

MY HIDDEN 1521

Chapter 1521: Chicken drumsticks

At villa seven.

It was breakfast time for Gu Weiwei's family when Fu Shiyi and Fu Shiqin came over with He Chi.

"Second Brother, how is it going with dealing with those who bullied our Tiantian?" Fu Shiyi asked.

"They must be drinking tea with the procuratorate," Fu Shiqin said with a smile.

What they intended to do was to ask them to leave the capital, so that they would stay away from them.

Damn, but not only did they refuse to leave, but they also accused them of bullying others.

Alright, he was going to show them what bullying looked like.

"Seriously? Two children tripped over one another and Tiantian is not even injured, but you are going to make their family bankrupt?" He Chi looked at the two people in front of him in disbelief and mumbled, "I heard that you asked them to leave the capital yesterday and now you are sending them to the procuratorate?"

"What do you mean she is not injured? It is the first time for our Tiantian and Youyou to run into such a thing. It is such a small psychological shadow that can end in a large trauma," Fu Shiyi said seriously.

He Chi snorted. "What shadow can a seven-month-old baby have? Can you even remember anything from seven months ago?"

"Brother He, we had no intention of doing anything to them. We just wanted them to leave the capital and never show up in front of us again." Fu Shiqin adjusted his hairstyle and tie in front of the mirror.

"But they refused to leave and said that we are bullying them."

"Since they say that we are bullying people, we must do something practical." Fu Shiyi added.

They were always on the same page when it came to protecting their nephew and niece.

"You are so petty to do such a thing just for this." He Chi decided to stay away from Fu Shiyi and Fu Shiqin.

Hearing the words, Fu Shiqin said innocently, "What do you mean by petty? He Xu's company is not a fair competitor and he not only bribes but also avoids taxes. As a law-abiding citizen, I just made an anonymous report.

I didn't ask him to do the bribery, right? I didn't ask him to do the tax evasion, right? All I did was expose what he had done. The rest is just law-enforcement affairs, none of my business."

....

He Chi's lips twitched. He did not do anything, but he did add fuel to the fire.

If this matter was found out, the company would definitely face a huge fine and they might even be detained for a period of time. Then they would lose everything.

Hearing Fu Shiqin's words, Fu Shiyi said instantly, "Well said, Second Brother, have a round of applause and some chicken drumsticks."

"That old woman cares about her son and grandson the most. I can't bully a three-year-old child, but I can bully her son!" Fu Shiqin snorted proudly.

If her grandson was bullying their baby Tiantian, then he was bullying her baby son! She was definitely going to feel the pain.

"True." Fu Shiyi nodded.

Fu Shiqin was about to say something when he heard a noise from the master bedroom. He turned around and saw his brother coming out with Youyou in his arms.

"Honestly, that is a very harmonious picture."

He Chi looked at Fu Hanzheng and spoke highly of his son who looked very much like him.

"Of course they look good together." Fu Shiqin snorted.

His cold and serious brother was holding a mini version of himself, and every time he saw this scene, he found it very cute.

Chapter 1522: Fun?

Fu Hanzheng ignored their words, put his son into the chair and gave him a toy.

Then he sat down and asked, "How is it going on with the He Family?"

"He Xu has to face a huge fine for the bid of Heng Yang 2, and he has to pay tax too. It is a huge loss." Fu Shiqin reported his achievements proudly.

If the He Family did not irritate them, then it would be none of their business if they continued to get rich.

If he was lucky, this matter would not have been found out for the rest of his life, but if he was unlucky, someone else might have found out about it one day.

But it would be very disappointing if they did not bully them after they had escalated the incident so much.

"As long as he doesn't cause any more trouble, this lesson will do," Fu Hanzheng said calmly.

What they were worried about was the Gu Family, so they did not have time to waste on this matter.

"It is a very expensive lesson," He Chi said.

This lesson for the He Family cost too much.

He was glad that he was not the Fu Family's enemy.

“That is not my fault. They were the ones who used improper methods to compete with us, and now they are just paying the price.” Fu Shiqin did not feel sorry for the He Family at all.

At that time, the He Family had no idea that sister-in-law and the two children were from the Fu Family. They had been so aggressive and he had seen everything through the CCTV.

When he thought of how the two children cried and how helpless his sister-in-law looked, he felt that the punishment was too light.

Fu Hanzheng looked up at Fu Shiqin. “Let’s not pursue it further.”

Gu Weiwei carried her youngest daughter out of the room, placed the child into the chair next to Youyou and gave her a small cookie.

The girl took hold of the cookie and stopped making a fuss.

“How is the news report of the He Family?”

“It is okay, the situation has changed now,” Fu Shiqin said.

“No one is curious about how the Fu Family bullies others, but about who our brother has married and who he has had children with.” Fu Shiyi added.

Gu Weiwei chuckled. “There’s nothing for them to be curious about.”

The public was always so gossipy.

“Well, someone once said online that my brother is like the flower on the top of the snow-capped mountain that can only be seen from afar but not touched. So many people are curious about who picked my brother,” Fu Shiqin said.

“Just looking from a distance and not touching?” Gu Weiwei raised her eyebrows. It seemed that he did have a cold temper.

Fu Hanzheng squinted at her. “Only you can do whatever you want.”

Fu Shiqin and the others got so choked by his affectionate statement that it took them a long time before they came back to themselves.

“Brother, don’t spout loving words so early in the morning.”

“Your son and daughter are still here, what are you talking about?”

....

Gu Weiwei had not thought that it was a very dirty thing to say, but after being teased by them, she felt that it was a bit dirty and her face started to flush.

Fu Shiyi asked with a meaningful smile, “Sister-in-law, is my brother fun to be with?”

Gu Weiwei glared back at him. “How much longer are you going to stay here?”

He Chi’s was just three minutes away, but he still came here every day for food.

"I am here to see Youyou, and I need to discuss work with my brother on the way to work," Fu Shiqin said in a dignified tone.

But the full truth was that the food here was delicious and he could also hold the cute little boy.

Chapter 1523: Cozying Up to Mrs. Fu

Fu Shiyi also tried to find an excuse. "Sister-in-law, if we weren't here to take care of the children, you and our brother would not have had so much alone time together."

Gu Weiwei pursed her lips. It was true that when they came to take care of the children after work, she and Fu Hanzheng still had time to take a walk and chat.

So she stopped complaining about them coming over for free food.

"Oh yes, our mother said that people are asking about our sister-in-law," Fu Shiqin said.

When the news was published, everyone knew that the Fu Family had twin grandsons.

He had just announced to the public that he was in a relationship, and Fu Shiqin and Ling Jiao were rumored to be in a passionate relationship, so the suspect must not be them, but his brother who had a secretive private life.

"Ha, they just want to suck up to our brother, so they can obtain benefits. But first, they want to suck up to our sister-in-law, so she can talk with him and pave the way." Fu Shiyi complained as he was eating.

His brother would normally turn down any private invitations, apart from those necessary occasions, but he would always make Fu Shiqin take his place.

These people were never able to please either of them, but when they heard that their brother was married, they would definitely try their best to flatter Mrs. Fu.

Gu Weiwei thought for a while. "What about the morning education school?"

"We have removed the CCTV and everyone who has met you has been told not to utter a word," Fu Hanzheng said calmly.

Gu Weiwei nodded. He was always considerate and she did not need to worry about anything.

"Also, our mother asked me to ask you if they are still allowed to visit the children, in case you are angry at them about what happened at the school," Fu Shiqin asked on behalf of Mrs. Fu meant.

Fu Hanzheng glanced at Gu Weiwei and said, "It is up to you, there's no need to accommodate them."

"It's fine, it is not their fault," Gu Weiwei said generously.

Although Fu Shengying still did not like her, his heart ached for his grandchildren.

After what happened the day before, both him and the others felt sorry for her.

Seeing that she did not object, Fu Hanzheng acquiesced. Fu Shiqin texted Mrs. Fu her answer.

Therefore, less than one hour after breakfast, Fu Shengying, Mrs. Fu and Old Lady arrived.

The two little ones, who were already able to crawl, came to the entryway when they heard someone at the door.

The moment Mrs. Fu and the other two entered the room, they saw the twins crawling towards them, looking very cute.

“Wow, Grandpa and Grandma are so welcome here.”

Fu Shengying put down his stuff and went to pick up his grandson.

“Tiantian, is Grandpa happy to see you?”

Mrs. Fu went to carry Youyou, who was sitting on the mat, and asked Gu Weiwei concernedly, “Nothing strange has happened after the child came home, right?”

“Tiantian was a bit startled, and she did not sleep well last night. She will be fine after some time.” Gu Weiwei confessed.

Fu Shengying, who was holding Tiantian in his arms, felt his heart aching.

“It is Grandpa’s fault, our Tiantian has been wronged, Grandpa apologizes to you.”

Mrs. Fu glanced at her husband who was behaving like a slave in front of their granddaughter and felt helpless.

“The difference between my granddaughter and I is way too big, you are so quick to apologize to her, yet you can stay angry at me for half a month without apologizing.”

Fu Shengying ignored her and went to open the stuff he had brought with him.

“Let’s go and see what Grandpa has got for you.”

Chapter 1524: Fu Hanzheng Spoiled Mrs. Fu

The Fu Family did not delve deeper into the He Family issue, and the Wei Family hired the best lawyer for He Xu.

In the end, He Xu’s company paid a huge fine because of the unfair competition and tax avoidance.

After this lifetime, the He Family did not want to stay in the capital any more.

After Mrs. Wei picked her up, she arranged for her family to leave the capital.

“I have a property in the south, you can stay there for the time being. As for work, I have asked Ziting to arrange it for you.”

“Aunt...” He Xu was very grateful to Mrs. Wei.

His mother did not know much about the ways of the world in the capital, and if it had not been for his aunt, he would not have been able to get out so easily.

“It’s good that the Fu Family did not delve deeper, otherwise we would not have been able to save you.” Mrs. Wei sighed.

If the Fu Family insisted on picking on him, she would not be able to get him out no matter what she did. She would just have to let him suffer.

Mrs. He pursed her lips guiltily and did not dare to interject.

Mrs. Wei turned to Mrs. He and tried to persuade her.

"I think that you have learnt your lesson well. If you don't behave yourself in the future, you will only bring harm to yourself and others."

Mrs. He was silent, wondering if she had heard what she had said correctly.

Seeing Mrs. He and her family entering the security check, Mrs. Wei hurried downstairs to the car.

In the car sat Wei Ziting and Li Xing'er, who was holding the child. When Mrs. Wei went into the car, she asked indifferently, "Are they all gone?"

"Let's go," Mrs. Wei said.

"It's good that the Fu Family did not pursue the matter any more, otherwise he might not be able to get out and the Wei Family would be affected too," Wei Ziting said as he was driving.

"Alright, let's forget about it now."

Mrs. Wei leaned against the chair tiredly. She had not had a good sleep for days because of the He Family.

"Mom, have you found out who that Mrs. Fu is?" Li Xing'er asked.

Mrs. Wei sized up Li Xing'er curiously. "What do you mean?"

Before Li Xing'er said anything, Wei Ziting said, "Doesn't Mrs. Fu have two children? Xing'er happens to be a mother too. If they can get to know each other, they will get along well."

Fu Hanzheng was not an easy man to please, so many people were trying to find out who this Mrs. Fu was. They thought that if they failed to please Fu Hanzheng, they could try to please his wife first.

Mrs. Wei thought for a while and did not object to the idea.

"Mrs. Zhou and the Fu Family always keep in touch with each other. It is said that no one has ever heard of Fu Hanzheng getting married or met Mrs. Fu."

"No one?" Li Xing'er was confused and mumbled, "She's so mysterious?"

"Not many people have met Mrs. Fu, but someone mentioned that Fu Hanzheng dotes on her a great deal," Mrs. Wei mumbled thoughtfully.

Wei Ziting said, "Mom, please ask around and find out who she is."

Fu Hanzheng spoiled his wife, so they had to approach her and establish a good relationship.

That dumb-headed He Family had ruined such a great opportunity for them, otherwise they would have got to know Mrs. Fu when the children spent time together at the school.

That would have been of great help to the He Family and the Wei Family, but his brainless aunt ended up offending her instead.

Fu's Enterprise had several excellent projects on hand, but none of them were available to Far East Enterprise.

If Li Xing'er could establish a good relationship with Mrs. Fu, they might stand a chance.

Chapter 1525: Just a Marriage Certificate

Mrs. Wei thought for a while and nodded deeply.

"If we can get some information, we can think of a way for Xing'er to get to know her. They are both mothers and so they should have many common topics to talk about."

"Yes, I think the children are just a couple of months apart," Li Xing'er said with a smile.

As long as she could get close to the Fu Family, she would benefit both the Wei Family and herself.

Mrs. Wei suddenly thought of something and said, "Oh well, Mu Weiwei is close to the Third Master of the Fu Family, maybe she knows about it."

"Mom, I... I am not in contact with her," Li Xing'er said.

When her mother and father were in jail, she did not have any contact with her after Mu Weiwei learnt about what they had done.

Mu Weiwei had not made any movies in the past two years, so she did not know anything about her current situation either.

"Now Third Master and Ding Dongdong are in a public relationship, she has nothing to do with him anymore." Wei Ziting snorted.

He had never had a good impression of this ex-fiancée.

Hearing these words, Li Xing'er smiled gloatingly.

"True, Third Master is in a public relationship with someone else, and she should step aside. Third Master never acknowledged their relationship before either..."

No wonder she had not done anything in the past two years. Third Master must have found someone else and abandoned her.

She had been forced to quit the entertainment zone because of Fu Shiyi.

Without Fu Shiyi backing her, she was nothing.

She herself had been vilified by the entire internet back then, but fortunately, she had managed to get hold of Wei Ziting. Now Wei Ziting was in charge of Far East Enterprise and her career was rising.

"Anyway, let's not talk about her. Let's find out who Mrs. Fu is first." Mrs. Wei knew that they had a grudge against Mu Weiwei, so she did not want to talk about it any more.

Although she was not very satisfied with this daughter-in-law, she had been behaving herself these past two years and she had given birth to such a lovely child.

As they were talking about how to find Mrs. Fu, Gu Weiwei heard something from Mrs. Fu when she was at villa seven.

“The Wei Family have asked several people about you, it is as if they really want to meet you.”

“Is that so?” Gu Weiwei asked with a smile.

The Wei Family wanted to meet Mrs. Fu, not her.

But if she turned out to be Mrs. Fu, their expressions would be very interesting too.

“But they are all people with ulterior motives, there’s no need for you to meet them.” Mrs. Fu said.

Those people wanted to meet her only because they wanted to please Hanzheng.

“Okay,” Gu Weiwei answered with a small smile.

Mrs. Fu asked Gu Weiwei when Fu Shengying was outside with his grandchildren, “What is your plan with Hanzheng regarding the remarriage?”

Gu Weiwei smiled helplessly. “Uncle doesn’t approve of it, so let’s wait until he agrees.”

“What does he disapprove of? He is closer to you and Tiantian than to me, but he doesn’t allow you to remarry. I...” Mrs. Fu got very annoyed at the mention of this matter.

It had been so long, and no matter what she said, that stubborn man refused to show her the divorce certificate.

“It is just a marriage certificate, nothing more,” Gu Weiwei said calmly.

“That is true, but a marriage certificate is still very important.” Mrs. Fu glanced at Fu Shengying who was playing with his grandchildren in the garden and said, “I will try my best to persuade Hanzheng’s father and the Old Lady, and you must be careful too.”

Gu Weiwei pursed her lips and said nothing.

Fu Hanzheng had been too busy dealing with the Gu Family to think of a way to persuade his father to let them remarry.

But she could not mention that in front of Mrs. Fu. After all, the Gu Family was forbidden.

Chapter 1526: Just a Marriage Certificate 2

Seeing her remaining silent, Mrs. Fu said with a gentle voice, “Don’t take the child’s grandfather’s attitude to heart. There is nothing for you two to break up over anyways. He will approve of it sooner or later.”

She had seen how much her son loved her, and she knew that he could not have any other girl in his heart. As a mother, she naturally hoped that her son could be happy.

The Old Lady was getting on in years and she had become open-minded about grandchildren. She just wanted to have more great grandchildren.

Fu Shengying, on the other hand, was very stubborn. Weiwei had been adopted by the Gu Family and she was Cayman Dorrans' daughter, so he had a grudge against her. Even if he adored his grandchildren, he still did not want them to remarry.

"Okay." Gu Weiwei nodded with a smile.

"There are many things going on at the company these days, what about moving with the children into the old mansion with us, so we can take care of them," Mrs. Fu asked tentatively.

Although she often saw Youyou and Tiantian here, she only came here every few days. She wanted to come here every day, but she was afraid that she would be too much of a busybody, and that Hanzheng and Weiwei would not like it.

If they all moved to the old mansion, they would be able to see the two little ones every day.

Gu Weiwei shook her head with a smile. "It is okay, I can take care of them with the help of the nursery teacher. You can visit them whenever you want though."

Mrs. Fu had asked Fu Shiqin to ask them about this matter, but Fu Hanzheng had turned her down and did not allow her to do so either.

Since there were elders at home, Weiwei would not be as free as she was here.

Secondly, they had not remarried, so they were not in a position to ask her to move back with the children.

Actually, no matter what, they did not want to live in the old mansion without any status, so they had objected to Mrs. Fu's suggestion. They would not allow her to agree to it even if they mentioned it again.

Mrs. Fu was a bit disappointed, but she did not force her.

"Then call us anytime if you can't take care of them."

"Okay." Gu Weiwei agreed with a smile.

Seeing that the food was ready, Mrs. Fu washed her hands and said, "I will bring them inside for food."

Gu Weiwei waited until they carried the children back inside over to the dining chairs, so Mrs. Fu could feed the child, whilst she packed up the clothes and toys that needed to be washed and disinfected.

Old Lady asked, "What happened to the matter I asked you to ask about?"

"You don't need to think to know that she would never agree to that. No one would want to move in with children without a status," Mrs. Fu said as she glared at Fu Shengying who was feeding his granddaughter.

The Old Lady also threw a disdainful look at Fu Shengying.

"Or you can move out!"

“Mom, she is her, and children are children, why do you always mix them up?” Fu Shengying said with a low voice.

“If she does not live with the children, are you going to tell the children that they have no mother when they grow up?” Old Lady pressed.

Fu Shengying threw a look at Old Lady and Fu Shengying. “I have my reasons to object, but it is your problem if you don’t want to hear about it.”

He was not displeased with her, but he was worried that her past with the Gu Family and the Dorrans Family would bring trouble to the Fu Family.

But his grandchildren were way too cute and pleasant, so he was not that confident in objecting to seeing them because of Weiwei.

“You sound as if your son would not be with her just because you object.” Mrs. Fu squinted at him.

Obviously, his objection would not work, so what was the point of objecting?

If he was so capable, he should not have come to see the two children.

Chapter 1527: A Kiss

The three elders of the Fu Family stayed for the whole day and did not leave until Fu Hanzheng and his brothers returned at night.

The servants had just gotten dinner ready when Fu Hanzheng and the others returned.

The moment Fu Shiyi and Fu Shiqin entered the room, they took the two little ones and made them babble and giggle, the twins sounded very cute.

Seeing them watching the two children, Gu Weiwei went back to the room and started to prepare the pajamas and towels for the children.

Fu Hanzheng followed her, took hold of her waist from behind and kissed her on the cheek.

“Mom and the others were here today?”

“Yes, they just left and she asked me if I would move the children to the old mansion,” Gu Weiwei said as she adjusted the children’s pajamas.

“Ignore them, they just want to see the children,” Fu Hanzheng said.

They wanted her to move the children to the old mansion, so that they could see the two children every day, but that would be very inconvenient for them.

“I did not agree,” Gu Weiwei said with a gentle smile.

Fu Hanzheng brushed away the hair on the side of her face and said with a gentle voice, “Unless we remarry and have a proper wedding, we will never be able to bring the children home.”

If he had not been worried that the Gu Family would do something to her and the children, he would have arranged for them to leave the capital and leave them alone.

They could see their grandsons and granddaughters every now and then, but if she left the capital they wouldn't be able to see them.

But at the moment, he had to take care of the Gu Family and figure out what Gu Siting was up to this time, so he did not dare to let her and the children stay too far away from him, in case something happened to them.

Gu Weiwei chuckled. "By that time, the children would have given up on the wedding even happening."

"It is a once-in-a-lifetime thing." Fu Hanzheng insisted.

"Have you forgotten that you are already divorced? It is just a second marriage." Gu Weiwei smiled.

Fu Hanzheng chuckled, took hold of the girl in his arms and whispered, "Your first marriage, your second marriage and the rest of your life are mine."

Gu Weiwei smiled sweetly. "Mr. Fu, you are getting better at flirting these days."

Fu Hanzheng chuckled, released his grip and turned around with his wife, who had just finished packing.

"There are still a few minutes before dinner."

"What do you want?" Gu Weiwei asked with a smile.

Fu Hanzheng took hold of her waist and had his head against her forehead.

"We can have a kiss."

Gu Weiwei smiled as she looked up and kissed the man's smiling lips. Then she opened her lips and breathed deeply.

They were just kissing when the door was opened from the outside.

"Brother, well..."

Fu Shiyi pushed open the door and saw his brother and sister-in-law kissing passionately, his brother had one hand over Gu Weiwei's waist and the other cupping her face.

After being dumbfounded for three seconds, he slammed the door.

"Continue."

His strange reaction attracted Fu Shiqin and He Chi in the living room as well as Qin Man who had just arrived.

Fu Hanzheng and Gu Weiwei were not in the mood to continue when they were disturbed.

Fu Hanzheng kissed her lips. "We can continue later."

"I don't want to continue with you." Gu Weiwei punched him, totally humiliated.

Fu Hanzheng opened the door and walked out without changing his expression. He glanced at the crowd outside.

"What are you doing?"

“Third Brother is so stupid, we will punish him for you!” Fu Shiqin said to Fu Shiyi.

He Chi and Qin Man also lectured Fu Shiyi as if they were really here to lecture him.

Chapter 1528: No Fight

Fu Hanzheng came to the dining room and asked the servant to get the food ready.

When the food was on the table, Gu Weiwei walked out of the room as if nothing had happened. She was a bit surprised to see Qin Man.

“Sister Qin Man, what are you doing here?”

“I was driven out of my home and have nowhere else to go, so I came to get some food,” Qin Man said as she found a seat at the table and sat down.

Gu Weiwei asked amusedly, “What happened that you were driven out of home?”

Fu Shiqin was just eating the braised chicken feet when he interrupted.

“She hit her brother’s girlfriend, Meng Ruya.”

“...” Gu Weiwei was speechless.

She had heard from Fu Shiqin that Meng Ruya was with Qin Man’s second brother, Qin Lang, and Qin Man had objected to the idea. But now, they were even fighting against each other.

Qin Man took a mouthful of food and said, “That woman is so pretentious! I have found out that she once went on dates with several rich men. At that time, she was not only seducing my second brother but also Fu Hanzheng!

“I revealed all the evidence and that woman told my second brother tearfully that she was in the Public Relations Department of the Fu Family and had no choice but to have some contact with those rich men. It was not until she met my second brother that she found the person she truly loved.”

....

Fu Shiqin glanced at his own brother. “She is really spreading the net wide.”

Even if she could not become the daughter-in-law of the Fu Family, there was still the Qin Family to choose from. She was definitely going to be with someone from a good background.

“Who would believe her if she is so blind?” Fu Shiyi complained.

“My second brother believed it, so did my mother. She cried pitifully and my brother blamed me for hurting her.” Qin Man snorted.

She was doing this out of kindness, but the whole family thought that she was doing this on purpose.

Fu Shiqin pursed. “No wonder you did that.”

“I was driven out because I was in the right.” Qin Man snorted.

Fu Shiyi analyzed for her after hearing the words.

“That is not right. If you hit her, your second brother and your family will trust her more. If you are too intimidating, people will think that you are bullying her.”

Now she herself was at the losing end.

Qin Man squinted at him. “I can’t stand it any more. I can’t stand her pretending to be weak. I feel like hitting her.”

“You have to learn from my sister-in-law when it comes to face slapping.” Fu Shiyi threw a look at Gu Weiwei and said, “If you don’t have to do anything about it, you won’t. But if you do, you will be put into a disadvantageous position in the public opinion. It is much better to expose the other party’s real nature than to show the evidence you have found.”

His sister-in-law had never lost to anyone in the entertainment zone.

Gu Weiwei squinted at him. “That wasn’t my doing, it was someone else’s.”

“Yes, yes, they asked for it!” Fu Shiyi nodded and added. His brother was sitting next to her, of course he would not dare to say anything!

“What else can I do when I have already hit her?” Qin Man was chewing the food in her mouth furiously.

Fu Shiqin wiped off the grease on his hands and said sincerely, “Fu Shiyi is right, you can’t fight back directly, you need to have a strategy.”

“I have been driven out of home and you are still making sarcastic remarks?” Qin Man glared at Fu Shiyi and Fu Shiqin.

Fu Shiyi and Fu Shiqin exchanged a look and shut up.

Fu Hanzheng did not interject at all. After they finished the food, he put down the chopsticks and said, “Eat the food and leave. We don’t accept homeless people here.”

Chapter 1529: No Fight 2

“Why would I come to you if I had somewhere to go?” Qin Man had not expected that after knowing each other for so many years, the other party would be so unsympathetic.

“It is your business if you have somewhere to go or not.” Fu Hanzheng sounded cold, showing no sympathy towards her.

Qin Man knew that it was useless to talk with him, so she turned to Gu Weiwei.

“I am homeless now, please take me in.”

Before Gu Weiwei could say anything, Fu Hanzheng turned her down seriously.

“There’s no room.”

“Don’t they live here?” Qin Man pointed at Fu Shiyi and Fu Shiqin.

Fu Shiqin put down the drumstick and said, “I was kicked out and they made my room into a toy room for my sister-in-law.”

Fu Shiyi added. "My room has become the toy warehouse for my nephews and nieces."

Qin Man frowned and said straightforwardly, "I will live wherever you live."

He Chi turned her down directly when he heard that.

"You can't do that, it is not proper for a man and a woman to live together."

"I don't regard you as men," Qin Man said straightforwardly.

Fu Shiyi smiled sinisterly. "But we don't want to lose our innocence. I have a girlfriend and she will get jealous."

Fu Shiqin also brought out his 'girlfriend'. "True, my girlfriend will be displeased too."

Hearing that he had no shield, He Chi said straightforwardly, "I sleepwalk and grind my teeth. It's scary."

Qin Man gritted her teeth. "Alright, you are all so kind."

Fu Shiqin thought for a while and brought out hundreds of yuan from his wallet.

"Look, I only have this much cash, you can stay at the hotel."

Qin Man did not accept it but said, "What are these hundreds of yuan for? You own several hotels, call one of them now and I will stay there."

"That is not a good idea." Fu Shiqin laughed dryly.

"How about I staying with you? I can sleep on the sofa too," Qin Man said with a smile.

Fu Shiqin grabbed the phone and made a call to the responsible contact of the hotel and even got her the best suite.

"Yes, you can go there anytime now."

Qin Man said with a smile, "Thanks."

They finished the meal leisurely.

"Are you planning to spend the rest of your life in the hotel after you hit Meng Ruya?" Fu Shiqin asked kindly.

Although he had been set up by her when he was little, so he still had lingering fears towards her, among all the families that had dealings with the Fu Family, she was the only one who had a deeper relationship with them.

"Of course not, if I don't go home now, that b*tch will enter my home." Qin Man snorted.

Seeing her sneering, Fu Shiyi tried to persuade her.

"Are you going to punch her again? Don't force your second brother to break off his friendship with you."

Qin Man got into the car and rolled down the window.

“I underestimated her this time, next time, I will teach her a lesson.”

Having said these words, she drove away from the villa area.

Fu Shiyi said worriedly, “Qin Man is indeed very capable at work, but she is not as capable as Meng Ruya when it comes to judging men and elders. If she continues to be stubborn, she will suffer a great deal.”

After all, her three brothers had been so pampering to her that they had almost forced his brother to marry her.

“She won’t. After all, those foreign politicians are more difficult to deal with than Meng Ruya.” Fu Shiqin was not worried at all.

The reason why Qin Man suffered this time was because she used the wrong method and also because she had underestimated how much her family liked Meng Ruya.

She had learnt from her mistakes and she would not be so stubborn.

Chapter 1530: Grandchildren

The moment Qin Man left, Fu Shiyi and Fu Shiqin returned to their own place.

Gu Weiwei and Fu Hanzheng also went to wash the two children and got changed. It took them a long while before they managed to make them fall asleep.

Fu Hanzheng went back to the room to take a shower whilst she put away the stuff in the room. She had just returned to the master bedroom when she received a call from the old mansion.

Mrs. Fu said, “Weiwei, some relatives and friends of the Fu Family will be here the day after tomorrow, can you bring Youyou and Tiantian here?”

Gu Weiwei thought for a while and said, “I will drive Youyou and Tiantian there, and I won’t stay.”

She was not a woman of status, and if she brought the children there, Mrs. Fu would not be able to introduce her to anyone as Mrs. Fu because if she did that would make Fu Shengying displeased.

But if she did not mention that she was Mrs. Fu, the relatives and friends would start to gossip about whether the two children were children of a mistress or not. That would be a joke.

So she could just send the two leading roles there, and then she could also arrange a meeting with Luo Qianqian and Ji Cheng.

Mrs. Fu understood her concern, so she did not force her.

“Okay, if you are not worried, then leave the children here for one night and have a good date with Hanzheng. If you are, come and pick the child up later at night.”

“I can pick them up later, it is not that easy to care for them at night,” Gu Weiwei said with a gentle voice.

Mrs. Fu felt a bit regretful, but she did not object.

“Alright then, it is a deal.”

Gu Weiwei said goodbye to her and rang off.

Fu Hanzheng came out of the shower and asked as he was drying his hair, "Who was it?"

"Mrs. Fu called and said that some relatives and friends of the Fu Family are going there the day after tomorrow and she wanted me to drop off Youyou and Tiantian." Gu Weiwei confessed.

Fu Hanzheng sized her up. "You agreed?"

They had been looking forward to having a grandson and a granddaughter all these years, and now they had to show them off in front of their relatives and friends.

After all, only they had been jealous of others before.

"I will drive Youyou and Tiantian there early in the morning. It happens to be the weekend, so Ji Cheng and Qianqian can meet up. I will meet you at the company later, and we can go out for dinner and pick up the children together later." Gu Weiwei told him the plan and asked for his opinion.

Hearing that she was going to meet Ji Cheng first, Fu Hanzheng pretended to be displeased.

"You are going to meet them, not stay with me at the company?"

Gu Weiwei chuckled. "We meet every day and we are together every day. Do you need me to keep you company at work?"

Fu Hanzheng tossed down the towel that was used to dry his hair, and his slightly unkempt hair made him look less cold and serious than usual, but more like a laid-back man.

"But even when I see you every day, I still miss you every minute."

Gu Weiwei chuckled and explained. "I haven't seen them for a long time, and I am worried about Qianqian and Gu Yunche, so I want to meet them."

Although Fu Hanzheng found it a pity, yet he did not deprive her of meeting her friends.

"I have a banquet to attend later, come with me and we can pick up the children afterwards."

Gu Weiwei thought for a while and asked, "Is it proper to bring me there?"

Fu Hanzheng pinched her chin. "Who else is more suitable than you?"

"Should I dress formally?" Gu Weiwei asked.

"No need, you can do whatever you want. It is just a gathering of friends," Fu Hanzheng said.
