

MY HIDDEN 1431

Chapter 1431 Love Show 2

Fu Shiqin got up, took a look at the room and came back

When it came to showing off their love, his brother and sister-in-law would never lose.

tas a

He thought of the commercial he saw at the shopping center the day before. There was a very large bear and a rabbit featured. His sister-in-law said that it was cute.

Then the following day, he and Fu Shiyi's belongings were packed and tossed into He Chi's home.

He had come home today because of a trip, but he had not expected that his brother would drive them out just to have a room for his sister-in-law with toys and Lego building blocks.

"You drove us out just to keep those toys?" Fu Shiyi asked.

These two brothers were not as important as his sister-in-law's toys. That was so annoying.

"Is there a problem?" Fu Hanzheng's eyes darkened.

Fu Shiyi laughed dryly. "No, there's no problem, of course not, sister-in-law is the most important and so are sister-in-law's toys."

He was not going to show off his love in front of his brother.

"Sister-in-law, how old are you? Why are you still playing with these things?" Fu Shiqin asked in amusement.

"You are too old to eat sweets." Gu Weiwei countered.

The bear and the rabbit were her favorite toys, and Fu Shiyi had bought some other toys for Youyou.

Youyou could not play with it yet, so she tried her best to not let the toy go to waste. She found the toy interesting and wanted it for herself.

She had just mentioned it in front of Fu Hanzheng, yet he drove them away and created a toy room for her.

Luckily, only they knew about it. Otherwise, it would be very shameful if people knew that she was a mother and had her own toy room.

"You are not leaving after dinner?" Fu Hanzheng asked them to leave.

"Let's go, let's go now," Fu Shiqin stood up and said.

Fu Shiyi dragged his luggage to He Chi's place.

Seeing them leaving, Fu Hanzheng was very satisfied.

It was a wonderful thing that she could have a toy room too.

Hearing that the two children were awake, Gu Weiwei got up and went to check on them.

Fu Hanzheng came in and helped her with them too. They each held a child for a long time and bathed them. Then they made them milk powder and gave each of them a bottle of milk. The two children ate happily in their small beds with the milk bottle in their arms.

Standing by the bedside, Gu Weiwei glanced at the man next to her.

“Although I can’t get involved with Qianqian’s relationship, you better help me check if Gu Yun Che is a trustworthy person.”

“Okay.” Fu Hanzheng did not turn her down.

However, he would not let her know who Gu Yun Che was for the time being.

He knew that with her temper, if she knew that Gu Yun Che was such a person, she would definitely stop Luo Qianqian from being with Gu Yun Che.

By that time, they would lose the crucial method of monitoring Gu Yun Che.

“Also, the bear and the rabbit take up too much space,” Gu Weiwei said helplessly.

When they were watching the commercials on TV, the two cute things looked good in the mall, but when two two-meter-tall toys were stuffed into the room, they took up too much space.

Fu Hanzheng said, “You don’t like it?”

“I like it, but it takes up a lot of space,” Gu Weiwei said.

The two toys were taller than her, so she felt quite comfortable with them.

“What about getting them a bigger room?” Fu Hanzheng suggested. “Forget it.” Gu Weiwei complained.

If she said anything more, she was afraid that this President of hers would set up another villa next door... with only a bear and a rabbit inside.

Chapter 1432 Fun Phone

Compared to the warmth and sweetness of Gu Weiwei’s home, Luo Qianqian was totally distracted when she did not receive any reply from Gu Yun Che throughout the entire day. Even at night, she could not fall asleep.

The phone number was pressed in again and again, but she did not make a call.

It was two in the morning and she had been suffering from insomnia for almost three hours.

She stared at the number on the phone, sighed and was about to put it down to sleep.

But her hand slipped and she accidentally made the call.

Unexpectedly, the phone was not switched off, nor was it not in the service area. Instead, it was on.

After a few rings, the call went through.

A familiar voice arose. "It is you, Qianqian?"

Shocked, Luo Qianqian could not speak properly. "Yes... it is me."

"I received your message," Gu Yun Che said.

"Then... why didn't you use WeChat? Why didn't you use my friend ID? Also... you didn't reply to me," Luo Qianqian anxiously asked a series of questions.

Gu Yun Che stayed silent for a long while and his answer would surprise everyone. "I don't know how to use this thing, so I don't know how to reply."

"You really have never used a phone before?" Luo Qianqian could not believe that anyone in modern society would not have a phone.

She had thought that it was just an excuse for him to not have used any technology, but it seemed that it was true.

"Yes, I have never used one and there is no one I need to contact," Gu Yun Che said calmly. Luo Qianqian thought for a while and said, "How about... I teach you?"

Gu Yun Che hesitated for a moment and said, "Okay."

Luo Qianqian was overjoyed. She told him how to reply and how to log into the new Weibo account she gave to him.

After all, the old WeChat was hers, and it was not very convenient for him to use it. She gave him the newly created WeChat ID, SO that she was his only friend.

Although he had never come into contact with any technology products before, Gu Yun Che finally learnt how to reply to messages under Luo Qianqian's guidance.

Also, he logged into a new WeChat account and went through how to confirm a friend verification.

Then they ended the call and started to contact each other on WeChat.

(You have finally learnt.)

Gu Yun Che replied: (This thing is very interesting, no wonder so many people hold it.) Luo Qianqian: [It is very convenient to have a phone now. Apart from us talking, there are many other functions that can help you search for food, guide you and let you know about the news all over the globe.]

Gu Yun Che: (I will learn it slowly.)

Luo Qianqian sent a cheering emoji. For some reason, she felt that the dangerous man who killed so many criminals was a bit cute.

[Are you still in Nice?]

Gu Yun Che: [I am leaving, I am busy.]

Luo Qianqian: (Where will you go?)

Gu Yun Che did not reply immediately but replied after some hesitation. [It is better if you don't know.]

Luo Qianqian was instantly disappointed.

Sure enough, he still thought that her appearance was troublesome.

[Sorry, I asked something I shouldn't have.]

Gu Yun Che: [It is okay, the phone you gave me is very interesting.]

Luo Qianqian: [It is fun, right?]

Although she had no idea where she got the courage to give him the phone, she was very glad that she had done it.

Otherwise, they might have been separated forever.

Chapter 1433 What Is This?

Luo Qianqian did not know if she was tired or relaxed because she had finally contacted Gu Yun Che. After saying goodbye to Gu Yun Che on WeChat in the morning, she slept until the afternoon.

Maybe they will meet again.

This brief online connection calmed her uneasy heart.

However, Fu Hanzheng received Lei Meng's report the following day that they had contacted one another.

"Luo Qianqian and Gu Yun Che have contacted each other."

"Oh?" Fu Hanzheng was not too surprised. He sat down and asked, "What did they say?"

"This is the chat history on WeChat. Due to the lack of preparation, the conversation between them was not recorded." Lei Meng confessed.

Fu Hanzheng took over the file and leafed through the chat history, looking very pleased.

Although Gu Yun Che looked cold to Luo Qianqian, he seemed to treat her differently for some reason.

Although he had never met Gu Yun Che in person, he could tell from Yuan Shuo's conversation that he was not a very approachable person.

Unexpectedly, Luo Qianqian ended up being tied to him.

"Should we monitor their conversation?" Lei Meng asked.

Since Luo Qianqian was Madam's friend, he asked for his opinion carefully.

Fu Hanzheng hesitated for a moment. "Wait for my news tomorrow."

It was immoral to ask someone to monitor Luo Qianqian and Gu Yun Che's conversation.

But in order not to threaten Weiwei's life, he had to do this.

"Yes, Boss." Lei Meng did not ask anything more.

When Lei Meng left, Fu Hanzheng sighed as he put down the pile of work.

How should he explain to Weiwei about Gu Yun Che and Luo Qianqian? He was indeed in a difficult position.

If this woman was not the friend she valued, he would not have hesitated to monitor everything

But because she was her friend, he was a bit hesitant.

No matter how well he hid this matter, she would one day discover it. And if she knew what he had done, she would definitely be sad and angry.

Therefore, after much consideration, he did not return to villa seven after finishing the work that day but instead went to the Luo Family in the opposite direction.

But instead of actually visiting the Luo Family, he asked Xu Qian to make a call.

Xu Qian had no idea what his boss was up to. Instead of going home after work, he went to his wife's friend's home.

vo

He made a call and Luo Qianqian answered after a long while.

"Miss. Luo, I am President Fu's assistant Xu Qian."

"I know, what is it, Mr. Xu?" Luo Qianqian asked.

She knew about Fu Hanzheng's special assistant and she had met him before, but she had never contacted him in this way. They had never even talked with each other.

"Miss. Luo, can we meet now?" Xu Qian got straight to the point.

"Meet?" Luo Qianqian was startled.

Was she that close to him?

Xu Qian looked at the serious-looking boss. "It's about something important."

"Alright, where are you? I will come over now." Although she had doubts, she did not turn him down because he was someone Fu Hanzheng trusted.

"Outside your home," Xu Qian said.

Chapter 1434 What Is This? 2

Since there was someone at home, Luo Qianqian did not invite him inside to meet her, instead she got changed and left in a hurry.

Sure enough, she saw Fu Hanzheng's car nearby.

But when she approached the car and the window rolled down, she found that it was not only Xu Qian inside, but also Fu Hanzheng himself.

"Mr. Fu?"

“Do you know anywhere that we can talk?” Fu Hanzheng got straight to the point.

Startled for a few seconds, Luo Qianqian said, “I rented a studio nearby, we can go there if you don’t mind.”

“Sure,” Fu Hanzheng said.

Xu Qian got out of the car, opened the door of the passenger’s seat and asked for the address of Luo Qianqian’s studio.

Luo Qianqian told him the address and glanced at the man behind her discreetly. She just could not figure out what President Fu was here for.

Although she had met President Fu often when she visited Weiwei, she had never met him when Weiwei was not around.

Therefore, the atmosphere was extremely awkward.

Luckily, her studio was not far away and they soon arrived.

She opened the door and led them in.

“Because I have been working a lot these days, I was disturbing my father’s work at his studio, so I rented one myself.”

Fu Hanzheng looked sideways and said, “Xu Qian, wait outside.”

Startled, Luo Qianqian guided Fu Hanzheng into the room and poured him a glass of water.

“Mr. Fu, what is it?”

She just could not figure out why he wanted to see her alone.

Fu Hanzheng found a place to sit down and threw a look at Luo Qianqian who was sitting opposite him.

“You contacted Gu Yun Che last night?”

“...” Luo Qianqian blinked in astonishment. She did contact Gu Yun Che.

But how did he know?

“The Fu Family’s information department has been monitoring your network.” Fu Hanzheng confessed.

Luo Qianqian turned pale. She could not think of what he was up to. “Monitoring? Why?”

“Because I need to know some information about Gu Yun Che and... his movements.” Fu Hanzheng did not conceal his purpose.

Honestly speaking, Luo Qianqian was a bit angry that her privacy was being watched.

But she did not dare to be angry in front of President Fu.

“Why do you need his information?” Luo Qianqian asked nervously.

Was he the Fu Family’s enemy?

She suddenly thought of how Gu Yun Che mentioned Weiwei's name the last time they met in the cafe.

"Because his existence will threaten Weiwei's life." Fu Hanzheng confessed.

Luo Qianqian turned pale and looked at the man in disbelief. She just could not understand what was going on.

"How will he threaten Weiwei's life?" Luo Qianqian was confused.

Fu Hanzheng did not continue until she calmed down a little.

"You must know how dangerous he is after the first time that you met him." Luo Qianqian turned pale and did not utter a word.

"He is not only dangerous, but also mysterious. The Fu Family's intel can't find any traces of him," Fu Hanzheng looked at her and said.

Luo Qianqian forced a smile. "So your men monitored my contact with him."

"Yes, this is the only opportunity to find out anything about him." Fu Hanzheng did not hide it.

"So you arranged for Sister Yuan Meng to stay and meet him on the same day as me?" Luo Qianqian asked.

Yuan Meng had said goodbye to her that day but within three hours, she was back. She found it strange but did not ask anything more.

"Yes." Fu Hanzheng did not deny it.

Chapter 1435 Special

"Yes." Fu Hanzheng admitted straightforwardly.

Luo Qianqian was confused and her face turned pale. Her voice trembled. "Who on earth is he? Why is he threatening Weiwei?"

"I don't know where he is from, but I know that he can control Weiwei's life and death. He has no family or friends and he barely interacts with anyone. You are the only one," Fu Hanzheng said. Luo Qianqian pinched her fingers anxiously and said seriously, "Then why did Mr. Fu tell me all of this?"

Fu Hanzheng stayed silent for a while. Dusk had fallen upon the studio and the light was dim, making it impossible to tell what he was thinking

"Although the Fu Family can monitor everything you contact without anyone noticing and obtain the information we need, you are Weiwei's friend and I respect her and her friends."

He could not tell Weiwei about this yet, but after much consideration, he met Luo Qianqian and told her what the Fu Family had done.

Maybe she could be of more use.

After all, Gu Yun Che was special to her.

Luo Qianqian sneered bitterly. She was not happy at all when she thought that every word she said to Gu Yun Che was being monitored.

“What do you want me to do?”

She was not stupid. He must have a purpose for saying so much. He wanted Yuan Meng to help her meet Gu Yun Che previously too.

Fu Hanzheng thought for a moment and said, “Continue to contact him. If you have any clues about Weiwei and the Gu Family, please let me know.”

The more Luo Qianqian heard, the more confused she became. She could not believe that Gu Yun Che and Weiwei were related. Also why was he related to the Gu Family?

Many people in Hua Land knew that the Fu Family and the Gu Family were like fire and water.

“I don’t want him to help the Gu Family,” Fu Hanzheng said.

Gu Siting was nothing to be afraid of.

What truly worried him was Gu Yun Che who could control Weiwei’s life and death.

“Mr. Fu, I can’t do anything about it,” Luo Qianqian said.

She had only met Gu Yun Che once, called him once and contacted him on WeChat once. She could not control such a thing.

At this moment, she understood what he meant when he said that she would cause him trouble.

“You don’t know what to do but as long as you keep in touch with him, he will reveal something because you are special to him,” Fu Hanzheng said.

He did not know how important Luo Qianqian was to Gu Yun Che but she was the only person he was willing to approach after so long.

“Special? I don’t think I am anything special.” Luo Qianqian laughed at herself.

In Gu Yun Che’s eyes, she was just a stranger.

“You are the only person he has contacted,” Fu Hanzheng said.

He was a person who lived in modern society but he did not have any family or friends, nor did he use any technology or gadgets. But because of her, he had made an exception. Luo Qianqian pursed her lips and felt very happy.

What he said yesterday was true. He had no family or friends, and she was the only one who was close to him.

“If... he really threatens Weiwei’s life, what will Mr. Fu do?”

“Deal with it in my own way.” Fu Hanzheng looked lethal, but then he said, “But I hope that with your help, this can be avoided.”

“Me?” Luo Qianqian was confused.

“Since he is special to you, then maybe you can stop him from becoming the helper of the Gu Family and threatening Weiwei’s safety,” Fu Hanzheng said.

If Luo Qianqian became the person Gu Yun Che regarded highly, he might be able to stop him from interfering in the fight between the Fu Family and the Gu Family through her.

At the very least, Luo Qianqian was in his hands in Hua Land.

However, the premise for this to work was that Gu Yun Che regarded Luo Qianqian highly.

Chapter 1436 Love Again

Luo Qianqian looked down at her phone. “Mr. Fu, you think too highly of me.”

She did not have the ability to contact Gu Yun Che more than occasionally like this. She was already satisfied.

She had no right to ask about him.

Fu Hanzheng looked at Luo Qianqian and asked word by word, “So, do you want to see the Fu Family fighting with him or Weiwei dying in his hands?”

“I...” Luo Qianqian felt her heart aching. How could she have hoped that such a thing would happen?

“None of us want this to happen, but you can help us avoid it,” Fu Hanzheng said.

Although he could ask his men to monitor her contact with Gu Yun Che, no one knew when the key information they needed would appear.

He told Luo Qianqian about it because he respected Weiwei’s friend.

Secondly, it was because he had told her clearly about this matter that she would definitely ask Gu Yun Che about Weiwei in the future.

Then he would reveal what he wanted to know.

“How?” Luo Qianqian asked.

If possible, she did not want Gu Yun Che to become the enemy of the Fu Family or threaten Weiwei’s life.

“Get close to him and become the person he values the most,” Fu Hanzheng said.

He was afraid of Gu Yun Che because his background was mysterious and he had no weaknesses.

But when a person had someone they cared about, they would have a weakness.

Gu Siting’s weakness was the Gu Family and his weakness was Weiwei and the two children.

Therefore, he wanted Gu Yun Che to have a weakness, so that he would not be so difficult to deal with.

“I am not that important,” Luo Qianqian said.

She had promised him that she would not cause him any trouble.

Fu Hanzheng checked the incoming call, stood up and was about to leave.

"I have said everything I can. I don't want his appearance to threaten Weiwei and the two children's safety and... I don't think you want the Fu Family to be at odds with him either. You can think about it carefully."

Seeing him leaving, Luo Qianqian asked, "Mr. Fu, will your men still monitor my contact with him?"

Fu Hanzheng turned around and threw a look at her. "We will try not to, but if you have any news about Weiwei and the Gu Family, you must let me know immediately."

"I don't know if I can do it, but I will try my best," Luo Qianqian replied.

She did not know if she could become the person Gu Yun Che valued the most but if he wanted to hurt Weiwei in the future, she would still protect her at all costs.

"Thanks." Fu Hanzheng thanked her and thought of something after a few steps. "Also, I hope that no one else knows about our conversation today, including Weiwei and Ji Cheng." Ji Cheng was quick with words and she knew that she would spill the truth if she was not careful.

And if Weiwei knew about it, she would definitely blame him for letting Luo Qianqian approach such a dangerous person.

"...Okay." Luo Qianqian agreed.

Fu Hanzheng left the studio and did not answer the call until he got into the car. It was from Gu Weiwei.

"Still working?"

"I'm finished now and on my way home," Fu Hanzheng said with a gentle voice.

When he returned home, Fu Shiyi was already sitting at the table in the dining room. The moment he saw him entering the house, he started to eat.

"Why is Second Brother not here?"

He was going to show off his love again.

Chapter 1437 Love Again 2

"He is at a work banquet in my place." Fu Hanzheng took over his daughter who was asking for a hug.

"Oh."

Fu Shiyi was eating with his chopsticks in one hand and typing on Moments with the other.

A few minutes later, he posted a post on Moments, which made the single men groan.

Fu Shiqin, who was attending the banquet, received a text from He Chi.

(Why haven't you killed Third Brother yet?!]

Fu Shiqin clicked on Moments with a frown and saw Fu Shiyi showing off his love.

Also, he sent three messages in a row. One was a screenshot of his conversation with Ding Dongdong and the caption read: My baby is so cute.

The second was that he was making a dish and the caption read: Baby says that a man who can cook is charming, and I am practicing my charm.

The third was a picture of Ding Dongdong with the caption: Darling, why are you not back yet? "...!" Fu Shiqin felt nauseous after eating the food.

He was only just in a relationship but he kept showing off as if he had been single for eight lifetimes.

ev

After He Chi, several friends in the industry left messages begging him to kill Fu Shiyi and get rid of this evil for the sake of the public.

He gritted his teeth and replied: (It is just a girlfriend, what is there to show off about?)

Soon, Fu Shiyi replied: (If you had one, you'd show off too!)

"Damn it!"

Fu Shiqin got so annoyed that he wanted to smash his phone. But when he thought that it was his own phone, he stopped himself from smashing it.

After he returned from abroad and confirmed his relationship with Ding Dongdong, he kept showing off his love in front of He Chi and him.

What was most infuriating was that not only did they show off their love, but they also kept saying that he and He Chi were single, and would spend the rest of their lives alone.

Also, in the afternoon, He Chi said that in order to learn how to make a dish of Squirrel Mandarin Fish, which was Ding Dongdong's favorite dish, he bought more than ten fish and raised them in the bathtub for knife practice. The kitchen was a disastrous mess and smelled terribly of fish.

So when He Chi saw the picture of him showing off his affection, he got very annoyed.

They were just in the middle of the banquet when two girls were brought in. They were introduced as a young model from the modeling agency and a minor star from the industry.

"What are you waiting for? A toast to Second Master!" one man shouted.

Fu Shiqin raised his hand and turned him down. "No, you drink with them, I'm fine."

In this industry, it was not strange for an agent to bring some newly debuted models and artists to drink with them. Most men would fall for it, but he and his brother did not like it.

The man smiled awkwardly and waved at the model not to go over.

It was common knowledge that Master Fu and Second Master Fu did not get involved with women at drinking games, and if they forced a woman to their side, they would be displeased.

The female star who was brought here by the agent looked at Fu Shiqin in surprise, it was as if she had not expected that a man like him would be so clean.

Fu Shiqin sat for a while and answered a call when the phone rang.

It was Fu Shiyi who called and asked with a smile, "Second Brother, when are you coming home? I will make you fish."

"Let He Chi eat it." Fu Shiqin snorted.

"He has already vomited. I think my cooking skills have improved a bit, come home and try it," Fu Shiyi said confidently.

"Damn you, you are trying to poison me!" Fu Shiqin snorted. Fu Shiyi said shamelessly, "It is so much better now, come home and try it out. I can make it for Dongdong after learning from your experience with it."

"Why don't you ask our brother and sister-in-law to give it a try?" Fu Shiqin suggested.

"Fine, I will eat it myself." Fu Shiyi rang off fiercely.

Although he was confident that the food was very tasty, he did not dare to give it to his brother and sister-in-law, fearing that he would be beaten to death.

Chapter 1438 Flirting?

After arguing with Fu Shiyi over the phone, Fu Shiqin rang off.

He was about to return to the banquet when he heard a man and a woman arguing in the lounge.

"Ling Jiao, any one of those tables will have tons of resources waiting for you, as long as you keep them company. Who are you trying to save yourself for?"

"I am an artist, not a clown." "You have already offended President Wang. If you don't know what is good for you and change your attitude, you will not be able to work in this industry any more." "I think I have told you many times not to ask me to attend such occasions. You said that it was the director's audition, but you are here to drink with him. "I am doing this for your own good. This is the room card. If you don't go now, you better quit your job."

Fu Shiqin threw a curious look at the closed door and suddenly realized what Ling Jiao meant.

No wonder she looked so familiar at the banquet, she turned out to be an actress that Fu Shiyi had tried to poach and had asked him to investigate her.

Ling Jiao was good-looking and skilled, and she had starred in two popular TV-series.

But because she had offended a director of the company, she had not had any work for years.

But maybe it was because she looked pretty that her agent asked her to drink with people.

The agent left the room card with Ling Jiao and left.

Fu Shiqin glanced at the door and saw Ling Jiao tossing the room card into the dustbin.

With his arms crossed and leaning against the door, he sized her up and said, "Miss. Ling, you are offending people."

Hearing his words, Ling Jiao turned around and laughed at him. "She is not the first person I have offended."

There were very few people in the entertainment industry who were innocent.

Ling Jiao had been in the industry for years and yet she was still so fierce. No wonder she had no resources these past few years.

"What else can I do? I might as well quit the entertainment industry and set up a stall." Ling Jiao grabbed her bag and was about to leave.

Fu Shiqin thought for a while and said, "I am leaving too, if you don't mind, I can give you a lift."

"Second Master Fu, are you trying to flirt with me?" Ling Jiao asked straightforwardly.

Fu Shiqin smiled mysteriously. "No, no, to be precise, I have a win-win proposal to talk with you about."

Ling Jiao thought for a few seconds. "Okay, let's talk."

Fu Shiqin said goodbye to the others at the banquet and went to fetch the car with his coat.

Ling Jiao got into the car, left the club and asked calmly, "What proposal do you want to talk about?"

"You will be my girlfriend," Fu Shiqin said.

Hearing his words, Ling Jiao said to him coldly, "Stop by the side, we are not talking business."

Fu Shiqin found a safe place to stop, but he did not let her out and left the door locked.

"Don't be agitated, I just need a girlfriend for everyone to see. And I am sure that you, with me as your nominal boyfriend, and the Fu Family's influence, will no longer have to suffer through your agent asking you to drink and laugh with those producers. Also, you will have tons of film and TV resources delivered to you."

Hearing his words, Ling Jiao stared at him for a few seconds. "You need a girlfriend?"

"Yes, I need a girlfriend for people to see, and I just need you to cooperate with me," Fu Shiqin said.

"What do you want me to do?" Ling Jiao asked.

"Don't worry, it is not something done in bed," Fu Shiqin said.

"What do you want me to do?" Ling Jiao was getting impatient.

Fu Shiqin smiled deeply. "You must show off your love towards me and beat Fu Shiyi with our romance!"

Ling Jiao's lips twitched.

Chapter 1439 Childish

There was a rumor about the Third Master of the Fu Family and a model being in a relationship, and after hearing what Second Master said, it seemed that the rumor was true.

But because his brother had found a girlfriend and was showing off their love, he, who had no girlfriend, had to ask her to help him beat his brother in showing off his love too. What was going on? Also, she must steal the limelight from his brother and his girlfriend. Was being in a relationship a competition? "Second Master Fu, did you come to me just to show off to Third Master?"

"Of course, it would be even better if we can exceed my brother, but we need to plan and practice in these upcoming days." Fu Shiqin nodded thoughtfully.

After all, he had found this girlfriend on the spot. If he wanted her to show off their love perfectly, he had to plan how they would do that and practise it well.

Ling Jiao felt her forehead. Was the Second Master of the Fu Family so childish?

"Second Master Fu, I am sorry, I really can't do this business with you."

"Why? Do you need compensation?" Fu Shiqin asked.

Originally, it was good for them to pretend to be a couple and take what they needed from each other.

But she turned him down. But if he was looking for someone, this was the only reliable method.

Firstly, he had helped Fu Shiyi to check her background, so he knew everything about her.

Secondly, this woman did not like businessmen who smelled of money, so she was not very clingy.

Thirdly, she did not lose to Ding Dongdong in terms of appearance and temperament, which meant she could win this competition of who showed the most affection. "Second Master Fu, it is so childish of you to do this business for such a reason," Ling Jiao said disdainfully.

"How am I childish? Do you know how badly I have been mistreated by my brother, sister-in-law and Fu Shiyi these past few days? I am in so much pain that I wish I were dead... I just want to win one round, it is not a loss for you." Fu Shiqin was very sharp-tongued and tried to persuade her.

"Your brother? Your sister-in-law?" Ling Jiao frowned. Fu Hanzheng was married?

"My brother and sister-in-law used to be the only ones showing off their love to me, and I can accept it, but why is Fu Shiyi showing off his love to me too? I am not convinced!" Fu Shiqin snorted.

Every time he complained about Fu Shiyi, he would counter him by showing off!

But now he was sure that he would not be able to show off without a girlfriend.

As smart as he was, if he wanted to show that he could beat him in love, he couldn't do it without a girlfriend!

"Well, that sounds very sad." Ling Jiao laughed dryly.

"If you don't agree to the deal with me, are you going back to work with your stupid agent? You won't even be able to take on a few movies." Fu Shiqin reminded her kindly.

Ling Yan frowned. "Let me think about it."

Although she was quite stupid to be involved in such a childish matter.

But the identity of being Second Brother's girlfriend could indeed solve all the problems she was facing.

Because she had offended President Wang, she had been put into cold storage by the company and had not received any work for years.

Also, her agent always tricked her into going to all kinds of parties and banquets, as if she were trying to sell her off.

If she did not agree to the deal with Second Master Fu, she would either continue with this life or quit the entertainment industry.

"Okay, take your time, but give me the answer tomorrow," Fu Shiqin said and started the car to drive her home.

However, when Ling Jiao was getting out of the car, she agreed.

"Second Master Fu, I'll agree to do this deal with you."

"Okay, we will talk about it tomorrow and start the day after tomorrow. Also, you must show off your love in front of Fu Shiyi, who is so shameless." Fu Shiqin could not wait to start when he thought that he could finally show off his superiority in love again.

Chapter 1440 Second Brother

Ling Jiao laughed dryly as she got out of the car. Seeing the sports car leaving, she thought to herself, "The twin brothers of the Fu Family are both weirdos."

Although it was a stupid thing to do, the identity of Fu Shiyi's girlfriend could save her a lot of trouble in this industry.

Because she had offended President Wang, she had not been able to take on a role for three years and she had to be lured by her agent to all kinds of drinking and promotional events.

More importantly, she had not had any income for years and now she could not afford her own rent.

It was just a play anyways, and it was not a loss for her. Also, there were many benefits, so it would be a waste if she did not do it.

Fu Shiqin had reached an agreement with the partner he would be showing off his love with, so he went home happily and hummed a song.

Since he had work to discuss with his brother, he went to villa seven first.

Fu Shiyi could tell that something was up with him immediately. "Second Brother, you are so happy today!"

"Of course it's because a good thing has happened." Fu Shiqin smiled mysteriously.

"Damn, you are a lonely single man, nothing good can happen to you!" Fu Shiyi snorted.

Fu Shiqin gritted his teeth. "I won't tell you if you don't want to know."

He could laugh at him for being single and force him to witness him showing off his love every single day. But when he finished practising with his partner, could this brother of his still show off?

"Want some fish later? I can make it for you, it will be well done," Fu Shiyi asked with a smile.

He Chi had run away and refused to help him with the tasting, but he did not have the guts to let his brother and sister-in-law taste it, so he had to turn to Fu Shiqin to be his lab rat.

"No way." Fu Shiqin turned him down. He had raised so many fish in the bathtub and the house was filled with the smell of fish. It was already a good thing that he and He Chi did not kill Fu Shiyi, but now he was trying to get him to be a lab rat?

"I made it this afternoon, and it is much better than yesterday's." Fu Shiyi defended himself.

Fu Shiqin smiled. "Then why don't you bring it to our brother?"

"..." Fu Shiyi was speechless.

"If you two are so free, put the safety gates in the entrance of the kitchen and the staircase," Gu Weiwei said with Tiantian in her arms.

"Safety gate? What is that?" Fu Shiqin asked.

Gu Weiwei was too lazy to explain anything but still said, "Youyou is rather good at crawling today, and in a few days, he will probably be able to climb all over the house. The kitchen and the staircase will be blocked with safety gates, in case they don't notice that they have crawled to a dangerous place."

"He knows how to crawl?" Fu Shiqin could not believe it and complained. "Fu Shiyi was so stupid that he took almost nine months to

crawl."

"Damn you, you only learned three days before me, what is there to be proud of?" Fu Shiyi snorted.

Fu Shiqin did not want to listen to him, so he hugged his nephew excitedly.

"Youyou, you are so amazing! You are only eight months old and yet you have already started to crawl about. Your future is limitless!"

"It is normal to have strong genes," Fu Shiyi said as he went to find the tool box.

Although they had just been arguing with each other, for the sake of their nephew and niece, Fu Shiyi and Fu Shiqin soon cooperated and put the safety gates in properly.

But Fu Shiyi complained when he heard Fu Shiqin humming.

"Are you suffering from a toothache? You have been humming ever since you entered the house and it sounds so terrible."

"I am too happy to hold it in." Fu Shiqin ignored him and continued to hum.

He was very happy when he thought that he would soon be able to take revenge and show off his love to Fu Shiyi.
