was confused.

Yuan Meng was very anxious, so she said, "They are divorced and haven't gotten a new marriage certificate, but they have been together in private."

Cayman Dorrans looked serious.

"The Fu Family still won't accept her?"

"You were the one that caused it!" Yuan Meng snapped back.

"Yuan Meng!"

Yuan Shuo called Yuan Meng. What happened to Weiwei was a sore spot for Cayman Dorrans and she said such hurtful words.

However, Yuan Meng got up and walked to Cayman Dorrans' bedside.

"If you had not sent her to the Gu Family and helped the Gu Family, these conflicts would not have happened."

Now the Fu Family refused to accept Weiwei, and he was the cause of it.

If it had not been for the original Mu Weiwei, she would not have dared to imagine what she would have looked like, if she had not met Fu Hanzheng.

Chapter 1154: Marriage?

Yuan Shuo sighed and glanced at Yuan Meng, indicating that she should stop talking.

Although it seemed that all of this had happened because of Cayman Dorrans, how could he have predicted what would happen later?

At that time, he had chosen a life that could protect her as a father, but it turned out to be a contradiction.

“Yuan Meng, don’t mention the past.”

Yuan Meng spread out her hands and looked pleased.

“Okay, I won’t.”

Cayman Dorrans thought for a while and asked Yuan Shuo, “Can they still remarry?”

He could tell that she wanted to stay with Fu Hanzheng.

She wanted to stay by his side at all costs.

Although he had not seen her since the wedding, he knew that she was in contact with Fu Hanzheng.

Also, they had moved to Dubai recently.

But he had no idea what Fu Hanzheng was planning to do with her in Dubai.

“Of course,” Yuan Shuo said resolutely.

They already had children on the way, so the remarriage would not be too far away.

Cayman Dorrans was worried. “Can’t we help them?”

He wanted her to get whatever she wanted.

In the past, he would always let her get whatever she wanted in secret.

But this time, everything in the past could not compare to Fu Hanzheng in her heart.

“If you do nothing, you will be the best help to them,” Yuan Meng answered.

It had been easy for her and Fu Hanzheng to solve the problem, but if Cayman Dorrans got involved, it would be troublesome.

After all, although the Fu Family did not hate him that much, his appearance came at the time when it was best for the Fu Family to take revenge, and prevented them.

Because of this, the Fu Family was very hostile towards him.

So they did not want Weiwei to be with Fu Hanzheng either.

If he wanted to help, he would only be a hindrance.

Cayman Dorrans fell silent. Although he did not like Yuan Meng, he had to admit that what she said made sense.

His participation would only ruin her relationship with Fu Hanzheng, not help her get what she wanted.

Seeing that he was not in a good mood, Yuan Shuo tried to persuade him with a smile.

“Let’s not interfere in this matter. They have their own plans.”

Their children would be born next year and the elders of the Fu Family had been looking forward to having grandchildren.

The birth of the children would definitely improve her relationship with the Fu Family.

As for how to use this opportunity to remarry, he believed that Fu Hanzheng would have his own plans, so they did not need to worry about it.

“Their plan?” Cayman Dorrans could not think of anything they could do to achieve their goal.

Yuan Meng glanced at the worried Cayman Dorrans and said, “You are so ill-informed. They are already four months pregnant.”

Cayman Dorrans smiled helplessly. Although he was eager to know about her after the wedding... but he himself knew that if he paid too much attention to her whereabouts, it would only deepen the conflict between her and the elders of the Fu Family.

With the Fu Family’s power, they would definitely find out that his men were paying attention to her in Hua Land.

Therefore, what he could do was to do nothing and not investigate anything, waiting for her to finish everything herself.

“Pregnant?”

Cayman Dorrans sat up in surprise.

Chapter 1155: Precious

But because he got up too fast, she started to cough violently.

It was not until a long while later that he came back to himself.

“Are you saying that Weiwei is pregnant?”

Since he did not want the Fu Family to be prejudiced against her, he did not ask anyone to keep an eye on her.

He asked Yuan Shuo directly what he wanted to know.

But Yuan Shuo had not told him about her pregnancy.

“Yes, she is pregnant, that is why she went to Dubai with Fu Hanzheng.” Yuan Shuo answered his question.

Cayman Dorrans was displeased. “Why didn’t you tell me until now?”

“You make it sound like, if I had told you long ago, you could help.” Yuan Meng snorted.

Yuan Shuo squinted at her and reminded her with a small voice.

“Stop it.”

“I am not wrong.” Yuan Meng pursed her lips and mumbled, “Strictly speaking, he is not her real father, so it is better not to get involved.”

After all, his own daughter had died and he had buried her.

Strictly speaking, Mu Weiwei was not his daughter.

Even if Weiwei and Fu Hanzheng’s children were born, her surname would still be Fu and she would not acknowledge him as their grandfather.

“If he wanted to interfere, he would have already known about Weiwei’s pregnancy.” Yuan Shuo reminded her.

Cayman Dorrans had heard everything about Weiwei from him and he had not sent anyone to keep an eye on her, in case the Fu Family became more suspicious.

Otherwise, he would have tried to bring her back to Italy.

Cayman Dorrans looked at Yuan Shuo worriedly. “The Fu Family doesn’t accept her or Fu Hanzheng’s children even when she is pregnant?”

Did his daughter need to be so humble?

“The elders of the Fu Family don’t know about the pregnancy yet. They have their own plans for this matter, don’t worry.” Yuan Shuo consoled him with a gentle voice.

Maybe Cayman was the cause of Weiwei and the Fu Family’s relationship.

But that was not his original intention. If possible, he wanted to give her everything in the world.

Fate was so cruel. His daughter, whom he wanted to protect so much, had passed away because of him.

She was still in this world, but in order to have the love she wanted, he could not even see her or ask about her.

Cayman Dorrans looked serious. “Their plan is to hide in Dubai and have children?”

“What else can they do?” Seeing Cayman Dorrans’s expression, Yuan Meng reminded him. “Instead of going to Dubai with Fu Hanzheng, do you want her to be living with you in Italy?”

Her words left Cayman Dorrans speechless.

He naturally hoped that she could come back and reunite with him and be his daughter.

But he also knew that she would never return.

Also, being with Fu Hanzheng was much better than living with him in Italy.

“She is much safer next to Fu Hanzheng than here,” Yuan Meng said.

She had already died once because of his enemy. Was she going to come back and experience it again?

Maybe she and Fu Hanzheng had not remarried yet, but she could tell that she only felt happiness and joy when she was with Fu Hanzheng.

In this world, no one treasured her more than Fu Hanzheng, and no one else occupied her heart like Fu Hanzheng did.

Chapter 1156: Where is Will Dorrans?

To begin with, Cayman Dorrans could not accept that Gu Weiwei was pregnant, and he wanted to go to Dubai and bring her back to Italy, so that she could give birth to the children.

However, under Yuan Shuo and Yuan Meng’s persuasion, he gradually gave up on the idea of bringing her back to Italy.

“Help me to go out for a walk,” Cayman Dorrans suggested.

Yuan Shuo and Watson helped the older man up and sat him down in the wheelchair.

Then Watson pushed him out of the room and they went for a walk outside the castle.

“Is it really okay if it’s only her and Fu Hanzheng in Dubai for the pregnancy?” Cayman Dorrans mumbled worriedly.

Yuan Meng reminded him impatiently. “Fu Hanzheng has already made the arrangements. You can just focus on living a few more years. Even if you can’t see your grandchildren in person, I can at least show you the pictures.”

With the conflict between the Dorrans Family and the Fu Family, it was not very likely that he would see Weiwei and the children again, but they could send pictures to him.

“Yes, the child should be born next summer,” Yuan Shuo said.

Cayman Dorrans smiled.

“But... you had better go to Dubai, right?”

It was not convenient for him to arrange for someone to go there, but with them there, he could feel more at ease.

“Are you worried that the Fu Family doesn’t know that she is in Dubai waiting to give birth?”

Yuan Meng snorted. This old man, who used to be so smart, was becoming stupider.

If they all went to Dubai, wouldn’t that mean that Weiwei and Fu Hanzheng were together? The people at the Fu Family’s mansion would surely realize it.

Then the year that Fu Hanzheng had spent arranging for them to go to Dubai, would be wasted.

“Don’t worry, Fu Hanzheng has arranged someone trustworthy to take care of her. He is much more anxious than us,” Yuan Shuo said with a smile.

During the promotional event in the two cities, despite the fact that Fu Hanzheng was so busy with work at Fu’s Enterprise, he even went to the promotional events overnight to keep her company.

Compared to everyone else, this father-to-be was the most nervous one, so he took great care of her.

If they went there, she would probably think that they had disturbed their lives.

Yuan Meng was walking next to them with her arms crossed, and her lips twitched when she saw Matthew playing with a water gun with her son Yuan Bao.

Was the man who played with the water gun and the three-year-old, really Matthew? The man who was so good at shooting that everyone feared him?

Not only did he play with water guns, but he also let himself get shot and fell to the ground. Was he an actor?

No wonder Yuan Bao kept asking for Grandpa Matthew.

Cayman Dorrans was amused to see Matthew playing with Yuan Bao.

“Matthew really likes this child.”

They either did not have a family, or their families were ruined and separated. Few of them could enjoy such a happy family.

“Yuan Bao likes to play with Matthew too,” Yuan Shuo said.

Few people in their line of work had a perfect family.

The woman Cayman loved was killed and Weiwei could not be raised by his side for more than twenty years. In the end, she was murdered because of him, her father. Matthew once had a son, but he was no longer around.

Having a family was a luxury for them.

Yuan Meng looked at them and said, “Can you stop talking nonsense? Where is Will Dorrans?”

“He is probably Anderson’s guest right now,” Cayman Dorrans said.

Ever since he went to A Land to pick Weiwei up, Will Dorrans had left Italy with Anderson’s help and hid himself in the Anderson Family.

The only person he sent to finish him off... was left without his eyes.

Chapter 1157: The Avengers

“...”

Yuan Meng had nothing to say. She had already left the Anderson Family.

Although she had known that the Anderson Family and Will had colluded together to kill Weiwei, she had not expected that Old Anderson would send someone to save Will Dorrans.

It seemed that he was going to fight Cayman to the death.

“Not only that, but they also sent someone to the Gu Family in A Land.” Cayman Dorrans chuckled.

Yuan Meng understood and said, “So, Old Anderson and Will Dorrans plan to kill you with Gu Siting?”

“Probably.” Cayman Dorrans sounded relaxed, as if he were not the one in danger.

“Gu Siting... is not going to work with them, is he?” Yuan Shuo said.

After all, Cayman Dorrans was the one who brought the Gu Family back to life. Even if they could not continue to cooperate, they should not want to kill him.

Yuan Meng squinted at him and snorted.

“Why not? Anderson wants to get rid of his opponent, Will Dorrans wants to usurp the position, and Gu Siting wants to get rid of him, so that he can mess with Weiwei and Fu Hanzheng openly. All three of them have sufficient motivation.”

Gu Siting did not do anything now, because he was worried that Cayman’s men in A Land would do something to his mother and grandfather.

But that maniac would never give up on Weiwei completely.

Fu Hanzheng had noticed that Gu Siting and the royal family of A Land were very close.

Gu Siting was just trying to solidify the relationship between the Gu Family and the Royal Family, so that he could deal with Fu Hanzheng’s intentional countering in the European market.

But the only way he could see Weiwei again was if Cayman Dorrans stopped threatening him.

Then what could he do to not be threatened by Cayman Dorrans? Now that Will Dorrans and Anderson had found him, it was a perfect opportunity.

Cayman Dorrans looked at Yuan Meng in surprise and said with a smile, “Your analysis makes sense.”

Yes, all three of them had the intention of killing him. Everyone wanted him dead.

But he was not going to let them have their way.

Yuan Shuo looked at Cayman Dorrans worriedly. “What are your plans?”

“Let’s see if Gu Siting will agree to cooperate with them,” Cayman Dorrans said with a relaxed tone.

“Still want to watch? You will be dead if you keep watching.” Yuan Meng snorted.

There were many enemies who wanted his life in the dark. If the three of them joined forces, those enemies who wanted his life in the dark would be involved too.

He might be able to escape the trio’s revenge alliance but he was not going to be able to survive the assassination from the dark, let alone dealing with multiple attempts.

“There have been too many people who want my life over the years, so this time won’t be a problem.” Cayman Dorrans smiled.

Yuan Shuo knew that he had been through a lot and had lost a leg during the worst times, but if Gu Siting cooperated with them this time, the situation would be very serious.

“Don’t worry, I still want to live to see Weiwei’s children,” Cayman Dorrans said and then gave Yuan Shuo a picture. “I asked you to come here because I want you to find this person.”

Yuan Shuo took the picture and looked at it carefully. The person in the picture could barely be seen clearly. It seemed that it was taken from a video and then processed into a photo.

“Who is this man?”

“If nothing unexpected happens, he is the one who gave Gu Siting the Nine-Eyed Pearl.” Cayman Dorrans looked at Yuan Shuo and said seriously, “I need to be sure that Gu Siting’s death... will not affect Weiwei.”

Chapter 1158: Kill Him?

Hearing his words, Yuan Meng took the picture from Yuan Shuo and saw that it was a young man whose face was not very clear.

She could only tell that he was Asian judging from his appearance and she was not even sure which ethnicity he was.

“Where can we find him with just one picture?”

“We only know that his surname is Gu and he is Chinese. As for where he is, we don’t have any clear clues,” Cayman Dorrans said.

At that time, Gu Siting only told him that he was working with this man, so that Weiwei was still alive, but he did not tell him what they had exchanged.

If Weiwei was reborn because of him, he needed to make sure that his death would not affect her.

Of course, he hoped that it would not affect her.

“That is all?” Yuan Meng raised her eyebrows.

He only knew that it was a Chinese man with the surname Gu, and with such a blurry picture, the world was so big, he was asking them to fish for a needle in the sea.

“Gu Siting might know more, but... he won’t tell us.”

Yuan Shuo sighed helplessly. Even if it was a needle in a haystack, he had to find this person.

Whether Gu Siting’s death would affect Weiwei was not only what Cayman Dorrans was worried about, but also what he was worried about.

But he had never mentioned it to Weiwei and Fu Hanzheng.

He had decided to come back to meet Cayman Dorrans because he was worried that Will and the Anderson Family would target him and because he was worried about this matter, so he wanted to find out something.

“It would be best if it doesn’t affect her. If it does, Gu Siting will have to watch Weiwei and Fu Hanzheng be together forever. He will be so angry.” Yuan Meng snorted with gritted teeth.

When Weiwei was with the Gu Family, he did not cherish her.

Now that Weiwei had met Fu Hanzheng, who truly cherished her, he was trying to ruin her. How shameless!

Yuan Shuo did not think too much about it and asked, “Any clues about where this man is?”

Otherwise, who knew how long it would take for them to find this person with this little clue.

Obviously, neither of them could wait that long.

“There is an uncertain clue that says that he showed up in France. I will arrange for someone to bring you to meet the person who met him,” Cayman Dorrans said.

Yuan Shuo and Yuan Meng exchanged a look and asked, “Our child...”

“He can stay here, it is not convenient to bring him along.”

Yuan Meng stared at her son, who was having a great time with Matthew, who happened to be someone who was happily taking care of the child.

“Don’t worry, Matthew will take good care of him.” Cayman Dorrans smiled.

They had not been around such a young child for years and everyone liked this boy very much.

Yuan Meng studied the picture and asked Cayman Dorrans curiously, “If Gu Siting wants to kill you with those two, are you going to kill him?”

“His life depends on the news you bring back,” Cayman Dorrans said.

He did not care if Gu Siting was dead or alive. What he cared about was whether his life and death would affect Weiwei.

He did not want to harm Weiwei again because of his stubbornness.

Therefore, even though he hated Gu Siting to the bone, he still had to let him go.

Also, he understood that he had been very close to the royal family these days. It seemed that he still wanted to get rid of his threat and disturb Weiwei’s life.

He had made a mistake once and he did not want to make one more mistake and ruin everything Weiwei cherished.

Chapter 1159: Lifestyle

It was still winter in Hua Land, but the temperature in Dubai was just right.

It was very comfortable for Gu Weiwei who was pregnant.

Fu Hanzheng had just arrived and was very busy. Although he tried his best to keep her company at home every day, he still had to work late into the night in the study after dinner.

Gu Weiwei, on the other hand, got up early every day and went to the classroom for half an hour of yoga exercises. Then she went home for breakfast, listened to the prenatal music and read books.

Or she could go to the nursery school and ask for advice on how to take care of her future children. After all, it was her first time being a mother.

In fact, when Fu Hanzheng was not home in the afternoon, she stayed over for lunch with them.

Gradually, they got to know each other better, so they were not so restrained when talking to her.

The teacher was a few years younger than the nutritionist and Doctor Liu, so she was very gossipy.

Therefore, when she got to know Gu Weiwei better, she started to get curious about her relationship with Fu Hanzheng.

“Mrs. Fu, when did you get to know President Fu?”

“Two years ago.” Gu Weiwei confessed as she ate the fruit salad prepared by the nutritionist.

The teacher looked at her in astonishment. “Two years ago?”

She remembered Mu Weiwei’s official information that she was only 20 years old this year, so she must have known Fu Hanzheng when she was 18 years old. She must have been a very cute and lovely girl.

Also, she did not seem to have made a name for herself in the entertainment industry at that point.

What was more, she was just a high school student. President Fu was way too early.

“Yes, two years ago.” Gu Weiwei nodded.

The teacher continued to gossip.

“Did President Fu court you or did you pursue him?”

With Fu Hanzheng’s wealth and excellent looks, everyone was curious about what kind of woman he would marry.

However, they had never expected that he would marry a girl who was so much younger than him and spoil her rotten.

Gu Weiwei smiled sweetly. “No, we were attracted to each other.”

Although it had been Fu Hanzheng who took the initiative between them at the beginning, if she put aside the knots in her heart, she would definitely have been attracted to him.

“So sweet.” The teacher smiled enviously.

At first glance, these two people did not look right for each other, at least not in age.

But when they thought about it carefully, one of them was a tycoon of Hua Land and the other was the legendary Movie Queen of the entertainment industry. Apart from each other, no one else was a match for them.

Gu Weiwei smiled and said nothing more.

The teacher filled her cup with water. "Then... there is a generation gap between you and President Fu, right?"

One was a tycoon who was almost 30 years old and the other was a young girl who was only 20 years old. He had experienced different things and her horizons would be different too. Were they really able to communicate with each other?

"No." Gu Weiwei chuckled.

If it had been Mu Weiwei, there would have been a generation gap.

But that was not a problem between her and Fu Hanzheng.

Although her body was only 20 years old, she had an older soul, which was totally different from Mu Weiwei.

Chapter 1160: Lifestyle 2

For the entire afternoon, Gu Weiwei was discussing with the nursery teacher about how to take care of the children.

Fu Hanzheng finished his work an hour earlier, but there was no one at home.

When he heard from the servant that she was talking with the nursery teacher, he put down the briefcase and went to find her.

The nutritionist and the nursery teacher were discussing with Gu Weiwei about the popular movie, Life Reboot, in Hua Land, and they all said that it was a pity for her to get pregnant and have children at this time.

"You are only twenty years old, and you are in the prime of your youth, pursuing your dreams. If you become a mother so early, you will not be able to focus on your career in the future when you have children."

They were both mothers and they understood this deeply.

Once she had children, she would inevitably be distracted.

Especially when she was pregnant with two babies at once, she had to spend more effort and time taking care of the children.

"Your movie Sleepless has broken the box office of ten billion yuan and won numerous A film festival awards. Now that Life Reboot has such a high box office, it is a pity to give up your career."

"No, I do like acting and directing but I prefer being with him and our children," Gu Weiwei said with a smile.

She directed the films because she liked it, but compared to this job, she liked him and their children more, so for her, it was not a shame.

“Well...” The stylist was about to speak when she saw Fu Hanzheng standing at the door. She called out to him. “President Fu.”

Hearing her call him, Gu Weiwei turned to the man at the door.

“Why are you home so early?”

Fu Hanzheng approached her and helped her up.

“Anything else?”

Gu Weiwei shook her head, said goodbye to the women and left with him.

“You haven’t answered me yet, why are you home so early?”

“I miss you,” Fu Hanzheng answered straightforwardly.

Gu Weiwei chuckled. “You are not being a good boss if you are so distracted at work.”

Fu Hanzheng looked at her belly. “How are you today?”

“The little ones moved in the belly for a while this morning, and everything else is fine,” Gu Weiwei said as she touched her belly gently.

Fu Hanzheng took hold of her hands and sighed guiltily.

“Sorry, I haven’t been able to spend much time with you these days.”

Although the collaboration with the Dubai group had been achieved, there were still many things that needed his personal attention.

Also, in order to spend more time with her and the children after they were born, he needed to get this important project on track as soon as possible.

Otherwise, when she needed him the most, he would be distracted by work and be unable to take care of her and the children.

“I am very busy too, alright? I don’t need your company all the time.” Gu Weiwei smiled.

She knew that he was so busy because he wanted to get the work on track as soon as possible, so that he could spend more time with her and the children.

She would get up in the morning to do some yoga exercises, read some books and listen to music, or learn some parenting knowledge from the nursery teacher and nutritionist.

He stayed at home with her, which was not suitable for him, who was used to being busy with work.

Fu Hanzheng took her back to the villa and helped her to sit down on the sofa. He took out the box he had brought home and gave it to her.

“For you.”

Gu Weiwei threw a look at the small and lovely instrument. "What is it for?"

Fu Hanzheng said, "It's a heart monitor."
