

MY HIDDEN 1231

Chapter 1231: Love

Feeling guilty, Fu Shengying could not counter Fu Shiqin's words.

Honestly speaking, apart from her relationship with the Gu Family, she was the candidate that Hanzheng and everyone else were satisfied with.

But the Gu Family was a barrier that the Fu Family could not get over.

"Alright, it is the New Year, why mention her?"

"So be it." Fu Shiqin snorted.

Anyway, his brother and his wife already had children. When he met his grandchildren in the future, he would lower his head and beg his brother to remarry her.

Mrs. Fu threw a look at her husband Fu Shengying and then at the Old Lady. She could tell that they regretted asking Hanzheng to get a divorce, but what was done was done, and they did not want to talk about it anymore.

They had already gotten a divorce and they were the ones who had caused them to be divorced. It was impossible for them to not be able to stand it and let them remarry.

Firstly, they could not bring themselves to be embarrassed, and secondly, it was unknown if they were still willing to be together.

"But this Ding Dongdong looks good."

"What is the point of looking good? Third Brother is not even her boyfriend!" Fu Shiqin betrayed Fu Shiyi and Ding Dongdong without hesitation.

"Not even her boyfriend?" Fu Shengying could not believe it.

Fu Shiqin continued as he chewed the apple.

"He can lie to other girls, but not Ding Dongdong."

It was not that Ding Dongdong did not like Fu Shiyi, but he had failed her expectations terribly in front of her before, so Fu Shiyi would not succeed so easily.

But Fu Shiyi had no idea that Ding Dongdong was an old acquaintance.

Fu Shiqin knew that, but he would not tell him either. It was so satisfying to watch Third Brother, who had always been successful in love, being mistreated.

"But at least he has brought her home. He will have a chance sooner or later," Fu Shengying said and glared at Fu Shiqin who only knew how to eat. "What else do you know apart from eating?"

Fu Shiqin took a bite of the apple. Apart from eating, he was also working hard.

Otherwise, when his brother went to Dubai, the Fu's Enterprise would have been in a mess.

Having lectured Fu Shiqin, Fu Shengying turned to He Chi who was playing with his phone.

"You too, He Chi, what are you doing with them? What is so fun about staying with these men together? Don't you know how to play with girls?"

"..." He Chi blinked in astonishment. It was not relaxing playing with girls.

Girls needed someone to keep them company no matter what they did. He could not speak with such a heavy tone. If they were unhappy, they would scold or fight.

"Uncle, you are right. I will never play with them again."

Fu Shiqin glanced at him speechlessly. "Then what are you doing here?"

"What, are you not willing to let me go?" He Chi adjusted his glasses and asked with a sinister smile, "You don't really like me, do you?"

Hearing his words, Fu Shiqin took the remaining apple core and stuffed it into He Chi's mouth.

"Come on, let me show you how unwilling I am!"

Seeing the two men who were about to have a fight, Fu Shengying waved his hands impatiently.

"If you want to fight, go outside and don't smash my antique collection, otherwise I will break your legs."

Hearing these words, He Chi and Fu Shiqin both stopped.

"If there is nothing else, I am going back to the company to work overtime."

"I need to go back to the hospital too, if there is an emergency, the hospital will need someone."

Fu Shengying did not ask them to stay but said, "In a few days, we are going to Dubai, so don't come home for the time being."

"To... to Dubai?" Fu Shiqin got so frightened that his voice shook.

Chapter 1232: Overkill

Fu Shengying calmly leafed through the newspaper and said, "Your brother has been alone for so long and he is busy. We have to go and take a look."

He had not thought about it before, but after hearing what they said today, he felt even more guilty.

That was why he decided to go and take a look.

They forced him to do this.

Mrs. Fu agreed.

"He is alone over there for the New Year, we should go and take a look."

"I think we better not go." Fu Shiqin laughed dryly.

It seemed that he had betrayed his brother and made his father feel guilty. So much so that he now wanted to console his brother in Dubai.

But his brother was not alone in Dubai. There were four of them.

If they went there, everything they had been hiding would be exposed.

“Why not?” Fu Shengying squinted at him unhappily.

Fu Shiqin touched his nose guiltily. “Well my brother doesn’t seem to be very pleased with you, so why are you asking for trouble?”

If they ran over there and found sister-in-law and the two children, the plan would be ruined.

But if his brother avoided them so that they would not find sister-in-law and the two children, where would he hide the three living people?

What was more, the entire house was full of their belongings. If they hid it, they would not be able to hide everything.

“That is not your problem,” Fu Shengying said coldly.

Fu Shiqin and He Chi exchanged a look and decided to leave first.

They two went out and said as they got into the car, “If they really go to Dubai, it will be a big problem.”

They had tried so hard to conceal the fact that Gu Weiwei was also in Dubai and that she had already given birth to children, but they could not conceal anything once they went there.

“If we stop them now, my father will be suspicious.” Fu Shiqin sighed in distress.

They had just said that they were going to visit his brother, but he was trying to stop them. They should have suspected something.

After all, his parents were not easily fooled.

“Then what should we do? Let them go?” He Chi asked.

There was no time to change the plan.

“We must not let them go,” Fu Shiqin said.

He Chi looked at him sideways and said, “If something unexpected happens to you or Third Brother, they might not be able to make it.”

“Unexpected?” Fu Shiqin raised his eyebrows.

He Chi touched his chin thoughtfully.

“Well, it would be best if something happens to you. In this way, you won’t be able to do everything at the company. In this way, your father and the rest will have to help, so they won’t be able to go to Dubai.”

Fu Shiqin gritted his teeth. “I think you are the only one who wants me to be in an accident.”

What was the benefit of paying such a terrible price to stop them from going to Dubai?

“That is the most effective method,” He Chi said.

If something happened to Fu Shiyi, he would at most be sent to the hospital and they would still leave.

But if something happened to Fu Shiqin and he could not focus on the company, they would become anxious.

If they were anxious, they would not be in a hurry to go to Dubai.

“Get out of here,” Fu Shiqin said as he picked up the phone and decided to tell his brother about it. What was he going to do?

After all, his brother was involved.

However, the call did not go through until the last ring when his brother finally answered.

“Make it brief.”

Fu Shiqin sighed and said, “Our father plans to visit you in Dubai.”

Chapter 1233: Brothers

Fu Hanzheng stayed silent for a few seconds and asked, “Why?”

What were they coming here for, for no reason?

Could it be that they had not kept their mouths sealed and revealed something that made them suspicious?

“Brother, I promise that we did not spill the beans.” Fu Shiqin shivered when he heard his brother’s cold tone. “It was our father who suddenly realized that we were having a family reunion at home and you were alone in Dubai, so he decided to visit you.”

He did not dare to say that they had overplayed their love for him, so that his father had such thoughts.

Fu Hanzheng stayed silent for a few seconds and said calmly, “Got it.”

“Then... What should we do? What if they find sister-in-law and the children?” Fu Shiqin panicked.

His brother should have been the one who panicked the most, but he was even more anxious than his brother.

“Tell me when they are coming,” Fu Hanzheng did not answer his question.

Startled for a few seconds, Fu Shiqin asked discreetly, “You want them to go?”

“Don’t do anything unnecessary, don’t say anything unnecessary.” Fu Hanzheng warned him.

Since they were coming, they would be suspicious if they objected to them coming here.

So they could do whatever they wanted.

“Brother, are you going to reveal everything?” Fu Shiqin asked.

His brother did not object to his father's visit, so he was going to tell his sister-in-law and the two children in advance?

But it was obviously not safe.

"Let me know when they are coming."

Fu Hanzheng did not want to say anything more, so he rang off after saying what he wanted to say.

Fu Shiqin mumbled as he held the phone, "Why is my brother not stopping them?"

What was his brother up to?

"Forget it, don't think about it. You don't understand what your brother is thinking." He Chi patted his shoulders sympathetically.

Since Fu Hanzheng did not stop them, he must have his own plans.

Fu Shiqin was driving and still could not understand what his brother was going to do.

It was obviously not the best time for his father to know about sister-in-law and the two children.

But he did not object to his father's visit. What would happen if he found out?

"Can't you just drive properly?" He Chi gripped his seat belt and complained as he stared at the car that was about to be overtaken. "Your brother is not in a hurry, what are you in a hurry for?"

"Oh yes, why should I be in a hurry?" Fu Shiqin suddenly realized that his brother was not in a hurry, what was he in a hurry for?

Anyway, even if sister-in-law and the two children were found at home, it would be his brother's trouble and it had nothing to do with him.

"Everyone else is calm when it comes to your brother, but what about you and Third Brother?" He Chi complained.

Every time, Fu Hanzheng was not in a hurry, but Fu Shiyi and Fu Shiqin were.

Hearing the words, Fu Shiqin was displeased and pulled over by the roadside.

"Get out."

He Chi gripped the seat belt. "I am not getting out."

He could not get a taxi today because it was the New Year and the place was so far away from the hospital. Was he supposed to walk there?

"Shut up if you don't want to get out." Fu Shiqin snorted.

What brotherhood was this? They were brothers!

Chapter 1234: Valentine's Day?

Although Fu Hanzheng was a bit surprised that Fu Shengying and Mrs. Fu were coming to Dubai, he did not panic.

He calmly made the arrangements and went downstairs calmly.

Gu Weiwei was hugging Youyou, who had just woken up, in the living room, when she saw him coming downstairs with his daughter.

“See? Dad is here.”

Fu Hanzheng approached and chuckled.

“He is too young to understand you.”

Ever since she had two children, she seemed to talk to herself every now and then.

The two children were too young to understand or respond to her, but she was very happy.

“When they are a bit older, they will understand,” Gu Weiwei said with a smile.

Before the children were born, she had thought that the arrival of the children would bring them great happiness.

But when they really came, the joy and happiness they brought were immeasurable.

She was satisfied just by watching them sleeping.

When they were first examined, they were only the size of a peanut in her belly.

Then they grew up in her belly day by day and after they were born, they continued to grow up day by day. The pride and happiness of being a mother was irreplaceable, no matter how many successful movies she made.

With the child in his arms, Fu Hanzheng looked at her and said, “Do you have time to go out on Monday?”

“Out?” Gu Weiwei was surprised.

The two children were still so young, how could they be brought out?

“Haven’t you always wanted to go out? We can go out for a few hours on Monday and leave the children to the care of the nursery teacher,” Fu Hanzheng said.

Gu Weiwei thought for a while and asked, “What is it?”

Why could she not stay at home? Why did she have to leave the two children alone?

“Something important.” Fu Hanzheng chuckled.

Gu Weiwei thought for a while and asked with a smile, “Because it is Valentine’s Day?”

It was Valentine’s Day next Monday.

“So, is Mrs. Fu willing to accept the invitation?” Fu Hanzheng asked with a smile.

Ever since the children were born, although they spent most of their time together, they spent most of their time around the two children.

Ever since she was discharged from the hospital, she had not left the house.

It was Valentine's Day next Monday.

He hoped that they could leave other people and things alone for a few hours.

"My pleasure." Gu Weiwei nodded with a smile.

Although she would not be able to let go of the two children, she looked forward to the long-lost date.

After all, they had not had a proper date since they had children.

Fu Hanzheng had been worried that she would refuse to go out because of the two children, but she unexpectedly agreed.

"I thought you would not agree."

"I have no reason to turn you down." Gu Weiwei chuckled.

Due to the arrival of the two children, she had neglected him too much. If she turned down such a short date, it would hurt his heart too much.

He looked at Gu Weiwei and chuckled. "Thank you, Mrs. Fu."

Fu Shiqin did not mention a single word about Fu Shengying and Mrs. Fu visiting in Dubai.

He was indeed a bit surprised that they were coming to Dubai, but he did not want this news to bring her pressure and trouble.

Chapter 1235: Happy Valentine's Day

Valentine's Day happened a few days after the two children were one month old.

After returning home from the hospital, Gu Weiwei, who had not left home for dozens of days, could finally step out of the house.

In the afternoon, when the children were still sleeping, she went through her walk-in closet and found a dress she could wear on her date.

As she flipped through the clothes in the walk-in closet, she realized that when she was pregnant, she either wore her maternity clothes or the breast-feeding clothes she often wore. There were no formal dresses for her to wear on a date.

There were two fitted dresses, but she had gained some weight because of her pregnancy, so she could not fit into them.

So she started to worry about the wardrobe of clothes.

She had not been out for so long and yet she still could not put on any clothes.

Her joyful mood was affected and she became depressed.

She was just worrying about the outfit for the date when the servant knocked at the door.

"Madam, someone is looking for you."

“Me?” Gu Weiwei asked in astonishment.

She did not have many acquaintances here, and very few people knew that she was here. Who would come to visit?

She walked out of the bedroom and saw ten well-dressed Arabian locals standing in the living room with a large amount of bags.

A woman who looked like a supervisor came forward and said in English, “Mrs. Fu, Mr. Fu bought some things and asked us to deliver them to you. If it is convenient, please let us put them away.”

Gu Weiwei nodded in astonishment. “Suit yourselves.”

Since it was arranged by him, she would not object.

“Which room is your walk-in closet?” the female manager asked.

Hearing a child crying, Gu Weiwei said to the servant, “Take them there.”

Having said these words, she went into the nursery to visit the two children.

After changing the diapers for the two children and feeding them, she carried Tiantian back to the master bedroom.

The moment she entered, she saw that the walk-in closet, which had been filled with maternity clothes and breast-feeding clothes, had been changed into a new one. All kinds of dresses and suits were hung up, and it was obvious that they were designed by Merlin and Martin Green.

Apart from the latest clothes, there were also matching jewelry.

After they tidied up the walk-in closet, only a small portion of the clothes were left.

After everything was sorted, the female manager came and gave her the business card.

“Mrs. Fu, if you need anything else, you can contact us anytime.”

Gu Weiwei took over the business card in astonishment. “Okay.”

Was Fu Hanzheng good at reading minds? She was just worrying about the clothes she would wear on the date, when he asked someone to deliver so much for her.

She had not been able to find anything to wear, but now she would have to be very picky.

She had put her daughter Tiantian to sleep and when she saw that it was almost time for Fu Hanzheng to get off work, she picked a flowy dress and put on some light makeup with a pair of low-heels.

When everything was ready, Fu Hanzheng’s car arrived at the doorstep.

She picked up her phone, grabbed a small handbag from the walk-in closet, put the phone inside and left.

The moment she went out, she saw a man dressed in a suit holding flowers, waiting for her outside the car.

When he saw her, he showed a gentle smile and gave her the fresh-looking roses.

“Happy Valentine’s Day, Mrs. Fu.”

Chapter 1236: Happy Valentine’s Day 2

Gu Weiwei accepted the flowers and sniffed the scent.

“Is there a need to be so formal?”

She felt that they were already an old couple, so they could just have a meal together. There was no need to make it seem as if they had just fallen in love.

“It is necessary,” Fu Hanzheng said as he opened the door for her.

With the flowers in her arms, Gu Weiwei sat down in the passenger’s seat.

“You already have children, why are you still doing this?”

Although she said that, she felt sweet inside.

“Children are not a reason to ignore you,” Fu Hanzheng said with a gentle voice as he drove.

They had been together for a long time and they were married and had children.

But he could not give up his love for his wife just because of these things.

Gu Weiwei smiled sweetly. It was not that he had neglected her, but that she had neglected him after the children were born.

Although she had tried her best to be careful, the two children were too young and she would inevitably be biased towards them.

“I was just thinking about what to wear to go on the date with you tonight, when someone delivered so many presents. Do you have clairaudient eyes or can you read minds?”

“It was just a coincidence,” Fu Hanzheng said with a smile.

Due to her pregnancy, she had not gone out for a month after giving birth. Therefore, she was dressed in baggy pajamas at home, making it easier for her to take care of the two children.

But the children were already a month old and she was gradually going to need to go out, so she needed clothes to wear out of the house.

He had asked someone to make the preparations the day before and he had also thought that she would be distressed about this problem today, so he urged someone to deliver the clothing to her as soon as possible.

Gu Weiwei looked at the man’s handsome side profile and smiled deeply.

“I really want to give you the badge of the perfect husband.”

Only someone who truly cared about her would pay attention to her needs.

Most of the time, he could get everything she wanted and needed without asking her.

Fu Hanzheng was such a person. There were many times when she did not have time to think about anything, but he would always consider everything for her.

Fu Hanzheng parked the car and opened the door for her.

“It is close to home and the environment and food are good.”

He closed the door and led her into the dining room.

The restaurant was facing the sea and there were large floor-to-ceiling windows all around, allowing her to take in the beautiful scenery.

It was only a ten-minute drive away from their place, so she did not need to waste too much time on the road. Also, she would be worried about the children, so it was more convenient for her to go home.

Gu Weiwei followed him into the dining room and sat down under the guidance of the waiter. She looked at the man who was reading the menu seriously.

It was incredible that a long-lost date could make her heart skip a beat.

After reading the menu, Fu Hanzheng turned to his wife opposite him.

“Should I order for us?”

Gu Weiwei nodded. “Okay.”

Fu Hanzheng ordered some dishes for her, all of which were suitable for breastfeeding.

After the order was ordered, the waiter left and only the two of them were left in the small room.

He took hold of Gu Weiwei’s hands on the table. “What are you thinking about?”

“I was thinking about when I was in Dubai last time,” Gu Weiwei said with a smile.

When they were in Dubai last time, they had visited many places and gone on dates.

That was when Youyou and Tiantian were conceived.

In the blink of an eye, a year had passed and Youyou and Tiantian were both born.

Chapter 1237: A Kiss

Fu Hanzheng smiled and took hold of her hands.

Even though the children had been born for a month, he still could not believe that they already had two children.

“You are going to use this important day to reminisce about the past?”

“Of course not, I need to cherish it.” Gu Weiwei chuckled.

They were chatting when the waiter came to serve the food and asked, “What wine would you like?”

“No need, just give her the juice,” Fu Hanzheng said calmly.

She was breastfeeding and she could not drink any wine.

The waiter soon gave Gu Weiwei a cup of freshly-squeezed fruit juice and left the room, leaving them alone.

“How are the children today?” Fu Hanzheng asked.

“Very obedient, but they don’t sleep as much as before. Youyou is more awake now, and Tiantian is a bit active,” Gu Weiwei said helplessly.

It was not until these few days that she realized that their youngest daughter, Tiantian, seemed to be quite active. She had woken up more than her brother and now she was not sleeping well either.

On the other hand, Youyou was easy to take care of, apart from being hungry or crying when he needed his diaper changed.

She was wondering if he would grow up to be as mature as his father.

“Just like you?” Fu Hanzheng asked with a smile.

“He’s also just like you?” Gu Weiwei countered.

Fu Hanzheng smiled and said, “Oh yes, Martin Green says that he wants to meet you, is that okay?”

If it had been before, he would have turned him down on her behalf. But knowing that she was Gu Weiwei and that Martin Green knew her well, he did not turn him down directly.

Also, Martin Green knew about their divorce from Hua Land, but he was sure that he knew where she was and asked him about meeting her.

Gu Weiwei thought for a while and said, “If it is convenient for you, let him meet me.”

After the wedding at Chenis Castle was cancelled, she received a call from Martin Green when she returned to Hua Land. However, they were both busy with work, so they did not talk in detail.

“Okay, I will ask someone to pass on the message.” Fu Hanzheng nodded and said, as he looked at her, “You can ask him to design some parent-child outfits.”

He had mentioned the parent-child dress to Merlin, the chief designer of Muse, but Merlin had clearly said that he could not design it.

He had always been a very high-end designer, so he turned him down without hesitation.

“Okay.” Gu Weiwei agreed happily.

She could not wait to see the two babies grow up and wear parent-child outfits with them.

They ate a romantic dinner leisurely and took a walk by the seaside near the restaurant. When they were about to go home, Fu Hanzheng gave her a bag from the back seat.

“A Valentine’s Day present, Mrs. Fu.”

Gu Weiwei took it. “Could it be diamond jewelry or something?” she said as she opened it.

This time, it was not jewelry but hand-made chocolate.

“You made it?”

Fu Hanzheng nodded. “The first time.”

Gu Weiwei put away the chocolate and said, “You gave me flowers and presents, but I did not prepare a present for you.”

Fu Hanzheng caressed her face and chuckled.

“Mrs. Fu, you can give me a kiss.”

Gu Weiwei chuckled, looked up and kissed the man’s smiling lips, looking gentle and devoted.

With one arm around her waist, Fu Hanzheng was enjoying the sweet kiss he had not experienced for a long time.

Chapter 1238: Excellent Words

It must have been a long time since they last had such an intimate kiss. The two of them could not bear to end the kiss, so they focused on kissing each other’s lips.

Gu Weiwei’s legs gradually turned weak. If Fu Hanzheng had not held her waist, she would have lost her balance.

Fu Hanzheng ended the long kiss before his rationality collapsed and kissed her forehead.

“It is getting late, let’s go home.”

Gu Weiwei nodded in astonishment. She got into the car and took a look at her burning face. It was just a kiss and she almost lost control of herself.

Fu Hanzheng took a deep breath outside the car, opened the door, got into the car and was about to drive home.

“There is a full moon present for the children in the back seat.”

Hearing these words, Gu Weiwei turned around and grabbed the paper bag from behind. She opened it and found that it was two exquisite gold bracelets and a small bell.

“I asked Master Yuan Ming to do the blessing, to keep the children safe,” Fu Hanzheng said.

He had not believed in these things, but because of her arrival and because his brothers really hoped that the two children could grow up well, they had asked someone to make two of these things and asked the most famous Master in the country to bless them before asking someone to deliver them from home.

With one in each hand, Gu Weiwei rang the bell.

“Very cute.”

When they returned home, the nurse had already bathed the two children and fed them with milk powder, and had put Youyou to sleep.

But Tiantian kept her eyes open and refused to sleep.

Gu Weiwei waved the small bracelet in front of her daughter. "Tiantian, this is my present for you. We are celebrating your one-month anniversary."

The little girl blinked at the sound and smiled subconsciously.

"But you are too young, I will put it on when it is bigger." Gu Weiwei mumbled to herself and put away the things.

Children who were just one month old were too young. This thing was still quite heavy and it would be a bit of a burden for them to wear it.

Fu Hanzheng changed into pajamas and came to check on his daughter.

"Still not sleeping?"

"She has been like a night kitten these days, refusing to sleep well." Gu Weiwei carried the child helplessly and said to him, "Can we take her with us?"

Fu Hanzheng looked at her and then at his youngest daughter in her arms.

"I will hold her for a while, you can take a shower and get changed."

Gu Weiwei looked at the dress and thought of the makeup she had put on when she went out, so she gave Tiantian to him.

Then she removed her makeup, took a shower and got changed.

But when she came out, Fu Hanzheng had already put his daughter to bed.

Gu Weiwei said in disbelief, "Why is she sleeping?"

"She fell asleep after a while." Fu Hanzheng confessed.

Gu Weiwei threw a look at her sleeping daughter. "Sure enough, daughters are their father's dearest past love; they are obedient in your hands."

Last night, she and the nurse tried so hard to make her sleep, but she refused.

Fu Hanzheng took her into his arms and kissed her face.

"My lover in my previous life would only be you, that is why I can't love you enough in this life."

Gu Weiwei chuckled. She was just saying an old saying, and she was not that desperate.

"Mr. Fu, your flirting skills are getting better and better."

"Thanks for the compliment." Fu Hanzheng chuckled.

Chapter 1239: Rainbow

Gu Weiwei nestled herself in his arms and looked at her sleeping daughter.

Suddenly, a sentence popped up in her mind.

“Fu Hanzheng, I love you so much.”

“Okay.” Fu Hanzheng kissed her forehead.

“I love you so much.” Gu Weiwei stressed again.

“I know.” Fu Hanzheng chuckled.

“I really love you so much.” Gu Weiwei repeated.

Fu Hanzheng took a deep breath and whispered, “You are right, but what can I do about you?”

If it had not been for the fact that she had had children, she would not have been able to get out of bed for half a year.

Ever since they came back from the date, he had been resisting making a move on her and now she was flirting with him.

Gu Weiwei chuckled. “I just wanted to say thank you for showing up and making everything I had dreamt of become real.”

Ever since she died, she had thought that happiness was out of her reach, but all of this had quietly fallen into her lap.

Luckily, she had not missed anything.

Fu Hanzheng caressed her soft hair. “Weiwei, it was your arrival that gave me a life I had never thought about before.”

In the past, whenever someone mentioned love to him, he would turn his nose up at it, thinking that it was just an illusion.

However, one day, he finally met her and met love.

She was like a rainbow, a promise that came true when he met her.

If it had not been for her, his life would not have turned out like this.

With her head against his chest, Gu Weiwei whispered, “Are you happy with this kind of life?”

She had a feeling that their relationship was not equal.

Fu Hanzheng gave her hope, warmth and everything beautiful.

But what she had given Fu Hanzheng was not as wonderful as what he had given her.

Although she tried very hard to catch up with this unfair relationship and wanted to love him as much as he loved her, she barely had any opportunities to pay him back.

“Happier than ever,” Fu Hanzheng said sincerely.

After being with her, he suddenly felt that his life before she appeared was just a waste of time.

Gu Weiwei sighed in distress. “It is not fair.”

“What is unfair?” Fu Hanzheng asked in amusement.

“You can give me many things and take care of many issues, but... I can’t give you anything,” Gu Weiwei mumbled.

Give him money? He was not short of money and she was not as rich as him.

Take care of him? He had always handled his own matters perfectly and there was nothing she could help with.

“You don’t need to give me anything,” Fu Hanzheng said.

Her existence had already warmed his entire world.

“Then I am taking advantage of you,” Gu Weiwei mumbled.

“You can take advantage forever.” Fu Hanzheng kissed her forehead and brushed her hair as he said, “I am going on a business trip the day after tomorrow.”

“Business trip?” Gu Weiwei got up and asked him. “How many days are you going?”

“Three or five days, not sure,” Fu Hanzheng said.

Gu Weiwei sighed. “Must you go?”

After she came to Dubai because of her pregnancy, he had been by her and the children’s side. For some reason, she felt that she would not be used to being away from him for three to five days.

“Yes, of course,” Fu Hanzheng said.

Gu Weiwei sighed with pursed lips. Although she did not want to, she knew that it must have been because of his work that he went there himself.

Otherwise, he would not have left her and the children and insisted on going.

Chapter 1240: The Fu Family is Here

Two days later, Fu Hanzheng left with his luggage.

However, he did not tell Gu Weiwei that he was not on a business trip, but that Fu Shengying and Mrs. Fu had come to Dubai together.

He had no intention of letting them see her and the children, so he created a false image of himself living in a different house.

Two hours after he moved in with his luggage, Fu Shengying and his wife had already gotten off the plane and rushed over.

Mrs. Fu looked around the house and saw that everything was neatly arranged. It was so clean that it did not look like a place for someone to live.

“If everything is settled here, you had better go home as soon as possible. Look at how you are living here alone!”

He was too busy to eat anything.

He lived here alone and he did not even hire a servant to cook for him. What did he eat every day?

So she suggested that he should return home as soon as possible. Although he did not have much time to return to the old mansion because of work, at least he could arrange for someone to take care of him.

"I'm not going home now." Fu Hanzheng turned down Mrs. Fu's proposal.

"How much longer are you going to stay here?" Fu Shengying's face turned cold and serious when he heard that he did not appreciate their suggestion.

Fu Hanzheng checked the time and did not want to explain anything more.

"I have two important meetings to attend, I am leaving now."

He did not tell Weiwei that he was not on a business trip, but that his family was here.

For safety's sake, he could not take the risk of them visiting her and the two children.

"You..."

Fu Shengying was furious but he had no choice.

Seeing him leaving, Mrs. Fu sighed helplessly.

"At the end of the day, he is still blaming us for the divorce."

They all knew that forcing him to divorce Gu Weiwei had wronged him, so they had been trying to make it up to him.

However, he did not appreciate their kindness.

He used to be cold and distant, but at least his relationship with his family was not that bad.

Fu Shengying was a bit annoyed and snorted heavily on the sofa.

"Whether he is angry or not, he is already divorced. What more does he want?"

Luckily, only a few acquaintances were invited to the wedding, otherwise the Fu Family's reputation would have been ruined because of Gu Siting.

"Alright, are you here to see your son or to argue?" Mrs. Fu said a few words to Fu Shengying and went straight to the kitchen, ready to cook today.

But when she opened the fridge, there was nothing inside.

The fridge was empty. What did he eat every day when he came home from work?

This home seemed a bit weird. Everything was too neat, and it did not feel like someone was living here for a long time.

But when she thought of Fu Hanzheng who had always been a workaholic, she felt relieved.

Mrs. Fu could not find any food or ingredients at home, so she asked Fu Shengying to come with her and they went to the supermarket nearby to buy some food and necessities.

In order to avoid meeting them, Fu Hanzheng did not go home until very late at night, in case he was discovered.

Also, before he entered the house, he called Gu Weiwei and checked on her, so that he felt assured before he entered the house.

“What took you so long? The food is getting cold,” Mrs. Fu mumbled as she checked the dishes she had made.

Fu Hanzheng washed his hands in silence and sat down to eat with them. But what he was worried about was Gu Weiwei and the two children who were living on the other side of the city.
