

MY HIDDEN 671

Chapter 671: Good

Half an hour later, Fu Hanzheng told them what to do for the following day and drove them out of the apartment.

On his way to the master bedroom, he saw Gu Weiwei fast asleep on the sofa without having changed into her pajamas.

Fu Hanzheng carried her into bed, removed her gown and put on a comfortable pair of pajamas before he took a shower.

Gu Weiwei came home from Switzerland after a more than ten hour flight and after devoting herself to the movie premiere at the capital. She slept all the way until dawn.

When she woke up early in the morning, she found that Fu Hanzheng, who always got up early, was still there, and a ray of sunlight shone through the gap between the curtains.

She looked at the man, who was still sleeping and leaned forward to kiss his thin lips.

Fu Hanzheng squinted and tightened his arms around her.

“You are awake?”

“Don’t you need to go to the company?” Gu Weiwei asked.

Fu Hanzheng said, “No need to go in until lunchtime.”

When the movie was released nationally the day after tomorrow, she would be away for another month and they would not be able to meet again.

He had to spend all the time he could with her.

Gu Weiwei thought of how he had asked her to come home from work last night, so that he could spend some time with her today.

“The sun seems to be shining brightly today.”

“What?” Fu Hanzheng looked up, not quite understanding what she was saying.

“I heard a saying before, that when I wake up in the morning and see you and the sunshine, I will be very happy.” Gu Weiwei chuckled and held his waist as she said, “It is great that you are here when the sun is shining.”

Fu Hanzheng brushed her hair. “Anywhere you want to go?”

Gu Weiwei thought for a while and said, “The sun is shining so brightly, let’s do some exercises that can help our body and mind.”

Fu Hanzheng lowered his eyes and chuckled as he pinched her chin.

“Sure.”

Having said these words, he passionately kissed her.

After a long while, Gu Weiwei lay in his arms, sweating. She pushed the man next to her angrily.

“I mean, let’s take a walk, what are you thinking?”

She meant that they were both at home this morning and the weather was good too, so they should take a walk nearby.

But he wanted to spend the entire morning in her bed.

“Compared to taking a walk, this is better for the body and mind.” Fu Hanzheng said as he chuckled.

Gu Weiwei had wanted to eat breakfast, take a walk and go to work after lunch.

But it was not until midday when they finally got up and Fu Hanzheng came out of the shower.

“The water is ready, go and bathe.”

Gu Weiwei put on her sleeping gown, massaged her aching waist and went into the bathroom to take a bath.

She bathed, got changed and went downstairs. Fu Hanzheng was waiting for her in the dining room, reading the financial newspaper. The sunlight shone upon him through the floor-to-ceiling window, making him look very charming.

“It is getting late, I will drive you there after lunch.”

“No thanks, too many journalists have been following me around these days.” Gu Weiwei sat down and turned him down.

There were too many paparazzis trying to invade her privacy these days and she had to be very observant when she went home. If she asked him to drive her, she would definitely be caught.

Fu Hanzheng understood her concerns and did not insist.

“Get Lei Ning to drive you there. If the Li Family forces you too much, they might get desperate.”

“Don’t worry, I am not one to be taken advantage of.” Gu Weiwei snorted.

If she did not agree to cancel the lawsuit, Zhou Meiqin and the rest might want to silence her.

But she was not the Mu Weiwei who would be at their mercy.

Chapter 672: Old Lady

At two in the afternoon, Gu Weiwei arrived at the TV Station and completed the first interview.

Since the misunderstanding was solved, the filming went very smoothly and the TV Station was very friendly towards her.

After the filming, Jolin and her were just saying goodbye to the crew when the haggard Old Lady came to them with the help of Li Xiangxiang.

They asked pitifully when they saw her, “Weiwei, can we talk for a while?”

Gu Weiwei smiled and said something to Jolin.

Jolin talked with the TV Station and they gave them a lounge for them to talk in privately.

A staff member asked Jolin, “This old lady is...”

Jolin adjusted his glasses and snorted. “The Old Lady of the Li Family is here to plead for Li Jiacheng.”

Gu Weiwei, the Old Lady and Li Xiangxiang sat down in the lounge. One side of the wall of the lounge was made of glass and one could see inside from the outside, but they could not hear what they were talking about.

“What is it? Just hurry up and tell me, I have work to do.”

The Old Lady pretended to be humble. “Weiwei, are you really going to sue your father?”

“Didn’t the lawyer’s letter arrive?” Gu Weiwei said.

“He is your father after all, and he has been in charge of the company for so many years. If you want to take the company back, you are going to leave your father with nothing.”

In order to gain sympathy, the Old Lady’s hair was messy and her clothes were wrinkled.

Gu Weiwei countered her with a laugh. “Didn’t he have nothing when he came to the Mu Family? Why is it that after living in luxury for decades, everything in the Mu Family belongs to him?”

“Your father has been working hard for the company for so many years and he has done a great deal, even if he has not made any contributions. No matter how unfilial you are as a daughter, you should not be so cold-blooded as to drive him out of the company, right?” Old Lady said as tears welled up in her eyes.

“Yes, sister, father has been so sad that he has not eaten or drunk anything for two days and Grandma is sick too.” Seeing the situation, Li Xiangxiang also pleaded. “Sister Xing set you up, so we apologize to you on her behalf, but Father did nothing wrong...”

“He did nothing wrong?” Gu Weiwei laughed coldly, stood up and asked, “Did he not marry Zhou Meiqin after my mother died, or did he not change my grandfather’s will to take over my family’s properties, or did he also not drive me out of the house?”

“Weiwei, please, as your grandma, I am begging you.” The Old Lady could not see through her, so she got up and kneeled down by her feet.

She was already so old, so when she suddenly kneeled down, those who were watching the show got startled too.

“You killed my mother, so you must pay the price.” Gu Weiwei said and was about to leave.

Seeing that she was leaving without saying yes, the Old Lady lunged at her.

Dressed in high-heels, Gu Weiwei staggered and fell to the floor, knocking her head against the table.

“Weiwei, I am begging you, don’t be so cruel to your father. If you take back the company, how will your father and I live...”

With one hand over her head, Gu Weiwei could not get up because of the Old Lady’s grip.

Seeing that something was wrong, Jolin opened the door and rushed in. Seeing the blood on her hands, he pushed the Old Lady away and helped her up.

“What happened? Where did you get hit?”

“My head... hit.” Gu Weiwei weakly said.

“Xu, Lei Ning, help us, we are going to the hospital, hurry up!” Jolin called the two assistants and helped her out.

Unconvinced, the Old Lady lunged at her.

“Weiwei...”

Chapter 673: Who Doesn’t Know How to Play Pitiful?

Jolin opened Weiwei’s hands and showed them whilst bellowing furiously.

“Now you are pretending to be pitiful, after stealing the Mu Family’s properties and driving her out of the house, so that she is left outside to wash the dishes. Why should we pity you?”

“She is just taking back what belongs to her, and yet you are trying to kill her?”

...

“I... I am not...” The Old Lady and Li Xiangxiang were startled by what they saw.

She had just pulled her a little, so how did she hit the table and bleed so much?

“I am telling you, if any of you dares to disturb her again, don’t blame me for being rude.” Jolin said angrily and followed Weiwei and the assistants out.

The staff of the TV Station had thought that this Old Lady was pitiful, but when they saw her pushing Mu Weiwei against the table, they lost their sympathy.

Then one of the staff came in and drove them out. “Mu Weiwei doesn’t owe you anything, if you still have a conscience, return the properties to her.”

The Old Lady had wanted to beg Mu Weiwei, and if Mu Weiwei did not agree, she would kneel down and beg her.

Seeing an old woman like her begging for help, the people around her would definitely help her.

Unexpectedly, she had barely said a few words when Mu Weiwei got injured and they were driven out of the TV Station.

Gu Weiwei got into the car and released the hands over her head.

“Xu, give me the wet towel.”

“Weiwei, your wound...” The assistant looked at the blood on her hands and then at her head.

“Fake.” Gu Weiwei wiped off the fake blood on her hands with a wet towel.

If she had not known that the Old Lady of the Li Family would approach her these coming days, she would have looked cold-blooded by refusing to help them.

In the eyes of some people, she was a cold-blooded and unfilial person.

But who did not know how to act pitiful?

She had hidden a small blood bag on her body and she had fallen on purpose, when that happened she pinched the blood bag and covered her head.

So now, it was not that she was cold-blooded and unfilial, but that they had tried to harm her when they failed to get her help.

After that, no one would show any sympathy to them, be it fans or passers-by.

“Ah?” Xu leaned forward and looked at her head. She let out a sigh of relief, when she was sure that it was not a real wound. “You scared me. I thought that you really hit your head.”

“Get the bandage and hat and put them over my head.” Gu Weiwei said with a smile.

Now, she just had to pretend to be the weak one. No matter what the Li Family tried to do, no one would stand on their side.

There was no way the Old Lady could do anything to her.

On the way, Lei Ning went to buy some bandages. They wrapped her head in the car and put on a hat.

After their efforts were frustrated on the first day, the Li Family members were so annoyed that they could not open their eyes.

Jolin said as he drove her home, “With what happened today, the Li Family is courting death if they come to you again.”

Gu Weiwei thought for a while and said, “Ask the lawyer to tell Li Jiacheng that as long as we have the evidence to catch the culprit of the car accident, I will not be so unmovable.”

Jolin was startled. “Why did you leave the company to such a cruel man?”

Gu Weiwei removed the bandage on her head and said to Jolin, in case Fu Hanzheng thought that she was actually injured.

“I am throwing a bone at them so that they can bite each other to death.”

With Li Jiacheng’s personality, he would definitely betray Zhou Meiqin, if it meant that he could hold onto the company or properties in exchange.

If Zhou Meiqin was betrayed, she would definitely turn the tables.

In the end, neither of them could run away.

Chapter 674: Dog Fight

Zhou Meiqin heard that Mu Weiwei was doing the program at the TV Station, so she asked the driver to drive the Old Lady and Li Xiangxiang there.

She knew that the Old Lady was always willing to do anything for her son, and she thought that whatever the Old Lady did, she would definitely persuade Mu Weiwei.

However, she ended up returning within two hours.

“What is it going on, did Mu Weiwei agree?”

“We just said a few words to her but just as she was about to leave... Grandma pulled her and she fell and hit the table. His agent and the TV station drove us out...” Li Xiangxiang told Zhou Meiqin what happened at the TV Station.

“You...” Zhou Meiqin gritted her teeth and said, “I asked you to beg her, but instead you injured her. Do you think that the Li Family has not been scolded enough?”

Old Lady failed to reply and then said, after thinking for a while, “I will go to her tomorrow, what should I say this time...”

“If we weren’t able to succeed today, it will be useless to talk with her tomorrow.” Zhou Meiqin sat down with her arms crossed.

When they made the headlines again that they had injured Mu Weiwei, those who supported her, would hate them even more.

No matter how much the Old Lady begged her, no one would pity her or even think that they weren’t forcing Mu Weiwei to give up her properties.

“Then what should we do? We will definitely lose the lawsuit!” Li Jiacheng anxiously spoke.

Due to the huge matter, Mu Weiwei’s fans were gathered outside Longsheng Enterprise, so he could not go to the company.

“What are we going to do now?” Hearing Zhou Meiqin’s words, Old Lady lost her rationality.

Li Jiacheng thought for a while and looked sinister, “What about...”

“If you want to die, don’t drag the whole family down with you.” Zhou Meiqin glared at him before he finished his words. “Don’t do anything to her now, we will be blamed if anything happens to Mu Weiwei.”

“Then what should we do? We can’t do anything when she takes the company back. We have worked so hard for so many years!” Li Jiacheng asked unwillingly.

Zhou Meiqin thought for a while and said, “Don’t do anything for now, let’s talk again before the court hearing starts.”

There were too many people paying attention to this matter now and their every move would be noticed by everyone. They had to get over this matter first.

Old Lady sighed and said to Li Jiacheng, "Jiacheng, I am tired, help me to my room."

Seeing the Old Lady blinking at him, Li Jiacheng went to help Mrs. Li back to the room.

"Mom, what do you want to say?"

"Jiacheng, in my opinion, Mu Weiwei hates the murderer who killed her mother and it was Zhou Meiqin who killed her. We don't need to be tied down to her..." The Old Lady thought of what Mu Weiwei said at the TV Station and whispered to Li Jiacheng.

After all, Mu Weiwei hated the murderer who had interfered with her family and killed her mother.

And also, Jiacheng was her father and they were related by blood.

But because they were now tied to Zhou Meiqin, she hated them too.

"Mom, are you asking me to betray Meiqin?" Li Jiacheng asked in astonishment.

"What are you talking about? Do you really want to return to that small town with nothing?" Old Lady tried to persuade him.

As long as he kept the company and Zhou Meiqin was gone, he would be able to remarry.

But if they continued to be joined to Zhou Meiqin, they would lose everything.

Chapter 675: Dog Fight 2

Hearing the Old Lady's words, Li Jiacheng started to waver.

After he graduated from university, he married into the Mu Family soon after he started working and started to live the life of an upper-class person.

Now that he was being potentially forced to return to his hometown, he realized he really could not return back to that life.

Seeing his hesitation, Old Lady continued.

"At your age, no company would want you after you lost a company. In the end, you would have to work hard. Can you live like that?"

"Mom, we have been married for so many years, after all, Meiqin has been with me for so long..."

Li Jiacheng could not help but feel sorry for his wife.

Compared to Mu Yao, his feelings for Zhou Meiqin were deeper.

"As you can see, Mu Weiwei has the will left by Old Man Mu in her hands. If she doesn't agree, you won't be able to get anything." Old Lady did not care about anyone else but her son.

As for the daughter-in-law, she could remarry in the future.

After all, as long as Zhou Meiqin, whom Mu Weiwei hated, was pushed out of the picture, they would be safe.

But if he insisted on being with Zhou Meiqin, they would be left with nothing.

When she left her hometown, they were very successful and her son was brought to the city by the Boss himself.

If they went home with nothing, they would not have any face.

But if they stayed in the capital, there was no place for them to stay.

Li Jiacheng was just hesitating, when his phone rang.

“Mr. Li, I am Mu Weiwei’s attorney. Miss. Mu intends to make the person who killed her mother, pay the price. She does not want to pursue anyone else.”

“What do you mean?” Li Jiacheng asked.

“What I mean is that if Mr. Li can identify Ms. Zhou as the killer and let Ms. Mu take revenge against her, for killing her mother, she can decide not to take back the company. After all, she is not short of money.” The lawyer tried to persuade him.

Boss’ girlfriend was very cruel, when she was being mean.

The lawsuit alone was enough to ruin the Li Family.

But two years had passed since her mother’s car accident, and there was no evidence to be found.

Therefore, she threw out the bait and asked Li Jiacheng to accuse Zhou Meiqin.

By that time, Zhou Meiqin and Li Jiacheng would turn against each other and both of them would suffer.

“Words are useless, why should I trust you?” Li Jiacheng had been in the business world for years and he would not easily trust a promise.

The lawyer thought for a while and said, “How about this, I can draft an agreement for you and Miss. Mu to sign and I will be the witness.”

Li Jiacheng thought for a while and said, “I will wait until you have drafted the agreement.”

“Okay, Mr. Li, wait for my good news.”

The lawyer hung up and called Gu Weiwei.

Gu Weiwei did not object. She agreed to the lawyer’s draft of the agreement and asked him to officiate it tomorrow.

Hearing their words, Fu Shiqin worriedly asked, “Won’t it be too easy for Li Jiacheng, if we sign the agreement?”

Before Gu Weiwei could say anything, Fu Shiyi spoke for her, “Second Brother, you are so brainless! Sister-in-law wants them to fight each other and then send them both to jail. If Jiacheng of the Li Family goes to jail, what is the point of the agreement?”

He had been with his sister-in-law for a long time and he had already seen how cunning she was.

Chapter 676: Second Brother

Hearing Fu Shiyi's analysis, Fu Shiqin looked at Gu Weiwei and then at his brother.

He had thought that his sister-in-law was a cute little bunny, but in the blink of an eye, she had turned into a cunning fox.

He already had a treacherous brother, why did he need such a scary sister-in-law?

"Sister-in-law, you are so cruel."

Not only did she plan to make them lose everything, but she also wanted them to become each other's enemies.

"If their love is stronger than gold, then it will be useless for me to bait them." Gu Weiwei snorted.

Fu Shiyi snorted. "Li Jiacheng will definitely take the bait, when it comes to betraying his wife."

Li Jiacheng had betrayed the Mu Family for Zhou Meiqin and now he would betray Zhou Meiqin for the company.

It was very difficult to find any evidence about Mu Yao's car accident. If there was a witness, Zhou Meiqin would have been sent to jail.

Then sister-in-law wouldn't have to use Li Jiacheng to send her there.

Fu Shiqin threw a look at his brother. "Brother, don't you think that it is a bit scary for sister-in-law to think of such things at such a young age?"

She was so smart that she did not seem like a 19 year old girl.

Fu Hanzheng squinted at him. "It is scary if you still can't think of anything at your age."

He liked how smart and quick-witted she was. Even if he did not interfere, she would not suffer.

"I..." Fu Shiqin felt wronged.

He just thought that his sister-in-law should be obedient and cute at this age. Why did his brother say that he was so stupid?

Fu Shiyi picked up a piece of fish and gave it to him. "Come here, Second Brother, eat the fish, the oils are good for your brain."

Second Brother had thought that his sister-in-law was an obedient and sweet girl, but if that was his sister-in-law, then who was Mu Weiwei?

Gu Weiwei threw a look at Fu Shiqin and asked with a smile,

"What, am I scary, do you want your brother to change your sister-in-law?"

Fu Shiyi smoothly answered, "Don't worry, I know my sister-in-law will not be changed, but you can change the brother."

Hearing his words, Fu Shiqin put down the bowl and was ready to strangle him.

After dinner, Gu Weiwei and Fu Hanzheng ignored them and went upstairs.

Fu Hanzheng was dealing with work in the room and she was waiting in the study. She thought of what Fu Shiqin had said.

“Am I really that scary to Li Jiacheng and the rest?”

In the eyes of outsiders, he was her real father after all, and it was a bit strange for her to be so cruel.

But she was not Mu Weiwei, and she did not have a deep father and daughter relationship with Li Jiacheng. She just wanted them to pay for what they had done.

“I am very glad that Mrs. Fu is so smart.” Fu Hanzheng chuckled.

Li Jiacheng and Zhou Meiqin had wronged the Mu Family, so she found the murderer who murdered her mother and asked for her to be punished by the law.

What was so scary about that?

He was glad that she was so smart, otherwise she would not have escaped from Gu Siting...

Gu Weiwei smiled brightly and approached him.

“If the Wei Family doesn’t interfere, things will go smoothly.”

“The power of the Wei Family is still in Old Man Wei’s hands, he would not do such a thankless thing.” Fu Hanzheng analyzed the situation for her.

Wei Ziting might want to help Li Xing’er, but if the case was going to be carried out according to the legal procedures, Wei Ziting would not be able to get her out without Grandpa Wei’s help.

Grandpa Wei and Mu Longsheng were friends, so he would not help Li Jiacheng and Zhou Meiqin.

Chapter 677: Secret Agreement With Li Jiacheng

The following afternoon, Gu Weiwei had just finished a job, when the lawyer called her and asked her to meet him.

Li Jiacheng said that he would agree to sign the agreement but he was only going to sign it in person, after meeting her.

“Send me the address.” Gu Weiwei asked for where they were meeting.

Although Li Jiacheng was not as scheming as Zhou Meiqin, he had been in the business industry for so many years and he was quite cautious.

The lawyer knew that she was being watched, so he arranged to meet her at the teahouse. Most of the people here were middle-aged and old, and they did not pay much attention to the entertainment news, so no one would recognize her.

Also, it was a quiet place for them which was perfect for them to talk.

Gu Weiwei went to the private room of the teahouse, took the contract from the lawyer and read the contents.

Then she signed her name.

Li Jiacheng worriedly asked, when he received the agreement, "Are you sure you won't take back the company, after you catch the culprit?"

"Am I short of money?" Gu Weiwei removed her sunglasses and asked with a cold smile.

Li Jiacheng thought for a while. With her current popularity, she was going to make hundreds of millions of yuan.

It seemed that Shiyi Culture was not lacking in profits.

Seeing that he was still hesitating, Gu Weiwei coldly said, "If it had not been for Zhou Meiqin, the Mu Family would not have become what it is today. Although I hate you, you are still my father and I don't want to be known as an unfilial daughter."

Li Jiacheng seemed to have some feelings for Zhou Meiqin, but that was nothing compared to his selfishness.

Sure enough, Li Jiacheng picked up the pen and signed the agreement after hearing what she had said.

Seeing him signing the paper, Gu Weiwei said, "When the car accident culprit is declared, the agreement will take effect. But if it is not declared, then the agreement will be useless."

"Alright, you better keep your promise." Li Jiacheng glared at her.

He had never expected that Mu Weiwei, who used to be stubborn and unreasonable, would become so successful after she left home.

Gu Weiwei checked the time and left with Jolin.

Jolin opened the door for her and said, as he got into the car, "Even if Li Jiacheng betrays Zhou Meiqin, Zhou Meiqin might not turn against Li Jiacheng so easily, especially if she has been able to tolerate him for so many years."

Gu Weiwei chuckled. "It is because of her sacrifice that she will turn against Li Jiacheng, after he betrays her."

Zhou Meiqin truly loved Li Jiacheng and she had given birth to two daughters for him and had been his mistress for so many years.

In the end, she even set up a car accident to help him steal the Mu Family's properties.

But Li Jiacheng might not treat her with such devotion. He would always love himself first.

"But that will save us a lot of trouble." Jolin said with a smile.

Otherwise, if they and the police found the evidence themselves, they would have to spend a lot of effort to send them to jail.

When Li Jiacheng told everyone about Zhou Meiqin setting up the car accident, Zhou Meiqin would not allow herself to be dragged down alone. She would tell everyone about what Li Jiacheng had been up to all these years.

In the end, neither of them would be able to run away and Mu Weiwei would benefit from it.

The lady boss was indeed the lady boss. It was fine if she did not do anything, but when she did, it was very shocking.

“How is the premiere of Dream of a Long Life 2 going?” Gu Weiwei asked.

Li Xing'er had run into her by accident but Ling Yan was the real target.

“Not bad, but some of the reports are saying that it is not as good as the first one.” Jolin said.

When the movies Sleepless and Dream of a Long Life 2 were released on the same day, the box office would definitely be better for Ling Yan's movie.

Chapter 678: Zhou Meiqin

Li Jiacheng discreetly signed the agreement with Mu Weiwei, whilst Zhou Meiqin and Li Xing'er were still trying to solve the problem.

Zhou Meiqin asked Li Xing'er to make a call to urge Wei Ziting to come home, as soon as possible.

A long while later, Li Xing'er hung up.

“He won't be home for three more days.”

Zhou Meiqin paced back and forth in the study and said with a sigh, “You may not be able to keep your job as an actress, but no matter what, you must keep your marriage with Wei Ziting.”

“Wei Ziting has agreed to marry me when he returns home.” Li Xing'er said.

Although she was not willing to let her career be ruined just like that, she could not do anything about it.

Longsheng Enterprise was facing a lawsuit against Mu Weiwei. If she did not marry Wei Ziting now, she would lose everything.

Luckily, Wei Ziting had been devoted to her all these years.

“Good.” Zhou Meiqin let out a sigh of relief.

If she lost the case with Mu Weiwei, she would have to rely on her daughter and the Wei Family to survive in the capital.

“When Wei Ziting comes home, get married as soon as possible and give birth to a child for the Wei Family as quickly as you can. Grandpa Wei will then no longer be opposed to you.” Zhou Meiqin said seriously.

Grandpa Wei had not approved of her marriage with Wei Ziting, and now that they were going to have a lawsuit with Mu Weiwei, the Wei Family might be even more against it.

So she had to get married before Wei Ziting was prevented from marrying her.

Li Xing'er understood that her mother was just thinking on her behalf, so she nodded obediently.

“I understand, Mom.”

As the mother and daughter were talking, the servant came upstairs and knocked on the door of the study.

“Madam, the police want to see you.”

“Police?” Li Xing’er asked in astonishment.

The servant nodded. “There are several officers, they are waiting downstairs in the living room.”

Zhou Meiqin thought for a while and said, “Maybe they want to ask about the car accident. Let’s go down and take a look.”

It had been a long time since the car accident and there was no evidence left, so there was nothing to be afraid of.

Li Xing’er was on the first floor with her and she seriously regretted saying those words to irritate Mu Weiwei.

Because now, not only had she failed terribly, but she had also attracted the police.

The moment the mother and daughter went downstairs, the police officers asked them, “Who is Zhou Meiqin?”

“I am Zhou Meiqin, what is it?” Zhou Meiqin calmly asked.

“Regarding Ms. Mu Yao’s death in the car accident, we would like to ask Ms. Zhou to assist in the investigation.” One police officer showed his identification and said.

“Do we need to go to the police station to help with the investigation?” Zhou Meiqin questioned.

If she was just helping with the investigation, they could just ask her whatever they wanted right here. Why did they have to bring her to the police station?

Seeing that she was not leaving, the police officer took out his handcuffs.

“We have evidence that Ms. Mu Yao was killed in a car accident and Mu Weiwei was seriously injured in a car accident. Ms. Zhou, you are very suspicious.”

“Evidence? What evidence?” Zhou Meiqin asked. That matter was so clean, they had no evidence!

“Someone reported it to the police and gave us the evidence. As for the rest... we will talk about it when we reach the police station.” The policeman said and handcuffed her hands.

“What are you doing? Why did you arrest my mother? What evidence do you have to arrest my mother...”

Li Xing’er threw herself at him and tried to stop him.

Hearing the police’s words, Zhou Meiqin was startled. Someone reported them?

They were the only ones who knew about it. Xing’er was at home today and the only one who was not at home was... Li Jiacheng.

Chapter 679: Zhou Meiqin in Detention 2

Li Xing'er was about to stop them, when the police officers pulled her away and handcuffed her mother.

"Mom, how did this happen? How did this happen...?"

There was no evidence of what happened back then, so how could these people have any evidence to arrest her?

Zhou Meiqin was startled, when she thought of Li Jiacheng.

She had not expected that the man she had slept with for so many years, would betray her at this critical moment.

She looked at the Old Lady who had popped her head out of the room and then closed the door, cursing.

"Old woman, you instigated him, didn't you? You instigated your son to betray me."

"Without me, Zhou Meiqin, you and your son would not have been able to live here. How dare you ask him to betray me!"

...

On the day before, the moment Old Lady Li came home, she had called Li Jiacheng into the room and the mother and son had secretly talked for a long time.

She had asked Xiangxiang what they talked about with Mu Weiwei and so she concluded that it must have been the old woman who thought that Mu Weiwei hated her.

As long as she betrayed her, Mu Weiwei would give up the company because of their relationship.

Because of this man, she gave birth to two children for him without receiving a proper title and even had to watch him become the son-in-law of the Mu Family.

But in the end... he indirectly showed her that he was going to put her in jail for the sake of the company.

Zhou Meiqin cursed, as she was forced out of the house and stuffed into the back of the police car.

Li Xing'er ran out and saw her mother going into the police car, unable to stop them.

After a long time, she rushed into the house, knocked on the door of the Old Lady's room and started to furiously interrogate her.

"Grandma, did you ask dad to snitch on mom? Did you?"

The Old Lady did not think that her son had done anything wrong, so she snorted at Li Xing'er.

"Isn't it because of this family?"

"For this family? You are just doing this for yourselves!" Li Xing'er was so angry that her face had turned pale.

Her mother had tolerated her father for so many years, before she finally got married and entered the family. They had only been together for a few years and now she had been betrayed.

“If we don’t keep the company, how are we going to survive? Your sister is still in school.” The Old Lady confidently said.

“You... you...” Li Xing’er was so angry that she smashed everything in the living room. She pointed at the Old Lady and scolded. “If my mother doesn’t come out, none of you will have a good time.”

All these years, the mother and the daughter had been trying their best to help Li Jiacheng get the Mu Family’s properties.

Yet they had betrayed their mother without hesitation. How did she have such a father?

“Isn’t your father doing this for the sake of the family? Can’t you be more understanding as a daughter?” The Old Lady did not think that her son had done anything wrong. Instead, she blamed Li Xing’er for not understanding.

“Be understanding towards him?! We have been living without a title for so many years! Are we not understanding enough? Mom has been working so hard for the company for so many years and yet she is not understanding enough?” Li Xing’er grabbed the Old Lady and pushed her hard.

However the Old Lady was not a pushover. She stood up and slapped Li Xing’er.

“What are you yelling at me for? If you had not provoked Mu Weiwei, none of this would have happened!”

“Your mother warned you not to do anything to Mu Weiwei, but you refused to listen to her. You are the cause of your mother’s downfall, why are you yelling at me?”

...

She had caused so much trouble because she had provoked Mu Weiwei.

She could only blame herself.

Chapter 680: Li Family’s Internal Strife

Li Jiacheng came home but he did not enter the house.

He parked the car near his home and saw Zhou Meiqin being taken away by the police car. He was smoking in the car and did not enter the house until the evening.

Seeing him coming home, Li Xing’er furiously yelled at him, “Dad, why? Why did you betray Mom?”

“What betrayal?” Li Jiacheng played dumb.

“Only a few of us know about it, and you are the only one who has been away for half a day. Who else is going to tell but you?” Li Xing’er pressed.

She had thought that the worst case scenario was that her career would be ruined and her family would be facing a lawsuit with Mu Weiwei.

But what was worse was that her parents had turned against her and the family had fallen apart.

Seeing that he could not hide it any longer, Li Jiacheng did not deny it.

“What do you know? I did it for this family!”

Without the company, how would the family live?

“You are sacrificing my mother for this family?” Li Xing’er asked with tears streaming down her face.

Li Jiacheng impatiently sighed and said, as he sat down, “I have found a lawyer to defend your mother. She will be sentenced to at most ten years for intentional murder. She will be released within ten years if she performs well.”

“Ten years, how many years can a person live for? Do you have any conscience?”

Li Xing’er gritted her teeth. She had always hoped that the family could reunite and that she would be able to live well with her father.

Now, she would rather not have him as her father.

“If we don’t keep the company, we will have nothing left.” Li Jiacheng bellowed.

“Keep the company?” Li Xing’er sneered and snorted. “Do you think that Mu Weiwei would leave the company to you just because you offered up mother? She wants our family to be ruined, so why would she leave the company to you?”

“I am her father after all!” Li Jiacheng resolutely said.

If it had not been for Zhou Meiqin’s appearance, he might have been able to spend the rest of his life with Mu Yao. Mu Yao did not like people who backstabbed or smiled fakely, so he would have been the one in charge of the company.

But at that time, he had listened to Zhou Meiqin’s instigation and joined her because he was worried that Mu Weiwei would take over the company, when she was older.

But now, she had fallen into such a situation.

“You have never treated her as your daughter, why would she treat you as her father? What are you dreaming about?” Li Xing’er bellowed furiously.

She had been defeated by Mu Weiwei several times, and she knew that she would not let them off easily.

Mu Weiwei not only hated her mother but also everyone else.

It was not the right time for her to exact revenge before, so she had been keeping a low profile.

Now that everyone was on her side, she would not frown even if she forced their family to death.

“Enough, you are the cause of everything. If you had not revealed the truth in front of her, she would have kept it to herself.” Li Jiacheng was very annoyed and did not want to argue with her anymore.

Mu Weiwei did not pursue the matter before, but when she told Mu Weiwei about the car accident last time, Mu Weiwei refused to let it go.

Before this, Mu Weiwei had no idea that the car accident was caused by someone else, but because she had said something she should not have...

“1...”

Li Xing'er burst into tears with her hands over her face. She had just wanted to irritate Mu Weiwei, so that she would retaliate and be scolded by the public, but she had not expected that Mu Weiwei would start the recording the moment she entered the room.

Also, whilst the public supported her, the evidence against Mu Weiwei was released and she was criticized by everyone. But in the blink of an eye, she became the object of everyone's sympathy.
