

# MY HIDDEN 1621

## Chapter 1621: Like Using Me

??

Gu Weiwei's expression sank as she watched him entering the ward.

She thought that he was warning her about Gu Siting.

"Hey, what do you mean 'be careful'?! Tell me what you mean by 'be careful'!" Yuan Meng said and was about to follow him into the room for an explanation.

Gu Weiwei took hold of her. "Let's leave them alone."

"If you want to say something, say it properly. Be so careful with what he says, it is no different from talking nonsense." Yuan Meng complained as she followed her into the elevator.

They had known that Gu Siting was up to something, so they had been very cautious.

That was exactly what he meant when he said that she should be careful.

"He meant well, don't be so impulsive," Gu Weiwei said.

Yuan Meng pursed her lips. Gu Yun Che was just like Fu Hanzheng: apart from the one in his heart, he ignored everyone else.

"Anyway, it is a good thing that Luo Qianqian has him."

At least, he would not help Gu Siting now.

Gu Weiwei did not speak a word. She just did not feel good about Luo Qianqian restraining Gu Yun Che with a relationship.

As they returned to the car, Yuan Meng said, "I will ask Luo Qianqian to ask Gu Yun Che what Gu Siting wants with him."

"No, he already thinks that Qianqian is with him just to help us." Gu Weiwei objected to Yuan Meng's suggestion.

The relationship between the two of them was not going to work well when she was involved.

Gu Yun Che wanted to cut off all contact with Qianqian at the airport yesterday, mostly because of her relationship with her.

"If we can't ask her to help us, Fu Hanzheng and I should not have done anything!" Yuan Meng snorted.

In order to lure Gu Yun Che out, Fu Hanzheng spent a great deal of money upon the car accident at the airport and the fake news broadcast by the TV Stations.

Their purpose was not to get Gu Yun Che back for Luo Qianqian's sake, but to get information from him using her.

“At least not now,” Gu Weiwei said.

They had just confirmed their relationship, and if they continued to ask Qianqian to ask about these things, Gu Yun Che might suspect why Qianqian was in a relationship with him and if she had approached him with a purpose.

Also, the grudge with Gu Siting was her own business.

Yuan Meng glared at her speechlessly and said, “I say, you have already suffered so much because of Ling Yan, so don’t be so devoted to your friends. Friends are friends, but you must think about yourself first.”

She was a person who kept people at arm’s length when they were outsiders, but when she was with close friends, she was always considerate.

Ling Yan had taken advantage of her before.

In the end, that ungrateful woman even took her life, and she was taught a lesson.

Luo Qianqian and Ji Cheng were indeed nice people, but what she wanted most of all was for her to think about herself.

“I know, I know what to do,” Gu Weiwei said as she reversed the car out of the parking space.

“You don’t need to know what to do. You should just continue making use of me to protect yourself,” Yuan Meng said straightforwardly.

Gu Weiwei chuckled. “When have I used you?”

“When?” Yuan Meng squinted at her and snorted. “Ever since you contacted me, you have been asking me to do all kinds of things. You have never been polite.”

“You make it sound as if you have never taken advantage of me.” Gu Weiwei snorted and reminded her. “Have you forgotten how many times I raised your son?”

Yuan Meng touched her ears guiltily and laughed dryly.

“We are friends, there’s no need for us to be so calculative.”

## **Chapter 1622: Surrender**

?

In the ward of the hospital, the two elders of the Luo Family went out to buy something after they left.

So only Gu Yun Che was left in the room.

“You... Do you want something to eat?”

“The doctor asked me to fast for two days,” Luo Qianqian said.

Gu Yun Che nodded and stayed by her bedside.

“Are you close to them?”

Luo Qianqian realized that he was asking about Weiwei and Yuan Meng, so she nodded and said, "Weiwei and I were high school classmates and she taught me and Ji Cheng how to play the piano, so we became good friends. I got to know Sister Yuan Meng through Weiwei."

Gu Yun Che nodded thoughtfully and asked after a moment of hesitation, "What do they want you to do?"

Luo Qianqian was startled. "What do you mean?"

"Then what did Fu Hanzheng ask you to do?" Gu Yun Che asked straightforwardly.

He thought that she had approached him because of that woman too.

Luo Qianqian understood what he meant and the joy in her eyes cooled down.

"Do you think that I came to you and said that I like you because of Weiwei, or because I promised Fu Hanzheng that I would help him?"

"Didn't you?" Gu Yun Che countered.

Luo Qianqian's gaze turned cold as she said to him, "They only said that you are a threat to Weiwei, nothing more."

"But if what they say is true, I do hope that you don't hurt her."

....

Gu Yun Che looked at her with a profound gaze. He thought for a while and realized that she did not seem to know anything.

Otherwise she would have known who that woman originally was.

"I won't hurt her, someone else is looking for her."

Gu Siting seemed to want something from him these days.

But when he was in Bangalore, he did not meet Gu Siting's men.

He had already completed the deal they had agreed upon, and the rest was none of his business.

He had told him before that even if Gu Weiwei returned, she would not necessarily return to the Gu Family.

However, Gu Siting just could not accept the fact that the girl he had paid such a great price for had become his sworn enemy.

"You really won't?" Luo Qianqian asked anxiously.

Honestly, if he did something to Weiwei, she would not know what to do.

One was her most beloved person and the other was her best friend. She did not want either of them to be hurt.

"I promise," Gu Yun Che said.

From last night to today, he kept thinking about what had happened to him as he stood alone in the corridor.

No one had ever interfered with his freedom or his decisions before, but now she was right in front of him without saying or doing anything, and he just could not help but focus on her.

He had been really scared at the airport the day before, scared that he would lose control of his own heart.

So he decided to cut off all contact with her so that he could return to his peaceful life.

But before he boarded the plane, he saw the news where she was being pushed into the ambulance.

At that moment, he experienced a panic he had never experienced before.

It turned out that the most terrible thing was not the heart, but the complete loss he would feel if she was no longer in this world.

That was why he came to this hospital.

When he saw her being pushed out of the operation room, he truly surrendered to the emotions of his heart.

### **Chapter 1623: Not This Way**

Although Luo Qianqian and Gu Yun Che were in a relationship, Luo Qianqian's father was not very satisfied with his daughter's boyfriend.

When he returned to the hospital with the daily necessities, he saw the man, who had been driven out of the room, staying inside when they were not around. He became very displeased.

"Sir, we can take care of our own daughter. Even if you are not at work, you have your own things to do."

"Thank you so much for visiting Qianqian, but you don't have to stay here all the time and neglect your own work."

....

"I am not busy," Gu Yun Che said.

Luo Qianqian's mother became even more displeased. He was not working or leaving so was he a jobless man?

"But you really don't need to take care of her." Luo Qianqian's father added.

Luo Qianqian smiled apologetically and asked him to leave first.

The moment Gu Yun Che went out, Luo Qianqian's father said, "What is wrong with this man?"

"He... he is just worried. Dad, don't be so fierce to him," Luo Qianqian whispered.

"He is a man, and what does he do? Do you know anything about his family?" Luo Qianqian's mother started to nag.

They did not object to her being in a relationship, but she had to be with a normal person.

This man did not look like a normal person.

"I understand. Mom, he has saved my life twice, and you are being way too cruel to him." Luo Qianqian protested unhappily.

Luo Qianqian's mother became even more displeased.

"Oh my, you are helping outsiders when you are doing nothing."

"Savior, we will repay your kindness, but you are not going to get yourself killed by being with him."

....

What kind of society was this? Why did he have to repay him with her life?

"Mom, if he had not saved me in Nice, me and the hostages would not have survived. You would not have been able to see me now." Luo Qianqian could tell that her parents were not satisfied with Gu Yun Che, so she tried her best to put in a good word for him.

The two elders of the Luo Family exchanged a look and sighed.

"Did he really save you in Nice?"

"Absolutely." Luo Qianqian nodded and continued. "He came to my rescue when I ran into trouble in Bangalore and he stayed with me to take care of me."

"Bangalore?" Luo Qianqian's father turned pale when he heard the place. "Didn't you say that you are going to New York? Why are you in Bangalore, India?"

"I... had something to do there." Luo Qianqian sighed inwardly. She had spoken in such a hurry that she had forgotten how to lie before she left home.

"What is going on? You went to find him, didn't you?" Luo Qianqian's mother understood what she really meant, and the good impression she had of him vanished instantly. "I don't think he is your savior, but your jinx! Why are you in so much danger the moment you run into him?"

When he was in Nice, she was attacked.

When he was in Bangalore, she was in danger there.

The moment he came to the capital, she got into a car accident.

"Mom!" Luo Qianqian said with a low voice.

It had not been easy for Gu Yun Che to admit that he was her boyfriend, but now her parents were objecting.

"Stop it, if it were not for the fact that you are lying in a sickbed, I would have told you everything I want to say." Luo Qianqian's mother looked serious. She turned to her husband and said, "From now on, one of us must stay by her bedside, otherwise he will sneak in again."

Luo Qianqian became very frustrated. She was lying in the sickbed and she could not possibly leave Gu Yun Che alone in the corridor.

### **Chapter 1624: Retired Couple**

At villa number seven.

After Gu Weiwei finished the filming of Fu Shiyi's MV, she was able to stay at home with the two children.

As long as the post-production of the MV was completed and she took a look at it, the work would officially be done.

Since she had children at home, Yuan Meng, who was severely addicted to cigarettes, was forced to smoke outside.

Also, she had to change her clothes after she was done, otherwise she would not be allowed to be within three meters of the two children.

After smoking the cigarette, Yuan Meng got changed and sat down in the living room, looking at Gu Weiwei who was dressed in casual clothes and had her hair tied into a bun.

"Are you planning to live the life of an old married couple?"

"What do you mean?" Gu Weiwei asked while she was playing with the two children.

"Have you looked in the mirror all day? If I were a man, I would not be able to get hard looking at you."

Yuan Meng complained about her unkempt look as she was eating fruit.

"Fu Hanzheng is not as shallow as you are," Gu Weiwei said.

Also, she was not going to put on makeup when she was with the two children at home. The children rubbed their faces against hers and kissed her cheeks, and if she wore makeup it would go on them.

"Hang on, I got you a present," Yuan Meng said as she went to search her boxes.

The moment she came home, something happened to Luo Qianqian. She unpacked the luggage she needed, but failed to open the other boxes.

Yuan Meng went to open a box and soon came back with a bag of stuff.

"Here, Victoria's Secret, a new collection from last month, pure, sexy and lovely. I have got you one of each."

Gu Weiwei glanced at it and tugged at her collar.

"I have them already, keep them for yourself."

Yuan Meng raised her eyebrows and sized her up as she mumbled, "I didn't know that you had bought it before me. Your man must have been so happy."

Gu Weiwei sneered and ignored her.

Yuan Meng suddenly understood. "You did not buy it, Fu Hanzheng did!"

She had never cared much about clothes.

Fu Hanzheng was putting on an air of coldness and seriousness in front of everyone. Yet he was indeed putting in a great deal of effort into getting himself some benefits.

Gu Weiwei still did not utter a word and started to blush.

She had never paid much attention to the clothes in the walk-in closet, but recently, she found that her underwear and sleeping gowns were getting more and more colorful.

"It doesn't matter if he bought the underwear, he must not have bought these ones," Yuan Meng said as she grabbed another bag and placed several sets of clothes on the floor.

Gu Weiwei looked at the row of sailor dresses, maid dresses and bunny dresses.

"Don't force your own hobbies upon me."

"I don't like this kind of thing. I bought it for you. It is custom-made," Yuan Meng said with a smile.

This was not her style, and so she had brought it back for her.

Gu Weiwei gritted her teeth. "I don't need it, thanks."

Without these clothes, she would not be able to get out of the bed anyway. Did she want her to die in bed?

"Why not? For Fu Hanzheng's birthday, this is definitely the best present for him." Yuan Meng chuckled.

She had been worried that the longer they were together, the less passionate they would become, so she chose these presents for her.

"No need." Gu Weiwei turned her down directly.

Yuan Meng sighed regretfully. "Forget it if you don't want them, just ask your Boss Fu if he wants them or not. If not, I will toss them away."

Gu Weiwei smiled with her teeth clenched. "Thanks for your kindness, I will accept them."

Fu Hanzheng would definitely accept all of them.

## **Chapter 1625: Short Skirt**

??

"You are welcome."

Yuan Meng folded the clothes and placed them in the walk-in closet.

They had just finished packing the dresses away, when Fu Hanzheng returned from work.

Gu Weiwei heard her phone ringing. Fu Shiyi and Fu Shiqin were playing with the two children, so she got up to answer the call.

It was from Luo Qianqian who was at the hospital. "Weiwei, are you free tomorrow?"

"Sure, I will be there at noon." Gu Weiwei agreed and asked when she heard her weird tone, "What is it?"

"My parents don't like Gu Yun Che, so they won't allow him to keep me company in the room. He doesn't have a place to stay in the capital, so he would like your help," Luo Qianqian whispered.

Gu Weiwei chuckled and consoled her.

"Take your time. You can persuade your parents when you are discharged. I will be there at noon tomorrow."

"Thanks." Luo Qianqian thanked her and rang off.

When she finished the call, the servant had already put the dinner on the table and invited them to sit and eat.

Fu Shiyi and Fu Shiqin had already carried the two children to the dining chairs, whilst the others were already seated at the table.

She sat down next to Fu Hanzheng as usual. "I am going to the hospital tomorrow, and Qianqian needs some help."

"I'll come too," Yuan Meng said subconsciously.

Fu Hanzheng had told her that she and Lei Ning should stay close to her.

Gu Weiwei nodded. "It seems that Uncle and Auntie Luo don't like Gu Yun Che, so Qianqian is having a headache."

"He is not liked by the seniors, but that is normal." Yuan Meng was not surprised.

Ever since she met him, Luo Qianqian had run into trouble several times, and her parents could not help but think that Gu Yun Che was the cause.

Also, Gu Yun Che did not seem to talk much with anyone other than Luo Qianqian, which made him even less popular.

"Then go and visit her. Yuan Meng can keep you company and the nursery teachers can take care of the children," Fu Hanzheng said with a mild voice.

Gu Weiwei nodded and continued with the dinner.

After dinner, Fu Hanzheng helped her to wash the two children as usual.

She was just putting the two children to sleep when Fu Hanzheng went back to their bedroom for a shower.

She did not return to the master bedroom until the two children were asleep.

"Weiwei, come here."

She followed the sound and went into the walk-in closet. Fu Hanzheng was wearing a robe and his hair was slightly wet. He seemed to be getting changed into his pajamas in the fitting room.

But the moment she entered the room, she saw him taking out a sailor uniform from the shelf.

He then asked with a profound smile, "Where did you get it?"

Gu Weiwei felt her forehead. She knew that Yuan Meng was up to no good.

She asked her to put it in the walk-in closet, because she had planned to get rid of it tomorrow.

But this woman put it in Fu Hanzheng's pajama pile. She was setting her up.

"This... is from Yuan Meng."

"Have you tried it?" Fu Hanzheng stared at the blouse and mini-skirt he brought out with interest.

"No way." Gu Weiwei shook her head vehemently.

Fu Hanzheng approached her and gave it to her as he said with a smile, "Try it on."

Gu Weiwei shook her head and laughed dryly.

"The skirt is too short for me and I'll catch a cold."

"The heating is on." Fu Hanzheng reminded her.

Gu Weiwei could not turn him down, so she decided to dodge him.

"You can try it on, not me."

"Alright, I will try it on for you," Fu Hanzheng said as he carried her back to the bed and brought the sailor suit with him.

Then he coaxed and tricked her into putting on the clothes.

The consequence of the sailor outfit was that she broke her promise to Luo Qianqian and did not arrive at the hospital until one.
