

MY HIDDEN 771

Chapter 771: Violence 2

Yuan Shuo frowned when he saw her box.

“Didn’t you say that you threw it away?”

Yuan Meng took out a syringe containing a blue liquid and said with a smile, “Yes, I did, but I picked it back up again secretly.”

“...” Yuan Shuo sighed. He knew that this woman was never obedient.

Yuan Meng went over to He Linna with the syringe and said with a grin, “This is a type of venom from an animal in the tropical rainforest. When it is injected into the blood vessels, it makes the blood feel as hot as magma. I have used it three times and it always works very well. How about it... do you want to try it too?”

He Linna glanced at the syringe in her hands and did not take them seriously.

“Who are you trying to scare?”

She was unlucky to have fallen into their hands, but no one was going to make her betray her master.

“Then I will scare you.” Yuan Meng was about to stab the woman’s arm with the syringe, when He Linna suddenly moved and tried to take away what Yuan Meng was holding, so that she could become her hostage instead.

However, her hands were tied and she was not very agile. Coupled with the fact that she had met an expert like Yuan Meng, she was subdued within a few seconds.

Yuan Meng injected the drug into her arm. “You want to counterattack and capture me with just a few moves? You were still being breastfed when I finished my training.”

There were calluses on He Linna’s hands, and it was obvious that they were caused by the frequent use of guns. But her skills... were so bad.

Yuan Meng was good at fighting, and she was proficient in martial arts and ninjutsu, so she could kill anyone she wanted.

Yuan Meng gave the syringe to her subordinate and checked the time, waiting for the drug to take effect.

“Are you having a fever yet? Don’t worry, this is just the beginning.”

He Linna had not believed that the drug in the syringe was poisonous, but she soon felt herself getting hotter and hotter, as if she had been thrown into a furnace.

She rolled onto the ground in pain and screamed.

Yuan Meng looked at her coldly and explained, "Don't worry, the dosage won't kill you, it will only cause you pain for a while, and then your skin will get drier and drier, and eventually it will shed off piece by piece..."

"You... you..." He Linna was sweating all over and could not utter a sentence.

Yuan Meng crossed her arms and watched, waiting for the effects to wear off. Some people were not willing to talk unless they tried one of her treasures.

Although it had only been ten minutes, He Linna felt as if she had already died once.

Yuan Meng squatted down and looked at the woman who was curled up on the floor.

"So, are you interested in telling me who instigated you?"

He Linna took a deep breath and snorted.

"Don't even think about it!"

"Okay, let's continue." Yuan Meng asked someone to inject her with the antidote.

Then she took out another syringe.

"That was just an entry-level experience from among my treasures. There are many more, and you are lucky enough to experience them all without even asking."

Yuan Shuo reminded her with a small voice. "Can't we do it another way?"

"In what way? Kneel down and beg her to tell me?" Yuan Meng asked in amusement.

Yuan Shuo turned around and stood a few steps away, too lazy to argue with her.

Within one hour, Yuan Meng came out to find him with a happy smile on her face.

"Done."

"Did you find out who instigated her?" Yuan Shuo asked.

Yuan Meng nodded. "Yes, but he is not an easy target."

Chapter 772: No Flirting

Hearing her words, Yuan Shuo looked a bit nervous.

"Who is it?"

Yuan Meng looked serious and whispered, "Someone from the Dorrans Family, Will, Will Dorrans."

Yuan Shuo frowned. "It's him?"

Will Dorrans was Cayman's second assistant besides Matthew, and it turns out that he was the one who wanted Weiwei dead.

"What should we do now?" Yuan Meng asked him.

She did not know as much about the Dorrans Family as he did.

Yuan Shuo thought for a while and said, "Where is He Linna? Is she dead?"

"Not yet, I thought that it would be useful to keep her alive, so I did not do anything," Yuan Meng said.

Yuan Shuo nodded and said, "Find a way to put her in a hospital or a prison in Barcelona, where no one will notice her. They will not look into those places."

Yuan Meng asked curiously, "Shouldn't we think of a way to send her to the Dorrans Family?"

"We are not sure how many people of the Dorrans Family are Will's men, so we can't just send her there. Also, Cayman will not believe us that easily." Yuan Shuo analyzed the internal situation of the Dorrans Family and decided to discuss with Gu Weiwei about the next step.

Yuan Meng sighed with her arms crossed. "Ling Yan is one of the murderers, but the real mastermind is Will. But if Weiwei wants to take revenge, she will be involved in the internal strife of the Dorrans Family."

Cayman Dorrans had returned to the family for revenge because of Weiwei's mother's death. Many people had died and he had lost a leg.

The Dorrans Family seemed to have a great influence in Europe, but they were also full of danger.

"I need to return to the country as soon as possible," Yuan Shuo said.

Yuan Meng did not want to leave in such a hurry, but she knew that the situation was very serious.

Was it because Will Dorrans knew something about Weiwei or because of Ling Yan's request?

What would he do after this failure?

They knew nothing about it.

"Let's go, I will make the arrangements here."

Yuan Shuo hugged her and reminded her.

"Be careful, and... don't flirt with men."

"I am not going to make you a cuckold, you're already a cuckold!" Yuan Meng snorted.

Yuan Shuo said goodbye to her in a hurry and left his hiding place, heading back to Hua Land alone.

But because Anthony Gustav was looking for them, it took him a long time before he boarded the plane and went back home.

Gu Weiwei did not text Yuan Meng until the evening, when Fu Hanzheng was in the study, asking her about the progress.

It had been hours and they should have contacted her.

Thinking that Anthony Gustav was looking for them again, she quickly contacted her.

But since Fu Hanzheng and his men were at home, she could not make the call, so she could only send a text to ask.

Almost an hour later, Yuan Meng replied.

[Master is on his way home, he will tell you the details.]

Gu Weiwei felt a bit uneasy after reading the text – she sounded so serious.

Yuan Meng, who had always been indecent, wrote in a serious tone, which meant that the situation was a bit tricky.

They did not tell her over the phone but asked Yuan Shuo to tell her when he was back. It seemed that the situation could not be explained in just a few words.

Chapter 773: Yuan Meng

Fu Hanzheng finished his work and returned to the master bedroom, only to find Weiwei sitting on the sofa with a deep frown on her face, holding her phone.

“What happened?”

Gu Weiwei came back to herself and said, after being startled for two seconds, “Nothing, just pondering over some new ideas with the scriptwriter.”

Fu Hanzheng knew that she was talking with the scriptwriter about the script for her next movie, so he did not think too much about it.

But when he saw Yuan Bao, who had fallen asleep in their bed, he frowned.

“When is Yuan Shuo coming home?”

Gu Weiwei laughed dryly. “He should be home tomorrow.”

At the beginning, when Yuan Bao was asleep, she sent him to Fu Shiqin and Fu Shiyi. But one day, he woke up in the middle of the night and found that she was not there. He cried for a long time before she was able to stop him.

Tonight, he was determined to share the same bed with her.

Fu Hanzheng threw a look at the sleeping boy, who looked as obedient as an angel.

Alright, he would tolerate him for one more day.

“I am going to take a shower.”

Gu Weiwei gave him the pajamas she had prepared for him and went back to bed, thinking about what information Yuan Shuo was going to bring back.

If Yuan Shuo had left, they should be able to meet before dark tomorrow.

A long while later, Fu Hanzheng came out of the shower and said, when he saw that she was still awake, “Do you have any work to do next week?”

Gu Weiwei thought for a while. "No."

She had asked Jolin to turn down all the work because she wanted to work behind the scenes and spend more time with him.

"I am going on a business trip, let's take the pictures," Fu Hanzheng said.

"Pictures?" Gu Weiwei raised her eyebrows.

Fu Hanzheng said, "Wedding pictures."

With her reputation, she would definitely be discovered by the journalists if she had her wedding photos taken, so it was better for her to go abroad.

His family at the old mansion kept urging them to hang up their wedding pictures, even if they did not return to live there.

Also, they did not have many pictures together, so he wanted to take her with him.

"Can we actually do it next week?" Gu Weiwei asked.

Fu Hanzheng went over to the bedside and sat down. "I have asked Jolin to get ready. The photographer and the makeup artist will be there ahead of time, so having you with my bodyguards will be enough."

Gu Weiwei asked, "Won't it affect your work?"

"No." Having said these words, Fu Hanzheng turned off the light and got into bed, only to find that Yuan Bao was occupying his space next to his woman.

He was sleeping soundly in her arms.

He lay down and sighed.

"Must we have children?"

He said that he was trying to get used to the life of having children, but it had only been two nights and he already felt that he could not get used to it.

He could totally imagine that when he had a child, this bed would no longer be his.

Gu Weiwei did not know whether to laugh or cry. She carefully climbed over Yuan Bao and gave him a hug.

"You have to be a father."

Fu Hanzheng thought for a while and suggested.

"When Fu Shiyi and Fu Shiqin get married and have children, you can play with them."

"..." Gu Weiwei was speechless.

It seemed that there was still a long way to go before he could get rid of his negative thoughts about children.

With Yuan Bao between them, they could not fall asleep in each other's arms, so they had to hold hands instead.

Early in the morning, Fu Hanzheng got up, freshened up and was getting ready for work, when Gu Weiwei heard her phone ringing.

She squinted at the phone and read the message.

She thought that she was seeing things, so she rubbed her eyes and sat up, when she saw what it said.

Yuan Meng: [I was caught by Gu Siting.]

Chapter 774: Yuan Meng and Gu Siting's Confrontation

Seeing her suddenly sitting up, Fu Hanzheng asked curiously, "What is it?"

Gu Weiwei tried hard to stay calm and said with a smile, "The scriptwriter sent a very bold idea."

Hearing her words, Fu Hanzheng did not ask anything more because he was in a hurry to attend the morning meeting.

"See you at the company."

"Okay." Gu Weiwei nodded and watched him leave the master bedroom.

Then she read Yuan Meng's message again.

She tried calling her, but her phone was off.

...

In Barcelona, Spain.

Yuan Meng and her men arranged for He Linna to be admitted as a mental patient to a hospital and Yuan Meng stayed in the hospital with her.

When she was about to return to the Anderson Family, she was stopped by Gu Siting, who had come to find He Linna because of Anthony Gustav.

She had just finished lunch with her men, when Gu Siting and his men stopped her in a small restaurant.

"You can fool Anthony Gustav but not me."

When she and Yuan Shuo were still in A Land, he had dealt with them many times and he knew very well what methods they liked to use.

He had thought that Fu Hanzheng was looking for He Linna, but he found that she and Yuan Shuo were looking for her too.

Sitting there, Yuan Meng had the urge to slap the leftovers across his face, but she restrained herself because of the bodyguards of the Gu Family.

"Alright, stop showing off in front of me. I just had lunch and I don't want to puke."

Yuan Meng did not conceal her disdain towards him at all.

Gu Siting did not take her words seriously and asked straightforwardly, "Where is He Linna?"

"Of course I'm not going to tell you," Yuan Meng said with a smile.

Gu Siting looked cold. "What did you do?"

"I found out what I wanted to know, so now she has no more value. What is the point of keeping her around for the New Year?" Yuan Meng snorted.

She was dealing with Gu Siting and reporting to Alex Anderson at the same time, she was hoping that he would come to her rescue.

There were too many enemies and way too many guns, and she would be beaten up if she tried to escape. She did not want to end up in that situation.

Gu Siting's eyes darkened and he asked, "What did you find out?"

"None of your business, we are not that close." Yuan Meng snorted with her arms crossed.

Gu Siting threw a look at Kuroda Shio, who pointed a gun at Yuan Meng's friend.

"If you don't tell the truth, I am afraid that your partner will end up feeling quite unwell."

She had approached He Linna because of Mu Weiwei's attack, but He Linna and Weiwei's death were also related.

He had to know where this He Linna came from and who was behind her.

Yuan Meng pursed her lips and asked, "I am here because of Mu Weiwei's attack, what are you doing here?"

Gu Siting threw a cold look at her. "Weiwei's assassination also involves He Linna. If she is in your hands, I want her alive. If she is dead, I want to know everything you know."

Yuan Meng sneered and said, "Gu Siting, stop pretending to be devoted. You are disgusting! Even I find you disgusting."

"Yuan Meng, there is a limit to my patience." Gu Siting looked cold and threatening.

Yuan Meng smiled coldly and said, "Okay, you just want to know what I got from He Linna, right?"

"Who ordered her to get the Li Family involved?" Gu Siting asked.

Yuan Meng smiled deeply and said, "Your fiancée, Ling Yan."

Chapter 775: Touched?

However, Gu Siting looked calm, apparently not believing Yuan Meng's answer.

"Yuan Meng, my patience is limited, stop beating around the bush."

Seeing his disbelief, Yuan Meng rolled her eyes, she was feeling rather speechless.

"You asked me yourself and I told you but you don't believe me. What more do you want?"

“There’s no way it can be her, if you want to frame someone, find a suitable candidate,” Gu Siting said.

Ling Yan was not that brave and neither did she have the capability.

Yuan Meng sneered. “Gu Siting, you think that you understand the people around you, but you don’t understand anyone. You didn’t understand Weiwei and you don’t understand Ling Yan either.”

She had told him that it was Ling Yan, but he did not believe her at all.

In his eyes, Ling Yan was always gentle and kind, and she would never do anything harmful.

“How trustworthy are your words? You hid your identity, just to get close to the Yuan Family,” Gu Siting said.

“Believe it or not, ask me again and again. Ling Yan is still the only messenger I can tell you about.” Yuan Meng was fearless.

If he did not believe her now, it would not be long before he did.

Alex Anderson, that stupid golden retriever, was always hovering around her like a fly when she did not need him, but when she needed his help, he did not show up.

Gu Siting did not want to talk with her about Ling Yan any more. “You said that you dealt with He Linna, if she is alive, I want to see her. If she is dead, I want to see her body. Where is she?”

“I tied her up and threw her into the sea.” Yuan Meng lied without changing her expression.

“Where?” Gu Siting asked.

Without seeing He Linna’s body, he would not believe that she was dead.

“You can go to Port of Olympus if you want,” Yuan Meng said provocatively.

Gu Siting threw a look at Kuroda Shio, who then led his men out.

Yuan Meng lit a cigarette calmly and continued to waste time with him.

“Gu Siting, you are the first person I have met who has played people so well.”

The Gu Family had adopted Weiwei and the Dorrans Family had helped the Gu Family in secret.

If it had not been for the assassination that caused her rebirth, Weiwei might not have fallen in love with Gu Siting like she had with Fu Hanzheng, but she also would have never left the Gu Family either.

But when Gu Siting found out about the circumstances of his father’s death, he started to involve himself with Ling Yan...

Then he lost Weiwei and the help of the Dorrans Family, and now he was being forced back by Fu Hanzheng.

If he found out that Weiwei and Fu Hanzheng were together in the near future, because of the Heavenly Jewel, he would definitely be very unhappy.

Gu Siting glanced at her coldly and did not respond to her words.

He soon received a call from Kuroda Shio. After hanging up the phone, he said to Yuan Meng, "You never showed up at the port of Olympus."

Yuan Meng snorted. "You only checked the CCTV, how can you be so sure that I was not there? And if I was there, you should know that the CCTV would not be able to catch me anyways."

She did not go, but she would not admit it either.

"If you tell me everything you know from her, I will let you go." Gu Siting negotiated with her.

"I told you that the mastermind behind He Linna is your fiancée Ling Yan. How many times must I repeat myself?" Yuan Meng snorted impatiently.

Hearing her words, Gu Siting looked sinister.

"If you don't want to tell the truth, then come back to A Land with us and think about it before answering."

Yuan Meng looked out of the window. "I am afraid that I can't leave with you."

She had just finished speaking when Alex Anderson, a tall blonde man, entered the restaurant with a group of equally tall bodyguards.

"I am here to save you, do you feel touched?"

Chapter 776: Weiwei

Ignoring his words, Yuan Meng stood up and said to Gu Siting, "President Gu, can I leave now?"

Gu Siting smiled calmly. "Anthony Gustav is just two blocks away, so he should be here soon."

What he meant was that if she was leaving, he would inform Anthony Gustav to bring his men here.

The people around Gu Siting might not have a chance of winning, if they fought them head-on.

But if Anthony Gustav was here, they would not be able to escape even if Alex was here.

"I have told you that it was Ling Yan who ordered her to do it. What else can I do if you don't believe me?" Yuan Meng asked furiously.

She had only told him who one of the murderers was and not included Will Dorrans.

"She is not brave enough to do anything to Mu Weiwei," Gu Siting said.

Ling Yan knew that Mu Weiwei was Fu Hanzheng's woman, and even if her career had been damaged because of Mu Weiwei, she would not have lost her rationality and ordered someone to do something to her.

Seeing that she could not finish speaking, Yuan Meng sat down again.

"Since you don't believe me, let's make a deal."

Gu Siting said, "Apart from He Linna, what else can you offer me?"

Apart from He Linna who had the clues he needed, he was not interested in anything else she could offer.

Yuan Meng stayed silent for a while and said, "Weiwei's things, the things that Weiwei left for you."

Sure enough, Gu Siting's calm face changed when he heard her words.

Logically, he should have known that this was a smokescreen that the other party was using to try and get away from the situation, but the offer she made was very tempting to him.

"What is it?"

He did not realize that his voice was trembling and laced with urgency.

Seeing him losing his composure, Yuan Meng sneered.

"Weiwei met with an accident a month before your birthday. She had prepared a birthday present for you, but... something happened to her and she could not give you the present."

Gu Siting pursed his lips. Although he had not met Weiwei for two years and they were as distant as strangers, on the day of his birthday, she would still deliver a present.

Therefore, what Yuan Meng said was most likely true.

"Where is it?"

Yuan Meng said, "If you let us leave Spain, I will tell you where the things are."

She did not want to waste any more time with him because she did not need Anthony Gustav to discover this place.

Gu Siting thought for a while and agreed to her condition.

"If what you said is false, even if you go to Anderson's house, Anthony Gustav can still take you away."

Yuan Meng put out the cigarette and stood up.

"Hopefully, you still have the face to take what she left behind."

"That is none of your business," Gu Siting said coldly.

Yuan Meng took two steps and stopped.

"I heard that you got yourself a Nine-Eyed Heavenly Jewel, you're hoping to find her again. Yet you have given her heart to Ling Yan, and you are also engaged to Ling Yan, what face do you have left to find her?"

...

Gu Siting was too stubborn. She was afraid that if he knew where Weiwei was, he would do everything and anything he could to force her to leave Fu Hanzheng.

Even if he was the one who pushed her away, he would not allow her to stay with Fu Hanzheng forever.

Chapter 777: Explain to Fu Hanzheng

Gu Siting was sitting with his back facing Yuan Meng as he listened to her question calmly.

From the beginning to the end, he said nothing.

But his dark eyes were filled with grief and pain.

Apart from finding her and seeing her again, nothing else mattered to him.

“Don’t forget what you promised.”

Yuan Meng left the restaurant and got into the car.

Alex Anderson got into the car and complained to her. “Hey, I am here because you asked me to come. Aren’t you touched?”

“Yes, I am so touched, alright?” Yuan Meng glanced at the blonde man next to her.

Alex said, “Then give me a kiss to show your gratitude.”

Yuan Meng sneered. “I can give you a slap of gratitude. Want to taste it?”

He was pestering her and courting her, but he was also just on a date with another woman. He smelled so strongly of perfume, she wondered which woman he had just come from.

Alex sighed and reminded her.

“If you keep investigating Gu Weiwei, I will not be happy.”

“It is none of your business.” Yuan Meng snorted.

Alex said, “If you keep investigating, I won’t help you anymore.”

If he had not helped to conceal the truth, the old man would have known what she was doing.

He could keep it a secret for the time being, but if she kept searching, the old man would find out sooner or later.

“Okay, okay, no more checking.” Yuan Meng waved her hands, indicating that she would not interfere any more.

At this point, there was nothing more she needed to investigate.

What to do next would depend on Weiwei herself.

“Also, don’t get involved with the Fu Family. I don’t like dealing with the Fu Family,” Alex Anderson reminded her.

Yuan Meng nodded and made a call to Gu Weiwei, in case she was worried.

The phone rang twice and the call went through. Gu Weiwei sounded anxious.

“How are you?”

“I got away, don’t worry,” Yuan Meng said with a relaxed tone.

“He did not make things difficult for you?” Gu Weiwei asked.

She had been thinking that if she did not return the call in an hour, she would tell Fu Hanzheng and the others about how they were looking for He Linna behind his back, and see if he could think of a way.

Unexpectedly, she had already escaped.

“It is not certain who made things difficult for who. I made a deal with him and he let me go,” Yuan Meng said.

Gu Weiwei said, “You made an exchange?”

Yuan Meng thought for a while and confessed.

“Sorry, I exchanged your things for my freedom.”

“What things?” Gu Weiwei became increasingly confused.

“Didn’t you get Gu Siting a birthday present before the accident? I told him about it,” Yuan Meng said.

She knew that she did not want to have anything to do with Gu Siting of the Gu Family, but she had even told Gu Siting about her gift in order to get away.

Gu Weiwei smiled. “It is fine, as long as you can get away safely.”

She had forgotten about that thing, and it was a good thing that it had helped her get away.

Yuan Meng said, “Gu Siting knew that He Linna had something to do with the attack, but I lied to him and said that she was dead. I did not give her to him.”

Gu Weiwei stayed silent for a while. “Didn’t Anthony Gustav find you?”

“No, that spoiled prince is being played with.” Having said the words, Yuan Meng reminded her, “But now that things have turned out this way, Fu Hanzheng might find out that Yuan Shuo and I are looking for He Linna. I am afraid that you must explain to him.”

Chapter 778: His Girlfriend

Anthony Gustav was the one who was searching for them in Barcelona, and now she was involved with Gu Siting.

Fu Hanzheng was not blind, so he would definitely know that she and Yuan Shuo were looking for He Linna.

If Yuan Meng had known that she was so addicted to smoking, maybe she would have tolerated it and tried to sneak away instead of revealing her identity to Anthony Gustav.

“Okay, got it,” Gu Weiwei replied.

She had known that she would be exposed the moment she asked Yuan Meng to attend the meeting on her behalf, so she was ready to tell Fu Hanzheng everything.

Sure enough, just as they were on the phone call, Fu Hanzheng had just finished his work when he received Lei Meng’s call.

“Boss, there is news about He Linna.”

“Where are you?” Fu Hanzheng hurried into the office and asked.

Lei Meng said, “She was in the hands of Anthony Gustav, but Yuan Shuo and Yuan Meng secretly took her away. Only the two of them know if she is dead or alive.”

“Yuan Shuo?” Fu Hanzheng was surprised.

Weiwei had brought Yuan Bao here and said that Yuan Shuo would be away for a few days. So he was secretly going to find He Linna?

But why had she not mentioned this to him?

He had already arranged for his men to search for her, but she was worried that Yuan Shuo and Yuan Meng would be searching for her too, so she found her before his men did.

“Boss, Gu Siting also went to Barcelona for He Linna,” Lei Meng said.

“Get the men to leave, they should have found something,” Fu Hanzheng said.

She said that Yuan Shuo would be home today, so she must have gotten the results from He Linna.

He hung up and stayed silent for a while.

His girlfriend seemed to be keeping something from him.

At 11:30 a.m, Gu Weiwei arrived at the company with lunch and brought some cookies and snacks for the staff.

Having missed the first opportunity, Fu Shiqin started to pay attention to the people coming out from the elevator every now and then.

The moment he saw his sister-in-law, he dropped his work and went to help her carry her things. Then he helped himself to some of the snacks.

Gu Weiwei gave him a lunch box. “I made a lot today, here is one for you.”

“Thank you for your kindness, sister-in-law.” Fu Shiqin took it with both hands and carried it back to his personal office.

Gu Weiwei grabbed Fu Hanzheng’s lunch and went straight to his office. She removed her mask and hat and glanced at the man, who was busy with work.

“Time for lunch, it’s everything you like today.”

Fu Hanzheng put down the work, got up and sat down on the sofa, while helping her to set up the food.

“Is Yuan Shuo back?”

“Not yet,” Gu Weiwei answered, she poked at the rice in the bowl and said, “Actually... I asked Yuan Shuo to find He Linna.”

“Did you find out where she was, from Anthony Gustav?” Fu Hanzheng asked.

Gu Weiwei sighed. "You know everything."

Fu Hanzheng was eating as he usually did, and he even put a piece of fish into her bowl.

"Not entirely."

Gu Weiwei bit her lips and confessed.

"When Anthony Gustav found out that I was looking for He Linna, he caught her and asked me to meet him before he gave her to me."

"But I didn't want you to be unhappy, so I asked Yuan Meng to pretend to be me. She and Yuan Shuo went to get the He Linna from Anthony Gustav, and that was it."

...

Hearing that she did not want him to be unhappy, Fu Hanzheng instantly felt better.

Chapter 779: Revenge?

Gu Weiwei finished the story and stared at him for a few seconds.

"I didn't tell you before, so don't be angry."

Fu Hanzheng glanced at her. "Eat."

"Are you angry or not?" Gu Weiwei asked.

Fu Hanzheng said, "No."

She did not meet Anthony Gustav, so what was he to be angry about?

Hearing the affirmative words, Gu Weiwei was relieved and continued to eat.

Fu Hanzheng said, "They found He Linna and asked her who did it, so who was it?"

Gu Weiwei sighed and said, "Ling Yan."

That was one of the reasons why she could not tell Fu Hanzheng before the problem was solved, even if Yuan Shuo told her.

But if she did not answer him, he would continue the investigation.

Fu Hanzheng frowned. "It is her, not the Gu Family?"

Was it really as Shiqin had said, that Gu Siting was in a hurry to find He Linna just to kill her?

"I am not sure. Yuan Meng told me that it was her." Gu Weiwei sighed helplessly and said, "Recently, because of the competition between Sleepless and Dream of a Long Life, her image as the legendary Movie Queen has fallen and I won the Movie Queen title at the film festival. It is only right that she hates me."

Fu Hanzheng thought for a moment. That made sense.

But it was not as if Ling Yan and Gu Siting did not know about their relationship and they wanted to do something to her just because of that?

Seeing his serious look, Gu Weiwei asked, "What is it?"

"It would make sense if Gu Siting was the mastermind, but if Gu Siting was not involved, it would not have been so simple," Fu Hanzheng said.

The Fu Family attached great importance to information about the Gu Family. If it had been Gu Siting's men, his men would have known about it.

Also, according to Lei Meng's information about the Gu Family, Gu Siting did not seem to be in charge of this matter.

But if it had not been for him, how did Ling Yan manage to find He Linna and arrange for those people, and... make sure that Gu Siting didn't know about it.

"Alright, don't worry about this. I will not let Ling Yan off," Gu Weiwei said, as she put a vegetable into his bowl and urged him to eat.

"What do you want to do if it is Ling Yan?" Fu Hanzheng asked.

Gu Weiwei smiled mysteriously. "I have my own way, don't worry, I have never been wronged before."

Fu Hanzheng thought for a while and realized that she was not someone who was willing to suffer.

They ate lunch together and Fu Hanzheng went back to work, whilst she searched through his office for something to kill time with.

Seeing the carefully framed painting on the wall, she could not help but laugh.

"Aren't you afraid of being laughed at?"

She just did it for fun, but he had put it in a frame.

"Who dares to laugh at me?" Fu Hanzheng asked.

"..." Gu Weiwei was speechless. He was right, he was the boss and no one would dare laugh at him.

She found a book and sat down, when Yuan Shuo's message suddenly came through, asking her to meet him at Yuan Bao's kindergarten.

She calmly replied to the text and continued to read on the sofa. It was not until Yuan Bao finished school that she told Fu Hanzheng that she was going to meet Yuan Shuo.

She parked the car at the appointed place and Yuan Shuo opened the door and got into the car.

"Did everything go well?"

"It went well." Yuan Shuo took a sip of water from his bottle and looked at her sideways. "Weiwei, must you take revenge on the person who murdered you?"

Chapter 780: The Real Reason

Coldness arose in Gu Weiwei's eyes. "Even if I don't take revenge on them, they will not let me go, will they?"

She was just trying to create some doubt, so that Ling Yan would panic and then become impatient and want to kill her.

Who knew what she would do to her in the future.

Although she was lucky to have met Fu Hanzheng after being reborn, she had no intention of letting go of the past grudge.

Yuan Shuo sighed seriously and said, "Even you and Yuan Meng together, can't deal with the person who helped Ling Yan."

Gu Weiwei stayed silent for a moment and then asked, "Who is it?"

Yuan Shuo said, "Will Dorrans."

Gu Weiwei's face sank. She had never expected that it was someone from the Dorrans Family.

"What is his relationship with Cayman Dorrans?"

"He is one of Cayman Dorrans' most trusted assistants and he is your cousin," Yuan Shuo said.

Gu Weiwei frowned. "Then why did he kill me? If he wants to take over the Dorrans Family he should be targeting Cayman. Why did he have to deal with me?"

"Will's father is one of the murderers who killed your mother. In order to take revenge, Cayman took back the power of the Dorrans Family and killed Will's father too," Yuan Shuo said with a heavy tone. He took a sip of water and continued, "Actually, Will and his father have always been enemies. He even helped Cayman kill his father's men, and so he gained Cayman's trust."

Gu Weiwei did not know much about the Dorrans Family, so she listened to him without interrupting.

"Will is a very smart man and he has done a lot of things under Cayman all these years. He is trusted and supported by the family."

"I can tell that a man who planned to kill me is very smart," Gu Weiwei said.

Yuan Shuo looked at her seriously and said, "Ordinary people may be at odds with their parents, but they are still blood-related. I suspect that he killed his father's men to gain the trust of Cayman, so that he could stay by Cayman's side and take back the power. He was only twelve years old at the time."

If a twelve-year-old child could be that scheming, then now as a man he was too scary.

"Will that work?" Gu Weiwei asked with amusement.

She was with the Gu Family and Cayman Dorrans would not have allowed her to take over the family anyways, so why had he spent so much effort to get rid of her?

"Of course it has worked, and he has achieved his goal," Yuan Shuo said.

Gu Weiwei stayed silent for a few seconds. "He wanted the Dorrans Family to turn against the Gu Family?"

Yuan Shuo nodded. "It is a commercial age now and Cayman has asked the Gu Family to participate in a lot of the Dorrans Family's business. If nothing happens to you, Gu Siting can hold half of the Dorrans Family's power and wealth."

Will must have sensed something and investigated her identity.

With Cayman by his side and Ling Yan giving him Gu Weiwei's DNA, he could easily confirm their relationship.

After confirming that she was Cayman's daughter, he knew that she was the key to breaking the situation.

Without her, the Gu Family and Cayman Dorrans would lose the need to cooperate and the Gu Family would be nothing in the Dorrans Family's eyes.

Now that the Gu Family and the Dorrans Family had stopped cooperating, and Cayman had been greatly affected by Weiwei's death, everything was going in Will's favor.

Hearing his words, Gu Weiwei thought for a long while and sighed.

"This kind of person is not easy to deal with."
