

MY HIDDEN 951

Chapter 951: Divorce? 2

A quarter of an hour later, Fu Hanzheng called her back.

“Mother went to find you?”

Mrs. Fu had just returned to the hospital and yet she had sent such a message. It was obvious that his mother had gone to find her.

Also, Old Lady had asked them to get a divorce before she had the operation.

Maybe she had even tried to persuade her to divorce him.

“Yes.” Gu Weiwei knew that she could not hide it from him, so she did not deny it.

“So you want a divorce?” Fu Hanzheng asked with a low voice.

He remembered that on the day of the registration, she had been holding the marriage certificate so lovingly that she even held it in her arms when she slept.

It had only been a month and yet she wanted them to terminate their marriage.

She must be grieving right now.

“Grandma’s condition is even more important. We should choose the less harmful option.” Gu Weiwei tried her best to sound calm, in case he could hear her sadness. “We are not keeping this marriage. If something really happens to Grandma, how can we be happy?”

Her relationship with the Gu Family had a huge impact on Old Lady and Fu Shengying, especially when they heard it from Gu Siting. Of course they could not accept it.

She had known that this would happen, but she had not known that she would be so sad when facing this day.

Fu Hanzheng listened to her and said after a long while, “Weiwei, can we talk about this when we return home?”

Although she was talking to him calmly and wisely, he knew that she was not as calm as she sounded.

Under the current situation, he had to give the Old Lady a divorce certificate before she would cooperate with the treatment.

But he did not want to talk about such a saddening matter over the phone.

“Fu Hanzheng, you don’t have to be so embarrassed.” Gu Weiwei did not agree with him and said calmly, “It is just a divorce. Will you not love me anymore without a marriage certificate?”

It was true that she did not want to get divorced, but a life was at stake.

She could not delay the Old Lady’s treatment just because of her stubbornness.

Although she was very sad that she wanted her to divorce Fu Hanzheng in this way, the Old Lady had always been concerned about him.

“Of course not,” Fu Hanzheng said.

Whether or not he had the marriage certificate, his feelings for her would not change.

The marriage certificate would only make her the proper Mrs. Fu.

“So, it is not a big deal to get divorced. Grandma can have the operation first.” Gu Weiwei had made the decision for them.

As for them, they were going to be able to change the Fu Family’s mind in the future.

“Weiwei...”

Fu Hanzheng sighed. She had mentioned it to him because she didn’t want him to feel embarrassed.

Neither of them wanted to get divorced, but under the current situation, they had to be separated for a period of time so that the Old Lady and their father could calm down.

“I can’t leave now, take a good rest. Fu Shiyi will drive you home and we can talk about the rest later.”

Although he wanted to meet her, his father had been paying attention to him and the Old Lady had just woken up.

At this moment, he could not disobey them, in case something happened to the Old Lady.

“I know, don’t worry about me.” Gu Weiwei chuckled.

He had always been the one who thought about her and accommodated her many thoughts.

This time, she must not make things difficult for him. Before Old Lady fully recovers, she must make some compromises and sacrifices.

Chapter 952: Divorce? 3

After talking with Fu Hanzheng, she removed the veil and the diamond tiara and changed out of the wedding gown.

Fu Shiyi had just met with Fu Shiqin and heard about the situation at the hospital. He worriedly came to knock at the door.

“Sister-in-law, the food is ready. Do you want to eat something too?”

Gu Weiwei changed into casual clothes and went downstairs to the dining room with him.

Although she did not look sad, her expression was so calm that it was not normal.

Sitting opposite her, Fu Shiyi discreetly sized her up.

Normally, even when his sister-in-law was silent, she was smiling.

But right now, her expression was so calm that it gripped people’s hearts.

“Sister-in-law, did my mother ask you to divorce our brother?”

“Yes,” Gu Weiwei calmly replied.

Hearing her words, Fu Shiyi poked at the food on his plate in embarrassment. He, who had always been a good talker, did not know what to say to comfort her.

He had said that there was no way she and his brother would get a divorce, but now it was impossible to stay married. The Old Lady was so stubborn and the operation could not be delayed.

So they had to get their certificate of divorce before the Old Lady was willing to cooperate with the treatment.

“Are you and my brother... really getting a divorce?”

“Yes,” Gu Weiwei answered calmly.

The Old Lady insisted that they get a divorce before she had the operation. They could not possibly persuade her to accept them in such a short amount of time.

Therefore, she had to get divorced in order for the Old Lady to be treated as soon as possible.

Fu Shiyi sighed and asked her, “Will my brother approve of getting a divorce?”

He had waited such a long time before he was able to get married to her. They had only gotten their marriage certificate a month ago and now they were getting divorced. How could he bear to do that?

“He will approve,” Gu Weiwei said to Fu Shiyi as she ate.

They had to take a step back when it came to life.

Fu Shiyi was very annoyed. The Old Lady and his father were threatening his brother and his new wife.

When the two of them got their marriage certificate, they had been happy, but now they were making them divorce.

Even though they wanted to, they could not fight back because none of them could disregard the Old Lady’s life. At this time, even if they were unwilling, they would divorce according to her wishes.

Gu Weiwei threw a look at Fu Shiyi and said, “Oh yes, after I return home, I want to terminate the contract with Shiyi Culture.”

“Contract... termination!” Fu Shiyi stuttered anxiously.

She not only wanted to divorce his brother but also wanted to leave the company that belonged to the Fu Family?

“In order to let grandma rest and recover, I need to stay away from the Fu Family for the time being, be it in work or my personal life.” Gu Weiwei expressed her intentions and smiled. “But I won’t pay the compensation.”

Old Lady was most worried about Fu Hanzheng, so she had to be separated from him for the time being, be it in work or her private life.

“You want to terminate the contract, so are you moving out when you go home?” Fu Shiyi asked anxiously.

Gu Weiwei nodded. “Of course I am moving out, we are getting divorced.”

Even if she did not mention it now, Fu Shengying and the Old Lady would still ask for it.

Before the Old Lady recovered, she and Fu Hanzheng had to be separated according to their request.

“Is that really necessary?” Fu Shiyi asked with a bitter expression.

They were getting a divorce, she was moving out and ending the contract with his company. Was she also going to permanently say goodbye to his brother and the Fu Family?

Would his brother be able to take such a blow?

Chapter 953: Divorce? 4

Gu Weiwei smiled, put down the knife and fork and wiped her mouth.

“Of course it’s necessary, we need to wait until grandma recovers.”

“But...” Fu Shiyi looked at her and stopped himself.

He wanted to say that his brother would be sad but when he thought about it, he knew that she felt the same way too.

Neither of them wanted to get divorced, but they were being forced to.

“Sleep early, we are heading home tomorrow.”

Having said these words, Gu Weiwei got up and went upstairs to pack.

Fu Hanzheng’s private jet was going to send the Old Lady and the rest of the family home tomorrow, but she was not going to go home with them.

She had to take the plane back with Fu Shiyi.

Back in the room, she was packing as she made a call to Jolin at home.

Since the two newbies needed to be followed, he did not come to Slovakia with them for the wedding.

Jolin answered the call and said happily, “Congratulations, Mrs. Fu, you even thought of calling me at such an important time.”

Jolin, who was far away in another country, had no idea that her world had been turned upside down, so much so that the wedding had been canceled.

Gu Weiwei stayed silent for a moment and brought up the important matter.

“If you have time these two days, get Xu to clean the Mu Family’s mansion.”

“Clean?” Jolin was startled.

The Mu Family's company and properties had been reclaimed, but she had never asked for them to be cleaned.

She was married to Boss, so of course she was staying with the Fu Family.

"Yes, as soon as possible, I will be moving in there," Gu Weiwei said straightforwardly.

"Move... move in?" Jolin started to doubt his ears. He was startled for a long while before asking, "Did something happen?"

Wasn't she living well with Boss?

She was already married, why was she moving out again?

"The wedding has been cancelled. It is a long story, let's talk about it when we get home." Gu Weiwei was not in the mood to explain what had happened to him over the phone.

Jolin could tell that she was very tired, so he stopped asking her questions.

"I will ask Xu to go there tomorrow. Anything else?"

"Shiyi Culture and I need to terminate the contract, so I will be going solo. I have really loved working with you, so... I wanted to ask if you wanted to leave with me?" Gu Weiwei asked.

Even after she leaves Shiyi Culture, she will still continue to be in the film industry and she was very satisfied with Jolin's vast social network and work ethic.

Also, even if she left the Fu Family, she would not stop talking with Fu Hanzheng.

If she found someone else to be her agent, she would have to explain her relationship with Fu Hanzheng and she might not be able to trust them.

"Well..." Jolin was so shocked that he said, "I will think about it and discuss it with you when you are back."

She had cancelled her wedding with Boss and now she was going to move back into the Mu Family house.

What was more, she was going to terminate the contract with Shiyi Culture. Why did it sound like she was going to cut off all ties with the Fu Family?

"Okay, please think about it. I really hope that we can work together," Gu Weiwei said sincerely.

Hearing what she said, Jolin asked discreetly, "Weiwei, are you alright?"

Wasn't she in a good relationship with Boss?

They had only been gone for a few days and yet everything had changed...

Chapter 954: Relationship

"It is okay, just help me tidy up the Mu Family's house," Gu Weiwei said calmly.

"Got it, when are you coming home? Should I pick you up?" Jolin asked.

Although she did not say anything, it was obvious that she was in conflict with the Fu Family.

But she was a public figure, if she came home with her boss, she would be blocked by the fans and the public at the airport.

“No thanks, just think about what I said and we can talk about it later.”

Having said these words, Gu Weiwei ended the call with Jolin.

Then she put away the wedding gown and tidied up Fu Hanzheng’s things.

When Yuan Meng found out about the Fu Family’s request for her and Fu Hanzheng’s divorce, she was worried about and came knocking at the door.

“Are you really going to divorce Fu Hanzheng?”

“Let’s just focus on the important things first. We need the Old Lady to be treated first.” Gu Weiwei was calm and collected, not feeling sad at all because of the divorce.

Yuan Meng threw herself onto her bed. “It is not your fault, why did you agree to divorce?”

No matter how deep the grudge between the Fu Family and the Gu Family was, it was not caused by her.

Even when she lived in the Gu Family, she had never participated in the fight between the two families in the business field, although... her father Cayman Dorrans was involved.

But she had no idea. She had no idea that Cayman Dorrans was her father.

“Do you want me to piss the Old Lady off?” Gu Weiwei glared at Yuan Meng.

“I just think that it is unfair to you.” Yuan Meng looked at her and said, “If they want to fight against Cayman and Gu Siting, why did they take it out on you?”

“Nothing is unfair.” Gu Weiwei was calm.

Ever since she became Gu Weiwei, the Fu Family and Fu Hanzheng had been taking great care of her.

At this moment, Old Lady was angry, which was why she wanted them to get a divorce. Although she was not willing to, she couldn’t fight against it.

After all, they did not owe her anything.

“You really want to leave him?” Yuan Meng looked unconvinced.

“Our relationship did not start with a marriage certificate, and it will not end with a divorce certificate,” Gu Weiwei said.

She knew very well that even if they were divorced, Fu Hanzheng still loved her.

Therefore, there was nothing to be afraid of.

Right now, she was just making a small sacrifice for the sake of the bigger picture.

After all, neither she nor Fu Hanzheng wanted anything to happen to Old Lady because of her.

Hearing her words, Yuan Meng thought for a while and mumbled, "That sounds reasonable."

Fu Hanzheng did not want to divorce her, but was threatened by the Old Lady of the Fu Family.

It was not that she wouldn't leave Fu Hanzheng, but that Fu Hanzheng could not leave her.

Therefore, it was just a piece of paper. It did not matter if it was marriage or divorce.

"So you are not leaving Hua Land even if you stop living with Fu Hanzheng?" Yuan Meng asked.

"No," Gu Weiwei said.

Yuan Meng asked with a smile, "You are divorcing Fu Hanzheng, so you will not stay with the Fu Family anymore. Do you mind if we live with you?"

They had nowhere to go and they could not return to Shengxi Town in A Land.

Gu Weiwei looked at her. "You can live with me, but... you have to make your own money, I don't want to support your family of three."

"Sure, aren't you going to make a new movie? I will be an actress for you," Yuan Meng said confidently.

Gu Weiwei looked at her from head to toe and shook her head.

"Not suitable!"

Yuan Meng looked too pretty and sexy to be in her movies.

"No, please, I can be a man and a woman, I just need money."

Chapter 955: Angry?

Mrs. Fu came back to fetch something and returned to the hospital with Fu Shiqin.

On the way to the hospital, Fu Shiqin drove gloomily.

"Mom, did you ask sister-in-law to get a divorce?"

Sitting in the back seat, Mrs. Fu looked very distressed.

"What can we do if they don't get a divorce?"

She had not expected that a happy occasion would turn out like this.

But the Old Lady would not change her mind anytime soon, and she could not afford to delay the inevitable either. So she had to appease her with their divorce and get her treated first.

"Damn grandma, she is threatening us with this matter." Fu Shiqin just could not accept it.

The Old Lady was normally open-minded about everything, but now she was being stubborn.

Mrs. Fu sighed and said, "You youngsters don't understand how she feels, without experiencing the pain of losing children yourselves."

The Old Lady was very open-minded in everything, but when it came to the grudge between the Fu Family and the Gu Family, that was her weak point.

If someone else had told her about this, the Old Lady would not have been so angry. But it had been the Gu Family who came to expose the secret.

Fu Shiqin looked at her in the rear-view mirror and said with displeasure, "We are trying our best to understand, but we also need to understand our sister-in-law. She doesn't want her surname to be Gu, and her surname is not Gu anyways."

"But it is a fact that she has lived in the Gu Family for more than twenty years. Also, how did Cayman Dorrans help the Gu Family back then? When the Gu Family was brought back to life just before we could take our revenge, your father became seriously ill because of anger. How would you know about this?" Mrs. Fu said.

Fu Shiqin glanced at his mother and softened his tone, probably realizing that he was not in the right.

"But our sister-in-law did not do it, did she?"

"You can't just look at what is happening in front of you." Mrs. Fu sighed and explained to Fu Shiqin. "The Old Lady and your father want your brother to get a divorce because she has an unusual relationship with the Gu Family. Cayman Dorrans and Gu Siting are both making a big fuss out of it. Do you think that she and your brother will be able to live in peace in the future?"

Gu Siting came to expose her and ruin their wedding because he did not want her to marry Hanzheng.

If they did not get a divorce, Gu Siting would find her and do all that he could to torment the Fu Family.

The Old Lady did not want to see her being the cause of trouble for the Fu Family.

She admitted that she was a good girl and Hanzheng liked her very much, but the Old Lady would not accept what the Gu Family's Gu Siting and her biological father, Cayman Dorrans, had done for the Gu Family.

Hearing her words, Fu Shiqin said, "If our brother and sister-in-law get a divorce, Gu Siting would be pleased that it happened. If our brother did not get a divorce, wouldn't Gu Siting be angry if he saw that the girl he wanted to bring home loved my brother deeply?"

...

"Don't talk nonsense with me. I don't care, and neither will your father." Mrs. Fu lectured Fu Shiqin.

"How come it is this complicated?" Fu Shiqin looked at his mother through the rear-view mirror and continued. "Some problems are different from each other. It is my brother who suffers from our brother and sister-in-law's divorce, yet it is the enemy who prospers. Gu Siting will be very happy. But if our brother doesn't get a divorce, Gu Siting will be in pain and he will be furious."

Chapter 956: Back Home

"..."

Mrs. Fu glared at her son and warned him seriously.

“Don’t say such things in front of your father or the Old Lady, or you will suffer.”

“It’s not like it’s anything new.” Fu Shiqin snorted and continued. “You want my brother to get a divorce, you are tormenting him and making Gu Siting happy.”

“Shut up and drive.” Mrs. Fu was not in the mood to listen to his babbling.

Fu Shiqin shut up and focused on driving.

The two of them rushed to the hospital and waited for the Old Lady to finish being under 24 hour observation, before arranging to return home, when her vitality had stabilized.

When they were about to return home from the hospital, Gu Weiwei and her team were already on the plane.

Yuan Shuo and his family were worried that she and Fu Hanzheng would get divorced and that she would end up living alone, so they insisted on returning to Hua Land with her.

After they got off the plane, they did not return to Landscape Villa but to the Mu Family’s villa in Yijing Garden.

Li Jiacheng and Zhou Meiqin used to live here, but after this house was reclaimed, it had been empty.

“Xu has already bought the necessities, you can move in immediately.”

“What about you?”

Yuan Shuo looked at her worriedly. She did not look sad, but the calmer she looked, the more worried he was.

He knew very well how much she loved Fu Hanzheng.

There was no way she would be able to stand it when the Fu Family rejected her and asked her to divorce Fu Hanzheng.

“I will move in after I am divorced,” Gu Weiwei said.

Fu Shiyi sighed unhappily. When she had settled Yuan Shuo and the others down, he returned to Landscape Villa with her.

“My brother has left and will be home tomorrow.”

Because his father was there, his brother could not call sister-in-law.

“Okay,” Gu Weiwei answered and said, “We will go to the company to finish the termination procedures.”

When they came home tomorrow, they would be at the hospital and it would be night time when they returned home.

“Sister-in-law, there is no need to hurry,” Fu Shiyi said.

She was in such a hurry to deal with work and life, why did he feel that she was going to be a stranger to them after getting divorced from his brother?

“If Jolin agrees, can I take him away?” Gu Weiwei asked Fu Shiyi.

She was leaving Shiyi Culture and if she was going to continue with her work, she would need Jolin’s help.

“Of course, but... what about transferring to another trustworthy company? They would not dare to ignore your request.” Fu Shiyi suggested kind-heartedly.

This way she could still make movies, she was already the most popular female movie star in the Chinese film industry. She would be the money tree for whichever company she worked with.

“No thanks, it is not convenient to work at someone else’s company, so I was thinking about opening my own studio,” Gu Weiwei said straightforwardly.

With her current position, although other companies would continue to support her, she would not be able to do whatever she liked.

After all, no one else would trust her like Fu Shiyi and give her so much freedom.

Fu Shiyi thought for a while and agreed.

“It will be good if you have your own studio, as you won’t be restrained.”

The money she made from the previous movie was enough for her to start a company.

“If you want to set up your own studio, you better bring Jolin with you. If he dares to stay with Shiyi Culture, I will fire him,” Fu Shiyi said.

Chapter 957: Contract Terminated with Shiyi Culture

When they returned to Landscape Villa, it was already ten p.m.

Gu Weiwei went straight to the master bedroom. She had wanted to rest, but she could not fall asleep in bed.

Because she had nothing to do, her imagination ran wild, so she got up, packed up her things and tried to distract herself.

She accidentally saw the marriage certificate in the drawer and picked it up in astonishment.

She opened the red booklet and looked at the pictures inside. She could not help but think of the scene when she went to get the marriage certificate the other day.

That was the happiest day since they got together.

Because before that, no matter how much Fu Hanzheng spoiled her, she would always be worried about her identity.

And on that day, he chose to love her even though he knew all of her secrets.

That day, she knew that the person he liked had always been her, as Gu Weiwei.

She sat down on the bed with the marriage certificate and fell asleep with it in her arms.

Fu Shiyi knew that she had been too tired these past two days, so he did not ask the servant to wake her up, but allowed her to wake up naturally.

But Gu Weiwei got up early anyway and ate breakfast with him.

“My brother has returned home and he should be driving grandma to the hospital now.” Fu Shiyi reported the whereabouts of his brother to her in real time.

“Okay.” Gu Weiwei nodded and did not ask anything more.

Fu Shiyi took a mouthful of porridge and said, “I need to take care of grandma and attend the examination with the doctor. I may not be able to make it home until tonight.”

“Okay,” Gu Weiwei answered briefly.

Fu Shiyi tried to persuade her to talk but she did not show any interest, so he buried himself in the food gloomily.

Gu Weiwei ate a bowl of porridge, got changed upstairs and said to him downstairs, “Let’s go to the company.”

“No need to hurry, sister-in-law,” Fu Shiyi said.

She was divorcing his brother, and if she did not meet him, he could use this opportunity to meet her.

“You won’t do it unless your father actually asks you to drive me out of the company, right?” Gu Weiwei asked.

Because of the Old Lady’s illness, Fu Shengying did not care about her and Shiyi Culture’s work.

When everything at the hospital was settled, she would ask Fu Shiyi to terminate the contract with her and stay away from the Fu Family.

Fu Shiyi pursed his lips and followed her out of the office unwillingly.

When they arrived at the company, Jolin was already waiting for them.

Fu Shiyi took over the drafted termination contract and gave it to her.

“Although it’s not time for the contract to end, we are ending the contract peacefully. You don’t need to pay the compensation, just take a look.”

Gu Weiwei took it, glanced at it and signed the paper.

“I haven’t taken any work these days, so if I sign this, nothing else will happen.”

“Okay.” Fu Shiyi signed unwillingly.

Why was he so depressed when it was his brother getting a divorce?

Because of his sister-in-law’s appearance, his brother had changed tremendously and the atmosphere in their family had changed a lot.

Now, everything pleasant and warm might disappear with her departure.

Seeing them signing the contract, Jolin still did not understand what had happened in Slovakia.

But he still turned to Fu Shiyi.

“What about me?”

“What about you?” Fu Shiyi was startled.

“My termination contract.” Jolin reminded him.

Shiyi Culture treated him well, but he still decided to leave Shiyi Culture with Weiwei and start over.

Chapter 958: Just a Divorce Certificate

Hearing the words, Fu Shiyi did not ask him to stay but instead asked someone to draft another termination contract.

“Here is your termination contract.”

Since he had suggested it himself, he would not have to fire him.

Without taking a second look, Jolin signed the paper.

“I will hand over the work as soon as possible, and the two artists will be transferred to someone else.”

“You can do whatever you want.” Fu Shiyi did not make any requests.

Gu Weiwei had thought that Jolin would consider it for a few days, so she wanted to talk with him after signing the contract. She had not expected that he himself would propose to Fu Shiyi that he wanted to terminate the contract with Shiyi Culture.

She suggested, after Jolin signed the contract, “Shall we have coffee downstairs?”

“Sure.” Jolin agreed instantly.

Hearing that they were going downstairs for coffee, Fu Shiyi stood up and followed them.

The cafe on the first floor of the company was actually opened by the company and it was very common for artists from Shiyi Culture to appear. Therefore, if the three of them drank coffee here, they would not attract so much attention.

Jolin threw a look at her and Fu Shiyi and asked, “Can I ask you what happened in Slovakia?”

Even now, he had not figured out why she was planning to move out of the Fu Family and terminate the contract with Shiyi Culture.

Gu Weiwei put two sticks of sugar into the coffee and before she could reply, Fu Shiyi answered for her, “Something happened, so the wedding was cancelled. Then my brother and sister-in-law were forced to divorce.”

“A divorce?” Jolin was startled and asked in disbelief, “Why?”

“It is just a misunderstanding, my grandma is objecting to their marriage,” Fu Shiyi answered for her again.

Jolin could not stand him any more and glared at him.

“I am talking with Weiwei, can you not interrupt?”

He asked her but before Weiwei said anything, he started talking.

The point was that this man never clearly said what happened, making him very angry.

He had tolerated him before because he was his boss, but now that the contract was terminated, he was too lazy to tolerate him any more.

“...” Fu Shiyi shut up and threw a look at Gu Weiwei.

Gu Weiwei took a sip of coffee and said slowly, “Actually, Third Master has explained enough.”

“Why?” Jolin asked.

Fu Shiyi blinked. “Why what?”

“Why did you cancel the wedding? Why did your Old Lady and the rest of your family object against this marriage? Didn’t they get along well before?” Jolin asked.

He remembered that they had been going to the Fu Family’s mansion frequently these days. Not long ago, they had even held a lively birthday party for her at the Fu Family’s mansion. Why were they objecting to her marrying Boss and forcing them to divorce?

“Well...” Fu Shiyi turned to Gu Weiwei. The real reason was related to her relationship with the Gu Family.

Whether or not she was going to tell Jolin the truth depended on her.

After all, it was about her.

Gu Weiwei thought for a moment and said with a smile, “It is just a misunderstanding. I will be leaving the Fu Family for the time being.”

At least before the Old Lady recovered, she and Fu Hanzheng should not be discovered.

Hearing what she said, Jolin was still confused.

“So the divorce between you and Boss, is it real or is it fake?”

“It’s just a divorce certificate,” Gu Weiwei said.

Chapter 959: Just a Divorce Certificate 2

Fearing that he would not understand, Fu Shiyi explained in detail.

“This marriage ceremony was for my Old Lady and the rest to see, but a divorce does not mean that my brother and sister-in-law will break up. I asked you to leave with my sister-in-law because I hope that you can take better care of her at work and in her personal life, than if it were another agent.”

In this situation, his brother and sister-in-law would not be able to talk openly.

Luckily, Jolin was gay, otherwise he would not have trusted him to take care of his sister-in-law.

Jolin understood something. So it was not Boss and Weiwei who had a relationship problem and got a divorce, but the elders of the Fu Family who had misunderstood her and wanted them to get divorced.

To put it simply, she was divorcing and going back to when she was just in the relationship with Fu Hanzheng.

The real reason was just a misunderstanding. It seemed that it was so complicated that she could not reveal it to him.

Forget it, he had no interest in learning the secrets of these wealthy families.

“Which company are you going to transfer to after the contract with Shiyi Culture is dismissed?”

“I am going to open a studio, that is why I asked you to come with me. I need your help with many things.” Gu Weiwei confessed.

Jolin was a good friend in the industry and he was very popular. He was smart and quick thinking, and he was exactly the helper her studio needed.

“I am tired of Shiyi Culture, I will take it as a challenge to start over.” Jolin took a sip of coffee and asked anxiously, “What is the main direction of the studio? Artist agency or movie production?”

“Movie production.” Gu Weiwei thought for a while and gave a brief explanation of her ideas. “We will plan to make movies and we will not be an artist’s agency but an investor.”

He had spent so much effort on his girl, and it was not easy for him to find someone else like her. If his girl could not work and rumors ended up spreading, everything would be for naught.

Li Xing’er and Zhou Linna were examples of this, but it was easier to make movies, and it was also her specialty.

Coupled with the fact that they already had a movie that broke the box office records for the Chinese-language movie genre, *Sleepless*, many people would be willing to support her.

“Good,” Jolin said.

If she was going to be an agent, she would need a good PR team and someone to help her.

After all, if the studio had just started, they would have to find newbies that they could train, or even artists from other companies.

However, if she was mainly responsible for the production of the movie, it would be much less troublesome. She could focus on writing.

Sleepless was the best proof of her ability, so he did not need to worry about the future development of the studio.

“I may have something to deal with these days, so I will have to trouble you with the preparations,” Gu Weiwei said to Jolin.

Jolin agreed instantly.

“But I may not be able to handle such a big matter alone. I know some trustworthy people, I want to see if I can get them to cooperate with me.”

“Okay, let me know when you have gathered everyone and we can have a meeting,” Gu Weiwei said.

Seeing Gu Weiwei discussing work with Jolin, Fu Shiyi thought inwardly, *“Is sister-in-law going to work hard after the divorce?”*

The three of them talked in the cafe for a long while before Gu Weiwei and Jolin said goodbye to each other at Landscape Villa.

Fu Shiyi checked his text messages and said, “Second Brother said that my brother is going home.”

“Okay,” Gu Weiwei answered briefly.

Actually, they had only been apart for a small amount of time since the wedding... but why did she feel that decades had passed?

Chapter 960: Fu Hanzheng Was Here

Fu Hanzheng and his family took the Old Lady onto a private jet and then drove to He Chi’s hospital after they had landed.

The hospital was a private hospital subordinated to Fu’s Enterprise, so everything was going smoothly.

They had spent the entire day doing all the examinations for Old Lady and waiting for the results. Unknowingly, they had spent most of the day in the hospital.

He Chi got all the results and said as he met the Fu Family, “The Old Lady is not doing well, she needs surgery as soon as possible.”

As he spoke he looked at Fu Hanzheng.

The Old Lady had said that she would not accept the operation until he was divorced.

If she was going to get the surgery as soon as possible, he would need to get a divorce as soon as possible.

Fu Shengying said straightforwardly, “He Chi, get the operation room ready.”

He Chi nodded. “The Old Lady is old and she needs to be very well rested after the operation. She must not be stimulated.”

At the age of 70 years old, being sick was a serious matter.

If the operation hadn’t been successful, she might have died.

After He Chi finished talking with the Fu Family about the operation plan, he let out a sigh of relief and returned to his office.

After he left, Fu Shengying turned to Fu Hanzheng.

“You heard what the doctor said. You have to decide what to do. The results must be out within two days.”

Fu Shiqin looked at his father in astonishment. So he wanted him to get the divorce certificate within two days?

“Got it,” Fu Hanzheng answered coldly and said to Mrs. Fu, “I am going home.”

Hearing that he was going home, Fu Shengying knew that he was going back to meet Gu Weiwei, so he said, “If you are getting divorced, get rid of that girl thoroughly.”

“Alright, even if you want them to divorce, they can’t divorce until they meet, right?” Mrs. Fu said.

Hanzheng was already not feeling well, and as his father, he kept forcing him to give up on the woman he loved.

Fu Hanzheng left the hospital, got into the car and asked the driver to go straight to Landscape Villa.

Fu Shiyi had contacted him and told him that they had arrived home the day before.

And because of his father’s interference and the Old Lady’s unsettled state, he could not contact her in front of them.

He had no idea how she was doing after she returned.

When he returned to Landscape Villa, the night breeze had just arrived.

Sitting alone in the living room, Fu Shiyi got up when he heard someone coming in.

“Brother, you are back.”

“Where is Weiwei?” Fu Hanzheng asked him directly.

“She just came in and she is upstairs.” Fu Shiyi pointed at the master bedroom on the second floor and asked his brother, “Must you get a divorce?”

He himself could not bear to part with his sister-in-law, let alone his brother. How could he bear to part with the wife he had just married?

Instead of answering him, Fu Hanzheng went straight into the master bedroom.

The moment he entered the room, he saw her packing her things into a suitcase.

He knew that they had to give the Old Lady a divorce certificate and he also knew that she had to move out of this place and leave him.

But seeing her leaving so soon, his heart still ached so badly.

He approached her and swept her into his arms.

“Weiwei.”

Startled, Gu Weiwei dropped the folded clothes at her feet.

“You are back.”

“Yes, I am.” Fu Hanzheng tightened his arms around her.

But when he was back, she was leaving.

Although the divorce was to appease his father and the Old Lady, not to actually signify the end of their relationship, they would not be able to stay together like this for a long time.
