

MY HIDDEN 1581

Chapter 1581: Not Your Man

With her fork in her mouth, Luo Qianqian asked in astonishment, "You have not eaten it before?"

"It tastes a bit like the one you gave me last time," Gu Yun Che said.

He was used to being alone. He never celebrated birthdays with anyone else, so of course he would not eat anything like this.

Luo Qianqian looked at the man opposite her and asked seriously, "When is your birthday?"

"I forgot," Gu Yun Che said casually.

"No one forgets their own birthday." Luo Qianqian looked at the man opposite her and said, "You celebrated my birthday for me today and I should do the same for you."

"No thanks, it is not my birthday." Gu Yun Che turned her down and said, "Eat your food and your medicine."

"But I can do it for you," Luo Qianqian said unwillingly.

Gu Yun Che looked up at the girl who refused to give up. "Qianqian, I am not your man."

Facing her love, he knew clearly that he could not give her the happiness she desired.

Thinking about it now, he should not have accepted her phone and kept in touch with her.

"That is not for you to decide," Luo Qianqian said with determination.

Since she had confessed everything to him today, she did not need to conceal anything any more.

Startled, Gu Yun Che got up, grabbed the medicine and put a cup of water on the table.

"Take the medicine."

Luo Qianqian swallowed the medicine and took a bite of the cake, trying to press down the taste of the medicine.

Then she put away the remaining cake, put it into the fridge and decided to finish it tomorrow.

Sitting on the sofa, Gu Yun Che took out the topical medicines prescribed by the hospital, unwrapped them one by one and said, "Come and apply the medicine."

Luo Qianqian thought that he was going to apply the medicine for her himself, so she ran to him and sat down.

However, Gu Yun Che said, "Do it yourself."

Luo Qianqian pursed her lips, raised her injured hand and said, "My hand is injured, look it's shaking, I can't keep it up."

“Stop pretending,” Gu Yun Che said.

Luo Qianqian reached out for the cotton swab and shook her hand, dropping the swab.

“Look, I really can’t hold it properly.”

Gu Yun Che stared at her for a few seconds and finally compromised. He took the antiseptic solution and disinfected the wounds one by one before applying the ointment.

The wounds on her hand were treated, as well as the wounds on her feet and the wound on her forehead.

Luo Qianqian felt the man’s breath upon her head and her face started to heat up. She gasped when the medicine touched her wound.

“Just hold on for a second.”

Gu Yun Che’s voice was gentle and warm.

Luo Qianqian smiled; it was her worst birthday and the best one ever.

Gu Yun Che adjusted the dressing on her head and asked, “Where else?”

Luo Qianqian pursed her lips and said after a long pause, “And... on my back.”

Gu Yun Che looked away embarrassedly. “Do it yourself.”

“I can’t see it, and my hands can’t reach,” Luo Qianqian said.

Gu Yun Che sighed deeply, turned her around and said, “Where is it?”

Sitting with her back facing him, Luo Qianqian unbuttoned her clothes carefully and removed the clothes, revealing the wound on her back.

“Here.”

Gu Yun Che looked at her and saw the glaring contusion on the girl’s back.

Then there was the pink and blue strap of the bra on her slender shoulders. He was tall and strong, so that even though he was sitting behind her, he could still see the fullness of her bra.

It was the first time for Luo Qianqian to be so naked in front of this man, and she was already blushing red.

Chapter 1582: Women of India

But Gu Yun Che was not doing any better than she was.

He barely had contact with strangers, let alone with a girl.

Because Luo Qianqian was in pain, she shrank her shoulders.

She suddenly thought of how Yuan Meng kept urging her to throw herself at him or try to seduce him so he’d throw himself at her, and her face turned even hotter.

She had never thought about doing that before she met him.

But at this moment, such a thought did pop up in her mind.

“There are so many wounds, will there be any scars?”

“It’s not too deep, so no,” Gu Yun Che said.

The girl’s young and smooth skin should not scar.

After a long while, he finally treated the wound on her back and let out a sigh of relief.

“Done.”

Luo Qianqian got dressed and glanced at the man who was packing away the supplies.

“Oh yes, how is the Indian girl?”

“She is married,” Gu Yun Che said calmly.

Luo Qianqian thought for a while and said, “Can we take her away tomorrow?”

Gu Yun Che looked at her seriously. “No, we are in India, not Hua Land.”

“She is only 15 years old, how can she get married? Her whole life is now ruined,” Luo Qianqian said furiously.

Those Indian men were all monsters! How could her family treat her in this way?

A 15-year-old girl was just a child, but they were marrying her to a 30-year-old man.

“There are many people like this in India, and many teenage girls get married and have children. It is a male-dominated society here, and women always take note that their destiny will be dominated by men like goods,” Gu Yun said calmly.

Girls like her were everywhere in India.

Some girls were sold to others, and some were exchanged with others. Fate was never up to them.

“If it had not been for me, she might have been able to escape today. I have caused her trouble.”

Luo Qianqian felt very guilty. If she had not run into her, the girl would have run away.

Gu Yun Che packed up the medicine, sat down on the sofa and said, “Even if she escaped today, her future will not be any better.”

“That might be so, but at least she doesn’t have to marry the fiancé she doesn’t want to marry,” Luo Qianqian said.

Gu Yun Che raised his cup and said calmly, “In India, even if she ran away from the marriage, she would not have a job, food or a place to live. She might even become the target of other men. She would either starve to death or be r*ped by more men. There are so many news stories about sexual assault in this country, don’t you know?”

Few women in India had the opportunity of working, especially those who were single.

Luo Qianqian's heart skipped a beat. She had read the news online and heard that women in India were of low status.

But when she was here and witnessed everything, she realized how difficult life was for women in this country.

"Then I can bring her to Hua Land."

"How are you going to bring her back without a passport or visa? Even if she is smuggled back, how are you going to solve her identity problem?" Gu Yun asked calmly.

She almost got herself killed because of her bravery and now she was thinking about saving that Indian girl.

Chapter 1583: Living Together?

??

"I..." Luo Qianqian was stuck for words.

All she wanted to do was to rescue the girl, but even if she managed to get her out of the village, there was no guarantee that she would be safe in India.

If she was brought to Hua Land, she would not be able to figure out the issue of visa and nationality.

"Maybe you think that she is miserable to have married that man, but compared to her running away from home and facing the fate of having run away from her marriage, this is already very good," Gu Yun Che said.

But Luo Qianqian was not convinced. She looked up at him and asked, "Is there nothing you can do?"

"I am not that kind-hearted," Gu Yun Che said coldly.

Luo Qianqian pursed her lips. Even if she could not bring her back to Hua Land, she had to think of a way to make that girl's life better.

"Now you are worried about someone else? Who gave you the courage to come to Bangalore alone?" Gu Yun Che stared at her with a serious expression. "If I had not noticed you today, do you know what would have happened to you?"

Luo Qianqian looked at him carefully. "I just wanted to see you."

Gu Yun Che looked away. Hearing what she said, he could not say anything more to her.

"When are you going home?"

If she continued to stay here, something would spiral out of control.

"Back home?" Luo Qianqian shook her head and said, "At least not until my wounds are healed. My parents are very fierce. They will beat me if they know what happened here."

Actually, the real reason was that she did not want to leave just like that.

She wanted to spend one more day with him, even just one more minute.

Gu Yun Che looked at her with a frown, wondering if she was telling the truth.

"I did not tell my family that I am here to see you. They think that I am on a business trip. How am I supposed to explain myself?" Luo Qianqian pretended to be pitiful.

Did he hate it when women pretended to be weak and pitiful in front of him?

Why did she shoot herself so hard in the foot?

"One week at most."

Gu Yun Che realized that she was here for him and he had some responsibility for this too, so he compromised.

Luo Qianqian smiled brightly and nodded.

"Okay."

"It is late, go take a rest in the master bedroom, I will sleep in the guest room," Gu Yun Che said.

Luo Qianqian nodded, returned to her own room and found a hair dryer to dry the angel doll.

Then she brought the doll to bed and mumbled to herself, "You will keep us safe, right? One day, he will fall for me too."

....

At this moment her phone rang, so she dug it out from her dirty clothes.

It turned out to be Yuan Meng.

"How is it going with you and Old Antique?"

Luo Qianqian locked the door and whispered in bed, "Something happened. He saved me again and celebrated my birthday with me."

"Saved you again?" Yuan Meng mumbled and said, "What happened to you?"

"Nothing, it is all in the past." Luo Qianqian did not tell her what happened to her today.

Instead of asking anything more, Yuan Meng smiled sinisterly.

"Old fogey saved your life again, what are you waiting for? Give yourself to him!"

Luo Qianqian pursed her lips and showed a very sweet smile.

"We are living together now."

"Wow, you are living together now?" Yuan Meng laughed exaggeratedly over the phone and then said with a sneer, "You people always say that you don't want to sleep with the man, but you always do."

Chapter 1584: Living Together 2

??

Luo Qianqian felt her forehead and explained patiently.

“You are thinking too much. We are sleeping in different rooms but in the same house.”

Yuan Meng sighed again. She was so anxious that she almost wanted to kick her into the antique’s bed.

“What are you waiting for? It is such a great opportunity for you to seduce him and sleep with him!”

“Sister Yuan Meng, you better hang up yourself if you’re gonna keep talking about this,” Luo Qianqian said.

Yuan Meng sighed. “Don’t regret it if you don’t do anything now.”

“I won’t.”

Having said these words, Luo Qianqian ended the call, charged her phone and went to bed.

But when she thought of what happened today, she tossed and turned in bed, unable to fall asleep.

Then she held the angel doll and talked to herself, “I have confessed, why is he not reacting at all? Should I ask him what he is thinking?”

....

She had confessed emotionally in the car.

She had been worried that he would turn her down, but he said nothing, which made her even more anxious.

She just could not tell if he liked her or not.

But there was another person who was suffering from the same insomnia as she was: Gu Yun Che.

After he calmed himself down, he realized that he was too close to this girl from Hua Land.

The scene of the girl sitting in the car and confessing her feelings in tears kept appearing in his mind, making his heart skip a beat.

If he had not been here today, and if he had been late, he could not imagine what would have happened to her.

Last time, she snuck away to Saint Malo and this time, she snuck away to Bangalore just to see him.

He knew very well that he was not the person who could bring her happiness. She should have a man who could stay by her side and take care of her, not someone like him.

But if they really cut off all contact...

He knew clearly what she was looking forward to and he was not able to give her what she wanted, yet he was not willing to let her go. He was way too mean.

Actually, he only needed to throw away the phone, so she could never find him again.

But he just could not cut all ties with her.

As the night deepened, he felt so awake that he could not fall asleep.

But Luo Qianqian next door gradually fell asleep after a short period of insomnia.

But the moment she relaxed and fell asleep, the nightmare of the day kept repeating itself.

She dreamt that she was caught and brought to the same village, where she was confronted by a group of Indian men who were up to no good. She was trying her best to run away from that horrible village.

But no matter how she tried to run away or ask for help, no one came to her rescue.

She had no idea that she was dreaming. She was shaking in bed and the hair on her forehead and cheeks were wet with sweat.

In the dream, when her clothes were torn, she suddenly woke up and looked around in fright, making sure that she was dreaming.

But looking at the empty and quiet room, she still felt very uneasy.

The slight noise outside the window made her quake.

She bit her lips, carried the blanket off the bed and went into the living room. She stood outside Gu Yun Che's room for a long time.

After some hesitation, she was about to knock on the door with one hand holding the blanket and the other raised.

But before she could knock, the door was opened from the inside.

Seeing the young woman standing outside the door, Gu Yun Che asked calmly, "What happened?"

Chapter 1585: Not Alone

??

Seeing him, Luo Qianqian felt wronged.

"I... had a nightmare. I do not dare to sleep alone."

The experience during the day made the dream at night even more vivid. Every time she closed her eyes, the scene would repeat itself.

Seeing her sweaty hair and pale face, Gu Yun Che believed what she said.

He had heard her pacing back and forth outside the door for almost ten minutes.

"Go back to your room."

"I don't want to sleep any more." Luo Qianqian felt scared when she thought of being alone in the room.

Gu Yun Che held her shoulder and said, "I will keep you company."

"..."

Startled, Luo Qianqian wondered if this man meant... sleeping with her?

For some reason, she felt a bit excited.

Of course Gu Yun Che had no idea of what she was thinking. He accompanied her back to the room and saw her lying down in the bed. Then he grabbed a chair and sat down by the bedside.

“Sleep now.”

Luo Qianqian looked at the man and said with a muffled voice, “The bed is very spacious, and you... you can sleep in it too.”

Gu Yun Che frowned and said in a critical tone, “Don’t say anything more about inviting a man to share the same bed.”

“I’ve only said it to you and only you.” Luo Qianqian blurted out. She must have spent too much time with Yuan Meng these days, so that’s why she was able to flirt with him.

“I will leave if you don’t want to sleep.” Gu Yun Che looked serious.

Luo Qianqian pursed her lips and faced the man sitting by the bedside.

“Gu Yun Che, have I ever told you that you look captivating?”

Fu Hanzheng was a very outstanding man, but the man in front of her had a very elegant air about him, making him stand out from the rest of the world.

Gu Yun Che frowned; this girl was getting too bold today.

“Not sleeping now?”

Fearing that he would get annoyed, Luo Qianqian turned over and stopped bothering him. Then she closed her eyes and tried to fall asleep.

But because of the man next to her, she smiled sweetly.

This time, she did not have any nightmares but had a very sweet dream. Even the smile on her face did not disappear.

Sitting by the bedside in silence, Gu Yun Che could not help but smile as he watched the girl’s smiling face in her sleep. His eyes were full of gentleness and pampering.

When the morning sun rose and shone into the room, the girl from Hua Land was still immersed in her sweet dream.

He had been watching the sleeping girl for the entire night.

When he was in St. Malo, she traveled thousands of miles just to be there.

When he said that he was coming to Bangalore, she snuck away from home and waited for him here.

When he said that she looked good with long hair, she grew out her hair so it was longer.

....

He was like a wandering soul wandering alone in the world, but he had never expected that one day, he would run into a girl who was chasing after him crazily.

He was just thinking this when Luo Qianqian woke up and said with a smile when she saw him sitting by the bedside, "Good morning."

"Morning," Gu Yun Che said briefly.

Luo Qianqian sat up and said to him with the angel doll in her hands, "Thanks for the doll."

"I picked it up from the temple yesterday, otherwise... I would not have known that you were here," Gu Yun Che said calmly.

Luo Qianqian pinched the pointy hat and said, "Do you know what this doll is?"

"It's just a doll," Gu Yun Che stood up and said.

"It is called the Angel of Fate. Legend has it that it protects the destiny between two people. It works, doesn't it?" Luo Qianqian said sincerely.

If it had not been for this doll, they would have passed by each other in Bangalore.

He would have continued to leave this place, and she might have died here.

Chapter 1586: Dead on the Beach

??

In the capital of Hua Land.

Gu Weiwei's family was still living a peaceful and warm life, and Fu Shiyi and Fu Shiqin were still coming over for food every day.

They not only came here by themselves, but also brought their girlfriends over for food too.

Since the two children liked their second uncle and third uncle, Fu Hanzheng did not drive them away.

But when Fu Shiyi came home today, he brought out all kinds of things as if he were presenting treasure.

"Youyou, here is your Qiuqiu."

"Tiantian, here are your cookies."

....

Gu Weiwei took over the gifts and said with a smile, "Youyou, hurry up and show off your Qiuqiu for your third uncle, and say thank you for buying the ball."

Seeing the cookies, Tiantian had already opened her mouth and was waiting for them.

Fu Shiyi tore off a piece for her, consoled his niece and gave another piece to her brother.

"Brother, here's some wild ginseng from Changbai Mountain, for you."

Fu Hanzheng glanced at it and said nothing. Fu Shiqin took a closer look and said, "Brother, ginseng is good for vitality, but he is saying that you are too old to handle s*x and that you need more energy."

Fu Shiyi got so annoyed that he almost jumped up from where he was sitting. "Get out of here, Second Brother!"

He had just bought a piece of rare ginseng and given it to his brother as a present, but his second brother had spoken out loud whatever he thought.

Fu Hanzheng did not get annoyed by Fu Shiqin's instigation or rebuke him.

"You must be up to something, confess now!" Fu Shiqin snorted.

Instead of making a request, Fu Shiyi presented another box to Gu Weiwei with a flattering smile.

"Sister-in-law, this is the latest Hermes bag, please accept it."

Gu Weiwei asked amusedly as she saw hers and Fu Hanzheng's presents, "Just tell me what you want."

If what Fu Shiqin said was true, then he must want to ask something of them.

Fu Shiyi looked at her with a smile and said, "There is a concert next week, and I would like you to be the guest."

"I am not a singer, why should I be a guest?" Gu Weiwei said with a smile.

She knew very well that although she could sing well, she was not a professional singer.

"You don't need to sing, just play the piano. You are so good at piano, it would be a waste if you don't show off your skills." Fu Shiyi flattered her with a smile.

Gu Weiwei looked at the two children and then at Fu Hanzheng, feeling a bit embarrassed.

"I will think about it."

"Also, can I ask Sister-in-law to do the MV of my new album?" Fu Shiyi asked with a flattering smile.

Gu Weiwei raised her eyebrows and stared at Fu Shiyi curiously.

"Third Master, don't you have your own director?"

Fu Shiyi scratched his head and said helplessly, "If my relationship had not been revealed, I wouldn't have lost so many fans and many of them wouldn't have become my haters. But now many people in the industry say that I am the bad guy and that I have let my fans down."

Hearing his words, Fu Shiqin chuckled.

"Your fans have been attracted to you because you have been selling your body as public visual property all these years, and now you tell everyone that you are in a relationship, isn't it obvious that they'd react like this?"

"Second Brother, I am not talking to you." Fu Shiyi glared at Fu Shiqin who was laughing at him.

Gu Weiwei frowned. "Is it really that bad?"

When Fu Shiyi announced the news to the public, she had expected that his fans would not accept it so easily, but she had not expected that they would be so resistant.

Fu Shiyi nodded bitterly and said pitifully, "So when it comes to the new album, I must make a comeback!"

Chapter 1587: Damn You!

"Did you really lose so much popularity?" Gu Weiwei asked.

She had not been paying attention to the news in the entertainment zone for some time, and so she didn't know what was going on.

Fu Shiyi had always been the most valuable male idol in Asia, and no one in the film and music industry could surpass him.

"You have to admit that you are now old. You are almost 30 years old, and so you will never be able to make a living with your aged face." Fu Shiqin sprinkled salt on his brother's wound.

"Second Brother, do you want to die?" Fu Shiyi glared at him.

Gu Weiwei was already used to them bickering with each other, but when she thought of the two children watching, she cleared her throat.

"Don't quarrel in front of the twins."

Fu Shiyi and Fu Shiqin turned around and gave up arguing when they saw their nephew and niece staring at them.

"Just one handbag and you want Sister-in-law to help you? Can't our brother afford a handbag for Sister-in-law?"

"That is the latest limited edition, alright?" Fu Shiyi stressed.

Gu Weiwei felt her forehead and said, "Your brother bought this bag for me yesterday, you had better give it to Dongdong."

"..."Fu Shiyi looked at her and then at his brother.

"If you want to be smart, you shouldn't give Sister-in-law these things, alright?" Fu Shiqin took hold of Tiantian and lectured Fu Shiyi. "Our brother always asks Sister-in-law to pick the latest products from the fashion industry. He has already bought everything she likes, and if she doesn't, it means that Sister-in-law doesn't like anything."

When it came to shopping, their brother had never been stingy with their sister-in-law. So why would she need a limited-edition handbag?

Fu Shiyi sighed deeply when he failed to deliver the present.

"Sister-in-law, are you still going to help me?"

“There’s no need for you to help him Sister-in-law! He is an idol and it is normal that he loses fans when he announces he’s in a relationship. He will just have to lose all his popularity when he gets married,” Fu Shiqin said as he was teasing Tiantian.

That was the iron law of the entertainment zone, and he was not an exception!

If his family name was not Fu, he would have lost all his popularity by now.

Fu Shiyi held his head in pain. “I don’t want to be left out in the cold, I want to be popular, I want to stay popular...”

“The public will get tired of you. Now wave after wave of 20-year-old young men are popping up, you are way past your prime. Don’t you know that?” Fu Shiqin continued to poke his heart.

Gu Weiwei thought for a while and said, “Second Master is not being very nice, but it is time for you to become a capable man.”

“I am talented and good-looking, that’s variable enough, alright?” Fu Shiyi brushed his hair and said proudly.

“Fans always have good taste. A person needs to find a new style when they get tired of the current one,” Fu Shiqin said.

Fu Shiyi sighed as he looked at his handsome face on his phone’s camera.

“Do they want too much from me or am I not handsome enough?”

Gu Weiwei started choking because of his words as she was drinking water.

Fu Hanzheng gave her a tissue and glared at Fu Shiyi.

Seeing this scene, Fu Shiqin punched Fu Shiyi with his niece’s small fist.

“Baby Tiantian, your third uncle has made you so annoyed, punch him, punch him...”

Gu Weiwei came back to herself and said, “I am not going to the concert, but you can bring me the plan for the MV first.”

Hearing that there was a chance, Fu Shiyi looked very excited.

“There are already lyrics and chords for the new song, and I don’t trust anyone else but you as the director. As for the style of the MV, you can decide for yourself. I will go and get the plan.”

When his sister-in-law, who had not made a movie for two years, made a MV for him, this gimmick would help him to gain a great deal of album sales.

Chapter 1588: Flirty Wife

However, the moment he finished the words, Fu Shiqin tried to bring him down.

“Brother, look at him, even the MV planning needs sister-in-law’s help; how much does he want her to do?”

Gu Weiwei squinted at Fu Shiqin. “Second Master, can you stop setting up your brother?”

She could decide the style of the MV, but it was Fu Shiyi who wanted to make a high-quality MV.

Fu Shiqin laughed dryly. "I was worried that our brother would feel worried for you."

Gu Weiwei turned to Fu Hanzheng. "Can I do it?"

After she got pregnant and the children were born, she barely did anything related to the performing arts.

But no matter if she was going to film or direct a movie, she would be busy for months and she would have to leave the children behind. She did not have the heart to do that, so she had to stop her work temporarily.

But it would only take a few days for the MV.

She could experience the fun of work and take care of the children.

"Of course." Fu Hanzheng nodded with a smile.

Since she would have to work for months at a time on a movie, and she did not want to leave the two children behind, she stopped all the work.

But when she was at home, she was making preparations for recruiting the actors and she was already doing the storyboard for the novel Fu Shiqin gave to her.

He did not object to her doing whatever she liked, but she herself found the children too young to leave them.

Seeing his sister-in-law agreeing and his own brother not objecting, Fu Shiyi was so happy that he almost kowtowed three times.

"Sister-in-law, I am saved!"

Gu Weiwei chuckled. "Don't get your hopes up. I have never made a MV before, don't blame me if I mess it up."

"Sister-in-law, I trust you." Fu Shiyi was very confident in her skills.

"Damn, you aren't truly saved, but you are trying to ride on sister-in-law's fame!" Fu Shiqin complained.

Although Sister-in-law had been out of the film industry for two years, she was still very popular in the entertainment zone.

After all, with so many awards and a movie with a box office of tens of billions of yuan, no one in the film industry of Hua Land could reach her level.

"Go away." Fu Shiyi snapped at Fu Shiqin and suggested to Gu Weiwei. "Sister-in-law, if you want to make a movie, you can do a commercial or attend a variety show. You are only needed for a very short time and so you can still come home and keep Youyou and Tiantian company."

His sister-in-law was so pretty, but she was only appearing in front of the little twins at home. What a waste!

"I told you, I prefer being behind the scenes," Gu Weiwei said.

She acted in movies because she was not famous and no one would let her direct a movie. So she wanted to make some money so she could become the director.

Now she was the director, and there was no need for her to be exposed and attract the public's attention.

"If you become a behind-the-scenes actress, your fans will be angry." Fu Shiyi sighed.

She was so good-looking that she could beat all the female stars in the industry, but now she was working as the director behind the scenes. Her fans would obviously be so annoyed.

"I am talented, not good-looking," Gu Weiwei said.

Fu Hanzheng thought for a while. "Are you really thinking about changing your role permanently?"

She was at the prime age for her career, and it was a pity that she had to work behind the scenes.

Gu Weiwei looked at him sideways and said with a naughty smile, "Actually, when I think about it, it is a pity that I am only able to be behind the scenes. After all, it is quite fun to be the leading role and be in a relationship with different handsome men..."

Before she said anything more, Fu Hanzheng interrupted her with a glowering expression.

"You are very suitable behind the scenes."

If she was going to film, she would definitely have to work with male stars, and she would definitely have love scenes in almost every film. He must not give other men the opportunity to flirt with her.

Chapter 1589: Getting Better

??

Fu Shiyi and Fu Shiqin exchanged a look; their brother was becoming increasingly annoying.

He was so good-looking and had a great body-shape, no man would be able to catch Sister-in-law's eyes. How could he lose confidence?

Gu Weiwei could not help but laugh when she saw Fu Hanzheng, who had hoped that she could continue with the acting, but turned down the idea in the very next second.

"I was just saying it. Anyways, I can't find anyone more pleasing to the eyes than you, who is overreacting."

"That may be the case now, but in another eight or ten years, Sister-in-law will not be able to say such a thing in front of fresh-looking young men," Fu Shiqin said with a smile.

Hearing his words, Fu Shiyi said to his eldest brother, "Brother, he said that when you get old in a few years, sister-in-law will fall for new fresh meat. He deserves a beating."

Fu Hanzheng looked calm but turned around and said, "Give me the Monis' plan tomorrow."

Fu Shiqin exploded. "Isn't it due next week?"

"I want to look at it tomorrow," Fu Hanzheng said coldly.

Fu Shiqin glared at Fu Shiyi who was trying to drive a wedge between them, and Fu Shiyi smiled proudly.

"You can do it, Second Brother! Happy working overtime!"

Fu Shiqin turned to his sister-in-law for help. "Sister-in-law..."

"You will finish the work sooner or later, so it is better to finish it as soon as possible," Gu Weiwei said with a smile.

With Youyou in his arms, Fu Shiqin sighed as he sniffed the sweet scent of milk on the boy.

"Youyou, Second Uncle has such a bitter life..."

"What are you waiting for?" Fu Hanzheng urged with a cold voice.

Fu Shiqin complained as he picked up the briefcase and went back to do the plan.

Gu Weiwei couldn't continue being mean. "Isn't that a bit too cruel?"

"That is nothing. Compared to when he danced with snakes and he sent me to jump off the building, my brother is so affable now," Fu Shiyi said quickly.

Sure enough, love was very powerful. After his brother and sister-in-law got together, they had not been mistreated so cruelly.

They were just showing off their love in different ways.

Gu Weiwei threw a look at the man next to her. "Well, that does seem to be the case."

They were just talking when Tiantian, who was sitting next to Fu Shiyi, tried to eat her feet.

"Tiantian, no, no." Gu Weiwei stopped her instantly. "You haven't washed your feet."

"It is okay if it's just one bite. Second Brother used to do that when he was little," Fu Shiyi said.

Why did this niece take after Fu Shiqin instead of him?

Gu Weiwei picked up her daughter. "Let's go, our girl needs to take a bath."

Seeing that he could not play with the children anymore, Fu Shiyi left for He Chi's place.

"Sister-in-law, I will get the song to you tomorrow."

Gu Weiwei answered and went to bathe her daughter.

Fu Hanzheng picked up his son and went into the bathroom, helping the two children in the bath.

Gu Weiwei had just filled the bathtub when Fu Hanzheng removed the clothes for the two children.

"You are getting better and better at being a father."

Fu Hanzheng carried the two children into the bathtub, rolled up his sleeves and bathed his son. He looked very skillful.

“You can’t take care of them alone.”

He did not have much time to keep the two children company, so he had to try his best to take care of them when he could.

He could not possibly be absent just because the children were accompanied by their mother.

Chapter 1590: The Gu Family’s Secret Research Project

Gu Weiwei smiled and kissed him right on the face before turning around to find the pajamas for the two children.

The two little ones were splashing water in the bathtub, laughing and screaming happily. The bathroom was full of the sound of cute little voices, which was so heart-warming and lovely.

They bathed the two children, wrapped one in each towel and helped them to get dressed.

But the moment they were put into bed, the two chubby children started to crawl all over the bed, so much so that they needed to get them dressed one after another.

Fu Hanzheng helped the two children to sleep and whispered, “I have some work to do, so I am going to the study.”

Having said these words, he gave her a light kiss on the lips.

“Don’t stay up too late.” Gu Weiwei stressed.

No matter how busy he was at work, he always insisted on spending a few hours with her and the child at home, so that he could take care of the children before going to deal with the remaining work.

“Okay, sleep early.” Fu Hanzheng caressed her hair and went upstairs to the study.

Sitting down in the study, he called Lei Meng.

“What did you find?”

Normally, he would report to him every three or five days about the Gu Family unless it was something urgent.

Whenever the Gu Family was doing something suspicious, he would ask about it every two days.

“Gu Siting seems to be doing a research project in secret these days. The Gu Family has invested a great deal of money into it, and they have gathered several major specialists in neurology and brains.”

“What is he doing?” Fu Hanzheng asked.

“Gu’s confidential work is very thorough, and the specialists are all doing closed-door studies, so it is very difficult for our men to sneak in.” Lei Meng sighed helplessly and said, “But Gu Siting pays special attention to it, so he goes there almost every week.”

The Gu Family also had other medical research projects, and they could usually find out what it was.

But this time, the Gu Family were being extremely discreet and Gu Siting was checking the progress every week.

“Anything else that’s suspicious?” Fu Hanzheng asked.

Lei Meng thought for a while. “Gu Siting is still looking for someone to contact Gu Yun Che, but Gu Yun Che seems to be with Mrs. Gu’s classmate Luo Qianqian.”

Fu Hanzheng was startled. “They are together?”

“In Bangalore, India. Luo Qianqian went there a few days ago and Gu Yun Che went there too. Our men did not dare to get too close to them, but they did stay there temporarily.” Lei Meng confessed.

Fu Hanzheng looked profound and answered briefly, “Try your best to find out which research project Gu Siting is following, but don’t pay too much attention to Gu Yun Che for the time being.”

Yuan Meng had called and said that Luo Qianqian and Gu Yun Che were living together. So they were living in Bangalore, India.

“Yes, but... I am afraid that it will be very difficult to find out. They have been doing closed-door research, and if the people inside are not coming out, our men will not be able to get in either.” Lei Meng felt a bit embarrassed. It was very difficult to check the confidential research project of the Gu Family in A Land.

“Try your best, and keep an eye out for everyone in the Gu Family.” Fu Hanzheng stressed.

The project Gu Siting paid special attention to must be something important.

If it was just a business project, the Gu Family would not have bothered to keep it a secret.

“Also, we have noticed that someone is wandering around the outskirts of Zhujiang, so we did not alert them. We confirmed that they were the Gu Family the day before yesterday, so they must be here for Madam.” Lei Meng stressed.

The external investigation and the high-altitude drone were all aimed at Villa number seven.

Fu Hanzheng looked profound. “I understand. Be careful, and be careful when Mrs. Fu and the children are out.”

No matter what relationship he had with the Gu Family, she would not have anything to do with Gu Siting from the day he and her became a couple.
