

MY HIDDEN 1311

Chapter 1311: Righteousness

She had stayed at hotels numerous times, but it was the first time for her to come to a hotel with such a purpose.

Inevitably, Gu Weiwei got nervous when they pulled into the parking lot of the hotel.

“What about... going home?”

Fu Hanzheng raised his eyebrows. “Going back on your word?”

“I’m a bit scared...” Gu Weiwei smiled and became even more frightened when she met his pair of eyes that seemed to be filled with fire.

Fu Hanzheng stayed silent for a few seconds and sighed helplessly.

“Then let’s go home.”

Seeing his disappointed face, Gu Weiwei felt sorry for him.

“What about going then?”

Having said these words, she opened the door and got out of the car.

Fu Hanzheng chuckled, got out of the car and booked a room at the hotel.

Then he made a call to Gu Weiwei who was waiting downstairs.

Gu Weiwei answered the call and went upstairs to meet him. The moment she entered the room, she was hugged.

“Still want to go home?”

Gu Weiwei looked up and kissed the man’s smiling lips.

“Not unless you want to go home.”

Fu Hanzheng chuckled and kissed his wife’s soft lips, focusing on kissing her gently, letting their breaths intertwine.

A flirty sound arose in the silent room.

At villa seven of Zhujiang, Tiantian woke up first and then Fu Shiyi woke up too. He saw a pile of things in the room.

“Where are my brother and sister-in-law?”

Yuan Meng was focusing on the game. “They went to get a room.”

Fu Shiyi chuckled. “I knew it, my brother is a very straightforward person.”

When he told him about the hotel, they both showed disdain.

Hehe, but he was the one sneaking out now.

“There are too many third wheels at home.” Yuan Meng snorted.

There were so many people living in the villa and they weren’t allowed to have fun.

Because Weiwei was pregnant, a certain someone had been hungry for more than a year. Of course, he could not miss a single opportunity to eat his little wife.

Fu Shiyi chuckled as he carried Tiantian to the nursery school to make milk powder. They had become very familiar with each other these past two days and Tiantian had been whining for a while. After filling her stomach, she obediently allowed her Third Uncle to play with her.

Soon after Tiantian was full, Youyou woke up too.

The nurse fed him milk before sending him back to Fu Shiyi.

The two cute babies sat on the floor and stared at Fu Shiyi who was playing with them and being silly. They kept laughing.

Tiantian laughed so hard that she fell onto the floor.

Fu Shiyi and the two children were just having fun when Gu Weiwei and Fu Hanzheng came home holding hands.

“Didn’t you say that you wanted to buy something? Why did you come back empty-handed?” Yuan Meng asked even though she knew the answer.

Gu Weiwei smiled embarrassedly. “We went somewhere else.”

“Oh really, to the cafe in the hotel?” Yuan Meng smiled meaningfully.

Without saying a word, Gu Weiwei went to find the two children.

Fu Hanzheng looked cold and ignored what Yuan Meng said.

Yuan Meng pursed her lips and pretended not to know what they had done.

Fu Hanzheng came back with a satisfied look and he looked very lazy as he held Gu Weiwei’s hands. Everyone could tell that they had s*x.

Fu Shiyi approached his brother and suggested with a smile.

“Brother, Second Brother and I will take care of your child for one day a week, and you will have two days to go on a... date with sister-in-law!”

Where was he going to find such a considerate brother? He himself was so touched on his brother’s behalf..

Chapter 1312: Cute

Fu Hanzheng squinted at him, neither agreeing nor objecting.

But Fu Shiyi was smart enough to know that his brother had agreed with his proposal.

After all, it was too tempting for his brother to have a date with his sister-in-law alone.

With a child in her arms, Gu Weiwei did not notice what the two brothers were plotting.

She was just playing with the two children when Jolin came with Ji Cheng and Luo Qianqian.

The moment the three of them entered, they each carried large and small bags.

The moment Ji Cheng entered the living room and saw her and the two children, she screamed excitedly.

She threw the things down and hugged Youyou excitedly.

“You are so mean! You gave birth to such a cute little bun but you hid him away from us.”

A few days ago, she called and said that she had returned home with children.

She had wanted to come over the same day, but she had to resit the school examination, so she asked Qianqian to come with her at a later date.

The little buns she gave birth to were indeed very pretty and lovely. Well both she and Fu Hanzheng were good looking people.

“If I told you when I was abroad I am afraid you would not have been able to bear it.” Gu Weiwei chuckled.

Ji Cheng liked these soft and cute babies the most, and their current age was the time when Youyou and Tiantian were most chubby and cute.

Ji Cheng said in astonishment as she held Youyou in her arms, “Oh, you gave birth to such a cute little bun, so amazing!”

“The children’s parents are so good looking, it should be expected.” Luo Qianqian complained.

Fu Hanzheng and a good-looking woman like her would never produce ugly children, unless they had a stray gene from a distant relative long ago.

With Youyou in her arms, Ji Cheng looked at Tiantian who was smiling cutely and begged Gu Weiwei.

“Weiwei, do you need children? Can I have them? I can provide food and accommodation for them.”

Gu Weiwei smiled helplessly. “No you can’t have them, but you can come anytime you want.”

“If I were as smart as you, I would definitely quit school and stay at your home to watch your cute little babies.” Ji Cheng sighed as she thought of her studies.

If she was as smart and successful as she was, she would definitely quit school.

But she was a bad student and she could not just drop out.

“If you like it so much, then finish school, get married, and have a child with your handsome cousin as soon as possible.” Gu Weiwei suggested.

“But is it really a good idea to get married and have children as soon as I graduate? Qianqian said that women should have their own careers, and I also want to develop my own career, otherwise I will lose everything if I am despised...” Ji Cheng said seriously.

Luo Qianqian sighed helplessly and complained.

“Your cousin has known you for so many years. If he despises you, then there is no hope for me in the future.”

She was just saying that she personally wanted to have her own career and she did not want to get married and depend on a man.

But she thought she meant it for her too.

Ji Cheng pursed her lips. “True.”

Having said these words, she took out her phone to take pictures of the two children and asked Luo Qianqian to take pictures for her.

Youyou and Tiantian did not cry or make a fuss. They allowed her to carry them around and cooperatively took pictures.

“Are you done?” Luo Qianqian could not stand it any more after helping with the impromptu photoshoot for half an hour.

Ji Cheng withdrew her hands and sat on the floor with a child in one hand and looked at the pictures on the phone with the other.

“Ah, this one is so cute, this one is so cute too, so cute...”

Chapter 1313: Li Xing'er's Return

Ji Cheng and Luo Qianqian surrounded the two children, and with them and Fu Shiyi around, Gu Weiwei, as the mother, would not be able to hold the children.

Coincidentally, she was glad to talk with Jolin about work.

“What are everyone's arrangements?”

The studio was established mainly for her to make movies, but because of her two children, she could not direct any movies for the next few years.

Therefore, most of the studio staff were free.

“They are doing other work, and I have arranged some benefits for them. They can come back to work when you return,” Jolin said.

Life Reboot was enough for their studio to eat and drink for decades, so they did not need to worry about these next few years.

Also, with Boss around, he would not dare to urge her to return to the film industry.

“Okay, what about yourself?” Gu Weiwei asked.

She was the one who brought Jolin out of Shiyi Culture and now she was free because of childbirth, so he was going to lose his job too.

“I am helping Third Master with some newbies, so I am not that free,” Jolin said.

In their industry, too much rest would affect the resources in their hands. He could get money from helping Shiyi with his artists, so why not?

“That is good, I may need to rest for two or three years, you must find something to do,” Gu Weiwei said helplessly.

Although she loved filming, she still wanted to spend more time with the children when they were young.

After all, when they were older and went to kindergarten, they would have less time with her.

“But...” Jolin looked at her and said, “Li Xing’er is back. ”

“A comeback?” Gu Weiwei was surprised and asked in amusement, “She cleared her name?”

When she was exposed for framing her for slapping her, and Li Jiacheng and Zhou Meiqin were caught, her reputation was ruined and she could not make a comeback.

“Yes, she has a daughter and she went on a reality show with her child and gained many fans. She might not be totally happy, but it is still possible for her to make a comeback.” Jolin analyzed.

That was how the entertainment industry was like. Any scandal would be forgotten by the public after one or two years.

Although some people still mentioned what happened back then, it was inevitable that Li Xing’er would make a comeback. However, even he had not expected that she would be able to turn the situation around.

“I see, but it doesn’t affect us, let her be,” Gu Weiwei said.

She had paid the price anyway.

As for causing her trouble in the future, she would be very lucky if she succeeded.

Ji Cheng interrupted when she heard their conversation and came over with Tiantian in her arms.

“Her daughter is not as cute as our Tiantian. Weiwei, if you bring the twins onto the show, you will be much more popular than Li Xing’er and her child.”

“I don’t want the two children to be noticed by the media,” Gu Weiwei said.

She loved acting, but this was just a job and she did not want her private life to be exposed to the public.

What was more, she did not want her own children and family to become the center of attention.

Although this was inevitable for actors, she wanted to avoid exposing her private life.

"What a pity, our Tiantian is so cute and lovely." Ji Cheng sighed.

If these two cute children were to attend the reality show with her, they would be loved by the world.

Chapter 1314 - The Assassination Of Cayman Dorrans

"He is so cute, of course she should hide him away," Fu Shiyi said as he held Youyou in his arms.

Otherwise, many people would want to steal the children.

"That is true." Ji Cheng nodded and said to Gu Weiwei, "It is a pity that I did not see you getting married. The children are so big now."

Gu Weiwei smiled in silence. She felt that she was dreaming.

So much time had passed and she and Fu Hanzheng had two children.

"There is no hurry. When the arrangements are done, you will attend an even grander wedding." Fu Shiyi was worried that his sister-in-law would be sad, so he interrupted Ji Cheng.

It was a pity about the wedding last time.

But with his brother's habit of spoiling his wife, he would definitely prepare a grander wedding.

"Then we will wait for this wedding. I still want to be the bridesmaid," Ji Cheng said.

Gu Weiwei chuckled. "Of course."

Although she was here for the remarriage plan, it was not confirmed yet.

Also, she was afraid that something would happen halfway.

Due to the arrival of Jolin and Ji Cheng, the house was very lively. Even at night, Ji Cheng still refused to let go of Youyou.

"If I don't carry the little bun for a while more, I won't remember what it feels like to carry him."

"You have been hugging him for the entire afternoon!" Luo Qianqian snapped.

The moment she entered the house, she had either Youyou or Tiantian in her arms. The two children were quite heavy, but she did not find it tiring to carry them.

She was usually always so tired when she was carrying heavy stuff.

"Alright, come whenever you are on vacation." Gu Weiwei took her son from her arms.

Ji Cheng squeezed Youyou's chubby hands unwillingly. "You are not taking them abroad?"

"I won't leave again." Gu Weiwei nodded and promised.

She had stayed abroad because she was waiting to give birth. Now that she was back, she would not leave the country with the children again.

After all, it was not that convenient to bring them out.

"Then I will come here next week." Ji Cheng did not want to leave as she looked at the two chubby and cute babies.

Gu Weiwei finally saw them off in the car.

The moment she returned to the living room, Yuan Meng said with a serious face, "Weiwei, we need to talk about something important."

Gu Weiwei pursed her lips and realized that something had happened to Cayman Dorrans.

Fu Hanzheng threw a look at Fu Shiyi and the nursery teacher. "Take the children to the nursery."

The nursery teacher took away the child from Gu Weiwei's arms and brought them to the nursery with Fu Shiyi.

Then he sat down with Gu Weiwei in the living room and asked Yuan Meng, "What happened?"

"Will Dorrans, Anderson, and his men, have attacked Cayman Dorrans. He is injured and has entered the ICU," Yuan Meng said seriously.

Gu Weiwei looked serious too. "When did this happen?"

"Last night." Yuan Meng looked at her and Fu Hanzheng and continued, "But he said that whoever got rid of Will Dorrans would be able to take over the position."

"Didn't you say that he was prepared?" Gu Weiwei asked.

Yuan Meng scratched her head and said helplessly, "This old man is so mysterious. I don't know if Cayman Dorrans is really that badly injured. What if he deliberately created a false image and asked someone to deal with Will Dorrans?"

"Is there a need to use such a method to deal with Will?" Gu Weiwei said as she was about to call Yuan Shuo and ask him for the truth.

Fu Hanzheng took over her phone and tried to persuade her.

"What drives people on this path is always the benefits."

If he had ordered his men to deal with Will Dorrans, many people would have sincerely helped him.

But if he threw out such a huge bait, countless people would rush forward to finish the task for him.

Chapter 1315 - The Assassination Of Cayman Dorrans 2

Gu Weiwei looked at Fu Hanzheng in silence. "You mean..."

Fu Hanzheng took hold of her shoulders and consoled her with a gentle voice.

"Cayman Dorrans would not have been stabbed so easily but he announced such an order after being injured. He must have thought about it."

Over the years, many people had tried to kill Cayman Dorrans but failed.

This time, it seems he was so easily tricked.

Gu Weiwei stayed silent. Although it made sense, they were not there and everything was just a guess.

Although she had only met Cayman Dorrans a few times and they had never even met before she was reborn, they were concerned about each other's safety; even though they did not disturb each other.

When she heard about the assassination, she just could not stay calm.

Yuan Meng threw a look at Gu Weiwei who looked worried and tried to persuade her.

"Alright, let's just wait for the news. That old fox won't die so easily."

"But..." Gu Weiwei was still worried.

Fu Hanzheng analyzed the situation for her calmly. "At this time, if he doesn't give the order, someone from the Dorrans Family might join forces with Will Dorrans. But if he says such a thing, then in order to get the position, countless people will help him deal with Will Dorrans. He doesn't need to waste any more effort."

It was a simple and effective method.

"What if it is not what we think?" Gu Weiwei looked serious and continued asking, "What if he was really stabbed and injured?"

"Well if he were really injured, it would not have been revealed to the public, and those who would expose such news are usually those who don't care about their lives." Yuan Meng explained and revealed her years of experience.

When she was really injured, she would conceal it very well. If the injury was known by the opponent or someone with other intentions, it would be fatal for her.

Gu Weiwei asked, "That is in a normal situation but what if everything is not what we think it is, then will we not do anything?"

It was a matter of life and death, and it was better to be safe than sorry.

"But if that is the case, your appearance and your intentions will only bring danger to yourself and him." Fu Hanzheng warned calmly and patiently.

No matter what happened, his first consideration was for her and the children's safety. As for everything else, it was decided on the basis of this matter.

He believed that Cayman Dorrans had reacted like this because he was prepared. After all, he had known that these people were going to attack him. It was impossible for him to not be prepared.

He was just trying to get someone else to do the dirty work.

By using someone else's hands to get rid of Will Dorrans, it would also reduce the power of some people within the family.

He did not think that it was entirely luck that Cayman Dorrans had been able to sit in the supreme position of the Dorrans Family for so long.

Gu Weiwei was thinking about it with a sunken expression. She knew that Fu Hanzheng was right, but she just could not ignore such a thing.

"Two days. If Yuan Shuo can't give us any accurate information in two days, I need to go to Italy myself."

Logically speaking, she should not interfere with the Dorrans Family's affairs, in case she aroused the disgust of the elders of the Fu Family.

But it was a life after all, and she could not disregard the life and death of others just because of others feelings.

Chapter 1316 - Youyou And Tiantian Go Back To The Old Mansion

"Okay." Fu Hanzheng compromised.

Yuan Meng looked at the man who spoiled his wife rotten and sighed helplessly.

"If she is so worried now, will you just let her decide what to do? Shouldn't you be leading your wife?"

"No, I can only be controlled by her," Fu Hanzheng said sweetly.

"..." Yuan Meng was caught off guard because he showed off his love for Gu Weiwei again.

As she was waiting for Yuan Shuo's news, she arrived at the date Fu Hanzheng and she had agreed to let the children meet their grandparents at the old mansion.

Early in the morning, Fu Shiqin stopped working and was not in a hurry to continue work. Instead, he accompanied his brother to pick up the two children.

Unwilling to be left behind, Fu Shiyi changed his schedule and came to pick up the children too.

Gu Weiwei placed the two babies into the children's seats in Fu Hanzheng's car and said a few words to the nursery teacher, before getting out of the car unwillingly.

Then she said to Fu Hanzheng, "Are you sure you can bring them home alone?"

He was doing this so he could remarry her, and now it was the two children who were going to help her gain favor.

"There are so many people here, why are you worried about me not being able to take good care of them?" Fu Hanzheng took hold of her and chuckled. "It will only be for a few hours, you can drive over in the afternoon to pick them up."

If she did not come to take the children away, his father and the rest would not want to send back the children.

Gu Weiwei nodded with pursed lips. "Drive safely."

Fu Hanzheng took hold of her and kissed her forehead.

"We will be back soon."

Having said these words, he got into the car and drove back to the Fu Family's mansion with the two children and their Uncles.

Fu Hanzheng drove in front and Fu Shiyi and Fu Shiqin followed behind him.

Since the Fu Family's mansion knew that their grandchildren were coming home today, they had asked someone to renovate the nursery.

Also, they had been waiting for their lovely grandchildren in the garden of the Fu Family's mansion.

As they waited, they did not forget to call Fu Shiyi and confirm with him. When they found out that they were already on their way home, the elders were overjoyed.

"I wonder if they will like the new room?" Fu Shengying mumbled worriedly.

Due to the lack of time, the two children's new room was not very well prepared. He did not know if the two children could sleep well in the room they had prepared.

"Alright, why are you so anxious when you have already had three children?" Mrs. Fu lectured her husband helplessly.

In the past, when the three children were born, he had never been so concerned about them. But the next generation was different.

"Are you not also anxious?" Fu Shengying countered.

She had said that he was being too anxious, but she had prepared food for the children herself.

Although Hanzheng said that he would only be bringing the children home for a few hours, he truly wanted to keep the children here, so that he could see them every day.

Fu Shengying and Mrs. Fu were just arguing when the butler saw Fu Hanzheng's car from afar and shouted excitedly, "Madam, they are back!"

Fu Shengying and Mrs. Fu did not care about anything else and walked onto the main road with the Old Lady.

Seeing Fu Hanzheng's car approaching, they could not wait to open the door and carry the children inside when the car stopped.

The moment Fu Shengying opened the door and saw the two babies in the children's seats, he finally calmed down.

Chapter 1317 - Youyou And Tiantian Go Back To The Old Mansion 2

Without seeing the two children with their own eyes, they were afraid that Gu Weiwei would change her mind and stop them from seeing them.

Luckily, their worries were unnecessary.

The two children had come home safely. Sitting in the car, the children sized up the unfamiliar surroundings with their round eyes and felt a bit excited.

Mrs. Fu helped the children out of the car and sighed as she held her lovely granddaughter in her arms.

"What have you been eating for the past few days? It has only been a few days since we last met and this little girl has gained some weight."

"True, Youyou seems to have grown a bit too." Fu Shengying hugged the chubby boy excitedly, and his serious expression was ruined by his grandson's laughter.

Fu Shiyi and Fu Shiqin parked the car and complained as they sized up the demolished houses.

"Dad, I know you want to tear down our houses, but you don't have to tear down so much. Why don't you tear down your house too?"

"I had only planned to build a children's amusement park, but then I thought that I could build a small lawn here. The children can play on the grass when they are older." Fu Shengying looked at the ruined houses he had decided to demolish, and felt very proud when he thought of how he could soon build a fun place for his grandchildren.

"They are only half a year old, you are thinking too much." Fu Shiqin snorted.

They were his children and yet they had never received such noble treatment before.

But when he saw how his father treated his grandson, his heart sank.

They were his twins, but why was the treatment so different?

"They will grow up sooner or later. These things must all be pre-prepared. They will be able to have fun sooner or later." Fu Shengying carried Youyou into the house, unwilling to let go of him for even a moment.

Seeing the two obedient children in the arms of his parents, Fu Hanzheng sat down on the sofa calmly.

Mrs. Fu sat down on the sofa with Tiantian in her arms and fed her the milk powder made by the nurse.

But the girl had soon drunk quite a lot and couldn't drink anymore.

Mrs. Fu picked her up and burped her. She then let out a sigh of relief when she was sure that the girl was fine.

"Gu Weiwei really doesn't object to you sending the children here?"

"No, she will pick them up in two or three hours," Fu Hanzheng said calmly.

"Two or three hours?" Fu Shengying's expression sank.

They had been looking forward to it for so many days, but it was only for a few hours.

"It is already very good that we can get three hours with them." Fu Shiqin explained.

His father probably did not want to let the children leave after they had just returned.

But if they were so eager for their grandchildren to return, they should have agreed to let his brother and sister-in-law remarry.

He only wanted the grandchildren and not the mother of the grandchildren. He was dreaming!

"Yes, just for these few hours, our brother thought of all kinds of methods to get the children's mother to agree." Fu Shiyi echoed.

Fu Shengying and Mrs. Fu exchanged a look and continued to feed them food and water.

Old Lady was too old to carry the two children, so she just looked at the two lovely children with a kind smile.

She had thought that she would not be able to see these children even if she died.. However, she had not expected that she would be lucky enough to see Hanzheng's two children; two lovely and obedient children.

Chapter 1318 - Youyou And Tiantian Go Back To The Old Mansion 3

When the two children arrived, they drank the milk powder and ate some fruit paste. After playing for a while, Tiantian started to complain.

Youyou was obedient. He played with the toys in Fu Shengying's arms for a while and then fell asleep with the toys in his arms.

But Tiantian did not sleep and kept fussing.

Fu Shengying looked at her and asked Mrs. Fu, "See if the child has a fever or not, she can't get sick."

Fu Hanzheng got up and approached her. "Give her to me."

Mrs. Fu could not bear to part with her, but seeing that the child was suffering, she gave Tiantian to Fu Hanzheng.

What was strange was that the girl, who had been whining and making a fuss, became obedient in his arms and soon fell asleep.

"Sure enough, the girl is still close to her Dad," Mrs. Fu said with a smile.

Fu Hanzheng put the child to sleep, put her into the cot and let her sleep.

Then he reminded Fu Shengying who was holding Youyou.

"He is already asleep, can you put him down now?"

"I will let him sleep in my arms." Fu Shengying shook his head resolutely. It had not been easy for him to get a grandson.

He had not hugged him enough, so he could not bear to let him go.

"He won't sleep well if you keep holding him like this," Fu Hanzheng said seriously.

Fu Shengying thought for a while. Although he could not bear to let go, he still placed Youyou into the cot.

But he stayed by the bedside.

"Look at these two little ones, they are so cute when they are sleeping."

Mrs. Fu looked at the two children for a while and asked Fu Hanzheng, "Gu Weiwei still doesn't want to give up custody of the children?"

"Never," Fu Hanzheng said.

Mrs. Fu sighed and said, "Then what should we do? If she refuses to give up the custody rights, then we will not be able to get the children's custody rights."

She knew that they had already made so many detours just to persuade Shengying and the Old Lady to let him remarry Gu Weiwei.

She was very supportive of this matter.

Previously, it was because Hanzheng truly liked her, but now that she thought of how the two children needed their mother by their side, asking them to remarry was the best solution.

At this point, it was not that they had not thought about letting them remarry, but they had not formally suggested it.

Fu Hanzheng sighed. "We will see."

"It is such a big matter, we will have to take it one step at a time..." Fu Shengying was displeased. He was so passive about getting custody of the children.

"Then father, please tell us what our brother should do. The children are from someone else's family and the Fu Family did not know about them. Now that we have discovered the children, we want custody of the children. What is the difference between this and being a thief?" Fu Shiyi countered his father.

They truly liked the two little ones, but they had never suggested Fu Hanzheng remarrying Gu Weiwei.

Fu Shengying stayed silent and did not answer.

Unknowingly, the agreed time of three hours had arrived. Yuan Meng, dressed in male clothes, drove Gu Weiwei to the Fu Family's mansion, ready to pick up the two children.

Hearing that Gu Weiwei was here to pick up the children, Fu Shengying could not bear to wake them up when he saw the two children still sleeping in the cot.

So after a while, he asked someone to invite Gu Weiwei in.

Mrs. Fu asked someone to prepare the tea. "The children have just fallen asleep. Let's wait a while longer and then you can go home when they wake up."

Gu Weiwei nodded with pursed lips and sat to the side, waiting for the two children to wake up.

Chapter 1319 - Marrying Him?

The Fu Family, which had been happy because of the arrival of the two children, turned silent and embarrassed when Gu Weiwei arrived.

Fu Shengying and the Old Lady looked a bit embarrassed. Sitting next to them, one was reading the newspaper and the other was spinning prayer beads in her hands. Mrs. Fu, on the other hand, was telling Gu Weiwei and Yuan Meng about how they spent the time with the two children.

"The two children drank milk twice, and Tiantian is not picky about food. She drank as much as she was given and even ate some mashed fruit and water."

Gu Weiwei smiled helplessly. "Tiantian has a good appetite and the nutritionist said that we need to control her appetite. Eating too much is not good for her health."

"Yes, children can get sick when they eat too much," Mrs. Fu replied.

Mrs. Fu asked someone to cut some fruits and bring them over. "Eat something."

"Thanks." Gu Weiwei thanked her politely.

"You must have suffered a lot when you were pregnant with these two children, right?" Mrs. Fu asked.

Gu Weiwei shook her head. "No, everything was worth it when they were born."

Actually, compared to most pregnant women, she was very relaxed.

Fu Hanzheng took great care of her and she hardly suffered at all.

"You have not only suffered a lot, but also risked your life to give birth to them. Now they want to steal away the two children you risked your life to give birth to. Is that something a human should do?" Yuan Meng snorted as she sat next to Gu Weiwei and glanced at Fu Shengying and the others.

Fu Shengying and the Old Lady felt a bit guilty. The children she had painstakingly given birth to had grown up under her care. It was too unreasonable for them to bring them back to the Fu Family.

"We don't intend to do that. We just want to see the children more." Mrs. Fu explained with a smile.

"But you are trying to steal the children away." Yuan Meng exposed the Fu Family's thoughts.

Fu Shengying's plan was exposed, so he stayed silent.

They just wanted the children to return to the Fu Family. If they really wanted to take the children by force, they would not have discussed with Gu Weiwei so slowly and just asked someone to bring the children back.

"As long as Weiwei doesn't want to, and for as long as I'm alive, you can forget about it." Yuan Meng snorted.

Gu Weiwei glanced at her sideways and frowned, indicating that she should stop stimulating them.

They were the ones who had worked together to set up the elders of the Fu Family but now they were trying to put on a pitiful front, so that they would feel that they had wronged her and the children.

Fu Hanzheng looked serious and did not make any comments. Instead, Fu Shengying folded the newspaper and glanced at Yuan Meng who was dressed as a man.

"These children are still children of the Fu Family and it should be enough for you to not get involved and decide where they should be."

"You are an outsider, not me. Those children are already half a year old, where were you all this time?" Yuan Meng snorted and said, "From the beginning to the end, apart from your Fu Family contributing the sperm, you have done nothing else. How dare you say that they are the Fu Family's children?"

Gu Weiwei bumped into her, indicating that she should stop talking.

Fu Hanzheng had been by her side the entire time, but why did the script change when she talked about it?

"We were too careless and didn't notice the children before. The Fu Family will take care of them in the future, you don't have to worry about them," Fu Shengying said to Yuan Meng who was dressed as a man.

Hearing these words, Yuan Meng slung her arm around Gu Weiwei's shoulders.

"Weiwei and I are getting married soon, and her children will be my children. Of course I have to take care of them, and so I will."

Hearing these words, Fu Shengying's face turned pale. He turned to Gu Weiwei suddenly.

"You want to marry him?"

He had never thought that Gu Weiwei would fall for such a man.

Chapter 1320: Marrying Him? 2

Gu Weiwei felt helpless and glanced at Fu Hanzheng.

"...Yes."

Of course she knew that Yuan Meng was trying to force Fu Shengying to make a decision as soon as possible.

"You plan to make this person the stepfather of the children?" Fu Shengying asked.

He could not accept that his grandchildren would have such a terrible stepfather.

Gu Weiwei felt her forehead guiltily and cooperated with Yuan Meng.

"He treats the children well and... the children need a father when they are older."

"They have a biological father, why do they need a stepfather? We don't agree," Fu Shengying said resolutely.

Hearing these words, Yuan Meng tightened her arms around Gu Weiwei.

“The children’s father is just her ex-husband and she is my fiancée. Why do you care so much about her second marriage?”

Fu Shengying’s expression looked even worse. He was about to say something when the Old Lady interrupted him.

“Weiwei, you must be careful about getting married.”

“I am very careful,” Gu Weiwei said with a smile.

Fu Shengying and the Old Lady were speechless. They threw a look at Fu Hanzheng who had been silent, and suddenly they regretted asking them to divorce.

They had distanced Hanzheng from his family and made Youyou and Tiantian suffer.

Mrs. Fu looked at the Old Lady and shook her head, indicating that they should not continue on this topic.

The two sides were in a deadlock when Youyou woke up first. He turned around in bed and called out to his mother happily.

Gu Weiwei went to pick up her son, who lay on her shoulders, looking at the Fu Family with blinking eyes.

Seeing his grandson, Fu Shengying’s unhappiness disappeared.

Not long after Youyou woke up, Tiantian woke up too.

Gu Weiwei gave Youyou to Yuan Meng and went to hold her daughter herself. The little girl rubbed herself against her arms and gave her mother a very bright smile.

She patted her daughter’s back and said to Mrs. Fu, “The children are awake, we are leaving now.”

“It is getting late and the children should be hungry after they wake up. Let them eat before leaving.” Mrs. Fu tried to persuade her, unwilling to let them leave.

“No thanks, it is not that far away.” Gu Weiwei turned down Mrs. Fu’s offer, took the children and went into the car with Yuan Meng.

Mrs. Fu saw them off and saw her putting the children into the car. Yuan Meng went to drive the car.

“Drive safely, tell us when you are home.”

“Okay,” Gu Weiwei answered and closed the door.

The Fu Family did go back inside until their car was far away.

Old Lady threw a look at Fu Hanzheng. “She is getting remarried, what are your plans?”

“I will try my best to get the chance to see the children often,” Fu Hanzheng said calmly.

“Are you convinced?” Old Lady squinted at him.

After staying silent for a moment, Fu Hanzheng countered her.

“We are divorced and she wants to marry someone else. What is there to be unconvinced about?”

“Are you willing to let the girl you like marry someone else, or for your son and daughter to call someone else father?” Old Lady asked.

“We asked her to get a divorce when she was pregnant, what right do I have now?” Fu Hanzheng countered with a bitter look.

At that time, the Old Lady was in danger and he could not object to the divorce, so he had to do as he was told.

But if it had not been for that situation, he would not have gotten divorced.
