

MY HIDDEN 541

Chapter 541: Love Rival

Having heard Mrs. Fu's words, Meng Ruya's face changed.

The upper class ladies who were with Meng Ruya, looked at each other in astonishment. They had thought that since Meng Ruya had been attending all kinds of social events with Mrs. Fu, she would definitely become the next Mrs. Fu.

So what Mrs. Fu meant was that the future Mrs. Fu was someone else?

"Aunt, who is President Fu's girlfriend?"

"It is..." Mrs. Fu wanted to say it out loud but when she realized that Fu Hanzheng and the Fu family had not actually revealed it to the public, she decided not to.

"You don't have to worry about that, I am just expressing my opinion. I hope that you will not do anything that would cause them to misunderstand you."

Meng Ruya was so startled by the news that Fu Hanzheng was getting married, she could not even maintain a polite smile.

"Aunt, are you siding with that woman?"

Mrs. Fu thought for a while and placed a debit card in front of Meng Ruya.

"It was Aunt who brought you into this mess before but now that they are getting married, it would be better if you find another chance."

She had already agreed to Hanzheng's marriage, so she must not allow anyone to misunderstand her.

Mu Weiwei used to be immature but she was much more obedient now and so lovely. More importantly, her son liked her and was willing to marry her.

Meng Ruya became a bit anxious. "Aunt, you have to tell me who that woman is..."

Although she had run into that woman at the company, she had her face covered and so she could not discern her identity.

It had only been a few months and here was Mrs. Fu, telling her that they were getting married.

She had to know who she had lost to.

Mrs. Fu said, "Her identity has nothing to do with you. I am just telling you, so you don't cause them trouble."

"So you have agreed to their marriage? Do you know everything about the other party's family background and character?" Meng Ruya sounded a bit over the top in her anxiety.

"That is our family's business, you don't have to worry about it." Mrs. Fu frowned unhappily and stood up. "I have something to do, I am leaving now."

“Aunt...”

Meng Ruya suddenly realized that she had said something wrong but before she could explain, Mrs. Fu had already left.

“Ruya, do you really not know who Fu Hanzheng’s woman is?”

“How come you don’t even know who your love rival is, when they are about to get married?”

...

The girls who were with Meng Ruya, mumbled that she had been working at the Fu’s Enterprise for so many years and now someone else had taken her place.

In the end, she didn’t even know who the other party was.

“Enough, stop it.” Meng Ruya was not in a good mood and snapped at them.

It was not that she had not tried to find out who Fu Hanzheng was in a relationship with but that there had been no news.

That woman did not seem to be in the capital often and Fu Hanzheng was very protective of her, so none of the people she had hired, had found anything.

Fu Hanzheng had transferred her to the branch company because he knew that she was asking someone to investigate him and that mystery woman.

She had planned to have a cup of tea with Mrs. Fu and then ask her to transfer her back to the headquarters.

But in the end... she had told her that Fu Hanzheng was marrying that woman.

She had been by Fu Hanzheng’s side for years but she had never been able to establish a relationship with him.

That woman had only appeared for a couple of months and she was definitely unqualified to marry into the Fu Family.

But what annoyed her the most was that Mrs. Fu, who had always been on her side, seemed to have agreed to their marriage, otherwise she would not have warned her.

Chapter 542: Wife

Gu Weiwei had thought that it would take a long time for Mrs. Fu to join her in the car but she hadn’t even been in the car for more than ten minutes, when Mrs. Fu came back.

“Did you call Hanzheng?”

Gu Weiwei said, “Yes, he said that he will be there after work.”

But when he had heard that she was going back to the old mansion, he had sounded displeased.

Mrs. Fu nodded and said with a smile, “If you are not busy these next few days, come back to the old mansion often. If you are not there, he will not come home either and it is so lonely.”

Fu Shengying coughed when he heard her exaggeration. Although his three sons were busy with their own work and did not come home often, they were not miserable at all.

Gu Weiwei nodded obediently. "Okay, if I don't have any work to do, I will come visit when I have time."

It seemed that Fu Hanzheng either lived in the apartment or at Landscape Villa, and he only visited the old mansion on New Year's Eve.

Fu Shiyi often disappeared for months on end, when he was filming commercials.

When Fu Shiqin was busy with work, he was always with his brother and Mrs. Fu was the only one living in the mansion.

Mrs. Fu was very happy to hear her promise to visit.

"Do you have enough money for the movie you are going to make? If it is not enough, I can give you what you need."

...

"It's enough, it's enough." Gu Weiwei said.

Was their family trying to kill her with money?

Seeing her rejection, Mrs. Fu sighed with disappointment.

"Weiwei, I did not treat you well before, so please don't take it to heart. We are family now, don't stand on ceremony with us."

"I was too ignorant." Gu Weiwei replied with a smile.

She was not being polite, it was true that it was her unpredictable attitude that had made the Fu household unable to stand her.

They returned to the old mansion and settled Yuan Bao down to sleep.

Mrs. Fu was cooking dinner for her, so she also could not stay idle.

She followed her into the kitchen and helped her cook two dishes.

"When did you learn to cook?"

"I learned it from my mom." Gu Weiwei replied with a smile.

Mu Weiwei was not a very good cook, but when she was at the Gu Family, Mrs. Gu liked to cook in the kitchen and she had learnt a little from her.

But she liked making desserts and so was better at it.

Mrs. Fu had a taste and praised her in surprise.

"No wonder Shiqin said that his brother was in a hurry to marry you after having a meal."

He even said that when his brother was suffering from gastric problems, he only ate the lunch she had prepared.

She had thought that she was too young to take care of people but after hearing what Fu Shiqin said, she was surprised.

“...” Gu Weiwei was startled. That actually sounded right.

When Fu Hanzheng was sick at the apartment that day, after having a meal he had started to chase after her.

They were just talking when Fu Hanzheng and Fu Shiqin returned from work.

Seeing her in the kitchen, he put down the plate in her hands and untied her apron.

Then he said to Mrs. Fu, “There are so many chefs at home, yet you want her to cook?”

Mrs. Fu’s face sank when she heard his words. “So you think that I asked her to come here as a cook?”

Gu Weiwei had no way of explaining herself.

Did he think that his mother had called her here, just so that she could cook for her?

Fu Hanzheng said unreasonably, “If you ask her to step foot inside of the kitchen again, don’t ask us to come home.”

Fu Shiqin was standing outside the kitchen, gloating. His mother finally understood how he felt every day.

In his brother’s eyes, apart from the fact that his girlfriend was his real wife, everyone else was adopted, including his own mother.

Chapter 543: Trouble

Mrs. Fu took a deep breath. What was he talking about?

It was as if she had mistreated his girlfriend... and Weiwei was only helping her because she saw her cooking in the kitchen.

When he came home, he did not ask her how she was and had immediately said that she was mistreating his girlfriend.

“Aunt is cooking today, so I am here to help.” Gu Weiwei tugged at his clothes and whispered.

His words would easily cause conflict between the mother and daughter-in-law.

“Alright, alright, take her away, lest you say that I mistreated your girlfriend.” Mrs. Fu snorted.

Fu Hanzheng led her out of the kitchen and into the study upstairs.

“Don’t just come here whenever she asks you to. You are meant to be spending time with me, not with them.”

Gu Weiwei said, “Aunt did not order me around. She even bought me a lot of presents this afternoon, don’t try to cause conflict between us.”

Fu Hanzheng stayed silent for a few seconds with a frown. "Then you can't come here and work in the kitchen."

He did not want her to accommodate his family because of him.

Gu Weiwei chuckled. "I just wanted to cook two dishes for you."

"That is all?"

Fu Hanzheng just couldn't believe that his mother hadn't asked her to go into the kitchen.

Her mother had always wanted Meng Ruya to marry into the Fu Family, so she had always been dissatisfied with her; she had taken many opportunities to make things difficult for her.

"What else can I do?" Gu Weiwei wrapped her arms around his waist and explained patiently. "Aunt did not make things difficult for me and she likes me a lot too. She bought me lots of beautiful jewelry and clothes today and asked us to visit them often..."

Fu Hanzheng relaxed his eyebrows and brushed her hair.

"You won't find them too troublesome?"

Gu Weiwei shook her head. "No, I like the feeling of being part of a family."

Neither Mu Weiwei nor she, who used to be in the Gu Family, had a complete family.

Therefore, she liked the Fu Family very much.

Fu Hanzheng thought of the Mu Family and held her in his arms.

"Okay, you can come home often."

They stayed inside the study for an hour, before Fu Shiqin arrived and knocked on the door, asking them to go downstairs for dinner.

They had just sat down in the dining room when Fu Shiyi returned.

"How long has it been since our mother cooked for us? Ah, and my favorite sweet and sour fish too."

Fu Shiqin picked up the chopsticks and said, "Oh and the meatballs that I like too."

Before they could reach their chopsticks into the dishes, Mrs. Fu slapped them away.

"It is not for you today." She said as she placed the dishes in front of Gu Weiwei.

Fu Shiyi put down his chopsticks. "Mom, are we your real sons?"

Those were their favorite dishes, yet she gave them to Mu Weiwei, without even letting them take a bite.

"Didn't you say that you were adopted?" Mrs. Fu said as she picked up some food for Gu Weiwei. "Eat it while it is hot."

She had asked their brother to come home for dinner, not them. What were they doing here?

Fu Shiqin glanced at the dishes on the table and reached for a plate of appetizing vegetables.

But before he could do that, his brother glared at him.

“This is not for you.”

It was made by his girlfriend for him.

Fu Shiqin put down the chopsticks and glanced at his mother and brother.

“Then tell me, what can we eat on this table?”

So in his brother’s eyes, apart from his girlfriend who was his real wife, his two brothers were adopted.

In their mother’s eyes, apart from her daughter-in-law, her youngest sons were also adopted!

Chapter 544: Brother

Gu Weiwei had a very happy dinner.

Fu Hanzheng and Mrs. Fu kept putting food into her bowl. The fish would be cut and the bones removed – she was almost being hand fed.

Fu Shiyi and Fu Shiqin sat opposite them and stared at the dishes in front of her, not daring to reach out with their chopsticks.

It was not until she put down the chopsticks and was full that Mrs. Fu placed the remaining half of the fish and several dishes in front of them.

“You can eat now.”

However, the fish was not as tasty as before and the meat was cold.

Fu Shiqin said, “Unless our brother and sister-in-law are adopted...”

Fu Shiyi finished his sentence and said, “Hanzheng is not my brother and mother is not my mother either.”

Mrs. Fu glared at them.

“I had thought that one of you would be a girl but neither of you is capable enough to say that I am not your real mother.”

When she gave birth to Hanzheng, she had hoped that the second child would be a daughter, so she thought that one of the twins would be a daughter.

But she had two sons.

Fu Shiyi said, “It is because of your genes and father’s genes that we are not daughters.”

Fu Shiqin said, “Alright then, just treat sister-in-law as your real daughter.”

...

Because they were not girls, their mother had been holding a grudge against them for years.

Now that their brother had brought home a girlfriend, they no longer had a place in the family.

Old Lady glanced at the two of them. "Your brother is getting married, shouldn't you two plan on bringing your girlfriends home as soon as possible?"

Fu Shiyi said, "Grandma, what does our brother's marriage have to do with us?"

Fu Shiqin said, "I am too busy to have a girlfriend."

Fu Hanzheng thought for a while and said, "Xu Qian hired an assistant, so your workload will be lighter. Bring your girlfriend home for the New Year."

Fu Shiqin looked at his brother who was suddenly concerned about his life. "Brother, why do I feel that you are setting me up?"

Fu Hanzheng said seriously, "You should also get married."

Well, if they got married and had children quickly, the family would not keep such a sharp eye on him and Weiwei.

After dinner, Mrs. Fu asked them to stay at the Old Mansion but Fu Hanzheng insisted on returning to the Landscape Villa.

Mrs. Fu could not argue with him, so she had no choice but to let them go. However, she did not forget to place the things she had bought for her this afternoon, into the car.

"Since you are getting married, the villa needs to be redecorated, so that it is like a newlyweds house. What about moving back here and having someone redecorate it for you?"

"The apartment is empty, we can stay there." Fu Hanzheng said.

They were supposed to spend some time together after work but his family had taken up their time.

Mrs. Fu could not get through to him and said to Gu Weiwei, "Weiwei, you agreed to come home often."

"Okay, we will be back when we are free."

Sitting in the car, Gu Weiwei nodded with a smile. Before she finished speaking, Fu Hanzheng had closed the window and driven away.

"I wasn't done yet, what are you so anxious about?"

Fu Hanzheng said as he drove, "Yuan Bao is out."

If that little annoyance kept pestering her, she would not be able to leave.

Gu Weiwei turned around and saw Yuan Bao running out of the house.

"Ahh I see... By the way I have work to do the day after tomorrow."

There were a few places that needed to be visited, to see if they were suitable for the movie.

Fu Hanzheng nodded. "I will ask Lei Meng to arrange a female assistant for you, bring her with you."

The male bodyguards that he had arranged that time, to protect her from the shadows, were unable to find her and take her away from the hotel at the film festival.

Therefore, Lei Meng had arranged for a female bodyguard.

That way, she could go in and out with her and keep her safe.

Although Gu Siting had been in a lot of trouble these days and probably had no time to disturb her, he still had to make careful arrangements.

He did not want her to experience the similar thing, like the attack at the film festival, again.

Chapter 545: Mu Weiwei

The following day, My Weiwei visited the two locations but seeing that it was still early in the day, she decided to go to Fu Hanzheng's company instead of waiting for him at home.

After all, she was leaving tomorrow and would not be home for a while.

But just as she was about to call Fu Hanzheng, Mrs. Fu called her.

"Weiwei, are you finished with work?"

Gu Weiwei was startled. "I've just finished."

"Can you come here? I have something for you." Mrs. Fu asked.

"Okay, I will come over now."

She could not object to her future mother-in-law's request.

"Okay, be careful." Mrs. Fu said to her before hanging up.

Gu Weiwei sighed helplessly and said to Jolin, "Send me to the Fu Family's mansion."

Jolin could not help but laugh. "What, has the queen mother summoned you?"

Gu Weiwei nodded. "What else can I do?"

Jolin drove her there and smiled.

"So the empress dowager has agreed to let you marry him?"

Otherwise, she would not have asked her to go to the old mansion.

"She had but she keeps urging us to get married and have children." Gu Weiwei sighed in distress.

She was not against having children but Fu Hanzheng did not have any intention of becoming a father.

Jolin said, "When this movie is finished, you want to become the one directing behind the camera, right? Then have a baby then."

Wealthy families valued their children.

Especially when it came to a family like Boss', the family valued his genes even more.

“It is not that I don’t want to have children, Fu Hanzheng hates children.” Gu Weiwei complained.

Jolin nodded and said to her, “Men usually enjoy the process of making babies and don’t usually accept the outcome.”

Gu Weiwei glanced at him. “What are you talking about?”

Fu Hanzheng was worried that once she had a child, she would focus more on taking care of the child and completely ignore him.

But if she had a child of her own, how could she not take care?

However, this man, who was even more narrow-minded than the eye of a needle, considered the child as a rival of her love.

Jolin shrank back and stopped talking about her private matters.

“I heard that Ling Yan’s Dream of a Long Life 2 has started filming and she has hired a famous director. The script has also been written by the scriptwriter, who has just won an award.”

If they started filming now, the movie would be released at the same time as Dream of a Long Life 2.

“So you are worried that our movie will be crushed?” Gu Weiwei chuckled.

In truth, a famous artist might not be able to do a very good job.

“The public is deeply invested in Movie Queen Ling and Dream of a Long Life, so the box office appeal won’t be low. If we release the movie at the same time... how can I not worry?” Jolin mumbled.

Gu Weiwei said, “Don’t you know that the greater the expectation, the greater the disappointment?”

The more the audience thought about Dream of a Long Life, the more they looked forward to the sequel.

So if Ling Yan’s Dream of a Long Life 2 was not as good as the previous one, she would only attract negative comments.

The two of them were talking about the new movie that was about to start, when they arrived at the Fu Family’s mansion.

Jolin stopped the car and asked, “Should I leave or wait for you?”

Gu Weiwei thought for a while. “Come with me, I will leave after I have my things.”

If Jolin was here, she could say that she still had work to do and leave for Fu Hanzheng’s company as soon as possible.

The two of them were about to get out of the car when the car suddenly shook. The car that was meant to stop behind them, hit the back of their car.

“Damn it, I can’t be hit by someone’s car!” Jolin anxiously got out of the car.

Two people got out of the car, one was a young girl dressed in an elegant dress and the other was a middle-aged lady dressed in Chanel.

“Why did you suddenly stop the car? What happened?”

Jolin could not believe what he was seeing. He had stopped the car and they had run into him. Were they trying to turn the black into white?

Gu Weiwei heard the commotion and got out of the car. She was startled when she saw the two people coming out of the car. Wasn't that Meng Ruya and her mother Wu Xiulian?

Wu Xiulian was furious because she saw Mu Weiwei and the memory of the MG bag incident, came into her mind.

“Mu Weiwei, I remember that the Fu Family had warned you not to come here again and yet you still have the cheek to come here?”

Chapter 546: Let Them Do It

Gu Weiwei threw a look at the back of the car, where the other vehicle had bumped into, and did not want to waste any more time talking with them.

“Our car was already parked, you ran into us, you are to blame...”

“Mu Weiwei, this is not a place you should be at, right?”

Ignoring the fact that she was in the wrong, Meng Ruya refused to take responsibility and instead interrogated her.

She had made Mrs. Fu and Master Fu angry, so they had driven her out of the mansion and forbade her from coming back.

Could it be that the Old Lady had brought her home again?

“It is not up to you to decide whether I should be here or not, is it?” Gu Weiwei sneered.

They were saying that she should not have come to this place, but what about them?

Seeing the two women acting in tandem with one another, Jolin raised his eyebrows speechlessly.

The mother and the daughter were both idiots. If his girl could not come to this place, then they were even less qualified.

This was the Fu Family and soon they would be in-laws with his girl.

The Fu Family had not even said anything yet, so what were they doing here?

“If I remember correctly, Mrs. Fu told you to never step foot in this place again.” Meng Ruya's mother, Wu Xiulian, reminded her sarcastically.

Gu Weiwei pointed at the broken part of the car and coldly said, “You are right but what we need to discuss right now, is how you are going to compensate us for the car that you just drove into the back of.”

Meng Ruya used to pretend to be her best friend but now she was too lazy to pretend.

Also, she seemed to be quite angry today.

“This is not a place you should be at. If you had not come here, we would not have run into your car.” Meng Ruya’s mother Wu Xiulian glanced at the place where the cars had sustained impact and unreasonably said, “So the responsibility lies with you, and you should not have come here.”

Jolin was dumbfounded. He had truly seen how shameless she could be.

“You keep saying that we shouldn’t be here, is this your home?”

They were at the Fu Family’s mansion and the front drive was also part of the Fu Family’s mansion.

They sounded as if it was their territory, so much so that if people heard them, they might actually believe that they truly owned it.

“It is not our home but it is not a place for you to be at either.” Wu Xiulian said.

Jolin gritted his teeth and was about to say that it was Mrs. Fu who had asked them to come, but he stopped himself.

Fine, let them be. They would not be able to say anything when they met the Fu Family.

Seeing that the conversation was going nowhere, Gu Weiwei gave up and said to Jolin, “Call the traffic department.”

Having said those words, she walked towards the Fu Family’s mansion.

“Mu Weiwei, don’t you understand human language? You are not here.”

Seeing that she was going towards the mansion Wu Xiulian caught up with her and stopped her.

“Of course I understand human language, but are you speaking human language?” Gu Weiwei asked with a smile.

They were just arguing when Mrs. Fu heard the servant from the garden saying that she was here, so she came out with Yuan Bao.

From afar, she saw Wu Xiulian catching up with My Weiwei and it looked as if they were arguing.

“What’s wrong, you are not going in?”

Meng Ruya and Wu Xiulian thought that she was talking to them, so they quickly said, “I bumped into Mu Weiwei’s car on the front drive and I did not have time to go in...”

“A car crash?!” Mrs. Fu nervously looked at Gu Weiwei from head to toe and asked, “Are you alright? Are you feeling unwell? Do you want to go with Jolin to the hospital to check?”

Meng Ruya and Wu Xiulian exchanged a look. What was Mrs. Fu doing?

Chapter 547: Mu Weiwei?!

Gu Weiwei shook her head, picked up Yuan Bao and said, “I’m fine, the car’s just damaged.”

“It is good that you are fine.” Mrs. Fu let out a sigh of relief and glanced at the two cars that had collided. “This is the front drive, so why did you run into each other?”

Seeing this, Jolin stepped forward and said, "We had just parked the car and were about to get out, when the car behind us bumped into us."

This would be a slap to Meng Ruya's face from Weiwei's future mother-in-law. She would definitely feel embarrassed.

Hearing his words, Mrs. Fu threw a displeased look at Meng Ruya and her mother, who were still in a state of shock.

Seeing that Mrs. Fu was displeased, Jolin added. "It is a good thing that Weiwei reacted quickly, otherwise she would have been injured. Now that we are out of the car, not only did this mother and daughter not apologize, but they also kept blaming us for the accident, saying that it was because we came here."

...

Mrs. Fu's face sank when she heard him continue.

"She has come back to her own home, so who cares if she is meant to be here or not?"

It was a good thing that she was fine. If anything happened to her, how was she going to pay back her son?

After all, she was the one who had asked her to come here. If she was injured whilst she was here, he might not allow Mu Weiwei to visit the old mansion ever again.

"Back to... her home?"

Meng Ruya threw a look at Gu Weiwei and could not understand what was going on.

Home?

Did she mean that Mu Weiwei was one of them?

"Aren't you here to find out who Hanzheng is getting married to?" Mrs. Fu tugged at Mu Weiwei and said to Meng Ruya and her daughter, "If you want her to get married to him, you should actually know who is marrying and who is not."

Meng Ruya's mother Wu Xiulian came back to herself and said to Mrs. Fu in disbelief, "Are you saying that Fu Hanzheng is marrying Mu Weiwei?"

What was wrong with her? Mu Weiwei had done so many irritating things and she was the one who had driven her out of the house!

But now she was telling them that Fu Hanzheng was marrying Mu Weiwei.

"Yes." Mrs. Fu looked at Wu Xiulian and asked, "What, do you have a problem with my son marrying her?"

She had told Meng Ruya everything yesterday.

Yet, she had not given up and insisted on coming over to her home to clarify the matter. If she had come over to her home politely, she would not have said anything, but she had crashed into her future daughter-in-law's car, right at her doorstep.

She had thought that Meng Ruya was pleasing to the eye before, but now she was becoming increasingly annoying.

She was not as good-looking as Mu Weiwei and she was not as nice as her either. She had such a vulgar mother too.

"No, but... MrsFu, you drove Mu Weiwei out, but now..." Wu Xiulian pointed at Mu Weiwei, still finding it hard to accept.

"Who doesn't know what is good for them? If she is driven out, my son will not be allowed to come back home!" Mrs. Fu said.

Meng Ruya turned pale.

Could it be that the girlfriend Fu Hanzheng brought to the company was Mu Weiwei?

At that time, she had thought that Fu Hanzheng disliked her and she knew that Fu Hanzheng would never fall for her, so she had not thought of her at all.

But it made sense, if she was not in the entertainment industry, she would not wear a mask to the company.

"Mrs. Fu, how could you allow Fu Hanzheng to marry such a girl?" Wu Xiulian asked out of annoyance.

What was wrong with the Fu Family? Why did they want Fu Hanzheng to marry Mu Weiwei?

"It's none of your business who the Fu Family wants to have as a daughter-in-law." Mrs. Fu was annoyed by Wu Xiulian's tone and said straightforwardly, "The Fu Family can't afford Mrs. Meng, so don't ever step foot outside of our door again."

Chapter 548: My Daughter-in-law

"Mrs. Fu, that is not what we meant."

Seeing that Mrs. Fu was really angry, Wu Xiulian went up to her.

Mrs. Fu pulled a frosty expression and looked quite intimidating.

"Then what does Mrs. Meng mean?"

What did she mean by this girl?

What was wrong with this kind of girl? She was just a little naughty and immature.

She was working very hard and she was very considerate. Even when she was in the kitchen, she was as good as their hired chef.

Luckily, her son had good taste and chose wisely.

Their own family did not say anything in disagreement, so how could an outsider dare care about what kind of daughter-in-law the Fu Family was going to marry?

“Mrs. Fu, you know that I am a straightforward person and I meant no harm.” Wu Xiulian threw a look at Gu Weiwei who was holding the baby and laughed dryly. “It has been months since I last saw her, and the last time I saw her was when she had annoyed you and you then drove her out.”

“Mrs. Meng has a very good memory. You still remember what I have forgotten.” Mrs. Fu snorted.

She had said that on purpose because she was worried that she had forgotten everything Mu Weiwei had done before.

At that time, even if she was a bit naughty and caused some trouble, the Fu Family was able to afford it.

She had caused trouble when she was young, but what was important was that she had changed.

She had watched her movies recently and they were very successful. Compared to Meng Ruya, Mu Weiwei was much better than her.

She had been in a relationship with Hanzheng and she had not been able to rely on the Fu Family. Meng Ruya had not even entered the Fu Family and yet she kept begging her to do something about it.

She used to want her to be the daughter-in-law of the Fu Family, so in the past she would satisfy her with what she wanted.

But she had said all that she had wanted to say yesterday and had even given her a sum of money, telling her to behave herself, yet she still came to their house.

It was one thing for her to come to their home, but now she was criticizing the future daughter-in-law of the Fu Family.

Herself, her son and even the Old Lady had not taught Mu Weiwei a lesson, so how dare she?

Hearing Mrs. Fu’s words, Wu Xiulian looked embarrassed. She just could not understand why Mrs. Fu had changed her mind and was now defending Mu Weiwei.

“Aunt, my mother really doesn’t mean anything. I just haven’t seen you in such a long time and I wanted to visit you and the Old Lady.”

Mrs. Fu turned to Gu Weiwei next to her. “Weiwei, go in first. There is soup in the kitchen, ask the servant to get you a bowl.”

“Okay.”

Gu Weiwei nodded with a smile and went in with Yuan Bao.

But hadn’t Mrs. Fu always been close to Meng Ruya and Wu Xiulian?

She had changed her mind so quickly that she was frightened... Especially because it was because of her.

Mrs. Fu let her in, which made Meng Ruya and her mother embarrassed.

“Aunt, my mother and I are just here to see you and the Old Lady, so that we can give you your favorite pastries.”

Mrs. Fu showed not a single drop of gratitude and said, with a straight face, “No need, it is not convenient for me to receive outsiders today.”

Meng Ruya pursed her lips and forced a smile.

“Then... we can come back another day.”

“You hit someone’s car and so you need to compensate them.” Mrs. Fu threw a look at Jolin and then said to Meng Ruya and her mother, “You don’t have to come here in the future. We are too busy with the wedding preparations for Hanzheng and his fiancée.”

Chapter 549: Limited by Poverty

“Mrs. Fu...” Wu Xiulian had not expected that Mrs. Fu would turn against her.

However, Mrs. Fu had already turned around and returned back inside the mansion.

Jolin smiled gloatingly and approached them.

“Mrs. Meng, Miss. Meng, what about the compensation for the accident...”

“Don’t think that just because your artist seduced Fu Hanzheng, because she is young and pretty, that she is now a member of the Fu Family. She is not even married yet, so she might actually not become Mrs. Fu.”

Wu Xiulian did not dare to vent her anger on Mrs. Fu, but she was not at all worried about Jolin’s retaliation.

“Really? Then I will tell my girl later.” Jolin said deliberately.

It was not his girl who was in a hurry to marry into the Fu Family, but his Boss who was in a hurry to marry her.

Seeing Mrs. Fu entering the mansion, Meng Ruya gritted her teeth and gave Jolin a business card.

“Send me the bill when the car is fixed.”

Jolin took the business card and smiled at Meng Ruya and her mother.

“Take care, then.”

Having said those words, he strutted into the Fu Family’s mansion.

The moment he entered the room, he saw Weiwei drinking soup in the living room. Mrs. Fu and the Old Lady were still anxiously asking her if she felt any discomfort from the accident.

Seeing Jolin coming in, Gu Weiwei asked Mrs. Fu about serious matters.

“Auntie, what did you want me to pick up? I need to go back to the company.”

Mrs. Fu asked someone to bring over a pile of files and said, "I told you about the children's clothing brands yesterday."

"Well, we are planning to renovate the vacant villa around the old mansion, Mansion Number Seven. You can come home every New Year or holiday. If you don't want to stay in the old mansion, you can stay there. You can check out which style you like. We will get someone to do the decorations for you."

...

Gu Weiwei took it from her. She had mentioned to her yesterday that she was going to give her the information today.

Their execution was way too scary.

"Okay, I need to go visit the company as I'm catching the plane tomorrow morning, so I need to leave now."

Mrs. Fu did not force her to stay for dinner and said, "Can you still drive when your car is broken?"

"It is just a little bump on the back, it should still work." Gu Weiwei said.

Mrs. Fu said, "That won't do. If the other parts of the car are damaged too, it will be very dangerous when you are on the road."

"It should be fine, we can get another car when we arrive at the company." Gu Weiwei said with a smile. Don't say that the car has now broken down so now we can't leave.

Mrs. Fu called the butler over. "Take Jolin to pick a car. One that has just been recently customized."

Hearing the words, Jolin hurried to follow the butler.

Soon, a brand new Bentley drove around to the front drive..

The moment Gu Weiwei got into the car, she heard him excitedly exclaiming.

"Poverty really limited my imagination. Do you know how many cars are hidden in their garage? Apart from these luxury cars, there are also antique ones. Even if I work hard for ten years, I can only buy two tires."

...

"Stop talking and drive." Gu Weiwei urged him.

Fu Shengying liked to collect cars and he would collect all kinds of classic cars. Fu Shiyi had inherited this trait from his father and he also liked collecting cars.

However, he liked to collect sports cars. There were all kinds of brands, models and colors stored in Jinxiu Compound...

Jolin drove excitedly and glanced at the pile of files in her hands.

"They have bought you two brands of children's clothing, don't you think it is a good idea to have a child now?"

Chapter 550: Specialized Blind Date

Gu Weiwei put down the files in distress. She had to think about Fu Hanzheng before she gave birth.

Anyway, she was not going to care about this for the next six months.

She checked the time and pulled out her mask and pink baseball hat.

“Take me to Fu’s Enterprise and meet me at the airport tomorrow.”

Jolin asked with a flattering smile, “Then... can I drive this for a few more days?”

“We are leaving tomorrow, where else do you want to drive?” Gu Weiwei countered.

Jolin sighed bitterly and then remembered that he was flying abroad with her tomorrow, so he would not be able to drive the car.

He drove her to the parking lot of Fu’s Enterprise, parked the car and reminded her.

“Don’t miss the flight tomorrow morning.”

“Got it.” Gu Weiwei put on the mask and hat, got out of the car and ran towards the elevator.

For some reason, the moment she stepped out of the elevator, she felt that the entire floor was filled with a low pressure.

Everyone was busy with their work and did not even notice her sneaking in.

Until Xu Qian saw her and asked, “President Fu is in a meeting, should I inform him?”

“No need, I can wait in his office.” Gu Weiwei shook her head.

Xu Qian thought for a while and then whispered, “Actually, could you please go into the meeting room and say hello?”

Because the project was not going well, everyone was having a hard time today.

Now, there was a group of people in the meeting room who were suffering and desperately needed someone to save them.

Gu Weiwei asked, “Won’t we disturb their work?”

Xu Qian said, “No, you are saving us all.”

Gu Weiwei chuckled. She could guess what was going on.

So she followed Xu Qian to the office and when she pushed open the door, she saw Fu Hanzheng sitting there with a cold face, criticizing the mistakes of an executive.

He seemed to have sensed that someone was opening the door, so he glanced coldly at the offender.

Gu Weiwei shrank back in fright when she saw his gaze.

But when Fu Hanzheng saw that it was her, the coldness in his eyes disappeared and turned gentle.

“How long have you been here?”

All the staff members who had been living in the middle of a great calamity, looked towards the door of the meeting room, when they heard Fu Hanzheng’s gentle voice.

It was obvious that Boss’ girlfriend hadn’t visited the company for a long time.

Gu Weiwei asked, “I just arrived. How much longer until you finish? I will be waiting for you in your office.”

Fu Hanzheng thought for a while. “Half an hour.”

“Okay, I will go now.” Gu Weiwei waved at him, closed the door and went into his office.

The cold and serious meeting changed very quickly, after she had come in and greeted them.

Since he was in a hurry to go on a date, Fu Hanzheng did not lecture the staff who had made a mistake. Instead, he told them the important points and dismissed the meeting after hearing their opinions.

Gu Weiwei was playing with her phone in his office, when she heard the door opening.

“Didn’t you say half an hour? It has been less than half an hour.”

“I am in a hurry to see you.”

Fu Hanzheng approached her, removed her hat and kissed her forehead.

Gu Weiwei found it funny. “We met this morning and it has only been a few hours.”

“But you are leaving for days on end tomorrow.” Fu Hanzheng said unhappily.

Gu Weiwei reached out for him. “That’s why I finished my work early and I am here to keep you company.”

Fu Hanzheng patted her back and said with a gentle voice, “I still have some work to do, so I will go home when I am done.”

“Aunt asked me to go over again this afternoon and she has already told Uncle that she wants to buy two children’s clothing brands.” Gu Weiwei looked up at him and said, “They are urging me to have children before we are married. What will happen after we are married?”

Fu Hanzheng said, “Don’t worry, grandma is already looking for a blind date for Fu Shiyi and Fu Shiqin.”

Gu Weiwei was speechless.
